OK BUDGET INCREASE OF \$500,000

By Tony Davis

The Niles Village Board of Trustees Tuesday night approved a \$5,664,106 budget for the 1973-74 fiscal year, up almost \$500,000 from 1972-73.

"As usual, it's larger," Village Manager Ken Scheel said. "But I think we're financially sound, despite spiraling inflation that has a greater effect on government than it does on most businesses."

The budget provides for a surplus of \$125,248, even though expenditures will surpass revenues by \$328,493. The difference will be made up by a \$453,491 surplus from the village's general corporate fund. Trustee Richard Hartzek, noting that only \$125,000 was left in the general fund, asked Scheel what would be done if the village found itself in similar straits next year. "Where are you

Summertime . . . and the livin' is easy . . .

During these lazy, takin'-it-easy months, we run three or four columns suggesting places to go, and things to do. Since the guy behind this column has never been accused of being a big spender, readers who are of a like mind can be assured they'll be getting a dollar and ten cents worth for each dollar spent.

For starters we suggest you spend a warm afternoon visiting a zoo. The zooliest zoo we know is in Lincoln Park, where halloon men, and the children's zoo, and the greenery conservatory, are what zoos have always been about. We've seen the fantastic San Diego zoo, and have heard great accolades about the St. Louis and Milwaukee zoos, but our vote still goes to the L.P. zoo, Four o'clock is feeding time in the lions' cages and timing your visit to include this hour is a must.

When your feet tell you the zoo party is over, wander east of the zoo and you'll find some great eating spots. One of our favorites is the new Mel Markons, around 2100 North Lincoln Park west. There's a plentiful supply of very pretty young waitresses, dressed in today's anything-goes clothes giving the place a very young mod look. But the clientele is young, and middle-aged, with plenty of neighborhood senior citizens enjoying the mod music in the background. As a take-off on the rye bread ads in New York, you don't have to be Jewish to enjoy the many Jewish dishes there, and the menu is extensive.

Down the street from Markons is R. J. Grunts. Supper-time has the young-swingies crowding around the bar, but in the restaurant it's a great place to take your children. We've stopped there on the way home from downtown with the kids, and it's an interesting place to

Youth of the Month award

At the Niles Village Board of Trustees meeting of June 12, 1973, Youth Commission Secretary Rhoda Salins presented an Outstanding Youth of the Month Award to Donna Bavaro of 8023 Foster Ln., Niles.

Donna, age 18, is the second member of her family to receive this award. Almost 3 years ago her brother, Nick, was presented a similar award by the Youth Commission.

Donna, having graduated from Niles North High School recently, has a full time job and makes time after hours to continue working on projects that benefit various groups in the Village. She has participated in various youth functions such as the Niles Youth Congress Girl's Softball League since 1969 and the Softball Marathon since its inception. Now, she is one of the principal organizers of both events and spends

Niles allocates revenue sharing funds

Mayor Nicholas B. Blase today announced that the Village of Niles plans to spend \$64,000 of the expected \$157,132 in general revenue sharing funds allocated for the first six months of 1973 on the following projects:

\$38,000 for the construction of the retention basin in Maryhill cemetery to help alleviate the flooding problems in this area; \$16,000 for new special programs sponsored by the Family Service Department; and \$10,000 in the area of recreation to provide funds for operating the busses serving the parks.

Records documenting the plan are open to public inspection at the Niles Administration Building, 7601 Milwaukee ave. Publication of such a plan, in addition to a subsequent actual use of funds report, is required by

the State and Local Fiscal Assistance Act of 1973, which authorized revenue sharing.

Mayor Blase further estimated that approximately \$93,000 will be devoted to additional projects in the areas of public safety, environmental protection, public transportation, and social services for senior citizens. He added that it is too soon to predict the effect of revenue sharing on local taxes.

General revenue sharing is a \$30.2 billion, five-year program which returns a portion of federal taxes to state and local governments. The unique feature of the program is that it allows state and local officials to decide how their jurisdiction's funds are to be spent within broad federal guidelines.

Opening Ceremonies for girl's softball

Niles Mayor Nicholas B. Blase prepares to throw out the first ball of the Niles Youth Congress Girl's Softball League. Around him (l. to r.) are Brad Seidenberg, manager of the Niles Pastry Shop, Richard Machnowski, Youth Commission League

Chairman, and Jerry Slowik, manager of the Skaja Terrace Funeral Home team. Standing in the background are the girls on the Niles Pastry Shop team (l.) and Skaja Terrace (r.).

The Niles Youth Congress Girl's Softball League began its 1973 season on Monday, June 11, at 6:30 p.m. at Nico Park, Keeney and New England st. in Niles. Mayor Nicholas B. Blase threw out the first ball of the season during opening ceremonies. The opening game of the younger division of the league was then played and ended with a score of 26 runs for Skaja Terrace Funeral Home and 4 runs for the Niles Pastry Shop.

Two other teams in that division played on Tuesday, June 12 and the outcome of that game

was Niles Lion's Club-16 and Przybilo's House of the White Eagle-26.

The older division of the league began its season on Monday, June 18. During games played that evening, Callero & Catino Realty, Inc. beat Bell Liquors at Nico Park, and Sansone & Sons Landscaping defeated the Back Room HiWay Club at Nelson Park.

During the season, there will be games most evenings at 6:30 p.m. during June and July and at 6 p.m. during August at Nico and Nelson, and everyone is invited to attend.

"Inasmuch as our bureau handles birth certificates, not just for children born in Chicago, but for those born in all the suburban areas of Cook County as well," Kusper said, "we must have the most complete and comprehensive set of records in Chicago."

Kusper said that if the parents cannot come in to the office, they can mail their request in.

Particulars, on written requests, should include the name of the child, date of birth, father's name, and the maiden name of the mother, as well as the name of the hospital where the child was born. Delivery by return mail can be made in 48 hours.

Under the law, a fee of \$2 is made for the search. Additional copies may be obtained for a fee of \$1. Requests for these additional copies must be made at the time of your original order.

Inflation hasn't changed the price of ashes.

But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968—today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth... and keep it that way with automatic Inflation Coverage.

Attends ISU orientation

Students who will be incoming freshmen in the College of Engineering at Iowa State University in September have been attending orientation meetings on the campus this week.

The two-day sessions were devoted to aptitude and placement tests, visits with counselors and planning class schedules for fall quarter. While on campus, students and their parents lived in university Residence halls and had their meals in the residence hall food service facilities if they chose. Tours of departments were slated for students in order that they might become familiar with classroom and laboratory locations. In the evening, students attended fraternity and church orientation programs.

By attending orientation sessions, they have more free time during the first days of the school year to become familiar with the campus and building locations.

Attending was William Plank, 9413 Ozanam, Morton Grove.

Mayor Nicholas Blase receives Israeli award

The community of Niles paid tribute to Mayor Nicholas Blase as he received the Israel Prime Minister's Award at an Israel Bond testimonial banquet celebrating Israel's 25th anniversary held recently before an overflow audience at the Marriott Motor Hotel. The award was presented to Mayor Blase for his efforts on behalf of the economic strengthening of Israel through the Israel Bond campaign. As a tribute to Mayor Blase \$127,000 was raised in his honor towards the purchase of Israel Bonds from residents of the community of Niles.

Mayor Blase told the audience, "As an American living in a free democracy it is to the best interest of all America to render help to those countries who help themselves. Certainly Israel, the bastion of democracy in the mid-east stands as a monument to strength in her courage and determination to sustain." Mayor Blase continued, "Israel Bonds are an investment in America, since all monies raised from the sale of bonds remain in the United States and are used for the purchase of American made products which are sent to Israel."

Attend Baha'i youth conference

Six Morton Grove residents left Morton Grove on June 19 to attend the Third National Baha'i Youth Conference in Oklahoma City. They joined several thousand youth expected to attend the conference from June 20-24. Mr. Bradley Hooper, Chairman of the Baha'i Assembly of Morton Grove, has stated that "This was the largest gathering of Baha'i youth ever held in the United States, and the purpose of the conference was to remake the character of human society and to prepare the young people for the work they will undertake later in their lives." In keeping with this theme, there was a "trade fair" with career booths designed to help Baha'i youth for a future life of service to their faith.

The local residents attending this conference were: Mrs. Christine Hooper, 8542 Georgiana, a French education student at Circle Campus; Robert Hurley, a science teacher at Golf Junior High school; Mrs. Cynthia Hurley, 8817 Mango, a Medical Technician at University of Illinois College of Medicine; Mrs. Shirley Macias, 6240 Lincoln ave., an administrator at the National Baha'i Center in Wilmette; JoAnne Pecaro, 8947 Central, an elementary education student at the National College of Education; and Claudia Robison, 8540 Georgiana, a graphic artist at the Baha'i Publishing Trust in Wilmette.

YOUR COIN-OPERATED DRY CLEANING CENTER

The conference was highlighted by a concert featuring recording artists Seals and Crofts, England Dan and John Ford Coley, Lawrence and Rosell, and Don Reed, all of whom are Baha'is. Dr. Firuz Kazemzadeh, Professor of History at Yale University and Chairman of the National Baha'i Spiritual Assembly has stated that "In the United States, the Baha'i Community grew at least six-fold in the past nine years. The influx of minorities changed the character of the Baha'i Community, making it even more diverse and dynamic. Simultaneously, the unprecedented large proportion of youth among the new converts, radically changed the age distribution and brought additional vigor to the community."

going to get the money for the general fund next year?" Harcek asked. "We won't be going to the general fund next year," Scheel said. "We're going to be tightening up, going into a lot of management programs, program budgeting, things like that."

After the meeting, Scheel amplified his view that next year's fiscal situation would be brighter by saying that the anticipated revenue figure was actually a mean of the high and low expectations. "It could be much higher," he said. When asked if it might also be much lower, he demurred, and restated his view that the figure was based on the mean of expectations.

parade. He also said that following the parade at 11 a.m. there will be a Memorial Ceremony for the Viet Nam Dead and 1,400 Missing in Action (MIA's) servicemen in the St. John Brebeuf school parking lot. There will be an Ecumenical Memorial Ceremony conducted by Father Ronald Folger, Rabbi Jay Karzen and Rev. Douglas Seelen. The Niles VFW will then raise our Flag and a "Rifle Salute" in honor of all Americans.

The parade will have over 30 different units including 8 Color Guards from the U.S. Marine Corps, U.S. Navy, U.S. Army, Secretary of State's and Sheriff's Police, Niles VFW and 4th District VFW. The Matine East H.S. band will lead off followed by various officials including Sheriff Richard Elrod, Congressman Sam Young, Mayors Nicholas Blase, Jules Bode and Al Smith.

The Parade Committee has worked hard to make this July 4 a memorable one, but it will only be successful if you plan now to attend it and the Memorial Ceremony. We hope you do so and then please enjoy a safe and sane 4th of July.

visit. It features a large salad bar. Combining the buffet help-yourself salad and the huge bowl of soup, which is a house specialty, is about all you can eat.

If you're an old 16 inch softball player you should head for Chicago's Kelly Park, 4150 S. California, where the best teams in Chicago play on Tuesday & Thursday nights. The Sobles and the Bobcats have been national champions year after year and they're playing weekly. More important, you'll be seeing guys in their late 40's and early 50's still playing better ball than many of their teammates half their ages. There's a pitcher 59 years old who's a legend in Chicago softball circles, still pitching several nights a week in Chicagoland. They also play Sunday mornings at Kennedy Park at 113th and Western.

If you're in a downtown mood, take the Northwestern train and ride the boat up the Chicago River to Michigan Ave. On a warm sunny day it makes it double your pleasure to boat in the shadows of the Wrigley building and its many neighbors.

If you head for the Art Institute there's a very fine outside summer restaurant you can enjoy. If I can break my rule briefly, a walk on north Michigan will take you to Jacques (900 N.), a fine expensive French restaurant with a lovely dining room. In the same area the Magic Pan on Walton serves great crepes, strictly a lady's luncheon spot, with a pleasant garden atmosphere indoors.

Reputed to be one of the 3 or 4 truly fine restaurants in Chicago is Berghoffs on Adams St. And again, you don't have to be German to enjoy the great food. A tall stein of dark cold beer and a kaiter aufschmitt lunch or dinner makes a day in the loop worthwhile. Berghoff's has perhaps the most professional waiters in Chicagoland, who make this experience most pleasurable. This restaurant is now the lone Berghoff's. We used to stop for supper at Berghoff's on Wabash, but the falling off of their evening business forced its closing last month.

Good waiters often make a dinner experience memorable. Long one of our favorite restaurants, located behind the Sun-Times building, is the Corona. While the Italian dishes are great, the very relaxed atmosphere, with great service, is our ideal for a good restaurant.

Summertime is also the time for theatre. Last night the Chicago Symphony performed at Ravinia, and this fine evening included bringing a supper basket and enjoying a meal on the Ravinia greens. You can enjoy the music, see some very fancy eating and drinking, as the natives eat their gourmet foods washed down by fine wines, picnic-style on the Ravinia lawns.

In late September we remind you to head for the apple farms on Rand rd. for an apple pickin' afternoon in the Wauconda area. In August we suggest you take your 75 miles away. And this time of the year you should head for Bristol, Wisconsin, where an afternoon of strawberry pickin' is a great way to spend an afternoon. Take I-94 to Wisconsin Highway 50, 1 1/2 miles west of I-94 in Kenosha County, which is 5 miles north if the state line. There you'll find Thompson's Fallbrook Farm where you can pick to your stomach's content for 35¢ a pound.

imate complaints of the Firefighters." Some board members took exception to this statement and said so. David Cohen said although our personnel procedures may need updating, they did exist. Along these same lines Fireman Jim Boxburgh said the firemen wanted to know if they could have another hearing to discuss their benefits. David Cohen said if there is room in the budget, the firemen would then be notified, Mayor Bode said, "These things can only be done if they fit into the budget." Fireman Boxburgh then urged the support of a bill now in Congress sponsored by Magnuson & Patman which has been presented to President Nixon. It would provide for a Federal Loan Insurance Co. through HUD, an increase in burn treatment centers, a rural Fire Protection Program, etc. It would be of great assistance to all firemen and is known as Federal Funding for Firemen. The board moved to table this discussion till the bill is presented to them.

Proesel also said he'd given traffic consultant Marvin Saltenstein "the go sign" June 14 on his study of the environmental impact of the proposed Pratt ave. bridge over the North Shore Channel and the widening of Pratt that would accompany construction of the bridge. The study, costing \$5,000, was approved by the board June 13.

"This (the study) is more than just of the bridge itself," Proesel said. "It's what the bridge does to the traffic on the other side, what it does to the children and the homes. It's going to take some time, but I hope he hurries along . . . they the Cook County Board of Commissioners, which is making its own environmental study of the bridge are probably pushing us to get our report in."

Proesel also read a letter from 10th District Congressman Samuel H. Young announcing a June 30 district-wide hearing on noise pollution, at Maline Township High School South in Park Ridge, Citizens, suburban mayors and government officials, O'Hare airport officials and representatives of airline manufacturing companies are invited to attend.

"The noise factor can be cut down considerably if they put adapters plans," Proesel said. "I suppose they have to be pushed. Congressman Young is taking a nice step forward and doing something for the district."

Proesel and trustee Albert Greenberg both said they would attend the hearing.

The board took no legislative action except to approve routine payment of bills and to proclaim the week of July 1-7 as "National Safe Boating Week."

6/11. NBL Jets 28-NBL Braves 7. The Jets received 23 walks in this one sided game and played heads up baseball on the bases and defense. Their defense combined for a 14 hitting performance which was highlighted by T. Wieser 2 for 4, J. Switall 3 for 5, F. Felter 4 for 4, P. Zangara 4 for 4 and finally D. Weiss got his first hit of the year, a triple. RBI's: J. Switall-2, W. Schauderna-1, N. Cohen-2, F. Felter-5, T. Wieser-4, D. Weiss-3 and P. Zangara-11.

6/11. Skaja Funeral Home Colts 13-NBL Dodgers 6. Colts hitting proved to be too much for the Dodgers as Pete Richter went 4 for 4, had 8 RBI's and pitched two perfect innings. Jim Kaptenstner, Steve Musso and Brett Lemajour each homered for the winners. Chuck Ugel and Jaffe each had two hits for the Dodgers. Good defensive plays for Dodgers were shortstop Jeff Grubert and 3rd baseman John Zelisko who made fine stops of hard hit balls for put outs.

6/12. NBL Jets 9-Cal's Roast Beef Indians 3. A fine pitching job by Felter, Sall, and Zangara. The offense was led by Ken Sall who was 4 for 4 including his first homer of the year. F. Felter was 3 for 3 including two homers, T. Wieser 1 for 2, and P. Zangara went 3 for 5.

The clinic will be open to all boys ages 9 thru 14 whether playing Pop Warner Football or not. The college and professional coaches and athletes participating will demonstrate and teach the various techniques and fundamentals of football to help the boys

to better understand the sport. Complete attendance at the clinic will be rewarded with a certificate and official membership in the Niles Saints Jr. Boosters Club.

All interested boys in the Niles Township area including Morton Grove and Chicago, are invited to register for the clinic on Aug. 11 from 10 a.m. to 3 p.m. at the Niles Park Recreation Center, 7877 Milwaukee ave.

Variety Club Irv Kupcinet Open

The first annual Irv Kupcinet Open, a prestigious celebrity-amateur golf tournament honoring the noted columnist and television personality, was announced by the Variety Club of Illinois, which will sponsor the event for its Children's Charities.

Designed to attain a status in the Midwest akin to those of Frank Sinatra, Dean Martin, Andy Williams, Bob Hope, Dinah Shore and Glen Campbell out west, the tournament will be an 18-hole competition Monday, September 24, at the Dominton Golf and Country Club, Addison, the former Brookwood club.

The event was conceived by Past Chief Barker Bill Margolis of Variety Club, who will serve as Managing Director. Kup is on the charity organization's Board of Governors. Proceeds will be distributed among La Rabida Hospital, Little City for Retarded Children, and other children's philanthropies sponsored by the show business club.

The Kup Open will be an 18-hole competition with at least one celebrity to be assigned to each foursome or fivesome, depending on the number of entries. The price to participate has been set at \$300 a player. It is hoped to have generous benefactors subsidize the cost of expenses to help swell the charity coffers and sponsor the celebrities.

Margolis is receiving entries at his office, 410 N. Michigan ave., (Wrigley Building) Suite 550. He can be telephoned at 644-6400 for additional information.

Summer Playground program

The Morton Grove Park District 2nd Annual Playground Balloon Launch took place last Friday, June 22. Each registered child in the playground program was given a pre-addressed, stamped post card which he attached to a helium balloon, with instructions for the finder to drop it in a mail box, with the finder's name and address.

Children are hoping to break last year's record distance of approximately 600 miles when a balloon and card were found in a small town just north of Charlotte, North Carolina.

Tomorrow, Friday, June 29, the playgrounds will visit Santa's Village for a day of rides and fun. Many other activities are planned to help make summer months fun for the children of Morton Grove. Parents may obtain a calendar and register their children at any one of the parks nearest their home.

Leads chosen for "Sound of Music"

Arthur Bobis of Northbrook and Tals Gram of Evanston won starring roles in Morton Grove Music Theatre's current production of "Sound of Music." Additional leading players are Earl Bass of Morton Grove in the part of Max DeWeller and Jerry Horwich of Skokie as Mother Abbess. The play is being directed by Mrs. Ethel Libkin and choreographed by Barbara and Bob Gram.

The Morton Grove Music Theatre, under the auspices of the Morton Grove Park District will present "Sound of Music" on Aug. 10, 11, 12, 17, 18 and 19 at Niles North High school.

Camp Mor Gro

199 campers began the eighth season at camp Mor Gro this past week. The camping season includes 4 weeks of activity for groups on Monday, Wednesday and Friday and also on Monday, Tuesday and Thursday.

Mondays are set aside for field trips including a Hay Ride and Indian Days. On regular camp days the campers are receiving instruction from specialists in archery, riflery, nature craft, Indian lore, canoeing, gymnastics and athletics, and in drama. There is also a daily opportunity for swimming, hiking, crafts and horsebackriding.

Camping is an excellent opportunity for children to enjoy summertime. From its beginning it appears that Camp Mor Gro will provide that chance for fun.

Swim Team and Diving Team

The Niles Park District Swim Team has begun their 1973 Swim Season. The first meet was held June 27, workouts started the week of June 18. There are still openings on both the Swim Team and the Diving Team. If interested, contact Coach Casey or Coach Belmonte at the Niles Park District.

This year's schedule will be an exciting one for the swimmers. Last year found Niles at the top of the "B" division and this year have entered competition on the "A" level. Meets are scheduled for Wednesday evenings, with the diving beginning at 6 p.m. and swimming at 7 p.m. The meets are held at the Recreation Center Pool. Suggestions have been made to keep this fine team together on a year round basis. Interested parents will meet at 6:15 in the Recreation Center before the initial meet.

The Tami Novak Affair will appear every night in June except Sundays & Mondays at the new Allgauer's Fireside in Northbrook. The Tami Novak Affair is an exciting and talented group without peer. They have and are currently playing all the top Chicago Hotels.

Tami has been singing at the finest supper clubs from coast to coast. Arts & Crafts fair Edens Plaza

Joseph Romano, 8518 W. Carol, Niles, is among the area artists showing original works the week-end of June 30 and July 1 at Edens Plaza Arts and Crafts Fair in Wilmette. Romano, a metal sculptor, has developed a unique talent for creating whimsical figure studies from nuts and bolts. He also will show wall hangings which combine steel, brass and copper into distinctive, realistic and surrealist pieces, colorfully decorated with enamel designs.

Several local artists are among the 230 exhibitors showing arts and crafts at the 17th annual Edens Plaza Arts and Crafts Fair in Wilmette, Saturday and Sunday, June 30 and July 1. The public is invited to visit the fair from noon until dusk.

Visitors to the fair will receive a free directory of artists who have been accepted by jury approval to show works in all media. Several will be sketching caricatures and portraits on the spot. Others will display hand-crafted jewelry, metal, wood and sand sculpture, lapidary, pottery, blown glass, woodcraft, and apple sculpture.

Location of the fair will be the same as last year, in the southeast parking lot along Skokie Blvd. and Lake ave. near all main entrances to Edens Plaza. There will be free parking for 1,500 cars, and refreshments will be available in the immediate area.

Lincolnwood residents exhibiting at Edens Plaza are: Frederic Gordon, 4150 North Shore, silver & gold jewelry; Hal Immergluck, 6807 N. Kedvale, woodcut paintings; Ron Leavitt, 6816 N. Kilbourn, acrylic paintings and portrait sketches; and metal sculpture by Charles Robert Spero, 6654 N. Kilbourn.

Seven artists from Morton Grove are listed among the Edens Plaza artists: Marian Carlsen (Mrs. Donald), 9320 Mansfield, oil paintings; Barbara Kanter (Mrs. Sheldon), 8940 N. Moody, oils and acrylics; William L. Rubin, 7915 Arcadia, acrylic paintings; Ellen Schmidt (Mrs. James), 9506 Marion, shadow boxes; Enid Silverman (Mrs. Irving), 5451 Main st., oils; Alice Wollin, 8917 Austin ave., hand-crafted jewelry; and Arlene Zimmerman, 7848 Davis, dolls.

Glenview Guaranty Savings grows 50%

Glenview Guaranty Savings and Loan Association whose assets now exceed 36 million dollars, has maintained itself as "The North Shore's Fastest Growing Savings Institution." James V. Matasso, Financial Vice President, attributes this continued progress to "Glenview Guaranty being one of the most innovative financial institutions in the suburban area." Most recently, Glenview Guaranty Savings was the first on the North Shore to increase the annual yields on their savings certificates up to 6.27% and thus lead the industry

in the Chicago Metropolitan area. "Increased awareness of the demands of a sophisticated community has been the key to both our expansion and our stability," said Mr. Matasso, "and yet this has all been accomplished without sacrificing individual service." In conclusion, Mr. Matasso stated that "with both our expansion to Waukegan rd. and the new Glenview State Bank down the street, Glenview is becoming the center of the North Shore financial community."

Multi Lingual staff at Cook County Federal Savings

Organized to serve the great number of ethnic groups homogenous to the Uptown, Rogers Park and immediate suburban areas, Cook County Federal Savings and Loan Association has incorporated into its staff, members speaking five different languages. Many of the Cook County Federal Savings and Loan depositors have roots stemming from Europe and the Middle East, Al-

though they converse satisfactorily in English many feel more comfortable using the "mother tongue" in important business dealings. There are also many new-comers, not yet able to converse in English, who find the language aid at Cook County Federal Savings an absolute necessity. The staff urges customers needing this added service to feel free in requesting it.

Cook County Federal growth continues

Clayton L. Johnson, president of Cook County Federal Savings and Loan Association today announced that the savings association had realized just under three million dollars in growth during the first six months of this year.

This growth in assets has been attributed to the strength of the institution in the Rogers Park, Northtown and Skokie, Lincolnwood suburban areas. Several thousand new accounts have been added to the customers of long standing.

Johnson expressed confidence that the growth pace would be continued throughout the second half of 1973.

DRIVE-IN BANKING SERVICE

Golf Mill State Bank honors veteran employees

Veteran Golf Mill State Bank employees recently were presented service pins at a dinner held at Dionysus Restaurant. Bank president Robert A. Sharpe (l.) presents awards to Mrs. Virginia M. Lynch (ten years of service), R. Warren Burns and Mrs. Kathleen A. Lada (five years of service). Assisting in the presentation is Leonard W. Happ (r.), vice president.

Golf Mill State Bank recently honored three veteran employees with five or more years of service at the bank, according to Leonard W. Happ, vice president. The bank's group of veterans—called the "Golf Clubbers"—held a recognition dinner at the Dionysus Restaurant, Glenview, Elmhurst bank employees were presented with specially designed service jewelry.

Mrs. Virginia M. Lynch, installment Loan Department, was presented with a ten-year pin to commemorate the occasion. Receiving five year pins were Mrs. Kathleen A. Lada, Assistant Manager of Bookkeeping and R. Warren Burns, Auditor. Happ commented, "We're quite

proud of the fact that over half of the bank's full-time staff have at least five years or more of service with this bank. In these days of high turnover rates for most businesses and with fewer numbers of career-type people in banking, we felt this was a remarkable record and have formally recognized these people through the 'Golf Clubbers' for their service and loyalty."

Golf Mill State Bank will soon observe its twelfth year of operation. The bank opened for business in the Golf Mill Shopping Center in July, 1961, and moved to its present location—9101 Greenwood ave.—in Dec., 1972. The bank's assets exceeded \$30 million as of March 31, 1973.

St. Paul Federal's new Franklin Park branch

On July 2, 1973, St. Paul Federal Savings and Loan Association of Chicago will open a branch operation at 1001 Grand ave. in Franklin Park, Leo B. Blaber, Jr., president, announced today following receipt of approval from the Federal Home Loan Bank.

Blaber pointed out that St. Paul has been preparing its branch location for the past several months and will be fully operative on July 2, which is the earliest date permitted by the FHLEB. "Our arrival in Franklin Park will represent a desirable expansion of 'Our Town' and of the services we provide as the largest financial institution in western Chicagoland," Blaber declared. The new office will have a diversified and experienced staff offering full savings and loan services. The St. Paul president emphasized that a customer can be serviced at either office interchangeably, regardless of the point of origin of his or her account.

"With over \$20 million in savings from the area already in St. Paul accounts, Franklin Park provides us with the ideal branch

location," Blaber stated. "These thousands of St. Paul customers will find our services a bit closer to their homes, and we expect also to add many new customers in the area who wish to take advantage of the extra convenience."

St. Paul Federal, with resources of over \$440 million, has its main office at 6700 W. North ave., Chicago.

Glenview State Bank increases annual interest yield interest

John H. Beaulieu, president of Glenview State Bank, recently announced a change in the bank's interest computation method which will increase the annual yield on 2 year 5-3/4% savings certificates to 6%.

Mr. Beaulieu noted that "A number of the large Chicago Loop banks have also adopted this new method. It consists of computing 5-3/4% interest on a 360-day basis but paying it on a 365-day year. The so-called 365-360 method raises the yield from 5.9% to 6%."

In addition to this change in interest computation the bank simultaneously announced a dramatic campaign to generate additional deposits in the 3 year category. While the supply lasts, GSB will be offering a free 18" magnavox color television set to anyone who brings a friend in to purchase a \$10,000 three year, 5-3/4% savings certificate with an annual yield of over 6%.

"Recently one of the largest banks in Chicago challenged others to meet their lead in compounding interest to provide an annual yield of over 6%." "Glenview State Bank has not only met this challenge but gone one step further to challenge others to offer a high priced premium such as a color television set at no charge in conjunction with such a deposit."

Republic Bank opens new drive-up facility

In its first major expansion move since it opened its doors nine years ago, the Republic bank last week opened its new drive-up facility just south of the main bank building at 65th and Pulaski.

The new facility contains five operating teller stations, with provision for one more to be added in the future if necessary.

In the drive-up area are three remote control windows with pneumatic tube systems, one manual window, and a special drawer for larger deposits. One walk-up window is located inside the lobby.

The new structure, which contains more than 2,000 sq. ft. on two floors, also has a board room which will be made available to local organizations for meetings up to 50 persons. Most of the basement area is devoted to heating equipment and storage space.

Adjoining the new drive-up facility is parking space for 30 cars, giving the bank room for a total of 70 cars in its two parking lots. To facilitate the flow of traffic and avoid unnecessary congestion along Pulaski, cars will enter the drive-up area from 66th st. and exit on 65th pl.

Harry E. Mertz, president, termed the opening of the new drive-up facility a "necessary expansion to keep pace with our current rapid growth and give our customers the quickest and most convenient service possible."

He explained that opening of the drive-up building will make possible new uses for areas in the main bank building which had previously been used for drive-up

North West Federal 'Summerfest' in progress

Mrs. Wanda Swiet will demonstrate Crewel Stitchery techniques during the first week of the "North West Summerfest."

Camping tips from experts of the Sierra Club and the National Campers & Hikers Association... outdoor cooking demonstrations... entertaining travel, camping and baseball movies... appearances by major league baseball stars... advice from a landscape architect on landscaping and gardening problems... demonstrations of crewel embroidery.

With a line-up of these and many other activities, North West Federal Savings, 4901 W. Irving Park, launched on Monday, June 18, its "North West Summerfest" celebration.

This impressive program is continuing through July 23, according to North West Federal Savings President John D. Reed, and will feature five separate weeks of events, with each week concentrating on a different area of summertime recreational subjects.

Baseball Week is being held from June 25 through June 30. Then, from July 2 through July 7, activities will center around Travel Week. Camping Week will be next, from July 9 through July 14, and the "Summerfest" program will conclude with Outdoor Leisure Living Week, from July 16 through July 21.

A "Summerfest Sweepstakes" will award five two-week motor home vacations in a 20-foot Winnebago motor home. "The winners of these vacations will be able to drive the motor home anywhere they want during the two weeks," Reed explained. "North West Federal Savings will pay for all fuel and other motor home operational expenses. Registration for the Sweepstakes motor home vacations will be open to anyone eighteen years of age or older and nothing further will be required to enter. Winners' names will be drawn on June 30, July 14, July 28, Aug. 11 and Aug. 25."

In addition, during the five-week "Summerfest," eighteen specially selected and valuable gifts will be available to persons who save at North West Federal, either free or at a greatly reduced cost. The gifts include such attractive items as men's and women's three-speed bicycles, an assortment of fishing lures, electric and kettle-type cooking grills, electric lawn mowers, day-date calendar wrist watches for men and women, three-piece luggage sets and patio furniture sets.

Glenn Beckert, all-star second baseman of the Cubs will make a personal appearance dur-

ing the "Summerfest" on Thursday, June 28, from 6 to 8 p.m., while the great third baseman for the Baltimore Orioles, Brooks Robinson, will be interviewed on Saturday, July 14, by Bob Elson, who conducts his "Bob Elson Speaks Out on Sports" radio show from North West Federal's Community Room each Saturday morning from 11 to 11:30 a.m. "I imagine that during the next five weeks, the atmosphere is going to be more that of a community fair than a financial institution," Reed said, "but that's what our 'Summerfest' is all about. It's our most ambitious project to date, and we think it's going to be the most exciting."

Golf Mill State Bank tops \$30 million mark

New record highs in growth have been announced by Robert A. Sharpe, president of Golf Mill State Bank. The bank has recorded over \$30 million in total deposits and exceeded \$33 million in total resources, said Sharpe, in releasing the bank's recent 1973 figures.

Sharpe noted that activity in loans and discounts also increased significantly with a 29.1% gain over the past 12 months from \$12,791,000 a year ago to \$16,512,000 as of March 31, 1973. Growth in deposits of 17.1% from \$25,024,000 to \$29,316,000 as of the first quarter 1973, pre-

ceeded the bank reaching its new record high of over \$30 million in total deposits on April 2, 1973. Total resources at the end of the first three months, 1973 were \$32,386,000 as compared with \$27,012,000 for the comparable period a year ago.

Capital accounts, including reserve for loan losses, realized a 10.6% gain over the same time span, from \$1,355,000 to \$1,499,000 on March 31, 1973.

Sharpe commented that "our expectations for continued growth, in both size and scope of service, are high. With new bank building facilities—including six drive-in lanes and extended hours in effect—plus an added flexibility in customer service that will be provided by our new computer systems recently announced, we anticipate adding even more customers and enjoying further growth at the Golf Mill State Bank."

Heniken named Glenview Vice President

Paul Jones, Chairman of the Board of the Glenview State Bank, has announced the appointment of Graham E. Henken as Vice President and Trust Officer in charge of the bank's trust department. A 24 hour bank

According to its president, R. M. Calvin, the Des Plaines Bank, Lee and Oakton, Des Plaines is the first bank in the Northwest suburbs to offer 24 hour banking. "Why fight traffic and the inconvenience of having to travel to the Chicago loop to enjoy the benefits of 24 hour banking. For right now, in your own back yard we offer practically all the many services which we provide on a 24-hour, around the clock basis."

The Des Plaines Bank was among the first to offer Wednesday banking at a time when just about all other banks were closed. And now they are first again with another innovation—24 hour banking. The Des Plaines Bank, Calvin continued, "never ceases in trying to provide new and better ways to make their many services more convenient to the public."

BANKING & LOAN

First National Bank of Skokie in new headquarters

"Eventful" best characterizes the last several months at the \$130 million First National Bank of Skokie, 8001 N. Lincoln, according to Erman G. Kramer, president.

"The major event within the recent past was our move into the first phase of what will eventually be a \$4 million banking house, second to none in spaciousness, customer convenience, and esthetics," Kramer observed. "Phase II of the building is proceeding on schedule, and by fall, the entire plant, including a multi-level parking facility, will have been completed. At that time, we will have the most complete, as well as one of the largest, banking facilities in the entire north suburban area."

However, the new building is only one of many recent accomplishments at First National Bank of Skokie. A number of new and improved services were also introduced. "Aware that in this inflation-prone economy, it is difficult for people to keep pace with rising prices, we began computing interest on savings accounts on a daily basis to be certain our savings account customers were getting the highest return permitted by law," Kramer commented. "Current bank regulations place a specific ceiling on the interest a bank can pay on various forms of savings dollars, but the actual yield on such accounts can be improved considerably when interest is calculated other than on a quarterly or semi-annual method. The response to our shift to daily computation met with wide approval."

Still another innovation designed to make it easier to conduct banking business at First National was the opening of a TV teller station. "These devices enable customers to complete transactions from a remote location, and because the stations permit voice and visual contact between the customer and the teller, the effect is the same as if the customer were right in the Bank's lobby," Kramer commented. "In addition, with the TV teller stations located outside the main bank building, we were able to increase the time these windows were open by some 10 1/2 hours per week. The walk-up tellers are now operational from 3 p.m. until 5:30 p.m. Mondays, Tuesdays, and Thursdays. On Fridays, the windows are in service from 3 p.m. until 6 p.m."

Expanding on the bank's desire to provide services when people need and want them, Kramer pointed out that First National has also begun staying open for business on Wednesdays.

"These are but a few of the steps First National Bank has taken to be certain customers are receiving the most up-to-date financial services currently available," Kramer continued.

"We are also interested in the welfare of the community we serve, and as a graphic illustration of this, we are conducting a Bike Safety Day in our parking lot located at Babb and Louise."

"Starting at 9 a.m. on Saturday, June 30, we will have personnel available in the lot to install the newly required side reflectors on anyone bringing his bicycle to the area," Kramer observed. "Called 'spokearrows,' the side reflectors will be required by law on all new bikes manufactured as of July 1. Yet, if the program is to be effective, obviously the 6,875 bicycles currently registered in Skokie alone should be equipped with the reflectors. The items will be provided by First National free of charge to all participants," Kramer continued. "In addition, we have arranged for Al Koch of Al's Cycle Shop to provide a free safety inspection of all bikes brought to the lot, and the Skokie Police Department will be on hand to register bikes for easy identification in case of theft."

Norwood Savings maintains growth pattern

Last year, Norwood Savings and Loan Association, a \$49 million financial institution located at 5813 N. Milwaukee, entered a new phase in its 46-year history when it moved into a new \$1.5 million building, unique in both structure and furnishings. The results were most gratifying, and Norwood Savings experienced a growth spurt unprecedented in its long record of service to the greater Northwest Chicago area.

Since then, the Association has maintained that growth pattern, and by following its established policy of providing area savers with the highest possible return on their hard-earned dollars, coupled with personal service and the utmost in comfortable and efficient facilities, has continued to increase its assets and improve its services.

According to Norbert F. Babicz, president, Norwood Savings is poised for even greater growth in the months ahead. "Currently, we are offering savers free golf clubs, and for non-golfers, attractive garden tool sets," Babicz commented. "We believe an excellent way to encourage area residents to begin systematic savings programs that will fill the dual role of providing

for future security, while furnishing funds that can be loaned to families desirous of owning their own homes.

The past few months have not been completely happy for the people and customers of Norwood Savings, however. Within that period, the founder and chairman of the Board, Stanley M.J. Babicz, one of the most prominent businessmen in the area, passed away after a prolonged illness. "Actually, though we are deeply grieved by his death, we take a degree of solace in the fact that he lived long enough to see his cherished

goal of a modern, customer-oriented building achieved," Norbert Babicz commented.

One of the most attractive features of Norwood Savings' present location is a completely landscaped "mini-park" presently under construction on the site of the Association's previous building. "We like to think that this little oasis in the midst of a bustling community will be a most fitting memorial to our founder," Babicz continued. "We hope that many will take a moment to relax on one of the benches in the garden."

First Federal Savings offers all its passbook savers everyday interest on every dollar every day it's on deposit with us.

"everyday"

interest. That's pretty special! But there's more. That daily interest is compounded daily. Paid quarterly. So you can deposit when you like. Withdraw when you need to. Never lose interest provided you maintain \$25 or more in your account at the end of the quarter. In fact, you even gain. All money deposited by the 10th earns from the 1st if you leave it on deposit until the end of the calendar quarter. Sounds interesting? But what does "everyday" interest mean in dollars and cents? It means that our 5% passbook interest actually earns more when compounded every day the First Federal Savings way. It makes a difference.

and the difference is more than peanuts

THE CORNERS

of Where it's at and What's happening.
By Ed Hanson

About banks . . . double bubbles . . . bubble heads and sundry things.

He combed the hayseed out of his hair, stuck a toothpick in his mouth and came to the big city to be a bartender.

His name is Seth—which fits him, Seth Westring. He's one of only three guys in the world who have the name of Westring.

He has achieved great fame, power and wealth as a bartender because he invented the "Double Bubble."

A "Double Bubble?"—what, you might rightly ask, is a "Double Bubble?"

It's Seth's invention. It's his "thing." It's his bag. It's what made him famous.

Seth is a very handsome guy who like James Garner has a weight problem. If he'd take off 200 pounds, Hollywood would come a'running.

Maybe he's had too many "Double Bubbles."

Anyway dolls and guys, if you'd like to meet Seth, just drop into the LONE TREE INN, 7710 Milwaukee Ave., Niles.

You should drop in between 4 and 6 p.m. and order a drink. No matter what you order, Seth will give you two drinks.

And that's what a "Double Bubble" is—two drinks for the price of one.

Now after you're in the LONE TREE INN, you might as well have stay and have dinner because both the Polish and American food they serve is terrific. And the service, hospitality and atmosphere is likewise.

Hollywood is making a picture in a couple of months based upon the life and times of Roger Touhy. And you know how movies are shot today where they actually happened, so some of the scenes in this upcoming movie will be shot where it happened, in the late 20's and 30's.

This was long, long before Lorraine and Joe Stroka took over the Lone Tree, but it's still a part of history, during those rip-roaring 20's.

Sometimes when I'm sitting in the Lone Tree some of these ghosts of my past, I swear, gently whisper in my ear. For, you see, I was once upon a time a part of the scene in the old days of the famous Lone Tree Inn.

Bankers are men who take an interest in their work—and so do we. For in this issue is our super dooper financial section crammed with ads and news stories from leading financial institutions everywhere. This is our third financial section since I started it. We do one in June and the other in January. This is always timed for the end of the month and bankers appreciate this because it's what they refer to as "switch-over time."

Niles newest and one of the finest restaurants opened recently. It's the MILLBROOK, located at 9353 N. Milwaukee Ave. right in the heart of that wonderful new Millbrook Shopping Plaza (across from the Golf Mill Shopping Center). The Millbrook, amid an enchanting atmosphere, offers breakfast, lunch and dinner and also "after the theatre" late snacks. In addition to their regular menu, the Millbrook offers authentic Grecian dishes such as Athenian salad, Moussaka, Pastichio, etc. I had some Pastichio recently, which their famous chef Nick whipped up for me and it was delicious. Try some, you'll like it. I recommended this new restaurant highly. See the full page ad in this issue for Millbrook's "get-acquainted" specials.

Speaking of new things here's something great. At ARVEY'S—and only at ARVEY'S—7041 W. Oakton Niles—you can now get a "CHERRY JUBILEE" and "Caesar Salad" anytime. A Cherry Jubilee, is usually only available at a few internationally famous places and Arvey's is now one of them. On the French Riviera when the jet set takes time off to charge their batteries, they partake of a Cherry Jubilee. Now you can too at ARVEY'S—where their foods are internationally famous.

Next week I have an interesting story about the Beam'n Barrel of Niles.

See you next week . . .

FREE Bike Side Reflector on June 30th, Bike Safety Day.

We think bike riding is a beautiful sport. Healthful. Invigorating. And we like to see you bike to our bank. But one recent survey concerns us. Statistics show a 50% increase in bicycle accidents in 3 years. Why? One significant reason, simply stated. Children's and adult's bikes that do not have side reflectors are not safe. All new bikes are required to be equipped with side reflectors by law. But... 6,875 Skokie bikes made before this law went into effect (June 30, 1973) do not have side reflectors. One reason why we are sponsoring Bike Safety Day.

Here are four good reasons why you should bike to our bank (Louise and Babb Avenue) parking lot on June 30.

1. Mr. Al Koch of Al's Cycle Shop will give your bike a safety inspection.
2. Officer Henry O'Connell of the Skokie Police will register and identify all bikes.
3. Side Reflectors will be installed FREE by the First National Bank of Skokie.
4. Every bike owner will get a certificate to show that he participated in the safety effort.

SIX - PLUS!
now 6% annual yield on
two year 5³/₄% savings
plus free U.S. flag kit

To give you the most for your money, First National is now compounding your interest in a new way. We call it SIX PLUS. It means that present and new 5³/₄% Blue Investment savings accounts now earn 6% Plus annual yield. Interest is compounded daily, credited quarterly, and must be left on deposit for one year.

As an added bonus, when you open a SIX PLUS account with \$100 or add \$100 to your present Blue Investment account, you receive a free U.S. Flag Kit. A durable 3'x5' all weather cotton flag, two-section 6' metal pole, bracket, eagle, halyard plus a flag etiquette and fact sheet. All free.

And that's not all that's new. First National now compounds interest daily from day of deposit on one year 5¹/₂% White and ninety-day 5% Red Investment Accounts. Open either of these with \$100 or add \$100 to your present account and you also get the free U.S. Flag Kit.

So get the highest bank interest and your free flag kit, too. The way we add it all up, you get the most from First.
