By David Besser  
Editor & Publisher.

In last week's Saturday Review it posed the question whether a reporter is also a citizen when he is on the job. The question is not a new one, Journalists at the top of their trade (profession?) such as Norman Mailer and Jimmy Breslin have chosen to get involved in the very workings of the society they write about. Thus, the phrase "participatory journalism" has been created by word merchants which describes newspaper people who've become activists.

In our small communities we have often participated at board meetings during the public discussion periods. Since we're involved here we feel little compunction in sounding off when the public airing time takes place. While newspaper purists might think we're out of line we've long had the gut feeling we're private citizens as well as recording devices for relaying news.

Last week we sat in on Niles park board meeting and explained to the Board how difficult it is for citizens to understand some of the actions which take place there. While they invested up to \$3,500 for a survey study for enclosing the Ballard ice rink, which is part of the \$1,000,000 sports complex expenditure, they cut down on 4 ice rinks in town. Speaking in an earthy vernacular we told the Board it's hard to understand how they could spend over \$300,000 for a "lousy" strip of land alongside Lawrencewood Center for a park, or over \$200,000 for another "lousy" bit of land across from the Washington st. townhouses, and then cut-off 4 ice rinks in the home areas of residents for economy reasons. Nico, Kirk Lane, Courtlund Park and Ballard Park (outdoor) rinks. We told the Board it's difficult for residents sitting at the meetings to understand their thinking. Commissioners who are deeply involved in the ice hockey program are making a disproportionate effort in serving all the people of Niles. While they devote much time to providing ice hockey players with a lavish facility, only for those who can afford this sport, they completely eliminate hundreds, perhaps more than 1,000 young children who will not have ice facilities in their home areas.

We have long thought Niles ice hockey program is for a select group of sports fans, who have to have fairly substantial sums to play the sport. While it may fit the needs of Park Ridge and North Shore communities, we believe the park recreation should be for the public at large, and at nominal or no costs. Outdoor public ice rinks in home areas fits this definition.

An interesting vote took place at Morton Grove's village board meeting last week which bears comment. Maverick trustee Richard Hobs has been stirring up the Board there the past 2 weeks, and last week made a motion to form a Plan Commission.

**APPROVE SUPER CITY EXPANSION**

In an abbreviated meeting Tuesday night Niles village board approved the expansion of the Super City Shopping Center at Harlem and Dempster after an endless amount of discussion concerning the length of time to be allowed for a separate building which is planned for the northeast corner of the parking lot, for likely use for a restaurant.

The one point of controversy concerned the length of time to be allowed for the construction of the corner building. The owner, and his legal and real estate representatives, were young men in their 20's whose inexperience caused the interminable discussion, and resulted in additional restrictions which would not have been laid down, if they'd been more flexible.

The attorney for the owners, a young man who hasn't been long out of law school, insisted the Board allow 3 years for the completion of the free standing building for the corner area. He said the seeking of a tenant, plus the construction, might necessitate this amount of time.

The debate on the time for Continued on Page 26

**Absentee Rules for Dist. 207 Referendum**

Any registered voter who wishes to vote in the Dec. 4, 1971, Educational Fund tax rate referendum for the Maine Township High Schools, but who plans to be out of Cook County of election day, may cast an absentee ballot in the office of Harold Markworth, Secretary of the Board of Education, at the District 207 Administration Center, 1131 S. Dee rd., Park Ridge, weekdays from 8 a.m. to 4:30 p.m.

Voting may be by mail or in person. By phoning in advance, the necessary forms can be prepared for the voter. The Administration Center's telephone number is 696-3600.

The Administration Center will be open on Friday, Nov. 26, the day after Thanksgiving, to accommodate college students home for Thanksgiving holidays who plan to vote by absentee ballot.

## Senior Citizens Second Open Forum

The Niles Senior Citizen Commission will hold its second open forum on Wednesday, Dec. 1, at the Huntington, the senior citizens building, located at 9201 Maryland, in Niles at 8 p.m.

The principal topic to be discussed will be Medicare. A speaker from Medicare will be present to explain the insurance in full and to answer all questions anybody would have. Up-to-date literature will be supplied.

This forum was arranged due to the many questions brought up at the first forum by the senior citizens regarding their insurance and doctors fees.

In addition, the Senior Citizen Commission will advise the citizens of any progress and projects currently being undertaken. They hope to have some news on the possible solution regarding the

transportation problem for the senior citizens and on discounts from merchants.

Anyone having questions may call the Senior Citizen Commission at 967-6100.

## Citizens Open House Dec. 5th

## Des Plaines Mother Killed, 2 Tots Injured in Golf Mill Accident

Auto is pulled from fountain at Golf-Mill Shopping Plaza after it went out of control. Driver Mrs. Charlotte Van Diggelen was killed and her two children were injured.

A 27 year old Des Plaines mother was killed Saturday afternoon and her two children remain in critical condition in Lutheran General Hospital after her car careened out of control and finally stopped in the fountain in the rear of the Professional Building in the Golf Mill Shopping center.

Niles Police on the scene said it was a miracle that none of the

hundreds of shoppers in the center were not killed during the noon rush hour on Saturday.

Mrs. Charlotte Van Diggelen of 2110 Elmira, Des Plaines was pronounced dead on arrival at Lutheran General and her children, Deborah, 10 months old and Brenda, 6 were admitted in critical condition.

Niles Police Lt. Frank Stankowicz commended the actions of

passerby Tom Swiderek, 515 Summit, Park Ridge who attempted to aid the mother and her children until the arrival of the ambulance. Stankowicz said, "the aid of this citizen was most helpful."

Witnesses to the accident told police that Mrs. Van Diggelen's auto was traveling at approximately 35 to 45 miles an hour when it jumped the curb and hit the concrete side of the pond,

## Woman's Club Essay Contest

## Dist. 64 Absentee Ballots

Absentee ballots for the District 64 referendum to increase the tax rate in the Educational Fund are now available at the offices of the Board of Education, 164 S. Prospect, Park Ridge, according to Russell Miller, Business Manager and Secretary to the Board. The referendum will be held on Tuesday, Dec. 7. The last day on which absentee ballots for the referendum can be mailed is Dec. 2, Mr. Miller said. Voters who wish to have ballots mailed to them apply prior to that day.

The last day to apply in person at the Board of Education offices is Dec. 3. The Board of Education offices will be open for absentee voters during regular office hours from 8:30 a.m. to 4:30 p.m., weekdays except holidays. The offices will also be open on Friday, Nov. 26 from 9 a.m. to 4:30 p.m. for the convenience of all voters.

### McDonalds 'Toys for Tots'

The United States Marine Corps reserve will kick off its traditional Christmas "Toys for Tots" drive in Niles with special ceremonies at the McDonald's hamburger restaurant at 7937 N. Milwaukee ave. in Niles, Friday, Nov. 26.

McDonald's will serve as official drop-off station for the Marine Corps drive, designed to collect Christmas toys for needy children in the Niles area. On Nov. 26 at 11:30 a.m. Dick Biondi of WCFL radio will join the Marine Corps Honor Guard in the raising of the flag and cutting of the ribbon for the start of the "Toys for Tots" drive. Santa Claus will be on hand to accept donations of toys until 4 p.m.

Local residents are invited to bring toys to McDonald's not only on the drive's opening day, but any time up to Dec. 21. McDonald's will give a "Be My Guest" card good for a free hamburger to any child donating a small toy such as a game or a doll and a free Big Mac to any child contributing a wheeled toy.

Marine Corps Reserve units across the country conduct a "Toys for Tots" drive in their own communities as a Christmas tradition, and McDonald's restaurants across the country are cooperating in the "Toys for Tots" program as a public service. The local McDonald's is part of the national chain which now numbers more than 1800 throughout the country. "No cause is more worthwhile - or more in the true spirit of the holiday season - than the Marine Corps Reserve "Toys for Tots," said Gerald Agelwich, supervisor for the local McDonald's.

### New Dee-Central Traffic Signals

After analyzing the results of a traffic survey study and considering information received from Maine Township High School District 207, the Illinois Division of Highways notified the school district recently that it was acceding to the district's request for traffic signals to be installed at the intersection of Dee and Central rds. in the Maine North-Apollo area. The lights are expected to be in operation by the opening of school next Fall.

In appreciation, a resolution was passed by the District 207 Board of Education at its monthly meeting Monday evening, Nov. 15, commending the State of Illinois Public Works and Buildings Department, Division of Highways, Office of the Regional Transportation Engineer for the favorable decision to install the traffic signals. For the past several months, aware of the hazardous and congested situation at the intersection, Maine High School administrators and school officials of District #63 have urged the State of Illinois' Division of Highways to consider the critical and urgent need for traffic signals. All of Maine North's 1,500 students and the 500 students attending Apollo Junior High school must arrive at the two school buildings via this single intersection. At present there is no traffic signal to control pedestrian or vehicular traffic at this point. As the combined enrollment of the two schools is expected to grow to an eventual 5,000 within the next several years, school officials have been seriously concerned about the existing and anticipated danger to student life and safety.

### Niles Baseball League

On Tuesday, Nov. 9, the Niles Baseball League installed its officers for the 1972 season.

Don Fergus takes on the post of Commissioner of the League, bringing with him a wealth of experience in all phases of the League. At one time or another, he has been Equipment Chairman, Board member, team manager and most recently, the Vice-Commissioner. The position of Vice-Commissioner is now ably succeeded by a long standing member of the League, Ron Chamness, Ron's 8 year membership was highlighted when he held the position of Board President. Among his other past duties he has served as Equipment Chairman, League Chairman and Team Manager.

Dick Reeve will serve as the League Treasurer for the coming season. Having just completed a two year term as a Board member, Dick has previously been in charge of the Father and Son Day. Opening Day, served as a team manager, and as a Little League All-Star Manager. The post of League Secretary will be taken over by Ted Kroll. He also has just completed a two year term as a Board member wherein he acted as the Board Secretary. Ted has also conducted a Decal Drive, acted as Publicity Chairman and served as a Team Manager. Together, these four men have amassed a total of 24 years experience in the League. Their proficiency in all phases of Niles Baseball qualified them for the positions for which they have been chosen. They have pledged to continue the same dedication for the 1972 season, promising another exciting year for the youth of Niles.

By Jim Fujimoto

Maine East's varsity gridgers ended their lengthy term in the West Suburban Conference by bowing to York, 22-7. The outcome of the game was not decided until the final minutes, when several costly turnovers crushed any hopes of a comeback for the Demons.

The Dukes took the opening kickoff and, operating without a huddle, marched down the field to score. Halfback Bob Yukobonia rushed for the touchdown from 6 yards out.

As has been the case week after week, the Maine offense could not advance in the early going. After receiving the kickoff, they were unable to gain enough for the first down and had to call in Bruce Hoefnagel to punt.

The Demon defense tightened up and regained possession, but Maine could not mount a threat and gave up the ball when quarterback Mike Strand's fourth down pass fell incomplete. The period ended with the score 7-0 in favor of the Dukes.

The Demon defensive line, with seniors Steve Knapik, Marty Novak, and Howie Nodell playing their last game for Maine East, continued to limit the York rushing attack to minimal yardage. But by the same token, the Demon offense could not move the football for substantial gains.

Midway through the second quarter, the Dukes launched a drive of 59 yards that ended when quarterback Tony Belville plunged over from the one, York didn't employ a single pass during the march and threw only two throughout the entire first half. Late in the period, Maine penetrated into Duke territory. With time running out, Hoefnagel was summoned to attempt a 46 yard field goal. But the centering pass was high and the kick fell short. So York led at half-time, 14-0.

The Demons finally got on the board in the third quarter without wasting any time. Halfback John Wolff outraced several Dukes en route to a spectacular 50 yard run for the touchdown. Hoefnagel's conversion made the score 14-7.

York took the following kickoff and proceeded to grind out 67 yards on the ground, driving down deep into Maine territory for what looked to be the clinching touchdown. But the Demons held and forced the Dukes to give up the football on downs. Maine could not capitalize on this break though, and had a pass

### State Cross Country Meet

by Bill Wilson  
 The Maine East Demon harriers wound up their season Saturday at Peoria, finishing third in the state standings with 137 points, York High School of Elm-hurst ran a superb race and won the meet with 67 points, Centralia High School, a darkhorse, took a surprising second place with 136 points, just one place ahead of our runners, Riverside-Brookfield was fourth with a score of 138, and Lincoln-Way was fifth with 171.

Craig Virgen of Lebanon High School individually won the 3 mile race in the time of 13:59.2, smashing the old course record set by Jim Hurt of Proviso West (in the Peoria Invitational) by 50 seconds. Virgen averaged an amazing 4:39.7 per mile, considering he is only a junior. Lee Erickson of Lincoln-Way was second at 14:29; Jim Buell of Mt. Morris third, at 14:30; Gary Mandehr of Antioch took fourth with a time of 14:31; and fifth went to Jim Hurt of the sixth place team, Proviso West. His time was 14:32.

Our top finisher was tenth place reliable Rick Phalen, who ran a tremendously strong race throughout, and stuck with the leaders for the entire meet, challenging and passing nearly all of his opponents. Rick's place never wavered more than two or three places during the race, and he finished with a time of 14:44, running 4:55 per mile; he was our only representative in the All-State selection of runners, which is composed of the top 15 finishers in the state meet.

Deserving equal praise is Mike Seffert, who just missed All-State by finishing seventeenth. Mike also ran remarkably well for himself, and after the race was over, I talked with him and realized exactly how exhausted he was and how hard he tried; Mike ended his run with a time of 14:51, averaging 4:57 per mile.

Our next two places ran as hoped for by Coach John Coughlan, Gary Marshak was the third Demon harrier, finishing at 34th, and Pat Moyer, our fourth man, ran a pretty tough race and finished 39th. John Lovasz rounded off our scoring by ending 48th. One look at the score reflects exactly how the meet was run—a tight race with close competition. The weather was 38 degrees and occasionally a biting wind would sweep the course. However, this did not seem to bother the York team too greatly as they finished their top five scorers before our third man and all before 35th place. The Duke runners were presented their trophy before a tumultuous crowd in the Peoria high school gym.

The National Hypnotic Research Center is presenting a psychic happening from 7:30 to 10:30 p.m. Friday, Nov. 26, at Hasbrook Park Fieldhouse, located at Maude and Mitchell sts. in Arlington Heights.

Well known psychic readers, palmists, astrologers and tarot card readers will be present and available for individual readings. There will also be demonstrations of age regression through hypnosis.

The admission fee of \$1 will permit you to observe the age regression sessions. For each individual reading performed by the readers a fee of \$3 will be charged. Anyone desiring additional information call 259-8336 or write National Hypnotic Research Center, Post Office Box 933, Arlington Heights, Illinois 60004.

Looking at the accreditation certificate for the Rehabilitation Medicine Department of Lutheran General Hospital, Park Ridge, are, left to right, William Stittler, executive director of operations; Dr. Herman Weiss, director of physical medicine and rehabilitation; and William Dohse, administrative assistant.

## Accreditation Award

The Rehabilitation Medicine Unit at Lutheran General Hospital, Park Ridge, has been accredited by the Commission on Accreditation of Rehabilitation Facilities. The accreditation was for three years, the maximum period given by the commission.

In addition to the accreditation, the Rehabilitation Medicine Unit is also approved by the State of Illinois Department of Public Aid, the Division of Vocational Rehabilitation and the Division of Services for Crippled Children.

The Rehabilitation Medicine Unit is a 35-bed section of the hospital which provides a range of rehabilitation facilities. It offers rehabilitative facilities for both children and adults.

The program is directed by a physiatrist, a physician who is a specialist in physical medicine. Members of the rehabilitation team include physical, occupational and recreational therapists, social worker, speech pathologist, clinical nutritionist, chaplain, vocational counselor, rehabilitation nurses and psychologist.

## Staff Chaplain Appointed

Rev. Merton Fish has been appointed a staff chaplain in the pastoral care department of Lutheran General Hospital, Park Ridge. He had completed Lutheran General's one-year residency in clinical pastoral education in July.

Pastor Fish is a graduate of Luther Theological Seminary, St. Paul, Minn., and received his bachelor's degree from Concordia College, Moorhead, Minn. He has served as parish pastor of Trinity Lutheran church in Stevens Point, Wis., and had previously received clinical chaplaincy training at Northern and Southern Wisconsin State hospitals.

Pastor Fish is married and has one child. He resides at 8833 Dempster ct., Des Plaines.

## West Highland White Terriers

By Sandi Horwitz

The West Highland White Terrier, once called the Poltalloch Terrier or Roseneath Terrier originated in Scotland in the early 1800's.

The West Highland White Terrier, Dandy Dinmont Terrier, Sky Terrier, Cairn Terrier, and the Scottish Terrier all, one time were found in the same litter. They were brought to this country in the mid 1800's and have been growing in popularity ever since.

The Westie dog stands 11 inches tall and weighs approximately 18 to 20 pounds. The female is one inch less. They are one of the heartiest of breeds. Originally bred to hunt vermin, they can dig themselves down into the ground after their prey. Cold or dampness does not affect them as their harsh coats shed water and maintain warmth. Easily adaptable to any situation and climate the "Westie" loves children and makes an exceptionally good watchdog. The Westie was first recognized by the A.K.C. Sept. 19, 1909. They were shown in the Terrier group.

Introduced in the photo are some of "Natos" Westies at home. They are "Natos Shadow C.D." Dam of "Natos Tuff-Stuff of Wiloughby." Also shown are four of Tuff-Stuff's 4 month old sons. One of these puppies has now gone to Mr. and Mrs. B. Kaplan who hope to show him in the future.

Quality, not quantity, is the word, thought, and feeling put forth into Natos' pups. At the early age of 3 weeks they are started with a dog and human relationship. Natos believes this

is a critical time for any living thing as mental, visual, and all other senses begin to develop. They aim to guide this development to their present results.

## From Our Readers

Dear Sandi,  
I am interested in animals also. I've got a few myself. A Samoyed dog which will be a year Nov. 20. Also, I have 2 parakeets which my friend and I are going to try to get them to have a few of their own for a science project.

I've got a hamster and plenty of fish, so as you can see I do love animals. I'm glad you have this article in the "Bugle".

I want to know something. At the age of my dog, are they supposed to shed so rapidly? She is down to nothing! Also, she has chewed up my brother's baseball mitt, hockey supplies and numerous other items. I can't seem to break her of the habit. My father said that if she costs any more money for paying for things she's ruined, we'll have to get rid of her and I really love her. She hasn't really ruined anything big or expensive like a couch or chair but she has ruined toys and that's all. Well, now that I've talked or written myself out of air, I guess you know my problem.

Thank you,  
Kathy Gielow  
5847 Keeney St.  
Morton Grove, Ill.

Dear Kathy,  
Most long haired dogs have a tendency to shed throughout the year, more so in the spring than at any other time; the reason being the dog is losing its winter coat. Some times a good brisk brushing 2 or 3 times a week will help loosen the dead hair so they can be combed out.

Vitamins also help give a dog's coat a gleam and shine. It is also good for the dog's general well being. I give all my dogs vitamins, even the adult ones. Bacon grease or cooking oil several times a week can help a dog's coat giving it a luster. Once in a while a dog will have an infection or a fungus or disease that will effect the coat. If the above mentioned doesn't help, I suggest taking the dog to your vet for a complete check-up.

As for the chewing problem, is the dog left by herself for long periods of time? She may be chewing to show her resentment to being left alone at home. I find that a big soup bone cooked helps the problem somewhat. Also toys made out of sturdy material with all bells and squeakers removed sometime help. A dog, like a child, needs toys of its own.

Your toys that are left laying around are always tempting to a dog that chews. Make sure that everything is in its rightful place. This will eliminate the problem greatly. If you should catch her chewing, grab her by the scruff of the neck and say "No" in a stern sharp voice, showing the chewed object right up under her nose. I don't believe in hitting a dog. The tone of voice says much more. The idea is to catch her when she is doing the damage. Once its done she has forgotten the whole thing. Scolding her later doesn't do a bit of good. Remember patience, love and understanding are your rules to follow in trying to train your dog.

Respectfully,  
Sandi Horwitz

### Las Vegas Vacationers

The Morton Grove American Legion Post #134 recently held a long weekend trip to Las Vegas and a portion of the group is shown on board the United special charter plane that carried them to their vacation destination.

The trip was held as a fund raising event with the proceeds to be donated to the Legion's Auxiliary Unit for their rehabilitation program, specifically the Hines hospital wheel chair bowling league. Coincidentally, the post rehab chairman is the husband of the Auxiliary's same chairmanship. Mr. and Mrs. Ed Lange are pictured at the Castaways entrance in the Nevada town where they enjoyed the holiday trip also. Jo Lange has spent many years performing hospital work for the VA hospital patients and participated in the Legion trip not only to have an enjoyable short vacation but also because she personally especially knew the benefits which would be the end result.

### Legion Auxiliary Cancer Program

"Cancer Aid and Research" is one of the more important programs sponsored by the Ladies Auxiliary to the Veterans of Foreign Wars. Its purpose is three fold — financial aid to hospitals for research in helping to find a cause and cure for cancer, low premium cancer insurance, and grants to members who have been stricken with cancer.

To take advantage of this program, a member must remain in good standing in her auxiliary by paying her annual dues promptly before Dec. 31. The low premium cancer insurance is not available to individual members. The insurance covers 11 dread

diseases: Cancer (including Leukemia), Diphtheria, Tularemia, Folliculitis, Scarlet Fever, Smallpox, Spinal Meningitis, Encephalitis, Rabies, Tetanus and Typhoid. The national organization sets a goal of \$1 per member per year for the Cancer Aid and Research Fund. This fund is used to provide members who are afflicted with cancer financial aid in the form of a cancer grant. Grants range from \$100 to \$300 depending on each individual case. For further information, contact Niles Memorial Auxiliary 7712 membership chairman, Dorothy Fox, at 763-2381 or president, Mary Symer, at 967-6289.

# Illinois College Board Approves Oakton Site

The Illinois Junior College Board has approved the proposed Dempster st. site in Niles as the location of the permanent future campus of the Oakton Community college.

Illinois law provides that the state will pay 75% of the cost of acquiring the 105-acre site on which a 9-hole golf course formerly operated but that currently is vacant and unused.

Located approximately 8800 north and 84 west, the approved site is generally bounded by Dempster on the north, Cumberland on the west, an elementary and a junior high school on the south and a cemetery on the east.

Approval was voted by the Illinois Junior College Board after Dr. William A. Koehnline appeared before the board Friday, Nov. 12, and reported how an intensive two-year search for a permanent campus site revealed that the Dempster st. location was clearly the best possible choice and easily met every requirement for financial aid from the state.

"We're delighted that the state board agreed that this site is practically ideal from all points of view," said Dr. Koehnline, who is Oakton Community college president.

"It's located in almost the

geographical center of the district, is equally convenient to both Niles and Maine townships, and is easily accessible by 3 major thoroughfares.

"While 105 acres will give us a smaller campus than nearby junior colleges which have an average campus acreage of 185, we feel — and the state board agreed — we have enough space to meet our future needs and responsibilities adequately," the Oakton Community college president said.

Milton Falkoff, chairman of the Oakton Community college board of trustees, said the trustees were scheduled to consider taking steps

to acquire the Dempster st. site at the board's regular meeting on Tuesday, Nov. 16.

Falkoff also praised Griffith MacDonald and Paul Gilson, the two Oakton Community college trustees who directed the intensive 2-year search for the campus site with the assistance of a highly qualified team of experts in educational planning, site selection, site development, land acquisition, appraisal and school design.

The site-selection task force immediately ran into two major problems.

The first, in the opinion of the two trustees, was the relatively high cost of land in this highly urbanized area in comparison to less developed or rural parts of the state.

By 1979, this district is expected to have 7,000 or more residents demanding a junior college education, which state law requires the district must provide one way or another.

Under state guidelines, a campus of 200 acres is listed as being reasonable for a student body of this size and being eligible for 75 per cent financing by the state.

Considering prevailing local land prices, however, Trustees MacDonald and Gilson felt that 200 acres here would cost too much and also might not really be necessary.

After further study and consultations with experts, the trustees concluded that 120 acres could adequately meet all future needs, at a substantially lower total acquisition cost.

The second problem resulted from the high state of land development in Niles and Maine townships, which comprise Junior College District 535.

Because of this, there are very few large tracts of undeveloped land, most of them sized 20 to 40 acres.

This led members of the site selection team to study other possibilities in addition to building a single campus on a single site.

The other possibilities studied were constructing two or more campus centers, building a central nucleus campus with a number of satellites or structuring a "linear" college system along one east-west street.

The committee eventually concluded that quality education could be provided most efficiently and economically here by constructing the permanent campus on a single site.

"We felt that the Dempster st. site was clearly the best from the beginning, but we couldn't be sure till we checked every other possibility," said Trustees Gilson and MacDonald.

"Now that we've checked, and checked thoroughly, we're doubly sure."

## Hartzel Retiring from Dist. 207 Board

Wesley Hartzell, Niles, a member of the Board of Education of Maine Township High School District 207 for the past six years, has tendered his resignation from the board, effective Dec. 1. In a letter of resignation, read at the regular monthly meeting of the board Monday evening, Nov. 15, Hartzell stated that he is moving from the township and thus will be unable to serve out the remaining four months of his term.

Hartzell has served the Maine Township High School board in many capacities during his tenure. He was president from April, 1968 to April, 1969, and has served on the professional relations committee, finance committee, and education committee.

A newspaperman himself, he has given effective service as chairman of the board's public relations committee for the past several years.

In accepting Hartzell's resignation with regret, William P. Wuehrmann, president of the board, commented, "We will sorely miss the fine leadership and assistance Mr. Hartzell has provided. He has been sincerely interested in board work and has provided a positive influence on our educational program. We shall miss him very much. But we are grateful indeed for his valuable and dedicated service to the board and for his very real understanding for the concerns and needs of the youth of our community. He will be a hard man to replace."

Hartzell is assistant managing editor of Chicago Today newspaper. He began his journalism career in 1935 as a copy boy on the Chicago Herald and Examiner, later becoming junior editor and copy reader. In 1938 he joined the staff of the Evening Ameri-

can (now Chicago Today), becoming city editor of the paper in 1954 and special projects editor in 1959. He was named assistant managing editor of Chicago Today in 1969.

This past year Hartzell was named to the board of trustees of the Institute for Education Research, an agency formed by about 40 school districts in Cook County to research curricula and problems of local school districts.

For ten years he has been a member of the Northwest Symphony Orchestra in the French horn section.

Hartzell and his wife, Lorraine, have lived in Niles for 21 years. They have two grown children, both of whom received their high school education in the Maine high school system. Hartzell is a member of the South Park church in Park Ridge and is on the board of the Chicago Gospel Mission. He is a member of the Editorial Association of Chicago, the Illinois Athletic club and the Chicago Press club.

## East Maine Township General Caucus

Delegates attending the first meeting of the East Maine Township General Caucus at Apollo Junior High on Oct. 26, expressed their interest in the election of candidates to the Oakton Community college Board by approving the appointment of a Caucus Liaison Committee; with the committee specifically directed to contact other caucuses in the area served by the college, as to the desirability of forming a "joint organization" that will seek out and nominate qualified candidates for election to the Oakton Community college Board.

Appointed to the committee were Duane Uesemann, chairman, and members Michael Carreon and Lorraine Makela. The delegates also approved a proposed amendment, that could be voted on at their next meeting on Dec. 2, which would include the college in the deliberations of the caucus, if the Liaison Committee were to receive a favorable reaction from the other area caucuses.

Other action taken by the delegates included the accrediting of 23 organizations, and the seating of 44 delegates; the approval of a caucus publicity chairman; the approval of an open candidates meeting in March, at which time the caucus would present all of the caucus endorsed candidates to the District 63 and 207 boards to the public; and the appointment of a Candidate Search Committee, Members of the Search Committee are: Robert Phillips, 9535 Western, Des Plaines; Hal Schwartz, 2510 Golf rd., Glenview; Mrs. Albert Dalrymple, 8740 Emerson, Des Plaines; and Mrs. Roy Makela, 8051 Octavia, Niles.

The public is encouraged to participate in the very important deliberations of the caucus by calling the Candidate Search Committee with recommendations of persons who are interested and qualified to serve on the Elementary District 63 Board of Education. Two vacancies occur this year with the expiration of the terms of Irene Luck and Jerry Abern. No nominees will be sought from the East Maine area to fill the vacancies on the High School District 207 Board because of the "gentlemen's agreement" with the Des Plaines and Park Ridge Caucuses, in

which geographical representation is honored; each area having two members on the board at all times, and a third member on a rotating basis. Nominees to fill these two vacancies this year will come from the Park Ridge and Des Plaines areas. (Phone 824-6962 or 967-6551)

Officers of the East Maine Caucus for the 1971-72 term are: (Chairman) Daniel Davitz, 8117 Church, Niles; (Vice-Chairman) George Norek, 8534 Roseview dr., Niles; (Secretary) Mrs. William McNeil, 8150 Davis, Niles; and Mrs. Michael Riley, 9101 Western, Des Plaines, serving as chairman of the Credentials Committee.

The next meeting of the East Maine Township General Caucus will be held on Dec. 2 at the Apollo Junior High, 10100 Dear rd., Des Plaines. The public is welcome to attend.

The East Maine Caucus serves the communities (or portions thereof) of Niles, Morton Grove, Park Ridge, Glenview and the unincorporated area of Des Plaines.

## Oakton Student Government Elections

In Student Government elections at Oakton Community college held during the period of Nov. 10-17, Dan Abrams of Skokie, a graduate of Niles East High school, was elected Student Coordinator. Seven other students were elected to membership on the Board of Student Affairs. Students elected were: Daniel Sullivan, Bill Lutz, Marge Mahoney, and Wes Robb of Park Ridge; Kevin Roach of Morton Grove; Tom Traves of Niles; and Sue Listman of Des Plaines. The Board of Student Affairs concerns itself with all legislation that comes through Student Government. Dan Abrams, as Student Government Coordinator, will serve as a non-voting member and chairman of the Board of Student Affairs.

These elections will make it possible for the Student Government Constitution, approved by the student body in October, to become operational. In addition to the Student Coordinator and the Board of Student Affairs, the Student Government Constitution provides for a Student Judicial Board of three persons. It will be one of Dan Abrams' first duties to appoint the three members to the Judicial Board, and those appointed will be charged with the duty of reviewing decisions regarding student council.

## Caucus Seeks Candidates

The Niles Township Community High School District 219 Caucus, composed of members from 38 different community organizations, announces that three vacancies for members of the Board of Education must be filled at the school board election to be held April 8, 1972.

The District 219 Caucus is seeking qualified candidates and urged all residents who believe themselves to be qualified to serve on the High School Board of Education to obtain a nominating form from any member of the Caucus, or from Mrs. Oliver McCracken, 674-8379.

The names of candidates must be submitted to the Caucus no later than Dec. 20, 1971.

## Letter to the Editor

### Lauds Plastic Garbage Bags

Dear Mr. Besser: I'd like to take this opportunity to applaud the Village of Niles for their new plastic trash bag system. We, I have been advised, are part of a test group to determine whether all Niles residents will use plastic bags instead of the unsightly garbage can. In the interests of pollution, cleaner streets, and of course, convenience, I hope other residents will join me in expressing their approval so that the system can be expanded as soon as possible.

## Debate Results

The Maine East debaters opened the season with a victory at the Maine North Nov. 6 tournament on the novice level. They won all six rounds without a single defeat.

Representing Maine East were Davidia Charney of Morton Grove, Mindy Pine of Des Plaines, Keith Gershon of Morton Grove, and Paul Karr of Park Ridge. In addition to winning the first place team trophy for the school, Mindy was named top speaker in the tournament and Davidia placed second. Both received outstanding debater certificates for their efforts.

This marked the first time that a novice team from Maine East won the opening tournament of the year.

At the Nov. 6 Hersey tournament the varsity team from Maine East took third place. The foursome included Lynne Hofmeister of Park Ridge, Neil Blumenfeld of Morton Grove, Bob Feldhake of Des Plaines, and Harvey Morris of Morton Grove. The team of Bob and Neil won all three of their rounds, with Neil getting a perfect score in one of the rounds. Bob was named the top speaker on the varsity level, collecting 80 out of a possible 90 points.

To more fully acquaint the community with the facilities and methods of Notre Dame High school, faculty members and students will be on hand at the Open House to greet visitors and answer all questions about the school and its program to provide a complete, personal, and Christian education for all students.

Visitors to the Dec. 5 Open House will enjoy live demonstrations, displays, and exhibits now being prepared for them by students and faculty alike. The various academic departments of the school will explain their programs, and representatives of Notre Dame's extensive extra-curricular activities program

will show the various learning opportunities prospective Notre Dame students can have outside the classroom. A special issue of "Focus," the student newspaper, is being prepared for distribution at the Open House, and the Notre Dame Mother's club will serve refreshments to open house visitors.

Visitors will notice the external aspects of "Spirit of '76" first of all. The newly completed gym floor, the carpeting, the newly-constructed guidance center complex, and all of the renovations are extremely important, but they are only a part of the total "Spirit of '76" program, which includes new scheduling, new courses, and a complete re-evaluation of the curriculum. All of these exciting new advances will be covered at the Open House on Dec. 5.

## Sounding Board

The 1971-'72 Sounding Board at Maine East has been selected. Sounding Board, in its fourth year, is a committee made up of student, faculty, and administration members designed to handle various complaints on matters pertaining to the school. It meets when needed to discuss ideas and suggest possible solutions to problems that have arisen.

Those selected from the student body include Mady Ziebka and Dave Brown from Morton Grove, Patti and Dan Grippo from Park Ridge, Larky Zonka from Des Plaines, and Bill Wilson from Glenview. Sounding Board is headed by Randi Dorn of Des Plaines and Jim Fujimoto of Niles.

Faculty members participating in Sounding Board are David Renz, Gerald Concidine, Barbara Bovenmeyer, and Lynn Dieter. Lester Rozdalovsky, assistant principal, and Alex Begrowicz, Dean of Students, will also serve on the committee.

### 299 Game Bowled at Golf Mill Lanes

Harry Chapman, a 165 average bowler, bowled a 299 game last Thursday at the Golf Mill Lanes, Chapman, who bowls in Our Lady of Ransom League, rolled eleven strikes in a row. There was complete silence when Chapman threw the last ball. It looked like a perfect throw right into the pocket but when it was all over the 10 pin was still standing. Mr. Aronson, the proprietor, said Chapman will receive an award from the ABC and from the Golf Mill Lanes.

## Notre Dame Fencers

The first Under-19 Junior Olympic tournament of the season was held at Gordon Tech on Saturday, Nov. 13. This meet was age group foil and all age sabre. In the Sabre, Paul Quintiff (ND-'71) took 1st place, and senior Sam DeFiglio took 3rd.

In the Under 14 category, N.D. did not have entries, in fact all were from one school. In the 14-15 category, Tim Glass took 2nd, Pat Gerard 5th, Dave Gonzales 6th, and John Strass 8th. This level had a field of 23 fencers. In the 16-19 category out of a field of 35 fencers, Paul Quintiff took 1st (his second of the day) and Gary Berlak, a senior took 4th. Captain Tom Alcock twisted his ankle and could not continue in the quarter finals.

Overall, out of the 9 possible trophies N.D. fencers could get, they swept 4. This is not bad for the first effort of the season.

The next AFLA U-19 tournament will be at Notre Dame High school on Dec. 11. U-14 at 9 a.m., 14-15 at 10 a.m., 16-18 at 11 a.m. (foil), Sabre at 12 p.m. and Epee at 9 a.m.

The girls tournament will be held on the same day at Arlington Hts. High school. U-14 at 9 a.m., 14-15 at 9:30, and 16-18 at 10 a.m.

## Enjoy a Hockey Game!!

Junior Hockey which has long been the drafting ground for all professional hockey made its debut at the Ballard Complex on Sunday, Oct. 31. Six teams featuring some of the area's best hockey players will compete every Sunday until March 12 at the Ballard Complex. Games start at 5:10 p.m., 6:55 p.m. and 8:40 p.m. and admission is free.

The teams featured are our own Niles Club, Notre Dame High school, Morton Grove, Vernon Hills, the Chicago Royals and the Gulls.

Why not come out and see one of these fine games at the Ballard Complex?

... and let us also give thanks for the human dignity which we enjoy as free individuals ... for the preservation of the peace ... for the prosperity of our great Nation ... for the thrifty and self-reliant citizens ... for our homes and the family happiness they bring ... for the challenge of the unlimited opportunities which lie ahead. ## YOUR PARK DISTRICT Niles Amateur Hockey

Niles Hockey League season has started with games in all four divisions on Sunday, Nov. 7. We hope to see all of the parents of players and hockey fans out to see this fine youth hockey program at the Ballard Complex. Games are scheduled at the Ballard Complex on Saturdays and Sundays from 8 a.m. to 1 p.m. and Monday thru Friday at 6 p.m.

### Squirt Division

All-Lighting Inc.'s squirt team although down by two goals late in the third period, did some real digging to gain a 2 to 2 tie with Artistic Trophies. A goal by Maz-zuto of Artistic Trophies was the only scoring until the third period when a goal by David Kolbaska made it 2 to 0. Quick goals by Bruce Abrams and Danny Schwartz in the closing minutes led to the tie.

In the season's second game, the Edison Lumber Co. squirts with an expert defensive effort defeated Artistic Trophies, R. Resnick, F. Angulo and J. Silwa led the defense in the season's first shut-out. Leading the scoring were F. Angulo with a hat trick and single goals contributed by L. Gartner and J. Silwa.

### Pee Wee

Callero & Catino Realtors out shouted and out scored Morgan Container's Bydies Bombers, 3 to 1, to open the pee wee hockey season. Goals by Brett Bacchi, Bob Brenner and Mike Pinski were scored despite good goal tending by Scott Sandler. Greg Godzik tallied the lone goal for Bydies Bombers.

Both the Bantam and Midget divisions got off to a roaring start at the Ballard Ice Complex the first week of November. This will set the stage for what should prove to be an exciting season for players and parents alike.

### Bantam Division

The Bantam "Golf Mill Chrysler-Plymouth" team coached by Herb Ruesch already has a record of 3-0 for 6 points. "Soffit King" team B" coached by Dan Klenske has 1 win and 1 loss for 2 points. "The Lone Tree Restaurant" team "D" headed by Ron Stuer has 1 win and 2 losses for 2 points. Team "C" "Down the Street" led by Larry Blahnik has no wins and 2 losses.

### Midget Division

In the Midget division Larry Janus, "Ragnar-Benson" team "D" has 2 wins against no losses for 4 points. The "Fornagerio Bros." team "B" has 1 win and 1 tie for 3 points. Team "B" is managed by Bill Laird, "Martin and Marbury" team "C" coached by Bill Dickerson has no wins, 1 loss and 1 tie for 1 point. Temporarily in last place is "Miller Builders" team "A" with no wins and 2 losses. Miller Builders is coached by Len Abrams.

## Halloween Paraders

The Niles Park District Halloween Party and Parade was attended by 800 costumed youngsters.

### Judo

Judo instruction for winter will be continuous with the present program. The new session will offer a beginners class from 6:30 - 8:30 on Thursdays beginning Dec. 2, and running for 10 weeks. Registration is now open for these classes at the Park Office. Class sizes will be limited so sign up now. Location - North Shore Trace gym. Fee - \$10. Duration - 10 weeks starting Dec. 2. For boys and girls 9 years and over.

### Other Happenings

The Park building at 9229 Emerson just underwent a new paint job, from gray to cream and rancho brown, symbolizing the big plans for winter that the Park District plans. Over the Thanksgiving holiday and Christmas vacation a series of special programs and trips will be sponsored. Look to this spot for further information.

### Slim & Trim

Ladies Modern Slim & Trim is a program of exercises which is more than exercise is being continued this winter. This is the perfect program for ladies who want to get slim and stay healthy and have a good time doing it. Fee - \$10. For adult ladies, 18 and over. Duration - 10 weeks starting Dec. 14.

### Ballet

Ballet for girls begins again on Dec. 12. From 12 - 1 on Saturdays will be for 2nd - 4th graders, while 1 - 2 is for kindergarten - 1st grades. Personal attention is given to each student, with a recital being held at the end of the program. Fee - \$8. For girls, kindergarten - 4th. Duration - 10 weeks starting Dec. 12.

### Skiing

There is a limited time left to sign up for skiing at Fox Trails, Gary, Ill. There will be 5 lessons with 2 hours of free ski time following each lesson. Lessons are on Saturday, at 3 p.m. The cost is \$42.50 for those who need to rent equipment and \$35 for those with their own. This program is probably the greatest skiing bargain in the area, but will have to be cancelled unless the registration level is increased. Please call 297-3000 for further information.

### Halloween

The Golf Maine Park District's Halloween party on Oct. 30 was a tremendous success. Over 150 ghouls, goblins, witches, and various evil and angelic figures watched a movie about Mr. Magoo, and Ted Siegel, an expert magician, delighted with his tricks and displays of supernatural. Refreshments, games, and costume judging concluded the festivities and no doubt all present went home with thoughts of candy, and the Great Pumpkin merging in a tired image of make believe.

## Golf Maine Park Commissioner Informs Residents

On April 6, 1971, I was elected to the post of Park Commissioner of the Golf-Maine Park District. I had run for this office after a long period of concern and effort to help our area voice its wishes and direct the policies of the park district along these lines. I was aware of area needs and park district problems and felt that I could be of more service to the community if I worked from within the district to promote more efficient and well directed original policy. In my campaign for this office, I stressed the need for a more efficient use of public funds, so that the most public good could be derived from each dollar. Also I criticized the district for its non-existent public information policy, the almost callous handling of citizens criticizing policy or specific actions, and the general lack of proper planning and investigation prior to the actual decisions of the board. The Board of Directors, in our park district, is comprised of the normally five (presently we have one vacancy) commissioners who serve without pay; our director of Parks and Recreation, and treasurer, both of who are salaried. Since there have been recent changes in our board structure, I would like to give a little background information about our board members:

**Marty Katzenberger:** New board President, family man with a lovely, understanding wife and two great kids, I used the word "understanding." In describing Beverly Katzenberger because Marty is normally out of town on business part of the week, and a good portion of his free time is spent at the park office. The office of president is a very demanding one, which Marty meets with his usual high spirit and broad smile.

**Bernard Fullett:** Vice President, also a family man, who is quite personally involved with our Dee and Emerson Park. As the man in charge of park development, much of that park was planned, purchased, installed or in some cases, repaired by Bernie. He is active in both the adult and children's summer programs.

**Marlene Wiengarten:** A fellow commissioner is the only remaining original member. A busy woman, who finds time to take care of her home, husband, two children, a job in the area, a dog called Sister, and still makes most of the park board's twice monthly meetings.

**Larry Taitler:** Treasurer, the Park District's first president and now that he lives outside of our Park District boundaries, is employed as Treasurer, and up to last month, Business Manager. Larry has been given the responsibility for complete money management. He receives all funds, writes all checks, keeps all our financial records, and even arranges our annual audit by an outside firm. Larry takes great personal interest in our park district and its affairs, and things of this district as one of his most important accomplishments.

**Tim Royster:** Our new Director of Parks and Recreation, is truly the only professional on the board. We are looking to Tim for the kind of day in and day out direction this Park District needs. In only the short time he has been with us we have seen his ability, understanding, and concern demonstrated again and again.

**Jerry Feldman:** Commissioner. I have been put in charge of future H.U.D. grant, have three children, a wonderful and helpful wife. I am the newest member of the board.

I consider myself a representative of, and responsible to, the taxpayer. Accordingly, I intend to inform the public as often as

possible as to current area and Park District problems. In this manner the public will be better informed and I hope encouraged to participate in the actual formulation of programs, openly discuss needs, and help make this a better place to call home.

To start let's get the whispers out in the open. During and after my campaign for election, in conversations with area residents I found those sly little winks, the knowing look, or the out and out accusation of misdirected funds or kickbacks into the pockets of someone, in the Park District. The reasoning used was in every case, "After all its only logical that those people must be getting something out of this." I have not found any evidence of misdirected funds but I will help anyone find and prosecute anyone engaged in illegal activities connected with the Park District. As to why each participant no one knows. A personal need for public recognition, self-esteem, or just wanting to do something constructive, whatever the reason, the end product of our actions is what is important to the area and the Park District. Since my election, I have fought for the strict adherence to good operating procedures so that these final products of our planning can be the best possible for our community.

It would be wonderful if the critics of our community and Park District would suddenly learn not only the value of proper criticism but the value positive-constructive suggestion. Recently, a flyer was distributed by an area homeowners group in opposition to the recent bond referendum. This flyer asked questions filled with the food the gossip columns use, "I'm sure you know the type." "And where was Jim Jones sleeping lately?"

Never an answer - never a positive - constructive suggestion, only at best a keep the status quo kind of answer to our problems. Is this the kind of responsible criticism a leader of what I thought was a responsible homeowners' group should make? When asked why they fought against the referendum should he say more than because of past arguments with the board? I'll do better than he did and answer my own questions. Proper criticism should be accompanied with constructive suggestions dealing with the problem at hand. Shouldn't be based on some unnamed vague impropriety of the past. It should be openly discussed and presented not only on an unsigned flyer the day before a referendum, but with the criticized themselves so that mutual understanding can lead to mutually arrived at solutions.

It is so easy to condemn a high rise, a long haired teen, or even imply dishonesty with a knowing wink. What isn't easy is to be truly informed and constructively participate. I invite -- no, challenge those head in the sanders, the status quo seekers, and of course you sly winkers to suggest and help implement solutions to any one Park District and community problem. I'm here to listen and help. I may be reached through the Park District office, 297-3000.

## From the LEFT HAND

There were only 5 trustees present at the meeting and when the vote was taken the 3 to 2 vote favored the creation of the Commission. But village attorney Nordberg said the vote necessitated the village president vote and his "NO" vote tied the result at 3 to 3, which defeated the motion.

In all the years we've heard votes at village meetings the village president only voted to break the votes. All other times only the trustees voted. But because of the absence of the 1 trustee Nordberg ruled it necessitated the Bode vote. In checking with other village attorneys we were told Nordberg is correct. When there are an even number of elected trustees then the Mayor's vote is called for if there is not a majority vote of THE ELECTED TRUSTEES. If there are an odd number of elected trustees then the Mayor's vote is not required.

We assumed whenever there is a quorum present the majority vote satisfies the rules of voting. But the Nordberg decision was indeed surprising, after viewing so many 3 to 2 trustee decisions in the past.

Back to the Niles park board meeting again, a donkeybrook was brought to light last week. Nilesite George Ledy, a physical education teacher in Chicago, objected to Notre Dame High school using the Grennan Heights gym during open public gym periods. He said he went to the gym recently and it was locked during the open period, but Notre Dame H.S. was practicing behind locked doors. It was Ledy's contention this should be corrected, citing as many as 9 girls who were not allowed in during the practice session.

Brother Williams, a new assistant principal at the school, told the Board the school was paying \$7.50 an hour for the rental, and he was highly offended by Ledy's criticism, so much so that he left the meeting immediately after threatening the park

board. He reminded the Board the high school gives the park district the use of its land for park district fields for \$1 a year. He felt highly offended anyone should object to the school's using the gym, especially since they were paying for it, while allowing the park district to use its fields free. In a pique of anger the 6 month principal here told the Board Notre Dame would review its policy of letting the park board use its land. Acting park president Jack Leske told the principal the park district maintains the many acres at no cost in exchange for the use of the land.

From our vantage point Williams shows an arrogance which was unbelievable. To usurp the rights of the public who paid for the gym, so his private team could practice there during prime hours, was not only illegal but certainly created unneeded bad feelings. The guy comes into the district for 6 months, and could well destroy all the co-operative effort that has been created thru the many years. And threatening to take away the use of the baseball fields from the park district was downright distasteful and showed a bit of muscle unbecoming to a school leader. While he told about the free use of the land for the park district, I wonder if he would care to equate it with the amount of free services the school receives from the community. Free maintenance of its land isn't a bad deal for the school. And adding the free public services of the village, plus the non-taxing of the land the school is on makes Williams argument a hollow one.

Ending this column on a sweet Buglenote, a Notre Dame High School student was suspended from the library for the rest of the year. It was announced over the inter-com system he was being suspended because of his misuse of the xerox machine. He attempted to xerox his head on the machine, and the library people there objected to it. Those on the scene said he managed to get a picture of part of his nose.

### LWV ASKS . . . Continued from MG P.1

imum efficiency in local government.

Allegations have been made by a member of the Board of Trustees that present practices are inefficient, permit and encourage nepotism and that the Trustees do not even know what the specific hiring and evaluation policies are now.

The League believes that this situation must be investigated so that the allegations made can either be confirmed or refuted.

Therefore, to do this the League takes the position that the Village Board should direct all department heads to publicly report to them their personnel hiring and management practices by next Tuesday evening. To be effective these reports should include the following:

1. the number of village employees in each department,
2. the recruiting procedures and selection standards,
3. the job descriptions and their actual responsibilities and functions,
4. the rating method for performance of these responsibilities.

5. the wage and salary procedures and standards.

6. the employee evaluation procedures.

The Fire and the Police department personnel policies are controlled generally by State Statute. However, local procedures within the broad statutory regulations should also become a matter of public record in the same manner as indicated previously for other village employees. By this method the Village practices can be evaluated by the voters and the Trustees.

It is our opinion that public confidence has been shaken by these allegations and that the current Trustees must take these steps to determine the actual situation. If such action is not taken many citizens of the Village will assume that the current practices are not proper and will accept the allegations involving inefficiency and nepotism as true.

The League itself takes no position on the truth or falsity of the allegations but does emphatically take the position that the detailed and thorough investigation of these allegations must be made promptly and publicly. We thank you for listening to our position statement.

Cont'd from Niles-E.Maine P.1  
 to corner" on the east side of Ottawa 100 feet south of Main Street.

.....Amended the Senior Citizens Commission ordinance whereby the chairman is to be appointed by the village president and board rather than be elected by the commission.

.....Placed full service restaurants in E2 full service zoning classification rather than special use classification, as are drive-in restaurants. Special use zoning requires returning to the Board whenever a few business is started at a location. It is believed this might be illegal in the case of full-service restaurants.

In other actions three representatives of the Chicago & Northwestern Railroad addressed the board in the hope of obtaining their support for the passage of Illinois House Bill 2136 regarding mass transportation in the suburbs. Rick Kreeel said that as things stand now, Chicago is well organized and stands to get all of the \$87 million dollars now appropriated for mass transit in Illinois for the next 4 years. Those living in suburbs will get nothing if they are not organized.

eventually be cul de saced at Touhy Avenue and an exit off Newark will be south of the Capri Motel onto Milwaukee Avenue.

### Chamber Meets

Continued from MG P.1.  
 residents to "Buy in Morton Grove".  
 The reactivated group is growing steadily in its membership, and is now engaged in an intensive campaign for additional members. Reports show that there has been an increase of more than 30% since the last board meeting on Oct. 19. A general invitation to the businessmen of the community to join this rapidly growing organization was mailed this week to non-members.

### Bugle Seeks Newsboys

The Bugle is seeking newsboys for Thursday delivery in the Morton Grove area. All boys will deliver close to their homes. Call The Bugle at 966-3900 or stop in at 9042 N. Courtland, Niles.

### Super City.

the building was meaningless since the Board has to conform to its zoning code and the builder to the building and zoning codes. But the insistence on gaining their points resulted in the owners having to increase the amount of improvements there.

In addition to re-aligning the sewer and water mains they also will have to construct emergency lights at Sav Mor Drugs and the National Tea store, patch the asphalt behind the stores, improve the turn bay on Harlem leading into the center, include a sprinkling system for the stores and construct the fire lanes in front of the stores.

The expansion will be to the west and east of the present building, as well as the free standing building to built 30 feet off of the corner of the parking lot.

In other actions the Board delayed splitting a lot at 9069 Maryland until after the trustees studied the property with an on-the-spot inspection.
