The tension was very evident Monday evening at the Niles Council Chambers as approximately 100 people gathered to watch the judging of the Diamond Jubilee Senior Citizen King and Queen.
As the six finalists were introduced by June Haase, who was chairman of the contest, they each took their seats and it was obvious the anxiety they felt.
The finalists for Senior Citizen Queen were Esther Larson, 77, Clara Raddatz, 80 and Grace Walsh, 75. The finalists for Senior Citizen King were Michael Augustyn, 75, Harold Hoeft, 80, and Edward Mollenhauer, 80. Their total age was 465 years.
Their comments, both very sincere and humorous, consisted of remarks such as "I'm grateful to be living in a village which has so much concern for their senior citizens and does so much to make the balance of our lives very enjoyable," and "I've never been a king and I just decided I'd like

More than 100 relatives and friends from near and far joined in the celebration of the 50th Wedding Anniversary of Mr. and Mrs. Otto Andler. Several members of the original bridal party attended including: Elsa Valen of Skokie; Mildred Miller of Lincolnwood; and Lillian Jerpe of Evergreen Park. The party was held at the home of the couple's son and daughter-in-law, Richard and Vera, of Niles, and their two children, Ariane and Alissa. Co-hosting the happy event was their daughter, Marilyn Wentz, also of Niles, along with her daughter, Renee, son Richard and his wife Janet.

Mr. and Mrs. Andler were long-time residents of Chicago and moved to Niles seven years ago.

Niles on list for new post office

Postal authorities Friday listed 31 Chicago-area northern Illinois and Indiana communities scheduled to get new post offices.

C. B. Gels, regional postmaster general, said the new structures will replace outdated or outgrown facilities.

The cost will be \$27 million out

of a total of \$121.7 million being spent to update Chicago-area postal facilities.

Construction is scheduled to begin in 6 to 18 months; after sites are acquired, Gels said.

Communities to receive new post offices include Niles.

Residents of Unincorporated East Maine and surrounding municipalities will have an opportunity to register for the Nov. 5 elections at a mobile unit from County Clerk Stanley T. Kusper's office, Tuesday, July 9, 8809 W. Golf rd., Des Plaines from 1 p.m. to 8 p.m.

Arrangements for the special registration were made by Norman Dachman of Niles, Democratic Candidate to the Cook County Board of Commissioners. "The election on Nov. 5," Dachman stated, "is important to each and every one of us who reside in suburban Cook County. Harry Truman said that people are waking up to the fact that this is their government and that they can control their government if they get out and vote on election day. That is all they need to do... County Government directly affects many of the problems that presently exist in this part of the county. To help do something about our problems," Dachman continued, "it is important that we encourage all eligible voters to register, if they have not done so before."

For further information concerning registration and eligibility to register at the mobile van call Norman Dachman at 965-0507.

Niles Days Festival to feature 'Family Fun'

Wednesday night, July 17, is a very special night. Almost every ride will be reduced in price to only 25 cents.

There will be open cooking,

plenty of beer and soft drinks, music and just plain old visiting with friends.

A new feature this year--The Treasure Chest--has been added. Over 10,000 keys have been mailed to residents. There are over 500 winning keys. Anyone whose key opens the special lock on the chest will receive a prize.

So, for family fun, treats, surprises and raffles, visit the Niles Days Festival at the Treasury. Join the festivities celebrating Niles' Diamond Jubilee.

There's enough paper for all

Dear Editor: Nowadays honesty is a policy that is hard to find. I was greatly disappointed recently to hear that this lack of honor had found its way into the Boy Scouts.

Since April 6, 1974, the Niles Township Reclamation Center has been having paper drives every 2 weeks. These drives are conducted in the same area each weekend. From what I understand, the project has been somewhat successful. However, the June 1 paper drive encountered some difficulties. Upon reaching their paper area in Niles, it was found that Cub Scout Troop #175 had already picked up their paper. When the workers of the Reclamation Center asked if they could have their paper, they were curtly told that the Scouts had decided to have a paper drive.

The Recycling Center picks up paper from an area covering about 5% of the Niles residential area. Surely there is enough paper in the other 95% so that the Scouts do not have to "borrow" paper from an area that has been established as part of a project of another youth group. The Scout Oath says that Scouts should be "morally straight." Surely capitalizing on the hard labor of others does not fall into this category.

I realize that the Scouts, like most organizations, are in need of

money. But to let the Recycling Center go through all the advertising costs and labor and then take their paper... well its hardly honorable. As a supporter of the Scouts, I hope that they will raise their heads and take advantage of the 95% of the community which is untapped. Honesty is the best policy and there is enough paper for all.

Sincerely, Annie Engelhardt 6912 W. Dobson st., Niles

Proud of Niles

Dear Sir: I find it a great pleasure living here in the Village of Niles, because of the many championships created in the many sports. Baseball, football and any one we could mention, but the champions who I find most exciting are my neighbors.

Regardless of their affiliations, they are always helping the needy, the blind, the retarded and the Senior Citizens.

With so much good leadership in our parks, we will keep this good citizenship growing in our young people.

In closing I might add the newspaper that brings this fact to us is mighty professional, too.

Respectfully yours, George C. Hall 8435 N. Milw. ave., Niles

Perseverance and team spirit exhibited by softball marathoners

The 1974 Niles Youth Congress Girl's Softball Marathon is over, and for a change, it rained. Though the weather was extremely bad during the entire weekend with heavy rains and cold temperatures, 185 girls from Niles and surrounding communities put forth their best efforts to raise funds for the Julia Molloy Education Center for developmentally retarded children in Morton Grove.

These girls screamed and cheered until the very end, urging their team on to victory. They played even though it was too cold or wet for anyone to come and watch and they are to be commended for their efforts.

The Marathon game began at 4 p.m. on Friday, June 21, with opening ceremonies at 8 p.m. After the posting of the colors by Boy Scout Troop 273 from Nelson school, Niles Youth Commission Chairman Ambrose Panico introduced Niles Village Manager Ken Scheel, Village Clerk Frank Wagner, Trustees Abe Selman, Ralph Bast, Richard Hareczak, Keith Peck and Peter Pesole, Park Ridge Mayor Martin Butler, Morton Grove Mayor Jules Bode, Glenview Mayor Ed Patten, Niles Park District Acting Director William Hughes, Park District Commissioners Jack Leske, Millie Jones, William Keener and Walter Buesse, Niles Youth Commissioners Kurt and Nancy Redig, Jim Slowik, Richard Aviano, Richard Machnowski, Mary Ann Massari and Rhoda Salins, Niles Days and Diamond Jubilee representative Ed Brasch, and the following representatives of the Julia Molloy Education Center: Mrs. Arlene Matkin, principal, Mr. Bo Paprocki, Physical Education Department, Mrs. Fern Frank, teacher and parent, Miss Micki Liston, teacher, and students Michael Frank, Howie Greenstein, Debbie Vasquez, Debbie Gordon and Terry Weinstein. At this point Chuck and Barbara Morris, former chairman and secretary of the Youth Com-

mission, were introduced and then the official "First ball" of the game was thrown to Terry Weinstein and Michael Frank, students at the Julia Molloy Education Center. The Niles Saints were then introduced and played several innings of softball against a team of the girls.

During the course of the Marathon weekend, raffle tickets were sold for a grand prize of an RCA 18" color television, as well as for a blender, a women's hair dryer and a cassette recorder. The drawings were held Sunday evening and Ronnie Hein of Niles won the blender, Mr. Dama of Niles won the hair dryer, and Richard Machnowski of Niles won the cassette player and donated it to the Julia Molloy Education Center. The television was won by H. W. Shelby of Chicago. In addition, a special drawing was held from a list of all the girls who played in the Marathon and Sue Pascente was the winner of a

watch donated by Youth Commissioner Michael Provenzano. Closing ceremonies were held Sunday evening at 11 p.m. after a total of 285 innings had been played. The final score was 477 for the Gray Sizzlers and 440 for the Blue Bombers.

It is impossible to thank every one individually who participated in this Marathon, but special thanks go to Donna Bavaro, Mary Ann Massari, Linda Orr and Gail Schnirer who organized the girls into their schedules and kept the game going. Though all the Niles Youth Commissioners worked unendingly during the course of the Marathon, special thanks go to Richard Machnowski (Mouse) for his constant efforts to tie things together. Naturally, many thanks go to all the coaches, umpires and volunteers who worked in the concession stand and on the speaker's platform, and not to be forgotten are the many local business establishments who so gen-

erously donated food, money and other merchandise to the Marathon, including Booby's, Lum's, Holsum, Boy Blue, Carvel, Minelli's and McDonald's. A very, very special thanks goes to the Niles Park District for their constant efforts to keep the field in playing condition through all the rain Saturday, as well as for their cooperation in setting up this Marathon. The Niles Public Works Department is also to be commended for all their efforts and assistance in making this Marathon work.

The Niles Youth Commission thanks each and every person and organization who made this Marathon possible and apologizes for anyone not individually listed above. Final figures are not available, but a presentation will be made to the Julia Molloy Education Center in the near future. In the meantime, talk has already begun on preparations for next year.

Golf Mill Chrysler Redlegs 5, **Schmelsser Meats Red Sox** 1. Despite a layoff of almost 2 weeks, the Redlegs looked sharp in downing the Red Sox 5 to 1. Gary Marshall pitched for the 1st time this year and went 2 strong innings. Also pitching very well for the Redlegs were Dave De Lorenzo and Ron Reeve. Mike Maloni helped defensively by throwing out Al Cohn from deep right field when Al tried to stretch his 2nd inning single.

Red Sox continued in their winning ways by defeating the White Sox 10 to 8 in extra innings. Home runs by Phil Chin and Steve Morgan of the Red Sox, and fine defensive play by 3rd baseman Phil Wax, helped towards the victory. Jim Elliot and Bill Quallardi of the White were superb in their fielding.

The Orioles stayed in the thick of the race by taking the White Sox 21 to 11. Home runs by Dave Kaye, Mike Kulas and Kurt Goebel. Pitching duties were shared by Jim Kelly and Craig Stone for the winners.

White Sox again lost a close one to the Tigers 7 to 6. The Tigers scored two runs in the bottom of the 6th to erase a 6 to 5 White Sox lead and win the game. Bob Dickman drove in the winning run and had two hits along with Dave Christenholz and Jim Boring. Winning pitcher Don Pieper collected three hits including a clutch single in the last inning.

Orioles pitched 5 hit ball. John Leazer was 3 for 3 and Craig Stone 2 for 3 for the winners. Mike Ziegler drove in two runs for the Indians with a double.

Dave Reuter of the Tigers had a perfect day at the plate, 2 for 2 including a triple. Mike Ladin of the Yankees cut off a Tiger rally by making the catch of the game in right field.

Surprise? Surprise? The winless Indians put it all together and won their first game 6 to 4 over the second place Yankees. Dave Richman pitched 4 innings, holding the Yanks runless while striking out 7. Mike Ziegler and Mike Oswald had 2 for 3 for the winners. Dennis Callaghan and Chris Wheeler continued on their hitting ways. Both had 2 for 3 and one of Callaghan's hits was a home run.

Niles Family Service Thought For The Week

HOW DO I TELL MY CHILDREN ABOUT DIVORCE

One of the most perplexing problems initially facing a divorcing couple is how to tell the children about the divorce. It's hard to accommodate the needs of a child when you are going through an emotionally draining period. However, no matter how self-involved you are, it is crucial to sit down with your children and explain what is happening. Otherwise children will take their cue from parents and never ask questions and instead assume that they are somehow causing trouble. As one child I was working with said, "I always thought my parents divorced because of things I did. Before I was born, they got along fine." The parent with custody of the children was dumb founded about this remark. She thought the children never asked about the divorce because they were too young to understand.

As long as your children are old enough to talk with you, you can explain that mom and dad aren't able to get along and therefore are going to live in separate places. Allow time for questions and encourage the children to talk about their reactions to the break-up. Divorce marks the death of the marriage and like any death requires an appropriate mourning period. Unfortunately, it is easier not to discuss the loss than to discuss it.

Perhaps the most difficult thing for a parent to do after a divorce is to allow the children to see the other parent positively. The other parent does not have the same burdens and pressures so of course it is engaging when despite all of your efforts the children see that person more positively and give you a hard time. The most natural feeling is to want to tell the kids what a lousy, irresponsible person that other parent has often been. However, making that move just puts the kids right back in the middle between the parents and confirms the kids fear that they are causing the trouble.

Remember, give the kids a proper mourning period where the marriage is talked about and questions answered. And don't think that the legal ceremony of divorce ends your emotional relationship with your spouse. A lot of unfinished business remains to be dealt with.

Next week I will discuss the impact of the death of a relationship on the spouse - the actual mourning process that usually occurs. If you have any questions or comments, please write or call me at Niles Family Service, 966-1640.

OUR FIRST HOME ON DEVON

20 YEARS LATER
OUR HOME TODAY
ASSETS JUNE, 1974
\$80,000,000

2720 W. Devon ave. has been "home" to Cook County Federal Savings and Loan for the past twenty years. On Tuesday, June 29, 1974, the Association concluded the business of the day at Claremont and Devon aves. and with speed and efficiency on July 1 opened for business at the present address.

With assets of \$4,000,000 and a desire to serve the community, the financial institution grew, in less than 6 months, to just under \$12,000,000. Many of the gifts given at the opening are still in use, such as the customer who related that she is still using the iron which she received from Cook County Federal Savings.

The two story colonial structure was built from architectural plans by Graham, Anderson, Probsts and White, Inc. The new building replaced earlier plans to move into the Northtown Post Office Building at the northwest corner of Devon and Talman aves. The opening drew city-wide attention with the mayor of that time, Mayor Martin Kennelly, attending the ribbon cutting ceremony, assisted by the former 50th Ward Alderman, Robert Bremmer.

Cook County Federal Savings and Loan is now an \$80,000,000 Association and still growing and serving the community. The "Preamble" adopted by the savings institution in 1954 is still most apropos in 1974.

"Our task is to provide the best financial and thrift institution for our community; To encourage and educate our neighbors to Practice Thrift and provide for them the safest place for their life savings. To help build a better community in which to live, to work and to play; To be a strong force in perpetuating American morals and ideals and to constantly increase our principle with principles; To help every American own his own home. To this the Board and Staff of Cook County Federal Savings are dedicated.

The President, Clayton L. Johnson, is a resident of Morton Grove and has been a part of the Association since 1949.

They were a delightful looking couple as they stood there, obviously very proud and very awed by all the commotion around them. They were each presented with a \$25 check by Dorothy Tyse, co-chairman of the Diamond Jubilee and also another \$25 check by Ed Brasch, Niles Days chairman. Queen Grace also received a lovely diamond pendant, a French telephone, a plaque which her name would be engraved and a bouquet of red roses. As she stood there looking very regal, King Edward received a diamond stick pin and a Rolls Royce radio, and also an engraved plaque. Queen Grace commented that when she first read about the contest, she had a feeling she should enter since both she and the Village of Niles were celebrating their 75th birthday this year. King Edward, who has been married 53 years, commented that even though he was a little hard of hearing, he felt "he was in good condition for the shape he was in."

The two queen runners-up, Mrs. Esther Larson and Mrs. Clara Raddatz each received a lovely corsage, a charm which had been appropriately engraved "Diamond Jubilee Queen Finalist" and a check for \$10. The two Kings runners-up, Michael Augustyn and Harold Hoefft each received a boutonniere, a tie pin and also a \$10 check.

The evening was completed with the serving of refreshments which consisted of a lovely decorated cake which read "Congratulations Senior Citizen King and Queen," punch, cookies and coffee.

Plans are being made for July Market Days and Sidewalk Sales. Market Days will be held July 8 thru 11, and the Sidewalk Sale will be held July 12, 13 and 14. This sale will terminate definitely on the 14th.
Once again the Morton Grove Chamber of Commerce will have its Expo. Bob Eick has accepted the Chairmanship again. The date and place for the Expo '75 will be announced in the near future.
The American Legion Crazy Daze Carnival will be held on the grounds of Cook Electric, at Lehigh and Oakton, July 11 thru 14. We hope that Chamber members will support this Legion event, the proceeds of which are used for the Legion's many fine activities.
The Morton Grove Days Committee will hold a circus this year, also on the grounds at Cook Electric, and again the proceeds will be used for the benefit of our village in some way.

A-Lo has met its calling

A-Lo Answering Service would like to extend their thanks to the businesses as well as the residential clientele of Skokie, Morton

Grove, Lincolnwood and Niles, who have let us service them and help to make our business grow and expand in many new directions. Through our answering service we have found that we could implement other business needs such as secretarial service, bookkeeping, mail drop, addressing, advertising, promotions, wake up service and other miscellaneous service needed to operate a business.

This is the first time, that we know of, that a company has tried to unite its facilities for the operation of small businesses as

well as large, in order to accommodate the needs to help a business operate properly and grow to its full potential. We feel small business can operate on a big business level, with these facilities available to them as well as helping big business during their busy season to cut down on hiring additional personnel on a temporary basis.

One of the most unique features about A-Lo is that it's completely female orientated except for its owner, Mr. Sherwin Robin, president of the company. Women are being given the oppor-

tunity to show their executive abilities in surroundings that in the past have always been dominated by men. There is no question that women have always been the workers in a corporation set up but very seldom had the opportunity to show their leadership.

We hope to prove in the near future that these type of services will help to show an increase in business profits and provide the service you need, when you need it!

When you need an extra hand remember A-Lo has all the hands you need.

'Confusing' economy according to Norwood Federal

"The past six months have possibly been the most confusing period in our nearly fifty years of service to the community," according to Norbert F. Babicz, President, Norwood Federal Savings and Loan Association, 5813 N. Milwaukee, Chicago.

"At times it seems as if all the basic economic laws are being turned around completely. Seldom, if ever, have we seen unemployment rising, while interest rates and prices continue to soar," Babicz continued. "The prime rate—the interest charged

on loans to the largest corporations in the country—has surpassed the 11% level, the highest ever recorded, and of course, rates to less substantial borrowers are even higher. Normally, this would have a real dampening effect on the economy, resulting in a parallel curbing of inflation. But, this doesn't seem to be happening, and the outlook remains bleak, at least for the near future."

"All of these factors, coupled with such events as the energy crisis, make it very difficult for

managers of savings institutions as well as individual savers. Possibly the worst effect of the entire situation is the drying up of mortgage funds, which has affected not only the family seeking to buy a home, but the whole construction industry as well," Babicz observed.

As far as the individual saver is concerned, there are so many different ways to invest his hard-earned dollars that it is almost impossible to make a correct decision, Babicz pointed out. "Norwood Federal is paying the

highest returns on savings that are permitted under the law. However, the Federal government is offering even higher rates on short-term securities such as treasury bills," he stated. "Thus, on one hand, the federal government tells us we cannot pay more than a specific interest rate, while on the other, the same people offer a better return. It is difficult to understand what is being accomplished by this besides confusing everyone concerned."

Because of the differential in permitted interest that can be

paid on savings and the rate returned by government securities, a phenomenon called "disintermediation" has been taking place. "Though a big word, disintermediation simply means that many people are taking savings out of savings and other financial institutions, and buying securities directly from the government to get a better interest rate," Babicz explained. "Of course, this reduces the amount of money institutions such as Norwood Federal have to lend, particularly for mortgages on single family dwellings."

Based on the law of supply and demand, it would be logical to assume that as the available supply of money dwindles, the price to borrow that money would rise. Commenting on this obvious fact, Babicz observed: "This is exactly what is happening to interest rates. They are at a very high level, with one exception: the amount charged for mortgages. Once again, a law prevents savings and loan associations from charging more than 8% per year for a mortgage. Thus, while some financial institutions are getting more than 11% for loans to such giant corporations as General Motors, associations such as ours are restricted to 8% on the principal types of loans we make. The result? There is a definite shortage of available money to finance homes."

Asked about the future, Babicz concluded: "Anyone foolish enough to make predictions about our chaotic economy shouldn't be in a position of responsibility. But, I can speak for Norwood Federal Savings. We will continue to use our imagination and abilities to provide our customers with the best value for their dollars available from any financial institution. We, like millions of others, can only hope that the many crises facing the country will be resolved by prudent means, and hopefully, in the near future. We believe in the average working man and woman, and we're certain that their views will eventually prevail. When that happens, the country will regain some sense of normalcy where a fair return on savings plus readily available mortgage money will be the norm as they have through so many years in the past. And, when the consumer begins to rebel by buying only those goods and services he absolutely needs, where these are priced fairly, we believe inflation will be brought under control. As one of the national advertising campaigns states: we are bullish on America, and we look forward to many more years of providing savings and loan service for our growing family of customers, coupled with the sound management that has been the hallmark of Norwood Federal since we opened for business in 1927."

New organization of Niles Jaycees

As the City of Niles celebrates its 75th year, it also welcomes the birth of a new organization. The Niles Jaycees have formed and are in the process of organizing several civic projects as well as their Charter night celebration.

Temporary officers have been elected as follows: Terry Shevelenko, President; Rich Boyce, Secretary-Treasurer; Internal Vice President, Neal Kosnoff and External Vice President, Peter Palermo. The temporary officers as well as other members were inducted at a recent meeting by Robert Sturgeon, President of the Illinois Jaycees. There are approximately 300 Jaycee chapters serving communities in Illinois and approximately 250,000 Jaycees in the United States.

For those that are not familiar with the Jaycees it is a young men's civic organization, encouraging in its members a spirit of genuine Americanism and civic interest. It also offers its members the opportunity for personal

development and achievement and serves as an avenue for intelligent participation in the affairs of the community, the state and the nation. It offers ample opportunity for young men to serve the community and at the same time obtain leadership training thru active participation within the Jaycee organization.

The only qualification for being a Niles Jaycee is that a young man be between the ages of 19-35 inclusive and be either a resident or employed in Niles.

According to Terry Shevelenko, temporary President, there is still an opportunity to become a Charter Member if one joins before the Charter Night scheduled for August.

All interested are invited to attend the next meeting of the Niles Jaycees to be held at 8 p.m. on Wednesday, July 17, at the Niles Recreation Center, 7877 Milwaukee, or they may call Shevelenko at 966-3348.

EVANSTON FEDERAL ANNOUNCES GIFT PROMOTION TO SAVERS

While work continues on the remodeling of its building on Fountain Square, Evanston Federal Savings announced a special incentive promotion for savers. This promotion announcement was highlighted among other activities in a newsletter to savers being mailed this week by the Association.

Among the activities initiated in recent weeks was the opening of the Association's first branch office at 9509 Milwaukee ave., opposite the Golf Mill Shopping Center. In describing this operation, Robert E. Schrader, President, wrote, "Staffed by experienced personnel from our home office on Fountain Square, the

new branch is available to service all customers for both savings and mortgage loan transactions."

The special promotion is intended to encourage savers to open new savings accounts as well as additions to existing accounts, Schrader stated. Supported by direct mail advertising and newspaper ads headlines, "Super Setting for Saving," the promotion features useful premium items and the highest interest rates paid on savings from 5 1/4% per year on regular pass-book savings to 7 1/4% per year on four year savings certificates. The promotion will offer 20-piece dinner-ware sets in two attractive patterns, a 50-piece stainless steel tableware set, and two styles of Kromex serving trays.

The remodeling program at the home office is moving into its final phase, Schrader reported in the newsletter. The second floor has been finished and the lower level is nearing completion.

"Work will start shortly on the first floor," the newsletter concluded, "the last phase of our remodeling. This area will contain greatly expanded Teller and Savings Department facilities which will be the most modern and spacious of any in the north suburban area."

While work is progressing on this improvement, business will be conducted without interruption and with a minimum of inconvenience to savers, Schrader pointed out.

chele and Gene Landon; ham and bacon, Dan Scanlon; zoo parade, a double booth being chaired by Maynard Beutler; transportation items, the Gun Club; jingle board, Dick Hellestrae; electric, Tony D' Angelo; sport equipment, Jack Phillips; and bride doll booth will also be available.

Art students take national honors

Maine East Principal John Clouser and Mr. Stanley Whitley, art department chairman, received word that four Maine East art students have won top honors in the national Scholastics Art Competition.

According to Mr. Clouser, "These young artists have won these awards in competition against thousands of high school art students from all 50 states. We are very proud of them."

Judy Gagliardi of Niles won the Gold Medal in printmaking. Her etching, titled "Art Room," depicted a typical classroom in the art department.

Her art instructor, Mr. Robert Cobb, said, "Judy is a most remarkable girl, and her etching was excellent, representing many hours of her time. I am glad to see her rewarded in this way."

Tabby Gries of Morton Grove was awarded the Gold Medal in pencil drawing for her rendition of the interior of a cathedral.

Mr. Kenneth Orstead, Tabby's art teacher at Maine East, says of her: "She is a very outstanding young lady and an excellent artist. I am very proud she is representing Maine East."

Sophia Krstekos of Niles earned the Gold Medal in watercolor with a rural landscape.

The last of the four nationally recognized art students at Maine East is Adolf Schaller of Niles. He was named winner of the Hallmark Honor Prize, top award in the show, and received a check for \$100 from Hallmark, Inc.

Adolf's art teacher, Mr. David Wahlgren, commented, "Adolf is one of the most advanced art students we have ever had at Maine East and his winning of the highest award in high school art is no surprise."

This marks the third year in succession that a Maine East art student has won the national Hallmark Award.

Kubisen receives DuPont Fellowship

Steven J. Kubisen Jr. is Cornell University's second recipient of a \$10,000 DuPont Graduate Fellowship, according to Gordon C. Hannum, chairman of the Department of Chemistry. The award money will go to Harvard University, where Kubisen will do graduate study, to cover tuition and living expenses for the first two years.

The DuPont Co. established the scholarship fund in 1973 as a result of "its concern about the decrease in federal funds for support of graduate education in science and engineering." DuPont will award grants totaling almost \$3 million in 1974 to outstanding student intending to pursue graduate study in the experimental natural sciences and traditional engineering.

Cornell is one of a small group of colleges and universities chosen by DuPont to select a fellow for the 1974 award. The University will receive \$1,000 for its participation in the program.

Kubisen, a senior chemistry major, has been doing research on the synthesis of organic molecules with Prof. C.E. Wilcox for two years. In 1973, he worked on the development of a method of synthesis using "cool plasma" (150 degrees C, compared to 2,500 degrees C for normal plasma). Through is method, certain molecules may be synthesized in one step, representing a considerable time saving over other multi-step methods. This year, he has been attempting to synthesize a thermally stable derivative of a compound of theoretic interest.

He is the son of Mr. and Mrs. Steven J. Kubisen of 8916 Oconto ave., in Niles.

Bridge winners

24 couples participated in bridge this year as part of the Maine East Mothers' Club yearly activities.

At the group's end-of-the-year luncheon, bridge winners and new chairmen were announced. Bridge winners were first, Lois Stauffer and Shirley Turek; second, Jan Steworth and Pat Pepony; third, Nan Hamback and Marlon Savides; fourth, Delores Marbach and Hazel Cushman; fifth, Doris Emrath and Clemola Shellabarger; sixth, Barbara Zinn and Adrienne Sprig; seventh, Penny Ostling and Gerry Payson; eighth, Barbara Milling and Dorothy McConnell; ninth, Nancy Gustafson and Joan Tompkins; and tenth, Norma Palumbo and Inger Kemp.

Cash prizes were \$20, 15, 10, 8, 7, 6, 5, 4, and 2--plus \$2 for monthly high score to be awarded only once per couple.

New chairmen elected are Lois Stauffer and Shirley Turek.

Teachers in Art Festival

During the week of May 12, two Maine East art teachers, Robert Cobb and Chip Wulff, were among some 40 artists invited to show their work at the sixteenth annual Arts Festival and Auction at the Third Unitarian Church in Chicago.

Mr. Cobb showed both drawings and prints while Mr. Wulff showed ceramics and sculpture.

Niles Elementary North Art Festival

Niles Elementary School North recently concluded its annual May Art Festival. The dates of the festival were May 20 thru 28 and included art projects completed by students throughout the school year. Many variations of art were exhibited including clay pottery, rugs, paper mache, acrylics, pastels, sculptures, prints, collages, water colors, tempera paintings, weaving, pen and ink, plus much more. The Parent-Teacher Association awarded gift certificates, plus first, second and third place ribbons were given in each area. The three most outstanding artists chosen this year were: Janice Sierzga, grade 8; Sue Hoeft, grade 8 and Kathy Sobczak, grade 8. Under the direction of Mrs. Carol Garast, Niles North Art instructor, these three girls did an excellent job in various areas of art including rug making, print-making, drawing and painting.

MIKE KALINYEN - SINGING STAR BUT NO PRIMA DONNA

What makes community theatre successful is that everybody pitches in. You may be the star in one performance and the prop man in the next... and there's no room for prima donnas. Proof of this came recently when singing star Mike Kalinyen (r.), 9250 Emerson, Des Plaines, was up on the roof of Guild Playhouse helping install a new ventilating fan. Michael plays the leading role of Tony in the musical "Most Happy Fella" which opens Des Plaines Theatre Guild's 29th consecutive season in September.

Other handymen involved in the project, designed to make audiences comfortably cool for the Summer Festival of Theatre in July, the DPTG board members Jim Beddia of Buffalo Grove (l.) and Mert Staley of Palatine (center). Beddia, immediate past president of the organization, will be executive producer for the coming season, and Staley is on the technical committee.

Theatre fans are invited to dress casually and enjoy the musical. 1 Do! 1 Dol and three avant-garde one-act plays on weekends from July 12 thru 28. Tickets may be reserved by calling the box office, 296-1211, daily except Sunday from noon to 8 p.m.

'My Fair Lady' seeks props

"Does anyone have a stuffed owl or a stand-up telephone?" comes the cry from the *My Fair Lady*'s prop chairman. The musical will be presented by the Township Community Theater on July 26, 27 and Aug. 2, 3.

My Fair Lady, Lerner and Loewe's dazzling Victorian period piece, demands not only a cast of 70 and a crew of 20, but also a large number of props. Props are the material objects that lend physical authenticity to stage productions.

Props are divided into 3 types: hand props, those manipulated by the actors; set props, such as tables, lamps, and armchairs; and decorative props, such as columns and stairways. *My Fair Lady* demands an abundance of all three.

In charge of acquiring and/or fashioning the hand and set props is Lisa Kornbluth, a Niles West graduate and a junior at Northern Illinois university. She is assisted by Bridget Jennings, a student at Niles West.

Lisa's biggest concern is keeping the large number of props intact and accounted for. She adds confidently, "I am working doubly hard to do just that, and I would like to hear from anyone who might have an article to lend to the production. It would be well cared for and greatly appreciated."

Anyone can check the list of articles needed for the show by calling Mrs. Kathy Burke, the publicist for the production, at 966-3800, ext. 403. Inquiries are welcome.

My Fair Lady will be performed on July 26, 27 and Aug. 2, 3 at 8:15 p.m. in the Niles West air-conditioned auditorium, Oakton and Edens Expressway, Skokie. Admission is \$3. Tickets are now available in person or by mail at 7700 Gross Point rd., Skokie, 60076.

A performance for Senior Citizens will be given on Sunday, July 28 at 2 p.m. Donation is \$1.50. Tickets are available by calling ext. 444.

Organ contest winner

The children got the idea for staging their event from Ronald McDonald who is promoting MDAA Carnivals on television and at local participating McDonald's Restaurants.

Last year, in cooperation with Muscular Dystrophy Associations of America, 42,65 carnivals were held by children across the country, and over \$1,259,753 was raised for MDA's research and patient service programs.

Flynn files complaint with FCC on RTA discussion

Thomas Flynn, 4th District Democratic State Representative Candidate, today announced that he had filed a complaint against ABC-TV, Channel 7 with the Federal Communications Commission. Flynn said that on Friday, June 14, Rep. Eugene Schlickman appeared in a live interview with Channel 7 political editor Hugh Hill on the subject of the Regional Transportation Authority. According to Flynn, the interview was based upon the Waukegan court decision declaring that the wording of the RTA referendum was vague and thus unconstitutional but that Mr. Hill and Rep. Schlickman went beyond the court decision and discussed other aspects of the RTA including political campaign opinions of Rep. Schlickman. Flynn then requested equal time from Channel 7 and was refused equal time by the Channel 7 6 p.m. news director. Flynn then filed his complaint with the FCC. Flynn stated, "My complaint against Channel 7 news is that Mr. Hill allowed Rep. Schlickman

to go beyond the subject of the court decision. In effect he allowed Rep. Schlickman five minutes or more of prime time TV to expound on his political opinions of the merits of the RTA. The RTA is now law and not now before the Illinois Legislature. The court decision concerned itself legally only with the question of the legality of the wording of the referendum and not with the merits of the RTA itself. To allow Rep. Schlickman the opportunity to express his opinions and to refuse that same opportunity to Thomas Flynn, a Democratic Candidate for State Representative in the 4th District, is in my opinion a gross violation of the long established principle of equal time. However, there is also a far more important question here that must be answered by ABC-TV. The air waves that transmit the ABC-TV news programs belong to the citizens of the United States and not to the corporate owners of ABC-TV. It is fundamentally unfair and unjust

to allow one candidate for public office the opportunity to expose himself to a television audience and then refuse that same opportunity to the candidate's opponent. ABC-TV has no right to pick and choose what candidates for public office it will allow to appear on its news programs. The air waves belong to all the citizens and every citizen should be given equal protection under the law as well as due process under the law of the United States. A non-incumbent candidate for public office has a fundamental moral right to be treated equally by all media and especially by radio and television because their air waves used for transmission belong to the people. I will do everything necessary to protect the rights of the citizens and candidates for public office including going to the Federal District Court and filing suit against ABC-TV. The question must be answered determining if political speeches delivered under the guise of news are in fact protected by the 1st amendment or are in fact a denial

of equal protection to the non-incumbent. I intend on getting an answer to that question." Flynn ended his remarks by saying that if the FCC refused to conduct a hearing on his complaint he would seek legal redress by filing a suit in Federal District Court.

Goss named Young campaign chairman

Howard Goss, President of Transco Corp., has been named Chairman of the "Young for Congress - 1974" campaign committee. Goss, of Wilmette, stated that "I have volunteered to serve as Congressman Sam Young's campaign chairman out of a deep devotion to the people of this district and the desire to help lead a restoration of confidence in the American system of government. Sam Young represents this district and its views, meets its needs and is one of the hardest working, honest men in Washington. I am going to lead the same kind of campaign." Prior to his position as President of Transco, Goss served as a Certified Public Accountant for 13 years. Goss is a member of the New Trier Township Republican Organization, the Young President's Organization, Congregation B'Nai Emunah of Skokie and the Covenant Club of Illinois.

Young names contest semi-finalists

Rep. Samuel H. Young has announced the 13 semi-finalists in the Spirit of '76 Essay Contest. Sponsored by Congressman Young, the contest provided the opportunity for area high school students to prepare essays on the objectives and goals of the United States through the year 2000. The semi-finalists representing nine 10th Congressional District high schools are: Patricia Gales, Maine North; Scott Cooper and Don Webster, New Trier East; Jane Weaver, Maine South;

Glenn Farley, Maine East; Karen Huelsman and Sharon Hejza, Regina; Davis Breskin and Douglas Warren, New Trier West; Bruce Beebe and Shari Olenick, Glenbrook South; Michael Jacobs, Niles North; and John Lewis, Niles West. Two finalists will be selected from the 13 Spirit of '76 semi-finalists. The grand finalist and runner-up will receive an all-expense paid trip to Washington, D.C.

Fire hydrant maintenance program

Starting next week, the North Maine Fire Department will start a program of fire hydrant maintenance in the North Maine Fire Protection District, in cooperation with the Domestic Utility Services Company. There will be two parts to the program. In the first part of the program the department will be making inspections to determine if the fire hydrants are in good operating condition. The hydrants will be flushed to get rid of any foreign material, checked to see that they flow freely, all threads

will be checked for damage, and all threads will be lubricated. The Domestic Utility Services Co. will repair all hydrants that need repair. In the second part of the program the department will be painting the hydrants. The paint will be furnished by the Domestic Utility Services Co. The tops and caps of the hydrants will be painted with a white paint so that they can be easily seen at night. During the program the Department will be checking to make sure that the fire hydrants are not hidden from view or ob-

structed. If hydrants are hidden from view or obstructed, owners and residents of the property will be notified to remove the obstructions. Hydrants that are hidden or obstructed could seriously hamper the Department's operations in case of a fire. Due to the amount of fire hydrants involved, the program will take a considerable amount of time. The Department will be working on the fire hydrant maintenance program when time is available from the department's other programs.
