LITTLE TAM PARK VOTE IN NOVEMBER

15¢ PER COPY VOL. 17 NO. 10, THE BUGLE, THURSDAY, AUGUST 23, 1973

From the LEFT HAND By David Besser Editor & Publisher

Watergate to millions of Americans has been a national civics course on American government. While the shabbiness of the men involved has been a dismal revelation, nevertheless, the end result of all the controversy should benefit all of us. Never in our lifetimes have we had such a concentrated study of our government. It's a welcome addition to our everyday conversation to hear the man on the street discussing the delicate balances of government, which is necessary to make America work well. When we hear everyman speak about the power of the Presidency and the checks and balances of the legislative and the judiciary and the executive branch, we're convinced this new-found awareness must benefit all of us.

Hopefully, this new alertness by the people will drift down to our local government bodies. It has long been our prejudice government in our areas works best when the people themselves become involved. Way back in 1961 we overturned a village government which had become an anachronism. The old officials elected 20 years previously, when Niles was in the 3,000 population class, the burgeoning 50's and 60's, begged for new ideas and new people. When the new representatives took office, a flurry of new action took place. The coming was reduced and the increase in new ideas took stage center.

In those early '60 days there were a great number of new people involved in the new boards and on the many new committees. And the needed government catharsis resulted from this emergence of this new era. Hopefully, we would think Watergate might bring forth new people getting involved in government. The staleness of the past can be seen by millions of people who do have a reverence for democratic processes. Their moving into the political ranks all over the country, and at all levels of government could bear great fruit for all of us.

We sit in on local happenings of local governments and this is where America is for us. More often than not we sit alone in empty halls, listening to the drone of public officials who are never contested, never questioned, and who go thru the motions of conducting government, with little forethought, and with little movement. Only when some guy comes out of the bleachers and begins to raise a bit of a ruck, the public guys begin to pay attention.

Mr. Fireman calls it quits

Mr. Fireman is Captain George L. Trier, 72, a well known figure to Chicagoland firefighters whose career in the fire service began 46 years ago.

Capt. Trier was feted recently by the members of the Niles Fire Department, who presented him with a chrome plated fire axe, a ladder truck, and an old fashioned breathing mask. Although he was born on the north side of Chicago, Capt. Trier spent his childhood in the vicinity of 45th and Vincennes and soon became a "fire buff" at the fire station at 46th and Cottage Grove.

In 1927, he became a member of the now defunct Fire Insurance Patrol, a private organization operated by the insurance companies to reduce fire losses during fires, and was assigned to Patrol 3, at 35th and Wabash ave., one of the busiest in the city. This career continued until 1945, with some time out because of the great depression. In 1933 and 1934, he served as a member of the fire department at the Century of Progress Fair, on Chicago's Lake front.

In 1945, Capt. Trier became a civilian member of the Great Lakes Naval Training Station fire department, where he earned his title, and continued with that department until his retirement 13 years later.

As if that weren't enough, he later became the training instructor for the Skokie Fire Department, a post he held for 10 years until his retirement in 1969. From then until his departure this past Tuesday, he was a fire alarm operator for the Skokie department.

During his career, Capt. Trier has taught fire fighting tactics and strategy to hundreds of firemen in various schools, including Harper Junior College and the University of Illinois. He has also been drillmaster for many northwest suburban departments including Niles, Glenview, Buffalo Grove, Wheeling, Rolling Meadows, Arlington Heights and Morton Grove.

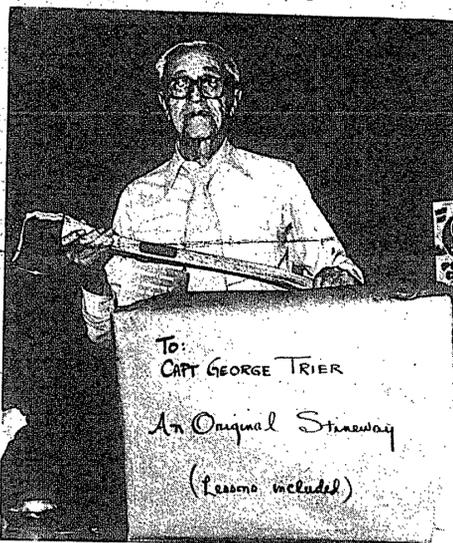

Capt. Trier's gravelly voice is well known to fire radio listeners throughout the area, and his outspoken manner is well known to area chiefs. "I've seen a lot of changes in the business," he told his hosts, "but it still takes men to put out the fires."

Although he has promised his wife, Bessie Marie, a life of relaxation and contentment in the sun in El Cajon, Calif., a bit of the "old fire blood" peeked out. "You know," he said, "I understand there are some retired Chicago firemen in a little community near El Cajon who are going to organize a volunteer fire department, I just might help them out."

(A poetic tribute to Capt. Trier written by Niles Firefighter Richard Valkanet follows:)

A TRIBUTE TO A FIREMAN'S-FIREMAN BY FF. R. Valkanet, NFD

Here's to George, our kind of guy,
That's why it's tough to say good-bye,
You tried to teach us what you knew,
To make us better at what we do,
The years you devoted to the game,
Will be a memory to your name,
Throughout the years who will forget,
Your gravel voice and words of wit,
We hope at times you'll kind of smile,
When you think of your friends back in Niles,
So, may the rest of your days be good to you,
And may all of (your signals forever be 10-2

New NSMTD bus schedules

In a move to make two of its new trial bus routes more efficient, the North Suburban Mass Transit District announced today that schedule changes are being made on United Motor Coach Routes #70 and 71 running from Jefferson Park CTA Terminal to Golf Mill Shopping Center along Milwaukee av. The changes are effective, Mon. Aug. 27, 1973.

Bart T. Murphy, Trustee from Niles, in speaking about the new schedules, stated: "These new schedules will have little effect on the service provided riders. The changes are very simple. They reflect our experience with actual ridership and will produce a more efficient system while, at the same time, reducing the cost of this experiment

and allowing us to continue the test a little longer than originally planned." Buses will still start at Golf Mill at 6:30 a.m. and at Jefferson Park CTA Terminal at 7 a.m., continuing all day long until the last bus leaves Golf Mill southbound at 8:15 p.m. and Jefferson Park north bound at 8:50 p.m.

The only change is that buses will run thirty to thirty-five minutes apart rather than twenty-five minutes. This allows United Motor Coach to take one bus off the route, thereby reducing costs. "This may mean that a few people will have to leave a few minutes earlier," continued Murphy, "but, essentially, the service is the same - a lot better than before the test started."

The North Suburban Mass Transit District approved these two routes to begin a three month test on June 18, 1973. Ridership has increased substantially, but is still below the breakeven point. NSMTD trustees are anxious to keep this service running, but feel that the need for such service must exist, as evidenced by ridership, for the service to be continued indefinitely.

For additional schedule information, you may call United Motor Coach at 824-2111.

LETTERS to EDITOR

Angered dog lover responds

Dear Mr. Hanson:

We have just returned from our vacation and I am just now catching up on my back-up mail. As usual, the bills were dropped in a drawer and I started reading "The Eagle" (which I have always enjoyed). Well, sir, spotting your column of Aug. 3, I proceeded to read it.

First of all, let me introduce me; a person who loves small children and all dogs, housewife, mother and according to you, "must not have much good in me." Do you have such lack of material to write about that you must pick on the poor dogs of America? You said, and I quote, "Beat the meat shortage, eat your dog or eat a neighbor's dog." Disgusting!! I'm not saying everyone must love dogs, but I have a definite fear of people who dislike small children and/or dogs.

We should, in fact, set aside a Memorial Day for Dogs as well as a National Dog Week for all the dogs of America who have done service above and beyond the call of duty, simply because they loved their masters. To name a few; seeing-eye dogs, dogs who went through the wars our boys fought overseas and these same dogs gave up their lives so that a young soldier might come back home, guard dogs, K-9 Corp dogs, children's dogs, show dogs and dogs of lonely people all over the U. S. who give these people something to wake up to every morning. Shall I continue? All right.

Which child or adult can sit through a complete "Lassie" movie without being a little moved to tears? What mother, including me, is not grateful when the "Lassie" show comes on TV and keeps our kids quiet for at least a half hour?

I agree, there are many dogs running loose and I wish I could handle all of them, but eating your dog or your neighbor's dog could not only land you in the nut house, but also a jail cell, slapped with a big fat fine.

In a way I'm sorry for you because evidently you have never known the affection and understanding in a dog's eyes, the wag of his tail at the sight of you coming home from a hard day's work. Even when no one else is there to greet you at your door, your dog is there, always!

My neighbors (some who have dogs and some who don't) and I all agreed that your column was the most nauseating piece of junk we have ever read and we sincerely feel an apology is in order. After reading your French? menu of "Dogs Livers," "Dogs Nostrils" and "Dogs Nose" served on toast, it was enough to make me vomit.

Don't worry, our "America the Beautiful" is still beautiful despite the dog droppings. It's people like you who say, logic? dictates we rid ourselves of all dogs, that makes life a little harder.

I sincerely hope you enjoy your Hot Dogs (which is the only kind you ever really liked) because if you knew what they put in those things you would head for the nearest men's room.

Sincerely,

Mrs. Gloria Pulchinski

P.S. We just picked up our dog from a week's stay at the kennel and the happiness he bestowed on the whole family made me forget all the bone tiredness of a long car trip with 3 kids, the dirty laundry after unpacking and all the million and one things we mere housewives must cope with. Our beautiful black Afghan Hound is a joy to have around and if he could talk, I'm sure he would agree you are not worth even taking a bite out of. (Too tough!)

Save the Earth Club organized

Dear Editor:

Pollution is a very serious thing, so we decided to take it seriously and had a club. We called it "Save the Earth" because that's what we're trying to do. Kelly Kryz, age 10, and Peggy Murray, age 10 started the club.

We started it by gathering our sisters, Colleen Murray and Laurie Kryz and our friends Vanessa Reitzel, and Elizabeth Darcy.

For the first week we studied about pollution. Now we're clean-

ing up fields, parks and streets in Niles.

We're writing this to ask you to pitch in and "Help Keep America Clean!" with us.

of Interest to Women

Trimmastics swings at Kaplan JCC

Housewives, working women and teens will be swinging into shape once again this Fall in the 3 Trimmastics classes at the Mayer Kaplan Jewish Community Center.

Under the enthusiastic direction of Beverly Orchard, and to the beats of Bachrach, Ike and Tina Turner, and the Baja Marimba Band, the women will tighten up muscles while having a wonderful time.

At the close of one of the summer sessions, and after an hour of vigorous exercise, class participants were full of energy and laudatory comments about their experiences in Trimmastics.

Shirley Akova of Morton Grove described the class as "Much more pleasant than I expected. I feel more like I'm dancing than exercising."

Elaine Zalusky of Glenview described herself as "Lazy by nature, but the teacher pushes me beyond my normal range. Her energy is contagious. It's a real turn-on."

Because of the music and the warm atmosphere of the class, the participants truly enjoy their hours in trimmastics. Follow-through exercises at home become almost automatic. When the women hear a certain beat on the radio, they quite naturally move into one of the exercise routines. There is a strong feeling of support in the groups, each member helping the other improve in physical appearance and attitude.

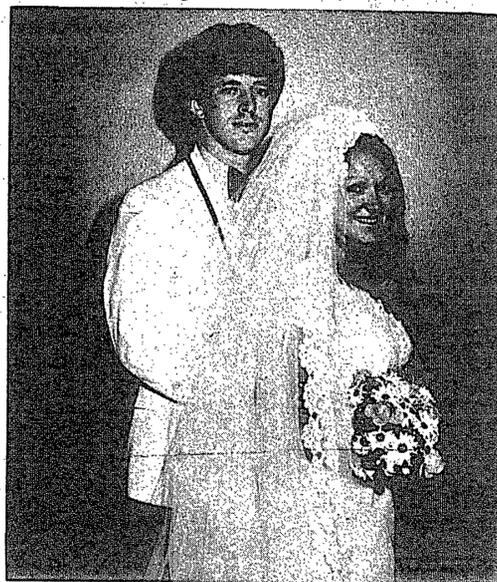

Ms. Orchard, who studied jazz gymnastics in Sweden, knows just how much each class member can handle physically. Sufferers of back ailments are advised to refrain from certain movements and to add others to improve their conditions.

Trimmastics classes will be offered this Fall on Monday mornings from 10:30 to 11:30; Wednesday mornings from 9:30 to 10:30; Monday evenings (convenient for career women) from 7:30 to 8:30.

JCC members may register for classes beginning Sunday, Sept. 9 at 9 a.m. Non-members may register beginning Monday, Sept. 10 at 7:30 p.m.

Further information regarding Trimmastics and all Fall classes is available in a brochure at the Mayer Kaplan JCC, 5050 W. Church st., Skokie.

Deborah Ann Leske bride of Alan Weiser

In an afternoon service at the Niles Community Church, on June 24, Deborah Ann, daughter of Mr. and Mrs. Jack Leske became the bride of Alan W. Weiser of Owaneco, Illinois.

Deborah chose a white organza, V-necked, cap-sleeved gown, the bodice of which was entirely Venetian lace. The veil, a mantilla, was also organza edged in lace. The bride's maid-of-honor was Terri Seelos of Niles. Deborah's sister, Leslie, the groom's sister, Callie and Dawn Hillson also attended the bride. The attendant's gowns were of apricot polyester and had sweetheart necklines edged in green ivy leaves. The bridal bouquet was composed of white daisies, yellow roses and baby's breath. The bridesmaids carried upright clutches of butterscotch daisies, yellow roses and baby's breath.

Alan was attended by Bill France of Owaneco, Illinois; Jim Edwards, Tim Ganey and Ronald Spears from Taylorville, Illinois. Brothers of the bridal couple, Jim Weiser, Jr., and Donald Leske ushered at the service.

Joining the groom's parents, Mr. and Mrs. James Weiser were relatives and friends from Owaneco and nearby towns.

Rev. D. D. Seleen conducted the double-ring ceremony during which the bridal couple repeated vows they had composed. Mike Youngblood, asst. minister sang "The Wedding Song" accompanying himself on the guitar. Robert Benwitz played a piano selection from the "Summer of '42." The reception was held following the ceremony at the Park Ridge Inn. The Weisers spent a few days in Wisconsin and are now residing in Pensacola, Florida.

Mens 16" softball league playoff series

1st game
Jake's opened the top half of the 1st inning with 4 hits and 5 runs. Ed Bacher singled to lead-off. Jim Boyser reached on an error followed by Ron Kolcoy's single. Bob Racette was safe on a fielder's choice. John Herlihy singled and Joe Nitti tripled to account for the 5 runs. Pratscher failed to score in the 3rd, 4th, and 5th. In the top of the 5th, Jake's held a commanding 13-1 lead after 3 runs came across when 2 men reached on errors and scored on a triple by Steve Redinger and single by Bob Racette. Pratscher fought back with 5 in the 6th and one in the 7th, but it was too little too late.

Final score: Jake's 13, Pratscher 7. Jake's had 14 hits and 2 errors while Pratscher had 12 hits and 8 errors.

2nd game
Pratscher needed a victory to prevent Jake's from eliminating them. Pratscher scored in the top of the 1st on singles by Craig Christiansen and Dennis Sullivan. In the bottom of the first, Jake's Tom McCarthy slammed front early in the game. Pratscher scored 2 in the second and one in the third on a combination of 3 errors and singles by Bill Knapik, Terry Kelly, and Scott Peterson. Jake's failed to score until the fourth when they tied the game 4-4 on a single by Steve Redinger and a triple by Dan Heinol. Pratscher rallied in the 4th on singles by Mike Glomski and Kevin Kelly. Two

errors and a walk provided Pratscher with 3 runs in the inning. Jake's responded with 2 in the sixth but fell short going down 1-2-3 in the 7th. Final score: Pratscher 7 runs, 9 hits, no errors; Jake's 6 runs, 9 hits, 4 errors.

3rd game
The deciding game of the tournament series was a thrilling end to the season. Ed Bacher led off the 1st with a double, then Ron Kolcoz, Bob Brach, and Steve Faulhaber singled. the 5th on consecutive singles by Steve Faulhaber. Neither team scored in the 6th or 7th. Final score Jake's 5 - Pratscher 4. Pratscher had 8 hits and 1 error and Jake's had 10 hits and no errors.

Receives Ford service award

Paul M. Lippold (L.), an instructor at Ford Motor Company's Ford Marketing Institute (FMI), 5940 W. Touhy ave., Niles, receives a Ford Community Service Award from Chicago FMI Director Donald C. Touzeau. The silver scroll award is in recognition of Mr. Lippold's work with Motel Ministries International, a volunteer group which provides evening Bible study sessions for traveling businessmen staying in motels. Although the service was initiated just this summer, the Bible study group already is cooperating with the Holiday Inn motel chain. Mr. Lippold, who resides at 934 Duxbury ln., Schaumburg, has worked for Ford Motor Company since 1957.

Federal supplemental security income payments

People already getting public assistance because they're 65 or over, or blind, or disabled do not have to apply for the new Federal supplemental security income payments, according to Donald B. Schneider, manager of the Des Plaines social security office.

"We're taking applications now only from people who aren't getting public assistance but who think they may be eligible for the new Federal payments that start next year," Schneider said.

The aim of the Federal program is to provide supplemental payments in cases of need so that people 65 or over, or blind, or disabled will have a basic cash income of at least \$130 a month for one person and \$195 a month for a couple. The amount people will get will depend on their other income.

Among the eligibility factors are resources up to \$1500 if you're single, \$2250 if you're married. A home of reasonable value will not be counted as an asset.

Certain income also will be disregarded from the new supplemental security income. The first \$20 a month of income generally won't affect the Federal payment. For those working part-time, the first \$65 a month of earnings will similarly not be counted. After that, only half of any additional earnings will be counted, Schneider explained.

Those not getting public assistance who think they may qualify next year under the Federal Supplemental Security Income Program should call their local social security office.

Disability for blind under Social Security

The new social security law makes it easier for blind people to get monthly disability payments, according to Donald B. Schneider, Manager of the Des Plaines social security office.

"Blind people still have to have credit for work under social security, but it no longer has to be for recent work," Schneider said.

To be eligible for payments previously, blind people generally had to have worked 5 years of the 10 before they became disabled by blindness. "Now they can be paid benefits if they worked long enough on jobs covered by social security at any time."

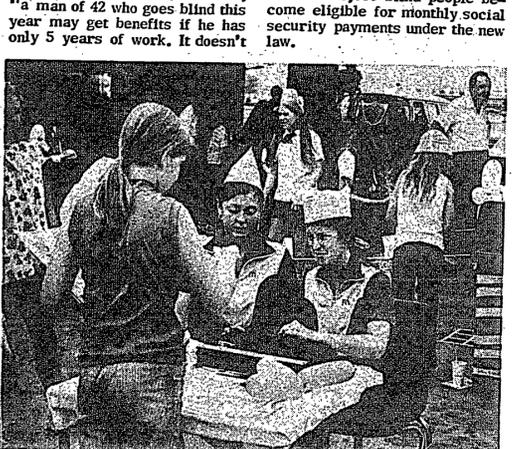

"Under the new law," he said, "a man of 42 who goes blind this year may get benefits if he has only 5 years of work. It doesn't

matter when he earned the credit. Previously, he could not get benefits unless the 5 years of work was during the 10 years before he became blind."

Social security pays monthly disability benefits to eligible workers and their families if the worker is under 65, severely disabled, and cannot work for a year or more. The average payment to disabled workers (including blind people) is \$179 a month.

To meet the definition for blindness in the social disability insurance program, you must have 20/200 vision or less in the better eye with the use of a correcting lens — or a visual field of 20 degrees or less.

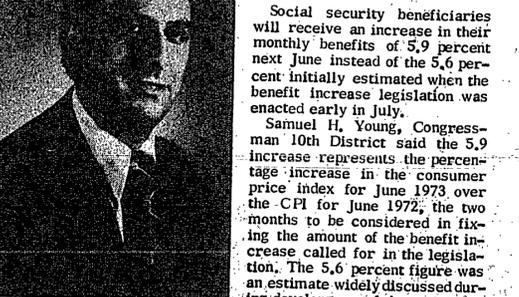

About 30,000 blind people become eligible for monthly social security payments under the new law.

Parking lots turned into Carnival Lots at Chicagoland McDonald's Restaurants recently to fight muscular dystrophy. Booths were manned by volunteers from the Muscular Dystrophy Association, McDonald's employees, Jaycees, Boy Scouts, Campfire Girls and Junior Achievement. Thousands of children took part in the festivities and many picked up Ronald McDonald Backyard Carnival Kits to hold their own neighborhood carnivals to raise funds for MD.

Zenith executive appointments Young tells of social security increase

Social security beneficiaries will receive an increase in their monthly benefits of 5.9 percent next June instead of the 5.6 percent initially estimated when the benefit increase legislation was enacted early in July.

Samuel H. Young, Congressman 10th District said the 5.9 increase represents the percentage increase in the consumer price index for June 1973 over the CPI for June 1972; the two months to be considered in fixing the amount of the benefit increase called for in the legislation. The 5.6 percent figure was an estimate widely discussed during development of the social security amendments in a bill providing for the extension of the Reregulation Act of 1951. The exact increase could not be determined until the CPI figure was calculated. This figure was announced on July 20.

The increase becomes effective with monthly benefit checks for June that will reach social security beneficiaries in July 1974, Congressman Young said.

Continued from Page 1

There's little doubt government becomes corrupt or inefficient, because the public men are not taxed in their thinking. And there's little doubt public men become cynical because they're keenly aware the public shows little interest in what happens to their government. Sitting alone in their offices they realize they can maneuver, exploit, and make the most of their positions because the people they represent give them a blank check to run things as they choose.

Watergate should be a mark to renew our efforts in this country. When the American express goes off the track putting it back on again should be the goal of all of us. More of us should choose to get involved. More of us should run for office.

Next year Nick Blase and Cal Sutker and Floyd Fuller and John Nimrod run for committeeman offices. Are these the best men to serve? Probably not. There are always better people. But because we're too indifferent or lazy, we let the guys who want power take it.

In the 1968 convention in Chicago the Democrats blew the Presidency for 8 years. In a very small way Nick Blase, who was a down-the-line supporter of Mayor Daley, helped to create this event. Blase went down the line because it was the prudent thing to do. And such prudence may well have contributed to today's havoc. No one in our area contested him for the job of representing Democrats at the convention. And in a small but important way, this lack of opposition was typical of our apathy.

We only use the Blase example because it is close to home . . . and because we're more familiar with his actions. But it aptly points to the need for our involvement at the local level, which eventually can affect all of us.

If we really have a government 'for the people' then it must be a government consisting 'of the people' and 'governed by the people.'

TEAM

Continued from Niles-E. Maine P.1. pro tem president Keener referred to a Bugle editorial in which it suggested Oakton college might consider the land. He said he believed the area was too small for the college, and hoped the park district would receive Bugle support for the golf course.

A Beusse recommendation to paint the ice rink interior for \$5,000 to \$1,600 was approved and will take place by February. Director Helmut Dressler said the ice rink is presently \$5,000 in the red, and even though the money is budgeted he questioned the project. He recommended increased lighting be installed there. Beusse said the painting of the dasher boards a "milk white" color has resulted in improved light reflection which precludes the need for more or better lighting.

The Board will study charges leveled by resident Stewart Filer against director Helmut Dressler. Filer was enraged when his 10 year old child was punished for "walking too rapidly" around the Ballard pool. Filer said the child was required to walk around the pool 10 times and was grabbed and shaken by pool personnel. When his family tried to receive an explanation from Dressler he said his wife received abuse by an enraged Dressler. Filer then accused Dressler of being anti-semitic, launching an attack against Dressler's background in the German army. He also said Dressler's relations with a Jewish employee at the Ballard pool prompted him to make these accusations. In a fury Filer left the meeting hall after launching a highly emotional speech condemning anti-semitism.

Bugle publisher David Besser told the Board he was not familiar with this incident but in defense of Dressler he has never found cause to agree with the anti-semitic charges. He noted Dressler is very "Jewish" aware but he said this is quite different from being anti-semitic.

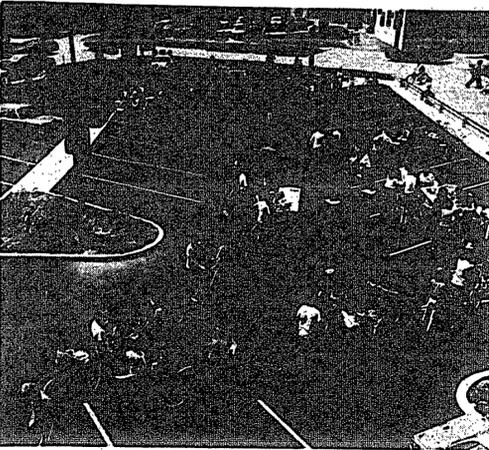

Keener said the incident will be investigated and he believed an apology was in order regarding the punishment of the child.

North West Federal displays prison art works

Each person has the desire to be able to express himself in some unique way with his own talent. Through the struggle to gain the necessities of life, however, many do not have the opportunity. One of the outstanding events in many men's lives while in prison is the opportunity to discover and develop talents that have previously lain dormant. Art is one of the major avenues of expression that they find. Some write beautiful poetry, some write prose, and others compose music. The most popular expression of individuality and talent is the works of art that the men in prison share with the world.

An exhibit of artwork by the inmates at Joliet and Stateville prison is currently on display at North West Federal Savings, 4901 W. Irving Park rd.

All works of art are offered for sale to the public. The proceeds are returned to the men so that they are able to have financial resources upon their release. They also use this money for purchases of art supplies and personal needs.

The public is invited to view this exhibit in North West Federal's rear entry foyer through Aug. 31.

Niles Elementary District 71 schools open Sept. 5

The Niles Elementary Schools, District #71, will welcome students back to school for a complete day of school Wednesday, Sept. 5, 1973. Registration: Pre-school registration fees the first day of school. It is asked, therefore, that each parent at the North and South schools plan to preregister their children on Aug. 30 or Aug. 31 at the respective schools. Students at North School will receive their individual schedules when they preregister. All fees will be collected at this time, between the hours of 9:30 a.m. and 2:30 p.m.

Parents of children who are new to the district are urged to register their children from 9:30 a.m. to 3 p.m. at the Niles Elementary School, 6935 Touhy ave., before the opening day of school. If this is not possible, they may register students the first day of school at the assigned school. South School fees: book fees-\$7, kindergarten fee, \$3.25. North School fees: book fees-\$7, lock fee-\$1, industrial art-\$1.50, home economics-\$1.50, art fee-\$1, towel fee-\$4. Towel fee includes a fresh towel for each physical education activity. First day of school: Children need to bring notebook paper and a pencil. Teachers will send home a list of necessary school supplies. A special bulletin will be sent home with each new student. The purpose of this bulletin is to acquaint the children and parents with the governing policies of the school. We ask the

parents to discuss this bulletin with their children, sign and have the child return it to school. Lunch will be served in the cafeteria at both schools the 1st day. The price for the hot lunch will be 50¢. A half-pint carton of milk is included with each hot lunch. Extra milk may be purchased for 8¢ per carton. The increase in the price of lunches is necessary to cover increased food costs. The increase in milk is to cover the cost of milk, as the Government will not partially reimburse milk for the 1973-74 year. We have previously received 5¢ per half-pint carton reimbursement from the Government.

DIST. 207 BOARD REVIEWS 1973-74 BUDGET

At a meeting of the Board of Education of Maine Township High School District 207 Monday evening, Aug. 13, Board members reviewed many items in the 1973-74 tentative budget now being prepared by Harold Markworth, business manager of the school district. Markworth told the board that, while the budget has not been completed and figures in it are not as yet firmly established, it is expected that Educational Fund expenditures for the coming school year will be about \$16,609,600 and Building Fund expenditures about \$2,304,300. The completed budget is scheduled to be put on public display for a 30-day period beginning Aug. 24. It will be available for public inspection at the district's administrative center, 1131 S. Dee rd., Park Ridge, and at libraries throughout the township. A public hearing on the budget will be held immediately prior to that meeting in the Faculty Lounge at Maine East high school, 2601 Dempster st., Park Ridge. Also on the agenda Monday evening was a progress report on expansion plans for the Maine North high school building. The report was given by Don M. Stillmuth, of Erickson, Kristmann & Stillmuth, Inc., Park Ridge, school architects who have been directed to develop plans for a modified Phase 2 construction program that would add an auditorium, woodshop and swimming pool to the high school. Mr. Stillmuth told the Board that his firm hoped to be able to present four alternative building plans at the next regularly scheduled Board meeting on Aug. 27. In other action the Board accepted Graphic Arts Equipment Company's low bid of \$5,442 for an Offset Printing Press for use in the industrial education department. The Board will consider formal adoption of the budget one month later at its Sept. 24 meeting.

August social security checks

Social security checks for August will be delivered on Sept. 1 this year, which is "unusually early," according to Donald B. Schneider, manager of the Des Plaines social security office. "Checks for agiven month are usually delivered on the 3rd of the following month," Schneider said. "When the 3rd falls on a day mail isn't delivered — a Sunday or a national holiday — the checks are usually delivered a day ahead, the 2nd of the month. "This year Sept. 2 is a Sunday and Sept. 3 is Labor Day; so social security checks will be delivered on Saturday Sept. 1. It doesn't happen very often," he said.

THE CORNERS of Where it's at and What's happening. By Ed Hanson

The oldest of all forms of life is the lobster. For once upon a time many billions of years ago, the lobster existed deep at the bottom of oceans.

It was then a world in which no sound existed, save for the sound the male lobster made with his claws to attract the female lobster.

And for billions of years the papa, mama and baby lobsters lived happily. I suppose you could say the world was their oyster.

And then something bad happened because one day man hopped out of the tall marsh grass, and held a stick with a piece of meat over a fire. At the end of the stick early man held was a piece of meat which was, of course, lobster.

And once man emerged upon the scene that was the beginning of all problems, not only for the lobsters, mind you, by for all other living and inanimate things which now came to inhabit the universe . . . like people, oil, natural gas, iron ore, copper, zinc, gold, etc.

And as we all know lobster today on any restaurant menu is the most expensive item of all.

But not if you go to the BEAM 'N BARREL, 7136 Milwaukee, Niles. For they're offering the finest of lobster tail for ONLY \$6.75. And this includes a wonderful salad and bread and butter.

And after you finish this delicious lobster you can gather 'round the piano player while it delightfully grinds out 'Rinky-Dink' style your old time favorite songs. This old time player piano (although it's brand new) plays sheet music and I understand that Angelo's patrons are having a ball singing and swinging to many of the old time songs that it plays.

One of the oldest musical instruments is the banjo. In fact, it is said that in ancient New Orleans off of the Gulf, the sounds of banjo st order and at the Mill Run Box rs who rose up from deep bei Office and all Ticketron out-ile lobsters. And the natives lets. For ticket information, call ck them from the sea. (This is (312) 298-2170. For information

Anyway, have you hear about discount rates for groups ve been appearing on Fri. & of 50 or more, call 298-2935.), Dempster and Waukegan rd., Morton Grove. They'll appear again next Fri. & Sat. Aug. 24 & 25. So, "When You're Hungry For Good Food and Thirsty For A Good Time" drop into the popular Ground Round - there's never a cover or minimum charge . . .

Bene Stein does it again. The popular manager of the Golf Mill Theatres in Niles is booking a new picture he believes will enjoy a record run. It's a sleeper called, "American Graffiti." It's been voted as the best picture to come around in many a moon. On Aug. 31, "Last Tango in Paris" is scheduled at the Golf Mill . . . this is a picture I've seen three times because the dialogue is so uplifting . . . so earthy . . .

Andy of LA VENECE RESTAURANT, 8743 Milwaukee ave., Niles, tells me that he will not increase prices nor will he sacrifice their high quality. He feels that if the people of Niles and the area continue to support them with their patronage that LA VENECE will be willing to make less profit and that volume is the answer for them to be able to offer the finest quality foods for breakfast, lunch and dinner. Andy says, "Beat Inflation" come to the LA VENECE when the prices are reasonable and the quality is the best."

Bob Garvey, owner of the FRED ASTAIRE Dance Studios, 7403 Milwaukee ave., Niles is a man who appreciates the finer things in life like the lobster that's served at the Beam 'N Barrel. Bob says the dance business was never so good and with each passing week, more and more new members are joining their special "Single-Mingle Club." And don't forget you can get two FREE dance lessons just by mentioning my name, "Ed Hanson" so what have you got to lose? Get with it - ballroom dancing is back - and it's the most romantic of indoor sports.

All the Chicago Cubs like lobster but it seems to me that lately they've been eating a lot of crow. But then the way they've been playing baseball (or not playing it) the Cubs really have nothing to "crow about." Hey! Hey! I think the Cubs are all nice guys. And you know what Durocher said about nice guys? ("Nice guys finish last.")

Had some Pastichio at the MILLBROOK RESTAURANT, in the Millbrook Shopping Plaza the other night and it was terrific. I like Millbrook's Pastichio and their Moussaka even better than lobster . . .

See you next week . . .

Inflation hasn't changed the price of ashes.

But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968 - today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth and keep it that way with automatic Inflation Coverage.
