Local School Board elections Saturday

Local school elections Saturday will attract residents for Elementary, High School and Junior College races in Niles and Maine Townships.

Residents in Niles Township should get to the polls between noon and 7 p.m. to insure voting in all 3 elections in Districts 70 and 71. Voters in District 67 and 74 should be at the polls between noon and 7:30 p.m. to insure voting in all 3 elections.

Maine Township residents have uniform hours for all three elections, between noon and 7:30 p.m.

Listing the district numerically, East Maine District 63 has 5 candidates running for 3 openings for 3 year terms. Candidates include Arlene Nidetz, 9937 Warren oval, Niles; William Q. Allen, 8829 F. Robin dr., Des Plaines; Larry Reiss, 7942 Churchill, Morton Grove; Mark Davis, 9320-B Noel, Des Plaines

and Thomas Kogos, 8512 Overhill, Niles.

In Park Ridge-Niles District 64 three candidates are running for 2 openings for three year terms. The candidates are Walter T. Leski, 1501 S. Prospect, Park Ridge; George R. Lester, 318 Meacham, Park Ridge, and incumbent Alvin F. Perry, 1023 Vernon, Park Ridge.

In the Morton Grove-Niles-Golf District 67 race Norbert

Leeb, 8921 Oak Park, Morton Grove is the only announced candidate for the unexpired one year term. The 2 candidates for the two 3 year terms are Joann Mantelman, 7053 Carol, Niles and Ann Joe Kirk, 9314 Marton, Morton Grove.

In Morton Grove School District 70 two candidates are seeking the two openings for the three year terms. They are Samuel

VILLAGE ELECTIONS TUESDAY

From the LEFT HAND

By David Besser
Editor & Publisher

A Funny Thing Happened on the Way to the Polls. . . .

If you're a late school board voter and you live in Maine Township you can still vote in all three elections up to 7:30 p.m. next Saturday. If you live in Niles Township you can vote for the high school candidates until 8 p.m., the college candidates until 7:30 p.m. and the elementary school candidates until 7 p.m. in some districts, 7:30 p.m. in others and until 8 p.m. in still others. There must have been a full moon out the night the Niles Township board members set up these closing hours.

We 'met the candidates' at several meetings the past couple of weeks but unfortunately we didn't have a great deal of company. Monday we met the Morton Grove candidates at the LWV every-other-year forum and last week we attended a small meeting at the Niles Park Administration building and the previous week down in Lawrencewood. While the Niles one-party village election doesn't generate much interest, the 5-candidate Park race should have brought out a great many more of the interested natives. Unfortunately the number of partisans working on behalf of the candidates outweighed the number of 'neutrals' who came to hear the candidates.

In the Niles Park District race we hope Nilesites vote for the dynamic duo, Selman and Jones. Selman, who has acquired 2 college degrees while attending night school, chaired the park committee which worked many months to pass Niles last park referendum. His business-accounting background would greatly enhance the workings of the Niles Park Board. Millie Jones was a one-man gang in leading opposition to a restaurant on Milwaukee Avenue, which proved successful, and has been the guiding light in the formation of her local homeowners association. She would be a welcome addition as a public servant.

In other races in our own backyard we'll be voting for the Nidetz-Reiss-Allen incumbents in District 63 and the Makela-Crazian and Bartos in the Maine High School District. We're wary of the last minute candidates in District 63 who never presented themselves before the caucus and feel more comfortable with those candidates who appeared in public. In District 207 we're known Roy Makela for many years and can attest to his many good works in both our school districts.

'Miss Niles'

Wouldn't you be proud to be "Miss Niles?" The Niles Days Committee proudly announces the "Miss Niles" contest. Chairman for this event is Dotti Tyse. Contestants must be 18-23 years of age, single, and reside in Niles. So, come on all you pretty Nilesites, let's get with it, and send the above information along with your snapshot to: Dotti Tyse, 7223 W. Greenleaf ave., Niles, Ill. 60648. Deadline for contest is June 8, 1973. For more information contact Dotti at 966-6720.

Village voters head for the polls Tuesday to vote for Village President, Village Clerk and Trustee candidates in local elections in Niles, Morton Grove and Lincolnwood. Niles also has a local election for its Park Board and Morton Grove has candidates running for Library Directors.

Notice of election

The Village Election will be held on Tuesday, April 17, 1973. Polls will be open from 6 a.m. till 6 p.m. If residents have any question regarding this election, call 967-6100.

In Niles Village election the incumbent candidates, running as the Era of Challenge Party, have no party opposition. Two announced write-in candidates have declared they are "actively" seeking the post of Village President.

Candidates of the Era of Challenge Party include incumbents Nicholas Blase, who is seeking his fourth term as Village President. Frank C. Wagner, Jr. is seeking his second term as Village Clerk. Keeping economy foremost in his thoughts and actions has resulted in Niles residents enjoying the lowest Village Tax Rate in all surrounding northwest suburbs. To the Niles taxpayer that means a lower assessed valuation than

in 1961 when he was first elected Mayor.

"This same theme of 'Progress with Economy' is the philosophy I have lived with for 12 years and shall continue to live with. Objectively and I must be objective, everything that is accomplished no matter how progressive must be evaluated in terms of dollars. The impact of our progress will be determined by the stability of our tax rate. If it increases, our effectiveness becomes less. If it stabilizes and even decreases our effectiveness will bear greater impact. In the next 4 years it is more important than ever to be concerned with this area of taxes. Everything we do must always be evaluated in terms of what it is going to cost the resident of Niles," stated Era of Challenge Mayoral Incumbent Candidate Nicholas Blase, in linking the past to the future.

"I can offer more to Niles now than ever before. It is within my scope to actively effect school tax legislation in my capacity as Legislative Chairman of Illinois Municipal League and Legislative Coordinator of the Cook County Council of Governments.

A leader who can bring legislation before Springfield which could ultimately lower property taxes, 80% of which goes to the schools, must have every opportunity to serve his community.

"With this in mind our people have reached the point where they look at progress negatively because it could mean another rise in their tax bill. This is why I have devoted all my energies in order to maintain progress with economy."

Progress with Economy also means other things. It means maintaining the greatest efficiency for the least amount of dollars. Materials are not purchased in the Village without first receiving bids on them. Different department heads must

receive clearance over and above an established budget from the proper authorities.

"We are geared on receiving the best dollar value for the dollar we spend. This is not done by just sitting on our hands, but by careful planning. By maintaining this attitude of thinking we have been able to establish the lowest tax rate in the northwest suburbs. It is not something that just happened. It happened because we planned it that way by bringing in sound new industry, sound new business. The results have brought people from all surrounding suburbs into Niles to spend their money, greatly reducing our tax burdens."

As Niles continues to grow in size and assessed valuation so must the plans and programs for our residents grow. This is why it is so vitally important for new ideas combined with proven leadership to continue an "Era of Challenge" in an Era of Progress.

Bode: no party politics in election

"National party politics do not play a part in our Morton Grove elections," said Mayor Jule C. Bode this week, "but I deplore the open efforts by our opponents to turn local government over to the politicians from Cook County."

"With the County Clerk under imminent sentence, the former County Judge and his top assistant headed for prison, the Police, assessor, and nearly every other office under a cloud, how can our opponents work to turn local responsibilities over to the country?"

"Morton Grove is a fine suburban community. It is clean, prosperous and well managed. This is the way people want it, and this is the objective of your local government, which is the government of my own local, non-partisan party," said Bode.

"We have a long-standing tradition of non-partisan village elections. The national party preference of an individual has never been a determining factor in the part he plays in our local community."

"During the four years I have had the privilege to serve as Village President, no one has asked for preferential treatment because of his national party affiliation. In all this time, no one has received any preferential treatment."

"I would suggest to our residents and voters that they should look carefully at any charges of 'outside interference' and see if it is only a smokescreen to cover their own political activity," the Mayor concluded.

Speech and Drama Winner

Niles North High School's forensics team placed third in the Illinois High School Association's district contest in speech and drama held recently at Maine South High school in Park Ridge. Twelve schools participated in the competition. Individual winners for Niles North included junior Gary Ruben of Niles. Gary, who delivered an original speech about the prize-winning float his group built for homecoming, too secured a place in special occasion speaking.

Gary also took first place in duet acting with Ben Spiegel for their portrayal of "The Night Thoreau Spent in Jail."

On Deans List
Sheryl A. Puls, sophomore at Augustana college, Rock Island, has been named to the Dean's Honor List for the winter quarter. Miss Puls is a daughter of Mr. and Mrs. Robert E. Puls, 5825 Theobald rd., Morton Grove.

Chamerski: Niles park district falling apart

Steve Chamerski, 7054 Seward, Niles, is seeking one of the two seats open on the 5-member Niles Park Board of Commissioners in the April elections. "The Niles Park District is falling apart because outsiders are taking over," claims Chamerski. "It is no more the 'people's' park of Niles." He deprecates the hiring of park

secretary-treasurer Ted Olsen... we need people like him... we should hire people from Niles as employees of the park."

Chamerski has already served on the Park Board. He was appointed in August of 1961 to serve out the remaining 18 months of former commissioner Jules Pandera's term of office, and was elected Park Commissioner in April of 1963. He served 2 years as president of the Park District Board.

He remembers purchase of Ballard Park in 1963 for \$74,000 and the purchase of land and construction at the Recreation Center on Milwaukee ave. for \$470,000, "as compared with the cigar box at Oakton Manor for \$55,000 and construction of the Ballard Sport Complex for over a million dollars, then having to borrow another \$250,000 for its enclosure."

He favors development of existing parks, such as Kirk Lane, Jonquil Terrace, and Chestersfield Gardens; for use by Niles residents.

That dynamic duo, Jones and Selman

Millie Jones of 7817 N. Odell and Abe Selman of 7111 W. Niles ave., candidates for Park Commissioners of the Niles Park District in the forthcoming election April 17, discussed their views on the Park District activities fee structure.

Millie and Abe cited as an example a family of 4 who wish to participate in several Park District activities. For instance a season's pass to the swimming pool and the ice rink cost \$42. If members of the family wish to participate in other activities such as swimming lessons, drama or ballet, ice skating lessons, volleyball, the fees begin to mount and before long close to \$100 has been spent for leisure time activities.

Abe and Millie believe that through improved methods of budgeting and program allocations, maintenance of park sites and building of additional facilities savings can be realized which

then can be passed on to the residents in the form of reduced rates.

Maintenance is the major portion of the Park District budget. Cooperation with the village in the area of maintenance would result in substantial savings which in turn could be used to offset the cost of recreational programs.

Park District programs should be available to all the residents of the district at the least possible cost. Lower rates for programs will allow more people to enjoy the many recreational and leisure time activities available in the Niles Park District. Millie Jones and Abe Selman can provide the kind of leadership, ideas, inventiveness and concern that will make the Park District responsive to and representative of your wishes, needs and desires. They deserve your support on April 17. Vote the first and third boxes on the Park District ballot.

Vote Jack back

During the past 12 years, Jack C. Leske has served as a Commissioner of the Niles Park District. His no nonsense approach to problems and opportunities has helped effect and cope with these changes: Increased park sites from 4 to 21; Increased assessed valuation from \$90 to \$190 million; Budget responsibility from \$140,000 to \$850,000; Administrative philosophy switched to professional personnel; Increased population from 20,000 to 32,000.

Park administration is big business and Jack has fought to see that proper financial accounting is achieved. His personal fiscal concern has brought in over \$250,000 in taxes that otherwise would have gone to other Park Districts.

The next 6 years will also be eventful! Decisions on open space and Tam are needed, Leske is positive on both these counts. His

experience in this position has been exceptionally useful in sensing needs and reactions of the people. It is a unique bridge between what was, what is and what will be.

For a truly practical approach to Park District operations - you will want to re-elect Jack C. Leske.

Witnesses observe Christ's death

Jehovah's Witnesses in the Niles area will observe the memorial of Christ's death next Tuesday, April 17, at 8 p.m. Overseer Don Jespersen of Glenview said the local Witnesses as well as many of their Bible students will assemble at the Morton Grove Kingdom Hall, 6730 Beckwith.

"April 17, this year corresponds with Nisan 14 of the calendar used by the Jewish nation in Jesus' day," Mr. Jespersen explained. "It is the anniversary of the betrayal and death of the Christ."

Emphasizing the importance of the celebration, Jespersen said that peak attendance was expected. "This occasion will be observed," he added, "in the well over 2,000 congregations of Jehovah's Witnesses found in 208 lands. Last year more than 3,662,000 persons assembled at the memorial services of Christ's death."

The memorial sermon will be given by Overseer Dan Strega, 45-year-old ordained minister of Jehovah's Witnesses. Mr. Strega, who has made a comprehensive study of the Bible, has been active in Bible teaching and preaching for 12 years. He will outline the significance of Christ's death and analyze why Jesus commanded his followers at Luke 22:19 to hold the sacred evening meal or supper that he then set up.

The week will be initiated with a public discourse to be given at the Kingdom Hall, Sunday, April 15, at 9:30 a.m. The subject, "Answers to your Bible Questions," will be discussed by Overseer Roy Hess.

All meetings of Jehovah's Witnesses are public. No collections are ever taken.

Maine East teacher feature

By Scott Friedman

Highly exuberant, constantly blushing, gaily giggling at almost anything and everything, these delightful characteristics contribute to making Mrs. Paula Mayfield one of a kind in the world of teaching.

While leading her Psychology for Living class, Mrs. Mayfield keeps the atmosphere in a joyful tone throughout every day.

Mrs. Mayfield, who is 25 years young, teaches in a style which casually but effectively penetrates the psychological problems of both her students and the world at large to their deepest meanings. As the entire class participates in discussions of often difficult and most sensitive topics, she has the knack of bringing out the feelings and thoughts of the shyest of students.

In short, Mrs. Mayfield is the exact kind of teacher who belongs in a psychology course. She has the unique talent for guiding her students in searching their innermost selves toward self-knowledge. This greater awareness helps them to deal with their own personal problems as well as giving them a broader understanding of the problems of others.

Mrs. Mayfield teaches in room 145. It is no exaggeration to say that just meeting her could brighten your whole day.

Teacher aide added to Melzer

The recent addition of a Teacher Aide to the physical education program at Melzer school in Morton Grove has had a significant impact on the amount and quality of programming for students at all levels.

According to Dannel Cunniff, principal at Melzer, "three distinct advantages" have resulted from the addition of Mrs. Gloria Green as a teacher aide to assist John Jerusis, the regular gym teacher at Melzer. Cunniff indicated that students receive gym more often and for a longer period under the new program and that students receive more quality programming. In addition, more teachers are released during the day for team planning.

Specifically, children at levels 4, 5, and 6 have gym four periods a week instead of 2 as was formerly the case. Levels 1, 2, and 3 have increased from 2 to 3 periods, and kindergartners now receive gym twice a week instead of once.

Under the new program, rhythm and folk dancing will be included at levels 4, 5, and 6. Kindergarten and levels 1, 2, and 3 will be having a program that will include 40% of their time in self-testing, 30% in movement exploration, 15% in games and 15% in dance.

Named to presidents list

Nancy Howe, daughter of Mr. and Mrs. George Howe, 7032 Emerson, Morton Grove, has been named to the President's List at North Central College in recognition of her scholastic achievement during winter term of the 1972-73 academic year. Tyse reaffirms independent position

Ted Tyse, a candidate for Niles Park Commissioner has been repeatedly questioned by many park district residents as to his political affiliations, and his position on village acquisition of the park district. As in previous articles he wants to affirm that he is seeking a seat on the board as an independent candidate without any party endorsement or support.

Ted says that parks are for children's playgrounds and family

recreation only, and as such there is no room for politics. It is a credit to the past, and present park boards that political issues or controversies did not dominate their decisions or administration of the park district.

Ted's comments on the anticipated village take over of the park district are, that he is not in favor of it, although he is in favor of increased dialogue and mutual assistance in related activities between both village and

park officials. He feels that the park districts should be self governing just as the school districts are.

The polling places for Elementary School District elections will close as follows: Village Hall-Golf - Dist. 67 - 8 p.m.; Golf school - Dist. 67-8 p.m.; Poko-Loko Nursery - Dist. 67-8 p.m.; Hynes school - Dist. 67-8 p.m.; Resurrection church - Dist. 67-8 p.m.; Niles school (North) - Dist. 71-7:30 p.m.; Niles school (South) - Dist. 71-7:30 p.m.

Action Party: opponents attracted apartments

Action Party candidates have charged that more apartments have been built over the past four years in Morton Grove than in the village's entire history because of favorable votes by their opponents, the incumbent Citizens Party administration.

Mayoral candidate Richard P. Hohns—who heads the Action Party ticket in the Morton Grove village election Tuesday, April 17—stated, "As a result of majority votes by the Citizens Party mayor and trustees, apartment developers have been attracted to Morton Grove. There have been more apartments built in our community in the past four years than in all the previous history of Morton Grove."

Hohns, who is one of three Action Party trustees on the village board, has consistently building. He stated, "Four years ago, Citizens Party trustee candidate John Hilkin, while a member of the Plan Commission, voted in favor of a 100-ft. high building in town. His votes, and those of the other Citizens trustees and mayor, until recently have been most generous with apartment building developers."

Action Party trustees were outvoted by their opponents in a landmark board decision which, Hohns states, favored apartments. At that time, a year and one-half ago, Morton Grove zoning ordinances allowed multiple family dwelling density of up to 55 units per acre.

"We wanted to cut that density by more than half, down to only 25 units per acre," Hohns continued. "Our opponents, though, voted for a density of 36 units per acre over our objections and the people of Morton Grove were the losers."

It was that event, according to Hohns, which continued to attract builders of apartments to Morton Grove. Arising out of the ensuing apartment building spree was the controversy surrounding an application by Shaf Builders to construct over 500 apartment units at Dempster and Oak Park.

Hohns further charged, "The Citizens Party wanted to compromise with the Shaf company. It was only when the Action Party called the matter to public attention that our opponents finally lined up on the side of the people. The compromises were defeated only because of the heavy public pressure."

Hohns continued that the Park District then held a referendum to make a recreational area at the site with a community center, a \$2.8 million project. That referendum passed by nearly a 2-1 majority, Action Party trustee candidate Don Sneider was an area chairman for the "Save Open Space" committee which worked so hard to pass that referendum.

"As a result of that vote," Hohns stated, "our mayor and my current opponent in the April 17 election and his trustees finally realized the people did not want more apartments in Morton Grove. Then then joined us in an action vote to call a moratorium on further apartment construction in our community."

Hohns concluded, "I have fought apartment building for years. I tried to tell my opponents that the people wanted to preserve the single family residential character of Morton Grove. It is the current Action Party which has led the fight to limit apartments. Only after the people spoke by a tremendous margin did the Citizens Party finally come out against apartments."

On the Action Party ticket with Mayoral candidate Hohns are William G. Zimmer for clerk and Leonard J. Ash, Ralph E. Hintz, and Sneider for the three trustee positions. All have pledged to continue the battle to prevent any further apartment construction in Morton Grove.

MG Park owes explanation Where to vote? That is the question

Dear Mr. Besser,
 Today, April 3, I went to vote for park bd. and township. When I went into Mansfield Park to vote I was told I could vote for Park Board but not for township. I therefore went to the designated polling place to vote for township. Much to my chagrin - I was appalled to find the judges in an unheated garage without toilet facilities. The poor ladies were freezing and uncomfortable and I tried to find out why. I was told the Park Board refused to allow the township elections in any of "their" field-houses.

should answer to the taxpayers of Morton Grove. If not who is responsible? Was it a political maneuver to keep people from voting on one or the other? Why was this action kept quiet until the day of election? Why were some people forced to vote at the fieldhouse and then at the Village Hall? Do you have to be a driver to vote in Morton Grove? I would like some answers.

Perhaps, all of us instead of talking about the waste in federal and state government should look more closely at our own "lily white" community.

Sincerely
 Grace A. Neuman

Tomite, I am asking the question why? If it is the Park Board that is responsible I believe they

Dear Sir,
 On April 3 after much running around, I finally found out where to vote. Three weeks ago, I received a note saying I should vote at the Niles Library, Sunday before election I was sent another note informing me to vote at the Niles North Elementary school. I finally voted at St. John Brebeuf school. I had previous been informed that I was to vote at St. Johns' only in a national election. In various elections we have voted in six different locations. It would be nice if one specific place could be agreed on to avoid future mixups.

Sincerely yours,
 Mrs. Mel Maynard

Tom Flynn, OCC board candidate

The Oakton Community College, your community college, has suffered through three years of controversy, criticism and neglect. The real losers in the past years are the students, your children. The time has come for each of us to decide exactly what Oakton Community College should be and what objectives we, the community, want to set.

On the one hand we can retreat into the past and re-establish a traditional Junior College which has as its sole purpose the preparing of students for the transfer to Senior Colleges. This means we must reduce or eliminate vocational training, career training, specialized programs for housewives, senior citizens, returning veterans in need of assistance and students who have failed once at another college or in high school. To re-establish a Junior College we must be willing to end innovative programs of motivation for poor students, end the adult education program conducted in locations away from and off the campus and stop allowing the students to have a voice in the governing and operation of the college. We must also stop rewarding excellent teachers through merit salary and academic promotions and return to the old every teacher receives a small raise each year, forever, and a promotion only when he completes additional and meaningless graduate work.

One candidate is advocating a return to the Junior College Philosophy and in the process he has attacked the present and past Board of Trustees, Administration, Faculty, Student Body and the whole community. If you feel guilty? If you like your Board of Trustees? If you feel your students, your children are stupid? If you feel the Administration and Faculty are taking their pay check under false pretenses? Then vote for this candidate! However, if you really desire to create and work for a true community college for the whole community the vote for Thomas William Flynn because I believe in a community college. A college of, by and for the people.

I have expressed my opinions on education and stated my views on the issues. I, Thomas William Flynn, offer myself for your consideration as Trustee of Oakton Community College. Please join with me on Saturday, April 14 and let us begin to build the finest community college in Illinois. Let us build it for our children.

Paul Gilson seeks trustee re-election

Paul D. Gilson incumbent Vice Chairman of the Board of Trustees of Oakton College is a native of the Chicago area and a resident of Skokie for 13 years. Mr. Gilson has received the endorsement of the "District 535 Convention delegates" represent district-wide elementary and high school caucus as well as the Oakton College Student Body. He is a 1947 mechanical engineering graduate of the University of Illinois. He was originally endorsed by the district wide caucus in 1969 and elected as a member of the founding Board of Trustees. He has served twice as an officer of the Board (secretary 1971-1972, vice chairman 1972-1973.) In 1970, Mr. Gilson was awarded the citation as "Federal Professional Employee of the Year" by the Federal Executive Board. The selection from among 75,000 employees in the Chicago Region was made by a committee of business and industrial executives.

Mr. Gilson directs the national training program in industrial safety and health for the US Department of Labor. In January, 1973, he was commended by the Secretary of Labor "for achieving an excellent reputation for both quality of training programs and for the numbers of personnel who have received instruction in the first year of operation." He has extensive engineering, educational and management experience in directing major national programs for the Department of Defense in procurement, quality control, value analysis and safety education.

Mr. Gilson is a member of the Society of Automotive Engineers, American Society of Safety Engineers and Society of American Value Engineers and has authored and edited many technical publications in the area of environmental sciences and value engineering.

In 1972 he planned and chaired the first and highly successful Oakton College Industrial Seminar on Industrial Safety. He has been involved in every aspect of the growth of the new college from its infancy to its present enrollment of 3000 students, a faculty of 90 full-time instructors.

Mr. Gilson believes that despite the abnormal growth of 3000 students from 1970-72, the Oakton concern and attention to the individual student will be retained. While chairman of the Budget and Finance Committee, the 1972 tax rate was reduced below the 1971 rate as a result of program budgeting. He is employed in the Des Plaines area.

Paul Gilson believes that Oakton Community College should:

1. Continue its open door policy to all who desire low-cost, quality higher education or vocational training in their community.
2. Secure a permanent campus location convenient to majority of district residents immediately following the current state directed study of potential annexations with adjoining non-district areas.
3. Continue without delay toward final North Central Association accreditation now that "Recognized Candidate" Status has been established (March 27, 1973).
4. Expand off-campus programs, especially vocational and job-directed, to the industrial plants, business, and hospitals.
5. Provide program of community-wide interest such as industrial seminars, music, arts, theater, day care, and women's awareness.
6. Maintain a manageable growth without compromise of instructional quality of efficient, economical administration of available funds.

German-Americans open social season 1973

Miss Spring entered with a big bang, and to assure her virginal entrance, the German-American National Congress, Chapter "Chicago Northern Suburbs," had both doors wide open during their annual "Spring Dance" last Saturday at the American Legion Post in Morton Grove.

Pushing the capacity of the room, the members and guests of this German-American National Congress (D.A.N.K.) Chapter had a good time by German gastronomic tidbits and the musical interludes provided by "The Tempos." The band, who has in its repertoire something for every age group, played long into the wee-hours and parting was hard for many, if not for all.

The Chapter President H. J. Szprinat bade welcome to all in attendance, especially to the National Officers of the D.A.N.K., business leaders and radio personalities of the German community, and Regional-Presidents, Chapter-Presidents, and Representatives of the neighboring Chapters of Milwaukee, Wauke-

gan, Kenosha, Racine, Chicago-North, Chicago-West. The introduction of the Guest-of-Honor, the Mayor of the Village of Morton Grove, brought much applause not only from local residents, but from all, and showing his popularity in this part of our County. Even the Honorable Jule Bode is running for reelection, he made a non-political welcome speech in which he pointed out that the Village of Morton Grove is delighted to be the host of such a strong group of Americans of German descent and that it is hoped to have them back soon. His "Auf Wiedersehen" was sincere and felt by everyone.

Also under the invited dignitaries one could observe the Honorable Nimrod, State Senator of the 4th District, together with his wife sampling food and drinks, as well as swinging a leg occasionally to the rhythm of the music.

Mr. Szprinat, the Chapter President, assures all that this event was only the start of a long line of activity to come. He pointed out that the D.A.N.K. is a political organization which will afford a forum to any candidate of any political persuasion within his Constitutional right, but at the same time expects to be more integrated in the political process as has been in the past. As the largest heritage group in the United States, the German-Americans are the least involved in the political life of this country. A mounting awareness by not only the immigrants, but also the born Americans of German descent, brings them to our fold. They join our organization because they feel misrepresented, or not represented at all. With a heritage rich on accomplishments in the history of the United States, the German-Americans can and will walk proud in their shoes. Through our organization we will voice our opinions, exercise our rights, and oppose untruth as it may arise. Alone for this purpose our nationwide organization has to grow, therefore, every German-American should be a member in the German-American National Congress.

THE CORNERS of Where it's at and What's happening.

By Ed Hanson

Inventions . . .
The invention that did more to arouse the working class is the alarm clock.

A new waste basket has just been invented. It has a closed top. It's for people who don't like to throw things away.

And a new umbrella has just been invented. It whistles when you forget it.

A new toothbrush has just been invented. It contains actual food particles. It's for people who can't eat between brushings.

A financial genius plans to make a fortune on an invention that crossbreeds an octopus with a mink. This result is a fur coat with 8 sleeves. The financial genius plans to sell them to space men bound for Mars.

Another inventor has crossed an electric blanket with a toaster. Result: It pops people out of bed.

The Internal Revenue Department has just invented a new cash register. When you ring up a sale, fifty percent of the money falls to the bottom and nestles in a bear trap while a concealed music box plays, "Goodbye, Forever."

It's amazing the new inventions we can do without once we get them.

One new invention you just can't be without is the new pocket size electronic calculator offered by the FIRST NATIONAL BANK OF DES PLAINES at Lee and Prairie sts. It's yours for ONLY \$54.95 when you deposit \$300 in a new or existing savings account.

This pocket-size 8 digit electronic calculator weighs only 7 ounces, can be carried in pocket or purse, and adds, subtracts, multiplies and divides any numbers up to a million. You'll probably get back its purchase price in a few months by using it to just add up your restaurant checks. Everyone can be an Einstein with this handy electronic calculator. And it's as easy to operate as a transistor radio. Remember, you'll have an "electronic brain" in your pocket or purse when you carry this calculator and the money you'll save will be your own. In fact, the money you save can be put in one of the "Have A Happy Day" cans also offered by the FIRST NATIONAL BANK OF DES PLAINES. This money-in-a-can idea makes a truly unusual gift for just about any occasion. So get an electronic calculator from the FIRST NATIONAL BANK OF DES PLAINES - then put some of the money you save in one of their money-cans and give someone a "Happy Day." (See the full page ad of FIRST NATIONAL BANK OF DES PLAINES on page 5, this issue.)

Jake of JAKE'S RESTAURANT, 7740 Milwaukee ave., Niles is also an inventor. This year, he's invented a "double-header" for EASTER. Jake feels that Easter Sunday is a day where lots of folks eat home with their friends and loved ones, so to be sure that the "kids" don't miss out on some of his free goodies Jake plans two Easter celebrations. One, on Palm Sunday, April 15 and the other on Easter Sunday, April 22. On both these weekends, April 15 and 22, Jake will have grab bag surprises for the children. There will be free chocolate Bunnies or free Bunny dolls for the kids from 1 to 14. There will also be Easter eggs with prizes and surprises in them, too. And, I understand Jake is going all out to feature an array of low priced Easter dinner specials on both these weekends. So you have look forward to at JAKES FAMOUS RESTAURANT, after church the place to go is JAKES - where the whole family can have 2 happy Easters.

Then there was the inventor who crossed an intersection with a convertible and got a blonde.

Bill Kenney of KENNEY ALUMINUM PRODUCTS, 7560 N. Milwaukee ave., needs one of those FIRST NATIONAL BANK electronic calculators to keep track of all the business he's booking for doors, awnings, canopies, siding, soffit, etc., these days. Bill tells me his business has been hotter than a gambler's lucky streak since he's advertised his wares in the 5 Bugle newspapers. So if you need home improvements don't do-it-yourself - see an expert like Bill Kenney and let-him-do-it-for-you.

Plan a wedding or special occasion affair - then call Angelo of the BEAM'N BARREL, 7136 Milwaukee ave., Niles. In addition to fine facilities for special occasion affairs they also offer the ultimate in dining pleasure. For a complete dinner, sandwich or late snack you can't beat the BEAM'N BARREL . . .

Who invented Eggs Benedict? I don't know but I do know that you can't beat the Eggs Benedict served by that popular Niles restaurant, ARVEY'S, ARVEY'S, 7041 W. Oakton St., Niles also offers two other delightful breakfast specials. The Niles special for \$1.15 and their popular ARVEY'S special for only 95¢. Maybe George or Tommy Arvey didn't invent Eggs Benedict but they sure know how to make 'em. Try 'em and you'll agree.

And here's the newest invention: a candy bar with lettuce inside - for women who are on a diet. See you next week . . .

SPONSOR'S DANCE

Do you remember? - The House That Jack Built; The Outside Garden; Villa Venice; the Gondolas. Of course we do, but it is all in the past and now on the very same site is the new All-gaugers Fireside. The carpenters, electricians, masons, fixture installers, painters and other tradesmen are leaving the job site, making room for waitresses, chefs, bartenders and the like who will enhance the beautiful building and grounds that Frank Allgauer has put together on this noteworthy piece of ground in Northbrook. Congratulations! The Niles Baseball League will take part in a small way of their gala opening. On April 27, the Niles Baseball League will honor the Sponsors of the League at the annual NBL Sponsors Dance. Music will be provided by the Key-tonics who are making a return engagement.

Make plans now to attend the dance and meet some new friends and renew some old acquaintances. Remember: NBL Sponsors Dance, Friday, April 27, 9 to 12 at the new Allgauer's located on Milwaukee ave. in Northbrook.

Five candidates in dist. 63 school board race

Five candidates have filed for election to fill 3 vacancies on the East Maine School Board in the election to be held Saturday, April 14. All 3 terms are full 3-year-terms. Polls will be open from 12 noon until 7:30 p.m.

Listed in the order they will appear on the ballot, the candidates are: Arlene Nidetz, 9937 Warren oval, Niles; William Q. Allen, 8829-F Robin dr., Des Plaines; Larry Reiss, 7942 Churchill, Morton Grove; Mark M. Davis, 9320 - B Noel, Des Plaines; and Dr. Thomas P. Kogos, 8512 N. Overhill, Niles.

The polling precincts will correspond to the 9 elementary schools in the District. The polling places are:

Precinct No. 1: Ballard school, 8320 Ballard rd., Niles; Precinct No. 2: Mark Twain school, 9401 Hamlin ave., Maine Township, Cook County; Precinct No. 3: Emma S. Melzer school, 9400 Oriole st., Morton Grove; Precinct No. 4: Shelley Nathanson school, Potter and Church st., Maine Township, Cook County; Precinct No. 5: Viola H. Nelson school, 8901 Ozanam st., Niles; Precinct No. 6: Oak school, 7540 Main st., Niles; Precinct No. 7: Washington school, 2710 Golf rd., Maine Township, Cook County; Precinct No. 8: Woodrow Wilson school, 8257 Harrison st., Niles; Precinct No. 9: Adlai Stevenson

Nidetz seeks dist. 63 re-election

Mrs. Arlene Nidetz is seeking re-election to the school board of District #63. She has resided at 9937 Warren oval, Niles with her husband Al and sons Rick and David for over 8 1/2 years. She has served on numerous school-related committees during that time. She is a past president of Woodrow Wilson PTA and River Ridge Council of PTA's. She is a graduate of the University of Illinois with a Bachelor of Science degree in Journalism. She is an honorary member of Gamma Alpha Chi, National Advertising Fraternity for Women.

Before becoming a board member she lobbied in Springfield for an increase in state aid to schools, testified before the Constitutional Convention on several areas of concern to school districts, testified before the Cook County Zoning Board against the abortive rezoning practices in Maine Township, and as a member of the Golden Acres Home Owner's Association helped compile the raw figures on under assessments in the district which were used by the district in its under assessment claims.

As a board member she has testified before the School Problems Commission on two occasions on the inequities involved in financing schools and for adequate funding of state mandated programs. She is now serving as the board's representative to

the Tri-County Northern Division of the Illinois Association of School Boards, is on the committee for the addition to Apollo school and is chairman of the board-teacher's union negotiating team.

As an elected representative she will continue to support legislation that will bring relief to the overburdened taxpayer, to seek equity in financing education, and to provide positive constructive direction in the search for the best educational advantages that can be afforded to the children of the school district.

Dr. Kogos seeks district 63 board post

Dr. Thomas Kogos, have lived in Niles for years. Long before I ever became involved with the Democratic Party, I was president of the P.T.A. of Oak school in District 63. My interest in school matters goes back many years and is founded on something more solid than just a sudden desire to run for the school board as is indicated president. I find it sort of ludicrous to be criticized for running for the school board while at the same time being a member of a political party. Are we to prohibit active members of any party from running for school board positions? Is there something un-American about being a Democrat or a Republican for that matter? If you took out all the active Democrats and Republicans from the local scene, how many active people would you really have left to run for anything? We are still a two party system and we should encourage politically active people to get involved in school elections, village elections, park elections, etc.

Obviously, as I am running for the school district and because I am a member of the Democratic Party, I will be seeking support from my friends from the Democratic Party. I would seek support from ANYONE I could get it from - Republicans, Independents, or what have you. I did not ask anyone's opinion as to whether I should run for School District 63 when I decided to run because I had previous experience in the school district. It is wrong now for the press to insinuate that there is something improper about my running for the school board while still being active in the Democratic Party. If that is improper than we may as well eliminate our two party system or pass a law that anyone that is a registered Democrat or Republican worker is hereby prohibited from seeking any office in his local community. If this were to happen, it would be tragic indeed.

Bakalis fears teacher strikes

Mark M. Davis of 9320 B Noel, Des Plaines, told a group of friends and neighbors gathered at his home that he finds headlines like the one above all too common nowadays. Mr. Davis said he cannot believe that any teacher likes the idea of striking. It is his feeling that communications between teachers and local school boards must remain open at all times.

In District 63, however, this is not always the case. Many teachers have told him that they are not satisfied with the performance of the present school board. In this case performance does not mean more dollars. The board appears to be forcing teachers to strike just so they can be heard. Mr. Davis feels this is totally unnecessary when you have a board that meets regularly throughout the school year. He believes that responsible teacher leaders should be allowed to present problems to the board as they arise.

Blase clarifies Obscenity Ordinance

There has been some confusion regarding our recently adopted Obscenity Ordinance which I wish to clarify. There seems to be little question in regard to our efforts to control the sale of magazines such as Playboy, Penthouse, Gallery, etc., to youngsters under the age of 17. Most people seem to agree that magazines of this type should be available for sale to the public generally, but should be limited from viewing by youngsters under the age of 17. Therefore our efforts to put these magazines out of reach of youngsters has been very favorably accepted by the public. Stores selling these magazines have generally cooperated and to this date we have had no problem with any of them.

There is some confusion though in our effort to control audio obscenity such as radio, etc. Again here it should be made clear that our efforts were not to literally monitor all television and radio programs and then try to decide which was or was not obscene. Our sole effort in this regard was directed to the so called "gtri talk" shows of which we had only one, originating out of Oak Park, and which program was directed solely to the discussion of sex. We felt that in this regard you could have oral obscenity the same as you could have visual obscenity, and although we felt uncomfortable getting into the area of radio, we at the same time felt that there had to be some start made in this area. Fortunately the Federal Communications Commission has, since the passing of our ordinance, entered into this matter and has indicated to these radio stations that their format must be changed. If this occurs, obviously we will not be involved in any way in trying to censor radio or television. I believe that it was because communities such as ours, responding to this kind of radio broadcasting, caused the FCC to issue their order restricting the kind of programming allowed.

Belden Regular Baptist Church

Weitzenfeld Oakton candidate

Stanley C. Weitzenfeld, candidate for Trustee of Oakton Community college, spoke to a group of close supporters recently about the soon to be held election. Unlike earlier comments on specific issues, Weitzenfeld spoke in a soft but emotional voice on the subject of the election itself.

"At this late date, so close to the election, the subjects of representative government, the democratic process, and intellectual honesty are of great concern. I have previously discussed Oakton's lack of standards, site frustrations, and curriculum problems. Now the voters must decide, as is their right and obligation."

"But there are 2 problems. In this or any country purporting to be a democracy, the public must have the knowledge and pre-election participation needed to make a choice. Oakton college has consistently refused both knowledge and participation to the people. In my conversations with the voters I have been amazed at the lack of information concerning the situation at Oakton. Only the most glowing terms are published, at the taxpayers' expense, in the bulletins of the school. And which taxpayers—large were invited to public hearings, well-publicized, held well

in advance of a decision, on the various sites investigated for the permanent campus? Even after the re-dating of the recent resignation, an attempt was made to prevent an election and have the Board appoint the new Trustee. This is not my idea of a community college serving its community. The people have not only a right to vote, they have an absolute right to all pertinent information, and I find the attitude of the present administration-Board intolerable. The voters must know, and they must vote."

"And that is the second problem - they must vote. School elections should not be decided by a small activist group, no matter what their persuasion, because the majority acceded by default. I firmly believe that the majority of the voters agree with my statements."

Pee-Wee

Amy Joy Donuts 2 - Fornasiero Brothers 1. Another exhibition of beautiful, fast skating, hard checking and all around team play was very evident in this week's Pee Wee Division. Starting off the excitement at 7:20 of the first period was a goal by Fornasiero's D. Mueller, unassisted. From this point on it was fast moving, tremendous goal tending, and superb team work from one end of the ice to the other by both teams. Again, unbelievable goal tending by Amy Joy's D. Davis, who made spectacular saves time and again, keeping Fornasiero Bros. at one goal until his teammates could light the lamp. Finally at the 13:40 mark of period 3, Amy Joy's M. Metre scored on a perfect assist by F. Angulo. On a powerful slap shot from the blue line, L. Gaertner, assisted by A. Scarlata finished the scoring but believe me, this game wasn't over until the final second was played.

Miller Builders 7 - Upper Crust 4. Although the score of this game doesn't tell too much, Upper Crust put up a good battle against Miller Builders. Doing the scoring for Miller Builders was Mike Paul with 4, M. Pinski with 2, and 1 for B. Keener. Upper Crust's R. Donash scored 3 for his "hat trick" and 1 for P. Storck.

Upper Crust 4 - Bank of Niles 4. One more game that wasn't over until the final second was this game. Upper Crust revealed that their team was made up of more than what the records show. Their determination, spirit and ability was very evident. After exchanging goals in the first period by the Bank of Niles' B. Madura and Upper Crust's R. Schultz, the second period was very strong by Upper Crust who scored 2 goals, one by R. Donash and one by D. Schwartz, with Bank of Niles coming back with one by S. Cohen. The third period was simply fantastic, with S. Cohen scoring early for the Bank of Niles to tie it "again." Two minutes later, R. Schultz got the go-ahead goal which lasted until the final minute in the game, when Bank of

Niles B. Madura scored with 14 seconds remaining in this game. Assists on Bank of Niles went to A. Sagan, B. Madura, D. Gluth and 2 for B. Sullivan. Upper Crust's assists went to B. Abrams, and 2 for K. Russotto. Congratulations to V. Senese who played outstanding goal tending for Upper Crust.

Miller Builders 4 - Fornasiero Brothers 1. A hard checking, fast moving game was played by these two teams. Opening the scoring early in the first period for Miller Builders was M. Paul, assisted by B. Keener and the second first period goal was scored by B. Keener, assisted by B. Hadfield and Witanen. Fornasiero Brothers came back with one goal in period two by L. Roberts, assisted by M. Prenner. After coming so close to tying the score, M. Paul lit the lamp for two more goals, unassisted, to get his "hat trick." Period three was scoreless but it was very exciting. When these two teams compete, it is always a thrilling and exciting game to watch.

Bank of Niles 3 - Amy Joy Donuts 0. The beginning of this game was very exciting with Bank of Niles' A. Sagan being awarded a penalty shot. However, Amy Joy's Goalie, D. Davis, would have none of that and stopped him. After that, it seemed as though Amy Joy went out for a "donut break." Tremendous, accurate and perfect passing and checking by the Bank of Niles kept this "shut out" for the Bank's goalie T. Artz. Bill Madura took care of the goals by scoring once in the first period, unassisted, and twice in period two assisted by K. Panuce and T. Anderson.

Miller Builders 8 - Upper Crust 3. Another hard played game by Upper Crust, but not quite enough to beat this high scoring team. M. Paul did it again, scoring 4 goals for another "hat trick" plus one. Solan scored 2, E. Hoffmann scored 1 and B. Keener scored 1. Doing the scoring for Upper Crust was P. Storck with 2 and K. Russotto with 1.

In the college district vote an admitted prejudice to our own in our backyard. Niles' Tom Flynn, a very hard-working young lawyer, would be a welcome addition to any public board and will receive our vote in the District 535 race. Tom most candidly states Hartstein and Gilson deserve re-election to the board and along with Tom, will garner our votes.

In the Niles village election there is no contest for the trustee race nor the village clerk's post. Nevertheless, since the candidates spend hundreds of hours working on behalf of their constituency, it would seem the natives are obliged to acknowledge their appreciation by casting their vote of confidence.

The village president's race is a shoe-in, even though Jerry Sullivan and Florian Klipowicz announced they will be active write-in candidates for the top post. Nick Blase will garner most of the votes as can be expected. But if you feel his three terms in office are enough, you can issue a protest by voting for a write-in candidate.

We inadvertently referred to write-in candidate Florian Klipowicz as a "Democrat" precinct captain last week. Florian is a "Republican" which corrects the boo-boo. Last month we tried to make Morton Grove's Joe Alessi a Democrat as well, and he too, is a rock-ribbed Republican. There must be something Freudian in these two slip-ups.

Nelson students 'in business'

Team 4 students at Nelson school in Niles recently had an opportunity to learn first hand about the workings of the free enterprise system.

The first step in the children's project was to decide on a product that would be in demand by other students. Each "company" of students then applied for a loan to buy the land, labor and capitol they would need to produce their products.

According to Kathy Wallin, Vicki Walsh, Sherry Walsh and Laurie Trelease, Team 4 teachers, the children were able to understand the importance of money, the importance of skilled and cooperative labor, and careful use of tools and materials.

After they have produced their goods, the companies are able to test their success. With the money they receive from sales, the students are able to buy products of other companies. The products produced by the students include book marks, games, jewelry, baked goods and art objects.

The final phase of the project comes when the loans must be repaid with interest and profits are calculated.

Student comments sum up their interest and feelings about the unit: "It was just like real, only we didn't use real money." "It's

Police Chiefs honor FBI agent

Sheriff Richard J. Elrod, Sheriff of Cook County, recently held a reception honoring Richard Held, Special Agent in Charge, the newly assigned Chief of the Federal Bureau of Investigation for the northern district of Illinois at the Holiday Inn, 4140 W. 95th st., Oak Lawn.

The Chiefs of Police of the various municipalities throughout Cook County, the Sheriffs of the surrounding counties included in agent Held's jurisdiction, the Illinois State Police, and the leading law enforcement officials of the city of Chicago and the county of Cook were invited to attend.

The response was outstanding—a fine tribute and warm welcome to Chicago for Richard Held, Special Agent in Charge.

Shown above (l. to r.) are Chief Clarence Emrikson, Niles Police Department; Agent Held; and Sheriff Richard J. Elrod, Sheriff of Cook County.
