# FLOOD 6 OUTDOOR ICE RINKS

By Gary Goodfriend

With the wintery weather already in full stride, the Niles Park District is prepared for an improved natural ice rink program.

Commissioner Bill Keener reported to the Park Board Tuesday night that six rinks will be flooded in Niles as soon as the temperature stays below the freezing mark for four or five consecutive days.

Two rinks will be located at Gretnan Heights, two at Jozwiak Park, one at Oakton Manor and one at Nico Park. The locations are the same as last

year's. Except for Nico Park, each site will have a warming house.

Keener said there will be additional lighting at Gretnan Heights and Jozwiak Park. Skating guards will be assigned and will be under the supervision of the Recreation Center Director.

"I think the mothers in the area will be more pleased this year with the guards under the director's supervision," Keener said.

The Board is continuing its

Reviewing the local reporters . . . . .

The Life newspaper's Judy Heyman wrote a good article last week on the unofficial meetings Niles village officials hold prior to their regular meetings. Judy wrote she was greeted with a lack of warmth at a pre-meeting which indicated the public officials would prefer she keep her nose out of "their" backroom during these sessions.

One of our major thrusts we've pursued thru the years is to try to keep the guys who represent you conducting ALL their business in front of you. We've echoed over and over again the business of all public bodies is the business of each member of the public who pay the bills, and thus the public is entitled to hear every belch, whisper and murmur waxed by the public men when it concerns public business. Unfortunately, a metamorphosis often taken place by well-intentioned men when they climb onto the public throne. Their imperfect wisdom becomes infinite, and their sudden ascendancy places them in the top rungs of sagedom generally reserved for kings, panjabs, knights of the garter, and journalists.

In another era, and another time, we were jousting with Niles Park Board in the deep dark days of the 60's, when they held meetings underground, under the table and were sweeping everything under the rug. We got wind of one meeting held on a Saturday afternoon, at one of the commissioner's homes and proceeded to attend it. After sitting idly for 20 or 30 minutes the commissioners asked me to leave, and when I refused to, they decided to take a vote to oust me. The majority ruled, after former park attorney Jim Orphan stated they were legally entitled to boot me from the meeting. Since then, the new Illinois racing commissioner, Tony Scarlano, led the successful passage of a right-to-know statute, which forbids private meetings of the public's business.

In Judy's article she mentioned the officials may be driven to conduct their private meetings

Second place finishes included Bob Miner, 200 yard freestyle and 100 yard butterfly; Matt Kane, 400 yard freestyle; Tom McKervey, diving; and Al Hilgers, 100 yard breaststroke. The frosh-soph swimmers were also victorious by a 79-15 score with freshman Jon Tice

a double winner in the 200 yard individual medley and 400 yard freestyle. The little Demons actually won every event with other individual victories by Al Andrews, 200 yard freestyle; Lloyd Esses, 50 yard freestyle; Chris Dickson, diving; Jerry McKervey, 100 yard butterfly; Mike Brennan, 100 yard backstroke; Rich Childs, 100 yard breaststroke; and Jim Leparski, 100 yard breaststroke. Winning medley relay team members were Dick Simpson, Jim Leparski, Jerry McKervey, and Lloyd Esses, McKervey, Childs, Tice, and Brennan, all freshmen, composed the first place 400 yard freestyle relay.

### Niles West Booster Swim Program

The Niles West swimming team, under the direction of Coach Glenn Anderson, has started its practice sessions, with workouts each day after school and every Saturday afternoon. "Freshman boy turnout has been tremendous, probably due to the past victory of the Olympic Swimming Team," Anderson said recently. Another reason for the interest in swimming, according to Anderson, is the new Electronic timer which - through contributions - the community played a part in making possible.

Coach Anderson feels confident that swimming at West High is on the upswing.

Anderson also indicated that the swimming pool will be open for community use every Wednesday evening, 7-9 p.m. He reminded those who may be interested that it will be necessary to furnish towels, swim suits, and locks. The cost per person per night is 75c.

### Basketball Programs

The Niles Park District Basketball programs began play at the Louis Schreiner Gymnasium during the week of Nov. 27. The Skeeter Basketball program for boys in 3rd and 4th grades meets on Tuesdays from 4-6 p.m., while the 5th and 6th grades meet on Wednesday from 4-6 p.m. The Intermediate League for boys in 7th and 8th grades meets on Mondays from 4-6 p.m. The High School league plays on Wednesday evenings while the Adult Men's league play on Thursday evening. The Park District is still taking registration for all programs, but specifically needs more boys for the 7th and 8th grade program and more teams for the Adult league. Any boy or team interested in registering can do so at the Park District Office during regular hours, additional information can be obtained at the main office 967-6633 or at Grennan Heights 967-6975.

Gordon Tech's Team increased its league lead to a 4 win, no loss record by beating All-Lighting and Des Plaines the last two weeks. Two goals by Dekind, one by Timothy, and Di-Buone gave Gordon a 4 to 2 win over All-Lighting on Nov. 19. Goals for All-Lighting came from Dzuikals and Kiminsky.

On Nov. 26 Gordon came up with their 4th win by beating Des Plaines 7 to 2. Goals for Gordon came from Gioe and Kaminsky twice and Dekind, Zawalnial and Alcock one. Des Plaines goals were scored by Born and Gages, Des Plaines, however, beat the Kiwanis Club on Nov. 19 in the last seconds of the game. Two goals from Bruce Terry and one from Jack Gages gave them a 3 to 2 victory. Kiwanis goals were scored by McNerney and Schmalz. On Nov. 26 Kiwanis came back to beat Vernon Hills 4 to 2. Scoring for Kiwanis were Abram and Hendrickson twice. Vernon Hills' scores came from Clark and Heuschele.

don's scoring came from Meyers and Marrid.

### Notre Dame Scores Downstate

The Notre Dame Fencing team travelled to Champaign to face Champaign Centennial and Pleasant Plains in a triangular meet. Notre Dame defeated Pleasant Plains 17-1, and defeated Champaign Centennial 15-3. Terry McConville went 5-0, as did Tim Glass, and Bill Kica.

The week was a successful one for the opening of the season with the win over Maine South on Thursday past. McConville and Glass lead the team with 8-0 records, followed by Bill Kica's 7-0, Russ Rempala's 5-0 and Randy Mikos and Pat Gerard with 6-2s.

With the season just a few weeks old, McConville has a cumulative record of 48-12 (.800), Glass with a 42-24, and Gerard with 31-18. At this rate, 3 or more Dons will break the 100 bout mark by mid season.

The Dons take on Marshall high school at 4 p.m. in the Cafe this Thursday, Dec. 7. Visitors are welcome.

## SPORTS

### Loyola Dumps Indiana at Ballard Icerink

The Loyola University Ramblers exploded for 3 goals within a span of a minute and a half in the third period to sink Indiana 6-3 last Saturday in a college hockey contest played at the Ballard Sports Complex in Niles. Sophomore sensation, John Winkler (11 goals in 6 games) tallied his second hat trick of the young season to pace the Loyolans. John notched his first goal at 1:47 of the opening period with the single assist going to John Kwasny. Loyola extended its lead to 2-0 when Mike Rice (assisted by Tom Janecke) scored at 12:16 of the same frame. Chuck Perry narrowed the margin to a single goal as he beat Loyola goalie Mike McInerney from in close at 17:45 of the first period.

In the second period the two teams traded goals. Loyola scoring first as Loyola's "Big Johns" switched roles, Winkler feeding Kwasny for the score. Indiana came right back and the Ramblers had a single goal edge entering the third period.

It looked like a repeat of the previous week's game against Illinois Benedictine as Indiana tied the score at 2:26 of the third

frame. The Ramblers had amassed 8 penalties up to this point and constantly having to play shorthanded, they were unable to set up any consistent offense. Then it happened: in the midst of a line change, Joe McNerney, a freshman from Niles, fed a perfect pass to Winkler in the slot. John wasted no time in rifling it past the Indiana netminder. The score came at 13:44 and less than a minute later, at 14:35, Winkler again lit the lamp, this time assisted by Kwasny and Andrews. With the crowd chanting GO!, GO!, GO!, Ron Gugliocello batted in Jeff Krol's rebound only 20 seconds later to end the scoring.

The win for Loyola was a big one. After winning the first three the Ramblers dropped a pair of games, the last one a shellacking the night before at the hands of powerful Western Michigan. With two Big Ten schools out of the way, the Ramblers now must face a pair of games on the road next weekend against Lewis College and Marquette. They return to Niles for a return match with Lewis on Dec. 16, followed by Northern Illinois on the 23rd.

### Notre Dame Wins Fencing Meet Opener

The Notre Dame varsity and frosh-soph fencing squads began their 6th and 5th seasons respectively with an impressive win over Maine South this past Thursday.

The varsity "A" strip went 8-1 with Terry McConville going 3-0, Tim Glass 3-0 and Randy Mikos, 2-1. The varsity "B" strip had a good day also with Pat Gerard going 2-0, Bill Kica, 2-0, Jim Burkart 1-1, Kirby Rassenfoss 0-1, Russ Rempala 1-0 and John Strass 1-0. The frosh cleared and N.D. won 15-3. This is a high score for the first meet of the season.

The meet was close at first with N.D. going ahead 2-1 and then rolled up 6 more wins on the A strip. The B strip was more sporadic in its wins, but none the less gave up only 2 losses.

The frosh-sophs were exceptionally strong. Although the Maine South team was composed of freshmen entirely, N.D. had

a team of 5 sophs and 5 frosh. The sophs won all of theirs including a 9-0 A strip, one freshman lost a bout, the brother of two others who compiles a 6-0 between them. The records were: Mike Gerard, Mike Sciortino and Garry Gronke, all 3-0; Gary Brown and Steve Basista, 2-0; Kevin Cawley, 1-0; Greg Gerard, 0-1; Jeff Mayus 1-0; Jeff Orlovski, 1-0 and Keith Richardson 1-0.

For the sophs, this is their 12 victory in a row after their unbeaten string of 22 was stopped by Maine South 2 years ago. The sophs now sport a 4 year record of 34-2-1.

The varsity have a record of 59 wins now and hope to make it 60, 61 on their trip to Champaign to face Champaign Centennial and Pleasant Plains on Saturday. N.D.'s next home meet is Dec. 7 at home at 4 p.m. against Marshall High school.

In an unprecedented move, Joe Schmidt accepted nomination for a third term as President of Morton Grove Boy's Baseball program for 1973. Needless to say, his election was without opposition. President Schmidt is starting the wheels in motion to make the 1973 baseball program the finest and available to all boys in our village. Further announcements concerning enrollment in the program will follow.

President Schmidt extends his thanks to the many organizations and individuals who have assisted him in the past programs, and looks forward to their continued support.

### Speech Team

Maine East speakers got underway for another year recently as the speech team competed at the season's first tournament at Niles North High school on Nov. 11.

There are 11 different speaking events that students are eligible to participate in. These range from extemporaneous speaking (the preparation and delivery of a short speech on a certain topic of current interest) to radio speaking (a simulated five minute radio newscast, complete with a one minute commercial).

Speakers from all over the Chicago suburban area compete against each other to improve their speaking ability and to earn recognition by the National Forensic League, an honorary society of speakers and debaters who have proved their effective speaking ability.

At least eight more tournaments are planned for the 1972-73 school year, including an overnight contest in January. Others will be held at Thornton Fractional High school on Dec. 2, Dundee High school on Dec. 16, Glenbard East on Jan. 13, and Maine West on Feb. 24.

A state championship tournament also will be held at Illinois State University on March 30-31. Says Mr. David Jeffers, head speech coach, "I think we will do very well this year, and we should be able to go the state competition."

a paid 2 man department with possibly 20 or more volunteers. I remember the days when our Fire Department with 20 or more volunteers helped other towns fight fires while only half or less of the other townsmen showed up.

I remember the leaders - I remember the Charles Bachers who went to local industries and trained the employees on first aid - a first in any community.

I remember and still see all the top awards our Niles Fire Department received for fire prevention and happily still do.

I only feel a little sad that our town, our All American City, is

falling a little behind. Possibly, our town has gotten too big to see other towns with Volunteer Fire Men getting into the Paramedic Service which is of the utmost importance to a community.

Niles was one of the only towns to offer free ambulance service to our town. Now I believe that we have become stagnant or too big with our full time Fire Department that the old time volunteers and regulars of other towns have really outdone us. They now seem to be ahead of the All American City.

The Paramedics of the ambulance service of which we are all aware of its importance by reading in the newspapers mention many towns participating and to our sorrow - no mention of Niles Fire Department participating in this life saving service.

It might be interesting to know why our finest Niles Fire Department has not joined and why the people of Niles cannot avail themselves of this most important life saving service.

Respectfully,  
A Concerned Citizen of the All American City

### LETTERS to EDITOR

#### Poor Decisions Being Made By Village Officials

Voters of Niles:  
Continuous poor decisions, in my opinion, at the village meetings must now be apparent to the most hard-to-convince individuals that the current village officials are not interested in good government for the people of Niles. For example, on a recent question of zoning the reason given for a decision was based on not what was right and just for the people concerned and affected, but the excuse offered was "enough people did not show up to protest." Can true democracy survive in Niles with this type or should we say lack of leadership and intellectual honesty?

Still another case involving the "Four Flags" rezoning fiasco. A cut and dried decision; the people of Niles, the real power in government, had no voice in the matter. What vested interest group is benefiting from these

decisions? We are supposed to be a village under "home rule," but why should only one home in Niles make all the decisions for 35,000 residents and taxpayers?

I am firmly convinced that the people of Niles will never receive fair treatment and justice when there are material considerations at stake. The good government train has departed from Niles.

"What about Niles' \$5,000,000 Village budget - my only comment is outrageous.

Since the Village Trustees voted to accept this monstrous budget, we the voters and taxpayers are entitled to an explanation from each elected official as to why he justified this amount in his opinion.

Silence on the part of any elected official (and this includes appointees) on such sensitive matters as the Village budget means only one thing to me, that they approve and accept without question. Can we afford to retain individuals who do not heed the taxpayer? It would prove to be more than interesting if someone would undertake a survey to determine if the Niles budget is the largest per capita not only in the State of Illinois, but in the whole country.

It's great to be a leader, "Right Taxpayers."

12 years is a long time... What Niles needs is a change, a change easily made by placing an "X" in the proper box.

It's alleged that of all the surrounding suburbs in Cook County, Niles is the prime target for future low-cost housing developments. I wonder why?? Perhaps more sophistication and finesse is needed by our leaders before they can attempt to handle delicate and sensitive situations. Nothing is accomplished by making rash, wild and irrational statements.

Recently, it was reported that one of our elected Village officials advocated that we add more multiple housing in our Village. Why does the residential climate and atmosphere of Niles have to be changed by one personally ambitious and dictatorial individual who wishes to promote future ghettos in Niles?

In the past recent weeks a few of our officials are attempting to create a new image... commonly known as the wearer of the White Hat... I'm a good guy - remember me on election day, but don't ask me to account for my last 4 years or more in office.

I know that the concerned people of our Village have learned very valuable lessons in the past few months; that the only true leadership and protection they can depend and rely upon in our village is what they can establish for themselves as a group of interested citizens. But then, who have been the consistent victors in the recent contested zoning cases?

Ask yourself this question... Why are the developers of unneeded shopping centers etc, able to obtain the desired zoning and contractors allowed to erect multi-story sky-high apartment buildings under the "Planned Unit Development" Village regulation?

Is good judgment and common sense being practiced by people who are in a position to improve the standards of Niles???

## Feature Film at Morton Grove Library

The Morton Grove Public Library will present "The Loneliness of the Long Distance Runner" on Dec. 8 at 7:30 p.m. This British film was adapted from Alan Sillitoe's well-known short story and directed by Tony Richardson in 1962.

It tells about an 18-year old boy, Colin, who was raised in the slums and after committing a robbery, was sent to a Borstal reformatory. The governor of the school looked upon sports as a salvation and realizes his dream when Colin's ability as a distance runner is discovered. A track

meet with a highly fashionable public school is arranged. Colin easily outruns his opposition star. But a few yards before the finish, Colin's disillusionment with the society he was born into explodes into one stunning, gasping gesture.

Tom Courtney plays Colin, Michael Redgrave the governor, and Avis Bunnage, Colin's mother. The movie will be shown in the meeting room of the library. Admission is free.

There will be visits to Hong Kong's famous clothing industry, its exotic floating restaurants, fabulous shops, and atmospheric "laddered" streets.

Single admission tickets may be purchased at the door at \$1 each. Senior citizens of Maine and Niles townships may purchase season tickets for half price through the mail. For further information, call MONACEP offices at 696-3600 or 966-3830.

The film spends a week with Parisian families, working and playing in their colorful city. It deals, not with the tourist haunts, but the daily lives of the witty and delightful French.

This cinema portrait of Paris and her people is presented by Doug Jones, one of the youngest of the personalities in the film-lecturing business. His personal travels have taken him around the world and into 27 countries throughout Europe, Asia, and Africa.

## Stevenson Students Present Christmas Play

Karen Dash, Shellie Geller, Kim Paxson and Allison Stork, intermediate students in the Diplomat Quad at Stevenson school in Des Plaines, directed a group of primary children in a play called "The Day Before Christmas Day" on Dec. 6.

The play, written by the older children, contained 5 scenes and lasted for nearly an hour. The plot involved four children, one of whom was a girl who constantly misbehaved. After much anxiety and reform, she finally received her gifts from Santa Claus and at the same time learned a valuable lesson about getting along with others.

## THE CORNERS

of Where it's at and What's happening.

By Ed Hanson

Short, short, short Christmas stories...

It was Christmas time. A man shabbily dressed, his face gaunt and pinched with the cold and his eyes dull, stopped a man in the street and said "Please, sir, will you give me some money for my wife and children?"

The well dressed, prosperous looking stranger, his mind on other things, said not unkindly: "Oh no, my dear man, I would not take advantage of your situation. You keep your wife and children; I do not want them."

An able-bodied bum I once knew, in the old Skid Row area used to clean up around Christmas time. He was probably an ex-advertising man because he had dreamed up a reversible sign gimmick. On one side the sign read: I AM DEAF AND DUMB. On the other side it read: I AM PARALYZED. This bum was a heavy drinker and when he began to feel his liquor too much, he'd simply turn the sign around.

Once upon a time during the Christmas season I was walking down Skid Row and a bum approached me saying, "How about \$3,500 for a cup of coffee, mister?"

"\$3,500," I said shocked. "But coffee is only 20 cents!"

"I know," said the bum. "But I want to get it at a drive-in and I ain't got a car."

Walking a little further down Skid Row, another panhandler came up to me saying, "How about a penny for a cup of coffee, mister?"

"But coffee is 20 cents."

"I know," replied the panhandler. "But I haven't eaten in so long I wanna weigh myself."

Sudden thought: It's only 18 more days until Christmas.

Speaking of Christmas I came across a really new gift idea. I stopped at the FIRST NATIONAL BANK OF DES PLAINES the other day to pick up my 1973 license plates - you know - it's one stop, one buck at First - and I found out about this really new kind of Christmas gift. It's called "CAN-O-CASH" - a gift everyone will appreciate. THE FIRST NATIONAL BANK OF DES PLAINES (corner of Lee and Prairie) will actually can crisp, new bills of any denomination right before your eyes. This gift of cash is sealed up in a No. 2 size tin can. And it has an attractive red and green Christmas label on the can that states: "To: and From: " on it. The can is free - all you pay for is the money. And those receiving this "Can-O-Cash" have to actually open it with a can opener. What kind of present to give people for Christmas is always a problem. What better way to solve your Christmas gift problems than to give a Can-O-Cash. Or how "can" you beat this for a unique Christmas gift? (See ad this issue)

Another unique Christmas gift this year would be a cruise to the magical ring of Greek islands for your wife or girl friend where she could have her hair done by some of those famous Greek hair stylists. But according to Bill Livadites of Madame Jolie Beauty Salon, 7538 N. Milwaukee ave., Niles, it's not necessary to go to all this expense. For Madame Jolie features five of the top women hair stylists from Greece right here in Niles. So women who wish to look smart and chic for the upcoming Christmas holidays should pay a visit to Madame Jolie's of Niles.

Remember, it is more blessed to give than to receive, particularly during the Christmas holidays. And more important, it is also deductible.

How about giving some kid a giraffe for Christmas? No foolin' - for only \$12.95, which is just a fraction of its retail value, you can get a five foot stuffed animal giraffe at the GLENVIEW GUARANTY SAVINGS AND LOAN ASSOCIATION, 990 River dr., Glenview. All you have to do to get this gigantic giraffe is deposit \$200 or more in a new or existing account. And believe me, what a wonderful Christmas gift this is!

I see where Carolyn and Gus Panagos, owners of the FOREST FLAME Restaurant & Lounge, 8100 Caldwell, Niles, are now accepting reservations for office Christmas parties for up to 15 people. The FOREST FLAME's specialty of the house is delicious Bar-B-Q ribs and they also offer the finest in tender steaks, chicken, spaghetti, veal, pork chops, a variety of sea food and prime ribs (on Saturdays and Sundays). And a businessman's lunch is served from 11 a.m. to 2:30 p.m. Come as you are and enjoy country dining in the city at 8100 Caldwell, Niles.

Jake told me he broke all records at his 1st Anniversary party yesterday. JAKE'S RESTAURANT, 7740 Milwaukee ave. played host to thousands of area people by offering them entertainment, free gifts, free dessert plus free birthday cake. As of yesterday JAKE'S RESTAURANT became one year old, and the success Jake enjoyed in this short year is really sensational. But it couldn't happen to a nicer guy.

See you next week...

## 'You're a Good Man, Charlie Brown'

Maine North's chapter of the International Thespians Society will present "You're a Good Man, Charlie Brown" on Dec. 14, 15, and 16 at Maine North High School, 9511 Harrison, Des Plaines. Curtain time will be 8 p.m.

Ron Ellfort of Glenview will portray Charlie Brown and Lucy will be played by Kathy Adinolfi of Glenview. Linus will be portrayed by freshman Phil Thompson of Glenview and Geoff Holmes of Glenview will play Schroeder. Snoopy and Patty will be played by Otto Dube of Des Plaines and Mary Scarnavack of Des Plaines.

Mr. O. D. Premo, band director, and ten Maine North students will provide the orchestration. Members of the orchestra include Cathy Bennett, Bill Harrison, and Carol Olsen, all of Des Plaines. Tickets may be purchased in Maine North's bookstore or by calling 298-5500 ext. 297. Admission is \$1 for students and \$2 for adults.

Included in the wind section was a wooden flute and a steel pipe horn.

The percussive sound of maracas was of paper-mached balloons filled with beans. Cut bottles half-filled with coins create a maracas. Bells of different pitches resulted from cutting bottles in various sizes and sus-

pending from a bar. A xylophone was made by sawing a broom handle at different lengths to create a scale.

**Bank of Commerce & Industry Donates Painting**

Joining Bank of Commerce & Industry President Richard P. Larsen in the presentation of the historical painting to the Carl Roden Branch of the Chicago Public Library are (from l.): Mrs. Nancy Kirk, artist; Larsen; Mrs. Sherman T. Christensen, Civic Beautification Chairman of the Norwood Park Garden club; Dorothy Nast, Roden Head Librarian; Mrs. Edward Madaj, Norwood Park Garden club President; and Mrs. Joseph Pollina, Norwood Park Garden club Librarian.

The Bank of Commerce & Industry, 6100 Northwest Hwy., in concert with the Norwood Park Garden club, has presented a framed watercolor painting of the Chicago and Northwestern Railroad Station in Norwood Park to the Carl Roden Branch of the Chicago Public Library.

The painting was done by Mrs. Nancy Kirk, who is the wife of Rev. Raymond Kirk of the Elston Avenue United Methodist church. The CNW station has long been a landmark in Norwood Park, although it has been rebuilt and enlarged several times in its 122-year history. The station is located across the street from the old village hall and jail, both built in 1900, which Mrs. Kirk admits to having a strong desire to put on canvas.

Mrs. Kirk, a one-time resident of Arlington Heights, was attracted to the painting of historical buildings after seeing many of them give way to parking lots and high rise apartment complexes. By capturing the architectural style of these historical structures, Mrs. Kirk believes she is making a contribution to preserving the past. Some of her other paintings include old farmsteads, covered bridges, and turn-of-the-century residences.

She has exhibited her works at art galleries, theaters, restaurants, and outdoor art fairs and has sold many of them. A mong the purchasers was former Chicago White Sox third baseman Pete Ward.

Mrs. Kirk's formal art schooling began as a recipient of a scholarship to the Kansas City, Missouri Art Institute. She was encouraged by becoming a second place National and first place State winner in the watercolor division of the National Scholastic Art Awards Competition while still in high school. Later, she studied at Nebraska Wesleyan university and the American Academy of Art.

The painting of the Chicago and Northwestern Railroad Depot is the first painting donated to the community by the Bank of Commerce & Industry. "We are proud to participate in this effort to help preserve some of the historical past of Norwood Park," said Bank President Richard P. Larsen, a former resident of the Jefferson-Norwood area. "Only through the cooperation displayed by the community's many clubs and organizations can be begin to preserve our local heritage."

The Bank of Commerce & Industry recently won a Chicago Beautiful commendation for its outstanding landscaping which in turn helped to beautify Chicago.

All the food was excellent and thanks go to the mothers for having the girls. Each mother explained something about the food she served.

The Brownies hiked in their Halloween costumes in keeping with the holiday spirit.

**Cub Pack 45 Goes Bowling**

Cub Scouts of Pack 45 got together with their parents for an afternoon of bowling at the Golf Mill Lanes on Sunday, Nov. 12.

The enthusiastic and well attended group displayed professional form in their physical gestures - giving that railroad an extra sock, kicking that lone pin over or the outstretched arms and looks of dismay with all pins going down at first crack.

High individual games from each den were Den 2 John Gibson, Den 5 Mike Sawchuk, Den 6 Joe Pisan, Den 8 Larry Platt, Den 1 David Helmiak, Webelo Den 2 Ray Foley and Webelo Den 3 David Pisan. The varsity teams of Jeff Weingarten and Maureen Arendt along with Mike Ginsburg and Tom Lam-

an went to Illinois State University for an overnight tournament. Mike and Tom maintained their good record by going 4-2. This gives them 7-2 on the season.

## Maine East Students Hold Food Can Drive

Giving is the very spirit of Christmas. And again this year the students of Maine East will have the chance to show their spirit in contributing to the annual food can drive, held the week of Dec. 5-8. By bringing in cans of food (no jars being accepted), students will be helping to feed the needy people of the city of Chicago during the holidays. Money will also be accepted. All contributions should be brought in the morning from 7:15 to 8 a.m. to the Maine East fieldhouse. There will be 5 tables, one for each class and a fifth table for students wanting to contribute

but not to a particular class. On Friday, Dec. 8, cans will be counted and Student Council members will load them on a Salvation Army truck. Student Council, who sponsors the yearly event, will present a six foot trophy award to the class collecting the most cans and money.

Common-sense hearing conservation rules include obtaining medical attention for infection and severe childhood illnesses, avoiding exposure to excessive noise, and having an annual hearing test, according to officials of the Beltone Crusade for Hearing Conservation.

## For Christmas Safety

For safe as well as joyful holiday season, Commonwealth Edison Company urges householders to exercise care in the use of Christmas lighting. Some electrical do's and don'ts suggested by the company include:

-Check lighting sets, cords and sockets for loose connections and exposed wires; repair or discard damaged equipment.

-Avoid using nails in securing outside lighting - rather use tape or open-eye hooks for fasteners.

-For outdoor decorations use only lighting sets and extension cords designed for such use. When installing outdoor lights, point bulbs downward to prevent water from running into sockets.

-Don't overload electrical circuits by plugging too many lights into the same outlet. If a fuse blows, relieve the overload or remove the damaged light set, and never replace the fuse with one of a higher amperage.
