Oakton Community College commencement Sunday

Louise Neyhart, a member of the Illinois Junior College Board, will be guest speaker at the commencement program for Oakton Community College on Sunday, May 13, at 3 p.m. at Niles West High school.

Her speech, entitled "The Start of Something Big," will be concerned with life-long learning as it relates to the community college philosophy and movement.

About 250 Oakton students are expected to receive either associate of arts or associate of science degrees or certificates at the commencement ceremony. They are members of the second graduating class at Oakton Community College, which opened for classes in September, 1970.

An author and teacher, Mrs. Neyhart was appointed to the Illinois Junior College Board in

1970. She had served as chairman of the first committee that promoted interest in a junior college under the auspices of the Freeport Adult Education Council in 1958 and later served two terms as a member of the Board of Trustees of Highland Community College in Freeport.

Mrs. Neyhart, a former teacher in the Freeport schools, has authored three books for child-

ren: "Henry's Lincoln," the story of the Freeport Lincoln-Douglas debate, "Henry Ford Engineer," a biography of Henry Ford, and "Giant of the Yards," a biography of Gustavus Swift and the history of Chicago. The Ford book is published in ten languages by the United States Information Agency in Washington. The Swift book was chosen by the Boys' Clubs of America

as one of the books they liked best. In June, 1972, the National College of Education presented to Mrs. Neyhart an alumni achievement award for distinguished service and dedication to the education of youth. She has also been honored by Beta Sigma Phi, international sorority, as life-long honorary member for contri-

Pinky's Patter...

Hi everyone!

My boss suggested that I ought to try writing a column; I accepted the challenge and I will be occupying this space from time to time to bring you some items of general interest. We will gossip about many things, bringing a little sunshine (I hope) and a little side line information into the affairs of the day. I hope to hear from all of you out there. Any interesting items you can contribute will be shared with everyone. Just send your letters to my attention in care of The Bugle.

Since I am an extremely loyal Cub fan and seem to always be surrounded by Sox fans, I get teased quite a lot. As a matter of fact, one year when the Cubs had a 12 game losing streak, I was working for another local newspaper. With each loss I would find myself looking to the heavens and asking WHY? After the 12th loss, I arrived at the office in the morning and one of my fellow workers, (pardon the expression) a Sox fan, greeted me with "Hey! Hey! Holy Mackerel!" I then proceeded to strike him! You can see how much I care about the bums. So, let me hear from you Cub fans. Also, what do you think of installing an instant replay machine in the home dug-out for disputed calls by umpires?

You know that T.V. commercial about putting baking soda in the refrig? To be rid of odors, how about putting some baking soda in the ash try of your car for those passengers that can't quit smoking?

They tell me the time is coming when we can do our shopping by picture phone, but don't you believe it. There is nothing like being there! Check the display advertising in The Bugle and support your local businessman. From time to time I will be bringing you specific information as to items available.

This has been well advertised, so all the Golden Agers in the area are probably aware of it. Usually, tho, there is always somebody around who does not get the word, so you should know that Project Find is a campaign to identify and enroll older Americans eligible for Federal Food Assistance. Your local Red Cross has all the information.

14th consecutive annual award received by firemen

FIRE DEPT. WINS GRAND AWARD

by Diane Miller

For the 14th consecutive year, Niles Fire Department has won an award from the Chicago Association of Commerce and Industry in their annual Fire Prevention contest.

This year the Grand Award was received and this is the third time this award has been won by

our fire department. All the other awards they received were First Place awards.

Capt. Gordon Michalson of the Niles Fire Department told The Bugle that eight counties in the State of Illinois participate in this contest and the Grand Award is the top award regardless of population.

This latest Grand Award was received for the work done by the Niles firemen in all phases of Fire Prevention. This consists of keeping civic and school groups informed by personal talks, conducting contests in schools, indi-

Operation clean sweep 73

Stan Kowalski of Niles and fellow members of Flotilla 3-2 will be conducting their Clean Sweep patrol on Saturday May 19 (rain date May 20) in the Chain of Lakes area.

Clean Sweep is one of the services performed for the boating public by the United States Coast Guard Auxiliary. It is a pre-season patrol for floating debris and the removal of it. Operations will start from the Watts Marina (Pistakee Lake) 116 S. Rt. 12, Fox Lake, Ill.

In conjunction with Clean Sweep, provisions are being made to conduct Courtesy Motorboat Examinations (CME's). Those who meet the requirements and standards are awarded a decal which is respected by Coast Guard Boarding Officers and experienced boatmen everywhere.

This would be an excellent time to see the Auxiliary at work and to obtain your free "Seal of Safety" decal which ascertains that proper legal and safety equipment is aboard. No report of deficiency is made to anyone except to the boat owner or operator.

For Class A boats (up to 16 ft. in length) the new 1973 Federal Equipment Check Sticker (FEC) an extension of the well established CME program will also be available.

Make your boating this season more care-free and enjoyable knowing your craft has passed and be one of the first to proudly display the 1973 decal or sticker.

The entire family should enjoy this program which will last 1 hour. The movies will be shown in the meeting room of the library.

Admission is free.

Poppy day May 24

The Morton Grove American Legion Post #134 has announced Poppy Day in the suburb will be conducted Thursday, May 24. The annual drive enables the Post and their Auxiliary Unit to participate in child welfare, rehabilitation, community service and other related areas to assist former servicemen now confined to VA hospitals; their families and youngsters in need.

Once again volunteers from the Post and the women's auxiliary will offer the lit red poppy flower replica at shopping centers, restaurants and traffic intersections where signals stop the flow of autos.

Presently veterans are fashioning these miniature poppies, many from hospital beds. They are paid a small amount to make them; therefore, donations from the public will perform a duo purpose. Often times this is the only manner in which discharged service personnel have of earning a dignified manner of earning a living. Doctors have indicated this has much therapeutic value in addition.

Tough week for Raiders

It was a rough week for OCC baseball, as the Raiders lost to Triton, Lewis college, and split a doubleheader with Wauhansee. The Raiders are now 3-4 overall and 2-3 in the conference.

"It was a real frustrating week," said Raider coach Rick Symonds. His Raiders lost 3 of 4 games in the ninth inning after losing late inning leads.

At Triton, the Warriors jumped off to a 1-0 lead in the 1st. Oakton added three in the 6th to take the lead on two RBI's by Jim Buckholz. But in the bottom of the ninth, Triton loaded the bases with 2 out and scored the winner on a single by Bill Zamba.

Against Wauhansee at home Oakton took a 3-0 lead in the 1st. Wauhansee got two back in the seventh, with one out in the ninth, Wauhansee scored the winner on an Oakton error, erasing a 6-5 Raider lead and taking the game 7-6. The Raiders took the night game at Southwest Park in Park Ridge 2-1.

Athlete of the year

Bruce Zimmer of Morton Grove, Niles North High school senior who captured a second place finish at the state wrestling tournament in Champaign, has been voted Scholastic Athlete of the Year by the Illinois Wrestling Coaches Association.

To qualify for the honor, an athlete had to place in the top 8 in the state meet. The award is also based on the student's scores on the ACT and SAT tests as well as his grade point average.

Zimmer accepted his award.

Breaks track meet record

Oakton Community college's All American track star Mike Geldermann placed first in the half-mile run at the recent Harper Invitational Meet, breaking a two-year-old meet record.

Competing against 10 junior colleges throughout the state, Geldermann set a new meet record at 1:17.2 seconds. He explained how he did it: "I started out kind of slow, but at the 330 mark I moved out. and won by .2 1/2 seconds."

At the Harper meet Oakton runner John Baggio placed 5th in the high hurdles. He is nationally ranked in the top 15 of the nation's junior college runners in this event.

The Oakton relay team of Geldermann, Baggio, Willie Johnson, and Joe Cosentino took fifth in the spring relays at the invitational, defeating conference foes Harper and Triton.

MG postal week successful

That the Morton Grove Post Office has the "informed understanding, cooperation, and support" of local citizens and postal employees was borne out by the attention given the post office during "Postal Week." Officer-in-Charge Donald Swanson said recently.

Officer-in-Charge Swanson issued a hearty thanks to the entire village in the manner in which the public joined in the ceremonies.

He said the 10 new Postal People stamps placed on sale in conjunction with Postal Week were selling at a brisk rate. The attractive new stamps — the first such comprehensive set specifically honoring postal people

— went on sale Monday, April 30. "Postal Week" opened on Sunday, April 29, and continued through Saturday, May 5.

Postmaster General E. T. Klassen said prior to the observance that "Postal Week" is an appropriate occasion for recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be jointly met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives.

Officer-in-Charge Swanson said he believed these challenges are being met locally by citizens and postal employees alike.

Matrix, schmatrix.

This Sony can play any record they can buy.

There may be stereo buffs who still sit around arguing the relative merits of one 4-channel method over another. But, meanwhile, Sony's SQP-400 has made the whole controversy academic.

It's a 4-channel compact stereo system that does it all. SQ, other matrix, discrete, it can play anything record companies can make.

Its 4 speakers don't just surround you with sound, either. That would be like putting you in the middle of the orchestra. Instead, they reproduce the concert hall, putting you in the audience where you want to be.

On top of that, there's a Listening Position Display control that pinpoints the spot where your sitting. So,

no matter where you sitting, you get the best seat in the house.

Sony's SQP-400 has FM, AM, FM stereo and 4-channel broadcasts. And, of course, all the extras: FET and solid state IF filter for highly increased sensitivity and selectivity; extra-long slide-rule tuning dial; tape monitor switch.

It's music the way it should be. So turn on Sony's SQP-400. It'll make a believer out of you.

Student social security payments

Students who get monthly social security payments may now get checks for a time after their 22nd birthday, according to Donald B. Schneider, manager of the Des Plaines social security office.

Under a change in the law, an undergraduate student can continue to get social security payments through the end of the semester or quarter in which he reaches age 22, Schneider said.

If the student's school does not use the semester or quarter system, payments can continue until he completes the course he's taking or 2 months after he reaches 22, whichever comes first.

About 590,000 students are now getting monthly checks because a parent insured under social security, retired, became disabled, or died. Checks for dependent children normally stop at age 18, but payments continue to 22 for young people who are in school full time and remain unmarried. Under previous law, social security payments stopped when the student reached 22.

Nelson, Ballard schools join blood program

The Nelson and Ballard school PTAs have become cooperative groups within the Village of Niles Blood Program. The Blood Program assures that blood needs for any member of the school family - students, faculty, administration, staff, and their immediate families - will be met.

In return for this assurance, each school must donate a specified number of units of blood. Under new state legislation, after July 1, 1973, all blood used must come from donors. Currently paid donors supply well over half of the blood supply in the metropolitan Chicago area.

Under the new legislation, severe blood shortages could result. The Village of Niles Blood Program operates in conjunction with the Michael Reese Blood Center. On June 21, July 19, Aug. 16 and Sept. 20, the Michael Reese Blood Mobile will be at St. John Brebeuf, 8301 N. Harlem, Niles, from 4:45 p.m. to 7:45 p.m. Anyone wishing to participate in the program should contact Nelson school or Ballard school for more information, or the Village Blood Program Coordinator at 967-6100.

OCC professor writes about Chilean poet

An article on the Chilean poet Vicente Huidobro, by Mario Lopez, assistant professor of Spanish at Oakton Community College, was published in the March issue of "Hispania," the magazine for the American Association of Spanish and Portuguese Teachers. Professor Lopez's article, entitled "For an Evaluation of Huidobro's Poetry," discussed the avant-garde, surrealist work of the early 20th century poet.

Professor Lopez is an authority on the poetry of Chile. A graduate of Roosevelt University, Mr. Lopez received his M.A. from the University of Chicago where he is working on his Ph.D. He has served as editorial advisor to the Spanish magazine, "La Luz." He lives with his family in Morton Grove.

The May 12 test is a make-up test given for students who may have missed the previous testing date, or who may have just recently moved into the district.

It is helpful to the student and counseling staff in making decisions regarding course selection and placement. It is used only as one of the criteria, along with the student's past performance and the judgments of former teachers, in deciding on the program of studies to be taken in high school.

Women's clubs offer plate collectors

A girl, Nichole Suzanne, was born to Mr. and Mrs. John L. Andrews, III, 10389 Dearlove rd., Des Plaines, on April 15. The baby weighed 8 lb. 7 oz.

A boy, Joshua Bernard, was born to Mr. and Mrs. Bert J. Goldberg, 8822 Dee rd., Des Plaines, on April 18. The baby weighed 6 lb. 8 oz.

A girl, Janine Marie, was born to Mr. and Mrs. Allen J. Hubicek, 7151 Church st., Morton Grove, on April 19. The baby weighed 6 lb. 1 1/2 oz.

A girl, Heather Lee, was born to Mr. and Mrs. Russell R. Raymond, 2222 Western ave., Park Ridge, on April 23. The baby weighed 6 lb.

A girl, Christine Audell, was born to Mr. and Mrs. Clark P. Beverly, 8287 N. Merrill st., Niles, on April 29. The baby weighed 7 lb. 15 oz.

In an effort to instill a pride of country and a rekindling of the wondrous "Spirit of '76," the General Federation of Women's Clubs have set out the start of a series of four exquisite collectors plates, which will in their entirety depict a complete and moving "Portrait of Liberty." Because of the inherent nature of this Bicentennial Plate and because it will be a limited edition, it is sure to be regarded as more than just a decorator piece. It will also become a cherished heirloom and a valuable collectors item. It will be released Jan. 1 of four consecutive years 1973-74-75 and 76. Then on July 4, 1976, a final ceremony will take place at Independence Hall, presided over by the Presidents of the General Federation of Women's Clubs for the years 1973 thru 1976. At this ceremony will be publicly destroyed, thereby creating a limited edition.

An exquisite set of two alternate color selections—Antique powder blue and Early American milk glass white—are the featured choice of color and the cost of each plate is \$10. This means that even though the total investment (if purchased during the year of issue) comes to only \$40 the actual market value of a complete set, in 1976, should be at least \$60. This represents an increase in value of 50%. A supply of brass wall hangers and wooden stands has been stocked and can be ordered with your plate purchase.

In order to get in on this offer you may contact the president of the 10th District Illinois Federation of Women's Clubs Mrs. Dorothy Fox of Lake Forest at 234-1211 or Mrs. Dorothy Krause of Niles at 827-1973. They can direct you to the club president in your locale for your easiest convenience.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

How an attic fan can take some of the load off your air conditioning.

If you've ever been up in your attic on a summer day, you know how hot it gets. All that heat up there is what makes it so tough to cool the downstairs—even with air conditioning. Well, here's a hint: install an attic fan. An attic fan—whether it's at a window, gable vent or through the wall or roof—will pull that hot, dead air out of your attic. In fact, it can reduce your attic temperature by as much as 35 degrees. Your air conditioner doesn't

have to work nearly as hard when it isn't fighting a hot attic. It doesn't switch on as often or run as long. You're just as comfortable, yet you're saving money. With an attic fan, you can also reduce the amount of air conditioning equipment you need.

Contact your heating or air conditioning contractor for the attic fan installation that's best for your home. This hint is included in our booklet "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

Questions Cong. Young's actions

Dear Editor:

I believe that the news item about Rep. Young's having missed voting on the crucial legislation to aid mass-transit systems, for a trip to Israel, raises some interesting questions.

Did Young consider a trip to Israel good strategy for his re-election bid in 1 1/2 years, and therefore more politically expedient than remaining in Washington to vote on a bill which he publicly supported? Does he feel so insecure about his chances for re-election after having won his seat by a narrow margin that he is beginning to "campaign" at this early date?

Questions Young's motives

Gentlemen:

Is Congressman Sam Young best representing the interests of his constituents in the 10th Congressional District?

I address myself to the vote case in the U.S. House about 2 weeks ago concerning the usage of about \$700 million for mass transit programs. The money was to be diverted from the Highway Trust Fund(?). The vote was defeated, but Mr. Young did not cast a ballot.

I sincerely feel that residents of this district are entitled to an explanation concerning his reluctance to participate in that process which remains his primary function, namely, VOTING . . . pro or con.

If your sources indicate that Mr. Young had valid reason for missing the vote, then ignore my inquiry; but if he chose to absent himself to avoid controversy about voting on this bill, I think the "fourth estate" should inquire about his motives.

Yours truly,
B. J. Mulcrone
9038 N. Cumberland
Niles

P.S. Three days ago I sent a letter to Mr. Young's office asking for an explanation.

Thanks for publicity

Dear Mr. Besser,
On behalf of Potpourri '73 St. John Brebeuf, we wish to thank you for the privilege extended in promoting our articles and photographs.

Your publicity has greatly assisted in a most successful Festival.

The acceptance of articles is greatly appreciated.

Thank you again.
Sincerely,
St. John Brebeuf
Festival '73 Committee

Thank you

Dear Mr. Besser:
I want to thank you for all of the fine publicity you have given to the students in the Maine East production of "Music Man." Our matinee performance was a huge success thanks to the publicity given us in your newspapers. The students performed to an audience of almost 800 Senior Citizens and scout groups and I want to thank all of them that supported the matinee.

Mrs. Richard Reeve
Matinee Chairman
Maine East Music Boosters

In contemplating these questions, it is worth noting that he already had several speaking engagements lined up to report on his trip, such as the one at Niles Township Jewish Congregation on May 4.

Rep. Young may be making the mistake of misjudging his constituency's ability to see through publicity-motivated activities, and to look clearly at his total performance in Congress. It is bad enough, during election time, that lawmakers miss voting on important bills because they are out campaigning. It is discouraging to those of us here in the 10th Cong. District when our freshman Congressman appears to be doing this kind of thing before he hardly has his feet wet in the job to which he was elected.

Sincerely,
Marian Rosen

engagement at the Mark Taper Forum of the Los Angeles Music Center on March 15 through May 6, 1973, directed by Edward Parone.

For the Arlington Park Theatre production, David Lonn has signed Don Knotts to create the role of Wayne Stone - a man, who leads a small town war on pornography.

"The Mind With the Dirty Man" will preview on Thursday, May 31, and open on Friday, June 1 at 8:30 p.m. The production is scheduled to run through Sunday, June 24.

'King for a day'

With the month of June becoming the traditional time for the Variety Club of Illinois, Tent No. 26, to honor an outstanding Chicago citizen, chief barker Bene Stein this week announced that Arthur Schoenstadt, dean of the city's motion picture theatre pioneers, will be crowned as "king for a day" at a luncheon to be held on June 19 in the Guildhall of the Ambassador West hotel.

Befitting the occasion, Federal Judge Abraham Lincoln Marovitz, distinguished not only as a jurist but as a poet and humorist, will preside as toastmaster of the affair, Stein added.

Schoenstadt's career as a motion picture operator dates back 65 years, to 1908, when he opened his first moviehouse, the Palace Theatre, at 47th and Ashland ave. From that beginning, he built the Schoenstadt circuit of 28 theatres

Robert Dachman, chairman of the luncheon honoring Schoenstadt, has announced that the public is invited, noting that tickets at \$10 per person may be had by calling the Variety Club office, Franklin 2-2262. He also said Mayor Rickard J. Daley, who will be in attendance, has been named honorary chairman.

Joel Grey & Joan Rivers at Mill Run

A winning combination of songs and comedy is arriving at the Mill Run Theatre on Thursday, May 17 through Sunday, May 20 with the dual appearance of Joel Grey and Joan Rivers. With his shining stage presence enhanced by his recent Academy Award triumph and her frisky, fast-paced comedy routine, the doubleheader promises to be one of the most enjoyable shows of Mill Run's present season.

Joel Grey is one of the most accomplished performers in show business today. He's a singer-dancer-actor-comedian of the first rank. Throughout his career, Joel has earned the respect of critics and the approval of audiences. His outstanding portrayal of a sardonic master of ceremonies won him the Academy Award Oscar and Broadway's Tony Award as best supporting actor in the film and stage versions of "Cabaret."

In 1965, Joan Rivers took the nation by storm in her first appearance on the Tonight Show with Johnny Carson. Since then, she has become one of the nation's best known comedienne. Her universal appeal can be attributed to her intuitive flair for comedy losing her identity as a woman. Joan has appeared at major clubs around the country.

Joan Rivers and Joel Grey will appear in tandem on Thursday at 8:30 p.m., Friday and Saturday at 7:30 p.m. and 10:30 p.m. and on Sunday at 5 p.m. and 8 p.m. Tickets for their show are now available at the Mill Run Box Office and all Ticketron outlets.

He was one of 8 students honored at the department's annual awards luncheon, held in the new Levis Faculty Center on the campus. Marlon, who also received an American Society of Civil Engineering award, is the son of Mr. and Mrs. Irving Marlon.

Academy Award winning Joel Grey will be making his debut appearance at the Mill Run Theatre on Thursday May 17 through Sunday May 20. Co-starring with him will be comedienne Joan Rivers.

Comedienne Joan Rivers will be delighting audiences with her own special brand of humor beginning Thursday, May 17. Sharing the bill with her will be multi-talented Joel Grey.

Oak students make international friends

Children from Teams 3B and 3C at Oak school in Niles are corresponding with students in a British primary school class in Lewes, Sussex, England and with other children in an international school in Tokyo, Japan.

In the letters, which come about every 3 months throughout the year, the children exchange information about families, hobbies, pets, holidays, foods, the towns they live in and differences in life styles and customs.

According to Pat Lerch and Z.C. Kenig, teachers in charge of the children, the experience helps build human understanding, cultivates knowledge of children around the world and motivates interest in map skills, history and geography. The activity also gives the students practice in letter form, spelling and punctuation in a relevant and interesting manner.

AREA SCOUT NEWS

Pack 175 news

Cub Pack 175, of St. John Brebeuf parish, held its 12th annual "Pinewood Derby," on Friday evening, April 27, in the parish hall.

Prior to this spectacular racing event, the regular meeting saw the induction of new "Bobcats," Danny Hones and Mike Ludkowski, as well as the elevation to the rank of "Bear" of Chuck Paustian and Dave Henson.

The Derby, highlight of the racing year, saw twenty prizes awarded to eighteen Cubs. Ten inch trophies were awarded: Chuck Paustian, for the fastest time on the three-track course, and Jeff Bratek for the runner-up position, as well as first place "heat" trophies in their respective Dens.

The fifty foot, inclined track, with three starting slots and an electronic finish gate, so captivated the local race crowd that each heat brought deafening roars of approval, "Jimmy the Greek" Snyder, of Las Vegas, had his local representative, "Kenny the Pole" Piasecki handling the handicapping. Within three heats, Kenny had spotted cars in Track 3 as 8-to-5 favorites, Veteran track observers estimated the "handle" at better than a million (jelly beans) for the preliminary heats alone. IRS agents were seen in abundance.

The cars themselves, limited to a maximum 7 3/4 inches in length and 5 ounces in weight, were constructed by the Cubs and their fathers from special kits and were several weeks in the making. Stewards Jerry Detloff and Frank

Kubas, operating under Director of Operations Walter Schuster, successfully arbitrated all challenges, including alleged pit-crew violations involving bubble-gum on axles of competitors vehicles. Track Announcer John Baranowski called every race to perfection as the seasoned professional he is.

For the record, the following prizes were awarded: Den 2: 1st, C. Paustian, 2nd T. Kozeny, 3rd, Matt Zurek. Den 3: 1st, P. Baranowski, 2nd T. Machowski, 3rd, T. Bratek. Den 4: 1st, E. Sudendorf, 2nd, S. Watson, 3rd, Mike Zurek. Den 5: 1st, T. Jenrick, 2nd, G. Cochran, 3rd, R. Morgan. Den 9: 1st, T. Alwicker, 2nd, R. Phillipsen, 3rd, M. Ludkowski. Webelos: 1st, J. Bratek, 2nd, M. Gerner, 3rd, P. Detloff.

In addition the following Cubing awards were distributed during the regular meeting: Webelos Awards: Edward Rizzo-Aquanaut and Athlete, Robert Bohinski-Sportsman, Michael Gerner-Aquanaut, Naturalist, and Scientist, Peter Detloff-Aquanaut, Showman, and Traveler, Robert Kubas-Aquanaut, and Thomas Lenahan-Artist and Traveler.

Silver arrows were awarded to Michael Zurek, John Covey, and Gerald Zurek. A Gold arrow was presented to Edward Sudendorf, while Stanley Mrozinski gained both a silver and a gold arrow.

Following the announcement of a Pack visit to a Chicago Fireboat on May 5, welcome refreshments were served to all.

Troop 45

On the weekend of March 14 the men and boys of Troop 45 again defied nature's will and hiked the Amiquois Trail near Bradford, Ill.

Saturday morning the boys awoke to find their tents and the ground were covered by one inch of snow, turning the surrounding area into a winter wonderland. After a hearty breakfast of bacon and eggs, the scouts began the trail which was completed about 6 hours later. The trail is 16 miles long and presented the boys with many challenges, including 2 cable bridges which were navigated by rigging a boy's chair from handlines the boys carried with them. Each scout tied a bowline knot around his waist and was hauled to the opposite bank by the other boys.

As the sun began to climb and the snow melted, the trail became a sea of mud and by noon everyone was mud to the knees. The troop had a sandwich lunch along the banks of the Spoon River and then hiked onto the cable strand bridge. None were lost until the crossing of the second bridge when the Assistant Scoutmasters' rope broke and dunked him in the river. The remainder of the trail was completed without mishap.

Everyone turned in early after a rousing round of songs around the campfire. Troop 45's old 48 star flag was retired and burned in the traditional patriotic ceremony. The boys were bright and cheery on Sunday morning, except for the moans and groans coming from the leaders' tent where Scoutmaster Bob August was heard to say, "Work legs, work." As always, despite the weather, a good time was had by all.

Scouts help clean up park sites

Cub Scout Troop #107, of Our Lady of Ransom, and troop 118 of Mark Twain school, combined efforts in helping clean up the park site at Kathy and Western on Saturday, April 28. Equipped with plastic bags, energy, and enthusiasm, the troops, under the leadership of Mr. Cizek and Mr. Bailey, picked up all types of debris, rocks and stones, as a service to the park district and the community. At the same time, girl scout troops 17 and 456 from Shelly Nathanson School, under the leadership of Mesdames Rudin, Cherny, Werba and Barnes, helped clean Dee park, located at Dee and Emerson.

The girls were assisted in their efforts by two volunteers, Brownie Scout Felise Katzenberg and Cadet Scout Dawn Rudin. The Golf Maine Park District and citizens of the community are grateful to the scouts for their help in keeping the park sites clean for better community use.

National Scout Jamboree

1st National of MG adds drive-in hours

Drive-in and walk-up facilities at the First National Bank of Morton Grove have been extended an additional 11 hours to a total of 60 hours a week, announced president Marvin von Aswege. New hours are from 7:30 a.m. to 6 p.m. Monday through Thursday, to 8 p.m. Friday, and from 7:30 a.m. to 1 p.m. Saturday. The 6 day/60 hour schedule is especially tailored for people and businesses who prefer to — or must — do their banking either early or late in the day, according to Von Aswege. "Now that daylight saving time and the warmer weather are here, people are getting out and becoming involved in more activities," he said. "The expanded drive-in and walk-up hours enables our customers to do their banking at a time more convenient to their busy schedules." The 7:30 opening will be of particular benefit to the commuters in the area, the banker added.

Central Telephone modernizes its facilities

Central Telephone Company of Illinois will spend a record \$18.6 million for construction and modernization of its facilities during 1973. Almost \$16 million of this budget is earmarked for Des Plaines - Park Ridge and surrounding service area. Included in this budget is approximately \$2.6 million for new electronic long distance switching gear known as TSFS or Traffic Service Position System. TSFS is a cordless, all-electronic long distance switchboard which will provide faster service for operator assisted calls. The first 62 units of TSFS have arrived and are being installed. The second major expenditure is \$1 million for the balance of the cost of the fourth Crossbar installation, this one at Park Ridge. This new Crossbar will be cut into service at 2 a.m. on Sunday, June 17 and will make available Touch Calling service for all subscribers in the Park Ridge Exchange.

During the summer of 1973 bids are expected to be let on a \$1.6 million 3-story addition to the Des Plaines switching facility at 767 Pearson st.

Other construction projects include modification of existing Crossbar equipment to provide Dial Tone First and to accommodate TSFS to cost about \$761,000; addition of a diesel power plant for standby power to cost almost \$75,000; plus other equipment modifications, addition of more cable and duct work and replacement of vehicles.

Central Telephone Company of Illinois is the second largest division in the Centel System with approximately 182,000 phones, 127,000 of which are in the Des Plaines-Park Ridge area.

Corporate Outlook Central Telephone & Utilities Corp. expects to add more than 80,000 telephones this year while reducing its plant construction program \$12.3 million.

The company's Centel System, with 1,048,540 telephones, is the nation's fourth largest independent.

"The heavy capital requirements for the modernization program which got under way in 1968 is now largely behind us," said Clarence H. Ross, chairman, and Robert P. Reuss, president, in their annual report to stockholders.

"Our five year program of replacement and modernization has resulted in gross additions of over \$529 million, or almost 127% of

construction monies will go toward facilities expansion to serve growth, the officers said.

The company expects to finance the 1973 program by issuing \$40 million in debt through subsidiaries later this year. The balance of funding will be generated internally. No common stock or equity financing is anticipated.

CTU had record 1972 primary earnings of \$31.9 million, equal to \$1.71 a share. In 1971, the company reported net income of \$27.5 million, or \$1.56 a share of 7.2% fewer shares outstanding.

Karen - Joe & the New Experience at Allgauer's

Karen - Joe & the new Experience opened May 1 at the new Allgauer's Fireside. They will be there every night except Sundays and Mondays during the month of May.

Karen - Joe & the new Experience is probably the hottest vocal and instrumental group that has hit the Chicago area in a long time. This group has been in constant demand since their opening of a new motel on Chicago's Northwest Side nearly 16 months ago. By combining the old, the new and the contemporary, Karen - Joe & the New Experience has bridged together the so-called generation gap in music. Audience participation is a strong plus for this versatile and unique group. Karen Christopher (vocalist), combines her extraordinary vocal talent with that of Joe Cucci to make for an excellent vocal blend, along the same lines as that of the famous twosome, Sonny & Cher.

Joe Cucci has a unique ability to put an audience at ease with his warm personality and his audience participation.

Karen - Joe are backed up by 3 very talented musicians, namely; Larry Brent, pianist, arranger and vocalist; Bill Uher, drums, saxophone, guitar and vocalist; and John Nicholas, bass guitar, banjo and vocalist.

New publications at Niles library

The Niles Public Library District has acquired several major publications from Standard & Poor's Corporation, leading investment publisher and investment advisor, it was announced today by Mr. Bhupinder Kalra, Reference Librarian.

The services are the Corporation Records Daily Revised, the Outlook, the Bond Outlook and the Register of Corporations, Directors & Executives.

The Standard & Poor's Daily Revised Corporation Records carries factual information on more than 7,000 American and Canadian companies, including history and background, stock and

last summer, he said. Brochures for the programs, which begin in early June, will be mailed in the next 2 weeks.

The Village Board also approved the purchase of a 1973 Ford Custom 530 squad car for the Police Department from Wilshire Motor Sales at 611 Green Bay rd, in Wilmette.

The company had submitted a sealed bid of \$2,320.34 (plus a \$875 trade-in on the Police Dept.'s 1972 Dodge Polara squad car), beating out the bid of Grand Spaulding Dodge at 3300 W. Grand ave, in Chicago, who had offered a 1974 Dodge Polara 30-60 days after a public announcement of their release for \$2488 (plus \$950 trade-in on the old car).

"It's not very hard to decide," Trustee Arthur M. Goebelt said. "We need a car right away. We'd advertised for a 1973 sedan when they sent the bids out in February, he said.

Trustee George G. Rowell, chairman of the Police Department Committee, announced the April crime report issued by Police Chief M. Lester Flowers.

It contained some good news - burglaries were down from 23 at this time last year to 16 this year, robberies down 3 to 1, assault and battery down from 7 to 5 and thefts under \$50 had doubled, from 12 to 24, that car thefts had increased from 6 to 8 and that bike thefts were up from 1 at this time last year to 8 this year. The total number of traffic accidents was also up, from 230 to 261, as well as accidents with injuries, from 20 to 37.

After hearing O'Brien's assurances that the day camp and swimming club were one-year experiments which could easily be scrapped if they failed, the Village Board informally approved them without taking a vote. Formal approval is not needed when the programs are experimental.

O'Brien also announced that tennis lesson fees, which were \$10 for 10 lessons last summer, would rise to \$10-\$15 for 8 lessons this summer because the old fee was "too cheap in comparison with other cities in the area."

However fees for swimming lessons (10 lessons for \$10 per person, or \$25 for a family of 4, with \$4 more for each additional family member) and the regular day camp (\$3 for the summer) will be the same as they were

bond data, offices, balance sheet statistics and income accounts. The Daily News section of the publication keeps readers informed of corporate news as it is made.

The Outlook is a weekly stock market letter which carries Standard & Poor's opinion of the stock market in general and on particular stocks. Each issue includes a number of feature articles on items of interest to both the new and sophisticated investor and other pertinent material. The Bond Outlook is a comparable publication covering the bond market.

The Register of Corporations, Directors and Executives contains the business and home addresses and brief biographies of 75,000 directors. Updated three times annually, Poor's Register also lists each company's industry SIC number, its principal products, number of employees and geographical index.

Mr. Kalra said that the acquisition of the Standard & Poor's publications represented another step in the library's program to provide the best financial information for library patrons - including investors, businessmen and students - in the Niles area.

Working mother is Oakton honor student

"If women would only realize it, going back to school will take 10 years off their age," Evelyn Meine, mother of four sons aged 14 to 22, commented recently as she reflected on her two years at Oakton Community College.

Mrs. Meine will graduate from Oakton with a straight A average on May 13, receiving an associate of arts degree. She will be among 28 students honored as a President's Scholar at the Oakton Honors Convocation which will be held on Sunday, May 6, at Niles East High School.

"I didn't come to Oakton with the idea that I would get a degree," she said. "But I got hooked."

This semester Mrs. Meine is a student in the Focus: Chicago program - an interdisciplinary combination of courses in urban studies, and works part time for the Chicago Symphony Orchestra.

"My interests are so scattered," she claims. "I really don't know what I want to do except that I do intend to continue my

Pioneer award

A first class rating was awarded to Maine East's Pioneer by the National Scholastic Press Association at the University of Minnesota in the eighty-fourth All-American Critical Service.

Pioneer issues for first semester of the 1972-73 school year were judged in coverage and content, writing and editing, editorial leadership, physical appearance, and photography.

In addition to the first class rating, a Mark of Distinction award was issued to the Pioneer for its physical appearance.

NSPA last year evaluated approximately 3,200 high school publications, with ratings of First Class (excellent), Second Class (very good), and Third Class (good) given on the basis of the total numerical score of each of the classifications judged on.

Editors for this year are editor-in-chief, Joan Johnson of Niles; news editors, Mary Ann Koczor of Park Ridge and Karen Lichner of Park Ridge; editorial editor, Norman Bernstein of Morton Grove; features editors, Linda Stenstrom of Park Ridge and Barbara Kostak of Niles; and sports editors, Mary Ann Wisniewski of Niles and Tim Brosnan of Morton Grove.

Students create wood sculpture

A new addition to Woodrow Wilson school in Niles was made possible through the efforts of several students at the school.

Arts Damianas, Chuck Braverman, Bob Cohen, Scott Palzer, Jeff Wechsler, Richard Rovin, John Olson, Tony Micelli, and Mike Logan have created a wood sculpture placed in the gym foyer.

The project took 8 working days to complete. Wood used for the sculpture was obtained from the students' homes, the Apollo Junior High school woodshop and donations from the Wilson P.T.A.

The wood was cut, shaped, and glued together to form the basic sculpture. The finished sculpture was then stained and varnished.

Illinois Divisional championships

The penultimate meet in fencing was held in the area this past weekend as Notre Dame was host to the Illinois Divisional AFLA U-19 State championships. A small but select turnout of fencers capped the regular season fencing. At the conclusion of this meet, the team was picked for the Sectional championships to be held at N.D. also. The Midwest Sectional Championships is a 10 state wide competition which selects the top 3 under 19 fencers in each weapon to go to the U.S. Nationals in Tucson this June. For U-19 fencers this is important since the Nationals are one of 2 tournaments to choose the U-20 team to the World Championships. Some of today's finalists were on the US team to Buenos Aires this Easter and they are looking to next year's World Championships to be held in Smyrna, Turkey next March. Results of the meet were: In U-14 foil: 1. Mike Turgeon, Schaumburg, 2. Ken Turgeon, Sch., 3. C. Drisi, 4. Brian Glover, Dixon, 5. Mike Sklar, Forest Park, 6. David Hohm, Dixon. In U-16 foil: 1. Mike Sciortino, NDHS, 2. D. Beider, Niles West, 3. K. Lescher, N.W., 4. Mike Gerard, NDHS, 5. Steve Basista, NDHS, 6. Garry Gronke, NDHS.

In U-16 foil: 1. Mike McCahey, New Trier East, 2. M. Herring, M. South, 3. Howard Labow, N.W., Bill Kica, NDHS, 5. Tim Glass, NDHS, 6. K. Koester, N.W. In the Superfinals, which consists of medalists from all age groups: 1. Mike McCahey, 2. Herring, 3. Bill Kica, 4. H. Labow, 5. K. Lescher, 6. K. Beider, 7. M. Sciortino, 8. M. Turgeon. Mike McCahey won both the U-20 finals the the superfinals, duplicating what Terry McConville did last year. Tim Glass continued his winning ways by taking his 8th straight epee title. Glass is now AFLA Junior Olympic Champion, Wisconsin and Illinois Epee Champion in addition to all U-20 meets this year in epee. With other members of the U-20 USA team being too old to compete any longer, Tim becomes the highest ranked Epee fencer U-20 in the nation. At the conclusion of the meet the following were named to represent the Illinois Division and themselves at the Midwest Sectionals. The Illinois Division has been Midwest Team Champions for the past 2 years and seeks to retain this title. The U-19 team is: Foil: 1. Mike McCahey, N.T.E., 2. Terry McConville, NDHS, 3. Howard Labow, N.W.,

4. Tim Glass, NDHS. Woman's foil: 1. Karen Beckman, M.S., Kathy Foley, Dixon, Linda Burnell, Dixon, Cathy Pinski. Epee: 1. Tim Glass, NDHS, 2. John Strass, NDHS, 3. Terry McConville, NDHS, 4. Russell Rempala, NDHS. Sabre: 1. Gary Diamond, N.T.W., 2. Sam DiFiglio, NDJC, 3. John Reingruber, G.T., 4. Ken Lavelle, NDHS. McCahey, McConville, Beckman and DiFiglio competed last year in the Midwest Sectionals at Battle Creek, McConville qualified to the Nationals in foil and epee and DiFiglio in sabre. McCahey competed at the nationals in adult foil and McConville took 6th in U-19 foil, McConville and Glass were on the US team to the U-20 World Championships at Buenos Aires in April. The whole team has a chance to qualify to the nationals and probably many will. Although past ND performances have been strong, ND still took home 7 trophies which brings its season total up to 64 and its finalists to 99. An invitation is made to all readers to stop in and see the Midwest's best fencers compete on May 19 and 20 from 9 a.m. to about 8 p.m. at NDHS.

Oakton tennis Summer swimming classes at Niles East

The OCC tennis team defeated Niles college 6-3 last week and split their meets in Skyway Conference competition, dropping 7-0 to Harper college and edging Mayfair 4-3. The team is currently 3-1 in Conference competition. Our team has improved to a point where last year we lost 8-1 to Niles. But this year with each team having essentially the same people we won 6-3," said Raider coach Tom Jordt after his victory at Niles. Roger Junge defeated Dave Baldwin in the first singles position. Jeff Nelson topped Pat Mroczek in No. 2 singles and Steve Paull took Rich Broussell in No. 3 singles. Junge and Nelson took their doubles match as did Bruce Bozelka and Craig Christiansen. But at Harper it was a different story. The Raiders couldn't muster a good attack against a Harper team that, according to Jordt, "is really strong." Paced by wins from their No. 3 and No. 4 singles players, Steve Paull and Kevin Kelly, the Raiders edged Mayfair 4-3. Both Paull and Kelly have 4-1 records thus far in conference play. Raider Jeff Nelson was edged 15-13 in his match. The doubles team of Paull and Kelly and Bruce Bozelka and Craig Christiansen gave Oakton their third and fourth victories.

Students at Melzer bike inspection

Students at Melzer school in Morton Grove completed their bicycle safety program on May 7. Bicycles were inspected with the cooperation of the Traffic Safety Commission of Cook County. Bicycles must have a white light on the front and a red light or reflector on the rear if they are to be used at night. Students having bicycles without lights

were required to bring a note from their parents stating that they would not be used at night. All bicycles were also required to have a bell or horn. When the bicycle had been inspected and the student had successfully passed a bicycle safety test, a decal was issued by the Traffic Safety Commission.

PEC beautification

How children can help to beautify their community has been part of the Spring lesson being taught to Preschool Educational Center students during April. The children, ranging in age from 2 1/2 to 5 1/2 have been studying the world around them through classroom projects and discussions inspired by visits to or from various "community helpers" such as policemen, firemen, telephone company personnel, nurses, dentists, grocers, librarians and others. Part of the April project included the planting of seeds in juice can "planters" to be ready for Mother's Day gifts. The students also were scheduled to visit a Mount Prospect greenhouse and learn how to plant tomatoes. The beautification program also has led the P.E.C. students to a nature study which has included a talk about what grows above and below the ground and the tasting of carrots, onions, celery, lettuce and radishes. While discussing birds, the children gathered grass and twigs to paste on construction paper as nests. Other studies in the community awareness program have included history and citizenship and a project to help understand the various ethnic backgrounds represented in the area. The Preschool Educational Centers are located at 9000 Home ave., Des Plaines, and 4131 Main st., Skokie. A special summer program begins July 1 and registration is now open at the schools.

Stevenson Parents Assist in Activity Program

Parents at Stevenson school in Des Plaines are assisting in an activity program for children during special periods set aside during the school week. On a recent Special Activity Day, Mrs. Shelly Stork helped first grade students from Ruth Fadden's and Miriam Schiller's Trailblazers Quad in art activities. The children worked with felt and other materials in the Learning Center. Student Library Aides Alison Stork and Patti Mosberg helped Mrs. Stork with the younger students, under the direction of Stevenson Librarian Sharon Kissane.

Buddy poppy sale

The annual sale of Buddy Poppies will be held on May 24, Commander Al Tomczak announced recently. Sr. Vice Commander Ted Jakubowski is the chairman of the Poppy Day.

The sale of Buddy Poppies is the only nation-wide fund drive of the Veterans of Foreign Wars and its Ladies Auxiliary. The proceeds are exclusively used for aid and assistance to disabled and needy veterans and the widows and orphans of deceased veterans.

VFW by-laws further restrict the use of proceeds from Buddy Poppy sale by requiring that the money be placed in a separate fund which cannot be loaned or transferred to any other fund for any purpose.

Below are some of the projects the VFW sponsors:

Therapy programs, guidance services, VFW National Home, rehabilitation, aid to veterans families, emergency relief, hospital services, aid to needy veterans.

Pinky's Patter...

Continued from Page 1

My recipe of the week for all potato lovers - **POTATO FUDDING**
3 large potatoes - peeled and grated
2 medium size onions - grated
2 eggs - whole
1 tsp. pepper
1 1/2 tsp. salt
1 bunch Italian parsley - chopped

Mix ingredients thoroughly. Before adding egg, partly drain water out of potatoes. Using a ring form, pour two tablesp. of veg. oil on bottom of pan, and pour 2 tablesp. of oil on top of ingredients.
Bake 40-60 minutes in 400° oven, until top forms a crust. Invert pudding, fill center with creamed mushrooms. Serves 8.

ENJOY, ENJOY!

I will close my first literary masterpiece with this thought:
KINDNESS - A language which the dumb can speak and the deaf understand.

Happy Mothers' Day to all my new friends...

See you soon,

Pinky
