## Ballard Complex manager enthused over operation

**(By Alice M. Bobula)**  
Ken Sipiara, newly hired Ice Rink manager at the Ballard Sports Complex, promises a few "new wrinkles" for the Complex this coming year.

A 1969 graduate of Maine East High school, and a former Nilesite, Sipiara attended University of Dubuque on a scholarship, majoring in business ad-

ministration and economics. Upon graduation he took a position with Skates Country, Inc., as assistant manager. He is married, since 1972, to Debbie, a former schoolteacher.

"I wasn't even looking for a job," laughed Sipiara, who has kept in close touch with his parents, residents of Niles. Having heard of the position open at

the Complex, he said, he applied for it and was hired, as of Sept. 9. "I'm happy to be back in Niles," said the young manager. "The Sports Complex has unlimited potential with regard to Park District Programs."

He sees much room for improvement in many areas and intends to effect improvements as soon as possible.

"My ultimate goal for the Complex in my first year as manager is to turn the deficit situation around. . . . If I can't erase all of it, I intend to erase a good portion of the deficit."

As chief administrator at the Complex, said Sipiara, he is in charge of 4 full-time and numerous part-time employees, totaling approximately 25.

As for the "new wrinkles," said the new manager, "We have expanded the public skating schedule, we are initiating the use of popular music (by that I mean top 40 tunes), we are expanding our Pro shop and our snack shop will have several new items."

The Pro shop, he said, would be approximately 25.

## Route change includes 4 new stops

# VILLAGE OK'S EXPANSION OF BUS SERVICE

**(By Alice M. Bobula)**

Village trustees unanimously approved an expanded service route by the Niles Free Bus, to begin Oct. 21, as presented to them during the Sept. 24 board meeting.

The route change will incorporate four new stops: one in the Four Flags Shopping area, a second stop in the Golf Mill area at Sears Roebuck & Co., in addition to the present bus stop at J. C. Penney & Co., another new stop at Our Lady of Ransom School (Greenwood ave. and Clara dr.), and a stop at the Community Center newly opened on Oakton st. near Prospect ct.

Also proposed by Asst. Village Manager Charles Kohlerman and accepted by the trustees were expanded hours of bus service for the Christmas season, effective Friday, Nov. 29. Buses will run from 9 a.m. to 10 p.m., instead of the usual 9 to 6 p.m. hours. The approximate cost of the extra service would range from \$1,500 to \$2,000 for the entire holiday season and could possibly come out of revenue sharing or sales tax, Kohlerman told trustees, adding that "a total of 23,900 people rode the Niles bus last month."

End O' The Month Potpourri . . .

About this time of the year we like to remind the natives to get their apple-pickin' selves away from their TV football games and take the family north on Rand rd. (U.S. 12) for an afternoon of picking apples. We usually head for the Wauconda area where an afternoon atop a ladder, and a stomach full of apples, is a great way to spend a warm Fall afternoon. On the way out from the orchards, stop off and buy some cider and donuts. And if your sweet tooth is still begging for more, invest in a few taffy apples.

Winding home you might wander off Rand rd. and head for Long Grove, which is a picturesque two blocks of quaint stores which will whet the curiosities of your lady friends. An area first discovered by antiquers it has now blossomed into a commercial venture which has expanded in four directions off a country intersection. Long Grove is 4 miles northwest of Wheeling which is about 12 miles from your home base.

If you're a bit more adventurous and want a memorable day, get up early Saturday morning and head south and east to Goshen, Indiana for the 7th annual Michiana Mennonite Relief Auction Sale. In the heartland of the Amish-Mennonite country you can bid for afghans, handmade quilts and dolls, rugs, antiques, toys, footstools, games and books. This is not a rummage sale. Three years ago an afghan went for \$530. The quilts and rugs are embroidered or cross-stitched, the rugs woven, hooked and braided. These works are a labor of love by the Amish ladies whose efforts result in the monies going for Amish-Mennonite supported charities.

There are more than a dozen fair ground buildings which house demonstrations and sales of cake decorating, apple-dumpling making, apple-fritter making, art and decoupage, Christmas decorating, glass-cutting, kitchen articles, homemade bread and soap, fresh produce from Mennonite farms, with bake goods, whole hog sausages and the very best of breakfasts being served from 6 a.m.

When you're up in Amish country the name of the game is to stuff yourself. Five years ago when we toured the Amish country around Lancaster, Pennsylvania, we recall two truisms about their plentiful menus which bears repeating for those heading for Goshen: "Kissing wears out, cooking doesn't" and "Better to die eating than die fighting."

Recently the Village of Niles acquired the above building at 8060 Oakton st., Niles, and renovated it to house offices for the Niles Family Service Department, Teen Center and for Senior

Citizen Programs. The building is now being completed but lacks a name, so the new building committee members, 1. to 5. Trustees Abe Selman, Angie Marcheschi and Peter Pesole

have decided to let it be named by the residents of the village. A \$100 savings bond will be given to the winning entry. The contest is open to every resident of Niles.

**AI Deering OK After Accident**

We were very sorry to hear that genial AI Deering had a freak accident. He was walking a window and fell backwards and was stopped by the house next door. He immediately asked his wife if he had spoiled the neighbor's flowers. Mrs. Deering said the paramedics were wonderful as they bound AI's head before they whisked him away to Lutheran General Hospital. Fortunately, he had no broken bones or concussion. He had five stitches in his head and was released that night. How about that for the Luck of the Irish?

### SENIOR CITIZENS CLUB OF NILES

**Seventh Anniversary Celebration**

The Senior Citizens Club of Niles celebrated their 7th anniversary at the Recreation Center in Niles, on Thursday, Sept. 12, with a big anniversary lunch and entertainment by the Mt. Prospect Kitchen Band.

A lovely lunch was served by our lovely hostesses, Ann Dworak, Hazel Eadie, Viola Hoeft, Sonya Lawrence, Frances Nelson and Violet Reed. They served delicious ham sandwiches and potato chips, with twenty-three assorted homemade cakes and coffee to over 100 members, including our staff of: President, Lawrence Wutzen, Vice President, Eugene Koster, Treasurer, Alvie Reed, Program Chairman, Martin Dworak, our Sunshine Girl, Josephine Bain, and our Secretary, Elsie Geyer, and all the members of the Mt. Prospect Kitchen Band. Thanks to Mary Kay McCarthy, Coordinator, Senior Citizens Services, who got the Mt. Prospect Kitchen Band to come and entertain us for this great day.

The homemade cakes, all sorts of flavors, beautiful to look at, and better to eat, were all delicious, and we could have all we wanted. They were donated by our own Senior Citizen Club of Niles members: Myrtle Carlson, Stella Chojnowski, Christina Dellaria, Hazel Eadie, Violet Hoeft, Mary Hyenar, Maria Jackson, Eugene Koster, Emma Lange, Christine Lazzara, Mary Marinelli, Agnes Michalak, Mary Mueller, Frances Nelson, Anna Perry, Violet Reed, Josephine Scheel, Betty Schoenberger, Mary Triola, Agnes Ulvestad, Marie Waak, Grace Walsh and Stella Wozniak.

After having our lunch, we were ready to relax and watch the entertainment, of the Mt. Prospect Kitchen Band. The director, Corinne Clark, said they do such a good job, this was their 5th performance this week! Her baton is two pom poms attached to a wooden mixing spoon. The original band consists of 22 members. The pianist is Marion Boyd. There were 11 women and 4 men this day in the group. Their costumes were all so colorful: pink, red, green, blue and purple -- that stand out so attractive and good to the eyes. The women had long dresses with flowered hats. The men wore colorful suits with colorful vests and aprons and sailor hats. They all had their bazookas decorated very funny and interesting.

A wonderful time was had by all and we are happy to have seven years of good friendship, comradery and fellowship and hope we have many more happy years together.

We received a message of congratulations from our honorable mayor Nicholas Blase, with regrets that he couldn't make the party. We also received a congratulatory letter from Mildred L. Jones, vice president of the Niles Park District Board of Commissioners, in behalf of all the staff.

### New Library appointee

Ms. Tina Roose has been appointed Reference Librarian for the North Suburban Library System; it was announced by Elliott E. Kanner, System Resources Coordinator.

"We're extremely pleased to have Ms. Roose join us since she will bring well qualified support to our operation pending the appointment of a permanent director of the System's Reference Service," said Kanner.

"We have recently moved the System's Reference Service headquarters from the Chicago Public Library to the Skokie Public Library. The move resulted in a temporary backing of unfilled requests, and Ms. Roose's appointment means a faster return to normal operations."

Ms. Roose, a graduate of Kalamazoo college, also holds the M.A. degree in Library Science from the University of Minnesota and has done postgraduate study at the University of Michigan and Florida Atlantic university. Her prior experience, largely in the reference field, includes Head Librarian positions at Oakland Park, Florida, and at a large branch of the Fort Lauderdale Public Library. She has also been on the staff of the Graduate Library of the University of Michigan, prior to which she had cataloging experience at Western Michigan university.

The North Suburban Library System, headquartered at 5814 Dempster st., Morton Grove, is comprised of 35 member public libraries in Cook, Lake, and Kane Counties. Membership in the System provides each library access to books, films, periodicals, facilities and services which are generally unavailable from local resources.

## Niles Saints down CFL Lions 27-9 Notre Dame beats Schurz

The Niles Saints got off to a slow start but came back strong to beat the Chicago Lions 27 to 9.

In the first quarter the Lions began the scoring with a 29 yard field goal by Paul Brestin. The Saints retaliated with a touchdown by quarterback Bill Springsteen. Springsteen's kick was off so at the end of the first quarter the score was 6 to 3.

In the second quarter Springsteen connected with A. J. Owens for a 19 yard touchdown; this time the kick was good and the score at the half was 13 to 6.

Late in the third quarter Paul Sortal connected with Bob Gluppe on a 55 yard halfback pass (the kick was good) to put the Saints ahead 20 to 3.

In the fourth quarter the Lions tried to rally with an 8 yard TD run by quarterback Terry Likens, but the kick by Brestin was bad and the Saints were ahead 20 to 9.

With 49 seconds to go in the game, Jim Nugent threw a 25 yard touchdown pass to Jerry Cooney. Springsteen's kick was good and the Saints won 27 to 9 and undisputed first place in the Chicagoland Football League.

The Saints led in statistics with 156 rushing to the Lions 127, and 282 yards passing to the Lions 116. The Saints had 10 first downs 2 rushing and 8 passing.

Passing leaders were A. J. Owens with 13 catches for 143 yards, and Bob Gluppe with 5 catches for 88 yards.

Rushing leaders were Bill Powell with 11 carries for 76 yards, and Jim Greenhill with eleven for 44 yards.

Quarterback Bill Springsteen played the first half with a record of 14 att. 6 complete, for 117 yards, 2 int. and 1 TD. Jim Nugent had 9 att. 5 com., 66 yards and 1 TD. Paul Sortal had 4 att. 3 com. 105 yards, and 1 TD.

Next Saturday, Sept. 28, the Saints will return home to Notre Dame Stadium to play the Clearing Brewers. Kickoff time is 8 p.m.

## ND cross country invitational

Notre Dame High School of Niles was host to eight teams in a cross country invitational on Saturday, Sept. 14, at Bunker Hill Forest Preserve. The length of the course was 2.75 miles. Notre Dame was the winner with a total of 58 points. The winning time was set by Germino of Marist High School of Chicago at 13:46. The Dons are defending Suburban Catholic Champs of the East Division.

SCHOOL	TOTAL POINTS
1. Notre Dame	58
2. Marist	67
3. St. Viator	69
4. Brother Rice	109
5. St. Laurence	126
6. Carmel	142
7. St. Ignatius	158
8. Gordon Tech	163
9. Mt. Carmel	274

On Thursday, Sept. 19, Notre Dame met St. Patrick's High School of Chicago in a cross country meet at the Bunker Hill Forest Preserve. The length of the course was 2.75 miles. The Notre Dame Varsity won 19-40. The winning time was set by Tom Riley of Notre Dame at 14:13. The other four finalists for Notre Dame were Tim Bock, Paul Tsyka, Mike Meehan, and John Happ.

The Frosh-Soph Cross Country team lost on the same occasion 32-23. The winning time was set by Kopolnek of St. Patrick's at 14:47.

## Oakton Cross Country victory

The Oakton Community College Cross Country Team coasted to first place over seven other schools in a meet held at its home course, Niles West High School, on Saturday, Sept. 14. This victory counted as seven separate wins, boosting the Raiders' current record to 8-0.

The team point total saw Oakton in first with a low score of 25, Lake County second at 59, Harper in third with 74 and Waubesa fourth at 83. Milwaukee Tech and Gateway Tech also placed, while Elgin College and Madison Tech both lost by forfeit.

"This was a good meet for us because we beat Harper in a dual meet for the first time," stated OCC Coach Pat Savage.

Individually, a Harper runner crossed the line first with 20:33 time in the four-mile plus event, breaking the course record by 12 seconds set by Harper last year.

Oakton's Steve Spector finished second at 20:41, also breaking the old mark. OCC's Pete Hansen, Rick Reynolds and Scott Haupers came in fourth through sixth, respectively. All six Raiders came in under 22 minutes, a feat which Coach Savage never saw his last year's Skyway Conference Championship team perform.

## Notre Dame beats Schurz

Notre Dame of Niles bounced back after its 40-7 loss to St. Laurence last week to beat Schurz 21-12. The Notre Dame offense seemed to come alive against Schurz and the defense played a good game despite some sloppy moments.

Notre Dame started the scoring in its first possession. They launched a beautiful drive down the field which was climaxed by a five yard run by halfback Don Faber. After that the game settled down until about midway into the second quarter when Notre Dame scored by fullback Tim O'Brien on a four yard run. This touchdown was set up by an interception and a 26 yard runback by safety Joe O'Donnell. Notre Dame made it 15-0 when placekicker Mike Weiss booted a 19 yard field goal. Schurz scored late in the second quarter on a pass to make the score 15-6 at halftime.

In the fourth quarter the Dons got their final touchdown. There was an interception and a 36 yard runback by Joe O'Donnell. The touchdown was scored by fullback Tim O'Brien who gained the final three yards into the end zone. Schurz closed out the scoring, late in the game, with a 75 yard run by their halfback. On the following kickoff Schurz attempted an on-sides kick which was spoiled by Notre Dame guard John Laurie who recovered the ball.

Notre Dame had a number of standouts on both offense and defense. Bob Rigali, Ken DePaola, and Tim Walsh were outstanding on defense. Those outstanding on offense were quarterback John Cashman who was 4-7 for 61 yards and one interception, and fullback Tim O'Brien who gained 109 yards in 19 carries and who scored two touchdowns.

The Dons seem to be gaining more and more experience and figure to do well the rest of this season.

## New ND cross country coach

Charles J. Wilson has been appointed as new head of the Notre Dame High School Varsity Cross Country Program after three years as coach at the frosh-soph level. He is also a teacher in the Communication Arts Dept. Wilson said that he expects to have a strong varsity squad with state contender. Last year's team was Suburban Catholic Conference champ.

## OLR's Rev. Paluch to celebrate 40th Anniversary Sunday

Father Theodore Paluch, pastor for fourteen years of Our Lady of Ransom Parish, 8300 N. Greenwood, Niles, will celebrate forty years of priesthood on Sunday, Sept. 29. Although his actual ordination date was Apr. 7, a bout with pneumonia at that time postponed the anniversary celebration.

On that day, he will celebrate a liturgical Mass at 5 p.m.

in the church with Fr. Donald Ahearn and Fr. Edward Hughes, assistants to the pastor. Also serving will be Fr. Richard Tessler, a former assistant pastor of OLR.

Father Theodore Paluch, one of twelve children, attended St. Josephat Grammar School in Chicago. After graduation he studied at Quigley for five years, followed by six years at Mundelein, a major seminary in the Archdiocese at that time. He was ordained by the late Cardinal Mundelein on Apr. 7, 1934.

In 1960 the late Cardinal Albert Meyer appointed Fr. Paluch (then as associate pastor of Ascension Parish in Evanston) to organize a parish in the Maine East Township area to meet the spiritual needs of the fast growing Catholic population in the Northwest suburbs. The site chosen for the church and school was to be located at the corner of Greenwood ave. and Normal st., Niles. The name *Our Lady of Ransom* was selected for the new parish. Ground was broken on Aug. 18, 1961 for the construction of the church and sixteen classrooms to be staffed by Felician nuns. On July 29, 1962 Mass was said for the first time in the church. The convent for the nuns was built shortly after, and in 1964, due to overcrowded school conditions, the pastor received permission from the Archdiocese to build a Junior High School. Completed in 1965, the school presently enrolls 750 students. Today, Our Lady of Ransom parish is debt free and serves 2,000 families within its boundaries of Niles, Park Ridge and Des Plaines.

In honor of Father Paluch, parishoners have claimed Sept. 29 "Father Paluch Day". Immediately following the 5 p.m. Mass there will be a parish reception in the hall. All are invited to attend.

Mrs. Richard Stahler, 5525 Washington, has been named the 1974 Christmas Seal campaign chairman for Morton Grove. Her appointment was announced by Thomas Webb Sexton, general campaign chairman for Chicago and Cook County. The Seal drive, which opens in November and runs through December, is conducted annually by Chicago Lung Association, formerly the Tuberculosis Institute of Chicago and Cook County, and hopes this year to surpass the close to \$1 million raised in 1973. Mrs. Stahler, a homemaker and mother of a six-year-old boy, inherited her interest in Christmas Seal work from her mother, who had been an active Seal volunteer for many years. "Today, we are conquering TB, and how hopefully we can do the same thing with perilous diseases like emphysema and chronic bronchitis," comments Mrs. Stahler. Ninety cents of every Christmas Seal dollar is spent in the Chicago area to support programs in the detection and diagnosis of TB, educational programs on lung diseases such as emphysema and chronic bronchitis and campaigns to combat cigaret smoking and air pollution. The remaining 10 cents goes to the American Lung Association (formerly the National Tuberculosis and Respiratory Disease Assn.) to support nationwide programs in research and education.

# HOW A 10¢ PHONE CALL CHANGED MY ENTIRE LIFE!!

"I tried the Single Mingle Club meet-the-people plan, says a member. "One lucky night I made a decision that changed my entire life. I read of a get-acquainted party at the Single Mingle Club. It said for adult men and women 30 years of age and older to call. I decided it would only cost me a dime to inquire about membership, so I figured it was worth it. The voice on the phone was warm, kind and receptive. I was sent the brochure, "How to get more fun out of Life" and invited to a "get-acquainted party." Again when the night arrived I said to myself, should I go? I decided it was worth a try. With great trepidation I approached the party. My fears were quickly removed. Immediately I met with courtesy and friendliness. A most courteous hostess seemed to read my thoughts, she sensed right away that I was uncomfortable about meeting strangers. That night I met men and women who had been as shy as I until they, too, had discovered the Single Mingle Club. Now they were gay participants in the many activities the club offers. Every evening passed only too quickly as I made new friends to be with, friends to chat with. Every week my confidence grew, what a social pick-up. Now I look forward to meeting my customers. I talk with more confidence to my co-workers and I've learned how to command attention and respect. Every day I thank my stars that I made the right decision and called the Single Mingle Club, in fact every time I see a dime, I think that's one decision I should have made long ago. A little, thin dime brought me happiness, friendship, fun and confidence. In fact, it brought me more money for now I have a better job. So who says "money isn't everything" particularly if it's a dime. And I agree with everything I read in the brochure-I do get "more fun out of life."

### LETTERS to EDITOR

#### LWV clarifies position on candidate rating

Dear Editor:

It has come to our attention that some campaign literature being circulated in the Tenth Congressional District contains a reference to the League of Women Voters political accountability rating. The context in which this reference is placed allows it to be misinterpreted as a political endorsement.

The League does not rate candidates in a particular race. The League does rate the performance of incumbents as it applies to League program and action.

The bylaws of the League of Women Voters of the United States state that "the League may take action on governmental measures and policies in the public interest. It may not support or oppose any political party or any candidate." The League does lobby actively for legislative goals based on positions arrived at by its 155,000 members across the country. The League of Women Voters of the United States' political action is determined only after members have the opportunity to study national issues and reach a position on possible solutions. This process in effect

provides a general blueprint for action which is used as the base measurement in determining which pieces of legislation the League will support or oppose.

Each year the League prepares a political accountability rating which shows the voting records of members of Congress on legislation for which the League and its members lobbied during that session of Congress. Our ratings are now an index of the overall performance of each legislator, only an evaluation of how often each legislator voted with the League position during that particular session of Congress. During the session, the League makes its legislative goals clear via position statements, lobbying, letter writing, etc. Its partisanship on issues, however, is not transferable to individuals, and the League does not support or oppose any candidate for public office.

Sincerely,

Carol Panek President League of Women Voters of Morton Grove-Niles

### Punt, Pass and Kick competition

More than 2,000 girls compete alongside boys in last year's PP&K competition, according to a Ford spokesman -- and the number is expected to be even greater this year.

Punt, Pass and Kick is the popular event which is co-sponsored annually by the National Football League and the Ford Dealers of America.

Girls or boys registering for PP&K must be 8 through 13 years of age and accompanied by a parent or guardian to any participating Ford Dealership. Registration, which is free, ends Oct. 4. Each registrant will receive a

free PP&K Tips Book which includes a complete set of rules, conditioning exercises and punting, passing and place-kicking tips from outstanding pros.

There is no body contact in PP&K and no special equipment needed. Youngsters compete only against others in their own age group and participation does not impair a youngster's amateur standing.

Local competition will be held Saturday, Oct. 5. First, second and third place winners in each age group will receive a PP&K trophy. The first place winners

will also have a chance to move up in five other levels of competition. PP&K finalists, appearing on national television, will match skills at the National Football Conference championship game on Dec. 29.

The top champions in each age group will receive their trophies from Pete Rozelle, the Commissioner of the National Football League, and have their names enshrined in the Pro Football Hall of Fame in Canton, Ohio.

Local competition will be held Saturday, Oct. 5, 10 a.m. at Emerson Junior High school.

### Branch Library art winners

The winners of the art competition held this summer at the Niles Branch Library have been announced. During the six-week competition, about 50 children created art work in six subject areas--nature, sports and recreation, designs and patterns, pets and animals, do your own thing, and festivals and holidays. All of the art work will be on display at the branch library until October 9.

In the third and fourth grade competition, Kendra Svatos, Mark Twain fourth grader won first prize. Sari Rowitz, a Shelley Nathanson fourth grader, and Scott Lewis, a third grader at

Nathanson, followed Kendra in second and third places respectively. Laura Friedman, who attends Hynes School in Morton Grove, led the fifth and sixth grade competition coming in first place. Mark Lewis, a Nathanson sixth grader, took second place; and third place was awarded to Dand Goldberg, a sixth grader at Jefferson School. First place in the seventh and eighth grade competition was earned by Dawn Manzo, an eighth grader at Our Lady of Ransom. Second place was captured by Laura Novak, who is in the eighth grade at Jefferson; and Robin Klein, an Oak School seventh grader, finished in third place.

The next regular meeting of the Niles Public Library District Board of Trustees will be held on Wednesday, Oct. 9, at 8 p.m. at the Niles Branch Library. The library is located on the second floor of the Golf Mill State Bank Building at 9101 Greenwood. A highlight of this meeting will be the presentation of prizes to the art contest winners. Prizes were donated by the Golf Mill State Bank Books and Cards, Inc. in Golf Mill, and the Golf Mill McDonald's on Milwaukee ave. The winners' families and friends are encouraged to attend the presentation. Refreshments will be served.

### "Hanging plants" at First National Bank

Visitors are currently doing a double take on entering the lobby of First National Bank of Des

Plaines upon being confronted with a beautiful display of hanging green plants.

"We've turned our lobby into a temporary greenhouse," explains Arthur R. Weiss, president. "It's all part of our current offer of a living hanging plant for only \$5 to savers adding \$200 or more to a new or existing savings account."

"These plants normally retail for \$13.95 each," Weiss added, "but now through Oct. 19 our savers can obtain one for just \$5 with the \$200 deposit. An instructional sheet on the proper care and handling accompanies each plant which comes in a seven inch pot with a colorful plastic hanger."

Savers purchasing a plant may select any one of the following four plants and immediately take it home. The plants are: Grape Ivy which features cascading vines and bushy growth; the Coleus has brilliant pale yellow to crimson red foliage; Swedish Ivy is an easy to care for bushy, cascading plant; and the Tradescantia Zebrina or Wandering Jew is a native Holy Land and Mediterranean plant offering a dramatic accent to any surroundings.

Those wishing to obtain a plant or seeking more information, may visit First National Bank of Des Moines at 733 Lee st. or telephone 827-4411.

### Candlelight Courte offers additional benefits for retailers

Candlelight Courte is one of the most unique shopping centers a retailer can find. Our enclosed mall is completely different from any other enclosed mall, in that, we are concerned with how much benefit we can give each individual retailer.

Candlelight Courte allows all shoppes to be clearly visible from the Mall and the exterior through the glass walls. The illuminated signs of each store will be seen from Milwaukee ave. and Oakton st., assisting each tenant in attracting the passer-by into the Mall. The Mall is served by six entrances, five in the front and

one on the South end of the building. There is parking on all six sides therefore allowing a short walk to all entrances.

Candlelight Courte is structurally sound, practically constructed, aesthetically beautiful, and elegantly designed. The Candlelight Courte exterior design and decor creates a warmth, desire and appeal to the prospective shopper. The mixture of colors and textures blending with the foliage, the focal highlights, the gentle candlelight, the brist clean lines of the structure and variations of dimensions, all come together in a subtle yet highly

effective combination for convenient shopping to the buying public. In Candlelight Courte all aesthetic focal highlights can be seen and enjoyed from each shoppe, from the Mall, and also from the exterior. The front of each shoppe is open wall to wall to the shopping public, therefore, utilizing the entire store as an advertisement, thus creating one large display. Candlelight Courte has abundant parking. For ease of entrance, there are three driveway accesses to Milwaukee ave. one driveway access to Oakton st. and three accesses to Oriole st. The entire site will have landscaped areas. The parking areas will be well lighted with sodium vapor illumination.

Some pertinent information: 163,000 square feet of leaseable space on two levels; 19,750 square feet of Mall Area, ground level; 8,000 square feet of Balcony area, Balcony Level; 415,000 square feet of lighted Parking Area.

If you are interested and wish to sit with us and see the available spaces, floor plans, layouts, and sketches of the site, please call us at 823-0397 so we can arrange an appointment for you.

We've been working very hard all summer and this party was my way of saying thank you. The party was a tremendous success and I hope our victory party on the evening of Nov. 5 generates as much good feeling."

### Bus service

In a second action, village fathers ultimately approved the Pesele plan on the motion of a request for rezoning of property at 8400 Greenwood from residential to commercial use for a branch banking by Republic Savings & Loan of Chicago. The petition had previously been approved during the August meeting of the Zoning Board, although final decision rests with the Village Board of Trustees.

The 30-minute discussion which preceded village approval concerned a new name for the area at the corner of the 2-acre corner site for plans concerning the remaining half of the property and objections by Tr. Peter Pesele for deviation from the village building code which calls for 80% masonry in building construction, a new concept of 80% glass and 20% face brick is

### From the LEFT HAND

Cont'd from Page 1  
To head of Saturday's one-day festival get up very early, head south down the Dan Ryan and take the eastbound Indiana on Hwy. 123 miles to the Elmhurst exit; then south 12 miles to the Cashmere area. They serve a aggregate breakfast beginning at 6 a.m. on the fairgrounds so get up early for a full day.

We've always wanted to recommend a sort of travelling snuggles bed to the more venturesome gentlemen, who may be looking for a different way to spend an evening away from home. Our suggestions for eateries this month aren't for everyone and perhaps are only for a very few readers, whose digestive systems can take the roller coaster menu we're recommending.

Seafood lovers can start off at the small 44-boothed Hobsons Oyster Bar at 448 N. State. It's a gobby place known for its eccentric service and reasonable prices. Oysters, crab legs, shrimp and lobsters come highly recommended, though the size of the barroom may prevent you from sitting at a booth.

If you prefer to stay in suburbia you can go to Metro-Park, 16 Shaker Sam's at 1141 Rice St., which has seafood similar to Hobsons with the addition of smalls and corned SS Sam's has great Italian specialties but if you're going to join our venturesome snuggles bed, you must push yourself away from the table after the seafood.

If you're at Hobson's you're only 5 minutes away from our Zee Stop, the Bowl and Roll, at 1039 N. Wells. For about \$22 you get a hearty bowl of soup which may include a half a chicken or sausage and ham hocks or a beef soup that's more like a stew. You can order a chopped liver sandwich or Hungarian sausage, though such an order would likely end your joining us on this gourmet's delight.

If you've chosen Shaker Sam's and want to pass up the great soup house, you can proceed north to 7200 W. Roosevelt, and if you're near north, you head for 1958 W. Roosevelt, to Bishop's, the best chili houses in Chicago. These immaculate eateries have great chili and chili mac which can be eaten here on wire-backed "coke" chairs, or it can be ordered "to go". If you're strong, reach for the Tabasco and hot peppers dipped in vinegar, which are on every table.

After Bishop's we've probably list all but those with copper-insulated stomachs. But for these hearty few, take off an hour and then head for Cesar's at 340 W. Armitage for a fondue. You can have chocolate, cheese, beef or other gummy fondues while listening to live guitar and classical music.

After more resting time you can wind up this travelling snuggles bed at Bar's, 2454 W. Montrose. Behind a great German bakery, an intimate cafe (and outdoor patio) serves cream cakes and fruit and coffee cakes as well as fascinating ice cream specialties.

Most readers would winter at such an evening. But it has interesting possibilities since you can detour one or more of the stop-offs and still enjoy great eating at most interesting and unique Chicago restaurants.

Our favorite bookie department for September includes the great Watergate caper, All the President's Men, as fascinating a whodunit as you'll ever read.

The investigative reporters for the Washington Post, give an 18 month biography of this mystery, that slowly unravels before your eyes in incredible fashion. The book is a great primer for anyone interested in reading about investigative reporting. And it's perhaps the most exciting story of the year about reporters who meet secret sources in underground garages at 4 a.m., and once were even told their lives were in danger for reporting a story which will rank among the top news stories in American history.

Two other books we've read this month are literary gems which use the very non-literary tape recorder, and transpose the tapes to paper with minimal editing.

No Cheering In The Press Box, by Suintesman Jerry Holtzman, interviews an older generation of sports writers, men mostly in their 70's and 80's, who tell fascinating behind the scenes tales about sports stars of the early earlier decades of this century. And Leonard Ritter's The Glory Of Their Times interviews elderly former ballplayers who tell wonderful baseball tales. If you want to know about Babe Ruth's sexual batting average, you can find it in Holtzman's book. And if you want to read about Germany Schaeffer, who after stealing 2nd base, turned around and stole 1st base, and then was out on the next pitch when he tried to steal 2nd again, read Glory. All three books are outstanding.

### FREE-BEE FIGHTS INFLATION

As prices spiral upwards, and your dollar buys less and less at the food store, the clothing store, the hardware store and all the other stores you have to shop in... saving money and making your money work becomes more and more important.

FREE-BEE helps you do both... FREE-BEE SAVES YOU MONEY!

Free-Bee gives you really FREE checking. Instead of having your dollars tied up in a checking account where you have to keep a couple of hundred dollars in the account to keep from having a service fee added onto your expenses, Free-Bee gives you FREE Checking with no minimum balance... even if you write the account down to the last penny - there is never a charge for your checking. This alone can save you as much as \$24.00 a year.

### FREE-BEE MAKES MONEY TOO!

Free-Bee takes those dollars you don't need for everyday expenses (the money that you normally save for vacation or for taxes or other expenses that don't come up every month) and puts them into a savings account automatically so we can pay you interest. Free-Bee requires you to save at least \$50.00 every month. You don't have to come to the bank, Free-Bee puts money from your checking account into your savings account automatically. If your Free-Bee Automatic Savings plan is for the minimum of \$50.00 every month, your earnings for the year will be over \$15.00. If you need the money at any time - it is yours for the asking and you will receive interest on your money for every day it is on deposit.

### SAVE ON CREDIT CARDS TOO!

If you carry a balance due on your credit cards - revolving credit at a department store, or Gasoline company, or Master Charge, Bank Americard, American Express or any of the other cards - you are paying a whopping big 18% per year in interest on the outstanding balance - if that balance is \$500.00 you are paying \$90.00 a year for that balance. With FREE-BEE and its automatic "Line-Of-Credit" you could pay all those bills in full by using the Free-Bee "Line-Of-Credit", and, you would save over \$30.00 every year. That is a savings of one third on your loan and your monthly payment would be smaller to boot.

### FREE-BEE GIVES YOU SAM!

SAM is the Skokie Automatic Money Machine that gives you cash any time you need it. With your Free-Bee SAM card, you get actual cash from your checking account, or as a loan on your "Line-Of-Credit". SAM never sleeps, he is there to serve you 24 hours a day, seven days a week. If you need cash, SAM has it for you, and without the embarrassment of trying to get a friend or storekeeper to cash a check for you.

### CAN ANYONE GET IT?

### Centel Open House Friday

TSPS, COE, X-BAR, DA. That might appear to be a secret code-but it's not! Everytime you dial your telephone two or more of these "code" areas come into action.

In order to translate all of this into a meaningful experience, Central Telephone Company of Illinois has invited the public to tour its facility at 36 S. Fairview, Park Ridge. Centel's Open House will be held Friday, Sept. 27, from 5 to 9 p.m., and Saturday, Sept. 28, from 11 a.m. to 5 p.m.

"In realizing how important the telephone has become to daily life, we also realized just how few persons really know much about how this household item works. We decided to show them firsthand and open the doors to our building," Tom Conn, Park Ridge Office Manager, said.

The tour will include: TSPS or Traffic Service Position System, the \$5 million, all-electronic toll switchboard system thru which many of the operator-assisted calls are placed.

COE or Central Office Equipment which includes miles of wire and complicated switching equipment connecting one telephone with the rest of the world.

X-BAR or Crossbar, the \$8 million switching system which allows Centel to offer its customers faster and more efficient service. Touch Calling and Dial-Tone-First.

DA or Directory Assistance where service assistants locate hard-to-find telephone listings.

These, and other areas, will be fully explained during the approximately one-hour tour. Refreshments will follow.

"We're sure every member of the community would find this an interesting experience and we hope many will take advantage of this opportunity to find out what makes their telephone ring," Conn said.

### MG Board.

Sign Committee's recommendations, but also passed the motion made by John Hilkin.  
 Hilkin and Mayor Bode presented pins to the following who donated a gallon of blood to the M.G. Blood Drive. They are Paul Anthony, Donna Beil, Wm. DeLano, August DiGrazia, Marthada Erickson, Steven Eckmann, Richard Ferraro, Karen Gianukos, Sharon Glassner, Francis Gauer, Eileen Gilman, John Golata, Frank Hilbert, Edward Koehler, Donald Lach, Lavern Oswald, Norman Peterson, Adolph Prok, Lawrence Salzman, Wm.

Sutfin, Edward Vorpapel, Marie Zaborac, Robert Dohm, Patrick Grant, Ralph Hintz, Sister Dorothy Wentink, and Tad Kimura, who has headed up blood programs for some 18 years. The next Blood Drive will be held Oct. 3.  
 Paul Gilson of Oakton Community College said they have done all that is necessary to survey the area and have submitted their request for traffic signals to the state. "We now have 4,300 students, a 15% increase over last spring," Gilson said. "I hope your consultants can meet with us and perhaps work out a temporary arrangement for the next 5 years," continued Gilson. George Holt, M.G. engineer, said the state would require more than just a simple traffic signal. They would want a left turn lane and channelization and that could cost up to \$150,000. Mayor Bode said, "We're not being resistive, but we can't carry the ball for you. The state actually has the final say in the matter."

Representatives from the Ferris Point Condominiums speaking for 28 families asked the board if M.G. could pick up their garbage, instead of their having to use a private collector. They said they paid taxes to the village and should be considered property owners here. John Hilkin explained our garbage collectors cannot go onto private property by contract, but they would pick up garbage there if it were brought out to the curb in 30 gallon cans or plastic bags.  
 Engineer Holt recommended accepting the low bid of Monarch Asphalt of Skokie for \$57,531.60 for the improvement of Oak Park ave. in School District 67.  
 John Slator said regarding the new RR station the Milwaukee Rd. architect wants approval of the site plan.  
 Len Hillinger said the Chamber of Commerce was planning to honor Bob Lutz, who is retiring as head of the Planning & Zoning Commission at its annual meeting and invited all board members to attend on Nov. 20 at the Millionaire's Club.

Martin Ashman noted the Sales Tax receipts for June, 1974 were \$82,363.36 and the M.F.T. for July, 1974 were \$23,626.03. He also said that the Senior Citizens program as it once was is dead, but that there was something new in the way of "Block Grants" to communities of over 50,000, with smaller communities getting a share of whatever is left.  
 David Cohen noted that the Fire Dept. had 83 calls from Sept. 9-22. The board agreed to accept the low bid of the Evanston Able Trucking Co. for \$4,800 to wreck the old fire station. The board also agreed to pay the final payment to the architect for the new station.  
 The board accepted the bid of the Berthold Nursery for trees on Oakton & Austin for about \$8,600. Herb Houndt said there are still trees available in our 50/50 replacement program. Anyone interested should contact the Public Works Dept. The cost to the public is about \$32 or \$33 a tree.

### ED HANSON

#### "What Makes George Run?"

He's propelled by the greatest, most powerful force in the Universe. And what exactly is this fabulous force? It's love.

For George loves with a creative passion his craft. And his craft is an art, requiring a high degree of creativity and knowledge.

The man to whom I refer is George Arvey, owner of ARVEY'S RESTAURANT, 7041 W. Oakton, Niles.

And last Saturday night and Sunday morning, I watched George run around his now famous restaurant. For George wears many hats. A chef's hat, bus boy, waiter, Maitre D', and executive restaurateur.

For this handsome 38 year old man, who is built like a middleweight boxer, has an enormously rich but very practical experience in every phase and facet of the restaurant business. And the enormity of his restaurant experience is only exceeded by the super enormity of his capacity for hard work.

Let me tell you about GEORGE ARVEY.... He was born in Tripolis, Greece and came to this country when scarcely more than a boy. (His 64 year old daddy who everyone calls "poppa" now works with him). He became a U.S. citizen and found work as a bus boy. He took courses at night while working days, in chef's training. And during the next few years he worked for some of the most famous places in the world....the Sherman, Ambassador East (Pump Room), La Salle Hotel, The Drake, London House, Mister Kellys, Jacques, Sheritan and the internationally famous Cape Cod room. While just a lad in Greece, he also worked in many world famous restaurants on the continent, including the Champs Elysees at Satisfiserie, glace au choix, Mousse au chocolat, creme caramel and Les Fraises a la creme.

Six years later George sent for his brother, Tommy, and some time later George opened his restaurant in Niles. It was four and a half years ago, that ARVEY'S restaurant came into being and today more than 10,000 people a week pass thru its doors. And gregarious George knows 9,000 of 'em by their first names. So ARVEY'S RESTAURANT is the ONLY restaurant George has ever owned. It is his first love (next, of course, to his lovely wife and three children) and first loves, if true, usually endure if the frequency of love is lavished upon them.

And George's brother Tommy, a bachelor, girls, was taught the art of cooking by one of the greatest chefs in this world, namely, by a chef who was once the personal chef to the late President of France, Charles De Gaulle, the former controversial General-Hero of many wars.

George Arvey is truly one of the finest chefs in the world. As a waiter he has no peer. As a Maitre D' he is par excellence and his knowledge of the culinary arts would fill a big book.

Which he did. George has written a book of recipes. A book as big as "Gone With The Wind." I know whereof I speak because I've seen it. Women, because of the home and family, are often associated with being good cooks and a few may be. But the great chefs in the most famous places both here and abroad are MEN. The same truth holds true regarding waiters. The famous places for the most part, have men waiters, NOT waitresses. And certainly would NOT employ most of the waitresses in this area.

In George's book and his head are many recipes which he's created and keeps secret. Like his wonderful white French dressing that he uses when stirring up his huge wooden bowl of freshly made Caesar Salads. Last Saturday, I personally watched George whip up a huge wooden bowl of Caesar Salad before a packed house. He does it so easily and quickly it seems like it doesn't require much expertise--but don't kid yourself--this only results from long experience and know-how, like a major league fielder scooping up a hot grounder and with ease and grace tossing his man out.

Talent--top talent--always makes the difficult things look easy. And this Caesar Salad which is made with such loving care by George (he makes his own croutons) is a joy to gaze at and a taste-thrill to even the most sophisticated and jaded taste-buds. And these Caesar Salads are FREE with all dinners at ARVEY'S six nights a week.

Frankly, I don't believe there's any fish, fowl or meat dishes, regardless of how exotic, with which George is not familiar. Whether it be Chair de Homard frais, Filet de Dore Amandine, Sole Anglaise, Crabe a la coquille molle beurre a l'ail or Filet de Perchaude au beurre Noisette or Chicken Saute Sec with mushrooms and Echaloites, Le Saute de Boeuf Stroganoff, or Les Cotes d' Agneau grillees or even les escargots de Bourgogne.

George will probably be a little miffed at me for dramatizing his vast experience as a culinary expert because George is a very humble, down to earth sort of guy. But like the ump on a major league baseball diamond, I also have to call 'em like I see 'em and that's the way I see 'em. All humble George says, "I run a FAMILY TYPE restaurant, with reasonable prices and people can come as they are." George doesn't dress up in a red coat and make a big production when he makes a Caesar Salad, like they do in the Pump Room. Yet, his seafood, fowl or meats are the very best obtainable and cooked with the expertise that would please the most fastidious of gourmets.

To prove my point, get George, if you can ever catch him when he isn't busy, on the subject of soups. He knows how to prepare

### DINING GUIDE

Remaining performances of the original schedule are Sept. 20 and 21, a benefit for Shelter, Inc. on Sept. 22, and Sept. 27 and 28. Since nearly all tickets are reserved for these five nights, two additional performances will be presented on Friday and Saturday Oct. 4 and 5, at 8:30 p.m.

#### Young Adults to hold picnic

The Young Adults Group at the Mayer Kaplan Jewish Community Center will take advantage of the remaining warm weather by holding a picnic at Harns Woods on Sunday, Sept. 29.

picnickers should bring their own food and drink, and meet at the Mayer Kaplan JCC, 5050 W. Church st., Skokie, at 11 a.m. There is no charge for the event. In case of bad weather, the picnic will be held inside the JCC.

## Caesar & Coca world premiere "Double Take"

When the film "Ten From Your Show of Shows" (a composite of bits from television's golden entertainment) was released over a year ago, the New York Times printed:

"If you've forgotten and need to be reminded or if you haven't forgotten and want to be reminded anyway, or if you are just too tragically young for the proper memories, you can recoup your losses and enrich your life with 'Then From Your Show of Shows'; It leads me to think that on Saturday nights 'Your Show of Shows' may have been the laughter of the gods!"

It is, therefore, an exciting privilege for David Lonn, Managing Director of Arlington Park Theatre, to present Sid Caesar and Imogene Coca in the world premiere of "Double Take," written by Mel Tolkin and Lucille Kallen (former head writers on Show of Shows) and based on original material by them and two other ex-staffers, Mel Brooks and Tony Webster, and directed by Max Liebman, creator-producer-director of Show of Shows.

"Double Take" is a two act comedy built around the characters. The Hickenloopers, which Sid and Imogene perfected to unparalleled heights on television. The Hickenloopers are "Everyman," typifying the hopes, hang-ups and disappointments experienced in all marital relationships. Reams have been written on this subject, but rarely does an artist appear with the power to simply define, and diffuse compassion through laughter.

On Friday, Oct. 4 at 8:30 p.m.

Arlington Park Theatre will be the scene for such an occasion when Caesar and Coca open in "Double Take."

Appearing with them will be Mickey Deems, veteran actor/writer for stage, television, film and nightclubs, who also appeared with, and was standby for, Sid Caesar in the classic, "Little Me" on Broadway. Scenic decorations at Arlington include "Skin of Our Teeth," "Charley's Aunt," "Angel Street" and "The Fantasticks."

Schedule of performance times follows. Tickets to all performances are \$8.50. Tuesday, Wednesday, Thursday - 8 p.m. Friday - 8:30 p.m. Saturday - 6 p.m. and 9:30 p.m. (two perfs.) Sunday - 3 p.m. and 7:30 p.m. (two perfs.)

**HILLEL TORAH CONCERT**  
Hillel Torah North Suburban Day school presents its 13th annual concert starring Victor Borge on Wednesday evening, Oct. 30, at 8:30 p.m., in Mill Run Theatre.

Victor Borge has become identified with capacity crowds, sold-out theaters, and entertainment epitomized. The Borge concerts have been called a unique form of entertainment which speaks directly to every musician who can read between the musical lines. "Comedy in Music" is the longest running one-man show in the history of the theater. Hillel Torah is proud to present this great artist for one night only.

Information regarding this concert and reservations can be made through calling the school office - QR 4-6533.

## OCC'S FOCUS CHICAGO SERIES

Ms. Levine's background includes films, graphics design, and improvisational theater as well as art.

Students and the public are invited to attend the lecture. There is no charge.

## Creative Arts Night

The summer Creative Arts classes of the Morton Grove Public Library displayed their talents at Creative Arts Night on Friday, Sept. 13.

The Play Reading Group presented "The Lollipop Princess" and the Creative Dramatics class, taught by Marian Hosmer, entertained the audience with improvisations based on superstitions. These groups included Laura Ryan, Susan Ryan, Robert Kibble, Mike Mauler, Debbie Terrazas, Cindy Bass, Elynn Mitchell, Cathy Sarnecke, Cheryl Greene, Julie Kaplan and Ramona Picuch.

The Arts and Crafts classes displayed a collection of original and clever objects and the Creative Writing class presented a magazine containing their own compositions in prose and poetry.

## Dachman continues walk through Cook County

"Hello, I'd like to shake your hand, I'm Norman Dachman, Democratic Candidate to the suburban Cook County Board of Commissioners. I live in Niles, but I am walking thru all of the County to let the people of suburban Cook know there is an election on Nov. 5 when 6 members to the County Board will be elected from the suburbs. I'd like to represent you as one of those six members.

I believe you will agree with me that its time we know who we elect to the County Board of Commissioners, the chief governing body for Cook County that is directly responsible for spending your tax dollars. Would you hire someone for \$20,000 per year without knowing anything about that person? The voters of suburban Cook will pay almost \$250,000 tax dollars to six members of the board who have in the past, deliberately kept a low profile of awareness of their position and the responsibilities attached to it. County Commissioners make contracts, approve purchases, levy taxes and appropriate funds to operated all county offices including those under the jurisdiction of elected officials such as the States Attorney, Assessor and Sheriff. I'm here to meet you because I want to see a return to representative government to the people of suburban Cook County and insure them of more responsive efforts in regard to suburban needs and problems."

This is what Norman Dachman has to say about the walk through the western and northern townships of Cook County which he expects to complete during the first week of October. For information call Dachman headquarters at 965-0507.

**Washington School PTA**

The first open meeting of the Washington School PTA will be held on Thursday, Oct. 3 at 7:30 p.m. in the gym at Washington School, 2710 Golf rd., Glenview.

The guest speakers of the program will be the authors of "Their Universe, a Unique Sex Education for Kids". The book was written by several teachers who began a new approach to sex education after they realized children in the suburbs of Chicago showed need and desire to learn not only anatomy or physiologic processes but how to deal with and manage their own sexuality and social relationships. Beginning with a very gradual procedure the children were taught in small groups who met with the discussion leader in an informal setting once a week.

Discussions resulting in the "Study of People" covered topics including death, marriage, jealousy, abortion, adoption, and morality, as well as conception and birth.

The meeting is open to the public.
