"Lends A De-Beautifying Effect"

OBJECT TO OVERHEAD POLES

By Gary Goodfriend

Niles Days Requests

Time is running short on requests to be received for 1973 Niles Days funds. All requests must be submitted in writing to be considered by the 26 Niles organizations and must specifically state the amount and purpose of the request.

Over \$70,000 has been allocated to various organizations within the last 3 years and these funds have had many worthwhile effects on the Village of Niles. Remember the Niles Day Parade and the Niles Day Dinner. Remember the Niles Day Parade and the Niles Day Dinner. Remember the Niles Day Parade and the Niles Day Dinner.

All new submissions are with underground and a 450000 are being made to improve the appearance of overhead facilities, Gaffinger added.

Mayor Nick Basso specifically questioned the work on Greenwood Ave. north of Bruce Drive. Overhead work is being done in this residential area where some underground facilities already exist, Basso said.

Gaffinger said using the existing poles there was the most feasible procedure. Basso commented, "Don't you erase the extra cost of underground work."

Senior Citizens Register for Reduced Fares

The Niles Senior Citizens Commission in conjunction with the Chicago Transit Authority held reduced fare registration for Senior Citizens the first week in Jan. at the Niles Administration Building. Over 200 Senior Citizens were registered and issued identification cards. As a result of the interest shown by the people, the Niles Senior Citizens Commission, in the future, hopes to become more involved in this type of assistance to the residents it serves. Photo shows Senior Citizens being registered by Senior Citizens Commissioners Barbara Borowski assisted by Milla Jones.

From the LEFT HAND

Last Wednesday night Maine Township's High School Board held an open meeting regarding the requests for a smoking lounge for students. The majority of the teachers and parents were opposed to such a plan emphasizing such a lounge would condone a practice which most people believe is a definite health hazard.

Students favoring such a plan thought restrictions on smoking was an infringement of their rights. One student noted his parents bought him cigarettes, and he was allowed to smoke freely at home, so why was he being denied this same right in school.

A rebuttal to students who felt their "rights" were in jeopardy came from people who asked about the "rights" of non-smokers. Pointing to Chief Justice Burger's recent complaint to Amtrak regarding smoking in a train to Washington, they noted it was time the non-smoker had his rights protected from the smokers.

Last year's student president Scott Williams, a non-smoker, said while he too was opposed to condoning smoking, nevertheless, Maine East's washrooms were so clouded with smoke those desiring use of the water closets had to overcome this obstacle. He thought the issue was not being solved, simply by saying, "no," to a room set aside for smoking.

One point we thought was incongruous was the vast majority of teachers polled were against a lounge. Yet, the teachers have their own smoking lounge, which makes their argument about health hazards a bit weak.

While I'm a non-smoker, I've never carried the sword against other people's smoking. In our house my wife has been a heavy smoker for years. And while my concern about it has been the effect on our 4 children, fortunately, none of them ever undertook smoking.

I am the progeny of a cigar-chain-smoking father. The stogie was in his mouth after his first cup of breakfast coffee, and subsequent cigars were as much a part of his every day life as the meals he ate. I've a memorable picture of my Dad, at the age of 21, with his foot resting on the running board of an early vintage Model T Ford, with a favored stogie hanging from the corner of his mouth. Some 20 years later we have another snapshot of a balding middle-aged man with the same foot resting on one of the last running boards of a 1937 car, again with another stogie being chewed upon.

My Dad was a great bridge player. In the early thirties he used to go to New York each year, representing the middle west in the United States championships of the American Bridge Association (a bridge writer for the Life, Arthur Glatt, was a member of this 4-man team). They played against the Culbertsons and the Four Aces, who were then the big names in bridge annals. And through these grueling hours and days, the week-long tournaments were sheer contests of enduring pressure. And I guess those dark stogies my Dad chewed on, helped ease him thru those tense days. During his entire lifetime cigars kept the pressure down. Shut in (Continued on Page 26)

MONACEP Evening Classes Open Monday

The Maine-Oakton-Niles Adult and Continuing Education Program (MONACEP) begins its second year of operation next week. The winter term with more than five hundred courses is designed to provide learning opportunities for persons in the Maine and Niles Township areas.

Monday evening classes begin Jan. 29 at Maine Township High School West, Wolf and Oakton, Des Plaines; Maine Township High School South, Dee and Talcott, Park Ridge; Niles Township High School North, 9800 Lawler, Skokie; and Niles East, 7701 Lincoln, Skokie.

Tuesday classes open Jan. 30 at Maine Township High School East, Dempster and Potter, Park Ridge and at Niles Township High School West, Oakton at Edens, Skokie.

Wednesday classes start Jan.

31 at Maine West and at Niles North.

Thursday classes at Maine East, Maine South, and Niles West begin Feb. 1.

Over 5,000 persons have been registered in the program. Additional sections of some of the popular courses have been organized.

Whenever classes are still open for enrollment, registrations will still be accepted up to the opening time of class. With some exceptions, most classes meet from 7:30 to 9:30 p.m., and students should go to the school where the class is to be held at 7 p.m. in order to register for classes starting that evening.

The MONACEP district offices, 696-3600 or 966-3830 can supply further information on classes, tuition, and registration procedures.

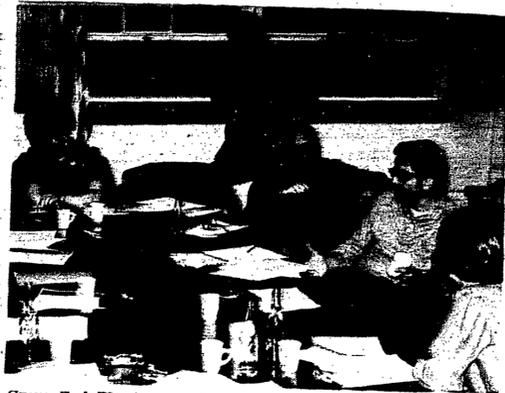

"Save Open Space" Committee Urges Passage of Referendum

(MG Park Dist. News Release)

Of current interest in Morton Grove has been the Morton Grove Park District referendum to acquire open space and develop it into a park with recreation facilities.

A large group of citizens has gathered together to form an organization known as the Save Open Space Citizens Committee (S.O.S.C.C.). As an organization they have worked with the Park District Board of Commissioners and staff in planning the project that will allow Morton Grove to acquire one of the last pieces of open space in the area for recreational use.

The members of the S.O.S.C.C. have gone beyond the planning stages of this project; they have thrown their full support behind the Park District open space referendum set for Feb. 3.

What is unique about the S.O.S.C.C. is that it is made up of a cross section of residents from all over Morton Grove, and it is not an organization representing any special interest other than the future of Morton Grove.

Joan Dechert, the chairman of the committee, says: "We feel this is our last chance to provide a park, centrally located in our community which will include a recreation center available for use by all the residents of our community. The passage of this referendum is important for the future of the community, and for that reason we are supporting the Morton Grove Park District in this project."

The referendum, if passed, will allow the Park District to sell up to \$2,900,000 in general obligation bonds. With the proceeds, the Park District will purchase 13 acres of open land located on Dempster across from the Korvettes Shopping Center. In addition to acquiring the 13 acres, the Park District will be given an additional 3 acres of land previously dedicated for streets.

These two parcels of land will total 16 acres of open space. The land will be developed into an open play area with ball fields, tennis courts, and a leisure time park. Also, a recreation center will be constructed on the southwest corner of the planned park that will include a large multipurpose meeting room with stage, nesting rooms and an indoor artificial ice rink. The tennis courts at Oriole Park will be improved and lights will be installed for evening use.

If the land is not acquired by the Park District, it will be developed into a multiple-unit housing project that will increase congestion in Morton Grove. It appears that the Park District is giving the citizens the opportunity to decide the future of Morton Grove — more parks or more apartments.

Members of the "Save Open Space" Citizens Committee include: Mrs. Joan Dechert, chairman; Norbert Leeb; Bob Zaruba; Mrs. Mary Rackowski; Mr. and Mrs. Leonard Bloomfield; Mr. and Mrs. Stanley Pierce; Don Sneider; and Joe Lotacano.

Robert E. Kamey, assistant vice president of Dovenmuehle, Inc., who handled the transaction, said that the term of the mortgage is 20 years. The structure was completed this fall.

New Niles Indoor Tennis Club

Dovenmuehle, Inc. has arranged a mortgage in the amount of \$825,000 to finance a new recreational facility in Niles. The six-court indoor tennis club has been completed at 7847 Caldwell ave. on a 68,600 sq. ft. site in the Tam O'Shanter Industrial Park.

The courts, with a sq. ft. area of approximately 46,400 sq. ft., have been leased by the Tam O'Shanter Racquet Club, Inc. The building is designed by architects Axel Kaufmann of Boston, Mass., and Sorenson and Sorenson of Chicago. The structure is centrally air conditioned, allowing for year 'round use. Contractor was D. J. Velo and Co. of Chicago.

WIU Debaters

Western Illinois university debaters placed high in two prestigious national tournaments recently on the West Coast.

WIU's second team in the West Coast tournaments was composed of Morton Grove freshman Neil Blummenfeld, 8901 Olcott, and Harvey Morris, 9312 Osceola. Blummenfeld was last year's Illinois prep debate champion from Maine East High school.

After a two week layoff for research, WIU debaters will compete in the William and Mary Invitational Jan. 25-27 at Williamsburg, Va. The intercollegiate topic for debate this academic year is "Resolved: That the Federal Government Should Provide a Comprehensive Program of Medical Care for All Citizens."

MG Firefighters

The Fire Fighters of Morton Grove as citizens and employees of the Village of Morton Grove will be petitioning the Village of Morton Grove's Board of Trustees for recognition of the Morton Grove Firefighters Local 2178, of the International Association of Firefighters, AFL-CIO, C.I.O., as a Collective bargaining agent in behalf of the uniformed employees of Morton Grove.

The petition was drawn up and signed by an outstanding majority of the men, The Firefighters and Local expects the Village of Morton Grove's Board of Trustees will respond to the petition at an early date.

Ted Shaf Speaks Out Against Park Referendum

(Shaf Builders News Release)

Ted Shaf, local homebuilder and developer, finally broke his silence on the controversy surrounding his proposed "Village Green" home - Condominium Complex.

Meeting with a large group of local residents, Shaf said, "I am appalled at what I've been reading and hearing about this fine addition to Morton Grove. The people of our community are being completely misled on the facts and figures — and also on the effect this development will have on Morton Grove!"

Referring to the Feb. 3 Park Board referendum that would condemn his property in favor of an ice-skating rink, Shaf seriously questioned the 2.9 million dollar figure the voters are asked to approve. "The bond indebtedness amount is just the beginning of the sham Morton Grove voters are being misled into. In that total figure is included the ridiculously low amount of only \$500,000.00 for the 16 acres of land. (Admittedly "picked out of the air" by the Board.) I've been offered that amount alone for just the small parcel fronting on Dempster st. I am confident that a judicious court settlement on the value of just the property involved will exceed the total bond issue."

That would mean, of course, no ice-skating rink, no buildings, no sports center; until you, the taxpayer, comes up with still more tax money to complete this project which is the dream of a few local residents, the Park Board and the 125 members of the "Open Space" committee.

While on the subject of "Open Space," I should point out that Ted Shaf, too, believes fervently in open space. The "Greens" development will incorporate 40% of beautiful greenery and open space.

Shaf continued, "the proposed development is, in no way, detrimental to this Village. I have been a resident of Morton Grove

contribute a minimum of \$13,000,000.00 in taxes to help alleviate your spiraling tax problems.

To be specific, the tax "help" you and I would receive from the "Village Green" development would, each year, approximate \$260,000.00 to the Grammar School District No. 67, \$195,000.00 to High School District No. 219, \$79,000.00 to the Village of Morton Grove, and \$22,000.00 to the Park Board. The total tax revenue to all taxing bodies will be in excess of \$687,000.00 per year.

Every resident of our town knows that what we need is additional income — not additional taxes. Another ice skating rink would be nice — but the hundreds of thousands of dollars revenue to our school districts and village operation has got to be infinitely nicer!

"In conclusion, I would simply ask my friends and neighbors of Morton Grove to weigh all the facts surrounding a fine "Village Green" addition to our community — as opposed to one more tax burden for all of us — in the form of an ice-skating complex."

"Save Open Space" Committee Urges Passage of Referendum

(M.G. Park Dist. News Release)

A large group of citizens has organized a "Save Open Space" committee to urge the passage of a referendum on the proposed "Village Green" development in Morton Grove. The committee, which includes representatives from the Morton Grove Park District, the Village Green Homeowners' Association, and local residents, believes that the development will destroy the park's natural beauty and recreational value.

The referendum, which will be held on Feb. 3, asks voters to decide whether they support the development. The committee is currently circulating petitions and holding public hearings to gather support for the referendum.

Ted Shaf Speaks Out Against Park Referendum

(Shaf Builders News Release)

Ted Shaf, local homebuilder and developer, finally broke his silence on the controversy surrounding the proposed "Village Green" development in Morton Grove. Speaking at a public hearing, Shaf expressed his support for the development, arguing that it will bring economic growth and jobs to the area.

Meeting with a large group of local residents, Shaf said, "I am appalled at what I've been reading and hearing about this fine addition to Morton Grove. The people of our community are being completely misled on the facts and figures — and also on the effect this development will have on Morton Grove."

Shaf continued, "The proposed development is, in no way, detrimental to this Village. I have been a resident of Morton Grove for 16 years and am very proud of our community. Throughout these years I have built literally hundreds of homes throughout the area that were — and are — a fine contribution to the growth and expansion of Morton Grove. The "Green" also will contribute to the growth and expansion — and you, the taxpayer, will be the beneficiary. Instead of the Park Board's proposed millions of dollars of indebtedness, which with interest, actually amounts to \$4,750,000 that each of us will be paying for the next 20 years, the "Green" will

contribute a minimum of \$25,000,000 in taxes to help alleviate your spiraling tax problems.

To be specific, the tax "help" you and I would receive from the "Village Green" development would, each year, approximate \$200,000.00 to the Grammar School District No. 67, \$195,000.00 to High School District No. 219, \$79,000.00 to the Village of Morton Grove, and \$22,000.00 to the Park Board. Boys' Bowling

The first place team in the blue division of Maine East's Boys' Bowling club, with 29 wins and 10 losses, is comprised of captain Dave Contorno, Paul Hujer, and Glenn Shipp. All reside in Niles. The first place team in the white division, with 28 wins and 11 losses, is comprised of cap- tain Scott Friedman of Morton Grove, Steve Stein of Des Plaines, Frank Vecchio of Des Plaines, and Arnold Fishman of Morton Grove.

The best series bowled on Jan. 11 were by Wayne Gilbert of Niles with a 581, Scott Fried- man of Morton Grove with a 535, Ken Weingarten of Des Plaines with a 535, Jeff Ungar of Mor- ton Grove with a 516, and Scott Schwartz of Morton Grove with a 500.

Best games were bowled by Wayne Gilbert (250), Brian Krone (205), and Guy Marshall (203). The pizza winners with 2,279 total pins were captain Brian Krone, Mike Moore, and Irwin Platzner.

1800 people resided in Des Plaines when Joseph L. Jefferson, our first president, opened the doors of First National Bank of Des Plaines on January 28, 1913. A small real estate office served as our first home.

By the end of that first year, resources had grown from a little over \$61,000 on opening day to more than \$206,000. Bank customers had to step-up into our lobby from a wooden sidewalk while the shrill background sounds of a Chicago Northwestern steam engine rang in their ears. Once known as the Town of Rand, the village of Des Plaines in 1913 stood on the threshold of a new destiny. It would become a city in 1925 that would grow to a current population of over 60,000.

As the community grew, so did the bank expand its services. During the turbulent

twenties, resources more than doubled. Sound management guided the bank through the depression years and by the end of the thirties resources increased more than 134%.

The burgeoning expansion of the entire O'Hare area has necessitated many progressive moves by the bank to provide more modern convenient customer banking services. From close to \$3 million in resources in 1940, First National grew to more than \$13 million in 1950, reached over \$44 million in 1960 and topped the \$100 million figure in 1970.

Today, resources are close to \$123 million. Our services have kept pace to meet

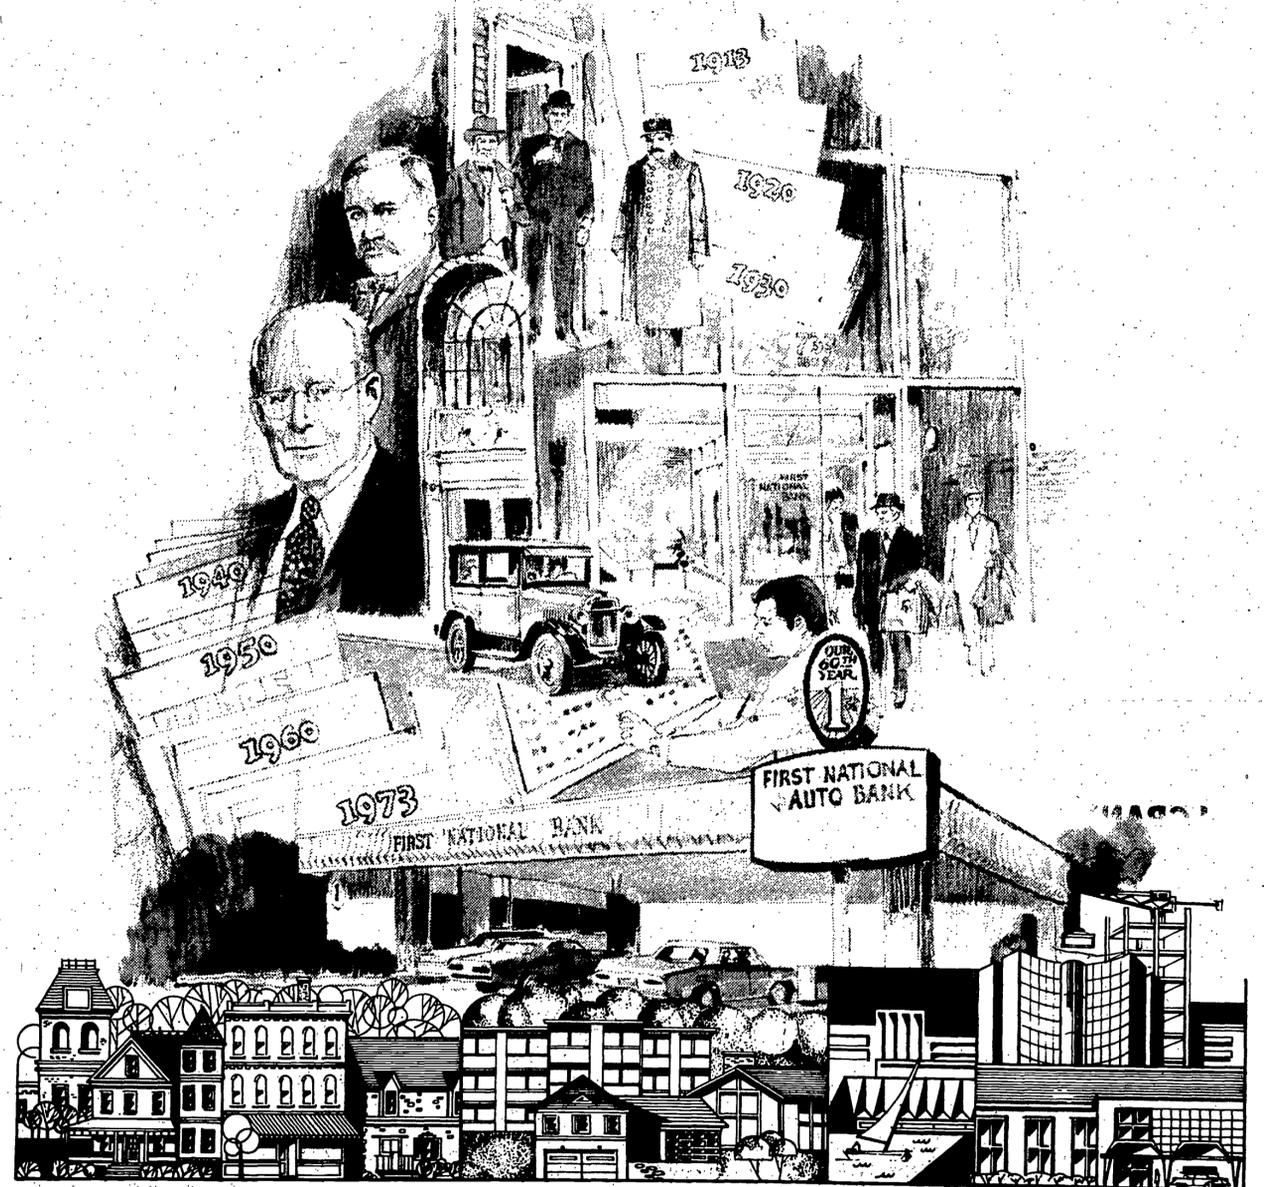

the increasing money management needs of active Des Plaines and Northwest suburban businesses and residents.

Neither Jefferson nor Arthur L. Webster, our second president, could visualize in 1913 that in addition to all types of savings, checking and loan services, one day our banking services would include: a commercial loan limit of \$750,000; financing of civic projects; full travel arrangements through our subsidiary, First-Maine Travel Agency; drive-up banking open 62 hours, 6 days a week; on-premise computer services; bank by mail; trust services ranging from land trustee to investment management; and many more. There was, however, one thing they knew for certain on that wintry day in 1913—that the First bank in town would be the leader in providing whatever banking services the community needed. It has. It is. It always will.

Blase: Township Government Waste of Taxes

"The officials of Maine Township blatantly opposed the peoples right to an open election last Nov. allowing voters to decide whether Township Government should be retained or dissolved," charged Nicholas Blase, Committeeman of Maine Township Regular Democratic Organization. "Hundreds of Maine Township residents, Democrats, Republicans, and in-

dependents called for the issue of Township Government to be placed on the ballot in the Nov. 1972 General election. "Since Township officials insist this form of government is the last bastion of the peoples voice, we can't help wondering why they continue to exert all the political muscle they can muster by preventing the people

their right to a choice by vote." Blase further stated, "At present the suburban homeowner is paying over one half million dollars in township taxes. It does nothing, it gives nothing to the homeowner. Suburban residents are provided with efficient services from their own village. "We must also dismiss the fictitious myth perpetuated by

Township officials about the school districts' relationship with Township Government. The truth is township government has nothing to do with our schools and the districts into which they fall. There is no relationship between either and there never has been. We refuse to perpetuate a philosophy of government we do not believe in. Therefore, we will not become involved in April election of township officials. To do so would only contribute to further waste of the taxpayer dollar. As a responsible organization we cannot allow any further acknowledgement of such blatant disregard for the peoples rights."

Blase concluded, "When the issue of Township Government is placed on the ballot for the voters to decide upon, we will take a further position at that time."

Letter to the Editor

In Support of MG Park Referendum

Dear Mr. Besser: Morton Grove residents have a rare opportunity on Saturday, Feb. 3. On that day, we can determine for ourselves whether we want our village to become choked with high-density apartment buildings and the accompanying traffic — or, whether we want to "Save Open Space" and provide a beautiful environment and needed recreational facilities for the entire village.

The Feb. 3 Park District Referendum, if passed, will provide the funds to acquire and develop the "Dempster-Newcastle" property just northeast of Dempster and Waukegan. This is the only centrally-located, undeveloped parcel of land in Morton Grove that is large enough to accommodate a multi-purpose recreational building (with an indoor ice skating rink and meeting rooms), outdoor tennis courts, baseball and football fields and landscaped leisure-time areas. Plans also call for the tennis courts at Oriole Park to be improved and added to, as well as lighted for evening use.

Despite some irresponsible claims, the referendum by law cannot exceed 2.9 million dollars. This, according to Park District figures will increase individual property taxes about 22¢ to 64¢ per week. Certainly a small enough price to pay when you consider the benefits to ALL Morton Grove residents — from our children on up to our Senior Citizens.

The most important point to remember is that once this land is gone, it is gone forever. There won't be a second chance. If the referendum fails, the property is almost sure to be developed into an 8 or 12-building apartment complex that will not only increase congestion in Morton Grove, but could add to the village's flooding problems. Feb. 3 is a day of decision for each of us. A vote "YES" — Saturday, Feb. 3 — is a vote for a better and more beautiful Morton Grove.

Nilehi Special Education Meeting

A meeting for the Nilehi parents of children who are presently participating in Niles Township Special Education programs will be held Jan. 25 at 8 p.m. in the lounge at Niles West High School. Earl Rettig, the Division of Vocational Rehabilitation (DVR) representative for this area, will be the featured speaker. His topic: Educational and Vocational Opportunities for Special Education students. Those in attendance will learn about the many good jobs available through the Vocational Rehabilitation program which do not require a college education, and that the federal government is looking for students to train for special jobs at no cost to the student.

Nilehi Parents for Special Education serve on Niles Township High Schools' advisory committees in an effort to help solve the problems special education students have in meeting the challenges of high school. An additional function of the parents' group is to promote communication and the exchange of ideas with one another in order to better understand the needs of the students.

Any parent interested in professional and educational services in the area of special education available in the community is urged to attend the meeting.

After High School - Then What?

A meeting will be held for all 3 Niles High Schools on Jan. 25, at 8 p.m. in the 145 Lounge at Niles West High School. At this meeting, Earl Rettig, the D.V.R. (Div. of Vocational Rehabilitation) representative for our area, will be speaking on the educational and vocational opportunities for your students (children who are presently participating in Niles Township Special Education Program).

We know as parents you are concerned as to what the future holds for your student after graduation. There are many good jobs available that do not require a college education; the federal government is looking for students to train for special jobs at no cost to the student. Many pertinent details, relative to your child's future will be discussed that evening.

Elaine Quillian JCC Assistant Director

The Mayer Kaplan Jewish Community Center takes pleasure in announcing the appointment of Mrs. Elaine Quillian as Assistant Director.

Mrs. Quillian, who received her MSW from the University of Illinois, was the first recipient of the Woods Fellowship for Group Workers. During her undergraduate years of study at Roosevelt University, she worked and lived in settlement houses in Chicago and New York.

Mrs. Quillian's impressive background includes the directorship of the Young Men's Jewish Council in Chicago's South Shore and Social Service Director for the Chicago Foundling's Home. She also served as Staff Development Coordinator for the Department of Children and Family Service for the State of Illinois.

Mrs. Quillian is a resident of Evanston and mother of a 16-year old daughter, Pamela. In her spare time, she enjoys hooking rugs, skiing and swimming.

Mrs. Quillian believes that a Jewish Community Center plays an important role in the stabilization of a community. "A community center, actively used by its membership, is one of the most important factors in maintaining a stable community," she says. "When people are considering the merits of a neighborhood in which to live, they evaluate the schools, shopping and transportation. But, another important consideration is to seek opportunities to enrich their family life." Mrs. Quillian maintains that the JCC is the special ingredient that adds to this enrichment of community and family, and offers identification, especially for Jews.

SV Business Women Hold 'Bosses Night'

The Skokie Valley Business and Professional Women's club will hold their annual "Bosses Night" on Monday evening, Feb. 5 at the Lincolnwood Hyatt House, beginning with cocktails at 6:30 p.m.

During the cocktail hour the Adele Sampson Trio will supply music and entertainment and following the dinner, Agent Courtney B. Gerrish of the Chicago Bureau of the Federal Bureau of Investigation will speak on "The FBI Today." Program Chairman, Pat MacTavish, has arranged the evening.

Each year the club members invite their bosses as guests of the evening and no business meeting is held so it becomes a social function.

For the March meeting we will again extend an invitation to working women to attend. Happily, the club has added 7 new members during the 1972-73 club year.

Engaged

Fruhaufl-Winslow

Mr. and Mrs. James Fruhaufl of Niles, announce the engagement of their daughter, Cindy Carol, to Don Richard Winslow of Chicago.

ND Cagers Take Two

By Mike Lemanski

The Notre Dame Dons took two big games this last weekend and upped their chances of taking a conference crown. The Dons defeated St. Joseph of Westchester 51-47 and then on Saturday night they defeated the Holy Cross Crusaders 53-46. Both were away games for Notre Dame.

Against St. Joe's, the Dons started out poorly. They shot a lowly 13% in the first quarter and fell behind by 8, making the score 15-7. They couldn't catch up at half time and still trailed by 8, with the score 31-23.

The Dons came out in the second half psyched up. With Mike English on a hot streak, the Dons pulled even, and then ahead, ND couldn't hold the lead, and at the end of the third quarter it was 39 all.

The fourth quarter belonged entirely to Notre Dame. Their lead stayed this time, and the Dons began to assert themselves. "Buzz" Naughton took control of the boards. Naughton cleared four missed shots by the SJ Chargers. At the end, it was ND by 4. For the second time this season, the Dons defeated the Chargers. In the first game it was 68-60.

Offensively, the Dons' high scorers were Dick Stackwell and English with 13 and 12 respectively. Naughton managed 11. Naughton did have 6 rebounds, with Marty Draths helping out with 4. Ron Sampson of St. Joe's had game honors with 12. It was ND's worst defensive showing of the year.

Against Holy Cross, Notre Dame's only mistake was playing the first quarter. At the end of 1, ND was behind 16-10. Holy Cross could do nothing after this. Notre Dame outscored them by 13 points the last 3 quarters.

At the half ND still trailed, but only by 3, 28-25. They were ready to make their move. Mike English once again led a charge against Holy Cross. He scored four fast baskets, and ND led by 3 at the end of the third quarter 42-39.

Notre Dame was content to gain control of the boards in the fourth quarter. ND led in scoring again this quarter, but more important, they had 20 team rebounds, 8 of them in this quarter.

Even though the refs made many questionable calls, they couldn't keep ND from winning.

Offensively the Dons did well. Four of the 5 starters were in double figures. ND had no replacements in this game. Naughton and English led with 14 points each. "Buzz" Naughton now has 135 points in 9 conference games. Marty Draths had 12 and "JC" Stackwell had 11.

Naughton also had 10 rebounds followed by Draths with 5. ND's record is now 6-3 in conference, good for a tie for third.

The sophomores are also doing well. They are 7-2, and are in very excellent position for a title.

Present Check to Hospital

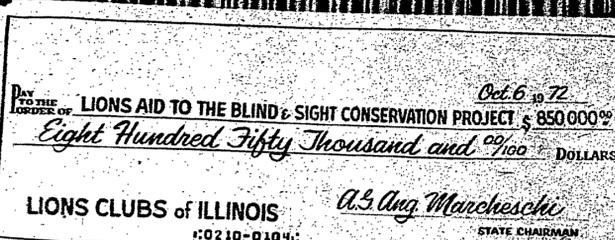

A check for \$6,000 has been presented to Resurrection hospital by Mrs. Paul C. Rizzo, chairman, and Mrs. Dominick Gobbo, co-chairman of the Twentieth Century Club Juniors Foundation 1972 Fall fashion benefit luncheon.

Sr. Bonaventure, C.R., Administrator, accepted the check, which will be used to pay for specialized X-ray equipment in the hospital's recently opened Cancer Detection and Treatment Area.

Proceeds from the gift were raised at an October fashion show and luncheon, "Royal in Deed," put on by the Twentieth Century Juniors.

The equipment, called a Zero-radiography unit, will help in the detection of breast cancer in women.

Lions Project Candy Day Goal

A.G. "Ang" Marcheschi (L.), State Chairman of Lions Blind Activities Committee, 7943 N. Nora ave., Niles, W.A. "Bill" Howell (r.), Chairman Illinois Council of Governors, 1105 W. Northeast Shore dr., McHenry, display representative check in the amount of \$850,000 as the Lions project goal for the Candy Day campaign held on Fri., Oct. 6, 1972. The proceeds of this annual drive will go to aid the visually handicapped and support sight conservation projects.

A.G. "Ang" Marcheschi, 7943 N. Nora ave., Niles, State Chairman of Lions Candy Day for the Blind held on Friday, Oct. 6, said "I'm projecting a goal of \$850,000 in gross collections from the one-day Candy Day Campaign, based on club reports received to date and the canvass of clubs that have not filed as yet."

In spite of the inclement weather, the Lions and volunteer workers were enthusiastically working the street corners, highways, by-ways and public buildings, giving away candy rolls in exchange for contributions, Marcheschi further said, "A record three million candy rolls were given away in the recent statewide campaign."

Marcheschi stated that the Lions are expanding their program of building a bigger world for the blind. He explained, "We have budgeted \$175,000 to each of the two primary projects - Hadley school for the Blind, Winnetka, and Leader Dog school for the Blind Training Center, Rochester, Michigan. Also, \$250,000 has been allocated to the other Lions state approved projects - Dialogue, a Recorded Magazine for the Blind; Illinois Camp Lions for Visually Handicapped Children; and the Lions Mobile Glaucoma Screening Unit, operated by the Illinois Society for the Prevention of Blindness. The balance

of \$250,000 will be directed toward various local aid programs for the visually handicapped. This aid will include brailers, tape recorders, typewriters, transportation, eye glasses and many other services not available from any other source. Community Sight Conservation programs will be carried on by the Lions clubs to include screening programs, eye surgery, and eye safety."

Marcheschi stated it costs \$2,500 to train a Leader Dog and master.

The cost per course at the Hadley school is \$200, with each of the 3,000 students enrolled worldwide carrying an average work load of five courses.

The leading cause of preventable blindness is glaucoma. The cost of staffing and operating the Lions Mobile Glaucoma Screening Unit is \$350 per day. Last year, more than 50,000 persons were tested in the mobile unit. Of these, 350 were found to have glaucoma in varying degrees of severity, and another 10,000 persons failed to pass the visual acuity test as prescribed by the Illinois Secretary of State to obtain a driver's license.

It is difficult to determine the exact number of Dialogue readers, as more than one person reads each issue of Dialogue. However, it is estimated that Dialogue provides more than 10,000 visually handicapped many relaxing and informative hours of reading pleasure. The Lions are becoming increasingly involved in eye research programs at the University of Illinois Department of Ophthalmology. By the year 1975, it is projected that diabetic retinopathy will become the leading cause of blindness, and the Lions are looking forward to working with the University in meeting the challenge of preventing those afflicted with diabetes from becoming blind.

Lion Marcheschi concluded his comments with praise for the general public and volunteer workers for helping the blind to help themselves. During the last two decades - since 1952 when the Lions Blind Activities program began - more than six and one-half million dollars have been collected and distributed to help the blind in Illinois.

The Lions of Illinois stand ready to help the blind and visually handicapped wherever and whenever the need arises. Any blind or visually handicapped person in need of assistance should contact his local Lions club or the Lions of Illinois Blind Activities Committee, 1515 N. Harlem ave., Oak Park, Ill. 60302. Phone 647-1000.

Ice City Project

Building a miniature "ice city" and lying in it for 15 days at Fargo, N.D., in January may sound somewhat irrational, but Richard Koenski, Niles, is one of 30 students from the Department of Architecture at North Dakota State university that believes with expert consulting services and construction assistance they can succeed. They'll join some 40 students from the University of Texas at Austin, and 10 students from Carnegie Mellon university in Pittsburgh, Pa., and immediately begin pouring and molding ice structures.

The Ice City Project is cooperatively sponsored by NDSU, the University of Texas and Carnegie Mellon university and is scheduled to run from Jan. 10-25. Many of the students are participating in the workshop for University credit.

Legion Reunion

The 18th annual past commanders-past presidents reunion was held recently at the Morton Grove American Legion Post #134 Memorial Home. Unit president and past commander Dolores Jenkins and Frank Hilbert were the special guests.

Traditionally planned by the leaders of the group one full year retired, this year's function was under the co-chairmanship of Jeanette Hack and Ray Harris. They presented the June Rold dancers for entertainment.

The party welcomes into the ranks the newly retired heads of both the Auxiliary and the Post. Seen on second photo, center, are that pair, William Cunnally and Terr Seizer, Bill's wife Ann is far left; and Terry's husband, Frank, is far right.

Dist. 63 Winter Concert

The annual Winter Concert presented by the District 63 Combined Instrumental Music Department and the Gemini School Music Department will be given Thursday evening, Jan. 25 at 8 p.m. in the South Gym of Gemini School, 8955 Greenwood ave. in Niles.

The annual Winter Concert is the culminating activity for the first half of the school year. According to Don Filla, Director of

Instrumental Music for East Maine School District 63, the annual Winter Concert is a showcase for the efforts put forth by the students in the performing groups. The program will consist of a variety of pop and light classical music.

The public, especially parents and friends of music in District 63, is invited to attend. There is no admission charge.

Concert at Kaplan JCC

Vergene Miller, lyric coloratura soprano, will present a program of classical music at the Mayer Kaplan Jewish Community Center, 5050 W. Church st., Skokie on Sunday, Feb. 4 at 7:30 p.m.

Ms. Miller's opera background includes performances with the Grant Park Orchestra, the St. Louis Municipal Opera and the Northwestern Opera Theatre. Among her many credits are the Fisk Award for Excellence in Opera, the Chramer Award for Excellence in Opera and the Artist Presentation Society Award. She has appeared in musical comedy at the Mill Run Theatre and in the Round Dinner Playhouse. Ms. Miller recently performed in solo on WGN-TV's Artist Showcase and CBS-TV's Repertoire Workshop.

Her concert at the Center will include songs by Handel, Schumann, Strauss, Verdi, Ravel, Stravinsky and Thomas.

Tickets for the concert may be purchased at the Kaplan JCC at a cost of \$1 for Center members, \$1.75 for non-members and \$1 for students.

Girls' Choice Dance

There will be a flurry of girls chasing guys in the next few weeks at Maine East because the annual Girls' Choice Dance, to be sponsored jointly by the pom squad and cheerleading squads, is set for Saturday, Feb. 3, from 8:30 - 11:30 in the Maine East cafeteria.

Music will be provided by the Pleasure Principle.

THE CORNERS

of Where it's at and What's happening.

By Ed Hanson

I first learned of Esther Vilar when she appeared recently on the 'Kup' show. As you probably know she wrote a current best seller called, "The Manipulated Man". It's an expose of American woman - particularly married ones - which means most of 'em.

I read her book and agree with every word she wrote. When she writes, "Man, unlike woman, is beautiful, because man, unlike woman, is a thinking creature." Or: "Women are stupid" - I couldn't agree with her more. But I didn't learn anything about American wives I didn't know before. I've known for years that all American wives lead double lives - her husbands and her own. And I've always known that a word to the wife is sufficient, provided that word is "yes".

And I couldn't agree more with Esther Vilar's conclusions that woman's liberation has failed; I've always been of the opinion what women needed more than "rights" were a few "lefts".

And I loved Esther's comments on career gals or part time married woman workers. You know what they are - they're the gals who'd rather bring home the bacon than fry it. Esther Vilar is right on when she says it's the married American male who needs to be liberated from the manner in which their American wives manipulate them.

A 'Go-Go' dancer I once knew expressed it perfectly when she said to me: "Yes, I'm getting married. My fiance likes my company, and I just love his - the Fidelity Trust".

And Esther Vilar is right when she states that the average married American male is controlled by a Mafia of married woman.

And when the poor married boob dies and his wife lives on for many more years in the lap of luxury on his insurance, what does he say about that?

I'll tell you. When the Devil looks over his new arrivals and he notices a guy strutting around like a peacock he knows that this guy was married. And the Devil says to this newcomer, "Say guy, you act like you own the joint". And the married stiff replies, "I do. My wife gave it to me".

And speaking of some more best sellers, Jake of JAKE'S RESTAURANT, 7740 Milwaukee ave., Niles, tells me his Italian Fiesta days went over with a bang. All this week, including today, Jake has been featuring Italian food favorites, like spaghetti, Mostaccioli, Lasagne, etc. at low, very low, prices. His Italian salute, Jake informs me, was a huge success. So Jake is going to continue his "Food For All Nations" on an every other week basis. Every two weeks he'll give a salute to the food favorites of other nations. So you can look forward to food, fun and entertainment on the upcoming Polish days, French days, Jewish days, Scandinavian days, Russian days, Chinese days, Vietnam days, and even Mars and Moon days. And as soon as peace is declared and the war is over, I wouldn't be surprised if Jake features a week of "Peace specials".

And speaking of some more best sellers, ARVEY'S RESTAURANT, 7041 W. Oakton St., Niles has a very large menu for breakfast, lunch and dinner. You have your choice at ARVEY'S of a very wide selection of all sorts of food favorites. And don't forget their two luncheon specials, served daily, with soup or salad for only \$1.50. ARVEY'S is one of the most popular family dining places in this area and once you try it you'll discover why.

Want to dine amidst an atmosphere of quiet elegance with smooth superb service? Then drive up to the new FIRESIDE INN & LOUNGE, 9101 Waukegan rd., Morton Grove with the wife and family some evening. Tom, their genial doorman, will park your car and you can stroll into their luxurious restaurant and enjoy the finest of foods, cooked to order, the way you ordered em. The food is the ultimate in quality, cooked to perfection that will satisfy the most finicky gourmet. Although only recently opened and not yet completed, the FIRESIDE INN is rapidly becoming the favorite haunt of suburbia's jet set. And Bob Gorey, your host, tells me the new FIRESIDE INN is now open for lunch - yes, it's "THE" place that makes the scene, early or late....

Art Coordinator Authors Article

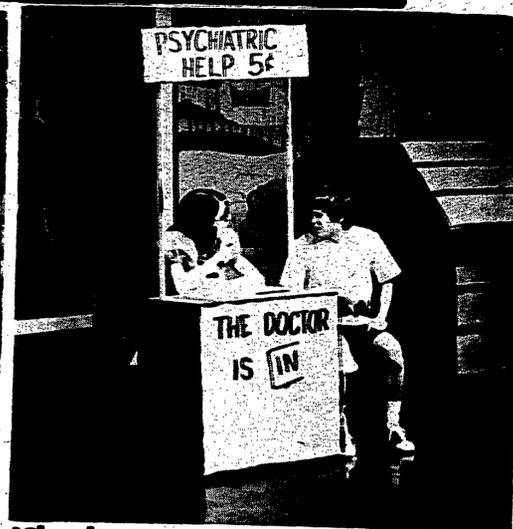

Harriet Judy, art coordinator for East Maine School District 63, has written an article entitled "Calligraphic Camouflage" for the January issue of Arts and Activities.

The article tells how children in District 63 combine art with the study of the alphabet, using letters as the basis for designs and pictures. Older children used their signatures or vocabulary words as a starting point for designs. A group of children in Team 4 at Nathanson school in Des Plaines who were studying insects wrote the word "bug" or the name of an insect and then tried to find ways to illustrate the fact that insects have 6 legs and 3 body parts.

Seven Eagles Fashion Model

Lovely Fran Kuchis in red knit with marlneck is one of the featured models in the weekly Friday cocktail hour fashion shows at the Seven Eagles restaurant in suburban Des Plaines at 1050 Oakton st. Seated in one of the brick arches at the Seven Eagles, Fran displays attractive ankle-length dress set off with custom-made jewelry on necklaces and belt. From its one of five models in "Fashion Frenzy" show Fridays from 5:30 to 7:30 p.m. directed by Elaine Gayle, whose commentary is focused on styles for the suburbans.

'Charlie Brown' Extended

Judy Rice is shrewish Lucy and Harmon Dresner, the ever-frustrated Charlie in everyone's favorite whimsical "You're A Good Man, Charlie Brown," extended at the Forum Theater through Sunday, Feb. 4. Reservations are necessary for all performances of this hit, recipient of two Jefferson award nominations. They may be made by telephoning the Forum's box-office 498-3000 or by visiting or writing the Forum Theater, 5620 S. Harjenn ave., Summit, Ill., 60501.

I think they ought to work out a system so that if you fall asleep during a movie or a play you get part of your money back.

Project Pre-Dict on Channel 32 Program

A segment of Channel 32's "What's Happening" show aired Monday night, Jan. 15, after the 10:35 movie, was devoted to Madeline Township's new prekindergarten screening program, Project Pre-Dict.

Specialists connected with the Title III federally funded project, appeared on the program to explain and demonstrate various techniques used in testing and identifying small children who seem to show a lag in motor coordination, language skills and social development, and innovative remedial programs being designed to help these children overcome their developmental problems.

Appearing on the program were E. Gaydon Branch, director of the Madeline Township Special Education Program which operates the Title III project; Richard W. Franke, project director; and staff members Mrs. Virginia Tingitino, learning disabilities specialist; Stuart Rabins, psychologist; Mrs. Patricia O'Leary, development therapist; and Mrs. Mary Jan Schlar, speech and language specialist.

Also appearing on the program and taking part in a testing demonstration was four-year-old Lee Bendarski, son of Mr. and Mrs. Armand Bendarski of Des Plaines.

Project Pre-Dict services are available without cost to residents of Park Ridge, Des Plaines and the East Maine area. The screening center is located in the Oakton school building, 2101 Oakton st., Park Ridge. The Title III program is being administered by Madeline Township High School District 207.

Western Trip for Teens

A five week trip through nine western states is being planned for teens by Camp Chi, according to Burt Friedman, Camp Director. The trip will begin on Sunday, June 24, and return on Friday, July 27. Camp Chi, 175 miles north of Chicago, at Lake Delton, Wis., is operated by the Jewish Community Centers of Chicago.

The tentative itinerary for the 35 days includes stops at Blue Mound State Park, Minnesota, Custer State Park, South Dakota, Grand Teton and Yellowstone National Forests, Wyoming, Zion National Park, Utah, Grand Canyon, Arizona, Mesa Verde National Park, Colorado, JCC Denver Resident Camp, Colorado, and Wyalosing State Park, Wisconsin.

The trip is open to teens who will enter their sophomore, junior or senior year in high school by next Fall. Trippers will meet prior to the trip to discuss itinerary, purpose, pleasures and expectations.

The fee for the 35-day trip will be \$550 per youth. This includes transportation, food, campsite fees, laundry, accident and medical insurance costs and equipment.

Teens interested in additional details about the trip should contact Camp Chi Registrar, Jewish Community Centers of Chicago, 1 S. Franklin St., Chicago, Ill. 60606, or phone FI 6-6700.

Family Enrichment

(By Larry Renetzky)

"You may give without loving, but you cannot love without giving." I discovered this expression in a book entitled "Apples of Gold." I believe it summarizes beautifully and pointedly what a loving relationship can and should be. If you truly love one another, then you can spontaneously and freely give to one another.

Furthermore, I believe that this loving relationship can best happen within marital and family relationships. However, I want to stress that it can and does happen among friends, neighbors, co-workers, counselor-client, and others who feel close.

How many people do you feel close to — really close to? One? Three? Five?

Who? Your spouse? Daughter? Son? Mother? Father? Friend? The longer I live and work as a counselor, the more forcibly I am struck by how many lonely and unhappy people there are.

Discount Records Opens Store

Art Keith, regional manager and Ted Lindgren, store manager extend a welcome to all area residents to visit their new Niles store at 9519 N. Milwaukee Ave., Niles.

During the grand opening sale, Thursday, Friday, and Saturday, Jan. 25 thru Jan. 27 you can win free L.P.'s, minimum value \$50 or a grand prize \$300 suggested retail gift certificate at Pacific Stereo (next door to Discount Records). Just drop in and register . . . and you do not have to be present to win. See the many record values in full page advertisement of DISCOUNT RECORDS, in this issue of Bugle Newspapers.

Too often I find that a person is having difficulty letting go and really being close to another human being. They say it is too painful, or they don't know how. What do you say?

One of my clients told me that he had determined never to love again — that it just wasn't worth it. He had experienced a great deal of pain as a child because he didn't feel that he was loved. He didn't feel a closeness to his mother or father. My client related how the only way he knew that his mother loved him was by the things she gave to him.

This client wanted so much to be close to mom and dad, but neither really tried or knew how to be close. Therefore, my client had suffered greatly both as a child and as an adult.

He had experienced the truism of the expression that "You may give without loving, but you cannot love without giving." Due to the lack of closeness with mom and dad, my client had concluded that he was not loved. Furthermore, the client had built up a nice wall to protect himself from being hurt. He described it like a turtle shell to protect him and to hide in.

Are you trying to hide behind some wall or inside some protective defense like a turtle shell?

Fortunately, this client discovered that he was making his spouse and children suffer, and he determined to do something about it. This client decided that it was a greater risk not to love than it was to love and to be close to his spouse and children. It was an uphill climb. Several times he withdrew and just about gave up. Then, something would happen to remind him that the risk was too great not to try to love and to be close — to invest himself.

Slowly but surely, this client is experiencing the joy of being close and really loving another person. His marriage is blossoming after more than 15 unhappy years.

Certainly, the spouse helped to make this possible as she really responded in a loving and giving way. The spouse was willing to invest herself in individual, marital and family counseling.

How much are you willing to invest yourself as a spouse? As a parent?

Something I want to make very clear is this: To love someone and to be close to him doesn't necessarily mean that you never get mad, aggravated or upset with him!

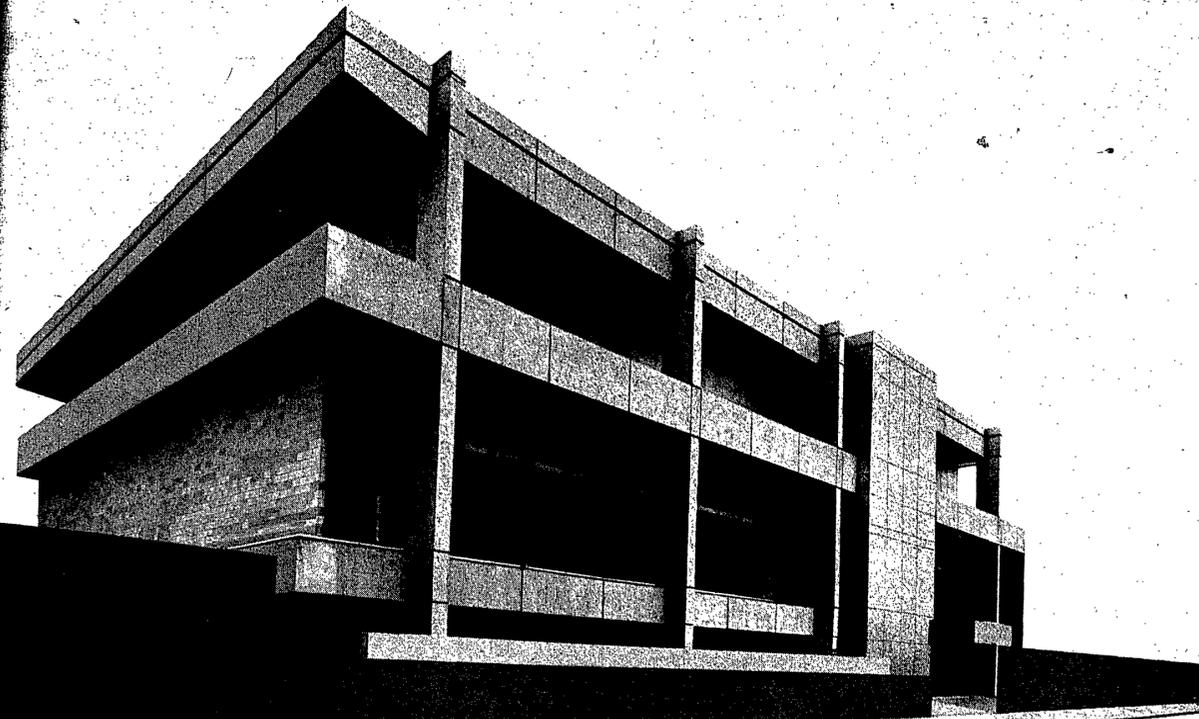

It is very human and natural to disagree, and once in a while it is good to have a clean argument that clarifies how both of you feel. This includes husband-wife and parent-child, as well as neighbors, friends, supervisor-worker.

Too often we believe that loving and giving means that you never have any negative feelings or any disagreements.

Whenever anyone tells me that he never has an argument or disagreement, I feel that he is lying to me or it is a dead marriage or relationship. When one really lives the expression, "You may give without loving, but you cannot love without giving," then it frees a relationship to express how you really feel.

Take the risk, really try to be close — it is well worth your investment. It may not be easy but the return is worth it. Try it and see.

Tam Tennis Club Free Tennis Clinic

A free tennis clinic sponsored by Tam Tennis Club, 7686 N. Caldwell ave., just north of Howard st. in Niles, will be held Saturday, Jan. 27, from 9:30 a.m. to 3:30 p.m. The Club's new indoor courts and facilities will also be open for tours during those hours. One-hour tennis instruction sessions will be conducted by the Club's professional teaching staff at 9:30 a.m., 10:30 a.m. and 1:30 p.m. Two instructors are members of the United States Professional Tennis Association (USPTA) — Club Manager and Head Pro Ed Gordon and Pro Jim Blake. Also participating will be Assistant Pro Neil Kramer.

The clinics will involve demonstrations of techniques and student participation. Visitors are requested to bring their own tennis racquet and tennis shoes. Tam Tennis Club, on the site of Tam O'Shanter Country Club, opened this Fall and has 8 air conditioned indoor courts plus handball/paddleball courts.

Summer Employment Directory at Niles Library

High school seniors, college students and teachers who want summer jobs can get the latest information from the new 1973 edition of the annual "Summer Employment Directory of the United States" just received by the Niles Public Library. Employers list more than 90,000 summer job openings at resorts, summer camps, national parks, summer theatres, ranches and restaurants. Applications are invited now.

Three points in an application most important to a summer employer are good references, training and experience, and special skills. In addition, he wants to know dates of availability, reasons for applying and a statement of the applicant's attitudes.

Summer jobs will be more plentiful in 1973 than last year in South Atlantic states, Michigan and Oregon, but less plentiful in the Midwest, Maine and New York. Salaries generally are about the same, with some increases; many jobs include room and board, other benefits such as laundry, travel allowance, end-of-season bonus.

Visit the Niles Public Library to find details about specific jobs open to students and teachers listed in the 1973 "Summer Employment Directory of the U.S."

Red Cross Advisor

Robert C. Wordel of 8430 N. Cumberland ave., Niles, is a member of the advisory committee of the North Cook County office of the American Red Cross. He is Public Relations Director of Teletype Corp. in Skokie.

Girls' Gymnastics Activities

Maine East's Girls' Gymnastics team scored 65.1 points in the annual Maine Schools Gymnastics meet held Saturday, Jan. 6, at Maine North.

The girls took first and second places in balance beam, floor exercise, and vaulting, and first and third in the uneven parallel bars. Outstanding performances on the balance beam were given by freshman Melody Miller with a score of 5.7 points and by team captain Bonnie Gallagher with a score of 5.2.

In the vaulting these same two gymnasts again finished first and second in the event, with Melody scoring 7.6 and Bonnie 6.9. In floor exercise Melody performed a beautiful routine filled with well executed tumbling skills, thus taking first place with a 5.9. Sophomore Judy Ryan tumbled gracefully to the tune of "The Wizard of Oz," tying for second place with a 5.7. Judy also placed third on the uneven parallel bars. Junior Bonnie Gallagher gave an outstanding performance on the bars, winning this event with a 7.4.

In addition, other gymnasts competing for Maine East were Christy Newman, floor exercise; Chris Bartolucci, vaulting; Mary Winkel, balance beam; and Bonnie Wilson, uneven bars.

On Dean's List
 Linda GILL, daughter of Mr. and Mrs. Gordon Sublitz, of Niles, has achieved recognition on the Dean's List at Bradley University, Peoria. Miss Gill, a junior physical education major, received a perfect 4.0 grade average for the past semester.

Blood Sugar Program at Resurrection

"You and Your Blood Sugar" will be the topic of Resurrection Hospital's Community Health Education program Wednesday, Jan. 31 at 8 p.m. at the hospital, 7435 W. Talcott, Chicago.
 Dr. Samuel Borushek, an endocrinologist on the hospital medical staff, will discuss disorders associated with blood sugar, particularly those related to hypoglycemia, or low blood sugar.
 The program is the third in a series of community health education programs sponsored by Resurrection Hospital. Admission is free and open to the public.
 Abnormally low blood sugar can be caused by tumors, malfunction of glands or severe liver diseases which cause absorption of sugar into the blood to be less than normal. In some cases, the opposite, or rapid assimilation of sugar, brought on by hav-

ing too much insulin in the blood, can also cause a mild form of hypoglycemia.
 Low blood sugar can cause central nervous system disturbances which promote headaches, personality changes, and speech and walking disorders. Symptoms of hypoglycemia are sweating, nausea, nervousness, high blood pressure, weakness, hunger and a fast pulse.

Art Classes for Teens
 The Morton Grove Art Guild is sponsoring a new "teens only" art course, by Norm Siegel, where youngsters 13 and older will do basic drawing and learn to paint in oils and acrylics. Lessons will be held at the Morton Grove Community church, on Thursdays, beginning Feb. 1 at 8 p.m. For further information call our Educational Director at 965-7023.

Students Aid Unfortunate

The students of St. John Brebeuf school recently collected money, food, and clothing for the unfortunate people of Pennsylvania and Mississippi. In June of 1972 hurricane Agnes swept through parts of Pennsylvania causing great hardship. In order to brighten their Christmas the students started their drive. The poverty stricken people of Mississippi and the flood victims of Pennsylvania both appreciated their gifts and the help they received from the students.

From the LEFT HAND

Continued from Page 1

1962, I had him admitted to Lutheran General Hospital for a checkup. And I recall walking to see him one day, when Dr. Jerry Rodgers waved me down, and asked me to stop for coffee. Jerry quickly told me the bad news, that they'd found a spot on his lungs, and it was too late... there was nothing that could be done. Later, Dr. Goldberg showed me the x-rays which to my untrained eyes showed very little. And while he explained to be about the areas which weren't perfectly clear on the film, I then asked myself if my Dad would have given up a lifetime of smoking if he had the prescience to know this moment.

Certainly, when that young 20 year old had his foot on the old Ford running board, he probably couldn't have cared less about 45 years henceforth. Nor could the man of 40 really have been too concerned about that future date 25 years later. But when you're there, and that day does arrive, you can't help feel so terribly helpless. Nothing can be done. You just have to sit and wait.

If he was 21 and had to do it all over again, would he do it the same way? I really don't know. But I'm sure when he laid in that hospital he felt his life in his 60's was just as important to him as were his younger years.

I think if young smokers today could see the x-rays and know it could happen to them, many of them would quit. It's a heart-rending moment to live through. And all the bravado of the young smoker, who thinks it's "cool" or "sharp" to light a cigarette, might have second thoughts, if he could understand that one moment of despair.

John Hillkin announced that the Village-wide meeting to discuss our Blood Drive Program would be on Thursday, January 25. Dick Hols said that the new architect met with members of the Fire Dept. to discuss plans for the new Fire Station.

Herb Hountz said the Street & Sidewalk Committee met last night and discussed the improvement of the storm sewer at the east end of town. Bids will be opened on July 1 for this. Our engineer recommended starting at the west end of town with a 34" sewer from Michael Court to Oriole and east on Church to Sherman Road and connect a bypass to the State sewer. The second phase will continue in 1974.

Fred McClory noted that the Vehicle Tags are on sale until Feb. 15.

The Orchard Center for Mental Health requested permission to solicit for funds on Friday, March 23 and it was granted. Arty, John Nordberg read an ordinance amending the Water Pollution Control ordinance, exempting industrial cleaning equipment, dairy equipment, home dishwashers, etc. Action was deferred until Mr. Duffy can be present to answer some pertinent questions.

Freshman Wrestling

Maine East's freshman wrestlers defeated New Trier West 58-6 on Friday, Jan. 12. The freshman wrestlers upped their season record to 5-3 by defeating a weak New Trier West team. This was Maine East's third win in a row. They previously beat Morton East 51-6 and Deerfield 32-18. Against New Trier West Newman won by a forfeit and is still undefeated.

"Greg Newman will probably move up to the sophomores next week," said Coach Morris Geselster. Florio went down a weight 112 and won by pin. He is now 10-1 with 6 pins. Andy Milligen wrestled for the first time this year and won by pin. Tom Govin won his second match in a row, 2-0. Roy Heinzenman won by fall as did Rich Belladachi. Wayne Kinstad finished off the good night with a 16-1 trouncing.

"It was a great night for Maine East wrestling," Coach Geselster concluded.

Dist. 63 In-Service Community Calendar

East Maine School District 63 has scheduled a series of more than 20 courses for teachers as part of the district's continuing in-service program. The courses, ranging in length from an hour and a quarter to three hours, are designed to give teachers opportunities to explore areas of interest and to improve their professional skills.

Courses to be offered include School Law, Learning Disabilities, Art Workshop, Creative Dramatics, Behavior Modification, Individualized Instruction, and Differentiated Staffing. The courses will be taught by visiting professors as well as District 63 personnel. In addition, some teachers will use their in-service time to visit other schools in the area to observe innovative programs.

The in-service sessions will be held Jan. 30 and Feb. 27 from 1 to 4 p.m. Students will not attend school on those afternoons. The in-service program was developed through the efforts of District 63's In-Service Committee. Members of the committee include Bob Bloomquist (Chairman), Carol Thompson, Larry Jania, Stuart Liechti, Mary Devereux, Helen Farrell, Bruce Ramsden, Mary Jo Wilhelm, Ken Panczyk, Marge Kountzman, Doreen Olsen, Ted Leskiewicz, Joyce Recker, Nancy Bloomquist, and Margaret Clarke.

Sophomore Basketball

Maine East sophomore basketball team is in first place in the conference with a 5-0 record and 10-2 overall.

This past weekend the sophomore Demons beat New Trier West in double overtime, 55-51, as Neil Clark sent the game into overtime with a 15 foot shot at the buzzer. On Saturday, Jan. 13, they beat Wheeling, 49-39, with Mike Sellergren netting 21 points and 14 rebounds to lead the team. Other sophomores contributing to the success of the team are Mark Berns, Mark Maloney, Charlie Sellergren, Tom Romano, Mark Pauluzzi, Terry Mellinger, and Dave Scher.

Molloy School Thanks Legion

The Morton Grove American Legion Post #134 recently was in receipt of a letter from the Julia Molloy school for approximately \$85 worth of toys which the local Legion donated for the pleasure of the students in the nursery rooms. These were all brand new, wholesale priced items which were obtained and offered to them. Child Welfare Chairman Anthony La Rosa says the articles were obtained through the efforts of Legion-friend Richard Nichols of Majestic. A most fitting after-holiday treat for all those attending the Molloy Center.

1962, I had him admitted to Lutheran General Hospital for a checkup. And I recall walking to see him one day, when Dr. Jerry Podger's waved me down, and asked me to stop for coffee. Jerry quickly told me the bad news, that they'd found a spot on his lungs, and it was too late... there was nothing that could be done. Later, Dr. Goldberg showed me the x-rays which to my untrained eyes showed very little. And while he explained to be about the areas which weren't perfectly clear on the film, I then asked myself if my Dad would have given up a lifetime of smoking if he had the prescience to know this moment.

Certainly, when that young 20 year old had his foot on the old Ford running board, he probably couldn't have cared less about 45 years henceforth. Nor could the man of 40 really have been too concerned about that future date 25 years later. But when you're there, and that day does arrive, you can't help feel so terribly helpless. Nothing can be done. You just have to sit and wait.

If he was 21 and had to do it all over again, would he do it the same way? I really don't know. But I'm sure when he laid in that hospital he felt his life in his 60's was just as important to him as were his younger years.

I think if young smokers today could see the x-rays and know it could happen to them, many of them would quit. It's a heart-rendering moment to live through. And all the bravado of the young smoker, who thinks it's "cool" or "sharp" to light a cigarette, might have second thoughts, if he could understand that one moment of despair.
