ICCB approves purchase of Des Plaines site for Oakton

The Des Plaines River site chosen by the Oakton Community College Board was unanimously approved Friday by the Illinois Community College Board (ICCB) according to the Tribune.

The unexpected decision authorizes the college to purchase the Des Plaines site, subject to three conditions, two of which already have been met, according to William A. Koehnline, Oakton College president.

The remaining condition is that the college report the land's actual purchase price to the ICCB for its "automatic approval," Koehnline said.

Oakton plans to submit that information at the April 19 ICCB meeting at Elgin Community College, Koehnline said.

The Oakton board last month unanimously chose the 170-acre site east of the Des Plaines River between Golf and Central Roads in unincorporated Maine Township. The land is owned by the Catholic Cemeteries of the Archdiocese of Chicago.

The two conditions already met involve an easement to a small portion of land belonging to the Cook County Forest Preserve District and approval of technical considerations about soil and flood conditions, Koehnline said. He described the ICCB decision as a "total change" from the action recommended in an ICCB staff report that tied approval of the Oakton site to what Koehnline called "political conditions."

Those conditions, to which Oakton representatives objected, involved the locations of a possible second campus for Harper College, Palatine, and a campus for a North Shore community college district if one is created.

"The major factor (in the decision) was our determination," said Koehnline, who was accompanied by a busload of 23 Oakton supporters to the ICCB meeting in Champaign.

Another important factor was approval of technical issues by the Illinois Capital Development Board, which notified the ICCB of its findings Thursday.

"This was a squeaker," Koehnline said. "The whole thing would have collapsed" without that approval, he said.

I met a man on Tuesday who had died the previous Saturday. I am very sorry it wasn't the other way around.

In last Sunday's newspaper a very long column reported an Al Weisman had died of a heart attack. While I had never met him I had seen his name thru the years in Chicago newspapers. Noticing the bold headline and the long column of type, I thought perhaps his newspaperman-public relations background had resulted in his friends' giving a generous amount of space to his obituary. But Monday the Sun-Times' columnist Tom Fitzgerald devoted his entire column to his friend, Weisman, and then Kup had a couple of lines about Weisman, and again I noticed the long obituary in the newspaper. When Kup wrote a second report in Tuesday's edition, I decided to attend the 11 a.m. funeral at my old synagogue, "Sinai," on the southside.

When the service began the Rabbi prayed, and then several well-known men followed him to the podium and offered short eulogies: Jon Anderson, publisher of The Chicagoan magazine, read his eulogy, a warm simple two-page speech, which revealed an affection between men which we've seldom heard. Next, a vice president of Foote, Cone and Belding, one of the top ad agencies in the country, read an eulogy from his elderly boss, Fairfax Cone, who was unable to attend. Weisman was an intimate friend and associate of this top executive, but again the friendship of the two men shone thru the response.

Governor Walker followed the ad man and spoke off the cuff about his friend in a very brief eulogy. Next, an author-friend and Kupcinet spoke their eulogies. But a boyhood chum of ours, Sherman Wolf, PR man in Chicago, perhaps the least-known man on the stage, spoke in a quiet, reverent, almost hushed voice, as he related the essence of Weisman.

Wolf said he had looked into a favorite book of ours, *The Boys of Summer*, in preparing what he wanted to say. He quoted the author, Roger Kahn, who, when referring to the sudden death of his father, said he never had a chance to say "Goodby" to him, Wolf said he felt this same pain.

Library Referendum April 9 to expand district

Residents in the Niles area will vote in referendum on Tuesday, Apr. 9, to expand the current Niles Public Library District through annexation of a 2-square-mile area of unincorporated Maine Township lying east of the Tri-State Tollway. The area has an assessed valuation of approximately \$60,000,000 and includes 24,000 residents who are currently unserved by any public library.

According to Martin Hodes, president of the Niles Public Library District Board of Trustees, a successful referendum will:

Enable the Niles Public Library to maintain and increase the library services now offered, since the tax revenues received from the assessed valuation of the annexation area will be used for these purposes.

Provide these services from the current library facility, which is more than adequate to handle the new patrons.

Assure residents in the current library district that there will be no increases in their taxes because of the annexation, and

Provide library services to residents in the annexation area at a tax rate of 15 cents per \$100 of assessed valuation, which in almost every instance will be less than the \$20 to \$30 per family non-resident fee now being paid for library service to other nearby libraries.

"It's really that simple," said Hodes. "We will be bringing library service to residents in our logical service area at no expense or inconvenience to the residents of our current district."

Last fall with funds made available through Project Plus, which provides federal funds under the Library Services and Construction Act to demonstrate library service to residents in an area prior to the referendum, the library leased facilities in the Golf Mill State Bank Building.

Since that time area residents have used the facility and, in so doing, have availed themselves of the complete services of the Niles Library itself plus the many other services offered to patrons through the Niles Library's membership in the North Suburban Library System. These include book borrowing privileges with the other 33 NLSL member pub-

Township studies bus purchase

Maine Township Auditor Margaret Wirsen has proposed the township purchase two buses to be used by the Maine Township Health Organization and the Northwest Suburban Aid to the Retarded from the township's next allotment of federal revenue sharing funds.

Mrs. Wirsen, chairman of the township's mental health and counseling committee, said her request was prompted by the obvious need of the two agencies for transportation for the persons they serve, and the fact that the township is the governmental body best suited to provide assistance to those organizations.

She added that her request was also based on her campaign pledge to increase aid to mental health and counseling facilities, and her understanding of H.B. 1452 which permits boards of township auditors to provide services to mental health organizations by use of township funds including revenue sharing monies.

Mrs. Wirsen pointed out that the Maine Township Mental Health Organization was, at one time, an agency of the township, and that it currently offers its services to all residents of the township.

She further stated that her committee is reviewing specifications for various bus types, and expects to make specific recommendations in the near future.

lic libraries in Cook, Lake, and Kane Counties, a large collection of 16-mm informational and recreational films, a microfilm service for obtaining copies of articles in back-issue periodicals, and a reference service.

The Project Plus grant amounted to \$66,000 for the first year of the demonstration service with an additional \$66,000 made available for the second year if the referendum is successful, which assures funding the complete cost of services to residents in the annexation area until tax revenues are received by the library.

"Our Library Board received more than 500 petitions from annexation area residents for the library to expand its boundaries to include them," said Mrs. Sigmund Lewicki, president of the Niles Friends of the Library.

"We endorse our Library Board's action to expand the library's boundaries, since we firmly believe that library service should be, if at all possible, available to everyone. And certainly this is one good example where a boundary extension works to the benefit of all."

Niles Mites

The Niles Mites won their second State Tournament game by beating St. Jude 6-3. The boys all played an excellent game, and the fans were as loud as usual.

Goals for Niles were scored by Joe Tomaska, Mark England 2, Dennis Kuta, Steve Turinsky and Ed Olczyk with assists by Ed Olczyk 3, Larry Kolbaska 2, and Steve Turinsky.

Excellent goal tending was done by Niles' Nick Candotti, and great coaching all year by the combined efforts of Walt Beusse and Dick Englund enabled the Mites to continue shooting for the State Championship.

NILES MITES MAKE SEMI-FINALS IN STATE TOURNAMENT

The Niles Shark Mites Traveling Team played their 3 games of the Illinois Amateur Hockey League on the weekend of March 8 through March 10. The first game of the semi-finals was against Oak Park on Friday night. The game remained scoreless until Oak Park scored in the beginning of the third period. Niles tied the score with a goal by Joe Tomaska assisted by Ed Olczyk. However, Oak Park scored with only 38 seconds left to play making the final score Oak Park 2, Niles Sharks 1. Excellent goal tending by Nick Candotti of Niles.

Niles lost its second game to the Huskies 9-2. Niles goals were scored by Garry Redig and Joe Tomaska. Assists were by Steve Turinsky, Rick Composono and Ed Olczyk.

NILES SHARK MITES PLACE FOURTH IN THE STATE

In the second period of play, Niles Ed Olczyk assisted by Rick Composono scored Niles first goal. Oak Park scored again, but the Shark's Joe Tomaska assisted by Ricky Composono scored again making the score 3-2. Oak Park scored at the beginning of the third period and with 2 minutes and 42 seconds left to play, Niles' Ed Olczyk assisted by Steve Turinsky scored again making the final score Oak Park 4, Niles Sharks 3 giving the Niles Shark Mites 4th place in the State Tournament. A big hand of applause goes to our 7 and 8 year old Niles Mites for a tremendous effort and a great fight on the ice.

but Team #32 gains a point which makes it possible for them to tie up second half first place when they meet Bank of Niles next week. Girls' bowling

Competition was keen between teams in Maine East's Girls' Bowling Club, but the winners of an Eastern Style pizza for Wednesday, Mar. 13, were Barb's Bowlers with captain Barb Fischer of Niles. The team high two game series was 1,564. Jody Granat of Des Plaines bowled the two high individual games of the afternoon, a 202 and a 199, and had the high individual two game series, a 401. This makes Jody the high bowler of the Girls' Bowling Club thus far both in individual high games and high series. "Beat Mrs. Bricker Nite" will be Wednesday, Mar. 20. Record albums will be awarded to all girls who beat their sponsor.

ED HANSON

"It's All In The State Of Mind"

A very successful sales manager I know, who trains and inspires a 180-man national sales force, tapped his head saying, "Successful selling, like everything else, is up here in the mind. For success dwells in the state of mind."
"You should know," I said. "I've heard you make a six figure salary."
"That's true, Ed," he replied. "And do you know what inspired me? It was an old poem I read years ago in school."
"No kidding - what was that magic poem?" I asked.
"It's one I make every salesman on my staff commit to memory and repeat again and again until they believe it."
The old poem which this successful sales manager sets such store by, and which I'm writing from memory, goes like this:

"It's All In The State Of Mind"
If you think you're beaten, you are,
If you think you dare not, you don't,
If you'd like to win but think you can't,
It's almost a cinch you won't.

If you think you'll lose, you're lost,
For out in the world you'll find,
Success begins with a fellow's will,
For it's all in the state of mind.

For many a race is lost,
'ere ever a step is run,
And many a coward falls,
'ere ever his work begun.

Think big and your deeds will grow,
Think small and you'll fall behind,
Think that you can and you will,
For it's all in the state of mind.

If you think you are outclassed,
You've got to be sure of yourself,
Before you can ever win a prize.

Life's battles do not always go
To the stronger or faster man,
But sooner or later the man who wins,
Is the fellow who thinks he can.

To prove my point, that it's all in the state of mind, I asked Jake Joseph, owner of JAKE'S RESTAURANT of Niles how come he's offering an Omelette special from April 1st thru Friday, April 5th for 20 cents off the regular \$1.35 price.

"Jake," I said, "egg prices are going up - how can you reduce the price of 9 different Omelettes?"
"Because of the state of mind of my chickens," Jake replied.
"You see," he further explained, "all my large, fresh eggs come from chickens without wishbones."

"Explain that," I asked.
"My chickens are so contented and of such a happy frame of mind and being without wishbones they have nothing to wish for. And besides, I fool 'em by keeping the lights on," Jake said with a sly smile.

So folks, from Monday, April 1st thru Friday, April 5th, you can get Jake's 3-egg, cheese, ham, denver, bacon, Italian, jelly, mushroom, Salami or onion OMELETTES for 20 cents off the regular price of \$1.35. That's ONLY \$1.15 for a super large Omelette of your choice.

And don't forget on Saturday & Sundays, Jake offers a half-price menu for children and these selections will keep the kids contented, healthy and happy too.

Next week there'll be full details concerning Jake's big Easter, both American-Greek, celebration to be held at JAKE'S FAMOUS RESTAURANT, 7740 Milwaukee, Niles.

Another fellow who's a winner because he thinks positively is that highly successful restaurateur, John Gountanis, owner of ALIPIO'S RESTAURANT & LOUNGE, 6474 N. Milwaukee Ave. Last Thursday that famous gourmet, Clarence Culpepper, and I had some of the wonderful, meaty Bar-B-Q back ribs which ALIPIO'S is rapidly becoming famous for. The famous gourmet Culpepper presented John with a Blue Ribbon award for having what he terms are the "World's Finest Ribs" and if you think I'm ribbing you just go there and find out. John has recently started some "All You Can Eat" specials from 4 to 9 p.m. For example, on Mon. and Tues. he features his famed Spaghetti, "All You Can Eat", served with tossed salad, rolls and butter for only \$1.95. On Wed. and Fri. John offers his sensational Fish Fry of fresh-caught Ocean Perch which he has especially flown in by super jets. All the ocean perch you can eat is served with cole slaw, french fries, lemon, tartar sauce, rolls and butter. And of course on Thurs., as mentioned, he offers a full slab of those sensational prize-winning ribs for only \$3.95. Alipio's is open 7 days from 11 a.m. to 2 a.m.

"Nothing succeeds like success" and George and Tommy Arvey of ARVEY'S RESTAURANT, 7041 W. Oakton, Niles, tell me that since they started the policy of serving a FREE CAESAR salad with dinners and Thursday with lunch, they have served literally many thousands of these salads. "We are the only restaurant we know of in the entire country," George Arvey stated, "that serves an expensive Caesar salad FREE to our customers. "It has been a big boon to our business and we are happy to continue it as long as we can."
ARVEY'S where the foods are 'internationally famous' serves breakfast, lunch and dinner.

The Morton Grove - Niles League of Women Voters is an organization that thinks, discusses, and takes action. The League's President is Carol Panek who ably directs the program for 75 members and coordinates the group with the county and national organizations of the League.

The Niles - Morton Grove League of Women Voters has studied the local park districts and have presented their consensus to the Park Boards of both communities. Janice Bloomfield and Mim Barlett strived to present the facts on the workings of these governmental units and sought recommendations from League members on ways to improve the parks and their recreational programs for local residents.

Karol Verson, Human Relations Resource person, has been actively involved with ERA Central in promoting and educating the public on the importance of the Equal Rights Amendment. The Morton Grove-Niles League presented a public forum at the Niles Library on Feb. 13 to improve voter awareness and to

Niles Family Service Thought For The Week

By Larry F. Renetzky

"FAITH, HOPE, LOVE" BUT THE GREATEST OF THESE IS "LOVE"

We all need to have "faith" in ourselves and others. We need "hope" that things in our life and in the life of others will be better. Yet, none of this is really possible I believe without "LOVE". Happiness is... what for you? Consider what Emmet Fox has to say, "There is no difficulty that enough love will not conquer; no disease that enough love will not heal; no door that enough love will not open; no gulf that enough love will not bridge; no wall that enough love will not throw down; no sin that enough love will not redeem."

"It makes no difference how deeply seated may be the trouble, how hopeless the outlook, how muddled the tangle, how great the mistake, a sufficient realization of love will dissolve it all. If only you could love enough you would be the happiest and most powerful being in the world."

I believe the greatest healer of all wounded and emotionally starved marriages and families is "LOVE". Happiness truly is a "loving relationship."

Individual, marital or family problems? Call 966-1640 or come into Niles Family Service, 251 Lawrencewood Professional Mall, Lawrencewood Shopping Center, Niles.

Your Telephone Company Has It All

When your telephone company talks about complete communication, we're talking about more than a phone in the den or a kitchen extension. It's the things you don't see that make the difference between a phone that just rings and a communications system designed to meet your every need. Prompt service, comprehensive maintenance, highly trained technicians, and the latest communications advances are just a few of the benefits. As part of the Centel System, your local phone company brings you all these things whether you have one telephone or one hundred. There's one thing you don't get... an extra charge for these services.

ND Benefit game MNLL registration

Notre Dame High school of Niles announced today that tickets would be available at the door for the benefit basketball game between a team made up of members of Notre Dame University's national football champions and a cast of distinguished alumni of the Niles school. Tickets for the game to be played at 8 p.m., Friday, March 29, are \$2.50 for adults and \$1.75 for students. The Notre Dame gym is at 7655 Dempster st., Niles.

Members of the university team participating in the game include Gary Potempa, Tim Rudnick, Dave Casper, Mike Townsend and Tom Clements.

Maine-Northfield Big League will hold registration Saturday, March 23 and March 30 and Sundays, March 24 and March 31, from 1 to 3 p.m. at Flick Park Fieldhouse, Lindenwood dr., north of Glenview rd., between Milwaukee ave. and Greenwood rd., Glenview.

Last year's team members, as well as newcomers, must register if they wish to be candidates. Eligible for the program are young men 16 through 18 years of age who live within the Maine-Northfield Little League boundaries or from adjoining areas if there is an authorized Little League but no Big League in their locale. These latter candidates will not be able to play, however, if there are enough young men from within the boundaries to fill the rosters.

Maine-Northfield will have two teams, Glenview/Niles and Des Plaines / Mt. Prospect in the newly-formed Northwest Suburban Big League. Schiller Park and Norridge also will have two teams each in the league. Except for make-up or special games, all scheduled games will be played as Sunday double-headers.

Legion meets tonite

The Morton Grove American Legion Post #134 will meet this Thursday, March 28, at 8 p.m. in the Legion Memorial Home for their monthly meeting.

A buffet is served after the business portion under the direction of Junior Vice Commander, John Reichert.

This past month the Post past commander Roman Lach of Morton Grove; and also past commander Ken Mortimer, late of Florida. In addition, sympathy was extended to the families of Walter Conrad and Ted Swanek this past month.

Now at the First ... MONTHLY INCOME

Deposit \$5,000 or more and receive at least \$25 income every month.

Any of our three Monthly Income Savings Plans will now pay you at least \$25 each month if your deposit is \$5,000 or more. The larger your deposit and the longer the maturity, the higher your monthly income. As shown, interest rates range from 6% to 7% and maturities from one to four years. (Of course, if you don't want monthly income, you can let your interest be credited to your account quarterly to compound.)

Monthly Income Savings Plans				
Plan	Annual Interest	Maturity	Minimum Deposit	Monthly Income
Silver Passbook I	6%	1 to 2 1/2 years	\$5,000	\$25.00
<small>(This account is also available in amounts as low as \$1,000 for quarterly income.)</small>				
Silver Passbook II	6 1/2%	2 1/2 to 4 years	\$5,000	\$27.08
Certificate of Deposit	7%	4 years	\$5,000	\$29.17

For those who are accumulating funds by saving regularly, our Regular and Golden Passbook plans offer advantages, too. Interest is credited to these accounts at the end of each calendar quarter for compounding.

Plans for Regular Saving				
Plan	Annual Interest	Maturity	Initial Deposit	Subsequent Deposits
Regular Passbook	5%	none	\$10	Any amount any time
<small>(Deposits in by the 10th of any month earn from the 1st of the month to the end of the calendar quarter.)</small>				
Golden Passbook	5 1/2%	90 days	\$1,000	\$100 or more anytime
<small>(Additional deposits earn from the day of deposit, but funds must remain on deposit for at least 90 days to earn any interest.)</small>				

Choose the plan that suits you best: invest for monthly income or save regularly for growth.

NOTE: If you withdraw your money prior to the maturity date, federal regulations require us to pay you only the Regular Passbook rate (currently 5%) for the period held, less three months interest.

Hans was born in Breslau, Germany in 1905. He spent four years learning art in decorative glass, church painting, and architecture at academies in Germany. He came to this country in 1926 and worked as a commercial artist until 1968 in various studios including Vogue Wright, Wilding Picture Company.

So intricate and minute are the figures and delicate foliage that one slip of the scissors could ruin hours of cutting. Each picture is cut from one piece of paper. He is one of the few artists left in the world who creates scissor-cuts, or scherenschnitte, as a fine art. His scissor cuts are a lost art and his creations become more valuable each year in the art collectors realm.

Mr. Bittner's work can be found in many art collections in Europe as well as in the United States and Canada. Bring a friend with you. Refreshments will be served, and there is no admission charge.

'Hustled' by Niles police

Dear Editor:
Tuesday morning, March 5, I went to Lee Wards to buy materials for my cub scout den. Traveling over 25 miles one way takes a

great deal of valuable time and gas. I usually don't mind the time and the work involved because I believe I am helping to mold young boys into wonderful, worthwhile adults.

While doing my errands I firmly believe that I was "hustled" by the town of Niles, I was given a ticket for "no turn on red" on Dempster and Harlem ave. I believe the sign that is posted in the middle of the island is not in a normal and natural position for drivers making a right hand turn to see. On Dempster going east, there is a right hand turn lane at Harlem. If a driver proceeds east on Dempster or makes a 90-degree right hand turn, the sign is very visible to the driver. But the driver turning right from Dempster (going east) onto Harlem ave. has a right hand turn lane that he is supposed to use. It is normal and natural for a driver to look at the signal light next to the driver and car.

I was making a right hand turn. While in the right hand turn lane the light changed to red. I looked at the traffic light next to me and I also carefully looked for any signs on the traffic light or posts next to the light. When I did not see any warning signs, I proceeded to make my right hand turn after coming to a complete stop.

I feel this corner is deceiving to the right hand turn driver who is not familiar with the area and the street.

After receiving my ticket, I went back to the corner because I did not believe there was a sign

there. If I did not look for a "no turning sign" then I feel I deserved the ticket. Since I looked for a sign on the traffic signal and the posts next to it and I did not see any signs, I believe I am "not guilty". Harlem and Dempster are extremely wide streets and one sign telling drivers they cannot turn on a red light is not enough. Also the sign is not posted in a position for drivers already in the right hand turn lane to see easily.

The other lady with me in the car and I noticed three police cars giving tickets there—this would make you believe others are making the same mistake. It also would make you believe Niles was hustling traffic tickets on this particular corner.

I drove a total of 75 miles that day, getting all the materials I needed for my cub scout den. I made a particular note to watch for "no turn signs" and on every corner (except Dempster and Harlem) there was a sign posted on every traffic light and especially on the light nearest the driver's side and one on the other side of the street.

I believe I am "not guilty" because the sign is not in the normal position and one sign is not enough for the right hand driver to see.

I am sending a certified copy of this letter to Action Line, the chief of police, and the mayor's office.

Respectfully yours,
Anita Milosovic

LETTERS to EDITOR

Grateful for both sides of ERA

Dear Editor:
I want to thank The Bugle for presenting both sides of the proposed Equal Rights Amendment to us through the Letters to the Editor. I have read both the letters by Kevin Christell and the letter by Mrs. Verson.

It is clear that the letters by Kevin Christell dealt with the facts and also contained sound logic. The letter by Mrs. Verson contained some legitimate complaints, but lacked logic and reason. The letters have shown me that we don't need an ERA; that

the ERA is a bad amendment; that it is not in the interest of women in general; that the ERA is not harmonious with the Constitution; and that the argument in favor of the ERA lacks logic and reason.

Any amendment to our great Constitution must be worthy. The ERA is NOT worthy of our Constitution. I join Mr. Christell against the ERA and hope others will follow.

Very truly yours,
Linda M. Heath

Thanks for RTA coverage

Dear Editor:
During the past several months, your newspaper(s) has received a volume of press releases and information pro and con with regard to the RTA Referendum.

As of the writing the results of that Referendum are unknown, but whatever the results, the public has been well informed on the issue thanks to a great deal printed material and editorial comment generated by your publication and its staff of talented and well informed reporters.

From a personal viewpoint the campaign for RTA has been ended, at times frustrating.

The opportunity to meet with people throughout all of suburban Cook County and discuss an issue in which I deeply believe has been a memorable experience for me.

The complexities of the issue has produced a variety of opinions from both the opponents and proponents of SB27. But the input by

everyone involved was the important factor. Those people your newspaper serves were truly the beneficiary of this kind of debate.

I would personally like to thank you and your entire staff for bringing the RTA message before the public, whether or not your policy was for the RTA.

It was yet another indication of how well our newspapers best serve this country.

OPERATION YES! RTA, the Committee sponsored by the council of governments of Cook County has been able to communicate with all of suburban Cook County in bringing our message and efforts to the various communities, through your help.

The cooperation of your newspapers has been greatly appreciated.

Sincerely yours,
Norman Dachman, Director
OPERATION YES! RTA

Postal conditions deplorable

Mr. Besser:
In recent weeks, I have read articles in two different local papers, both containing derogatory remarks about the Niles Postal facilities. As an employee of the Niles Branch on Milwaukee ave., I can assure the gentleman who bad-mouthed us, that most of us are not exactly ecstatic with the conditions with which we have to put up, either.

I can hardly see how placing parking restrictions on Octavia can ease matters rather than compound a bad situation for all concerned.

It seems to me that this energy and clout that is being used to strike back at the condition that exists could be directed in a much more positive manner. For instance, like making good on the promise of a few years ago, "to get Niles, a New Post Office".

Over the years, we have had one carrier almost killed, one patron was fatally injured, and several other people hurt less severely, because of the deplorable

conditions at the present site. I have written many times to all the Illinois representatives in Washington, trying to change things, but to no avail. I at least tried something positive rather than sit and whine. What have you done lately, Mr. Politician? Someone once said, "If you're not a part of the problem," (Name withheld by request)

Thank you

Dear Editor:
We applaud the citizens of Niles for reaching the magic number of 1000 blood donors.

Those wonderful people who have given of themselves have truly contributed to the blood welfare of their friends and neighbors and in addition, to the multitude of unseen people in our area for whom a blood donation is indeed "A Gift of Life."

Congratulations!
Sincerely yours,

Thanks from Baseball League

Dear Sirs:
On behalf of the Niles Baseball League, it's Directors and Officers, I wish to thank you for the fine cooperation you had extended us during our Registration period. The publicity you gave us helped to remind our boys that Baseball time is near at hand. As a matter of information, we had registered 790 boys on the three day period, which will give us a well rounded season in each of our four divisions, the Peanut, Little, Pony and Pony Grad. Again, please accept our thanks for a wonderful job.

Sincerely,
Ted Krull

Brigadoon at Maine East

As May 2, the opening for this year's musical "Brigadoon" gets closer, more and more Maine East students are getting involved.

Jan Helteen has been picked as student assistant to the drama director. Sue Smille is chorus accompanist, and Maxine Levitt and Nancy Wold are student choral assistants. Crew heads, however, have not been chosen yet.

Besides the four leads—Ken Johnson, Ray Carlson, Leslie Goodman, and Rosanne Goetz—there are 14 in the supporting cast.

A lot of work has already gone into the show. Rehearsals are under way for the entire cast, and research is being done on the ethnic dances of Scotland, the show's setting. One of the more interesting dances is the sword dance.

The stage crew is working on the miracle that will occur on stage. The miracle occurs when two boys, lost in the Scottish highlands, find the magical village of Brigadoon.

In the passage of Niles ordinance Tuesday Blase reported in order for Niles to enforce a statute the village would have to first pass its own ordinance. He said the result of recent law a community can enforce its local standards within a 3 mile radius of its borders.

Both Blase and Emrikson refrained from pointing to the preceding action at the aforementioned motel. Emrikson told The Bugle he was not consulted by the village officials on the matter and was unaware of the subsequent action. Blase refused to specify what warranted the Tuesday night action. But one Niles trustee left no doubt the alleged motel actions led to the passage of Tuesday night's local ordinance.

In other actions Niles approved a special use zoning for a 5-story office building at Milwaukee and Albion. The proposed building has 28 less parking areas required by Niles law and extends 50 feet high, which is 14 feet higher than Niles now 36 feet limit. Blase said the owner, Gerald LaCerra, had the property prior to Niles passing its new zoning restrictions. The owner promised to place in escrow \$14,416 for improving Albion Street in the event the improvement is made, and said 18 additional parking spaces are being made available at Cock Robin Ice Cream shop which are generally not in use during the busy times

Cont'd from Niles-E,Maine P.1

the building will be open. Approved the B-2 special use zoning for indoor handball courts at 7686 Caldwell on part of the old Tam property.

Accepted a plat of dedication for a public street on Gross Point Road presented by the Three Sons Publishing Company. Approved the updated annual 1974 zoning map.

Referred to the zoning board a change from B-1 to Planned Unit Development at 6872 Touhy for the construction of a 4-story condominium building with 44 units.

Referred to the ZB a request for a zoning change from R-1 to B-2 for a sit-down restaurant at 8584 Dempster, on the northeast corner of Greenwood and Dempster on the L-shaped property there.

Blase proclaimed March 29 Knights of Columbus Day in Niles. Passed a resolution supporting the present system of paying by property tax moneys to the Metropolitan Sanitary System. A proposal to meter every residence measuring the use in to the system Blase believed would be chaotic and expensive which prompted his request for the resolution.

Passed a resolution opposing transferring the village and township clerk's responsibility in administering the local elections to the office of the County Clerk.

Trustee Marcheschi was appointed as a one-man committee to study the need for standardizing the esthetics of the

North Maine

property within the District as equalized or assessed by the Department of Local Government Affairs. The District proposes, if the referendum passes, to levy a tax of .15%. This means a cost of .15¢ (fifteen cents) per \$100.00 of assessed valuation per year. The polling place will be at the North Maine Fire Station, 9301 Potter Road, Des Plaines. The polls will be open from 6:00 a.m. until 6:00 p.m.

The North Maine Fire Department now uses a station wagon or emergency vehicle calls. Federal regulations state that ambulance interior must be at least 54 inches high for an attendant to work on a patient. The station wagon, of the North Maine Fire Department, is 31 inches high. In the station wagon there

architecture along Niles main streets. Marcheschi protested about the "long blank walls" which have been constructed on Milwaukee Avenue and believes Niles should look to the future in proposing esthetics should play a part in future construction.

Officials delayed until the next meeting the approval of village streets for resurfacing improvement. Motor Fuel Tax will pay for the \$200,000 program this year. Proposed streets considered for improvement include Main Street between Washington and Milwaukee, and Oriole and Harlem, Ottawa between Kedzie and Main, Monroe Street from Oketo to Harlem, and Nottingham between Howard and Dobson.

Cont'd from Niles-E,Maine P.1

is room for the patient and attendant, and little space for anything else. Chest compression cannot be applied on the way to the hospital. A regulation ambulance would provide space, shelves and compartments for the supplies needed to provide emergency service.

If the referendum passes, the present funds used to finance the ambulance service could be used for fire department operations, where they are desperately needed. Additional revenue would allow additional manpower, equipment and an ambulance to improve the ambulance service and the fire department and its services.

From the LEFT HAND

Continued from Page 1

that he had never had a chance to say "Goodby" to his friend Welsman.

Wolf and his fellow-eulogists recited the spirit of a man of great personal wealth. Welsman had many, many friends, and they came from a man who was forever giving to others. He had a pizdesh side which played warm jokes on those he loved which were bred with affection. On Welsman's father-in-law's 75th birthday, Welsman had a billboard painted outside the birthday recipient's hotel window 2,000 miles away, wishing him "happy birthday". When a sound truck wasn't making enough sound in the Adlai Stevenson campaign, Welsman was told to get the truck to sound off loud and clear. Welsman had the truck driven under the window of the complainer, the head man running the Stevenson PR campaign, and blasted the Stevenson message up at his critic for an endless hour.

Welsman created the Wellington-Oakdale marching parade, which is an annual kids (and adults) parade, which takes place each year on the near northside. Welsman, wearing a 3-cornered hat, annually led a parade, which was a mixture of patriotism, local community chauvinism, and a just-for-the-hell-of-it good time day, which brought all the neighbors together each year for the past decade.

After the men had eulogized their friend, young teenager Tony Welsman, son of Al Welsman, very bravely spoke on behalf of his family and gave personal memories about the bond of his family with this warm man. The young son told of the ebullient father reciting at the family table his very interesting day's work, only to be interrupted by his wife, who told him to take out the garbage. In feigned exasperation Welsman told his family, "Downtown I'm a very big man". Uptown he was a father and husband with much love flowing both ways.

The teen-age son's ability to speak at this occasion was heart-rendering, which resulted in a very misty-eyed assemblage.

Welsman was an important man in his professional life; newspaperman, a war correspondent, a vice president and confidant of the top ad men in the country, and a teacher at Columbia College and the University of Chicago. Indeed, his was a full life.

But his was a full life, not because of his professional credits, but because a millionaire publisher, and a top ad man, and just an ordinary guy, spoke so warmly about their friend. And when all three men said in their separate ways, "I loved that man", we knew this parting was very special.

As I had mentioned in the beginning of this column, "I met a man on Tuesday who had died the previous Saturday. I am very sorry it wasn't the other way around."

In these four years we have grown from our first enrollment of 830 students to more than 3,700 this year. Although we must still function in temporary facilities, we have so many positive things to show the community — an effective educational program, a dedicated faculty and students who are involved. "We urge everyone in the community to visit us on March 31 for an hour or so," he added.

It was also explained that the money spent on the N.S.M.T.D. was to keep existing transportation going.

Mr. Frisee said that he had never been invited to attend any meeting of the M.C. Transportation Committee and never was given any insight as to what our specific needs were. Dick Hobs, chairman of that committee said he remembered directing the trustee at one of the board meetings to find out about the need for bus routes and discuss it with the N.S.M.T.D. John Hilkin finally moved to pay the \$19,538 owed to the N.S.M.T.D. and the trustees agreed.

Martin Ashman asked, "Why do we need the N.S.M.T.D. when we now have the R.T.A.? Why should we pay \$19,000 to the N.S.M.T.D.?" Mayor Bode said he'd like to know what this group can do for M.G. Mr. Dejon said that the nine member board of the R.T.A. cannot cover the entire area and that they will have to look to the N.S.M.T.D. for direction, especially since they will not be functioning for nearly a year.

In the passage of Niles ordinance Tuesday Blase reported in order for Niles to enforce a statute the village would have to first pass its own ordinance. He said the result of recent law a community can enforce its local standards within a 3 mile radius of its borders.

Both Blase and Emrikson refrained from pointing to the preceding action at the aforementioned motel. Emrikson told The Bugle he was not consulted by the village officials on the matter and was unaware of the subsequent action. Blase refused to specify what warranted the Tuesday night action. But one Niles trustee left no doubt the alleged motel actions led to the passage of Tuesday night's local ordinance.

In other actions Niles approved a special use zoning for a 5-story office building at Milwaukee and Albion. The proposed building has 28 less parking areas required by Niles law and extends 50 feet high, which is 14 feet higher than Niles new 36 feet limit. Blase said the owner, Gerald LaCerra, had the property prior to Niles passing its new zoning restrictions. The owner promised to place in escrow \$14,416 for improving Albion Street in the event the improvement is made, and said 18 additional parking spaces are being made available at Cook Robin Ice Cream shop which are generally not in use during the busy times

Cont'd from Niles-E, Maine P.1

the building will be open. Approved the B-2 special use zoning for indoor handball courts at 7686 Caldwell on part of the old Tam property.

Accepted a plat of dedication for a public street on Gross Point Road presented by the Three Sons Publishing Company.

Approved the updated annual 1974 zoning map.

Referred to the zoning board a change from B-1 to Planned Unit Development at 6872 Touhy for the construction of a 1-four story condominium building with 44 units.

Referred to the ZB a request for a zoning change from R-1 to B-2 for a sit-down restaurant at 8584 Dempster, on the northeast corner of Greenwood and Dempster on the L-shaped property there.

Blase proclaimed March 29 Knights of Columbus Day in Niles.

Passed a resolution supporting the present system of paying by property tax moneys to the Metropolitan Sanitary System. A proposal to meter every residence measuring the use in to the system Blase believed would be chaotic and expensive which prompted his request for the resolution.

Passed a resolution opposing transferring the village and township clerk's responsibility in administering the local elections to the office of the County Clerk.

Trustee Marcheschi was appointed as a one-man committee to study the need for standardizing the esthetics of the

North Maine

property within the District as equalized or assessed by the Department of Local Government Affairs. The District proposes, if the referendum passes, to levy a tax of .15%. This means a cost of .15¢ (fifteen cents) per \$100.00 of assessed valuation per year.

The polling place will be at the North Maine Fire Station, 9301 Potter Road, Des Plaines. The polls will be open from 6:00 a.m. until 6:00 p.m.

The North Maine Fire Department now uses a station wagon for emergency vehicle calls. Federal regulations state that ambulance interior must be at least 54 inches high for an attendant to work on a patient. The station wagon, of the North Maine Fire Department, is 31 inches high. In the station wagon there

architecture along Niles main streets, Marcheschi protested about the "long blank walls" which have been constructed on Milwaukee Avenue and believes Niles should look to the future in proposing esthetics should play a part in future construction.

Officials delayed until the next meeting the approval of village streets for resurfacing improvement. Motor Fuel Tax will pay for the \$200,000 program this year. Proposed streets considered for improvement include Main Street between Washington and Milwaukee, and Oriole and Harlem; Ottawa between Kedzie and Main; Monroe Street from Oketo to Harlem; and Nottingham between Howard and Dobson.

Cont'd from Niles-E, Maine P.1

is room for the patient and attendant, and little space for anything else. Chest compression cannot be applied on the way to the hospital. A regulation ambulance would provide space, shelves and compartments for the supplies needed to provide emergency service.

If the referendum passes, the present funds used to finance the ambulance service could be used for fire department operations, where they are desperately needed. Additional revenue would allow additional manpower, equipment and an ambulance to improve the ambulance service and the fire department and its services.

that he had never had a chance to say "Goodby" to his friend Weisman.

Wolf and his fellow-eulogists rected the spirit of a man of great personal wealth. Weisman had many, many friends, and they came from a man who was forever giving to others. He had a pidgeon side which played warm jokes on those he loved which were bred with affection. On Weisman's father-in-law's 75th birthday, Weisman had a billboard painted outside the birthday recipient's hotel window 2,000 miles away, wishing him 'happy birthday'. When a sound truck wasn't making enough sound in the Adel Stevenson campaign, Weisman was told to get the truck to sound off loud and clear. Weisman had the truck driven under the window of the complainer, the head man running the Stevenson PR campaign, and blasted the Stevenson message up at his critic for an endless hour.

Weisman created the Wellington-Oakdale marching parade, which is an annual kids (and adults) parade, which takes place each year on the near northside. Weisman, wearing a 3-cornered hat, annually led a parade, which was a mixture of patriotism, local community chauvinism, and a just-for-the-hell-of-it good time day, which brought all the neighbors together each year for the past decade.

After the men had eulogized their friend, young teenager Tony Weisman, son of Al Weisman, very bravely spoke on behalf of his family and gave personal memories about the bond of his family with this warm man. The young son told of the ebullient father recting at the family table his very interesting day's work, only to be interrupted by his wife, who told him to take out the garbage. In feigned exasperation Weisman told his family, "Downtown I'm a very big man". Uptown he was a father and husband with much love flowing both ways.

The teen-age son's ability to speak at this occasion was heart-rendering, which resulted in a very misty-eyed assemblage.

A motion designating the proposed bike routes.
Mayor Bode commended some M.G. residents and Mr. Linsky (who is installing a parking lot) for their compromise regarding the parking lot on Austin near Dempster. The Plan Commission completed their hearings and made several suggestions, which the builder of the lot agreed to follow. The lot will contain 16 parking spaces and close at 10:30 p.m. It shall be properly lighted and maintained and should be an asset to the community.

In other business Mr. Ray Nelson, chairman of the Mayor's Commission for Blood Donors, received Vehicle Sticker #1 for his fine work.

Joe Dejon of the N.S.M.T.D. and Harry Frisee, our trustee to this organization, were present at the board's request to answer several questions. Martin Ashman asked, "Why do we need the N.S.M.T.D. when we now have the R.T.A.? Why should we pay \$19,000 to the N.S.M.T.D.?" Mayor Bode said he'd like to know what this group can do for M.G. Chief Glander said that the Police Department will have its Bicycle Inspection on April 6 at the Parkview School and on April 13 at Oriole Park. John Arendt,

president of Morton Grove Days for 1974 said that his committee voted against a carnival, but in favor of a circus. He sought the board's approval to hold this circus Aug. 1-4 on the grounds of the Cook Electric Company, which has offered the use of the property. The board agreed to hear further discussion concerning this matter and come to a decision at a special meeting next Wednesday night. Fred Huber said that he wanted permission to advertise for four new squad cars for the Police Department with bid openings to be on April 5, and permission was granted. A proclamation was read proclaiming March 29 as Viet Nam Veterans Day in Morton Grove.
