Knights of Columbus Tootsie Roll drive Friday, November 2nd
Benefit the mentally retarded children Saturday, November 3rd

Members of North American Martyrs council #4338 of the Knights of Columbus will cover the Niles area for their annual Tootsie Roll drive on Friday, Nov. 2 and Saturday, Nov. 3. Proceeds will go toward the Retarded children community centers and institutions in the State of Illinois. Chairman Augie Pranske, co-chairman Donald Walgren and Grand Knight Joseph Bradke are appealing to the public for their support and cooperation in setting a record year. Last year donations reached a high of \$325,000 in the State of Illinois with a goal of \$500,000 for this year. Our major hurdle today is society's lack of understanding of Mental Retardation, not the inability of retarded to adjust and adapt to society. Through the K.C. Tootsie Roll campaign opportunities for the retarded are not only ensured, but more importantly, society is enlightened and can profit from the contributions that each retarded person makes during his or her life here on earth. We hope science will practically eliminate mental retardation in the near future. Dramatic advances in training exceptional children to lead happy and productive lives is now being accomplished in many cases. Your contribution will help these people to lead a life so many of us are fortunate to enjoy.

DISTRICT 63 TEACHERS OK CONTRACT

Teachers in the East Maine Elementary District 63 Sunday night accepted a proposed contract in which the School Board recognized the East Maine Education Association as the teachers' bargaining agent. A strike scheduled for today thus was averted. It provides that the association will represent the teachers during the current school year and in contract negotiations next year. Previously the teachers had no organization representing them. It also sets up a grievance procedure, a liberalized maternity and sick leave program, a procedure by which teachers help decide what will be discussed in weekly one-hour teacher meetings, and the duty of the board to consult with the union on any reduction of school personnel. The contract, accepted by the association and board negotiators yesterday afternoon, was unanimously approved last night by the 250 teachers who met in a Morton Grove motel. Continued on Page 26.

Political Potpourri.....

Thursday morning was Ted Kennedy time. At the ungodly hour of 8:15 we were stopped by Kennedy security people as we tried to gain entrance to an ante room where a press conference was being held at Notre Dame High School. We moved in just before the Senator moved into the narrow room. Ab Mikva introduced Kennedy as the best touch tackle football player in Washington. As "the man" moved into the room and up to the microphone, he sounded almost pre-recorded as he launched into what sounded like a canned endorsement of the country on behalf of many Congressional candidates, and Kennedy's 5 minute speech sounded almost automated as he spoke with immediacy as he hit the mike. He's a big handsome man, 6 feet, almost baby-like skin, which looks like it's loaded down with pancake powder. Conservative, dark, two button, single-breasted suit, blue shirt, Brooks Brothers tie, all put together as only the rich can do. When he finished his speech, he handled 3 or 4 questions about Nixon and you knew you were in on "The Making of the President for 1976." You also knew your wife was impressed when she turned and said I should begin to play touch football.

Walking briskly down the auditorium center aisle, Kennedy received thunderous applause from the student body, clapping which lingered on long after most candidates would have launched into their speech. He had been clued in on the ND band having performed at the Kennedy Center for the Performing Arts in Washington, and he made note of it. He spoke for 10 minutes, answered questions for 10 minutes, heartily endorsed Ab Mikva, and then was whisked away to O'Hare airport where he took to the fustings on behalf of the next candidate.

The emotions caused by the cheers, the quickness of movement of the Senator from car, to

LWV to hold rap session

Anything and everything will be discussed at a Rap Session sponsored by the League of Women Voters of Morton Grove-Niles, Thursday, Nov. 8 at 9:15 a.m. at the Niles Community church, Oakton and Oketo, Niles. The public is invited to speak out at this rap session. Child care facilities will be available for pre-schoolers and refreshments are served during the discussion. Continued on Page 26.

Mentally retarded drive

North American Martyrs Council #4338 of the Knights of Columbus members will be in Niles area for their annual Tootsie Roll drive on Friday, Nov. 2, and Saturday, Nov. 3. Proceeds will go toward the Illinois State Council fund-raising program for Retarded Children. Last year contributions total \$310,000 and this year aim is \$500,000. Chairman Augie Pranske, Co-Chairman Donald Walgren and Grand Knight Joseph Bradke are appealing to the public's generosity in setting a record year. Opening the Tootsie Roll drive for the Mentally Retarded Children are L. to R.: Co-Chairman, Donald Walgren, Grand Knight, Joseph Bradke, Mayor of Niles, Nicholas E. Niles youth commission essay contest winners

Friday, Oct. 19, was the date for the final judging of this year's Niles Youth Commission Jr. High Essay Contest. The judges, Rick Alm of The Review, Diane Miller of The Bugle, Naomi Krone of The Spectator and Darlene Meehan of The Golf Mill-Niles Journal, met at the Council Chambers and read approximately 50 of the top essays submitted. Our many thanks go to these reporters and editors for devoting their time.

We are happy to announce the following winners: The first place essay was written by Barbara Buck of 8049 Oconto. The next 17 winning essays were written by the following Niles students: Jerry Sullivan, 8136 Ozark; Patty Pater, 7154 Breen; Barbara Sweeney, 7017 Main; Barbara Schultz, 8440 Olcott; Carol Bobula, 7511 Main; Dorian Dembski, 8320 Lincoln St.; Joan Ramig, 7660 Grennan Pl.; Frank Chrzanoski, 8507 Overhill; Mary Beth Scheffler, 8206 Oleander; Maurice Dulen, 7237 Crain; Teresa Passarella, 8558 Chester; Donna Mateski, 8408 Betty Terr.; Carolyn Shemroski, 8330 Caldwell; Gregg Satinover, 8553 Olcott; Lee Vincolese, 8520 Roseview; Nick DeGeorge, 8555 Shermer rd.; and Richard Kozelka, 7001 Jonquil Ter.

The first place winner will receive a \$50 U.S. Savings Bond and a trophy and the next 17 winners will each receive a \$25 U.S. Savings Bond and a trophy. In addition, all 18 will spend the day of Nov. 7 in the Village, each taking the part of an official such as Mayor, Village Manager, Village Clerk, Trustee, etc., and will spend part of the day with the person actually in that position. Lunch will be served to all at the Bunker Hill Country Club. Further, the winners will run the Village Board of Trustees meeting scheduled for Nov. 13, at which time they will be presented with their trophies and bonds. Each winner will make the report of the person he represents.

The response to the contest was extremely good this year with over 500 essays originally entered. The topic was, "How I Would Raise My Children If I Were A Parent" and needless to say, many interesting ideas were included in the essays. Of course, everyone cannot be a winner, but we thank all who entered for a job well done and hope you will enter again next year and perhaps be one of the winners then.

This year's winning essay, written by Barbara Buck, appears below.

How I Would Raise My Children If I Were A Parent.

Each adult is an individual, with a particular personality, so are children. As a parent I would try to appreciate them as an individual, get to know and understand their thoughts, and respect their feelings.

The door of my home would be open to their friends to help me understand the needs and wants of their age group. In this way I could encourage, not

select, good friends and clean fun. By getting to know them I could gear my rewards and punishments to their own personalities and "hit them where it counts," each child has their own private area "where it hurts" and more can be gained by using different methods with each child. In other words, what might help in one case might not in another.

Being with your child, doing with your child, experiencing with your child is the "key" to making them feel they belong. This holds true in the areas of fun and work. I would do things with my children that would be of interest to them so they would know I enjoy their kind of fun, having more fun at home that out of the home would keep my child close to me and to my family. I would try to keep my child busy and active in whole some activities and help them choose worthwhile entertainment, proper TV shows, and good books to help shape and develop their character instead of books and programs which confuse them and only possibility lead them to

trouble and into situations they cannot handle.

All members of my family would share in the responsibility of the home. Each member would have chores equal to their ability and there would be no question of whether they must do it or not. They should take pride in the appearance of their room and realize the embarrassment of a messy room is not that the room is messy but that it is probably lived in by a messy person.

Good manners and neat personal appearance would be expected of my children along with respect for people and their property. They would be taught the golden rule of "Doing unto others, what you would have them do unto you." I don't expect my children to act differently than myself, for example.

If I want them to go to church then I'll go.

If I want them to choose good TV programs then I'll be choosy. If I want them to read good books I will let them see I am selective in what I read.

I want them to use good language-so I won't use bad language myself.

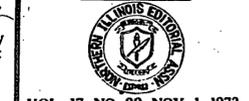

I want them to respect authority-so I will respect it. I want them to drive carefully and obey the laws-I am the best example.

Their school work would be their own responsibility, however, I would try to guide them and assist them but would be careful not to do the whole thing myself so they would learn to think for themselves, meet responsibilities and to take the consequence if they fail.

FINALLY, and most important is LOVE—

I would constantly show them I love them and make them know they are loved at all times, even when they are being punished. I would make them feel confident that they are wanted, needed, and appreciated for what they are and let them know I WOULDNT TRADE or CHANGE THEM FOR THE WORLD.

ND Dons trounce St. Pat's 24-0

Notre Dame's Dons kept their title hopes alive last Sunday with a 24-0 trouncing of St. Patrick. ND is in a virtual tie with St. Viator and St. Francis De Sales for second place in the SCC.

The Dons started quickly, intercepting a John Finneke pass on the third play of the game. St. Pat's defense wouldn't budge, so Mike Weiss was called in to attempt a 32 yard field goal. The kick was good, and ND had a 3-0 lead.

St. Pat's got the ball, and once again, they were forced to give up the football. A nine yard punt gave the Dons the ball on St. Pat's 19 yard line. Seven plays later, Mark Mandolini carried over from the 1 foot line. Weiss' kick made the score 10-0. The first quarter ended this way.

The second quarter turned into a punting match. Neither team could gain a first down. Next to this, three turnovers erupted. The second half proved no better. Neither team could move until 4 minutes remained. Mark Mandolini picked off a pass that gave ND the ball on St. Pat's 16 yard line. It was the sixth turnover of the game.

It took QB McCaskey 5 plays to move the Dons over the goal line. Weiss' second XP made it 17-0.

The fourth quarter was another punting match. Two turnovers came up in this quarter, including a 72 yard return after an interception by Bob O'Donovan. This made the final score 24-0.

Although largely a defensive game, ND's offensive game did have its bright spots. Mark Mandolini gained 95 yards in 15 carries.

The defense didn't allow a first down until late into the last quarter. This was ND's 4th shut out, and now the defense has given up a meager 41/4 points per game.

ND plays its last home game of the year this Friday, Nov. 2, against St. Francis De Sales. It is ND's homecoming, and a good battle should result.

Fishing

A one evening seminar on the how, when and where to fish in Lake Michigan will be held by MONACEP on Tuesday, Nov. 6, from 7:30-9:30 p.m. at Maine Township High School East.

William Harnden, MONACEP's fishing expert, will discuss the routes the Coho salmon take during the spawning season, where to find the Coho and lake trout from spring through fall, the sizes of the fish during the different seasons. He will also demonstrate how to catch Coho and trout and the equipment to use. He will also include a historical review of salmon fishing and the effect of restocking in his lecture.

Fee for the seminar is \$3. For further information, call MONACEP, 696-3600.

People start pollution. People can stop it.

Saints beat Colts 24-6

In the first quarter the Saints held the tough Colt defense to less than 10 yards. Given the ball Ron Olesiak began the drive that took the Saints 5 plays to score. Wally Schulz, plagued by injuries was off slightly, with the kick. The first touchdown was a 30 yard pass from Gus Williams to John Pecora.

The Saints began a drive early in the second quarter that ended with an interception and touch down by Nathaniel Logan when he caught Gus Williams' pass on the Saints 45 yard line.

Given the ball again the Saints drove steadily down the field and scored with 7 minutes left in the first half. The second Saint touch down was a quarterback sneak by Gus Williams. Schulz kick was off again and the score at half-time was 12 to 6.

The Saints led off the first half with a touchdown with less than 2 minutes elapsed. The offense with the aid of Ron Olesiak, took the ball to the 3 yard line where Bill "Zoom" Powell scored. Schulz kick was blocked this time, and the Saints were ahead 18 to 6.

The Saints defense again managed to hold the Colts to four plays and Zoom Powell took the ball to the Colts 4 yard line, and scored on the next play. Schulz kicking record was a perfect zip, and the final score was 24 to 6 in the fourth quarter.

Next week the Saints will play the Bonlvers at Calumet Park 99th and the lake front Sunday at 1.

Maine North to drop from Central League

Maine North Principal Robert A. Wells recently announced that Maine North will end its affiliation with the Central Suburban League at the conclusion of the 1973-1974 school year.

The decision to end affiliation was based primarily on the projected growth of Maine North which will be minimal. The 11 other Central Suburban League schools have enrollments which range from 2400 students to 3600 students. However, Maine North's enrollment probably will not exceed 1850 students in the foreseeable future.

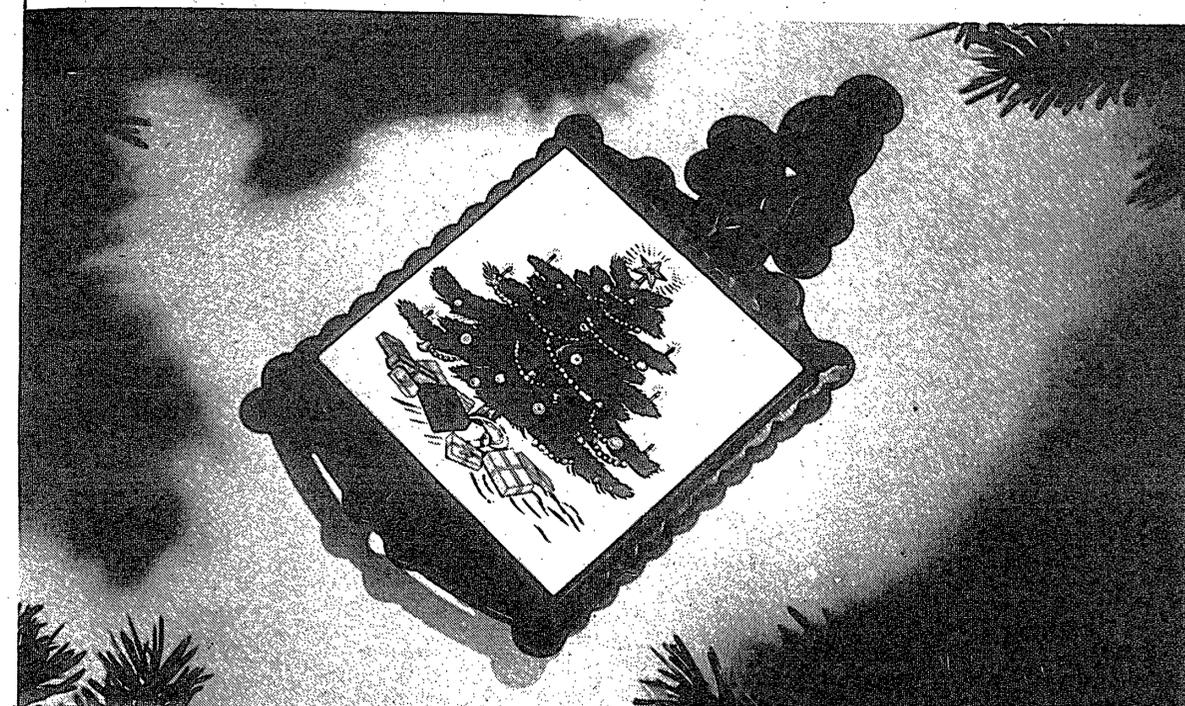

"Since the Board of Education does not contemplate any boundary changes for Maine North's attendance area, it is in the best interests of the students of Maine North to be in a league composed of smaller schools," Wells said. "It is unlikely that Maine North's enrollment will ever be large enough to allow us to compete favorably in the Central Suburban League."

When plans for Maine North were made 7 years ago, school officials anticipated an ultimate enrollment of 3500 students.

Maine North Athletic Director, David Kennedy, explained that Maine North is seeking competition that will be equal to that at Maine North. Kennedy also cited the problem of participating in 11 sports and fielding several levels including freshmen, sophomore, junior varsity, and varsity teams.

Presently, Maine North is seeking entry into a smaller league which would have schools comparable in size to Maine North. Kennedy said Maine North officials are investigating the possibilities of affiliating with the Northwest Suburban League, the North Suburban League, or the Tri-County League. He added that if Maine North does not gain immediate entry into another league, he will schedule athletic events on an independent basis for the 1974-1975 school year and will continue to seek league affiliation.

Niles and Maine Township celebrate 'Hockey Week'

Mayor Nick Blase, taking time out from his political campaigning for Maine Township Democratic Committeeman, proclaims the week of Oct. 31-Nov. 6 to be "Niles Hockey Week".

A week-long schedule of hockey activities is slated at the Ballard Sports Complex. Niles All-Stars will play top teams from nearby towns and villages such as Evanston, Glencoe, Deerfield and others. Boys from the ages of seven through nineteen will participate in this competition of area youth.

Kenny Wharram, former Blackhawk, will be among the guest celebrities making appearances during the week.

Schedules of teams and times of games will be announced. Support your youth! Support your hockey rink! Hockey fans from all nearby communities are welcome! Watch exciting hockey! Enjoy good competition!

Call the Ballard Sports Rink for additional information - 297-8011.

Niles Elementary Notre Dame's Gerard earns Fencing 'B' PTA meeting

The Niles Elementary Schools Parent-Teacher Association will have a Parent Education meeting on Wednesday, Nov. 14, at 8 p.m. at the North school, 6921 Oakton St. The subject will be the Lunch Program in District 71. The guest speaker will be Mrs. R. Nathan, Director of the Milk and Lunch Program for the office of the Superintendent of Cook County Schools.

Mrs. Rose LoVerde is the Cafeteria Manager for District 71 schools, and she and her staff serve nutritious and appetizing meals throughout the year.

Notre Dame H.S. hosted the second Open of the fencing season last Saturday. There were 35 fencers which were weeded down to a final round robin of 18 who were competing for top ranking honors. In the finals of 18 there were 2 "A"s, 3 "B"s, and 5 "C"s. Winner of such a meet earns an "A", 2-3 earn "B" and the rest of the finalists (4-9) earn "C"s.

In addition to the strong adults in the finals, the following prep fencers were among the 18 finalists: Pat Gerard (NDHS), Gary Diamond (NTW), Bill Kica (NDHS), Rich Franklin (NTW),

Kent Koester (NW), John Strass (NDHS), Kevin Cawley (NDHS), Ken Lavelle (NDHS), Mike Gerard (NDHS) and Mike Scortino (NDHS). Out of the field of 18, NDHS had 8 fencers, 7 in school, one grad.

Pat Gerard was 14-0 going into the final phase of the round robin, he was tied with Joe Biebel from U of Wis., Parkside. Gerard had to beat Biebel for the sure "A," he did not, but his chances were revived when Joe's team-mate John Tank beat Biebel. Gerard had to defeat Gary Diamond (NTW) but failed the challenge and had 2 losses on the day in the finals. After giving up only 24 hits all afternoon he gave up 12 in the last round to lose 2nd to John Tank from Parkside on touches.

Pat Gerard's 3rd place was good enough for the adult "B" rank and he becomes ND's first fencer to earn this rank in school. He is the first prep fencer to earn such a rank so early in the season against such tough opposition. The area had an "A" and "B" last year in a fencer combo from NTE and NW, but this came later in the season.

Besides being the 6th ranked fencer in the U.S. for U-20, and the 2nd highest in the midwest area, Gerard becomes the highest ranked prep fencer in the midwest at this time.

All fencers are looking to the opening of the practice season on Nov. 5 and the first two big U-20 meets at Wayland Academy on Nov. 11, and Gordon Tech on Nov. 17.

Gerard (Pat) was not the only person to earn honors. Pat's brother, Mike earned his adult "C" and so did John Strass. These become ND's 15th and 16th nationally ranked fencers in the past 6 years. Strass becomes ND's second double "C" fencer in 2 years. The ND fencers now boast of 5 adult ranks on the potential starting line-up for the season.

Results of the meet: 1. Joe Biebel (U of W, Parkside); 2. John Tank (U of W, Park); 3. Pat Gerard (NDHS); 4. Steffen Berndt; 5. Pedro Barcello; 6. Prof. George Sosnovsky (U of W, Mad.); 7. Gary Diamond (NTW); 8. Mike Gerard (NDHS); 9. John Strass (NDHS); 10th thru 18th were: Mike Czarnik (N.U. ex-NDHS); 11. Bill Kica (NDHS); 12. Ken Lavelle (NDHS); 13. Mike Scortino (NDHS); 14. Kent Koester (NW); 15. Rich Franklin (NTW); 16. Kevin Cawley (NDHS); 17. Mr. Leo Turgeon (Schaumburg); 18. Mr. Peter Morrison (G. Tech).

Oakton runners defeat McHenry

The Raiders of Oakton Community college defeated McHenry college while being edged by Triton college in a Skyway Conference Cross Country Meet on Oct. 17 at McHenry's Veterans' Acres. Tom Kropf was Oakton's top runner with a 23:02 four mile time, finishing second to Triton's Gil Rocha. Raiders Joe Cosentino, Dan Maher and Tom Wright took fifth, seventh and eighth places, respectively.

The combined team scores showed Oakton beating McHenry 18-40, while losing to Triton 29-26.

This loss comes after they had downed both Triton and Harper, the number one and two teams in the league, four days earlier in the Milwaukee Area Invitational. Overall, they are now 13-2 and 4-2 in conference, putting them in third place.

ILLINOIS TRAFFIC SAFETY ALERT

Don't read your map while driving. If you're lost, stop a minute. It could save you years of time.

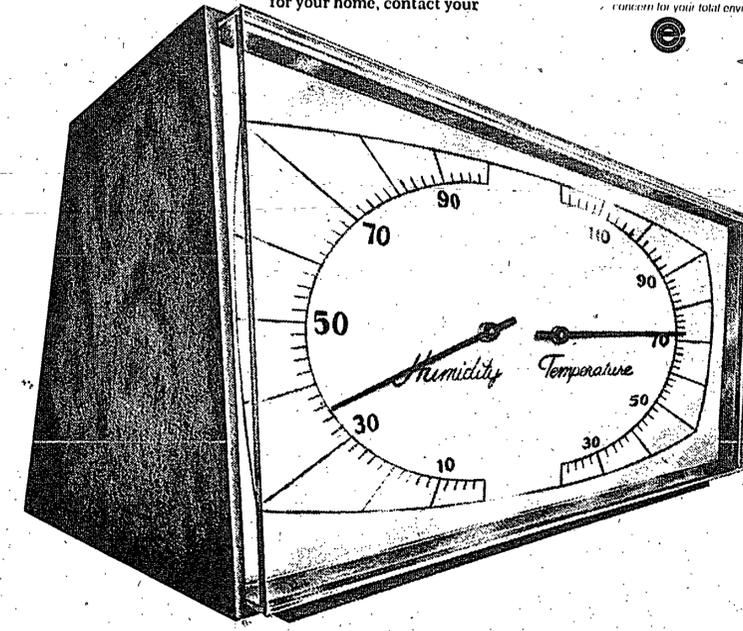

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

How a humidifier can help you save fuel.

When the air in your home is too dry, you feel colder because the moisture on your skin evaporates faster. To keep warm you may raise the thermostat. But the higher your thermostat setting the higher your fuel bill. With a higher humidity, most people are comfortable at a lower temperature. For every degree not needed over 70, you can save as much as 3% on

your heating bill. If you're as comfortable at 72 degrees as 75 degrees, you can save almost 10% on the lower setting. This principle applies essentially to all heating fuels—electricity, gas or oil. Humidifiers are available in either portable styles or, for warm air heating systems, there are permanently installed models. To find the correct one for your home, contact your

heating contractor, department or appliance store. We have a booklet that covers heating as well as other areas where you can conserve energy. We'll send a copy of "101 Ways to Conserve Electricity at Home" to you free. Just write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690. Commonwealth Edison

A good word for Niles Police, Firemen

Dear Editor:
I don't believe I've ever written this kind of letter before, and it is long overdue.
We more often than not read bad news about police officers as opposed to good news. I'm tired of reading the bad and would like to say our family has often had the fine quick service of our Niles Police and Fire Departments.
I've often had to call the fire department for my elderly par-

ents on the occasion of heart attack, strokes and when my mother had fallen and could not be moved by me. All our calls were answered by quick arrival of both a Police Officer and the Fire Department within minutes of my call to them.
Our special thanks to them all.
S/Gratefully,

Baseball League supports Park referendum

The outgoing Board of Directors of the Niles Baseball League at its final meeting on Oct. 24, 1973, passed the following resolution:

BE IT RESOLVED: That the Board of Directors of the Niles Baseball League give its support and solicits the support of all the citizens of the Village of Niles in its upcoming referendum. It is important not only to the young people involved in organized activities such as ours, but to adults as well that the Park District be able to complete the programs it is undertaking. Ours is a fine and progressive community, lets keep the momentum going. A well balanced community needs adequate recreational facilities. We have the opportunity to take positive steps in the right direction, lets do it now. Support your recreational

system and continued progress, vote yes.

Why won't School Board listen to teachers voices?

To the Editor:

The School Board of District #63 was not handicapped by a political dictator, but was elected by the taxpayers of the district who expect them to give us the best school system that our taxes can purchase. I will not argue that they haven't attempted to purchase us the best facilities and supplies that the finances at their disposal could provide. I won't argue with them for another reason—they seemed to have hired for us one of the most sincere and dedicated group of teachers available in any school district.
My argument is why won't the School Board make the most use of this fine staff of teachers? Why won't they listen to the teacher's voices crying to be heard? Why has our School Board become dysfunctional? Why have they forgotten that no matter how good an administration the school district might have, it is the teacher's abilities and dedication that make or break the school system. It is the administrator's job to see that the teachers get the necessary materials, facilities, supplies and training to enable them to be a superior teaching staff. The board members should continue to be aware of the latest and best ideas so that the district, as a whole, will be more and more successful in accomplishing its job. This awareness, however, comes from

two sources—first, a variety of input from outside the district—and second, from the district's most valuable asset—the teachers. Unfortunately, our school board appears to have cut out this second and most important source of information. A recommendation recently was made to the Chicago School Board suggesting that the administrative staff should go back to classroom teaching for at least a year to reacquaint themselves with the actual problems, frustrations, and rewards of the classroom teacher. I personally believe that this applies to District #63's administrative staff as well.

One of the most dedicated teachers I have ever had the good fortune to know has told me that District #63 teachers jobs have been threatened if the teachers dared to oppose the school board and/or administration. Frankly, she was scared as she cannot afford to lose her job, but she was willing to face that threat in order to provide better educational opportunities (i.e. smaller classes, etc.) for our children. School Board, I say to you, "Stop being dysfunctional, become operative once more." Or has the energy crisis already limited the range of your thoughts?

New stop light aids students

Dear Editor:

I think it should be known throughout our community that our own Mayor Nicholas Blase and State Representative Robert Juckett were responsible for the new stop-light on the corner of Greenwood and Clara Drive. It is a tremendous and welcome asset to the students of Our Lady of Ransom School as well as to the community.

The entire student body at Our Lady of Ransom School would like to acknowledge these gentlemen for their diligent efforts in providing us with this much needed service.

'SMAC' drive 1973

SMAC! It stands for the St. Martha's Annual Charity Drive for 1973. The "energetic eighth grade" at St. Martha's in Morton Grove will have their annual school charity drive from Nov. 8 to 16. The class will be assisted by the "super seventh grade."

The goal is \$1,800 of which \$500 will go to outside charities and \$1,300 will go to the St. Martha School Fund.

This will be a five-point workshop: 1. Developing traits of loyalty, honesty and courtesy, and learning cooperation in a team effort. 2. Meeting the public. 3. Assuming responsibility. 4. Helping their own school and also others who are less fortunate. 5. Acquiring ideas and "know how" for similar good will efforts in the future.

Many interesting and unusual posters are being made by the students to promote this big event. The students are financing the excellent prizes themselves which include the following: 1. Masterwork Stereo. 2. Olivetti

In this hour of need

The guns are silent and the smoke of war slowly drifts away and disappears into the night. Tangled wreckage of burned out tanks, downed fighter planes and destroyed jeeps and trucks stand in the desert as mute testimony to the existence of war among nations. Burned bodies, armless and legless men, women and children and silent shell shocked soldiers bear witness to man's inhumanity to man. This is what war in the Middle East truly means to those who have lived through it. It is not glamorous and not very glorious. It is simply war with all the hell that accompanies it.

Now is the time for the American People to be heard. Now is the time for us to stand up and help those unfortunate Arabs, Jews and Christians who have suffered through 19 days of hell on earth. Our government and that of the USSR are re-supplying the nations involved with the tools of war. Now let the American People help the people who cannot help themselves.

500,000 Arabs are citizens of Israel. 250,000 Christians are citizens of Israel. Over 1,000,000 persons visit Israel each year. All of these people and the Jewish population are served by the Red Cross of Israel. There is no question of Religion, Nationality or Color asked when the Red Cross serves the people. The Israel Red Cross is associated with the International Red Cross as is the American Red Cross.

At this time, the Israel Red Cross is in desperate need of American financial assistance. They need ambulances, blood plasma packs, medical supplies and foodstuffs for the children. The only place for them to buy these necessities of life is in the United States and THEY MUST PAY IN CASH. These supplies and equipment will be used to serve all the civilian population and will not be used in the war effort. The recipients may be an Arab child, Minister or Priest or Jewish baby or senior citizen but whoever they are they will receive free services without regard to the religious or political affiliation they profess.

We ask you to consider sending a donation to the 'Chicago Chapter Magen David Adom' (Israel Red Cross), Chicago, Ill. 60645. The need is great and the time is urgently now. All donations will be spent in the United States and used for all the citizens of Israel. Once again the address is 'Chicago Chapter Magen David Adom', Chicago, Ill. 60645.
Thank you and please Pray for Peace.

Ski lessons

Anyone wishing to enroll in the Niles Park District ski lessons must register immediately at the Park District office at 7877 Milwaukee ave. The fee for the lessons is \$38 which includes bus transportation to 3 dryland and 3 regular snow lessons, and the rental of equipment (skis, boots and poles). The fee for skiers with their own equipment is \$32.

This is the last chance for anyone to register for ski lessons with the Park District, so why not get prepared to take a ski trip when the snow comes.

Adult decoupage classes

The Niles Park District is offering Decoupage classes for High School age and up. The first class scheduled Nov. 7 has been postponed for a week, so the 5 week session will start Nov. 14 on Wednesday evenings from 7:30 to 9:30 p.m. at Oakton Manor Fieldhouse.

Decoupage is the art of burying a picture under several coats of varnish. The program will consist of antiquing, distressing, staining, painting wood plaques, boxes and purse baskets. How to burn pictures to make them look old and lining of boxes.

Anyone interested in enrolling in the Niles Park District Decoupage class may do so by going to the Park District Office at 7877 Milwaukee ave. and register IMMEDIATELY.

The fee for the five 2 hour classes is \$5 for residents and \$10 for non-residents.

Call for volunteers

All Niles citizens who would like to take an active part in the campaign for the Nov. 17 Park District Referendum are invited to attend an orientation meeting of volunteers at the Milwaukee ave. Recreation Center on Tuesday, Nov. 6 at 8 p.m. Chairman Roy Verson of the "Save Open Space" Committee will issue instructions for a canvass of the entire district beginning Saturday, Nov. 10. Other S.O.S. members and community leaders will assist in organizing the door-to-door effort to enlist public support.

Sullivan elected Athlete of the Month

Dennis Sullivan, the quarterback of the North Central college football team, was recently named "Athlete of the Month" at NCC. The 6-ft., 175-pounder, who hails from Niles is currently ranked fifth in the CCIW in total offense with a game average of 151-yds. His 272-yd. total for-rushing is the highest of any quarterback in the league, as is his 6.2-yds. per carry in the rushing department.

The 19-year old junior attended Notre Dame High school (Niles) where he lettered in both football and basketball. Thus far, Sullivan has earned two football letters while attending North Central college.

He is the son of Mr. and Mrs. Gerald Sullivan, 7328 W. Breen st., Niles.

Save open space referendum campaign

After working with the Niles Park Board for six months to plan the Nov. 17 \$2,715,000 Referendum, the "Save Open Space" Committee has launched an all-out campaign to convince fellow Nilesites they cannot afford to reject it.

Chairman Ron Verson is organizing a training session at the Milwaukee Avenue Recreation Center on Tuesday, Nov. 6 at 8 p.m. for volunteers who will canvass the entire Park District beginning Nov. 10. Canvassers will emphasize that

at an average annual cost of \$8.50 per typical homeowner, the Park District will be able to:

- 1) Buy the last 48 acres of desirable open land, including Tam Golf Course, that remains within its boundaries.
- 2) Develop the 6 sites included in the package.
- 3) Improve all the existing parks in accordance with priorities set by residents in each neighborhood.

Finance Chairman Val Engelman and Roy Bergquist, who represents the Chamber of Commerce and Industry, have issued an appeal for funds to defray the cost of campaign literature. They have asked contributors to send checks to S.O.S. Treasurer Sheila Schulman, 7917 Nordica, Niles, Illinois 60648.

Contributions are necessary because the Commissioners are prohibited by law from expending public funds in urging anyone to vote YES. They do, however, have both the right and the obligation to inform the public of the facts and will distribute their own presentation next weekend.

First to volunteer for the canvassing crew were Niles members of the League of Women Voters. After a 2-year study of local parks, the Morton Grove-Niles League has adopted an official position endorsing the acquisition of whatever park land is available in both communities.

Three of the most active S.O.S. members are equally active in the League - they are, Mrs. Schulman; Elizabeth Mattoni, board member in charge of disseminating voter information and Ellen Van Laningham, S.O.S. secretary and Referendum publicity chairman.

The Niles Arts and Historical Society voted Oct. 22 to endorse the Referendum and enlist its entire membership in the canvass. Volunteers are also expected from several Homeowner Associations, Chairman Verson and Roz and Jerry Ehrenreich, all residents of northwest Niles, are recruiting canvassers.

Niles Park District

GREENWOOD PARK

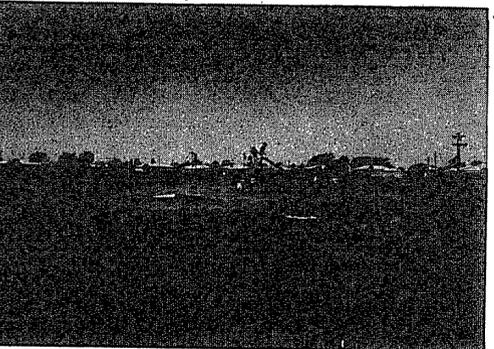

Greenwood Park, often referred to as Betty-Chester, is one which needs both enlarging and developing to meet neighborhood recreation needs. Voter approval of the Nov. 17 Niles Park District Referendum will make this possible.

The plan is to add 8 lots fronting on the west side of Chester and adjacent to the existing park on Greenwood, which was purchased with proceeds of the 1968 Referendum.

Development of the L-shaped park to be created by the addition calls for two tennis courts with lights and colored surfaces, a basketball court, more playground equipment, benches, and landscaping.

The land is currently in the process of being appraised, but it is definitely for sale, and can be acquired without difficulty. At its Oct. 9 meeting the Village Board of Trustees voted unanimously to delay permission to sell or construct any building on these lots or any other site included in the Referendum until after Nov. 17. Peter V. Salamoun, Vice-Chairman of the "Save Open Space" Committee, is an area resident who has put feedback from the neighborhood into the plans for this park.

JONQUIL TERRACE PARK

Jonquil Terrace Park at Oriole and Kirk Lane is a partially developed 5-acre site that is in danger of losing most of its value as a park unless voters approve the Nov. 17 Niles Park District Referendum.

The Park District bought one-third of the land from School District #64 in June, 1972, for \$85,000 and leased the rest with an option to buy which expires Jan. 31, 1975. A federal grant for about \$43,000 came through several months later. The cost of exercising the option now is \$180,000, half of which might be covered by a grant of matching funds after the Referendum passes.

It is unlikely that the financially hard-pressed School District can afford to lease the remaining 3.4 acres to the Park District much longer. It was only after years of litigation with the former owner, who wanted to repossess the land and sell to a housing developer, that District #64 was able to make the present arrangement with the Park District.

The entire 5 acres has already been graded and seeded. Two baseball diamonds and some playground equipment have been in use all summer. Voter approval is needed to make tennis courts, a comfort station, and more extensive landscaping feasible. Jonquil Terrace Civic Association has consistently resisted erection of apartment buildings on the site and worked to save the land for a park, the only possible one in the neighborhood.

Suzanne Miller, past President, and Donald Maycan, newly elected President, have represented the Association at Save Open Space meetings. Their recommendations for developing the park are reflected in the preliminary Master Plan drawn up by A.R.C. Associates, Park and Recreation Planners, and also included in the Referendum budget.

Other officers who are enlisting neighborhood support include Gene Schamberger, Vice-President; Renate Simonson, Secretary; Charlene Winchell, Treasurer; and Carol Locaccio, Entertainment Chairman. Mrs. Winchell is a long-time resident who has supported the Park District for many years, according to Mrs. Miller.

Enrolled at U of W In the fall semester of the academic year 1973-74, the University of Wisconsin-Eau Claire again experience an increase in enrollment with a total of 8,888 students. Area students include: Craig L. Brooks, 7053 Monroe, Niles, sophomore; Gail M. Hammerberg, 7036 W. Keeney st., senior; Julie A. Doherty, 9100 N. National, Morton Grove, sophomore; Kimberly A. Widdowson, 7137 Church st., Morton Grove.

Waterfine the new revolutionary super appliance...

Selected by House & Garden for their 1973 Super Kitchen and House Beautiful for their New Generation Home. This extraordinary appliance turns ordinary tap water into clean, "spring-like" refined water automatically... and helps other water using appliances work better, last longer. Through an exclusive patented process, the remarkable Waterfine appliance removes invisible solids and pollutants. And softens water too. Pollutants which cause lumpy tasting coffee. Dull, lifeless hair. Embarrassing spots on dishes and glasses. And itchy, dry skin. With the Waterfine, these pesty problems vanish. '73 An outstanding year for Troop 73

It may be only coincidence, but '73 has been a year of unprecedented excitement, adventure and outstanding achievement for Boy Scout Troop 73 of St. Isaac Jogues church in Niles.

In February of this year, the Troop presented its first Eagle Award in more than 7 years to Tom Reider. March brought the Thunderbird District Pioneering

Competition and the pride of achievement as our Raven Patrol, led by Mark Swanson, took First Place in the District and won the right to compete in the Council-Wide Pioneering Competition at Scout-O-Rama in April. Our pride and Scouting spirit knew no bounds when Ravens Mark Swanson, Kenny Mikeska, Rich Haynes, Leonard Ladd, Bob Meyers, Danny Mikeska and Jamie Mikeska again took First Place and became Northwest Suburban Council Pioneering Champions for 1973.

While the Ravens were sharpening up their collective pioneering skills for the competition, the rest of the troop members were busy with a challenging Pioneering project of their own. A 14 foot high, fully operating, 2 seat Luxembourg Swing constructed of logs and ropes and rotating on a steel axle, was Troop 73's Scout-O-Rama attraction. Hundreds of eager boys and girls, and some adventurous adults, too, waited in long lines for their chance to have a ride on the Luxembourg Swing. It was an exciting ride, and the Scouts paid careful attention to safety factors so that the enjoyment was not marred by mishap. Troop 73 was justly proud of this accomplishment.

Summer brought still more adventure as four of our Senior Scouts, Joe Turek, Tom Reider, Wayne Kiebe and Larry Mikeska, embarked on a back-packing expedition high in the Sangre de Cristo Mountains of Philmont Scout Ranch and Explorer Base at Cimarron, New Mexico. Since not all of the Troop 73 Scouts (whose age and Scouting experience qualified them to participate in this high adventure experience) were able to go, Scott Miller, Jim Kylan, Doug August and Kevin Butchin, all Senior Scouts or Explorers from other units in this area, joined the crew of this expedition. Bill Reider, Scoutmaster of Troop 73, accompanied the boys on the 12 day mountain trek in the capacity of adult advisor, ably assisted by Sande Miller, Assistant Scoutmaster of Troop 104, who volunteered to provide additional adult leadership on the expedition.

Inflation hasn't changed the price of ashes.

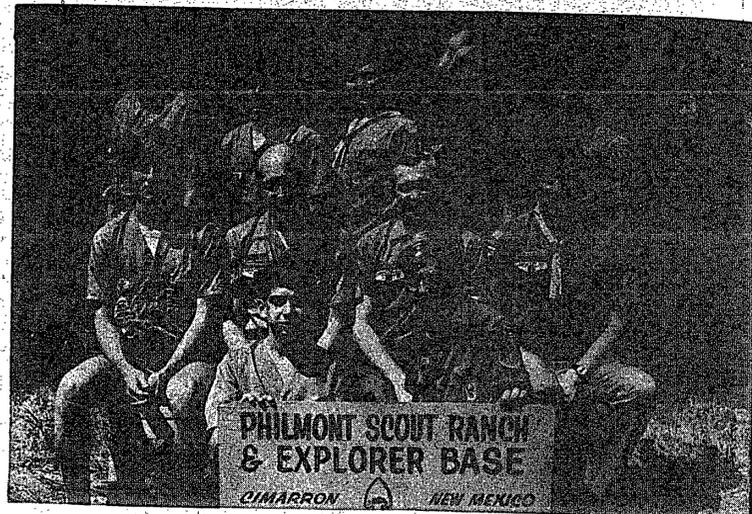

But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968—today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all its worth and keep it that way with automatic inflation coverage.

Before embarking on their 12 day back-packing expedition in the mountains at Philmont Scout Ranch and Explorer Base, the entire crew and their Advisors posed for this group picture. Front row: Kevin Butchin, Troop 133; Larry Mikeska, Troop 73. Second row: Doug Becker, Philmont Ranger who stayed with the crew for the first two days; Bill

Reider, Scoutmaster of Troop 73 and Sande Miller, Assistant Scoutmaster of Troop 104, Adult Advisors; Joe Turek, Troop 73. Third row: Doug August, Troop 45; Tom Reider, Troop 73; Wayne Kiebe, Troop 73; Jim Kylan, Post 33; Scott Miller, Troop 104.

compared the boys on the 12 day mountain trek in the capacity of adult advisor, ably assisted by Sande Miller, Assistant Scoutmaster of Troop 104, who volunteered to provide additional adult leadership on the expedition.

The younger Scouts had their own brand of adventure, as their two week Summer Camp experience was highlighted by a canoe trip and the first overnight horse-back trip ever organized at Camp Napowan, near Wild Rose, Wisconsin. Of course, they also had the time and opportunity to earn the many merit badges and Skill Awards pertaining to outdoor activities.

With a new school year under way, the usual Fall reorganization is taking place in Troop 73 - new boys coming in to the Troop - former scouts re-registering -

New Brownies in Troop 601

Brownie Troop 601 has five new Brownies, Jacqueline Dulen, Renee Haywood, Lauren Kavanaugh, Sandy Mucha, and Lynne Sienkiewicz joined Kathleen Barber, Kathleen Dulen, Mary Ann Lewicki, and Colleen Madegan, second year Brownies, to form Troop 601. Investitures were held at Mrs. Dee Kavanaugh's home Oct. 3. The program was well planned with all the Brownies taking part. Refreshments were served after the program. Outings planned for the Troop are a trip to Boy Blue Ice Cream store and a nature study in Miami Woods. Mrs. Dee Kavanaugh is assisted by Mrs. Audrey Haywood and Mrs. Carol Mucha. The Troop meets every Wednesday afternoon.

Cub pack 45

The new season in scouting has brought about a round of activities for cub scouts of Cub Pack 45 sponsored by Oak School.

On October 8 the boys and fathers joined in a father and son swim at the Maine East High School pool. The boys worked on requirements for earning badges and were also able to indulge in some free fun time.

On October 14 the Webelos participated in a fall camp-o-ree at Lakewood Farms near Wauconda. After a week of beautiful weather, the boys and fathers met at Oak School in the rain and the looks of a dismal weekend. Not to be discouraged, the pack drove up in a downpour of rain and shortly upon arrival the sun appeared with good weather following. After locating a suitable campsite, tents were pitched with lunch following. After lunch, the boys assembled at camp headquarters for an athletic workout. During their free time the boys were able to observe a huge flock of wild ducks on their migratory stopover for warmer climes. After dinner the boys attended church services and returned to the evening campfire at which they enjoyed cherry cobbler.

Troop 45

Upon arrival in the town of Byron, Illinois, 11 men, 17 scouts from Troop 45 and 4 Explorers from Post 45 put 15 canoes into the Rock River and began an action packed weekend. After 7 miles the cry went up, "When do we eat?" Since this trip would be all fall pack food, lunch consisted of crackers, peanut butter, applesauce and orange drink. Good but not filling.

The scenery was beautiful with a few trees just starting to turn color. The first portage of the trip was a short one around the Oregon Dam. The water was very swift below the dam and one canoe tipped over. Boys and gear were rescued and the troop pushed on to Camp Lowden for the evening meal and some well deserved sleep. The next morning the last 6 miles to Grand crossing were logged for a total of 23 miles. Scoutmaster Bob August had a paddle on which he painted the route of the trip. He had everyone sign it and put it on public display at Oak School.

An Impressive Court of Honor was held 2 days later to acknowledge all the advancements earned over the summer.

Douglas Olson was elected by the troop members to be Senior Patrol Leader. He appointed Ray Bartolucci, assistant S.P.L., Paul August, Scriber, Jeff Werfel, Librarian, Doug August, Quartermaster, Bob Bobula, and Joe Helmink, instructors and Andy Lietz, songmaster.

David Steier was awarded First Class rank and Bob Pisani, Second Class, David Frank and Tom Foley, earned Swimming merit badges. The following received Lifesaving merit badges: Ray Bartolucci, Joe Helmink, Karl Aschacher, David Frank, Paul August and Tom Foley.

Doug August and Doug Olson both got Rowing merit badges and made the Mile Swim. Doug Olson earned Scout Lifeguard Aquatics Camp. The rest of the scouts were awarded belt loops for the many skill awards they had worked on.

On Dean's List

Undergraduates posted to the summer term's Dean's List at Southern Illinois University in Carbondale cites students who recorded a quarterly grade-point average of 4.25 or better (on a 5.0 scale) while taking a full course load. Those students from Des Plaines are: William Blumh, 1422 White st; Gregory B. Hendershot, 10483 Dearlove rd; Kathleen Vanmilligen, 9700 Dee rd, Apt. 207; and Andrew J. Weislo, 8900 David Place.

Those from Morton Grove include Mark Barnett, 9301 Mar-mora, Debra Anne Klinec, 5419 Reba st; Kevin S. Marsh, 7306 Lake st., and Marilynn J. Rosenthal, 9331 Ozark av.

Also Neil Rubens, 6450 N. Christiana, Lincolnwood and Steven Shugan, 8218 Catino Ter.

Cadette scouting

Cadette Scout Troops 176 and 100 under the leadership of Mrs. A. Irmen and Mrs. W. Koss spent September planning an Outdoor Skills Day for 9 Junior Scout Troops on Nov. 3 (rain date). Their October plans include 3 craft demonstrations by Lee Wards from which they will choose something new to work on at the following meeting; a trip to Kettle Moraine Ranch in Wisconsin for a day of exploring and horseback riding and a Halloween Party for the Brownie troops who are interested in spending a real spooky night with them. Co-Leaders Mrs. Sharon Schoenwald and Mrs. Judy Baggio are accompanying their two patrols to the Morton Grove Blood Bank where they will bring homebaked cookies and help out for the evening on Nov. 1. Mrs. A. Irmen's troop served on Oct. 4 and we look forward to being of service in the future.

There are 80 girls registered in the combined troops and although they meet at Melzer school and St. Luke's church, all major events and trips are being combined this year.

Troop 282 Bike hike

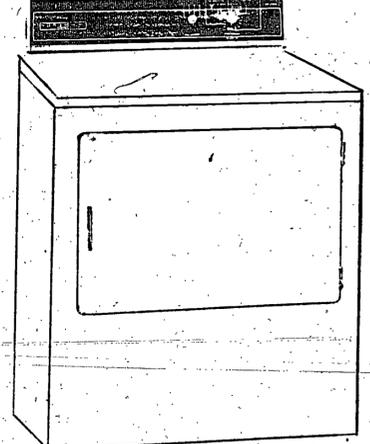

Brownie Troop 282 of the Girl Scout Council of Northwest Cook, under the leadership of Sharon Feldser and Judi Sobleski, went on a bike hike to practice bicycle safety after hearing safety rules from Officer Inledon of the Morton Grove Police Department.

NW Italians dance Saturday

The Northwest Italian American Society will hold their sixth annual dinner dance on Saturday, Nov. 3, at the Casa Royale 783 Lee st., Des Plaines. Co-chairmen of the event are Anthony Scarlat, 966-9005, and Anthony Gagliano, 965-6615. Cocktails at 7 p.m. will start the festivities and dinner will be at 8:30. "The Premiers", a popular entertainment group, who have recently played in Las Vegas, will provide music for dancing following the dinner.

Cancer research art auction

The Ann Langer Cancer Research Foundation has scheduled its first art auction Saturday, Nov. 10 and Sunday, Nov. 11. The University of Chicago and the Cancer Prevention Center are among the recipients of our funds. Included in the donation of \$1.50 is a chance to win a lovely art object, also cocktails will be served.

The auction will feature the Edward Weston Collection of lithographs and exclusive oils by outstanding artists from many parts of the world. The auction starts at 9 p.m. Saturday evening and 7 p.m. Sunday evening. The exhibition begins 1-1/2 hour earlier, both evenings will be held at the Leaning Tower YMCA, located at 6300 W. Touhy, Niles. Our president Al Boehm, 8208 N. Lawndale, Skokie invites you to attend a most worthwhile exhibit. Merna Maloni, 7227 Foster, Morton Grove is chairman and co-chairman is Elsie Winsberg, 1525 Howard, Evanston.

Barbershop harmony

Barbershop Harmony will ring out in Skokie at the Niles East High school auditorium, Lincoln and Niles ave., Saturday night, Nov. 24, beginning at 8 p.m., when the Men's Skokie Valley Barbershop Chapter of the SFEBSSQA give their twenty-fourth Annual "Barbershop Night of Harmony" featuring, besides their own Chorus, the Men's "Critic's Choice" Quartet, the Women's "Sound Investments" Foursome, and "The Melodeers," 1970 National Chorus Champions.

The Red Garter Banjo Band, famous Recording Artists and performers on national and local television will also add much merriment to this entertaining Barbershop Harmony Night of Fun and Song, with Ralph Sherman, Master of Humor, the emcee. For reservations (\$3 each) send checks to Ticket Chairman, Carl Corey, 8838 Prospect St., Niles, Ill. 60648 or phone 299-6556.

Annual Barbershop Concerts proceeds go to "The Institute of Logopedics," dedicated to the training of Speech Handicapped Children Barbershopper Chapters' International Service Project.

The Skokie Valley Chorus meets every Tuesday evening in the Parlors of Jagerhoff's Restaurant, 9430 Waukegan rd., Morton Grove and attracts members from all Chicagoland to which men interested in fellowship on song are most cordially invited.

Area artists exhibit works

Four area residents will be among 60 professional artisans who will exhibit and sell unusual and traditional craftwork at the 6th annual Craft Market, 10 a.m. to 5 p.m. Sunday, Nov. 4 at the Holiday Inn London House, Lake

Cook rd., and Edens Expy., Highland Park.

They are Phyllis Pamper, Skokie, showing mixed media, Sylvia Fisher, Skokie, dried flowers, Walter Craigie, Niles, metal sculpture, and Arlene Zimmerman, Morton Grove, cloth mache dolls.

The event, which is invitational and juried, will feature unusual crafts such as apple sculptures, contemporary basketry, paper dimensions, newspaper sculptures, miniatures, scrimshaw, rose-maling, quilting, batik and custom-crafted spinning wheels, lamps, lanterns, briar pipes, chess boards, and guitars and dulcimers. Weavings, jewelry and pottery will also be shown. Admission is 50¢, children free.

"HAPPINESS IS"

A visit to the GROUND ROUND, Dempster & Waukegan, Morton Grove, any night of the week. For at the GROUND ROUND there is always something going on for everyone—the young and the old. For example, on Mondays at lunch time they feature an interesting style show which the ladies will appreciate. On Tuesdays—and everyday—there's a Happy Hour and all cocktails are only 69¢. On Wednesdays for lunch another new style show . . . Thursdays, Old Time Movies and Fridays, there's an "all you can eat" fish fry for only \$1.79 for adults and \$1.29 for children plus "live entertainment."

On Fridays & Saturdays "Live entertainment" is featured in the person of Bonnie Yates, that popular young folk singer whom I understand has been well received by patrons of all ages at the GROUND ROUND.

And every night of the week, the GROUND ROUND offers old time movies. These movies are the real old time silents. An early vintage of movies which feature many "stars" of both the silent and later talking screen who became famous stars.

So when you're hungry for good food and thirsty for a good time, take the family to the GROUND ROUND where there's never a cover or minimum charge for the abundance of entertainment they offer.

You'll find the food and beverage to your liking and the prices will please your purse, Frank Palumbo, the manager of the Morton Grove GROUND ROUND will do everything he can to make your visit a happy one.

Last Saturday night I had dinner at the popular BEAM 'N BARREL, 7136 Milwaukee ave., Niles, after a considerable wait. There was a long waiting line of patrons which attests to the fine food at very reasonable prices offered by the BEAM 'N BARREL. For example, the BEAM 'N BARREL is the only top restaurant I know of anywhere where you can get lobster tail for only \$6.75 and this includes salad from their super salad bar and a whole loaf of bread with butter. The night I was there, there were a lot of folks gathered around the oldtime player piano which has become a big hit with the patrons who frequent the BEAM 'N BARREL.

I asked Tommy of ARVEY'S RESTAURANT, 7041 W. Oakton, Niles, how the FREE Caesar Salads were going. Tommy replied, "Just great, Ed. As you know we offer a FREE Caesar Salad every Tues., Wed., Thurs., Fri. & Sat. nights with dinner and on Thurs. only we offer it with lunch, and the response has been terrific." ARVEY'S, where the foods are internationally famous, offers breakfast specials from 95¢ and low calorie luncheon specials from \$1.25.

According to Arvey's their new Continental Room has been packed ever since they've opened it and it has helped somewhat to "seat" the many new customers which they have acquired during the past six months. ARVEY'S is open 7 days a week for breakfast, lunch and dinner.

Jake of JAKE'S famous restaurant, 7740 N. Milwaukee, tells me that their combined Minelli's-Jake's 2nd anniversary celebration originally planned for November has been moved up to Dec. 6, 7, 8 & 9. Jake says, "We moved it up so that we would have more time in our planning of the biggest and best celebration we've ever offered. There'll be gifts for the young and old, unbeatable specials, live entertainment and all sorts of surprises that will please everyone." Plan to visit JAKE'S during this gala event . . .

John Countanis, the owner of ALIPIO'S RESTAURANT & LOUNGE cordially invites you to attend his 1st anniversary on Nov. 1, 2 & 3 . . . FREE champagne will be served with all dinners on the three days of his birthday party. John acquired the famous Alipio's Restaurant just a year ago and extends his thanks in appreciation for the loyal support of his many friends and customers.

Bene Stein, general manager of the Golf Mill Theatres, is being honored at a testimonial banquet given by the amusements Division State of Israel Bonds on Sunday, Dec. 2, 1973 at 6 p.m. at the Covenant Club of Illinois, Marshall Korshak and Irv Kupcinet are the honorary chairmen of this important event. A story covering this occasion will appear in a future issue of Bugle Newspapers.

One of the finest places for food and entertainment is the FIRESIDE INN HOTEL & RESTAURANT, 9101 Waukegan rd., Morton Grove. Many of its patrons have told me that they consider the FIRESIDE'S food to rate with the top places anywhere and from my own personal experience and the many, many people who have praised the food, service and atmosphere of the FIRESIDE I say Amen. For an enchanting evening anytime place the FIRESIDE on top of your list of best places to visit.

See you next week . . .

Maine East's music department recently hosted an orchestra clinic for string players.

Students from Maine East, Maine North, and Maine West attended the Oct. 4 clinic with guest clinicians from the University of Illinois at Champaign/Urbana. The visiting professors were Ronald Parrich, Marjary, Krollick, and Wisniewski.

Maine East students participating in the clinic were Pat Brown, Joe Burros, Helene Da-

vitz, Tom Eggert, Joan Englestad, Mike Eterno, Scott Fuchs, Ellen Gorsuch, Gail Grazian, Kathy Guerrieri, Pam Hendrix, Mike Itashiki, Jeff Jorian, Bob Kazmer, Wendy Kon, Steve Koukios, Sylvia Massong, Dave Miller, Brian Miku, John Nankertus, Ellen Peterson, Elizabeth Petray, Janet Schmitt, Lori Schwartz, Ted Sebastian, Sue Smille, Karen Stemple, Sharon Stetz, Craig Somach, Marty Swiderski, and Marla Wilson.

LET'S DINE OUT

Art exhibit at Oakton

Three Chicago artists working in different techniques are now being featured in an exhibit in the W. A. Koehnline Gallery, Building A, Oakton Community College. The artists are Lute Wassmann, Barney Donley and Leon Bellin.

Wassmann is showing his 1973 pen sketches at Lake Cogblie. They demonstrate that a sketchpad can be as much fun as a camera on vacation. Wassman has been designing since getting his degree in industrial design from the University of Illinois in 1951. Since 1958 he has had his own free-lance studio, Lute Wassmann/Design.

Donley is exhibiting a selection of oil paintings. Donley has painted continuously for 30 years since studying at the Art Institute of Chicago in the early forties. For many years he spent six months of every year painting in Mexico. Currently he maintains a commercial and painting studio in Chicago.

Bellin, noted for his prints and drawings, has included a collection of monoprints, water colors and tempura in the exhibit. He is associate professor of art at the University of Illinois Circle Campus. As part of his task of coordinating art education at the university, he holds Saturday classes for community children.

The exhibit is open to the public. Hours are Monday through Thursday, 9 a.m.-10 p.m.; Friday 9 a.m.-6 p.m.; and Saturday, 9 a.m.-12 noon. The exhibit will remain at Oakton until Nov. 8.

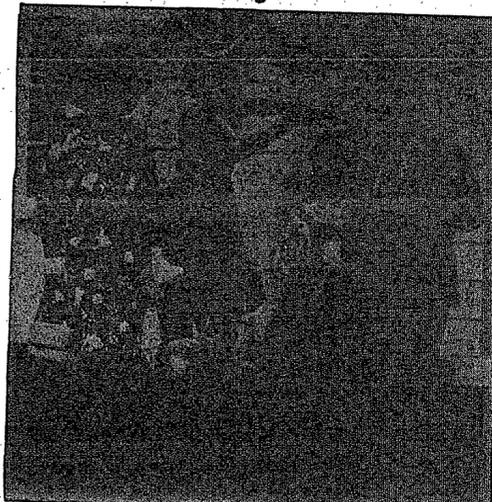

MTJC sponsors art auction

An international collection of fine art will be auctioned, sponsored by Maine Township Jewish Congregation on Saturday, Nov. 17 at 6 p.m. The auction will take place at Maine Township Jewish Congregation, 8800 Ballard rd., Des Plaines, Illinois. The public is welcome to attend the auction and preview one hour in advance of it. Admission of \$1.50 per person will be charged. Mr. Al Mandel is the chairman for the event. A door prize will be given away during the auction. More than 125 works of art to be auctioned will be selected from the collection of the Howard Mann Art Center, which includes: Vasarely, Peter Max, Karel Appel, Alechinsky, Durer, Rembrandt, Boya, Piranesi, Hogarth, Daumier, Rouault, Utrillo, Laurence, Dalí, Chagall, Picasso, Buffet, Friedlaender, Gai, Gropper, Leb A Dang, Miró, Janssen, Boulangier, Shah, Soyer, Tamayo, Vu Van Dam. Paintings of lesser known artists of promise will round out the group. Media will include oils, collages, pastels, watercolors, enamels, sculpture and the graphic media.

Each work is fully described in a catalogue, and is unconditionally guaranteed to be as represented. Each work is custom framed. This wide-ranging collection is the fruit of months of planning and selection. Works were chosen, not just for decorative appeal, but for intrinsic value as fine art and the chance for appreciation in price. Serious collectors will find the auction a rewarding experience they did not expect to have outside of New York, Paris, Munich or Bern where art of this quality has traditionally been sold at exclusive auctions.

Existing Property Owners Have Some Rights

Dear Sir:

This letter is being written to express the displeasure and injustice of property owners on Park ave. and Ballard rd.

Several months ago we received notice regarding a zoning change for a piece of property on Ballard rd. It involved putting two homes on one large lot.

No one objected to this and we still don't object to this, but to the way it is being done.

We can't see how a builder is allowed to build property up 3 to 4 feet higher than adjoining property and to top it all off, use clay and concrete chunks for fill. This will cause runoff on neighbors.

One property owner called the Village to ask if she could get several truck loads of black dirt for her yard - she was told no.

Calls to complain to the Village were met with answers such as builder is within rights, we can't let basements of new homes flood.

What about us? We were told we could hook sump pumps into our sanitary sewers. When we said this is illegal, we were told the Village could make allowances in some cases. What is this? Are there two sets of ordinances, one for the Village and one for property owners?

Once this fill is completed, nothing will be done no matter how bad we flood.

There is the case of one property owner who has a thing that looks like a catch basin on her property. In a bad rain it backed up and human waste came out of it.

After years of complaining the property owner was told the Village found some one had illegally hooked up into the storm sewer.

Another party who wasn't hooked up to the sanitary sewer and had a non-functioning septic system had a large hose stuck out of the side of his house to drain his sinks and tubs, etc. It took

years to put a stop to this. Why is this builder going so high? Why does the village permit it?

The Village said this isn't 1960, ordinances have changed. You bet they have!

None of us would deliberately do anything to cause trouble to our neighbors. None of us like to idea of puddles, mud and flooded basements. Where do we stand? Who is going to help us? Isn't it time for the Village of Niles to change ordinances or codes to protect the existing homeowners from being flooded when new buildings are being erected?

Sincerely,
Mrs. Dorothy Lund, 8216 Park ave., Niles
Mrs. Stephanie Lanners, 8205 W. Ballard rd., Niles
Mrs. Ruth Hoyt, 8206 W. Park ave., Niles
Mr. and Mrs. Jens N. Bendson, 8210 W. Park ave., Niles.

HALLOWEEN PARADE AND PARTY

On Saturday, Oct. 27 the Niles Park District hosted their Annual Halloween Parade and Party. The parade started at Oak school with the Niles Police and Fire Department leading the costumed children to Greeman Heights Recreation Center.

NI-Gas digs deep to keep your natural gas pipeline full.

We're putting millions of dollars into new areas for gas exploration.

The problem is this: There's plenty of natural gas in the ground. But finding it is a mighty expensive proposition these days.

During the latest seven year period, for example, the cost of an exploratory well has risen more than 75, while the wholesale price of natural gas to NI-Gas has increased less than 1/2. So it's no wonder there aren't enough explorers investing in new wells to

meet the growing need for natural gas energy.

To encourage them, NI-Gas puts up part of the money. In return, gas discovered will help increase our supply for you.

Ordinarily, you wouldn't expect NI-Gas to be involved in financing exploration. But we're involved in a lot of things you wouldn't expect, to make sure you have the natural gas energy you need to keep your home comfortable and your environment clean.

Auto Damages Niles Savings & Loan

Shown above is some of the damage incurred by Niles Savings and Loan Association, 7077 W. Dempster st., Niles after the building was struck by an auto on Saturday morning, Oct. 27 at 2:17 a.m.

Niles Savings & Loan is located on the corner of Dempster and Shermer. This intersection is currently being studied for the purpose of installing stop lights and both the Villages of Niles and Morton Grove are working together to accomplish this installation.

The vehicles involved in the Saturday morning accident were driven by Dale M. Repke, 17, of San Galito, California and Larry R. McNevin, Jr., 8625 Milwaukee, Niles. The Repke auto was eastbound on Dempster and the McNevin auto was southbound on Shermer. Two passengers in the Repke auto and McNevin, Jr., were taken to Lutheran General Hospital by fire department ambulance for treatment of injuries.

The damage incurred by the Niles Savings and Loan building involved the knocking down of their flag pole, permanent destruction of much of their shrubbery and broken letters in their name sign which is posted on the stone wall outside the entranceway.

O'Connell Manages New Skokie Federal Branch

Skokie Federal Savings and Loan Assn. recently held a month long celebration for the grand opening of their downtown branch office located at 7925-54 Lincoln which is the southwest corner of the Lincoln-Oakton intersection.

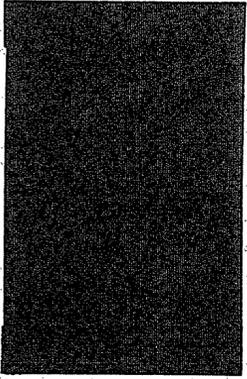

The manager of the downtown Skokie Federal branch is Thomas O'Connell.

O'Connell, a Skokie Federal director since its founding joined the institution full-time in 1967 after a career in advertising during which he was vice president of the J. Walter Thompson Co., the nation's largest advertising and public relations firm.

A Skokie native, he won nine major letters at Niles before going on to earn a BS in commerce with a major in journalism at Loyola University of Chicago.

He is married to the former Florence Schmidt of Skokie whom he met when they both played in the band at St. Peter's Elementary School.

Martin elected treasurer of realtors association

Ralph H. Martin, president of Wm. L. Kunkel & Co., Realtors, recently was elected treasurer for the Illinois Association of Realtors at their annual convention held at the Marriott Hotel in Chicago.

A graduate of Indiana University, Mr. Martin is a member of the board of directors of First National Bank of Des Plaines. He is a past vice president and director of the Des Plaines Chamber of Commerce, past president of Northwest Suburban Multiple Listing Service and the Northwest Suburban Board of Realtors.

A seventh ward alderman from 1963-67, Mr. Martin also is past secretary of the Des Plaines Lions Club. He was named the Outstanding Young Man in 1963 by the Des Plaines Junior Chamber of Commerce. He is an immediate past president of Moline Township Mental Health Association and is presently vice chairman of the Northwest Suburban YMCA.

Women on wheels program

A national program - called WOW - designed to aid Women on Wheels in their knowledge of cars, car troubles and repairs will be underway at Golf Mill Chrysler - Plymouth, Niles IL in October.

The program, Women on Wheels, is implemented through the Chrysler Motors Corporation dealership network in the United States. It has been in operation for about a year and a half. Since its inauguration (March 1, 1972) more than 1,000 sessions have been completed with nearly 40,000 women graduates completing the four WOW sessions.

The classes have been highly acclaimed by many of the thousands of women who have become WOW graduates as well as educators, women's organizations and government groups.

The WOW program will teach the woman motorist how to do everything from "trouble shooting" a no-start condition, to changing flats, to identifying squeals, clanks, and "things that go bump in the night," according to John W. Farley, director of field service.

"The program has been put together with the thought of reducing one of the greatest fears and most perplexing problems of the woman driver... breakdown," Farley said.

"The WOW program will un-complicate the car for the lady motorist. It will show her how an automobile operates, what she can do if she has a problem and how to recognize serious trouble from the routine.

"When the lady finishes the WOW sessions," Farley said, "she will be able to 'talk car' and fix one... with the aid of simple tools... a flat blade screw driver, a phillips screw driver, a crescent wrench and a pair of pliers."

The program is open to all women; it is not exclusive to Chrysler Corporation car owners.

The Women on Wheels program is conducted in four weekly sessions of two hours each and carried out in specially prepared sections of the dealership's service department.

The first class is designed to familiarize the women with the car, why and how it runs. The car is examined from top to bottom... on a hoist, hood up, wheels off, inside and out... parts and pieces are laid out on a viewing table for the women students to examine in detail.

The second session generally concerns the electrical aspects of an automobile. If a car won't start... possible diagnostic checkouts... from battery terminals to sparkplug wires, points and coil. What dashboard lights tell you and what you can do about fuses, small light bulb replacement, minor malfunctions in turn indicator, brake and parking lights.

The third session gets into braking and fuel systems. How the brake system functions, how to tell when you need an adjustment of new lining. What to do when you run out of gas, when your car is flooded... if it's flooded.

The fourth session concerns noise identification, safety air handling. How to change a flat tire, how to drive in the snow, rain or on ice... what to do when driving in a traffic jam in hot weather. What a slipping power steering or fan belt sounds like, how important it is. How to evaluate a chassis or suspension noise, how to check the fluids, why and how you should use safety belts.

Interested women may contact either their local Dodge or Chrysler-Plymouth dealer or the Chrysler Automotive Sales Group Customer Relations Manager, Mr. Desmond Egan, 2200 S. Bussey rd., P.O. Box 367, Elk Grove, IL 60007, (312) 593-3790, 1, 2,

First National Bank of Niles Celebrates Expanded Facilities

In conjunction with the grand opening ceremonies of newly completed facilities at First National Bank of Niles, Niles, during the week of Sept. 21-28, 1973 the Bank was distributing a free fire extinguisher for each new account. Other items were also distributed as part of the grand opening festivities, and a drawing was held for several TV and radio items to close out the week on Saturday, Sept. 29, 1973.

The fire extinguisher promotion was timely, since fire prevention week took place during the week of Oct. 7-13, and the bank, as always, extends its

participation in community affairs and programs. The recently completed addition and renovation of the bank includes a six lane drive-up facility and walk-up windows for extended banking hours. Also, several interior changes took place for increased efficiency in servicing customers at all levels of banking service.

North West Federal Savings grand opening

The grand opening celebration of North West Federal Savings of Chicago's new branch office, at 2454 Dempster st. in Des Plaines, is now in progress.

The grand opening celebration will conclude on Saturday, Dec. 1, with the awarding of a 1974 Ford Mustang II two-door hardtop. Anyone age 18 or over is eligible to stop in and enter the prize drawing. No business transaction is required.

Free souvenirs will be given to all visitors at North West Federal's new Des Plaines office. Free fine china place settings are available to savers who make the required \$50 deposit. Completer pieces are also available.

The public is invited to stop in either the new Des Plaines office or North West Federal's Chicago office, 4901 W. Irving Park rd., to join in the grand opening celebration and enter the Mustang II prize drawing.

Shown above (l. to r.) Jeanne Brandesu, Terri Giles, and Roxann Padula depositing entries in North West Federal's grand opening prize drawing as Eugene Purcell, North West Federal vice president, looks on.

press room, to his automated speech, to a second press conference, a brisk walk into the auditorium, speech, answer questions and then being whisked away, seemed almost military in its execution. But it's the way we make Presidents in America. It's rather absurd, downright bizarre, but when there's electricity coming from the candidate you know he's pre-destined for running for the top job.

As frenetic as the Kennedy in and out 40 minutes was, sitting at lunch Thursday with Bob Finch, a Nixon aide and former cabinet member, was cool and calm and all sort of Rotary-mid-America-like. The man who may be California's next governor or Senator, is one of Nixon's surrogates who has been eating chicken and peas in hundreds of towns and hamlets thruout America the past months. Thursday he was lunching with 6 local press people, as well as Congressional candidate Sam Young.

Between eating salad chunks, he answered my question about the President. He said the Dick Nixon of today is a changed man from the Nixon of 10 years ago. Then, he wrote his own speeches, and preferred to do most of the detail work himself. He said when he went to work in New York for the Mitchell law firm, he genuinely did change. Today, he delegates work easily, and has learned to pace himself. Finch said Nixon now takes off every Wednesday, "just to think." He left the impression the President is quite relaxed in his job and enjoys it immensely.

We sat next to the former Secretary, and we had the feeling despite his low key performance he was wary of us. A handsome man, light brown hair heavily peppered with grey, lines in his face like many Californians, who've spent much time basking in the sun. His suit was expensive, his white on white shirt was conservative and 2 years behind the times, which could be expected from this surrogate of a conservative administration, and you felt he was Wall Street, sober and cool. In contrast to Kennedy, who was Brooks Brothers, Hyamsport, and somewhat hyped.

them a say in the operation of the 11 schools serving 6,000 students in Park Ridge, Niles, Des Plaines, Glenview, and Morton Grove. "We've established," he said, "that we are the professional people responsible for setting the educational programs in the schools."

The agreement covers 22 separate non-salary issues. The teachers are currently in the second year of a two-year salary agreement with the board.

On Thursday 217 teachers called

in, sick but returned to work Friday. The association originally asked for a contract provision that no teachers would suffer reprisals for the sick-strike. It later dropped that demand when the school board dropped its demand for a "no strike" clause. Teachers might be docked pay for the missed day of school, O'Neill said.

mitteeman. Besides uniting the Republican party in Niles Township, I hope to build its membership into a strong, viable organization. In the last few weeks I have re-evaluated my position as First Vice-President of the Niles Township Regular Republican Organization and my advisors and I have reached the conclusion that now is the time for fresh air in our organization.

With my qualifications and much support of the current Republican leadership and with the inspiration of the remark by one of our prominent Village attorneys that our organization should be opened up, I am encouraged to seek each and every citizen's participation in helping me do so. We must move from the present closed group to a more united broad-based party, which can only be accomplished by a man from within the regular organization in order to bring together the many separate factions within as well as without the organization.

In the interests of better Government on the local level I have entered the Committeeman race to allow our over-worked State Senator from the 4th District the opportunity to concentrate all of his efforts in serving his constituents of that District (which incidently comprises only 25% of Niles Township) instead of splitting his time and activities between his State duties and those as Republican Committeeman of Niles Township.

Louis Black, an official announcing my candidacy for Niles Township Republican Committeeman. I would like to invite my fellow workers, Precinct Captains, members of the Regular Republican Organization, and all Republicans and Independents throughout the Township to join me in this campaign in an effort to bring peace and harmony into the Niles Township Republican

Dist. 70 Teachers Institute day

Friday, Nov. 2, will be a Teachers' Institute Day for the faculty of School District 70.

The program for the day will include 3 main segments. First, Mrs. Joan Stuart, Librarian for the Morton Grove Public Library will, along with members of her staff, describe the many services of the library which may be of special interest to teachers. As an example, she will describe how the library arranges special for specific topics in advance of homework and research projects which teachers assign. Also, a reading and dramatization program, designed to stimulate primary grade students to read, will be presented to the teachers of primary grades. The over-all purpose of the program is to develop a stronger cooperative relationship between the schools and the library in order to provide a better and more enjoyable learning experience for the students in Morton Grove.

Kirk Lane meeting

On Wednesday, Nov. 7, at 8 p.m. the Kirk Lane Community Organization will hold a meeting in the Niles Village Council Chambers, 7200 N. Waukegan rd.

The purpose of the meeting is to help inform the Kirk Lane residents about the upcoming Park District Referendum which will be held on Nov. 17. Money from the Referendum will be used for the purchase of the Tam Golf Course, and other new park sites, as well as the improvement of present parks, including the Kirk Lane Park.

The board members of Kirk Lane feel that the Tam Site would make an ideal park, and it would also act as a buffer zone against the industrial park. They too are well aware that if park land is not obtained now, there won't be any land left for parks.

Therefore, they are strongly urging that all Kirk Lane homeowners attend this meeting. There they can hear the Park District Commissioners and members of the "Save Open Spaces" committee present their program on this very important referendum. At the conclusion of the meeting, any question you may have can be presented to the Commissioners and Committeemen.

The second part of the morning program will deal with the teaching of gifted students. Mrs. Marilyn Melsner, Director of the Gifted Student Program of the North Suburban Regional Office of the State Department of Public Instruction, will direct the program. She will provide a broad definition of the "gifted child" which allows for many kinds of gifted students; mechanical, athletic, literary and academic, to mention a few.

Mrs. Melsner's program will describe ways which will help teachers recognize and teach gifted students so that their highest potential may be reached. Other members of Mrs. Melsner's staff will assist her in describing ways to challenge the gifted students in the primary, intermediate and junior high grades.

During the afternoon session of Institute Day, the District 70 teachers will continue their work in developing learning objectives for specific instructional areas. This is part of a program which was begun in District 70 in early 1971 and has recently been adopted by the State Office of the Superintendent of Public Instruction.

The Institute Day's activities are aimed at improving certain phases of instruction. It promises to be a busy and informative day for the Park View, Borg and Grove School teachers.

Niles Art Guild

Kurt Sala, the young, exceptionally talented artist, who is well on his way to becoming one of the nation's "Greats," will honor the Niles Art Guild with one of his rare demonstrations on Wednesday, Nov. 7, at the Niles Recreation Center, 7877 Milwaukee ave., at 8 p.m.

In 1966, Kurt was one of the top ten to win a national scholarship "Art Merit Award" sponsored by Scholastic magazine. The prize was a four year scholarship to any college he chose.

As a student at the Academy of Art for five years, Kurt studied under Mr. Irving Shapiro, developing his individual technique in both water color and oil. He is one of the few contemporary watercolorists accepting portrait commissions.

Besides being an instructor of transparent water color and oil, at the village art school in Skokie, Kurt is busy building a geological display at the Chicago Academy of Sciences.

Lest our heritage crumble to ashes unrecorded, Mr. Sala is engaged in preserving "Lincoln Park from Life," in a series of paintings and sketches of people, buildings, landscapes, oddities, and human interest in the area bounded by Armitage, Fullerton, and Lincoln aves., and the lake front. Some of these will be presented as a one man show in January, 1974, at the Village Art Gallery, 8008 Lincoln ave., in Skokie.

Kurt is bringing some of his work to display during the demonstration, so play it smart—see Sala.

Niles West Institute Day

Niles West high school will hold an Institute Day on Nov. 2 to help teachers and administrators prepare for the North Central Evaluation in April.

The November full-day session is one of several scheduled at West to give teachers time to study both their curriculum and instructional methods.

The North Central Association of College & Secondary Schools visits schools in its area within seven-year periods. This spring the association will visit Niles Township District.

Niles Art Guild

The Niles Art Guild is celebrating its tenth anniversary this November. It was March, 1963 that a small art fair, consisting of about thirty participants, was held at the Grenman Heights Field House. Marge Berles and Edna Walger met for the first time that day, and by that October they had formed the nucleus of the Niles Art Guild. The management of the Lawrencewood Shopping Center, then in its infancy, arranged with Edna to conduct an art fair at the center, to attract the attention of local residents. Edna convinced the management that an art gallery in the center would be an asset to the center and then, with Marge, formed the Niles Art Guild. Its first art fair was held in October, 1963. The gallery was maintained by the guild for six years with a series of childrens classes, adult beginners and advanced classes, and lecture-demonstrations by some of the finest artists in the area.

When the second art fair was presented the following summer, the Village of Niles, cognizant of the cultural aspect of the organization, generously granted a "purchase award" to the club. Each year hence, the village has purchased a work of art from a participant of the fair for display in the Administration Building.

Although "Art Fairs" are the spectacular events of the guild, the real benefits to its members, and the citizens of Niles are the demonstrations of artistic techniques conducted after each regular business meeting, and the various art classes conducted from time to time. Through the generosity of the Niles Days Committee, the guild has been able to award Art scholarships to various schools including the Chicago Art Institute, and probably the most encompassing curriculum any student could hope for, a six week stay in Colorado, with a superb basic training including selecting and digging one's own clay for sculpturing and field trips for sketching and painting in the wilds.

Various locations throughout the village serve as exhibition halls for guild members. Exhibit areas at the entrances to the Administration Building are maintained by the guild, though the privilege of exhibiting there is open to all Nilesites, member or not. Anyone interested in exhibiting may contact the exhibit chairman for scheduling.

Current president Marge Berles invites everyone to come to the meetings, held the first Wednesday of each month, at the Niles Recreation Center, 7877 Milwaukee ave.

OCC film society

Peter Sellers provides insane fun in the next Oakton Community College film society presentation, "Only Two Can Play". The film will be screened, in conjunction with MONACEP, on Friday, Nov. 2 at 7:30 and 9:30 p.m. in Room 108-109, Building 1, Oakton Community College, 7900 N. Nagle, Morton Grove.

Admission is free for all Oakton and MONACEP students and for Maine and Niles Township High School students. A 50 cent donation is requested of all others. Free coffee is available and a discussion follows the 7:30 showing.

Film

On Sunday, Nov. 4 at 7:30 p.m. the film, "The Life of Emil Zola" will be shown at the Mayer Kaplan Jewish Community Center. This stirring drama recreates on film the world-famous Dreyfus Case. A coffee hour and discussion will follow the film.

Seek Gifts

Mrs. T. Aronson, an officer of the Crippled Children Foundation, has requested anyone in business for help in contributing any gifts for their bazaar.

The proceeds go to the Crippled Children Foundation at Weiss Hospital in combating deformities and helping the children to walk again.

Each year they have been successful but each year they try just a little harder. If you can help in this endeavor please bring your gifts to Mrs. T. Aronson at 6415 N. St. Louis ave., Lincolnwood, or call 677-5263. The bazaar will be held Wednesday, Dec. 5th.

A Big Drive For Israel

I am very proud that I live in a community that works together and has helped in the contribution of funds and bonds in helping Israel for its Red Cross, clothes food and money. Thanks for pulling together.

Baseball Corner

We keep mentioning that as baseball season is over we still want to remind dad and the young ones Little League is still here and when the big drive for registration starts, let's see a big turnout. We need dads who are interested in being coaches or assistant coaches or helping in many other ways.

As for the girls' softball, it will be underway in the summer.

Coaches and trainers are needed with experience in softball or baseball. There will be a fall meeting, hoping for a large turnout. The age span is from 8 to 18 years of age. College and high school girls that do not want to play but have knowledge who would like to assist in softball as coaches and trainers, let me know by calling 677-5153. Watch for more in the next columns.

There will be a Little League meeting for coaches the first Monday in November. All should attend who are coaches or directors and executive board. New business will be brought up.

Lincolnwood Men's Club

The Lincolnwood Men's Club will be meeting Monday, Nov. 19 at 8:45 p.m. in the Bachelor Button room for the annual sports night. Refreshments will be served as usual. We're hoping all old and new members will attend. Fun for all and a few surprises in store for the ones who attend. Let's hope for a big night. The Kenilworth Inn, 7110 N. Lincoln ave. next to Proesel Park.

Golf News

With golf coming to a close soon Jim Weser of 3717 Albion shot in the 70s to become one of the top ten honors in Skyway Golf Conference at Oakton College.
