13 SUBURBAN POLICE DEPARTMENTS FORM COMMUNICATION NETWORK

George Curtis, Chief of the Northbrook Police Department and member of the Board of Governors of the North Regional Telecommunications Network, today announced the formation of the North Regional Telecommunications Network (NORCOM), possibly the largest and most advanced system of its type in the United States law enforcement. Simultaneous announcements were made in the thirteen (13) communities which formed the NORCOM network: Glencoe, Golf, Kenilworth, Lincolnwood, Morton Grove, Niles, Northbrook, Northfield, Skokie, Wheeling, Winnetka, Wilmette, Glenview, and Niles.

NORCOM consists of four (4) ultra-high frequency (UHF) radio networks, each serving several Police Departments. These networks are interconnected and coordinated by five (5) regional UHF channels so that any one of 200 police vehicles in the region can instantaneously communicate with any other vehicle. Four (4) regional coordinating centers will be located at Northbrook, Wilmette, Skokie and Niles.

"The Illinois Law Enforcement Commission and the Federal Communications Commission have placed emphasis on upgrading communications and regional planning and have funded multi-million dollar programs in major metropolitan areas. The NORCOM regional program serving a population of one-quarter million will enable our smaller communities to benefit from the Federal funding on a large scale," said Chief Clarence Emrikson of the Niles Police Department and immediate past president of the Illinois Association of Chiefs of Police.

The Law Enforcement Assistance Administration provides hundreds of millions of dollars per year in funding which is channeled through state planning agencies such as the Illinois Law Enforcement Commission for the purpose of providing Federal funding for such regional programs.

Chief Don R. Dering of Winnetka, immediate past president of the International Association of Chiefs of Police, commented that

On our recent Israel trip we visited Bertha and Shamon, who are farm people who live on a Moshav. It is a village in which the residents own their property but community decisions are determined by a local council as well as by planning from Jerusalem. There are 60 families living on this Moshav and their life seems both pleasant and hard. Residents own their own homes having 99 year leases on the property. One of the homes has 12 bedrooms though the one we visited was a large 6 room stucco farmhouse.

The 60-home Moshav area, which is a co-operative, has its own school and library and most of the homeowners have their own autos.

Shamon, whose years in the fields have etched strong sun prints in his face, used to work from 5:30 a.m. to 9 p.m. six days a week. The burden became too great so he disposed of his cows, lessening his work hour, as he now concentrates on his Muscat grape orchards. Bertha, his wife, runs a 800 chicken farm in addition to her other farm and house duties. She collects 1,600 eggs every 3 days which are sent to market.

They are a remarkable couple. While Shamon's neighboring farmers employ Arab labor at minimal wages, Shamon refuses to exploit these workers. Idealistically, he believes such labor is wrong and refuses to take advantage of workers who would lessen his burden. His newest and proudest possession, an 8 year old used tractor, is "petted and babied", not unlike the relationship of an American who wet nurses his American auto.

Bertha's home, a thick-walled bastion, which is likely to be standing 200 years from now, was part of a German-village built before World War II. The English did not take over the area until the El Aleman period, when the Germans lost their foothold in Africa. Fear of collusion with neighboring Arab countries resulted in the English take-over.

Bertha's home is large, immaculate and most pleasant. In 4 of the 6 rooms shelves are bulging with books which are the treasures of her 3 college-educated children. In every home on the Kibbutz, in modern apartments in Jerusalem, and here on the Moshav, rooms are lined with shelves and shelves sag with books. And while Hebrew is the native tongue, 2/3 of the books are printed in English.

Interestingly, we drove about 2 hours south to Massada, a historical site which dates back to the Roman era. And Bertha, this Mother of Israel came with us. In her many

Oakton commencement Sunday, May 19

Dr. Robert C. Spencer, president of Sangamon State University in Springfield, will be principal speaker at the 1974 commencement exercises for Oakton Community college on Sunday, May 19.

The Oakton graduation program will be held in the Main West High school auditorium at 2 p.m.

The Village cash register jingled at Tuesday night's Board meeting as Village Manager Ken Scheel made an audio-visual presentation to the board outlining the proposed \$6,455,460 budget for 1974-75. After the budget was okayed by the board, Scheel told them "This is a sound budget and a tight budget, but it is a good workable budget." Mayor Blase commended Scheel for his presentation and for the amount of time he obviously spent compiling the figures.

Scheel noted the bulk of the village's income will come from the anticipated Sales Tax which is \$2,210,000. The next three greatest sources of income to the Village of Niles are Utility tax; \$550,000; State Income Tax; \$326,000 and Property Tax; \$216,000. The balance of village income is from the sale of permits, police fines, vehicle licenses, etc.

Scheel also noted the greatest disbursement of the village budget

Clean-Up Week

Clean-Up Week, proclaimed May 19 thru May 25, like Fire Prevention Week, reemphasizes the importance of a clean home. Such observance calls for action on the part of all local residents by eliminating fire hazards, and by devoting this week to keeping our community clean and orderly. Don't be guilty of "Home Pollution". Eliminate the combustible clutter we let pile up in attics, basements, closets and garages, and let's continue to have a Village we can be proud of.

Discarded rubbish items (except construction material), may be put at the curb on your designated garbage day for pick up throughout the year.

Shown above reviewing proclamation for Clean-Up Week are Mayor Nicholas Blase, standing left to right, Deputy Chief Charles Bobula and Fire Chief Albert Hoelbl.

MAYORS MEET IN SPRINGFIELD TO SAVE RTA

Norman Dachman, Director, Operation Yes! RTA the committee that worked towards the successful passage of the RTA referendum led a contingent of suburban Cook County Mayors to speak on the floor of the House of Representatives to express their concern about House Speaker W. Robert Blair's proposal to dismantle the RTA.

Dachman reactivated the committee to work along with the suburban Mayors in order to help preserve the newly established referendum.

Thirty suburban Mayors from Cook County represented by 10 of their colleagues were to also have met with Blair to discuss their viewpoints on RTA but were not acknowledged by the Speaker and left Springfield without seeing him.

The Mayors attending with Dachman were Howard Mohr, Forest Park; Jack Williams, Franklin Park; Terry Burghard, Village Manager of Homewood representing Mayor William Mathieu; Nicholas Blase, Niles; Dennis O'Connor, Oak Forest; Fred Dumke, Oak Lawn; James McClure, Oak Park; E. Patrick Duffy, Trustee of Park Forest representing Mayor Ralph Johnson; William Hawkins, Phoenix; Ed Blunhardt, Schiller Park held a news conference in Springfield releasing the following statement: "We will not, as Mayors of Suburban Cook County,

support any efforts to dismantle the RTA as outlined in the proposals by House Speaker W. Robert Blair. To do this would only prove chaotic throughout the region. We do not support any "Opp Out" amendment since it would emasculate the RTA and defeat the very purpose for its existence.

"We will support justifiable amendments such as those proposed by State Rep. Harold Katz and others that seek to clarify some of the language that seemed to be the basis of discussion during the campaign. We ask that the distinguished members of both the House and the Senate judge the consequences of "opening out" and that they also judge those amendments that would further strengthen the RTA and benefit the people of the six counties and to cast your votes in favor of those amendments. As Mayors of Cook County we strongly urge that you support this position for the benefit of all."

The committee still in formation also includes the following list of Mayors:

Sigel David, Bellwood; Eldred (Rocky) Rundlett, Burnham, President, Southwest Suburban Mayors & Managers Assn.; Michael Caduto, Countryside; Herbert Behler, Des Plaines; Robert Archer, Schaumburg; Frank Zetek, Elk Grove Village; Edgar Vanneman, Jr. Evanston; Roland Calhoun, Glenview; Edward Patten, Glenview; Harry Pusateri, Hillside; Henry Prosel, Lincolnwood; Charles Calderini, Northbrook; William Bailey, Palos Heights; Warren Burmeister, Wilmette; and Robert Lavidge, Western Springs and Chairman, Council of Governments of Cook County.

Airman Joseph Tofel, son of Mr. and Mrs. Stanley J. Tofel of 7418 W. Lawler, Niles, has graduated at Keesler AFB, Miss., from the Air Training Command's basic course for electronic specialists.

Sports complex will cost over \$4.5 million

"The Morton Grove park referendum of February, 1973, was no mandate to raise taxes, and the current attempt to justify the building of a \$5 million ice rink and sports complex is political sleight of hand," said William W. Yates, chairman of the Committee for Responsible Spending this week.

"The S.O.S. Committee and the Park District told the people the project would cost 2.9 million when in fact it is going to cost nearly double that. The Bond Ordinance of April 9, 1973, actually levies taxes of \$4,711,167.13 to retire the bonds," said Yates.

"Voters in the Austin Park District voted against the proposal by a margin of 898 to 855, hardly a mandate. The only area in which there was any substantial margin was in the voting at National Park, where voters thought they were voting against the building of condominiums on the property in question."

"From the returns we have had in our drive to collect signatures to put the question back on the ballot for an 'honest' vote on the question of raising taxes, the people are saying a loud, clear NO," Yates continued.

"It is our considered opinion that this extravagant project was 'sold' to a minority of residents through scare tactics, and with far less than the full story of its cost and consequences revealed," said Yates.

"Already we have collected nearly 2,000 signatures and we expect to present our request for a new referendum shortly. Our legal counsel has advised us that if a new vote is denied, we can go into court and force it through a writ of mandamus. We think this expensive proposal merits a full and open examination, then a new vote to get the true feeling of the people of Morton Grove," Yates concluded.

Complete plans for Jubilee Dance

Plans for the gala "Kick-Off Dance," celebrating the beginning of the Niles Diamond Jubilee celebration have been completed. The Chesterfield Homeowners Association, sponsoring organization of this event, are proud to announce that they have engaged Jerry Keller and his orchestra to play for the evening. Jerry can be remembered from the Blackhawk restaurant and the Chez Parlee night club.

The bar will be open to serve you all evening, as well as coffee-and. A special arrangement has been made with the Chicken Delight people to serve chicken and the trimmings to all of the guests, at no extra charge. The hall will be decorated to show the progress in the Village since 1899 to 1974. This should be a real fun evening, and everyone is welcome.

Golf Pavilion residents work with Scouts

Mutually helping each other, Golf Pavilion Nursing Home, 9555 Golf rd., Des Plaines and Boy Scout Troop 156 of St. Paul Lutheran Church in Mount Prospect are carrying on a project that is advantageous to each group, young and old.

St. Paul's Boy Scouts conduct a monthly paper drive and realize a monetary return from its sale to help support their scouting program. Residents of Golf Pavilion collect and donate a sizeable amount of newspaper each month which is then picked up by the Scouts, led by Scoutmaster Charles Walsh. As in any other home, tossing the newspaper in the garbage would be the quicker, easier and non-thinking way of disposal. But the Relection Council of Golf Pavilion voted to carry out the paper collection because they recognize the value of recycling and ecology. Hand in hand with that is the very good feeling nursing home residents can have at being able to help a youth organization like the Boy Scouts in a tangible way. Golf Pavilion residents have been receivers of many acts of kindness from groups and individuals through the years. Ultimately, however, the opportunity to give is of an even greater benefit for them. For in being able to give, a person can continue to have dignity and self-worth even through disability and advanced years.

Golf Maine Park District plans referendum

The Board of Commissioners of the Golf Maine Park District, at its monthly meeting on Monday evening, May 6, unanimously agreed to conduct a referendum on June 15, 1974, for the construction of a community building, improvements to the existing park site, and the acquisition of eight acres of property that is available west of the park. The referendum, which will be for a total of five hundred and fifty thousand dollars (\$550,000) will be for:

- a. A community building, which will contain a gymnasium, a crafts shop, locker room facilities, a small kitchen, and meeting rooms
- b. Resurfacing of the present tennis courts, plus the addition of one more court on the site of the present basketball court, the basketball court will be relocated at another area in the park
- c. The purchase of eight acres of the vacant property just west of Dee Park
- d. Off the street parking for 25 to 30 cars.

For the past two years, all indoor park programs have been held at the former North Shore Trace Gym. The new owners of the gym have notified the park that the building will not be available next year for any programs. This means that such activities as preschool, adult volleyball, floor hockey, golf classes, open gym will be eliminated.

School District 63 has made it economically impractical for the park to use its facilities since it increased rental prices for the use of a gym by three hundred and fifty per cent. The construction of a community building is of prime importance if the Park District is to conduct indoor programs in the future. If the referendum is defeated, the Park District will be unable to conduct any programs from the months of

Cancer Bike-a-thon

All riders will assemble at 10 a.m. at the following starting points: Fremd High school in Palatine, Elk Grove Community Center in Elk Grove Village, Hinckley Field in Park Ridge and Rand Park in Des Plaines. The routes vary in their distances, but it is anticipated that some riders will make the circuit of the route more than once.

Sponsor sheets have been made available in the schools and other points throughout the area; and many young people have been busy lining up sponsors for this event. The Cancer Society is asking that all sponsor money be turned in within thirty days after the event and only those who comply with this request will be eligible for prizes of savings bonds of \$100, \$50 and \$25 or the grand prize of a Seeburg jukebox.

Legion plans carnival

The Morton Grove American Legion Post #34 is announcing the long awaited details of the group's annual carnival. Although not held last year, this fund-raising activity will be resumed this year.

Commander Tony La Rosa says possibly this summer event will be the only such weekend to be held in the village. He has indicated clearance of all necessary arrangements with the Village Board concerning safety, sanitation, health, legality, location and other phases as covered by ordinances.

The 4 day event will be held Thursday, July 11 through Sunday, July 14. The location will be the Cook Electric property at Oakton and Lehigh.

In addition to a well stocked kitchen, to be run by the Auxiliary Unit, there will be other forms of refreshments on the grounds. La Rosa has named past commander Ed McMahon, of Morton Grove, general chairman, McMahon is drawing from the expertise of past chairmen to arrange the best rides, concessions, booths, and games ever presented. He reports some big

rides never yet seen in this area will appear during the function. As in previous years, in conjunction with the affair which traditionally is the largest source of raising revenue by the Legion to continue their many programs, a grand prize will be offered at the conclusion of the event Sunday night. Montgomery Oldsmobile of Morton Grove, will furnish the grand prize, 1974 Cutlass Coupe through Legion purchase; and other awards will be a Bvinerude outboard motor to be obtained from Dempster All Sports, also of Morton Grove; and a Schwinn twin bicycle donated by Tuffy's, also of the village. Donation tickets are \$1 each. Past commander Frank Hilbert has been named chairman of this phase. Hilbert announces the Legion queen of this year and last, as well as village dignitaries will be found in the car booth ready to meet the public during the carnival event.

On Cornell tennis team

Jerry Zimmerman, son of Mr. and Mrs. Meyer Zimmerman of 8017 Lyons st., Niles, is currently a member of the 1974 Cornell college tennis team.

The Cornell sophomore is No. 5 man on the roster. He plays under the coaching of Jerry Clark.

Zimmerman also was a starter on the Cornell soccer team that tied Knox college of Galesburg, Ill. for the Midwest Conference title last Fall. The student athlete participated in the wrestling program during the winter season.

"Cornell has a good academic reputation," said Zimmerman. "When I enrolled, I knew it was small enough so that I would

be able to stay actively involved in athletics." Zimmerman is a 1972 graduate of Maine East High school in Park Ridge, where he lettered for two years in tennis. He captained both the sophomore and varsity tennis teams in his prep days.

'Coaches of the Year'

The Illinois Basketball Coaches Association, sporting over 800 members, have honored Maine South's Bernie Brady as the Class AA district Coach of the Year and Dan Kosiba of St. John Brebeuf Grammar School as the Jr. High district Coach of the Year.

The state is divided into seventeen districts with each district having a Jr. High, Class A and Class AA coach of the year. The award is voted to the coach by his coaching colleagues in his district.

Bernie Brady was voted the District Three, Class AA, Coach of the Year.

Bernie led his Maine South (Park Ridge) Team through a tremendous 23-2 record with rankings of 1st, 2nd or 3rd all year long. They were co-champs with Glenbrook North of the Central Suburban League.

In the IHSAA State Tournament they won the Notre Dame District Title but were upset by a fine Hersey team in their first game of the Arlington Sectional.

Dan Kosiba was voted the Jr. High Coach of the Year district two, District two covers half of the Chicago area out to the North-shore boundaries.

Dan's St. John Brebeuf (Niles) team finished the season with 50 wins and 5 losses. They were the Catholic Youth Organization (CYO) sectional, supersectional and City Champions.

The Brebeuf team also captured the North Shore League Title and 1st place tournament honors in the Loyola Academy Tournament and the St. Peter's Classic.

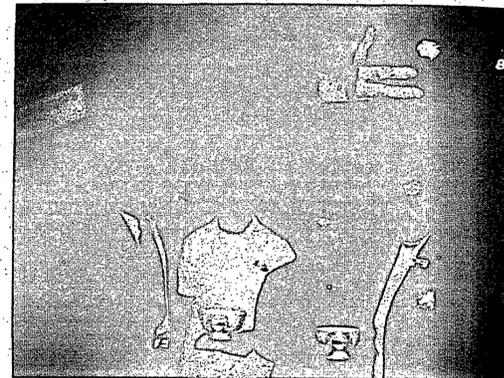

Kosiba once before led the 1968 St. John Brebeuf team to the winners circle for the CYO City Championship. Dan was one of only two Catholic School coaches selected at the Jr. High level out of 17 districts.

Congratulations to both men and their teams for their outstanding achievement during the 1974 basketball season.

Maine East girls' softball

(by Laurie Chrobak)

Maine East's girls' softball teams had their opening game at home on April 23. The Maine East girls won a double victory over Maine South — with the varsity winning 18-12 and the junior varsity winning their game 17-10.

The winning pitcher for the varsity was Eileen Santry. At the top of the third, the Demons were behind 7-1. When Maine East came to bat, they drove in five runs to bring the score 7-6, East down by one. During the fifth inning the Demons were able to take the lead, and by the end of the sixth inning, the score was 18-10, Maine East's favor. The sixth inning proved most productive for the Demons, for they were finally hitting the ball solidly. The Maine South team was unable to catch up so Maine East won its first game of a nine game season.

Leading hitters for the game were Dawn Boyd, four for four, and Sue Webber with three for five including a double, a home-run, and four RBI's.

In the junior varsity game against Maine South, Mindy Benson was the winning pitcher for the Demons. After a slow first inning for the Demons, they came back in the second to score five runs to tie the score 6-6. In the third inning Maine East took the lead and continued through the fourth to score eight runs. After a grand slam by Lori Pasterki as well as a double by Mindy Benson and Vicki Larson, Maine East led and won the game 17-10. Lori Pasterki was the team's leading hitter with three for three and Margie Berresheim had two for three.

The second game of the season for the Maine East girls' softball teams was April 25 at New

Trier East. The Maine East varsity won 28-22, but the Maine East junior varsity lost 30-15.

Winning pitcher for Maine East's varsity was Eileen Santry. At the end of the second inning, the score was 15-7, Maine trailing behind. In the third and fourth innings Maine East was able to score eight runs to get back into the ball game. Going into the sixth inning, it was a tie, 19-19. Maine East, seeing an opportunity to score took the lead 26-22. In the last inning Maine East scored two to insure the lead and proceeded to hold New Trier East. The final score was 28-22.

Leading hitters for Maine East were Dawn Boyd, who was four for six with five RBI's; Lynn Lampert, who was four for five with two RBI's; and Sue Golan, who was three for five with four RBI's and four stolen bases.

In the junior varsity game Mindy Benson was the losing pitcher for Maine East. After a bad first inning for the Demons, the score was 14-1. The results got worse for Maine East in the second inning. Maine East was able to score five runs, however, in the third inning and the fifth, but it was not enough to beat the overpowering New Trier East junior varsity team. The final score was 30-15.

Leading hitters for the Maine East junior varsity were Cindy Jurica who was three for three; Mindy Benson, who was four for four with three doubles and one stolen base; and Caryl Richards who was three for five with two stolen bases.

Upcoming competition for the girls' softball teams will be Friday, May 17, when Maine East travels to New Trier West.

schedules meeting

The evening of May 15 is an important meeting date for the Morton Grove Days Committee. According to President Arendt, it is a meeting of all delegates and all presidents of the Civic and fraternal organizations of the village of Morton Grove. The agenda calls for a complete plan for the promotion of the "Days" first circus scheduled for early August. The circus will be held on the grounds of Cook Electric Co. at the corners of Lehigh and Oakton.

"For over 40 years we have had carnivals to raise funds for village organizations and projects, but this year," said Arendt "the committee voted to try a circus."

Joe Quinn, this year's vice president stated that he thought that the circus idea would be well received by the community. "We wanted an undertaking that would appeal to the whole family," said Quinn. The circus has all the ingredients of excitement and variety that are different from any other type of entertainment that is available to the public and to the average family," continued Quinn.

Morton Grove Days was started 47 years ago and has continuously thru the years contributed monies to the community.

More detailed information will be forthcoming as the circus date nears according to the Committee.

Germany, Nov. 5, 1899. He served two years in the German Army on the western front in World War I before coming to the United States to join the Holy Cross Brothers at Sacred Heart Postulate, Watertown, Wis., in 1922. He entered St. Joseph's Novitiate, Rolling Prairie, Ind., in 1923 and made his first vows there on July 2, 1924. His final vows were made in 1927.

Bro. Boniface's first assignment, 1924-25, was at DuJarie Hall, Notre Dame. Then he served for 38 years, until 1963, as sacristan at Sacred Heart Church, the University and parish church at Notre Dame. His duties included the preparation of the altars and vestments for scores (hundreds in the summer months) of daily Masses, the care of the many altars both in the church and in several dozen student residence hall chapels and others, and the preparation of the liturgical aspect of special university occasions such as commencement exercises, other convocations and Holy Week services. He was also responsible for training and assigning student altar servers and for furnishing the hundreds of hosts for the daily Masses in the church and the student halls. One of his most famous "guests" was Cardinal Montini, the present Pope Paul VI, who received an honorary degree from the University in 1960.

At the height of his long tenure as sacristan at Notre Dame, the Scholastic, the student magazine, said of him, "Nobody is indispensable around here—unless it's Bro. Boniface."

Since 1963 Bro. Boniface has served at the Niles High School in several capacities, including sacristan and housekeeper.

Barbara's mother started at Oakton before she did. "It has taken me four years to earn an A.A. on a part-time basis," she points out. "It was a course here, a course there—and before I knew it, I had 60 hours accumulated for a degree."

Ethel had been out of school for 18 years when she began her first class at Oakton. "I married out of high school and had three children. But I wanted life to be fuller, more aware and I wanted to grow, so I returned to school," she explained. "My husband has been very understanding of my 'growing pains'."

Disputes Christell stand

Dear Sir:
Since facts obviously have no impact on Mr. Christell, I will address myself to his emotional Bible-quoting finish.

Thank you for your generosity, sir, in granting us "the privileges, the support, the respect as the weaker sex," in pro-ERA groups, we call this concept "the iron fist in velvet glove."

If you think so highly of us, how come you want us to have every possible advantage but no legal rights? And if you think we already have any legal rights (besides voting), why do you think the majority of American women support the Equal Rights Amendment?

Sincerely,
Inga Hampe

Walk for Israel

To the Editor:
Sunday, May 19, should be a beautiful spring day—just the kind of day to spend outdoors with friends, breathing fresh air, and taking some exercise. On such a day, we should all get out and enjoy the short fifteen mile stroll with the Students for Israel. Starting at 11 a.m., the Walk for Israel will give us all a chance to combine healthy fun with a serious purpose.

Ab Milva and I, as well as a number of other political candidates, have set the day aside to give our non-partisan support to Israel. I urge everyone, including the State Senator from Skokie, to come along and walk with us. What better way to spend a beautiful spring day?

Sincerely yours,
Patton Felchter

Hope for return of bike ERA deals with legislation only

To Whom It May Concern:
Karen worked a long time baby sitting to earn enough to buy a bicycle for herself and now it has been stolen while she was in the gymnasium at Grennan Heights park. It is a three speed girl's bicycle in brown metallic color with matching fenders. If someone "borrowed" the bike and has abandoned it somewhere, please call us so she may go there and re-claim it. If you have seen the bike or have any information which may help us to recover the bike, we shall be happy to give a suitable reward. Please call 967-8467 if you have any information about the bicycle.

Sincerely,
Mrs. Herbert Miller
(Her Mother)

P.S. If someone has the bike and does not want to call, please leave it in the bike rack at Grennan Heights and she will re-claim it, as she has been over there looking for it every day. We live only a block away and she can easily walk there.

Thanks

Dear Mr. Miller:
In behalf of our Publicity Chairman, Bill Burgin, may I thank you for the fine coverage you gave the Chicago Chapter of the National Association of Suggestion Systems. It is through publicity such as this that our non-profit service organization has expanded greatly in the past years. Again thank you for your cooperation.

Sincerely,
Russ F. Warnstedt, President
Chicago Chapter, N.A.S.S.

Dear Editor:
When Mr. Christell says the ERA is not needed to gain equal rights, I can only assume he is for equal rights, but undermining an awful lot of facts. When the ERA was brought up for a vote in the United States Congress, 354 Representatives, and 84 Senators voted for it, while only 23 Reps. and 8 Senators voted against it. Since then the general assemblies of 33 states have passed it with at least a constitutional majority. The list of organizations supporting the ERA actively in Illinois now numbers over 90. Included in these are the Illinois Educational Organization, The League of Women Voters, the American Civil Liberties Union, Common Cause, the Chicago Bar Association, and the National Organization of Men for ERA. The others are an impressive list of religious, social, union and professional organizations.

I do not dispute Mr. Christell's opinion that the U.S. Constitution has lasted 200 years because of its ability to serve each generation. But the Constitution was conceived to be

amended, and it has 26 times to fit the needs of the people. The Equal Rights Amendment deals with legislation only. It has nothing to do with the personal female-male relationships. It reads: "Equality of rights under the law shall not be denied or abridged by the United States, or by any State on account of sex."

The concept of the ERA is not to nullify any rights or privileges that women now have, but simply to extend those rights, if valid, to everyone. For example, protective labor laws. If an occupation is dangerous, it is dangerous to both sexes. The AFL-CIO supports the ERA, and has recognized that many of its laws were not accomplishing their real aim, protection, but rather restricted women from the opportunity of higher positions and pay. The ERA would provide a new incentive to legislatures and unions to develop and implement programs of genuine protection for workers of both sexes.

Flynn takes issue with ERA opponents

Tom Flynn, 4th District Democratic House Candidate, recently took issue with opponents of the Equal Rights Amendment. He criticized Senator John Nimrod for switching his support for ERA to public and vocal opposition to ERA. Flynn reminded the women of the 4th District that Nimrod had supported ERA in his 1972 senatorial campaign. He called Nimrod's action and public statements "duplicitous action."

Flynn said, "Opponents to ERA have recently flooded the local newspapers with letters and articles against ERA. Those letters and articles are replete with inaccurate statements and phony appeals to the readers' fears, prejudices and emotions. I object to this campaign of vilification against women and especially to those women working and supporting ERA."

Flynn said that statements such as the ERA will permit women to be drafted, that ERA will allow rape and ERA will abolish alimony and child support are absurd and legally indefensible. Flynn, a lawyer, said that the draft did not exist and that the US Supreme Court had always allowed reasonable exemptions such as for women, farmers, students, religious, doctors and so on. He noted that these decisions involved men versus men, women versus

women and men and women against each other. He also said that rape was a felony crime by Illinois and Federal statute and an assault and battery against the body which means that no law can make rape a legally permissible action. Flynn also said that alimony and child support are based upon need and ability to pay and not grounded in civil rights. As long as the need arises, the person charged by the court must pay. Additionally, Illinois law already provides that a woman may be ordered to pay alimony and child support as well as a man. Actually, these arguments are based upon fear and ignorance and any lawyer, including ERA opponents, will admit that the opponents' statements are groundless in law.

Flynn ended his remarks by saying that ERA opposition was really opposition to equal pay for women. He reminded each husband and father that ERA would increase that salary of their wives and daughters and improve their working conditions. Actually, the men will benefit as much from ERA as the women and continued opposition was simply benefiting big business. Flynn said that he would vote for ERA after his election as State Representative from the 4th District.

Niles Family Service Thought For The Week

By Larry F. Renetzky

"For a long time I myself indulged in a restless kind of life, always racing the clock, always in a hurry, incapable of finding the time I needed for my spiritual life. Since I began devoting to it an average of an hour a day, often longer, I have had to give up activities which I used to think essential. But, I have found more happiness in my work, and I have been able to put more into it."

Paul Tournier, M.D.

I'm sure most of us can identify with the statement above. It seems like we're on a treadmill most of the time and we don't know how to get off. We just keep hurrying and getting busier and busier. Do you ever feel that you want to say, "STOP WORLD, LET ME OFF?" Maybe you need to do what Dr. Tournier did. Certainly, we all are striving to find happiness. Perhaps it is eluding you. Take time out right now each day if at all possible.

The longer I work with people, the more I become convinced, that we need to deliberately slow down. We need to take "time out" to relax, to let go and to think on those things that really make life worthwhile. Good News for Modern Man puts it like this: "In conclusion, my brothers (and sisters), fill your minds with those things that are good and deserve praise: things that are true, noble, right, purely lovable, and honorable. For as a man (and woman) thinketh in his heart, so is he (or she)."

Remember my friends the power of the mind coupled with your emotions greatly directs your life, your relationships and your behavior. Therefore, it behooves us all to reflect on our thoughts, our emotions, our activities. Try to get a better perspective about where you are and where you are going. Truly, life is more than "Eat, drink and be merry." Is your life? Find time for your spiritual life as well. In this way, you can be healthier and happier even as Dr. Tournier.

Spring planting

Now is the time to plant trees, shrubs, summer flowering bulbs, annual and perennial flowers and vegetables. If you're planning some new plantings, or want to get your vegetable garden started, you're invited to hear Mr. Gonc of Frank's Nursery, Morton Grove on Wednesday May 22, 8 p.m. at the Niles Recreation Center on Milwaukee ave. Mr. Gonc will answer any and all questions on gardening from trees to terrariums. Make your plans now, make a list of your questions and problems and join the Garden Club on Wednesday, May 22.

As always, refreshments will be served after the meeting.

From the LEFT HAND

Continued from Page 1 years in this country she had not previously seen Masada, one of the country's prime historical points of interest.

Moving off the Moshav and back into Jerusalem there is a less-than-a-square-mile area within the city, Mea Shearim, where very religious Jews reside. Many of them live from the contributions of Jews around the world, as they pursue their studies of the holy books. Much of the area is ghettoized, with people living very close together in tenement homes. On the streets there are signs designating free kitchens.

There are also signs warning visitors: "Request and warning to women visiting our vicinity. Women are not to appear in short garments (not covering the knee) and in short-sleeved clothes (not covering the arms)." The signature under the sign reads, "Residents of the vicinity." Another sign in the marketplace states: "The Torah obligates you to dress with modesty. We do not tolerate people passing thru our streets immodestly dressed." This message was signed, "Committee for Guarding Modesty".

There are many beggars in the area and my reputation as a Cheap Charley was solidified one morning when I gave an old woman an agrote (a 2 cent coin) and she angrily gave it back to me. Americans give more and she was angry and chagrined this American was so impecunious.

The Sabbath is the most holy period to these religious people and on Friday nights roadblocks prevent drivers entering their area. But we drove thru a corner of this locale on Friday night and were blocked by rocks and stones from driving thru an intersection. As we U-turned to head back an 11 year old boy stood on the curb, watching us quite defiantly, with his hands on his hips, and an evil eye telling us we had trespassed. We have been told autos are stoned when they drive thru the area on the Sabbath, and the young man's transfixed stare left us little doubt we had inadvertently erred.

Contrasts in this country keep coming to mind. We visited a modern apartment area on Eshkol Boulevard, and across the street a shepherd with a striped white Kafiyeh on his head was grazing sheep along the boulevard.

We visited the Shrine of the Book, where replicas of the Dead Sea Scrolls are on display. Entering the building you move in a 360 degree circle. Half-way around a young man in civilian dress was holding his pistol in his hand. Everywhere there were soldiers and guards. The Billy Rose Gardens in the rear of the Shrine area is a garden of modern sculpture, in a setting atop a bluff overlooking the city. It's a breathtaking scene. Next door the Israel Museum has an impressive art collection. The pistol-in-hand guard was plainly in view here as well.

And atop this bluff is where we'll end our reports of Israel. We briefly will tell you about our visit with a former Chief Rabbi of London, a memorable elderly whose acute mind belied his octogenarian vintage. And of the many archeological visits which have become a national obsession of the many. When I visited the Rabbi I told him I sought information about my family which came from England at the turn of the century. When he gently chided me and asked why I wanted to dig into the past I told him the first answer which came to mind, "Rabbi, I am seeking my roots." He smiled a wizened grin, pleased with my answer, and went to aid my root-seeking. Likewise, this Israeli love of the land and obsession with archeology must have a similar quest. They too are seeking their roots, as well as the roots of all of us.

Lecture on Pony Express trail

An adventurous and romantic aspect of Americana will be presented by MONACEP when Roy Coy narrates his color motion picture "The Pony Express Trail" at Maine West High School (Oakton and Wolf rds., Des Plaines) on Thursday, May 16 at 8 p.m.

From Missouri to California Roy Coy has filmed the West that the "Pony Express riders saw - and much they didn't see. History, wildlife and beautiful scenery are interspersed with covered wagon trains, pioneers, riders, stations, and monuments all along one of the greatest of American trails.

The daring and courageous men first on horseback and later by stagecoach, faced the perils of Indian Country and the dangers of the wilderness, foregoing a

link that extended this nation across the continent. The great overland route shows the vastness of the plains, the mighty rivers of the West, towering mountains, and colorful deserts.

Born in St. Joseph, Missouri, the "jumping off" place of the Pony Express, Roy Coy has had a lifelong interest in this subject. For many years, he was Director of the St. Joseph and Pony Express Museums and the Denver Museum. He is also an accomplished film producer and talented lecturer.

Armchair travelers may purchase tickets for the lecture on the evening of the performance. Single admissions are \$1.20. Sr. citizens of Maine and Niles Townships who are 60 years of age or over may purchase single admissions for 60 cents.

Fashion Jamboree

Maine North's Home Economics department will present their annual fashion show, "A Fashion Jamboree" on Thursday, May 16 at 8 p.m. in the Spectator gym. Admission is free.

Students from Clothing I, II, III classes will display their talents with needle and thread when they present the culmination of a year's work.

"We are going to see a trend to formals and the romantic look," explained Mrs. Virginia Ackerman, director of the show. She feels The Great Gatsby publicity has made more students dress conscious.

Commentators for the fashion show will be Tina Ferrarelli, Annette Ganvik, April Helfers, and Sue Von Plachecki.

One-man show

Louis Schutz (r.), art student at Oakton Community College, discusses his work with Dr. Arthur Klem, assistant to the President at Oakton. Schutz, a Skokie resident, will present a one-man show at the Skokie Public Library, 5215 Oakton, until May 21. His work will include etchings, silk screens, drawings, and photographs. Schutz has developed his own style of art. He refers to this new branch of drawing as "lineism." He has shown his work in several galleries and shows and recently won a best of show for an etching at the Community College Art Show at Elgin Community College. A graduate of Niles East High school, he has also attended Northern Illinois University.

Ahoy for Pleasure Island

Next Sunday, May 19th, everyone is invited to attend the grand opening celebration of Skaja Brothers WINDJAMMER TRAVEL SERVICE, 8700 N. Waukegan rd., Morton Grove.

You can WIN a FREE trip to Jamaica or an Escape Weekend at the Marriott for two (see full page ad of the Windjammer Travel Service in this issue).

So next Sunday from 1 p.m. to 6 p.m., drop into the new office of the WINDJAMMER TRAVEL SERVICE on Waukegan Road just off of Dempster, have some refreshments and some fun. There's no obligation to win any of the prizes... just fill out the coupon in the full page Bugle ad and bring it with you to the "open house"... who knows, you might win that big, free trip to sunny Jamaica or one of the other prizes.

I see where the SKOKIE TRUST & SAVINGS BANK, 4400 Oakton st., Skokie, is giving away attractive "THUMBODY LOVES YOU" posters (7" x 22" in color). They're FREE and you can send them to someone you love. I'm sending mine to President Richard Nixon at the White House...

I'm also attaching a note to the "Thumbody loves you" poster which tells the president "how to beat the rap"... the note says: "Be smart — send the House Judiciary Committee the other 15,000 hours of presidential tapes plus ALL the files and correspondence which covers many thousands of other topics during your five and a half years as President.

Conservative estimates place the amount of time for the House Judiciary Committee to digest all of this additional voluminous material at about 8 more years which means it would be in the summer of 1982 before they could reach a decision as to whether or not to impeach. Naturally, you, President Nixon, would have to remain in office until the House Judiciary Committee reached a final conclusion. Just think — 8 more years! And by this time, much can happen. The Chicago Tribune might be out of business, buried under a mound of typographical errors. Or the oil companies may have bought the country by this time. Or the Swiss may have established branch banking in the United States by this time. Or due to the low birth rate mortality, social security may have busted the country by this time. For time is always the answer, and now is the time for all good men to come to the aid of the party.

Last Sunday area Mothers proved they loved "Thumbody". And that "Thumbody" was Jake Joseph, owner of JAKE'S RESTAURANT, 7740 Milwaukee ave., Niles. For thousands of Mothers and their families poured into his restaurant like a tropical rain. But even though many waited in long lines they all emerged "smiling" clutching the beaded change purses they received. Compliments of Jake. Music filled the air as Jerry of the Thomas Organ Studios played all day and evening Jake reported this Mother's Day broke all records since he established his restaurant two and a half years ago. While many were not aware of it, a special movie film was being made at Jake's Restaurant which will be shown some time late this fall or winter. It was made for a segment of a TV special which has been planned for some time. More about this at a later date.

Most of the area restaurants reported doing big business on last Mother's Day. Andy of La Venecia of Niles, who gave away free corsages to all mothers was also swamped with business, as was Arvey's in Niles. George Arvey said, "Our additional seating capacity of the Continental Room enabled us to handle our increased volume much better than a year ago."

Angelo stated, "My Beam'n Barrel Restaurant served almost twice as many complete dinners on this Mother's Day than we did a year ago." John Gountanis, owner of Alipio's, reported serving a constant full house all day and evening. The Upper Crust Restaurant & Pie House was swamped with customers for their half-price Mother's Day Special. The Ground Round's Mother's Day Steak Special scored a big hit with area patrons as did the Howard Johnson menu in Niles.

Millbrook Restaurant, 9353 N. Milwaukee ave., Niles (across from Golf Mill Shopping center), reported their Mother's Day business was excellent. And Tedd's Early Times Restaurant of Niles stated their Mother's Day business was exceptionally good.

The Fireside Inn of Morton Grove provided many, many area mothers and their families with a "Happy Day" and the management was very happy too at the exceptionally large volume of both food and beverage business they enjoyed last Sunday...

My mother, when I was born, thought I'd grow up and become President. In the light of present day developments I'm glad I never made it — not even for alderman.

(Expletive omitted) the Democrats — and some Republicans, too!

Whitewater graduates

Graduation May 11 at the University of Wisconsin-Whitewater will feature brief remarks by Dr. William L. Carter at his final commencement in the role of chancellor.

Baccalaureate graduates will include: Pamela Jean Goldberg, daughter of Mr. and Mrs. Maurice

Goldberg, 8926 Marmora, Morton Grove, Bachelor of Science in Education in elementary education; and Allan Spiegelman, son of Mr. and Mrs. Irving Spiegelman, 9230 N. Linder, Morton Grove, Bachelor of Arts in journalism.

Tom Thumb Players

As young as 9 — as old as 19... These Papas and Mamas will play the roles of Toy and Goldie, the parents of five daughters when the Tom Thumb Players Company, 2323 Devon ave., Chicago present the award winning musical "Fiddler On The Roof". Four performances are scheduled on May 19 and May 2, at 1 p.m., May 25 at 7:15 p.m. and June 1

at 3 p.m. The cast composed of northshore youngsters are actor-models for stage, screen, radio and television. Pictured above are: (bottom row) Janet Davidson, Judy Gabl, Randi Merel of Morton Grove, (top row) Mike Stims, Des Plaines; Arthur Stevens, Niles; and Arthur Rabinowitz, Chicago. Lester Trepitz is producer-director.

OCC tandem courses

A husband and wife team on the Oakton Community college faculty are also going to join forces this summer to teach two inter-group/inter-disciplinary courses — in sociology and humanities based on the popular television series "Upstairs Downstairs."

Marcy Abrams, who is a part-time instructor in communications at OCC, will teach the Humanities 109. Her husband, Eugene Abrams, assistant professor of social science, will teach Sociology 103. Six credit hours will be earned by students successfully completing the course.

The team-taught course is organized around the thirteen Masterpiece Theatre television episodes of "Upstairs Downstairs." Video tapes of the shows will also be shown in class.

The course will examine the Edwardian period when both English and American society were caught in the transition from the Victorian era and the changing social, sexual, and political customs of the 20th century," Abrams explains.

In "Upstairs Downstairs," the story is based on the lives of a wealthy, aristocratic family and their servants and what happens to them in a society being pulled apart because of changing sexual and social customs.

Both of the Abrams plan to reinforce their lectures and discussions with fiction of the period and reference books. These include Henry James' "Portrait of a Lady," and Ford Maddox Ford's "The Good Soldier," as well as the sociologist Ronald Pearsall's "The Worm in the Bud."

Classes for the OCC summer session will begin on Monday, June 17, and will end on Aug. 9. Open registration for both full or part-time students is scheduled for Thursday and Friday, June 13 and 14.

St. John's Greek Church plans picnic

It is billed as the thirteenth annual picnic, but St. John's Greek Orthodox Church is really conducting a three-day festival on Friday, Saturday, and Sunday, June 21, 22 and 23.

The festivities will be held on the Church grounds on Dempster st. just East of the Tri-State Tollway.

There will be refreshments of all kinds, the most outstanding being traditional Greek food. There will be delicious Shishkebob, charcoal broiled by the church members. And of course there will be Loukoumades, those luscious pastry puffs dipped in honey and sprinkled with cinnamon. And there will be other

Greek pastries as well. In addition to the gourmet foods there will be hamburgers, hot dogs, pop and other refreshments.

On the entertainment side there will be bouzouki music and dancing as well as games and rides for adults and children.

Hours of the picnic will be 5 to 11 p.m. on Friday, 3 to 12 p.m. on Saturday, June 21 and 22, and 12 noon to 11 p.m. on Sunday, June 23.

Everything will be under one big tent, so the weather cannot interfere with the festivities. Bring the family! For further information phone the church at 827-5519.

After considerable discussion the Board passed that

decision to grant a E-2 Special Use Permit to the Millex Corp. for property at 8521 Dempster until the next meeting. They were requesting this Special Use Permit for an Auto Service Station and Repair Shop which would be a type of diagnostic center where they would do tune-ups, brake work and air-conditioning work. They would not sell gas nor do grease jobs or oil changes. Blase questioned their method for control of emission from the building while the autos were running inside and after much explanation and discussion, the parties involved were asked to come before the Board at the next scheduled meeting to see if a satisfactory method of emission control other than that proposed could be used.

Police Network . . .

Continued from Page 1

"The North Regional Telecommunications Network reflects the highest national standards for modern police administrators combining the finest engineers and law enforcement specialists to develop new and strengthened police systems." Technical assistance was provided by the Police Service Bureau of the Illinois Association of Chiefs of Police.

"Even though some of our smaller communities may have only two patrol cars on the street, we shall be able to have 30 patrol cars assisting that community from all directions within a matter of a few moments," says Chief Kenneth B. Chamberlain of the Skokie Police Department. "No other police agency in the state except Chicago can muster that kind of assistance in virtually moments," added Chief Chamberlain. Communities in the region have had a Mutual Aid Compact in force for years, NORCOM emergency channels will strengthen the Compact. The regional system will make the occurrence of a tragedy such as the Patrolman Anthony Raymond incident almost virtually impossible."

NORCOM's great strength lies in each Police Department servicing its own community on an individual basis while having the full benefits of an advanced regional system. "We shall be able to transport an injured child or accident victim to the most appropriate health care facility anywhere in the region in the shortest period of time. Having such a regional communications greatly diminishes the risks of further accidents and cuts the travel time to the minimum," says Chief Arthur Pantle of the Glenco Police Department.

The Board of Governors of the North Regional Telecommunications Network are the Chiefs of Police of the member departments. They are: Chief Arthur Pantle, Glenco, P.D., Chief William Bartlett, Glenview, Chief William R. Phillips, Golf, Chief Edward Eggert, Kenilworth, Chief M. Lester Flowers, Lincolnwood, Chief Norman W. Wilmette will be providing LEADS data from the State of Illinois computer to a number of the NORCOM Departments over the regional data channel.

Chief M. Lester Flowers stated "A Grant which will enable NORCOM to secure over one million dollars in "action" funds from the Illinois Law Enforcement Commission will be submitted; it is only through our combined efforts that individual Police Departments can provide services and have capabilities commensurate with those of the largest departments in the nation."

Cub Pack 45

The Cub Scouts of Pack 45 sponsored by Oak school combined a hike and clean-up campaign at Skokie Lagoons on May 4.

A beautiful day was in store for 1 1/2 mile hike and the picking up of refuse scattered throughout the lagoon. The scouts accumulated a goodly number of bags of refuse that people frequenting the park dispose of haphazardly.

At the end of the hike, the boys were treated to hamburgers and hot dogs roasted in good old outdoors.
