Left Hand: Niles Township vote rescheduled to April 3 District 207 retains 'No Smoking' rule

The Maine high schools' "no smoking" rule for students will remain in effect. In a 4 to 1 vote taken at its regular monthly meeting Monday evening, Feb. 19, the Board of Education of Maine Township High School District 207 turned down a request by student groups for smoking facilities at the 4 Maine high schools and reaffirmed its position that students shall not smoke on school grounds.

To further emphasize its opposition to student smoking, the Board adopted a specific "no smoking" policy which states, "Students are not permitted to smoke on the campus, anywhere in the school building, or at any supervised school functions. Students found smoking in the school building or on the school grounds will be subject to disciplinary action." Heretofore, the smoking ban had been part of the student

conduct policy.

Disciplinary action for smoking will consist of suspension for the student. For the first offense, he will be suspended until there has been a conference between his parents and school officials. For the second offense, the student may be suspended for 3 days, or he may elect, with parent and school approval, to participate in an after-school program dealing

with the health hazards related to smoking, where such a program is offered. Subsequent offenses will bring a 3-day suspension.

The Board's decision will undoubtedly please the great majority of parents and teachers in the district, many of whom have voiced strong disapproval of student smoking and have urged the Board not to succumb to pres-

sure by students groups for smoking facilities. It will be a disappointment, however, to students - smokers and non-smokers alike - who have actively sought to have smoking areas established at each of the 4 Maine high schools. Non-smokers have favored smoking areas in the hope of alleviating the serious problem of illegal smoking in wash-rooms.

'FEM FORUM OBSCENE' SAYS MAYOR BLASE

By Gary Goodfriend

Absentee Ballots

Philip Raffe, Maine Township Clerk, has announced that all applications for absentee ballots to be cast in the April 3 Maine Township election are now available in the Clerk's office, 2600 Golf rd. (east entrance of building), Glenview.

Any qualified voter who expects to be absent from the County on election day, or who through

Mayor Nicholas Blase, continuing his anti-obscenity drive, proposed to the Village Board Tuesday night another amendment to the Niles Obscenity Ordinance. This amendment would add radio and television stations to the law.

Blase's proposal, to be voted on in two weeks, was basically a reaction to the controversial Fem Forum show currently aired on FM radio station WGLD (102.7).

in Oak Park. The show's main premise has women calling in and discussing various sex problems, hang-ups and practices with a disc jockey.

Blase said this "discussion of sex, I frankly feel, is obscene." The amendment, similar to the one passed two weeks ago on visual materials, would be an attempt to prevent Niles' young

St. Joseph's Table at SJB

The Northwest Italian American Society will sponsor their second St. Joseph's Table on March 18 and 19 at St. John Brebeuf's church, 8301 N. Harlem, Niles. Under the capable leadership of Andrew Ciabattari,

8326 N. Cicott, the organization plans to play host to approximately 500 to 600 people.

The "Festa San Giuseppe" is an age old Sicilian tradition, when people open up their homes in honor of the Saint, to one and all

to share their food. The custom's origin seems to be lost in antiquity, although to this day it is still so widely observed that travel agencies advise tourists not to arrive on St. Joseph's Day

Bewildered Niles Township voters were telephoning Tuesday wondering where they were to vote in the Niles Township referendum. While they were told the election was re-scheduled for April 3, the by-play by township officials left the most unbiased observers somewhat in awe at the goings on since Friday afternoon.

As of Friday the March 13 referendum was scheduled with 50 of 123 polling places being readied for the Tuesday vote. But a challenge by Board opponents resulted in a Friday Circuit Court decision which insisted all 123 polls be opened.

Leonard Ash, township clerk, the man responsible for setting up the election, a Don Quixote, who has been fighting political windmills in his opposition to continuing township government, said he could not open all 123 polls during the next 48 hours. He said he would need 435 more election judges, and would need additional ballots since only enough were available for the 50 polls.

Saturday evening a special meeting was called by the township board and Supervisor Charley Anderson, a proponent to retain township government, said he already anticipated the court's decision, and had contacted the election supply company and ordered additional proposition ballots for the additional 73 polls. Clerk Ash said the supervisor had no authority to take over the duty assigned to the clerk by statute. Ash also objected to the meeting contending it was not a legal meeting since it was called without proper notice to Board members, and the objective of the meeting was never stated. Board member Harold Feder contended it was a special emergency meeting, concurring with Anderson it was necessary to implement the recommendation of the court.

Sunday night a second special meeting was called and Ash again objected to this meeting since he

CHURCH & TEMPLE NOTES...

Hundreds Aid NWSJC Write-A-Thon

The widow of a Russian-Jewish author who was executed under the Stalin regime in 1952 urged Americans to initiate widespread demonstrations on behalf of 100,000 Jews who want to leave the Soviet Union.

Speaking at a 24-hour Write-A-Thon to free Soviet Jews Sunday, Mrs. Esther Markish said "We are not afraid and you must not be afraid for us. When we get phone calls and receive letters from Americans, we know that we have many friends. I ask of you though not to be afraid to be more active not only in writing and making phone calls but in getting out in the streets and demonstrating."

More than 500 persons attended the weekend Write-A-Thon from 6 p.m. Saturday to 6 p.m. Sunday at the Northwest Suburban Jewish Congregation, 7800 Lyons st., Morton Grove. Those attending wrote hundreds of letters to senators and U.S. representatives urging their support for pending congressional legislation that would ease restrictions on Jews and non-Jews who wish to emigrate from the Soviet Union but who have not received permission to leave.

Mrs. Markish, 61, has been touring the United States and other countries since she left Russia last November. She and her son David, now an Israeli newsman, were told suddenly they

had 72 hours to leave the country after they had tried for many years to obtain exit visas, she said.

Her husband, the late Peretz Markish, was murdered along with 23 other Jewish intellectuals 21 years ago.

Members of the Synagogue placed a phone call to a young acquaintance of Mrs. Markish - Mrs. Stella Goldberg of Moscow - at the close of the Write-A-Thon. Mrs. Goldberg, who has been trying to emigrate from Russia with her 5-year-old son Alexander ever since her husband obtained an exit visa more than a year ago, spoke to the gathering in the main hall of the temple over an amplified sound system. She said she was having "great difficulty" convincing the Russian authorities that she was "desperate" and did not want to remain in that country.

The Soviet government has imposed an "education tax" on citizens who wish to emigrate and in the case of Jews, the tax required has varied from \$8,000 to \$30,000.

Write - A - Thon participants urged their elected public officials to support the "Freedom of Emigration Act" (H.R. 3910) introduced last month in the House by Reps. Wilbur J. Mills, D-Ark., and Charles A. Vanik, D-Ohio. The bill now has 282 co-sponsors and its counterpart measure - the Jackson Amendment to the East-West Trade Bill in the Senate - was co-sponsored by 76 senators in the last session of Congress.

Three members of the House who are co-sponsors of H.R. 3910 and two former U.S. representatives who co-sponsored the same bill when it was introduced last year also spoke at the Write-A-Thon. They were Reps. Sidney R. Yates, D-Ill.; John B. Anderson, R-Ill.; and Samuel H. Young, R-Ill. plus former Reps. Abner J. Mikva, D-Ill. and Roman Pucinski, D-Ill.

There was an all-night vigil led by Mrs. Lillian Charney, wife of Rabbi Lawrence Charney and the chairman of the committee that conducted the write-in campaign. Mrs. Charney said the committee will be intensifying its activities on behalf of Soviet Jewry in the coming weeks.

What Makes Millie Run?

Niles Park District, Millie talks about things like: Over involvement of the present Park Board Commissioners in everyday activities of the district. Involvement of the Park Board Commissioners in activities of special interest to themselves. Lack of adequate park sites and facilities. Poor supervision of existing facilities. A tax rate that is the same as the village tax rate. The need to improve present fiscal policies of the Niles Park District. The present lack of creative long range planning to provide open space and recreational facilities to be left as a legacy for future generations. The role of the Park Board Commissioners as representatives of the peoples of the district, not as super beings attempting to deal with all the issues that come before the board without really knowing what the residents of the Park District think. What Makes Millie Run? Her concern for you, the taxpayer, the user of the facilities, the people. In future releases Millie and Abe propose to more fully discuss these issues.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY

Keep your thermostat constant.

When you set your thermostat at 70 degrees, your heating system warms your home to that point. Then it automatically turns the system off. Your insulation holds the heat inside as long as it can. When your home cools below 70 degrees, the thermostat starts the system reheating. It's easier on your heating equipment and your bill to settle on a desired temperature and leave your thermostat there. If you have a radiant heating system (baseboard or ceiling cable), usually 70 degrees is a comfortable setting.

Because of air movement, moving air systems may require settings somewhat higher. Every degree over 70 adds about three percent to your heating bill. If you're as comfortable at 72 degrees as 75 degrees, you can save almost 10 percent at the lower setting. For additional savings, you may want to lower your thermostat at night and when you're away

from home for a long period of time. These principles apply essentially to all heating fuels—electricity, gas, or oil. We have a booklet that covers heating as well as other areas where you can conserve energy. We'll send a copy of "101 Ways to Conserve Electricity at Home" to you free. Just write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

'Man of LaMancha'

The days of chivalry are long gone. But the epitome of ideals and the chivalrous gentleman—Don Quixote—will be back for 2 weekends in March.

Niles West drama department is staging a musical presentation of Miguel de Cervantes' classical story—Man of La Mancha—March 16 and 17, 23 and 24 at 8:15 p.m. in West's auditorium, Oakton St. at Edens Expressway.

The story of the famed windmill-fighting knight... the revelation that dreams sometimes offer more substance than fact... and man's quest for such an impossible dream... are all dealt with in Man of La Mancha.

Students with lead roles are senior Dahl Rask as Cervantes and Don Quixote; sophomore Mark Nesselson as Sancho; junior Annette Klugman as Aldonza; senior Cary Feldman as the Governor; and junior Ned Zalilik as the Duke. In an effort to attract larger audiences, the play is being presented 2 weekends instead of 4 nights in one week. Reserved tickets are available. Tickets at the door sell for \$2.50 (orchestra seats) and \$1.50 (balcony seats). For further information, call 966-3500, extension 287.

THE CORNERS of Where it's at and What's happening.

By Ed Hanson

Poindexter R. Polodofsky, III, the internationally famous gourmet, was telling me about some of his experiences in famous restaurants. It seems there was a restaurant in New York with a sign outside that boasted, "We guarantee to fill any order you ask for - or we'll give you one thousand dollars."

Poindexter told me when the waiter came, he ordered walrus ears on a bun. A few minutes later the waiter returned and gave him a one thousand dollar bill.

"Aha," said Poindexter. "No walrus ears! You fraud, take down your sign!"

The waiter slowly shook his head. "It's not the walrus ears. We have plenty of them. We just ran out of buns!"

Another time Poindexter R. Polodofsky, III, told me he took his date, a buxom blonde to an expensive restaurant in Buffalo. He listened patiently while she placed her order with the waiter, saying, "I'll have a fruit cup, a side order of cherry-stone clams, a salad, a large bowl of onion soup, the filet mignon, a double order of mashed potatoes, Danish rolls and for dessert, how about pie a la mode with - say - two scoops of ice cream."

The blonde then turned to the amazed Poindexter saying, "And what do you think I ought to wash it down with?"

"Whi," gasped Poindexter, "how about Lake Erie?"

Still another time, in a crowded restaurant, Poindexter R. Polodofsky, III, who is also a psychiatrist, was approached by a woman patient of his. "See that man over there," she whispered. "He's my husband and he needs your help. He thinks he's a traffic light. All night long he keeps opening one eye, then closing it, then opening it."

Poindexter nodded saying, "I'll go over and have a talk with him."

"No wait," exclaimed the woman. "The light's against you!" And once upon another time, Poindexter R. Polodofsky, III, was seated in a fashionable Chicago restaurant and the waiter hustled up saying, "May I help you to decide what you wish to order, sir?"

"Excellent," replied Poindexter. "I'm giving me something that will give me heartburn immediately instead of at 3 o'clock in the morning."

Poindexter R. Polodofsky, III, tells me he is coming to Niles to attend the St. Patrick's Day celebration at JAKE'S RESTAURANT, 7740 Milwaukee Ave. on Friday and Saturday, March 16 and 17. Jake will, of course, have food specials those two nights that the Irish love. There will be a "special" on a big heaping plate of corn beef and cabbage, for what would Jake's Irish days be without corn beef and cabbage. There'll be entertainment and fun for everyone and the place will be all decked out in green.

In addition to being a famous gourmet, a renowned psychiatrist and a man of letters, Poindexter R. Polodofsky, III, is also an E.S.P. expert and is very much interested in mind control. So he will accompany me to an important seminar and lecture on mind control and extra sensory perception to be held at the Park Ridge Inn, Touhy and Meacham on March 22, at 8 p.m. This interesting seminar/lecture is presented by the famous SILVA MIND CONTROL, 1127 S. Mannheim, Westchester, Ill. There is a large ad and a news story concerning this event in today's issue of BUGLE newspapers. Read it and see the many benefits, i.e. improved concentration, breaking bad habits, increasing productivity and creativity; and yes - even functioning better psychically, that YOU can obtain. Remember, this important seminar will be held ONLY on March 22, at the Park Ridge Inn - don't miss it!

And on Thursday, Friday and Saturday, March 29, 30 and 31, the amazing Poindexter R. Polodofsky, III, and I will attend the gala celebration of the 5th anniversary of the LONE TREE INN, 7710 Milwaukee Ave., Niles, Lorraine and Joe Stroka are going all out to provide great live entertainment for these 3 nights. And you can get a free cocktail with your dinner and hors d'oeuvres will be served after 11 p.m. Don't forget to attend the LONE TREE INN 5th birthday on March 29, 30 and 31 and also try their mini-priced dinner specials served Monday thru Thursday.

I also plan to take Poindexter R. Polodofsky, III, to ARVEY'S RESTAURANT, 7041 W. Oakton, Niles for their Wednesday "Greek nights." I'm sure that gourmet that he is, he'll appreciate the authentic Greek dishes and desserts offered by Arvey's. Poindexter told me that he's had breakfast at ARVEY'S when he's been in town and particularly enjoyed their Niles special that consists of minced ham, scrambled eggs, hash brown potatoes, toasted English muffin or bagel, butter, jelly and coffee for only \$1.15.

To make Poindexter R. Polodofsky's visit complete I also plan to take him to the BEAM'N BARREL, 7136 Milwaukee Ave., Niles so that he can enjoy the most delicious ribs in the world. Poindexter is especially partial to ribs and that wonderful barbecue sauce Mrs. Angelo uses should tickle his.

I'll leave you with one of Poindexter's most brilliant remarks. He always says, "In this world you've got to be crazy - or you'll go nuts." See you next week...

'Check Credit' at Golf Mill Bank

Golf Mill State Bank is introducing a new banking service for loan customers—a revolving line of credit plan called "Check Credit."

Check Credit is a cash reserve plan permitting customers to borrow money instantly by simply writing a check.

Because it is a revolving-type of credit, customers can use it as often as they wish—up to their credit limit—with just one credit application.

Persons with established credit will be offered the service first via a series of sales letters. A good response is expected because of the plan's many advantages including a 12% interest rate, lower than usually paid for many other kinds of revolving credit.

Check Credit is not a checking account because it is used only when borrowing money and users never "deposit money" to their account. Instead customers make payments equal to 1/20 of the outstanding balance of \$20, whichever is greater. They can also make early repayments of any size, if they wish. Interest is charged only for the exact number of days the money is used and a monthly statement is sent out reflecting the exact status of the loan account along with the amount of the checks processed that month, payments, finance charge, balance owing and available credit.

Any person over 21 years of age with good credit standing may apply for the new service. Those

The Oakton Theatre Guild will present its next production, Jean Anouilh's play "Becket," on two successive weekends in late April and in early May. Performances will be given on Friday, Saturday, and Sunday, April 27, 28 and 29, and May 4, 5, and 6, at 8 p.m.

From the LEFT HAND

Continued from Page 1

contended it was necessary to give 48 hour notice by publication before a public meeting can be held. Ash stated the previous night's meeting should be invalidated since a committee replaced Ash stripping him of his elected duties.

Ash, continuing in his one-man battle against the remaining board members, then accused someone of taking the lists of judges from his office. It eventually was recovered from the desk of the assessor, according to Ash, after he threatened to send policemen to the Niles Township Republican headquarters where he believed the judges list was being used. Ash said workers in that office were telephoning judges from the list, with the intention of completing the court order to use all the polls in the Tuesday election.

Monday, board members went into court to remove Ash as clerk, contending he was not carrying out the court's orders. Ash said the order could not be carried out because of the time element, and Judge Cumerford agreed to re-schedule the election for April 3, which is the same date when township voters will vote on the 2 states of tickets for these same township offices. On that date the 123 polls will be opened. Ash also continues in his role as clerk.

Monday night the township board of auditors met again, and spent most of the time approving minutes of the previous meetings dating back to Jan. 22.

In addition to the same in-fighting between Ash and the remaining board members over the previous issues Ash criticized the Board for conducting public meetings which only expressed the pro-side of retaining township government. He also criticized the mailing of 2 or more township tax bulletins which he contended were paid for by township voters, which were of a political nature, criticizing the anti-government forces, while commending the candidates in favor of retaining township government.

During the meeting, a brochure printed in bold red type, was passed out at the meeting which stated: "Notice: Polls closed-Cook County has taken away your right to vote in the township referendum March 3-when it became clear you would vote

NO to high taxes-County rule. They cancelled YOUR election. Who is to blame? Scots Party-Cook County." In small type under the copy it stated "Published by Niles Township Administration, 5255 Maine St., Skokie OR3-9300."

A couple of members of the audience were standing yelling at the public Board and asking why they used their tax monies for this action. While they were not answered supervisor Anderson defended the township's right to spend money for the taxpayer's bulletins, contending they had a right to tell the township story. He said firmly, "Absolutely," to a question whether his group had the right to spend taxpayer's money for this purpose. Anderson said at the next financial meeting it would be divulged what the cost is for these publications.

Auditor Harold Feder defended the original use of 50 polls for the now re-scheduled election contending the township attorney recommended this action enabling the township to save much money from using only 40% of the township polls.

We could write six more columns about the in-fighting between Ash, the board's Don Quixote, and the remaining board members, who are the windmills Ash is contesting.

While we believe Ash is the guy wearing the white hat in this confrontation he did inadvertently soil his image with us briefly Sunday night. After arguing the meeting was illegal he said he would no longer be a part of the meeting. But just before reaching this decision he looked to an audience member, Joe Alessi, who was nodding his head in favor of Ash's withdrawal. It looked like Ash was being coached by Alessi, who is a very partisan Democratic worker in Morton Grove. And since the other Board members have a siamese closeness with the Republican Party, the rationale of all the arguments are diminished by the party confrontation.

It's all rather sad and you poor guys in Niles Township are footing the bills for a very juvenile and pathetic performance by men whose interest should be in your behalf, rather than in their own selfish interest.

MG Senior Citizens Honor Drivers

The Morton Grove Senior Citizens recently honored their drivers by inviting them as guests to their anniversary party held yearly at the American Legion Home. Post Commander Frank Hilbert and his wife were special guests.

Women drivers from the Legion Auxiliary were among those who were invited to the luncheon party. Under the direction of past president Mrs. Francis Selzer, Com-

munity Service Chairman, they drove the seniors to and from some of their meetings last year. In attendance with Mrs. Selzer were Mrs. Roy Hattendorf, Mrs. Howard Karsten, past president Mrs. Vincent Kopinski and Mrs. Anthony La Rosa. Drivers not able to attend were Mrs. Phil Ellis and Mrs. Fred Huscher. Another driver, singled out by the seniors as a guest of honor with her husband, Al, past post

commander, an honorary member of the Seniors, was past president Mrs. Albert Nehart. Also another special guest of the day was Unit #134 president Mrs. Ernest Jenkins. Still another Legion-associated special guest was Art Loutsch, who with his wife, had just returned from their farm. Well known as a former Legion Corp. officer, tax collector of the township and well identified civic leader in the village, the Loutsches, world-wide travellers, give programs for the Seniors and others, showing slides and telling of their adventures.

District program is similar to last year's, which Blase said was ineffective. An additional problem finds the District prohibited from using a certain fog which is quite effective killing the insects, but which also pollutes the air greatly. "We're getting bit to hell by mosquitoes, but we have clean air," Blase concluded.

The Board also passed a resolution requesting \$6,000 from the Department of Transportation to help fund a study of the transportation problems in Niles. Village Manager Ken Scheel mentioned the feasibility of feeder lines and help from United Motor Coach as possible questions the study would investigate.

Two zoning applications were passed by the Board. The first, by Ronald Pryskei, requests a change from B-2 to B-2 Special Use for property at 7005 Milwaukee ave. for car and truck sales and service.

The second was for the Lawrencewood Mobil Station at 7963 Waukegan Road from B-2 to B-2 Special Use for a car wash. The Board also officially called for the regular election of officers in the Village of Niles. Practically every precinct in Niles is now coordinated with the county precincts for the April 3 election.

Obscenity. . . Cont'd from Niles-E, Maine P.1

people from listening to conversations judged to be obscene by the village.

The Mayor told the Board the Federal Communications Commission just concerns itself with obscene words. Blase believes sex description can be obscene without using dirty language.

Board Attorney Richard Troy explained the amendment would be enforced by charging the station with violating the village ordinance and taking the station to court. The station would probably try to have the case judged in a federal court.

When asked by The Bugle if such an amendment would infringe on the rights of Niles' adults, Blase answered his main concern was for the young people, not the adults.

He then added, "Only liberal 'wik-waks' listen to that show, including the newspapermen." One solution is to air the show at a time youngsters would not hear it, perhaps late at night. Presently, Fem Forum is broadcast from 10 a.m. to 2 p.m. during the week. When pointed out most children are in school at this time, Blase replied many children not in school could be listening.

In other actions, Blase reported the mosquito problem in Niles is not going to get any better. This year's Mosquito Abatement

District 64 Teach-In

School District 64's Teach-in was held on Feb. 9 with great success. The Teach-in is part of the over all vocational orientation program of District 64. The teach-in involves some 150 community people who spend approximately one hour with a class of students explaining their trade or profession. This year as in the past a great many occupations were related to the boys and girls. Accountants, bankers, carpenters, dentists, lawyers, musicians, political representatives and many other speakers visited grades 2 thru 8.

The guest teacher meets with the classroom teacher for coffee and conversation before the presentation. The guest teacher then meets with the students. Frequently he brings models, charts, and other visual aids. The purpose of the program is 2 fold, one to provide children with a look at a variety of jobs and two, to encourage community people to learn more about teaching, children and our schools. It is hoped that the program expands even more next year.

Absentee. . .

Continued from page 1 physical incapacity will be unable to go to the polls, may make application for an absentee ballot by mail until March 29 or in person until March 31. All voted absentee ballots must be received in the Maine Township office no later than Monday, April 2.

For further information call the office of the Maine Township Clerk at 724-6400.

because of the celebrations, when accommodations may be closed in honor of the feast.

On March 18, will be held what is termed "the viewing of the table," at which time, coffee, cakes and cookies are served following a mass which is said on the premises at 7 p.m. At 3 p.m. on March 19, two adults and one child, who have been chosen to portray the Holy Family, ask shelter from the Chairman, Mr. Ciabattari, whereupon they are asked to enter and share the food. After they are served the general public is invited to partake in this sumptuous Italian "smorgasbord" until 9 p.m. free of charge. A voluntary donation can be made however, and the entire collection is given to a worthy organization or charity.

Mrs. William Keener, 8292 N. Merrill, Niles, Mrs. Tom Imburgie, 7636 W. Greenwood, Morton Grove, and Mrs. Ciabattari will be in charge of the tremendous job of planning, cooking and decorating. All the food, beverages and supplies are donated and cooked by Society members and friends of all nationalities and religions. They will prepare approximately 60 gallons of spaghetti sauce along with hundreds of other Italian delicacies.

Engineer George Holt reported that the plans for the Leigh and Dempster topics program are nearly finished. Fred Huber announced a proposed resolution that would increase Fire Protection for many areas including Morton Grove. Calls will be received at a general alarm box. Fire Depts. from Lake Michigan west to Elk Grove Village and from Chicago north to Palatine will be included Niles will be our alarm box operator. "Our aid will probably extend to Des Plaines, Evanston, Winnetka", said Chief Hildebrandt. The board voted to have Atty. Nordberg prepare the necessary resolution. Chief Hildebrandt mentioned that tonight Capt Huscher and Paramedic Al Pitts are presenting a program at the Nelson school.

property should remain residential. They feel that the applicant can derive about 36 residential lots from this property and could have the same monetary return by having it remain residential. The trustees voted to concur with the Plan Commission and deny the request for rezoning.

Trustee Dick Hols said that at the Bid Openings on March 9 for the new Fire Station there were 11 bids received. The highest was for \$385,000 and the lowest for \$321,777. The bids will be referred to Atty. Nordberg, Fred Huber and Fire Chief Hildebrandt for their study.

Police Chief Norman Glauner presented the 3rd annual report of the Police Dept. to the board. He also announced that the police are looking for youths from 14 to 19 years of age to ride along with the police on Friday nights or Saturday nights. Those interested should contact Chief Glauner.

Engineer George Holt reported that the plans for the Leigh and Dempster topics program are nearly finished. Fire Depts. from Lake Michigan west to Elk Grove Village and from Chicago north to Palatine will be included Niles will be our alarm box operator. Chief Hildebrandt mentioned that tonight Capt Huscher and Paramedic Al Pitts are presenting a program at the Nelson school.

Fred Huber said that the Fire and Police Depts. are asking for an increase and would like to know the feeling of the board on this matter. David Cohen said that after speaking to Treasurer Kennedy, it was felt that the appeals should be made now and that these requests can be funneled into the budget. Cohen said he hopes to allow representatives from the Fire and Police Dept. to sit down with the committee in order to reach an acceptable agreement.

Clerk Fred McClory said that a letter was received from the Jewish War Veterans who will celebrate their 77th anniversary this year thanking Mayor Bode

for proclaiming March 18-24 as Jewish War Veterans Week in Morton Grove. McClory also said that religious ballots (like absentee ballots) can be obtained for the April 17 election by voting at the village hall to vote, starting on March 19 to the Saturday before election. The Village Hall will remain open until 9 p.m. April 11 and 12.

Nordberg said that the Stat case was continued until March 26.

Ed Brice reported that for the week of March 4-10 the Police Dept. had 205 complaints including 30 traffic accidents and 5 injuries. The Fire Dept. handled 36 calls during that time. There were 16 ambulance calls and the paramedic equipment was used twice. Nine men will be sent to the next training session of the paramedic program. A letter of thanks was received by the Fire Dept. from someone who was taken to Lutheran General Hospital with a broken back. John Hilkin said that at the Board of Health meeting last night it was noted that our paramedics are very highly trained men and do a fine job. A study was made of letters sent in from nearby communities to see how many Fire Dept. calls are a result of heart problems. This information was sought by Northwest Community Hospital. It was learned that from 15% to 25% are related to heart trouble.

Dick Hols said he received a letter from our trustee to the N.S.M.T.D. saying that we are eligible for federal funds. It was decided to apply for those funds. Herb Houndt said that last Saturday he and Mayor Bode attended a meeting at the Sheraton O'Hare regarding the flooding problems. About 250 people were present from the northeast Illinois area. After results of discussions are tabulated and sent in Trustee Houndt will make a report to the board. He also noted that anyone with papers bundled and stacked may deliver them to the Village garage Monday thru Friday from 9 to 5.

The board passed a resolution acclaiming the fine work done by the Orchard Center for Mental Health and in support of their Tag day in Morton Grove on March 23.

David Cohen said that all young people in Morton Grove are invited to attend the Youth Commission meeting on March 26.

Local Firms Contribute Funds to Project Big

Project Big, District 207's annual Career Night, to be held the evening of March 22 at Maine West high school in Des Plaines, will be financed in large part this year by contributions made by many local service and civic clubs, businesses and industries. Considered to be one of the finest career oriented programs in the United States, Project Big offers a wide range of vocational information that will help students discover the careers best suited to their interests and aptitudes.

The annual event is arranged each year by the Cooperative Education and Guidance departments of the Maine Township High schools and the interested men and women from business and industry who are on the district's Cooperative Education Advisory Committee.

Thus far, checks to help defray Project Big expenses have been received from: Morton Grove Lions Club, the Des Plaines Rotary Foundation, Citizens Bank and Trust Company of Park Ridge, Mount Prospect Nursery school and Day Care Center, Des Plaines National Bank, Joseph A. Vogt Company, Dearborn Computer Leasing Corp., Niedert Motor Service, American Printers Lithograph-

ers Inc., Sun Electric Corp., International House of Pancakes, Littlefuse, Inc., Protective Mutual Insurance Company, Fastener Corp., Nelson Printing & Letter Shop, R.C. Wolfe Spray Paint, and DeSoto Inc.

About 200 representatives from business and industrial firms in the area, as well as many professional people, will be present at Project Big to visit with the students and their parents and give career information about their particular fields.

Koehler Candidate for Highway Commissioner

"Maine Township taxpayers are getting a bargain in road maintenance costs," Township Highway Commissioner Edward Koehler said as he reviewed a 6-year survey of his department's costs.

"Our analysis shows the cost of maintaining township roads has averaged only slightly more than \$2,000 per mile per year for the study period. We think that is a bargain, especially after we compared our costs to those of the Cook County Highway Department at approximately \$9,600 per annum. To be exact, our figures are \$2,041.77 per mile for our 35 miles of road."

Koehler, who is a candidate for re-election in the April 3 township election, stated he would continue his program of bargain maintenance, based on the continuing economy and efficiency of his department.

Koehler is also vice president of the Northern Illinois Farmers Mutual Insurance Co., past vice president of the Cook County Truck Gardeners and Farmers Assn., and has served on the board of education and board of trustees of Immanuel Lutheran school, Des Plaines.

Koehler and his wife, Frieda, reside at 2073 Eastview, Des Plaines. They have 2 sons and a daughter, all married.
