District 207 Board Adopts 1973-74 Budget

A \$23,826,650 budget for the Main Township High Schools for the 1973-74 school year was adopted at the District 207 Board of Education meeting Monday evening, Sept. 24. The Board also approved the filing of the 1973 Certificate of Tax Levy to support the budget.

For 1973, the tax levy is expected to be established at \$2.496 per \$100 of assessed valuation, based on total assessed valua-

tion for the township of \$775,000,000. This is only slightly higher than last year's rate of \$2.48. The budget adopted Monday night contains ten tax supported funds and is the basis for the establishment of the tax levy.

At a public hearing immediately before the Board meeting, Harold Markworth, business manager of the school district, reviewed items in the tentative budget and recommended minor

changes in the capital outlay portion of its operations, building and maintenance fund and the instruction-supplies part of the educational fund.

Members of the press and others in attendance at the public hearing were provided with explanatory budget material which indicated how tax money for the district will be spent during the coming year. The information sheets contained comparisons of

the 1971-72, 1972-73 and 1973-74 budgets by category, listing the amounts in each of the various funds.

Local taxes are expected to account for 78.37%, \$19,458,725 of the district's anticipated revenue; \$3,214,748 or 12.95% is expected to come from the State of Illinois; \$44,000 or .18% is expected to come from the Federal Government; \$428,800 or 1.73% from interest on investments;

\$1,467,100 or 5.91% from student and community services and \$213,600 or .86% from all other sources.

Markworth was complimented by the Board on developing a document that, while it provides for expenditures on a level necessary to maintain the district's quality program, has kept expenditures in line with, or below, cost of living increases. The district's operational funds -

1st of the Month Potpourri . . .

About this time every year we like to remind the natives to get their apple-pickin' selves away from their TV football games and take the family north on Rand rd. (U.S. 12) for an afternoon of picking apples. We usually head for the Waiconda area where an afternoon atop a ladder, and a stomach full of apples, is a great way to spend a warm fall afternoon. On the way out from the orchards, stop off and buy some cider and donuts. And if your sweet tooth is still begging for more, invest in a few taffy apples at the exit.

Winding home you might wander off Rand rd. and head for Long Grove, which is a picturesque 2 blocks of quaint stores which will whet the curiosities of your lady friends. An area first discovered by antiquers, it has now blossomed into a commercial venture which has expanded in 4 directions off a country intersection. Long Grove is 4 miles northwest of Wheeling which is about 12 miles from Golf and Milwaukee.

As I've mentioned before my kids periodically remind me about the "Cheap Charley" side of my nature. They never mention it except when they're discussing money, which is, like always. Well, this unique quality enables me to find good restaurants with reasonable prices.

In Niles we have an excellent restaurant which is our "sleeper of the month." While it was formerly George Pock's pub, it has been renamed The Chambers and has a renovated restaurant in the back rooms which are pleasant and restful. On Thursday nights they have a Pastie special which is a most fitting and delightful dish. It's a popular meat and potato dish in upper Michigan and Wisconsin and actually is a Cornish dish which is a meal-in-one miners have enjoyed for many years. The complete dinner is only \$2.95 and includes a relish dish and great home-made banana bread. The restaurant also features great home-made soups and pies and is a great place for twosomes as well as families. We find it a great place to unwind, often stopping there at lunchtime as well.

Free golf for Niles residents

By Karen Wolfson

The President of the Niles Park District, Jack Leske, made a proclamation at the Board of Commissioners meeting Sept. 18 for a weekend of FREE GOLF for NILES RESIDENTS. Since its opening in August of 1971, the Tam Golf Course has steadily increased in popularity for golfers of both sexes and all ages. Many golfers have spent enjoyable hours on weekdays, weekends and holidays on the course which has received the highest

property and because an additional \$110,000 could be sold as revenue bonds.

The revenue bonds will now total \$665,000 and would be repaid out of the golf course revenue, Barrafato said. The J. Emil Anderson Co., the current owners of the golf course has agreed to buy these bonds at a 5-7/8% interest rate, he added.

The low interest rate on the bonds, Barrafato said, was part of the miscalculation of the purchase costs of some

dents in about 17,000 schools nationwide.

Raiders win cross country

The Oakton Community College Cross Country Team traveled to Gateway Technical College of Wisconsin and defeated its host 15-44. In the process, Oakton's Tom Wright ran a 20:46:8 four-mile time in a light rain and broke the Rolling Hills Illinois course record.

Finishing behind Wright were teammates Joe Cosentino in second, Tom Kroft in third, Dan Maher in fourth and Frank Balles in fifth. The first four finished under 22 minutes.

Last year, All-American Mike Gelderman was the only Oakton runner with a time under this mark. Gelderman has since graduated.

Next, the Raiders take on Milwaukee Tech, Elgin and Gateway colleges at Niles West High school on Saturday, Sept. 15 at 10:45 a.m.

NILES SAINTS DEFEAT BERWYN 44 TO 14

Less than 5 minutes after the game began this Sunday, the Niles Saints, given the ball for the first time, drove 70 yards down the field and scored on a 7 yard touchdown run by Ron Olesiak, the Saints leading rusher. Wally Schulz made the conversion and the Saints began the game out in front 7-0.

Five minutes later the Barons Rick Dorney scored on a 55 yard touchdown pass from Robbie Robinson, and John Moulash kicked the extra point.

Given the ball again, the Saints quarterback Gus Williams proceeded to pass the Saints down the field, six plays and 73 yards later, they scored on a 24 yard pass to Jim Greenhill. Schulz kick again was good and the Saints led 14-7.

The Saints defense held Berwyn, and 4 plays later they had to punt, 62 yards later the Saints scored again on a 10 yard run around end by Jim Greenhill. Wally Schulz kick was good and the score rose 21-7.

Three minutes later the Saints drove 50 yards and set up Ron Olesiak for a 3 yard TD plunge. A bad snap from center prevented Schulz kick and the score was 27-7.

One minute before half-time the Saints made an onside kick to recover the ball and 3 plays later with 27 seconds to go, Gus Williams threw a 37 yard TD pass to Jay Johnson. Schulz kick was good and the Saints led 34-7 at half-time.

Mid-way thru the third quarter, the Saints Dick Gould intercepted a Berwyn pass and ran it back 40 yards to the Berwyn 39 yard line.

The Saints then took the ball down to the Berwyn 10 where a 15 yard holding penalty put the ball on the 25 yard line for Wally Schulz, who kicked the field goal to give the Saints a 37 - 7 lead.

5 minutes into the 4th quarter, Berwyn was deep into its own end zone and punting when the Saints Linebacker Charlie Marston blocked the punt. It was picked up by Dick Gould and the Saint took over on the Berwyn 16 yard line, 3 plays later Jim Greenhill ran 9 yards off tackle for the final Saints touchdown, making the score 44 to 7.

In the closing minutes of the game, the Saints had two costly penalties adding up to 30 yards to give the Barons the ball on the Saints 35 yard line. 9 plays later Berwyn scored on a 1 yard touchdown pass from Robbie Robinson to Mike Stko, to make the final score 44 to 14.

Leading rushers for the Saints were Ron Olesiak with 90 yards and Jim Greenhill with 83. Olesiak had 40 yards in receiving and Greenhill had 24. The Saints total rushing was 216 yards, and their total passing was 212 yards. Berwyn had 28 yards on the ground and 192 in the air.

This Saturday the Saints return home to play the Bollingbrook Bulls at Notre Dame H.S., 7655 Dempster. Kickoff time is 8 p.m.

Soccer Results

(by Bob Gullberg)
The Maine East varsity kickers started out their season on the wrong foot by losing to Wheaton Central 3-2 on Tuesday, Sept. 11. Wheaton tallied first, late in the first quarter on penalty kick by Charlie Fajkus after Bill Yedor was detected handling the ball after a flurry in front of the Demon net. Shortly afterward, Lou Massong tied it up on a rebound shot off of his own indirect kick, awarded after the Wheaton goalkeeper violated the new 4 step rule. It was 1-1 at half-time, but 15 seconds into the third quarter, Fajkus scored again to make the score 2-1. Maine East bounced back again when Lou Massong headed Charlie Sellergren's direct kick in for his second goal of the game.

Most of the game was spent on Maine East's end of the field, but due to aggressive play by the defense, Wheaton was unable to score. The score was held at 2-2 after regulation play and after the first of two overtime periods. With 33 seconds left in the second overtime period, the Tigers caught the Demons sleeping on a corner kick which was tapped into the Maine East net by Lupe Macias for a 3-2 Wheaton victory.

On Saturday night, Sept. 15, a large crowd came out to see the Maine East kickers battle the Evanston Wildcats. In the first half of the game, both teams showed good defensive efforts although it was quite clear that the Demons controlled the ball most of the time. In many instances Maine East was on the verge of scoring, but they could not capitalize on Evanston's mistakes. At half-time the score remained deadlocked at 0-0.

In the middle of the third quarter, Evanston's center halfback dribbled unmolested halfway down the field and slipped the ball past Dave Weisbecker for the first score. This proved to be the downfall for the Demons as Evanston continued to play them for the rest of the game. Evanston padded their score late in the fourth period when the Demons were pressing for the tieing goal making it a 2-0 final score.

Although Maine East has lost their first two games of the season, head coach Bob Dollaske is confident that the kickers will come on strong for the rest of the season.

Dons down St. Joe 21-6

by Mike Lemanski

The Dons of Notre Dame started their conference season in good shape, downing the Chargers of St. Joseph by a 21-6 margin. Notre Dame is now 3-1 on the season, and 1-0 in conference.

Notre Dame, it was evident, came to play, as the defensive line forced a fumble on the first play. QB McCaskey could not move the team against St. Joe's massive line (an average weight of 246), so ND punted.

Sull, St. Joe could not move, and they were forced to punt. Both defenses stiffened even more, and after an exchange of punts, ND had the ball on St. Joe's 41. With a second down and 11 yards, McCaskey called a pop pass to end Buzz Naughton. Naughton caught the ball against his chest at the 36 and went all the way for a TD. Mike Weiss kicked the XP and the score was 7-0, ND in the lead.

When St. Joe's got the ball, ND's defense held again, forcing

Niles Falcons Pee Wees

The Niles Falcons Pee Wees defeated the highly rated High Ridge Chargers Sunday, Sept. 30, by a score of 6 to 0, for their third straight victory.

On the previous two Sundays, the Niles Pop Warner League team beat the Kilbourn Park Cowboys 14 to 0 and the Portage Park Vikings 25 to 12.

Sunday's game at Niles West high school featured a strong defensive battle by both teams. The Falcon's touchdown was scored in the second quarter by a quarterback sneak.

Following the Pee Wee game, the Falcon Junior Bantams battled the 1972 National Champions High Ridge Chargers. Niles lost 13 to 0 in another hard fought game, featuring both explosive and defensive football.

On Sunday, Sept. 9, the Village of Morton Grove set the cornerstone for the new Fire Station being constructed at the corner of Callie ave. and Lincoln. Participating in the ceremony were the Mayor, Jules Bode; all of the Village Trustees except John Hillkin who was out of town; Village Clerk Fred McClory; Fire and Police Commission Chairman Carl Eckhardt; Fire Chief Christ Hildebrandt and Captain Fred Hüscher; Architect Hal Steed; General Contractor Harley Stegeman of Aspen Construction and on and off duty members of the Fire Department and their families.

Construction is now well underway with the exterior walls almost complete and the interior work progressing nicely. The Village expects to be in the new station by about the middle of Feb. Completion of this new facility will shift the location of some of its equipment from the west side station to the new one to allow better utilization of equipment and manpower. It will also allow the department to increase the training and fire prevention capabilities of the department by increasing the work and storage space allocated to these activities.

North American Martyrs Council #4338, is holding their annual Communion for members and their families on Sunday, Oct. 7, at the 9:15 Mass at St. John Brebeuf Church in Niles, followed by breakfast in the Parish hall.

The Most Rev. Arthur J. O'Neill, State Chaplain and Bishop of Rockford urge "all Brother Knights, on this Corporate Communion Sunday to adopt as their special intention the theme of gratitude to God for the gift of life and the gift of faith." 'Alcoholism' subject of SJB meeting

Drinking is part of today's society. Yet, one out of every 12 social drinkers will develop into a problem drinker. What should concerned community residents know about alcoholism? "Alcoholism - A Community Concern" will be the topic at 8 p.m. Wednesday, Oct. 10, at St. John Brebeuf Catholic Church, 807 Harlem, Niles.

Presenting the program will be the Rev. John E. Keller, administrative director of the Rehabilitation Center of Lutheran General Hospital. The program is open to the public without charge. Among the subjects to be covered are: What does drinking become alcoholism? When is there reason to become concerned about someone's drinking? Information will be presented on the type of approach needed to help deal with alcoholism on the local level. Alcoholism is

classified as a disease and is treatable. Yet, an estimated nine million alcoholics in the nation are receiving relatively little medical attention.

Chaplain Keller has been involved in alcoholism treatment since 1955 and has been associated with Lutheran General since 1963. He is the author of two books, "Ministering to Alcoholics", now in its fourth edition, and "Drinking Problem?", which is in its second printing.

The program is one in a series of six being sponsored by suburban area. They are designed to help increase an awareness of what good health is and how the information can help bring about better health. Refreshments will be served at the conclusion of the program.

The program is being sponsored by St. John Brebeuf Church as a service to all residents of the community. It is being presented in cooperation with the Service League, Men's Association and Professional Staff of Lutheran General Hospital.

Card & Bunco party

On Friday evening, Oct. 12, at 8 p.m., the Women's Guild of St. Luke's United Church of Christ will hold a Card and Bunco Party in the Fellowship Hall at Harlem and Shermer rd. in Morton Grove.

There will be table prizes, door prizes and raffle prizes. Refreshments will be served.

The public is invited and tickets may be purchased at the door. Admission is \$1.50 per person.

New money order at MG Postoffice

A new money order with the limit raised from \$100 to \$300 per order will be available at Morton Grove post office on Oct. 13, according to Officer in Charge Donald L. Swanson.

Officer in Charge Swanson said the new system can save both the customer and U. S. Postal Service money. Buyers of the new money order will pay one fee - 40 cents - for money orders valued from \$50.01 to \$300. Fees for the lesser amounts will remain the same.

"Under the old system, a \$300 money order would involve three 40 cent fees for a total of \$1.20. The new system will provide a

2/3 reduction to 40 cents," Officer in Charge Swanson said.

The Postal Service has centralized administration of its money order system at the Postal Data Center in St. Louis. "It has the most advanced paper forms processing system of its type in the world and as a result of this efficiency the Postal Service expects to save about \$1.6 million a year," Officer in Charge Swanson said.

He said a new money order printer will replace the punch machine now in use. "The printer is based on the same method of printing as the credit card printers used in de-

partment stores, restaurants and gas stations. It is designed to save time and effort at the postal window," Officer in Charge Swanson said.

A three-part carbon inter-leaved money order form replaces the card form that is now in use. Officer in Charge Swanson says the larger customer receipt will be less easily misplaced, contains a complete record of when, where, and in what amount it was purchased, and will allow the Postal Service to provide faster claim service through machine processing.

The new money order form meets American Bankers Association standards for rapid handling and processing. Recipients of money orders will be able to cash them at 42,000 post offices and stations and 23,000 banks and branches, Officer in Charge Swanson said.

Artist Philip Hanson at Oakton

Morton Grove. Hanson will illustrate his talk with slides of his own work. The lecture series is a part of a course in Modern Culture and the Arts, taught by Dick Storing, assistant professor in humanities, at Oakton. The course is in the urban studies program.

The series is held weekly on either Tuesday or Thursday mornings. Featured speakers will include politicians, journalists, musicians, architects, in addition to artists and sculptors in Chicago's artistic community. For information, call Storing at 967-5120.

China exhibit

In grandmother's day china-painting was an art that was a "proper" hobby for young ladies and taught in many finishing schools. For some reason the art of china-painting seemed to disappear for a number of years—maybe it was the depression—maybe just lack of interest—but today all over the country and the world, for that matter, china painting has again become a favorite hobby of women, men, and young people (no generation gap in the world of china painting). Persons in the northwest suburbs of Chicago will be able to "behold and enjoy" over 2,000 pieces of hand-painted china when the Illinois Federation of China Painters holds its 7th annual China Exhibit, Oct. 11, 12, 13 at the United Methodist Church, 727 Harlem, Glenview. Door prizes for the public will be hand-painted cups and saucers. There will be artists from Illinois and from

as far away as New Mexico giving demonstrations throughout the show. Many antique hand-painted pieces will also be exhibited. Mrs. Arlene Zales of Glenview, is the Illinois Federation State President and has served as chairman for this show.

LETTER to EDITOR

'Gift of Life' day

Dear Mr. Besser:
On Sept. 19 I gave a pint of blood to the Michael Reese Hospital through the St. John Brebeuf Donor Program. This was a new experience for me but not an unpleasant one. The volunteers who operate the program are all professionals and very competent. The procedure is quite simple and certainly painless. However, there is one problem facing all Donor Programs in our area and that is that not enough citizens are offering to donate their blood. We can solve that problem quite easily by all donating just one pint of blood or more a year.

It was also explained to me that December is the most crucial month facing Donor Programs. Fewer donors give in December than in any other month of the year. The holiday season simply takes up too much time for most of us to think about donating blood. They say that a gift of blood is the gift of life and nothing could be more true. This

year let us all consider giving one gift of life and truly expressing the real meaning of the holiday season.
I propose that all the Mayors in Niles and Niles Townships declare Dec. 16 as "Public Officials Gift of Life Day". Each city has a Donor Program and facilities and resources for a massive one day project. Public officials such as mayors, trustees or aldermen, school, library and park district trustees, and state legislators should be willing to lead the way and give a gift of life. Certainly the citizens will follow the example of their elected officials. If successful, there will be no shortage in December in Niles and

Niles Townships. If successful, someone reading this letter now may have his or her life saved later. If successful, a child may live to see another Christmas. You see, the gift of life is really a matter of life or death and I believe that it should be a matter of life.
Mayors Frossel, Smith, Bode, Blase, et al, I give you a football. Please carry it well to victory on Dec. 16. Declare it, "Public Officials Gift of Life Day" and give the citizens the chance to support your efforts.

Sincerely,
Thomas W. Flynn
Trustee, Oakton Community College

Blood program

Blood donors for the second time this year, Mr. and Mrs. Benjamin Watkins, 8287 Elizabeth ave., converse with Niles Mayor Nicholas Blase, Volunteer workers from the Womans Club of Niles, Mrs. Dotti Krause and Mrs. Eleanor Ghardon (L-r foreground), prepare registration forms for the monthly Niles Community Blood Donor program.

The next blood drawing in the Village of Niles will be at Notre Dame high school on Oct. 18, 1973. If you haven't given, call the Blood Coordinator for an appointment at 967-6100.

The Candy Man Can

The Candy Man in the form of more than 28,000 Lions will be out Friday, Oct. 12, to set a record in the Illinois Lions annual Candy Day for the blind.

This year, the "Candy Man can" movie song refrain has special significance, as Illinois Lions work to meet a record breaking \$1 million goal. Last year Lions from some 600 clubs throughout the state raised a record \$850,000.

Our sights are higher this year," said A.G. "Ang" Marcheschi, 7943 Nora, Niles, State Candy Day Chairman. "We want to bring total Candy Day collections over the \$8 million mark."
During Candy Day's 20-year history, Illinois Lions clubs have raised and distributed \$7,300,000 to agencies helping the blind and visually handicapped. Although clubs throughout the state are united in their emphasis on helping the sightless with the proceeds of the one-day campaign, Lions also serve in other community areas—youth, senior citizens, underprivileged, civic improvement, and help to individual families.

"It is the emphasis on spreading light for the blind and visually handicapped, however, that best tells the Candy Day story," said Marcheschi, also State Chairman of the Lions of Illinois Blind Activities Committee.

Lions Club Candy Day

It's Candy Day time again or almost and we want to get an early start this year. Candy Day for the Blind, which will benefit the visually handicapped in our community, will be held Friday, Oct. 12.

You have helped us before. Will you help us again? You can volunteer your time by working either a.m. or p.m., by calling Lion Charlie Pickup, 966-5997.

Inflation hasn't changed the price of ashes.
But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968—today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth and keep it that way with automatic Inflation Coverage.

Centel directors increase dividends

Directors of Central Telephone & utilities, meeting in Pueblo, Colorado, Sept. 14, voted to increase the quarterly dividend on common stock, and authorized payment of an extra dividend.

At the same time, the widely diversified utility disclosed plans for financing its 1973 construction program.

The board raised the quarterly dividend rate two cents to 26¢ a share, and also declared a two cent extra dividend. Both are payable Oct. 31 to shareholders of record Sept. 24.

Robert P. Reuss, president and chief executive officer, said the higher dividend "reflects the strength of current earnings, and

confidence that our growth will continue."

Separately, Reuss said Central Telephone Co., a wholly-owned subsidiary, will offer \$30 million of first mortgage bonds in early December as permanent debt financing of the balance of the 1973 construction program. CTU operates the nation's 4th largest independent telephone system (Centel), as well as natural gas distribution and electric utilities.

Latest reported earnings, for the 12 months ended June 30, were \$1.79 a share against \$1.62 in the same period a year ago.

Central Telephone Company of Illinois is the second largest division of CTU, owning and op-

erating approximately 185,000 telephones in three areas: Des Plaines-Park Ridge, Dixon and Pekin. Of a \$120 million construction budget Systemwide, approximately \$18 million was spent in Illinois alone.

Ms. Clark stated that "the meeting with the Conference theme 'NATS Vital Dimensions' was the most important in this fast growing industry's history as the ground work was laid for setting the direction the industry will achieve in 1974 and thereafter." Miss Clark also states that "in our Chicago area, the temporary service industry, if utilized by business correctly, can be one of the most important developments in the concept of employment in industry today."

NATS is a national federated association of over 2200 suppliers of temporary services throughout the United States, which on a nationwide basis provides employment to an estimated two-million office, industrial, domestic and specialty workers... with an annual gross billing of all temporary services estimated in excess of one billion dollars annually.

1st National of Morton Grove parking facilities

The First National Bank of Morton Grove has upgraded its parking facilities by increasing the parking capacity and improving the traffic flow.

The lot south of the bank's main building has been rearranged to accommodate more autos. The entire surface was black-topped and marked with yellow lines to indicate parking stalls.

Entrances and exits have been identified with arrows and signs to assure a more orderly direction of traffic. The improvements increased the lot's parking capacity to 90 cars.

In announcing the expansion, president Marvin von Aswege said it is part of the bank's continuing efforts to improve all customer facilities and conveniences.

Plans also are in progress to add similar improvements to the drive-in and walk-up parking area on Dempster St. across from the bank, he said.

These are two good reasons to install extension telephones in the busiest areas of your home. Handy "step-savers" allow you to reach instead of run. Call your telephone business office for details.

Happy motoring to the Angelo's

Unique investment

First Federal Savings and Loan Association of Des Plaines, 749 Lee Street, Des Plaines, Illinois is currently offering a limited number of Certificates of Deposit in the amounts of \$100,000 or more, with a maturity of one year, that will return 8-3/4% per year according to John A. Eagleson, president.

"Of course, interest on these investment accounts may be paid monthly or at the end of each calendar. But they still provide a higher return than ever before in the history of the Association," Eagleson continued.

"Under existing regulations, funds withdrawn after 90 days prior to the one-year maturity will earn at the prevailing passbook interest rate, less 90 days' interest," Eagleson commented.

"In our opinion, these certificates represent one of the most profitable and stable investments that can be found anywhere in this period of economic instability," Eagleson concluded.

"The effective yield on these certificates is really substantially higher than the stated rate," Eagleson observed. "Because First Federal Savings compounds interest on a daily basis, the effective yield on the \$100,000 rises to an all-time high of 9.27% per annum when the interest is left to compound over the one-year period."

ED HANSON SCOOP! No Baseball at Wrigley Field Next Year!

So what's new about that. There hasn't been any baseball there for the past 28 years. I, along with 21,432 other poor souls, attended the Cub's wake last Sunday at beautiful Wrigley field with the paint peeling off.

But remember, Cub fans, it isn't whether you win or lose, it's how you play the game. And that's the trouble with the Cubs-how they play the game. The rest of the weak teams in the Eastern Division of the National league did everything they could to hand the Cubs the pennant on a silver platter.

But despite all the 'gifts' the Cubs received - (they won about 50% of their '73 games by luck or accident) the Cubs still folded in the stretch.

But as I said early in the season, this has been the Cub pattern for the past 28 years. And it won't change next year. They should keep Jose Cardenal and trade the rest of the team. All major league teams will honor Jose Cardenal next year in all baseball parks.

For when they play our national anthem before each game, the words will be, "Jose can you see . . ."

Jake, of JAKE'S RESTAURANT, 7740 N. Milwaukee ave., Niles plans to install TV sets for both the National and American league playoff games as well as the World's Series.

And that ain't all, Jake and Minelli Bros. plan to combine their two year anniversary celebration into one big huge affair. There'll be prizes, entertainment, toys for the kids and plenty of surprises too. The JAKE-MINELLI second birthday celebration is planned for sometime in November, the dates will be announced soon.

Jake expects record breaking crowds for this gala event. Don't forget family night is still on this week at Jake's. Tonight you can have Fried Chicken and Spaghetti, cole slaw or tossed salad, grated cheese, roll and butter for only \$1.85. AND YOU GET A FRESH PINE APPLE OR CHOCOLATE SUNDAE FREE with each family night special. Friday - there's Perch and Saturday there's Mostaccioli or Spaghetti with meat sauce. And don't forget that big, FREE Ice Cream Sundae (Pineapple or Chocolate) worth 55¢ is FREE . . . THE ONLY day you can't get this FREE Sundae is Sunday this week.

Hungry for food? Thirsty for a good time? Want to enjoy great FREE entertainment? Well, head for that popular place—the GROUND ROUND, Dempster & Waukegan, Morton Grove. Some wonderful new entertainment is scheduled for next week but I can't be specific at press time as I haven't received the word yet from Frank the manager . . . but rest assured it'll be top drawer . . . more about this next week . . .

Business must be good . . . Lorraine of the famous LONE TREE, 7710 Milwaukee ave., Niles accepted delivery of her brand new Eldorado Cadillac last week.

Mr. & Mrs. Angelo, of the popular BEAM 'N BARREL also took delivery of their new Cadillac from Hartigan last week. And two weeks ago Bob Garvey of the Fred Astaire Dance Studios of Niles showed up at the LONE TREE driving his new '74 Eldorado . . . I can't understand it . . . most everyone is knocking the Republicans while they drive around in their new Caddy's.

Dick Hogan who recently took over the Round Table Lounge of the DEVILLE MOTOR INN, 1275 Lee st., Des Plaines, tells me the full page ad he ran in all 5 Bugle Newspapers really pulled. According to Dick, "I not only drew a flock of new faces from the general public but I also had a terrific response from competitive newspapers. Space salesmen and entertainment editors came in and had a few drinks while they tried to sell me an ad in their sheets . . . business was terrific last week, Ed."

I certainly want to thank all the other newspapers in the area for responding to Hogan's advertisement in our papers . . . thanks . . . (E.H.)

Andy of LA VENECE RESTAURANT, 8743 Milwaukee ave., Niles tells me his leg is getting better (Andy broke it some weeks ago). "But, I feel great, Ed because my business is also breaking all records. I'm way ahead of last year's business and I attribute it to the fact that I haven't raised my prices nor lessened my high food quality." The LA VENECE is open for breakfast, lunch and dinner and you can't get better food or lower prices anywhere.

Last Friday at the "Single Mingles" affair held at the Fred Astaire Dance Studios in Niles, Bob Garvey was shot, Drake, the dance director was shot, Miss Fontaine was shot, and I was half-shot. But it was all in FUN. For the theme of the "Single-Mingles" dance was "Cowboys and Indians." One of the sketches which was a "put-on" about "Gunsmoke," was directed, written and acted by Bob Garvey. He also played the leading role of Matt Dillon, Bob who is having a weight problem had a bit of difficulty getting on his horse so that his entrance to the stage was delayed a few moments. And one of the Indians insisted on riding side saddle and he slipped off his horse. Aside from these technical errors, the script was a howling success and everyone, including Chester laughed. However, I think the late John Ford's, (master of the Western movie) reputation is safe.

See you next week . . .

Skokie Federal's Grand Opening

Grand opening of Downtown Branch of Skokie Federal Savings and Loan Association at 7952-54 Lincoln Avenue, Skokie is signaled as Skokie Mayor Albert J. Smith cuts ribbon. At Left is Allan Anderson, executive vice president Federal Home Loan Bank of Chicago. To the right of Smith are John R. O'Connell, Skokie Federal's president and Thomas J. O'Connell, vice president and manager of the new branch.

Skokie Federal directors and representatives of federal regulators gather at grand opening for SFS Downtown Skokie Branch, L. to r. are directors Herman Giamini, Timothy P. Sheehan, Dennis E. Rivelli and John R. O'Connell; Allan Anderson, executive vice president, Federal Home Loan Bank of Chicago and directors Thomas J. O'Connell and Norman Schack. Unable to attend was director Thomas J. Houser, who was out of town.

Skokie Federal Savings and Loan Association went "full circle" last Thursday, Sept. 27 as it opened its Downtown Skokie Branch at 7952-54 Lincoln, the southwest corner of the Lincoln-Oakton intersection.

The branch is in the same building that housed Skokie Federal's first office when the institution was founded in 1957. To celebrate opening its branch SFS is holding a month-long observance. Highlights include free gifts to visitors at the branch, as well as drawings for color TV sets and special gifts for savings both at the branch and the main office, 4747 Dempster.

The branch, first for any Niles Township financial institution, offers all Skokie Federal services except for the safe deposit vault. Teller stations at the branch and the home office are linked to the same computer and savings transactions are recorded instantly.

Architect and contractor for the branch, designed as a "mini-version" of the main office, is the firm of Bank Structures, Inc. The first SFS office was a storefront at 7944 Lincoln, just south of the new branch. SFS moved in 1960 to bigger quarters at 4915 Oakton, site of the old Skokie Public Library, and in 1967 occupied its permanent headquarters at Dempster and Skokie Blvd.

Girl Scout Troop 613

Fall is upon us again and with it comes another year in scouts. Leaders of Troop 613, Peg Maher and Connie Sparkowski had the Mothers Meeting on Sept. 17. With the start of another year comes the memories of many of the exciting activities of last spring. The annual baby shower at which wrapped and ribboned gifts or a cash gift are brought by the girls and then given to the children at Misericordia Childrens Home. Joy in giving is only one of the joys shared by the girls.

There was also the joy of a splash party, going bowling or sharing a pizza. Another annual affair is the Living Rosary which is made up of all the Cadets, Juniors, and Brownies of St. John Brebeuf Parish. Only those girls with the most perfect record for attending monthly Mass with the Catholic Womens Club are eligible to participate. There was a fine turnout by the girls which included: Mary Lee Berresheim, Gerylyn Christie, Colleen Croke, Mary Beth Dullen, Marianne Henson, Peggy Kloss, Carol Kurgan, Mary Kurgan, Margaret Larkin, Lori Lepak, Kathleen Maher, Marge Martin, Theresa Martin, Eileen McCabe, Nancy McCabe, Monica Mucha,

Mary Ann Patton, Judy Pekarz, Mary Beth Scheffler, Bernadette Smith, Pamela Sparkowski.

The year ended with an exciting trip to Happy Hollow for 2 nights and 3 days. The full day was spent at Kettle-Morraine Ranch. One activity followed another and the day was full. Horseback riding was added to swimming in the pool and a fun hayride. The girls returned home tired but happy.

To end the year the girls prepared and served their families at the annual picnic. Following the meal the girls entertained with a play. Also held was a Court-of Honor at which badges were presented to those deserving.

The last event was Colleen Croke, Peggy Kloss, Mary Ann Patton, Judy Pekarz, Mary Scheffler and Bernadette Smith becoming Cadets in troop 777.

As previously announced additional games will be played in Des Plaines and Park Ridge in the near future, date, location and time to be announced. The series of games was developed by co-chairmen Nick Costantino, Niles and Carmen Cesarlo, Morton Grove along with Committeeman Blase in an effort to give the Senior Citizens an opportunity to relax and enjoy themselves for an afternoon of activity.

For those senior citizens who have called and were unable to obtain tickets to the opening date, Maine Township Regular Democratic Organization is maintaining an attendance list of names in order to provide them with first choice when our second date is announced.

Boypower award

To provide better program in Scout troops and Cub Scout packs, the National President's Boypower Unit Award will be given to units that meet specific criteria, according to Irvin J. Sprawka, Council Commissioner of the Northwest Suburban Council, Boy Scouts of America.

The award, which is based on a "year" of eligibility from April 1 to March 31, is based on such items as registration, outdoor activities, advancement, participation in district or council activities, uniform reviews, and training.

The Boy Scouts of America is now in the fifth year of Boypower '76, an eight-year campaign to bring a better Scouting program to at least 1/3 of all American boys by the end of 1976," Sprawka said.

Lessons for Young Bicyclists to Learn

Lesson No. 5 - City Riding Safety

In this lesson we will talk about riding your bike safely on the city streets. A later lesson will cover safe riding in the country.

Riding a bike in the city can be more dangerous than riding in the country because automobile traffic changes direction more frequently and quickly in the city. Also, there are so many more things that auto drivers must do in city traffic such as, stop quickly, back up, speed up, slow down, change lanes, etc. So, to be a safe bicyclist you must naturally be very alert while riding in city traffic.

Here are some rules you should learn and practice whenever you are going to ride on city streets:

1. Avoid riding on very busy streets. NEVER ride on an expressway or freeway.
2. Always be sure you have a good grip on your handle bars with BOTH hands.
3. Always ride on the right side of the street, close to the curb, but watch for parked cars or people opening their car doors.
4. When riding with other bicyclists, always ride in SINGLE FILE. Allow a full bike's length between your bike and the one ahead of you.
5. Always ride YOUR bike alone. Never carry a passenger or large bundles. This throws you off balance and blocks your vision.
6. STOP, look both directions, before entering the street from a sidewalk, driveway or alley. Remember, cars move much faster than bikes!
7. Obey all traffic signals, signs you see. They are for YOU as well as for all others on the streets!
8. NEVER hold onto any moving truck, car, motorcycle, or other vehicles, allowing it to pull you along. Many bicyclists have been hurt badly, some even killed, in this manner.
9. Avoid riding your bike after dark. But, if you must be sure you have proper lights, (see Lesson No. 1), and wear light colored clothing.
10. When approaching intersections that have no stop signs, or other traffic signals, be prepared to put on the brakes at a moment's notice.
11. When crossing streets with heavy traffic, stop, get off your bike, and walk it across the intersection at a crosswalk.
12. Do not ride your bicycle on the sidewalk at any time.
13. Let people crossing the street go first. Always slow down, or stop, if necessary, to let them finish crossing.
14. Never "show off" while riding on the street. If you want to do "trick riding" or play games on your bike with friends, find an empty lot or area off the street entirely.
15. NEVER follow close to a slow moving car or truck, or try to race with them. Chances are the driver would not see you and if he had to stop in a hurry you might hit the back of his vehicle and could be hurt badly.
16. When leaving the school grounds on your bike, stop and look both ways and enter traffic very carefully. The sudden rush of bicycles leaving a school grounds, going in various directions into traffic is extremely dangerous!

From the LEFT HAND Continued from Page 1

In Morton Grove there's another "sleeper," a great pizza restaurant hidden away on one of MG's side streets at 8520 Fernald. Named the Pequod, a name borrowed from classical literature, the kupty-pined dining room has old radios in every nook and corner which should delight anyone who cares to look back at the 20's and 30's. But the deep-pan-baked pizzas is what this restaurant is all about, and it's a fun place run by a very engaging young man. Surprisingly, this is one of those rare places which has become known primarily thru one happy customer telling a friend, it's sort of an inside restaurant, and you get the feeling it's run as much for love as it is for money. The salads are fresh and crisp, and the spaghetti and sandwiches are quite exceptional.

This is becoming a column of sleepers, but its well the natives should be alerted so they won't miss what's going on around the town. Whether or not you're a baseball fan, a new movie, Bang the Drums Slowly, is a must movie for all cinema lovers. There's a marvelous quality to the film which is rare, and which we're not sure we can convey by writing about it. The movie has a feeling, not unlike a slow unyielding symphony. The rather soap opera theme is handled well, and with such plausible and realistic acting moves with an inevitability toward the climax with almost ballet-like grace. It's a fine movie which has come on the scene with little fanfare, a sleeper well worth your time.

If the proscenium of the theatre is your thing then you might trot down to the 11th Street Theatre for "One Flew Over the Cuckoo's Nest." The combat inside a mental institution between staff and the patients is the setting for this most dramatic play. At Monday's Jefferson Awards dinner this story ran off with 5 of the 13 awards presented for Chicago's best theatre for the past year. It's a drama-comedy which moves the emotional pendulum from laughter to depression. It probably isn't for everyone, but it's an important play, and well worth your time.

In our "Favorite Bookie Department" we're as much enmeshed in the reading about the current political scene as are most other bookies. This summer we quickly read George Reedy's "Twilight of the Presidency" which describes the almost monarchical quality of the United States presidency. The Reedy book has been a very important book for many months with much of what is written being used by all of us in everyday conversation. His warnings about the isolation of the President, surrounded by "Yes" men, was in print long before the Water-gate story came out.

Golf . . . Cont'd from Niles-E, Maine P.1

acclaim for its layout and excellent maintenance at all times. The Tam Golf Course not only has become a source of physical recreation and relaxation of the mind, but also it has proven to be an asset for the residents of the community and industries considering Niles as their home base. Twelve industrial leagues have played an important role in the promotion of golf. The golf course not only serves the purpose of recreation but it also provides badly needed and essential OPEN SPACE within this commerce and industry oriented community. Its contribution can be expressed in many different ways; the beauty of landscape and the effect on the reduction of air pollution are important means, among others. Many Niles residents are familiar with this golf course—one of the most valuable community assets but—unfortunately, there are still many who have not taken time out to acquaint themselves with the golf course as a resource of recreation, an esthetic asset for the community. It is for this reason that the Park District opens a weekend of free golf for Niles residents. It is hoped that many people will utilize this opportunity to

Tam . . . Cont'd from Niles-E, Maine P.1

of the 1966 agreement for the park board's option to buy the property for \$1.5 million. The board has until July, 1974 to act on the option. If the park board does not pick up the option then any other public body which includes TAM in its borders could seek the property.

The revenue bonds, as well as the general obligation bond issue now set at \$2,715,000, must be approved by residents of the park district, which includes most of Niles.

The general obligation bond will raise the tax levied on area homes. Originally for the \$3 million bond, taxes would have increased \$5.65 on a \$10,000 home. But that figure will now be somewhat lower, Barrafato said.

The sites to be acquired also coincide with the recommendations of the Save Open Space Committee. Along with the TAM property, these include the 3.6 acre Jonquil Terrace Park for \$185,000, a 4.5-acre tract near Golf Mill Shopping Center, the Golden Triangle area next to be recreation center, a 1.5 acre piece of land in the area of Greenwood Avenue-Chester Avenue-Betty Terrace, and the 1.5 acre cemetery site at Shermer and Halmiton Drive.

The total amount for land ac-

quisition is set at \$2.15 million. The remaining \$565,000 will go to improvements of existing facilities. This includes air conditioning of the recreation center.

The SOS committee will aid the park board in publicizing the referendum. The board already plans to publish a brochure explaining the implications of the referendum. Also Commissioner Walt Buesse will conduct tours of the proposed land purchases and existing park facilities each Saturday morning preceding the referendum beginning Oct. 13. The bus tours will begin at 9 a.m. from the recreation center.

The board will take final action on approving the bond issue referendum at meetings Oct. 9 and Oct. 23 at the recreation center. The meetings have been rescheduled to facilitate the time needed to draft the referendum ordinances.

Also at the meeting, the board approved a resolution to allow Niles firemen and employees of the Niles family services department to use the TAM golf course, free of charge, Oct. 10. The request had been made by the family services department on behalf of the fire department and themselves.

Dist. 63 Board disappointed in negotiation breakdown

To the editor:
The following letter from District 63 Board President, Mrs. Irene Luck, to EMEA President, Henry O'Neill, is of extreme significance.
We encourage you to print it in its entirety.

Dear Mr. O'Neill:
On behalf of the Board of Education of District #63, I wish to express to you and your negotiating team our profound disappointment concerning the EMEA's unilateral action of breaking off negotiations between the Board and the East Maine Education Association on Tuesday, Sept. 25, 1973.

That you should exercise such arbitrary action without first affording the Board's negotiating team the opportunity of speaking to the issues under discussion raises serious questions with the Board concerning the sincerity and good faith of the EMEA in seeking to resolve present differences between EMEA and the Board of Education.

The picketing efforts of EMEA in the negotiating room in an attempt to create an atmosphere of intimidation and threat and the EMEA's demand that the teachers' organization have the right to determine the membership of the Board of Education's negotiating team as a condition of further negotiations are actions that cannot be condoned or accepted by the Board.

The Board of Education has consistently indicated that it believes in the negotiating process and is willing to employ such a process in establishing a negotiated agreement between itself and the EMEA. However, the Board is not interested in engaging in games and bad faith activities that cannot possibly result in the best interests of the children, teachers and parents of District #63.

It is the intent of the Board to continue to meet its commitments in developing a negotiating agreement between itself and the EMEA. Hopefully, you as President of EMEA share this attitude on behalf of the EMEA. Consequently the Board stands ready to continue negotiations between itself and the EMEA as quickly as appropriate arrangements concerning date and time can be determined by yourself and the Board's negotiator, Mr. Fred Lifton (332-7760).

Very truly yours,
Irene L. Luck
President, Board of Education
