SUMMERTIME... AND THE LIVIN' IS EASY.

One of the best fun days you can have during the warm months of July and August is to seek out a County or State Fair. It's a great time for just 'moseying' around at a very lackadaisical pace. Leave your watch at home, but bring your curiosity and appetite along, for a great summer's day and nite.

The first County Fair in the area is July 24 thru 28 at routes 45 and 120 in Grayslake. Horse shows, hot rod racing, a demolition derby and tractor pulling races highlight the Fair. Adults pay a \$2 entrance fee while children under 12 are admitted free.

The Du Page County Fair runs from July 25 to 28 at the fairgrounds in Wheaton. Ostrich and camel races as well as tiger wrestling are featured. Two rodeo performances are also included on the bill of fare.

In Kane County at the fairgrounds at Randall rd. in St. Charles, TV's Ned Locke will be headlined. A petting zoo of baby animals will also be featured. The fair runs from July 31 thru Aug. 4. An antique car show, a horse show, a demolition derby as well as an auction of blue ribbon derby livestock winners will be highlighted.

If you want to get away this weekend the Peoria Fair runs thru July 20.

Heading south into Indiana Goshen hosts the Elkhart County Fair from July 29 thru Aug. 3. And the Porter County Fair will be held in Valparaiso Aug. 5 thru 10. Valpo is only a 90 minute ride straight out Dan Ryan on Interstate 94.

Up north into Wisconsin, Janesville hosts the Rock County Fair July 30 thru Aug. 3. Union Grove hosts its Fair July 31 thru Aug. 4 and Wilmet hosts the Kenosha County Fair from Aug. 7 thru 11.

State Fair time is in August. The Wisconsin State Fair runs Aug. 9 thru 18 in West Allis, a Milwaukee suburb. It runs concurrently with Illinois' Springfield state fair.

In August we'll give you the schedule of the August Fairs within a couple of hours riding time from Chicago.

FINALIZE PURCHASE OF JONQUIL TR. PARK SITE

by Diane Miller

At Tuesday night's Park Board meeting, Park attorney Gabe Berrafato announced plans have been finalized to consummate the purchase of the Jonquil Terrace site from School District 64. The purchase price was \$180,000. Berrafato also told the board a meeting will be held on Friday, July 19 wherein finalization for the purchase of TAM Golf course

will be discussed. It was noted the golf course has been a very successful operation and certainly has been an asset to the Village. The total purchase price of \$1,505,000 included the \$175,000 which was spent initially to get the course into condition and also the club house. Commissioner Millie Jones

Voter registration

Maine Township Clerk Philip Raffe has announced that his office will be open six days a week for voter registration from now until Sept. 21.

Raffe said his office hours for registration will be 9 a.m. until 4 p.m. Monday through Friday, and from 9 a.m. until noon on Saturdays. The Saturday hours, Raffe added, are a service that will make it possible for persons who work during the week to register locally.

Qualifications for registration, he said, are that the registrant must have resided at the registered address for at least 30 days prior to the day of election. The next general election is Nov. 5. Raffe advises recently naturalized citizens who wish to register to bring their naturalization papers with them.

The township clerk's office is located at 2510 Dempster, Des Plaines. For information, call 297-2510.

Fans, neighbors mourn pianist slain by thugs

Harold Youngblood, 63, a kindly man, was much mourned Saturday by both jazz fans and neighbors, according to the Chicago Daily News.

At night, Harold played good jazz piano for years in popular bars, lounges and nightspots around Chicago and the suburbs.

His neighbors recalled him as both a good guy and a decent, respected landlord in the 3-story, 15-unit building he owned at 259 W. Marquette rd.

It was here that Harold and his quiet-mannered wife of many years, Mabel, 61, worked during the day painting, making small repairs and doing household chores.

And, too, they took care of Mabel's mother, Lula Pierce, 83, an invalid.

Life ended violently for Harold Youngblood at 12:30 a.m. Friday when he surprised several youthful thugs who had crawled into his apartment through an open window.

Harold was returning home from his nightly stint at the piano in the Studio Restaurant, 8717 N. Lincoln, Morton Grove. As was his custom, Harold had stopped at Michael Reese Hospital to pick up his wife at work in the admitting office.

Homicide Lt. Joseph Curtin said that Harold's personal courage probably cost him his life.

"Youngblood was parking his car in the garage when he heard his wife screaming in the apartment, so he grabbed a .38 caliber pistol from the car trunk and had rushed in when he was killed," Curtin said.

The killers shot Youngblood several times in the head and then tied up his wife with telephone cord. Also tied up was Mrs. Pierce who had been dragged from her bed.

"There were three to five killers," Curtin said, "and they stayed in the apartment for four hours taking furniture and personal belongings before they left," Curtin said.

The killers also stole Youngblood's 1969 Cadillac.

Mabel Youngblood and her mother have moved out of their apartment to stay with friends while arranging funeral services.

Capt. William J. McCarthy, citywide homicide commander, said that Harold Youngblood was the 459th homicide victim in Chicago this year.

Words of Praise

Dear Editor:
Just a word of praise for the excellent coverage of the Diamond Jubilee and the front page picture of the King and Queen and all the finalists. It was a challenge for all of us and the experience was something I will always remember.

I also enjoyed the movie "For Pete's Sake" on Wednesday and the delicious refreshments served by the St. John Lutheran Church of Niles, and greatly appreciate the time devoted to the Senior Citizens.

Sincerely,
Esther Larson

It was a grand and glorious Wednesday at the Seniors Day for Niles Diamond Jubilee at Golf-Mill Theatre. St. John Lutheran Church furnished orange juice, hot coffee and doughnuts, which were really appreciated as we came in from the downpour of rain. We wish to thank St. John Lutheran Church and all those assisting in making this a very enjoyable morning. Incidentally, the movie was one of the funniest we have seen in ages, and a good laugh does all of us good.

Jeff Hoff had a single to account for the Astros 3 hits. Great pitching by both teams. Astros pitchers were R. Schweigel, J. Borowski and D. Devery giving up 2 hits.

Jake's Dodgers 18, Callero & Callino Redlegs 5. 1st winning grand slam home runs by T. Ryan and Rich Rinka removed the pressure from the Dodger pitching staff of D. Piarro, R. Pullen, P. Leddy and R. Standings as of July 12

Team	W-L-T
Golf Mill Chrysler Redlegs	8-1-1
Pirates	8-2-1
Northwest Honda Twins	6-3-1
Lums Giants	5-3-2
Tasty Pup Astros	3-5-2
Schmelsser Meats Red Sox	1-6-1
Memo Senators	1-8-0

Pirates 15, Astros 9. The Pirates scored 5 runs in the 1st inning and went on to win big by a score of 15 to 9 against the Tasty Pup Astros. 3 hits and 4 RBI's by Jim Stenger and 3 hits by Glenn Lasken and Mike Babcock. 2 hits, including a triple, each by Pat and Bob Fergus. . . This was not a pitcher's game.

Redlegs 13, Red Sox 0. The Golf Mill Chrysler Redlegs first 3 men in the batting order, Maloni, Bender and DeLorenzo, scored 9 runs between them. The Redlegs were beneficiaries of 15 walks from a quartet of Red Sox pitchers, while Bender with 4 innings and DeLorenzo with 2 teamed up for the shutout. Chris Piazzi, up from AA and playing against his brother, walked twice for the Isoers, and also from AA was Gary Schmidt, who got two hits for the Sox.

Pirates 6, Senators 5. Poor base running and bad throws in the field by the Pirates almost lost this game for them as they were down 4 to 0 when a rally in the 6th gave them a win over the Memo Senators. Excellent game playing by the Senators.

Giants 21, Astros 1. Darkness, called this game after 5 full innings of play. Spino and Jankowski combined to allow only 3 singles and 2 runs. The Lums Giants pounded out 15 hits, including a triple and a home run by Mendrella, who had 4 hits in the game. Jim Reimer had 3 hits, including 2 doubles, Dan Renalds had a triple and played a good game at 2nd base.

Senators 7, Redlegs 6. Although Reeve and DeLorenzo did their usual fine job on the mound, the Redlegs could not quite overcome the 6 run lead the Memo Senators built up in a game shortened to 6 innings by the curfew of 8:15. Tony Piazzi did a fine emergency job behind the plate, throwing out 1 would-be base stealer in his only chance. The Golf Mill Chrysler Redlegs left 12 men on base in absorbing their 1st defeat.

Redlegs 4, Giants 3. Larry O'Connor hit a 2-run single to tie this game, and Maloni got the winning RBI with a bases-loaded walk in the 6th. The umpire called the game because of rain and darkness in the top of the 7th. O'Connor doubled earlier for the Redlegs 1st run.

Niles Hockey School nears opening week

Dear Hockey Fan: Through the cooperation efforts of the Niles Amateur Hockey Association and the Niles Park District, I will be heading a summer Hockey Clinic at the Niles Park District Sports Complex Ice Rink from July 29 thru August 23.

The prime objective of the hockey school is to show basic positional play as related to the whole team. The first element of this is the act of getting the puck. I say that over seventy per cent of the game is devoted to this act, and it is this aspect of hockey that is most ignored and underrated. Players will be shown press situations in the offensive zone, will be shown how to read, cover and protect critical areas in the

defensive zone, and players will be shown how to work quick-break offensive patterns once the puck is secured. There will be work on the fundamentals of checking particularly in one-on-one situation, which is the most fundamental and re-occurring one in hockey; and which is my specialty.

There will be work on individual skills and conditioning, but the emphasis will be on the development of a strong sense of team play... pro style.

Yours truly,
Eric Nesterenko

The hockey fee is only \$55 a week and will be in progress from July 29 through August 23.

Person-to-person long distance.
Credit card and collect calls.

Third number billing calls (when you call from one phone and want it billed to another number).

There's more. Hotel and hospital phone users will be able to dial long distance calls direct.

You'll now be able to dial long distance direct from our pay phones.

And on your operator assisted toll calls, if you want to be notified after a certain length of time, we'll do it automatically.

This completely computerized system also includes many provisions for future advances,

such as direct dialing overseas.

Best of all, we'll be converting all pay phones so you won't have to put your dime in before you get a dial tone.

Instead, you'll get the dial tone first. Which means that if you have an emergency and don't have change, you'll be able to reach an operator by just picking up the receiver and dialing "O".

This new switchboard is just one more step in our continuing effort to give you the kind of good phone service you expect.

Garden Club meets July 26

The Garden Club of Illinois Garden Center, Niles, will present "People-Plants Interaction" -- a new way to look at gardening by Mr. Charles A. Lewis, Morton Arboretum horticulturist. His lecture with slides will be given at the Golf Mill Movie Theatre, 9210 Milwaukee ave., Niles, on Friday, July 26 at 10 a.m.

Charles Lewis during a nine year association with a garden program with the New York City Housing Authority became aware of the expression of human responses to gardening reaching beyond aesthetics. Improvement of neighborhoods, and in the tenants expressions of self-esteem and self-identity were noted. In other situations where gardening was introduced these same psychological and sociological responses were found. These experiences have led Mr. Lewis to a continued search for the meaning of people-plant interactions.

Our guest speaker, Mr. Lewis, offers a broad background in flowers and plants. He is a frequent lecturer and contributor to many publications. This new way to look at gardening through his people-plant program is open to everyone. There is no charge.

Niles Family Service Thought For The Week

By Stan Levi
THE MOURNING AFTER

Divorce, like death, signifies the end of a relationship. When any relationship ends one must go through a mourning process to put that relationship in proper perspective. The mourning that accompanies divorce depends on the nature of the relationship that preceded the divorce. That is, an individual who has wanted a divorce from a spouse is going to react quite differently than one who resented the idea of the divorce and the breakup of the marriage.

Often the first reaction when divorce is imminent is one of denial, this isn't happening, this can't happen to me. This reaction usually represents the feeling of "if I acknowledge that the divorce is happening then there really must be something wrong with me." Immediately following the realization that yes, the divorce is happening and the relationship is over, the spouse often feels a sense of anger sometimes bordering on fury at the other spouse. The other spouse has been such a terrible person, the marriage really wasn't a very happy one. This reaction slowly leads into a more appropriate more realistic view of what went on within the relationship accompanied with some guilt and some remorse that the relationship is ending. Hopefully, by this time the person is able to see why the divorce is happening, what part he played in it and what this means for future relationships.

The actual mourning of the divorce is never quite put into perspective until long after the legal process is completed. Many people, upon divorcing, enter a period of euphoria where they're on a real high. This usually eventually ends in a crashing low. I think that the reason for the high is that the person has really entered the denying phase of divorce. The person is really acting as if the divorce has no impact on him, has no great meaning, and therefore he can just go on his merry way. As with any death, the lack of mourning catches up with the person and soon they begin to feel depressed. This depression is the appropriate necessary depression following divorce and should not be one that frightens someone. Often people spend so much energy trying to avoid depression that they overlook that however unhappy they felt in the relationship, nevertheless it was an extremely important and meaningful union with another person.

The mourning process after death is the equivalent of one after divorce. The person initially denies that anything has happened or that there has really been an impact of a loss. Then there's often a feeling of what could I have done to prevent the death, followed by a wish that the positive aspects of the relationship had been maximized when the person was alive. Eventually, this leads into an idealization of the person who has died, that is the remaining person thinks of the loved one as having been almost saintly. Following this reaction is often a reaction of anger, indeed sometimes rage, that the person who died is dead. How in the world could that person have the nerve to leave me? Why did he do this to me? What did I ever do to him that I deserved for him to leave me. As the relationship starts being put in "proper perspective this perception is modified to accommodate both the positive and negative qualities of the deceased.

Just as with divorce, the mourning process often takes many months, sometimes even years. Unfortunately, people are too quick to feel that their reactions are crazy and they shouldn't feel that way. Everyone around the widow or widower tries to cheer him up. Nobody wants to see anyone depressed because it touches our own sense of mortality. By inhibiting the mourning process, not only do we extend it, but we make it more difficult to deal with. What's important is allowing and in fact even helping the person to talk about his depression, to experience the depression and yet be able to go on and complete the mourning process with the people around him.

'Hunt for Fashion'

Tally ho! The "Hunt for Fashion" is on! Come Wednesday, Aug. 28 at 12 noon, approximately 350 guests will join Master of the Hunt Stanley Korshak at a luncheon-fashion show benefiting the Foundation for Hearing and Speech Rehabilitation of Michael Reese Hospital and Medical Center. The event will be held in Morton Grove at Delaine Farm, well known for its stable of saddle horses. The decorations will also carry out the foxhunt theme with horse shoe center

pieces and napkins with a spur motif.
 Following a luncheon catered by Gaper's, Stanley Korshak will present the Mr. Stanley collection of fall fashions including French boutique and sportswear apparel and outfits designed by outstanding American designers.
 All proceeds from the fashion show-luncheon will go to the Foundation for Hearing and Speech Rehabilitation, the major source of financial support for the Dr. Robert Henner Hearing and Speech Center within Michael Reese Hospital. The center provides diagnostic and treatment programs for patients with learning, hearing, speech and related communicative disorders. Anyone who is interested in attending the fashion show-luncheon may call Mrs. Pat Livingston at (312) 234-5442.

People start pollution.
 People can stop it.

Centel's electronic toll switchboard now in effect

BEHIND THE CONSOLES . . . Backing up the 62 TSPS consoles is this main test board and rows of solid-state equipment. The all-electronic toll switchboard system incorporates the feature of the stored

program and represents the most sophisticated and advanced equipment available today for the operator placing toll calls.

At 12:04, July 13, the first call was completed through Central Telephone Company's \$5 million Traffic Service Position System (TSPS).

Moments before the first call came through, three plugs were put in place, effecting the crossover to the all-electronic toll switchboard system. More than 100 Centel employees were members of the crossover force which had been planning for this moment for months.

Installation of the new system, manufactured by Western Electric, took 48,300 hours. Training of those who will operate the 62 TSPS positions took 18,700 hours, while those who will maintain the Central Office equipment which backs up the system, completed an accumulated 11,000 hours of training.

This initial installation of 62 units will serve about 59,000 customer telephones, handling all toll calls from the Park Ridge switching office as well as all hotel/motel, hospital and pay phone customers in Centel's serving area. Additional units are scheduled for crossover in 1976.

Backed by solid-state equipment and a sophisticated computer, TSPS will benefit all Centel customers through increased operator efficiency.

Notre Dame to host flea market

Notre Dame High school will host a flea market on Saturday, Aug. 10 (10 a.m. to 5 p.m.), rain or shine, in the school's football stadium at 7655 Dempster st., Niles. Admission will be 50 cents for adults, children free.

For those who would like to sell goods, selling spaces go for \$10. To make reservations for selling space call 965-2903.

A spokesman for Notre Dame suggests that those planning a garage sale in the next few weeks wait and have it at the school on Aug. 10. "A large crowd is expected," he said, "the area is nicely fenced in, there are some 2000 parking spaces, and there will be fun and entertainment for all. Food and refreshments will be available."

Scott L. Chastain

Navy Seaman Apprentice Scott L. Chastain, son of Mr. and Mrs. Leroy Chastain of 7010 Fargo, Niles, graduated from recruit training at the Naval Training Center, Orlando, Fla.

TSPS CUTOVER . . . With the placement of these three plugs at 12:01 a.m. Saturday, July 13, Central Telephone Company of Illinois cut into service 62 units of its Traffic Service Position System facilitating the large-scale handling of toll calls requiring operator assistance.

Flynn-Elrod open joint headquarters

It was announced today that Sheriff Richard Elrod and Tom Flynn, Democratic Candidate for State Representative in the 4th District, would open a joint campaign headquarters in Niles.

The Grand Opening is scheduled for Saturday, July 27 between 2 and 4 p.m. at 8074 N. Milwaukee ave. in Niles. There will be refreshments, food, entertainment and surprises for the kids. The public is invited and children of all ages are welcome.

Tom Flynn and Sheriff Elrod have arranged for a host of Democratic candidates to attend the Grand Opening. Some of the special guests are Abner Mikva, Roman Pucinski, Edward Rosewell, Bill Singer, Norm Dachman

and Patton Feichter. Invited guests expected to attend are Rep. Aaron Jaffe, Diana Hunter, Committeeman Cal Sutker of Skokie, Committeeman Tom Fuller of Evanston and Don Norman and Mayor Nick Blase. Other candidates have also been invited.

Flynn said, "The Sheriff and I have planned both a fun afternoon and an informative one. The many candidates represent all levels of government and the citizens will have the opportunity to talk to them about the views or specific problems. We certainly hope that the citizens of Niles, Niles and Wheeling Townships will come to our Grand Opening party and enjoy themselves."

OUR FAVORITE BOOKIE . . .

Each summer we recommend to baseball fans one book which we're sure they'll enjoy. We recommended *Boys of Summer* and *The Summer Season* the past years and if you haven't read either book, you're missing two of the best books every written about the summer game. *Boys of Summer* is selling in hardcover at a bargain \$1.98 at local book stores so we urge you to head to your nearest bookie for this story about the old Dodgers.

This year we came across a little-known book which deserves wider coverage. *Destinies Darlings* by Martin Ralbovsky. The author sought the members of the 1954 Little League champions from Schenectady, 20 years after they won their championship. The men, now 32 years old, reveal what the competition in Little League meant to them.

Ralbovsky seeks a mini-biography of each man, following them from their 12 year old days of triumph, thru their teen days, and into their twenties and thirties. None of the men are particularly successful. And you close the last page of the book not convinced they've been greatly aided or harmed by their Little League experience. The Little League manager's tough guy 'win at all costs' philosophy is questioned by several of the former champions. But we were not convinced they were unduly scarred by his one-minded quest. And we were also not convinced the average humdrum lives the men now live are much different from other men with similar backgrounds.

Destinies Darlings is a most worthwhile book for all baseball fans and should be of particular importance to all parents, players, managers and coaches of Little League ball, who I'm sure have questioned the value of this man-sport for boys.

We can't close out a *Summertime . . . And The Livin' Is Easy* column without recommending a couple of good eating spots in the area.

In the Bugle office we've got one great guy named Bob Wagner, who's been celebrating his 70th birthday for the last month. Being he's a railroad buff we had one birthday party at the newly-opened Victoria Station on Skokie rd. (a mile north of the Dundee west exit on Edens).

Eight railroad cars are pushed together to make a great restaurant. The station has a large railroad waiting room where you sit on hard railroad benches and wait for your table. Your table is located in one of the railroad cars amidst all the train regalia befitting the best of rails. After filling up at the salad bar we had a small sirloin steak at lunchtime for \$3 which was a good buy, amidst a most unusual atmosphere. It's a fun place to bring the kids, as well as that old tired conductor, old Dad.

Another birthday lunch in the same motif was held at the La Salle Street Station, at the Track One restaurant. This is a railroad diner which is the real thing, not a replica. The menu is the Rock Island menu and the waiters are Rock Island waiters, who've rode and served on the line for many years. It's a most interesting departure from the normal restaurant in Chicagoland, and if you want a genuine train meal without the swaying on the tracks, head into the La Salle Street Station at the west end of downtown Chicago.

Since we're tooting the whistle for the 40 and 8 set we're sure most of you younger parents have taken your kids to the Choo Choo Burger, 600 Lee in Des Plaines. The toy trains deliver your burger right to your booth or counter seat and it's great fun the first time your little one sees the 'burger special' coming down the track.

Park Board . . .

reported she attended the meeting on the Bike Trail Study. Six other park districts are involved in this effort and she noted the costs for construction of a bike trail range from \$35,000 to \$40,000 per mile of trail. Upkeep costs are relatively low, but the initial costs are quite high. Ben Horn of Glenview, a student representing Maine North High school and Apollo Junior High told the board a bike trail would be more of a safety factor to the students of these schools and not just for recreational use. He urged the board on behalf of the students to stand with the other village park districts in an endeavor to complete plans for the bike trail.

Wally Schultz, president of the Niles Squares presented a check in the amount of \$500 to the board in appreciation for use of the Recreation Hall for their dancing. President Bill Keener accepted the check and said the Niles Squares have been one of the most generous organizations using the park facilities and thanked them for their gift.

Bike safety . . .

Cont'd from Niles-E, Maine P.1 money from the sale of their bicycles to repair the vehicle. The arrest cleared up numerous stolen bicycle complaints that were reported to the Niles Police Department.

In commenting on the theft of bicycles, Chief Emrikson gave the following suggestions that could help prevent you from having your bicycle stolen.

1. Obtain a good chain and padlock and use it. A bicycle with the chain properly secured, thru the frame and wheels and to bike rack or post will help prevent it from being stolen.
2. Lock your bike wherever you go, even when you place it in your own garage, or backyard. Many bicycles are stolen from both these areas.
3. Register your bicycle with the police department; there is no charge for this service. If it is stolen the registration makes it easily traceable when recovered. The majority of bikes stolen are not registered.
4. If you see someone tampering with a locked bike, or acting in a suspicious manner, contact the police immediately. Obtain a description of the suspicious person and keep an eye on him until the police arrive.
5. Report any abandoned bicycles, so they can be picked up and returned to their owners.

Cont'd from Niles-E, Maine P.1

for the Maine-Niles Association of Recreation for the Handicapped appealed to the board for their support of a possible referendum in April, 1975 in conjunction with the park board elections wherein recreation would be provided for the handicapped through the park districts. This would be a joint effort of neighboring park districts. Mr. Reiner stated the five park districts were already in agreement for the referendum and only the approval of Niles and Park Ridge were still needed. If this referendum were passed, the Maine-Niles Association would work in conjunction with the park districts and there would be a reciprocal use of the various park facilities, thereby eliminating the duplication of programs. He also stated the present programs of the park district would be checked to see which ones would be applicable for participation by the handicapped. Reiner also showed the board a film which explained the development of an electronic beeping base ball and beeping base by Western Electric. The use of these devices made baseball playing a reality for sightless children and this is one of the programs which would be instituted into park district programs. After the presentation, Commissioner Jones told the board "it is the duty of the park district to provide recreation for all children, handicapped or otherwise." The Board concurred with her feelings and passed the resolution for the referendum noting the people should be permitted to state their feelings on whether recreation should be provided for the handicapped through the park districts.

Cub star to appear at NW Federal

Billy Williams, Chicago Cubs super-star, will make a guest appearance in the lobby of North West Federal Savings, 4901 W. Irving Park rd., Chicago, on Thursday, July 25, from 6:30 p.m. to 8 p.m.

Williams began his major league career with the Cubs in 1961, when he was named National League "Rookie of the Year." He finished 2nd in the voting for the National League's "Most Valuable Player" in both 1970 and 1972. He owns many records, but perhaps most remarkable is his National League record of 1,117 consecutive games (Sept. 22, 1963 to Sept. 3, 1970), placing him third in the history of the major league in that department.

North West Federal's sports director, Bob Elson, will be on hand to interview Billy and get his opinion on Cubs' hopes in 1974. The public is invited to stop in and meet Billy Williams.

If you are unable to stop in Thursday evening, tune in to "Speak Out On Sports," Saturday, July 27, to hear a tape of Bob Elson's interview with him.

Magic Pan opens at Oakbrook Center

The Magic Pan Creperie, a unique restaurant serving more than 27 kinds of crepes for luncheon, dinner, and Sunday brunch, will open to the public at 11 a.m. Monday, July 22, at Oakbrook Center Mall.

The new 200-seat gourmet restaurant, located in the Professional Building on the mall's north side, brings to Oak Brook a fine European food tradition that began in San Francisco in 1965. Bernie Cannon, manager, describes crepes as "very French, very thin and hot, and filled with beef, chicken, seafood and other hearty fare for entrees."

Entree selections include Crepe St. Jacques-scallops, shrimp and sliced mushrooms in a bechamel sauce with Gruyere cheese; Beef Bourguignon - tender cubes of beef simmered in a hearty wine sauce; Chicken Elegante-richly flavored creamed chicken in crepes, topped with Parmesan cheese; and Steak Kebab and crepe-steak chunks on a skewer with bacon, onion, tomato, mushroom and green pepper, accompanied with a Mushroom Supreme Crepe and served with a fresh spinach salad.

There also are crepes which embrace deliciously prepared vegetables, such as sauteed spinach sprinkled with parmesan cheese, or Crepes Rataouille, a blend of zucchini, tomatoes, eggplant and other garden vegetables carefully seasoned and simmered and then folded in a crepe.

Cocktails and table wines are available, and there are accommodations for private parties.

Each day The Magic Pan kitchen prepares a fresh batch of Potage St. Germain, a Parisian blend of French Country Pea Soup, chicken and vegetables which is served with a choice of sherry or sour cream.

Mouth-watering dessert crepes envelope ice cream, fresh fruits and other eye-and palate-pleasing goodies.

Some favorite desserts-each a special taste experience - are Strawberry Supreme-fresh strawberries and brown sugar with sour cream or fresh whipped cream; Crepes Beignet-crepes delicately crisped and twisted, served in a basket with a cup of hot brandied apricot or chocolate sauce to dip in; and Crepe a la Mode-ice cold vanilla ice cream, wrapped in a hot crepe and served with bittersweet chocolate shavings on top.

The Magic Pan reflects the relaxed atmosphere of a French country inn. The interior is adorned with live trees and shrubbery. European antiques and lithographs augment the continental theme. And there are always fresh flowers on each table.

Old Orchard summer concerts

Wayne King, The Waltz King, will make his third consecutive appearance at Old Orchard before his typically captivated audience July 29.

Many guests that evening will recall tripping the light fantastic at the Aragon Ballroom where King made his early rise to fame as a dance band conductor. At a time when the jazz craze for fast but hot music seemed to be the thing, Wayne King insisted every other number be a waltz.

Roy Leonard of WGN Radio will be master of ceremonies for each of the 4 concerts. Old Orchard is located at Golf rd. and Skokie Highway in Skokie, and the gazebo can be found in the parking area southeast of Marshall Fields. There is no admission and seating is available. Concerts begin at 9:30.

DINING & ENTERTAINMENT

"I Do! I Do!"

There's a treat in store for someone in the Guild Playhouse audience this weekend when the musical "I Do! I Do!" continues its five-performance run.

This is the warm and happy show which chronicles a married couple's fifty years from their wedding day onward . . . and it co-stars Pat Piper of Arlington Heights as Agnes, and Jim Tuverson of Buffalo Grove as Michael.

The surprise is that the bride bouquet which Pat Piper as the bride throws into the audience at the beginning of each performance will be real flowers! Whoever catches the bouquet gets to keep it-and with it goes the benefit of its symbolism of being the "next" at the altar.

Hitherto flowers used on stage in any attraction have been artificial concoctions of starched lace or plastic, to save florist bills for a new set at each performance . . . but the "I Do! I Do!" nosegay has to be real, and it will be thanks to the generosity of O'Brien The Florist in Des Plaines.

DPTG's leading lady is shown visiting with Maureen O'Brien in the florist shop on Graceland and Prairie wearing the wedding gown costume she dons for the musical on July 20, 26 and 28. They discussed the arrangements for this major prop, and the fun the business of tossing it into the audience will bring at each remaining performance.

"You're A Good Man, Charlie Brown"

"You're A Good Man, Charlie Brown," the hit Broadway musical based on the Charles M. Schulz comic strip, "Peanuts" will open at the Country Club Theatre in Mount Prospect on Thursday evening, July 18.

The musical composed of scenes between six charming characters stars Mike Sims as Charlie Brown, Karen Mason as Lucy, Ken Johnson as Snoopy, Brian Wilson as Linus, Tom Wagner as Schroeder and Maggie Schmidt as Patty.

Directed by Tom Ventress, "You're A Good Man, Charlie Brown" is produced by Arnold Giedraitis. Located one half mile northwest of Randhurst shopping center, Country Club Theatre is the perfect intimate theatre for this delightful show.

LITTLE CITY GOLF TOURNAMENT
Chicago and Illinois PGA members will swing their golf clubs to help mentally retarded children at Little City's 11th Annual Pro-Am Invitational Golf Tournament, Monday, Aug. 5 at Hillcrest Country Club, Long Grove, Ill.

Over 150 businessmen and patrons will contribute an entree fee of \$400 to play in the five-man (one professional and four amateurs), best-ball tournament vying for many top prizes.

Morrie Kellman, president of Globe-Amerada Glass Company is serving as tournament chairman for the 11th consecutive year.

Little City's Pro-Am is one of the few charity tournaments which has been sanctioned by the IPGA and has raised over \$275,000 to date for the mentally retarded children at Palatine.

Gigantic antique show slated

Antique dealers and lovers from the Chicagoland and suburban area will be congregating at the Four Flags Shopping Center at Golf and Milwaukee rds. in Niles, July 20 and 21 (Saturday and Sunday) from 10 a.m. to 6 p.m. both days.

Over 30 dealers will be represented exhibiting a wide range of quality antiques, primitives, collectables, clocks, precious metal wear and many other antique items.

Collecting antiques has been one way of grasping the elegance of by-gone eras. There is a great interest in the beautiful objects that people lived with and cherished. These items are now in great demand. The collectors of these items will be on hand during the two day show to answer any questions and give a history of the articles shown. All of the items will be available for purchase, although visitors are welcome to merely browse and enjoy the afternoon.

Four Flags Shopping Center is located at Golf and Milwaukee rds. in Niles with plenty of free parking. No admission for the show.

Band concert in Dee Park

The Maine East Summer Band and Maine East Jazz Band, under the direction of Gerald F. Hug and Kenneth Gelz, will present a concert at the Golf Maine Park District on Thursday evening, July 18, from 7 p.m. to 8 p.m. The bands will play popular tunes, including selected songs from Broadway musicals. A special routine will be presented by the Maine East Pom-Pom squad.

Those attending the concert should bring lawn chairs or blankets to sit on. Additional information may be obtained by calling the park office at 297-3000.

Variety Club plans benefit dinner

Unlike the usual "roasts" associated with show business affairs, the rib roast to be sponsored by the Variety Club of Illinois, Tent No. 26, as a fund-raiser for its children's charities, will be a genuine dinner to be held Monday night, July 22 at and by way of welcome to Lawry's The Prime Rib of Chicago, now at 100 E. Ontario st.

In fact there will be two "roasts," or more to the point, two sittings for Variety Club members, and their guests, and their guest celebrities including stars of current stage plays in the area. Following complimentary hors d'oeuvres at 6 p.m., there'll be a dinner sitting at 6:30 p.m. and then again at 9 p.m.

Until now and for nearly 30 years, Lawry's has had only its one original location in Beverly Hills, California. The fame of its prime ribs of beef dinner with its spinning salad bowl, Yorkshire pudding, special blend coffee and tempting desserts has spread far and wide.

With the capacity at the Chicago Lawry's limited to 250, Bene Stein of Niles, chief baker of the Variety Club, scheduled two sittings to afford accommodations for as many as 500.

Guest celebrities including name personalities of the press, radio, TV communications field, and also the sports world, will be on hand both at the early and 9 p.m. sittings to which the public is invited. Tickets at \$15 per plate (tax deductible) may be had by calling Franklin 2-2262.

Edwin Schwartz is serving as chairman of the Variety Club committee arranging the Lawry's benefit dinner.

Niles Days success termed 'fantastic'

Adjectives such as 'fantastic,' 'unbelievable' and 'beyond our wildest expectations' flowed from Niles Days chairman Ed Brasch as he told The Bugle that even with only very early returns available, this year's Niles Days carnival grossed \$70,000 which is 75% more than they have ever done in the past.

He had only compliments for the Niles residents who emerged on the carnival emmasse. "Their spirit and enthusiasm reflected the whole Diamond Jubilee celebration which is currently taking place," Brasch said. Over 5,000 keys were tried in the Treasure Chest which was a special feature at this year's carnival. The keys were mailed only to Niles residents and many of them walked away with prizes donated by local merchants and businessmen.

Brasch said the receipts from the bar and the rides were almost double of that taken in at last year's carnival. He attributed the tremendous success to the new location at the Treasury at Golf and Milwaukee and also to the beautiful weather over the five days.

The 1974 Plymouth Gold Duster was won by Ted Guzik, 8106 Monroe, Niles. According to his son, Mr. Guzik purchased a book of chances on the car Friday night at the carnival and then left

Clean-shaven Mayor, Trustees fined by Brothers of the Brush

FUZZ RAIDS 'FUZZLESS' OFFICIALS

Even Max Sennett would have chuckled Tuesday night at the Niles Village Board meeting as the newly-formed Junior Chamber of Commerce "raided" the Village officials. All decked out in their Keystone Kops garb and waving their night sticks, they ordered all the clean-shaven village officials to stand before their mock court in his long, black judicial robes and English wig.

Representing the Brothers of the Brush, they cited the village officials for contempt by not growing a beard for the Diamond Jubilee celebration and fined them \$1. The alternative for not paying the fine was one day in jail. When Mayor Nick Blase balked at paying his \$1 fine, the "judge" called his "bailiff" who

had been standing in the rear of the courtroom. The "bailiff" promptly approached the bench carrying a hangman's noose and upon seeing this, the Mayor decided to pay the fine. Upon completion of their antics, the Brother of the Brush told those present that this is a warning to all Niles residents to comply with their ruling or be fined \$1. The fine entitles you to receive a "Shaving License."

In the business action at Tuesday's meeting, the Mayor presented four Niles Crossing Guards with a plaque for perfect attendance at their posts during the past year. The guards were Mrs. Arlene Kinowski, Fred Groote, Angelo Tosta and Michael Ustic. Mayor Blase complimented them on their accomplishment and told them the Niles residents and parents appreciated the work they were doing.

'See a Bike - Save a Life' at St. John Brebeuf

The new "See a Bike - Save a Life" Niles Bicycle Safety Program swings into action on Monday, Aug. 5, between 10 a.m. and 12 noon.

The purpose of this program is to maximize the visibility of all bicycle riders to all automobile drivers to increase cycling safety and effectively reduce accidents.

The Niles Police Department sponsored by the Niles Chamber of Commerce will conduct this important program at St. John Brebeuf, 8307 N. Harlem ave., in the school parking lot (south end).

Niles police officers and voluntary helpers will install a safety signal flag and reflective material on both front and rear of each bicycle belonging to Niles residents.

The Niles Police Department urges all parents to participate in

this program to insure the bicycling safety of all members of their families, and thus help make Niles the safest place in which to cycle for transportation and recreation.

Only 4,000 will be available on a first-come, first-served basis for on the spot installation. The flags carry an attractive, distinctive design incorporating Niles Police Department, Niles Chamber of Commerce and "Niles 75" symbols.

Come early and participate in this vital "See a Bike - Save a Life program." It's important to you and your community.

This program date and site is being spearheaded by Mayor Nicholas Blase and SSB Pastor Rev. J. Edward Duggan. Officer James Gerhardt and his crew will administer the installation.

Dachman: GOP favors county income tax

Norman Dachman, the leader in opposition of the newly proposed county income tax has been joined by Suburban Mayors Fred Dumke, Oak Lawn; William Hawkins, Phoenix and Nicholas Blase, Niles.

Dachman, who also served as Director of Operations Yes RTA and the Mayors Committee to Save the RTA recently formed NUTS to Taxes (No Unnecessary Taxes for the Suburbs) as an anti-tax protest center in Niles.

Dachman said, "The tax would place a disproportionate share of money paid by suburbanites in order to support county agencies they rarely ever use; for example, the Cook County Hospital, Sheriff's office which handles unincorporated areas and Oak Forest Hospital.

"It is incomprehensible that either Carl Hansen (GOP candidate for County Board) or any Republican members serving on the Board of Commissioners have

Diamond Jubilee Picnic was 'Fun for Everyone'

A good time was had by everyone who attended the Diamond Jubilee picnic on Saturday, July 13. The temperature soared up to 94 hot, humid degrees, but the breezes at Bunker Hill Woods were cool.

The children had fun riding the pony cart which was pulled by two small ponies. Also available were ponies which the children rode on. All the orangeade, pretzels, popcorn, ice cream, popsicles and prizes were given out, and nothing was left.

The adults sipped on the cold beer to keep cool, later balloons filled with water were seen flying through the air splashing down on people, as everyone tried to do their best to keep cool.

It was a great picnic, if you were not there, you missed out on a lot of fun. Everything was free. Much thanks goes to Eddie Bacher, and his Public Works crew, who kept filling the orangeade coolers with water, if it wasn't for them we all would have dehydrated.

The Diamond Jubilee Childrens Day is coming up on Aug. 7, this day will include a free movie, balloon contest, raffles, prizes and other goodies. All you Niles boys, and girls mark this date on your calendar, and don't forget to

come out. The time to be there is before 10 a.m., Golf Mill Theater 3. Call Dotti Tyse for more information at 966-6720.

On our Diamond Jubilee Calendar of Events there is a date error, Sunday, Aug. 5 should be Sunday Aug. 11, when the All-Star Hockey Game will be played at the Ballard Sports Complex Ice Rink, at Ballard and Cumberland. Sutker to attend mini-convention

An invitation to all concerned Democrats in Niles Township has been issued by Calvin R. Sutker, Niles Township Democratic Committeeman. Sutker was recently elected one of 3 delegates from the 10th Congressional District to attend the Democratic mini-convention in Kansas City in December, which is charged with drafting a National Charter for the Democratic Party.

"If I am to truly represent my district at this historic convention, it is my responsibility to reflect the feelings of my constituents," says Sutker. Toward that end, he will conduct hearings at Niles Township Democratic Headquarters on Monday evenings during the months of August, September and October so that interested Democrats can convey their recommendations for the National Charter. Anyone interested in proposing such recommendations can be placed on the agenda for a Monday evening by writing to Calvin R. Sutker at 4654 Oakton, Skokie, or calling Niles Township Democratic Headquarters - 673-7779 on Monday or Thursday evenings or Saturday morning.

Morton Grove North Majors Allstars

In a game that took 8 innings to decide, the North Major Allstars went down to defeat. The name of the game was pitching as Mike Biskis and Stu Sorkin went the distance. Stu Sorkin struck out 19 while Mike Biskis struck out 10 batters. Both pitchers gave up 3 hits and the winning runs scored in the top of the 8th on a 2-run error. Errors plagued the Morton Grove stars, as they committed 6 in the game. Morton Grove had the lead on a solo homer by catcher Denny Callaghan. Callaghan was also outstanding behind the plate and caught one of the best games in his young career. The only other Morton Grove star to get hits were pitcher Mike Biskis and 3rd baseman Phil Wax. Both pitchers were in trouble in the early innings and then settled down

and pitched good ball. Here's hoping that Lincolnwood keeps on their winning ways and go a long way on the trail that could see them at Williamsport, Penn.

In a come from behind victory, the Red Sox downed the Orioles and took the 2nd round title. Trailing 12 to 6, the Red Sox exploded for 7 hits and 11 runs in the top of the 6th to go ahead and take the game 17 to 12. Hitting was the name of the game as the Orioles got to Mike Biskis for 12 runs. The Red Sox undaunted made the comeback of the year as Mark Cooper had 4 for 5 and Scott Boden hit a bases loaded double. Glen Lucca also contributed a key hit in the top of the big 11 run 6th inning. Mike Kulas of the Orioles pitched good ball until the 6th when he tired. Kulas had 2 for 3 and had 3 RBI's in a losing cause. Dave Welch also had 2 for 3 and Pete Hillsman played a good fielding game for the Orioles. Manager Jack Kelly of the Orioles did an outstanding job of bringing his team up for all games in the second round before losing out in the final game of the season. Nice work, Jack. Manager Ralph Morgan of the league leading Red Sox, who now have 14 wins and 1 loss, still faces a challenge from the Yankees managed by Bill Wheeler. The Red Sox and Yankees will now meet to decide the first round championship, and another game may be needed to decide the winner of the League title.

In other action, the Orioles took the Tigers 19 to 3 with Jeff Blumberg hitting 2 home runs while John Leazer hit a grand slam home run. Alan Dolensko hit a 2-run homer for the Orioles. Tony Thompson of the Tigers had 2 for 3 at the plate and Tim Kasper was strong defensively.

The Indians and White Sox closed the season in a slugfest with the Indians finally coming out on top 18 to 13. Mike Ziegler of the Indians hit 2 home runs and drove in 6 runs, while Dave Richman also homered twice and drove in five runs. Other Indians joining the hit parade were Ken LaRoussa 3 for 4, Larry Lindeman 1 for 2, Dan Schmidt 2 for 3, Tom Clesen 2 for 2, and Mike Levy 2 for 4. Stu May did a good job behind the plate as Tom Clesen, Mike Oswald and Mike Ziegler shared the pitching duties.

Air Force Recruiting celebrates 20th anniversary

Since its inception, some two and three-quarter million men and women have entered the Air Force through recruiting offices throughout the Continental United States, Alaska, Hawaii, Europe, and Puerto Rico.

Today Headquarters U.S. Air Force Recruiting Service operates 7 groups and 45 detachments from here. Commanded by Brigadier General Bennie L. Davis, who is also Air Training Command Deputy chief of staff, Recruiting Service, it is wrapping up its first full fiscal year in an all volunteer military recruiting environment by meeting or exceeding its objectives in all programs except in the recruiting of physicians.

The Air Force became a separate service in 1947. However, it maintained a joint recruiting effort with the Army until 1954 when the 3500th U.S. Air Force Recruiting Wing, headquartered at Wright-Patterson Air Force Base, Ohio, was given the responsibility for procuring the Air Force's manpower.

The fledgling organization, first commanded in 1954 by Brig Gen Arno M. Luehman, was

composed of 6 recruiting groups and 72 detachments. During its first year, recruiters produced 96.9% of their assigned goal. Growing and streamlining into an effective sales organization, professionally trained recruiters have worked continually to increase the quality of Air Force members. In 1945 only 49.7% of the airmen were high school graduates. In Fiscal Year 1974, 93.7% of its enlistees had completed high school.

LETTERS to EDITOR

Young's survey to residents

To the Editor:
I returned Rep. Sam Young's latest questionnaire to him together with an explanation of why my wife and I could not in good conscience answer it. The reasons I outlined to him may be of interest to other 10th District residents.

Most of the questions, which all required a simple YES or NO, with no room at all for comment, were worded in a very restrictive manner, failing to allow for a choice along the broad scope of the issue, and appearing to reflect opinions already held by the Congressman.

For example: Every question on the energy shortage is worded in such a way as to infer that the crisis occurred because of restrictions on the oil companies, and because our air quality standards are too high. There is no question which leaves room for suggesting the possibility of something like nationalizing all forms of energy production, or which asks us to ponder what can be done to prevent the outrageous rise in prices from which the oil industry has reaped such enormous profits. Had even one line been left for a comment, a person could make a suggestion such as, perhaps, the enactment of legislation providing that no car be manufactured exceeding a four cylinder engine.

The series on campaign reform is just as ridiculous. We are locked into accepting or rejecting public financing of \$90,000 for each major party House candidate. A YES answer means that we agree to that specific sum, no more, no less. A NO answer suggests that we oppose all spending restrictions. The question on limiting individual contri-

butions to \$3,000 had the same effect. Rep. Young seems to be an expert in framing the classic "Have you stopped beating your wife" question! The one on limitation of House candidates' expenditures made no reference to a possible allowance for non-incumbents in view of incumbents' financial advantages; and I do not believe a sincere survey on campaign reform can fail to include something about complete income disclosure, a strong answer to the conflict of interest problem.

The question on the right to strike is also one dimensional, with nothing on the right to collective bargaining, or binding arbitration, which must be included in any serious discussion about striking.

My reaction to the mailing is that Young has a very narrow perception of these issues, that he probably isn't really too interested in the opinions of his constituents, and that his prime motive for sending it must have been political. Certainly neither the age nor the political leaning of the respondent will be of help to him in deciding how to vote in Congress. I reminded him of this, and suggested that the large space used for these two questions should have been used, instead, for comments and suggestions on the issues involved.

While it is not possible to speak for others, I for one, feel that District residents deserve something a whole lot better than a survey of this caliber, from our Congressman.

Apologizes to Cub Pack 175

To the Editor:

I noted in your "Letters to the Editor" section recently an incorrect statement concerning the Niles Township Reclamation Center and its problem with the Scouts. It was stated that Cub Scout Troop 175 was responsible for pilfering paper from us. On a recent paper pick-up we found that an area we had notified weeks before (as is our practice) was completely devoid of paper. In astonishment we saw a huge collection of paper being guarded by several young men who told us they were affiliated with Boy Scout Troop 175.

They did not deny taking the paper from us.

Scout Troop 175 is not alone. Several other area Scout Troops should also hang their heads. The Reclamation Center has few available workers to do a large, hard job. It is heart-breaking to see months of preparation and hard work lost because others are not willing to invest the time and manpower needed to hold a successful paper drive. We contacted several area Scout leaders to work out a compromise, but their negative responses led us to believe that they were uninterested in cooperating. When we carried our complaint to the Niles Police, they told us to go to the Village Board. Our proposal to the Village Board, which would have helped all groups collecting paper, fell on apathetic ears.

The Reclamation Center will continue its curbside pick-ups, but if widespread vandalism continues, we will be forced to cease this public service. If this became necessary, we feel that it would be a step backwards because this service is a step toward developing a continuous waste recovery system. The success of this project would save the village and its residents many dollars in garbage disposal costs.

I now appeal to those Regional Scout leaders, whose many fine troops are being given a black eye by a few unscrupulous ones, to urge overzealous troops to respect the work of others.

Once again, I apologize to Cub Scout Pack 175 who were mistakenly named in that letter.

Sincerely,
George Brabec
Manager

Especially the Niles Lions Club that paid for the American Flags that were distributed. The Village of Niles residents are also to be congratulated for their participation. Evanston Federal says 'Sorry for inconvenience'

The man in the hard-hat is saying, "Sorry about the inconvenience - would you mind stepping (gulp) around to the side entrance?", which causes the lady customer of Evanston Federal Savings to mutter to herself, "So what was so bad about the old sidewalk?"

The cartoon-poster being held by Lionel Bonome (l.), architect for the remodeling program of the Association of which the sidewalk is a part, is presented in a humorous vein in which he is joined by Niles resident Don Martens, executive vice-president of Evanston Federal Savings.

The poster is one of two on display in the main floor of the Association on Fountain Square, and hopefully will not remain there too long.

help with the outstanding work they are doing. One way or another the donation made by the Morton Grove Womens Club from the proceeds of this luncheon "touch" nearly all of us, so by supporting this Philanthropy we may be helping ourselves indirectly.

The 1974 setting for the plans so far as they are elegant and beautiful. It is a challenge each year to produce a luncheon that is apart from the ordinary... both in fashion show, food and local. During the summer Mrs. Brown, her co-chairman Mrs. Edwin Brice and the rest of the diligent committee are performing a labor of love, making centerpieces, designing invitations and costumes... attending to all the details that insure a great afternoon for all their guests.

It is truly a labor of love because of all the good that the proceeds of this luncheon are used for. Most of the capital of course is spent in our own community of Morton Grove or Niles Township. Nursing and teaching scholarships have been awarded to our own young people, donations have been given to our library, police department, fire department, and most recently to the newly formed Para-Medics Corp. who are doing such a great job in Morton Grove with their professional emergency care to victims on the spot. The Orchard Center has also been the recipient of a large donation to

Niles Family Service
 Thought For The Week

by Larry F. Renetzky ACSW

"Spare the Rod - Spoil the Child!"

I'm sure you've heard of this expression before. If not, then maybe I'm dating myself. Certainly, the saying isn't as well accepted today as it was 20 - 30 years ago. Yet, I believe it does have some meaning for our time.

I was talking with a couple of friends this week and asked them if they believed in "Spare the rod, spoil the child." I received a quick response, "Yes, indeed. In fact Larry, I believe that's what is wrong with our kids today." Out of our discussion about this I decided to bring it to you the reader.

Some people say we are living in a permissive time. My friends indicated as much. What do you believe? Do you believe in, "Spare the rod, spoil the child." How do you correct your children? Let me hear from you regarding this, pro and con. Your name will be kept confidential. I will speak to your comments and withhold your name. I will look forward to hearing from you. Write Niles Family Service; 251 Lawrencewood, Lawrencewood Shopping Center, Niles, Illinois 60648 or call us at 966-1640.

AT THE BIG MORTON GROVE CIRCUS

Superblock office tower to be designated First National Bank of Des Plaines bldg.

Constructed of reinforced concrete with tinted windows, the 12-story Superblock office tower is being designated as the First National Bank of Des Plaines Building.

The multi-level, all weather shopping mall also has an entrance into the Superblock office tower, which will officially be called the First National Bank of Des Plaines Building.

The First National Bank has filed application with the Comptroller of the Currency for change of location. Upon acceptance the 12 story Superblock office complex is to be officially designated as the First National Bank of Des Plaines Building, it was announced jointly by J.R. Gottlieb & Company and Frederick F. Webster, bank chairman.

Ground breaking for the new building and attached mall is planned for September with occupancy scheduled for early 1976. The bank plans to utilize the first and second floors as well as the lower level of the 175,000 sq. ft. office tower.

Plans call for a 50 percent increase in space over the current 24,000 sq. ft. that First National has occupied at the corner of Lee and Prairie Streets since 1957.

Architects for the project are Erickson & Stevens, Inc. The building will be constructed of reinforced concrete with exterior facings of precast concrete and tinted glass. The all electric, air conditioned building features a two story landscaped arcade and will open into an enclosed multi-level shopping mall. A 225,000 sq. ft. all weather shopping center will house approximately 80 different shops.

The new office tower and mall are part of the Des Plaines downtown redevelopment program aimed at revitalizing the central business area.

According to Arthur R. Weiss, president of First National, the bank's expansion move to new facilities across the street will mark the fourth time the bank has moved into larger quarters since it was founded in 1913. Also, the bank's financial growth has been tremendous over the past 61 years. From a little over \$200,000 at the end of 1913, the bank topped \$1 million in 1930 and reached nearly \$3 million in 1940. The continuous growth of the city of Des Plaines and the burgeon-

ing O'Hare area since the end of World War II has been reflected in First National's growth as well. By 1950, resources were well over \$13 million, hit the \$44 million figure in 1960 and surpassed \$100 million in 1970. Today, the bank boasts total resources of \$128,285,461.

Among the leading suburban banks to pioneer in the adoption of modern automated bookkeeping methods in the early '60's,

First National has just recently gone on stream with its third generation Burroughs B-2540 computer system. This new capability enables the bank to provide faster, more accurate handling of accounts as well as all aspects of its banking services. In addition, the new computer system will enable First National to offer more financial services than was possible with older computers.

PRE-SCHOOL PHYSICAL

Pre-school physicals should be done well in advance, if parents want to avoid the congestion and frustration caused annually by waiting until the beginning of the school year.

The medical-dental staff at Holy Family hospital urges parents to obtain appointments early, not only to assure them-

selves of the necessary appointment, but also to relieve the heavy burden on doctors' hours. Waiting until the last minute often causes a long wait in the doctor's office.

People start pollution. People can stop it.

Flynn opposed to county income tax

Tom Flynn, 4th District Democratic House Candidate today said that he would oppose the proposed Cook County Income Tax. Flynn said that the new 1970 Illinois Constitution forbids any local or county governments from imposing an income tax without the direct legal permission of the Illinois General Assembly. He said that he would vote against giving the Cook County Board of Commissioners the legal right to impose an income tax upon the citizens of Cook County.

Flynn said, "I remember all too well that former Governor Richard Ogilvie waged his whole campaign in 1968 upon a solemn promise not to impose an income tax upon the residents of Illinois. He did not keep his word to the citizens. I also remember that the Illinois General Assembly promised that the Illinois income tax would reduce property taxes and that part of the tax receipts would be distributed to local school districts. Property taxes have not been reduced and no school district shares in the distribution of the Illinois income tax. One, two and three different times our Democratic and Republican political leaders have deceived the people of the state of Illinois. Three times are three times too many as far as I am concerned."

Flynn went on to note that George Dunne, President of the Cook County Board of Commissioners, has announced his opposition to a county income tax but that none of the other 15 Democratic and Republican members of the Board have said they are opposed to a county income tax. He asked if their silence was not an admission that they favor a county income tax and will attempt to impose one upon us after the November election. This is what former Governor Ogilvie, the Republican and Democratic parties did to us in 1968. Let us say, never again to another income tax. Flynn called upon each Chicago and suburban county Board candidate to publicly state their position on the proposed county income tax.

Flynn went on, "The county government is not close to reaching its legal maximum for real estate tax. The real estate tax rate is higher on income producing commercial and industrial property than it is on residential property. The Illinois income tax allows business to deduct its business expenses but the law forbids the individual taxpayer to deduct any expenses including a fire loss or damage to his automobile. The Illinois income tax is unfair and so too would be a Cook County income tax. Let's force business to pay its fair share of the taxes before we raise the tax rate of working men and women again. I also say let us all remember that Representative Schlickman of the 4th District voted in favor of the income tax and let us now ask him what his position is on the proposed county income tax. Is he for it or is he

against it. Remember, the county government cannot impose it upon without legislative permission. I will vote against the proposed county income tax, will Rep.'s Jaffe, Juckett and Schlickman?"

Flynn ended his remarks by reminding us all to express our opposition to the county income tax now and not to wait until it is too late.

Young will debate Mikva

Cong. Samuel H. Young (10th, Ill.) has agreed to debate his Democrat opponent, Abner Mikva, during the fall campaign.

In a letter to Mikva, Cong. Young called the opportunity to debate "highly desirable," and proposed three debates—one in Des Plaines, one in Evanston and one in Glencoe—so that interested persons throughout the district can attend. Cong. Young said his campaign chairman, Howard Goss, would be available to discuss the details of setting up such debates.

Young suggested a format in which he and his opponent would

ask each other questions on the issues. Specifically, Cong. Young proposed a program in which each man would make a 10 minute opening presentation followed by 5 questions by each man to the other. There would be a 4 minute limitation on the answers to each question.

In his letter to Mikva, Cong. Young said the projected work load of Congress would make it impossible to schedule any debates until after Labor Day.

Young also mentioned his previous pledge to limit his campaigning. "In November, 1973, I announced that I would put my

Congressional duties ahead of campaigning and that I would limit my campaign time from Labor Day to Election Day, which is approximately sixty days. I think this is in keeping with the trend of the times and what the public believes is desirable, as well as what I believe is desirable."

ED HANSON 'Jake Can Make You Rich'

NOW-not only can you save money by eating at JAKE'S FAMOUS RESTAURANT, 7740 Milwaukee Ave., Niles BUT you have a chance to become rich.

For JAKE'S RESTAURANT is now an authorized agency for the sale of Illinois State Lottery tickets.

This means that after you've enjoyed a money-saving delicious meal at JAKE'S, you can buy a lottery ticket (or as many as you want) for fifty cents a piece.

On August 1 the Illinois State Lottery Tickets go on sale at JAKE'S Restaurant and this could be your ticket to a lifetime of financial security because you could WIN the one million dollar prize.

So, in addition to quality foods at money-saving prices, it's possible you could strike it rich. For the million-dollar prize gives you a guaranteed income of fifty thousand of the big ones each year for 20 years.

WHO CAN BUY LOTTERY TICKETS?

Anyone over 18 years of age can. The price of the tickets is fifty cents each.

With the money you save by eating at JAKE'S RESTAURANT you can afford to buy several lottery tickets, anyone of which may WIN you \$20, \$100, \$5,000, \$100,000, \$300,000, or even \$1,000,000.

Just suppose you dropped into JAKE'S for breakfast and had two large eggs with hash brown potatoes, toast, butter & jelly or French Toast or 5 pancakes with syrup & butter for only 68 cents.

On your way out let's further suppose you bought a lottery ticket for a half-a-buck and suppose it turned out (which it could) to be worth one million bucks to you.

I'll bet you'd never forget that breakfast if YOU lived to be a million, would you? Even if you don't win, you're still getting a million dollar breakfast.

I'll tell you this: If anyone purchases a lottery ticket from JAKE'S RESTAURANT that WINS the million-dollar prize, I'll bet Jake would give that person FREE meals for a year!

So, don't forget Thursday, August 1, the Illinois State Lottery Tickets go on sale. You can get yours at JAKE'S RESTAURANT. And who knows?....it might be worth a cool million to you. This is just another reason why it PAYS to patronize the number one restaurant in Niles---JAKE'S.

You're always a winner when you take the family or special friends to dine at the famed FIRESIDE INN, 9101 Waukegan Road, Morton Grove. In addition to their superb regular menu, the FIRESIDE INN now offers several dinner and luncheon specials at very reasonable prices. Their food quality is, of course, unsurpassed and has gained them an unparalleled reputation among the most discriminating people of all Chicagoland. The FIRESIDE INN RESTAURANT also offers complete dinner specials on Sunday now beginning at 1 p.m. And in their spacious cocktail lounge, the inimitable CARMEN MENNA, provides song and music in the most mod manner, Tues. thru Sat.

At the FIRESIDE NORTH (formerly the Safari) a most complete renovation is taking place to transform this into one of the areas most beautiful complexes. If you're planning a POOL SPLASH PARTY to celebrate a birthday or some other special occasion, you'll find the FIRESIDE NORTH'S huge, beautiful pool perfect for the plunge. If you'd like more information about POOL SPLASH PARTIES, just phone 966-9600 and ask for Sarah. Or perhaps, to get away from it all you'd like to have a mini-weekend vacation. You'll find both the FIRESIDE INN and FIRESIDE NORTH has all the requisites to provide you with a relaxing, fun-filled holiday.

Meeting rooms, V.I.P. parties and special occasion affairs, both large and small are now available for you at both the FIRESIDE INN and FIRESIDE NORTH.

A few choice rooms are still available for persons wishing permanent residence; the rates are reasonable and include all utilities and provide color TV, maid service, and 24 hour switchboard. And the spacious lounge and bar, plus a magnificent restaurant offers permanent residents all their needs under one roof. It also offers luxurious carefree hotel living in a friendly atmosphere of quality people. For information just phone: 966-9600.

The Angelo's have returned from their vacation brown as berries and reopened their BEAM'N BARREL, 7136 Milwaukee Ave., Niles. They've made some important additions to their regular menu which, if you drop in, I'm sure you'll find very enjoyable to both your taste and purse.

Marathoners enjoy movie

The girls who played in this year's Niles Youth Congress Girls' Softball Marathon for the Julia Molloy Education Center for developmentally retarded children were treated to a night at the movies at the Golf Mill Theater on July 17. They were given a Certificate of Appreciation for their efforts during the Marathon

weekend and "Can Day" the week before to raise funds for this school. The arrangements for this party were made with the compliments of Mr. Bene Stein of the Golf Mill Theater, and each girl received popcorn through the efforts of Mayor Nicholas Blase and the Niles Youth Commission.

FASCINATING FUN & DINING

'I Do! I Do!'

For their roles in the musical "I Do! I Do!" at Guild Playhouse in Des Plaines, Jim Tuverson of Buffalo Grove and Pat Piper of Arlington Heights have had to learn entirely new skills -- he to play the saxophone, and she to play a violin.

This is for the scene in which, as a long-married couple planning retirement, they sing, a little ruefully, a song called "When the Kids Get Married." To fill the gap left in their lives by departure of their offspring, they take up music, and try a duet on their respective instruments.

Their lessons in mastering these instruments have not been arduous -- for in the Schmidt and Jones musical they're not supposed to be very good -- and they aren't. But Jim and Pat have fun, and their less-than-maestro capacities exercised with such exuberance, give the audiences at Guild Playhouse a fun, too.

The talented twosome will be singing, dancing, acting and playing their way through two more performances of "I Do! I Do!" on July 26 and 28. Tickets may be reserved by calling Des Plaines Theatre Guild's boxoffice, 296-1211, between noon and 8 p.m. On July 26 and 27, three one-act plays will alternate with the musical.

Outdoor Movie Night

The Golf Maine Park District will show the movie "Hatai" at Dec Park on Tuesday, July 30, at 8:15 p.m. The movie will be shown outdoors, and will be free of charge. Those attending the movie should bring beach chairs,

or other seating devices, or may watch by lounging on the grass.

The movie stars John Wayne and Red Buttons who are in charge of a team of professional hunters employed to capture animals for a zoo.

Arlington Park upcoming productions

David Lonn, Managing Director of Arlington Park Theatre, has announced that Barbara Rush will return to the theatre on Thursday, August 15 in a play to be announced. The production will play through Sunday, September 15. Early last year Miss Rush starred at the Arlington with Louis Jordan in Noel Coward's "Private Lives," which sold-out heavily prompting a return engagement last summer.

On Tuesday, September 17 British actor Roy Dotrice will perform another evening of "Brief Lives" for a two week only engagement ending Saturday, Sept. 28. Last fall, Mr. Dotrice brought his creation of John Aubrey, England's 17th century diarist, to the stage of the Arlington, which was hailed by critics and audiences alike as "a masterpiece of art and entertainment."

On October 3, Sid Caesar and Imogene Coca will premiere a new comedy written for their unique talents by Mel Tolkin and Lucille Kallen, two of the original writers of television's legendary "Your Show of Shows." The comedy is called "24 Hours A Day." Mr. Lonn plans to produce the production on Broadway, following its engagement here, with Max Liebman who was the executive producer of "Your Show of Shows."

The Zoo Story

John Schile (l.) and John Marquette are co-starred as Peter and Jerry in Edward Albee's engrossing drama, "The Zoo Story" at Guild Playhouse in Des Plaines. Two other one-act plays are on the bill-of-fare July 27 and on Friday night and Sunday afternoon, final performances of the musical "I Do! I Do!" will be presented at Des Plaines Theatre Guild's three-week Summer Festival of Theatre draws to a close. For ticket information, call 296-1211 between noon and 6 p.m.

Oakton photo exhibit

A photographic exhibition by Ralph Eugene Meatyard will be on display at the Interim Campus of Oakton Community College, 7900 Nagle ave., Morton Grove, until Aug. 1.

Meatyard, a photographer of the surrealist school, works in black and white and poses his subjects in masks, giving his photographs an atmosphere of unreality. Basic elements of Meatyard's work include rotting farmhouses, mysterious shadows, blurred woodland scenes, and hideously masked childlike figures.

The photographs, a Visual Studies Workshop Traveling Exhibition, will be shown in the William A. Koehnline Gallery in Building 4, on Monday through Thursday, from 9 a.m. - 10 p.m. and Friday from 9 a.m. - 6 p.m.

time or a part time professional planner to review, guide and make recommendations in the area of land use. David Cohen said, "We should look into this and find out what it would cost." John Hilkin said if we can't afford a full time planner, then maybe we can use a consulting & planning firm.

John Hilkin awarded Certificates of Appreciation to the following Blood Donors who gave at least four pints of blood. Among them was his wife, Jean Hilkin. Others were: Daniel McNichols, Cathleen Jupille, Elaine Duchaj, William Bickwith, John Arendt, Allen Zimmerman, Carl Wood, Francis Springborn and Wendy Reicherts. Mr. Hilkin also noted the next Blood Drawing will be on Aug. 1, and announced in July 65 pints were given as opposed to 45 last July.

Chief Glauner said 18 months ago, the police instituted "Operations Identification," a program to help citizens protect their belongings. The people can come into the police station and obtain the use of an engraver with which to mark anything of value they have. This can also be of great help in identifying articles that may be taken in a burglary.

John Stator of the Beautification Committee said Nortran is interviewing architects to draw up plans for a new railroad station in M.G.

David Cohen reported the Fire Dept. had 141 calls from June 24 to July 21. He also reported there was a reduction in burglary and larceny from 1973 to 1974.

John Hilkin stated at the July 16 hearing on Wells Mfg., the Atty. General's office said they now felt they could press for the installation of a system to rid the neighborhood of the offensive odor coming from Wells.

Herb Houndt said our 50/50 tree replacement program was now underway and moved to advertise for bids to be opened on Thursday, Aug. 8, at 11 a.m. at the Village Hall. The motion was carried. Houndt also said by Aug. 1 the Public Works Dept. intends to spray about four or five thousand trees throughout the entire village to help prevent the cottonwood disease. No trees on private property will be sprayed, only those on public parkways.

John Hilkin said we should look into the possibility of Federal Funding in order to fix the RR crossings at Dempster & Lehigh and Beckwith & Lehigh.

Lambert.
Cont. from Lincolnwood Page 1
Yom Kippur War.
In announcing plans for the High Holiday effort, Mr. Lambert stressed that it would coincide with the first anniversary of the Yom Kippur War.
The traditional Yom Kippur Yiskor (memorial) service at Chicago and suburban synagogues on Thursday, Sept. 26, will be the focal point of the High Holiday appeal, Mr. Lambert said.
The service will be marred by a special tribute composed in Israel honoring the memory of Israeli soldiers who lost their lives during the war. Congregation members will be called upon to become Shomer Yisrael (Guardians of Israel) through the purchase of \$1,000 or more in Israel Bonds to preserve the State of Israel.
Mr. Lambert pointed out that when Israel was attacked on Yom Kippur a year ago, the Jews of the United States and Canada reacted with "instantaneous effort and generosity of unprecedented proportions." Support for Israel Bonds mobilized by the synagogues in every city and town brought forth a wave of extraordinary response of historic proportions, he declared.
"In the bitter crisis of that war," he said, "the synagogues proved that they represented the heart and backbone not only of the community's spiritual life but of its concern for Israel's safety and welfare."
Mr. Lambert said the people of Israel are now carrying the heaviest defense burden in history and must rely almost completely on Israel Bonds for resources to maintain their economic development and to create jobs for new immigrants from the Soviet Russia and other countries.
"We must do our utmost in the synagogue during the coming High Holidays to launch Chicago's Fall campaign for Israel Bonds at the highest level possible. The quality of our participation in the drive will help determine the kind of New Year this will be for Israel and for ourselves," he said.

Budget.
Cont. from Lincolnwood Page 1
possible for the \$590,099 increase, Proesel said, are \$200,000 for street reconstruction, \$150,000 for increased cost of water purchased from Chicago, \$110,000 for street lights, \$30,000 for park lights and \$40,000 for purchase of a new garbage truck.
Labor and maintenance of streets jumped from \$65,000 last year to \$80,000 this year, and repair and maintenance of equipment rose from \$5,000 to \$15,000.
The police pension fund doubled from \$40,000 to \$80,000, because the village is behind in some state pension fund requirements, Proesel said.
Also included were substantial increases to cover purchases of electricity and motor fuel.
Also part of the budget was \$18,000, approved Thursday night, for purchase of a 10,000 square-foot parcel at Springfield and Proesel Avenues from the

John Freres family to be added to the village's water station property.
Although The Special purpose fund for Playground and Recreation rose from \$169,500 to \$288,450, this figure actually represents a decreased allocation for parks since it now includes park maintenance and capital improvement items formerly included in the General Corporate Fund.
Proesel explained the ordinance adopted Thursday night was an appropriation ordinance and not a tax levy (which probably will be adopted in August).
Not all of the appropriated money is spent, he said, but must be included in case the expenditure is needed.
Proesel said he does not foresee a property tax increase, and there possibly could be a reduction in taxes.

In the past only about 25 to 35 percent of the appropriation ordinance has been funded by property taxes. The remainder comes from sales tax, motor fuel tax, water sales, state income tax rebates, federal revenue sharing, fees, licenses, and fines.
