# NEW SALARY INCREASE FOR PARK WORKERS

Niles Park Commissioners added selective merit increases to a cost of living adjustment for all park personnel which will be included in the upcoming budget for the new fiscal year.

At a Tuesday night Finance and Policy Committee meeting commissioners agreed to a 6.5% annual cost of living increase for all personnel salaries and merit increases ranging from 1% to 3% annually.

Park Director Helmut Dressler had recommended an 8% living increase annually but commissioners lessened the figure to 6.5%. Last year the figure was 5%. Park president Jack Leske said the cost of living for the coming year is likely to top 8% but he contended "very few

people receive this much of an increase". Leske said he thought the coming year was "not going to be a nice year" and felt "6.5% is better than 0%".

Dressler also proposed a longevity stipend ranging from 2.5% to 7.5% to be added to the cost of living and merit increases. Since the total increases would mostly be in the 11.5% range, and as high as 16.5% maximum, commissioners contended the total increase was too high for the park budget.

Park Commissioner Walt Beusse was not in agreement with an automatic longevity increase. He favored concentrating on merit increases. Leske noted a worker improves his value and

## From the LEFT HAND

By David Besser  
Editor & Publisher

Local politicians were braying, snorting and puffing off steam at sort of the kick-off to the 1974 political season at Mark Twain School in the unincorporated East Maine area Friday night.

It was a new year for politics; but it was the same old Pavlovian politics of past years. The guys who were Republicans stood together. And the guys who were Democrats did whatever they do together. When the bell sounded the Republicans gave the same old conditioned responses as in past years. There was Park Ridge Juckett, with his old Republican blue tie skewered with white elephants, and his Republican elephant pin where his Nixon American Flag lapel pin should have been. And there was Skokie Jaffe who sounded a lot less partisan than his Republican rivals, except his criticism of Democrats was of far-away Democrats. For instance, he told the residents in East Maine they were getting a royal rooking (is that the word?) from the polis since they weren't getting much representation. He went on to blame County bigwigs Dunne and Fullie who he thought should be serving these people and responding to their needs.

Meanwhile Skokie Nimrod and Mount Prospect Schlickman (or is it Arlington Heights Schlickman?) were salivating their favorite topics. Nimrod was bleating about the need for strong township government and Schlickman was trying to beat down RTA.

Nimrod, who is a state Senator, is presently fighting to get back on the ballot in the committeeman race in Niles Township. Whether he does or does not he's a shoo-in to retain his post. He showed his muscle last year when he led the successful fight to retain township government in Niles Township, and if he could win that battle, he could likely beat a reincarnated Abe Lincoln, if he ever returned and chose to battle for Niles Township committeeman. There wasn't one sound reason for retaining township government in Niles Township, other than to keep the payroll padded with Republicans. In a township with no unincorporated area, with 5 local village governments serving every resident in the township, Nimrod's ramrods banged on doors, laid on doorbells, and made such a nuisance of themselves, voters promised to vote what-

## Career education council

Members of the newly-formed Career Education Advisory Council for the Maine Township High Schools met recently at the District 207 Administration Center in Park Ridge to plan council activities for the current school year.

Made up of representatives of business and industrial firms in the area, as well as members of the professional staff of District 207 who act as ex officio members, the Council was formed to strengthen the relationship between the school district and

business and industry. Its members will evaluate the district's vocational program as to its effectiveness in meeting employment needs, assist in the development of instructional content, advise the school district on changes

In the development of the vocational content, the council will act as a liaison between the school district and

# Feichter lends support to 'Operation Yes'

Patron Feichter, the Democratic Senatorial candidate in the 4th District, announced that he is joining and supporting "Operation Yes" to pass the RTA referendum on March 19. Feichter said that he was pleased to see that Operation Yes Director, Norman Dachman, had been appointed the official Coordinator of the Cook County Council of Government's suburban efforts to pass RTA. He said that he had delayed his endorsement of RTA because he wanted to fully study the issue and that now he had done so. In Feichter's opinion the objections of those opposed to RTA were not serious enough to warrant any further delay in creating a Regional Transportation Authority.

Feichter went on to say, "I have a habit of studying all the sides to an argument before I make up my mind and then I know what I am talking about. I feel that the RTA is a vitally needed public service. It is important to both the City of Chicago and to suburban Cook County. We need an efficient system of public

transportation out here to move our senior citizens, wives, children and even ourselves around and we need it now. Gas rationing will quickly affect all of our modes of suburban travel. Too many autos in suburban Cook County add up to an abundance of air pollution which shortens everyone's life span. I feel that it is in the public interest to pass this RTA Bill on March 19 because if it falls it will be many years before a new RTA Bill will be passed by the Legislature. "I am somewhat disturbed that so many suburban officials and organizations like the Cook County Council of Governments are in favor of passing the RTA and only a small group of obstructionists are opposing it for political reasons. I also am aware that even the Chicago Tribune is supporting the RTA on its editorial page. In fact every single Metropolitan newspaper and television station is now supporting the RTA and with good reasons. It appears to me that these different newspapers and media have taken a very positive non-political stand on the RTA. I happen to agree with them. The RTA is not a political issue and should not be allowed to become one. Mr. Dachman proves that it can be supported and not become a political football. He is working for RTA along with many different persons and organizations that simply do not think about RTA in political terms. We should all support his efforts by joining "Operation Yes!"

Feichter ended his remarks by asking anyone who is interested in working for RTA to contact Norm Dachman by writing him at 8045 N. Milwaukee in Niles or by calling him at 692-3388.

## Assessor candidate to speak at OCC

Oakton Community College's Election '74 Program announces the appearance of Ed Vrdolyak, Democratic candidate for Cook County Assessor on the OCC campus during the next week.

Mr. Vrdolyak will be on campus on Friday, Feb. 8 from 11:30 to 1:30 p.m.

The program will be held in the Building #4 lounge, Oakton Community college, 7900 N. Nagle, Morton Grove.

For further information, call Dr. Harvey Irlen, Group III Chairman, at the college - 967-5120, ext. 310.

## Install new members

Niles Township Supervisor Charles N. Anderson (r.) is shown congratulating newly installed members of the Niles Township Administration, Alexander R. Lerner and Dominic Fichera. Both were elected in April, 1973, but their terms of office commenced Jan. 1, 1974. Lerner is now Niles Township Collector, replacing Samuel Berger who did not run for re-election, and Fichera replaces George Marz whom he defeated in the April election.

## Flynn endorses Tully, Holzer

Tom Flynn, Democratic candidate for State Representative in the 4th District, endorsed Tom Tully for Assessor of Cook County and then crossed over party lines and endorsed Reginald Holzer, Republican from Lincolnwood, for Circuit Judge of Cook County. Flynn called both men excellent examples of the type of qualified candidates that both political parties can endorse for public office when they want to. He said that their personal and public integrity was above reproach.

Flynn said, "The citizens of Cook County should be made aware of the fact that Tom Tully is the recognized Illinois expert on Assessing practices. I need only to point to your tax bill to show you how important it is to each of us to have a qualified and honest Assessor in Cook County. In Tom Tully we have that kind of man."

However, Tom Tully's qualifications are only half the story. We are all aware that in 1970 there were many allegations of impropriety in the Assessor's office. The Chicago newspapers and the IVI called for a complete reorganization of the office. The man that reorganized, reformed, modernized and completely cleaned up the office was Tom Tully.

Flynn then talked about Judge Holzer. He said, "I have known

## Consumer Cautions

From the NILES COMMISSION ON COMMUNITY HEALTH

The report of a panel under the now-defunct President's Science Advisory Committee broadly probes the threats to human health from chemicals of all classes. It considers such hazards as smoking and drug abuse, but focuses chiefly on lesser threats, largely those from involuntary exposures. Among 75 interrelated findings, the panel urges governmental action to:

Step up research spending to answer questions on health threats, including increased funds for the National Institute of Environmental Health Sciences.

Amend regulatory laws to provide power, now subject to reversal merely by an appeal's existence, to halt temporarily marketing of hazardous chemicals.

Foster development of alternative chemicals for each use so that when one is banned, others are available.

Encourage staged introduction of high-risk drugs to be used by selected specialists.

Implement large-scale systems for reporting adverse drug reactions.

Resist extending inflexible laws to diseases other than cancer.

Study manpower needs resulting from our greater concern over chemical health threats.

Issue "white papers" to explain regulatory actions or the lack of them.

Create a national death index to improve epidemiology studies.

If you have any comments or questions, please direct them to the Niles Commission on Community Health, Village Hall, 7601 Milwaukee ave., Niles, Illinois 60048 (telephone 967-6100).

## Post office sells padded mailing bags

The Morton Grove Post Office has placed padded mailing bags on sale as an added convenience to customers. Officer in Charge Donald Swanson said.

The mailing bags are being sold in three convenient sizes by window clerks. The bag sizes are 6 by 10, 10 1/2 by 16, and 14 by 20 inches and are priced at 20, 20 and 40 cents respectively.

These padded bags are an ideal container for mailing gifts, books, candy, clothing and other similar size items.

Officer in Charge Swanson said, "The Postal Service has successfully experimented in the sale of these mailing bags during the past year at selected post offices. As a result of increasing demands for this container, all first class post offices in the Central Region will now have this convenience item available to customers."

The primary objective of the bag is to provide postal customers with a convenient method of mailing and to assist the U.S. Postal Service in its continuing efforts to reduce parcel damage and insure delivery of parcels in good condition. Officer in Charge Swanson said.

## January graduates

More than 400 January graduates of Roosevelt University received diplomas for bachelor's and master's degrees from Roosevelt president Rolf A. Well in commencement exercises Monday, Jan. 21, in the university's Auditorium Theatre.

Included were: Robert S. Dodge, 930 Beau dr., #203, Des Plaines; Dana H. Ferdinand, 8907 Odell st., Morton Grove; Henry Sarnecke, 7655 Enfield, Morton Grove; Herman Tabak, 1833 Harding ave., Des Plaines; and Robert J. Zellso, 814 N. Wisner st., Niles.

## Elect SV United Crusade officers

The Skokie Valley United Crusade (SVUC) elected officers for 1974 at its annual meeting on Jan. 17th.

Elected to a one-year term as president was Paul Z. Anthony, assistant to the director of pharmaceutical research and development at Baxter Laboratories. Anthony has served on the SVUC board of directors since 1970. He was general chairman of the crusade campaign in 1972, and vice president last year.

John N. Matzer, Jr., village manager of Skokie, was elected to serve as vice president in 1974. Matzer was general chairman of the 1973 campaign.

Thomas J. O'Connell, director of business development at Skokie Federal Savings and Loan, was elected treasurer. O'Connell has been on the SVUC board of directors for three years. Newly elected to the organization's 21 member board were Mrs. Ruth Koral, coordinator for the aging in Skokie; Robert C. Luker, treasurer of Gerber Plumbing Fixtures Corp.; Dr. James P. Richter, director of pupil services at Niles East H.S., in Skokie; and Rev. William Devereux, pastor of St. Martha's R.C. Church in Morton Grove.

For further information about the meeting or the Regional Transit Authority referendum, call OR 3-6888.

## RTA seminar

A seminar on the proposed RTA referendum will be held for the mayors and other elected officials of 13 North suburban communities on Wednesday, Feb. 6, announced State Rep. Aaron Jaffe (D-Skokie), chairman of the bipartisan Illinois Legislative Coalition for a Regional Transit Authority.

The seminar, which will be held at the Morton Grove Village Hall, 6300 N. Lincoln ave., Morton Grove, at 8 p.m., will be conducted by Jaffe, Sen. Bradley Glass (R-Northfield), Rep. James McCourt (R-Evanston), and Rep. Bernard B. Wolfe (D-Chicago).

There has been much misunderstanding and misinformation about the provisions of RTA. It is the purpose of this seminar to fully acquaint the mayors and other officers of our neighboring communities about RTA - what it will do and what it will not do.

This will be only one of many such seminars that will be held throughout the six county RTA district during the next several weeks.

For further information about the meeting or the Regional Transit Authority referendum, call OR 3-6888.

## Agriculture consumer co-op seminar

Desperate to cut your food bills? MONACEP will offer a two-night seminar on forming an Agriculture Consumer Cooperative, which is a small, formal, non-profit business organization owned and operated by its members, at 7:30 p.m. on Thursdays, Feb. 14 and 28, at Niles West high school, Oakton and Edens, Skokie.

Faith Slover estimates that membership in a neighborhood Agriculture Consumer Cooperative can save the consumer up to 50% on weekly food purchases of fresh produce, meats, and dairy products.

The seminar will provide training to help the group make their cooperative self-sufficient and successful. In addition, the different types of cooperatives will be described. Nutrition instruction will show you how to eat better.

A minimum of 45 families is needed for a successful cooperative, according to Mrs. Slover. The neighborhood co-op is a heterogeneous co-op which purchases for its members weekly through the use of professional licensed purveyors. Each member is assigned to a job which they are responsible for once a month with the time involved totaling about two hours per month. Formal rules and job descriptions will be set up and training will be done in a 12 week program by Mrs. Slover.

Cost of the seminar is \$4 per family. For further information or a flyer about the Agriculture Consumer cooperative seminar, call Gladys Shute at 966-3830.

## Honor students

Carol L. Baum and Sheryl A. Puls, both of Morton Grove and students at Augustana college, Rock Island, have been named to the Dean's Honor List for the Fall quarter. The list covers students whose grade point average is in the A range, 3.50 to 4.00.

Miss Baum, a mathematics and philosophy major, is a daughter of Mr. and Mrs. Joseph J. Baum, 7528 Emerson, Morton Grove. Miss Puls, a junior business administration major, is a daughter of Mr. and Mrs. Robert E. Puls, 5825 Theobald rd., Morton Grove.

## Maine North PTC 'Referendum Romp'

This year's annual Mains North PTC dinner dance, The Referendum Romp, has turned into a sort of victory party. Last Dec. 8, Maine complete voters strongly approved a bond referendum needed to complete the Maine North high school. Thus the name "Referendum Romp." The dinner dance will be held Saturday, Feb. 2, at the Des Plaines Elks Club. Above, dance committee members Mr. Win Buettgen (PTC president), Mrs. Donald (Jerrrie) Scott, Mr. Roman Gales, and Mrs. Roman (Joy) Gales plan the ticket sale now in progress. You can call Joy Gales (729-0855) or Jerrrie Scott (724-2299) for reservations. And everyone's welcome!
