Who speaks for the little guy?

This week in Bugleland it's the girls.

In Niles one of the Jones girls went to bat on behalf of the natives. Millie Jones is the name, and I'd sure rather have her on my team than on the opposition's ball club.

Millie Jones didn't like the idea another Taco restaurant was seeking a home on Milwaukee ave. The village had a request for a zoning petition from a Taco eatery which would be placed directly across the street from the now existing Taco restaurant. Millie, who has the rather presumptuous idea this is her town, began to warm-up in the bullpen. She telephoned The Bugle several weeks ago and told us she wanted to do something to oppose the restaurant. She spoke to The Bugle, she contacted the Mayor, and then she contacted all her neighbors, some 500 or more, and had them sign petitions protesting the requested Taco zoning. By the time she'd finished beating drums in this cause, the Zoning Board unanimously rejected the Taco owners' request.

Tack one up for the little guys.

Well, the battle may have been won, but the war can still be lost. While the petitioner has not sought to come before the village board, he still may do this, in hopes of having his request granted. This elected board can overrule the appointed zoning board, though it is highly unlikely. Should this second battle be lost by the Taco owners they could

**Buy Your Buddy Poppy Today**

Niles VFW Post 7712 and its Ladies Auxiliary will be selling poppies today. You will see them at street corners and shopping centers volunteering their time to help the veteran. The Buddy Poppy program of the Veterans of Foreign Wars and its Ladies Auxiliary is one of the most important programs of the organization.

The poppy is made and assembled by disabled veterans confined in VA hospitals across the nation. These men are paid a nominal wage for their services. This gives them a little spending money for incidentals and gives them the opportunity to keep their minds occupied from the long boring hours of being confined in a hospital. Sometimes, making poppies is part of the therapy program, exercising fingers and hands crippled by wounds or disease.

The profits from the sale must be deposited into a special Relief Fund of the local Post and can only be used to aid the veterans in hospitals and to assist needy families. The services made possible through your purchase of a Buddy Poppy are available to all needy veterans and their families

**\$250,000 PARK BONDS SALE OK'D**

Everything's coming up roses for Niles-Park District, as manifested by the announcement at Tuesday night's meeting the Bank of Niles will purchase \$250,000 of revenue bonds for the enclosure of the ice rink at the Bal-lard Sports Complex. In a press release handed out at the meeting park president Jerry Sullivan noted: "The financial success of our first year's operation was one of the convincing factors for the Bond purchaser."

In a second announcement of good news park director Helmut Dressler reported the first two

weeks revenue from the Little Tain golf course was \$8,148, which he said was "far beyond our conservative estimates." The park board had projected an estimated \$95,000 gross for the coming season but with the optimistic first two weeks report (despite such inclement weather) Dressler said the season's golf course gross may exceed by \$25,000-\$30,000 the original estimate.

In a third action of much significance Walter Beusse was elected president of the park board for the upcoming fiscal year and incumbent president Sullivan was elected vice president. In turning over the reins to Beusse, Sullivan noted the new president's tremendous effort he has made on behalf of the district and pledged his wholehearted support for the future. Beusse is the "mover" behind the ice hockey rink and has been instrumental in its being built, as well as in its success.

In a fourth action William Hughes, 26, was chosen superintendent of recreation at a salary of \$12,300. Hughes was chosen from 151 applicants. In commenting on the choice Dressler said his ability to communicate with young people and his personal involvement in park programs impressed board members leading to its choice over many other well-qualified applicants.

**Maine High Teachers Receive Salary Hike**

A 1972-73 salary schedule for the teachers of the Maine Township High Schools was approved by the Dist. 207 Board at a special meeting and reflects an increase of 2.25% over the current salary schedule. This salary package proposal is subject to approval by the Executive Committee of the Teachers' Association. The increase will make the beginning teacher's salary \$8,590, an increase of \$190 and the top salary of the district \$19,110, an increase of \$420. This salary would be for a staff member with a Master's degree plus an additional 64 hours of graduate credit. The agreement also includes additional Blue Cross/Blue Shield/Major Medical benefits.

### Clean Up Week Cooperation

Clean-Up Week, like Fire Prevention Week, re-emphasizes the importance of a clean home. Such observance calls for action on the part of all local residents by eliminating fire hazards, and by devoting this week to keeping our community clean and orderly.

During Clean Up Week, which is May 21-27, Public Works will pick up rubbish Monday thru Friday but you must call 647-8565. During the entire year, rubbish is picked up every other

Friday in your neighborhood.

Don't be guilty of "Home Pollution." Eliminate the combustible clutter we let pile up in attics, basements, closets and garages, and let's continue to have a Village we can be proud of.

Shown above Mayor Blase congratulates members of Niles Public Works Department and Inspector Alex Weber, of the Niles Fire Department, on the teamwork between the departments which is necessary for an effective clean up program.

### 'Fires and Wires'

The hazards of electricity and firefighting were the subject of a class discussion recently between Niles firefighters and representatives of the Commonwealth Edison Co.

A film entitled "Fires and Wires," produced by the Detroit Edison company, was viewed by all firefighters. It showed the proper procedures to be used by emergency personnel.

According to Arthur C. Truel-

sen, Safety Advisor for the company, the important thing to remember for all people and emergency personnel is do not tamper with downed wires unless it is absolutely necessary.

Truelsen said that a guard should be posted until the arrival of company personnel. He said more people are killed each year by tampering with ordinary household current than with high voltage lines.

### Cook County Vehicle Stickers

Phillip Raffie, Maine Township Clerk, has stated that the tremendous volume of phone calls to his office has indicated a great deal of confusion exists regarding the new Cook County vehicle tax stickers and there is an obvious need to try to clarify the situation. It also seems that many people are unaware that they will have to purchase these stickers, while still others confuse this tax with another tax to be paid on the purchase of a new car.

The new Cook County vehicle sticker tax requires that a tax of \$10 or \$15 (depending on horsepower) be paid on each car in the unincorporated area of Cook County. On Dec. 30, 1971, George Dunne, as President of the Cook County Board, announced the County Board had approved the passage of this tax to be effective on January 1, 1972. However, since this was passed so late in the year it was not known at that time when or even how it would be implemented. Since it seemed obvious that nothing would be available by Feb. 15, Mr. Raffie stated that he then made his decision to continue to issue the Maine Township courtesy stickers which he has issued, free of charge, for years.

In March, George Dunne announced that the applications for

the vehicle tax stickers would be available in April with the deadline for the displaying of the stickers to be May 15, although last week this deadline was extended to June 1.

Mr. Raffie further stated that in the interim a class action suit had been filed by citizens who feel this tax is discriminatory and unconstitutional. So far there has been a Circuit Court ruling that all revenues collected must be placed in escrow pending the outcome of the suit. Hearings on the suit to abolish the tax will begin on May 10.

It is Mr. Raffie's sincere hope that this information will answer many of the questions people have, since this is the information sought by most of the people now calling his office. He most particularly wishes to make it clear that the free courtesy stickers previously issued by his office will not be sufficient to meet the requirements of the new County tax.

Since Maine Township is in no way involved in this new tax, neither applications or tax stickers are available at the Township Clerk's office. However, applications may be obtained at the North Maine Fire Station at 9301 Potter rd. and the Des Plaines City Hall.

### May--Mental Health Month

(L. to r.) Irene Werner, 7814 Keystone ave. in Skokie, Mrs. William S. Quaver, Jr., 5044 Overhill ave. in Norridge, and Mrs. Sheldon Wright, 7639 Churchill st. in Morton Grove, were honored by the Mental Health Association of Greater Chicago for serving as Bell Ringer marchers 5 consecutive years. Leon Drew, vice president and general manager of WBBM-TV, Association board member and public relations committee chairman, helps the women fill a postal bag with marcher assignment kits in preparation for the 1972 campaign.

Five hundred and forty-three volunteers recently were honored by the Mental Health Association of Greater Chicago for serving as Bell Ringer marchers 5, 6, 7 or 8 consecutive years. Bell Ringers call on their friends and neighbors annually during May, which is National Mental Health Month, to distribute information on mental illness and to pick up contributions to support the Association's programs on behalf of the mentally ill.

This year, Culver J. Kennedy,

midwestern territory vice president of Sears, Roebuck and Company and the Association's campaign chairman, has set a goal of \$340,000. The Mental Health Association of Greater Chicago is the only full time, citizens' organization working for improved treatment and care of the mentally ill in Cook, Lake and DuPage counties. It receives no funds from the government or the Crusade of Mercy.

25,000 Bell Ringers will again be making calls this May. Persons wishing to serve as Bell Ringers should contact the Mental Health Association of Greater Chicago, 407 S. Dearborn st., Chicago 60605 - 922-0703.

### Notre Dame Glass Recycling Center

A group of Notre Dame High school students have begun a glass recycling center at their school, located at 7655 Dempster st., in Niles. Organized to aid in the recycling of glass, a major ecology problem, the center collected 6.6 tons of glass in its first period of operation.

Although the recycling center has been successful in collecting a large amount of glass, it has created certain problems, according to Chairman Bob Simeone and Matt Keifer, Notre Dame seniors. Neighborhood children break glass in the school parking lot. Some people use the center as a handy place to dump garbage, which is not needed or usable. Notre Dame seniors Marty Quirk and Tom McMonagle, who are consultants in the project, say that the project center may have to be moved to the back of the school because of these difficulties. At the moment, the center is located on the Dempster st. corner of the parking lot, and anyone who has recyclable glass is welcome to bring it to the center.

# Golf Mill State Bank Honors Veteran Employees

Robert A. Sharpe, president of Golf Mill State Bank (r.) presents ten-year service pin to Mrs. Wanda Morowski, bank employee, Leonard W. Happ, bank vice president, is at the left. Bank recently formed "The Golf Clubbers" organization to honor its 17 veteran employees and presented service jewelry to all members, Mrs. Morowski is the most senior member of the \$25 million bank staff.

Golf Mill State Bank, Golf Mill Shopping Center, has formed a new group of employees called "The Golf Clubbers" honoring 17 veteran employees with 5 or more years of service at the bank, according to Leonard W. Happ, vice president.

The bank recently inaugurated the "Golf Clubbers" program by holding a recognition dinner at the Millionaire's Club, Niles, and presenting eligible bank employees with specially designed service jewelry. Two 10-year employees, Mrs. Wanda Morowski and Mrs. Rose Giles, were presented with 10-year pins to commemorate the occasion.

The bank will soon observe its 11th year of operation, having opened for business at its present shopping center location on July 1, 1961. With deposits as of March 31, 1972 of over \$25 million, the bank has experienced rapid growth and recently announced it will move into a new three-story building now under construction.

The bank's new location will be on a five-acre tract immediately south of the Golf Mill Shopping Center at the southeast corner of Greenwood and Church sts. Six auto service lanes and a lobby area for walk-in banking will be included in the new building. Completion of the \$2 million project is scheduled for October of this year.

"We're quite proud of the fact that over half of our bank's full-time staff totaling 34 people have at least 5 years or more of service with this bank," said Mr. Happ. "In these days of high turnover rates for most businesses and with fewer numbers of career-type people in banking, we felt this was a remarkable record and wanted to formally recognize these people for their service and loyalty."

In addition to Mrs. Morowski and Mrs. Giles as ten-year employees, others receiving service awards from the bank were: Five year pins - Mary Cullen, new accounts; Anthony Gaddini, assistant to the president; Joanne

# Golf Mill State Bank Honors Veteran Employees

Robert A. Sharpe, president of Golf Mill State Bank (r.) presents ten-year service pin to Mrs. Wanda Morowski, bank employee. Leonard W. Happ, bank vice president, is at the left. Bank recently formed "The Golf Clubbers" organization to honor its 17 veteran employees and presented service jewelry to all members. Mrs. Morowski is the most senior member of the \$25 million bank staff.

Golf Mill State Bank, Golf Mill Shopping Center, has formed a new group of employees called "The Golf Clubbers" honoring 17 veteran employees with 5 or more years of service at the bank, according to Leonard W. Happ, vice president.

The bank recently inaugurated the "Golf Clubbers" program by holding a recognition dinner at the Millionaire's Club, Niles, and presenting eligible bank employees with specially designed service jewelry. Two 10-year employees, Mrs. Wanda Morowski and Mrs. Rose Giles, were presented with 10-year pins to commemorate the occasion.

"We're quite proud of the fact that over half of our bank's full-time staff totaling 34 people have at least 5 years or more of service with this bank," said Mr. Happ. "In these days of high turnover rates for most businesses and with fewer numbers of career-type people in banking, we felt this was a remarkable record and wanted to formally recognize these people for their service and loyalty."

In addition to Mrs. Morowski and Mrs. Giles as ten-year employees, others receiving service awards from the bank were: Five year pins - Mary Cullen, new accounts; Anthony Gaddini, assistant to the president; Joanne

Goczkowski, bookkeeping manager; Leonard Happ, vice president; Eleanor Haberkorn, proof operations; Betty Hartje, general bookkeeper; Bonnie Lindberg, installment loan officer; Marie Leland, note teller; Virginia Lynch, installment loans; Kathy Perrone, teller; Elizabeth Sansone, new accounts; Robert Sharpe, president; and Lillian Wadas, safe deposit vault. Also, a 10-year service pin was presented to Anthony Paulusis, former Auditor, who retired last January.

The bank will soon observe its 11th year of operation, having opened for business at its present shopping center location on July 1, 1961. With deposits as of March 31, 1972 of over \$25 million, the bank has experienced rapid growth and recently announced it will move into a new three-story building now under construction.

The bank's new location will be on a five-acre tract immediately south of the Golf Mill Shopping Center at the southeast corner of Greenwood and Church sts. Six auto service lanes and a lobby area for walk-in banking will be included in the new building. Completion of the \$2 million project is scheduled for October of this year.

**Seek Funds for Physically Handicapped School**

During the regular school year a State supported program for pre school and primary age physically handicapped students is conducted at Jefferson school, District 64. Funding for this project is through federal, state, and local support. However, during the summer no provisions are made for a continuing program for these children supported by public funds.

During the past 3 summers a program for these children has been conducted on a private funding basis. Most funds have come from parents of the students with supplementary money from Ways and Means projects by the parent group and local service clubs.

The professional staff who work with the children the rest of the year find that the summer program has the distinct advantage of expanding the kinds of activities that can be done and are unable to be carried on in the winter, such as, field trips, outdoor activities, and highly individual programs for the needs of the individual child. In addition, the summer program devotes a great deal of time, which cannot be spent during the regular school year, on diagnostic procedures for determining better ways to help physically handicapped children in their learning activities.

To help fund the summer school program a Shop-In at Thompson's, 901 Touhy, Park Ridge will be held on Tuesday, May 23. The summer school for physically handicapped students will receive 7% of your sales before sales tax. **Girls' Glee**

Who can possibly be making melodic sounds before 9 o'clock in the morning? While most kids are dozing off in their first period class, the girls in Girls' Glee, under the direction of Mr. Tabor Kelly, are athletically warming their voices to sing.

Athletically? What does athletics have to do with it? Singing is a lot more than most people think. A strong sound can't come out of a throat without proper body support. To produce a good, strong sound, the jaw and throat must be relaxed, but the stomach muscles must be very firm. This takes practice and hard work.

There are exercises for learning the techniques, pulsations and blowing for tightening stomach muscles or soboring for keeping the jaw relaxed are two examples. As for tongue position, there are phonetic symbols to be learned and practiced. Combine these things with

### Northwest Suburban Jewish Congregation

Schedule of Shavuot Services for the Northwest Suburban Jewish Congregation, 7800 W. Lyons St., are as follows:

Erev Shavuot - Thursday, May 19, 7:30 p.m. 1st Day, Friday, May 19, 9:15 a.m. 2nd Day, May 19, 8:15 p.m. 2nd Day, May 20, 9:15 a.m. Yiskor, May 20, 11:30 a.m.

The holiday of Shavuot combines the celebration of history, nature and religion. In the western world the ancient Greek name of Pentecost (Holiday of the 50th day) is often used. This refers to the fact that 7 weeks from the time the Jews left Egypt they stood at Mt. Sinai to receive the Torah. Thus we begin counting the Omer on Passover as a daily offering for 49 days celebrating Shavuot on the 50th with a final offering comprised of the harvest of the Hag ha-Bikkurim. The harvest is symbolic of God's first gift of Torah at Mt. Sinai. In this 7-week period, Jews became free, grew into a nation and signed a Covenant with God. This combination of freedom, thanksgiving, and affirmation of faith in Torah is called Shavuot. Friday Evening at 8:15 p.m. Shavuot Services, Graduation for 1971/72 Class of forty five students who have completed 5 years of Hebrew study will be graduated. The class will present an original cantata, "If I Forget Thee", directed by Mrs. Joyce Greenberg. Mr. Shael Siegel, representing the School Board will present the diplomas. The Graduates include:

# LETTER TO THE EDITOR

## Dog Bite Victim Escapes Rabies Shots

Dear Mr. Besser:  
I want to thank The Bugle for helping to locate the owner of the dog that bit my son on April 29th at the Little League practice game at Grennan Hts. When it became apparent that my son would have to be subjected to painful rabies shots if we could not locate the dog, I called The Bugle. The day after the story appeared, the dog's owner unable to contact me called

The Bugle's office and within the hour we had all the necessary information.

Without your helpful assistance this might not have been accomplished. We are very grateful for all of the help The Bugle gave us.

Sincerely,  
Mrs. Eunice Cole

## Hunger Hike Worthwhile

Dear Editor:  
The North Suburban Hike for Hunger last Sunday involved thousands of people, most of them under 21, who walked 20 or 30 miles through the rain to help less fortunate people in this country and elsewhere in the world. They deserve a great deal of credit: they raised money which will be used to help feed, clothe and educate the poor and underprivileged and they help dispel the myth that this generation is an apathetic generation.

Their selflessness was contagious. I saw countless examples of people going out of their way to be kind and generous. (On a cold and wet Sunday when you've walked 10 miles, kindness is a dry place to stand and something hot to drink.) For example, at one bowling alley in Morton Grove, the manager let hundreds of walkers come inside to get dry and warm up — even though it probably "disrupted" business a little bit.

The Hike for Hunger was worthwhile — not just for the money it raised — but for what it said about the kinds who took part, and all the people they affected.

Sincerely,  
Abner J. Mikva  
U.S. Congressman

Dear Editor:  
Last weekend, Morton Grove was cleaned of its trash and litter from boundary to boundary by the enthusiastic efforts of the village's young people. Collections of litter, neatly bagged, waited at strategic locations for pickup. Disposal trucks removed it from the village, relieving our own dump of this burden.

For a brief period, citizens saw the efforts of these laborers. Early into this week, litter again began to appear. It began first in our heavily trafficked business areas, but soon spread its blight throughout the village.

The vallant efforts of our young people on an annual clean up drive taught us what can be done. We have failed to give them our support.

Litter is your business. It's everybody's business. Litter is bad business and a clean village is good business. Let's keep Morton Grove Beautiful.

then seek a ruling from the courts. But since the road is a long one, Millie Jones and her cohorts may have won the war.

Millie Jones speaks for the little guys.

Carol Verson, another Nilesite called The Bugle this past week and agreed with us some resistance should be organized in opposing the shopping center on Golf rd. She said she spoke to Niles village president, and he told her she should contact the landowner, Mort Fink, owner of Fink's Links, where the center will be located.

It would have been nice to report an elected official speaks for the little guy, but the man said to Carol, "Go speak to the landowner."

Well, Mr. Fink is a very fine fellow. He owns the Golf Mill theatres, the land where another center is being built on the golf course on Golf rd., and in the past has owned much acreage on both sides of Milwaukee ave, from Golf rd, south to Ballard rd. In our early days in Bugleland we knew his father, who acquired much property, including land in the Harlem-Irving Park area, where the shopping center, the kiddie land and the old Community Discount were located. So this is the man Carol is to contact and ask him not to build his center.

Whether or not she contacts Mort, she is going to be involved in following the Millie Jones tactic of seeking petitions from the community. Carol said the Courtland-Park area will be out in force in opposition to the center, and who knows, perhaps the effort may pay off. Whatever the outcome, it's another lady, Carol Verson, who speaks for the little guy.

Monday night we received a phone call from Lili Charney in Morton Grove. She suggested we attend the Maine Township High School board meeting regarding the state champion debating team.

Two Maine debaters, Bob Feldhake from Des Plaines and Neil Blumenfeld from Morton Grove, are state champions who are eligible for the national finals in North Carolina. Because of the money shortage in the district, there is no money available to send the boys and their coach to the nationals. But this was no obstacle. Coach Bob Swanson and interested parents were prepared to seek the needed \$700 from the community.

Now pay close attention. Here was the rub. Not only would the school district not be able to pay for the boys but the policy of the school is no money can be solicited in the name of the school, and a letter would have to accompany any money request which states the Board does not support such an effort. That point should be emphasized. In their seeking of any money this negative letter stating the Board did NOT support the effort and the name "Maine East" could not be included in the request is school policy.

Twenty-six year old debating coach, Bob Swanson, made an eloquent bid, which did result in a resolution from the board, giving the effort its wholehearted support, and commending the team for its efforts. The efforts included 13 championships, including the Illinois State championship. Swanson said the boys had spent 4 years studying debate, which included 10 hours of extra curricular activity on 17 consecutive Saturdays, as well as voluntarily working 3 summers at their own expense in this field.

Swanson noted the boys accumulated 175 trophies and awards during the debating years which were culminated in this state championship.

In defending the school board policy Superintendent Short asked, "How far do we go?" He said there were other groups which may seek to attend national programs and asked where should the line be drawn? He told The Bugle later this question has often been raised as to the importance of such national efforts. He said the board is concerned about all sorts of fund-raising on behalf of school activities which resulted in the blanket policy.

Morton Grove board member Leonard Grazian introduced the resolution which made an exception to Board policy, and received the wholehearted endorsement from the Board.

It all seemed like something out of 1984, where bureaucratic red tape and inflexible rules almost defeated the very educational effort the Board is working for. And while the good judgment of all won out over this inflexibility, nevertheless, it left listeners a bit shaken it was necessary for citizen action to be taken to override this policy.

In the aftermath of the discussion Coach Swanson said he'll be leaving Maine East this year in favor of a similar post at Augustana college.

Again, it left us with a feeling of dismay. A young 26 year old teacher develops a state championship debating team, which means he must be an outstanding teacher. And then he told us he's moving on partly because Board policy will be cutting the budget by 50% for debating the coming year.

Not only will they lose a top man in his field, but now they'll have to seek another teacher to fill this post. Swanson said when the new policy was created no debating representative was consulted regarding the needs of this program, which was one reason he sought other employment.

Despite the loss of an excellent teacher, the little guy was spoken for Monday night, and the little guy came out a winner. The Lili Charneys and her friends showed up at Monday's meeting, and gave support to Swanson, in his successful request for school board support.

If we may add a postscript to this column, any readers who would care to donate any amount of money to send the debaters to Winston-Salem should send it to Bob Swanson, Debating Coach, Maine East High school, Park Ridge.

# Skokie Federal's 11 ways to save and make things happen

1. Make it a habit to save some dollars every payday . . . and "take it off the top." In other words, pay yourself first, before you spend.
2. Hang on to all your dimes or quarters. Go through your pocket or purse every night, and set these coins aside for your Skokie Federal savings account.
3. If you're like most of us, you have some regular expense you'd be just as happy without (like smoking?). Put the money into savings instead.
4. Try keeping track of your expenses for just one month. You may be surprised at where your money is going. You can probably eliminate some nonessentials and save that money.
5. When you get a raise, save it. Overtime pay, too.
6. Save at least some portion of any "extra" money you receive—like a bonus, tax refund or gift.
7. If you've been paying on a car or some other "big ticket" item . . . when you've made the last installment, put the same amount monthly into your Skokie Federal Savings account.
8. If more than one member of your family is working, try to save one paycheck, or at least a substantial part of it.
9. Avoid the unnecessary cost of credit buying, by saving ahead. Be prepared for expenses like Christmas buying, vacation trips, tax and insurance bills.
10. Every once in a while, step up your savings program for a month or more. There is always some luxury spending we can cut out temporarily without hurting too much.
11. Leave your earnings in your Skokie Federal account to compound every quarter. Compound interest helps build your balance faster.

### Golf Results

By Bill Wilson  
 The Maine East golfers opened up their season last Monday, April 10, with a non-conference loss to Niles North. The final score was Niles 169, Maine East 170.

Low scorer for our team was Jeff Castles, who shot a 42 for nine holes. He was second over-

all, however, to Niles first man, who shot a two over-par 37. Other scorers for our team were Ray Andjich with a 43, Brad Kroll with a 42, and Chuck Stone with a 43.

The match was played, according to one player, in near perfect weather conditions at Rob Roy Country Club in Arlington Heights, and even though the grounds were a little wet, fairly good scores were turned in.

Varsity coach Don Keane commented that the scorers were really close, and while it was the first match, the players shot pretty good.

### Baseball Results

By Fred Parker  
 Being only one-half game out of first in the West Suburban Conference, the Demons fell slightly out of contention by losing two of three games, making their record 5-4-1.

The first setback came against La Grange on the Demons' home field. Bob Lloyd started his first conference game and was relieved by Tom Kalnes. The Demons were losing 4 to 1 in the sixth when all of a sudden their bats came alive and tied the game. Big bats were by Russ Anderson

and Dan McDonnell. In the seventh La Grange came up with two runs and went on to win, 6-4.

The next day the Demons played Proviso West, who have been in first place all season. The Demons got off to a quick start and scored two runs on four hits in the first inning. Greg Maloney then took to the mound for the Demons and tried to cool off the awesome hitting attack of the Panthers.

The Panthers pounced on Maloney's offerings and by the time Greg left in the fourth inning due to a sore arm Proviso was ahead, 4-2. Tom Kalnes relieved Greg then Joe Darby relieved Tom. The Maine East team scored another run in the seventh, but by that time the score was 8-3.

The Demons got back on the winning side against Glenbard West, 5-1. Glenn Sedjo hit a tremendous home run to put the Demons out in front in the second, 1-0.

The Hilltoppers tied it up with an unearned run in the second. The Demons' bats came alive again in the sixth and scored four more runs, and Fred Parker went the distance, picking up his third straight conference win, striking out nine, walking one, and allowing four hits.

### Maine East Tennis Club

Maine East freshman racketman Scott Brown at first doubles hits forehand. In competition with Glenbard West May 4, the Maine East varsity lost, 5-0, but the Demons frosh-soph beat the Hilltoppers 5-0.

### Maine GOP-Demos Benefit Baseball Game

Thomas Flynn yesterday in the name of the Maine Township Regular Democratic Organization challenged the Regular Republican Organization of Maine Township to a baseball game for the benefit of the children's ward of the Lutheran General hospital. Tom Flynn said that the loser of the game would donate \$100 to the children's ward and the winner \$99. The combined donation would be spent for the benefit of the children. He suggested that the game be a five or seven inning "16" inch softball game at a location chosen by the Republican Organization. He further suggested that each of the 5 news-

paper chains in Maine Township supply one reporter to act as an umpire. He predicted that the game would draw a huge crowd and that the most appropriate day would be July 2, a Sunday, during the afternoon, July 2 is two days before Independence Day and it is appropriate that the two political parties join together in a show of local-national unity for a very worthy cause. Mr. Flynn then asked that the two Presidents of the Organizations meet and discuss the details of the game. He also requested that Herman Herzog, publisher of the Niles Review, act as the honorary chairman and

decide any contested issues. Mr. Flynn also asked the Young Democrats and Republicans Organizations to act as crowdmarshalls and also solicit donations from the crowd for the children's ward of Lutheran General hospital. He suggested that no candidates for office participate in any capacity except as players or coaches. "Coach" Nick Blase told Tom Flynn that his striking baseball players had all signed contracts for the season and were itching to play their first (and possibly last) game of the season. Coach Blase said we expect to win the game and win it big. He declined to predict the score.

Beginning on Wednesday, May 17, Wednesday nights will be Bingo Nights at Notre Dame High school, 7655 Dempster st., Niles, announced Rev. Donald Haycock, C.S.C., principal of the boys high school. The games will begin at 8 p.m. every Wednesday in the school's cafeteria. Sixteen regular games and four special games will be played each Wednesday evening with total prizes in excess of \$800 to be awarded each evening.

In addition to the games, which will be completed promptly at 10 p.m., a social hour immediately following each set of games will feature refreshments. Refreshments will also be available during the evening. "We hope the income from bingo will aid us substantially," commented Father Haycock. "The monies derived from the game will be used for needed academic innovations to help us continue our tradition of academic excellence."

### Maine East Festival of Fine Arts

Always a crowd drawer at Maine Township High School East's Festival of the Fine Arts is the Modern Dance Concert, beginning at 2 p.m. in the Maine East auditorium on May 20 and 21. Festival dancers pictured are (standing, l.-r.) Mary Leberis, Ginny Wietzel, and Sharon Stetz. (Front, l.-r.) Sophia Kretkos and Olivere Makste.

The week-end of May 19 to May 21 marks the result of a year of hard work which will culminate for many of the students and faculty of Maine East. This is the Festival of Fine Arts. This festival has become an annual event at the school. It is in its sixth year of operation and each show has always been better than the last one. Maine East art teacher Rowland Ecker commented that "This will be the biggest and best Festival we have had so far."

There will be many different things going on in the show. These include exhibits and sales of paintings, drawings, photographs, and various types of sculpture. All art work is done by the students or faculty from Maine East. The Fine Arts Festival officially opens at 8 p.m. Friday night. At this time the band and

orchestra will give a concert in the auditorium. This will be followed by the Maine East Jazz Band, who are acknowledged as one of the finest high school performing groups in the country. Saturday morning at 11 a.m. things get into full swing. The rejuvinated fieldhouse will be bustling with activity. This is where the art work will be displayed and some of it sold. Student Shows, Faculty Shows, and Alumni Shows can be seen. An International Cafe will be presented. It will feature snacks from Italy, Germany, Spain, France and England. A photography contest will highlight the day.

Also being represented are Garden clubs from the communities of Park Ridge, Des Plaines and Niles. Botanical Show headed by Mr. Storm of the Biology Dept. will have an exhibit. Sketching, Creative Writing, Printmaking and different art demonstrations can be seen. The Industrial Art Show will be in room 166.

Saturday afternoon at 1 an old-style Folk Sing-in followed by a Modern Dance and Gymnastics show is scheduled to take place. Then at 3 there will be a Terapin Show in the pool. The last thing Saturday is a film festival in room 147. This is one of the most interesting things in the Festival as these students have come up with some very original ideas.

The Festival opens at 11 a.m. on Sunday morning. All the exhibits that were open on Saturday will again be on display in the fieldhouse. At 1 another Folk Sing-in will begin, at 2 the Modern dance and gymnastics show will begin, and at 4 the film festival will again take place. This concludes a fun-filled week-end for all.

Maine East is located at Dempster and Potter sts. in Park Ridge, near Lutheran General hospital.

### Evening of Music

The Maine East music department will present a concert on May 19 at 8 p.m. in the Maine East auditorium.

Jazz Band, Concert Band, and the Concert String Orchestra will each play several selections. For example, the Jazz Band will play "Mac Arthur Park" and "Magic Flea." "Doc's Holiday," a song dedicated to Doc Severinson, will be performed on the trumpet by Randy Waldman.

Concert Band selections include the third and fourth movements from Beethoven's Fifth Symphony, George Gershwin's "A Symphonie Portrait," and tunes from "Guys and Dolls." Soloists with the Concert Band are Bill Edwards, xylophone, playing "Hora Staccato," and Sue Katuzienski, french horn, playing "Adagio and Allegro for Horn."

### THE CORNERS

of Where it's at and What's happening.

By Ed Hanson

Some thoughts from a senior citizen... The best thing I'm saving for myself for my old age is myself.

And living in the past is great fun -- and cheaper, too.

I even remember when a baby sitter was called a mother. Also remember when I could kiss a girl and taste nothing but the girl.

Know how kissing started? Early cave man discovered salt helped him survive the hot summer heat. He also found he could obtain salt by licking a companion's cheek. Then he further discovered that this method became more interesting and stimulating if the companion's cheek belonged to the opposite sex. Then, everybody forgot about the salt.

A place which will give you all the social amenities of the romantic past plus the comforts and conveniences of modern living is ED ROBERT'S COLONIAL HOTEL, 9101 Waukegan rd., Morton Grove. There you can enjoy luxurious hotel living for less than you can rent a one bedroom apartment. In Ed's large spacious dining room there is something unusual. It's the only restaurant, I've ever seen, (and I've traveled much) that has some swivel chairs at the tables. I assume it's because so many business tycoons dine there that Ed wants 'em to feel at home.

Something that's not 'old' but new is the entertainment policy just introduced by THE BLACK RAM, 1414 Oakton, Des Plaines. Top drawer vocal and comedy stars will be featured Tuesday thru Saturday. Stars like Rickle Lane, Sonny Mars, Ray Hastings, Joe Conti, etc., etc. Joe Conti recently completed an engagement at the Playboy Club. I know Joe years back when he played Mangam's Chateau so long I once said, "Joe, you've been here so long I bet you got cooking privileges in the dressing room."

Another 'old timer' is ANGELO'S RESTAURANT & LOUNGE, 7136 Milwaukee ave., Niles. Do you know ANGELO was one of the first restaurants in the entire northwest suburbs? Back in 1942 Angelo opened his door for business and this man knows the food and beverage business from A to Z. Angelo's specializes in steaks, prime rib and seafood -- and their Italian cuisine is the greatest. And the younger-after-nine group will appreciate Angelo's too.

Did you know MARY KAY LINGERIE & LEISURE WEAR is the only shop in the Golf Mill Shopping Center to carry BALI BRAS?

While on a kindred subject want to see an ity, bity Bikini on not so ity, bity professional models? On Monday, May 22, Dick Southwick, owner of the SAFARI RESTAURANT AND LOUNGE, 9111 Waukegan rd., Morton Grove presents a BIKINI LUNCHEON from 11:30 a.m. to 1 p.m. daily. The latest Bikini styles for 1972 will be interestingly displayed by live models while you enjoy delicious luncheons from \$1.75. Don't miss THIS... see ad, this issue.

Friday, June 2 at the LONE TREE INN, 7710 Milwaukee, Niles, is "Tony DiVito Night." And watch for Tony DiVito's big ad in BUGLE NEWSPAPERS soon. NANCY (Cricket) Taylor is now a big, new star at Lone Tree.

Jake of JAKES RESTAURANT, 7740 Milwaukee, Niles, may become a senior citizen before I get the facts about his amazing career from him so that I can do an in depth profile about him. But I know Jake's a busy man these days. He couldn't hardly handle all the "Mothers Day" biz he did last Sunday.

Had dinner at ALIPIO'S RESTAURANT the other night. The food was great and they serve the largest glass of red wine I've ever been offered. Reno, and his mother, who looks like his sister, are very pleasant and accommodating people. They provide the kind of "family" type class restaurant that's a credit to the community.

If the total mileage of all the FORD cars that George Economus has sold during his 10 years at White & Cronen (across from Golf Mill Shopping Center) were totaled up, it would be equivalent to the distance from earth to Mars. ECONOMUS will save you money on any FORD you desire.

Evans and John of the DOLPHIN RESTAURANT & MINNOW LOUNGE, 8550 Golf rd., Niles, cater to all ages, young and old. It's an ideal place to take the entire family for dinner and grandpa, too. Weekday luncheons for only \$1.50.

Greek Night at the new ARISTO RESTAURANT & LOUNGE was a certain success for the hosts, Aristole, George, John. I certainly enjoyed my complete authentic dinner, and the whole evening of entertainment.

## Poppy Day

Continued from MG P.1  
orial Day to presently honor those men still fighting as well as those who gave their lives.  
The story of the poppy shows that poppies sprang up and clothed the graves hastily dug during 1917 and 1918 in "Flanders Field" in Europe where death and destruction came to hundreds of thousands of American boys before the end of the horrible war.  
Post Commander William Cunnally and Auxiliary President Mrs. Francis Selzer have thanked the public for their advance response to this program. Many localities contribute to this project when it is first announced due to expected absence from the community on the actual Poppy Day.  
Donations are tax deductible; and those who wish to send a check may forward it to the American Legion, 6140 Dempster, Morton Grove, 60053, marked Poppy Fund.  
Wear a poppy this Thursday and salute past and present servicemen.

## OK Park Bonds Sale.

The culmination of the sale of the revenue bonds to the Bank of Niles ends an era in Niles Park District which had left the district tottering on the brink of disaster. According to most reliable sources the former president of the bank had made an oral commitment his bank would purchase the bonds last year. Subsequently, the former recreation director of the park district and the park president both said the district had severe financial problems, and the alleged bank offer was withdrawn. According to park officials the withdrawal put a crimp in plans for a bank loan from another institution. The subsequent success of the park district's financial picture this past year plus the changing of the guard at the bank resulted in the recent purchase. One official noted the new head of the bank is most anxious to work within the community thus reversing a public relations blunder which reflected poorly on all concerned.  
In still other actions Helmut Dressler reported the district has a \$75,000 surplus for the year, of which \$44,000 added to a matching federal grant will allow \$87,000 for the purchase of land in the district during the

annual meeting of the general membership of the MG Chamber of Commerce in the Avon cafeteria. He invited all of the board members to attend this meeting.  
Administrator Fred Huber said in regard to the village taking over the maintenance of Lincoln ave. (from Fernald to Dempster) they should see if the county will make the necessary improvements first. Herb Houndt said he feels the village is not in a position to take over such responsibilities financially. It was decided to look into this matter with the state of Illinois before making a decision.  
Fred McClory said on Saturday morning there will be a signing of Letters of Intent by interested citizens for the Blood Donor Program and there will be representatives from the Mi-

chael Reese Blood Center present.  
He also noted another meeting about cable T.V. will be held on May 17. David Cohen, trustee said the budget deliberations were nearly concluded. He also mentioned on June 20 Richard Zembron, our Social Services Director would present his annual report. Mr. Cohen decided to defer action on the Administrator's Ordinance since Trustee Hilkin and Mayor Bode were both absent. In the Mayor's absence Ed Brice served as Mayor pro-tem. Herb Houndt said so far all work on the 50/50 sidewalk and curb replacement program was up to date. He said there was still time for MG residents to apply for this program. Ed Brice said the two new squad cars were ordered from Golf View Dodge.

coming year. It is expected the money will go for the purchase of about 2-1/2 acres of land in Jonquil Terrace, which is presently owned by school district #63. The past park referendum included the purchase of land in that area for a park.  
Other park actions included the announcement 2 softball leagues of 6 teams each will participate in a Niles league with the winner representing Niles in a Northbrook tourney.  
Minutes of executive meetings will be kept nothing who is present and what conclusion was reached at the meetings.  
Former disc jockey Dex Card was approved for running private popular music concerts at the sports complex this summer. Card will guarantee the district \$200 for each of the 12 proposed concerts, as well as a 15% of the net. Admission to most of the concerts will be about \$2.50 with a couple of concerts costing as much as \$4. Bands costing as high as \$4,000 will be brought to Niles for the programs. A group from Des Plaines The Sea Dogs, also sought the use of the complex for the running of a similar program. After hearing both proposals, Card was awarded the program.
