On July 4, 1776, the bell of freedom rang out across this nation, calling men and women to the cause of liberty and justice for all. Today, we are the proud custodians of that Liberty Bell, as well as guardians of that noble cause. For the founding fathers have bequeathed a precious heritage of democracy to us, to be passed in turn to succeeding generations. Let's keep freedom ringing, America!

Art scholarship winner

The Woman's Club of Niles proudly announces their entrant, Connie Mueller of 7543 Monroe St., Niles, to be the recipient of the 10th District, I.F.W.C., Art Scholarship Award to Allerton Park. Judging the entrants was Mrs. Robert Ricketts, 10th District, First Vice-President and scholarship fund chairman, and her committee.

This scholarship award entitles Miss Mueller, who will be a senior at Maine East in September, to a week of Art School, starting July 15 at Allerton. The Robert Allerton House is a University of Illinois conference center in Monticello, Ill. Since its founding in 1948 by the Illinois Federation of Women's Clubs, this group has provided and supported the opportunity to high school boys and girls to participate in studies of the arts under the guidance of foremost professors and artists.

Connie Mueller, art scholarship winner, stands at attention during the opening ceremony of the 1973 Niles Youth Congress Girl's Softball Marathon.

MD softball marathoners raise over \$2,500

Members of the Uncolus stand at attention for the members to the flag during the opening ceremony of the 1973 Niles Youth Congress Girl's Softball Marathon.

The 1973 Girl's Softball Marathon is over and it's difficult to put into words the feelings one gets looking at these girls putting forth their best efforts unselfishly to raise funds for a worthwhile cause. By the end of the weekend, most of the girls couldn't talk anymore, but they kept on cheering just the same, hoping for the crowd to turn out and donate that last dollar toward Muscular Dystrophy.

The Marathon game began at 4:30 p.m. on Friday, June 22, with opening ceremonies at 8 p.m. After the posting of the colors by Girl Scout Troop 241, Niles Youth Commissioner Jim Puccio introduced Mayor Nicholas B. Blase, Trustees Keith Peck and Ralph Bast, Park District Commissioner Walter Beusse, Morton Grove Mayor Jules Bode, Glenview Mayor Edward Patten, Madeline Sable of Muscular Dystrophy, Christopher and Billy Fair, two Muscular Dystrophy patients, and the Niles Youth Commissioners. Also present at the ceremonies were Robo the Clown and the WBBM-FM disc jockeys who played a few innings of softball against the girls following the ceremonies, Early Saturday morning, the girls from Sir George's Inn of Chicago dropped by to present their donation of more than \$600 and to play softball with our girls, also.

During the course of the Marathon weekend, many raffles were held for gift certificates and merchandise donated from local merchants, as well as a grand prize of a power-lawn mower from W.W. Grainger, Donuts from Amy Joy were donated for the girls who played, as well as orange drink from McDonalds and pizzas from Lou Malnati's. Rain or shine, the girls played. Of course, there were few spectators during the inclement weather, but anyone who came out to watch and perhaps make a donation saw a game with scores varying from a difference of just one run to fifty runs at times. When it was all over, the Uncolus defeated the Colas by a score of 498 to 496.

We couldn't begin to thank everyone individually who participated in this Marathon, but special thanks go to Donna Bavaro, Mary Ann Massari, Kurt Redig and Rich Machnowski who organized the entire event, as well as to the girls who played. We certainly owe many thanks to all the coaches, umpires, Youth Commissioners and other volunteers who worked in the concession stand and on the speaker's platform. Needless to say, we deeply appreciate the appearance of our many guests, and especially not to be forgotten are the many local business establishments who so generously donated food money and other merchandise to the Marathon, including 7-Up, Harczak's, Booby's, Also Lum's, Tasty Pup, Boy Blue and Carvel who donated goodies for any girl who hit a home run. Publicity was better than ever this year, and despite the rain on Saturday, donations totaled over \$3,000.

After all expenses are paid, a donation of over \$2,500 should be made to Muscular Dystrophy, and the Niles Youth Commission thanks each and every person and organization who made this possible, and apologizes for anyone not individually listed above. This was the best Marathon to date, and despite the tremendous amount of work involved, most of the people who participated enjoyed every minute of it and are looking forward to next year.

Women's Day Out

A little self indulgence never hurt anyone. Such is the philosophy of the "Women's Day Out" group that has been meeting weekly throughout the year at the Mayer Kaplan Jewish Community Center, 5050 W. Church st., Skokie.

The "Women's Day Out" program was created to interest women who wish to broaden their horizons, to venture out of their own neighborhoods and to investigate some of the interesting institutions and fun places around the Chicago area. In a relaxed, social atmosphere, the women are provided with opportunities to travel to various places they would not ordinarily visit on their own.

Among the exciting excursions featured last year were dining at ethnic restaurants, attending a string quartet rehearsal, visiting Haeger Pottery and Long Grove, touring the Chicago Mercantile Exchange, Midwest Stock Exchange, Kitchens of Sara Lee and Quaker Oats, and participating in a walking tour of Chicago architectural landmarks.

Registration is now open for "Women's Day Out" summer program which will meet every Wednesday from 9:30 a.m. to 2:30 p.m. beginning June 27. Women may enter the program at any time, and fees will be pro-rated accordingly.

Some of the programs planned for the summer include attending a rehearsal at Ravinia and trips and tours to points of interest in northern Illinois and southern Wisconsin.

For registration information, phone the Kaplan JCC, 675-2200, ext. 218.

First National Bank offers interest bonus to savers

First National Bank of Des Plaines is now paying interest on their 5-3/4% two year maturity Blue Investment Savings account on the basis of a 365 day year, which boosts the effective annual yield to 6%, announced Arthur R. Weiss, president.

First National, according to Weiss, "has adopted the 365-360 method of paying interest on their Blue Investment Savings account. We also have changed to daily

compounding on our 5% ninety day maturity Red and 5 1/2% one year maturity White Investment accounts with corresponding higher interest yields."

In addition to the interest bonus, First National is offering to savers opening a new Red, White or Blue account with \$100 or depositing \$100 into an existing account a free 3" x 5" U.S. flag. This all weather, cotton flag comes complete with a 2 section 6' pole, bracket, eagle for pole top and halyard as well as a flag etiquette and fact sheet.

All First National investment savings accounts are automatically renewable. Interest is earned from date of deposit, compounded daily and paid quarterly. Any amount may be added at any time to the Red Investment Account, \$50 or more to the White and \$100 or more to the Blue account.

Balloon launch

The balloons are away and the cards are coming back! The Morton Grove Park District's annual balloon launch is turning out to be a huge success again this year. The pre-addressed stamped post cards, launched by helium balloons on Friday, June 22 by children in the Playground Program, are being mailed back from points east stretching across northern Indiana and into the area around Toledo, Ohio.

Many are being picked up by boats in Lake Michigan by skippers who find the brightly colored balloons floating in the water.

On Friday, June 29 children in the playground program took a trip to Santa's Village for a day of rides and adventure coupled with a picnic lunch.

Other activities in the playground program include an organized boys softball tournament as well as a girls league.

St. John pitcher John Wendell arriving at third base on a successful steal while Mike Jaslowski (St. Symphorosa third baseman) waits for the throw -- also pictured third base coach Dan Kosiba. The next batter Tom Spino smashed a game winning two run homer.

The St. John Brebeuf C.Y.O. grammar school baseball team won its fifth C.Y.O. City-Championship by defeating defending City-Champs, St. Symphorosa 6-5.

The unprecedented feat was achieved at St. Symphorosa's home field, Hale Park, at which they have not lost a game in six years. The match was an exciting nail-biter earmarked by sound basic defensive play by the St. John team and splashed with the heroics of S.J.B. players Tom Spino and John Wendell.

Inflation hasn't changed the price of ashes.

But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968--today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth and keep it that way with automatic Inflation Coverage.

Baseball

After one week of play in the Golf Maine Park District summer baseball, action has been lively and games tight.

In the AA League the Angels and Orioles have broken out to a lead over the rest of the division. The Angels have done so on the basis of 2 come from behind

victories against the Twins and the White Sox. The Orioles have displayed the 3 unbeatable assets of a winning team, hitting, pitching, and defense. Led by Pete Schwegal and Bruce Gold the Orioles defeated, in a close game, the previously unbeaten Rangers. With 2 out in the last inning, the winning run scored on a wild throw back to the pitcher, giving the Orioles an 11-10 victory.

In the AAA League all 5 teams have proved themselves capable of excellent performances. Perhaps the best example of how games have gone in the AAA League would be the Expos. They

have played a total of 3 extra innings in 2 games, losing the first 2 to 1 to the Mets on a home-run by Joe Valent in the 7th, and winning the second 6 to 5 over the Cardinals on a steal of home plate. The Cardinal - Expos game was a classic case of each team showing the courage to come back and holding on when they seemed out of the contest. Clutch-pitching for the Cardinals by Mark Goodman and Wayne Williams was a key in their search for a victory while John Palermo's all-around play brought the victory home for the Expos.

The Intermediate League, for boys 13-14, has proven to be an exciting addition to the Golf Maine Baseball Leagues. Thus far the Dodgers, led by the pitching of Bill Ruth and Alden Stiefel, and the excellent hitting attack of Mike Styne, Mark Turck and Ron Stiegel have taken a surprising lead over the field of 4 teams. The Giants have been struggling after 2 hard losses to the Reds and Braves. Although the pitching has held up, the Giants defense has let them down.

Games are played at Dee Park, Dee and Emerson, Monday through Friday at 6 and 8 and Saturdays at 1 and 3. Everyone is welcome.

Green turnip symposium at Oakton college

"Senior Citizens and Community Service" will be the subject of the second Green Turnip community survival symposium which will be held in Building 4 at Oakton Community college on Tuesday, July 24, at 8 p.m.

The program will focus on the idea of shared resources within the community, according to Dr. Harvey S. Rich, chairman of Group III, Oakton Community college. The symposium is coordinated with a special curriculum developed by Group III, called the Green Turnip Survival Seminars Program.

A panel from the Mayer Kaplan Senior Adult Center of the Bernard Horwich Jewish Community Center will keynote the discussion. They are Matt Rottner, former union organizer, Bernard Libby, former high school teacher, and Sarah Hayden, art teacher.

Aaron Jaffe, state representative from the 4th District and Dr. W. Russell Harris, assistant professor of sociology at OCC, will respond. Dorothy Oliver, city editor of the Des Plaines Herald, will serve as moderator.

The curriculum of the Green Turnip seminars, which began this summer with tandem philosophy and humanities courses, pursues the problem of survival as a central theme in the liberal arts tradition.

OCC business manager named to ASBO

David Hillquist, manager of business affairs for Oakton Community college, has been appointed to the Junior and Community College Management Research committee of the Association of School Business Officials (ASBO).

Mr. Hillquist will serve until December, 1975 with the committee. ASBO is a national organization of business administrators of educational institutions from elementary through college levels.

Mr. Hillquist has also been named to the hospitality committee of the 1973 annual meeting of the National Association of College and University Business Officers which will meet in the Conrad Hilton Hotel in Chicago on July 8-10.

This conference will consider the dynamics of higher education in the 1970's, the need for resources in a period of uncertain growth and the demands for greater accountability as it relates to the college business administrator.

Mr. Hillquist joined Oakton as manager of business affairs in August, 1972. A certified public accountant, he has broad experience in the field of college and university finance.

'Butterflies' Are Free

"Butterflies Are Free" returns by popular demand to Pheasant Run Playhouse Aug. 14 through Sept. 9. Joan Bennett, Jay North and Maryann Kohler who appeared in the show in March, will again be seen in the same roles. This is the first time Pheasant Run has repeated a production within a year.

of Where it's at and What's happening.
By Ed Hanson

It was Sunday and I was sipping an orange juice at the bar of the BEAM 'N BARREL when he galloped in. He clip-clopped up to the bar, crossed his forelocks and said to Mike, the bartender, "Gimme a Manhattan but leave out the cherry!"

He downed his drink and clip-clopped out. I was too amazed to speak for two full minutes. Finally, I said to Mike, "That horse just ordered a Manhattan with the cherry left out."

"Nothing unusual about that, Ed. Lots of people order 'em that way."

"But, Mike, that was super horse—that was Secretariat, who won the big race yesterday at Arlington."

"Gee, if I had known that I'd have charged him extra," Mike said and moved to the other end of the large bar to wait on some new customers.

I knew it was Secretariat because I'd got a good look at him the day before when he was in the paddock. And the big white star on his noble head was unmistakable. And as he clip-clopped out of the bar I'd gotten a good look at his rump and flowing long tail. And this is the same view that other horses who race against him get—a view of his rump, I had overheard a good looking filly say, just before the big race Saturday, "Gee, I wish just once I could get close enough to look into his beautiful face but all I ever see is his beautiful, big behind."

Saturday at Arlington some 41,223 people turned out, many of whom had never before been to a race track, just to get a glimpse of super horse-Secretariat.

It was like a colorful carnival last Saturday as vendors sold souvenirs to the men, women and children. And what a time girl watchers had at the race track as they oogled the many gals who wore little or practically nothing. I tell you it even threw off my handicapping.

Standing in ticket lines were women holding infants in their arms while several of their other little children clutched at their skirts.

"There goes the baby's milk," I thought to myself. In practically all other states you have to be 21 years of age to get into a race track. Why the State of Illinois permits kids to go into a race track beats me. They not only slow down the action but they are pests at a place where one can win or lose a fortune.

I think a race track is no place for kids and I'm sending a copy of this column to the racing commission suggesting that they outlaw kids from the grounds of all race tracks, both flat and harness, in the State of Illinois.

In fact, they should also bar women because all they do is screw up the odds, and drive the ticket sellers mad by changing their minds after the tote ticket is punched.

Only men should be permitted at race tracks; let the women, instead of going to the races, go see a "blue" movie or something. I decided to have something stronger than orange juice and called Mike over.

"Gimme a double Vodka and put a cherry in it, Mike."

"Sure, Ed," he replied.

"And tell me, Mike, something about the Beam'n Barrel and your fine family."

"Sure, Ed," Mike said as he poured out the Vodka. This is what I learned about the Beam'n Barrel and the Angelo family. The Angelo family, owners of the Beam'n Barrel consist of Michael, Angelo Jr., Angelo Sr., and Mrs. Angelo.

They (Mr. & Mrs. Angelo) started up in the restaurant business way back in 1942 in Norwood Park in a place called the Cypress. Their fine foods soon caught on and they outgrew their quarters and moved to Edison Park. Their J & A Pizza became famous thruout the Northwest suburbs and in about '62, they came to Niles and established a famous type Italian Restaurant which for many years enjoyed remarkable success.

Finally, about a year and a half ago, Mr. Angelo decided it was time for a change and he completely renovated his restaurant and built the new BEAM'N BARREL at 7136 Milwaukee Ave., Niles. The Beam'n Barrel is a family affair with the mother, father and two sons working together as they have done for many years to bring the best in fine food and choice and generous drinks to their friends and customers.

If you have never been to the Beam'n Barrel, I suggest you take the wife and family there for dinner. It is a family type restaurant run by a fine family who appreciates and anticipates your every desire.

After all, if it's good enough for super horse-Secretariat to drop into, it's good enough for you.

And if you don't believe that super horse did come into the Beam'n Barrel and order a Manhattan without a cherry, well, That's a horse on you . . .

P.S. Nick and Bill, the owners of the new Millbrook Restaurant, in the Millbrook Shopping Plaza have asked me to express their appreciation to you for the wonderful response to their full page ad of last week. And don't forget you can win FREE movie tickets to the Golf Mill Theatre, thanks to the generosity of that half-fellow, well-met dapper Bene Stein, the genial general manager of both Golf Mill theatres.

Roy Leonard of WGN returns as M.C. on July 23, and will appear for the remaining concerts on July 30 and Aug. 6.

One of the most enthusiastic crowds ever at Old Orchard turned out for last year's first appearance of Wayne King and his Orchestra, "The Waltz King," will be back on Monday, July 30, and he's sure to play "The Waltz You Saved For Me," "Goofus," and lots of the old favorites, as well as contemporary songs.

The fifth concert, on Monday, Aug. 6, is a very special attraction that cannot be announced before the end of July.

All five Old Orchard concerts begin at 9:30 p.m. on consecutive

Carnival against dystrophy

A neighborhood Carnival Against Dystrophy will be held on Thursday, July 12, at 8865 Grand st., Niles. Mary Angela Losavio, daughter of Mr. and Mrs. Joseph Losavio, Sr. will serve as Ringmaster, assisted by Joseph Losavio, Jr. and Linda Losavio.

The carnival, which begins at 12:30, will feature such games as Beam Bag Toss, Pot Ball, Pie Toss, and Ring a Prize, and all proceeds will go to aid the fight against dystrophy and related diseases afflicting millions.

The children got the idea for staging their event while watching TV personality Bill Jackson who is promoting Carnivals on his "BJ & Dirty Dragon Show" children's show seen on station WFLD.

Last year, in cooperation with Muscular Dystrophy Associations of America, 39,543 carnivals were held, and over \$1,172,661 was raised for MDAA's research and patient service programs.

Talented duo - Dick Van Dyke and Julie Andrews as they appear in their roles of Bert and Mary Poppins in Walt Disney's musical fantasy, "Mary Poppins." Filmed in brilliant Technicolor and based on the famed Mary Poppins books by P. L. Travers, this whimsical story of an English nanny and her marvelous, magical adventures also stars David Tomlinson and Glynis Johns. Robert Stevenson directed and Bill Walsh co-produced. Buena Vista re-releases.

'Arsenic and Old Lace'

Seats are on sale at the box office of the Niles West auditorium where N.E.W. Player's production of "Arsenic and Old Lace," the comedy of mirth and mayhem which rocked Broadway audiences for 3 and 1/2 years, will play on July 26 and Aug. 1 and 2 at 8:15 p.m.

"Arsenic and Old Lace" is the fantastic tale of two old ladies who've murdered 12 men. There is also Jonathan Brewster, their nephew, who's also murdered 12 men. Then there's "Teddy," who confuses himself with Theodore Roosevelt, to say nothing of Doctor Einstein, whose profession is

disguising the features of underworld characters through plastic surgery. It's a grim collection of characters - and yet it is played entirely for laughs.

'Cabaret'

The "wonderbar" musical, "Cabaret," which blended a feverish period of history with the vibrancy of a modern song-and-dance show, will be presented at the Niles West auditorium, Oakton at Edens Expressway, Skokie, with performances on July 27 and 28 and Aug. 3 and 4 at 8:15 p.m.

"Cabaret" is set in Berlin, at the beginning of the 1930's, just before the storm and the storm-troopers took over Germany, when a sense of impending doom drove people to a forced and frantic gaiety.

"Cabaret" begins in a gaudy night-club where a mincing, smirking, clown-faced master-of-ceremonies - to be played by Gene Nessonson - sings an impudent song of welcome to the cabaret's uneasy customers, promising them naughty songs and enticingly half-dressed girls, all of which are indeed delivered. Andrea Landsman is also starred in "Cabaret" as the rootless Sally Bowles, who thinks the nightclub's tinselly atmosphere is heavenly, but doesn't hesitate, when meeting there a poor, ambitious American writer - to be portrayed by Mitch Letrosky - to move in to his shabby rented room with him.

Beth Salzman will appear as the weary, defeated proprietor of this rooming-house and Jeff Sanders will be seen as her lonely, aging, Jewish lodger.

Robert Johnson is the director who is keeping the tunes and the story spinning.

Park District-Senior Citizens bus schedule

The new bus schedule for Park District and Senior Citizens is a first for the Village of Niles in 2 ways. (1) The Village of Niles is assuming the running of the buses for this fiscal year as its way of helping the Park District with some of its financial obligations, and (2) the combination schedule is for pick up of people going to parks and also for Senior Citizens who will be moving through the indicated bus routes. In our efforts to help out our Senior Citizens, we are adding to the already existing service of a discounted cab ride, discounted United Motor Coach ride, and now a free bus ride within the prescribed Niles route.

It is important to note that the routing and times are different than previously published in the Park District bus route map and time schedule. This new route and time schedule takes effect on July 9, and will continue until further notice. The united cooperative efforts of the Park District, Senior Citizen Commission, and Village Board reflect in this worked out schedule, and we anticipate a long successful run.

Record summer enrollment at Oakton

Oakton Community college surpassed its projected summer session enrollment by over 300 students and began classes on Monday, June 18, with 2,100 students attending both day and evening. College officials pointed out that this was the largest summer session enrollment in its three year history.

"The summer enrollment was higher than we had projected," explained John Allison, assistant director of admissions at Oakton. "We withdrew only a few sections, but no classes had to be cancelled."

Slightly more than half of the summer students enrolled are attending the evening sessions, said Allison. Students at the Oakton summer session include those from Northern Illinois University, Southern Illinois University, the University of Illinois and Western Illinois.

Classes end on Thursday, Aug. 9 and final examinations will be held on Aug. 10, the last day of the Oakton summer session. Fall orientation begins on Aug. 20 and fall classes start on Monday, Aug. 27. For information about admission to Oakton this fall, contact Oakton's Office of Admissions, 967-5120, ext. 392 or 393, or stop by Building 3 of the interim campus.

Sponsor of the Week

Bell Liquors, 8800 Milwaukee, is a long established firm in the community which features discount prices. They deal in rare, imported, and domestic wines, cordials, and champagnes. They offer special prices for parties, weddings, and church functions. Commercial accounts are invited and free delivery will be made to all.

The Youth Commission thanks Bell Liquors for their support of the girls softball league. It is their encouragement which enables the Commission to promote activities for the youth of the community.

Oakton college assessment workshops for new students

Students entering Oakton Community College for the first time next fall will have an opportunity to attend a full day workshop designed to prepare them for their entry into college, according to John P. Donohue, dean of student personnel.

"The workshops, which offer the student a chance to explore future life and career plans, and to begin planning his educational program at Oakton, will be held Mondays through Thursdays at the college until Aug. 10. All full-time students who have been admitted to Oakton for the fall will be notified of an appointment date," he said.

Carol Davis, student development faculty member at Oakton Community college, explains that the workshops are designed to give the student an opportunity to assess his strengths and weaknesses and to give him the information necessary for him to make his own choices in planning his educational program.

The workshops are conducted by members of the student development faculty with the assistance of returning Oakton students designated as peer advisors. In addition, members of the teaching faculty will participate in the workshops with groups of new students.

"The workshops not only give the new student an opportunity to plan his own educational future, but also offer him the opportunity

to become acquainted with other students, teachers, and the way Oakton operates," Ms. Davis said.

The workshops begin with testing in reading, mathematics, and composition promptly at 8 a.m. Later in the day, results of the tests, along with ACT scores and high school transcripts, are used by the student development faculty member to assist the student in choosing classes for the fall.

The remainder of the morning is devoted to academic and personal self-assessment with other new students, student development faculty members, peer advisors, and teaching faculty. It is here that the students begin to explore questions of future life style, career and academic plans.

The afternoon program includes a slide/film presentation on vocational-technical career programs at Oakton and an orientation to the college, as well as course choice and fall schedule planning. The day concludes with the student completing the registration process, including photo ID card, computer registration, and payment of fees.

Three - hour reassessment workshops were held for returning Oakton students from Monday, June 25 through Thursday, June 28.

"Any student returning to Oakton who has worked out his sche-

dule can register on any Thursday from July 5 through Aug. 2," Ms. Davis said. If the student is undecided about his plans for the fall, he can sign up for a life and career planning workshop; these workshops will be held each Thursday from 1 to 3 p.m. from July 5 through Aug. 2.

Oakton students who are working this summer with the student development faculty as peer advisors are Jeff Shapiro, Glenview, Ron Raymond, Park Ridge, Terri Wunderlich, Des Plaines, Jim Zamp, Niles, Celeste Smith, Skokie, Randy Block, Northbrook, and Gus Sisto, Morton Grove.

The following members of the student development faculty are available for counseling until Aug. 10: Carol Davis, Mike Maloney, Jim Bush, Bonnie Agnew, Steve Helgot, Rob Quarles, and Manny Turse. For information about the workshops, call the student development office at Oakton (telephone 967-5120, ext. 324).

Fall semester classes begin on Monday, Aug. 27. Open registration will be held on Aug. 22 and 23. Tuition for district residents is \$10 per semester hour plus fees. Tuition for an Illinois resident residing outside the Oakton district is \$40 per semester hour. Non-district students should contact their local high school or junior college district for a charge-back authorization which will provide partial tuition assistance.

Dear Editor: Your Oakton Community College is presently paying over \$80,000 in local property taxes. No other educational institution in Cook County pays such taxes. OCC is temporarily located in leased facilities in Morton Grove. The owners are private parties who cannot qualify for tax exempt status and this is the reason that OCC must pay this discriminatory tax. However, the tax burden can be eliminated by amending the present Illinois Tax Code. The Tax Code must be amended to grant exempt status to those community colleges who are leasing their facilities until such time as they buy land and build permanent facilities. This amendment will save you over \$80,000 per year and over \$500,000 through the end of our present lease. I urge you to write Representatives Aaron Jaffe and Robert Juckett c/o the Statehouse Office Building in Springfield and support their efforts to introduce emergency legislation this term. The tax burden can be eliminated and the discrimination ended. Please write a short letter to your State Representative. Thank you. Sincerely, Thomas W. Flynn Trustee, Oakton Community College

Makela elected Illinois School Board Executive

Roy O. Makela, 8051 Octavia ave., Niles, a member of the Board of Education of the Maine Township High Schools, has been elected to the Executive Council of the Illinois Association of School Boards. As Cook County Suburban Representative, he will be particularly concerned with legislative planning and development to meet the educational needs of school districts in the Chicago suburban areas. The Executive Council is the policymaking and governing body of the IASB. Members of the IASB's Delegate Assembly, meeting recently at the Hyatt Regency O'Hare in Rosemont, commended Makela for his excellent work as chairman of its Large District Council, a new section of the IASB organized to deal with problems facing large school districts. Makela, who has been chairman of the Large District Council since its formation 18 months ago, is credited with providing outstanding leadership in getting the new organization well under way, in administering its business, and in developing programs and policies to meet the needs of its member districts. While the LDC chairmanship has now been turned over to his successor, Makela will remain a member of its Executive Committee, representing the Park Ridge - Des Plaines area in the Delegate Assembly of IASB. This Spring, Makela was elected to his third 3-year term on the District 207 Board of Education.

Shown above, l. to r., are Marlene Kula, New Accounts Division, and Edward Andelbrat, Customer Information Department, being introduced to SAM, the First National Bank of Skokie's recently installed money dispensing machine. Dan Casey (r.), Vice President of the \$130 million bank located at 8001 N. Lincoln, Skokie, is doing the honors.

"Bank customers applying for a SAM card will receive both the card and a secret security number enabling them to get up to \$50 in cash at any time of day or night," Casey observed. "All that is required is to insert the card and tap in the security number on the 'touch tone' buttons shown on the right side of the money machine's face."

"The cash, neatly packaged in \$25.00 increments, will appear instantly in a special cash dispensing drawer," Casey commented. "With this added service, First National Bank of Skokie has brought North Side residents a needed convenience heretofore available only at large, downtown Chicago banks."

Applications for SAM cards are currently being distributed, and First National Bank staff members have been trained to help card holders in the initial use of the SAM machine.

McConnell on District 207 Board replacing Bartos

For the second time in the past year and a half, E. Hoy McConnell, 1710 Glenview ave., Park Ridge, has been called back to sit on the Board of Education of Maine Township High School District 207. This time it is to take the place of Michael W. Bartos of Des Plaines who moved from the district and resigned from the Board as of June 15. At its regular meeting Monday evening, June 25, the Board appointed McConnell to serve until the next school board election next April.

Well known for his efforts to insure quality education and excellent school facilities for this district, McConnell was first elected to the District 207 Board in April, 1965, and was reelected to a second three-year term in April, 1968. During his tenure on the board he served as president, vice president, public relations chairman, and chairman of the education committee, contributing greatly to the strong programs of the Maine Township High School system by his keen understanding of all aspects of school operation. He retired from the board at the end of his second term, but was recalled in December, 1971, to serve out the remaining four months of the term of Wesley Hartzell of Niles who moved from the district.

Under the provisions of the Illinois School Code, whenever a vacancy occurs on the Board of Education, its remaining members are to fill the vacancy by appointing a person to serve until the next regular election, which in this instance will be in April, 1974. In such situations, it has been customary for the District 207 Board to appoint a former member of the board. Next April, voters will elect a person to serve out the remaining two years of Mr. Bartos' term of office. In recommending McConnell for this appointment, William E.

Witthmann, board member, Park Ridge, said, "No one has more board experience and expertise, nor has made greater contributions to this board in past years than E. Hoy McConnell. We are indeed fortunate that he is agreeable to taking on this assignment." His recommendation won the unanimous approval of the board.

The board heard presentations from two persons who had requested a place on the agenda, Dewane Barnes, a member of the Maine West faculty and president of the Maine Teachers Association, and Mrs. Joseph G. Rizzo, 8239 N. Milwaukee ave., Niles, representing a parents group.

Barnes, who had asked to be placed on the agenda to discuss the educational climate in Maine Township, read a prepared statement urging the board to resume negotiations with the MTA as the bargaining agent for the teachers. Negotiations regarding teachers salaries and fringe benefits for the 1973-74 school year had broken off June 6 when the board declared its efforts to work out a fair and equitable salary settlement had been consistently undermined by the MTA and that a Procedural Agreement for negotiations between the parties had been rendered null and void because of serious breaches by the MTA.

At a special meeting June 6 the board adopted a new salary schedule for the coming school year which raises the top salaries paid by 5.5% which is an estimate of the cost of living increase; for others who received advances for experience the new schedule provides a combined cost of living and experience increase estimated at 7.3%. Additional fringe benefits were also included in the salary package.

Barnes told the board that the MTA would resort to legal action unless the board agreed to reinstate the Procedural Agreement and return to the bargaining table to discuss amendments to the Agreement as well as to negotiate a salary package.

In her statement to the board, Mrs. Rizzo asked for closer and better communication between the board, the school administration, faculty, students and parents. Board members assured Mrs. Rizzo that they sought the same goal and would continue to work unceasingly to maintain effective two-way communication with the entire school community.

The Board's Finance Committee recommended that interest in the amount of \$210,845.53 earned from the investment of the district's Working Cash Fund during the fiscal year 1972-73 be transferred to the Educational Fund and Building Fund. The board approved a resolution authorizing the Township School Treasurer to transfer \$160,000 of this money to the Educational Fund, and \$50,845.53 to the Building Fund.

The board also authorized the transfer of \$95,000 from the Junior College Tuition Fund to the Educational Fund as partial reimbursement for monies taken from that fund during fiscal year 1968-69 to pay basic tuition costs of district residents attending state junior colleges. Before Oakton Community college District 535 was formed, state law required that the high school district assume this expense, with a 3¢ per \$100 levy permitted to cover it. As the special taxes produced far less revenue than the actual tuition expenses, the \$277,249.68 difference was paid out of the district's Educational Fund. This \$95,000 will be the second reimbursement payment made, leaving \$87,249.68 still to be repaid to the Educational Fund.

The board is still responsible for the payment of tuition costs for those residents in the school

district who have not yet been placed in a junior college district. This affects only those persons living in a small area just south of the expressway. At Monday night's meeting, the board authorized tuition payments for those persons living in that area who have filed Notices of Intent to attend a recognized public junior college.

In other action, the board approved contracts in the amount of \$74,323.31 for equipment and supplies, replacements and repairs. -authorized the Superintendent of Schools to make application to the Cook County Public

Dear Editor:
Your Oakton Community College is presently paying over \$80,000 in local property taxes. No other educational institution in Cook County pays such taxes. I urge you to write Representatives Aaron Jaffe and Robert Juckett c/o the Statehouse Office Building in Springfield and support their efforts to introduce emergency legislation this term. The tax burden can be eliminated and the discrimination ended. Please write a short letter to your State Representative. Thank you.

Makela elected Illinois School Board Executive

Roy O. Makela, 8051 Octavia ave., Niles, a member of the Board of Education of the Maine Township High Schools, has been elected to the Executive Council of the Illinois Association of School Boards. As Cook County Suburban Representative, he will be particularly concerned with legislative planning and development to meet the educational needs of school districts in the Chicago suburban areas. The Executive Council is the policymaking and governing body of the IASB.

Members of the IASB's Delegate Assembly, meeting recently at the Hyatt Regency O'Hare in Rosemont, commended Makela for his excellent work as chairman of its Large District Council, a new section of the IASB organized to deal with problems facing large school districts. Makela, who has been chairman of the Large District Council since its formation 18 months ago, is credited with providing outstanding leadership in getting the new organization well underway, in administering its business, and in developing programs and policies to meet the needs of its member districts. While the LDC chairmanship has now been turned over to his successor, Makela will remain a member of its Executive Committee, representing the Park Ridge-Des Plaines area in the Delegate Assembly of IASB.
This Spring, Makela was elected to his third 3-year term on the District 207 Board of Education.

Shown above, 1. to r., are Mariene Kula, New Accounts Division, and Edward Andelbrat, Customer Information Department, being introduced to SAM, the First National Bank of Skokie's recently installed money dispensing machine. Dan Casey (r.), Vice President of the \$130 million bank located at 8001 N. Lincoln, Skokie, is doing the honors.

"Bank customers applying for a SAM card will receive both the card and a secret security number enabling them to get up to \$50 in cash at any time of day or night," Casey observed. "All that is required is to insert the card and tap in the security number on the 'touch tone' buttons shown on the right side of the money machine's face."

"The cash, neatly packaged in \$25.00 increments, will appear instantly in a special cash dispensing drawer," Casey commented. "With this added service, First National Bank of Skokie has brought North Side residents a needed convenience heretofore available only at large, downtown Chicago banks."

Applications for SAM cards are currently being distributed, and First National Bank staff members have been trained to help card holders in the initial use of the SAM machine.

McConnell on District 207 Board replacing Bartos

For the second time in the past year and a half, E. Hoy McConnell, 1710 Glenview ave., Park Ridge, has been called back to sit on the Board of Education of Maine Township High School District 207. This time it is to take the place of Michael W. Bartos of Des Plaines who moved from the district and resigned from the Board as of June 15. At its regular meeting Monday evening, June 25, the Board appointed McConnell to serve until the next school board election next April.

Well known for his efforts to insure quality education and excellent school facilities for this district, McConnell was first elected to the District 207 Board in April, 1965, and was reelected to a second three-year term in April, 1968. During his tenure on the board he served as president, vice president, public relations chairman, and chairman of the education committees, contributing greatly to the strong programs of the Maine Township High School system by his keen understanding of all aspects of school operation. He retired from the board at the end of his second term, but was recalled in December, 1971, to serve out the remaining four months of the term of Wesley Hartzell of Niles who moved from the district.

Under the provisions of the Illinois School Code, whenever a vacancy occurs on the Board of Education, its remaining members are to fill the vacancy by appointing a person to serve until the next regular election, which in this instance will be in April, 1974. In such situations, it has been customary for the District 207 Board to appoint a former member of the board. Next April, voters will elect a person to serve out the remaining two years of Mr. Bartos' term of office. In recommending McConnell for this appointment, William P.

Wuehrmann, board member, Park Ridge, said, "No one has more board experience and expertise, nor has made greater contributions to this board in past years than E. Hoy McConnell. We are indeed fortunate that he is agreeable to taking on this assignment." His recommendation won the unanimous approval of the board.

The board heard presentations from two persons who had requested a place on the agenda, Dewane Barnes, a member of the Maine West faculty and president of the Maine Teachers Association, and Mrs. Joseph G. Rizzo, 8239 N. Milwaukee ave., Niles, representing a parents group.

Barnes, who had asked to be placed on the agenda to discuss the educational climate in Maine Township, read a prepared statement urging the board to resume negotiations with the MTA as the bargaining agent for the teachers. Negotiations regarding teachers salaries and fringe benefits for the 1973-74 school year had broken off June 6 when the board declared its efforts to work out a fair and equitable salary settlement had been consistently undermined by the MTA and that a Procedural Agreement for Negotiations between the parties had been rendered null and void because of serious breaches by the MTA.

At a special meeting June 6 the board adopted a new salary schedule for the coming school year which raises the top salaries paid by 5.5%, which is an estimate of the cost of living increase; for others who received advances for experience the new schedule provides a combined cost of living and experience increase estimated at 7.3%. Additional fringe benefits were also included in the salary package.

Barnes told the board that the MTA would resort to legal action unless the board agreed to reinstate the Procedural Agreement and return to the bargaining table to discuss amendments to the Agreement as well as to negotiate a salary package.

In her statement to the board, Mrs. Rizzo asked for closer and better communication between the board, the school administration, faculty, students and parents. Board members assured Mrs. Rizzo that they sought the same goal and would continue to work unceasingly to maintain effective two-way communication with the entire school community.

The Board's Finance Committee recommended that interest in the amount of \$210,845.53 earned from the investment of the district's Working Cash Fund during the fiscal year 1972-73 be transferred to the Educational Fund and Building Fund. The board approved a resolution authorizing the Township School Treasurer to transfer \$160,000 of this money to the Educational Fund, and \$50,845.53 to the Building Fund.

The board also authorized the transfer of \$95,000 from the Junior College Tuition Fund to the Educational Fund as partial reimbursement for monies taken from that fund during fiscal year 1968-69 to pay basic tuition costs of district residents attending state junior colleges. Before Oakton Community College District 535 was formed, state law required that the high school district assume this expense, with a 3¢ per \$100 levy permitted to cover it. As the special taxes produced far less revenue than the actual tuition expenses, the \$277,249.68 difference was paid out of the district's Educational Fund. This \$95,000 will be the second reimbursement payment made, leaving \$87,249.68 still to be repaid to the Educational Fund.

The board is still responsible for the payment of tuition costs for those residents in the school district who have not yet been placed in a junior college district. This affects only those persons living in a small area just south of the expressway. At Monday night's meeting, the board authorized tuition payments for those persons living in that area who have filed Notices of Intent to attend a recognized public junior college.

In other action, the board: approved contracts in the amount of \$74,323.31 for equipment and supplies, replacements and repairs; authorized the Superintendent of Schools to make application to the Cook County Educational Service Region Office of the Superintendent of Public Instruction for four half-day in-service training programs for teachers; adopted new bylaws regarding regular meetings of the Board of Educational Henceforth, the board will hold two regular meetings a month instead of one. Meetings will normally be held in the Faculty Lounge at Maine Township High School East, 2601 Dempster st., Park Ridge, on the fourth Monday of the month at 8 p.m. and on the second Monday of the month at 8 p.m. Meetings are open to the public.

Lions host Japanese exchange student

The Niles Lions club will be host to a Japanese exchange student this summer. The 18-year old boy from Nagasaki is one of hundreds of youths involved annually in the world-wide Lions International Youth Exchange program. In previous years students from Europe visited in Illinois, but this is the first time any will be here from Japan. His six week stay will be divided so that the boy lives with several families. In this way he will get a better perspective of life, culture and mores in the United States. He is expected to arrive at O'Hare on July 16 and will spend

the first 2 weeks of his stay in the home of Dr. Walter Zinn, a Niles optometrist. "My daughter Susan and son David are excitedly looking forward to his visit," said Mrs. Barbara Zinn. "They are quite anxious to meet and get to know someone from a completely different culture. According to his application he does speak some English and we don't anticipate too much of a problem in communication." Even though he will be living with only 4 families, the entire Niles Lions club will be involved. Mr. Vito Cappiello, for instance, will take the boy fishing for a

few days. Dick Hartzak is arranging for baseball tickets right behind the Cub's dugout. Walt Bousse and the Niles Park District have graciously issued a special guest pass for the swimming pool. Todd Bavaro will take the boy on a tour of some Chicago skyscrapers. Other activities will be developed as his interests are learned. Niles Lion president Tony Ithick, who will have the boy in his home in August, issued an invitation to all civic groups in the village to join with the Lions in making the boy feel comfortable in strange surroundings. "If you have planned any ac-

tivity during July and August," he said, "which you think might appeal to the student, please contact the Lions club. Call any of the members of write to P.O. Box 48028 Niles."
