Flynn submits letter "to consider" resignation

(by David Besser)
 Democratic state representative Tom Flynn announced he has submitted a letter to Committeeman Nick Blase suggesting he "consider" replacing Flynn for the fall election. At a Monday press conference in his German Heights home Flynn said Blase never received the letter. While the resignation included a contingency for a campaign reimbursement to Flynn of about \$1,000 from Niles Township Democratic committeeman Sutker, 2 reporters suggested it may be too late for Flynn to withdraw from the November ballot. Flynn was uncertain about the last date for withdrawal. While Flynn spoke for 90 minutes about alleged abuses from fellow-Democrats regarding his candidacy he said the charges of his being anti-semitic were what prompted him to take this action. But when he was asked by reporters who accused him of the charge he was unable to name anyone. Flynn contended he was told by Ethel Rosen that "a woman" at a Democratic Women's meeting made such a charge. He also said several persons have come to him asking him about similar charges they had heard and he went to Life newspaper publisher Lou Lerner's office to deny the charge. Flynn noted Congressional candidate Abner Mikva accused his opponent Sam Young of a similar charge which was published in Monday's newspaper. Flynn felt if Mikva could make such a charge he too was entitled "to speak his mind." Reporters at the meeting were shaking their heads in disbelief as Flynn noted Congressional can-

From the LEFT HAND

Mid-Month Meanderings ...
 I turned right into Grace Street off Broadway last week and promptly received a moving violation ticket from a Chicago police officer. He noted I turned in front of a bus which was at the curb picking up passengers. He said I cut off the bus which was starting to move as I made the turn. After questioning the cop's call I told him a warning ticket would be more appropriate. When that didn't work I suggested the gendarme must be on a quota system since I considered this a "chicken" ticket. The policeman looked up from his ticket writing and said he didn't have to take all that conversation and ordered me to sit in my car. Frustrated and angry I felt our system of justice was a bit off track. But I was wrong. Sunday, President Ford got me off the hook. I'll send him this column and I'm sure I'll receive a pardon quickly and judiciously. However, I wonder if the President will send someone over to pick up my license or if I'll have to pay for a parking fee in that garage on North Wells Street. I only know after Sunday they can't kick the Left Hand around anymore.

The death of the Chicago Today newspaper Sept. 13 is truly a sad time for all Chicagoans. It has been the best Chicago newspaper in reporting Chicago City happenings.

Unlike other businesses the demise of a newspaper in a community diminishes the entire community. Whether or not you read the newspaper, the very competition it offered the other papers made all of them better. While Today had combined much of its operation with its sister paper, the Tribune, the editorial department remained independent.

In our younger days the Chicago Herald American and Examiner were the predecessors to the present Today newspaper and was an important part of our growing up. It was the era of the great columnists, saloon reporters and gossip mongers, who created a very lively paper. Syndicated columnists Winchell and Hellingner were the prototypes for future Kups to follow, and their mangling of the English language was only surpassed by their inter-personal battles with endless foes.

The lingering illness of the Today actually preceded its birth. For many years the evening newspapers in Chicago have been operating with huge red figures and the death of one of them was inevitable.

Rising costs and automation, with its conflicting union problems, will be the likely reasons for the newspaper's death. Continued on Page 27

PARK SEEKS UNITY WITH VILLAGE ON GM SITE

by Alice Bobula
 Park Board President Bill Keener came before the Village Board Tuesday night to request assistance of the village fathers to work as a group with the park in developing the Golf Mill Park site. The 4-1-2 acre site was obtained by the Niles Park District through the power of eminent domain and the November, 1973 park referendum. The area is located immediately east of the Golf Mill State Bank and bounded by Church, Davis and Cumberland. Keener told village officials that future planning for the site was intended to 'keep as much of the area green as possible,' indicating little likelihood of facility construction. Plans include a 100-yard football field on the north portion of the parksite, leaving a leisure area. Continued on Page 26

Fire scare hits Emerson Junior High

An overheated electric deep fryer in a school kitchen sent students and faculty scrambling for the outdoors as the fire alarm bellowed through the halls of Ralph Waldo Emerson School in Niles early Thursday morning, Sept. 5.

No injuries were reported and youngsters returned to their classrooms within half an hour, by 9 a.m.

"We had just opened our doors to the kids on the second day of school," said Howard Gustafson, assistant principal, "when the whole school alarm system went off."

"When our fire horn blasts, it is quite terrifying," said the school administrator. Youngsters in the hallways who were using their lockers were quickly herded outside by alerted teachers, who then took a rapid attendance check.

Several people were deployed to search the building to be sure that everyone was out, said the administrator.

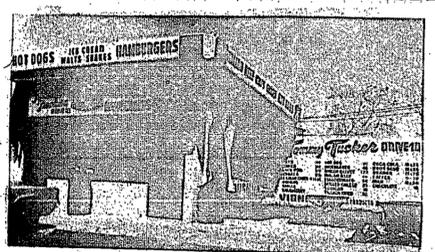

Two engines, a truck and ambulance manned by Niles firemen responded to the fire call.

According to fire department records and school officials, kitchen employees were preparing food for noon luncheons when grease overheated in a deep fryer, apparently due to a defective thermostat, and ignited, causing flames. Heat and smoke detectors situated in the school kitchen set off a direct alarm to the fire house. Firemen responded within minutes to the District 64 junior high school located at 8101 Cumberland.

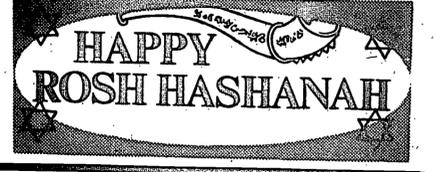

Dry chemicals were used to extinguish the fire. Exposed foods were disposed of, by order of the Niles health inspector. Soups and sandwiches were served for lunch that day.

"The students and faculty were safely out of the school," observed Niles Deputy Fire Chief Charles Bobula, "and when it was determined the smoke was contained in the kitchen and gym, everyone was allowed to return to classes."

There was no fire or smoke damage... "it was just one big, gigantic clean-up job."

Dachman endorsement list growing

Norman Dachman, candidate for Cook County Commissioner, has been endorsed by the Niles Township Regular Democratic Organization. In a letter to Dachman, Cal Sutker, the Niles Township Democratic Committee member, stated, "Our organization is pleased to be able to endorse and support a candidate of your caliber and look forward to victory in November."

Dachman, who was appointed by State Chairman John P. Touhy to serve on the Democratic State Platform Committee, which began its meetings Aug. 20 and concludes with the Sept. 10 Platform Convention, was today endorsed by the 10th District COPE (Committee on Political Education) Organization. The announcement came from COPE Chairman Robert Stenzinger, of IAM, and co-chairman Earl Wilson, BRAC, in a message congratulating Dachman and wishing him well during his walk through Cook County.

Illinois Legislative Committee Chairman Robert Fritz announced BRAC (International Brotherhood of Railway and Airline Clerks), in an unprecedented decision, had endorsed Norman Dachman for Cook County Commissioner, the first time it had endorsed any candidate for the County Board. Fritz said the endorsement was made due to Dachman's outstanding contribution to suburban Cook County in the field of transportation.

Area persons serving on the Citizens Committee to Elect Norman Dachman include Rep. Harold Katz of Glenview; Hon. Lynn Williams, New Trier Committee member; Hon. William Rose, Elk Grove Committeeman; Niles Mayor and Maine Township Committeeman Nicholas Blase; Hon. Harriet Ritter, Trustee, Oakton Community College; Marjorie Sherman, Director of Public Information for George Dunne, County Board President; Bene Stein, President, Variety Club; Phillip Goldstick; Edward Warman; Richard Wessell, publisher, Des Plaines; Hon. Warren Burmeister, Mayor of Wilmette. Des Plaines residents serving on Dachman's citizen committee include Mr. and Mrs. Harry Kinsler; Mrs. Margaret Barry; Mrs. Linda Bruntz; Mr. Michael Lavin; Mrs. Sheri Parker; Mr. Jack Shavkin; and Ms. Kristine Parker.

Shawn P. Yochem, Marine Cpl. Shawn P. Yochem, son of Mr. and Mrs. Albert V. Konar of 9424 Oliphant, Morton Grove, was promoted to his present rank while serving with the First Force Service Regiment, Fleet Marine Force at the Marine Corps Base, Camp Pendleton.

ON ISU FOOTBALL TEAM
Illinois State University's football team has depth and experience at the wide receiver position but the Redbirds' situation at tight end is inexperienced once you get past Jay Jones, quarterback. Included on the team is:
Bob Wayland, a 6-2, 210-pound senior from Niles (Maine East), who is a starting wide receiver.

Senior Citizens' NEWS AND VIEWS

MORTON GROVE SENIOR CITIZENS

On Monday, Sept. 9, we saw a film at the club entitled "Illinois Sings". The singing was very lovely and also the dancing. It was very enlightening because of the different types of old country dances.

The narrator, Ralph Bellamy, was very interesting and the scenery was just beautiful. Also the film had to do with some of the history of the State of Illinois. We should know more about our own state and we will try to do this sort of thing more often.

Park screening applicants for Director's post

A strong applicant for the job is Supt. of Recreation Bill Hughes, 28, who has been acting director since May. Hughes, who is married and has a 3 year old son, has been with the Niles Park District for approximately three years.

Keener feels that there is no "undue pressure on the Board at this time" in the selection of a new Director. "The acting director is doing a fine job and Comm. Robert Romano is doing great service as finance chairman."

Asked why Dressler's contract had not been renewed, Keener replied that "the commissioners felt a change was in order. The working relationships between the Director and the Board were becoming strained as time progressed."

The Niles Park District employs approximately 25 to 30 full-time employees and about 250 part-time employees to maintain the 175 activities offered to Niles residents.

Applications for the position of Park Director have been received nation-wide, from California on the West Coast and from Maine and Connecticut on the East Coast. Since it is Park policy to pay transportation for individual interviews, the Board will attempt to narrow the field down to approximately 15 applicants. 3 finalists will be selected for a second interview, after which a final decision rests with the Park Board of Commissioners, said Keener.

"We're looking for an all-around individual, one who has a working knowledge of good finance and accounting, as well as one who has a good recreational background."

Salary for the position is open, dependent upon qualifications.

Little City drive

Little City at Palatine, a residential community for the mentally retarded pioneering in training, treatment, research and rehabilitation, announced a goal of \$2,100,000.00 for the 1975 fund-raising drive.

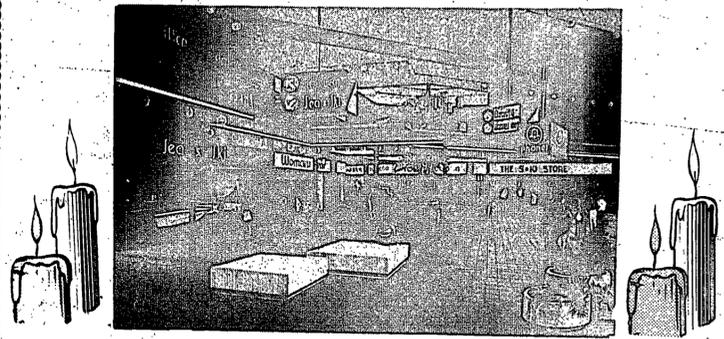

Robert Dachman, 7318 Lowell, Lincolnwood, Executive Director, said the goal was the highest Little City has ever attempted to reach. He said it was necessary to reach it to continue its expansion program which will permit more facilities for clinical psychology, speech pathology and audiology, and specialized training for the mentally handicapped and blind retarded youngsters.

Little City which celebrates its 15th Anniversary this Fall, opened its door to mentally retarded children to give them a chance to learn how to live in a world that is far more complex to them than to their "normal" brothers and sisters. Little City offers a mentally retarded child the chance to live with his peers, to grow, to learn skills and how to fit into society.

No child has ever been turned away from Little City for lack of funds, or for reasons of color, race or religion. Its little "citizens" are admitted on the basis of need and potential alone and at the present time there are over 150 students in residence.

The education program at Little City is lauded as one of the finest available in the United States. (Educators from all over the world visit Little City to study its unique approach to helping the mentally retarded child.)

Niles Saints down Nite Hawks 34-0

The Niles Saints, defending Champions of the Chicagoland Football League, opened their season with a win Saturday night, by trouncing the Newton Iowa Nite Hawks 34 to 0.

The perfectly balanced attack began with a first quarter TD run by Danny Rumishek, 23 year old running back from Ill. state. Kicker Bill Springsteen made the extra point. Early in the second quarter John Pecaro caught a Springsteen pass for the second TD, and a little later Springsteen connected with Bob Glloppe for a 43 yard TD to put the Saints ahead 21 to 0 at the half.

Two touchdowns in the fourth quarter one by Bill "Zoom" Powell and one by Paul Sortal former leading Yale receiver.

Leading ground gainers were Jim "Scooter" Greenhill with 12

carries for 72 yards, and Bill "Zoom" Powell with 11 carries for 51 yards.

Leading pass receivers were John Pecaro with 4 for 41 yards, and Bob Glloppe with 1 for 43 yards.

Four area winners in Karate Tournament

by Alice M. Bobzin

Four area youths, two from Niles, were trophy winners in the first All-United States Tae Kwon Doe Karate Championship Tournament held for the first time in the Ballard Sports Complex last Saturday.

Mark Dominick, 7223 Crain, Niles, won first place in form, blue belt division. The 17 year old Maine East senior hopes to make a business of karate, upon graduation, or "go into one of the scientific fields." A 10 month student of karate, Mark plans to continue toward his goal of 9th degree black belt, a top honor in karate.

George Leddy, 7320 Keeney, Niles, took first place in free sparring and second place in form competition, yellow belt division. The 17 year old Nilesite is in his first year at Lewis University in Lockport, majoring in aviation mechanics. "Karate is the best thing that has happened to me," said the young enthusiast. "It keeps me in top physical condition, and is really a great sport as well as teaching self defense... it's competition without discrimination."

Dave Hoffman, 8964 Lyons st., Des Plaines was awarded third place in form, yellow belt division.

Ron Deutsch, 8908 National, Morton Grove won first place in form competition, red belt division. The 17 year old student at Niles North High School has spent 13 months at karate.

The four young men are all students of the Korean Karate Academy, 9000 Waukegan rd., Morton Grove. Instructor-owner Nick Boodris who, at 28, is the youngest Caucasian to hold a 4th degree black belt will teach karate, a new offering by the Niles Park District this fall.

The tournament which began as a small local tournament and mushroomed into a championship event was originated by Karyl

Pokrana, Niles Park District business manager, in conjunction with Kang's Tae Kwon Doe Institute located in the Lawrencewood Shopping Plaza.

Of the 200 participants, ten top performers in the black belt division were selected to face international competition in the World Tae Kwon Doe Championship Tournament to be held Oct. 4 and 5 in Montreal, Canada.

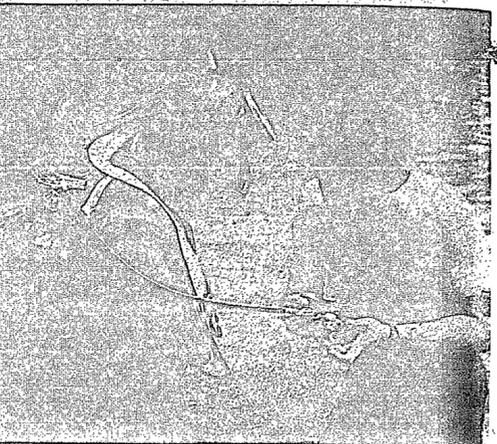

Participants in the Saturday event came from Chicago and surrounding suburbs, Colorado and Washington, D.C. Beginning at 11 a.m. the matches were in form style and in free sparring in each division beginning with the lowest, white belt division and successively advancing through the green, blue, red (or brown) and black belt divisions. Board-breaking demonstrations followed, after which came demonstrations by the master instructors. The day's events concluded with final matches, red or brown belts and black belt divisions.

A panel of 20 judges from the areas represented judged the free sparring event and the form style competition which encompassed a ceremonial dance simulating various fighting techniques. Participants were judged on form, power and speed.

The day was not without incident. Injured mid-afternoon on Saturday was 23 year old Joe Zimmerman of Chicago who was taken to Lutheran General Hospital by Niles ambulance with lacerations and contusions of his right eye. Another contender was momentarily disabled with a bloodied nose when his opponent misjudged distance and struck above the neck, a no-no in karate competition.

Both Niles Park Commissioner Walter Beusse and Acting Director Bill Hughes, present at the event, were delighted with the response and activities of the tournament. "If the Karate Academy is interested in sponsoring another tournament, we will be delighted to cooperate with them again," said Hughes.

Tritons to offer scuba course

How would you like to swim with the fish and see what is on the bottom of the sea? The opportunity will be yours if you enroll in one of the scuba diving courses offered by the Tritons.

The courses will be held at two locations in suburban Park Ridge. At Maine East High School, Dempster st. and Potter rd., the classes start Thursday, Sept. 26. They may also be taken at Maine South High School, Devon ave. and Dec rd., starting Monday, Sept. 30.

The courses will be taught by the Triton Skin and Scuba Diving Club. The Tritons are well known for their teaching activities over the last 15 years. During this time, they have instructed more than 1000 students from the north, northwest and western suburbs and Chicago.

In addition to their teaching, the Tritons participate in a busy season of scuba diving in Lake Michigan and many of the small lakes in the area. Each winter, they also sponsor a diving trip to the warm waters of the Caribbean.

Prerequisites for the scuba classes consist of enthusiasm and moderate swimming ability.

The class fee of \$75 entitles the student to a top grade set of diving fins, mask and snorkel. All other necessary equipment, such as tanks, regulators and weight belts is provided by the Tritons.

Classes begin at 7:30 p.m. The first half of each class session is spent in the classroom. Movies and lectures are used to explain the theory of scuba diving and acquaint the student with the underwater environment. Then entering the pool, the students learn and practice the skills and techniques of safe diving. For a final "check-out," the Tritons supervise the students' first open water dive at a small lake in the area.

Upon successful completion of the course, the student is presented a Certified Divers Card issued by the Professional Association of Diving Instructors (P.A.D.I.). This enables him to purchase diving equipment and compresses air anywhere in the world. Minimum age for P.A.D.I. certification is 16.

Students can register for the scuba courses by mail or in person. For information, phone MONACEP at 695-3600, or write the Tritons, P.O. Box 126, Des Plaines, Illinois 60017.

Learn to swim

The "Learn To Swim" program at Maine East is now accepting more applicants for 7-13 year-old children. Parent permission forms and the \$7.50 fee may be accepted on the Saturday morning 15 minutes prior to the time of the first lesson to be taken. Students should bring suit, cap, and towel with them.

The swim lessons, beginning Sept. 28 under the direction of two Maine East swim coaches and a former water ballet instructor, are taught by the competent and enthusiastic high school members of Maine East's Demon Guard.

The three sessions of 45 minutes each include group instruction for all ability levels with no more than 4 pupils per instructor. Students advance on an individual basis and may come as often as they wish on their 8 lesson ticket.

Maine East believes its program provides an inexpensive and professional opportunity for youngsters to become safe swimmers. The schedule of classes is below. Thought For The Week

By Larry F. Renetzky, ACSW

"AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE" Do you see how this might tie into "Spare the rod, spoil the child"? The above expression was given to me as a "thought provoker".

There does appear to be some food for thought here. If a parent is too permissive or overprotective and finds it difficult to correct their child, then usually that son or daughter is going to have some very difficult days ahead.

Let me hear from you. Do you see how an "ounce" of correction or discipline could have been an ounce of prevention? Could it have been worth a pound of cure to you as you think back and particularly as you frankly speak of the difficulty you have had and maybe are still having due to your background?

Please call our new phone number 692-3396, write or come into Niles Family Service, 8060 Oakton st., Niles, 60648. Remember, "An ounce of prevention is worth a pound of cure."

Expert witnesses to appear at drug hearing

An imposing array of expert witnesses is being lined up for an ad hoc Congressional hearing on the drug abuse problem scheduled for Saturday, Sept. 21, at Niles North High School, 9800 Lawler, Skokie, Rep. Samuel H. Young (10th-11) said today.

The panel of witnesses includes a White House staff representative, leading medical authorities, a Loyola sociologist and a law enforcement officer specializing in investigation of drug-related offenses.

Young, sponsor of the hearing, said that the testimony will have particular reference to the severity of the drug problem within the 10th Congressional District and the possibilities for its solution.

Young also extended an open invitation to the public to attend the hearing, which will begin at 9:30 a.m. and continue through the day until all witnesses have been heard. "Research by my own staff into this threat to community well-being indicates an increasing concern among all citizens who are most concerned with the welfare of our young people," Young said. "We are most hopeful that the information coming out of the hearing will be of substantial help in determining the way to cope with the local perils of drug abuse."

Notre Dame loses opener to St. Laurence

On Friday night, Sept. 6 at Notre Dame High School stadium the Notre Dame Dons put up a gallant effort against a bigger, more experienced St. Laurence team. St. Laurence, 1973 Chicago City Champions, won 40 to 7.

Notre Dame gave the home fans a thrill on the opening kickoff. It was a short kick and was fielded on the 30 yard line by Ken DePaola who proceeded to run 50 yards before he was tripped up. Notre Dame, however, was unable to score. Shortly after that, St. Laurence scored on

an 80 yard run by halfback Rob Mikel.

The first half was all St. Laurence as they scored three more times to make the score 24 to 0 at halftime. The second half was a bit more evenly matched. The only score of the third quarter was a 36 yard pass from the St. Laurence quarterback Mike A-hern to halfback Mikel.

In the fourth quarter Notre Dame made their only score. It was a beautiful drive started on Notre Dame's own 9 yard line

after a St. Laurence punt. Led by quarterback Brian Sullivan, the Dons marched 91 yards in 7 plays, featuring a 63 yard run by halfback Don Faber. The touchdown came on a 4 yard run by Sullivan.

Notre Dame put up a great effort against the superior St. Laurence team, which rightly deserves its No. 1 rating. If the Dons continue playing with this fighting spirit, they should improve greatly as the season progresses.

State Police dedicated to Public Service

One of the most aggravating situations that a motorist can find himself in is to be miles from home and have something go wrong with the car. Those of us who have experienced this problem know all too well that lonely helpless feeling when the motor overheats or stops entirely. With an ever increasing national crime rate, people are becoming increasingly wary of stopping to help stranded motorists. Unless you happen to break down near a service station or have access to a telephone, you may have to wait or set out on foot for aid.

Since its formation over 50 years ago, the Illinois State Police has dedicated itself to service to the public. Law enforcement and accident investigation are not the only responsibilities of Illinois State Troopers. High on the priority list of responsibilities for Troopers is providing assistance to motorists who have mechanical difficulties with their vehicle or simply are in need of information.

The State Police Management Information Section has been tabulating the types of assistance rendered since January and report that Troopers have documented thousands of incidents which include flat tires, running out of gas, lights, cooling systems, fires, engine failure and other problems.

Because of the limited number of Troopers available and the demands placed upon them for service of all types, care must be exercised in assigning them to patrol the areas where the need is the greatest. Since January, 1974, Troopers providing motorists with assistance have documented the assistance rendered with a Motorist Assist Report. The Trooper providing assistance must ask for the motorist's drivers license to complete this document. This Report provides the State Police with data that is used to analyze manpower allocation. Such information is necessary to enable the State Police to provide improved service by assigning Troopers to areas that have the highest number of incidents of called for service.

Young to sponsor drug hearing

Rep. Samuel H. Young (10th-IL) will sponsor an ad hoc Congressional hearing on the problem of drug abuse in the 10th district on Saturday, September 21st, at Niles North High school, 9800 Lawler, Skokie. The day-long hearing will begin at 9:30 a.m. and continue until all witnesses have testified.

Participating in the hearing will be Rep. Philip Crane (12th-IL), Rep. Harold Collier (6th-IL) and Rep. Robert McClory (13th-IL).

Witnesses at the hearing will include a panel of experts representing high schools, police departments, sociologists, mayors, psychiatrists, and social agencies within the district that deal with the problem of drug abuse and its treatment and prevention. Also, several young people who have once been involved with drugs will testify at the hearing.

Citizens for Nimrod

The formation of the Citizens for Nimrod Committee was announced this week by State Senator John J. Nimrod of the 4th District which includes most of Niles, Maine and part of Wheeling Townships.

Honorary chairmen will be former State Senators John W. "Bill" Carroll and W. Russell Arrington, both of whom represented this constituency prior to the election of Senator Nimrod, and former State Rep. Arthur E. Simmons. The names of additional civic and business leaders who join the committee will be released in the coming weeks, according to Sen. Nimrod.

In addition to the permanent Senate business office maintained by Sen. Nimrod, there will be a mobile campaign office visiting shopping centers and other places where the Senator will be easily accessible to residents. The mobile office for the campaign was volunteered by State Rep. Robert S. Juckett of Park Ridge, who, with Sen. Nimrod and Rep. Eugene Schlickman, comprise the 4th District Legislative team.

Sen. Nimrod pointed out that the use of the mobile campaign headquarters on the streets of the district will in no way curtail the full-time operation of the regular Senate business office located at 4948 Dempster st. in Skokie (phone 674-4111) or Rep. Juckett's Park Ridge office (telephone 823-9142).

According to Senator Nimrod, the campaign committee will enlist the aid of approximately fifty woman volunteers to 'man' the mobile headquarters.

The Senator also announced that he would shortly circulate a report to the people of the 4th District, his legislative report analyzing the work of the recently concluded session of the legislature.

Maine East Summer Drama Workshop

"All the world's a stage, and all the men and women merely players." However, there's more to drama than delivering lines -- as the 75 students who participated in Maine East's sixth summer drama workshop fully realize.

Each summer the program offers the opportunity for students to act, paint, design, direct, dance, sing, etc. in a straight play, a musical comedy, and two children's plays.

The play "Rosencrantz and Guildenstern Are Dead" was inspired by Shakespeare's "Hamlet." The two main characters, Rosencrantz and Guildenstern, are old college friends of Hamlet, and much of the dialogue pertains to the play which so inspired it.

"The play has been presented in many forms -- even as a drama. The author, Tom Stoppard, attempts to provide both director and actors maximum opportunity to structure the production to their interpretation. This is achieved through the use of optional dialogue which may be used at the discretion of the director," said Mr. Gary Schutte. The cast included Larry Kleinstein as Rosencrantz, Mickey

Conner as Guildenstern, Randy Stefanovic as the Player, Pete Elliott as Alfred, Joe Tross as Hamlet, Bonnie Brown as Ophelia, Craig Rehou as Claudius, Karen Vinzent as Gertrude, Kevin Tucker as Polonius, Craig Burns as the Soldier, Jeff Cohen as Horatio, Joe Komperda as the Ambassador, and Kevin Luke as Larates.

Remaining cast members included Tom Hanson, Ron Sumners, Norbert Kolb, and Carolyn Heyman as Tragedians; Jeff Cohen, Kevin Luke, and Jeff Kisozonas as Courtiers; and Pam Colby, Jody Nye, and Janet Bell as Attendants.

David Jeffers, Maine East drama department chairman, commented on the musical comedy selection by saying, "There was a time when the world was much more simple than ours is today. A time when good was good, bad was bad, and justice was all. When the innocence of a bevy of young ladies shone as the forest rangers marched out to conquer evil. It is this spirit that Richard Besoyan has captured in his spoof of the old operetta. "Little Mary Sunshine" is a unique theatrical experience that requires belief in the success of honesty, goodness and hard work."

In the saga of Golden Colorado, the leads were Leslie Goodman as Little Mary Sunshine, Tom Miller as Captain Big Jim, Dawn Lucchese as Nancy Twinkle, Ray Carlson as Billy Jester, Greg Millar as Oscar Fairfax, and Roz Varon as Madame Ernestine.

Additional cast members were Jeff Cohen as Brown Bear, Joe Tross as Yellow Feather, Craig Rehou as Fleet Foot, Debbie Tepper as Maud, Loui Lent as Owen, Pat McNair as Cora, Kathy Eimers as Henrietta, Janice Foreman as Blanch, Eileen Urban as Mabel, Joe Komperda as Pete, Kevin Luke as Buster, Norbert Kolb as Slim, Randy Stefanovic as Tex, Craig Burns as Hank, and Tom Hansen as Tom. The Young Ladies were played by Mary Plain, Mary Marx, Maria Royne, Laura Quinn, Sue Habel, Jodi Smith, Connie Stoberski, Carrie Esses, and Helene Cohen, Larry

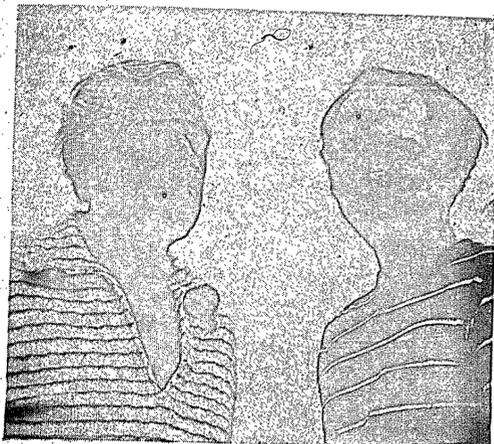

Kleinstein, Kevin Luke, Greg Millar, Ron Sumners, and Kevin Tucker were the Forest Rangers, and the Dancers were Bonnie Brown, Pat Brown, Vicki Bosco, Iris Greenberg, Gail Hansen, Terry Reiss, Susan Russo, and Sharon Serlin.

"Snow White" was performed for pre-school children from two local day schools. Roger Kleinfeld directed the play, which starred Carolyn Heyman as State Manager, Laura Quinn as the Queen, Gail Hansen as Snow White, Margo Squire as the Mirror, Ron Sumners as the Prince, and Oksana Nikolajiszyn as the Huntsman.

A special feature for summer drama workshop students was in presenting "The Giving Tree" at a day camp school for the deaf. Four performances were also given here at Maine East for some 120 children. The play was directed by Jan Heiteen, and Cindy Patterson taught the sign language to the cast. Carolyn Heyman played Little Boy, Jodi Smith was Little Girl, Iris Greenberg the narrator, and Janice Foreman was the sign narrator. Helene Cohen, Roz Varon, Vicki Bosco, Pat McNair, Jody Nye, and Margo Squire were the Tree. Student director Jan Heiteen commented, "The production was taken to a camp for the deaf and hard of hearing where the audiences responded warmly and with great enthusiasm. Because the show was done in mime and used hand sign language as well as a vocal narrator, it was easily understood and enjoyed by all. The experience of working in sign language and with the deaf seemed to build a new awareness for the cast and students involved, and the show enabled many old barriers to be knocked down and many doors to a better communication to be opened."

Beautifying Evanston

Robert E. Schrader, (right) President of Evanston Federal Savings and Loan Association and Richard A. Gatti, Deputy City Manager, remove one of the last barricades of Evanston's Mayor Edgar Vanneman--evidencing near completion of the city's pilot program of installing efficient, safe and beautiful sidewalks in the downtown area.

Evanston Federal's new sidewalks extend from the building to new curbs on the Sherman ave. side; and from the corner west by the Evanston Federals parking lot on Davis st. The new sidewalks are surfaced with exposed aggregate and beautifully accented with bands of bricks separating sections.

The outside facade of Evanston Federal's building is now complete with an effective lighting system that softly reflects from the overhang and cheerfully illuminates the pedestrian area as well as the building. New giant street lights brightly illuminate the streets and intersections.

operating the district's four high schools for the coming year at 13% above last year's cost of \$23 million, with increased appropriations reflecting the general rise in all costs of providing for the educational needs of Maine's 11,800 students.

In a budget discussion at Monday night's Board of Education meeting, Dr. Richard R. Short, Superintendent of Schools, commented: "The budget as presented represents many weeks of careful preparation by the district's business manager, Harold Markworth, and his staff. In an escalating economy, it has been a real challenge to build a budget that will allow us to hold to our philosophy of keeping anticipated revenues and expenditures in balance, while at the same time it permits us to continue the present level of educational quality in the Maine Township High Schools."

Appropriations have been increased for all of the district's tax supported funds, with the Educational Fund budget showing the largest increase. Total expenditures for the Educational Fund, which includes salaries, textbooks, equipment and supplies related to teaching, as well as liability insurance and junior college tuition, are expected to be \$18,810,800 for 1974-75 as against last year's Educational Fund expenditures of some \$16,795,750. About \$1,591,400 of the \$2,015,050 increase in the Educational Fund is due to higher salaries for all categories of district personnel. Higher costs for fringe benefits in the area of insurance for staff are also part of the Educational Fund increase. There is also a sizeable increase in the amount allocated for needed equipment and supplies.

This year, \$500,000 has been added to the Building Fund's capital outlay budget to aid in the completion of Maine North high school. Also, \$635,000 has been budgeted for building repairs, renovation and improvements required to conform to the state's Life Safety Code standards. The Working Cash Fund budget includes the transfer of \$200,000 to the Educational Fund and an additional \$200,000 to the Building Fund, the result of increased earnings on investments.

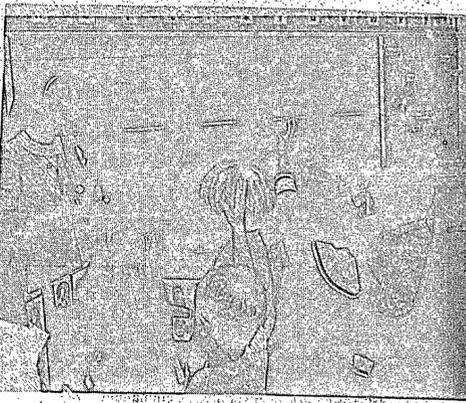

It is expected that local taxes will account for about 74%, or \$20,463,605, of the district's total anticipated revenue of about \$27,352,806, with 15 1/2% coming from the State of Illinois, and the remainder from interest on investments, student and community services, and other sources.

In spite of the rising cost of operating the schools, local taxpayers can expect lower real estate tax bills in the years immediately ahead, according to Harold Markworth. "The total tax rate for District 207 dropped this year from \$2.48 to \$2.36, due to the quadrennial reassessment," he said. "This trend is expected to continue, and the decrease become more significant as we shift from real estate support of schools to greater state support. As the State of Illinois takes over a greater share of the cost of education, and school districts receive greater state funding, residents can expect a reduction in their tax levies."

A public hearing on the tentative budget now being reviewed by the Board of Education will be held in the Maine East Faculty Study on the evening of Sept. 23 at 7:30 p.m. Interested persons are invited to attend and to ask any questions they may have about the budget. Explanatory material will be distributed to members of the press and to all visitors at the hearing. Copies of the tentative budget will remain on display and available to the public at the District 207 Administration Center, 1131 S. Dee rd., Park Ridge, and at libraries throughout the

OLR's eager first graders

First graders at Our Lady of Ransom started school Wed., Sept. 4 with the usual happy anticipation exhibited by this age group but this year their parents have a special reason to be pleased also. This class will have the distinct educational advantage found in smaller class size. The school administration decided to retain 3 classes with an average of 20 students per class and Sister of the Felician order teaching all subjects.

Although Our Lady of Ransom School is located in Niles, it has the unique opportunity of serving three separate suburban communities—Niles, Park Ridge and Des Plaines. Of the new first graders 25 are from Niles, 22 from Park Ridge and 14 from Des Plaines.

Sister Lucia feels that in her 8 years as Principal of Our Lady of Ransom, developing a Christian school community within these three suburbs has enhanced and broadened the student's view of various life styles and aspects of suburban living.

Family Service.

Service private entrance is the side rear door accessible from the parking lot located on the East side of the building. The new phone number is 692-3396.

Mr. Renetzky stressed that Niles Family Service will be open for business on Saturday, Sept. 14, 1974. All people in need of individual, marital or family counseling are encouraged to come in at 8060 Oakton or to call 692-3396 for an appointment. Anyone wishing to see the new Niles Family Service offices are encouraged to drop in. However, Mr. Renetzky indicated that there would be a grand opening of the new building including the Senior Citizen's Center, Teen Center, meeting room, as well as Niles Family Service, probably in Oct. or Nov. 1974. "We're proud of our new Niles Family Service office and think you will be too. Certainly we are always ready to serve you any way we can. Sure, it is not easy to ask for help. None of us ever likes to really admit that we need it, but we all need help from time to time. Remember, a stitch in time saves nine" and better still, "an ounce of prevention is worth a pound of cure."

area on the south portion, with possibility of park benches.

A tentative layout for a small softball diamond is intended for the east side, Keener told village trustees, with tennis courts to be erected on the west end and, tentatively, a basketball court.

"Since park and village must work together in the development of this site," said Keener, "we would welcome any suggestions from you."

Niles Mayor Blase sidestepped the issue, stating that "We (village) are not in the recreation field...we will leave the planning to you...our primary objective is to approve the overall planning in order that it fits in with the total community."

Mayor Blase further indicated the village fathers were very concerned about sufficient area for parking of cars. "Should this football field be used for full time games, the parking of cars may spill over into the residential area, which will give us (village) problems." He suggested park officials look into some arrangement for use of the Golf Mill Parking area, which is on the north boundary of the park site.

A sub-committee, chaired by Trustee Keith Peck, including Trustees Richard Harczak and Ang Marcheschi, was appointed by Blase to work with park

Cont'd from Niles-E,Maine P.I. officials on a composite plan for the area.

In other business: An ordinance was unanimously passed by the trustees, amending the Niles Cigarettes, Cigar and Tobacco Code for registration of cigarette machines and control of machine cigarette sales by way of a push-button device.

Trustee Peck reported a successful Save Our Sight screening was held the previous Sunday. Of the 352 people tested, 157 were recommended for further investigation. Of the 118 individuals who received the pulmonary function test, 19 were counseled for breathing problems, of which 10 were smokers and 9 were non-smokers.

Mayor Blase appointed five new members to the Youth Commission bringing the total to 11 Youth Commissioners: Carol Chaconas, Roz Ehrenreich, Dave Williams, Jeffrey Arnold and Jerry Lazar.

Newly appointed as chairman of the Youth Commission, Trustee Abe Selman indicated a need for "people who want to actively function as youth commissioners...we need those individuals who are willing to develop programming that will get the young people of the village involved."

District 64 holds new staff orientation

On Friday, Aug. 30, School District 64 held an all day orientation program for new staff members. New personnel began the day at 8:30 by meeting with an experienced teacher or coordinator for their grade level or subject area. Although most of the new teachers had been in their buildings previously to prepare their room, review materials and make lesson plans, this time with an "old hand" familiarized new people with school policies, procedures and what to expect during the opening of school.

A lunch was held for the forty new certified (principal, coordinators and teachers) personnel and twenty aides. During the luncheon the guests were welcomed by Superintendent Raymond Hendee; President of District 64 School Board, Robert Harrington; President of Park Ridge Education Association, Janet Stutts; Mayor Martin Butler of Park Ridge; City Manager Ken Scheel of Niles, Chamber executives, Lois Wordell of Niles and James Schaefer of Park Ridge and other school officials. A slide presentation entitled Our Schools was shown to orient the newcomers to the community and all of District 64's facilities and programs. The afternoon was spent by new staff in meetings with building principals and final

preparation for the opening of school.

Mr. Polite, administrative assistant responsible for personnel reports that all positions are filled and because of the many teachers available, District 64 has been able to select the very finest staff to teach and work with District 64 students.

IVI endorses Abner Mikva

The Independent Voters of Illinois (IVI) has announced its endorsement of Abner J. Mikva for Congressman from the 10th District. Mikva, who has served two terms in Congress, and five terms as an IVI-Best Legislator in the Illinois House of Representatives, is an independent Democrat.

"Abner Mikva is an outstanding example of what IVI has stood for for thirty years," said State Chair Lee J. Epstein in announcing the endorsement. "He does not bow to party lines, he is a thoroughly informed legislator, and he has shown a deep commitment to his constituents in the 10th District."

"His voting record in Washington, particularly on ethics, decreasing military spending, and the creation of the Indiana Dunes National Lakeshore makes him a man IVI thinks the Congress can't do without. He'll continue to speak up for the very real and often overlooked priorities of the people he represents."

Mikva was endorsed on the basis of an interview session by IVI members in the 10th District, and a questionnaire in which the former Congressman listed consumer problems, conservation, education, ethics and the economy as his priorities in Congress next year.

Mikva is a national Vice-Chairperson of Americans of Democratic Action (ADA), of which IVI is the Illinois affiliate, and IVI has supported Mikva in every race for the State Legislature and for Congress he has entered since 1956.

plans, which call for entrances along Dempster to the south and Waukegan rd. to the west, would force residents to travel, in the words of board member Ed Brice, "two of the busiest and most dangerous streets" in the village.

A second concern of the park board is that an eastern entrance might create a thoroughfare thru the park along Churchill st. Churchill is an unpaved road that bisects the park.

Traffic flow through the park would endanger children crossing from playing fields to the proposed park building, Bodin said.

Village board members insisted they did not intend to split the park with a Churchill st. thoroughfare. A number of alternatives were suggested, including the elimination of the western entrance in favor of an eastern access.

The village board failed to take action on vacation village streets and alleys running through the park. The village controls 4.1 acres of park land in the form of dedicated roadways.

The village must release the roadways to the park board before it can build its sports complex according to plan. In the past, it has been suggested that the village swap the road rights for permission to build a police station and municipal complex on a parcel of park land.

Business Machine Repair of Oakton

Registration for the new Business Machine Repair Technology program at Oakton Community College will remain open during the first few weeks of classes, according to program coordinator Wayne J. Marek.

Offered for the first time, this certificate program will prepare students for the growing number of job openings in this field.

"As technology advances and machinery becomes more sophisticated, people with these skills are in demand," Marek said. "For a capable trained person, salaries are wide open."

Local business machine companies have indicated interest in hiring people with the type of training offered in Oakton's program, Marek said.

Courses scheduled this fall are Customer Relations and Basic Electricity. Customer Relations will meet 9:30 a.m. to 10:45 a.m. on Tuesdays and Thursdays with a Tuesday laboratory session from 11 a.m. to 11:50 a.m. Basic Electricity will meet Mondays, Wednesdays, and Fridays from 8:30 a.m. to 9:20 a.m. with laboratory sessions on Mondays.

Classes and laboratory sessions will meet mornings and enrollment is limited to 15.

Tuition for in-district residents is \$10 per credit hour. Classes for the fall term began on Monday, Aug. 26.

For further information or assistance in registration, contact Marek at 967-5120.

comprises six major areas over which the County Board retains jurisdiction. They are:

Comprehensive zoning and land-use planning. The Planning Department is virtually dormant. It must be reinvigorated and co-ordinate the development of the unincorporated areas of Cook County, a total of 285 square miles. The zoning of nearby municipalities must be considered when plans are formulated for the commercial, industrial, and residential development of the unincorporated areas.

Governmental reorganization and the restructuring of internal agencies. With an internal budget of \$142 million, much could be done to streamline, eliminate waste, and increase efficiency of Board operations.

The anti-pollution ordinances currently on the books must be enforced to the hilt.

Budget reform. The overly brief and secretive Board budget-making procedures must be revised. With budgetary jurisdiction over the appropriations of 10 elected county offices and 54 separate agencies, with an annual budget of \$1.3 billion, the public has a right to know what is going on and how much is being spent for each department.

Mandatory civil service. Only 43 per cent of all county employees are covered by civil service. All jobs should be dispensed solely upon merit, not dependent upon political connections.

Mrs. McDonald, a resident of Lincolnwood, is making her first attempt at public office. She is a graduate of Northwestern University; a charter member of the American Cancer Society of Ill. and the Arthritis and Rheumatism Foundation; a recipient of the merit award from Northwestern University; and a member of the advisory council to the

Niles Grandmothers Club

The Niles Grandmothers Club #699 will attend a dinner and theatre party on Sunday, Sept. 15 at 2:30 at the Candlelight Theatre in Summit, Illinois, to see "The Sound of Music". The group will meet at the Recreation Center and the bus leaves at 11 a.m.

Niles Grandmothers Club #699 will have their first monthly board meeting and regular meeting on Wednesday, Sept. 25 at the Niles Recreation Center, 7877 Milwaukee ave. The board meeting will be at 10:30 and regular meeting at 12 noon. The slate of officers for 1974 and 1975 was presented at the June meeting by Helen Kempf, Sonja Lawrence and Stella Wozniak, nominating committee. Election of officers will be held at the meeting.

At the conclusion of the conference reporters shook their heads in dismay at the charges. Two reporters told this reporter they didn't know how they'd handle the story since they didn't believe the charges had any substantiation. Flynn's inability to go beyond, stating some person told him he heard other charges, had the reporters in a quandary as to the importance of reporting such sketchy charges.

interment. Adding the competition from television you probably have the major reasons why a metropolitan area of 6,000,000 people or more can no longer support 4 daily newspapers.

The dashing days of the "Front Page" when guys by the names of Charley MacArthur and Ben Hecht ruled the roost died back in the 30's and the last years have been a benevolent respite for a communications era which is rapidly changing. The death of metropolitan newspapers in all major cities (New York has been reduced from 8 to 3 daily papers) is a prelude for a new journalism which is likely to come from a television-like communications. It is no coincidence 7,000,000 circulation magazines named Life, Look and The Saturday Evening Post were put to rest because their era had passed. And it is no coincidence the furious maneuvering for Cable-TV stations and exclusive areas are being fought today by the future "publishers" of tomorrow's mediums. Local publisher Lou Lerner, who has been playing it very close with Chicago politicians, has been reported in the frontline vying for a future in this new medium. Since the approval for stations is likely to come from the local political men, it's important these relationships be established.

Interestingly, the publications which show the greatest success are the "specialty" publications. Playboy and trade magazines are very successful today while the more general newspapers are gasping for air in a quickly-changing market.

In our local areas the Pickwick newspapers were almost sold a couple of years back and last winter the Skokie News changed hands. The Sun-Times created a daily suburban Day newspaper which lasted about 2 or 3 years, and now the little Trib and the Suburban Week are supplements in suburbia. Because of the migration of the city folk to the suburbs the metropolitans are trying to crash and cash into these markets. The changing of the inner-city is a considerable factor in the changing patterns of the city papers, and the accompanying advertising changes which are the lifeblood of the papers, have altered the metropolitans objectives.

In saying farewell to the Today, we're saddened by its demise and the loss to Chicagoland. We're also saddened by the many workers who've spent their working lives there and will now have to seek other employment, many outside the newspaper field.

From the ashes of smoldering printers' ink the cathode tube is likely to emerge in which your future newspaper will be peeled into your living room every morning, noon and night, just as sure as you now see the Today, Lawrence Welk and Gunsmoke shows. The news will be more immediate and more graphic. And whether we older newspaper reactionaries like it or not, this is what the future holds for all of us.

The number '30' means the end of a story. September 13 the '30' will be printed across the Today newspaper. And while we rather melodramatically think of Hemingway's famous For Whom The Bell Tolls ending, "the bell tolls for thee", we're optimistic tomorrow will bring a better day in communications for all of us.
