## Maine High 1973 Summer School

The calendar and tuition rates for Maine's 1973 Summer School were adopted by the Board of Education of Maine Township High School District 207 at its regular monthly meeting Monday, Feb. 19.

Summer school will open on Friday, June 15, for all 7-week courses, and on Monday, June 18, for all 6-week courses. Closing dates are: 7-week courses, Aug. 2; 6-week courses, Friday, July 27; 4-week courses, Friday, July 13; and 3-week courses, Friday, July 6.

School will be closed on Wednesday, July 4, and the time will be made up by moving dismissal time from 12 noon to 12:10 p.m. daily.

Rates remain the same as last year. Registration fee for all courses, \$3. Tuition for a 1-credit course, \$48; for 1/2 credit course, \$32; 4-week course, \$35; and 7-week course, \$62. Typing I runs 6 weeks from 8 to 12:10, but carries 1/2 credit. A special tuition of \$37, plus the \$3 registration fee was approved by the board to cover costs.

Full Summer School programs will be offered at Maine East, Maine South and Maine West high schools, while a more limited Summer School program will be offered at Maine North.

In other action Monday night, the Board voted to retain the school district's no-smoking rule; approved revisions in the policy and regulations regarding suspensions and procedures for suspensions; and revised the district policy regarding maternity leave for non-certified personnel.

Four members of the professional staff who have announced plans to retire at the close of the school year were commended by the Board for their loyalty, cooperation and combined 127 years of fine leadership and service with the Maine Township High School District. The long-term faculty members are Anne E. Lauterbach, English teacher at Maine West; Virginia M. Snyder of Maine East's language department; Paulene M. Yates, English teacher at Maine South; and Ralph J. Frost, Assistant Superintendent of Schools.

Roy O. Makela, Board member and chairman of the Building and Grounds Committee, stated that as enrollment projections indicate that the Maine North student population will "peak out" at about 2,500 instead of 3,500, adjustments and revisions must be made in specifications for any additions to the Maine North facility. Original specifications called for a facility large enough to accommodate 3,500 students. It now appears that less footage and less classroom space will be needed, Makela said. He stressed

### From the LEFT HAND

By David Besser

The past week we became hung-up on the word "anachronism" which refers to something which is out of another time.

We were at a downtown train station Friday, a huge cavernous building, with deep stairwells, brass railings and white octagonal floors, which were devoid of people. It was a scene out of a Rod Serling scenario, empty, chilling ... and of another time.

Saturday night we were at a party in a near northside hotel. The dining area was in a long angular room with one center aisle, as on a train. The dance floor was in an adjoining room, completely hidden from the diners. This fine old hotel room had seen better days. It was no match for its suburban counterparts. This dingy area was of another era. It was indeed an anachronism.

Next Tuesday Niles Township voters will decide whether or not to retain the Township form of government. While Democrats and Republicans are playing political football with this issue, more serious students of government may agree with us in Niles Township this form of government has become an anachronism.

In past years Niles Township government served an unincorporated area which has since become incorporated. In those former days services now rendered by individual villages were provided by the Township. When the villages annexed the surrounding areas it became only a matter of time before the Township government became expendable.

We believe the time has now come in Niles Township to close shop for a government that has outlived its usefulness.

We reported at a meeting last week, Charles Anderson, Niles Township supervisor, told us the past year's budget was about \$95,000. Emergency general assistance cost \$25,000 while about

## District 207 Career Night

Uncertain of your profession in life? Maine students are invited to attend the fourth annual Career Night, which will be held this year at Maine West on March 22 from 7-10 p.m., with over 200 careers being represented.

As for the purpose of Career Night, Mr. Keith Honn, career counselor at Maine East, commented, "Career Night has been designed to expose the student of the various representatives of vocations which the student might enter."

Just to give an idea of how Career Night has expanded since the first one when 1,500 students attended, the second one drew 2,500 and just last year 3,000 attended.

The event is open to all high school and junior high school students in the area and their parents.

## Baseball League to seek \$10,000 from Niles Days Funds

# REQUEST LIGHTS FOR JOZWIAK PK.

A plan by the Niles Baseball League to use \$10,000 from the Niles Days Fund for baseball field at Jozwiak Park provoked a lively discussion at the Niles Park Board meeting Tuesday night.

The lights, for field #4, could be used for Little League games, softball, ice skating, tennis and to prevent vandalism.

Ted Tyse, a park commissioner candidate asked the Board for its opinion on the proposal and what assistance it would provide. A half hour debate followed.

Board President Walt Bessie and Commissioner Bill Keener believed the plan had great potential. Bessie said he was quite pleased the lights would be used by a wide variety of people in the community.

Keener said the Board should support "an organization that is going out on the limb to get money to improve a park facility."

Park Director Helmut Dressler and Commissioner Jack Leske were not so receptive.

Dressler was concerned about the maintenance, electric bills

# Girl Scout Week March 11-17

Happy Birthday to the Girl Scouts, they're 61 years old and celebrating that fact during Girl Scout Week, March 11-17.

"Today's Vision — Tomorrow's World" is the Girl Scout's national theme. The main emphasis in Girl Scouting is to provide opportunities for each girl to broaden her awareness and understanding of herself, of others, and of her community.

Today's girls probably will live longer lives and bear fewer children, leaving them more time for companionship, for the pursuit of careers, and for recreation. They will live in close prox-

imity to other people, and have more contact with those of different races, religions and nationalities. They will travel far and fast. They will be leaders, as well as followers, professionals as well as housewives.

In an often impersonal world a girl will need to know herself, her capabilities, interests, and above all, values. In a complex world, she must be able to set goals, organize her time, plan her work, complete her responsibilities. In a crowded world, she certainly needs great skill in inter-personal relationships. She must be a woman

who can not only run a home, but a business; who can drive the kids to school or travel around the world. She will be concerned about the quality of life in her home and her community, and will have the ability to improve them both. She needs to be the kind who cares.

Where does Girl Scouting fit into this picture? Whether it takes place in troops or in camps or on a trip, Girl Scouts stress the development of the individual girl. She has the opportunities to make choices, to plan, to be a leader. She learns skills which add to her self confidence and bring the joy of accomplishment. She has opportunities for service, which open her heart to human need.

Girl Scouts of the U.S.A. is the largest voluntary organization for girls in the world. The Girl Scout Council of Northwest Cook County serves 18,000 girls and 4,000 adult volunteers.

## Scouts Tour Burlington

Junior Girl Scout Troop 906 and Cadette Troop 100 of Melzer school will spend their March 2 school holiday taking a bus trip to Burlington, Wisconsin. The troops will alternate touring the Nestles Chocolate Plant, having a splash party in the indoor pool at the Burlington Hotel and lunch in the main dining room. Accompanying the girls are Junior Leaders Mrs. Wm. Koss, Mrs. F. Kon and Mrs. S. Gersh, Cadette Leaders Mrs. A. Irmon, Mrs. J. Warmack and Mrs. R. McKay and Senior Aides Nancy Suppan of Niles and Marilyn Koss of Morton Grove also were on hand.

IN CELEBRATION OF Girl Scout Week, March 11-17, Brownie Scout Denise Caldwell, 2918 Jerrie in., Troop 382, Cadette Scout Regina Dietz, 221 Crescent, Troop 367, Senior Scout Lisette Bellissimo, 216 Crescent, Troop 880, and Junior Scout Linda Tralmer, 8913 Oriole, Troop 715 look over scrapbook of past activities showing friendship at different levels of scouting in Northwest Cook County.

## Cadette Troop 55

Following the theme of Self Discovery, Cadette Debbie Buck is one of 15 girl scouts in Troop 55 who recently completed a cut and hair styling by Charles of Vinyet Beauty Salon, 8143 Milwaukee ave. Although Charles notes that the "younger crowd is going to shorter styling, such as the gypsy," he declined to cut Debbie's hair, preferring a blunt cut and a natural look. "Short hair would definitely not lend itself to her individual personality and appearance," observed Charles.

## Girl Scout Thinking Day

Service Unit #63 of the Girl Scout Council of Northwest Cook County held their first Inter-Troop Thinking Day Programs for all the Brownie and Junior Troops in west Morton Grove at St. Luke's Church. The Brownie Program was co-ordinated by Junior Scout Leader Mrs. Beth Golata and her Troop #769 of Golf school. The Junior program was co-ordinated by Barbara Koss, co-chairman of Service Unit #5 and Audrey Rothenberg, Leader of Troop 189 of Melzer school.

Thinking Day is a World-Wide event honoring the birthdays of Lord and Lady Baden-Powell who started Scouting in England where Scouts turn their thoughts toward peace among all men and recognize their international bond. Dimes for Daisy are also collected which go into a World Friendship Fund enabling our Senior Girl Scouts to attend international opportunities partially funded by their own Girl Scout Council.

The program for the Junior Scouts consisted of the Dimes for Daisy collection by Troop 664 of Golf school, who also were the hostesses of the day, an impressive flag ceremony by Troop 26 of St. Luke's Church, a Candle-light Ceremony followed by the brand new Girl Scout Promise and Laws recently adopted by the National Council led by Troop 189 of Melzer school, recitations and singing by Troops 92, 725 and 906 of Melzer school; Cadette

Troop 100 of Melzer school; Troops 575 and 532 of Nelson school; and Troop 856 of Hynes school.

## Girl Scout Luncheon

In celebration of Girl Scout Week, which begins on Girl Scout Sabbath, March 10 through March 17, Service Unit #5 of the Girl Scout Council of Northwest Cook County is holding two luncheons at Hackneys. The luncheon for Junior Scouts and Mothers is being held on March 10 with a fashion show by Lollipop Shop in Lincoln Village in which one Scout from each troop attending will be modeling. The chairmen for this event are Mrs. Marcy Sterling, Mrs. Beth Golata, and Lois Selzer.

The Brownie Mother-Daughter Luncheon is being held on March 24 with a fashion show by Chics and Chaps of Glenview in which one Brownie from each troop attending will be modeling. The Chairmen for this event are Mrs. Lynn Fishman, Mrs. Ellie Waldman and Mrs. Sheila Goodman.

Girl Scout Week is observed as follows: Girl Scout Sunday, March 12 is the Girl Scout Birthday, followed by Citizenship Day. The rest of the week includes Health and Safety Day, International Friendship Day, the Arts and concludes on March 17 with Out-of-Doors. Each troop is encouraged to spend their meeting day using the special observance of that day as their time.

# SCOTS List Township Record

Our Town Board is spending Niles Township tax dollars on "Taxpayers Bulletins" which are inaccurate political statements masquerading as facts about the township abolition referendum.

These bulletins are designed as a scare tactic to threaten the voter with a County takeover if township government is abolished. What the County has never mentioned because there isn't anything the County can take.

We have had township government in Niles Township for 123 years. Let's look at its record at 'keeping the County out.'

The County prepares all tax bills for Niles Township. The County assesses all property in Niles Township. The County collects and distributes all taxes in the township. The County maintains 31 miles of roads in the township. The County supervises all elections in the township. The County determines township precinct boundaries and selects and trains all election judges in the

township. The County sets standards for and regulates public health in the township.

The Town Board has even turned over the first floor of the township building to the County for County use.

Has the township government 'kept the County out?' No.

Can the township government 'keep the County out?' No.

Township government is a subdivision of the county. It has no power. It can pass no laws. It maintains no roads. It has no police power or zoning authority. It can never be a home rule unit. It can only provide social services that duplicate village services.

Strong village government is our best hope of preserving our identity in the metropolitan area. People who have village government do not need township government. Scaring people with the specter of County control and using their own tax money to do it borders on misuse of public funds and abuse of the public trust.

The Niles Township Improvement Party is challenging its opponents in the April 3 election to debate the key issues of the township referendum, including the survival of township government and the merits of Niles Township government in particular, it was announced this week.

Arrangements are being made to hold the debate at Niles West High school, at 8 p.m., Monday, March 5.

"Our opponents are making mistakes and spreading untruths about Niles Township government which must be corrected," said Supervisor Charles N. Anderson, who is the Improvement Party candidate for reelection to that post. "We propose to meet them face to face and clarify the issues."

Anderson cited several instances of "blatant untruths" which the SCOTS group is spreading throughout the township. —that Niles Township government spends \$500,000 a year. The true amount is precisely

\$96,772.08 budgeted for current year—and not all of that will be spent.

—that township functions can be taken over by villages, but not by the county. "Ridiculously untrue," says Anderson. "According to state statutes, in no way are villages authorized to assume any given township function. On the other hand, a bill has been in the Illinois Legislature for counties to take over dissolved townships, and that means Cook County taking over Niles Township."

—that the township wastes money and duplicates efforts. "Quite the contrary," says Anderson. "Township programs, unduplicated with any other governmental body, can reduce the cost of programs such as drug control by half that it costs individual villages to conduct such programs."

Anderson concluded that a debate should resolve the issues involved, and hoped that the opposition group would accept the challenge.

## Raffe Cites Plan for Consolidation

Study of a plan to consolidate and centralize township government offices was announced today by Township Clerk Phillip Raffe. He cited the increasing number of persons who use township services, plus anticipated increases that will result from adoption of the four-point proposal made by the Republican candidates for township office.

The proposal would provide assistance to senior citizens, make mental health and counseling services more readily available, improve library facilities throughout the township, and create commissions to utilize the knowledge and talents of concerned citizens.

"The large number of people who will be served by our various offices certainly indicates we should put as many of these offices as possible under one roof, and that we should put that roof in a central location to make it convenient for every township resident," Raffe explained. Township government is now located in five separate offices.

Raffe, of 225 Valerie Ct., Glenview, has been Township Clerk, a part-time position, since 1965, and is currently serving in his second term. He is a candidate for reelection in the April 3 Township election.

## Highjumper

Even though Bob Gaza of Niles may be hard to distinguish from the other tall, slender, blond-haired, blue-eyed high jumpers at Maine East, there is one main difference between the others and him. He is a sophomore and a record holder.

On Saturday, Jan. 27, Bob leaped to the height of 6 feet, 2 inches, bettering the old field-house record by an inch. This was an excellent achievement since this meet was only the third of the year. This feat, so early in the year, tends to make the odds even better that Bob will better his record.

Bob was originally a high jumper in junior high and upon entering Maine East he came out for cross country. His cross country career was short yet successful, for he was in the top 7 freshmen almost all the time. When indoor track rolled around, he again returned to high jumping.

Since then Bob has been snow-balling and getting better and better. His recent record is evidence of his hard work and determination. Bob is the best and only sophomore, and his achievements have earned him a spot in some of the varsity meets.

Niles Bantam All Stars on the move when they entered the Novice Division State Tournament. There were 80 Bantam teams entered in the competition.

Niles first game was played against the Tri City Blues. It was a real nail biter. The first period was scoreless. Both teams played hard and fast. Niles Tony Salemi scored the first goal in the second period, assisted by Mike Schwass. Niles held Tri City scoreless until the third period when they scored one goal to tie the game. Neither team could score again. This called for sudden death play. The crowd was wild. The period was only a few seconds old when Mike Schwass scored the goal assisted by Tony Salemi. Victory for Niles. Fantastic!

Oak Lawn was Niles second challenge. It wasn't as nerve wracking as the first game. Niles broke out in the first period and scored 3 goals. Ed Mendrala, Mike Schwass, and Wally

Joe Beusse scored the goals assisted by Ted Hess and Mike Schwass. Oak Lawn remained scoreless. The second period was also good for Niles - they scored 3 more goals. Tony Salemi, Mike Schwass and Billy Norberg scored the goals assisted by Tom Ackerman and Mike Schwass. In the third period Niles was scoreless and Oak Lawn scored one goal. Final score Niles 6 Oak Lawn 1. Very good!

These 2 victories sent Niles to Pekin, Ill. for final competition.

First game at Pekin was played before the sun came up. Niles was wide awake. They scored 8 goals to win over Joliet Pioneers. Goals scored by Mike Schwass with a hat trick, J. C. Prenner with 2, Tom Ackerman, Ted Hess and Ed Mendrala scored one each. Assisted by Rick Swierkosz, Billy Norberg, Don Ott, Wally Joe Beusse, Tony Salemi, Tom Ackerman and Ed Mendrala. Terrific!

In the final game Niles was not tough enough. They played

their best but it was not good enough because Downers Grove played a little harder and won. Score 7 to 4. Goals scored by Ed Mendrala, Mike Schwass and 2 by J. C. Prenner, assisted by Ted Hess, Rick Swierkosz and Ed Mendrala.

In the second period Ed Mendrala scored his goal on a penalty shot. Super!

This loss gave Niles 2nd place honors.

Goalies Matt Barrafato made so many terrific saves during the tournament it was almost unreal. Mike Sabas second goalie was super too. Defense men Russ Cannizzo, Mike Haines, Bob Stetz and Vito Senese worked hard. Center Brett Bacci was in there when needed.

In the final picture we in the Niles Hockey League are pretty proud of our Niles Bantam All Stars. In our book they are #1. "Good work, boys." Bill Norberg, Bantam All Star coach, can be proud of his fine coaching. Thanks Bill.

Pipers Carpeting 1 - Golf Mill Chrysler Plymouth 0. Mike Kirby and Joe Colasuono supplied the one-two punch to blank the strong Auto dealers team.

Sadly to say this usually fine and exciting hockey team could do no better than finish 4th place.

### LWV: Township Government Is Unnecessary

To the Editor:  
The League of Women Voters of Morton Grove-Niles believe the archaic structure of township is unnecessary in an urbanized metropolitan area, such as Niles Township. Townships were established to provide local government for rural areas before there were villages. Now, all the land in Niles Township is incorporated into villages.

Our position is the result of a three year study of local government by the Morton Grove-Niles League together with 10,000 other Illinois League members, and an additional study by the Morton Grove-Niles League of Niles Township in particular.

The functions of Township government are general assistance (which is short term emergency aid), voter registration, and personal property assessment. These functions can be more economically carried out by other existing levels of government. General assistance could be han-

dled by the villages under their new home rule powers. The village clerks and the county clerk already register voters. Tax collection and property assessment are also county functions. The State Legislature discontinued tax collection by the township collector in 1970 and tax assessment by the township assessor will be phased out by 1974. Retaining the township level of government is a duplication that costs the taxpayer money.

Eliminating township government would not affect our high school districts nor our elementary school districts. The school districts are separate and autonomous.

Because of recent changes in State Law citizens no longer have the right to vote on the town budget, salaries and the tax levy. The tax ceiling has been removed which means taxes can steadily increase. If we eliminate Niles Township Government, we elim-

inate an additional levy on our real estate tax will. All Niles Township voters are urged to vote "YES" to dissolve Township Government on Tuesday, March 13, 1973.

Ruth Baum, President  
League of Women Voters of  
Morton Grove-Niles

### Hilkin Urges 'No' Vote

Dear Editor:

The thought of abolishing a taxing body such as Niles Township sounds very appealing until you look at the whole picture.

Who will take over the duties of Niles Township if it is abolished? And what will it cost me on my tax bill?

Since the State Legislature has not provided an answer to this, I cannot see how any thinking voter can vote to end a government which, to my knowledge, has operated efficiently and economically, without knowing what the alternative will be.

All I can see ahead is Cook County taking over. And if they took over just one township function such as General Assistance, they would undoubtedly start wasting money just as they now do on Public Welfare. I would wager that Cook County would spend as much as on one function as the Niles Township administration now spends for everything they do.

I can't believe the League of Women Voters and the abolitionist group don't see that this would happen — and what an injustice this would be. Let's keep Niles Township government at least until the Legislature or the courts decide for sure what is to replace it.

That certainly means a "No" vote for me on the March 13 referendum; and I hope others will do likewise.

Yours truly,  
John Hilkin  
9120 Major  
Morton Grove

### Thanks

Dear Editor:

From all of us, who have sat before a TV set watching our POW's return from Viet Nam, and awaiting all the men serving there.

We remember, with gratitude, your great help in establishing "OVN" (Operation Viet Nam). You made our "dream come true" in reaching all of our Morton Grove and surrounding area men in Viet Nam plus their many friends over there. We hope our monthly packages would show we cared. All the people helped, with individualized and group gifts, letters from school children, baked goods and many needed items. Every contribution was outstanding.

Oh, how sweet it is. How proud to have been hit a very small part. How joyful is peace. How very welcome home our services and civilian people. How happy we are for their families. God Bless.

Our thanks to those who kept "America" — God bless His grace on them.

## Action Party Candidates Endorse Platform

Action Party candidates in the Tuesday, April 17, Morton Grove village election have unanimously endorsed a 7-point platform.

Mayor candidate Richard P. Hohns, currently a village trustee, said, "The Action Party platform pledges good government through active community participation. Although our party is now the minority group in the village administration, we believe that the combination of our qualified, dedicated candidates with our pledged program of progress in growth and economy in administration, gives voters a real choice."

The Action Party Platform:  
Taxes - end spiraling governmental costs and hold the line on real estate taxes through better use of federal grants, revenue sharing, and strict economy.

Zoning - continue our fight to keep Morton Grove a village of single-family residences.

Flooding - to take a more aggressive approach toward solving our long-standing flooding problem.

Local Control - return local government to the residents and eliminate outside political influences.

Water - reduce residential

water rates by introducing a fairer ratio between industrial and residential users.

Senior citizens - continue our fight to provide low rent senior citizen housing for village residents and their parents.

Representation - to receive, review, and respond to villagers' grievances, both large and small.

On the ticket with Hohns are William Zimmer for clerk; and Leonard Ash, Ralph Hintz, and Don Sneider for the three trustee positions.

The Action Party held the reins of village government in Morton Grove until four years

ago when a three-party race placed current incumbents into office by a slim margin. Two years ago, the Action Party and the VIP's joined forces to elect three trustees, Hohns, Martin Ashman, and Edwin Brice. Both Ashman and Brice have endorsed the present Action Party slate of candidates and their platform.

Former Clerk Leo J. DuMont and former Trustees Nell J. Cashman and Richard T. Flickinger have also given their endorsements to the Action Party ticket and platform.

## THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY

### Forgotten filters can cost you money.

Since filters are usually out of sight, they're usually out of mind. That is, until you notice something wrong with your heating or air conditioning. Then you may find a dirty filter behind it. Dust or lint on filters reduces your system's ability to move heated or cooled air. It's a good idea to check your filters every 30-60 days. To

remind yourself, you may want to do it the same day you pay your fuel bill. If the filter is dirty, clean or replace it. Clean filters also help keep your home cleaner. This principle applies essentially to all heating fuels—electricity, gas or oil. Don't forget the filter on your clothes dryer either. Clean it after every load to keep your dryer in top operating condition. Maintaining clean filters is only one area where we have

information that can help you conserve energy. If you would like our booklet "101 Ways to Conserve Electricity at Home," write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690. We'll send it to you free.

### Israel Investment Clubs

In January of this year, 15 members of Northwest Suburban Jewish Congregation chartered the first Israel (Shalom) Investment club in the Chicago area. There are almost 200 such clubs in the U.S. and Canada. These clubs invest into Israeli securities which have shown tremendous gains in recent months. A return of 10 to 20% is a rule rather than an exception.

The Shalom Investment club meets once a month and the monthly contribution is only \$25. Since we have almost reached the maximum limit of our club membership, we are in the process of establishing another investment club. Prospective club members don't have to belong to any religious or fraternal organization, but the club membership is limited to 25. However, if you or your friends are interested in chartering an Israel Investment club affiliated with a church, synagogue, fraternal order, professional society, etc., that is fine too. The club is not all business, in fact, a portion of the business meeting is devoted to listening to experts in the field of finance, socializing, entertainment, etc.

For those interested in joining or chartering an Israel Investment club, please call Marvin Goldrosen at 967-5789 or Dr. Alvin Korach at 966-7373.

On March 11 at 7:30 p.m., a French film "La Belle Americaine" will be shown at the Mayer Kaplan Jewish Community Center, 5050 W. Church st., Skokie.

The real star of this satiric farce is a swank custom-built Cadillac. It is a beautiful, status-speaking symbol of American opulence, acquired through a freak bit of fortune by a Paris working man. The manner in which it propels him and his wife through a series of crazy adventures makes for an evening of delightful entertainment.

This show which is based upon the book "The Apartment" has a script by Neil Simon, whose other comedies, "The Odd Couple" and "Plaza Suite", are so well known. The dialog in "Promises, Promises" is witty, fast-paced, and uproarious.

Burt Bacharach wrote the music, such songs as "What Do You Get When You Fall in Love," "Knowing When to Leave" and, of course, the title song "Promises, Promises," sprinkle this very tuneful show.

The whole show is a delight, and we are sure that you and the members of your club will be really entertained for an evening.

## of Where it's at and What's happening.

By Ed Hanson

Two of the world's worst jokes, overheard at Sportsman's Park:

"When the friend of an east coast fisherman is ill, the fisherman sends him a get well cod..."

A race horse owner wrote his vet: "My horse sometimes walks normally and at other times has a bad limp. What shall I do?"

The vet answered: "Next time he's walking good, sell him."

**NEW THINGS AROUND TOWN:** According to Tony Bellino, manager of the GROUND ROUND, 6921 Dempster, Morton Grove, they're offering something new Friday and Saturday nights. It's a sensational group called, "Third and Vine." This quartet consists of 3 male vocalists on two guitars and the conga. They are accented by the lovely June Shellenne on the electric piano. Together they create a unique musical experience. Known for their originality in music and lyric, this group makes it very worthwhile to visit the GROUND ROUND in Morton Grove.

Lorraine and Joe Stroka, owners of the LONE TREE INN, 7710 Milwaukee ave., Niles, are preparing for their gala celebration of their 5th anniversary of their ownership of the LONE TREE. For their 5th birthday celebration they're planning 3 big nights of fun and live entertainment on March 29, 30 and 31. On Thursday, March 29 they'll feature the "LIVELY ONES" and on Friday, March 30, they'll present that nationally famous Polka Band "THE MONUMENTALS." On Saturday, March 31, the "LIVELY ONES" will be back for your dancing and listening pleasure. During their 3 big celebration days, you can have a FREE cocktail (your choice) and after 11 p.m. the Stroka's will provide FREE hors d'oeuvres, too. Incidentally, I had dinner there last Thursday and was amazed at the low cost dinner specials which they serve Monday thru Thursday nights. Here's what YOU can get for ONLY \$2.50. Mondays: Breaded Pork Chops with apple sauce. Tuesdays: Yankee Pot Roast - potato pancakes. Wednesdays: Veal Parmesan topped with mozzarella cheese, spaghetti, with meat sauce. Thursdays: Beef Tips with buttered noodles. And the low price of ONLY \$2.50 includes soup and salad. Considering the quality of these foods, believe me these "specials" the LONE TREE features Monday thru Thursday are unbeatable. And don't forget to remember to attend their big birthday celebration beginning Thursday night, March 29 and continuing thru Saturday, March 31. You have the time of your life!

And on the subject of food specials what's ARVEY'S RESTAURANT offering these days? They're offering two big breakfast specials daily. One is an ARVEY'S SPECIAL that consists of French Toast with scrambled egg and strips of bacon or pork sausage, served with fruit cup and coffee for ONLY 95¢. Another is ARVEY'S Niles special which affords minced ham and scrambled eggs with hash browned potatoes, toasted English muffin or bagel with butter, jelly and coffee for ONLY \$1.15. And each day ARVEY'S offers 2 big luncheon specials served with soup or salad for ONLY \$1.50.

All good things must come to an end - and tonight is the last night you can enjoy those famous great GERMAN DISHES at JAKE'S RESTAURANT, 7740 Milwaukee ave., Niles. Such familiar German favorites as Sauerbraten, Wiener Schnitzel, Kassler Ribs, Bratwurst and Smoked Thuringer have been getting a big play all week and you can still get your favorite tonight. I understand that Jake served so much Bratwurst that if it were put end-to-end it would have reached beyond Chicago's loop. Which reminds me of a sign I once saw in a German sausage store - it read: "Our best is our wurst."

\$35,000 was expended for salaries and building costs to administer this money. The figures were revealing. More money was needed for salaries than was needed for the one major service the Township offered. More graphically, 35 cents out of every 60 cents spent for general assistance was used for administration. This is bureaucracy at its worst.

In past years the Township collected real estate taxes and a small percentage was returned for use here. But the courts upset this action and now the county offices in Chicago administer this service exclusively. Similarly, personal property tax action has largely been taken out of Township hands.

In neighboring Maine Township there are approximately 30 miles of unincorporated roads which are administered by the Township. In Niles Township the highway commissioner's job has been

abolished because he has no roads to watch over.

Belatedly, Niles Township attempted to undertake a drug prevention program, but the villages have been capable of administering such a program, thus making any Township effort unnecessary.

While neighboring townships may be able to score points in favor of retaining their township government, Niles Township has little to support its retention.

As the guy who started this column mentioned, he's been hung-up on the word "anachronism" all week. We believe the best example of the word is Niles Township Government, which we believe - its time has long since past. We believe voters east of Harlem Avenue should vote in favor of ending this form of government next Tuesday.

Alert Work by MG Patrolman

Alert patrol procedures by Morton Grove Police Officer James Halas prevented the theft of three cars from Golfview Dodge, 909 Waukegan rd., and resulted in the arrest of three juveniles.

The incident began at 7 p.m. Sunday, March 14, when officer Halas drove past Golfview Dodge and then doubled back. As he approached, officer Halas observed a car without license plates drive from the lot. Officer Halas pursued the car and after a short chase was able to stop the car.

A 16 year old youth from Chicago was charged with auto theft. Subsequent investigation by the Youth Division resulted in the arrests of two other youths who were ready to take two other cars but fled when they noticed the first youth being chased.

## Lights . . . Cont'd from Niles-E, Maine P.1

and the possibility of being forced to "scratch for money to complete the project and not have enough money to turn on the lights."

Leske raised another objection. "Any taxing body should not participate in Niles Days. We have our own sources," he said.

Baseball League Commissioner Dan Kosiba then tried to clear the air. "We are asking for something that could benefit the entire community," he explained. "Hopefully, only maintenance, supervision and insurance for volunteer workers will be needed from the district."

Kosiba added commitments have been received from some electricians and contractors. Also organizations that use the lights could possibly help pay the electric bills.

Kosiba's speech calmed the Board. The District is definitely interested in the idea. Now it's up to Niles Days.

In other actions Beusse reported an organizational meeting of the new Save Open Space committee will be held on Tuesday, at 8 p.m., at the Administration Building.

A decision on policies and who

will chair the group will be the business. Besides saving open space, the committee will also aid in the success of the Fall referendum.

Beusse added the Maine-Niles Association of Recreation for the Handicapped is "moving along quite well" and is presently setting up a structure of programs and fees.

Larry Reiner, director of the Association will appear at the next Board meeting on March 20 to explain the program's goals. Beusse urged all interested residents to attend. Reiner can be reached at the Skokle Park District office at 674-1500.

The Park District is placing an honor roll board at the Ballard ice rink entrance to have annual inscriptions of winning teams and honors bestowed on individuals.

Beusse told the Board he has sent a resolution to Gov. Dan Walker regarding financial assistance to local governments for special recreation.

Keener reported construction of the bridge over the river at Tam Golf Course has begun. Also the installation of the light-pole and lights at Grennan Hts. has been completed.

## Fire Station . . . Continued from MG P.1

spaces for \$80,000. We can rent a garage for our new ambulance and a few people may have to be inconvenienced for a short time." The Plan Commission maintained that "The only position we are taking is that you are not conforming to your own ordinance. If you decide not to conform or to change the ordinance that's alright with us," said Alan Goldberg. Because of the lack of space on the present site, the building had to be moved up 9 feet and new sidewalks will have to be put in. Jerry Verluene, a citizen said, "If this board favored spending 2-1/2 million dollars for a new park why not spend some money for a proper building for our new fire station? No decision was reached at this time.

An application for a Special Use in a B-2 zone was received from Shaf Home Builders, 6834 Dempster, Morton Grove, to construct a 12 unit condominium apartment building at the northwest corner of Lincoln and Morton avenues. There will be 12 two bedroom apartments. The requirements for parking and yards were met and the Fire Dept. requested that a balcony be built for each apartment. The builder agreed to this and assured the board that every specification of the ordinance would be met. The zoning board unanimously recommended granting the permit, but the trustees voted to table the discussion until the request

could be studied. Chief Norman Glauner of the Police Dept. said that abandoned autos are still a problem in the village as they are elsewhere. He noted that since January 1, 1973, some 32 autos have been towed away.

Leonard Hilinger said that due to personal reasons Joe Cook has resigned from the Chamber of Commerce. He spent two years as Secretary and will be sorely missed. Harley D'Eath has been elected to head the chamber. Trustee Martin Ashman reported that on Thursday of last week there was a malfunction reported in the water tank at the south station and that a few residents reported that they were without water. The problem was taken care of shortly and water restored to all.

## Kon Tiki

The Morton Grove Public Library will present Kon Tiki on Friday, March 9, at 7:30 p.m. This most interesting documentary film was made in 1951 by Thor Heyerdahl and his five fellow Scandinavians. It records the adventures of their expedition from Peru to the Polynesian Islands on the deck of a balsalog raft. Despite their handicaps, the picture catches the heat and shudder of the little craft.

The movie will be shown in the meeting room of the library. It lasts 1 hour and 15 minutes. Admission is free.

## Summer School

Continued from Page 1  
The fact that he felt Maine North students should have a total facility, with an auditorium, pool, laboratories, fine arts area, shop area, comparable to those at the other 3 Maine high schools. Dr. Richard R. Short, Superintendent of Schools, was authorized by the Board to instruct the school architects to begin a review of the specifications.

It was announced that, as a result of a survey of families of members of the Class of 1973, Baccalaureate services will be held at Maine South and Maine West this year but will not be part of the Commencement activities at Maine East and Maine North. Board member Makela suggested that the graduating seniors of Maine East and Maine North, and their parents, be invited to take part in the Baccalaureate services at the sister schools.

## Maine East Student Council Events

At Maine East third quarter slump may have everyone down, but not Student Council. It has been planning activities and making student legislation to get the rest of the Maine East student body out of the third quarter blues.

Starting off the chain of Student Council events is the Faculty/Student Council Tea. This will begin at 3:45 p.m. on Thursday, March 8. There will be a faculty/student discussion, and each member of Council will bring an off-Council friend to the tea.

Roll on your bobby socks or slick back your hair for the sock hop that Council is sponsoring. The theme is the 50's and 60's and the hop will be held March 17. The members of Student Council really want everyone who attends to dress up in 50's and 60's style. There will be contests and even a prize for the best costume. The dance is 50c with an ID card and will begin at 8 p.m. and end at 10:30 p.m.

Also, Maine East students shouldn't put their voter registration cards away because Student Council elections are coming soon. You don't even have to be 18 to vote in these elections. Petitions for an office will be available from April 2 and due on April 10. Campaign headquarters will be from April 19 through May 4. The student body will hear the candidates during assembly time May 1-4. Voting is May 3 and 4. The election banquet will be May 6.

## Educational Planning

The Niles Elementary schools District 71 Board of Education, discussed and approved an innovative revision of the Districts educational program at a meeting held Feb. 27.

The outstanding feature of the proposal is the cooperation of teachers, students, citizens, administration and the Board of Education in determining what the schools should teach. Community education planning is a new requirement of the Office of the Superintendent of Public Instruction and an educational plan must be submitted by Sept. 1, 1973. The Board of Education voted to embark on this innovative venture. The first task will be to select community representatives to serve on various citizen committees. These committees will be charged with helping to develop various aspects of the educational plan for the Board of Education's final approval.

Several plans for the selection of citizens committees will be used: 1. Selection by the superintendent and/or Board of Education. 2. Creation of selection committees to do the choosing. 3. Random samples or chance selection of committee members. 4. Questionnaires to insure a fair representation of all elements in the population.

After the results of all findings have been tabulated, the District will train teachers to write performance objectives that will assist in holding the schools accountable for meeting the community determined goals. The cost of developing this program is minimal.

Superintendent Clarence E. Dwyer has announced that periodic reports of the progress of the community committees will be made, and the public will be informed at the earliest opportunity of the reports of the various committees.

# Coast Guard Auxiliary Boosts Safe Boating

What are the rules of courtesy afloat? Are you aware of the safety practices that you as a boater should know? What laws and regulations, both federal and state, must you know? You can learn the answers to all of these questions and more from the U.S. Coast Guard Auxiliary, the civilian component of the U.S. Coast Guard, dedicated to promoting recreational boating safety.

As a public service, the 4th Annual Midwest Boat Show, to be held March 9-18, 1973 at the Arlington Park Exposition Center, Arlington Heights, will include a special exhibit of USCGA Flotilla 3-02, one of the 9th Districts outstanding Coast Guard Auxiliary units. For the first time, this year the Auxiliary will also be joined by members of the regular U.S. Coast Guard BOSDET team stationed at Fox Lake, along with their safety equipment display.

Information on safe boating, including the legal requirements, both federal and state, rules and regulations afloat and all of the educational programs available to boaters will be provided at the Auxiliary exhibit and infor-

mation center. Coast Guard Auxiliary boating safety courses offered to the public include one, three, eight and a new twelve lesson course in Basic Seamanship and Small Boat Handling as well as a Ten Lesson course in Navigation.

All courses are taught by qualified Auxiliary instructors at various locations throughout the Chicago and suburban areas and a list of current 1973 classes and their locations will be available.

Information on the Courtesy Motorboat Examination program will also be given at the exhibit. Each year thousands of boat owners request the CME in insure their pleasure craft meet all of the boating safety requirements. Auxiliary examiners award the respected CME decal to those boats which pass the examination. This decal is recognized by the U.S. Coast Guard boarding teams and by virtually all of the 50 states.

Stanley Kowalski, local resident and a member of Flotilla 3-02, stated that details of other Auxiliary activities would also be available along with a large variety of free pamphlets, brochures

and other handout material as well as state registration forms for boats.

Theme of this years show is "Fun In Boating" and most of the shows exhibitors will reflect this mood. More than 100 marine dealers will display all kinds of pleasure craft and boating accessories at the show. Special programs will include a Marine Photography exhibition, lectures

## MG Welcomes Vets

Last Friday through the cooperation of the Morton Grove Police and Fire Departments and the courtesy of the "Village Fathers," a huge banner was erected on Dempster st. at the Ferris intersection. It is a Welcome Home to Viet Nam boy sign and is sponsored by the Morton Grove Post #134 of the American Legion. They hope to publicly show their gratitude for the returning servicemen, and this double banner sign in honor of the vets was one visible sign of so doing. They also thank Jack Schaul and the Commonwealth Edison Co. for their approval to use their facilities. It can be seen by traffic proceeding in both directions on Dempster.
