On the Other Hand

By Diane Miller

Visiting the beautiful state of Florida during the month of January is not only a luxury, but gives one the feeling of entering another world only two hours flight time away from Chicago.

Last week on very short notice we decided to fly to the Gulf coast of Florida to help No. 1 son recuperate from his hospital stay after a bout with the flu and also to give Mom (who considers herself overworked and underpaid) a chance to absorb some warm sunshine. After some very hurried preparations and instructions to Dad and No. 2 son who remained home, we sloshed our way out to O'Hare with spring coats and bathing suits in hand and boarded a jet to Tampa. Two hours later, upon disembarking we had to pinch ourselves in order to realize that suddenly we were uncomfortably warm standing in 80 degree weather. Uncomfortable in one sense and enjoying every minute of it in another. After a short ride we arrived at Shraft's in Clearwater which is located on Clearwater Bay, proceeded to unpack and then headed quickly for a January dip in the pool. January only because we knew it was January, but feeling more like July as we paddled in water heated to an almost uncomfortable 78 degrees.

Taking a trip with a 15 year old son is quite different from traveling with Dad who is always planning where he's going to eat dinner before he has finished his last bite of lunch. Eating pizza for supper at Shakey's while the piano and banjo players blast their message or skipping breakfast and eating hamburgers at 11:00 in the morning would certainly not be Dad's cup of tea.

The most noticeable thing about the Gulf area is the fact that senior citizens are most prevalent everywhere. Everything in the towns seems to be geared to the retired population there including benches on the sidewalks in the downtown areas for them to rest while shopping and numerous blood pressure centers where, for 50¢ they can go in and get their blood pressure taken. There's also a noticeable change in the movement of the traffic since no one seems to be in a rush - they've already been there and what's the hurry?

They're also a very friendly lot of people. When No. 1 son went for a walk to the local golf course, he met an elderly couple on the way back and after conversing with them for four or five blocks, they invited him to have dinner with them. Another elderly gentleman who son No. 1 met on a fishing trip gave him a complete rundown on his son in college and after the trip, son No. 1 said he felt he knew more about the boy than anyone else in his family.

Spending a day on the municipal beaches along the Gulf area is most relaxing while sea gulls who have to be the biggest beggars in the world stand around waiting for a morsel of food to drop their way. Son No. 1 decided to treat them to a box of popcorn and to our amazement, they hovered like helicopters over his head, one by one taking a piece while 50 others waited in line for their turn. As soon as you feed one, the call goes out and suddenly there will be what seems like hun-

Hope To Purchase Jonquil Tr. Park

OKAY STUDY FOR ICE RINK ENCLOSURE

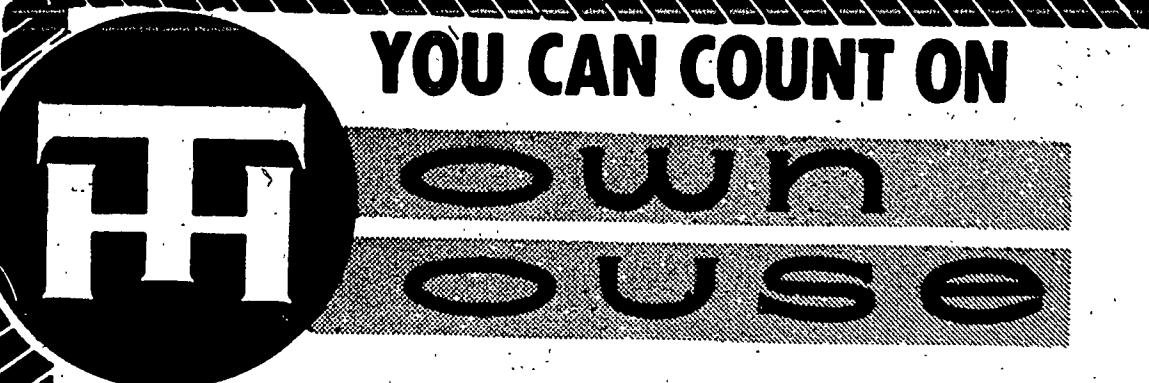

By David Besser

Park Commissioners okayed an architectural study for enclosing the Ballard Park ice rink Tuesday night which would cost a maximum of \$3,500 and would be received within six weeks. The expected enclosure would not only include walls for the rink but would also have air conditioning, heat and proper ventilation which would cost about \$150,000.

A second approval for seeking the sale of revenue bonds was approved. Bonds for \$200,000 to \$250,000 are once more to be sold and commissioners indicated it has a buyer or buyers who are interested in the purchase.

While it is difficult to understand the labyrinth of figures and financial complexities surrounding the many park activities it was understood by this reporter about \$85,000 of the proposed bond sale would be placed in the corporate fund, leaving from \$115,000 to \$165,000 for the additional improvement for the ice rink.

The \$85,000 return to the corporate fund would likely be earmarked for the purchase of from 2 1/2 to 5 acres of Jonquil Terrace land presently owned by school district 64, but which would be sold "to the highest bidder". According to the school district, To help with the additional funds, Commissioners Beusse and Keener approved the study, after his committee investigated other Hattie ice rinks in Rolling Meadows and Winnetka. He said the plans would be in four phases, enabling the plans to be flexible to adjust to the fund available in the district's treasury. Dist. 207 Board Meeting Jan. 24

Warrants, AFS Students, Salaries

Tax anticipation warrants in the amount of \$3,500,000 will be sold by the Maine Township High School District 207 in order to carry on school business during the months of March, April and May this year. At its monthly meeting Monday evening, Jan. 24, the district's Board of Education authorized the issuance of these warrants and directed the district's business manager, Harold Markworth, to negotiate for the sale of the warrants at the lowest possible rate, and at a rate not to exceed 6%.

This action was taken by the Board after a cash-flow report on school finances was made at the meeting by Mr. Markworth, it is not likely, he said, that the district will receive its share of real estate tax monies from the state until sometime in May. In the meantime, approximately \$3,000,000 will be needed to cover Educational Fund obligations and \$500,000 for Building Fund expenses.

In attendance at the Board meeting and introduced to its members by their sponsors were American Field Service exchange students now attending the Maine high schools, together with their foster parents. Maria Antonietta Silva from Brazil, who is now attending Maine South, was introduced by J. Norman Anderson and Mrs. Gloria DeGiorgio of the Maine South faculty. Miss Silva's foster parents are Mr. and Mrs. Roy W. Nelson of Park Ridge.

Maine West's foreign exchange student, A. Hamid Rahim from

Afghanistan was introduced by Randall L. Rayborn of Maine West's staff. Hamid's foster parents are Mr. and Mrs. Paul E. Rivard of Des Plaines, Ill. Sabuncu, Maine East's foreign exchange student from Turkey, was introduced by Lynn Dieter, her sponsor, a member of Maine East's English department.

Also introduced to the Board were Maine high school students who had visited foreign countries last summer as American Field Service foreign exchange students. These included Debra Stern of Maine East who visited Brazil; Scott Williams, also of Maine East who visited Lebanon; Marianne Zebelich of Maine South, who spent the summer in Malaysia; and Susan MacDonald of Maine West, who visited Bombay, India. Also present were presidents of the local chapters of AFS at the Maine high schools, John Harlan of Park Ridge, Maine South AFS president; Victor Asland of Des Plaines, Maine West AFS president; Maine East's AFS president, Theodore Grippo of Park Ridge, was represented by Mrs. Grippo in her husband's absence.

In other action at the meeting the Board assured the District 207 professional staff that it intends to implement retroactive adjustments for the Phase I period immediately upon notification that is legally able to do so. According to William P. Wuehrmann, president of the Board, the district, as of now, has received no confirmation of authority to make the provisions of the September, 1971, salary

schedule apply retroactively during Phase I of the salary freeze.

The Board approved a recommendation made by the administration to revise the District 207 data processing system.

Authorization was given to Harold Markworth, Secretary of the Board, to publish a legal notice relating to nominating petitions for membership on the Board of Education of Maine Township High School District 207. Nominations will be accepted by the Secretary from Feb. 23 through March 17 between the hours of 8 a.m. and 4:30 p.m. at his office in the district's Administration Center, 1131 S. Dee rd., Park Ridge. Nominating petition forms may be obtained at the Secretary's office.

The Board was informed by the administration that a Title I, E.S.E.A. grant of \$23,816 had been made for a 1971-72 program at Maryville Academy, to be administered by District 207. The funds will be issued to provide instructional activities and services designed to meet the special needs of educationally deprived children at the academy.

Board president Wuehrmann stated that the Illinois Association of School Boards had sent notification that District 207 and the underlying elementary districts #62, #63, and #79 jointly qualify for dual district structure membership in the Association's Council of Large District Boards. The joint membership entitles these districts to participate in the Council through a delegate or alternate chosen by them,

Maine East Debators

Maine East debators (l.-r.) Dave Stearn, Judy Siegel, and Jeff Weingarten (all from Morton Grove). With three wins and one loss at the Wheaton North tournament, Judy and Jeff took third place.

Debate Results

By Tom Laman

At Wheaton North the novice team took first place with a record of seven wins and one loss. The team of Keith Gershon of Morton Grove and Paul Karr of Park Ridge won all four of their rounds. This extended their record to 29 wins and only 2 losses.

Maine's other pair, Mark Faber and John Cwaygel, both of Morton Grove, won three and lost one. In addition, Keith was the top speaker and Paul placed second.

On the junior varsity level the team of Jeff Weingarten of Des Plaines and Judy Siegel of Niles took third place, with a showing of 3 wins and 1 defeat.

The varsity team of Tom Laman and Mike Ginsburg, both of Morton Grove, also took third place on the varsity level. They had a record of 3 wins and only 1 loss. Tom and Mike were also top speakers in the tournament, with 127 points out of a possible 140.

The week of Jan. 15 also featured a varsity tournament at Augustana College. The team of Lynne Hofmeister of Park Ridge and Harvey Morris of Morton Grove went through elimination rounds and eventually took third place in the tournament. They compiled six wins and only two losses.

East's other two some of Neil Blumenthal of Morton Grove and Bob Feldkamp of Des Plaines also finished high, with a record of 5-1.

The Maine East debate team continued their winning ways as they won still another tournament

and other awards at their third annual tournament.

On the novice challenge level Maine East won their sixth novice tournament of the year. The foursome included the teams of Mark Faber and John Cwaygel, both of Morton Grove, and Keith Gershon of Park Ridge and Paul Karr of Park Ridge.

In winning their fourth straight tournament, Mark and John tied for third place speaker's trophy. Keith also finished in the top ten speakers, as Paul and he extended their record this year to an amazing 33-2.

Maine East picked up another trophy as they took second place on the varsity level. The team of Ilene Goldstein of Niles and Gail Lovinger of Morton Grove won all 4 of their rounds, finishing second on that level.

The varsity championship division featured the best teams each of the 41 schools had to offer. East's two teams both fared very well. The pair of Bob Feldkamp of Des Plaines and Lynne Hofmeister of Park Ridge took third place trophy with a record of 3 wins and 1 loss, while Maine's other twosome of Tom Laman and Mike Ginsburg, both of Morton Grove, took fifth place. In addition, Tom was fourth place speaker, and Bob took fifth.

For these outstanding finishes and first place in the novice challenge division, Maine East debate coach Robert Swanson was awarded the outstanding debate coach certificate. He emphasized that through his debators' efforts, they have won a total of 10 tournaments this year, and the season is far from over.

Morton Grove Post 134 of the American Legion

Receives State Award

At the recent joint installation of the Morton Grove American Legion Post #134 and its Auxiliary Unit, new commander William Cunnally was surprised with a state award. Seen here is master of ceremonies Phil Cancelleri, l., presenting the citation to Cunnally.

Bill Cunnally was given this Dept. of Illinois plaque for his attendance to promoting the activities of the American Legion. He has been an industrious poppy chairman, solicited funds for a baseball ad book for many years, promoted the yearly carnival with contests and special theme and has overwhelmedly taken upon himself many tasks to further the aims and purposes of the Legion.

Presents Flag to Malloy

The Morton Grove American Legion Post #134, in an ongoing project, through its Americanism Committee, present flags to various scout groups in the village periodically. A special presentation was made recently; and it was unusual as the Troop #274 deserves special mention.

Boy scouts in Troop #274 are pupils at the Julia Molloy Education Center in Morton Grove. Post Commander William Cunnally was accompanied in the presentation ceremonies by Americanism Chairman Ralph Hintz and member Bernie Williams. They report a "heartwarming experience as the youngsters recited the Pledge of Allegiance." Some, of course, had difficulty pronouncing the harder words and some could not remember them all; but none lacked enthusiasm the trio report.

Recent Blood Drive

The Morton Grove American Legion Post #134 periodically conducts blood drives which "store up" this vital substance at local hospitals. Any resident of the community in need of a blood transfusion may call upon the Legion's blood donor chairman, Tad Kimura, 6100 Lincoln, at 965-4730; and blood is supplied without charge as a community service venture.

Under Kimura's direction, a recent drive at Lutheran General hospital derived 27 pints of blood.

Dinner is served to the volunteers at the Post Memorial Home following their contributions; and at this particular function, Ed Viglietti was the chef. He was assisted by Sr. Vice Cmdr. Frank Hilbert; and serving the meal were past Auxiliary president Mrs. James Campanella and Auxiliary blood donor chairman Mrs. Howard Hoffman, 5628 Church, who planned the menu.

These Legionnaires and friends of the Post donated blood: Hank Hojnacki, Phil Ellis, Ralph Hintz, August Di Grazia, Jose Rodriguez, Mel Batty, Bernie Williams, Earl Christensen, Tony Cellini, Harry Broeker, William Kuester, Joe Schmidt, Tom Hettema, Jr., Ernie Jenkins, Steve Eckmann, Commander Bill Cunnally, Ed Vorpagel, Howard Hoffman, Bill Richey, Philip Di Grazia, Bill Beckwith, Bill Schmidt, Ray Grahn, Ron Richey, Tom Eckmann, Ronald Ruehrdanz and Irene Williams, representing the female contingent.

Receives State Plaque

Morton Grove American Legion Post #134 Americanism Officer Ralph Hintz, center, received a state plaque at a recent Legion adjutant Phil Ellis records the proceedings. The Dept. of Illinois honored Hintz for his outstanding performance of duties in the Americanism field.

Betty Crocker Award Winner

Barbara Donaldson of Niles has been named Maine East's Betty Crocker Homemaker of Tomorrow for 1972. She was chosen on the basis of her score in a written knowledge and attitude examination taken by senior girls on Dec. 7, and she will receive a specially designed award charm from General Mills, sponsor of the annual educational

program. In addition, she is now eligible for state and national honors.

The State Homemaker of Tomorrow, to be selected from all school winners in the state in judging which will center on performance in the Dec. 7 test, will be awarded a \$1,500 college scholarship. Her school will receive a complete set of Encyclopedia Britannica. A scholarship of \$500 will go to the second ranking girl in the state.

This April the 51 Betty Crocker Homemakers of Tomorrow rep-

resenting every state and the District of Columbia - each accompanied by a faculty adviser - will be given an expense-paid tour of Colonial Williamsburg and Washington, D.C. Personal observation and interviews during the tour, added to the earlier state-level judging results, will culminate in the announcement of the 1972 Betty Crocker All-American Homemaker of Tomorrow at the conclusion of the tour. Her scholarship will be increased to \$5,000, with those of the 3 runners-up raised to \$4,000, \$3,000, and \$2,000.

Niles Youths in Concert

Three members of the Skokie Valley Youth Symphony Orchestra which will present its first concert Saturday, Feb. 5 at 8 p.m., in Skokie at Fairview South school are residents of Niles. They are: Jeffrey Bronstein, trumpet; Heide Gabriel, bass; and Matthew Tanner, violin.

These young people, along with the other orchestra members, totaling about 40, have spent their Tuesday evenings since October rehearsing for the concert, which will include music by Gounod, Ippolito-Ivanov, Handel, Brahms, Tschalkowsky, Haydn and Wagner.

Initiated

Seven outstanding students from the department of ceramic engineering in the University of Illinois at Urbana-Champaign have been initiated into Keramos, professional society in ceramic engineering.

Officers include: Paul A. Kerstein, 9055 Grace st., Niles, herald.

Students in Exchange Program

War paint and warhoops. Wigwams and wampum. This is "Indian" for a generation raised on the television stereotypes of the late show reruns. Students at Niles West High School are not waiting for the U.S. cavalry to ride over the hill to save them from the misconceptions. They themselves are working to correct false images.

Gaining a realistic view of the problems the Indians face is the object of a cultural, educational and social exchange between Niles West High School and Phoenix Indian High School (PIHS) in Arizona. Four Niles teachers will also be involved in the exchange of personnel.

Honor Society

The Gamma chapter of Phi Beta Kappa at the University of Illinois at Urbana-Champaign initiated 225 students recently. Among those elected were: Howard Needelman, 7432 Suffield st., Morton Grove, senior; Bruce Perlman, 9328 Overhill, Morton Grove, senior.

Sipiora is a son of Mr. and Mrs. Richard F. Sipiora, 8458 Clara, Niles.

Honor Students

Nearly 1,800 University of Wisconsin - Whitewater students achieved academic honors during the first semester of the 1971-72 school year which ended in December. Included were: Gail A. Johnson, 8402 Clara dr., Niles, straight A's.; Karolann M. Miller, 8022 N. Elmore st., Niles, first honors; Patrice M. Olday, 8724 N. Wisner, Niles, second honors.

Miami University has introduced a President's List as a special recognition for students posting 4.0 (straight-A) grade averages for at least 12 hours. First publication of the President's List totals 290 names for the Fall quarter for Miami's 3 campuses.

Included are: Edward Thomas Reifs, 9133 Parkside dr., Des Plaines, High Honor; Nancy Ann Schlitter, 5826 Carol ave., Morton Grove, High Honor.

Journalism for the Housewife

That's what MONACEP is offering again in its eight-week course, "How to Get It Published in the Newspaper."

"This course is tailored for housewives who have a yen to break into community newsprint or who want to do a better job as publicity chairman," says the instructor, who is a newspaper editor.

The \$15 course will begin Feb. 3 and will run from 7:30 to 9:30 each Thursday night at Maine South High School, Dee rd., near Talcott in Park Ridge.

Classes will teach to both men and women fundamentals of journalism as well as some "secret" shortcuts to newspaper publication. Much of the learning will be done by actual news writing,

...of Interest to Women...

St. Louis will be the home of Mr. and Mrs. James M. Hux, who were married on Jan. 8, 1972. The former Kathleen Szymanski, daughter of Mr. and Mrs. Matthew Szymanski, of Niles, was given in marriage by her father at a 4:30 p.m. Mass in St. John Brebeuf Church. The bride wore an ivory satin empire gown with a full train. Clusters of lace applique accented the teardrop inlays around the dress, sleeves, and yoke. Her long veil was held in place by a small cap trimmed in the same lace as the dress. The bride carried a colonial bouquet of step-honotis, white sweethearts, roses, exquisite carnations, and baby's breath.

Attending the bride were Patricia Boesen, maid of honor, Joann Anglesano, Janel Brugliera, Colleen Bieschke, and Teresa Kettler. The bridesmaids wore plum velvet Juliet style dresses with lace yokes trimmed with tiny flowers. Miss Boesen's dress was in a complementary moss green. The girls held colonial bouquets of heather, exquisite carnations, statice, and baby's breath.

The groom's brother, John Hux, Jr., was the best man. Other groomsmen were Daniel Levinson, Edward Ordorica, Ronald Boncler, and George Lammert.

Kathleen Hux graduated from Resurrection High School in 1968. She attended the University of Dayton and Northwestern University, where she graduated in December, 1971, with a B.S. in Education. She hopes to teach in St. Louis.

James Hux, son of Mr. and Mrs. John Hux, Sr., from Sikeston, Missouri, also attended Northwestern University. He graduated in June, 1971, with a B.A. in Political Science. Currently, Mr. Hux is a law student at Washington University in St. Louis.

After a honeymoon trip to New Orleans, the couple plan to return to St. Louis, where Mr. Hux will continue to work toward completion of his studies.

Mr. & Mrs. James Hux

National Council of Jewish Women

The West Valley Section of National Council of Jewish Women, at their meeting Tuesday night, Feb. 8, will hear a panel discussion with parents from the Open Door Society. This is a group of parents who have adopted children of a race other than their own. The parents participating will discuss their personal experiences since adopting the children and will also dispel some of the myths about adoption. A question and answer period will follow.

The meeting is at 8 p.m. on Tuesday night, Feb. 8, at the Devonshire Community Center, 4400 W. Grove, Skokie. Guests are welcome.

Congratulations

A girl, Patricia Ann, was born on Jan. 8 at Lutheran General Hospital to Mr. and Mrs. Kenneth Wyant, 8267 N. Elmore, Niles. The baby weighed 7 lb. 3-1/2 oz. at birth.

LETTERS TO EDITOR

Dear Dave:

Many thanks for the plug in your column last week, commented upon many times to me since publication.

If you have been wondering about creativity in your home, your child's classroom or in yourself, here is your chance to ask questions and get the right answers.

Remember the date: Feb. 14. Bring your favorite valentine with you.

Editor's Note: Please remember that unless letters to the editor have a complete signature (name, address and town) we cannot publish them. Two letters were received this week, both of which cannot be published since one contained a name only and the other was unsigned. We will gladly withhold your name from your letter if you so desire, but the letter to us does have to contain a name and complete address.

likelihood would have prevented the two complaints. However the bells are scheduled to be elevated in the future, weather permitting.

I'm sure you realize, Dave, that whenever one deals with people, you can't make everybody happy. And two complaints matched against the many, many comments of appreciation for the carillons isn't a bad average.

It is regrettable that the bells were not placed as high as originally intended which in all

likelihood would have prevented the two complaints. However the bells are scheduled to be elevated in the future, weather permitting.

As for your (mis) informant who told you there were "an unusually limited number of requests" submitted to the Niles Days committee (therefore acceptance of the carillons), you should demand the return of your peanuts from him for false information. A survey of Niles Days Committee records will re-

veal that 8 requests submitted for 1971 were more than the six for 1970 and the six for 1969.

As a matter of fact, did you know that 7 of the 8 requests for 1971 received more votes than the proposed project for a Niles Art Center and Museum which garnered only one point (to receive funds) out of 65 points!

Factually yours,

Alice M. Bobula

Dear Editor,

At a time when leaders of any faction of the government should do everything possible to bring people together because of the extreme division and unrest in the United States, it is inconceivable that the Oakton College Board should choose to do the opposite with their decision to condemn 105 acres of Maryhill Catholic Cemetery in Niles, Illinois.

And for what? A Junior College site that will be 5 to 7 minutes more convenient for the students and faculty than other sites offered?

Even if this location were cheaper which it will not be (particularly if the Oakton Board will include 1- five to seven years of litigation costs in its referendum figures and assessment rates and 2, the proposed referendum promotional costs, public relations agency fee and expenses incurred), this site should not have been chosen.

Apparently people, their needs, their thoughts and wishes, their problems mean absolutely nothing to the Board. The Board has succeeded, and I hope they are proud of it, in --

a. Setting adults against students. A remark by one student was "we'll slaughter you and, when we need to expand, we'll take the rest of the cemetery."

b. Parent against child. Parents pay taxes and they know if a cheaper site is available, it should be chosen. Their child will get the same education whether at the Maryhill site or another.

c. Homeowners against School Board. The homeowners know from past experience the value of their property will depreciate when adjacent to a school, they know of the flooding in the area, the current overload of traffic, the noise and activity and everything else that goes with it.

d. Taxpayers against School Board. The taxpayers have not and will not be given the estimated litigation costs in the proposed referendum figure and assessment rates and therefore will not have the total picture in relation to the cost involved in this site. The Board is putting through a resented referendum and making the taxpayer pay for it.

Oakton Board, Congratulations?????????

Centel Crossbar Completed

Lights burned late recently at Central Telephone Company of Illinois as the third Crossbar cutover proceeded smoothly and swiftly.

District Coordinator Wally Tworek described the cutover as "one of our best, proceeding ahead of schedule with service being interrupted for a minimal period."

More than 175 Centel employees manned eight different work stations in both Des Plaines and Park Ridge effecting the cut-over of about 10,000 telephone subscribers in the "827" and "298" exchanges. The 2 a.m. Sunday cutover period was selected because it reflects the fewest telephone calls incoming or outgoing.

Library Service Extended

The Morton Grove Public Library, a member library of the North Suburban Library System, has ratified a reciprocal book borrowing agreement between the System and the Chicago Public Library.

The agreement enables residents registered with Morton Grove Public Library to borrow books directly from the Chicago Public Library and in turn provides that persons registered with the CPL may borrow books directly from the Morton Grove Public Library or any other NSLS member library, ratifying the agreement.

The service, known as the Reciprocal Borrowing Program, has been in effect among most of the member libraries of the North Suburban Library System for the past two years and has provided local patrons access to 2,000,000 volumes, representing the combined resources of member libraries of the NSLS. The agreement therefore extends these privileges to include the more than 3,000,000 volumes owned by the Chicago Public Library and in effect nearly triples the number of volumes available to local patrons through the reciprocal program.

Deadline

Area motorists who have still not applied for their 1972 license plates were advised recently by Secretary of State John W. Lewis to purchase them at over-the-counter outlets to be sure of having them for the deadline for displaying them.

Midnight Tuesday, Feb. 15 — only 2 weeks away — is the deadline for having the new plates mounted on the vehicles, not merely applied for, and no assurance can be given that applications submitted by mail this late will result in delivery of the plates by the deadline, Secretary Lewis said. This is because of the time required for processing applications and the fact that license plates are third class mail.

Plates may be purchased over the counter at 3 locations in Chicago, the Motor Vehicle Facilities at 5301 W. Lexington st., 5401 N. Elston ave., and 9901 Dr. Martin Luther King, Jr. dr. They may also be purchased at 115 banks throughout the state.

Nick Blase is the Democrats answer to a November victory. His stand on the issues of concern to constituents in the 10th District are compatible with my own. His philosophies and interests are with and for the people and I find him very closely attuned to the electorate by virtue of his progressive, realistic outlook.

His experience as a suburban leader, his ability to understand and cope with the needs and desires of the 10th District, and his determination and drive to accomplish needed reform has earned him the recognition and support of suburban taxpayers.

Nick is the candidate most qualified to represent the particular needs and attitudes of the 10th District in Congress and at the same time exercise his "nationals" judgment. These attributes make Nick Blase the man who will win the support of Republicans, Independents and Democrats alike, and in November, he will be the first Democrat to represent all the people of the 10th District in the Congress of the United States.

I am honored to serve as Chairman for the Campaign to elect my good friend Nicholas Blase to Congress."

It is man's nature that he finds it awfully hard to take a "put down." It attacks his very being. It reinforces his feelings of inadequacy and insecurity which in turn makes him feel less than a man. Then he finds it difficult to live with himself or anyone else. Of course, this includes you wives and women in general. Men begin to fight back and unfortunately hurt their wives and others by not being thoughtful, considerate, loving and understanding.

You may ask the question, "Which comes first, the chicken or the egg?" Both are important and it is not relevant or pertinent to try to debate such a question. What is important is that we recognize the fact that men and women do hurt each other and when the hurt is directed toward their most vulnerable weaknesses, then each will hit back hard at the other.

I see more marriages become stable, happy, vital and alive when both begin to really respect, love and try to understand each other. For example, if the husband helps his wife to really feel that he loves her and is trying to understand her, then she in turn usually responds quite favorable to her husband and shows him respect and love in turn. Of course wives, the opposite also works as you extend yourself to your husband and show him respect, which in turn builds his ego and causes him to usually respond to you with more love and understanding. I have seen marriages on the rocks begin to be revived when this hurtful and destructive cycle is turned around and the couple become truly sensitive to one another and really try to show mutual love, understanding and respect to each other.

Write and let me know some of your experiences in this area. Remember men, Women's Lib is here for a reason. Are you part of that reason?

Stevenson Endorses Congressman Mikva

Congressman Abner J. Mikva (D-Ill.) has won the "Wholehearted" endorsement of Senator Adlai Stevenson III in his campaign for re-election in the 10th congressional district.

In announcing his support, Senator Stevenson said Congressman Mikva has "earned wide recognition as a progressive and effective member of the House of Representatives."

Senator Stevenson and Congressman Mikva served together in the Illinois state legislature, and the Senator referred to that in his letter of endorsement.

"We have shared many rewarding experiences in our careers in public service — first as colleagues in the Legislature, and now in Congress,"

Stevenson said. "More importantly we share a common objective — a better life for the people of Illinois and all Americans."

Congressman Mikva, who is in Washington, D.C., for the current session of Congress, said he was especially pleased by the Senator's endorsement and support.

"The Senator's father, Governor Adlai Stevenson II, first interested me in government," Congressman Mikva said. "And I cannot think of anyone in Illinois whose support and encouragement I value more than Senator Adlai Stevenson III."

Last week, the independent voters of Illinois and the AFL-CIO's Committee on Political Education (COPE) announced their support of Congressman Mikva.

Edward Warman, deputy comiteeman of the Niles Township Regular Democratic Organization has withdrawn his candidacy for State Representative from the 15th Legislative District, to become the Campaign Chairman for Niles Mayor Nicholas Blase, Democratic Candidate to Congress from the 10th District.

The former Blue Ribbon Legis-

lator (D-4th Dist.) emphasized how his own past two congressional elections had laid the groundwork for a November 1972 victory in the 10th Congressional District. Warman ran against Cong. Philip Crane (R-13th).

"Nick Blase is the Democrats

answer to a November victory. His stand on the issues of concern to constituents in the 10th District are compatible with my own. His philosophies and interests are with and for the people and I find him very closely attuned to the electorate by virtue of his progressive, realistic outlook.

I am speaking of a love here that involves more than the physical as important as that is. Love needs to embody respect, belief in them as a person, sincerity and security. Coupled with this

to make this kind of love possible is the need for understanding, Dr. Paul Tournier brings this out very vividly in his brief book, "To Understand Each Other." I believe that there would be no need for Women's Lib if men really tried to understand women better because then they would really know how to love them,

As long as women are made to feel inferior and that they are being constantly subordinated or made to feel beneath a man, then many women will fight back. It is only human nature. No one likes to have their dignity and feeling of self-worth trampled upon, I hear many women in my counseling say that they feel like a dishrag or a doormat in their relationship with their husband. Would any man want to feel this way? Of course not, because it is beneath the dignity of a human being; therefore, they will fight back. If women need to have an organization to fight back with them they will organize like the Women's Lib movement has done.

His experience as a suburban leader, his ability to understand and cope with the needs and desires of the 10th District, and his determination and drive to accomplish needed reform has earned him the recognition and support of suburban taxpayers.

Nick is the candidate most qualified to represent the particular needs and attitudes of the 10th District in Congress and at the same time exercise his "nationals" judgment. These attributes make Nick Blase the man who will win the support of Republicans, Independents and Democrats alike, and in November, he will be the first Democrat to represent all the people of the 10th District in the Congress of the United States.

I am honored to serve as Chairman for the Campaign to elect my good friend Nicholas Blase to Congress."

Though I recognize the need and rationale behind the Women's Lib, have you women ever stopped to consider that you are partly responsible for this? One thing that goes against the grain of a husband or any man is to be shown a lack of respect. A man's ego can't take it, I believe that this is man's greatest weakness as it is also his strength. Man's ego will cause him to try to battle life, job, problems, etc., to show that he can master them. Perhaps that is how the expression came, "I am the master of my fate and the captain of my soul." This expression also denotes man's weakness in as much as he tries to become God. To put it another way, "He gets too big for his pants."

It is man's nature that he finds it awfully hard to take a "put down." It attacks his very being. It reinforces his feelings of inadequacy and insecurity which in turn makes him feel less than a man. Then he finds it difficult to live with himself or anyone else. Of course, this includes you wives and women in general. I have seen marriages on the rocks begin to be revived when this hurtful and destructive cycle is turned around and the couple become truly sensitive to one another and really try to show mutual love, understanding and respect to each other.

Write and let me know some of your experiences in this area. Remember men, Women's Lib is here for a reason. Are you part of that reason?

Though I recognize the need and rationale behind the Women's Lib, have you women ever stopped to consider that you are partly responsible for this? One thing that goes against the grain of a husband or any man is to be shown a lack of respect. A man's ego can't take it, I believe that this is man's greatest weakness as it is also his strength. Man's ego will cause him to try to battle life, job, problems, etc., to show that he can master them. Perhaps that is how the expression came, "I am the master of my fate and the captain of my soul." This expression also denotes man's weakness in as much as he tries to become God. To put it another way, "He gets too big for his pants."

It is man's nature that he finds it awfully hard to take a "put down." It attacks his very being. It reinforces his feelings of inadequacy and insecurity which in turn makes him feel less than a man. Then he finds it difficult to live with himself or anyone else. Of course, this includes you wives and women in general. Men begin to fight back and unfortunately hurt their wives and others by not being thoughtful, considerate, loving and understanding.

I see more marriages become stable, happy, vital and alive when both begin to really respect, love and try to understand each other. For example, if the husband helps his wife to really feel that he loves her and is trying to understand her, then she in turn usually responds quite favorable to her husband and shows him respect and love in turn. Of course wives, the opposite also works as you extend yourself to your husband and show him respect, which in turn builds his ego and causes him to usually respond to you with more love and understanding. Notre Dame's Mardi Gras Feb. 15

Fr. Calhoun of Notre Dame's faculty prepares to throw a pie, as Ed Aloisio of Niles serves him. This year's Carnival will be held on Feb. 15.

On Feb. 15 Notre Dame High school's ninth annual Mission Mardi Gras will provide area residents with a chance to contribute to the building and rebuilding efforts of Holy Cross missionaries around the world.

The Carnival, now an anticipated yearly event, gives all the participants a chance to enjoy themselves and support the work of these foreign missionaries around the world. Holy Cross serves on almost every continent of the world. Once again, East Pakistan has been torn by strife. The whole social, cultural, educational and religious fabric of the country has been shredded. A new nation has come to be where once there was East Pakistan. The leaders of this country face the enormous task of building all the structures which are needed in a modern-day nation.

The Mardi Gras festivities will all take place in the school at 7655 Dempster St., in Niles on Feb. 15 from 2 until 11 p.m. Last year this event raised more than \$4,500 for the Missions. Recent events in the mission areas of Uganda and Bangla Desh make the need greater this year than ever. Hospitals, schools, leprosariums and churches operated by Holy Cross personnel in these areas must be rebuilt and kept running. Millions of people in these areas are still in need.

in Niles, Illinois

Producer David Lonn has announced that Zsa Zsa Gabor will open Feb. 17 at the Arlington Park Theatre in "Forty Carats," repeating the role which captivated Broadway audiences a few seasons ago.

Joining Miss Gabor in the French comedy, about a 40ish divorcee's romance with a handsome 22-year-old youth, is Francesca Hilton (Miss Gabor's daughter) making her Midwest acting debut, and Lilia Skala, Academy Award nominee for her magnificent performance in "Lilies of the Field," which starred Sidney Poitier.

"Forty Carats," adapted by Jay Allen from a play by Barillet and Gredy, will be directed by Mr. Lonn also announced that Bill Bixby, star of the ABC-TV hit show, "The Courtship of Eddie's Father," has been signed to appear at the Arlington opening April 13. Play and director will be announced shortly.

The theatre's current production of "A Thousand Clowns" starring Hugh O'Brian continues through its extended date, Feb. 13.

NWSJC Comedy Review

Northwest Suburban Jewish Congregation to present fast-paced comedy Review "Shlick Around 1972," an evening of music and fun is the title of the entertaining new review that will be presented by the theatre group of Northwest Suburban Jewish Congregation. Two performances will be presented; the first on Saturday evening, Feb. 26 at 8:30 p.m., and the second, on Sunday evening, Feb. 27 at 7:30 p.m. Both will be given in the Synagogue auditorium, 7800 Lyons St., Morton Grove.

The review is an hilarious and often penetrating look at life in the suburbs in 1972. Such topics as Doctors, Women's Lib and Home Builders are dissected for the enjoyment of the audience. Especially notable is "Poppyseed Street" an engaging satire on TV's Sesame Street.

Cast members and production staff are members of the Congregation. Producer is Ways and Means Vice President, Aly Walens; writers are Dr. Donald Greenberg, Joyce Stern Greenberg and Gale Sherman. The review will be directed by Richard Brown and will highlight soloists Beverly Bass and Tom Ryan. Other featured cast members are Herbert Terman, William Fishman, Richard Price, George Walens, Myrna Schwartz, Joyce Stern Greenberg, Harvey and Marcia Brin and Judy Silver. Choreographer is Toby Leader, accompanists will be George Goldstein and Shelly Zutz. Tickets are \$4 per person and may be obtained from any cast member or by calling the Synagogue at 965-0900.

Art Club Show

Maine East's Art club will present the City and Environment of the Future Show Feb. 21-25 in the cafeteria lobby.

Robert Cobb, Art club co-sponsor, explained, "The reason for presenting this exhibit is that many students are envisioning changes that will be necessary and practical for improving our cities in the years to come."

Pollution, transportation, and housing are the 3 areas where our students are concerned with improving."

Mr. Cobb stated, "The Art club has decided to allow the students and faculty to judge the displays because we want our future cities to fit the needs of the people. The only way to find out what the people want is to let them express their own feelings."

There will be 3 categories in which awards will be presented.

These are best design, best construction, and most original idea.

Any model or drawing will be displayed that is no taller than 2 feet high and no wider than 18 inches.

Anyone at Maine East will be able to judge the exhibits. There will be a ballot box present before the exhibits. Drop any comments or suggestions you may have along with your judgment in the ballot box.

John Cichon, vice-president of Art club, added, "The countryside that surrounds our cities is also gaining attention. Many students are interested in designing the countryside in the same manner that an architect designs a golf course."

Oakton Announces Referendum Date

A referendum to authorize the purchase and development of a permanent campus for Oakton Community college will be held on Saturday, March 4, 1972. The Board of Trustees for the college unanimously approved the date at a regular meeting of the Board Jan. 18.

The prospective campus is located at the southeast corner of Dempster st. and Cumberland ave., in Niles. The 105-acre site is owned by the Catholic Cemeteries and is a part of the undeveloped area of Maryhill Cemetery.

Oakton Community college is presently located at an interim campus in converted factory buildings in Morton Grove. School officials estimate that the maximum enrollment for the temporary campus is 3500.

The proposed campus, when completed, will provide for a student body of 7000 students. If the referendum is approved, the first phase will be ready for 2500 students for the 1973-74 school year.

At that time both the permanent campus and the interim campus will be used. Present enrollment at Oakton is about 2350 and anticipated enrollment for the 1973-74 school year is 5000.

Oakton Community college was established with the approval of a referendum in April, 1969 and is now in its second school year. It is formed by the Maine and Niles Township High Schools in the near north suburban area.

"The college meets a definite need in this community," Dr. William A. Koschmire, President of Oakton college, points out.

A formal resolution establishing the amount of the bonds to be sold and other legal requirements of the referendum will be acted on by the Oakton College Board of Trustees in the near future.

Students Perform in Musical

A musical extravaganza, "Showtime With Ballard," was performed before over 300 guests at the River Forest Country Club on Jan. 29. The music of the "Big Band Era" under the direction of Allan DeWitt, who appeared with Wayne King, the Dorsey Brothers, Ted Savage and other famous bands, helps us to reminisce with the Ink Spots, Modernaires, Andrew Sisters, Wee Bonnie Baker and many of the wonderful stars of the 40's. This talented group will perform at the St. John Brebeuf Festival starting Feb. 4.

Come back to "Those Wonderful Years" as the parishioners and friends of St. John Brebeuf present their Festival '72. The Festival will feature 7 cabaret shows with continuous entertainment. Opening night is this Friday, Feb. 4 at 8 p.m. The other show nights will be Feb. 5, 11, and 12. More than 500 people

will eventually pay for 75 percent of all eligible costs connected with the permanent campus.

The response by parents and friends was tremendous and the event was attended by 550 persons.

**Centel Continues
Modernization Program**

Central Telephone Company of
Illinois will spend a record \$18.2
million for construction and con-
tinued modernization during 1972,
according to C. E. Eskrich, Park
Ridge District Manager. This is
\$2 million more than the com-
pany's 1971 outlay.

At the end of 1971 Centel had
a total plant investment of more
than \$116 million in the 20 Il-
linois communities it serves.
This amounts to \$674 per tele-
phone served.

Eskrich notes that \$14.6 mil-
lion of the record \$18.2 million
construction budget is earmarked
for improvements in the Park
Ridge District. Approximately
120,000 of the Illinois company's
172,000 telephones are located in
the Des Plaines-Park Ridge ser-
vice area.

The Park Ridge District Manager
stated that the budget is de-
signed for two basic categories
... construction of new facilities
to meet rising service demands,
and the modernization of existing
plant and equipment to provide
continuously improved service
for subscribers.

Major projects to be con-
structed in this district include
a new Division Headquarters

operations, CTU has natural gas
utilities in South Dakota and elec-
tric utilities in Colorado and
Kansas.

During his long service as
a school administrator, Dr.
Plimpton was awarded the Park
Ridge Jaycees Distinguished Service
Award in 1967. Also, he
serves on the Advisory Council
for the Illinois Program of De-
velopment for Gifted Children
under the State Office of Public
Instruction.

Dr. Plimpton's initial duties
at Centel will include a review of
all phases of training, as
well as other personnel and pub-
lic relations special assignments.

Maine East varsity swimmer Ken Meyer took two firsts in competition Saturday against Maine North. Maine East won with a 73-21 victory over Maine North.

The Maine East swim team maintained their 500 season with a 21-21 victory over Maine North on Saturday, Jan. 8, after losing to Lyons Township in a W.S.C. encounter on Friday, Jan. 7, with a score of 59-36.

In the loss to Lyons, Tom McKervey continued to excel in the diving event as he defeated Jim Lyon, who placed in last year's state meet diving competition. Bob Wadman also continued his dominance in the 100 yard butterfly as his victory left him undefeated through 9 meets. Wadman, a double individual winner with a victory in the 200 individual medley was also a member of the first place 200 yard medley relay along with Ken Meyer, Jerry Kosberg, and Bob Miner.

Second place finishers were Phil Berquist in the 200 and 400 yard freestyle races and Ken Meyer in the 100 yard backstroke. Third place points went to Scott Shaver in the 50 yard freestyle and 100 yard breaststroke; Ken Meyer, 200 yard individual medley; Glen Sedjo, diving; and Bob Miner, 100 yard freestyle.

By winning 10 of the 11 events against Maine North, the Demons dominated the initial competition between many teammates of 2 years ago.

and Austin Joe Cook noted that the Chamber of Commerce has moved to its new location at 6223 Dempster.

Fred Huber advised the board that he was in touch with the St. Jude Hospital organization regarding their request for so many week-ends to solicit here and that they have narrowed their dates to the week-end of Sept. 9 for canning and Sept. 24 for a door-to-door campaign. The board then approved this request.

David Cohen said that the United Motor Coach Company has once again asked the village for financial aid this time for 12 months. The bus company is still operating at a loss. They suggested that perhaps the village could subsidize them by the use of MFT funds paid to the new North Suburban Mass Transit District and earmarked for the United Motor Coach Company. The board deferred action on this matter till next week.

John Hilkirk gave the following Board of Health report for January — 38 Health Inspections, 1 Air pollution complaint, 2 cases of chicken pox, 1 case of mumps, 3 dog bites and 1 cat bite. Herb Houndt told the board that last week the Public Works trucks salted and plowed on Wednesday and Thursday due to the heavy snow.

dreds coming from all directions and you can very easily get the feeling of Alfred Hitchcock's "The Birds."

We spent a day driving along the Gulf coast down to St. Petersburg Beach and then cut over to St. Pete itself to visit the Sunken Gardens. It's an interesting tourist site if you enjoy birds of all varieties in their natural settings along with the beautiful gardens. It broke our hearts to watch the gardeners chopping thru poison ivy bushes eight feet tall and profusely in bloom. And while we were thinking of Dad back home shoveling snow from the driveway, they were busily running their power mowers thru the green turf.

For anyone who is a lover of seafood, there are many excellent restaurants such as Fisherman's Wharf, The Seaspire, Oyster Bar and Red Lobster. The only thing about these places was it seemed we were always seating next to a gentleman who licked his chops as he devoured oysters by the dozen. If you're not a lover of this delicacy, it can be quite uninviting as you try to enjoy a lobster or shrimp dinner which makes absolutely no noise at all.

After spending the day on a fishing trip, Son No. 1 returned proudly with his catch of 19 rockies and one Sea Bass. He promptly laid them in the trunk of our rented Pinto and after taking a few photos of them back in the motel parking lot, we pondered the question of what to do with them. We were sure the motel management would frown if we put them in the bathtub, so he decided to take a walk along the bay to see if there were

study, while Leske and Provenzano passed on the vote, Sullivan was absent from the meeting. Leske noted while he had no objection to the study he felt the timing of it was wrong.

In the second action Tuesday night the Jonquil Terrace property, now owned by school district 64, was discussed at a meeting with the park board. A second meeting will take place February 23 at the administration building, after both districts have appraisals for the 5 acres which was purchased in 1964 for \$50,000. It is anticipated the per acre price may be \$50,000 which would result in a \$250,000 asking price.

Both Santo and Beckert helped open the Blase for Congress Dennis for Delegate Skokie Campaign Headquarters Friday evening, Jan. 28, by autographing photos for more than 200 youngsters and their parents.

Both Santo and Beckert have endorsed Niles Mayor Nicholas Blase for the 10th District Congressional seat. The two Cubs have businesses in the area and Santo lives within the district as well.

Friday also marked the formal launching of the campaign of Charles Leslie (Les) Dennis of Des Plaines as candidate for Delegate to the Democratic Party's National Convention.

Dennis is International President of the Brotherhood of Railway, Airline and Steamship Clerks, Freight Handlers, Express and Station Employees and is a Vice President of the AFL-CIO.

Dennis, who is running as an uncommitted delegate from the 10th District, said, "With so many candidates seeking the Democratic Presidential nomination, it seems unwise to be committed to a candidate who might well withdraw before the National Convention even gets under way. On the other hand, the best qualified candidate may well be one who is yet undecided."

Three debates already have been held: Jan. 8, Southwest Action Group of Evanston; Jan. 27, Niles Township Democratic Organization; and, Jan. 31, New Trier Township Democratic Organization.

Baird listed the other debates and joint appearances, involving Congressman Mikva and his challenger:

Feb. 13, 7 p.m., Unitarian church of Evanston, 1330 Ridge ave., Evanston.

Feb. 18, 10 a.m., New Trier West High school, Northbrook.

Feb. 20, 8 p.m., Congregation B'nai Jehoshua Beth Elohim, 901 Milwaukee ave., Glenview.

Feb. 23, 8 p.m., Northfield Township Democratic Organization (site to be determined).

March 13, 10:45 p.m., "Contact" radio program, WIND.

March 19, 6 p.m., "Confrontation" radio program, WMQ.

With the exception of the radio programs, each appearance by Congressman Mikva is open to the public.

Baird also said that the Citizens Committee for Congressman Mikva had tried to arrange other debates through the League of Women Voters, but the League replied that it would hold candidates' meetings only after the primary election.

Local ice rinks, and the Glenview Heights gym, have been well attended according to Com. Kee-

any fishermen trying their luck at sundown. He met an elderly angler there and asked him if he would want the catch. After making sure it wouldn't cost him anything, he opened the trunk of his car and dumped the catch into a cardboard box. "Boyl Wait till Mama sees this," he remarked as he drove off. It made two people happy — Son No. 1 because his proud catch didn't go to waste and an elderly angler because "Mama would be pleased."

Another day's journey into Tampa included a visit to Busch Gardens and a tour through the Anheuser-Busch brewery where we watched automation at its peak, but also the necessity of man. The bottle-capping process was not working correctly for a few minutes and as we watched beer bottles exploding on the line, a handy mechanic with his trusty wrench corrected the problem in a matter of minutes and the automation proceeded. They cap 500 bottles a minute and 1,000 cans a minute, so those lines really move. After touring the brewery, we rode the monorail through the wild animal kingdom they have there and visited the Boma which is a section set aside for physical contact with small animals. The look on the faces of the small children visiting there was something to behold as they fed the baby goats their morning bottles and rode a small donkey around the enclosure.

After a week of absorbing all the sunshine legally possible, we returned to O'Hare where Dad and No. 2 son met us with open arms and galoshes so we could make our way back to cold, snowy Niles.

Santo and Beckert Help Open Blase-Dennis Headquarters

Chicago Cub All-Stars Ron Santo and Glenn Beckert helped open the Blase for Congress Dennis for Delegate Skokie Campaign Headquarters Friday evening, Jan. 28, by autographing photos for more than 200 youngsters and their parents.

Both Santo and Beckert have endorsed Niles Mayor Nicholas Blase for the 10th District Congressional seat. The two Cubs have businesses in the area and Santo lives within the district as well.

Friday also marked the formal launching of the campaign of Charles Leslie (Les) Dennis of Des Plaines as candidate for Delegate to the Democratic Party's National Convention. Dennis is International President of the Brotherhood of Railway, Airline and Steamship Clerks, Freight Handlers, Express and Station Employees and is a Vice President of the AFL-CIO.

Dennis, who is running as an uncommitted delegate from the 10th District, said, "With so many candidates seeking the Democratic Presidential nomination, it seems unwise to be committed to a candidate who might well withdraw before the National Convention even gets under way. On the other hand, the best qualified candidate may well be one who is yet undecided."

Three debates already have been held: Jan. 8, Southwest Action Group of Evanston; Jan. 27, Niles Township Democratic Organization; and, Jan. 31, New Trier Township Democratic Organization.

Baird listed the other debates and joint appearances, involving Congressman Mikva and his challenger:

Feb. 13, 7 p.m., Unitarian church of Evanston, 1330 Ridge ave., Evanston.

Feb. 18, 10 a.m., New Trier West High school, Northbrook.

Feb. 20, 8 p.m., Congregation B'nai Jehoshua Beth Elohim, 901 Milwaukee ave., Glenview.

Feb. 23, 8 p.m., Northfield Township Democratic Organization (site to be determined).

March 13, 10:45 p.m., "Contact" radio program, WIND.

March 19, 6 p.m., "Confrontation" radio program, WMQ.

With the exception of the radio programs, each appearance by Congressman Mikva is open to the public.

Baird also said that the Citizens Committee for Congressman Mikva had tried to arrange other debates through the League of Women Voters, but the League replied that it would hold candidates' meetings only after the primary election.

Art Department Competition

The National Scholastic Art competition has once again painted its way to Meine East. The Evanston Regional, in which area schools compete, is conducted by Scholastic Magazine. Some of the schools competing against Meine East will include Evanston, New Trier East, Highland Park, Niles North, Deerfield, and about 30 others.

The Scholastic Magazine judging will be done Jan. 30, with the schools competing in two categories — group one, freshmen, and group two, sophomores, juniors, and seniors. Each category has 16 divisions, some of which include pencil drawing, oil painting, ceramics, sculpture, and printmaking.

There are awards for each division, place awards, Gold Key awards, and Blue Ribbon awards. The place award is given to work placed in the regional show open to the public at Wieboldt's in Evanston from Feb. 5 through Feb. 26.

The Gold Key award is for superior work in the regional show, and the Blue Ribbon pieces go to the national competition in New York. Awards given in New York consist of an Honorable Mention Certificate or a Gold Medal Award for the best piece of work in each division. Last year there were approximately 3,500 pieces of art work submitted by 35 schools. Out of that art work about 750 awards were given, Meine East took 215 of those 750 awards.

Notre Dame Ski Club

The Notre Dame High school Ski club will travel to Switzerland on March 30 aboard a Swissair 747 Jet from Chicago to Zurich. The group will return to Chicago on April 7 after an all-inclusive tour that will include skiing at many different areas in the Swiss Alps, and lodging at officially rated first class hotels, with an indoor swimming pool.

Several openings in the tour are still available, announced Charles Wilson, moderator of the club, who will accompany the tour. "We are getting an especially good deal on this trip," commented Mr. Wilson. "The late schedules of the airlines are scheduled to increase the day after we leave.

Interested parties may contact Walter Durso at the Chicago office of Swissair Airlines, announced Mr. Wilson. The all-inclusive price of \$359 requires a deposit by the end of January.

Loyola Concert

The Loyola Academy Concert Wind Ensemble will present a most unusual "Pop Concert" in a summer setting, Sunday, Feb. 6, at 3 p.m., in the academy gymnasium, 1100 N. Laramie ave., Wilmette. The concert will be under the direction of Kenneth A. Bartosz, Chairman of the Fine Arts Department.

Two Laps (boys 12 and 13) - Wally Beusse, 1st place; Rob Schultz, 2nd place; Karl Aschacher, 3rd place.
