### Tax Increase Loses by 2-1 Margin

# VOTERS TURN DOWN MAINE HIGH REFERENDUM

A 2-1 defeat of Saturday's educational tax increase in Maine Township will likely result in cut-backs up to 10%. Nilesite, Roy Makele, a member of the School Board, told The Bugle he would recommend to the superintendent he take whatever actions are necessary to live within the 1972-73 budget. Several board members agreed last month such action would be necessary if the proposed 27¢ per \$100 assessed valuation tax increase was defeated.

Because of the lateness of the date, an attempt to pass the increase at a second referendum would be too late for the upcoming budget. Thus, the expected cuts are inevitable, especially since the Board's debt is hovering around the \$3,000,000 mark, and increased costs are placing the school district in a spiraling bind.

Saturday's vote had 12,644 residents casting ballots, a turnout only topped once several years ago, when more voters turned out to support the \$15,000,000 bond issues for the building of Maine North and increased facilities at present schools.

The vote totals showed 8,476 voters opposed the tax increase while 4,130 voters approved it, a 67% to 33% opposition.

## From the LEFT HAND

By David Bassett  
 Editor & Publisher

We were at dinner Sunday night with those sun-drenched Hawaii officials who spent the previous week in Hawaii at the expense of the taxpayers. Those sunbathers told us they must have attended a lot of night business meetings or else they conducted several business meetings amidst the sun and surf. It was possible they had several daytime meetings. One seminar might have centered around the subject of water pressure. Studying those high waves, which brush against the shore, certainly would help a guy understand water pressure problems back home in the water department. And viewing the warm rays of the sun might give some of the officials an idea for a new energy source for the village. Perhaps after sampling some of that great pineapple juice a healthier community could be served if they could figure out a way to pipe it into all of the residents' homes.

While "the boys" were representing the community some miles away many of their own taxpayers were going to the schools and telling Board members they had enough spending, vetoing two educational referendums.

The rejection of referendums at the schools seemed to be saying we've got to begin tightening our belts, and doing away with extras which many of the voters must consider unnecessary. The contrast of voters turning down their schools requests for money, and Niles trustees blowing taxpayers money in Hawaii, makes their position indefensible. Certainly, one official could have gone there and returned with a report. But sending 8 men overseas was just plain stupid.

One official asked why we hadn't reported about previous trips and mentioned they had attended meetings in Boston, Las Vegas and San Diego in past years. Had we known about them you can be sure we would have reported them as well.

Another official mentioned a town of 3,000 had sent their full contingency of board members to Hawaii, as if to justify the Niles boner. The answer given to him was Niles taxpayers didn't pay for these men, but Nilesites did foot the bills for their fellow-officials.

As usual no other newspaper among the five here reported about the trip. One official told us the owner of one of the papers called him and asked whether

## Mikva to Run for 10th District

Congressman Abner J. Mikva (D-Ill.) announced in Chicago that he is a candidate for reelection to Congress from the 10th District.

### Demos Final Slatemaking Session

The final slatemaking session for delegates to the Democratic National Convention from Maine Township will be held Saturday, Dec. 11, at the Maine Township Regular Democratic Organization Headquarters, 8070 Milwaukee ave., Niles, 11 a.m. to 2 p.m. announced Sam Bruno, Chairman of the Slatemaking committee. "Many outstanding individuals came forth at our opening slatemaking session expressing their desire to represent this organization at the Democratic Presidential Convention in Florida next year," Bruno stated. "What their appearance proved conclusively is the fact there are people living in our community who want to become involved in politics if given the chance. I welcome all those who desire to attend our final slatemaking meeting. The decision will be difficult due to the fact we have had so many responsive and qualified individuals come forth but in the end I am sure our community will be well represented."

For further information please call Democratic Headquarters at 692-3388 any time. There are full personnel available for your convenience.

Congressman Mikva said his campaign would be based on the record of his three years in the House of Representatives and on the principle that the challenges of every community in the country.

The 10th Congressional district includes five suburban townships in northern Cook County: Evanston, Maine, New Trier, Niles and Northfield. It was created by the redistricting order of a federal court, the same order that eliminated Congressman Mikva's present district, the 2nd Congressional district.

Congressman Mikva said that after two terms in Congress and five terms in the state legislature he knows that politics is an uncertain career.

The Congressman told a news conference that he was asking the people of the 10th district to make that decision on whether or not he continues to serve in Congress.

During his three years in the House, Congressman Mikva said, he has tried to find the right answers for some of the country's most pressing problems.

In the House of Representatives, Congressman Mikva is a member of the Judiciary Committee and the District of Columbia Committee. He has taken an active lead in efforts to reform government and the electoral process, and he has fought for legislation to improve the nation's prison systems, to cut crime without destroying individual rights, and to reduce unemployment and bring tax relief to the individual.

Congressman Mikva, 45, said he and his family have a residence in Evanston and that is their home, regardless of the outcome of the election.

# LETTERS TO EDITOR

## Protest Editorial on ND's Use of Parks

Sir,  
Being alumni of Notre Dame High school, and editors of an underground newspaper produced there last year and continuing on again this year, we strongly object to your comments contained in The Left Hand in the Nov. 25 issue of The Bugle.

As we see it as long as the park district is taking the seven-and-a-half dollars-an-hour for use of the gym, the school should be able to play behind locked doors if they so please. If you believe that Brother Williams showed unbelievable arrogance in taking the stand that he did, then you show unbelievable ignorance. It was not simply the fault of Notre Dame (for we believe that they were at

some fault), but the Niles Park District must also take some of the blame for any laws broken as they were the ones who accepted the money and thereby condoned the use of the Grennan Heights fieldhouse during prime hours, along with the locked doors.

We also are not able to comprehend what difference it makes if one has resided in the village for 6 months or if he has been here forever. We never thought there was such a thing as tenure in regards to one's status as a citizen, be it in a village, state, or country. All men are equal to all those but the prejudiced, of which you have convinced us you are one, besides the fact that Brother Williams is not representing himself, but the school, which should have been here long enough to be equal to others even in your jaundiced eye.

We also would like the relationship which Notre Dame has with the village to continue, but feel that by biasing the article as you did you have personally tried to destroy this relationship.

Sincerely,  
Rand R. Fredrickson

## Disillusioned Teenager

Dear Mr. Besser,  
I am writing to you concerning the letter about the "Niles Talent Show" being unfair. I am a teenager of Niles and always have been taught to do my best and to be honest. I entered the "Niles Talent Show" thinking it would be fair. In the future I will know better and not even bother trying. I don't mind losing if it's judged fairly. Are all contests in "All American City Niles" fixed??

P.S. Thank you for printing this letter, and I think your paper is great!

## Defends J.T.S., Niles Youth Commission and Talent Show

To: Name Withheld

It is to be expected that immature people, who cannot face a disappointment, usually, and anonymously, start yelling "Fix."

It's a shame that these people who wallow in hysterical self pity, get the opportunity and the publicity, to cast ridiculous accusations against a project that many dedicated adults and young people gave up their time and talents, not only to produce an enjoyable evening, further the efforts of the Niles Youth Commission, but to also instill the interest in these kinds, the rewards that are derived from actively participating in the performing arts.

Therefore, as long as Mr. Besser decided to give you the opportunity to make good your threats of exposing, my only recourse can be to try to explain to the Bugle's readers that there is no fact attached to your ludicrous statements. There is no use trying to explain it to you, because I doubt whether you have the intelligence to reason. Your anonymous telephone calls made during the week to various people connected with the show, along with your threats of "exposing" us; have brought us to the conclusion, that you are more to be pitied than censured.

It seems a pity that we must explain the way the show came about, but I feel a personal hurt for all the wonderful kids in the production numbers who gave up night after night to rehearse, and to the other wonderful, talented kids who competed fairly and wholeheartedly. The work and effort of these fine young people should not be sullied by one person's unreasoning.

I alone, was approached by a member of the Niles Youth Commission to direct the Talent Show. At our first discussion, they explained to me that they would like to broaden the format of the show so as to incorporate more Niles youth into the program. Their experience in show producing was admittedly small, although their dedication great. I realized the problem they were facing and in turn asked the Production staff of the Jefferson Theatrical Society to volunteer to help the Youth Commission.

Not one of them, God love 'em, turned me down. We planned a general format and met with the representative of the Youth

Commission, Mr. Mitchell and explained in detail how we felt the production should be handled. We agreed on an application form, and set a date for auditions. The entire Production Staff was asked to judge the auditions, along with Mr. and Mrs. Bast, a Niles Trustee, and Ambrose Panico from the Youth Commission. Everyone in the J.T.S. staff has had at least 10 years of experience in amateur show business, plus professional experience. We are also dance instructors, union musicians, physical education teacher, and I myself professionally direct outside of the J.T.S.

We auditioned all entrants fairly on a 1 to 10 point system, and only after the auditions did we learn ourselves who had accumulated the highest amount of points. By the way Mrs. Name Withheld . . . you mention that one of the winners was a daughter of a J.T.S. member. Did you also know that other children of the J.T.S. auditioned, but didn't even make the competition?

Each of the 12 winners were personally contacted by me, at which time I offered any help or advice myself or the production staff could render. The J.T.S. took over the responsibility of the production numbers, plus the technical aspects of the competition such as taping their accomplishments if desired, arranging for needed equipment, etc.

Two full show rehearsals were held to coordinate the show and acquaint the competition children with the program. At no time did the Jefferson Theatrical Society and the Youth Commission discuss the selection of judges. This was left entirely to the Commission.

To this date, we of the J.T.S. never met the selected judges except Mrs. Kauffman who has been a judge in preceding years and was automatically requested to sit again.

In fact, we of the J.T.S. had never met members of the Youth Commission before the show, with the exception of Mr. Mitchell who magnificently produced for us, Mr. Panico, the co-chairman and Mrs. Spaeth who attended the rehearsals in case her assistance was needed.

None of us in the J.T.S. ex-

cept Mr. Bast have any connection with the Village. All of the J.T.S. has dedicated the last 10 years of their lives to bring a little bit of happiness to our audiences on an amateur basis, all of our proceeds being donated to the Jefferson school in Niles, and the completion of its Science Walk which will be enjoyed by children from all over Niles, Park Ridge and surrounding suburbs. The J.T.S. is a "Not-For-Profit Corporation" made up of dedicated people from the Northwest suburbs, who try and bring a "little bit of sunshine" into this world.

We have never been connected with any other talent shows which you seem to be an expert on. We openly and freely gave of our time, talent and experience and received in return the opportunity of enjoying and working with young people.

Perhaps you've been "disappointed" before in talent show results. Perhaps then Name Withheld, the talented children you seem so concerned about didn't win those competitions either. Perhaps Name Withheld, the so called talented children you and you alone feel should win, just can't dig it?

By the way, I'm singing MY name, perhaps you could muster up the courage to openly face me and my wonderful co-workers of the J.T.S. and the great people that are working on the Youth Commission to make this town a better place for my kids . . . AND yours. But I doubt if you could do it, you hide like many other cowards behind anonymity . . . But you see . . . we're proud to have been a part of this wonderful endeavor.

Jefferson Theatrical Society

## Letter to the Editor

### "Responsibility to the People"

Dear Mr. Besser:

Thanks to your paper I became aware that our local officials attended a meeting of the National League of Cities, in Hawaii, for approximately one week. I would like to know what the total cost of this jaunt was to the taxpayers of Niles.

In the past years, the taxpayers of Niles paid enormous amounts of money for professional consultation regarding beautification programs, overall comprehensive planning, etc., to keep Niles in the forefront of efficient city development. There have not been any noticeable results for these expenditures.

My point is that, if our elected officials have disregarded or paid little heed to professional advice on city development, how can these "77" lay people (elected officials) justify traveling all the way to Hawaii in an attempt to help solve some of the current problems facing our village?

Is the "Responsibility" really to the people, or to themselves? I am wholly in accord with you, and appreciate the courtesy you are extending them by allowing space in your newspaper for the travelers' words of wisdom.

Yours truly,  
Anthony J. Guarnaccio  
Niles Taxpayer

## Oakton College Constitution

The student body of Oakton Community college participated in a college-wide vote to approve a new Student Government Constitution. Copies of the constitution were made available in all college buildings prior to the election for review by students and posters were prominently displayed on campus to notify students of the dates for the election. During the two days on which the election was held polling places were set up in central areas in each college building and voting was done by ballot. Final vote tally was 269 for and 69 opposed.

Students who were instrumental in the preparation of the constitution included Don Tadish of Niles.

As stated in the constitution, the Oakton Community college Student Government shall consist of a Board of Student Affairs, a Student Judicial Board and a Student Coordinator.

## Tumbling Show

A gymnastics and tumbling show was presented by Bobby Sargent of Austin, Texas, to students in Teams 4, 5, and 6 at Nelson school, East Maine School District #63, on Nov. 4.

Mr. Sargent is a former U.S. tumbling and trampolining champion and won the midwestern U.S. Free Exercise Championship. He has also appeared on the ABC Wide World of Sports and represented the U.S. at the Cup-of-Americas in Mexico City. Mr. Sargent will perform in a trampoline exhibition at the 1972 Olympics in Munich, Germany.

As part of the program several Nelson school students participated with Mr. Sargent in the gymnastics. They were: Phillip Bierman, Paula Christensen, Tim Englund, Sharyl Holtzman, and Doris Weber.

## Mail Christmas Cards Early

Robert R. Lutz, Morton Grove's Postmaster, urged everyone to mail their remaining local and nearby area Christmas greeting cards this week.

"Morton Grove's Post Office now serves close to 28,000 people, which means Christmas mailings become heavier each year, both going out and coming in for delivery by your carrier. Clearly, the postal employees have a tremendous job to do, but with the public's help we can succeed," the Postmaster said.

He asked the public to cooperate by mailing their remaining cards now and use Zip Codes. Zip Codes expedite your mail not only at Christmas but through the year. Make it a habit to use Zip Code.

"If people complete their mailings now, we can prevent any problems or delay in handling the mails," he said. To date, the public's cooperation has been tremendous and your Postal Employees certainly appreciate it.

## "Toys for Tots" Collection at McDonalds

The flag raising ceremony by the United States Marine Corps Reserve at the McDonald's on Milwaukee and Oakton has become the traditional way of kicking off the Marines "Toys for Tots" campaign in the Niles area.

Raising the flag are: Staff Sgt. Batt and Master Sgt. Reynolds of the Glenview Air Base while Lt. Col. Smith, also from Glenview, looks on. Also pictured are Dick Blonoff of WCFL radio and Donald

Conley, owner of the McDonald's restaurant. While bad weather held back the crowds early in the first day, as the weekend's weather cleared, the toys began pouring in and as of Dec. 1, the total was above 2000 toys. The McDonald's in Niles will be collecting new or serviceable toys until Dec. 20. Free hamburger cards will be given for toys brought in before the drive ends.

## Niles GOP Opposes County Tax Plan

Representatives of all Niles Township taxing bodies were urged to take a strategy Tuesday, Dec. 7 to oppose a County board plan to add a one per cent service charge to each taxing body's collection.

The meeting held Tuesday night at the Niles Township Administration Building was called by Supervisor John Nimrod, who charged the plan would add \$325,000 in costs to township taxpayers with no increase in services.

"double taxation" since moneys are to be allocated on the basis of the costs of the County treasurer, assessor board of appeals, data processing, state's attorney and county clerk -- all of which come under separate budgets.

Nimrod urged the representatives of the school districts, villages and park districts to develop alternative methods of financing tax collection. He noted that the village of Lincolnwood

Nimrod called the plan an "illegal, unconstitutional method of circumventing the new state constitution's ban on the collection of commissions."

The County proposal, made before Comr. Gerald Hubbard's Finance Committee, would impose the service charge for the preparation of tax bills, collection of taxes and distribution of revenue -- items Nimrod says already have been budgeted for.

Nimrod blasted the plan as has already gone on record opposing the County's plan and urged others to follow suit.

The proposal, brought up two weeks ago, was tabled temporarily, pending an opinion by the County state's attorney.

Nimrod urged a taxpayer's association to provide information to the public and the County board demanding that services should be performed at the level which can most efficiently do the job. "It is apparent that we in the suburbs will have to work together," he said.

# Dist. #63 School Board Meeting

The East Maine School District #63 School Board, at its regularly scheduled meeting held on Oct. 19, took the following actions:

Approved contract riders which are given to teachers who have received additional semester hours for graduate courses.

Approved the Annual Report submitted to the State to maintain recognition as a school district.

Included in the report is pertinent information regarding the problems of the district and the most recent improvements in the district. Lack of adequate revenue continues to be District #63's

most serious problem. Residents are now taxed to the maximum permitted by voter approval and curtailment was made regarding some extra school activities as well as curtailment in purchases including the addition of new material to the curriculum. Although rapid growth has slowed down, the District is still apprehensive because a large number of apartments and multiple dwellings are nearing completion. This may increase the school enrollment.

Under recent improvements, the District has implemented team-teaching and non-gradedness to reach the goal of indi-

vidualized instruction. The District has a unique and sophisticated program of in-service education for all its staff members. Constant efforts are being made to refine and improve the curriculum, and a comprehensive retrieval system in the area of reading has now been developed.

After careful review and clarification, the Board approved the student teacher between the District and the University of Illinois, Urbana Campus.

Approved the increase in the price of admission tickets for athletic events at Gemini and Apollo schools. These new prices will become effective when the wage and price freeze is lifted, subject also to any regulations established by the Federal Government.

Approved the final change order for Skokie Valley Electric Company dated June 28, 1971 and July 8, 1971, totaling \$169.89 credit for the electrical contract for construction at Apollo school.

Again, it was brought to the public's attention that the Board of Education is faced with the high cost of vandalism in our schools. Vandals have defaced and destroyed school property. Breakage of windows is always a major concern with the frequency of this occurrence and the high cost factor this involves in replacing windows. The cost for the replacement of glass alone, from Aug. 25, 1970 through July 20, 1971, was \$18,751.80.

Board President, William Curolick emphasized that by schools and community working together we can cut this needless waste of our tax dollars.

Residents living close to schools are urged to be alert to unusual behavior on the part of persons around school areas; note presence of persons beyond 9 p.m. at school sites; check on activity (it is your property); and report any such activities to police.

The Board of Education received a public compliment from

## Dedication Ceremony

On Nov. 24, 1970, at St. Francis hospital, Phyllis Bellito died. Her death was a loss, not only to her family, but to everyone who knew her. Phyllis Bellito was a rare individual, gifted in the art of giving. Those who knew her were aware of a true and real person.

We believe the memory of this exceptional person should live on, therefore, a fund was started. A beautification project for the school was planned as a fitting memorial. It was then decided that the PTA would join efforts with the Beautification Committee and the entire area would be dedicated to Phyllis Bellito's memory. Almost one year to the day, the culmination of this project was realized and it was a great

honor to dedicate this garden to the memory of Phyllis Bellito on Sunday, Dec. 5.

Phyllis (Mrs. Victor) Bellito was a long time resident of Morton Grove living on Shermer rd. She was the mother of two sons. Phyllis was active in the PTA for many years and was a very willing worker for the school. She also was very active in St. Isaac Jogues church. She always wore a smile and was continually doing for everyone.

Shown above, l. to r. are: Melzer school Principal Daniel Cunniff; Superintendent of School District 63 Frank Dagne; Ronald Bellito, son; Victor Bellito, husband; Rick Bellito, son and President of Melzer PTA, Rhoda Medansky.

## New Medical Students

133 new north suburban students have enrolled in the Colleges of Dentistry, Medicine, Nursing, Pharmacy, Graduate College, and School of Associated Medical Sciences at the University of Illinois Medical Center Campus, Chicago. Local students include:

Pamela O'Dwyer, 9062 Church st., Des Plaines; Paul Imhof, 5416 Monroe, Morton Grove; Suzanne Leimonias, 10 Smithwood dr., Morton Grove; Nancy Pilce, 7817 N. Lotus ave., Morton Grove; Jeanne Skogen, 8500 Waukegan rd., Morton Grove; Jack Zoldan, 9224 Osceola ave., Morton Grove; Joseph Bruckner, 7102 W. Kedzie st., Niles; Robert Celsel, 7339 N. School st., Niles; Dolores Lesniak, 8406 Oketo, Niles.

Thomas Bondi, representative of a local home owners association, for the Board's diligent action concerning the rezoning of property south of Gemini school, which was denied. Mr. Bondi personally thanked Board Members, Mrs. Irene Luck and Mrs. Arlene Nidetz, for attending the zoning hearing and, Jerome Robbins, Board Attorney, for his fine presentation at the hearing. The Board's objection was based on the fact that any rezoning of property adjacent to schools would result in a high density area and cause concern for the safety of children attending the schools.

Also brought to the attention of the Board by concerned parents was the shortened length of time for the lunch period, from 1 hour and 15 minutes to 1 hour. This topic will be taken under advisement and reviewed.

### Boy's Bowling

Pizza winners for Nov. 16's competition between members of Maine East's Bowling club were from the white division - captain Brian Krone and team members Howard Rogers, Orin Trademan, and Jim Ryan. They bowled 2,162, which includes a three game series plus handicap.

The first place team in the blue division is headed by captain Steve Tompkins of Niles (19 wins - 8 losses), and in the white division it's captain Bill Wichlac's team (21 wins - 6 losses). Bill is from Niles.

Other statistics for the afternoon's bowling are Barry Siegel bowled a three game series total of 545; Mike Manton bowled a three game series of 515; the best game of the day was bowled by Mike Manton with a 210; and Rick Rumack had a 4-10 fall. He earned a patch for this.

### Niles Elementary Home Ec Class

As an enrichment activity for a 3-month food preparation unit, the 7th grade home economics girls of Niles Elementary Schools are touring the Kitchens of Sara Lee. While visiting in Deerfield, the girls will see the production process of Sara Lee foods, view one of the few remaining test kitchen centers in Chicago, and sample some of the products of the company. Accompanying the students and Barbara Davison, the home economics teacher, are Mrs. William Lease, Mrs. Santo D'Amore, Mrs. Lester Bethke, and Mrs. Jon Paulis. Home economics is taught to the 6th, 7th, and 8th grade girls for one semester of each year in District 71. For this group, 13 weeks of the semester are spent in foods and about six weeks are spent in studying interior design and decoration.

### Freshman Wrestling

Freshman wrestling has been the brightest spot in the Maine East sports scene for a long time. In 8 years they have been undefeated conference champs and have lost only one meet during that span.

The reasons behind this fact is that most of our better wrestlers have come into high school with one or two years of wrestling experience. East Maine Junior High School has an excellent program, while most of the other junior highs in Illinois offer no program at all.

However, some junior highs are starting wrestling programs now. This means that Maine East will probably no longer completely dominate freshman wrestling as it has in the past.

Morris Geselter, the new freshman coach, is a former East Maine Junior High coach. So indirectly he is already one of the reasons Maine East has been doing so well.

This year's squad is definitely one of the best in a long time. There are two junior high state champions - Kurt Schmit and Karl Meyerhof. Other good wrestlers are Al Silkroft, Scott Gullberg, Claude Grant, Bob Baufman, and Andy Gross.

### Girls' Volleyball

Are you a girl who's active? One who doesn't like to just sit around? Then why not go out for intramural volleyball?

The girls' gym is open every Tuesday and Thursday from 3:45 to 5 p.m., for all interested Maine East girls. Volleyball tournaments, which started Nov. 18, will be played the entire second quarter. The girls will participate in three tournaments - round robin, ladder, and single elimination. The tournaments will end with a party at which awards will be made to the first place team.

Any girl who feels she's especially good in volleyball can also tryout for the extramural team. Here she can play for Maine East against other schools.

The extramural teams meet Mondays in the girls' gym from 3:45-5 p.m. Their first meet is a scheduled sportsday sometime in January.

Anyone interested in intramural volleyball can see either intramural sponsor Peggy Kuntz or sporthead Teri Diener of Des Plaines.

## Varsity Basketball

By Jim Fujimoto

The Maine East Demon cagers could not repeat their previous week's performance and consequently lost to the Palatine Pirates, 70-68, All-state candidate

Mark Bondeson led all scorers with 37 points in a losing cause. Maine opened the scoring on a three point play by Bondeson, Mike Faden's basket put the Demons out in front 5-1. But the Pirates battled back to tie the score. With the game knotted up at 15-all, Maine was called for a technical foul, which resulted in three free throws awarded to the opponents. Palatine sunk them all to grab a lead that they never relinquished. The tally at the end of the first quarter read 20-17, in favor of the Pirates.

Palatine went on a spree at the outset of the second session. Behind forward Jim Stauner, they outscored the Demons 11-2 to give them a commanding margin. Maine was only able to sink four baskets during the entire quarter, due mainly to errant passing and insufficient rebounding. With 1:30 to go in the half, the Pirates held their largest lead of the night, 38-23. This lead was increased, though, on a bucket and another technical foul on the Demons. The two teams went into the dressing room with Palatine holding the edge, 41-25. Up to that point, Bondeson led all scorers with 14 points.

Maine came roaring back in the third period. With Palatine committing numerous turnovers, the Demons, behind Bondeson and sophomore forward Keith Larson, closed the 16 point gap to 5. The Pirates were outscored during the session, 20-9, and the board read Palatine 50, Maine 45, at the end of the third quarter.

The two teams battled fiercely throughout the final period. The Demons got within one point of the Pirates during one stretch, but they were never able to overtake them.

## Maine Students Well Prepared for College

Many recent scholastic achievements of Maine high school students reflect the effectiveness of the high school district's excellent academic program and the benefits these students are deriving from a secondary education of superior quality. This year, Maine ranks No. 1 in the State of Illinois in the number of students named as semifinalists in the National Merit Scholarship Program. It is anticipated that most, if not all, of the 33 semifinalists will reach finalist status when the list is announced next spring.

In addition, the large number of Maine students named Illinois State Scholars-341 this year-is a far larger percent than is the norm for Illinois high schools. About 9% of the graduates of Illinois high schools receive recognition by the Illinois State Scholarship Commission as Illinois State Scholars. This year at Maine the average is 13%. Selection is based on the student's ACT Examination sub-scores and also rank in class at the end of six semesters.

Maine students also have an excellent record in Advanced Placement Testing. Of 443 District 207 students participating in the tests, 354 students received a grade acceptable for college credit. Students in the Advanced Placement Program take a three hour examination and are graded on a five-point college level scale. Those doing well in the tests receive college credit for work taken in high school or are given advanced placement upon entering college. This means that many may be excused from taking basic college courses, thereby having an opportunity to concentrate on courses in line with their ability and interests.

A survey by the district's pupil personnel services department shows that Maine is among

### Santa Will Visit SPARES

A gala affair is scheduled when Santa Claus will visit the Spares' Sunday Evening club's annual Christmas Party at 8 p.m., Saturday, Dec. 18, in the recreation hall of Mrs. Olive Terwilliger, 922 E. Old Willow rd., Wheeling.

### Coleman Resigns from Park District

Wheeling residents will miss Recreation Director Bruce Coleman's cheery grin around Heritage Park next year. Bruce is the sandy haired fellow who always has a big smile for everyone. His resignation becomes effective Jan. 2, 1972.  
Bruce has been with the Park District since July, 1970. Some of the programs he was instrumental in developing were the Women's Fitness Program, Decoupage, Soap Sculpture, Turkey Trot Races, and parts of the Halloween Party. His reasons for resigning were "to obtain a teaching certificate and go into coaching."

### Festivities include a seasonal musical program and a sing along with the Spares Choral group which is under the direction of soloist Thelma Beard, of Rosemont formerly with the Cincinnati Symphony Orchestra. Jo Newport, teacher and concert pianist of Mt. Prospect will accompany the choral group. Dance mixers will be under the direction of our exceptional co-ordinator, Grace Goebel of Chicago and games will be lead by Jo Ranes of Glenview, our vivacious party chairman, Frank Jordan of Chicago will handle the decorations and Martin Schuler of Arlington Heights will disburse the beverages. Affable Bill Miller, of Elk Grove Village will handle the door.

The Park District offers programs where Bruce could do the coaching he likes to do. But as with anything else, the programs need participants. And Wheeling residents don't seem to be too enthusiastic about participating. "Two people signed up for the hayride," said Bruce.  
The Hayrides were another project Bruce had spent quite a bit of time and effort perfecting so that the people could enjoy a few hours of relaxation from their daily cares.  
Prior to accepting his position with the Wheeling Park District, Bruce had coached track and cross country at Illinois Benedictine college, after receiving his degree from the University of Illinois in 1970. He lives at 9946 Holly Ln., Des Plaines.

# Investigation

dissention there. I feel these meetings may have influenced the policy of the board and therefore I move a thorough investigation be made of the Fire and Police Dept." Hilkin later told this reporter that both he and Chief Hildebrandt had just recently learned of these meetings. "They could easily have an effect on personnel and procedure", said Hilkin. "and I'd like to get this thing out in the open." Both Martin Ashman and Dick Hobs said they too wished to have matters clarified. But Hilkin said he wished to say no more at this particular time in order to protect the innocent. David Cohen asked if this dealt with personnel and Hilkin said "Yes". Dick Hobs asked, "Does your motion have a goal?" "Yes" said Hilkin, "I feel these charges should be investigated so that we may take action if necessary. The vote was 5 to 1 in favor of the motion with Brice dissenting. Trustee Martin Ashman said in his effort to work on a proper procedure for board meetings.

he found that MG was the only village that did not have a typed, mimeographed or printed agenda for its meetings. In Skokle there is a notebook given to all trustees before each meeting containing copies of all items to be discussed at board meetings.

Trustee Ashman also reported that two water main leaks were repaired last week along with a fire hydrant that was hit by a hit and run driver.

Commissioner Carl Eckhardt of the Fire and Police Commission introduced the following men who were sworn into the Fire Dept. They are Ray Derbes, Alan Weinstein, Edward Hildebrandt and Donald Warner. Sworn into the Police Dept. were James Halas and Phillip Mikula. All the men were welcomed and congratulated by the mayor, the commissioner and the board of trustees.

Capt. Larry Schey noted that the Metropolitan Alarm Co. has begun installation of the Alarm system that the village purchased from them. Engineer George Holt

attended a meeting last week in which it was learned that all villages must review different plans for repairing streets and concur with state plans. Then if a county or a state route needed widening the villages wouldn't ever have to spend their own money for the project.

Fred Huber stated the Snow Routes have been revised and that one street (Lake St) has been added and four streets eliminated at certain points. They are Church, Lyons, Marmora and National. Huber suggested that the trustees pass a motion directing the attorney to draw up an amendment to the present ordinance and when Houndt so moved the board agreed. Joe Cook of the Chamber of Commerce said there was a regular meeting today and that progress was being made.

Ed Brice read a letter of commendation to the Fire Dept. from Little City for delivering two vans containing 1876 cans of food collected by the Melzer School. He also read a letter from Mrs. Patricia Morath, who said her daughter was involved in an unpleasant situation which could have been intolerable, but for the aid of Detective Shultz, another detective and especially Officer Starr who sat with the family in all of their court appearances and always took time to answer their many questions with great patience. "I know that he will go far in the MG Police Dept.," she said. "His being there meant so much to us."

Herb Houndt said that Supr. Dahm of the Public Works Dept. purchased the used tractor and trailer from the Mayor Paving Co. that was ok'd by the Board. Atty. John Nordberg read an ordinance which will prohibit a right turn on Washington Street going north when the Ballard extension is completed. The trustees approved the ordinance.

or not he should run something about the trip, which we found unbelievable. As we've told you before, certain stories in the community are best left out of certain newspapers, because economic sanctions may result from telling it like it is. Legal notices and other advertising can be used as a wedge to slap the pocketbook of newspapers not playing along. It must be a burden to publish large newspapers. They live with such fear.

emotional feeling about the Chappaquiddick incident, which obviously won't go away during the ensuing year.

We thought the selection of Roman Pucinski as a Democratic candidate for Senator was a very poor one. Pucinski spoke at our synagogue in Morton Grove a few weeks ago and his buttering up the all-Jewish audience was what we believe is typical of the guy. He said all the right things the audience wanted to hear, and they were grateful they had an ally on their side. But when he referred to those people in Washington as "Wasps" he lost us. We wondered if when speaking to a Jewish audience he denigrates another group, then he may well turn the coin when he addresses them.

The late Virginia Kay, who wrote a fine column in the Chicago Daily News for many years, once referred to him as the racist Congressman. His remarks a few weeks ago seemed to confirm this. He was indeed a poor choice and, certainly not in the same league with Chuck Percy, Adlai Stevenson, and former Senator Paul Douglas.

At Sunday night's affair (Nick Blase's party for his daughter's christening) we spoke to a charming lady, whose family is steeped in big-time politics in Chicago. They are among the most influential Democrats in the city, and thus we were interested in her comments. She said even though they're committed to the Party, she said she'd vote for Republican President Dick Nixon before she'd vote for Teddy Kennedy. She said many of her friends feel the same way. We found it an interesting opinion from one who lives among the hierarchy of the Democratic Party, and certainly is an ominous sign for the Kennedy people. We concluded women probably have a much more

# North Maine Fire District Referendum

"A favorable vote in Saturday's referendum scheduled by North Maine Fire Protection District could result in a fire insurance saving for tax payers in the area," says Henry A. Coopmans, District president.

The Board of Trustees of the N.M.F.P.D. has called for a public referendum on Saturday, Dec. 11, seeking permission from voters in the district to increase its tax levying power by one mill. Increases in salaries and operational costs, combined with increased demands for service have made this action necessary, according to Coopmans.

"For several years now it has been necessary for us to levy an annual tax at the maximum rate permitted by statute," he states. "Unfortunately we have not been able to keep pace with current increases in operating costs, and we are therefore asking residents of the district to permit the board to increase its tax levying power from 3 mills to 4 mills."

"Our budget for 1972 for operation of the N.M.F.P.D. comes to approximately \$262,000. This is the amount that will be required to pay the salaries of 15 full-time firemen and some 35 paid-on-call men, and to keep our equipment in efficient running order," he continues.

"Under the law we can only raise about \$175,000, which will create a deficit of over \$80,000 unless the requested increase is authorized. We are not trying to enlarge the department by adding any more equipment or firemen. In fact, we need these added funds if we are going to continue rendering fire and emergency services at present levels to the residents of the district."

"It would be regrettable if, as a consequence of having to reduce our service, lives were lost or property destroyed because we had to let personnel go and lower the efficiency of our Fire Department. Even if the increase is authorized by the voters on Saturday, we will still be short of the money we need to operate the N.M.F.P.D., but we will at least be coming closer to running on a balanced budget."

"Actually," Coopmans stresses, "the small increase in the tax we are requesting might amount to a saving for tax payers, because a reduction in service could conceivably result in an increase in fire insurance rates. Any increase in fire insurance rates would undoubtedly exceed the amount added to the tax bills of residents, as we are only ask-

ing for a one mill increase." (One mill is only one-tenth of a cent.)

Dale Moore, North Maine's Fire Chief, reports there has been a steady increase in fire and emergency calls in the district each year, and the growth of building and population in the

area will mean approximately a 20% increase in calls during 1972.

Voters in the North Maine Fire Protection District may cast their ballots on the proposition at the North Maine Fire Station, 9301 Potter rd., on Saturday, Dec. 11, between the hours of 6 a.m. and 6 p.m.

showed the greatest support for the increase voting 42.9% in favor of it. Maine South voters had 34.8 voter approval followed by Maine West's 30% okay.
