SENIOR CITIZENS SPEAK UP AT OPEN FORUM

The Niles Senior Citizens Commission held its first Open Forum on Wednesday, Oct. 20 at the Village Council Chambers, 7200 Waukegan rd.

Maine East Open House

Maine East's Open House Visitation Night will be held on Monday, Nov. 8, for parents with last names beginning with A-M; and on Wednesday, Nov. 10, for parents with last names beginning with N-Z. The Open House will begin at 7 p.m.

Assistant Principal Lester Rozdalovsky asked parents to limit their discussions to about 3 minutes per teacher, and if there is a serious problem, they should make an appointment for a later conference with the teacher.

The President of the Maine East Parent-Teacher Council, Lew Malter of Morton Grove, stated that the major purpose of Open House is to give the parents an opportunity to meet their child's teachers. A secondary purpose is to acquaint parents with the facilities and large curriculum offered to Maine East students.

Senior citizen, Harold Hoef, then commented on the execution of the forum.

From the LEFT HAND

"Suburban power" is really what the village manager issue is all about in our communities.

This past week Morton Grove voted on the issue and in Wheeling the new manager was selected, after the post was vacant for 14 months.

Since this column is being written before the VM results are known in Morton Grove conclusions cannot be drawn why the results turned out as they did. But the question which can be raised is why most of the old line people, who've run the community thru these many years, were almost unanimously opposed to a manager.

Morton Grove has long been a closely-knit community-of-the-few, run by the old liners, who man the departments, and have control of the community. Even though these people may only represent a small minority in the town, they are active, and involved, and genuinely take an interest in the workings of the community.

In Wheeling the picture is pretty much the same. A small group in the community completely dominate all aspects of the action.

In Niles, where a manager does exist, he nevertheless, has limited power, and cannot act outside the power structure.

The selection of an outsider as manager represents a threat to these power brokers. Thus, the manager becomes a bogey, who threatens the status quo.

In what is rapidly becoming the theatre of the absurd in our books, one Wheeling trustee said they decided against selecting a manager who didn't live in Illinois because he was unfamiliar with the statutes in Illinois. He went on to state even a manager from outside the County was not satisfactory because he was not familiar with the workings here. Thus, the Wheeling officials chose their own man, the acting manager, to fill the long-vacated post.

What they chose was a man they could work with, a man who wouldn't create any waves... which means a manager who wouldn't disturb the power structure in the community.

Back in Niles we have the interesting appointment of a former trustee who was probably the best vote-getter in the village, Manager Ken Scheel, actually pulled present Mayor Nick Blase in office in 1961, by leading the unknown Mayor at every precinct during that upheaval election. In later years when Scheel's business was burned out, the trustees chose Ken as manager. It was a unique situation. But by the time of the appointment, the Mayor had become the dominant voice in the village, and the Scheel appointment actually limited his independence. Where formerly he was able to take advantage of his own political strength, when he accepted the appointed position, he became an employee, who had to play the team game.

Tells Need for Dist. 207 Referendum

In support of his Finance Committee's recommendation that the Board of Education of Maine Township High School District 207 schedule a Dec. 4 educational fund tax levy referendum, John L. Means, Board member and chairman of the committee, made the following statement at the Board meeting Monday evening, Oct. 18:

"Early this year, when we projected our financial condition, it was determined that, in order to cover all the budgeted costs of running our school district, we would need a 28¢ increase in the educational fund tax levy.

"Later, in trying to keep up with the inflationary trend, it was determined that we should ask for 37¢. In this way we would have something extra that we could use to reduce our sizeable deficit to a manageable level. To achieve this we planned an Oct. 9 referendum.

"Then Phase I of the national wage-price freeze came along, and we felt we must delay the referendum until such time as we could determine what this action meant to us or until other information was released. Now Phase II has been announced and it would appear that our negotiated contract with the professional staff will be put into effect, and our projections will become actual costs.

"We did realize a savings in our total costs during this Phase I period. We also were able to effect savings through cut-backs in our summer program and the shelving of several curriculum projects. Considerably more savings were effected through the diligent efforts of the administration to keep a tight rein on staffing our schools this year. In spite of the fact that about 400 additional students are attending the Maine high schools this Fall, our total professional staff has only been increased by two, instead of the 20 or so that would normally have been hired to care for the educational needs of these additional students.

"In all, several hundred thousands of dollars have been saved - a conservative estimate would be about \$400,000. These savings, we feel, should be passed on to the taxpayer. Therefore, we have reduced our proposed tax levy increase from 37¢ to 27¢, a little less than our projection of need made last Spring.

"We feel this request will cover our budgeted deficit increase of \$1,000,000 for this year and give us something to help defray some of the inflationary costs that I'm certain will continue to develop over the next year or two.

"We hope that, during the next couple of years, there will be a re-ordering of priorities, and that some changes will be made in the method of financing schools. Whether this will be done through legislative or court action remains to be seen. Meanwhile, we as a Board - and the administration - must continue to try to find ways to save money and yet try our best to offer a quality educational program to our students."

Niles Family Service to Conduct Workshop on Marriage

The Niles Family Service, with the co-sponsorship of the Niles Rotary club, is introducing what it believes is a new idea to improve marital and family living. The new program, which is offered free to nine-couple participants (first come first serve basis), will begin on Nov. 9. Those interested in taking part are invited to phone Niles Family Service at 966-1640 no later than Nov. 8.

According to Larry F. Renetzky, director, "Rather than waiting for a crisis to develop and then attempting to help patch up a severely damaged family situation, the idea is to work with couples who have a basically healthy relationship and help them to achieve family living that is even more robust, vigorous and satisfying."

The pilot project, called "Marital and Family Enrichment Workshop," assumes that successful marital and family living

Frigidaire

Appliances are worth the difference!

Look into the Revers-a-door hinge. It lets you open both doors from the left or right. And you can make the switch yourself, easily, in about 30 minutes.

Look into the Frigi-Foam insulation. It's foamed into place between the liner and the cabinet for more rigidity. Efficient, too. So efficient only a thin layer is needed. So walls can be made thinner, allowing more room inside, less bulk outside.

Look into the Frigidaire 5-Year Protection Plan. Backed by General Motors. 1-year warranty for repair of any defect in the entire product plus a 4-year Protection Plan for repair of any defect in the refrigerating system (compressor body assembly, receiver-condenser, refrigerating or cooling coils and interconnecting tubing) and ABS liner on models so equipped.

Look into the one-piece SS-5 Liner. It's smooth, shiny, stain-resistant and just plain tough, made out of the same material used for pro football helmets.

Look into the Post-Loop Condenser. It's a little channel where refrigerant from the "warm" side of the compressor cycle circulates to keep the cabinet dry and condensation-free.

PET CIRCLE

By Sandi Horwitz

Hi, my name is Sandi Horwitz and I'm the new gal here at the Bugle who is going to be taking your pet ads. I also will be writing a column weekly called "Pet Circle". This column will appear in the papers every Thursday.

I will be writing articles on my own pets, of which I have ten, five poodles from toy size to minis. Their names are Twiggy, Lord Snowden, Friar Tuck, Mollie McGuire and Ironsides Black Sherbert. I will also be introducing to you our new addition, a six week old brindle Great Dane puppy Kricket, and from time to time I will write about my four cats, Beelzebub and Missy who are Persians and Ty-Tu and Mouse who are domestic shorthairs.

In my column there will be no prejudice against any pet, be it domestic or wild. I will try to write about all types of pets, birds, fish and reptiles. We will also carry fun articles on fact and fiction, folklore and mystic. We will also run questions you, the readers have sent into the column and hopefully, answer correctly. Any questions or problem will be answered if its at all possible. Some may want the answers by phone, if this is the case, I can be called at the Bugle Monday thru Friday from 9 a.m. till 1 p.m. If I can't answer your question right away I will be happy to take your name and phone number and call you back with the correct answer since I have many human friends in the pet circle.

I will also try to carry the dates of all the pet shows coming up in the Chicago and Suburban areas. This will help keep you, the pet owners, informed as to what's happening in the pet, dog, cat, and horse show circles. Also on the third Thursday of the month we will be carrying an article on an AKC registered dog. This article will correspond with one of the ads running that week. We will also carry a picture of that breed of dog. This will give you, the advertiser, a little free publicity on your pet, and the readers, a little information on some of the breeds recognized by the AKC, other than the breed you many now own. Hopefully it will help the family looking for a new pet, as we will give a full description of the dog, as well as a little history about its background. We will tell you if it will make a good family pet, if it is a good dog to have with children, and so on. Then it will be up to the reader to decide which dog will be right for them. This column can be fun for you and me.

Please do not hesitate to call on any matter pertaining to pets or if you would be interested in having a specific article written on any pet subject. My aim is to please all of my readers, this column is for you.

Here's hoping Pet Circle becomes one of the columns you look forward to reading every week in the Bugle.

Be sure to check our Pet Circle ads in the classified section of the paper. Signing off for now - Sandi's Pet Circle

Modern Volunteer Army

Wouldn't it be the smart thing for you to stay in school? It's a great, big world out there. And there's a place in it for you. Trouble is, a lot of other guys will be out scratching for the same spot. Sure, you get tired of school. You wonder if it's really doing you any good. Most guys, at one time or another, have the same doubts. But be fair to yourself. Consider all the angles. As a high school dropout, you'll have three general

types of jobs open to you, Farm jobs, Service jobs, Unskilled labor. Although you can improve your job-holding capacity by taking special training, it's much harder to get that training without that all-important high school diploma. In the Army, too, the best training and the best jobs go to the high school graduates. Stay in school. In addition to education, you will learn how to get more out of life and you'll attain satisfaction and pride through your accomplishment. Sergeant First Class Herbert E. Jackson is your local U.S. Army Recruiter. He is located at 4515 Oakton in Skokie. Call him at 673-5393 or stop in and see him. He will be glad to assist you in employing your hard-earned high school to your advantage in the new Modern Volunteer Army.

Y.O.U.

The number for the Y.O.U. "Hot Line" is 965-8021, open to calls from young people with problems, whether they be drug problems, run-away problems, or family problems, or older people just needing someone to talk to. This "Hot Line" listening post was established several months ago by a group of people who feel that most problems can be worked out if there just was someone to listen, understand and try to be of service.

Hours for the Y.O.U. "Hot Line" are every Friday evening from 7 p.m. to 1 a.m. The phone line is sponsored by a local church organization in Niles seeking to be of help.

W.M.T.H.

A new program, sponsored by WMTH Radio Voice of Maine Township at 88.5 F.M., will begin Nov. 5 from 1:05 - 1:35 p.m. with hostess Christine Stevens of Niles.

The title of the radio program is "The Four Winds—East, West, South, and North," and it will be broadcast the first Friday of every month.

Mr. George Krueger, Chief psychologist for Maine Township District 207, will be the guest personality for the first program. Mr. Krueger and Mrs. Stevens will be discussing the positive and negative in today's world of the young.

Football Results

At the Oct. 23 football game hosted by Riverside-Brookfield, the Maine East varsity was defeated 14-0.

Riverside-Brookfield scored with about 4 minutes to go in the half with a 50 yard pass and then came back with about 2 minutes to go and repeated on a pass play. In the start of the third and fourth periods, the Demon gridgers put some good drives together, but R-B interceptions kept the Demons scoreless.

Varsity Coach Al Eck commented that Glenn Sedjo, Steve Knapik, and Marc Grant performed well for the Demons. Other competition saw the sophomores tie 6-6, the frosh "A" team lost 20-0, and the frosh "B" team beat R-B with a score of 22-0.

On Friday, Nov. 5, the Demons will host York for the last game of the season. Coach Eck commented that there could be a Demon victory over the York Dukes, but it would be close since York has only won one conference game.

SPORTS NEWS

Soccer Results

Maine East's varsity soccer team bounced back from a recent cold streak as they whipped two teams from their rival Maine schools.

After soundly defeating Maine South by a comfortable 6-1 margin, the Demons walked over their opponents from Maine West in a rain-soaked, 3-0, victory. The victories increased Maine East's seasonal record to 9 victories, 3 losses, and 1 tie.

The win over Maine South was a relatively easy one for the Demons. Maine East controlled the ball for most of the game, allowing Maine South very few offensive opportunities. The result of this ball control was evident in the six goal barrage. Russ Anderson, Maine East's leading scorer, was responsible for 3 of the Demon scores, Ed Chatyadej, another stand-out, was able to put 2 goals past the Maine South netminder. The final tally for Maine East occurred when a corner kick by Terry Strrell eluded the Maine South defenders and found its way across the goal line.

South did manage to get on the scoreboard when one of their forwards intercepted an errant pass and came in alone on Maine East goalie Doug Moorad. Several potential scoring opportunities slipped through the fingers of Maine South, including a missed penalty-kick, which came as the result of a hand-ball in the penalty area.

A confident Demon squad took the field against Maine West on Friday, Oct. 22, and went on to

dominate the game in a 3-0 shut-out victory. The treacherous footing appeared to benefit the Demon style of play. Finding it easy to skip the ball past their opponents, the Maine East kickers constantly penetrated West's defense.

The three Demon goals were all well executed. A fine effort by Russ Anderson accounted for one Maine East goal. The other two Demon scores were the result of sound fundamental plays. Ed Chatyadej headed in a perfect cross-pass from Ed Briggs, who worked the ball in from a difficult angle and was able to find Chatyadej open in front of the Maine West net. The last Maine East goal came on a direct kick situation. Mike Strahler attempted a free kick from about 25 yards out, and drilled a low smash into the lower right-hand corner of the goal.

This shut-out, incidently, was the third of the season for Demon goalie Doug Moorad. Doug also failed to allow any goals to get past him in previous contests against New Trier West and Maine North. The Demons tied New Trier West 0-0, and beat Maine North, 3-0. At this time, the tough Maine East defense has allowed its opponents only 1.54 goals per game.

Cross Country

"Runners, take your marks, get set, go" — was the cry to start the Maine East intramural cross country invitational. The annual fall race is held at each level to see which boy at their level is the best miler not on the cross country team. The race, run on the stadium track, consists of four laps, which constitutes one mile.

The winners are awarded an intramural M, which is a letter — but for intramurals only. The winners of the race at their level were senior Gary Chambers of Niles, junior Fred Welsmueller of Glenview, sophomore Wayne Westman of Park Ridge, and freshman Mark Zukert of Morton Grove.

Girls' Bowling Club

Competition is keen between the 30 teams participating in the Maine East Girls' Bowling club activities. Pizza winners for Oct. 13 were the Lucky Strikes, members of "A" Division with captain Pat Currie of Park Ridge, and on Oct. 20 the Gutter Balls, members of "B" Division with captain Diane Steiken of Des Plaines, won. The Lucky Strikes had 1,516 pins, and the Gutter Balls had 1,476 pins.

Sue Schumacher of Park Ridge has the cumulative high average to date — 155.

The high game of the week for Oct. 13 was Carolyn Mendraler of Niles with 156 and for Oct. 20 was Jody Grant of Des Plaines with 165.

High series for two games on Oct. 13 went to Linda Meyers of Park Ridge with 269 and on Oct. 20 the high series for two games went to Donna Rhodes of Niles with 283.

Notre Dame Hosts Unclassified Meet

Notre Dame H.S. hosted the first of 3 meets this season. The meet was a four weapon (men's, women's foil, sabre and epee) meet for novice fencers only. In foil, there were 40 competitors, a very large turn out. In the foil, there were 7 pools for round robin, and then 5 rounds of direct elimination (2 out of 3 bouts). The winner was Tony Nishimura, a senior from Circle Campus. NDHS had several representatives. Sam DeFiglio, a senior took 4th place and earned his "C" rank, the lowest national seeding possible. DeFiglio's "C" makes him the 6th N.D. fencer to earn this rank in the state while in high school. Two other N.D. alumni earned their "C" also, Steve Mashl ('70) and Mike Czarnik ('70). Steve Schwartz ('71) from New Trier East was another winner, he took 2nd. So, out of a total of 10 possible "C"

awarded to recent alumni and current high school fencers, N.D.H.S. has 8 of the 10.

In Epee there were 10 fencers. The winner was an adult, but Steve Mashl took 2nd. Terry McConville (3rd), Gary Berlak (4th) and Tim Glass (5th) are currently in NDHS as juniors. As usual N.D.H.S. is strong in fencers who fence epee as a second weapon.

In Sabre, Paul Quiniff ('71) took 4th and Mike Czarnik ('70) took 6th.

All these under 19 fencers are trying to earn points as finalists to qualify for the Illinois team for the Sectional Championships in Detroit in May as well as the U.S. Junior Olympic Championships in April.

The next major meet will be at Gordon Tech High school on Nov. 13 in foil and sabre. This is an under 19 meet.

Steve Dennen, Bowling Green State university freshman from Morton Grove, is a runner on the Falcon cross country squad that successfully defended its Notre Dame Invitational title last weekend in South Bend, Ind.

Dennen, son of Mr. and Mrs. Charles Dennen, 8934 National, won seven letters in cross country (3), wrestling (2), and track (2) while attending Niles North High school.

Co-ed Archery

Even Cupid might be outshooting his arrows at co-ed archery intramurals, held every Tuesday and Wednesday after school. This new program at Maine East is a shot in the dark. It wasn't planned by the teachers, but some boys were hit with the urge to take aim at the targets. They asked and were allowed to shoot with the girls, and co-ed archery was started.

Until the end of the quarter or until the weather gets bad, every Tuesday and Wednesday after school, there will be a chance for you to find your focus point at co-ed archery.

Blase (center) Mayor of the Village of Niles, and Maine Township's Democratic Committeeman, has been honored as November's "Personality of the Month," with the Certificate of Merit presented by radio personality Jan Bina (r.). Mr. Blase will be featured on the first of this season's John La Valle Specials, offering a 15 minute conversation with Mayor Blase, to be aired over WEAW Radio 1330 on the radio dial, Saturday morning, Nov. 6 at 10:45 a.m.

Irene Hughes at Dist. PTO Meeting

Irene F. Hughes, Psychic-Mystic, an authority on the powers of ESP, will speak on Nov. 8 at the Morton Grove District 70 PTO meeting. It will be held in Parkview school at 8 p.m.

Former managing editor of the "International Journal of Neuro-psychiatry," Mrs. Hughes now publishes a weekly column entitled ESpecially... Irene, in over thirty newspapers. In addition to winning several awards for outstanding journalism, Mrs. Hughes is listed in the 1969 "Who's Who of American Women," "Who's Who in the Midwest," the "International Biographical Dictionary" and the "Psychic Register International." She is a member of the Chicago Press Club, the National Federation of Press Women and the Illinois Women's Press Association.

At the inception of her work in this most fascinating field, Mrs. Hughes limited herself to private readings and consultations. Soon her work expanded to include lectures throughout the United States, consultations with business organizations and educational institutions, and work with investigation units (including crime detection and murder). In addition to her psychic pow-

ers, she has a wide knowledge of the science of Astrology. Mrs. Hughes sponsors classes through "The Golden Path" in both ESP and Astrology.

News Photographer Coming to Melzer

News photographer Thomas England, will be a guest speaker at 1 p.m., Nov. 10, at Melzer school, East Maine School District #63.

Mr. England will give a presentation on photography to students in Teams 5 and 6. He will bring a large number of prints with him including samples of photos which have won awards. Three of his pictures taken during the street disorders surrounding the 1968 Democratic Convention appeared in the Walker Report study. Another photo he took that week won second prize in photography in a university-wide art contest. Mr. England will generously leave some of the prints so teachers may use them in class.

Mr. England's educational background is very interesting because his father was a principal in the Navy Dependent Schools and he has attended schools in Germany, Taiwan and Newfoundland, and Northwestern university.

Arrangements for this program, which is part of a series of cultural arts events, was made by Mrs. Iona Winick, Librarian, and Mrs. Rosemary Moran, Primary teacher, and the Melzer PTA.

Painting Contest Winners

More than 100 boys and girls from sixth through eighth grades entered the Morton Grove Park District's Halloween Painting Contest. These paintings which are 4x2-1/2 feet will be placed in the merchant's store windows in the area for the public to observe.

Mrs. Ethel Mills, Mrs. Opal Schrader, and Mr. Wally Kaste from the Board of Directors of the Morton Grove Art Guild were the hard working judges. They said all the paintings were good and it was very difficult to choose the winners. However, they did choose the following winners:

- 6th Grade - 1st Place - Lisa Frank, Susan Schlag
- 2nd Place - Carlyn Hintz, Ann Flood
- 3rd Place - Debbie Lahikainen, Gerald Jung
- 4th Place - Elizabeth Chin, Nancy Chikaraiki

- 7th Grade - 1st Place - Kimberly Hren, Kathy Zastrow
- 2nd Place - Hillary Simonsen, Ann Bacigalupo, Janet Rostron
- 3rd Place - Robyn Smedberg, Laurie Larson

- 8th Grade - 1st Place - Janet and June Eckhardt
- 2nd Place - Sue Regan, Judy Hoffman

Since the participation by students in 7th grade was approximately 60 children, 7th grade 35 children and the participation by those in eighth grade was only 10 the judges decided to award 4 prizes in 6th grade, 3 in the 7th grade and 2 in the 8th grade categories.

Notre Dame Holds Institute Day

On Monday, Nov. 1, faculty members at Notre Dame High school, Niles, held a special teacher's institute day to learn more

about the concept of individualized instruction and how it could be implemented at Notre Dame. After a celebration of the Eucharist in the school chapel, the teachers met for a breakfast of coffee and rolls. The morning session, entitled "Individualized Instruction" featured Dr. Allan P. Zak, principal of Bell school in Wilmette. After a break for coffee, the Notre Dame teachers broke down by departments to discuss how Dr. Zak's ideas could be utilized to help them adapt their subject matter approaches to the differing educational needs of all Notre Dame students.

After lunch, the teachers heard Dr. Max Bailey, Assistant Professor of education at Loyola university discuss "Behavioral Objectives and Performance Criteria" and John Vanko, principal of Joliet Township High school discuss "Mini-Courses, Teaming, and Individualized Study, Roles, and Differentiated Staffing." Throughout the special institute day, Science Research Associates presented a resource display and demonstration in Notre Dame High school's newly refurbished student library.

Peggy Lee and Frank Gorshin at Mill Run

Miss Peggy Lee, recognized as one of America's greatest female-singers, and Special Guest Star, Frank Gorshin, the acknowledged master impressionist in show business are starting at the Mill Run Theater on Thursday, Nov. 11 thru Sunday, Nov. 14.

The cool, calm, smokey-voiced Miss Peggy Lee is always

on top of the music world no matter what the mode or fashion. Since her triumphant "Why Don't You Do Right" recording with Benny Goodman, Peggy has recorded over five hundred songs, hits like "Manna," "It's a Good Day," "I'm a Woman," "Lover," "Fever," "Golden Earrings," "Pass Me By," "Hallelujah I Just Love Him So," "I'm Gonna Go Fishing," "Big Spender," "Is That All There Is," and many more. Although she has been recognized largely for her singing in night clubs, on recordings, in television and in motion pictures, Miss Lee has also achieved acclaim as a composer, an artist, actress and writer. With Dave Barbour she wrote such hit songs as "Manna," "It's a Good Day," and "I Don't Know Enough About You."

Frank Gorshin has made achievements in virtually every area of the entertainment field. In addition to his impressionist forte, he is a singer, comedian, stage, television and motion picture star, and recording artist. It is the mixture of Frank's innate sensitivity and extraordinary timing in music, drama and comedy that has been most responsible for his success in the night club and theater-concert area, where he has become one of the top headliners in the field.

Performances are Thursday at 8:30 p.m., Friday and Saturday at 7:30 p.m. and 10:30 p.m., and Sunday at 5:00 p.m. and 8:00 p.m.

BE WISE...

IT'S GOOD BUSINESS TO SHOP LOCALLY

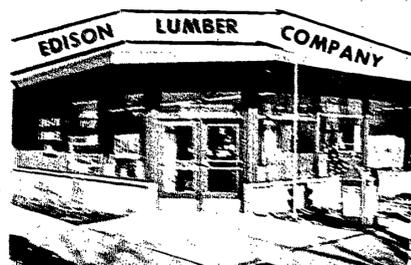

Serving Niles, Morton Grove, Golf Mill East Maine

Of course you look for and find bargains in quality merchandise when you shop locally, but do you know you are also really investing in our community too? Your neighbor merchants' taxes support civic improvements and help finance schools and recreational facilities right where you live. It pays, in many ways, to shop at home!

It's mighty nice to know that the merchant you deal with is probably one of your own neighbors. You feel you can trust him and he is eager to maintain that trust. He is anxious to please you in a personal way — to give you quality products at the lowest possible price. "Yes," you'll say, "really does pay to shop here at home!"

Winning Essay

The winning essay was written by Michael Krok, 8440 N. Oketo, Niles. Mike is an eighth grader at St. John Brebeuf school.

WHAT THE WORLD NEEDS NOW

Better People.

Look around you. All you see is race disagreements, fights, bribed politicians, abuse, drugs, litter. What is this world coming to? Too much wrong - not much right.

When an infant comes into this world, he is happy to be here. He or she does not shoot heroin, he does not litter, etc. . . .

It is only when the child is older and gets experience and sees his elders involved in these things, that he picks them up.

A child speaks the truth. Most of the time it is embarrassing. Sure, we all tell a little lie once in a while . . . but what if we all told the truth all of the time? This could make the world a better place. If people would admit to fighting, disagreements and violence, we could know each other from the inside, not from appearances and sounds. When people get together to talk about themselves, how much is the truth and how much is not? If people could only say, "I did it!"

As people grow up, they get more greedy and selfish and spoiled. People who are older look for much money; money to them means power. All money buys is material things - never friends!

More Peace, Less War

When people declare war on one another, what is it for? Land and power is what most fight and fought for. Before you say "drop the bomb", think! All it causes is death and disaster. When a person or two say "WAR" - think . . . nothing but death and what for? A nationwide reputation - a piece of land? Ridiculous! Right? Of course it is. When you see a picture of a Chinese person bleeding, his blood is red. So is a Spaniard's, Italian's, etc.; everyone's is. So is yours. So why do people fight? They are all the same. Have YOU been cut and bled lately?

More Ecology-Minded People

With all the litter, smoke, fumes and waste going into the air and water, some day we are going to pollute ourselves to death. The world is getting to be nothing but a huge garbage dump.

When we say "ecology" what do we mean? PEOPLE INTERESTED IN CLEANING THE ENVIRONMENT. When you throw a cup or a bag on the ground, you think it's just a little thing. But, if everyone did that just once, think of the mess. How many times have you littered?

Other people say "What can I do to clean up?" But the problem is not "I" - but "WE"! If there are enough people, there can be a great deal done about pollution. Before you throw litter on the street, think again - put it in the trash can. This alone could make the world cleaner.

Less Materialism

Money, money and more money is what people look for. Some will try anything to get their hands on it. And what for? Material is all it buys.

People say we are the richest country in the world. So even if we are, what is it spent on? A rocket that goes to the moon for rocks instead of improving the slums or for a cleaner environment.

Some people who are rich brag about their posh house, large pool, summer home on the lake and many other things. But what are all these things? Material is all it really is. Instead of making people's lives, who are not so fortunate, better, some rather look to better their own lives - and only their own. So . . . before you brag about your house, pool or belongings, think about people who live in rat-infested, shabby houses. Now, examine your conscience . . . when will we have a world of no violence and corruption? ONLY WHEN WE ALL WORK TOGETHER IN HONESTY AND WITH A FIRM RESPECT FOR ONE ANOTHER.

Life is balanced in your hands while driving.

Continued from Page 1

Meanwhile, back at the funny farm in Morton Grove, the League of Women Voters had made an exhaustive study of governments and recommended to the Board there (around 1967) a village manager form of government would be the most efficient means of running the burgeoning community. Despite an exhaustive 2 year study, the 1967 trustees unanimously turned down the request, without even publicly commenting on the pros and cons of the issue. Almost 5 years later, the residents finally voted on the issue, and based on the opposition, it was evident the power structure didn't want to lose its hold on the political strings, with its accompanying patronage.

One other point deserves mention, which accompanies this, or any other action in these communities. Based on Tuesday's fair turnout in Morton Grove, plus the unbelievable lack of knowledge many of those we spoke to had regarding the refer-

endum, re-confirms what most public officials are keenly aware of. The public community has little interest in the workings of its village. Not only is the vast majority of the public uninformed, but they really have no desire to become informed. Thus, public officials become cynics a very short time after gaining their offices. And slowly, knowing the lack of interest and knowledge of their constituents, the guys who spend the time making policy, begin to run the show as if it's their own small fiefdom. Few people show up at the meetings. Few voters go to the polls with much knowledge. And as in the case of Tuesday's Morton Grove referendum, few knowing voters go to the polls. So the ballgame narrows down to the very few people in these towns who are engaged in the running of the towns, and the waste, inefficiency and poor decisions, are buried in the everyday workings of small town, U.S.A.

sive charges by hospitals and doctors over the amounts allowed by Medicare. He stated that he had been charged by a hospital for services that he never received. This started a rash of complaints by the audience regarding the doctor fees. Medicare considers \$8 per office visit and \$10 per hospital visit an allowable charge of which they pay 80%. Complainers stated that they could not find a doctor in the area who would abide by these charges and questioned why doctors in the suburbs charge more and why no consideration is given to the senior citizens in regard to fee. It was also pointed out to the senior citizens that if they had their doctors prescribe in generic terms they could save 75% of the cost. Transportation was also brought up and discussed. The citizens unanimously feel that this is the big problem for without adequate transportation they are confined to their homes or immediate area. The schedule of the present transportation does not allow them to spend time elsewhere. Commissioner, Anthony Scarlati, presented a suggestion to aid the senior citizen in the interim until a better transportation may be found. This will be discussed at the next Senior Citizen Commission meeting as to feasibility. A mini bus is also being considered. There are certain problems with these ideas that will have to be worked out. The commissioners were gratified by the fine response of the senior citizens at its first open forum and the senior citizens were appreciative of the commission's existence. Everyone considered it an enlightening evening.

substantial knowledge. Morton Grove's Mayor said it re-inforced his belief any increase in taxes is "anathema" to the voters. Bode also noted the action surrounding the issue took on political implications, and he drew an analogy to the divisiveness of the North and the South some 100 years ago. He laughed when he was asked if in Morton Grove's political climate he really meant the East and West.

Regarding his own neutrality on the issue Bode said it was important to have someone in the village "who doesn't get involved emotionally." He said in the event the conflict became heated it was important to have someone "get the ship back on its course."

Morton Grove business manager Fred Huber, whose job may have been on the line in this vote, said he thought the referendum would fall by a 4 to 1 margin. Huber said he didn't think the people wanted it, and said several people told him they were opposed to a manager, though he emphasized he did not solicit any opinions nor did he campaign against the issue.

New Golf Mill State Bank Building

The officers, directors, and staff of the Golf Mill State Bank are delighted to show to their depositors and to the community the latest picture of their new bank building to be constructed on the southeast corner of Greenwood and Church sts., in Niles. They wish to share with the community the eager anticipation of serving the financial needs of all in a modern, spacious, and exquisite atmosphere which will be provided in the new building.

The new bank building will consist of a lower level and three floors above ground. It is to be

constructed to provide for the addition of seven more floors in the future. Spacious elevators and gracious lobby will guarantee the convenience of everyone.

The bank itself will occupy a lower level and first floor totaling over 20,000 square feet. Most important, the bank will provide for a large drive-in area consisting of six service areas and ample back-up space with easy access and egress.

Ground breaking ceremonies are being planned for early October with completion estimated in July of 1972.

LETTER TO THE EDITOR

Give the Kids a Break

Dear Mr. Besser:

I read with great dismay last week of all the complaints by the residents of the Ballard Park area in regard to the skating rink on Ballard road.

The fact that a sports complex was going up in the area was announced well in advance of construction. No one seemed to voice their objections then. In fact everyone always seems to be for youth at such a time.

They never admit that it is a limited commitment. Put them out in a field 100 miles from where we live.

I wonder if Mrs. Mikos called the airline and complained about the constant flights over the area that you cannot converse or listen to TV or radio?

I also wonder if she would rather have these same kids stripping her car or damaging her home or taking bad trips. At least they would do it quietly, huh, rather than making all that noise with a hockey puck. Maybe they should use a marshmallow puck instead.

It must be wonderful for all these people to be born adults, I'm sure they were never noisy children, or teens, or even young adults. I guess their first bonnet was a construction helmet.

I wonder where all these people that called the Park District and Police Department suggest we put all the young people.

They have to realize Niles is not the little town it was 20 or even 15 or 10 years ago. It is the village's duty to service all the people in it, not just the sourpusses who have a buck, but the kids and young adults too.

They have as much right to the facilities as anyone. Who are they to complain to when they don't have recreation or when they see a bunch of soured adults outside of a bar or lodge hall?

This is accepted by everyone. But Heaven forbid a kid should have some good clean honest fun.

In closing all I can say is I wish there were more places like

Niles West Recycling Center "Nazarin"

George Brabec, president of the Earth Science club, has announced that Niles West will have the first permanent, full-service Recycling Center, open 24 hours daily.

Niles West will have the only center collecting all three recycleable products: glass, cans, and newspapers. Persons wishing to bring these products are reminded to: 1. Take all metal and plastic rings off the glass, 2. Flatten and remove paper labels from the cans, 3. Bundle all newspapers. Please, no magazines.

The center is located in the Austin ave. parking lot, south of the school's football field.

"Nazarin" directed by Luis Brunel, is the Friday, Nov. 5, presentation in the "Great Film Director" series sponsored by the Maine Adult Evening School, Niles Adult Evening School, and Oakton Community college. The program will begin at 7:30 p.m. in Building #1, Oakton Community college, 7900 N. Nagle, Morton Grove.

"Nazarin" is the story of a defrocked priest who sets out as a pilgrim to find where moral values lie, and whether or not Christ's teachings can be literally followed in this world. Brunel's unforgettable scenes won for the film the Cannes Festival International Prize and the International Catholic Film Award.

Tickets will be available at the door at \$2 each. The Maine Adult Evening School, 696-3600, may be called for information.
