Educational grant applications available at Oakton

Applications for federally-funded Basic Educational Opportunity Grants are now available at Oakton Community college, according to Michael Dessimoz, assistant director of admissions and records. Qualifying students may receive up to \$800 from this grant program which is to be used towards college expenses during the 1974-75 academic year. The grants are "gifts of money" for educational expenses and do not have to be repaid. In order to receive the grant, the student must meet the following qualifications:

1. Have started his post-high school education after April 1, 1973, at an eligible college, university, hospital school of nursing, occupational, or technical school.
2. Show financial need which is determined by the family financial sheet included in the application.
3. Attend school on a full-time basis.
4. Be a U.S. citizen or intend to become a resident.

The grant is one of several sources of financial aid at Oakton where other federal, and state aid programs are available. For further information, contact Dessimoz at 967-5120.

Giving you an "objective" report of our recent 3-week tour of Israel is going to be difficult. Read it with a degree of skepticism. It's almost impossible to be unromantic about the country. As an example, we spent the first 3 nights on the communal Kibbutz north of Haifa. For the Passover dinner there were 1,000 people breaking Matzot with us. At our table was a general whose heroic deeds in Syria are known the country over. He is a burly-headed 48 year old sitting in shorts, in an open sport shirt, sharing dinner among a great many Jews who are atheists. And this is Israel — celebrating a religious harvest festival among Socialists who have excluded God from their lives.

Let's start over again. At this dinner the heroic general is sitting next to his father, a sunbaked elderly, who has spent his life as a shepherd. During dinner a choir sings songs of joy — interspersed by a service in which God makes a strong comeback. From a Haggadah (the 5,000 year old story about the exodus from Egypt) a 70 year old man is reading his small portion. He has spent the recent years in and out of Russia bringing Jews to freedom. He looks like your retired grandfather. And the music — that joyous music sung in the background — was written by the general's father, the shepherd, who can neither read nor write. But he can hum and sing and he had another transcribe the music to the written page.

The picture is still blurry. Let me try a 3rd time. The very fine-looking lady at the next table joins in the singing. She has a Ph.D. in Literature. Her husband was the cultural head of Boston. The wife's job on the Kibbutz is working in the kitchen. You don't find too many Doctors of Philosophy helping make chicken soup for 1,000 diners.

That pin-sized cameo of a Kibbutz is incomplete. We'll return again.

Fifty miles south of the Kibbutz is Tel Aviv. It's Miami Beach and Rome and Paris all mixed together. On Diesengoff Street the young studs seek their prey with an abandon which is awesome. In a pre-Sabbath hunt which begins at 2 p.m. Friday the outdoor cafes are jammed with Israelis. The sidewalks are deep with soldiers — young boys and

4 month study to determine fairness of rate hike

NILES PAYS FOR WATER RATE STUDY

Forty suburbs that buy water from Chicago have agreed to pay \$300 apiece for a study to determine whether the city's recent rate increase was fair to the suburbs, according to the Tribune.

Niles has agreed to pay the \$4,000 difference between the \$12,000 from the suburbs and the \$16,000 required to finance the study by R. W. Beck and Associates, Columbus, Neb., Niles Mayor Nicholas Blase said last week.

Niles hopes to be repaid for at least part of the \$4,000 by communities that later decide to participate, Blase said.

The study probably will be completed within four months, he said. A thorough study may show inequities in the rate Chicago charges the suburbs and may give the suburbs more bargaining power than they now have, committee members said.

Many suburban officials believe that because their towns use huge

Magic Pan fashion show

On May 7, the Magic Pan Creperie at Old Orchard Center, Skokie, will punctuate its weekly fashion shows — Tuesdays from 12:30 to 2 p.m. — with fresh versions of Gatsby styles adapted from the flamboyant 1920's and capturing the free-swinging mood of that era.

The fashions are from collections of Chas. A. Stevens, Coordinator Anita Sherrer said the May 7 Gatsby event coincides with the store's first-year anniversary at Old Orchard. Magic Pan Manager Hermon Judkins quipped, "We rap our crepes around all sorts of delicious gourmet foods for both entrees and desserts. It's a pleasure to see attractive models drifting through our dining rooms wrapped in dresses made of another kind of crepe —

even though the material may be of nylon and polyester today and we use the old reliables: flour, eggs and shortening."

While luncheon guests are viewing the fashion shows, Mr. Judkins said they may be dining on paper-thin, French crepes wrapped around Country Beef made with juicy, tender beef and mushrooms lightly seasoned and topped with bubbling cheddar cheese. Some people may choose Crepes St. Jacques containing scallops, shrimp, sliced fresh mushrooms in a béchamel sauce with gruyere cheese. Still others may prefer Chicken Elegante, a savory creamed chicken recipe served in the crepe manner and crowned with parmesan cheese. These are just three of the wide variety of entree crepe dishes on the Magic Pan menu.

Among the dessert selections is the famous San Francisco Crepe a la Mode, vanilla ice cream, wrapped in a hot crepe, smothered with melted bitter-sweet chocolate shavings and touched with pecan cream. The Magic Pan is located at Skokie Blvd. and Old Orchard rd., at the north end of the Old Orchard Shopping Center.

Niles Library children's movies

The Niles Public Library Children's Department continues its series of first Friday Night at the Movies on Friday, May 3, at 7 p.m. in the Audio-Visual Room at the library. The following films will be shown:

NICK (20 minutes, color) — A moving story about a jungle boy's devotion to a baby elephant who had become separated from its mother. His greatest sacrifice comes when he sets it free rather than see it sold into captivity. Set in the jungle of Cambodia, near the ruins of Angkor-Watt. Produced by Jean Paul Gilibert, France, 1957.
GERONIMO JONES (21 minutes, color) — (Note: this film was scheduled for April 5, but was not available then. We are

pleased to be able to offer it on May 3.) Geronimo Jones (a descendant of the great Apache chief Geronimo) is a ten-year-old Indian boy searching for his own identity in American society. He is caught between two cultures when he trades his grandfather's treasured medallion for a television set, and is shaken by an old Western film which depicts the Indians as "bad guys" mowed down by the U.S. Cavalry in the name of civilization. Filmed on the Papago Indian Reservation in Arizona, the film was produced by Learning Corp. of America, 1970.

THE DOUGHNUTS (26 minutes, color) — A story about Homer's resourcefulness, telling how he saves the day when Uncle Ulysses' automatic doughnut machine won't turn off. Adapted from the book "Homer, Prince" by Robert McCloskey, Produced by Weston Woods Studios, 1964.

The program will end at approximately 8:30 p.m. Films are suitable for school age children as well as their parents and other adults. All are welcome. No admission fee or tickets are required.

District 63 proposed policies available for review

At the April 23 Board Meeting of East Maine School District 63, the new Board President, Mrs. Arlene Nidetz, discussed the proposed Instructional Policies which the District plans to adopt.

This collection of policies offers vehicles for implementing the District's philosophy of individualized instruction. The policies have been studied and reviewed by the professional staff members of the District Curriculum Council, the Administrative Advisory Council, and the Board of Education Subcommittee on Policies. They are now being studied by the entire Board of Education and are available for examination by the public as well as all other members of the District 63 staff.

Copies of these policies are available at each of the District's 11 schools and at the Administration Center, 8230 Ballard rd., Niles. These may be borrowed by the public. The Administration welcomes comments on these policies which will be reviewed at the May 7 and May 21 Board Meetings. The Board plans to adopt these policies at the May 21 meeting.

Consumer Cautions
By the Niles Commission on Community Health

Bottles pop too much?

Do glass bottles used for carbonated beverages pose too much of a potential explosion hazard? That was the question the Consumer Product Safety Commission sought to resolve in Washington hearings last week.

The stakes are great because nearly 32 billion soft-drink bottles were filled in '73 in addition to many filled with beer, champagne, sparkling wine, etc.

The hazard is not too large, contended the Glass Container Manufacturers' Institute, which already has proposed voluntary standards for the bottles.

GCM said the glass container industry has invested more than \$50 million since '69 on 100% internal-pressure testing, improved design of containers, chemical tempering of the glass, and surface treatment for returnables and plastic coatings.

But Isay Galinkin, a professor of theoretical physics at the University of Cincinnati, testified that all glass containers are potentially hazardous and that the older the container, the more likely it is to explode. A slight scratch from handling sets up a stress line that can give under pressure, explode.

CPCSC estimates that about 60,000 persons are injured each year and treated in hospitals as a direct result of exploding bottles.

Norberg earns all-American distinction

Mike Norberg (shown above), a freshman in the school of engineering at the University of Missouri-Rolla, is a two-time swimming All American. Mike achieved All American honors in both the 400 yd. individual medley and the 200 yd. butterfly events, while competing in the NCAA college division championships. These were held at Long Beach State University, located just south of Los Angeles in California. Norberg had a time of 4:25.226 in the 400 yd. individual medley which is a new varsity team record and placed him eighth best in the nation. In the 200 yd. butterfly, Mike set another varsity team record for a fifth place finish overall with a time of 1:57.511. Mike is the son of Mr. and Mrs. Bill Norberg of Niles. He was voted most valuable and captain of the 1973 Notre Dame High School swim team. During the summer, Mike competes with the Niles Park District swim team.

ND'S GLASS, GERARD DIVISIONAL CHAMPIONS

The adult divisionals which qualify fencers to the National championships was held at New Trier West last Saturday.

The results were:
Sabre - 1. Pedro Barcelo (Wis.), 2. Fred Rhodes (UICC), 3. J. Tolan (Wis.), 4. E. Koser, 5. Larry Silverman (Ill.).

Woman's foil - 1. C. Remenyik, 2. Ann Klinger, 3. K. Beckman (MS), 4. S. Prebill, 5. B. Henrickson, 6. S. Landall, 7. M. Stupiec, 8. B. Drellch, 9. K. Manning.
Epee - 1. Tim Glass (ND), 2. Dave Littell (UI), 3. Dider Von Oppen, 4. Krivisky, 5. T. Franica, 6. Ed Priest (UI).

Men's foil - 1. Dave Littell (UI), 2. Pat Gerard (NDHS), 3. Tim Glass (UND), 4. Gary Diamond (NTW), 5. Jim Herring (MS), 6. John Nishimura.

Tim Glass, former '73 NDHS grad, won the Epee competition to become divisional champion which he adds to his current National Champion status and Junior Olympic championship of last year. Glass lettered and started on the Univ. of Notre Dame Epee team as a freshman this season. Tim also took 3rd in Senior foil. He had to defeat strong Dave Littell from Univ. of Illinois who is the defending Chicago and Foil Champion. Glass defeated Littell twice in Epee and once in foil in the finals 5-0 to set up a fence off for first between Littell and Pat Gerard.

Pat Gerard, Senior at NDHS, lost to Littell 5-4 in the final round in regulation play. When Glass defeated Littell, Gerard, after defeating friends and state competitors (Jim Herring, Ill., '74 State Champion, and Gary Diamond, 2nd in State), was able to face Littell again. Gerard had Littell 4-1 at one time but the 3 time All American was too much and he won again 5-4. Although Gerard took 2nd, he is in effect since Littell is not from this division the divisional champion. Thus two NDHS fencers (Glass and Gerard) are this year's divisional champions in two weapons.

The Illinois Division chose its adult team to the Midwest Sectionals which are:

Foil - Pat Gerard, Gard Diamond, Tim Glass and Jim Herring.
Epee - Tim Glass, John Strass, Krivisky, J. Franica, Von Oppen, Sabre - Diamond, Kevin

Cawley, Fred Rhodes.

Woman's foil - C. Remenyik, Ann Klinger, Karen Beckman and S. Prebill.

Kevin Cawley is probably the youngest ever to represent the adult division in any weapon; he is a sophomore at NDHS. Thus besides having 9 entries at the U-19 level, NDHS has 4 more on the adult level.

Although final action will not be taken until this Thursday, the board will choose the team for the adult Nationals in New York City in June. A tentative line up will be - Foil: Pat Gerard, Gary Diamond, Tim Glass, Fred Rhodes, Rich Franklin, Bill Kica, John Nishimura, George Sosnowsky or Mr. Richard Campbell. Epee - Tim Glass, Krivisky, Franica. Woman's foil - C. Remenyik, Ann Klinger, Karen Beckman and S. Prebill.

In the Epee competition Tim Glass won his "B" to add to his adult "C" in foil. ND now has 4 "B"s and 15 "C"s on its roster of fencers in school or graduated. All that remains for these fencers is the Sectionals and the Nationals. Of the possible berths to the remaining tournaments, ND fencers, either current or alumni are 17 out of a possible 34 places, or .500. This indicates a strong program without doubt.

A Special Family Reunion

A very special and joyful party took place at the home of Mr. and Mrs. Fred Riske, 8833 N. Ottawa, Niles last Tuesday, April 30. Mrs. Riske's mother, Mrs. Elizabeth Wendel who is 89 years young was reunited with her brother, John Blum, 84, of Neillsville, Wisconsin and her sister, Johanna Blum, 96, also of Neillsville, Wisconsin. The brother and two sisters had not been together in 14 years, so it was a very heart-warming experience for all the guests who were at the Riske home that evening.

Mrs. Wendel recently returned to her daughter's home after spending a period of time in a convalescent home recuperating from a broken hip. Mrs. Riske told us her mother has progressed marvelously and is walking with no problem now. She also said her aunt and uncle are in good health. The 96 year old Miss Blum walks 6 or 7 blocks from her home in Neillsville, Wisconsin to visit the people in a home for the elderly. Our sincerest congratulations to these senior citizens on this special family reunion.

CHURCH & TEMPLE NOTES...

Wanna go fishin'?

Wanna go fishin'? Would you believe that you don't have to have a boat, a pole, bait or water in order to go fishing with us, and what's more, each fisherman is guaranteed a catch? Doesn't that sound great?

The students of the Belden Regular Baptist Sunday School of Niles are "fishing for men". For each visitor they bring, they can take home a gold fish of their choice, one fish for each visitor. Their visitor is also eligible to go fishing.

Our Sunday School starts at 9:30 a.m. We have classes for all — from the tiniest of babies up through the adults. We also have a special education class for exceptional children.

Pastor Gordon L. Shipp starts the morning worship service at 10:45 a.m. We have a crib room for babies up to two years old, Nursery Church for two and three year olds, Kindergarten Church for four and five year olds and Primary Church for those in first, second and third grades. These are held during the morning church service. We would welcome you and your family to our services.

Using films and African artifacts the program should be of interest to all ages. The public is cordially invited.

The Sacrament of Communion will be celebrated on Sunday, May 5, at the 9:30 and 11 a.m. worship services. Yates assails Board on safety

William W. Yates Jr., chairman of the Committee for Responsible Spending, today lashed out at the complacency of members of the Park Board for ignoring his warnings about the safety of children in the vicinity of the proposed \$5 million ice rink at Dempster and Waukegan rds.

"Do they know that a ten year old girl, attempting to cross that busy intersection with her bike, was struck by an automobile, and may have been hit a second time had not Lester Brownstein, a village license enforcement officer who was driving by at the time, run through traffic to her rescue," Yates asked.

"Our committee's release of March 15, carried in all of the local papers, pointed out that this is the busiest intersection in the area, we even pointed out it was busier than the Outer Drive at Soldier Field for comparison, but it took the accident of last Friday

'Seventeen years of service on the head of pin'

That's how G. R. Swearingen, Vice President and Director of Marketing of Skokie Trust & Savings Bank describes the "I'm Thumbody" buttons which are being given away beginning this week at all offices of Skokie Trust & Savings Bank.

"We've adopted this little 'Thumbody' character because he embodies our philosophy of service — a philosophy that includes personalized, individual service for everyone of our customers," Swearingen said.

The trademarked "Thumbody" figure, a smiling face on a thumbprint body, demonstrated that even in this zip-coded, area-coded, computer-number society, every man, woman and child is unique — as unique as his own thumbprint — and deserves to be treated as such.

"It is this philosophy which has led us over the years to tailor everyone of our services as closely as possible to the individual needs of our customers," Swearingen explained.

"Thumbody" will appear in Skokie Trust & Savings Bank advertising and promotional material, as well as on the free lapel buttons and other items which the Skokie Trust & Savings Bank will be offering to the public during the program.

"We invite everyone to stop in to get a button that tells the world what our customers and we have known all along — that everybody's 'Thumbody'." Swearingen said. "And you can have one even if you don't do business with us — after all, that's your individual choice."

Skokie Trust & Savings Bank has offices at 4400 Oakton st., Skokie.

Real estate training classes

The Illinois Association of Realtors and Real Estate Education Company of Chicago will co-sponsor a special course for prospective real estate salesmen in Arlington Heights, starting May 6th.

Since Oct. 1st the state has required that candidates for salesmen's licenses complete 30 hours of accredited classroom instruction in the basic principles of real estate before being allowed to register to take the state's license examination.

The course in Arlington Heights is part of a program to bring classes to prospective salesmen throughout Illinois, according to Douglas C. Carson, I.A.R. president. Participating local Real Estate Boards are those of Northwest Suburban, Barrington and Lake County.

Classes will be held in the Arlington Park Towers on May 6, 7, 9, 13, 14, 16, 20, 21, 23 and 28 from 7 to 10 p.m. Successful completion of the course will enable prospective salesmen to register prior to the June 14 deadline to take the real estate salesman's license examination in July.

Tuition of \$100 includes textbooks and other classroom materials, according to Richard Herb, vice president of Real Estate Education Company.

Further information and registration can be obtained from the participating local Real Estate Boards, the Illinois Association of Realtors, Illinois Realtors Plaza, Springfield, 62703; or from Real Estate Education Company, 500 N. Dearborn, Chicago 60610.

LETTERS to EDITOR

ERA not needed to gain equal rights

This letter is in reply to the letters by Inga Hample and G. Henriksson, both of April 4, 1974. Most readers will remember that I have opposed the passing of the Equal Rights Amendment. In review:

A. The ERA is obviously not needed to gain equal rights! The 14th Amendment ensures all Americans that. The 14th Amendment does allow for certain duties to be performed by the male, thus giving the female benefits and exemptions that she has enjoyed for years. They consist of labor laws, support laws, draft exemptions for women, and other benefits and protections that our country has produced.

B. Constitutionally, the ERA is harmful. The present Constitution has lasted for nearly 200 years because of its ability to serve each generation. Its flexible content has allowed each generation to interpret it to their greatest benefit. The ERA would be a rigid amendment that would not allow future generations to interpret what's best for the male-female relationship.

C. Since it is in great doubt what the ERA would really do, we must be careful to think with a clear mind about passing it. ERA advocates have already admitted that women would be drafted as men are. If the ERA was to improve the status of women, then why was the Hayden Modifier rejected? ("The provision of this article shall not be construed to impair any rights, benefits, or exemptions conferred by law upon persons of the female sex") I really wonder what the ERA advocates are trying to do.

Inga Hample wrote, "Not being a lawyer, I can't argue the details, but I want to point out that many prominent people in Illinois support the ERA, Dan Walker, Hartigan, Howlett, Thompson, Carey..." I'm not a lawyer either, although I'm now studying Constitutional Law, but there are also prominent men and women against the ERA: Senator Sam Ervin, Paul A. Freund, Professor of Constitutional Law at Harvard Law School; Myra Wolfgang, union official; Phillip Kurland, a constitutional authority and professor from the University of Chicago Law School; Andrew Blemiller, Director, AFL-CIO, Department of Legislation, and Mary Bublins Keyserling, Economic Consultant. These are men and women who are lawyers or concerned professionals. They don't have to play politics.

G. Henriksson writes, "If equality of rights is going to upset the American Family, it would have already happened with the passage of our Illinois Constitution, which has every strong clause against discrimination based on sex."

But the clause in our State Constitution is not worded as the ERA is — it's worded exactly like the 14th Amendment of

Mr. Netzel home and well

Dear Editor, Thanks to a great community for all the prayers, kindness and concern extended to me in my time of need, especially the Village of Niles Firemen and Rescue Unit, Dr. Howard Rosenblatt, Dr. Martin Pollak and all the people who visited or sent cards to make my hospital stay easier. I would like to say it's great to be home.

Seek marchers, donations for July 4th parade

Dear Editor: The second annual Village of Niles 4th of July Parade is now less than two months away. We hope that it is bigger and better than last year but we can only accomplish our goals if you will participate or at least plan to attend. We ask you, your church, temple, civic or social organization, Boy Scout or Girl Scout troop, veterans and homeowners association to plan on entering a parade float, decorated car or marching unit. We ask any Niles organization interested to contact us and plan on participating. We want you.

The parade will be followed by an Ecumenical Memorial Service in honor of our country, missing in action and fallen dead. We ask you to attend and not to forget those who made a supreme sacrifice. Our Memorial Service is especially important because the three hands of God

will be joined as one in honor of our dead.

The Parade Committee consists of unpaid volunteers who donate their time and personal expenses. However, we plan on distributing 5,000 American flags, making a donation to the marching bands band fund, paying for their bus, providing refreshments to the marchers and there are other expenses. We must raise these monies ourselves this year. We ask you to kindly send us a small donation to help cover these expenses that will total over \$1,000. We really need your help. Please send a check or a dollar to "Parade Committee, c/o Thomas Flynn, 8223 N. Oconto, Niles 60648." Thank you.

Sincerely, Thomas W. Flynn, Parade Chairman, 8223 N. Oconto, Niles

Thank you

Dear Editor: May we use your column as a vehicle to publicly thank the Skokie Library for their extraordinary cooperation in providing us with facilities for our recent production of "America Hurrah." Since we at Oakton are working under a decidedly "interim" space handicap, we would not have been able to provide nearly so fine a learning experience for our students, nor nearly so effective a theatrical experience for the community without the splendid contribution of Mrs. Rademacher and her staff at the library.

Thank you

We want to thank the Niles Police and Firemen for the courtesy and attention given to us on April 17, when a car driven by seven youths crashed into our living room at 4 a.m. We have never had the opportunity of coming in contact with these departments before, but now we surely do know how great they are. We thank you from the bottom of our hearts.

The Harvey Kaplan Family, 7158 Greenleaf, Niles

TELL THE WORLD WHAT YOU AND WE

That you're an individual—as unique as your thumbprint. That's why we adopted "Thumbody", a little character who will help you tell the rest of the world. We've been respecting people as individuals since we first opened our doors. Respecting them and providing them with personal banking and custom service. If you'd like to tell the world, stop by at our bank. We'll give you "Thumbody" pins for each individual in your family—free. And if you'd like, we'll tell you all about individual banking services.

HAVE KNOWN ALL ALONG.

And that's how the Hattons decided to get a phone in the rec room.

Right when it was Dad's turn to play, and Susie was just about to win, Dad had a phone call.

So while he talked and talked in the living room, Susie waited and waited on pins and needles in the rec room.

That was on Monday night. On Tuesday, Mom called and ordered an extension phone for the rec room.

Now when Dad gets a call while the family is having fun,

he can play and talk at the same time. No more pins and needles for Susie.

The cost? Pennies a day. To order your extension phones, call our Business Office. We'll set a date to come over and put in those extra phones wherever you want them.

girls leisurely strolling along the sun-bathed walks, while the more elegant swains sit along the cafe-tabled sidewalks eyeing, ogling, and bluntly telling the ladies they're interested.

Three or four blocks away is the beach avenue, HaYarkon. Already, names like "Hilton" and "The Plaza" and the "Sheraton" climb 25 stories high, in splendor which matches the best hotels in Las Vegas and Miami Beach. And 5 miles away you can enter the old section of Jaffa, which has its Jewish and Arab markets which have antecedents dating back 2,000 years. Or go uptown to the Mann Auditorium, where the Bofo (Comic) Opera, Don Pasquale, is being performed by the stars from the LaScala Opera. Tickets cost up to \$10, which is a lot of money for most people whose weekly takehome pay is only \$75. But the beautiful auditorium is jammed — and when the last curtain falls, many of these very sophisticated theatre goers rush to the foot of the proscenium roaring their approval, a European custom which is contagious. After the 3rd curtain call the audience begins a staccato applause which rhythmically ricochets around the hall. It's a love affair between the audience and the performers. It's really grand — and you shake your head and say to yourself, "These emotional Jews!" ... and you're clapping right along with them and realizing the accolade must include yourself.

Let's go farther south. You're driving and the street blockade causes you to pull off the road. There's a war going on — and the checkpoint Charlies want your identification. We forgot the war ... But how can you forget it? On the Kibbutz 2 boys were killed in the October War and they were the sons of 700 Kibbutzniks. When you entered the opera auditorium all the ladies' purses were checked by women soldiers. In the movie houses, supermarkets, department stores and museums, wherever you go, purses are checked for explosives.

You're driving down south in the Judean Mountains. They call it a desert but there's vegetation everywhere ... and we call the mountains "hills". And as we drive along the Dead Sea across from Ein Gedi "Spring of Gedi", we stop, and begin the long climb to the source of the spring. While we've 'given out' half-way up the hill our sprightly 15 year old daughter nimbly wends her way to the top, ascending the heights with the abandon only the young can express. We soak our feet in the 'sweet' water and we languish above the blue-salted sea which seems 1,000 feet below.

Michael is with us now, a 35 year old Sabra, born in Israel. His ebullience makes the day more fun as he recites the history of the area. He knows his Bible, as do most Israelis. It's been their history book. And he knows archeology. This is HIS land, HIS hills, and HIS relationship with this land is what Israel is all about. Michael tells us about the Dead Sea — you float atop it — and about the rocks, and this sweeter water which flows from the mountaintop. As a young boy he roamed these hills, much as we roamed empty lots and playgrounds in our young days. Michael tells us about the young Israeli children. Each year they take 5-day walking tours of different areas in "their" land. By the time they're 18 years old they've walked every meter of this land. They've felt the land on their bare soles ... and they've inhaled its smells. And they carry it with them all their lives (that reads like a pitch to buy Israeli bonds).

Let's stay with Michael awhile. Back home he owns his apartment. When he bought it, it may have cost \$20,000. Today, the crazy inflation has doubled its value, in only 4 or 5 years.

Michael makes only an average salary. He works for the Jewish Agency in a very significant job. But the money is just not there. But that's not what Israel is all about ... so what's the difference?

Michael's wife, Arona, my wife's cousin, is a lovely girl, rather tall, hair brushed tightly back, gentle, comes on very soft. But, she's an artist, and I believe she's very good. She has surrealist paintings on all the living room walls ... a Christ allegory; and another, a huge egg diving toward an egg cup, or away from it, symbolizing a new beginning, or the end of the world. What does a boy from Niles-Morton Grove know about surrealism? But Arona gets warmed up to her subject and you know you're in the presence of someone special, and you sit there and respect every word that suddenly gushes from this rather demure daughter of Israel.

Arona has 2 children and a husband and she is hosting a dinner for 7. Sardines is the main bill of fare surrounded by loads of vegetables and eggs, which are Israel's most staple foods. Remember, she's living on \$75-\$100 weekly. She has to pay 25 cents for Gerber's baby food, 56 cents for Dial soap, \$6 for 2.2 pounds of ground beef, 65 cents for 3 regular frankfurters and \$1.90 for nylon stockings. Eggs and vegetables are the best buys. Carrots cost 30 cents for 2.2 pounds (a kilo), tomatoes are 60 cents for 2.2 pounds and oranges 30 cents. If she buys her husband a shirt she'll pay \$15. And if he takes her for a drive he'll pay \$1.50 for a gallon of gas.

The prices are high, the take-home pay (after 40% taxes) is low, and their standard of living seems excellent. We haven't the faintest idea how this can be. (To be continued)

An extra social function as a bonus for Morton Grove American Legion Post #134 members, wives and friends is the Commander's Ball, being scheduled for Saturday, May 11. Tables will be reserved if 5 couples order tickets at the same time from any ticket seller. Total donation cost is just \$17 per couple. A "package deal" once again, dancing will be to the tunes of Dick Thel and his Continentals, all liquid refreshments will be included, and a late evening buffet of hotel round of beef, chicken and the Trimmings, will be served by chef Steve Simon and his wife.

Commander La Rosa has requested to "get in the spirit" of this social function, ladies be attired in gowns and men wear suits with bow ties.

One of the handicapped youngsters from Morton Grove is shown entering the hall as a group of Seniors leave their bus in the background.

The next performance is set for Niles West auditorium on Monday, April 29 at 2 p.m. and will feature band leader Wayne King. More than 1,000 reservations have been made, according to Provost, but a few hundred seats at \$2 are available for interested residents through the high school office.

On Friday, May 4 at 8 p.m. the Melodons of Notre Dame High school will present their annual Music for Moderns Concert in the Auditorium of Marillac High school, 315 Waukegan rd., Northfield.

The Melodons, a 21 piece jazz band, have compiled an enviable record for themselves over the past years. The Melodons are under the direction of Mr. David Creighton, associate director of the music department at Notre Dame. The young director (age 22) has twice been published in Down Beat magazine, and lists among his playing achievements membership in the Tommy Dorsey Orchestra, the University of Illinois Jazz Band, and backup groups for Dick Haymes, Kate Smith, Johnny Renaldo, and Sonny and Cher.

ED HANSON

"I.P.'s are more interesting than V.I.P.'s"

An I.P. (interesting person) I met last Sunday at Jake's Restaurant in Niles was a man with the unusual name of Klames M. Ganji who is the program director of an Assyrian radio and TV program. His Assyrian radio program is aired over WEAW on Saturdays at 1 p.m., and Sundays at 7 p.m. It's a two-hour show which is broadcast in English, Assyrian, Arabic and Persian and features the finest in music, culture and news.

Klames Ganji was the man who recently promoted a national beauty contest of all Assyrian girls residing in the United States and from which, Debbie Joseph, daughter of Jake, was judged the winner. (There's a special story and picture about this in today's entertainment section.) According to Ganji there are some 15 thousand Assyrians in the Chicago-land area and about 75 thousand nationally. "There is often some confusion regarding Assyrian people, Ed," Ganji told me. "They are, of course, Christians and spring from the ancient Babylonian days. They speak the same language Jesus spoke which was a Ramick."

Klames M. Ganji has another cultural pursuit which is in the field of art. He's associated with the Fidelity World Arts, Inc. of Skokie, and its president Lenard Rubin, who offer original paintings from the finest artists of Europe. In addition to the many prizes Jake's daughter Debbie won as Queen of the beauty contest (such as a trip to London, a contract from Powers Modeling School, a wrist watch and cosmetics) was a \$100 gift certificate from the Fidelity World Arts Company.

Jake, who was overjoyed about his daughter winning the beauty contest told me that for Mother's Day on May 12 he is going all out to make "this" day a memorable one for everyone. "In addition to giving away 1,000 beautiful beaded change purses to all mothers," Jake told me he'll "also offer 'live' entertainment, surprises and a regular low-cost variety of complete Mother's Day dinner specials."

Everyone knows where JAKE'S RESTAURANT is - but in case you don't, it's located at 7740 Milwaukee ave., Niles.

An interesting idea ... John Walantus recently came up with an interesting idea for promoting his UPPER CRUST RESTAURANT & PIE HOUSE, 8501 W. Dempster, Niles. He invited people to hold their birthday parties at his restaurant. He provides FREE birthday party hats and party favors and offers a special rate on decorated birthday cakes or pies and provides a children's menu for only 75 cents. Since he advertised this idea in Bugle newspapers, John tells me it's really caught on and he's been busy booking many birthday celebrations for area folks. He tells me the kids get a great kick out of having their birthdays at his restaurant ... so if someone in your family is having a birthday, why not celebrate it in style and for a reasonable price at UPPER CRUST. Just phone John at 696-0520 for details.

Angelo of the popular BEAM'N BARREL, 7136 Milwaukee ave., Niles, tells me they'll be open at 1 p.m. on Mother's Day, May 12. The BEAM'N BARREL will serve their regular menu ... no increase in prices ... complete dinners will be served at their regular very reasonable prices, just like any other day of the week. And mother will enjoy listening to the music favorites of "her" day from their unique player piano. And mother and the whole family will enjoy the fine quality foods offered by the BEAM'N BARREL amid a cozy and rustic atmosphere everyone finds highly relaxing. For Mother's Day reservations, phone 647-0406 ...

Handsome and "lucky" John Goumtansis, the genial owner of ALIPIO'S RESTAURANT & LOUNGE, 6474 N. Milwaukee ave., Niles, has planned a delightfully delicious variety of Mother's Day dishes offered at reasonable prices for "her" day. Long a popular place for Mother's Day dining, I suggest you make reservations now by phoning 775-7344. John has also offered Prime Rib of Beef to his nightly "specials". This super Prime Rib of Beef, au jus, is served with tossed salad, baked potato, rolls and butter for ONLY - yes, ONLY - \$3.95 ... on Saturday nights ONLY.

Tedd, of TEDD'S EARLY TIMES RESTAURANT & LOUNGE, 7420 Milwaukee ave., Niles, will be open as usual on Mother's Day. He'll provide something special for all the area mothers on their day ... details which will be available in the next issue (May 9th) of Bugle newspapers. Due to their fine foods, congenial atmosphere, low cost dinner specials and superb service, TEDD'S EARLY TIMES has won many new friends and captured many "regular" customers in a remarkable short period of time. The old adage of treating people right will make 'em beat a path to your door has proven right in the case of TEDD'S EARLY TIMES RESTAURANT.

Even expectant mothers can look great on Mother's Day if they'll drop into LUCILLE'S MATERNITY MART, 9630 Milwaukee ave., Niles. I understand Lucille has style shows every Friday from 12 noon to 3 p.m. at the Millionaires Club in Golf Mill Shopping Center - Lucille is currently offering great buys for the mama-to-be ...

See you next week ...

Oakton Art Fair

Local artists and craftsmen are invited to participate in the third annual Arts and Crafts Fair at Oakton Community College on Saturday and Sunday, June 1 and 2, according to Jay Wollin, Chairman.

"This year's Fair will be a 'Starving Artist Fair' with all items being displayed and sold priced under \$25. The Fair will be open to all fine arts and hand-crafted items created by the individual exhibiting them.

The Starving Artist Fair will be held outdoors on the interim campus of the college, Oakton and Nagle, Morton Grove. Exhibitors will be limited to approximately 100 artists.

Wollin said that space is still available to artists from the Oakton Community College district and the North Shore area as well as nationwide. A number of artists from all over the country who have previously exhibited in the OCC Arts and Crafts Fair have already registered for the June Fair, he added.

Residents of the Oakton Community College District 535 will be charged only a \$2 entry fee and will be given first preference in the Fair. Non-residents will be charged a \$10 entry fee.

Full details and application blanks are available from Wollin, Room 212, Oakton Community College, 7900 N. Nagle, Morton Grove, Illinois 60053; telephone: 967-5120.

New District 207 board members seated

After a canvass of votes cast in the April 13 school board election, the Board of Education of Maine Township High School District 207 adjourned its meeting Monday night sine die and immediately reorganized, with four new members taking their seats on the Board. The newly elected members, all caucus-endorsed candidates who ran unopposed in this election, are: Robert P. Cornelisen and Donald Goll, both of Park Ridge, who were elected to full three year terms; Anne Evans of Des Plaines and Robert S. Stravarakas of Park Ridge, both of whom will serve out the remaining terms of two Board members who moved from the district. The new members, along with Roy O. Makela of Niles, Leonard R. Grazian of Morton Grove, and Robert C. Claus of Des Plaines, comprise the seven-man Board.

As its first order of business, the new Board reelected Mr. Claus president for the coming year. Mr. Claus, an attorney, has had considerable Board experience. Since joining the Board in April, 1972, he has served in many capacities and, this past year, as president. He is a former member of the Board of Education of District #62 in Des Plaines, serving two terms as its president.

The new Board's second act Monday night was to unanimously adopt proposed resolutions expressing appreciation and commendation for the services of the retiring members William P. Wuehrmann, William A. Boeck, and John L. Means, Mr. Wuehrmann, of Park Ridge, stepped down after a six-year tenure on the Board. Mr. Boeck, also of Park Ridge, had completed a three-year term. John L. Means, of Des Plaines, had served on an interim basis for the past year. The fourth seat on the Board had been filled by the late E. Hoy McConnell, who had been appointed by the Board last June and who had served until his death a few weeks ago.

Roy O. Makela was appointed vice president of the Board and also chairman of its Building and Grounds Committee. New member Robert Stravarakas was appointed chairman of the Education Committee, and Leonard Grazian, Finance Committee chairman. Mr. Grazian will also head the Professional Staff Relations Committee, dealing with salaries and economic benefits, while Mr. Claus will act as chairman of the Professional Negotiations Agreement Committee.

John L. Means will serve as an ex officio member and chairman of the Board's Meet and Confer Committee, made up of representatives of the Board of Education and of the professional staff. Donald Goll and Anne Evans will serve with him as Board representatives.

Mr. Goll will also serve as co-director with Mr. Stravarakas of the Student Activities Corporation Committee.

In other action Monday night the Board appointed Roy Makela the district's representative to the Delegate Assembly of the Illinois Association of School Boards, and also the delegate for the Maine Township Membership Organization to the Council of Large District Boards, a part of the IASB. Mr. Boll will act as alternate.

Harold Markworth was re-appointed Secretary of the Board. It was announced Monday night that District 207's application for a Debt Service Grant under the State's new Capital Assistance Program has been approved by the Capital Development Board and by the Office of the Superintendent of Public Instruction. The grant will be in the amount of \$91,380 for the current year, and will be applied toward principal and interest payment of \$423,250 due on General Obligation Bonds sold in 1969 for construction purposes. The school district will abate the amount of the grant from the amount levied for principal and interest payments for fiscal year 1975. The Capital Assistance Program was passed by the General Assembly in 1973 as a taxpayer relief measure.

Board of Education meetings for the month of May were scheduled for the second and fourth Monday of the month, May 13 and May 27. The school district will observe Memorial Day on the traditional date, May 30.

FLYNN CALLS FOR CREDIT COLLECTION REFORM

Tom Flynn, 4th District Democratic House Candidate, today called for immediate legislation to reform the credit collection industry. He called the collection industry a "sordid mess that is a national disgrace. He called the Chicago Tribune's recent expose only the tip of an iceberg.

Flynn stated, "The collection industry has a powerful lobby in Springfield that is serviced by certain State Legislators. These legislators have sold out the consumer and are responsible for blocking all credit collection reform. They introduce toothless legislation, amend good reform Bills, block passage of reform Bills and absent themselves at crucial votes in Committee and on the House floor. They are skillful and have no ethical standards. We must stop them now while the iron is hot. We must reform the collection industry. We all have credit cards, owe money on time payments and buy cars on time. We are all subject to becoming a victim of the collection abuse industry. We must not wait until we lost our job over a wage assignment or are called fifty times a night after midnight. Now is the time for action. The collection industry is not even subject to a state licensing requirement, state registration or state requirement of filing an annual report. The state loses tax revenues and cannot even verify the incomes of lawyers and collectors who run the industry. Just think, when a collection agency buys up a bad debt for 10 cents on the dollar the profit margin is 900% if the debt is collected. If they add illegal interest or service charges and collect the debt then the profit margin exceeds 1000%.

Flynn went on to describe a Credit Collection Reform Bill that he plans on introducing after he is elected. His Bill would call for the Licensing of all collection agencies and their collectors. No convicted felon would be allowed to work in the industry for 5 years. Violation would call for revocation of the agency's state license. Confession of Judgement Notes would be outlawed in Illinois and wage assignments would only be allowed if the debtor was given notice of the creditors attempt at securing a court order. All debtors would be given the opportunity to appear in court and present any defenses they might have. Foreign born, Spanish speaking and functionally illiterate Americans would be given the benefit of free counsel and interpreters who speak the debtors language. Advertising directed to the bankrupt person would be strictly regulated and subject to penalties for violation. The Flynn Bill would be a sweeping reform of the industry that would clean it up and make it a respectable profession.

Flynn ended by saying, "I have documented proof that a young Mexican American committed suicide over losing his job because of wage assignments and constant verbal abuse by a collection agency. I also have proof that one State Legislator was and possibly is deeply involved in the collection abuse industry. I know that some credit lawyers have forged court documents,

Chicago, Ill.-A free offer of special interest to those who hear but do not understand words has been announced by Belton. A non-operating model of the smallest Belton aid ever made will be given absolutely free to anyone requesting it.

Illinois State scholarships

High school seniors and current college students can apply for a non-repayable monetary award from the Illinois State Scholarship Commission to attend or continue attending Oakton Community College, Oakton and Nagle, Morton Grove.

The grant is not based on grades and no tests are required. Michael Desimos, assistant director of admissions at OCC, advises seniors that applications for the freshman class for the Fall, 1974, semester are now available in their high school counseling office. Currently enrolled college students can secure an application from their financial aid officers. Now is the time for both groups to plan for college, he added.

Desimos said the scholarship funds are available on a first come, first served basis. Scholarships will be available for 90 percent of students whose families earn \$17,000 or less annually.

"With the cost of attending most public or private colleges sky-rocketing, it is vital for every high school senior and college student to know that the ISSC has money available for Illinois students who want to attend such institutions," according to Desimos.

Financial Aid officers at colleges can help students apply for the ISSC monetary award, and will advise them of other financial aid procedures which will assist them in meeting college expenses.

Bus contract . . .
Cont'd from Lincolnwoodian P.1

He said the district has always purchased the gasoline directly from an oil company and then charged the bus company for it because the district is exempt from sales taxes and federal excise taxes.

Gara suggested the gasoline purchase, which was for 100,000 gallons in 1973, be increased to 220,000 for next year to include the seven elementary districts.

Some students have complained of overcrowding on the buses, but Gara said the problem is not that there are too few buses, but that the students' schedules change from day to day.
