## OCC fall classes begin August 26

Classes for the Fall term at Oakton Community college will begin on Monday, Aug. 26, according to John J. Gagin, Director of Admissions and Records. Gagin points out that students who wish to attend Oakton for the 1974 fall term can still apply for admission. The admissions office will accept applications during regular business hours from 9 a.m. until 4:30 daily.

Students interested in full-time enrollment should contact the Admissions Office as soon as possible. Open registration for part-time students will be held on Wednesday and Thursday, Aug. 21 and 22. Students taking less than 12 semester hours of work are considered part-time. Oakton is a public community college serving the residents of Maine and Niles Townships. The college has an open admission policy and all graduates of an accredited high school are eligible to enroll.

Tuition for in-district residents is \$10 per credit hour. Out-of-district residents who wish to attend Oakton should apply for tuition assistance from the administrative offices of the community college or high school in their home districts.

Students living in the New Trier or Evanston high school districts should contact the Oakton Admissions Office for information about tuition assistance or chargebacks. Oakton Community College offers students a wide choice of college transfer and general studies courses as well as 23 vocational-technical career programs. The latter train men and women for careers in health related technologies, public service, business and industry. Four new career programs introduced at Oakton this fall are Insurance, Law Enforcement, Business Machine Repair, and Hotel/Motel Management.

## STUDY PLAN ON LANDLORD-TENANT BOARD

by Diane Miller

### From the LEFT HAND

By David Besser  
Editor and Publisher

While the national psyche has been whopped and zonked and battered to and fro this past week, I'm utterly amazed how well we bounce back. Everyone of us bled a little bit the past week and while the wound might have seemed only a surface wound I'm sure it cut much deeper.

Most of us look back over periods of time delineating the years, by decades. But the years starting with the first Kennedy assassination, and perhaps ending with Nixon's resignation, is a decade plus one which bears its special trauma.

Pundits asked the question during the Viet Nam years whether the blood and mayhem which poured into our living rooms every night conditioned us to matter-of-factly accepting what we were seeing. Were we actually able to identify with what we were seeing or were we incapable of understanding the violence which appeared 19 inches diagonally across our living rooms every night? And when the Kennedy entourage was in the eye of our TV screens, as they drove thru Dallas, did we really succumb to the carnage of the President? Two days later when Jack Ruby drove bullets into the stomach of the alleged Kennedy assassin, were we really there and did we really comprehend what was happening?

On and on and on and on and on and on and thru the sixties Martin Luther King dropped in front of us on that balcony in Memphis, and subsequent riots raked our country. And Bobby Kennedy laid in that hotel kitchen corridor, dripping blood moments after speaking to the country and the California voters after his primary victory. And the riots...that blew the election for the Democrats in 1968...that horrid night of the convention which was surreal...when the conventioners were nominating a president, the kids outside were confronting the police in unbelievable horror. And we all were there, watching. And during all this time napalm and bombs in Viet Nam were despoiling our psyches as much as it was destroying thousands of people over there.

And now this last Watergate period. Since last summer when the Senate hearings took place, this country has been off keel. And last week the culmination of the Year of Watergate, once more in our living rooms, sort of splattered all over the place. The guy was our President. Whether we liked him or hated him he still was our guy on top and his

### Pesole cites residents' apathy on Jubilee events

Trustee Pete Pesole told the board Tuesday evening that he felt "residents were not getting involved and supporting the various events being held to celebrate the Village of Niles' Diamond Jubilee." Pesole, in very angry tones, said the various homeowners' groups, the Chamber of Commerce and just residents in general were very apathetic to these functions. "The turnouts have been terrible," said Pesole. "Even with

At Tuesday night's Village Board meeting, Mayor Nicholas Blase submitted to the trustees an outline on the structure of a Landlord-Tenant Relations Board which has been established in the city of DeKalb, Ill. Blase said he felt this was a very innovative program and would be a source other than law for landlords or tenants to come to if there were any disagreements or complaints. Since the village has a large amount of apartments, Blase said the formation of this board would serve the following purposes: 1) Mediate disputes between landlords and tenants. 2) Arbitrate disputes when requested. 3) Check buildings with more than four violations whereby creating a way to keep property values up by not allowing buildings to be operated in a run down condition. "This is exactly what happened in Chicago and we don't want it to happen here," said Blase. The board would be made up of 5 individuals. One would be a tenant, that is someone who pays rent and lives in an apartment building. The second would be a landlord who would have to own a building consisting of 4 or more units in order to be eligible. In the case of the city of DeKalb, the third party was an official from Northern Illinois University. The fourth individual would be a Code Enforcement officer and the fifth, a resident of the city or village who would not fall into any of the other categories. Blase gave a copy of the ordinance which formed this Landlord-Tenant board in DeKalb in January, 1974 and asked the board to read it over, think it over and the subject would be brought up for consideration at the next board meeting in two weeks.

# An open letter to all Nilesites

Every village has only one or two opportunities during the lifetime of its residents to celebrate an event that the whole community can take pride in and feel a part of.

One of these events occurred when the Village of Niles was awarded the All-American City Award in 1964. Another time when we can show this fine spirit is occurring right now—during the 75th Diamond Jubilee Celebration. Yes, there comes a time when we must—or at least should—show our regard for the Village.

It is with this in mind that we write this letter. As you probably know, the final weekend of events in regard to our Diamond Jubilee Celebration is rapidly approaching. The participation of some organizations, committees, boards, and individuals has been outstanding. Although more than 400 volunteers have given of their services to the Jubilee and although more than 6,000 persons have availed themselves of our offered events, there are still a great number of Nilesites who have yet to be heard from. To them—the unseen—we offer our Diamond Jubilee weekend celebration.

We, the Diamond Jubilee Committee, solicit every elected official, every Niles employee, ever homeowner and every other resident of Niles to share in these final events.

This Diamond Jubilee weekend consists of a giant Beefst at Notre Dame High School on Friday, Aug. 23 with beer at only 10 cents a glass and great entertainment at no charge; the Dinner Dance at the House of the White Eagle on Saturday, Aug. 24, and the Grand Parade on Sunday, Aug. 25. Full details are found in ad on page 23. It is an occasion such as this Diamond Jubilee Celebration that will strengthen the fine atmosphere of friendship and fellowship in this Village and will create within every person a sense of pride, self-respect, dignity, and self-esteem.

Please, don't let the Village down.  
Very truly yours,  
Niles Diamond Jubilee Committee

### ST. JOHN REGISTRATION

Registration for the 1974-1975 school year at St. John Lutheran School, located at 7435 Milwaukee ave. in Niles, will be held on August 20 from 2-5 and 7-9 p.m. St. John operates a fully accredited educational program for pre-kindergarten through eighth grade. Registration materials may be obtained by calling 823-3253, 647-8132, or 967-9867.

Feichter plans to introduce this proposal immediately upon the commencement of the next session of the State Legislature in January.

## Feichter: expand services to senior citizens

Pat Feichter, Democratic candidate for State Senator in the 4th Legislative District, has called for the state Department of Aging to expand its services to make the Department more accessible to senior citizens throughout the state.

Commenting on his proposal, Feichter said, "while efforts have been made to help senior citizens with their special problems, the task has not been carried out to its fullest extent. My plan would provide for quick direct access for seniors to a central agency. It would be the agency that would do most of the 'leg-work' to remedy a particular problem."

The Feichter proposal would include a state-wide hot-line which would be equipped to handle problems over the phone and make referrals to other agencies as well. In addition, a number of senior citizen centers would be established throughout the state. These centers would provide basic medical services and "people services" at little or no cost to the senior citizen.

"Often times the bureaucracy is hard enough for the bureaucrat to work through. Our senior citizens deserve whatever help we can provide for them."

Residents who qualify will obtain a reduction in the assessed valuation of their homes, Parks said. The reduction on a typical home would result in a tax savings of approximately \$100, he added.

Senior citizens may apply at the Maine Township office, 2510 W. Dempster, Des Plaines. A copy of the warranty deed, a past real estate tax bill, and a driver's license or Medicare card must be presented with the application. Deadline for filing is Sept. 1. ### SENIOR CITIZENS CLUB OF NILES

#### Lake Geneva Boat Trip

On Wednesday, July 17 at 9 a.m., ninety seven Senior Citizens Club of Niles and guests left the Recreation Center to go to Lake Geneva. It was a beautiful day, and a beautiful scenic drive along Route 12 on modern new air conditioned buses.

Arriving at Lake Geneva two hours later, we went aboard the most popular boat on the lake, "The Lady of the Lake." Built in 1963 she is a replica of a Mississippi River boat, complete with double decks, twin smokestacks and paddle wheel. It took \$100,000 and five years of planning and labor to recreate the replica.

They served us free coffee, and we had a good narrator. He pointed out all the beautiful private homes, yachts, Williams Bay and the famous Yorkes Observatory, and homes that are and were owned by famous people. It was a beautiful two hour trip, and will be long remembered by many of us.

We then boarded our bus and drove out to Lake Delevan, where we had lunch at the famous Millie's Pancake House. A delicious lunch of salad with fresh fruits consisting of cantaloupe, cherries, nectarines and watermelon. Then came hot homemade cinnamon rolls with whipped butter, followed by baked stuffed pork chops, mashed potatoes, sweet sour cabbage and topped with ice cream and strawberries. All the coffee we wanted. No diet for this meal!

We then visited Muriel's Stitchery, adjacent to Millie's Pancake House, to see a beautiful display of crewel, needlepoint, calicos and crafts.

After a lovely beautiful day, we were homeward bound, and a happy tired bunch of Senior Citizens and guests arrived at the Recreation Center around 6 p.m.

## Grazian candidate for Judge

Leonard R. Grazian, a prominent Chicago attorney with almost a quarter of a century of experience, is seeking election in November as a Judge of the Circuit Court of Cook County.

Grazian, 50, is a life-long Chicago-area resident, who conducts a consulting and trial practice on behalf of more than 20 Chicago area law firms. Since his admission to the bar in 1950, he has been active in local Bar Association activities. He is now a member of the Cook County

Chicago and Illinois Bar Associations, he also is a member of the Association of Trial Lawyers of America and the American Judicature Society. Grazian is a native of Chicago's south side. He served in the Air Force during World War II, his educational background includes a bachelor's degree in Chemical Engineering from the Illinois Institute of Technology and a Juris Doctor degree, with Honor, from the John Marshall Law School.

A resident of Morton Grove for 12 years, Grazian and his wife, Dolores, have eight children, ranging in ages from 6 to 25. His wife has been active in Parent-Teacher Association activities, the Girl Scouts, the Park Ridge Swim Club and the Michael Reese Hospital Nurses Alumni Association.

Initial appearances for the mobile laboratory are: Aug. 22—U.S. Gypsum, 1000 E. Northwest Highway, Des Plaines, 9:30 to 3:30. Aug. 27—Imperial Eastman Co., 6300 W. Howard st., Niles, 11:30 to 5:30. Aug. 28—Sears, Golf Mill Shopping Center, Niles, 8:30 to 2:30. Most persons need only red cells, and others only a "fraction" of the plasma. Red Cross explains, pointing out it is

wasteful and frequently harmful to burden a patient with components he does not need. The mobile unit eventually will be able to double the output of components, the agency said. It will separate blood into components, freeze and refrigerate them. The blood will be delivered to the main laboratory where ABO and RH typing, RIA and other tests will assure the blood to be safe for patient use. The new unit was financed by McDonald's Corporation, International Harvester, Amoco Foundation and McCormick Trust. The equipment in the lab was funded by the Junior Women's League of Chicago.

RECEIVES DEGREE  
An estimated 886 students received degrees in July at the University of Iowa. Graduates included: Morton Grove: Candace Odden, 6330 N. Lincoln, Sociology. Park Ridge: Kenneth Matson, 1309 S. Clifton, Accounting; John Franks, 418 S. 7th, History.

## Niles Baseball League closes

As our 22nd year of the 1974 Niles Baseball League season comes to a close, I would like to thank a lot of people who assisted in making our season successful for boys in the age groups of 8 thru 17 years. First, without the help of our sponsors, too numerous to mention in this letter, but so very important in our program of baseball in Niles. Without the help of the Niles Park District, Bill Hughes and his staff to make the baseball diamonds playable day in and day out and coping with our early and also late season rainouts, our thanks to the Park Commissioners who also have helped with our program of providing baseball for approximately 900 boys.

Next I would like to list some of the people who have dedicated their time and effort to make our 1974 season a success as well as their understanding and helpful wives who also support our program.

## Niles Baseball League closes

As our 22nd year of the 1974 Niles Baseball League season comes to a close, I would like to thank a lot of people who assisted in making our season successful for boys in the age groups of 8 thru 17 years. First, without the help of our sponsors, too numerous to mention in this letter, but so very important in our program of baseball in Niles. Without the help of the Niles Park District, Bill Hughes and his staff to make the baseball diamonds playable day in and day out and coping with our early and also late season rainouts, our thanks to the Park Commissioners who also have helped with our program of providing baseball for approximately 900 boys.

Next I would like to list some of the people who have dedicated their time and effort to make our 1974 season a success as well as their understanding and helpful wives who also support our program.

**League Officers:** Bob Pullen, Vice Commissioner; Ted Kroll, Secretary; and John Krippinger, Treasurer.

**League Chairmen:** John Shermoske, Peanut; Bob Majewski, Little American; Marv Jensen, Little National; George Haerr, Pony A and AA; Tom Spino, Pony AAA.

## Lincolnwood defeats Morton Grove

The Morton Grove Invitational Tournament sponsored by the Skokie Athletic Association, was won by Lincolnwood. They defeated Morton Grove 9 to 6 at Mansfield Park Sunday, Aug. 2. Stu Sorokin of Lincolnwood went the distance allowing 5 hits, 5 earned runs and striking out 11. Only 3 Morton Grove batters were able to hit safely. They were Scott Zimmer 2 for 3, including a home run, Dennis Callaghan 2 for 3, one a triple, and John Blus who had the other hit. Lincolnwood batters hit Mike Biskis hard in getting 5 runs in the first 3 innings on 6 hits. Phil Wax held Lincolnwood to 1 run in 3 innings, but was the victim of an error that allowed 3 unearned runs to score. Prior to the unearned runs scoring, Morton Grove was making a bid to overtake Lincolnwood by scoring 4 runs in the bottom of the 5th, making the score 6 to 5 in favor of Lincolnwood.

Park Ridge won the 3rd place crown by defeating a talented Libertyville team 8 to 1, behind the 4 hit pitching of Dan Fiddler. Fiddler also aided his cause with a 3-run homer that put the game out of reach of Libertyville. Park Ridge was limited to 6 hits, but they capitalized on Libertyville errors, plus the base on balls given up by pitcher Dale Nylander in the first inning. Dave Schwabe hit a home run in the bottom of the 6th that took a shutout away from Dan Fiddler.

In order to reach the finals, Morton Grove had to beat Lincolnwood on Saturday night, and this they did, 8 to 4 behind the strong pitching of Mike Pegararo. Pegararo limited Lincolnwood to 6 hits, he also aided his cause with a solo home run. Scott Zimmer hit a 2-run homer while John Blus had a perfect night at the plate including a triple. Morton Grove scored 5 runs in the top of the 6th that broke a 3 to 3 tie. Lincolnwood threatened in the bottom of the 6th, but a double play stopped a potential rally. Libertyville needed a victory to face Park Ridge and eliminated Wauconda on Saturday night 13 to 3. Pitcher Mark Suppelsa held Wauconda to 5 hits, while his teammates had 12 hits off of Wauconda pitchers Weiss and Carney. Leading the hit parade for Libertyville were Keith Thompson, Dan Maris and Tom Kallal. All 5 teams participating in the tournament were presented trophies by President LeRoy Zender of the Skokie Athletic Association with players on the top 3 teams receiving individual awards.

Chuck Huck, Tournament Director, is to be complimented in making this a very well run tourney, as this was a first for Morton Grove. Both President LeRoy Zender of the SAA and Chuck Huck have high hopes of drawing more teams to play in next year's tournament.

### LETTERS TO EDITOR

#### Bugle receives 'roses'

Dear Editor:

Sorry that it took me so long to express my thanks to both of you, but I have had a few irons in the fire. I finally have a few minutes to get caught up.

Thank you for being so kind to the Niles' Days Committee, the Senior Citizen King and Queen Contest, the Pastor of St. John Lutheran Church, and to my folks

on their 50th wedding anniversary. Besides myself, you have made a lot of people very happy.

I also want to mention that in my opinion, our combined endeavor at the Golf Mill Theatre has been the most successful event so far. Thank you again for your support.

Sincerely, June Haase

## SUMMER HOCKEY

The Niles summer program is in full swing with a complete schedule of Open Hockey Play (Rat Time), Public Skating, Ice Rentals and Eric Nesterenko's Hockey School.

Our hockey school is one which Eric Nesterenko considers unique for this area. Hockey players are developed from ideas. Eric Nesterenko along with Gene Ubranco and goalie Rich Deams instill winning ideas into their students. They work with the young players on the fundamentals of skating, stickhandling, passing, shooting, faking and deking with the puck, offense and defensmanship.

So if you are looking for hockey "know-how" and not looking to be exhausted from 3 hours of wind sprints, come to the Niles Hockey School. 15 hours of ice time per week for a fee of \$55 per week. ## Campaign Committee

Niles Township Clerk Lou Black Monday announced formation of the Niles Township Independent Campaign Committee for Stanley Kuser for Cook County Clerk.

Black, a candidate for Republican Committeeman last Spring, explained his support for Democrat Kuser by pointing out his recent statement that he would independently judge the merits of candidates in both parties.

"Stanley Kuser has demonstrated his ability to effectively manage the Clerk's office and has proven his dedication to responsible Government", Black explained.

"He has shown understanding of the inter-relationship among the Township and Municipal levels of Government. My observation of his handling of the County election machinery in my capacity as Township Clerk convinces me of Kuser's fairness, patience and ability. Cook County has never had a Clerk of such outstanding capabilities", Black continued.

Black invited those interested in joining the Independent Campaign Committee for Stanley Kuser to call him at 674-6766.

### PEC fall registration

Preschool Educational Centers at 4127 Main st., Skokie and 9000 Home ave., Des Plaines have announced that fall registration is now open for their new Kindergarten facilities. Emphasis will be placed on a regular kindergarten curriculum with the goal of having the children read by the end of the year. The classes will be very small, allowing for individual attention and permitting the child to progress as his or her ability allows. According to T. Schwarcz, PEC director, children can lose their desire and appetite for learning if they are held back to conform with a prescribed teaching schedule. Classes will be held from 9 to 11:30 a.m. and will begin September 3. Experienced certified teachers will be in charge of the program.

Fall Preschool and Day Care registration also is open. PEC is offering the preschool children a program designed to each organization, sharing, playing among others, listening and following directions, numbers, ABC's, art, music, drama, creativity, reading and math readiness, to know and respect others as well as themselves, and to accept authority.

### Drive in facilities offer convenient hours

The ultra-modern drive-in facilities at the Bank of Commerce and Industry offer convenience and fast service to customers during regular banking hours. Mothers of small children are finding it particularly helpful as they do their banking from their cars.

Drive-in banking hours at the Bank of Commerce and Industry, 6100 Northwest Highway, have been extended for the convenience of 'our customers,' said Richard P. Larsen, BCI president. The three drive-in lanes adjacent to the bank are now open until 7 p.m. on Monday, Tuesday and Thursdays. The windows remain open until 5 p.m. on Wednesdays, 8 p.m. on Fridays and 1 p.m. on Saturdays.

Many of our customers requested the extra hours so that they could conduct their banking in one easy stop and proceed with their shopping,' said Larsen. 'It also makes it much easier for mothers when they can transact their banking business from their

car and not have to park and bring their children into the bank, especially during bad weather.' Larsen pointed out that drive-in tellers can handle most general banking transactions. 'We're not discouraging lobby banking,' he said, 'but we are interested in making it convenient for our customers to bank.' While drive-in facilities are open a total of 56 hours per week, the bank's lobby is open 63 1/2 hours. Other Bank of Commerce and Industry conveniences include an 'early bird' and 'night owl' window for commuters, and a community room for use free-of-charge by local community organizations.

### New Centel directories 'eye appealing'

New telephone directories sporting a scenic cover have been distributed by Central Telephone Company of Illinois to its customers in the Park Ridge-Des Plaines area.

In some instances, fewer directories were delivered than in the past due to the growing paper shortage. If you should find you have need for additional directories just call the business office and additional directories will be made available.

In another effort to conserve resources, Centel will locate a bin for old directories in its parking lot at 2004 Miner st., Des Plaines, for those wishing to have their old directories recycled.

The new directories are the first in Centel history to utilize a decorative cover rather than the more traditional covers used in the past. Centel developed the scenic cover to give its customers a decorative as well as functional book for use in the home and office.

Centel subscribers desiring an unmarked reproduction of the cover, 1 1/2" and 2 1/4" inches, may obtain one by visiting the telephone business office at either 2004 Miner st., Des Plaines, or 36 S. Fairview, Park Ridge.

Several improvements have also been incorporated inside the directories. Emergency numbers have been printed inside the front cover. The easy to find location was selected to make emergency numbers more accessible and to make them available on heavier, more durable paper than is used inside the directory. Information pages have been divided into three major areas;

local calling, followed by long distance information, then general information. 'Conversation Pieces' is located in the interior of the directory between the white and the yellow pages. It is a sampling of many of the telephone styles, along with color samples to help in decorating the home or office.

### Georgetown Law graduate

About 720 students received degrees from the Georgetown University Law Center at Commencement exercises Sunday, May 26. This was the largest graduating class in the school's 104-year history. Local graduates included: Joel Robert Platt, 7937 Arcadia st., Morton Grove.

### Olivo promoted by American National

John E. Olivo, Morton Grove, has been named second vice president of the American National Bank and Trust Company of Chicago. Olivo is in the installment loan division, and has been an officer of the bank since 1969. Clarence Pearson has joined the Marketing Services Department of Mills, Fife & MacDonald, Inc., a Des Plaines advertising/marketing/public relations agency, announced William H. Fife, Jr., president. According to Fife, this will provide the agency with greater strength in the areas of marketing

planning, sales promotion, advertising, merchandising and market research, plus other client services, all in keeping with the MFMD total communications concept. Bringing an unusual variety of communications experience to MFMD, Pearson previously served as media director with several agencies and also as advertising manager for several large multi-product industrial manufacturers. In addition, he was the editor of a major business publication. A great believer in advertising continuity, Pearson several years ago conceived an idea of long range advertising investment that provided additional economy. He also believes that no advertising or communications plan can succeed without a thorough understanding of all the markets for a company's products, the buying influences, and how a product functions.

### District 207 Executive Secretary retires

Mrs. Martha Hendrickson Zitewitz, for many years Executive Secretary to the Superintendent of Schools of Maine Township High School District 207, has brought her long career with the school district to a close through her retirement from that position as of July 31.

Since 1966, Mrs. Zitewitz has served as Executive Secretary to the present Superintendent, Dr. Richard R. Short. Before that time, she provided secretarial and management assistance for five former superintendents, including Mr. C. M. Himmel, Mr. T. R. Foulkes, Dr. Frank L. Holmes, Mr. Harry D. Anderson and Dr. Earle W. Wiltsie. During the 1950's, she served for 9 years as Secretary to the Board of Education, in addition to her work with the Superintendent of Schools.

A resident of Park Ridge since childhood, Mrs. Zitewitz joined the educational support staff of District 207 shortly after graduation from the Maine Township High school, now Maine East. She and her husband, Robert W. Zitewitz, reside at 838 Sylvia-wood ave., Park Ridge.

In announcing her decision to retire, Dr. Short commented, "To say Martha will be missed is an understatement. The loss of her efficient and dedicated services will be felt by all of us. But that loss is overshadowed by our desire for her to enjoy many highly deserved years of good health and happiness in retirement."

Effective Aug. 1, Miss Ruth Bos, a member of Dr. Short's staff for 7 years, will be Executive Secretary to the Superintendent of Schools.

### ED HANSON 'Morality - America's New Thing'

A great wave of morality or the desire for it, is sweeping across this nation like a tropical storm. We must have, above all else, morality in our political leaders. Our new President, Jerry Ford, is a very moral man. He's Mister Clean.

The news media clamors for morality. The churches have always insisted it was the only way to fly. But morality, which is good, is not always invested in any special person.

For good and evil do not always dwell on opposite sides of the street.

Both qualities can be invested in the same person. In other words, a man with good morality can have bad ideas. Or a man with bad morality can have good ideas.

Which reminds me of a story. Once upon a time there lived a very moral man. But he was broke, unshaved, tattered, and found himself in the skid row district of Los Angeles.

A very immoral man, a rich, famous movie star, lived not far away in Beverly Hills. Fate caused the two to meet.

While waiting for his chauffeured Rolls to have a flat repaired, the rich, evil movie star was approached by the unshaven bum who said, 'I'm hungry-can you spare me the price of a meal?'

The rich, famous, immoral movie star replied, 'Hell yes, but first accompany me as soon as my Rolls rolls.'

All I want is something to eat, mister', the bum pleaded.

'And that you shall have', replied the evil, immoral movie star. Their first stop was a cigar store located at Hollywood and Vine.

Inside, the movie star said to the bum, 'What would you like to smoke? anything you'd like-including a box of my special \$2 a piece cigars?'

'No thanks', replied the moral bum. 'I don't smoke-I just want something to eat.'

'Soon', replied the movie star, but we have a few more stops. Their next stop was a candy store which had a big bookie operation going on in the rear.

'Here's a c-note', said the evil movie star. 'Bet any horse you'd like.'

'No thanks', answered the bum. 'I don't gamble but I am hungry.'

'Be patient', said the evil movie star.

Their next stop was a posh motel. Inside it's lounge were several beautiful, young, shapely women. 'Pick anyone you'd like', said the immoral movie star, it's on me.'

'No thanks', replied the moral bum. 'I'm married, although I haven't seen my wife in two years.'

Later, the rich, evil movie star ushered the hungry bum into one of the most exclusive and ornate bars in all California.

'What'll you have to drink-name it!'

'Sorry sir, I don't drink. Do they have food?'

'That's next. At my home I have the finest foods in the world and a famous gourmet chef to prepare them.'

'Gee, thanks', replied the very moral but very hungry bum. After they rolled up to a beautiful white mansion, located upon a knoll, on a palatial estate, the immoral movie star said, 'Follow me: I want you to meet my lovely wife.'

When the beautiful, chic, young woman reached the bottom of the red-carpeted spiral staircase, she turned to her husband, disdainfully saying, 'What the hell are you bringing this dirty bum home for?'

'Ah, my dear, I wanted you to meet him. He's special. A totally moral man. And then the immoral, rich, evil movie star paused, cleared his throat, and said to his wife in his rich baritone voice, 'I wanted you to see what can happen to a man who doesn't smoke, gamble, desire women, drink or even swear.'

Now the famous chef who was employed by this famous rich, decadent movie star was none other than Nick, a renowned chef from Greece. Nick was so incensed by this mean act upon the part of the movie star that he left his lucrative employment. For a while he wandered about the streets of L.A., and by chance, he bumped into another Greek named Bill. Well, you know what happens when one Greek runs into another--they start a restaurant.

And so it came to pass that Bill and Nick came to Niles and opened a restaurant called the Millbrook in the Millbrook Shopping Plaza which is across from the Golf Mill Shopping Center.

But although both were wonderful chefs, who would never put starch in their soups, nevertheless, the world did not immediately beat a path to their door. But slowly like the climax of a Greek play, their business began to build. More and more patrons began to partake of their truly delicious foods which were prepared not only with expertise but with loving care.

For good food, like a great painting or masterful writing only stems from a love affair. Thus, the artist's love of painting and the writer's love of his craft produces something which is so valid that it becomes of itself great. Both Nick and Bill love to prepare delicious and different foods and as love reflects love, it follows as day follows night they will ultimately succeed.

And now their business is succeeding and increasing each week but frankly, they can still use lots more. So, go into the Millbrook Restaurant and find out if I'm not telling the truth.

And what happened to the poor but very moral bum that suffered such great humiliation at the hands of that evil, rich, immoral movie star?

Nick felt pity for him and brought him to Niles. And this highly moral man is no longer a bum. He is in charge of the dishwashers at Millbrook Restaurant.

You could say he is America's most moral dishwasher.

### Group sales & benefits for Music On Stage, Inc.

Enjoy a performance of the musical 'Carousel' while making money for your organization or favorite charity!

This is the offer Music On Stage is making to social and service clubs throughout the northwest suburbs, according to Karol Verson of Niles, president of the Mount Prospect-based community theatre group.

Six performances of the beautiful Rodgers and Hammerstein musical play will be presented by M-O-S September 13, 14, 15 and 20; 21, 22 at Elk Grove High School, Arlington Heights rd. and Elk Grove Blvd.

Blocks of 'Carousel' tickets for group sales and benefits are now available for any of the six dates, and by starting to sell in August, your club will have a month to insure the success of its party or fund raiser,' says Mrs. Verson.

Single admission price is \$3.50, but by buying a block of 25 tickets, the price drops to \$3.25 each. Twenty-six to 50 tickets are just \$3.00 each, 51 to 100 cost \$2.75 apiece, and 101 to 250 are only \$2.50 each. The entire house of 500 seats may be purchased for a benefit at \$2.00 per ticket, giving a profit of at least \$1.50 each if sold at \$3.50 or more. (Benefit tickets must be priced by the group at \$3.50 or higher according to M-O-S rules, Karol states.)

It's lots of fun to see a musical with your friends, M-O-S prexy Verson intones, 'and for very little effort you can make money for your service projects for the coming season while having an enjoyable evening at the theatre.'

A social or church group, just looking for an entertaining evening or Sunday afternoon outing can save money over the single admission rate if they buy a block of 25 or more tickets...and who isn't looking for a bargain these days?' she adds.

Certain times are 8:30 p.m. for the Friday and Saturday performances, and 2:30 p.m. for the Sunday matinees. 'The Sunday afternoon shows (Sept. 15 and 22) will appeal especially to Senior Citizens and children's groups, and make great kids birthday party treats,' Mrs. Verson stresses.

ses, 'because of the wholesome, family-oriented nature of this production.

'The melodies from 'Carousel' are very familiar, and the carnival and New England clambake settings so full of action and color. There are lots of youngsters in the cast, and children in the audience will find much to identify with in this Rodgers and Hammerstein hit, based on Molnar's play 'Liliom.'

For information about Music On Stage's group sales and benefits, call Karol Verson at 966-4720, or Harriet Sumner, 966-0026. Tickets are all printed and ready for distribution.

After the final curtain on Friday and Saturday nights, audiences are invited to meet the 'Carousel' cast and crew at a cocktail party at Maitre d' Restaurant, 111 E. Higgins rd. in Elk Grove Village.

Groups wishing to plan a theatre party or fund raiser for later in the season have a choice of two other Music On Stage

productions. The musical, 'Company' will be presented in an intimate 'in-the-round' cocktail theatre setting at Wheeling/Northbrook Holiday Inn January 24, 25, 31, February 1, 7 and 8; and 'Anything Goes' is slated for April 4, 5, 6, 11, 12 and 13 at Rolling Meadows High School.

'Company' is a show with special appeal to suburban audiences...especially couples clubs, and 'Anything Goes' is perfect for nostalgic buffs with it ever-popular Cole Porter tunes such as 'You're The Top' and 'I Get A Kick Out Of You.'

Music On Stage founded in 1957, has been entertaining Northwest suburbanites with musicals each year since then. The 1974-75 season of three full musical productions is the most ambitious planned so far by the M-O-S board, according to Mrs. Verson.

downfall had to wound all of us, no matter how we felt. There was little joy in Mudville when Casey struck out.

Perhaps we now enter a new era. Some of the wise guys think Calvin Coolidge has returned to the White House. But most of us weren't even around when Coolidge was called upon to cool down the Tea Pot Dome so who was Taciturn Cal?

I don't think we're returning to any previous era. The clock never ticks backwards; And I don't think we'll ever return to the pre-World War II days when short-remembered historians tell us 'those were the days'. The 70's are many moonshots away from the 20's and 30's and there's no way we'll go back. We're moving much faster than we were yesterday, and we'll move even more quickly tomorrow. The post-war World War II momentum can't be stopped at this late date and I really doubt many of us would want it to be stopped.

We're eternal optimists, we Americans. We don't walk around with a dour look. And the burden we carry is done with a light step. We joined together with a mutual sigh of relief when Gerald Ford moved topside because we believe the future will be better.

We've got the right idea. Optimism, look up, look ahead and smile. The alternative is a poor choice.

ribute the questionnaires. A rough report on the survey data is to be presented to the Lincolnwood Recreation Committee, Fallon said.

Households receiving the questionnaires were selected at random from the village's water bill list, Fallon said.

"In other towns where these questionnaires have gone out, people have begun to see that public buildings, particularly schools, can be used as community centers," Fallon said.

Eight Lincolnwood community organizations and service clubs helped plan the study in hopes of expanding recreation programs in the village.

Objections by Harvey Kriloff, 3724 Wallen, that the survey is a waste of time and invasion of privacy were largely ignored.

Survey data is to be used only by the university and will not be available to anyone else, Fallon said. Residents are not asked to identify themselves, and may skip questions they find objectionable, he said.

Such questions as "How important do you feel your present job is?" and "When you feel tense or worried, what is the usual reason?" are designed to discover basic needs in the community for which programs could be developed in recreation, education, or health, Peter Murk, a representative of Ball State University, said.

Narragansett. If we don't join the Flood Insurance Program, several businesses located at that point will have a hard time selling their businesses at a later date. Huber recommended adopting the resolution to join this program and the board concurred.

Fire Chief Hildebrandt noted 3 more paramedics will be completing courses at St. Francis Hospital. Capt. Schey said Officer Corsi was retiring next week after 21 years with our Police Dept.

Fred Huber told the board he received a request for a four way stop sign at Long and Cleveland ayes. and the board decided to turn the matter over to the Traffic & Safety Committee.

In answer to a letter from the Park District requesting a joint meeting on Aug. 20, the board contacted them and a meeting was scheduled for Wed., Aug. 28 at 8 p.m. The trustees held a lengthy discussion on an ordinance amending our Zoning Code, but in the absence of Atty. Berrafato, it was decided to wait for his return before making a decision on this.

Fred Huber noted 7 bids were received for our tree planting program & Supt. Dahm and Huber recommended accepting the low bid of \$6,040 from the Charles Klehm Nursery. This was for 100 trees, and the board agreed. Mr. Huber also said two requests came in for permission to hold "Sidewalk Sales." One

was from E.J. Korvette and the other from S. Wallace Dept. Store. Both requests were granted. Fred McClory said that only one bid came in for the Fire Chief's car. It was from Montgomery Olds for a 1974 car and was \$4,434. The board turned the bid over to Huber & Chief Hildebrandt for study. McClory also said the Precinct Voter Registration would be held Oct. 8, from 8 a.m. to 9 p.m.

David Cohen said a letter of commendation was received thanking Officer Rossler for his fine talk on Drugs in St. Charles. Cohen also reported the Fire Dept. handled 127 alarms from July 22 to Aug. 11. It was noted Larry Cook, William Crooks and Andrew Wohl completed their probationary training with the Fire Dept. "A stoplight will be installed at Dempster & Shermer with Niles bearing most of the cost," said Cohen, "now we should try to get one where needed most in M.G."

John Hilkin said 60 pints of blood were donated in August. Mr. Hilkin then said we are conducting a Lead Study Project to determine lead levels in the air. This will be conducted on a daily basis and is especially important for pre-school children. Herbert Houndt noted the Public Works Dept. has sprayed some 9,176 trees in M.G. with our new truck at only 36 cents a tree.

**Pesole** ... Cont. from Niles Page 1  
live television and all the events on the Contest Day recently held, we were lucky if 150 residents showed up. This is terrible for a village the size of Niles. Why aren't people interested in celebrating their hometown's Jubilee," Pesole went on. "The Diamond Jubilee committee has been working diligently to make the events appealing to people of all ages and the prices certainly have been right, but still no cooperation. I think it's a damn shame," Pesole said.

Trustee Abe Selman reported at the board meeting that the culminating weekend of events is coming up. On Friday, Aug. 23, a Beerfest with beer at 10 cents a glass and a bratwurst feast will be held at Notre Dame High School stadium. There will be square dancing and much entertainment and fun for all, and everyone is invited to attend.

On Saturday, Aug. 24, a dinner-dance will be held at Przybylo's House of the White Eagle. This cost is \$15 per person which will include a complete dinner, unlimited drinks, danc-

**Niles Board** ... Cont. from Niles Page 1  
Trustee Abe Selman reported that on Saturday, Aug. 17, the Niles Saints will hold their opening game of the season and at half time will present Mayor Blase honoring Niles on their Diamond Jubilee.

.....A zoning petition for property at 8652 Sunset rd. was submitted to the Zoning Board. They seek re-subdivision and variation in side yard and front footage for 45' lot for single family home.

.....Village Manager Ken Scheel reported the Howard st. project which is the expansion of Howard st. from Milwaukee ave. to Gross Point rd. has been approved by the Federal Government and only a few meetings with the I.C.C. railroad and others still remain. Scheel said they expect opening of bids to be in February.

.....Only one bid was received and opened at this meeting for the Traffic Signal installation at Dempster and Sherman. The bid was in the amount of \$65,088.80. Since this was the only bid submitted on the project, Mayor Blase referred it to the Engineering and Administration Departments for their consideration.

ing, entertainment and a special program. Pesole also noted that thus far only 110 tickets have been sold for this affair and he hoped residents would take advantage of this evening to honor the Village of Niles. "Everyone always tells us how much they appreciate the services the Village provides for their residents in the way of police and fire protection, public works and bus service. Let's get out and personally show the Village how much we appreciate living here, Pesole said.

Trustee Selman said the final event would be the Grand Parade on Sunday, Aug. 25, which promises to be a gala affair. Over 100 floats and units will be participating in the parade.

Let's show Niles how proud we are to be residents of this very progressive Village. We all praise the town, now let's get out and personally show them how much we appreciate their services and what better way can we show them than by participating in the events of Aug. 23, 24 and 25.
