Cub Cagers Visit Maine East

Hey, Hey, Holy Mackerel, No Doubt About It.
The Cubs will be on their way to Maine East High School Fieldhouse Jan. 16 to face a Blue Demon faculty team comprised of several college varsity letter winners in a benefit basketball game Tuesday night at 7:30 p.m. This is not only a great game, but a great show.
Nine of the Chicago Cubs, captained by Ron Santo, will demonstrate they know their way around the baseball diamond. Fergie Jenkins' playing experience with the smooth ballhandling and outside shooting of Glen Beckert, Don Kessinger, and Billy Williams, another Cubs will give

the Maine East Faculty basketballers a real battle. The Cubs will stay after the game to sign autographs for interested fans.
Head basketball coach, Paul McClelland, who had his college playing experience at Culver-Stockton, is confident his team will win the exhibition game. Don Keane, former sophomore coach is from Northern Arizona University; and Andy Russo, junior varsity coach, is from Lake Forest College. Two members will give the faculty the needed help to control the boards: Bruce Brothers, former head varsity basketball coach at Maine East and University of Illinois, and Steve Vetter, former sophomore coach, and from Southern Illinois University.

Proceeds will go to the Maine East Boosters Club athletic fund. John Maloney, president of the Boosters, commented this affair is the biggest attraction they have, and that additional seating facilities are available to \$500. He also reported the Cub Cagers have played to sell-out crowds in other areas and advise fans to purchase tickets early.

Tickets are \$2 for everyone, and may be purchased at Maine East High School, Dempster and Foster rd., Park Ridge, or during the advance ticket sale being conducted by the Boosters Club and all the student members of the various Blue Demon athletic teams.

Form Board to Conduct Monthly Inspections

PLAN CHECK OF OBSCENE LITERATURE

By Cary Goodstein

Mayor Nick Blase asked the Niles Village Board Tuesday night to consider forming an "obscenity-committee" to check on materials sold in Niles to insure they are not obscene.
"Although it's a very difficult thing to regulate, we should set up a small board with three to five people to look over these materials," Blase said. "I think the committee will be helpful."

Concern about these children has led to the formation of the Niles Village Board's "obscenity-committee" to check on materials sold in Niles to insure they are not obscene. "Although it's a very difficult thing to regulate, we should set up a small board with three to five people to look over these materials," Blase said. "I think the committee will be helpful."

State Funds Will Help School Districts

A grant of \$25,000 has been received from the Office of the Superintendent of Public Instruction under Senate Bill 95-48 to help finance the new regional data processing cooperative, the ILL-125 (Local Information Educational Systems), now serving the Maine high schools and five other suburban school districts. The funds will be used to accomplish many of the goals of the new computer-based instruction and information system, according to Dr. Richard P. Schar, Superintendent of Maine Township High School District 207.
Now in its first year of operation, the \$5,000,000 computer complex provides a comprehensive package of data processing services to the four Maine high schools, the elementary and high school districts of Downers Grove and Elmhurst, and the district elementary district. The

self-sustaining system is administered and operated by the Institute for Educational Research in remote quarters in District 207's administration center, 131 S. Lee St., Park Ridge. School districts participating in the regional cooperative share the cost of obtaining and maintaining the necessary computers, programs and staff.
As a representative of the Maine high schools and as chairman of the Board of Directors of the Institute for Educational Research, Schar has been active in efforts to gain financial assistance for the new data processing consortium, the first of its kind in Illinois.
"The ILL-125 grant will enable us to achieve many of our objectives and provide additional data processing services to the participating districts which would

The Administration Office will be able to take registrations until Monday, March 19, 1972.

Summer Employment

The Niles East District is presently taking applications for summer employment.
The East District will have a number of openings for teachers, college and high school students looking for summer employment. Anyone interested in applying for a summer position should contact the Niles East District at 7677 Milwaukee Ave. Applications should be filed immediately.

East Maine Census Names Nominating Committee

In their regular December meeting, the members and attendees of the East Maine Township General Census selected the Nominating Committee. It is the purpose of this committee to assist the people in General Districts 18 and 207 in their selection of school board members. This group of people interviews interested candidates and at the January Census meeting present their recommendations to the entire Census group. A non-political organization as this is not perfect, however, the officers of the Census Committee feel it is necessary to assist to those candidates who are unable to actively investigate

school board candidates. East Maine General Census has been an active group for approximately 10 years. Mrs. Grace Riley, present chairman, can be quoted as saying, "I emphatically support local district participation, as a parent of school children. Local education and the school board functions should be of prime importance to each parent. What is more important than the good sound and adequate education of our children at all levels?"
This year of 1972 Elementary District School Board will be holding its election on February 15 to be filled and High School Board on March 12.

Kay Davison of Dist 64 Retires

Mrs. Davison, presently Office Manager and Head Bookkeeper for School District 64 while not of retirement age, has decided to retire after 20 years service.

In 1952 Kay came to District 64 as secretary to Superintendent Plimpton. Her skills in accounting were quickly noticed and Mrs. Davison was transferred to the Accounting Department under the direction of Mr. Shinneman. When he left Kay continued in this position with the guidance of Mr. Berry. The following year she was then given the duty of Head Bookkeeper and began working with Russell Miller, Business Manager. In 1964 Kay was named Office Manager. This position presently calls for her to supervise all other secretaries and substitute secretaries, order and maintain all clerical supplies, purchase and maintenance of business machines, and assist Mr. Miller in accounting records.

Maine High Schools Mid-Year Graduation

This year, for the first time, mid-year commencement exercises will be held for January graduates of the Maine Township High Schools.

A graduation ceremony and reception will be held at each of the four Maine high schools this month, with Board of Education members and school administrators present to award diplomas and honor those students who, having completed graduation requirements by the end of the first semester, wish to receive their diplomas at this time. Parents, relatives and friends of the graduates are invited to attend.

Traditional commencement exercises will be observed at each school. Graduating seniors will march in a procession; there will be an invocation, brief welcoming remarks by the president of the senior class, a short commencement address, and presentation and acceptance of graduates. Following the graduation

ceremony, refreshments will be served at an informal reception in the school cafeteria.

Printed brochures will include both the graduation date and a listing of all graduates.

Maine East's commencement exercises will be held Friday evening, Jan. 19, at 8 p.m. in the school auditorium, with 46 graduates expected to take part in the cap and gown ceremonies. Graduating seniors at the other 3 Maine high schools have chosen not to wear caps and gowns.

Maine North's graduation exercises will take place Monday evening, Jan. 22, in the school's large learning resource center at 8 p.m. Nineteen graduates will participate.

Maine West will award diplomas to 35 graduates on Thursday evening, Jan. 25, at 8 p.m. in the school's Little Theatre. About 40 candidates for graduation will take part in Maine South's commencement exercises, scheduled for Wednesday evening, Jan. 31, at 8 p.m. in the school auditorium.

While a total of 268 seniors in the district will be eligible to graduate this month, many have indicated they prefer to wait until June commencement to receive their diplomas.

No Classes Friday

There will be no school Friday, Jan. 19 for District 64 students. This day will be used by faculty as a records day to score papers, record grades, prepare for parent reports and up-date student folders. School will resume on Monday, Jan. 22.

Student Smoking Meeting at Maine East

Whether or not the current no-smoking policy of the Maine Township High schools should be modified to permit students to smoke in a designated area on each campus and at school events will be discussed at a district-wide public meeting to be held Wednesday evening, Jan. 17, at 8 p.m. in the auditorium of Maine East High school. Spokesmen for various parent and student groups will express the views of their groups on the subject; teachers' and school administrators' views also will be heard and data presented concerning smoking rules and regulations at nearby high schools. Michael W. Bartos, Board member, will act as moderator.

Forty minutes of the two-hour meeting will be given over to hearing the opinions of persons in attendance at the meeting. Those wishing to speak from the floor may send a note to the moderator and will be heard in the order that they make their requests. Each will be limited to a presentation of 3 minutes.

The District 207 Board of Education, under pressure by student groups to change its present smoking policy, is interested in hearing from the entire community on the smoking issue. It has scheduled the open meeting to gain information that might be helpful in determining the kind of policy regarding smoking that will be in the best interest of the school district.

During the past year there has been organized student effort and student council requests for a smoking facility for students at each of the 4 Maine high schools. Many students, including non-

smokers, feel that a designated smoking area is desirable as it will eliminate, or at least lessen, the nuisance of surreptitious smoking in other parts of the school building, especially in washrooms. On the other hand, there are many students who have indicated they feel that smoking should not be permitted anywhere on school property.

School officials agree that it is difficult to effectively control student smoking either within the school buildings or on the four Maine campuses. However, in spite of the problems involved in enforcing the smoking ban, the school administration has heretofore recommended that the Board retain its no-smoking policy on the basis of health reasons.

Notre Dame Placement Exams

Notre Dame High school for Boys will hold its registration and placement exams for eighth grade boys, Jan. 13, at 8:30 a.m. at the school.

Designed to place the student in the best academic environment for his individual needs, the battery of tests will measure the boy's strengths in preparation for high school.

Students planning to enter Notre Dame in September 1973 should be present for the exam which will be over shortly after noon.

In the spring each student and his parents will be given an interview where they can discuss tests results and the student's individual program for next year.

Each boy is asked to bring two #2 pencils and the \$5 testing fee to the exam, Jan. 13.

Dancing Troup at Apollo School

Gus Giordano and his Troup will appear at Apollo Jr. High school on Jan. 19. The performance will start at 1 in the school gym. Mr. Giordano has received the Governor's Award for his contribution to fine arts, Most Distinguished Dancer Award for 1970, and two Emmy Awards for Cultural Affairs Programming. For the past 10 years, Mr. Giordano has choreographed the Northwest Waa-Mu Show.

The program is sponsored by the Apollo P.T.S.A. The public is welcome.

Food Drive a Success

Students at Melzer school in Morton Grove completed a successful food drive to help needy families. The drive, under the direction of the student council, raised over 4,000 items of canned goods and dried food.

The food was donated to the St. Augustine Indian Center at 4512 N. Sheridan rd. in Chicago. The Center helps over 15,000 needy Indian families in the Chicago area.

According to Melzer principal Dan Cunniff, the students went from door to door asking for donations.

Legion Oratorical Contest

The Morton Grove American Legion Post #134 is still seeking contestants for their yearly Oratorical Contest. To be held later in Jan. at the Morton Grove Memorial Home, 6140 Dempster, the winner will advance into district competition, then participate in higher degree contests until a National winner is chosen.

The oratorical event is open to girls and boys of high school age, both those who either reside in Morton Grove or those living outside Morton Grove but attending a high school in the village covered area, i.e. Niles North, Niles East, Notre Dame or Maine.

Both an extemporaneous and prepared oration must be given. The subject portion of the Constitution for the extemporaneous part is announced to the contestant privately after a "drawing" just prior to his delivery.

Cieplik Envable Football Record at Brown U

Ken Cieplik of Niles has recently completed a fine career of varsity football at Brown university in Providence, R.I. Cieplik, who attended Notre Dame H.S. was a starting linebacker for the Bruins.

While at Notre Dame Ken compiled an outstanding record in track as well as football. He was the captain of both teams and also M.V.P. of each squad. In addition he was named All-Area and All-Conference in football.

Ken continued his fine record at Brown. He started as a sophomore and was honorable mention All-Ivy and All-East. His junior year he was elevated to the second team All-Ivy and he repeated that honor this year as a senior. He also captained the team this year and was chosen as the player who contributed the most to the team by the coaches. His fine play and leadership will certainly be missed next year when he graduates this year in June.

OCC Folk Music Course

Ray Tate, director of the Old Town School of Folk Music, recently demonstrated techniques in teaching guitar at a meeting of the Community Relations Committee of the Oakton Community college. Registration is now open for the course he will teach at OCC during the Spring semester, using techniques and methods developed by the Old Town School of Folk Music. Listening in the background are OCC trustees (l. to r.) Raymond Hartstein and Paul Gilson.

Teachers from the Old Town School of Folk Music will teach a course in guitar technique at Oakton Community college during the Spring semester under a special joint agreement.

Ray Tate, director of the Old Town School of Folk Music, and Mike Dunbar, a member of its teaching staff, will teach a course in beginning guitar technique, patterned after the methods used by the Old Town School at 909 W. Armitage in Chicago.

The school is committed to making the learning process as pleasant and satisfying as it is musically correct, according to Mr. Tate. The class method creates a group feeling in which every student can progress at his or her own level free of competitive pressure.

The college credit course, Music 133 at OCC, will be offered in 2 sections. One, taught by Mr. Tate, will be offered on Tuesdays from 2 p.m. until 4:30 p.m. The second, taught by Mr. Dun-

bar, will be offered on Tuesday evenings from 6:30 p.m. until 9 p.m. Students successfully completing the course will earn two credit hours. Students will become familiar with the guitar and learn the fundamental techniques of varied styles with emphasis on accompaniment.

The course is open to both full and part-time students. Registration is now open at Oakton Community college, 7900 N. Nagle, Morton Grove. The music course taught by Mr. Tate and Mr. Dunbar will begin on Tuesday, Jan. 16, and registration for their classes will continue through that date.

GET A COMPLETE FOUR CHANNEL SYSTEM FOR \$200 - LESS THAN HALF PRICE

A lot of people in other areas have paid a total of \$379.95 for the receiver, decoder and speakers shown here. When you add our regular price for the Garrard record player, the total would be \$440.70. We realize our \$200 system price looks pretty incredible, but it's for real. No one has ever before offered a system discount price on this combination. We had an opportunity to do so: on a limited supply, and then we decided to do even better. We pared our own profit margin to make a truly spectacular new year special. Since our price is so outrageously low, we agreed not to mention the manufacturer's name, and of course we won't be able to do this again once our current stock is gone. So if you want a complete four-channel system for \$200 right now, take only as long as you need to read about it here before you come down.

The four-channel receiver has an eight-track playback deck as well as an AM/FM stereo tuner, and plays discrete four-channel or regular stereo cartridges. Separate slide controls balance the sound between front and rear speakers and also between right and left speakers. It sold for \$199.95, including the walnut case.

The \$79.95 SQ decoder enables you to receive FM broadcasts encoded for four-channel, play SQ matrixed records, and create four-channel effects from stereo sources.

The record player is the reliable Garrard 40B automatic, which we equip with a base and the excellent ADC 220XE elliptical magnetic cartridge. This combination usually sells for \$60.90.

You also get four compact two-way speaker systems with eight-inch bass speakers. They sold for an amazingly low \$99.90 for four.

At this price we can't include our five-year warranty, but manufacturer's warranties are in effect. If you don't come in now you'll miss your only opportunity to get a complete \$440 four-channel system for \$200.

LIMITED SUPPLY **\$199.00**

A PAIR OF OPEN AIR HEADPHONES FOR \$4 OFFER LIMITED TO THE FIRST 50 PEOPLE IN EACH STORE
The stereophones shown here have very light weight foam rubber earpieces which don't require a complete ear seal in order to provide deep bass. They sound great, and you can play music as loud as you like without any distortion. \$4 is so ridiculously little in addition to the quality that we have to limit the offer to only 50 pairs in each store, so come in today when the doors open at nine.
\$4.00

MANUFACTURER'S WARRANTIES ON ALL PACIFIC STEREO PRODUCTS. Every item at a Pacific Stereo store is fully covered by its manufacturer's warranty. The Service Department is the authorized warranty station for almost all these items and we are prepared to fully carry out the terms of the warranties. Whenever your equipment needs servicing, in or out of warranty, bring it to Pacific Stereo for fast skillful service.

A RAINCHECK AND A SHORT SUPPLY MERCHANDISE SEARCH. Because we offer such attractively priced merchandise, it sometimes happens that a store runs out of an advertised special before you get there. If that should happen to you, just ask a salesman for a raincheck. We'll then search to try and find the equipment in one of our other stores and your raincheck entitles you to have it at the advertised price for one week.

60 DAY EXCHANGE PRIVILEGES. If you're not happy with what you bought from us within 60 days from the time you bought it you can bring it in and exchange it.

LAY-A-WAYS, BANKAMERICARD, MASTERCHARGE, MONTHLY PAYMENTS, 90 DAY INTEREST FREE ACCOUNTS. Pacific Stereo gives you all the above ways (in addition to cash payments, of course) to make your purchase. Whichever method you choose, you'll find it at Pacific Stereo.

Nimrod Sworn Into Office

State Senator John J. Nimrod this week urged residents of the 4th District who wish to take part in the inaugural ceremonies for President Richard M. Nixon in Washington D.C. on Jan. 18-19-20 to contact him to make necessary arrangements.

Senator Nimrod, sworn in Wednesday, Jan. 10 in Springfield, along with 4th District Representatives Robert S. Juckett and Eugene Schlickman, commented that anyone can take part in the Washington ceremonies, but that certain parts of the program require admission tickets and he offered to help with these.

Sen. Nimrod, who succeeded veteran Senator John W. Carroll of Park Ridge as the 4th District member of the Illinois Senate, also serves as Republican Committeeman for Niles Township. After the swearing in ceremonies in Springfield Wednesday, Nimrod

hosted a reception at the Warehouse, a restaurant and club near the Capitol.

Guests included many who served on his Senate Advisory Committee in the recent campaign in which he was victorious by a commanding 23,000 vote plurality over his opponent, Nimrod noted that the Advisory Committee looms large in his plans to serve the needs of the 4th District with care and efficiency. The committee, which included every Mayor of every city and Village in the district except one, will be consulted regularly by Sen. Nimrod, and its recommendations will furnish the framework for his legislative efforts.

Answers Senior Citizen-Vehicle Sticker Letter

Dear Mr. Besser: I would like to voice my opinion on the "Senior Citizen" letter. I am sure there are not many Senior Citizens who object to the \$5 vehicle charge. In fact, most are grateful for it. To the others, why don't you move back to Chicago? Niles has a great Senior Citizen program which many people have found of value. There is a Commission dedicated to helping the Senior Citizen. These people donate their time for this purpose. As to the \$5 charge, I am a widow supporting 3 children and I don't get a rate on my vehicle sticker. And if any one needs it, I do. But, I feel that \$10 is a

small amount compared to Chicago. I have paid taxes in Niles for 18 years and feel that any money used in Niles is used for the benefit of the residents. It is not squandered on "unmarked cars." Many of the men who have company cars have to have them at their disposal after work hours. They are always "on call" for emergencies. There are some departments, license, electrical, building etc. that can only make inspections in the evening. I am very happy that these men are so devoted to their jobs that they give up their free time for it. And

if I have to pay taxes for their cars, that's fine with me.

There are a few Senior Citizens who have two cars and complain about the vehicle tax when they are driving 1973 Cadillacs. My car is a small Chevy, 1970 vintage and the only car in the family. Instead of complaining about our Village, why doesn't "Senior Citizen" get active in the Senior Citizen Commission? Then he would have a right to gripe about the rest of the Village.

Sincerely,
 Name Withheld

The Best Government for Illinois

Leonard J. Brown Plumbing
 542 BUSSE HWY. Park Ridge, Ill. TEL: COM 3-5111-2

To the Editor, We, as members of the University of Illinois College Republicans, noting that: 1. The Republican Party is the party of the Open Door, and 2. It is the duty of public officials to work first for the general welfare of their constituency instead of their party label, completely support State Representatives John Hirschfeld (R - Champaign) and Eugene Schlickman (R - Arlington Heights) in their efforts to clean up both the Illinois Speakership and the leadership of the party. It is a somewhat rare quality that both these men have demonstrated. We wonder how many other State Representatives would be willing to risk their political careers for the sake of not only their own integrity and conscience but also to provide the people of Illinois with the best leadership possible in state government.

In the context of providing the best leadership possible to the citizenry of Illinois we would also like to note that while we do not support Representative Blair for the Speakership, neither can we say we see any merits in giving the leadership of the House to Minority Leader Clyde Choate of Ames. It makes very little sense to replace one Czar with another.

In ending we would like to again repeat our support of Representatives Schlickman and Hirschfeld and say that they deserve not the

criticism of those who for one reason or another consider them disloyal Republicans, but the praise of the people of this state for their prime commitment to both their constituents and the best government for Illinois.

Thank You

Dear Editor: The Maine East Music Boosters wish to express to you their sincere appreciation for the outstanding support given to this year's Silver Anniversary Performance of Handel's Messiah. The publicity in your publication regarding this Maine East Tradition was in a large part responsible for the overflow crowd which attended the performance. It was a great inspiration to the Concert Choir, the alumni and the soloists to sing to such a great audience.

Again, our thanks,
 Elinor Frick

Fire Dept. . . . Cont'd from Niles-E, Maine P.1

Chief Hoelbl said that the increase in calls could not be attributed to an increased population, since our population has been generally stable at about 32,000 for the past 5 years.

Instead, he said, it appears that the increase in ambulance service has occurred because the average age in Niles has probably increased. "It seems there are more older people living in Niles now, than previously," he added.

Other factors to be considered, the veteran chief observed, was the public's awareness of the emergency service of all types available by the department's highly trained 52-man force, the general increase in home use of mechanical appliances, the increase in auto population with its resulting accidents and car fires, and the inevitable element of carelessness on the part of the people.

The department is making every effort to combat the increase in calls, Chief Hoelbl said, citing as one example the year-round Home Inspection Program, and stepping up its award winning fire prevention program for industry and commercial properties. The department was recently awarded the Grand Award for its fire prevention efforts in the annual contest sponsored by the Chicago Association of Commerce and Industry for departments in an 8 county Chicago area.

"Our men are constantly attending seminars and schools and receiving more fire and emergency aid education," Chief Hoelbl added, "but technology is also constantly increasing the problems faced by your firefighter. However, we have always been on the top of the situation and we will continue to do so."

not be possible within the local fund commitments," he said. The funds for IER-TIES will be channeled through the Community Consolidated School District #181 in Hinsdale, the district requesting the grant in behalf of all of the districts in the cooperative.

Since elementary and secondary schools have data processing requirements different from business and industry, but similar to each other, IER-TIE's regional system offers size economy and eliminates the need for costly data processing departments in the individual school districts. Utilizing the most advanced computer concepts and capabilities, it provides a wealth of educational information to aid school districts in their instruction programs and provides extensive business, administrative and research services as well. Necessary data is stored without repetition in the computer's memory, then retrieved and correlated with other data as each application requires.

Access to the computer is via telephone lines and cathode ray tube terminals. Each district can use the computer to satisfy its own requirements and meet its own priorities independently of other districts also using the TIES system. Security provisions prevent unauthorized access to data.

Directors of the M.G. Chamber of Commerce, "Mr. Berrafato has given many tireless hours of service to his community and richly deserves this honor," said Mayor Bode. A letter was sent by Victor L. Walchrik to John Waner regarding our request for 125 units for Housing for the Elderly. The request was made once again in the hopes we can obtain approval from the Federal Government. Mr. Nordberg said that the Shaf Zoning Case was continued till Feb. 7, 1973.

There were 11 boys and 27 girls listed as runaways from 14 1/2 to 15 years

First National Bank of Des Plaines Celebrates 60th Anniversary

Jan. 28, 1973 marks the 60th anniversary of First National Bank of Des Plaines. First National has initiated numerous programs throughout the 60th year to thank the many northwest suburban residents and business people for helping to make the bank the oldest and best highly respected in the area. Celebration activities have included a variety of events planned with community involvement in mind. The 2nd Economic Forum attracted many northwest suburban businessmen and women for the purpose of discussing the economic outlook. The July 8th financial Independence Day was a 1913-style Fun Fair with outdoor entertainment and refreshments. It proved a delightful day for Des Plaines area residents, young and old alike. In addition, an informative Land Trust Seminar was held Oct. 18 for over 100 Des Plaines realtors and attorneys.

Six foresighted businessmen were the guiding force behind the bank's founding in 1913. Resources were \$60,000 in the beginning, but the bank quickly grew and prospered, outgrowing its original home within a year. It has continued to grow and serve the expanding northwest communities through the turbulent twenties, the depression of the thirties, the post war years of the forties with expansion after expansion throughout the fifties and sixties all the way up to 1973.

Stability has been First National's trademark over its entire 60 year banking history. It has had only two board chairmen, Arthur L. Webster and Frederick F. Webster, the present incumbent.

Only five men have served as president. The first, Joseph L. Jefferson, guided the bank's beginning years from 1913 to 1918. His successor, Arthur L. Webster, served for 30 years until he became chairman in 1949. James R. Lawrence, the third president, served until 1965, and was a director since 1941 until recently retiring. Maxwell D. Sawyer was in office as president from 1965 through 1971 when he stepped up to vice-chairman of the board. He served in that capacity until his death in Sept., 1972. The current president, Arthur R.

Weiss, is fifth in line of succession.

First National has experienced tremendous growth since its modest beginnings in 1913. From a little over \$200,000 at the end of that first year, the bank topped \$1 million in 1930 and reached nearly \$3 million in 1940. The continuous growth of the city of Des Plaines and the burgeoning O'Hare area since the end of the second world war has been reflected in First National's growth as well. By 1950, resources were well over \$13 million, hit the \$44 million figure in 1960 and surpassed \$100,000 million in 1970. Today, the bank boasts total resources of \$122,924,108.

As the result of rapid growth, the bank decided in the early 60's to adopt modern automated bookkeeping methods. In 1964, an IBM 1440 computer was installed. Processing of all major banking services has since been automated resulting in faster, more accurate handling of customer deposits and loan accounts.

In addition to being the first financial institution in the area with its own data processing facility, First National has pioneered many other banking services

in the Des Plaines community. It was first to provide interest from date of deposit on savings accounts, first with statement teller services available at one teller window, first to provide trust services and others.

The year 1967 brought further new advances including the establishment of First - Maine Travel Agency, a bank owned subsidiary that provides complete travel services at no service charge. In addition, a new lock box service was instituted to help make funds more readily available to commercial firms.

"As we enter our 61st year," Arthur R. Weiss, bank president, stated, "many changes and new developments loom on the horizon for First National. It stands ready to meet whatever challenges lie ahead. It will continue to grow with the thriving city of Des Plaines and the adjacent O'Hare airport area. The bank has set strong goals to maintain high levels of integrity and continue its dedication to excellence, stability and versatility in serving our customers. These are the elements that have led First National to its present leadership position."

Minnesota Fabrics Sewing Demonstration

Leslie Wood, Simplicity's Fashion Stylist, will present an informative lecture and demonstration of great interest to all women who sew. "Know Your Correct Pattern Size" places emphasis on selecting the correct pattern size for a particular figure type and making simple alterations, if necessary, thereby eliminating hours of fitting frustration.

In addition to the visual lecture, the Simplicity Stylist will have a complete set of basic fitting dresses which the customer can try on to determine her correct pattern size and figure type.

According to Carl Zander, store manager, Miss Wood will appear at the Minnesota Fabrics, 9371 N. Milwaukee ave. (Millbrook Shopping Center), Niles on Wednesday Jan. 17 at 1:30 p.m.

ND Fencers 9-0 Record for Season

Notre Dame varsity fencers traveled to Dixon last Saturday to compete against Dixon HS, and New Berlin HS. The meet was held so that two fencers from each school were in a pool together and fenced the other two schools, so there were four bouts against each team per pool. This

made it a total of 12 possible bouts against each team, and 7 bouts is a winning total for the meet. There were 3 rounds against both schools, all levels A, B, C fencing each other. N.D. was all 3 rounds against Dixon, 12-0, 12-0, 12-0; against New Berlin, 9-3, 8-4, 12-0. The final results were N.C. vs. Dixon 36-0 and N.D. vs. New Berlin 29-7. This is equivalent to N.D. 18 Dixon 0 (twice) and N.D. 15-3 and 14-4 against New Berlin.

In the process, Terry McConville gave up only 5 touches in his 9 bouts. Terry McConville, Tim Glass, Pat Gerard, and Bill Kica went 9-0 for the day, with Jim Burkert going 6-0.

As a novelty, N.D. fenced Dixon in Sabre (two bouts) with N.D. fencers Pat Gerard and Ken Lavelle going 2-0 each. Epee was also tried with 2 N.D. fencers, Tim Glass and Terry McCon-

villie against one from New Berlin and Dixon. This was an experiment, but it was a lot of fun for the fencers, they fenced more than they had planned on. The meet was a good practice for the dual meet coming up against tough adversary New Trier West, who the Dons take on this Thursday at 7 p.m. The Dons will face Niles East on Friday at 6 p.m. Both meets are away at 6 p.m. The Dons are now 9-0 for the season and the season is almost half over.

Four starters have high averages for the dual meet season and total season. McConville is 23-0 for meets, and 95-17 (.645) for the year. Tim Glass is 21-2 for meets and 77-35 (.678) for year. Pat Gerard is 20-3 for meets and 60-32 (.653) for the year. Bill Kica is 19-0 and 46-20 (.697) for the year.

SPORTS

ND Swim Team News

Eleven members of the Notre Dame swim team entered the post holiday competition with Florida teams. A 5th place showing at the Hillcrest Invitational and a 74 to 21 defeat at the hands of league opener St. Vistor left the ten swimmers looking for better things to come.

A second place finish by the varsity backstroke relay (Bill Mitchell, Mike Norberg, Tom O'Donnell) and the freshman medley relay (John Cashman, Jeff Stahl, Mike Walsh, John Wilson)

were the best performances at Hillcrest.

Mike Norberg, in the 200 yd. individual medley and Joe Lukes in the 100 yd. freestyle were the swimmers only winners against St. Vistor. An outstanding performance by freshman Jim Brennan in the diving competition earned him a second place at the varsity level.

Notre Dame will be out to make its comeback this Saturday at St. Patrick of Chicago 7 p.m.

Niles Hockey

Pee-Wee Midget Division All Stars

Dec. 9 Bank of Niles 8 - Upper Crust 2. It was almost a shut out for the Bank of Niles up until the third period when Upper Crust players Vito Senese and Paul Storc got the two goals for the players. Scoring for the bankers was handled by Bill Madura and Mike Lasco with 2 each, Steve Cohen, Rich Lakin, Dean Ghim, and Bill Sullivan.

Dec. 16 Fornastero Bros. 6 - Bank of Niles 2. Bob Premer, of the Fornastero Bros., had a busy day scoring a "hat trick" plus an assist on Don Mueller's goal to help beat the Bank of Niles in a well played hard checking game. Fornastero's other 2 goals were scored by Mike Kogos and Pete Schmidt. Bill Sullivan and Bill Madura put their sticks together to score the two goals for the Bank.

Dec. 17 Miller Builders 3 - Amy Joy Donuts 0. Well Mike Paul did it again - scored another "hat trick," his fifth in as many games, to tell the scoring story in this hard played, fast skating game. Amy Joy tried hard to fight back and score but couldn't keep the puck in the Miller zone long enough to do any damage.

Dec. 23 Amy Joy Donuts 5 - Upper Crust 1. Again showing that donuts and pies don't hit it off, Amy Joy romped to a 5-1 win over Upper Crust this morning. Amy Joy goals were scored by Larry Gaertner, Alex Sgarlata, Frank Angulo, Steve Mamma, and Bob Traxler. Paul Storc for Upper Crust got up the middle to score their only goal.

Dec. 24 Fornastero Bros. 3 - Miller Builders 2. You can take my word for it, when I say that the Fornastero Bros. had a Merry Christmas, after this rough, tough, hard fought game that was a battle for first place, when they went ahead 3-2 with only 1 minute to play and stayed there. Both teams played hard and well with both goalies seeing more shots and stopping most of them than they usually see in 3 games. Mike Pinski scored both of Miller Builders goals, Bob Premer scored two and Don Mueller scored the go ahead goal for Fornastero.

Dec. 31 Miller Builders 12 - Upper Crust 1. Miller Builders welcomed in 1973 with an impressive 12-1 decision over Upper Crust. The Builders scoring was taken care of by Mike Paul who scored 6 goals, followed by Bill Hadfield and Bill Michaels who each scored 2, and John Witanen and Jim Solan with one each. Paul Storc got up the center on a break-away to score the lone Upper Crust goal.

Dec. 6 Saints 3 - Niles 2. The Midget All Stars played their first game of the season in Willow Springs. It was a hard fought battle with the Saints coming out on top in the closing minutes of play. Niles goals were scored by Martin Brinsky and Bill Laird with assists by Tim Corcoran and Martin Brinsky.

Dec. 8 Niles 2 - Saints 1. A return match with the Saints at Ballard Sports Complex found Niles victorious. Niles goals were scored by Mike Zawainiak and Mike Kirby, assists by Rich Larson 2 and Jeff Blahnik 1. Bob Rinke did an excellent job in the net for Niles. Tim Corcoran, center for Niles, sustained a shoulder injury during the game and may be out the rest of the season.

Dec. 14 Niles 5 - Northbrook "B" 0. A fine performance for Niles. Andy Geller, goalie for Niles, registered his first shutout this season. Niles tallies were by Martin Brinsky, Ed Radousky, Ed Hoegan, Mike Zawainiak, and Jeff Blahnik with assists by Rich Larson 2, Mike Zawainiak and Ed Hoegan.

Niles Bantam All Stars

The hustle and bustle of Christmas had very little meaning when the buzzer sounded to start the game on Dec. 21. The boys were ready to play hockey. They skated hard and fast.

Northbrook scored the first goal, but Niles kept right in there and Vito Senese scored their first goal assisted by Tom Ackerman. It then was a new game. The score remained tied at the end of the first period. When the second period began Niles was a little slow. The very fine goal tending of their goalie Mike Sabas kept them in the game. With sixteen seconds left in the period J. C. Premer scored the second goal assisted by Vito Senese. This put Niles ahead. In the third period they skated with confidence and two more goals were scored by Mike Schwass unassisted and Vito Senese assisted by Bill Norberg. Niles was the victor. The score was 4 to 1.

ND Cagers Win One, Lose One

The Dons record remained at .500 over this weekend as Notre Dame won Saturday and lost the following afternoon. ND traveled to the far reaches of St. Francis De Sales to defeat the Pioneers 79-63. Sunday afternoon, ND was invaded by the Shamrocks of St. Patrick and lost 50-30.

"Buzz" Naughton scored 22 points to power the Dons over St. Francis. ND had complete control of the boards in this game. Against the Shamrocks, Notre Dame was not so lucky. St. Patrick's took a lead at the end of the first quarter and lost it only once. ND was completely out-rebounded and out-played.

Still, the Dons looked good. They trailed by only 3 at the half. "Buzz" Naughton was beginning to get hot at this point. When the second half began, ND climbed to within 1 point. Here is when St. Patrick took

control of the game. St. Pat's two forwards began to hit from the outside. The Shamrock's 6'5" center Tom Smith took control of the boards. He completely out-muscled Naughton many times.

The fourth quarter showed who was really stronger. The Dons, still tired from the night before, couldn't control the Shamrocks fast break. ND was out-scored 16-1 in the last quarter, and the Sham machine was a 30-30 winner.

Offensively, it was the Dons worst showing. Naughton led with 10 points, followed by Mike English's 6. The Dons had only 16 team rebounds.

James Farentino to Star in 'Cuckoo's Nest'

David Lonn, Managing Director, announced recently that James Farentino, star of the former TV series "The Bold Ones" (the Lawyer's segment), and currently starring in his own NBC series "Cool Million," has been signed for the Arlington Park Theatre's next production "One Flew Over the Cuckoo's Nest" opening Thursday, Jan. 25 and running through Sunday, Feb. 18.

This production marks the Midwest premiere of "One Flew Over the Cuckoo's Nest," adapted by Dale Wasserman from the novel by Ken Kesey, which has been running for two years in New York and three years in San Francisco.

The comedy/drama centers around a charming rogue who contrives to serve a short sentence in an airy mental institution rather than at hard work in a prison. A more comprehensive description of this important work comes from the lines of the play itself: "Like a cartoon world, where the figures are flat and outlines in black, jerking through some kind of goofy story that might be real funny if it weren't for the cartoon figures being real guys..."

"One Flew Over the Cuckoo's Nest" will be directed by Harvey Medlinsky, who directed "A Thousand Clowns," "The Rainmaker," "Come Blow Your Horn," "Death of a Salesman," and "The Only Game in Town" at the Arlington Park Theatre last year.

Special discounts are available for students.

Tent 26 will present a check for the amount realized from their recent theatre collections drive and Variety Women's figure will be the total raised by their group during the past year. Amounts will be made public the day of the luncheon.

The Catalogue of Catalogues at MG Library

The Morton Grove Public Library has added two copies of "The Catalogue of Catalogues" to its growing collection. One copy is available for patrons to check out on a short term loan. The other copy is in the reference collection so that it may be examined in the Library at any time.

This catalog is a complete guide to world-wide shopping by mail; it lists more than 470 shops from which thousands of great bargains and unusual gifts are available. Typical are cashmere sweaters from Scotland, mohair blankets from England, toys from Germany, modern furniture from Denmark and Sweden, tiles from Portugal, silks from Thailand, photographic equipment from Hong Kong and linen and tweeds from Ireland.

The author, Maria de la Iglesia, has provided addresses and helpful information about each shop listed. She tells whether the shop's catalog is free or not, specialties of each mail-order shop, and the cost of typical items.

Twain Students 'Visit' London

Team 3 students at Mark Twain school in Des Plaines are taking an imaginary plane trip to London. The trip, part of a unit on the city of London, will be chaperoned by Rhea Lichtenstein, who is completing her student teaching assignment at Twain, and Cathy Chrisos, the regular classroom teacher.

Each child prepared for the trip by applying for a passport and a visitor's visa. Before the trip, they researched the weather in London in order to select appropriate clothing.

Once on board the plane, each student is assigned a seat and asked to select his preference for meals from the menu.

During the course of study, students have learned a great deal about London. This information will then be used to make a comparative study of London and Chicago.

The activity ends with the return flight to Chicago.

Kaplan JCC Art Show

The Art Show Committee of the Mayer Kaplan Jewish Community Center has been busily making plans and selecting artists and their works for the second annual art show at the center, "Print 2/Plus - Artists at Work."

According to Chairman Burt Wintick of Evanston, this year's show to be held Feb. 24 and 25 will include the works of approximately 75 artists and craftsmen. Demonstrations by the various exhibitors will be held continually throughout the building.

Highlighting the event will be the drawing for an original Toulouse-Lautrec framed lithograph. The lithograph is one of the many graphics purchased by the committee from the EYE Corporation. Raffle tickets for the Lautrec will be sold for \$5 a piece which may go toward the purchase of any item costing \$35 or more.

Contributions from patrons, donors and guarantors of \$100, \$50 and \$25 respectively may be applied toward the purchase of any art objects of \$35 or more, and will entitle the contributor to two tickets to the show. Price of general admission is \$1.75.

"Print 2/Plus - Artists at Work" will feature the works of painters, potters, jewelry makers, print makers, photographers and sculptors.

Auditions at Kaplan JCC

The Cultural Arts Department of the Mayer Kaplan Jewish Community Center announced that auditions for "Adaptation/Next" will be held at the Center, 5050 W. Church St., Skokie at 8 p.m. on Tuesday and Wednesday, Jan. 23 and 24.

"Adaptation," a one-act comedy written by Elaine May, will require a cast of 4 men and 2 women.

Director, Leon Palles, invites actors and actresses to audition by either reading lines from the play or by bringing scene cuttings and readings from other comic presentations.

Mr. Palles stated that "Next," the serio-comic one-act, written by Terrence McNally, will be cast from members of the Kaplan JCC's Actors Workshop.

Performance dates for "Adaptation/Next" are scheduled for March 31, April 1, 7, 8, 14 and 15.

Both plays have won critical acclaim on Broadway.

THE CORNERS

of Where it's at and What's happening.

By Ed Hanson

Most pro football tackles agree that it's not the work they enjoy — but the people they run into.

And in the big Super Bowl game next Sunday, the "over-the-hill" gang of Washington Redskins should run into and over the young Miami Dolphins. This game between Washington and Miami should be a replay of the Redskins game against the Packers and the Cowboys.

In other words, the Washington Redskins should smother both the running and passing attack of the Miami Dolphins.

And with President Nixon openly supporting the Washington Redskins, by supplying plays to their coach George Allen, I suppose the air attack of the Redskins should blitz the Dolphins into submission.

So you can see the Dolphins are not only up against the Redskins but the entire establishment of this country.

Thus, the Super Bowl game can have only one outcome. The Washington Redskins will be the victors.

And coach Don Shula of the Dolphins only has himself to blame. He should have negotiated with Henry Kissinger for an honorable settlement of this game prior to engaging in the hostilities.

Shula, after the game, may even be stripped of his coach-of-the-year award by influential members of the establishment.

After the Redskins have scalped the Dolphins, why not enjoy a wonderful dinner at the BEAM'N BARREL, 7136 Milwaukee, Niles. You can partake of tender juicy steaks, chicken, out of this world ribs or savory seafood. And incidentally the salad bar of the BEAM'N BARREL deserves special mention. For it's unique having not only garden fresh salad, but herring, cheese and an array of other appetizers. And with dinner you can enjoy all you can eat.

Angelo told me last week that he is adding more booths to handle the increased number of patrons which has been increasing week after week. Although the BEAM'N BARREL is relatively new, the Angelo family has been one of the pioneers in the restaurant business in Niles and the northwest side. They have been highly successful operators of restaurants prior to 1948. Many of their old friends and customers have complimented them on the fine decor of their new BEAM'N BARREL. For casual dining amid a cozy and rustic atmosphere the young and old will enjoy you will find the BEAM'N BARREL a delight. And the prices are reasonable because all their dinner entrees include a garden fresh salad with your favorite dressing, hot French sour dough bread, creamery butter, potato, and choice of beverage (coffee, tea or milk) complimented with a refreshing sherbert. There are no extras at the BEAM'N BARREL... try it and see.

Another guy who'll really enjoy the Super Bowl game because he's a rabid football fan is Bene Stein, general manager of the GOLF MILL THEATRES of Niles. And I just received the news that dapper Bene Stein will be installed as chief Barker of the VARIETY CLUB, the "show business organization" that helps needy children. Bene will be officially installed as chief Barker Monday, Jan. 15 at the Pick-Congress hotel. They couldn't have selected a finer or more able good-fellow than Bene Stein.

Speaking of Super Bowls and super players I see where ARVEY'S is offering super luncheon specials daily. You can have your choice of two luncheon specials, served with soup or salad daily for only \$1.50. ARVEY'S at 7041 Oakton, Niles is open for breakfast, lunch and dinner every day. In the near future I'll have some great news for customers and friends of the owners, Tommy and George, regarding their future plans. ARVEY'S has accomplished a great deal of success in a short time and they are going on to even greater things in the near future.

A super weekend special that is scoring a touchdown with everyone is the 4 pieces of chicken free offered by CHICKEN UNLIMITED, 8900 Milwaukee ave., Niles... just across from Memco. All you do is buy a Chicken Unlimited 8-pc. chicken dinner and you get 4 extra pieces FREE plus 1/2 lb. slaw, 1/2 lb. fries, 4 rolls and honey for only \$3.59. (This offer is good thru Jan. 15.) Enjoy the big super bowl game Sunday with this big chicken dinner special!

Barry B. Shuman, Richard J. Regan and Bob Gorey really combined in scoring a touchdown and adding some fine points in the marvelous decor of their all new FIRESIDE INN and lounge at 9101 Waukegan rd., Morton Grove. The fine food, service and atmosphere rates with the very best and most posh. Located on an old historic site, once known as "Battle Hill" and known for many years as Ed Roberts Hotel, Shuman, Regan and Gorey have made an almost magically transformation in the dining room and lounge that must be seen to be appreciated. Complete with salad bar, entertainment in the lounge and a modern new bar, the NEW FIRESIDE INN restaurant offers the ultimate in quality cuisine that will satisfy the most discriminating of people. Opening quietly and without fanfare the NEW FIRESIDE INN is already packing them in... Monday, I understand the FIRESIDE INN will open for lunch, too
