Blase to seek 3rd term in Maine Twp. Demo post

Nicholas B. Blase, Mayor of the Village of Niles announced last Friday at a press luncheon that he will seek reelection to a third term as Democratic Committeeman of Maine Township in the primary scheduled for March 19.

Blase issued the following statement at the luncheon officially announcing his candidacy.

After deliberate consideration I have decided to seek re-election to the position of Democratic Committeeman of Maine Township.

The position of Democratic Committeeman in the suburbs is not truly all it is meant to be, primarily because of the attitude of the Democratic Party of Cook County led by Mayor Daley.

I do see rays of sunshine on the horizon which would indicate that in the next 4 years the Democratic Party of Cook County will indeed become more aware of suburban democrats.

Because I have fought hard for the last 8 years to try to give the suburban democratic voter a greater voice in his party, I think it would be most appropriate if I were around when he finally got that voice. Our Party is obviously opening up with more consideration being given the quality candidate for public office, and greater participation by all segments of our society.

I look forward in the next 4 years to an ever growing democratic count and to the fulfillment of what once was a dream, that being Maine Township holding its own on a 50/50 basis with the Republicans in any major election.

Nicholas B. Blase

Blase also stated that he would not seek any other office in 1974. He said he would be willing to endorse Abner J. Mikva if Mikva Continued on Page 27

Strike threat hangs over negotiations

MAY NEED MEDIATOR IN DIST. 63

Monday night School District 63 board members and the East Maine Education Association will sit together with their negotiators in hopes of breaking their present logjam position which could lead to a teachers' strike by October 24.

At Tuesday night's meeting there seemed to be a genuine desire on the part of both groups to avoid the strike which they both agreed would be most harmful to the children in the district.

Henry O'Neill, a teacher at Apollo Junior High, and president of the Association, said a date for the strike was voted upon a month ago in the event the groups could not agree. A more conciliatory statement came from Gemini teacher Philip

Bib of the Month:

Esquire magazine's fortieth anniversary issue is now at the newsstands selling for \$2. It has gleaned some of the best writing from this period which first appeared in Esquire. The introductions to the decades of the twenties, thirties and sixties by F. Scott Fitzgerald, Ernest Hemingway and Gary Wills are worth the price of the entire magazine. The 600 plus pages have so many significant short stories and articles we're considering sending our copy to the bindery to insure its permanence.

Study need for Dempster-Shermer traffic signals

By Phyllis Weisberg

After a lengthy discussion on the subject of a much needed traffic signal at the intersection of Shermer & Dempster, the Traffic & Safety Committee decided to ask the Village Board to pass a resolution in favoring the installation of traffic signals at that location. The new Traffic & Safety Committee is headed up by Trustee David Cohen. Others serving on this committee are Leonard Happ, Frank Novak, Milton Erickson, James Pritikin, Karl Oest-

Niles Pee Wees are tops

The Niles Falcons Pee Wee team clinched the No. 1 spot in its league Sunday, Oct. 14, by shutting out the High Ridge Chargers 12 to 0 for its fifth straight win.

A jubilant Bob Babcock, head coach of the scrappy Pop Warner League team, handed out No. 1 patch to each team member following the game played at High Ridge.

The game Sunday was the second time this year that Niles shut out the Chargers, the top-rated squad in the league last year. Two weeks ago Niles beat High Ridge 6 to 0.

On Sunday, Oct. 7, the Niles Pee Wees battled the Skokie Raiders.

We Told You So Department:

In our September 13 issue we reminded sports fans while Chicago sports writers were touting the Bears as a winning team, Las Vegas odds makers "placed the Bears at the bottom of the heap in their division." We reminded fans "By November or December the same hand-dog look which appears on Cuba's fans faces will be worn by Bears' fans." On this point we did error. That hand-dog look first began appearing in early October when the "monsters of the Midway" got zonked by the New Orleans Saints. Last week's second zonking can only be bad news for Abe Gihron.

When the Cubs were sputtering at the end of their seasons during the past years, Chicago sports writers were seeking the scalps of Managers Durocher and Lockman. It would seem from here Wrigley deserves the blame for the Cubs and Halas is responsible for the Bears poor showing. We're convinced the players on all professional teams do put out to the best of their abilities, Managers and Coaches are usually the scapegoats for owners who do a poor job of administering their sports businesses. Wrigley doesn't watch his sports store at Addison and Clark. And Halas has had his newer competitors catch up and pass him while he has lived on past glories. Both men would do Chicago fans big favors if they'd keep their coaches but sell their teams. We fans deserve better.

The Saints controlled the game until minutes before half time when the Gladiators, QB Steve Lick threw a 15 yard TD to John Iacobazzi. Al Steinberg, the Gladiator kicker missed the conversion, and at half time the Saints led 7-6.

The Saints took the opening second half kickoff and drove it down the field to the Gladiators 48 yard line where Gus Williams pitched out to "Zoom" Powell who broke down the field score. Wally Schulz kick was off and the score rose 13-6.

MNLL AWARDS DINNER

For the first time, both parents are invited to join their sons at Maine - Northfield Little League's annual Awards Dinner, Oct. 23 at the White Eagle Restaurant, 6845 Milwaukee ave., where this year's MNLL championship teams and all stars will share the spotlight with Carmen Fanzone, utility infielder of the Chicago Cubs.

Traditionally the affair, open to the entire League, has been for fathers and sons and has featured speakers such as Rick Monday, Milt Pappas, Cliff Korral, Steve Blas, Don Kessinger, Glen Beckert, Ron Santo and other stars of sports and show business. It has also been traditional, and now somewhat of a MNLL superstition, that most of the honored guests have gone on to their greatest performances following their Maine-Northfield appearances.

In addition to the featured guests and trophy awards to members of the Semmerling-Fence, Biggy's Restaurant, Murnane Paper, Nick Blase Majors, and 3 all star teams, special awards will be made to all minor league players and the sponsors of all championship teams.

One new award will be presented for the first time this year and, by act of the MNLL board, will become an annual presentation. It is the Bob Hoffmann award for sportsmanship, to be awarded to the manager who most displays the conduct and attitude shown by the late manager and board member for whom the award is named. Another annual award, of which Mr. Hoffmann was once a recipient, the Bill McCarty award for outstanding service to Maine-Northfield Little League, also will be presented.

Another feature of the evening will be the official seating of the league's new officers elected at the Sept. 21 board meeting. These officers are: Mick Levinson, Des Plaines, president; Dick Ruske, Glenview, vice president; Harry Sutphen, Glenview, treasurer, and Lorraine Greenberg, Northbrook, secretary.

New board members include Sam Bartalotta, Glenview; Howard Bersh, Des Plaines; Sherman Klausner, Northbrook; John Olszewski, Northbrook; Bill Di Gillo, Northbrook; Marty Ellis, Niles; Bob Knauber, Mt. Prospect; Ira Greenberg, Northbrook; John Wilcox, Mt. Prospect, and Stewart Addis, Glenview. Player agent board members elected include George Zoerner, Mt. Prospect; Bob Knauber, Mt. Prospect; Jordan Matulef, Niles; Chester Pinas, Glenview, and Bob Kaufman, Des Plaines.

Retiring officers and board members to be honored are: Bill McCarty, president; Lorraine Ostrinsky, secretary; Jack Koller and Carl Deutsch, player agents, and board members Bob Glass, Col. Oscar Mall, Rick Wilson, Larry Lent, and Lee Kay.

PRODUCT PRICE + SERVICE

These are the three things to consider when you are in the market for a communications system. First there is the equipment. Is it quality? Will it last? Is it the right communications tool for your situation?

Then there is the price. Does it include maintenance and a full guarantee? Are there hidden costs? Do you pay for maintenance whether you need it or not?

Last and most important is service. You are dependent upon your communications equipment. If it fails, who will fix it? How long will you have to wait? What will it cost? Will it be done right the first time?

Your local telephone company, a part of the Centel System, wants you to know what you should be getting for your communications dollar. Once you know the facts, you'll realize Centel is the complete communications company.

Nickols - Haeffele

Mr. and Mrs. Andrew G. Nickols, Lincolnwood, and Mrs. Dee Haeffele, Lansing, Ill., celebrated the nuptial vows of their children—Joanne and Keith, in a double ring ceremony on Sunday, Aug. 19, at the Saint John the Baptist Greek Orthodox Church, Des Plaines.

The liturgy officiated by Father Monasaki was conducted in both Greek and English in the two part ceremony, and was blessed with two Best Men, Spero Giampoulos, godfather of the bride, and Jeff Kablitz, friend of the groom. Cleopatra Ellis, sister of the bride was Matron of Honor, wearing a white umpire gown with embossed rose buds, along with the other bridal attendants, which consisted of Susan and Lynn Galanos, Pam Passias, cousins of the bride, Bonnie Drus, Kathy Nackbauer, Junior Bridesmaid was Diane Drus, and Laura Drus, flower girl. Their bouquets were made of carnations, red and white tea roses and baby's breath sprays.

Breathtakingly beautiful, the bride wore a white gown of imported Organza, embroidered with lace inserts down the front and gracing the hem line. Her cathedral length veil also had the lace inserts throughout and was attached to a hand-made beaded head piece tiered in silk illusion. She carried a bouquet of stephanotis and white carnations.

The ushers sporting white tuxedos with ruffled shirts escorted the girls, were Dean Nickols, brother of the bride, Bob Kasacc,

Rich Shaffer, Trent Haeffele, Bruce Haeffele, Junior Usher Mich Haeffele, and ring bearer Wayne Haeffele, brothers of the groom. The crowns that signify the couple will supremely reign under the Divine Kingship of God were carried by Andy Galanos, cousin of the bride.

A reception followed at the Black Steer-Supper Club with music provided by Perry Fotos and his orchestra.

The bride is attending St. Annes' Nursing School, after returning from a honeymoon trip to Canada and Cape Cod. A European trip is planned for a later date.

Niles Art Guild

The Niles Art Guild is proud to announce the acquisition of a new exhibit area in the Tam O'Shanter Raquet Club at 7847 Caldwell ave., in Niles. Each month, a new "one person" show of a member of the guild will be displayed in the lounge of the club.

The first presentation (for the month of October) is that of Marge Berles, president and co-founder of the guild, and a former Mrs. Niles. Marge got an early start in the art field when, as a child, she helped her father design patterns to carve on cigar boxes. She majored in art and music in high school, and in her second year competed for, and won an art scholarship, not only that year, but the next two years as well. Twelve hours a day in nurses training at Columbus hospital, and then a cadet nurse at Vaughn general hospital in Maywood left little time for art in her young adult years. Marriage and three children didn't help the art cause any either. It took an illness and restricted activities ordered from the doctor to revive the desire and provide the time for her love for drawing.

For Christmas, hubby gave her a starters oil paint set, and a new media was added to her talents. Not satisfied with her results in oil, Marge enrolled in night art class at Maine East, then private studios.

After one art fair, she became determined to start an art club, and with Edna Walger, who was also determined to create an art club, they formed the Niles Art Guild in 1963.

The gallery of the Niles Art Guild at the Lawrencewood shopping center was the beginning of Marge's private showings. The Golden Dinner Bell in Morton Grove, Niles Public Library, Howard Johnson in Lincolnwood, First Federal Savings, Town and Country Beauty Shop-Northbrook, Lutheran General Hospital, Niles Village Hall, Niles Family Service Center, Village Art Gallery in Skokie, and new Tam O'Shanter Raquet club. Then there were art fairs, too numerous to mention, including the Lawrencewood Art Fair sponsored each year by the Niles Art Guild, and of course, the Golf Mill fair.

For the past seven years, Marge Berles has continued her studies at the Village Art school in Skokie where just seven months ago she enrolled in a newly formed water color class, and already is excelling her oil painting techniques.

New eligibility standards

District 207's free lunch program

Because of higher food costs at the wholesale level, the price of Type A lunch for Maine Township high school students has been raised to 85¢ for the current school year -- a 5¢ increase over last year's cost.

A policy to provide free lunches to those high school students whose families cannot afford to pay the price of the meal has been developed by Maine Township High School District 207 in cooperation with the U.S. Department of Agriculture and the Department of School Food Services. The school district will provide lunches free to students whose family income level meets the eligibility standards indicated below:

Annual Gross Income	Family Size
\$2,740	1
3,600	2
4,460	3
5,310	4
6,100	5
6,890	6
7,600	7
8,310	8
8,960	9
9,600	10
10,240	11
10,880	12
600	Each additional family member

All children are treated the same in the Child Federal Lunch Program regardless of their ability to pay for their lunches. In the operation of the Child Federal Lunch Program no child will be discriminated against because of his race, sex, color or natural origin.

These determinations are based on national guidelines used in participating schools throughout the United States and prescribed by the Secretary of Agriculture. In addition, consideration will be given to any unusual circumstances, such as family illness, unexpected expenses due to fire or similar disaster, seasonal unemployment, and similar emergency situations.

A letter giving information about the school district's free lunch policy has been sent to parents of all Maine high school students, along with an application form and information regarding procedures for application. Parents who believe that their children may qualify for free lunches are urged to fill out the application blank and return it to their child's school. Such applications will be reviewed within ten days and the family notified in writing of the decision made. Information provided on the application will be held in the strictest confidence, and the anonymity of each student receiving a free lunch shall be insured.

Those who qualify will be served a well-balanced, Type A lunch, consisting of meat or an alternate protein-rich food, a serving of 2 or more fruits and vegetables, bread, butter and milk. Planned to provide from one-third to one-half of the nutritional needs of school children, the meal will be identical to that served to paying students who will be charged 85¢ daily for the lunch.

9,600	10
10,240	11
10,880	12

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. There shall be no discrimination against any child eligible for free lunch because of sex, race, color, origin or nationality.

District 70 students elect leaders

Park View Junior High students recently experienced many of the important political activities of an election as they chose their student council for the 1973-74 school year.

After forming 8 political parties, the students took part in campaigns, rallies, speech making and a large convention before they cast their ballot for their favorite contenders. Due to many candidates, a run-off election finally produced a clear cut victory for the student council leaders. They were: President, Jim Di Bastino; Vice President, Robin Solway; Secretary, Sue Arndt and Treasurer, Marge Gump.

Jim, Robin and Sue are 8th graders and Marge is a 7th grader. The entire election proceedings were under the direction of Charles Adams, Park View's Social Studies Department Chairman.

ED HANSON 'A LITTLE KNOWLEDGE IS A DANGEROUS THING.'

"What has turned the American dream into a nightmare," asked Professor Klotz.

"Education," replied the learned professor.

"That's a strange answer coming from a former outstanding educator like you, professor."

"Nonetheless, I believe it to be true." The professor sighed and wiped away a tear with his sleeve.

"Why?"

"Education is the cause of most of our woes," cried the professor wildly.

"But I always thought education was a great benefit to our society."

"Bahl College enrollments are today the highest in our history. Students nowadays are better informed. They've become involved in everything. Politics, war, air and water pollution, movie-making, love-making, V.D., L.S.D., pot. You name it-they're involved in it."

"But isn't some of it good, professor?"

"For what? It will only result in more inventions which will result in more woes for mankind."

"Could you explain that more fully, professor?"

"Yes. As religion sprang from art, so invention sprang from education. As our frontier disappeared, as cities sprang up, so did places of higher education; the universities, the laboratories and colleges. People, because of a better educational process began to invent more things."

"What things, professor?"

"The modern auto, the jet plane, huge blast furnaces, mammoth electrical power plants, rockets, tanks, super bombs, nuclear weapons. Mass production and industrialization are by-products of invention. Invention is a by-product of higher education, is it?"

"It is these very inventions used for commercial greed which are a direct result of higher education that are now polluting our air, poisoning our rivers and lakes and killing off our people and wildlife."

"Anything more of a detrimental nature which education has wrought upon our society, professor?"

"Plenty. Higher education further complicated a complex political system. It consistently devised new and constantly higher taxes. It created new laws which aided and abetted the affluent which in turn caused an expansion in graft, corruption, crime and ghettos."

"Go on, professor . . ."

"Technology advanced electronic education and profit motivation expanded radio and television. It brought war, riots, crime, hunger marches, killings, sex and commercial claim cure-alls for every disease and problem known to mankind right into our living rooms."

"And, professor . . ."

"Higher medical and pharmaceutical education invented every conceivable type of pill or drug, many dangerous, to soothe us, save us and help prevent us from going nuts while we are constantly told by educators, scientists, students, politicians, philosophers, doctors, generals, lawyers, TV commentators, editorial writers, etc., the pro and con of our present plight."

"In the light of present day happenings, professor, it does seem we live in a crazy mixed up world. What's the answer, professor?"

"What the world needs now, Ed, is a return to ignorance."

"But why, professor?"

"Because ignorance is bliss . . . you'll visit me again, Ed?"

"Certainly, professor." I said as I took my leave from Professor Klotz's rubber room in the Restville Psychiatric Sanitarium . . .

Miss Glenview "Annie Get Your Gun" pageant

The Glenview Jaycees are continuing their search for participants in the Miss Glenview Pageant. Young ladies from Niles, Maine, New Trier, and Northfield Townships are eligible.

Meanwhile the pageant committee is busy at work on the many other areas involved in planning the pageant. Jaycee Terry Leas, with the help of Mr. Howard Werner, father of our reigning Miss Glenview Patty Werner is busy raising the much needed funds for expenses as well as the winner's scholarship. This revenue is obtained through the sale of ads in the pageant program as well as scholarship donations. Terry is also coordinating the printing of the pageant program.

Dale Johnson is the producer of the show. Jaycees Morris Robinson and Bob Cathercoal have the job of financial chairmen and Bob Engeldahl is the publicity chairman.

The Jaycees have enlisted the help of Mrs. Karen DeWert, a former Miss Michigan in getting the contestants ready for the pageant. This is just the beginning of a never ending list of dedicated people who are striving to give the contestants a good chance to perform their talent as well as win scholarship money and have a chance to go on to the Miss Illinois and Miss America Pageants.

With all this effort being put forth, any prospective entrant can be assured that she will have every chance to present herself well.

Any girl interested is invited to contact the pageant committee and discuss her participation. Call Dale Johnson at 729-4398 or Bob Engeldahl at 724-4806 or stop at Rennecker's Pharmacy.

Costume coordinator Mrs. Judy Castaldi (l.) and student director Pam Miller organize garments for the opening of Maine North's production of "Annie Get Your Gun." The play will open on Oct. 26 and run Oct. 27, Nov. 2 and 3. Other student assistants to the director, Mr. Jack Olander are Lori Schoenherr and Bonnie Lutzow.

Maine Demos 'Roaring Twenties' dance

Have you ever wondered what a "ROARING TWENTY" was? Maybe you asked yourself the same question when you heard the words Flapper, Bath Tub Ch, Chopper, Twenty Three Skidoo or Oh You Kid! Well the answers are quite simple. They all mean that the Maine Township Democratic Organization is getting ready for their annual Children's Christmas Party. Of course the Democrats never get ready for a party in the usual

way. They have to be different and different they are. They are getting ready for one party by having another party.

The Maine Demos proudly announce their annual "Roaring Twenties" dance and get-together will take place on Nov. 10 at the Bunker Hill Country Club in Niles. Everyone is invited and you don't have to be a Democrat to enjoy all the fun. The dance or is-it a costume party features dressing up in the wildmad styles of the 1920's. The Flapper, the Black Bottom, the Shoe Shine Shuffle and Charleston will all be back in style for one more madcap night. Come and find out what a black garter is and how it was used in a million holdups.

There will be prizes for the best costumes, some for the worst and some just will be given away to anyone attending, but the biggest prize is that over 4,000 Maine Township Children will have a Christmas Party at the Golf Mill Theatre. Remember, the "Roaring Twenties" dance is on Nov. 10 at Bunker Hill in Niles beginning at 8 p.m., until the joint is raided.

Everyone is welcome and the more the merrier. Tickets are only \$3 any may be purchased from any Democratic Precinct Captain or by calling 692-3388.

Come join the fun and if you can't, then buy a ticket anyway and make some child a little happier at Christmas time.

P.S. Don't tell Big Bill Thompson, the Nederal DA or we might all get busted.

Symphony soloist

Gary Strucka, cellist, of 8905 McVicker in Morton Grove has been invited to be the guest soloist of the Fox Valley Symphony Orchestra at their opening concert of the season on Sunday, Oct. 21 at 7:30 p.m. The concert directed by conductor Ronald Schweitzer will be held at the Aurora West High School auditorium.

The program will include Aaron Copland's "Appalachian Spring" and Saint-Saens "Concerto for Cello and Orchestra" featuring soloist Gary Strucka. Tickets at the Door will be \$2.50, adults and \$1.25 students.

Friendly cyclists

Dear Sir: On a recent Sunday morning, I had the opportunity to use the bicycle paths located in the forest preserves adjacent to the Village of Niles. While riding my bicycle along these paths, I was elated to exchange a "Good Morning" greeting with many adult cyclists. Incidentally, smiles accompanied this wonderful greeting.

It's refreshing to see many people riding on a beautiful day with a message of good will in their hearts. If this feeling became contagious, a new trend might develop in this country. Anthony J. Guaracchio 8015 N. Wisner, Niles

We will remember Yom Kippur

Dear Editor: When in the course of human events it becomes necessary for one people to support another people whose fundamental beliefs of Democracy are the same let it be said in history that the American people chose to stand in defense of the basic principles of democracy wherever they were attacked. Let it be said of the American People that we hold these truths to be self evident that all men and women are created equal and that we will stand in defense of this credo of our nation and its heritage when it is evoked by any other democratically minded people wherever they might be and wherever their land is located. Let it finally be said of us that we will remember Yom Kippur 1973 as a day in infamy as we do the day of Sunday, Dec. 7, 1941.

The words are of course a paraphrase of Thomas Jefferson and Franklin Roosevelt but the thoughts are as alive today as when first spoken. Now it is not the United States under attack but rather the State of Israel. Are the words any less appropriate for their Democracy than ours. I think not. Let us all reaffirm the principles of democracy taught to us by our revolutionary forefathers. Let us all write President Nixon and demand that the single lantern light of democracy in the Middle East, Israel, not be snuffed out by those supported by atheistic communists. And when in history we Christian Americans are asked what was our finest hour may we answer, Yom Kippur, 1973.

Sincerely, Thomas W. Flynn Niles, Ill.

Golden Opportunity

Dear Editor: On Nov. 17th the citizens of Niles, Illinois have the privilege of voting on a referendum concerning the purchase of the Tam Golf Course.

The Tam course was reopened in 1971 as a nine-hole layout, it is probably the best constructed and maintained course in Illinois. The course is open to the general public, with special rates for the Niles residents, senior citizens and our youngsters of golfing age. Tam is known to golfers from all parts of our country, many of them visit our course each year and reminisce about their earlier pleasures in watching the great tournaments, or belonging as members to the old Tam O' Shanter Country Club. We have listened to the account of Lew Worsham's great wedge shot over and over, Julius Boros' \$50,000 first place award, The charisma of Doug Sanders, ChiChi Rodriguez and Ben Hogan will live forever in the memory of Tam golfers.

Tam is not only a golf course but also a landmark that we should be proud of and vote to keep in our village. Earl J. Hayes Tam Golf Course Niles, Illinois

LETTERS to EDITOR

In the Name of God, What are we Doing?

Dear Editor: In each man's life there comes a time when he sinks to his knees and places his head in his hands and cries. He cries out against man's inhumanity against man or because the struggle for life is too much for him to overcome. Fortunately, most men rise up on their own two feet and walk forward into an unknown future and survive.

In 1945 in Germany my uncle came upon his time. Ten miles from where his armored column smelled the stench of inhumanity. Five miles more into the future those American Soldiers knew they were going to enter into a Hell on earth. However, none of them could believe what they found. The SS had retreated but a few hours before but they had done their work well. They killed almost every single person in their concentration camp and burned the bodies. The rot and stench of decay filled the air like a cloud. That day my uncle did not survive. It took him 25 years to die but he died a little each day. He never forgot what he saw and lived his experience over each night in nightmare.

Today is not 1973 but rather it is 1935. Once again we are living the beginning of a nightmare. Once again the victim is a Jew. Once again the Jew is being hunted like an animal and killed out of pure hatred. The only difference is that the Jew is Russian and not German and the hunter is an Arab or Russian and not a Nazi. But, it really is 1973 and not 1935. We are not a prostrate nation in a depression but rather the most powerful nation in the world. We can stop this genocide before it happens. We have but to remember 1945 and determination not to let it happen again. We must strangle this hatred in it's cradle and bury it forever.

The president of Standard Oil of California calls for abandonment of Israel. Let us write him the words of America as spoken at the Battle of the Bulge "Nuts" The President of the United States asks our Congress to grant most favored nation status to the USSR. Let us write our Congressman and Senators and tell them our answer is "when the last Russian Jew stands on his own two feet in Israel." The President of Libya calls for Arab blackmail on oil shipments to America. Let our answer be that we will burn coal mined in Southern Illinois. Let America say to the world, "We hold these truths to be self evident that all men are created equal."

America today is like a man with his head in his hands and about to cry. Let us rise up and say "not again." Write Congressman Sam Young, Senator Adlai Stevenson and President Nixon and demand that they refuse the USSR favored nation status until the Russian Jewry are allowed to live wherever they desire. Write these men and demand they try to stop the persecutorial genocide of Russian Jewish women

reck, Police Chief Norman Glauner, Fire Chief Christ Hildebrandt, Administrator Fred Huber, Wayne Adams & Supt. of Public Works, Jim Dahm, Both School Districts 67 & 219 and the Village of Niles have expressed their concern over the traffic problems at the corners of Sherman & Dempster and Mayor Blase of Niles has asked Morton Grove for its support in persuading the state to install traffic signals at this hazardous intersection. A letter will be sent to Mayor Blase informing him of Morton Grove's decision to cooperate fully on this matter.

A group of citizens was present to complain about traffic problems on Ozark & Greenwood and also down Enfield, especially during the hours of 5:30 p.m. to 6:30 p.m. and from 8:00 p.m. to 9:30 p.m. The committee agreed to study the problem and attempt to reach a solution. Mrs. Dick, Principal of Melzer School, asked the board if it would be possible to block off traffic around the school when and where parents come to drop off or pick up their children. There is an especially big problem during rainy weather. Mrs. Dick asked if barriers can Cohen answered, 'I don't see why not. Just so long as they are taken down when not needed'. He also suggested the public works department might supply the horses to be used. Jim Dahm, Supt. of Public Works said that it would be advisable to post STREET CLOSED DURING SCHOOL HOURS signs, and the committee agreed.

In other business the committee agreed to post NO PARKING signs north on Lincoln Ave, from Ferris west to the RR tracks. They also heard from Ray Shanoff who lives on the west end of town and suggested stop signs be posted at all intersections in Morton Grove except on main streets. 'I've seen so many incidents and my own son was involved in an accident. Weekends are more troublesome,' said Shanoff. Chief Glauner said sometimes stop signs don't always stop accidents but can cause them, particularly rear end collisions. Fred Huber said these signs are only effective if they can serve a useful purpose and Dave Cohen said a driver who would drive too fast in the first place would not heed the stop signs. Then Cohen said he felt the committee did not feel the suggestion was valid. Mr. Shanoff replied he would then attempt to have a petition signed and Cohen promised to discuss the matter with the village engineer.

As of Jan. 1, 1974, right turns will be permitted after a stop at a red light unless posted otherwise. Chief Glauner suggested

We've Been There Before

Niles village president and Maine Township Committeeman Nick Blase hosted a luncheon last Friday at the Millionaires Club for poor newspaper people. Obviously, since the guy was paying for the beef, he was also announcing he will run for a 3rd term as Maine Township committeeman.

After being engrossed in the Watergate brouha during the summer months, and being demoralized by the Agnew confession last week, we were hopeful some politician would give us some renewed faith in our political system. But listening to Blase answer questions, without any preparation, is the same old malarkey. In discussing the Democratic Party he said Alderman Singer is too far to the left for him. When Lerner papers' Pat Pastin asked him to give examples of Singer's ultra-left views Blase sluffed the question. He went on to say he was more in the tradition of Abner Mikva and Tony Scarlano. Yet, if anyone can remember last year's fight for the battle between Blase and Mikva, the committeeman tried very hard to show he was far to the right of Mikva.

What Blase knows, and most newspaper people know as well, is the public has short memories, and really knows very little about the public business. The trick is to say most anything, but get elected. Once you're in office you're home free for the next 2 or 4 years.

In the wake of the Agnew imbroglio, how much more refreshing it would be to hear a politician like Blase tell it like it is. He could say, 'Look, I enjoy being committeeman and that's why I'm running. I'm in a Republican area and no matter who wins this post he's not going to substantially change the make-up of the old line communities. I'm also a little guy in the Democratic Party, who has little chance of either going anywhere, or in making waves. Intellectually, I'm not in the same league with the Mikvas. And politically I'm small potatoes alongside the major domos in the Party. I can't attract the type of people Mikva attracts, and because of my political base I have little to offer the Party. I came into politics 13 years ago a young man making a living, and now 13 years later, I have become a wealthy man. I have built up a law practice exploiting my dual political roles... and that's what it's all about.'

The newshens and newshawks would all drop their pencils if a Blase press conference was to bare these lines. But it would be much more refreshing. And the silliness of a guy with limited ability talking to people of limited abilities would not have such an aura of hokiness.

Hopefully, a new era might come out of the remains of the Agnew-Nixon difficulties. But not if local politicians like Blase continue to give out the same drivel they've been giving out during these past years.

ND Dons down Marist 26-8 NOTRE DAME

by Mike Lemanski

The fighting Dons of Notre Dame continued onward and upward to a conference crown with a smashing 26-8 victory over Marist's Redskins.

ND wasted no time in getting on the scoreboard, with Mark Mandolini taking off on a 56 yard run from scrimmage on the 3rd play of the game. Weiss' XP attempt was wide and ND held a 6-0 lead with less than 2 minutes gone.

The defense held, forcing Marist to punt their first possession. This time it was Al Marzano, who dashed to a long gainer, 47 yards before being stopped on Marist's 13 yard line. Marzano took it over from the one, three plays later, to make it 12-0. The try for two was no good, so ND held its margin.

ND's vaunted defense held again, forcing another Marist punt. After a 15 yard penalty

against Marist, ND had the ball on the Redskins 32 yard line. QB McCaskey brought ND down to Marist's four yard line where Mark French went over to make it 18-0. Weiss made good this time and it was 19-0.

In the second quarter, Marist could not yet get on track. On their first possession of this quarter, the Redskins had a punt blocked. It took the Dons three plays to take it over the goal line, Mandolini moving 19 yards to make it 25-0. Weiss again converted to make it a 26-0 lead.

Marist's problems continued. First, Mark French picked off one of the Redskins QB-Pat Falona's passes. Then Marist went 25 minutes before they finally got their third down.

With the rain coming steadily down, neither team could mount a sustained drive in the second half. Two fumbles can also be connected directly to wet, cold hands.

Coach Miller inserted his second team with a little over two minutes remaining in the game. At this time, Marist finally scored, a 30 yard pass from Falona to end Ed Wood with a meager 33 seconds left to play. Marists try for two was good, and the score read 26-8.

On defense, ND ran wild. Mandolini had 90 yards in 15 carries, Marzano 65 in 10. ND's stellar defense once again stole the show, holding Marist scoreless while they were on the field. The starting defense now has given up an average of only 2 points a game, including 4 shutouts.

This Friday, Oct. 19, Notre Dame plays St. Viator, the defending S.C.C. champions.

FENCERS IN FIRST MEET

Over the weekend Notre Dame and New Trier West Fencers travelled to Wayland Academy, Beaver Dam, Wis. for the first Under 20 and adult competition of the season.

In the Under 20 competitions: Kevin Cawley won the sabre event, John Strass won the Epee event. Gary Diamond, NTW won the foil event, and Pat Gerard (ND) took 2nd, Mike Gerard 4th, Bill Kica 5th, Ken Lavelle 6th, and Mike Sciortino 7th. Gary Diamond also took 3rd in Sabre.

Mike Gerard defeated his brother Pat to prevent him from a fence-off for first place.

ND took home 4 of the possible 24 trophies and NTW took home 2, so ND took home 1/6, and the combined for the fencers from the area was 1/4. We could have taken more trophies if we had more entries in the other weapons. In foil, we placed 6 out of 8 in foil, and 2 out of 6 in sabre, but the sabre and epee had a light field.

Adult competition: This was an exceptionally strong competition in all 3 weapons. John Straas made it to the finals with a 3-2 record and then went undefeated to earn his Adult "C" in Epee. This is ND's 13th such national ranking, and a second in Epee in 2 years. John is following in Tim Glass' footsteps of last year.

Gary Diamond (NTW) and Kevin Cawley (ND) did not make it out of the prelims in sabre this time.

The foil competition was very hard. There were 5 adult "A" and 2 B and 4 C's in the meet, 11 ND-NTW fencers entered this competition. At the end of the preliminaries, ND had 3 left, NTW had 3 left, in the finals, ND had 2 and NTW 1, so the youth still had a good share of the winnings.

Gerard started off with 2 wins against the top seeded fencers. If he placed 2 or 3, he would have an adult "B". As the meet went on, he began losing, and had to settle out of the money. No high school fencer took home a trophy in foil, but they did fence 33 bouts in the two days of foil and gained invaluable experience.

Pat Gerard took 5th, Gary Diamond 6th and Bill Kica 9th.

Bill Kica also along with Gary Diamond earned his Adult "C" at the meet. A very profitable weekend.

Junior High activities

The Morton Grove Park District is once again sponsoring the 7th and 8th grade Jr. High Club Dances-Fieldtrips and a Jr. High Ski Program. To participate in the Jr. High activities each person must obtain a Jr. High Club card which costs \$1.

The card may be purchased at the Morton Grove Park District, 6250 Dempster. All fieldtrips, skiing and dances will be held on the 1st and 3rd Friday of the month beginning in November.

1st fieldtrip 1st Nov. 2-Hayride and hot dog roast at Fleeting Stables. Fee: \$3 payable at the Park District before Oct. 22. The cost will cover bus pick up, hayride and food. No registrations accepted after Oct. 22. Space is limited.

Val Pearce was first in the 50 yard butterfly and third in the 50 yard backstroke.

Patti Laman took seconds in the 200 yard medley relay, the 50 yard backstroke and the 100 yard backstroke.

Patty Morgan took a second in the 100 yard individual medley, a third in diving and a third in the 100 yard butterfly.

Sue Gilfoy took a third in the 100 yard freestyle, and Carol Schatz took third in the 100 yard breaststroke.

Morton Grove Fire Fighters issue position statement

The following statement was issued by the Morton Grove Fire Fighters Local 2178 regarding the continuing dispute between the Village of Morton Grove and the Morton Grove Fire Fighters Union, Local 2178, IAFF AFL-CIO, CLC.

In June, 1972, the fire fighters of Morton Grove organized in to Local 2178, of the International Association of Fire Fighters, AFL-CIO, CLC. In December of the same year the local petitioned for formal recognition. It was denied on Jan. 14, 1973. In April of 1973, the local submitted a 2nd petition, it too was denied. In June the local submitted a 3rd petition for a secret ballot election to be conducted by the Illinois State Department of Labor to determine if local 2178 is the majority representative and should be the exclusive collective bargaining agent. This petition was denied in July. On Jul. 12, 1973, a special meeting was held. The membership decided on three courses of action:

1. Circulate petitions in the Village for community support
2. Documentation of all grievances and to make these grievances public.
3. Elimination of all voluntary duties in violation of the 56 hour work week law. The grievances have been documented. They are as follows:
 1. Grievances affecting safety and health.
 - a. The air compressor used to fill air mask tanks does not have adequate filters.
 - b. The para medics do not have continuous access to vital telemetry equipment.
 - c. The work environment is unsanitary and inadequate.
 1. The presence of rodents, insects, etc.
 2. Insufficient toilet and shower facilities.
 3. Inadequate eating area (food is prepared and eaten in the apparatus area).
 2. The department has violated the fire commissions rules against discrimination in promotions, access to salary increases and work assignments.

Regarding the other grievances the local is prepared to negotiate a settlement if we were to receive

authorization from the village to have a supervised election by the Illinois Department of Labor, determining majority representation with collective bargaining rights.

Local 2178 requests the support of the citizens of Morton Grove in these issues. We also ask the support of the area firefighters and members of organized labor in the area.

Mediator

pin, one of the negotiators, who said "Both sides are under the gun. We'll meet anytime anyplace if we feel progress is being made. If we can't negotiate next Monday then we should invite a mediator into the meetings."

The negotiations began about one year ago. The major concern is not over salaries or financial fringe benefits, which were settled in a separate two-year contract last year. The main issues include reductions in staff, hours of employment, class size and avoidance of program cuts.

Dr. C. Allan Gogo, superintendent in District 63, implied Tuesday the number of people (teachers) to do the job in the district should be the prerogative of the school board since it must live within its budget and is answerable to the taxpayers.

Tuesday night's meeting, which lasted past midnight, had both sides using the term "impasse" as the point at which a mediator would be considered. School board members did not feel they had reached this point as of Tuesday, and preferred to have the Monday night meeting before agreeing to bring in a mediator. Board member Larry Reiss, a loner on the board, had proposed a mediator be used immediately, but had no support from other board members.

Former school board members Bill Gurolnick and Sylvia McNair suggested a citizen committee be formed to sit in on these meetings, hopefully to act as a neutral in these confrontations. However, the board members individually noted they already had an advisory committee, and did not feel another group would aid in solving the dilemma. Mrs. McNair said, "There is a great polarization in the community and no one will win, only the children will

Golf Mill Shopping center allegedly was the victim, but the investigation might spread to other activities.

Sources said there is "solid evidence" that at least \$2,000 was involved in the Penney thefts with indications the total was substantially higher.

lose if the present course continues". She said the committee she proposed would act in good faith and try to offer constructive ideas to settle the problem. While the predominately partisan teacher audience applauded, the board turned down the suggestion.

The confrontation seemed to center around Apollo Junior High where it was stated staff was reduced by 6 teachers at the beginning of this term, and only 6 less students are now in the school. An education administrator from Deerfield, and parent of students there, contended the quality of education at the school "has sunk" as the increased teacher load has raised the size of the average classroom. Apollo Principal Lumm read figures which showed some classes there are now about 30 students but many classes, mostly with slower students, are as low as 12 students.

This rather arbitrary question of quality of the schools seemed to be at the center of the problem. In the 4 hour meeting board president Irene Luck asked the Association members several times if the strike threat could be rescinded indicating the board resented working under this threat. But negotiator and teacher Ken Hovestein read the resolution the 250 teacher Association approved which gives the negotiators the authority to strike if they feel such an effort is necessary.

While the board was taken to task by audience members for using taxpayers money in "propagandizing" its constituents, and for the poor communications in the district, Dr. Gogo told The Eagle the parents neither understand the workings of the district and are unaware of the problems confronting the school board. He cited while there are now 1,200 less children in the district then in the past, the tremendous amount of state aid lost by the decrease has caused the board to tighten up its operation. He said the decrease means less money is now available to run the district, requiring the necessary staff cuts. To receive more revenue would require a tax increase which he said he's sure would not sit well with the very same parents who do not understand this conflict.

Resident Frank Kahn, who has been involved in school activities in the district for many years told the board he has never seen board members "so nervous" implying they are exceedingly uptight over this matter. Kahn's observation was most accurate since the board members' voices seemed to crack with emotion on several occasions despite their desire to avoid adding to the inflammatory tone of the emotion-packed audience. Teachers, comprising over 100 persons at the meeting were equally emotional. O'Neill the Association president, said he would have to have another member speak since he was too upset to pronounce a statement at one point in the meeting. About

Contest to design Township seal

A public competition to design the first official seal for Malne Township was authorized by the township board at its regular monthly meeting last night.

The competition, to run from Dec. 1 to June 1, 1974 will be open to all bona-fide residents of the township, according to the resolution introduced by Township Auditor Margaret Wirsan, Park Ridge.

The resolution included authorization of three honorariums for the best designs, a \$50 U. S. bond for the winning entry and two \$25 bonds for the runners-up.

Wirsan who also heads the township Bicentennial committee said the June 1 closing date will enable the township to incorporate the new seal into all materials being prepared for the township's 125th anniversary in 1975. One of the first uses, she added, will be on the 1975 vehicle stickers to be distributed in the unincorporated areas of Malne Township.

Township Supervisor James Dowd, Des Plaines said the official entry blanks will be available on or before Dec. 1 at participating high schools, Oakton Community College and the Malne Township offices, 2510 W. Dempster, Des Plaines.

Judging will be by a panel composed of township officials and qualified citizens who volunteer their services, Dowd added. Volunteers may call 297-2510 for further information.

challenges U. S. Rep. Sam Young (R, 10th-Glenview) next fall.

Blase, a long-time critic of Mayor Richard Daley's Democratic machine stated that suburban committeemen are resigning out of frustration with the party and blamed the frustration on the failure of the Cook County Democratic Central Committee to help provide organizational strength in the suburbs and on the party's disinterest in providing and ty's disinterest in providing platform reform.

He also charged independent Democrats led by Chicago Alderman William Singer (43rd) for being too liberal. Blase said, "They are not interesting in changing the party from within, but instead want to destroy it and start over."

Blase also stated he does not expect political corruption in the Republican Party as evidenced in Watergate and the recent resignation of Vice President Agnew to help Democrats. "If it has any effect at all, it will cause small turnouts at upcoming elections because voters are disgusted with both political parties," he concluded.
