New Trustee 29 Years Young
(And That's Very Young)

JERRY SKAJA BRINGS YOUTH TO BOARD

Niles "over 40" village board added an "under 30" village trustee, Jerry Skaja, at the June 27 board meeting. Skaja, a funeral director, whose family owns the Terrace Funeral Home in Niles, is 29 years old, and replaces former trustee Richard Gruenwald, who moved to Des Plaines four months ago.

Not since 1961 has Niles village board moved toward youth on its village board. In that election village president Blase, and trustees Scheel, Szymanski and Wentz moved onto the Board, men in their early 30's replacing officials who were a generation older.

While Skaja's appointment by Blase only fills the remaining 9 month period before he must run for election in 1973, Skaja, like most of the present Board members, has been closely associated with Blase. He was one of Blase's staunchest supporters in the past Congressional primary election, and has been an active member of the Niles Regular Democratic Club since 1965. Presently, Skaja is serving as campaign manager for state senator candidate Tom Flynn, who is opposing incumbent Republican John Carroll in the 4th district. Skaja, who is single, attended St. Joseph Military School, Marmon Military Academy and graduated as a psychology major from Loyola University in 1965. In an after-the-board-meeting interview he told The Bugle: "I hope I can do a good job in representing the people of Niles." Skaja is a member of the Niles Chamber of Commerce, the Niles Lions Club, St. John Brebeuf and the Niles Regular Democratic Party.

In other actions at the June 27 meeting Niles officials gave the okay for the enlarging the Super City Shopping Center at Dempster and Harlem, after the center people agreed only one restaurant would be built there. The Ponderosa Restaurant is being planned for the northwest section of the center but officials, led by Trustee Pete Fesole objected to a second restaurant in the center. While center representatives had no present plans for a second

Charlie Brown might define Happiness as, "stealing away from the office on a Monday and going to a ball game with a 12 year old." But our addition to a Charlie Brown definition would be the word "frustration." Frustration is, "stealing away from the office on a Monday, escorting sixty 12 year olds to a Cub game, keeping your eye on 10 of these never-stop-eating, always wandering-off-to-the-john wondering, and coming out of it with your auditory nerves scrambled, your sense of humor de-sensitized, and your realizing 4 kids later, you really never understood them in the first place."

Monday was a beautiful day for escaping the office. The sun was hot, and even in the shade of the grandstand, the winds blowing toward the outfield didn't require any sweaters to combat them.

Backing up to the beginning, we boarded a bus which read 99,000 miles plus on its odometer. It was likely it was the third or fourth time it had hit this almost 100,000 mile figure.

The kids were very orderly as they marched to their seats. By the time we wound down Harlem Avenue the girls in the front began a rousing chorus of "100 bottles of beer on the wall." Not to be outdone the boys in the back first yelled them down with phrases such as, "Shut Up" and other suburban colloquialisms which the girls ignored. The boys, whose voices are still in the girls upper ranges, bellowed a lusty "Take Me Out To The Ball Game," but didn't have the tenacity to grind down the girls "Bottles"

Blase Vows School Suit to Supreme Court

The following statement was issued by Nicholas B. Blase, mayor of the Village of Niles:

"Recently Judge Egan ruled against our lawsuit wherein we were asking that the State be declared primarily responsible for support of education and that this meant the State would contribute over 50% of the total cost of primary and secondary education. The ruling by Judge Egan was to the effect that the words "primary responsibility" as found in the Illinois Constitution do not direct the State to undertake over 50% support of education but merely suggest a social responsibility. I and others feel that the words "primary responsibility" definitely directs the State to the financial responsibility of over 50%.

It seems to me that the Illinois State Constitution is the

dogma by which we live in the State and that there cannot be any words in it that mean nothing. Many other lawyers feel the same way. Therefore, a word such as "primary" must have some specific meaning and on this theory we are going to appeal Judge Egan's decision to the Supreme Court of Illinois.

There is no question in my mind that we will not get relief from our legislators who will not react favorably unless pressured into it.

We will pursue this case to the Supreme Court hopefully for a decision that will define the responsibility of the State in and for primary support of education."

Nicholas B. Blase

Framke Named Director of Title III Program

Richard W. Framke, 1700 Marguerite terr., Park Ridge, has been appointed director of a new Title III, E.S.E.A., program designed to serve three and four year old children in Maine Township who have developmental delay problems. Announcement of the appointment was made June 27 by Dr. Richard R. Short, Superintendent of schools of Maine Township High School District 207, the administering district for the federally funded project.

Framke has been principal of District 64's Jefferson Elementary school in Niles since 1959. He has left his position there and assumed his new duties on a full time basis as of July 1.

Under Framke's direction, the Model Early Intervention Prekindergarten Program will provide diagnostic and instructional services for preschool age children living in School Districts # 62, # 63, and # 64 who show signs of delay in developing good motor coordination or who have socialization or

language problems. Through a screening process, such children will be identified and treated.

The program will provide special services for these children both prior to the time they enter school and at the time of school entry. Hopefully, this will prevent school failure in later years. In addition, the program will provide training and counseling for the parents to enable them to help their youngsters in overcoming their difficulties. There will be no charge for the services.

In accepting the directorship of the new program, Framke commented: "I am pleased to be associated with this very worthwhile project. I believe it to be a unique step forward in the diagnosis and treatment of learning problems of a large number of young children in our township."

The project director is well qualified for his new assignment. He has had more than twenty years of experience in the field of education, during which time he has conducted and evaluated experimental programs for preschool and primary physically handicapped children. He has also had experience in developing diagnostic programs and materials for preschool age children with learning problems.

Framke began his career in District # 64 in 1951 as a teacher at Field School, Park Ridge, leaving there after five years to accept a position as superintendent of schools of District # 53, Oakbrook, Illinois. He returned to District # 64 in 1958 as principal of Oakton School, Park Ridge. The following year he was appointed principal of Jefferson School, Niles.

Framke holds a Bachelor of Arts degree from Lake Forest College, a Master of Education degree from the National College of Education, Evanston, and has done graduate work at the university of Chicago.

One of his first duties as director of the project will be the recruitment of personnel for staff positions. The services of a learning disabilities specialist, psychologist, nurse, social worker, speech and physical therapist, two teachers, two interns, two aides, a full time secretary and a part time secretary are needed to implement the program.

There will be no mass screening of three and four year old children until next spring. However, later this summer, individual children of preschool age who have developmental problems will be accepted for screening on a referral basis from parents, Medical personnel, schools, or other agencies. To receive this diagnostic and instructional service, all such children, regardless of the referral source, must be registered at the public elementary school in their area of residence.

The formal proposal for the Model Early Intervention Prekindergarten Program was prepared by the professional staff of the Maine Township Special Education Program under the direction of E. Caydon Brandt, Director, and Reginald L. Hanks, Assistant Director. It was submitted by Maine Township High School District 207 to the Office of the Superintendent of Public Instruction for Title III, ESEA, approval and funding.

Questions Building of Condominiums

Gentlemen:
Each week I read your paper closely to find some report of the Morton Grove citizens' committee against the building of condominiums on the 16 acres of land across from Korvette's. There was a mention of the people on the committee several months ago, and that was the last I read. This is an important matter for Morton Grove residents, and a paper with community welfare in mind should give monthly progress reports. I am particularly interested to know:
Were there sufficient signatures on the petition to condemn the land?
Has the park board started condemnation proceedings?
Does anyone know or has anyone thought about what 492 units and 16 acres paved over for parking will do to the sewer and water runoff problem the village already has?

Oak School Sidewalks

Very truly yours,
Kenneth L. Johannsen
Principal
Oak School

Dear Mr. Scheel:
I would like to thank you and the Board of Trustees for approval of the funds for the installation of a sidewalk on the grounds at Oak school. The sidewalk installed at the north end of the entire school site along Lee st., is definitely a marked improvement to the school and to the community. It will provide increased safety for the children who live west of the school not to be required to make a double-crossover on Lee st., to walk to school during inclement weather.

How will the building effect traffic on Dempster st., Oak Park ave., and Waukegan rd.?

I certainly hope to read news about this subject regularly and expect to hear from you shortly.

Sincerely,
Mrs. Richard Stack
9133 Oak Park ave.
Morton Grove

It's a Great Place to LIVE.

The staff, pupils and parents of Oak school are truly appreciative of the interest and concern taken by Robert Kahler and Mr. Pesole in meeting with us and in helping us with this problem. The new sidewalks will greatly increase the practical and aesthetic value of the school surroundings and the local community. Again, many thanks.

Very truly yours,
Kenneth L. Johannsen

Jaffe Supporter

To the Editor:
As a voter in the 4th District, I was very pleased to see that State Rep. Aaron Jaffe (D-4) received the endorsement of the Independent Voters of Illinois.

The number of legislators in Springfield who vote their consciences as opposed to those waiting for the nod from political bosses, is pitifully small. Rep. Jaffe's freshman record shows him to be, without question, among this elite group who truly represent the people.

A good example of his independence from machine pressure was his NO vote to Governor Ogilvie's \$900,000,000 road bond issue which many democrats were coerced by party leadership into supporting as soon as promise of CTA money was tied to it. At that time Jaffe noted that it was appalling to consider that kind of appropriation for roads in view of the many more urgent human needs in this state.

More recently he showed great courage in supporting Senator Adlai Stevenson against Mayor Daley for Chairman of the Democratic National Convention's Illinois Delegation because he felt this a healthier choice in every way for the Convention.

People in this district are fortunate to have so qualified and honest a spokesman in the Illinois Legislature where the usual political game playing is to the detriment of needed legislation for our citizens.

Voters would do well to remember this in November!

Family Enrichment

(By Larry Renetzky)

The following letter was received:

"Dear Mr. Renetzky:
Would you please comment or evaluate the following situation:
Susie is 28 -- holds a master's degree. In her profession, she works and lives about 70 miles from her family. The family, in addition to Susie, consists of college educated parents and two college educated brothers. The boys are in their mid-twenties and only recently has the oldest moved to his own apartment. The parents make a luxurious living by farming land they inherited and inhabit a home and furnishings which were also left to them. At the time both sons were at home, the parents called the daughter to have her take them to Chicago for a routine health checkup which meant Susie had to take a day off from work, drive 70 miles home and then 250 miles to Chicago. Now Susie has found Jim and wants to marry him and the family opposes it. Instead of having a personal talk with Jim, the father has taken devious measures to investigate him and has lied to the daughter about Jim's salary (which Susie has knowledge of herself). Though Jim makes over \$1,000 per month the father claims he makes only \$800. (Many men support families of 6 children on a lot less than \$800 even if that were the true figure.)

Jim also is 28 -- holds a master's degree in the same profession as Susie. Jim was valedictorian of his high school class, went to two of the finest universities, has held his present job for 3 years. He was divorced last year because of an unfaithful wife. Jim's father is deceased and the mother is an office worker.

My comments are -- shouldn't Susie's parents have confidence in the guidance they have given her by now and have faith in her choice of mate? Even if Jim should not be right for her, doesn't Susie have the right to make the choice? She is not a "teenybopper" anymore at 28. If parents do not respect their children, how do they think the children will respect them in return? Do these parents really have Susie's interest at heart? Do you think Jim and Susie can find any happiness without her family's blessing?

The young couple plan to live and work in Europe for awhile and this is widening the breach. Jim has prospects of a couple of positions but must be living there to be fully considered. He has a very good recommendation from his present employer and is ambitious and well qualified so the risk of being unemployed for long is slim.

Your column in the local paper is very educational and helpful. Your Family Service Office has been helpful to me personally on two occasions and I am very grateful to have a place to go with problems.

Sincerely,
Confidential!"

Dear Confidential:
You ask some good and appropriate questions. I wish I knew what relation you are and what part you play in this. I would like to know how you touch the lives of those you are concerned about. In answer to your first question, yes -- Susie's parents should have confidence in the guidance they have given her and have faith in her choice of mate. Too often parents hold on too tight to their children. Parents can be too overprotective and possessive of their children as well as too permissive. Of course, most of us parents being human and learning how to be parents make mistakes in the process unfortunately. Being a mature parent that best is something all of us parents need to strive towards. Sometimes we never learn how to do this with all of our children because one or more of them meets our needs so much that we don't want to let them go.

I believe one of the basic problems here is that these parents who have most everything materially recognize that these material things aren't enough for them. They also need someone other than each other, namely their daughter. They have been able to depend upon her, they need her love and attention. It appears that Susie meets some of their basic needs so it is hard for them to let her go. They are afraid they will lose a daughter rather than gain a son. Of course, the threat of them moving to Europe, even temporarily, helps to confirm this immediately. I think it would be most helpful to the parents and also to Susie if she didn't have to move so far away, right after her marriage. Yet, on the other hand, she shouldn't live too close like the same community, etc., but sufficient distance to better assure that her parents won't meddle too much into their daughter's life and marriage. It will be difficult enough to make the necessary adjustments to one another without having her parents make it even more difficult. Susie does have the right to make her own choice at "28" and her parents probably recognize this, but they probably feel threatened in terms of what is going to happen to them -- how will their needs be met if Susie marries? This needs to be handled with them somehow. They need to be reassured and encouraged that they can either realistically do more for themselves and/or that other relatives and friends, perhaps even you, would help out when it is really necessary and that Susie will also be able to help in a degree before and after she returns from Europe. As long as her parents do not feel too threatened by her loss they will be able to adjust in time. Time is a great healer of this kind of wound.

Of course, there is the overall adjustment of Susie as well. Certainly marriage and this relationship will meet many of her needs, but I wonder how great her dependence is on her parents. How much does she need them to need her? This might be the reason she responds to them as she does now. This needs to be explored with her through premarital counseling or at least individual counseling before she marries. This is even more crucial considering the real possibility that she might move to Europe.

Chesterfield Homeowners

On Saturday night, May 20, the Chesterfield Homeowners Association held its Scotch Bowl party. 37 couples participated in a night of fun bowling and snacks afterwards at Hackney's restaurant in Glenview. Congratulations to Mr. and Mrs. Robert Goldberg for winning first prize with a score of 447 for 3 lines.

May 5 saw our neighbors shopping at Dominicks for our Dominick's Day to raise funds for improvements in our park. Would you believe Ron and Sheila Chedek shopped for \$181 worth on that day?

On Sunday June 4, the association held its 9th annual picnic at Decoma Camp Grounds. 370 people spent a beautiful day in the sun as they ate ice cream and pop and took part in the sports events, games, swimming, races, and kite flying contest. Trophies were awarded to the winners whose names are listed below: Marcy Cantor, Marty and Mitch Weinberger, Michael and Cheryl Hollander, Lauren Portugal, Robert Levy, Neil and Marcy Cohen, Marcy and Jay Fine, Rory Dolin, Terry Goldberg, Ronna Steinhandler, Alan and Andrew Slagel, Sandy Schaffel, Sherry Stein, Richard Fisher, Burt and Myra Friedman, Robert Wallach, Dawn Schaeffer, Laura Friedman,

Kim and Rory Leviton, Jay Lazar, Dayna Gitler, and Iris Fingerhut.
Plans are now being laid for our annual pool party which always attracts the neighbors. Special thanks for all these events go to our Social Committee headed by Annette Cohn, Sherri Miller and Bill Bers.

Exhausted, But Still Smiling

Group photo of most of the girls who participated in the 1972 Niles Youth Congress Girls' Softball Marathon. Front row includes Niles Youth Commission Chairman Ambrose Panico (center) and Marathon organizers (l. to r.) Mary Ann Massari, Phyllis Keopke, Niles Youth Commission Marathon Chairman and Donna Bavaro.

Well, the 1972 Girls' Softball Marathon is over and it's difficult to put into words the feelings one gets looking at these girls putting forth their best efforts unselfishly to raise funds for a worthwhile cause. By the end of the weekend, most of the girls couldn't talk anymore but they kept on cheering just the same, hoping for the crowd to turn out and donate that last dollar toward Muscular Dystrophy.

The Marathon began at 5 p.m. on Friday, June 23, with opening ceremonies at 8 p.m. After the posting of the colors by Cub Scout Pack 273, Ambrose Panico, Chairman of the Niles Youth Commission, introduced Mayor Nicholas B. Blase and other dignitaries of Niles and other villages, including Morton Grove Mayor Jules Bode, followed by our guest celebrities, including Dirty Dragon, Olympic Skating Star Ann Henning, Chicago Cubs Baseball Players Carmen Fanzone and Gene Hiser. Then the WBBM-FM disc jockeys played a few innings of softball against the girls. In addition, Bob Kennedy of Kennedy & Co. made an appearance Saturday afternoon, and we had Chief Tavuli's Hawaiian Revue from the Oriental

Gardens in Franklin Park put on a show for us at 4 a.m. Sunday. Then, Sunday afternoon, the Continental stewardesses came out and played some softball against the girls. When it was all over, the B.J.'s defeated the Dirty Dragons by a score of 631 to 547.

We couldn't begin to thank everyone individually who participated in this Marathon, but our special thanks go to Mary Ann Massari, Donna Bavaro and Phyllis Keopke who organized the entire event, as well as to the girls who played. We certainly owe many thanks to all the coaches, umpires, Youth Commissioners and other volunteers who worked in the concession stand and on the speaker's platform. Needless to say, we deeply appreciate the appearance of our many guests, and especially not to be forgotten are the many local business establishments who so generously donated food, money and other merchandise to the Marathon including Booby's, Lum's, Riggio's, Giglio's, 7-11, Beef Ranch, Armand's, Barnaby's, Minelli's, Chicken Un-

limited, Niles Pizzeria, McDonald's, Dunkin Donuts, Tasty Pup, Carvel, Salerno, Amy Joy, Bank of Niles, Imperial Eastman, and 7-Up. Our publicity in the newspapers, radio, etc., was marvelous this year and the only problem we had was with the weather. It was, unfortunately, a little cool and we just couldn't draw the crowd we had hoped to. However, those who came supported us greatly and received the satisfaction of knowing they helped a good cause.

As of now, we hope to be able to donate over \$1600 to Muscular Dystrophy and want to thank everyone who made this possible, including Kurt and Nancy Redig who were overlooked at the closing ceremonies of the Marathon, and anyone else who may have inadvertently been overlooked.

To all the girls who participated in the Marathon, please don't forget your picnic on Sunday, July 9 from 12:30 p.m. to 5 p.m. at Loyola University, Touhy and Harlem in Niles.

Even the mighty fall. Mike Green delivered 2 key blows and Larry Callero had 4 straight hits to lead the plucky Lions of Niles Cubs to a stunning 7 to 6 victory over MacCleen's Cardinals. The win stopped the Card victory streak at 12 in a row and put new life into the National Division race of the Niles Pony League.

Not only did the 3rd place Cubs have new hope, but the Sony Dodgers are now only 1 game down in the loss column. In addition, the Cards were scheduled to meet the tough Joe LoVerde Angels and the Lone Tree Inn Tigers during

this week, while the Dodgers and Cubs have it relatively easy, what figured to be a runaway for the Cards may well boil down to the final game of the season, when they meet the Dodgers.

The standings were also shuffled in the American Division as the Joe LoVerde Angels jumped from 3rd place into the lead with wins over the Tigers, Yanks and Braves. The lead in this division has been changing hands all season and looks like a sure bet to go down to wire in what could be a dead heat between the Angels, Tigers and Yanks.

Joe LoVerde Angels 5, Roy Rogers Braves 4. A thrilling last-inning rally by the Angels pulled this one out of the fire for the Angels. Mike Sloan's clutch hit drove in the tying and winning runs. Prior to that, Kevin Spitalny delivered a 2-run triple to keep the Angels within range.

Lions of Niles Cubs 25, Minelli Bros. Yanks 6. The Cubs warmed up for their upset over the Cardinals by taking full measure of the Yanks in this one. The Cubs played like champions, while the Yanks may have still been down after their loss to the Tigers the preceding week.

MacCleen's Cards 4, Glen & Terry's Orioles 1. Tom Spino and Jim Filipek hurled a 2-hitter as the Cards picked up their 11th win in a row. The Orioles managed to hit only 3 balls to the outfield, while the Cards banged out 9 hits, including a triple by Rick Buesch and 2 hits by Jerry McDonnell. Card pitching was backed up by fielding gems by Larry Bender, Chris Hagemann and Tom Spino.

Joe LoVerde Angels 12, Lone Tree Inn Tigers 1. This much heralded battle for 1st place turned out to be no contests and Nodskog, Maloni and Spitalny completely silenced the Tigers bats.

Sony Dodgers 9, Lions of Niles Cubs 2. Hard hitting by Callero, Hajduk, Weaver and Green of the Cubs was not enough as the Dodgers kept the hits scattered and broke open the game with a 4-run third inning. Mike Kurgan broke out of a season-long batting slump to drive in 2 runs with a solid base hit that put the Dodgers out of reach.

MacCleen's Cards 18, Uniform Prtg. Expos 2. Bob Fergus became the first pitcher in the league to hurl 4 innings of no-hit, no-run ball as the Cards romped to their 12th straight win. Tom Spino kept the Expos at bay over the last 3 frames and contributed 4 hits. Jeff Jendryk had a triple and homer, and Bob Wood had 2 hits including a triple. Jerry McDonnell continued his heavy hitting with 3 hits and sparkled in the field.

Hi-Way Sport Athletics 9, Roy Rogers Braves 7.

er and Frank Ozernak, to 4 hits but gave up 8 walks. The Artway Mfg. Astros jumped on Frank Czernak in the 6th inning for 3 hits and 3 walks which yielded 3 runs, what a disastrous combination of 3's. Keener led both sides with 2 hits while Jerry Elatkin received the only extra base hit, a triple.

Great pitching for six innings by Todd Peterson and McEnerney, allowing only 1 run. The Twins after 2 time outs scored 4 runs to tie the game in the top of the 7th. The Red Sox got a run in the bottom half of the inning to win the game with help of 2 errors. Mike Foltz was on base 4 for 4, 2 hits and 2 walks.

The Red Legs continued in their present slump, dropping their second game in as many contests. The Red Legs out hit the Giants 8 to 3 but gave up 9 walks and added 8 errors, while the pitching staff of the Giants allowed only 3 walks and committed but 1 error. The Red Legs had now been beaten 2 times by the Giants. The hits for the Red Legs were by Sam Rea, Jeff Briars (2), Nagrodis, Beuther, DeLorenzo, Herr and Calderone. Final 5 to 2.

Good pitching by Dennis McEnerney and Todd Peterson, 2 hits by Mike Foltz and 1 bad inning of hot dog fielding cost the game. The hot dog ump didn't help in that inning either. Final score Red Legs 9 and the Red Sox 4.

The pitching combination of Erickson and Furmanski held the Lums Giants to four hits and three runs. Ron Reeve made his first appearance behind the plate and did a fine job. Scott Erickson got his first homer of the season, Mark Parr and 2 doubles and a single, singles by Kevin Krippinger and Mark Turk gave the Senators a 9 to 3 victory.

Errors and walks by the Lums Giants gave us this game but we will take it. Final score of this game was the N.B.L. Red Sox 6 and the Lums Giants 5.

The Red Legs were handed their 2nd loss of the season by the fine pitching performance of Dave Scher and Mark Elatkin. The duo allowed 9 hits, but the big factor was yielding only 2 walks. The Red Legs held the Astros, behind B. Keen-

Pin Oak Problem

The Pin Oak, one of Illinois' most majestic trees, often shows yellowing in the northern area of the state. This is usually caused by iron chlorosis and can be easily recognized as the veins of leaves remain green while remainder turns yellow. While chlorosis is evident on many trees and shrubs, it is most obvious here on pin oak, magnolia, maple, rhododendron, roses, azalea and fruit trees. Trees gradually die without proper treatment.

Chlorosis is caused by iron deficiency and the cure is easy. "For years we have been encouraging homeowners and landscapers to keep their pin oaks in good health by: 1. Feeding roots with a root feeder and iron cartridges, 2. Drenching soil and spraying foliage with Iron Chelate" said Jim Charlesworth, manager of Lake-Cook Farm & Garden Store at 997 Lee St. (at Oakwood), Des Plaines.

"Now we have a new method to use if all else fails to 'green up' the tree."

The farm store manager related that previously they incorporated a few grams of iron phosphate granules into holes bored into the tree. A run-down tree was able to show good color in a week.

Now trunk injection is made easy by the use of iron "Medicaps." This ready-made Cartridge is inserted in holes drilled - 1-1/4" deep in lower trunk area. "Landscapers who have used this procedure report good success." Jim Charlesworth stated.

A healthy pin oak offers brilliant scarlet autumn colors and like a "forest condition" - often becoming chlorotic in disturbed soils.

Standings as of June 24

W-L
Cubs 7-3
Reds 6-3
Giants 5-3
Cards 5-5
Phils 4-6
Dodgers 4-6
Pirates 3-5
Braves 3-6

The Cubs were beaten twice this week by the Phils, 12 to 3, and the Giants, 4 to 3, to really tighten up the race. In the Phils' game, Mike Calamari and Bill Egan silenced the Cub bats. Good hitting by Roy Carlson and Mike Smith combined with good fielding by Bob Michaels, Frank Huber and Vito Masciopinto, aided in taking the Cubs to task. The only bright spot for the Cubs was the no-hit, no-run pitching of Don Pieper, and doubles by Dan Schmidt and Pete Hillsman.

In the loss to the Giants, Don Pieper again came through with fine pitching, allowing one hit and no runs in 3 innings. Fred Fischer tripled for the Cubs. With the Cubs losing twice, the Reds had a chance to take over the lead, but were beaten by the Braves, 12 to 4, with Ray Neuman hitting two 3-run homers for the Braves. The Reds then played the Pirates to a 4 all tie in a game called after 6 innings because of darkness. In this game, Dave McCarrell hit a solo homer and Mike Baron hit a clutch 2-run double for the Pirates. After their tie with the Reds, the Pirates pounded the Dodgers 22 to 10, and now lead the second half with a 2 to 0 record.

restaurant they said they did not want to be locked into an agreement which would limit the value center, if there was an exclusion for a second restaurant. But after deliberating outside the chamber room they agreed to the one-restaurant agreement, in exchange for a limited square foot demand by the officials for the stores and parking.

Trustee Pete Pesole had vociferously objected to another restaurant citing the area in Morton Grove across for Super City, Pesole noted, "We don't want what's across the street, where 2 police cars are often parked." Noting teens hang-out in that parking area, Pesole said the surrounding area is a residential area and desired a limitation preventing young people hanging out there.

In approving the plans for additional stores (about 4) at the center Pesole was the lone trustee to vote against the proposals.

In still other actions trustees discussed amending the ordinance for canvassing and soliciting. Only solicitors going door to door for charity would not have to register with the village and those who register would be subject to a time limit for soliciting.

.....Okayed posting "No Parking" signs on the west side of Waukegan rd. from the north end of the bowling alley to Waukegan rd.

.....Approved ordinance rezoning Howard-Caldwell property for a Tennis Club and a second tract for a restaurant.

.....Authorized participation in

North Suburban Mass. Transit District allocating a portion of MFT funds for the district.

.....Passed laudatory resolution to Niles boys who were members of the Niles West State champion baseball team.

.....Advised for bids for 2 van trucks and 1 dump truck for Public Works Department and for garbage holders, stands and plastic bags to be used on a voluntary basis by residents for garbage pick-up.

.....Will draw up an ordinance for an additional emergency telephone line. In case of an emergency, those residents and businesses now tied into the police fire emergency alarms will have a separate telephone line, which will not tie-up Niles' present emergency lines.

Approved ordinances as part of the \$686,000 improvement for the Howard-Caldwell area dedicating certain properties for public streets, and for other improvements approximately 1,000 feet within the intersection area. Lights and turn-bays are included in the improvement which will be paid by 50% from federal funds, 25% from state funds and 25% from village funds. In okaying an ordinance for Motor Fuel Tax funds for the project, village manager Ken Scheel told The Bugle the state will amortize the improvement over a 24 month period, charging the village one-twenty-fourth of the total amount each month, to be taken from its Motor Fuel tax rebates.

of Beer," which had now been reduced to "50 bottles of beer on the wall."

On the Kennedy Expressway, the guys in the back of the bus devised several spontaneous games, like, "Grab His Hat & Throw It" or "Fush Him Off The Seat And Keep Him Off" sponse, "Hit 'em."

Inside the ball park we had to scatter for seats. It was Star Spangled Banner time and we rushed into 10 seats between home plate and third base which were just so-so. If you wanted to watch the pitcher and the batter you first moved to the side of your seat and wound your eyes around the pillar which obstructed half of the action, but you were able to view the batter. You reversed the action to see the pitcher.

But borrowing a Willie Maysism, "Say, hey, it was a great game." Well, it wasn't a great game . . . but you were in the old ball park. Like you were watching this guy Stargell, huge arms, a powerfully built batter, moving his bat around like it was a fly-weight. And when the pitch came you looked away because 6 of your 10 kids were heading for, 1. the peanut man, 2. the john, and 3. miscellaneous, meaning wandering off to find out why the upper deck was empty, and "maybe if we could get up there we could get a few foul balls."

Well, Stargell pumped those huge arms and knocked the ball in the general direction of the lake. We missed that one but we won't miss the next one.

That's pretty much the way the next 2 1/2 hours went. Williams whacked one, but we were looking toward the pitcher by sitting on the left side of our seat so we could see to the left of the post.

Cont'd from Niles-E, Maine P.1
Each volunteer worker must pay a portion of their travel expenses to participate in this work program.
More specifically, twenty young people from the North Shore suburban area will leave this summer in June, July, and August to give vaccinations and inoculation to people in Central and South America. They will go to Honduras, Nicaragua, Guatemala and Colombia to give medical aid. The young people will set-up clinics, and live with the people of the villages. The young men will go to remote villages by helicopter and the young women will travel by burro into mountain villages. This group is sponsored by the Winnetka Congregational Church, Rev. Donald Hagerty,

director. The young people have earned their own transportation money and are now raising medical supply money. Combining a raffle and the generosity of the Lions and local businessmen of Niles and Morton Grove, a total of \$570 was raised for the Amigos program.

The Niles Lions Club then matched dollar for dollar the amount contributed bringing the grand total of funds raised to \$1,140. This project was in the true spirit of Lionism, that of service to the less fortunate.
For more information about the Amigos program, please phone Miss Lori Sullivan at 966-5797.

Severinsen, Duke Ellington, and the Preservation Hall Jazz Band.
The movie, as well as a sound-slide show, can be used at informal and formal meetings of civic, church, business, educational, arts and social organizations. The photographic exhibits are designed for display at banks, public buildings, civic and art centers, schools and libraries.
The new series was developed by Ravinia for its Department of Audience Development. Information about the audio-visual programs and exhibits may be obtained from Miss O'Connor, Ravinia Festival, 22 W. Monroe st., Chicago, Illinois 60603.
Ravinia, which is one of the glories of the Middle West, is ranked among the foremost festivals of the world. It is located 25 miles north of Chicago in Highland Park, Illinois. This is its 37th annual Festival.
Mrs. Eve Eisman from Ravinia's Speakers Bureau will address the group and Jerry Shayne, assistant to Miss O'Connor, will distribute the 1972 Calendar of Events at the July 17 program at the Morton Grove Public Library.

Family Enrichment

Continued from page 9
I believe that their chance to find happiness and a real sense of togetherness is greatly dependent upon her ability to adjust, more so than her parents' adjustment, though both are important and could have a profound impact on whether this marriage will be healthy and even have a good chance to work out.
If there is sufficient understanding between parents, daughter and future son-in-law, I believe that things can work out and a mutual kind of respect can be realized. Respect is not born in a vacuum - it comes through a sincere desire and effort on the part of all concerned that there is a genuine mutual concern and appreciation for one another, their needs, and how these needs will be met. In this way both parent and child will feel that they have each other's best interest at heart.
You, the reader, what do you think of the above advice? What would you advise? Write and let me know. Your comments may be printed with your permission and no name if you so indicate - Niles Family Service, 251 Lawrencewood, Professional Mall, Niles, Illinois 60648, phone: 966-1640.

Krazy Daze Carnival

Morton Grove American Legion Post #134 retiring commander has named past post commander Al Nehart as chairman of this year's four day annual carnival. Nehart is well equipped to handle this function as he has served in this same capacity on four other occasions.
The Legion's yearly event underwrites the financial aid the Post gives in the fields of child welfare, national security, Americanism, community service and rehabilitation.
Chairman Nehart has also announced the now-popular Krazy Daze theme will also be used as it has in the past, with events geared to this topic. The special features, ride prices and other phases of the carnival will incorporate this subject, giving maximum enjoyment to young and old alike.
To be held in Linne Woods once again, the dates are Thursday, July 13 through Sunday, July 16.
