### Harriet Ritter, Stephen Loska elected to OCC

Harriet Ritter, Morton Grove, and Stephen J. Loska, Jr., Des Plaines, were elected to three-year terms on the Board of Trustees of Oakton Community College at the annual election held on Saturday, April 13.

Loska, who was first elected to the Oakton Board of Trustees in 1971, is a senior scientist for Kraftco Corp. in Glenview. During the past year he has served as chairman of the Board's policies and procedures committee and he was secretary of the Board for 1972-73.

Mrs. Ritter received 2,351 votes and Loska received 2,321. Two other candidates for the two vacancies on the board were Harold Stern, Skokie, and John J. Prochaska, Park Ridge. Stern received 2,024 votes and Prochaska 1,991.

4,698 ballots were cast for the candidates for the two Board seats which expire in 1977. This compares with the more than 7,000 votes cast in the Board election in April, 1973.

Mrs. Ritter, a part-time student at Oakton Community College, owns and operates her own real estate agency in Morton Grove. Recently elected to the Board of Directors of the Morton Grove Chamber of Commerce, she is a member of the Morton Grove League of Women Voters and the Illinois Women's Political Caucus.

Dr. LeRoy E. Wauck, former member of the OCC Board of Trustees, was appointed on April 11 to fill the vacancy caused by the resignation of Trustee Robert Gutschick. Dr. Wauck was elected to the founding board in June, 1969 and served as chairman of the OCC Board for 1972-73. A Park Ridge resident, he is professor of psychology at Loyola University in Chicago.

### Increases to take effect May 1, 1975 after next election

# BOARD OK'S PAY RAISE FOR MAYOR, TRUSTEES

By Diane Miller

At the Tuesday meeting of the Niles Village Board, a resolution was passed by the Board which would increase the salary of the Mayor from \$3,000 to \$4,000 a year and the salary of the trustees to \$2,500 a year including expenses. Mayor Blase stated a survey was taken of the neighboring suburbs insofar as salary level was concerned and the new salary increase passed by the Niles Board would put them on a par with that received by the Morton Grove Mayor and Board of Trustees.

The salary increase would not go into effect until May 1, 1975 which would be after the next election for mayor and trustees. Blase also stated, "Trustees spend considerable time on their jobs if they are doing them properly and \$15 or \$25 a meeting is ridiculous."

In other actions an amendment was passed by the Board which contained revisions and

#### Recall hair sprays

Two lines of hair sprays using vinyl chloride propellant will be recalled from the market by their manufacturers - Bristol-Myers' Clairol Corp. and Bonat Inc. - in response to a request by the Food and Drug Administration. Vinyl chloride gas has been linked with a rare form of liver cancer among workers who had long exposure to the chemical. Clairol said it was recalling about 100,000 cans of Summer Blonde aerosol hair spray and Miss Clairol aerosol hair spray, adding it believed that any health hazard to users was "extremely remote." A Bonat spokesman said that the company intends to "comply fully" with FDA's request. He noted that Bonat didn't think there is very much of its product on the market, since the company stopped using vinyl chloride propellants last summer.

### ND FENCING AWARDS GIVEN

The 7th Annual Fencing Awards Banquet was held at the Scandia House in Mt. Prospect on Monday, Apr. 22. The Dons celebrated a very successful season by winning the Intersuburban Championships for the third straight year. Pat Gerard and Bill Kica were tournament leaders with 13-2. Also the team won its second consecutive conference title 19-0 for a 24-0 season. The team now owns a new school record of 48 wins in a row, eclipsing the 29 in a row of basketball. The piece d' resistance was the second State Fencing Title in a row with the identical score of last year.

Numerals went to Randy Beebe, Jim Robinson and Bob Green. Sophomore letters went to: Greg Gerard (Capt.), Kevin Cawley (Co-Capt.), Steve Bart, Dick Detzner, Jeff Orlowski, Ray Walsdorf, Wayne Rempala and Matt Payne. A Junior Varsity letter went to Brian Costello as team manager.

Varsity letters: First year - Chris Nickle, Gary Brown, Steve Basista, Garry Gronke, Mike Gerard and Mike Scortino. Second year awards: John Strass, Randy Mikos, Ken Lavelle, Bill Kica and Pat Gerard (Capt.).

High Senior award went to Bill Kica; High Junior to Mike Scortino; High Sophomore to Kevin Cawley and High Fresh to Wayne Rempala. High "A" team scorer was Bill Kica, High "B" team scorer was Randy Mikos. High team scorer (dual meets only) to Bill Kica; High team scorer (dual and tournaments) to Pat Gerard. Most improved player was Mike Scortino and most valuable player was Pat Gerard. The Varsity Captain and Co-Captain for the 1974-5 team is Mike Gerard and Mike Scortino. For the Frosh-Soph it is Wayne Rempala and Matt Payne.

Some outstanding features of this team are the following. There were 5 nationally ranked fencers on the starting 6, two adult "B"s and three adult "C"s, which is unusual. ND has had three in the past two years, each year.

Randy Mikos had the longest winning streak in the team's history of 31, with Pat Gerard behind with 27. Bill Kica won over half his bouts (25) by scores of 5-0. Pat Gerard won 20 of his 46 the same way. The team gave up an average of 2.4 bouts-per meet out of 18 possible. The team had three All State fencers for the second year by advancing five into each round and three into the finals. To date the team has won 33 trophies which is below last years total of 69, but the team has nothing to be ashamed of.

Individual records this year: Pat Gerard 46-6 (.882), dual, 81-11 (.880) dual and tournaments and 216-02 (.777) overall to date; Bill Kica 45-2 (.957) dual, 74-11 (.870) dual and tourn and 195-79 (.712) to date; Mike Scortino 38-6 (.864) dual, 59-19 (.756) and 154-92 (.626) to date; Ken Lavelle 36-10 (.818) dual, 51-20 (.750) dual and tourn and 113-81 (.582) to date; Mike Gerard 32-10 (.769) dual, and 101-60 (.627) to date; Randy Mikos 34-3 (.919) dual, 47-9 (.839) dual and tourn and 64-23 (.736) overall. John Strass 24-4 (.857) dual, 32- (.842) dual and tourn, and 68-37 (.648) overall. Non-starters were Garry Gronke 10-0 dual, Chris Nickle 10-1 dual, Gary Brown 12-2 dual, Steve Basista 9-4 dual.

Individual sophs this year: Kevin Cawley 24-2 (.923) dual, 36-5 (.878) dual and tourn and 95-33 (.742) to date. Greg Gerard 20-10 (.667) dual, and 50-33 (.602) overall. Steve Bart was 18-7 (.720) dual, and 42-35 overall.

This year to date there are 4 fencers over 100 wins in foil and 2 over 200. With the Divisional Championships this past Saturday, and the Adult Divisionals this next week, many will be over their goals for the year. Pat Gerard wants to win 263 to set a new career record for the school topping Terry McConville's '73 record of (536-203). Gerard is now 228-76 for the year which is a new season record, and he is 502-203 or 34 wins away from McConville's record. His goal is within reach.

Pat Gerard has the distinction of being the first fencer at ND to go through his 4 years and fence in all his dual meets (69) without the team losing a meet. Teammates Bill Kica and Ken Lavelle were 68-1 and Randy Mikos was 67-2. At the present time, the 1973-4 team has broken all but two records. There have been 26 100 plus winners in a weapon since the team began, and this present team comprises 13 of these 100 plus winners over the past two years. Seven of the 16 nationally ranked fencers have been on the team for 2 years.

The guest speaker at the banquet was Mr. Charles Schmitter, head fencing coach of Michigan State University, a fencing master, and Helms Hall of Fame Coach. Mr. Schmitter has been a fencing coach for several decades.

The current team of 5 seniors has been approached by or applied to 18 Universities. Some of these are University of Notre Dame, Princeton, Case Western Reserve, University of Wisconsin,

University of Illinois, Michigan State University, Cornell, Pennsylvania, Penn State University, North Carolina and North Carolina State University.

The fencers going on to college want to uphold the tradition set by all other NDHS grads - to earn a varsity letter in their freshman year. The 7 fencers who have done this have also earned a total of 14 varsity letters in the past 4 years.

The U-19 Illinois State Amateur Fencing Championships were held at NDHS this past Friday and Saturday. The results are as follows: Sabre - 1. Gary Diamond (NTW), 2. Kevin Cawley (ND), 3. Rich Franklin (NTW), 4. Ron Rovner (NE). U-14 Foil - 1. Mike Turgeon (Schaum.), 2. Mark Turgeon (Schaum.), 3. D. Scarook (Schaum.), 4. Cid Drist (Glenwood), 5. R. Krause (Wis).

U-16 Foil - 1. Andy Bonk (MS), 2. Kevin Cawley (ND), 3. Henry Kraybill (NTE), 4. Kubik, 5. B. Dell (NW), 6. R. Osness (NE), 7. A. Wexler.

U-20 Foil - 1. Terry McConville (NDHS '73) Univ. of ND, 2. Jim Herring (MS), 3. Gary Diamond (NTW), 4. Pat Gerard (ND HS), 5. Tim Glass (NDHS '73) Univ. of ND, 6. Ken Koester (NW), 7. A. Wexler.

The Illinois Division chose the following to be the Illinois Team for the forthcoming Midwest Sectional (10 State) Championships. This is equivalent to the semifinals for the U-19 Program culminating in the finals of this meet going to the US National Championships in New York City in June.

Girls Foil - Karen Beckman (MS), Kathy Faley (Dixon), Patti Pinski (Ar. Hts.).

Boys Foil - Pat Gerard (auto) NDHS, Gary Diamond (NTW), Bill Kica (NDHS), Mike Scortino (ND HS), Terry McConville (NDHS- Univ. of ND).

# EER and air conditioners

It can mean the difference between wasting energy and cutting your cooling costs by 25%.

You may not realize this, but some air conditioners use a lot more electricity than others to cool the same amount of space. And in the summer, when the heat gets unbearable and millions of people turn on their air conditioners to find relief, this can amount to a significant waste of electricity.

On a normal summer day, as the graph above shows, Commonwealth Edison may have to deliver three to four million kilowatts more than on an average winter day. To meet this summer demand, extra amounts of fuel must be burned. By making sure you buy the kind of air conditioner that gives the same cooling with less electricity you can save money and save us all critically needed fuel. The thing to check is known as the EER, an engineer's term which stands for Energy Efficiency Ratio. And there's information on every air conditioner that lets you figure it out.

You don't have to be an engineer to find the EER. All the information you need to buy an efficient air conditioner can be found on the metal plate attached to the unit.

MODEL NUMBER ACR20B74F			
VOLTS	CYCLE	PHASE	
115	60	1	
COOLING BTU/HR	AMPS	WATTS	
6000	7.5	850	

BTUS WATTS  
To get the EER, simply divide the BTUs by the watts. If you're comparing two 6,000-BTU models for efficiency, it would look like this:

$$\frac{5\text{EER}}{1200/6000\text{ BTUS}} \quad \frac{7\text{EER}}{850/6000\text{ BTUS}}$$

Our recommended energy efficiency ratio for an air conditioner is 7 or more, so the one with an EER of 7 is the one you should buy. Low efficiency units have EERs of around 5 or 6. You save money, too.

You've already found that the second example is the more efficient air conditioner. It will probably cost a little more to buy, but because it's more efficient, it would cost less to operate. In the long run, an efficient air conditioner helps keep electricity rates as low as possible. And right now, an efficient air conditioner helps conserve our country's natural resources.

### Evanston Federal's landmark sign

Harry Volkman, popular TV weatherman, steadies ladder for Robert E. Schrader, president of Evanston Federal Savings and Loan Association, as he climbs up to newly-reinstated "Time and Temperature" sign to make minor adjustment. Don Martens, Executive Vice-President (right), assists Harry in the project, for which he had correctly forecast a sunny but somewhat chilly (as the sign indicates) day.

The sign, a favored landmark on Fountain Square in Evanston, had been removed in the course of the modernizing and improvement of the Association's building started early in 1973. Exterior remodeling is now nearing completion.

## The BUSINESS Picture

### Home Safety Convention

A national public service campaign, on what the general public can do to make their homes and lives safer in working jointly towards a better community, was announced at the annual convention of the Homes for Living Network held recently in San Diego.

The HFL Network is a national marketing network of REALTORS comprised of over 900 real estate offices in all 50 states and Puerto Rico. Wm. L. Kunkel & Co., Realtors, is the exclusive Des Plaines HFL Network representative. Attending the conversation from Kunkel were Ralph Martin, Jim Duncan, Woody Squassoni, John Bye and Ed Barth.

The campaign will be observed during the month of May as "National Homes for Living Safety Month." It will, among other things, include free booklets distributed by HFL Members, such as Kunkel, on such topics as "How to Be Unpopular With Burglars," "How to Protect Yourself," and "Ouch, It Hurts!"

According to HFL Network national president, Geo. P. Shafran, of Arlington, Va., further information on all aspects of this special program will be announced soon. "The Homes For Living Network is very excited about this program," Shafran said. "Its scope and concentration shows that our membership of over 8,000 real estate salesmen do care about, and are an active segment of each and every community."

Shafran attributes present conditions to three factors. One, "Money is harder to tap. But, I

don't think it's been a matter of availability of money, but what it costs to secure."

Second, Shafran said that the costs of homes have been rising on the average of 6 to 10 per cent a year, in some cases higher, and "for many Americans, the cost of housing has changed families plans of moving for the present."

"Here is where," he said, "Realtors have to better inform the public realistically that with inflation rising far ahead of interest rates, families are better off buying now than waiting for an insignificant drop in interest rates."

His third factor was the boom in condominiums which has greatly showed down the residential sales market. He noted that here is where Realtors are more and more working with builders.

"Builders today are looking to Realtors for guidance and knowledge in the area of marketing. A happy relationship is beginning to ripen."

Shafran said he sees a turn in the market, "but a slow one for residential sales." "It's starting to break open now," he said, "and before long the worst will be behind us. Today, we must be top-knotch in management and executive ability, to weather any storm."

In 197, HFL Network members had combined residential sales in excess of \$3 billion. HFL National Headquarters is located at St. Louis, Mo. Saul Kravill is HFL Executive Director.

### NW Federal's home fix-it clinic

North West Federal Savings, 4901 W. Irving Park rd., Chicago, has scheduled two special sessions of its Home Fix-It Clinic on Tuesday, April 30, and Wednesday, May 1. The topic for these meetings will be "electrical repairs and safety."

Clyde and Jerry Grove, owners of the American Electric Co., 4453 N. Central, will conduct the sessions in cooperation with Commonwealth Edison Company. The Groves are members of the National Electrical Contractors Association.

The Groves will first present a film, "Electricity From A to Zap." A discussion of electrical

safety in the home, tips homeowners should know about wiring and connections, and an explanation of how a circuit breaker panel works will follow. The meeting will then be opened to questions from the audience.

Meetings will be held in North West Federal's Community Room, lower level. The program begins at 7:30 p.m. and ends at 9 p.m. Coffee will be served afterward.

The public is invited to attend one of these two informative sessions. For reservations, call Maureen Mantates in the Community Service Center, at 777-7200.

### Receives citation

Angelo J. Piraino, manager of Prudential's Lake View district agency, located in Lincolnwood at 6600 N. Lincoln ave., recently accepted a company president's citation for outstanding performance by his district representatives in 1973.

The award, recognizing the agency as one of Prudential's leading districts in the United States, is the 19th such honor given to the Lake View district. The district won the Prudential president's trophy in 1972 as the No. 1 agency in the company's nation-wide operations.

Assisting Mr. Piraino in the transaction of Prudential business are 5 sales managers, 33 agents, and 9 on the administrative staff.

Mr. Piraino joined Prudential as an agent in Blue Island in November, 1958. Following a series of advancements, he was promoted to manager of a south Chicago suburban office in August, 1967, and was transferred to his present post in May, 1970.

He and his wife, Mary, live in Park Forest at 72 Winslow. They are the parents of two grown children.

### MARQUARDT HEADS DRIVE TO OPPOSE SPORTS COMPLEX

William W. Yates Jr., chairman of the Committee for Responsible Spending, this week announced the appointment of Clarence W. Marquardt as head of a drive to enlist the business and industrial leaders of the village to oppose the \$5 million ice rink and sports complex planned for Dempster and Waukegan rds.

"Marquardt, one of Chicago's largest Oldsmobile dealers has long been a leader and fighter for what's good for our community, said Yates, and I am extremely proud of the work he is doing in the Committee's effort."

"Even the best intentioned individual cannot deny that inflation and rising costs of essential municipal services are putting an upward pressure on taxes, said Marquardt, and foolish spending at this time for an unnecessary ice rink is both unwise and unjustified."

"What we need is less tax pressure on our local families and businesses, many of whom are struggling to make ends meet, not more," Marquardt said.

"Marquardt's sentiments were echoed by others who are helping the committee's efforts to block purchase of the land or construction of the ice rink and sports complex. Frank J. Boles of 5816 Carol st., a contractor, called the project "a hare-brained scheme to waste tax money," Yates noted.

Boles pointed out that Skokie, with an income from sales tax last year of \$3,229,719.84 as compared to Morton Grove's \$842,770.44 was deriving more income from this source than from real estate taxes. "Niles is in the same fortunate position, but Morton Grove just does not have the shopping center development of others, making it necessary for the homeowner to bear the brunt of every tax increase."

Yates also said he was inviting another former Park Commissioner, Frank McTier, to join the Committee's effort to bring out all the facts in connection with the proposed project. "Mr. McTier did an outstanding job in behalf of Little League and other community services while on the Park Board, and I welcome his aid in

getting all the facts out on the table," Yates commented. Mrs. Arlene Sandberg of 6117 Elm st. commented that she did not feel the ice rink and sports complex was needed and did not want to see taxes increased. Pat Anderson of 8043 Gross Point rd. felt that the interests of people east of Edens Highway, who now had to go to a Skokie Park because there is no Morton Grove Park in the area, would not be served by building the ice rink.

Karl Gubbins, 7901 Golf rd. also felt it was both expensive and unnecessary. He said, "It should be promoted by private enterprise like the one on Landwehr rd, north of Lake ave. and those in the Northbrook area, instead of making taxpayers pay for it."

Yates also announced the Committee was circulating a petition asking the Park Board to reconsider its position and to go back to the community and find out if the people want the project at all. "It is our considered belief, that the taxpayers of Morton Grove do not want this project and I will vote to scrap it at the earliest moment," Yates concluded.

Both called attention to the fact that Morton Grove must be careful raising taxes because the load must be borne by the homeowner himself," said Yates. Mr. Marquardt and Mr. Boles are outstanding businessmen, and are very familiar with the problems of budgeting and spending of large sums of money."

Boles pointed out that Skokie, with an income from sales tax last year of \$3,229,719.84 as compared to Morton Grove's \$842,770.44 was deriving more income from this source than from real estate taxes. "Niles is in the same fortunate position, but Morton Grove just does not have the shopping center development of others, making it necessary for the homeowner to bear the brunt of every tax increase."

Yates also said he was inviting another former Park Commissioner, Frank McTier, to join the Committee's effort to bring out all the facts in connection with the proposed project. "Mr. McTier did an outstanding job in behalf of Little League and other community services while on the Park Board, and I welcome his aid in

### Township Alcoholism Unit endorsed

The chairman of Lutheran General Hospital's Department of Psychiatry, Dr. Nelson J. Bradley, a nationally recognized authority on alcoholism, has expressed his whole-hearted support of Maine Township's proposal to establish an alcoholism council, according to Township Auditor Margaret Wirsan.

Mrs. Wirsan, chairman of the township's committee on mental health and counseling, said Dr. Bradley told her of his support at a recent meeting. She reported that he praised the township's leadership in attempting to create the council which would provide educational and referral services to township residents.

Mrs. Wirsan said Dr. Bradley endorsed the move, stating that alcoholism is the nation's number one drug problem, and that no public health problem has ever been solved by treatment alone. He added that the real solution is education, and that Maine Township has recognized its responsibility to both educate and refer to qualified treatment centers those who are in need of assistance.

Dr. Bradley is a member of the executive board of the American Medical Society on Alcoholism, Township is unusual in that it has an internationally recognized alcoholic treatment program centered at Lutheran General Hospital in Park Ridge.

He observed that Maine Township's proposed program, "can offer a serious, practical program to the citizens who live in the immediate area." He added that the township-sponsored council could coordinate the efforts of local hospitals, social agencies, police, and industry.

Dr. Bradley continued by saying that obvious alcoholism is but the tip of the iceberg; that alcohol is estimated to be a factor in more than 50 per cent of all accidents, and perhaps 60 per cent of fatal accidents; and that it is a major, but unmeasured, influence in heart, ulcer, and psychological disorders.

The Maine Township government's objectives in attacking both the direct and indirect problems of alcoholism deserve my support, he concluded, and they deserve the support of every township resident.

Dr. Bradley is a member of the executive board of the American Medical Society on Alcoholism,

the Illinois Alcoholism Advisory Council to the Illinois Division of Mental Health, and the advisory board of the Chicago Metropolitan Council on Alcoholism. He is also Clinical Asst. Professor, Dept. of Psychiatry, University of Illinois.

### Awarded scholarships

Two Maine East seniors have been named Edith Bush Charitable Foundation Scholars by National College of Education in Evanston. Susan Smilie, 8457 W. Bruce Dr., Niles, and Suzanne Anderson, 8616 Olcott, Niles, won their scholarships as a result of their outstanding performances on a competitive examination given on March 27. These awards cover full tuition for four years of study.

The exam, which lasted all day, consisted of a general essay, personal interviews, and a competency exam in a major field of study. Susan and Suzanne qualified to register for the examination by being in the top quarter of their high school class. They were among 56 aspirants who took the test.

This scholarship program was designed to attract outstanding students to the field of education, and financial need was not a factor in selecting recipients.

### Niles Family Service Thought For The Week

By Larry F. Renetzky

#### "Love is — — —?"

A young couple in Love says "Happiness is LOVE." Certainly in the Spring "a young man's fancy turns to LOVE." Is this love? Yes this is "romantic love" and it is beautiful as anyone who has been romantically in love can attest. However, LOVE is much more than a romance or the time of Spring. A great man by the name of Paul once wrote, God is LOVE and went on to define love in this way: "I may be able to speak the languages of men and even of angels, but if I have not love, my speech is no more than a noisy gong or a clanging bell. I may have the gift of inspired preaching; I may have all knowledge and understand all secrets; I may have all the faith needed to move mountains — but if I have not love, I am nothing. I may give away everything I have, and even give up my body to be burned — but if I have not love, it does me no good.

Love is patient and kind; love is not jealous, or conceited, or proud; love is not ill-mannered, or selfish, or irritable; love does not keep a record of wrongs; love is not happy with evil, but is happy with the truth. Love never gives up; its faith, hope, and patience never fail.

Love is eternal. There are inspired messages, but they are temporary; there are gifts of speaking in strange tongues, but they will cease; there is knowledge, but it will pass. For our gifts of knowledge and of inspired messages are only partial; but when what is perfect comes, then what is partial will disappear.

When I was a child, my speech, feelings, and thinking were all those of a child; now that I am a man, I have no more use for childish ways. What we see now is like the dim image in a mirror; then it will be complete, as complete as God's knowledge of me.

Meanwhile these three remain: faith, hope, and love; and the greatest of these is love."

From "Good News For Modern Man".

"The greatest gift one can give another is LOVE!" Individual, marital or family problem? Call 966-1640 or come into Niles Family Service, 251 Lawrencewood, Lawrencewood Shopping Center.

### Musical Adventures

Vocal and instrumental groups in District 70's music program have been preparing for their spring concert, entitled "Musical Adventures", since the grey days of winter. The Morton Grove musicians under the careful direction of Roger Palm, Judith Hyland, Elaine Clancy, Kathy Buonauoro, and Carol Capadona, will perform on Thursday evening, May 2nd in the Park View gymnasium at 8 p.m.

The student groups that will provide the "Musical Adventures" are the: Swinging Strings, Junior Chorus, Senior Orchestra, Stage Band, Senior Chorus and the Senior Band. The finale will combine all of the musicians for the Battle Hymn of the Republic.

Parents and friends of District 70 students are cordially invited to "Musical Adventures", May 2, Park View School, 8 p.m.

### District 219 Summer School

Niles Township School District 219 will hold its summer school from Tuesday, June 18th, to Wednesday, July 21st. Brochures detailing curriculum will be mailed Apr. 15th (after Spring Vacation) to the homes of all students, including incoming freshmen and graduating seniors.

A limited bus service will be provided to Niles North only; cost will be 40 cents each time a person boards the bus. Specific bus routes will be distributed after registration.

For those who prefer learning sports, the District's Summer Recreation Program — June 1 to July 26 — may be for you. Open to fourth graders through adults, the program offers courses in karate, swimming practice, tennis, wrestling, baseball, basketball, soccer, football and dance.

Early registration, by mail, will be held from Apr. 15th to June 4th. Late registration, in person, will be held June 10th through 14th at the District Offices, 7700 Gross Point Road, Skokie. A special registration for parochial schools will be held on Saturday, May 18th, from 9 a.m. to noon, for those students wishing to enroll in Drivers Education class only. The regular Drivers Education registration will be held in the schools in late May; more information will be provided at a later date.

## LETTERS to EDITOR

### Niles Township moderator count questionable

Dear Sir:

"It matters not if you win or lose, it's how you play the game." Well, the game was not played fairly on Tuesday, April 9, at the Annual Town meeting of Niles Township.

When the moderator was voted upon, the clerk appointed six men to count. The total count was 199. When the vote on funding mental health programs was counted, the moderator was the sole counter. It was a tie-95 to 95. When asked for a recount, the moderator refused and cast the deciding vote, thus deciding the issue for the entire township. He immediately adjourned the meeting.

We are all fallible but the township attorney should have advised the moderator to recount the vote to at least save the honor of the town board. As an officer of the courts, how could he let injustice to all go by?

I think it would behoove the township board to think about putting this question to the people in a referendum in the fall election.

Perhaps a more accurate measure of the taxpayers feeling on the subject would prevail at least by a majority of more than one vote.

Sincerely,  
Phyllis Judelson  
3623 Davis St.  
Skokie.

### Pleased with park ice skating program

Editors Note: The copy of following letter was sent to The Bugle office.

Dear Mr. Dressler:

I have heard some rumors regarding the fact a few people were not happy with the skating program at Ballard this past season.

I have a twelve year old daughter who has been skating since she was five and a half. She has skated at various rinks, has been in several of the local ice shows. She also won first place in the Free Style 7 - 9 1/2 year old category at the National ISIA competition, held in Lake Placid, New York this past January.

Since I am a Niles resident, I went to the Ballard rink last fall and talked with Mr. Goldberg about organizing a class for the higher level skater. I found him to be most cooperative, and with a little effort on both our parts a class was organized. The class was very successful and the people I brought over were very happy with the class, the instructors and the overall program.

As far as the ice show, I think the staff worked very hard and did a good job with very little outside help. This is a difficult undertaking and you need a great deal of cooperation from the parents. It also helps if you have a little professional help, which some of our rinks are fortunate enough to have.

I hope another good program can be set up next year and would like to be a participant. There is always going to be a few people, in a program of this type, that will criticize and expect more than one is entitled. However, if the Park District, parents and staff cooperate, I am sure most of these difficulties can be worked out in a satisfactory manner.

To the Editor:  
As an elected member of your Maine Township government, I feel compelled to make several comments concerning the conduct of the League of Women Voters, because I consider their recent actions contrary to the best interests of the taxpayers and residents of Maine Township.

Your township government is a unit of local government that can, and does, provide certain services to local residents more efficiently and quickly than other governmental bodies, including county government. The township provides, for example, immediate assistance to people in need, and is the "grass roots" government for all the residents in the unincorporated areas of the township. Moreover, your township is attempting to provide certain new services, such as aid to the retarded, an alcoholism council to provide education and referral services, and assistance in the area of mental health and counseling.

With federal revenue sharing funds now available, your township can provide these services with very little impact on the taxpayer. However, the League has been trying to prevent townships from using these revenue sharing funds. In effect, they are trying to prevent township residents from benefiting from tax monies being returned to them. The alternatives are either returning the money to Washington or giving it to Cook County.

As I see it, the League is dedicated to centralized government. I cite their support of RTA, their

### Dispute LWV's actions

attempts to abolish township government, and their support of proposed legislation which would increase the powers of the clerk of Cook County and reduce the authority of city and village clerks in the conduct of local elections, and if the League is not dedicated to transferring power from local governments to the county, then they are sadly misguided. In either case, I call upon them to review their position as they are truly concerned about good government. And, I call upon all citizens, in their own best interests, to take whatever action is necessary to prevent the weakening of local government and the strengthening of a distant, impersonal county government.

Margaret G. Wirsner  
Maine Township Auditor

### Objects to methods at Town Meeting

To the Editor:

It should be made plain to the taxpayers of Niles Township that Orchard Center for Mental Health was the only area agency whose Board and Staff were involved in the drive to get funds for itself at the Apr. 9 Annual Town Meeting.

In addition, the moderator who counted the vote, broke the 95-95 tie with his own vote, refused to permit a recount, and then adjourned the meeting without a motion calling for adjournment, was President of the Orchard Center Board for '73-'74.

Senator Nimrod, whose Republican machine provided Orchard Center with its one-vote margin of "victory", is a member of the Orchard Center Board of Governors and the Senate Sponsor of HB 231 which made the back door mental health referendum possible.

The Annual Town Meeting vote on mental health must be repeated every year if funding of Orchard Center by the Township is to continue. Orchard Center will have to keep licking the Republican Party's boots to make sure that the Party comes back next year to repeat this year's Annual Town Meeting performance.

The community waits to see if Orchard Center will accept funds wrested from the taxpayer by such undemocratic and abusive means. Identification with the needs of the mentally retarded and emotionally ill in our midst does not relieve Orchard Center of the responsibility of treating the larger community with fairness and respect.

Sincerely yours,  
Verna Beaver  
(one of the SCOTS)

### 'New happenings' at area restaurants

Lionie Hurwitz tells me due to popular demand the FIRESIDE RESTAURANT, 9101 Waukegan rd., Morton Grove, is now open at 1 p.m. on Sundays. And more important, the FIRESIDE will offer complete Sunday dinners, from 1 to 5 p.m., for under five dollars. And each week the four Chef's Sunday special-priced complete dinners will be changed to provide a variety of high quality foods of a standard of excellence for which the FIRESIDE RESTAURANT is now famous.

For example, next Sunday afternoon you and the family can have dinner amid the quiet elegance of the magnificent FIRESIDE and choose from any of these four delicious complete dinners: Pork Roast with Apple Sauce, \$4.50; Pepper Steak served on a bed of rice, \$4.95; Poached Sole with hollandaise sauce, \$4.95; or the ever-popular favorite, Roast Young Tom Turkey with chef's dressing and giblet gravy, only \$4.25.

All of the above four dinner selections include soup du jour or tomato juice, a huge "help-yourself" fresh, crisp salad from their extensive salad bar, potato and vegetable, a whole loaf of fresh warm bread and beverage.

The above selections will be served next Sunday, Apr. 28, from 1 p.m. to 5 p.m. So plan now to have dinner at the beautiful FIRESIDE RESTAURANT in Morton Grove. For your convenience, if you'd like to make reservations for next Sunday, just phone 966-9600 now while you're thinking about it. You'll have a good day Sunday if you do.

And, of course, the FIRESIDE's posh, large cocktail lounge and comfy bar will also be open so that you can have wine with your meal or any cocktail of your choice.

And the FIRESIDE RESTAURANT's management has asked me to thank all of you for making their reputation number one among the most discriminating people of Chicagoland in an incredibly short period of time. These new reasonably-priced Sunday Chef Specials served from 1 to 5 p.m. are their way of saying "Thank You"...

Another new happening that gladdened the heart of Jake Joseph, owner of JAKE'S RESTAURANT, 7740 Milwaukee ave., Niles, was the fact that his daughter, Debbie, won a beauty contest. Debbie was proclaimed the winner of a recent beauty and personality contest by the judges of all the American born Assyrian girls in the United States. Debbie, according to Jake, was judged Queen of this contest sponsored by radio station WEAL, which was promoted by Klames M. Ganj, director of the station. There'll be pictures and a story about this in the next issue of Bugle newspapers.

Debbie Joseph, I understand, won all sorts of prizes -- a vacation trip, a line of cosmetics, a modeling contract and many other things which made her dad Jake swell with pride.

Jake also tells me he is preparing for his annual Mother's Day promotion, and that among the "gifts" will be beaded purses for all mothers on their day. Jake informed me that last week he broke all sales records for food volume on his \$1.75 "All You Can Eat" specials which he serves Monday thru Friday.

Jake attributes his success to "the kids". "The kids bring in their parents," says Jake. That's why he offers five items on his menu for Saturday and Sunday at half price for kids 12 or under.

"Folk Music At It's Best" happens next Friday and Saturday, Apr. 26 and 27 at the popular GROUND ROUND, Dempster and Waukegan rd., Morton Grove. For the Mike Dunbar Trio will be doing their thing at this well known fun place. And for the ladies, remember the Monday and Wednesday feature, a superb fashion show, which displays all the "in" things you'll want to be "in" this spring and summer. Word gets around that there's always something going on at the GROUND ROUND... drop in and discover new FUN and good food and drinks.

New specials, for Tuesday, Wednesday and Thursday have popped up from PINOCCHIO'S PIZZERIA. Tuesday - Beef and Fries with a 20 cent drink only \$1.25; Wednesday - Vienna Hot Dog and Fries with a 20 cent drink only 70 cents; Thursday - Mostaccioli, Meat Balls and Garlic Bread only \$1.75. PINOCCHIO'S PIZZERIA, 9700 Milwaukee ave., Niles, is very famous for their old world flavor Pizza which they deliver thruout this area.

Something new has happened at the A & M Snack Shop, 8850 Milwaukee ave., Niles. According to Andy Mueller and his wife, Myrtle, the owners, they will NOW be open 24 hours a day. And, in addition to their "around-the-clock" operation, they've expanded their menu to include Vienna hot dogs, Polish sausage, plus hamburgers, and Italian beef or sausage. They are also offering low cost breakfast and shopper's plate lunch specials every day. A & M Snack Shop, long a favorite of TRUCKERS -- and "Truck Stops" have always been accepted as a good place to eat -- will offer their expanded menu 6 days a week, 24 hours daily, being closed only on Sundays.

See their first ad in the entertainment section of this issue of Bugle newspapers.

Handsome John Gountanis, owner of ALIPIO'S RESTAURANT & LOUNGE, 6474 N. Milwaukee ave., tells me that his back ribs have a come-back quality. "What do you mean by that, John?" "Well, Ed, once people try those thick meaty baby back ribs we serve for only \$3.95 on Thursdays, they come back again and again -- so they must have a "come-back" quality."

It's true that I've heard many people rave about ALIPIO'S back ribs -- so, if you like Bar-B-Q ribs, drop into ALIPIO'S tonight -- or any Thursday -- and you'll find you get an entire slab of the most wonderful tasting ribs you've ever enjoyed. And don't forget, ALIPIO'S big fish fry of ocean fresh Perch on Wednesdays and Fridays, too.

See you next week...

### 'The Mind With The Dirty Man' returning to Arlington

Don Knotts will return to the Arlington Park Theatre for two weeks only, June 4 through June 16 in last year's adult, comedy hit "The Mind With The Dirty Man," by Jules Tassa.

"The Mind With The Dirty Man," starring Mr. Knotts had its Midwest premiere at the Arlington last June. The engagement sold out solid -- because of audience demand, Mr. Knotts and the original company did a return engagement Nov. 20-Dec. 9 which also did turn-away business.

Pamela Britton will again appear with Mr. Knotts as his frustrated wife in the small town tale of an upstanding member of the community who spearheads a crusade against the infiltration of pornographic films at the local movie house.

Last year the production received three Joseph Jefferson nominations: Don Knotts (Best Actor), Edward Parone (Best Director) and Jules Tassa (Best New Play). Mr. Parone will restage the Arlington production, as well as the Eastern tour.

Ticket prices are \$8.50 for all performances of "The Mind With

### 'Rites of Spring'

Mime T. Daniel will create his invisible world when he performs at the Maine North high school presentation of "The Rites of Spring" on Monday evening May 6 at 8 p.m.

International concert pianist Denis Moffat will give a recital on the same evening.

T. Daniel was formally trained as one of Marcel Marceau's first students at Ecole International de Mime - Paris, France. The program, "A World of Mime" is varied and adapted to different audiences from T. Daniel's vast repertoire. Each selection portrays one of the many varied situations of life. His audience experiences the joy of laughter, the sorrow of sadness, and the many other moods of life.

T. Daniel, a magician of the body, is a truly gifted mime. Tickets for the evening performance on May 6 may be reserved in the Maine North Bookstore or by calling 727-2345 or 298-5500. A \$2.50 donation for adults and a \$1.50 donation for children will be accepted.

### Local students in play Spring programs for handicapped

Manny Alan Brown, son of Sabelle Brown, 8840 Western, Des Plaines, and Kurt E. Heerdegen, son of Mr. and Mrs. Erwin Heerdegen, 881 Madelyn dr., Des Plaines, had parts in the recent production of "Ayn Rand's "The Night of January 16th" presented by the Garrick Players, the theatrical group of Lake Forest college. Manny played the role of Dr. Kirkland, a coroner and Kurt played Elmer Sweeney, a policeman.

A tremendously varied selection of spring programs is presently being offered by the Maine-Niles Association of Recreation for the Handicapped.

Many innovative, adult programs have been organized by M-NARH for the first time. Interested participants may choose from adult gyms, social clubs, and crafts classes.

Horseback riding, photography, creative drama, tennis, creative crafts, guitar lessons and teen club are just several of the many programs open to special children.

For more information and/or registration contact Lawrence Reiner at the Devonshire Center, 4400 Grove st., Skokie, or call 674-1500.

### The Chicago Symphony concert

The Chicago Symphony String Quartet will perform in the last of a series of 3 concerts in DePaul Center Theatre, 25 E. Jackson Blvd. on Friday, May 10, at noon. Admission is free, and the public is invited.

Program will include Shostakovich's String Quartet No. 1, Op. 49, and Ravel's String Quartet in F Major.

### Drug deaths up

Drug related deaths in Cook County for the first quarter of 1974 reached a record high, it was announced by Coroner Andrew J. Toman.

Dr. Toman said that there have been 98 drug related deaths for the first three months of the year, compared to 40 deaths for the first quarter of 1973. There were 37 drug deaths in January; 29 deaths in February, and 32 deaths in March, Dr. Toman said.

"If the present death rate continues, we will have almost 400 victims during 1974," Dr. Toman said. "These deaths are running more than twice that of last year."

During 1973, there were 264 drug deaths. The highest number of victims occurred in 1971 when there were 310 victims.

Of the 32 drug related deaths last month, 11 were caused by heroin and morphine, which in the body become chemically identical. One death was caused by a combination of morphine and tranquilizers; one death from morphine and barbiturates; two deaths from morphine and alcohol; ten deaths from barbiturates; two deaths from barbiturates and alcohol; one death from barbiturates and methadone; and four deaths from various other drugs.

Twenty of the deaths occurred in Chicago and 12 in suburban Cook County. Twenty-three of the victims were male and 9 were female. By race, 12 victims were black and 20 were white.

As in the past, the largest number of victims - 17 - occurred in the 21 to 30 year old age category. Seven of the victims were 20 and under.

additions to the Off Street Parking ordinance for the Village of Niles. It stated in essence that "Parking lots for businesses should be used for parking of vehicles only and no trucks, trailers, campers or boats should be allowed to be parked." Although this amendment was passed by the Board, dissenting votes were cast by Keith Peck and Ang Marcheschi. Marcheschi said he felt this would place an additional hardship on homeowners since there is now a village ordinance banning the parking of boats and recreational vehicles in driveways. Marcheschi said many owners now pay to store them on gas station premises. Joe Salerno stated the main purpose of this amendment was to get rid of tractor-trailers loaded with tires which are being stored in various gas stations in the village and are certainly eyesores to the neighboring homeowners. After considerable discussion, Mayor Blase appointed Keith Peck to head a committee consisting of Ang Marcheschi and Ralph Bast to check further into the question of the storage of campers and boats and report back on same at the next board meeting.
