District shares in Maine South honors

District 207 administrators, in commenting on recent headlines rating Maine Township High School South as the No. 1 secondary school in the country, expressed their pleasure and gratification at the nation-wide recognition given to Maine's excellent education program.

"This unique honor conferred upon Maine South is further testimony to the fact that 'Education - The Maine Way' has become synonymous with academic excellence and quality education," remarked Dr. Richard B. Short, Superintendent of Schools.

An independent survey of 615 high schools throughout the U.S., conducted by Dr. B. Everard Blanchard, director of DePaul University's educational field services, placed Maine South at the top of all schools included in the study. The 615 schools were judged on the basis of 15 categories which were rated using a 5-point rating scale.

According to Dr. Short, "The results of the independent survey recognized the continuing efforts of a supportive and interested citizenry; the ability and dedication of the Board of Education; the notable talents and skills of the district's teaching staff; the enthusiasm of the total student body and the abilities of the school administrators to provide a productive climate for learning."

Dr. Short, in congratulating the faculty, students and administrators at Maine South, also had high praise for the other three Maine high schools, saying, "as a school district committed to a policy of providing comparable programs of education and facilities at each of our schools, and in light of statements made by Dr. Blanchard regarding comparability among the Maine Schools, I believe that Maine South may be proudly shared by all members of the District 207 staff."

"It must be remembered," he pointed out, "that Maine South was the only one of the four township high schools included in Dr. Blanchard's independent survey and thus can be the only one reported on. Nonetheless, because of the Board of Education's long standing commitment to comparability in educational programs at each school, the people living within the confines of District 207 can be confident of high quality education throughout the system."

The very desirable 37.5 acres of the Little Tam golf course is at the center of Niles Park District's Nov. 17 referendum.

In the event park district voters turn down the referendum it is important they know what the alternatives will be.

While Niles village officials have been outwardly supportive in the park district effort there is little doubt they will move to pick-up the option on the land, in the event the park vote is negative.

It is no secret village officials have long been interested in getting involved in recreational activities in the community. And while they have held a low profile during these pre-referendum weeks, the failure of the referendum would cause the village to begin planning for a move into the running of the TAM golf course.

Park Board finalizes plans for referendum

By Karen Wolfson

Like a political candidate at his last strategy session before the election, the Niles Park Board reviewed final plans for the Nov. 17 referendum at its meeting Tuesday night.

Board President Jack Leske discussed a voter canvas to inform residents about the upcoming \$2,715,000 bond issue. He asked for volunteers for the canvas to help members of the Save Open Space Committee.

Oakton College's board tabled a resolution Tuesday night by a slim 4 to 3 margin to seek the 122 acres of land between Central and Golf east of the Des Plaines River for the permanent site for the college.

Des Plaines resident Steven Loska introduced the resolution, which would have been supported by Park Ridge resident Griff MacDonald and Niles resident Tom Flynn. But he was opposed by Hartstein, Gilson and Medak, residents from the Skokie-Lincolnwood area, and by young Bob Gutschick, a Morton Grove student, who became the decisive swing vote.

Ray Hartstein's tabling motion was preceded by an impassioned plea by him for unity by the Board, and that it "pull together". Hartstein said twice the Board has stubbed its toe in choosing sites in Morton Grove and Niles and he did not want the Board to do it a third time. He suggested the Board first hold public meetings before choosing any site rather than the other way around, which was suggested by a Flynn resolution. Hartstein noted there was a need for traffic studies, which will be completed by January 1, as well as comparative data which he deemed important before determining the final site choice. He believed the students and faculty, as well as the public should present their views before the decision is reached. He urged the Board to be patient. He also noted a map defining the boundaries.

Data packs

Santa Claus will be arriving early this year in Niles. In the middle of November he will be bringing all Niles residents, via the United States Post Office, their 1974 data packs. This is the packet of forms that contains applications for next years vehicle stickers, dog tags and free bicycle license. An added convenience is a pre-addressed return envelope.

Shown above greeting Santa Claus is Village Clerk, Frank C. Wagner, Jr. and his two year old son Frankie. Clerk Wagner stated that after the village receives the completed applications, it will mail out the appropriate number of licenses. He further stated that if you haven't received your data pack by Dec. 1 to call 967-6100 and another will be sent to you.

Honor official at convention

An unusual honor for Maine Township Attorney Milton Tuttle, and a pledge of support from Governor Daniel Walker, were highlights of the 64th annual convention of the Township Officials of Illinois held recently in Peoria.

Tuttle, a Des Plaines resident, was unanimously elected to the newly-created post of permanent parliamentarian for the township officials association, in recognition of his more than 32 years of service as a township officer.

Tuttle served as Justice of the Peace from 1940 to 1954, and as collector from 1954 to 1973.

Governor Walker told attending officials that as long as he was governor he would sign no bills and support no legislation that would reduce the authority or functions of township government.

The pledge was made in response to some recent efforts to reduce or abolish township government.

Maine Township officials who were delegates to the convention, held Oct. 24-25, were Assessor James Kay Korth and Paul Halverson of Des Plaines, Margaret Wirsen of Park Ridge, Harvey Frindt of Niles, and Highway Commissioner Ed Koehler of Des Plaines.

Dignitaries who addressed the convention, in addition to Gov. Walker, included Secretary of State Michael J. Howlett, State Treasurer Alan Dixon, and State Comptroller George W. Lindberg.

Convention sessions covered a wide range of subjects related to township services, ways and means of improving existing services, effective ways to expend federal revenue sharing funds, and methods of bringing township government closer to the people it serves.

NSJC breaks ground for new Sanctuary

From left: Rabbi Lawrence H. Charney; Bill Rosenthal, Congregation President; Mrs. Phillip Raffie, Sisterhood President; and Seymour Primer, Men's Club President assist construction company in getting ground-breaking off to a good start.

August 21, 1973, became a red letter day in the history of the Northwest Suburban Jewish Congregation when ground was broken for the long awaited and much heralded permanent Sanctuary.

From that day forth work is expected to proceed uninterrupted to its completion sometime in early Spring, 1974.

Estimated total cost of the new structure together with Social Hall expansion will be \$200,000 including most of the interior decoration and furnishing.

Construction has been contracted with the Kerr Construction Co. with the plans designed by Joel Scheckerman & Assoc., architects.

The final addition to the Congregation's physical plant is the culmination of over ten years planning.

At that time, the first phase of the building was completed by the young Congregation which encompassed one major room, two offices, a few classrooms and Youth Lounge. Then, about six years later, six more classrooms were added to meet the needs of the growing school enrollment of which three rooms convert as needed into an all-purpose meeting room and general social hall.

At the same time, some classrooms were partitioned off to add administrative offices for executive, nursery and youth directors.

In 1972, under the guidance of the Men's Club and Sisterhood, two classrooms were converted to a Bet Midrash (chapel) and Library. The chapel is used for daily morning and evening services, youth services and small private services. Its capacity can be increased to 100 people by opening the partitions and joining the Library.

The new H. Morton Robbins Sanctuary, now under construction, will be used for Sabbath services, minor holidays, Bar/Bat Mitzvahs and weddings. It, too, can be expanded to more than three times its size for High Holidays, Thanksgiving, etc., by opening its partition and joining with the Social Hall.

The All-Purpose Room is made by combining three classrooms and with a room capacity of 200, is used for Junior Services and smaller functions.

By the time of completion in the Spring, the physical plant of the Synagogue will include a Sabbath Sanctuary, main Social Hall, All-Purpose Room, Chapel, Library, 10 classrooms, Youth Lounge, general office, Rabbi's study, 3 directors' administrative offices and a catering kitchen.

In total, the physical plant has an estimated value with land of over one million dollars.

Give the "Gift Of Life" for Christmas

Thomas Flynn, Trustee of the Oakton Community college, today asked the citizens of northwest Cook County to make arrangements now to donate blood during the coming months of December and January. He said that these two months were the most crucial and vital months for blood donation in the whole year, according to Flynn the accident rate increases substantially during the prolonged holiday season and this creates a severe shortage of whole blood. Coupled with the increased number of accidents is a decrease in the number of regular blood donors. The decrease is due to the number of holidays, shopping, travel and winter vacations.

Flynn recently gave a pint of blood through the Michael Reese Blood Donor Service and said he found it a simple procedure, quite painless and very worthwhile. The volunteers were all professionally competent nurses and very skillful. He reminded us that without enough citizen volunteers Illinois may be forced to return to the old system of purchasing blood from professional sellers. These sellers were often dealers with various diseases who transferred their diseases to recipients. Additionally, it is possible that a member of our own family may become the person who needs a blood transfusion during December or January.

He concluded his remarks by saying that Christmas is the time to give gifts to loved ones. What greater gift is there than the "Gift of Life"? Persons interested in donating blood should call their local City or Village Hall and make arrangements to donate at the next municipal blood donor day. This year give the gift that really matters - give the "Gift of Life" give blood.

MNLL AWARDS PRESENTED

Chicago Cub Carmen Fanzone had a busy night at the recent Maine-Northfield Little League Awards Dinner. In addition to addressing the boys, answering their many questions and signing autographs, he presented all of the trophies and posed for pictures with many of the winners. The presentation represented quite a chore since, for the first time, every MNLL minor league player — over 200 — received a small trophy, but the baseball star's patience endeared him to Maine-Northfield. New League president Mick Levinson of Des Plaines presented the first Bob Hoffmann Sportsmanship Award, to be presented annually to the manager most demonstrating the qualities shown by the late Mr. Hoffmann, to Bob Knauber, Mt. Prospect, who this year managed the Nick Blase majors and the American majors all stars.

Give Santa Some Help Join Our "49er" Christmas Club

The holiday season is upon us. And with it comes those inevitable holiday bills. But if you're a member of Dempster Plaza's "49er" Christmas Club, you can keep those bills under control. We call it the "49er" because Dempster Plaza Christmas Club members make only 49 regular weekly payments. And we pick up the 50th. Join for as little as 50c a week. Or as much as \$10 a week. Make just 49 payments. And then, next year, when it's time once again to give Santa a little help, Dempster Plaza will give you some help by adding the 50th payment to your holiday gift fund, making it worth anywhere from \$25 to \$500. For full details, call or visit either Dempster Plaza location — our main lobby in the Dempster Plaza Shopping Center at Dempster and Greenwood, or our new motor bank and lobby facility at 8500 Dempster, one block east of Greenwood. But hurry; the enrollment period is open for a limited time only.

Inflation hasn't changed the price of ashes.

But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968—today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth and keep it that way with automatic inflation coverage.

OCC golfers capture third

Oakton Community college captured third place in the Skyway Conference Golf meet held Oct. 19 at the Village Links in Glenn Ellyn.

The College of Lake County, undefeated in 7 league matches, finished first with a low team score of 303 over the par 72, 6400 yard course. Mayfair college was next with its 336 mark. Harper college came in one stroke behind the Raiders, 341 to finish fourth.

Lake County's Bob Winter was the individual medalist with a 73, followed by teammates Bruce Johnson and Chuck Irons in second and third respectively.

Oakton's Joe Daneluk tied for fourth, carding a 79 along with Chris Marzalek of Lake County. Fellow Raider Jim Weser was next for Oakton, scoring an 81, good enough to tie for sixth.

The final conference standings show Lake County in first, Mayfair second, with Oakton and Harper tied for third.

'Community Swim'

Niles West High school is having its "Community Swim" again - on Wednesdays from 7 to 9 p.m. for all West parents and students.

The Niles West Guard club has opened the pool. Swimmers should bring 50¢, a suit and a towel. Families are welcome.

ND GRADS SPARK NORTH PARK TEAM

Three big reasons why North Park college in Chicago has one of the most exciting football teams in the country this year are graduates of Notre Dame of Niles High school: flanker Dave Holdener, fullback and middle guard Chuck DiPrima, and offensive tackle Mike Ellefson.

Holdener came to the north-side Chicago school as a quarterback, but switched to flanker in the seventh game of the 1972 season. The results of that switch have been nothing short of extraordinary. In just three games at the position in 1972 he caught 28 passes for 362 yards and a touchdown, good enough for ninth place in College Conference of Illinois and Wisconsin receiving charts. This season he currently has 33 receptions for 379 yards and 3 touchdowns. He has also rushed for 97 yards this season in 20 carries. In North Park's 40 to 34 victory over Illinois

Benedictine last Saturday, Holdener had his best day of the season, catching seven passes for 100 yards and a touchdown. Two of his receptions set up other touchdowns. His nine game performance at flanker has put him fourth place in North Park career pass receiving charts.

Offensive tackles are hard to write about because there just aren't a lot of stats that can be kept about the position, but the Vikings knew they were getting a tremendous player when Mike Ellefson transferred to North Park from the University of Colorado. Ellefson has started every game for the Vikings the past two years at offensive tackle and has done a great job. One yardstick available is the tremendous protection that quarterback Gary Duesenberg has received. Duesenberg was ranked fifth in the country in passing going into last weekend's action, and during the first six games he has been sacked only nine times in over 160 passing attempts. A sure fire all-conference prospect is Mike Ellefson.

People tend to pass over high school football players that are only 5'7" tall as being too small to play college football, and for four years at North Park college Chuck DiPrima has been proving those people wrong. Asked to play fullback he excels; asked to play middle-guard, he excels there too. "Stumpy," as he is sometimes called by his teammates and coaches, plays with a lot of guts and heart to make up for his lack of size.

DiPrima has been the "money" ball-player for the Vikings the past two seasons. The player they give the ball to when they get near the end zone. He smells the goal line. In this role DiPrima has scored 12 touchdowns for the Vikings. For his career DiPrima has scored 76 points, rushed for 446 yards, made several receptions, and interceptions, returned kickoffs for a 15 yard average, and been one of the hardest hitters North Park has ever had on defense.

Shown above is 70-Mike Ellefson, 35-Chuck DiPrima and 11-Dave Holdener.

MNLL award

Last week's report of the Maine Northfield Little League awards dinner inadvertently omitted the name of Art Deschamps, of Des Plaines, who was this year's recipient of the annual Bill McCarty award for outstanding service to Maine-Northfield Little League.

In making the presentation, last year's recipient, Howard Bersh, cited Deschamps' more than 13 years with MNLL during which he has served as coach, manager, equipment manager, grounds-keeper and twice vice president. He also has performed "thousands" of unofficial chores that needed doing without expecting or receiving recognition, Bersh said.

ND Dons drop third game

By Mike Lemanski

Notre Dame's Dons dropped their third game of the year, and with it, a chance at the conference title. At the last gun, ND found themselves on the bottom of a 14-7 score with St. Francis DeSales. The Dons record now reads 3-3-1 and 3-2-1 in conference action.

The Dons were first to break the ice, tho. After a blocked punt put the ball on De Sales own one-yard line, Mark Mandolini slanted over to give ND a quick 7-0 lead.

The score stayed this way until the beginning of the second quarter. After only 3 minutes, St. Francis nudged ND's stingy defense to the Don 17 yard line. From here, QB Mike Dolinski hooked up with end Ed Lasky in the end zone to tie the score.

The teams held at this deadlock with fierce defensive game resulting. Then Mark Allen had his fourth punt of the game blocked. Altho De Sales didn't score, it kept ND bottled up in their end of the field until QB Dolinski could take advantage of a tired defense. After another short ND punt, the Pioneers put together a scoring drive ending with a 20 yard pass to Glen Stevenson. This gave De Sales a 14-7 lead with only 6 minutes remaining. ND could not move against St. Francis' huge lineup, so they were forced into the agony of defeat.

On offense, ND had a tough time, gaining only 49 yards on the ground, Mandolini being the leading ball carrier with 30 yards.

Pioneer HB Glen Abrams led the game with 44 yards rushing. Passing was the story of the game, Dolinski hitting 7 of 21 for 89 yards and ND QB McCaskey 5 of 18 for 86 yards.

The Dons now have lost their last three homecoming games. The Dons end the season against Carmel in Mundelein on Nov. 9 at 8 p.m.

Niles Saints 38 Bonivers 0

It took the Saints six plays in the first quarter to score with a 5 yard run by Bill Powell. Wally Schulz' kick was good and the score was 7 to 0.

The Saint defense held the Bonivers to four downs and then score in two plays when Bill Powell set up the score with a 10 yard run and Gus Williams took it in on a QB sneak for 13 to 0.

The Bonivers managed to invade the Saints' territory to the 40 yard line where Ron Wilson intercepted a pass and ran it to the Bonivers 37. Gus Williams set up the score with a 27 yard pass to Jerry Cooney, then threw 10 yards to John Pecora for the TD. Schulz kick was blocked and the first quarter score was 19 to 0.

The Saint defense held the Bonivers to four plays and given the ball took five plays to score early in the second quarter with a 3 yard run by Ron Olesiak. Schulz again was unable to kick because of a bad snap and the score rose to 25 to 0.

This time the Bonivers only had three tries when the Saints Jack Tebode intercepted on the Saints 30 yard line.

It took the Saints six plays to score on a 4 yard run by Ron Olesiak. Wally Schulz' kick was good and the score at the half time was 32 to 0.

The Bonivers received to begin the second half but the tough Saint defense held them to four downs. Given the ball the Saints marched down the field and scored again on a 10 yard run by Tom Miniscalco. Schulz' kick was off and the score was 38 to 0.

Prayers in thanksgiving

Since 1960 the members of St. John Brebeuf Holy Name Society on Veterans' Day have been marching with their families along with the parishioners in prayers to Our 'Lady of Fatima' for peace and the conversion of Russia. This has been an inspiring sight and surely a powerful approach to Our Blessed Mary for Her Intercession for peace and the conversion of Russia.

Again for the 13th year we will be marching in thanksgiving to Our Lady who on May 13, 1917 in Fatima a village north of Lisbon, Portugal, made the first of six appearances to three shepherd children. Mary's urgent messages at Fatima were, 'Pray the rosary, pray more rosaries', I ask the consecration of the World to my Immaculate Heart, and Communion of Reparation on the first Saturday of each month, I am the Lady of the Rosary and I have come to warn the faithful to amend their lives and ask pardon for their sins. They must not continue to offend Our Lord already so deeply offended'.

Parade Marshall Michael Provenzano said, 'A tremendous challenge faces each of us who lives in this atomic age. We may be at the threshold of the greatest peace the world has ever seen - or the most terrible catastrophe.'

Orchard Assoc. for Retarded purchases land

The Orchard Association for the Retarded, which only a few months ago acted to establish a community living facility and crisis care in Skokie, has now bought several adjoining properties for expansion and hired a full-time executive director.

The association, made up of parents of mentally retarded and/or physically handicapped children in Niles and Maine Townships, had originally purchased a six-flat, a bungalow and three garages on the west side of the 7600 block of Marmora, between Gross Point rd. and the Niles West athletic field. The new purchase involves several residences on the east side of Marmora.

The combined purchases amount to \$550,000 and the association already has over \$100,000 from fund raising efforts in the past. The group is borrowing the balance and hopes to pay it off with a concerted fund raising effort in the next few years.

Hired as executive director of the community living facility was Bernie Saltzberg, 41, of 5302 W. Jarvis, Skokie, who has been President of Orchard Association for the Retarded for the past three years. A graduate of the University of Illinois at Champaign, he has been in the insurance business the past eight years and thirteen years in builders supply.

He is a past president of Destiny B'nai B'rith Lodge and was the insurance chairman of District # 6 of B'nai B'rith.

He and his wife, Alta, have two children at Molloy Education Center in Morton Grove and one in special education classes at Niles East High School.

Saltzberg explained that the community living facility, to be called Orchard Village, will provide supervised homes for young adults who have progressed

through all available special education facilities and who are not quite up to entering the work-a-day world entirely on their own.

"This is the beginning of a big thing for all of us," he said, "and I'm quite optimistic."

Young to meet constituents in Niles

Residents of the 10th District can tell it to Rep. Samuel H. Young (10th-11) face-to-face during one-on-one sessions which are scheduled for Saturday, Nov. 10, from 1:30 p.m. to 3:30 p.m. in the Lobby of the Niles Administration Building at 7601 Milwaukee ave., in Niles. Appointments are not needed and refreshments will be served.

This will be the ninth of the One-On-One meetings which Young has scheduled with the 10th District residents in various locations throughout the 15 communities in the district.

"I have found these meetings tremendously valuable in my efforts to represent all the people in the Congress. There are many opportunities for me to talk to people in the district, but these one-on-one sessions are genuine dialogues. Their great value to me is that people can talk to me about their views, about district problems, or simply about how my office can be of help to them personally," Young said.
