Oakton anticipates tax reduction

For the fourth consecutive year, Oakton Community college proposes to reduce the tax rate for local taxpayers in spite of inflation, rising costs, and increasing college enrollment, according to Vivian H. Medak, chairman of the business operations and budget committee for the Board of Trustees.

Mrs. Medak announced that the college anticipates reducing the current rate of 20 cents per \$100 assessed valuation to 19.5 cents for the 1974-75 fiscal year. The legal ceiling for the combined tax rate for Oakton is 22.5 cents which puts OCC about 15% under its legal limit. The proposed tax revenue as-

sumes a 4.24% increase in the presently estimated equalized assessed valuation, Mrs. Medak points out. Revenue for 1974-75 is estimated at \$5,969,600. This is an estimate based upon increases in previous years since the valuation. OCC officials estimate that the valuation will be approximately \$1,720,000,000.

She also stated that regular operating costs will increase by about \$559,000 and an increase of about 350 students of 8,400 credit hours is expected. Since both are approximately 12% increases, the budgeted unit cost for college instruction will remain constant. Tuition rate of \$10 per credit hour will probably also remain un-

changed.

The preliminary budget for 1974-75 will provide for \$1,705,000 for site acquisition and development costs which will come primarily out of funds in hand, according to David Hillquist, OCC Manager of Business Affairs.

From the LEFT HAND

By David Besser
 Editor & Publisher

Because he was unable to determine who was telling the truth, Judge Arthur Dunne dismissed countercharges Thursday by the Village of Niles and Cee Eddy Dodge for damages which sought over \$2,000,000.

Niles had filed a 1971 suit seeking daily fines for alleged building violations, and then Edward Sabath, owner of Cee Eddy, filed a countersuit contending Mayor Blase and others had engaged in a conspiracy to "harass, antagonize, delay and damage" him by obstructing the operation of his business in Niles.

The 3 year old case came to an abrupt end at about 4:45 Thursday afternoon after attorneys for both sides completed short summations of their cases.

It was a rather lonely courtroom with only 6 or 7 persons present when the decision was reached. Joe Salerno, Niles director of building and zoning, had a perplexed expression when the decision was announced, not quite knowing what the final decision was. Steeped in legal mumbo jumbo that goes on in a courtroom, laymen like Salerno and myself had a reaction of incompleteness, of a lack of finality to a decision which was unenforced by non-legal minds. The previous accusations by both sides, which seemed so dramatic during the court battle, now faded away. And little guys like Salerno, who went through a very traumatic experience in being accused of harassment, had to have mixed feelings when the decision was reached.

During a court recess I sat on a hallway bench with Salerno while he told me about some friends who became rather unfriendly when they read Salerno was alleged to be harassing the auto dealer. Even though the charges were not substantiated, the very nature of the charges being published was sufficient reason for the "friends" to turn their backs on Salerno. And now, with the "no decision" case reported, it left Salerno somewhat in limbo, since this very indecisiveness might not vindicate him in the eyes of the most presumptuous.

Molloy summer school needs YOU!

This summer, Molloy Education Center will have an extended school year from June 21 to Aug. 2. All students enrolled during the regular school year are eligible to attend. A program for 12 orthopedically handicapped students who are usually not in attendance at Molloy Education Center is planned.

Although the program is educational, many recreational opportunities for all of the students will be provided. The older students will be swimming at Niles North High School. The younger students (3 to 10 years) and the orthopedically handicapped students will be using the pool at Molloy. We NEED people with swimming experience. We also have a site reserved at Harms Woods for outdoor recreation. There will be field trips to many different places. We NEED campers, people with arts and crafts skills, and music enthusiasts.

This will be a great chance for students to get to know other people from our community. In turn, volunteers will have the chance to work with certified teachers, an adaptive physical education instructor, and a water therapist. A speech and language therapist and physical therapist will also be part of the staff. An orientation to the program will be held on June 20 at the Center, beginning at 9:30 a.m. This is a must! The only other

thing you will need to serve as a volunteer is a tuberculosis test; either an x-ray or a Mantoux (patch test). This is a state law for anyone working with children in the school system. Call 966-8600 for more information. Molloy Center is located at 8701 N. Menard, Morton Grove.

Special Thanks to Niles Police

Dear Editor:

Niles is a special kind of suburb with many special services for its citizens, but right at the top of its list of blessings, I'm convinced, is its able and dedicated police force under the excellent leadership of Chief Emrickson.

Last week one of the Residents of our Home who is quite confused left the premises and lost her way. Just as soon as the Niles Policemen were notified, a program of search was set into motion. I immediately felt that my concern and anxiety was shared by every man on the force.

The Sisters, the Residents and the staff join me in expressing sincere thanks to the Niles Police force for their excellent cooperation and unequalled assistance.

Sincerely,
Sister Irene Sebo, O.S.B., Administrator

Redlegs [Callero & Catno]-13, Cardinals [Barnaby's]-1.
Dodgers [Jakes]-6, Astros

[NBL]-3. Clutch pitching by Pete Leddy and Rich Rinka coupled with timely hitting provided the Dodgers with their 6th win of the season. The hitting was highlighted by T. Ryan and Robbie Pullen's perfect night at the plate. Ryan was 3 for 3 and Pullen was 2 for 2 with each having 1 run scored and 2 RBI's. Morgan Cuff came up with 2 hits and 2 runs scored followed by Dan Re's 1 hit, 1 run scored and 1 RBI, Jim Capek's 1 hit and 1 run scored, Mark Braidman's 1 hit. Rich Galatz ended the Dodgers scoring with an RBI in the 5th inning.

Phillies [Lawson Products]-6, Braves [Tom Tenna]-5. Key hits by J. Mooney, Jim Sherwood and J. Schmalzer helped the Phillies win their first game 6 to 5. It was a very close game from start to finish. Mike Bucco and Mark Zeilke pitched very good ball to help bring this victory home.

Pirates [Int. House of Pancakes]-4, Mets [VFW 7712]-4. Good pitching and hitting by both teams made this an interesting game. Hits by J. Walsh, Don DeSantis, J. Hafer, Dave DeSantis, T. Lober, and D. Majewski made the Pirates come from behind to tie the score. Then in the last inning, Tom Lober led off with a hit and went to second on Majewski's ground out. Ted Bieniek went down swinging, so held with two out and first base open, the Mets intentionally walked Jack Walsh. That's right, it was Lockman's or Tanner's idea to walk Walsh, the best strategy is to take the bat away from a kid.

Pirates [Int. House of Pancakes]-0, Redlegs [Callero & Catno]-4. The Pirates lost 4 to 0 in a well played game. It was all John Allegretti with 2 hits and 4 scoreless pitched innings and some fine fielding by Jack Walsh, Tom Palchek, James Hafer, Dave DeSantis and Tom Lober made it a good game.

GIANTS DEFEAT BRAVES

Giants 5, Braves 1. The Giants played the Braves Saturday afternoon in a sun-drenched game at Thillens Stadium. It was the first contest of the season between the two teams, and the Giants carried in with them a record of 4 wins and 0 defeats. They emerged victorious due in large part to Mike Pegararo, whose 2-run homer broke the 1-1 tie going into the top of the 5th inning. The final was 5-1.

The game started slow, with neither team scoring in the first. In the second, Mike Williams grounded out to lead off the inning. Pitcher John Germain doubled into center field, then stole third. Dominick Ross followed with a single and stole second. Both were left stranded when the Braves pitcher struck out Dan

Sowinski and Doug Fleck to retire the side.

In the Braves half of the second John Germain struck out the side for the Giants but not before the Braves scored to take a 1-0 lead. But the Giants tied it up in the top of the 3rd with a 2-base hit by Brian Ovaert and a single by Gary Pegararo, whose 2-run homer doubled in this inning and John Germain walked, but neither could score. First baseman Pegararo took over the pitching chores in the third inning.

In the sixth inning, Steve Harrer and Fred Rodheim put together back-to-back singles; Tom Winkler sacrificed, and Brian Ovaert doubled to make it 5-1. The Braves were retired in the 6th on excellent pitching by Mike Pegararo and the final was 5-1.

Nursing scholarship

Brookwood Convalescent Center, 2380 W. Dempster st., Des Plaines, announced today that it would annually award two scholarships to students entering or continuing an education in the registered nursing field.

According to James Bowden, Brookwood Administrator and James Lawler, vice president of human resources, Holy Family Hospital, Des Plaines, the purpose of the scholarships is to encourage an interest in nursing at a time when there is a growing shortage of nurse practitioners everywhere.

Lawler, acting chairman of the general Scholarship Committee, indicated that the awards, to be donated by the Brookwood board of directors, will consist of two \$500 scholarships, and will be non-renewable.

Because of the lateness of this academic year, eligibility for the 1974-75 school year will be limited to applicants enrolling for the first time in a registered nursing curriculum in an accredited community college, university or hospital. An acceptance notice from such an institution must have been received by prospective candidates. Further, the applicant must reside in areas served by high school districts 207 (Malne Township) or 214. Thereafter, these areas will be expanded.

Lawler emphasized that all inquiries from eligible candidates should be directed immediately to either Michael Dessimoz, director of financial aid, Oakton Community college, Morton Grove, 967-5120 or to Mr. Fred Valsvil, director of placement and financial aid, Harper college, Palatine, 397-3000, co-chairmen of the subcommittee on scholarship evaluation and procedure. He said the awards were being made on an equal opportunity, affirmative action basis.

Niles Family Service Thought For The Week

by Larry F. Renetzky, ACSW

Daddy Look Up At Me, Look Up At Me Daddy

You know, men, it is not only important that we recognize the needs of our wives but also of our children, as well. Sure our jobs are important, but our wives and children need something more. My little daughter woke me up this fact several years ago. I was working 70-90 hours a week at the agency. After a few months of this my 3 year old daughter, Lisa, started pinching me, kicking me, hitting me, etc. - anything to get my attention.

At the same time she would say, "Daddy look up at me, look up at me Daddy!" Now, how could I look up to her when she was so small? What was she really saying to me?

Fortunately, I listened rather than just reacted to her. I could have just slapped her or told her to stop it, threatened her, etc. Thank God I didn't do this! Instead I tried to perceive what she was really saying to me. Of course, she wanted my attention but I knew she was trying to convey much more than this. What do you think she was trying to convey?

A few weeks after this all started I was in a special workshop, playing the role of a 3 year old. When I was down on my hands and knees looking up at all the big adults it hit me what my little daughter was really saying to me. "Daddy, I am as important as any of those big adults you are working with. Maybe if you have to look up at me as an adult then you will recognize me more and make time for me too." Thank God! I gained the insight and did something about it and it all started with, "Daddy Look Up At Me!"

Yes, men, we need to tune in to our children and our wives. Try to discern what they are really saying and then endeavor to better respond, not react, to what they are really saying. Only then can we better meet their emotional needs and realize a more beautiful and meaningful relationship.

Maine Township's newly-formed council on alcoholism hopes to be functioning on a full-time basis by Aug. 1, coincident with the hiring of an executive director and following the appointment of additional members to the board of directors, according to council president Margaret Wirsen, Park Ridge. Mrs. Wirsen said the council has distributed approximately 450 copies of the director's job specifications to appropriate individuals and institutions, and hopes to begin reviewing qualified applications by July 1.

Maine Township Alcoholism Council

Mrs. Wirsen, who is also a member of the Maine Township board of auditors and chairman of the township's committee on mental health and counseling, said the successful applicant must have an understanding and acceptance of alcoholism as a disease and community health problem. She also said the new director must be able to work closely with professionals and community groups, because the council's emphasis will be on community education, guidance, and referral to qualified agencies. Mrs. Wirsen added that a num-

ber of prominent township residents have agreed to serve on the council's board of directors, and that she is awaiting acceptance by several others. She said the board will probably be complete within 30 days. Members will be announced then.

Morton Grove-Lincolnwood Big League

The Pirates and the Athletics met in Big League baseball action at Morton Grove's Harrer Park on Saturday, June 8 with Scott Gold pitching for the Pirates against Mark Berns for the A's.

The explosive Morton Grove team jumped off to their third straight big first inning as Buddy Swanson singled and immediately stole second. After Robbie Galbavy flied out, both Stu Epstein and Bob Krueger walked to load the bases. Berns was safe on an error that allowed 2 runs to score, and Don Guenther walked, and Epstein scored on Arnold Fishman's fly to center to make it 3-0. The A's scored their fourth run of the game when Berns singled, stole second and came home on a grounder to short by Don Guenther in the third.

The Pirates came up with their only run in the bottom of the second when Lewin walked, Billy Simon singled and both runners advanced to second and third and Gold scored when Stein was out on a close play at first.

The A's scored a run in the 5th on a pair of singles by Epstein and Berns, and they scored 4 more in the 6th without the benefit of a hit as Wayman replaced Gold as the pitcher for the Pirates and walked the first three batters he faced. Epstein then hit a sacrifice fly and Berns was hit on the wrist of his pitching arm and had to be relieved by Epstein on the mound.

Four more runs crossed the plate for the A's in the 7th when Buddy Swanson led off with a tremendous fly ball that sailed over the left fielder's head for a triple. Galbavy walked, and Krueger singled over second scoring Swanson. Epstein then hit into a fielder's choice, scoring Galbavy. Guenther walked and Arnie Fishman singled up the middle to bring in Epstein. Joe Stottt walked and Kevin Gill singled to right to make the final score Athletics 13, Pirates 1.

Stu Epstein and Don Guenther

pitched 1-hit shutout ball in the 6th and 7th to preserve the win for Berns.

Offensive star of the game was the Athletics' shortstop Buddy Swanson who had 2 singles, a triple and 3 walks, scoring twice and stealing 3 bases.

The A's, who now lead the Morton Grove/Lincolnwood Big League with a 4-0 record have scored a total of 42 runs to their opponents 3 thus far this season. "Everyone will be throwing their top pitchers against us from here on out," said A's Manager Dino Zoros. "But as long as we don't get over-confident I won't begin to worry. After all, I have 4 of the best pitchers in the league, good speed, fielding and hitting, and you can't ask for a whole lot more than that."

"The toughest pitcher we will face this year is this fella Blake Lorenz of Lincolnwood's Accurate Fastener team this coming Saturday at Harrer Park. But we'll have our best pitcher, Bob Krueger, going for us," he concluded.

Meanwhile, at Lincolnwood, both the Accurate Fasteners team and the 5300 Carwash team rallied in the last inning of their games to defeat the Malnati Pizza and Kenilworth Inn teams by the scores of 5-4 and 6-3 respectively.

Back in Morton Grove, the Sox rallied in the last inning, also, to beat the Cubs 4-3.

There were no games played Sunday, due to the rain. The Sox rallied again Wednesday night, June 12 at Morton Grove, to beat the Kenilworth Inn team 6-3.

The standings are as follows:

	W-L-Pts.
Athletics	4-0-8
Accurate Fastener	3-0-6
Sox	2-2-4
Cubs	1-2-2
5300 Car Wash	1-2-2
Pirates	1-2-2

Surprise visitor

It was a pleasant birthday surprise for Lt. Jack Brandt when John F. Wright, Jr., European Liaison Officer for the American Federation of Police stopped by to visit.

Mr. Wright, from Kassel, West Germany, received a tour of our police facilities and then over dinner with Lt. Brandt, exchanged thoughts and ideas as well as the upcoming American Federation of Police-Police Congress which will be held Oct. 27-31 of this year in Orlando, Florida.

Mr. Wright found our communications system, with state and nationwide capabilities, quite impressive and far advanced to that of similar sized departments in West Germany.

A second visit took place on May 29 and the promise of a third get-together was made for the very near future.

Lt. Brandt is National President of the American Federation of Police, currently serving a two year term.

Lt. Brandt is with the Morton Grove Police Department.

SAFETY for your children

SAFETY for your funds

Safety. It's why you bank with us. You know we'll keep your money in a safe place while offering the assurance that your savings will grow with complete safety.

Now Dempster Plaza State Bank is concerned with another kind of safety -- bicycle safety. This summer many children will enjoy the fun of bicycling. But along with the fun is the ever-present danger of traffic mishaps. That's why safety councils and police departments everywhere suggest attaching bright pennants to your children's bicycles, making them more noticeable to motorists.

We at Dempster Plaza State Bank strongly support this safety precaution. And so we are now offering vibrant yellow bicycle pennants for only \$1 a piece. These durable, easy to fasten pennants stand more than 6 feet high and readily identify a cyclist in fair weather or foul; in the daylight or after dark.

You need not be a Dempster Plaza customer to buy one of these potential life savers, even though you'll find the \$1 price below that of most stores. Nor do you have to open an account or add to an account or anything of the kind. Simply drop into our main lobby or our motor lobby anytime during normal banking hours and pick up as many pennants as you need. Safety. At Dempster Plaza State Bank our basic concern is still with the safety of your money. But we realize that the safety of your children is worth all the money in the world.

Flynn answers Christell on ERA

Dear Mr. Christell, Temper, temper, Mr. Christell. I respectfully decline your invitation to engage in vitriolic diatribe (name calling). However, I would like to contribute to your continuing legal and political education.

There are approximately 3.5 million "Political" elected officials in the U.S. I am one as an elected Trustee of the Oakton Community college. I do not receive a salary and have never submitted an expense statement. My attendance record for all reg-

ular and special Board meetings is 100% perfect attendance. Thus, you have never given me anything but I have given much in public service to our community. Most "political" local officials are similar to me and most Americans do not share your low opinion of us.

Now, to your personal attack on me. You state that you are not inconsistent nor illogical. I quote you. "The ERA is not needed to gain equal rights. The 14th Amendment does allow for certain duties to be performed by males (here you stop quoting yourself, but I continue), thus giving the female benefits and exemptions that she has enjoyed for years." You then cite "labor laws, support laws and other benefits and protections." Webster's dictionary says that a benefit is an "advantage" and that exemption is a "freeing of a person from a duty" and finally

that protection is the "supplying of protection to one class or person by another class or person." I submit that by any definition of your words that your thoughts are inconsistent and illogical. You simply cannot be equal and have "benefits, exemptions and protections" over another person. Additionally, you quote Abner Mikva as saying that under ERA women would be "forced" to join the Army. This is simply an incorrect statement. Mr. Mikva and I never said any such thing. We said that women "may" have to register for Selective Service under ERA, unless the court allowed a reasonable classification (exemption) from selective service. Incidentally, the court has allowed exemptions for farmers, doctors, dentists, students, women, Priests, Ministers and Rabbis in the past under your so-called equal 14th Amendment and no doubt will continue its practice under ERA.

Further, you state the ERA section in the State Constitution is the same as the 14th Amendment. I quote you, "exactly the same words." Sec. 18 of the State Constitution reads, "The equal protection of the laws shall not be abridged or denied on account of sex by the State or its units of local government and school districts." The 14th Amendment to the US Constitution reads, "No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the US; nor shall any State deprive any person of life, liberty or property without due process of the law; nor deny to any person within its jurisdiction the equal protection of the laws." You are simply wrong and your statement is absolutely incorrect.

Finally, a personal note. The ERA is a public issue and there is no reason to impugn the character or reputation of any supporter or opponent of it.

Sincerely,
Thomas W. Flynn

Jefferson PTO says 'thanks'

Dear Editor: Now that the school year is at an end, I want to thank your paper for the great coverage you have given the Jefferson School Parent-Teacher Organization activities over the year. As in past years, you have been most cooperative, and it is greatly appreciated.

Next year's Publicity Chairman is Marilyn Nugent, and next year's P.T.O. calendar looks even busier than this one, so you will be hearing from her often. I know you will give her the same cooperation you have given me this year.

Thank you again.

Sincerely,

Shaf breaks silence

To the Editor: During the battle over the Morton Grove Park District's attempt to condemn my land to build a controversial ice rink and sports complex, I have remained silent because my case is on appeal. After the article written by Al Bernstein in the May 23rd issue of the Life Newspapers, I feel now I cannot remain silent.

Bernstein has injected Democratic politics into what was originally a zoning case by saying that Ted Shaf "hired a battery of attorneys, including former U.S. Attorney Tom Foran (you remember him, he's the one that couldn't find all the irregularities that Jim Thompson has uncovered in the Daley machine). But, Tom has always been a good zoning lawyer and besides he knows all the judges in Chicago. At least that's what someone told Shaf."

Bernstein implies that Ted Shaf hired Tom Foran because Foran had what the downtown papers call "clout" with the Cook County judges.

The truth is that Foran was not Ted Shaf's lawyer at all; Foran was hired by the Morton Grove Park District. Perhaps they hired him because as Bernstein succinctly puts it, "he knows all the judges in Chicago"; they, the Park Board, can answer that. If Bernstein, in the best traditions of his trade, has uncovered something indicating Tom Foran influenced Judge Arthur Dunne because "he knows all the judges in Chicago" he should let us all in on it. Perhaps he has his finger on a "Little Watergate."

If there were "irregularities" in the case, as Bernstein implies, let the record show they were not on the part of Ted Shaf. Does Bernstein believe there were "irregularities" on the part of the Park District and its lawyers?

I am sincerely puzzled and amazed.

Ted Shaf, President
Shaf Home Builders, Inc.

ERA spells justice for all

To the Editor: In demonstrating the existence of sexual discrimination, E.R.A., supporters frequently emphasize the hardships women have suffered and neglect to point out that men are also victims of legal discrimination based on sex. A recent court case in Florida furnishes an example of this less publicized-but no less invidious discrimination. The case also teaches us that the Fourteenth Amendment is no protection from legal discrimination based on sex.

Mr. Mel Kahn, a widower, applied for a tax exemption under a current Florida law which grants to all widows, but not widowers, a \$500 annual tax exemption. Mr. Kahn applied for the exemption but was denied it. After a series of appeals in which Mr. Kahn claimed that the Florida law was a denial of Equal Protection under the Fourteenth Amendment, the Supreme Court of the United States ruled that the Florida law was not a denial of Equal Protection because it was based on a "reasonable standard." What was the reasonable standard? The assumption made by the Supreme Court that widows were presumptively poorer than widowers! Thus a law that presumes that all widows are financially needy and widowers are not was held reasonable.

Is it justice to award a tax exemption to a rich widow and deny it to a destitute widower? Isn't it a denial of a fundamental right when a person, regardless of sex, cannot show he or she is entitled to a tax break? The Constitution didn't help Mr. Kahn or other financially strapped men living in Florida. Worse yet, the Court's decision will be enforced in many states having statutes similar to the one in Florida. How many Mr. Kahns are now being discriminated against because they are men?

The Kahn case eloquently gives the reason for ratifying the Equal Rights Amendment: an Amendment that is nothing more than a matter of simple justice—justice for all men and for all women.

SUMMER PROGRAMS AT NILES BRANCH LIBRARY

A wide variety of summer programs have been planned for children at the Niles Branch Library located on the second floor of the Golf Mill State Bank Building. Among them are story hours for different age groups, bedtime story hours, a summer reading club, and an art competition program.

Preschool Story Hour

A preschool story hour for 3, 4 and 5 year old children (including those entering kindergarten this fall) is now in progress. A second 4 week session will begin on July 9. These story hours are held on Tuesday and Thursday mornings from 10:30 to 11 a.m. Registration for the story hours began May 28 and will continue on a first-come first-serve basis until all of the sessions are full. Due to lack of space, enrollment in each session is limited to 25 children. Stories, songs, and fingerplays are planned for the preschoolers during each half-hour session.

Bedtime Story Hours

Three bedtime story hours for younger children have also been planned on Thursday evenings. These story hours will be held on June 20, July 18 and Aug. 8 from 7 to 7:30 p.m. Parents are welcome, and children are invited to come in their pajamas and bring their teddy bears.

Haunted House Summer Reading Club

Kids entering grades 3 through 8 may find their way through a haunted house in the Haunted House Summer Reading Club from June 24 through Aug. 31. Registration will be held from June 18 through July 13. Participants reading 12 books will be awarded a certificate this fall at their schools.

Art Competition

The final program to be held at the branch library is an art competition for children entering grades 3 through 8. Registration is from June 15 through July 6 or until the classes are full. There will be 3 groups of 15 children—third and fourth graders, fifth and sixth graders and seventh and eighth graders. Contestants will be given subjects to draw, and prizes will be awarded in each group for first, second and third places. The prizes are being donated by the Golf Mill State Bank, Books and Cards, Inc. at Golf Mill, and the Golf Mill McDonalds at 9815 Milwaukee.

Young Readers Storytime

A Young Readers Storytime for children entering first and second grade will take place at the branch library during the 7 week period from June 26 through Aug. 7 on Wednesday afternoons from 2 to 2:30 p.m. Registration on a first-come first-serve basis will take place from June 18 to June 26 or until the class is full. Children enrolled in this story hour who attend 4 out of 7 sessions will be eligible for the same certificate which is awarded for completion of the summer reading program.

Bookmobile Storytime

From June 18 through Aug. 8 there will be a storyteller at Dee Park, Golden Acres, Courtland Park, and Clifton and North with the bookmobile. This story hour will be from 3:30 to 4 p.m. No registration is required, and all ages are invited.

Some similar programs are also being held at the Niles Public Library at Oakton and Waukegan. For the programs requiring registration, participants are asked to enroll either at the branch library or at the Niles Public Library. All of the programs are free of charge to residents of the Niles Public Library District. For more information, please feel free to call the branch library at 297-6266 from 9-6 Monday thru Friday and from 9-5 on Saturdays.

Patton Feichter chosen Delegate Elector

In voting by Maine Township Democrats last Tuesday, Patton Feichter was chosen Delegate Elector to the State Democratic Party convention to take place in June.

Feichter, the Democratic candidate for State Senator in the 4th District, received the second highest total of votes cast. His 70 votes were topped only by Niles Mayor Nicholas Blase who polled 5 more votes than Feichter.

Upon receiving the final vote totals, Feichter commented, "I am greatly pleased with this vote of confidence given me by my peers. To finish second among a field of such exceptional men and women is indeed an honor. I can only hope that this support will continue, and lead to a Democratic victory in November."

Feichter, an anthropology and history of civilization teacher at Maine South High School is making his first attempt at public office.

Fun Fair pays off

A \$1,000 gift is being presented by the persons responsible for the Fun Fair at Molloy Education Center June 9. The gift is for Orchard Village, the new community living facility for retarded young adults, whose opening date is July 1. The contribution toward the one-half million dollar cost of the recently purchased property on Marmora and Gross Point rd., Skokie, is being handed to Bernie Saltzberg, Executive Director of Orchard Village.

Orchard Village is owned and operated by Orchard Association for the Retarded, made up of mentally retarded and/or physically handicapped children in Niles and Maine Townships. "Orchard Village" will be synonymous with hope and encouragement for mentally handicapped young adults. That's the dream—and the promise. It's the commitment made by devoted parents.

Dempster & Waukegan (Korvette Shopping Ctr.) MORTON GROVE

Special art exhibit

Norm Siegel, a Morton Grove resident and a co-founder of the Morton Grove Art Guild, recently had a special art exhibit of his work at the opening of Plaza Suite, a private club for those residing in the Edgewater Beach apartment complex.

Mr. Siegel has developed a technique of painting using acrylics on Plexiglass. His abstracts are painted on the back of a Plexiglass sheet. The artist must watch his progress in a mirror to observe the effect produced.

A member of the alumni association of the School of the Art Institute of Chicago and a graduate of the American Academy of Art, Mr. Siegel has developed several art teaching courses and is also active in the critiques presented by the Morton Grove Art Guild. He is also responsible for the art exhibits presented at the Morton Grove theatre.

Pre-school day camp

The Leaning Tower YMCA will be offering their Kiddie Kamp on a more extensive basis this summer. Kiddie Kamp is a camping experience for your pre-school child. Kamp will meet four days a week this summer. Periods are two weeks long and sessions are two and a half hours. Parents may sign up for a morning session (9:11:30 a.m.) or an afternoon session (12:30-3 p.m.).

Children must be 3 or 4 years of age to be eligible for this camp. Swim instruction is offered three days a week and a short bus trip to a local park takes place on the fourth day.

A variety of fun, stimulating and educational activities will be offered. These include swim instruction (mothers need not be present at time of instruction), gym activities, games, songs, story plays, arts and crafts, hikes and nature appreciation. Activities are geared to the interest and abilities of our pre-schoolers. In addition, counselors are chosen for their ability to work effectively with this age group. The basic

unit of the Kamp will be two counselors for 6 Kampers.

The summer Kiddie Kamp is an extension of the Leaning Tower YMCA's year-round pre-school program. The purpose of our pre-school programs is to provide children with opportunities for new and varied activities, in an effort to meet their basic developmental needs. In the pre-school programs three areas of development are stressed. First of all, children are allowed to discover the many movements their bodies are capable of experiencing on land and in water. Secondly, in addition to physical development, the classes promote a positive feeling of self. (By engaging in activities which afford the achievement of success, a child grows more confident of himself. Self-confidence leads to a willingness to experiment, which in turn will allow the child to provide his own learning experiences.) Finally, there exists in our classes the element of fun. Fun with playmates of the same age. Expecting what it means to share, wait your turn, and help a friend.

Kiddie Kamp begins June 24. Registration is going on now for the 4 periods. Kiddie Kamp fills up fast! Register your child at your earliest convenience.

For further information concerning the Kiddie Kamp call John Joyce at the Leaning Tower YMCA -647-8222.

ED HANSON

'A Million Bucks for a Half-A-Buck!'

You can't beat those odds. Not even a box-car figure trifecta at the track comes close.

Yet, this is what the new Illinois State Lottery offers. But more important, this lottery provides a new hope and a dream to millions of those "bust-outs" which are most of us. And particularly, it will provide a "shot" in the arm to those legions of eternal optimists, the hard-core horse players. For it enhances their dream of scoring a big killing. And the dream is always more important than reality.

But even overshadowing this is the fact that coming events cast their shadows before. And the legalized State lottery may be the first shadow of those to come which will eventually lead to the ultimate legalization of all forms of gambling, including off-track wagering which New York and other states now have.

Being a supreme optimist, I firmly believe the new State lottery will solve all my money problems in my old age. I expect to win the million bucks for a half-a-buck when my ticket numbers are drawn this August. I don't relish the idea of receiving only \$50,000 per year for 20 years which is the way the million dollar prize is now set up. But, by effecting a few economies, such as cutting down on buying trifecta tickets, and eating at Jake's Restaurant, I believe I'll be able to live on the fifty grand a year.

Speaking of Jake's Restaurant, his Father's Day turnout was even bigger than his Mother's Day shindig. There must be more fathers than mothers in this area because Jake had them waiting in line from early in the morning until late at night. Bobby Mazza, the little 10 year old boy with the big voice, was a big hit with the huge crowds that jammed into Jake's Restaurant in Niles. Accompanied by Jerry Burbine at the Thomas organ, little Bobby belted out a great many song numbers to the delight and enthusiastic response of the throngs who attended Jake's Father's Day party at his popular eating emporium at 7740 Milwaukee ave., Niles. And, I understand, that Jake gave away thousands of combs and gold fountain pens to all the fathers who came to the party.

Andy of La Venece Restaurant, 8743 N. Milwaukee ave., Niles, told me that he believes "Father's Day" will someday even surpass Mother's Day as a time to dine out. For Andy told me that his La Venece Family Restaurant enjoyed a terrific day of business last Sunday when Dad had his "day." Andy passed out free cigars to all fathers and fathers-to-be who came to his popular eatery last Sunday.

Many area fathers spend part of last Father's Day making needed repairs and home improvements with those fun-to-use Shopmate power tools which Mother had the foresight to obtain from the First National Bank of Des Plaines. The offer by the First National Bank of Des Plaines is still on where you can obtain four useful power tools which consist of a 7 1/4 circular saw, a Sabre saw, orbital sander and a variable speed drill. By depositing \$200 or more, you get these great Shopmate power tools well below their regular selling price. (See their full page ad in this issue.)

President Nixon, by his trips to the Middle East, Russia, etc., proves the truth of the old adage, "When Things Get Tough - The Tough Get Going..."

And bicycles are really going around this area. And I notice many of these bicycles the kids are pedaling around town have lots of bright pennants on them with the name of Dempster Plaza State Bank. These pennants are a great safety precaution because no motorist can miss 'em. This can be the best buck you ever spent in your life for the safety of your kids. The Dempster Plaza Bank, Dempster and Greenwood, is offering the vibrant yellow safety pennants to everyone for only one dollar. (See their full page ad in this issue.)

Some friends of mine from New York City recently dined at the Fireside Inn, 9101 Waukegan rd., Morton Grove and left me this note in my mail box at the hotel:

"Dear Ed: Sorry we missed you - but we want you to know that we certainly enjoyed the food and hospitality of the Fireside Inn. We, as you know, in our business get around to all of the finest restaurants and hotels both here and abroad. But we must say in all sincerity that the excellence of both the food and service of the Fireside Inn was all that you said it would be - and more. It is, indeed, top drawer, and we shall recommend it to all of our friends, you may be sure. Coming from me, I'm sure you'll agree, it means something.

(signed) Edna & Dave Campbell"

It sure does mean something. You see folks, Edna and David Campbell are famous traveling gourmets, who write books and national magazine articles about the cuisine served by the most famous eateries in the world.

Search for All-American Band begins

The annual search for this country's outstanding high school musicians is underway with the opening of the 1974 McDonald's All-American High School Band competition. According to Paul Lavalle, director of the Band and the musical director of Radio City Music Hall in New York City, 102 top high school musicians - two from each state and the District of Columbia - will make up the group. 1974 marks the 8th consecutive year the All-American High School Band has been in existence, with new members selected each year. The Band is sponsored annually by McDonald's international restaurant chain.

The Band will play and march in the Macy's Thanksgiving Day Parade in New York City and in the Tournament of Roses Parade on New Year's Day in Pasadena, Calif. Its appearance in both parades will be broadcast on the NBC and CBS TV networks. The Band will also perform a moon-hour concert at Rockefeller Center in New York and parade thru Disneyland during the California trip.

Each high school band director in the United States - more than 21,000 - has been invited to submit nominations of his two best musicians. Lavalle and members of the All-American Band Advisory Board will make the final selections. The board includes Professor Al G. Wright, director of Bands at Purdue University; George A. Christopher, New York State Music Association, and other distinguished band directors.

The Morton Grove 'Champions' did it

A resounding victory by the Morton Grove Park District Soccer Team concluded the spring season.

Both teams, the Hanover Park Roadrunners and the Morton Grove Champions entered the contest with a perfect record; neither team had a loss in previous games.

It took only a few minutes and soon it was obvious that the Morton Grove Champions were the real champions. After two minutes of play, Eric Siegal as left wing received a good pass from David Goodman outplayed to opposing defenses and scored the first goal. Only a few minutes later David Schreier, inside left, received a pass from midfield, he took the ball to the 16 yard line and let go a shot that made the score 2-0 for the Champions.

The final score was 10-1 for the Champions with goals by Eric Siegal 3, Mark Witt 1, David Goodman 2 and David Schreier 4.

The entire team played their best game of the season and it was due to the excellent teaming of all the players that the forwards were able to score so many times during the season.

The game concluded the spring season in which the Champions scored 51 goals and let only 3 goals be scored against them.

Plan fete to honor zoning board members

The members of the Morton Grove Zoning and Planning Commission will be honored at a party Tuesday, June 25 at the Morton House Restaurant, 6401 Lincoln ave., in Morton Grove, according to Edward L. Wilander, President of the Citizens Party.

"The growth and progress of Morton Grove is due in no small part to the conscientious work of the Commission and its individual members," said Wilander.

Mayor Jule C. Bode, as well as elected and appointed officials of the Village will be present, and Mayor Bode will award plaques honoring the members of the Commission.

Mayor Bode praised the Commission, saying "growth and progress have been the pattern here in Morton Grove, yet at the same time, we have maintained the stable character of the community. Nowhere is there a Village which offers more to its residents: low taxes, excellent schools, abundant recreation, negligible crime or delinquency, outstanding police and fire protection as well as other municipal facilities."

"I extend an invitation, on behalf of the Mayor and our officials, to every citizen of our village to attend the party planned on June 25 and to help pay tribute to our Zoning and Planning Commission," Wilander concluded.

MD Carnival
Debbie Marcus is holding a Back Yard Sale and Carnival against Muscular Dystrophy. There will be children's games, prizes, a refreshment stand, and a large display of handmade items, such as candles, stuffed animals, jewelry, statuettes, plaques and other novelties.

The place is 7366 East Prairie, Lincolnwood, June 22 and 23 from 1 to 4:30 p.m.

and 6th innings with no threat of scoring.

This marked the sixth City Championship that Brebeuf has won in their eleven years of competition against teams from all over the Archdiocese of Chicago, which is one of the largest in the world.

In their eleven years, Brebeuf teams have compiled 141 wins against 13 losses for a 92% win percentage and eleven consecutive sectional championships.

Such an outstanding record is the feat of many. Of course the players and coaches of St. John's but also the Niles Baseball League. In the Niles Baseball League over 800 boys a year get their baseball background starting at 8 years old. Every boy on this year's St. John's team has been in the Niles Baseball League and bettered for the experience.

So many have reasons to be proud of these boys, for they have represented many: the parish and school of St. John Brebeuf, the Niles Baseball League, the North-west suburbs and the All-American City of Niles.

'Play Ball' as Girl's Marathon begins

The first ball of the 1974 Niles Youth Congress Girl's Softball Marathon will be thrown at 4 p.m. tomorrow, June 21. The game will continue for 55 hours, ending at 11 p.m. Sunday, June 23, and is one of the events this year to help celebrate the Niles Diamond Jubilee. This Marathon game is being played in an effort to raise funds for the Julia Malloy Education Center in Morton Grove for developmentally retarded children.

There will be about 185 girls from Niles, Des Plaines, Glenview and other neighboring communities participating in this Youth Commission sponsored event. The girls will be divided into three shifts and will play for four hours and be off for the next eight hours.

Opening ceremonies will be held Friday, June 21 at 8 p.m. and will be attended by the Niles Sainis, the Chicagoland semi-pro football champs, who will participate in a few innings of the softball game after the ceremonies have been completed.

Democrats . . .

line Clerks overwhelmingly were elected. They will join 105 other members from Illinois who will go to an off-year mini-convention in Kansas City Dec. 6 thru 8 to write a Party charter.

While Democrats have made headlines in recent years with their claim of opening up the Party to the rank and file it was clear Tuesday night the old horse trading and backroom politics was still in vogue in the 10th district. Matter of fact, Lynn Williams, who polled the highest vote, said he disapproved of the trading which did go on.

Forty six delegates from Evanston, Maine, New Trier, Niles and Northfield Townships cast 46 votes for 1, 2 or 3 candidates to be elected. Each delegate's vote was weighted, based on the number of Democratic voters in his township. Committeeman Williams received 30 of a possible 46 votes. Committeeman Sutker, 29 votes, and union official Dennis 26 votes.

While the alleged free and open voting had a choice of 12 candidates to be elected the tightly disciplined Nick Blase Township forces gave all their votes to these 3 candidates, except for 2 votes for Doris Wilson from maverick Tom Flynn, and from a strong equal rights supporter, Betty Ashman.

Niles Township Democrats had 8 stray votes of 30 cast and New Trier had 7 stray votes for other than the winners.

The mini-convention was created at the 1972 national convention which was under the reign of the "new politics" group of the Party. Old line Democrats were fearful they might lose control of the Party but Tuesday night's "business as usual" blew stale air from the backroom into the alleged open meeting.

Twenty year old Jay Beskin, a delegate from Northfield, told The Bugle he was disillusioned by the outcome. He manifested his displeasure by switching his

on Sunday evening, and will be attended by Niles Village Officials and Youth Commissioners who handled the necessary planning for the event.

The game will continue through any kind of weather. The only element necessary to make it a success is spectators. We invite anyone and everyone to come out and watch these girls play ball and give them your support and appreciation for their efforts.

vote from Williams after the result was announced. He said he through the night's procedure was "farical." Noting the recent Watergate fiasco, Beskin implied the country should be demanding a new type of politics. He said while this district was the wealthiest and best-educated congressional district in the country, he found it disillusioning two committeemen and a labor official would be chosen. He suggested a primary vote would be a better way of selecting candidates than this method.

Maine Township maverick Tom Flynn introduced a resolution Lynn Williams should withdraw in favor of a woman, Doris Wilson. But Williams, who chaired the meeting, laughingly brushed off Flynn's proposal as being out of order. And while Williams joked about his affection for women he said if he did step aside, which he had no intention of doing, he would step aside for his wife.

In interviews with The Bugle Committeemen Williams and Sutker both took exception to the implication of machine politicians being elected. Williams said he's never been a machine politician, and cited his opposition to Chairman Dick Daley at Central Committeemen meetings as proof of his independence. Answering criticism for the lack of younger participation he said the Democrats have "opened the doors" for them but they have to "walk in" to participate in the Party.

Committeeman Sutker voiced similar sentiments stating he agreed with Williams and others a primary election for delegates would be preferable. He said he was not an old line politician only serving 5 years in his present capacity. He said he believed the committeemen in the districts are deserving of representing their area since these "representatives reflect their district." He noted the 3 electees represent 250,000 Democrats in the 5 townships and felt their leadership has reflected their talents and commitments which led to their being elected.

Another man who may have had similar feelings was Edward Sabath, the auto dealer, who paid about \$800 a month rent thru these years, and yet was unable to operate his business. A rather handsome white-haired man, whose expensive clothes and very casual manner reduced his age by 15 years, told us, "I'd rather starve than do business in Niles." Not only was he burdened by years of non-productive rent receipts, but he would now have to dig into the well once more and come up with more green-stuff for attorneys who were part of the "no decision" case.

The players on the central stage were the lawyers, both around 40 years old, who were sparring with very weak punches, in a case which had very weak evidence. Niles attorney Dick Troy, who has recently been appointed attorney for the Chicago Park District, was shot down several times by the equally young judge, Arthur Dunne. When Troy tried to present photos showing the disarray of the property in question, Dunne refused to accept it because the photos were of recent vintage, not pertinent to the dates concerning the case. And during Troy's summation, the Judge abruptly interrupted Niles defense counsel and told him to discontinue reiterating what he had stated several times during the summation. Troy, deeply flushed by the Judge's curt remarks, outwardly kept his cool, though he was deeply abashed by the Judge's put-down. While Troy fought heroically, he seemed to be flailing at the wind, in attempting to make a case which rested solely on the credibility of the witnesses. And since the Judge said he was unsure of the witnesses' credibility, his dismissal indicated the weakness of the case.

There were two behind-the-scenes characters in this drama who were likely at the crux of this long-drawn-out case, landowner of the property, Dick Schaul and Niles Mayor Nick Blase.

It had been reported in past political activities in Niles the two men were in opposite corners which contributed to this recent altercation. But since we know both men quite well, we concluded 2 very strong-willed guys have been butting heads for many years and politics had nothing to do with their conflicts.

We first bumped heads with Schaul at the old Niles village hall when Schaul was owner of a restaurant-tavern next door to the hall. When we first campaigned against pinball machines in Niles, the tavern owners in town were quietly hostile toward our effort, since it was reported the pinball take in the village may have topped the million dollar mark for a year. But Schaul was the lone tavern owner who confronted us about the matter. He told me people in Niles were quite happy with the village being as it was, and he extolled the Mayor at that time, who allowed the illegal gambling to continue. He implied we should leave things as they were. We rather admired the guy. No other tavern-owner ever mentioned the matter to us. But knowing Schaul in subsequent years, we saw he had strong likes and dislikes and never hesitated letting you know how he felt.

In the following years he phoned, dropped over to the office complaining of several matters concerning his property or the area surrounding his land. One building violation on Harlem ave. incensed him and when he felt we were favoring Blase by not writing about the matter, he had The Bugle literally placed on his "enemy list." The following year when our salesman went in to his poultry store for the annual Thanksgiving ad, his son notified the salesman The Bugle was "persona non grata" and the ad program for several years ended.

While we cannot report on any relations Schaul had with Niles Mayor, we can guess at the hard-driving Schaul's confrontations with Blase. Schaul has lots of "chutzpah" or nerve, and we're sure Blase, whose fiery can be ignited quickly, eventually must have reached an impasse. Schaul's pushing and Blase's indignation must have bumped together many times which resulted in subsequent law suits. In 1968 Niles was ordered to give Cee Eddy a license to operate. This must be considered a Schaul victory. And while the message may seem somewhat twisted, nevertheless the "no decision" case Thursday prevented Niles from copping up \$150,000 in damages. Couple this with Sabath's remark he will never operate in Niles again, would have to be considered somewhat of a Blase victory.

Since Schaul has won one, and Blase can be considered Thursday's victor, you can anticipate the next round between these two men may be very decisive. Both guys have lots of money behind them. And both men have steel-stubborn temperments which can lead to such confrontations. It's sad guys like Salerno and Sabath both came out losers on these matters. But when 2 strong forces confront one another, the guys along the sidelines sometimes get dragged into the battle.

Schaul and Blase are now tied, 1-1. If either one scores again, it could be very decisive for either man.
