Enjoy a safe holiday season

Here it is ... Christmastime again! The time of good cheer and peace on earth. The time when all men are trying to make their fellow men a little happier. A time of joy and good will. A time of tragedy! Every year hundreds of persons are killed and thousands more are seriously injured because of carelessness and lack of basic safety knowledge regarding the things which help us to make this season the joyful time it is supposed to be. Chief Christ

Hildebrandt and Captain Fred Huscher of the Morton Grove Fire Department submitted the following suggestions for making this a safe as well as joyous holiday season for all Village residents:

1. Purchase a freshly cut tree which has been stored outside. Keep it outside until needed. Do not set up in the house until just a few days before Christmas ... preferably on Christmas Eve.
2. Keep the tree watered. A container which holds water is not

enough. Cut the base of the tree on an angle and be sure to add water every day.
3. Do not place the tree near a stairway as the stairway will act as a flue and draw heat and fire.

You can place an "X" after Niles obscenity ordinance, as the result of action taken this past week-end.

A celluloid piece of garbage named "Flesh Gordon" came to the Lawrencewood Theatre Friday and an 8 year restriction against the theatre showing this kind of film came to an end.

When the Kohlberg theatre first applied for a building permit years ago, Niles officials insisted their okay was predicated on the theatre not showing X-rated films. In it's first years, the movie, "I, A Woman" was to be shown there, possibly as a test of Niles code. Village officials viewed a pre-screening of the film and ruled it couldn't be shown. Subsequently, we were told a second film was also tested, and Niles also blocked its showing in the village.

Friday, a Morton Grovite, Harry Goodman called me and said he expected a confrontation with Niles police, who he thought were going to prevent him from showing the "flesh". Goodman is a distributor of the film. He said 3 village officials had viewed the film in the afternoon and they said they would report their findings to the police chief. Goodman quoted the chief as saying "They're not going to see much of this show". But when the 75 viewers at the 6:30 show sat thru the entire movie, it was obvious Goodman's expected "confrontation" never resulted.

Saturday, Niles Mayor Blase, who had been out-of-town Friday, also viewed the film and recommended two scenes be deleted from the movie which the theatre people agreed to do. By deleting the excerpts, the film has been allowed to be shown.

The Kohlberg interests also run the Morton Grove Theatre, 1 1/4 miles northwest of the Lawrencewood. They've been showing X-rated films there for years. But Niles standing up to the movie owners and blocking their effort may well have been a bluffing operation which all concerned were keenly aware of.

The Kohlberg people wanted to "get along" in Niles and since they had the Morton Grove outlet, there was little reason to offend the Niles officials. Since Morton Grove is a sleepy town, with probably the most "off-the-ball" administration of any neighboring community, it was a simple

The Niles Fire Department was cited by Mayor Nicholas Blase Tuesday night on a First Place Award for Fire Prevention activities in the Annual Fire Prevention Contest sponsored by the Chicago Association of Commerce and Industry.

BD. TABLES FIRE/POLICE PENSION TALKS

[by Alice M. Bobula]

Discussion of proposed amendments to Niles ordinances covering fire and police pension funds were postponed, for a second time, during Tuesday night's Village Board meeting, to a future, January board meeting.

"We need to talk about considerations involved," said Mayor Nicholas Blase, in tabling the discussion set on Tuesday night's agenda. He then proposed to "sit down with committees from both fire and police departments" by the end of December.

Board Meeting postponed

There will be no Niles Village Board Meeting on Tuesday, Dec. 24. The next regular meeting will be on Tuesday, Jan. 14, 1975.

Involvement in the proposal is two and a half million dollars in pension monies, now invested, by the present police and fire pension boards, in treasury bills, municipal bonds and certificates of deposit.

Each pension board is made up of 4 village officials (the mayor, village clerk, village attorney and

Niles Teen Center Grand Opening

On Friday, Nov. 29, over 300 Niles teens gathered for the Grand Opening of the Niles Teen Center at 8060 Oakton. A dance, which was the focal point of the grand opening was held from 8-11 p.m.

The teens started gathering as early as 7:30 p.m. waiting for the festivities to begin. Many of them had heard about the dance from others who attend the Center's activities regularly.

At 8 p.m. the rock group, Catharsis, took the stage and played their first set of music. Before the band took their first break over 300 youths had gathered around them to listen and dance. During the first break in music, many of the teens took advantage of the Center's free juke box to play their favorite rock hits. Others joined the long lines at the refreshment counter where free cokes and chips were handed out.

As the evening progressed, most teens joined in the dancing and many were surprised to find that the Niles Teen Center is open to those 13 or older, Monday thru Thursday, from 6:30 to 10 p.m., and on Friday, from 7-11 p.m. Among the activities, all of which are free to Niles' Teens, are two billiard tables, two air-hockey games, shuffle board, foosball and six ping-pong tables. On regular nights many teens play cards and other table games or just visit with their friends.

Jim Koestler and Paul Hansen, the co-directors of the Youth Center, have found "the teens that gather here simply like to have a place to go with their friends where they can feel free. We try to provide that type of atmosphere. On week nights over 75 teens take advantage of the facilities, and on Friday nights the number often exceeds 100!"

During the first dance, which was free, it was announced that the Teen Center will hold more dances in the future as long as the teens continue to participate in them. The next Teen Center Dance is planned for Friday, Dec. 27, from 7:30 to 11 p.m. The popular rock group Catharsis will play and tickets are now being sold at the Teen Center for 50 cents per person. Cost at the door will be 75 cents each.

Essay winners enjoy village takeover

At 9 a.m. on Wednesday, Nov. 20, this year's winners of the Niles Youth Commission's Jr. High Essay Contest assembled at the Administration Building and received their assignments as a Village Official for the day. Group photographs were taken and the tours began with the various departments in the Administration Building. From there it was on to the two fire stations, the police station, public works offices and Family Services offices. Many thanks go to the Fire Department, Police Department, Public Works and Health Inspector for arranging the tours and transportation.

When the tours were completed, lunch was served, after which the winners spent some time with the people they were representing. At the end of the day, the winners met again in the Administration Building to prepare their notes for the reports they would make at the Village Board of Trustees meeting on Nov. 26.

Abbe Selman, Chairman of the Youth Commission introduced the Essay contest winners and their positions on the board. Judge Albert H. LaPlante swore in the trustees, village clerk and mayor. Mayor Kevin Boyle called the Board of Trustees meeting to order shortly after 8 p.m. on Tuesday, Nov. 26, and then asked Village Clerk Sally Stankowicz to call the roll. Trustees Karen Wodka, Marianne Smith, Kathy O'Heath, Lori Boyle, Heidi Flock, and Mary Tabert then made their reports, all of which were approved.

Reports were then made by Police Chief Pamela Bergart, Fire Chief Marla Shapiro, Director of Public Works Richard DeGeorge, Housing Commissioner Cathy Loftus, Director of Building and Zoning Denise La Pierre, Director of Family Services Lynn Cieply, Village Engineer Diane Chesrow, Health and License Officer Beth Bacci, Village Manager Gigi Vec, Village Clerk Sally Stankowicz, Village Attorney Rob Pullen and Mayor Kevin Boyle. All the reports were accepted and a resolution was passed calling for a better understanding of local government by the youth with the hopes that in the future we will have well-informed citizens and public leaders. Since there was no further business, a motion was made, seconded and passed for adjournment.

Following the adjournment of the meeting, Abe Selman of the Niles Youth Commission, Carol A. Chaconas, Niles Youth Coordinator and Rhonda Salins, Chairman of the Essay Contest, presented to each winner his or her trophy, bond letter representing either a \$50 U.S. Savings Bond or a \$25 U.S. Savings Bond, and a photograph taken with the Village Official each winner represented on Nov. 20.

This year's Jr. High Essay Contest is officially over but the memories will remain for these 18 winners.

Maine East Demons at York tournament

[By Jay Baum]

The Maine East basketball team competed in the second annual York Turkey classic at York High School in Elmhurst Nov. 29-30.

The Demons won one and lost two. After the three games in 24 hours, Coach Paul McClelland had praise for his boys. "They worked hard and never gave up. We fell behind at times, but we came back and played some fine basketball."

On Friday night the Demons faced a tall Oak Park team, which was undefeated in its previous two games. It was a close fought battle throughout the game with Oak Park's Huskies threatening to break open the game, but the Demons kept fighting back until finally in the fourth quarter the Demons had tied it up.

The lead see-sawed back and forth. Finally Oak Park took the lead by four with two minutes to go. The Demons could do nothing, but foul. The Huskies hit their free throws and went on to win 64-55.

"Taking nothing away from Oak Park, they're a heck of a ball club, but turnovers and our missed free throws hurt us," said Coach McClelland.

Co-captain Mark Mahoney and Charlie Sellergren played good ballgames at the guard spots with Mahoney getting 13 points and Sellergren chipping in 8. Co-captain Mark Berns led the team with 15 points and center Derrick Brown added 12. Forward Mike Tietz added four points to the Maine East cause.

The following afternoon the Demons ran into a quick, fast-breaking York team. The game started bad for Maine East. They fell behind by as much as 13 at one point but fought back until, with two minutes remaining in the game the Demons took their first lead, 50 to 49, on a basket by Mahoney.

York then scored a big bucket with 1:25 remaining to lead 51-50. Maine East called time-out. They went down the court with 40 seconds left and Berns scored to give Maine East a 52-51 edge.

Oakton Raiders bow to Triton Cagers

The Oakton Community College basketball team was edged out by Triton College 88-87 in a Skyway Conference match-up played at Niles East High School on Dec. 5.

The OCC Raiders went into the contest with a 6-0 overall record and league wins over Mayfair and McHenry Colleges. Triton, which recently defeated last year's conference champion, Waubesa, is now 3-0 and on top of the league.

Oakton was still riding high from the weekend before when it captured first place honors at a Thanksgiving tournament played at Kankakee College.

There the Raiders downed Spoon River, 79-61; Sauk Valley, 119-99; and Kankakee 94-88. Oakton's Dan Welter, who scored 42 points against Sauk Valley setting a tournament individual scoring record, was picked as Most Valuable Player of the three-day round robin.

Teammate Roy Sanders, who tossed in 32 points in the championship game against Kankakee, was named to the all-tournament team.

"We were smaller than the other teams, but won because of our quickness," said Oakton Coach Tom Jordt of the Thanksgiving tourney.

It was OCC's poor shooting which hurt them most against Triton, hitting 38 of 99 field goal attempts. Triton meanwhile sank 43 of 77 shots.

"Their defense wasn't that strong," Jordt said. "We were getting the shots, but we just couldn't make them." Jordt pointed out the rebounding advantage Triton had, in their 6 foot, 10 inch center, Gary Wydra.

"He was able to keep the ball in play for them on the offensive boards giving them more opportunities for tip-ins," he said. The Raider coach felt his own center, 6 foot, five inch Welter, didn't get going until late in the game. "Dan didn't realize he could beat their 6 foot, 10 inch center until the second half," he added. Jordt and his Raiders are anxiously awaiting their next meeting with Triton on Jan. 30. Next up for Oakton are three away games: Elgin Community College on Dec. 10, Harper College on Dec. 14, and Morton College on Dec. 17.

Notre Dame junior varsity hockey

Notre Dame High School's junior varsity hockey team opened its season with seven sophomores and nine freshmen. The sophomores are Kevin Anderson of Glenview, Brett Bacci of Niles, Mike Haines of Niles, Ralph Menoti of Niles, Bob Miller of Niles, Jim Pearson of Des Plaines, and Chris Vana of Des Plaines.

The freshmen members are Fred Biasiello of Niles, Craig Belluomini of Chicago, Pat Bowden of Park Ridge, Bryant Fedro of Chicago, Mike Jakubiec of Norridge, Bill Madura of Niles, Don Mueller of Niles, Mike Pinski of Niles, and Dwayne Riendeau of Northbrook.

The team opened its season on Oct. 27 against Niles West with a 7-1 win. They followed it up with wins over Quigley South 8-0, two wins over Niles-North 8-0 and 10-0, Glenbrook South 6-0, Thornwood 3-2, a tie with Loyola 6-6, before losing to league leading Brother Rice 3-2.

It is a member of both the Catholic JV League and the newly founded JV Metro League where it is playing north division teams this year.

Although off to a good start, Coach John Schroeder feels that his young and inexperienced team has the toughest part of its schedule ahead of it with approximately 25 games left. He lost all but three members of last years

23-4-3 squad to the varsity. They still have to play such teams as Maine South, Deerfield, Evanston, Marist, Mt. Carmel, St. Rita, New Trier East, New Trier West, and Glenbrook North.

Swim timers

A cry often heard in society today is, "Man will soon be replaced by machines." That statement does not apply to the Maine East swim timers.

The kysroscope, an automatic timing device, was backed last year by 31 timers, who don't believe in being replaced by machines.

The 31 swim timers, sponsored by the diving coach Art Belmonte, are Bonnie Adelman, Jill Anderson, Gayle Benson, Liz Bergquist, Pat Currie, Mary Dahlgren, Patti Dillon, Roz Ehrenreich, Helen Eliopoulos, Pat Falter, Lynn Fredrickson, Nan Gabriel, Trudy Garrigus, Sue Gilfoy, Jenise Harper, Pat Hunt, Jeannine Jablanski, Ilene La Cerra, Paul-ette Nowack, Wendy Osterberger, Karen Pratscher, Barb Querfurth, Sue Reitz, Liz Ruchniewicz, Patti Sullivan, Debbie Wisniewski, Linda Wisniewski and Kathy Zachler.

The co-presidents this year are Patty Morgan and Carol Schatz, and the vice-president is Debbie Jekot.

"Sharks" Mite traveling team

11-22 Niles-Mites "AA"

Our Niles "Sharks" played a hard fought contest against the Palatine Mite team with a tie score of 4-4. In the 1st period, Niles was shut-out of scoring, however in the 2nd period Palatine put 2 goals in and our Eddie Olyczk put one in for Niles. The 3rd priod was all Niles as we allowed Palatine only 1 goal and our Eddie Olyczk put in a hatrick for Niles. It was a game with complete team work by every player out on the ice and we felt they all deserved credit for tying trip.

11-24-74 Niles-Mites "AA"

Our Niles Mites played a good game against a Northbrook Mite team which in the 1st period Northbrook scored 1st, Niles came back and our Eddie Olyczk scored the 1st goal unassisted. Northbrook came back and put in 2 more as the 1st period ended. In the 2nd period Northbrook put in 2 more goals but we came right back and our Eddie scored once again. In the 3rd period we completely shut off any more Northbrook scoring as our Niles mites field them to a checking game. Again our Eddie Olyczk put in 2 more goals for Niles, it just wasn't enough as Niles lost 5-4. Again our mite team played a good checking and skating game as our Eddie Olyczk got his 2nd game with a hatrick plus one. It was a concentrated effort to win by every player on our Niles "Sharks" Mite team. Danny Gallagher played a good game in goal.

11-25-74 Niles-Sharks-Deerfield

12-2-74 Niles-Mites "AA"

Our Niles Mites played a tough game tonight against the always good Elmhurst "Huskies" and came out on top as winners 2-1. Niles held Elmhurst during a quick skating hard checking 1st period which ended scoreless. Our goalie Danny Gallagher played a great game in goal. Elmhurst scored 1st in the 2nd period Niles came back with a goal in the 3rd period scored by our Eddie Olyczk. Again Niles fought for puck control without little "Mean Machines" of Nicky Salemi, Kevin Baelen, Tony Musso, Chuck Heintzman, Mike Comptonson, Jeff Malik, Save Solon, Randy Busiel, Jim Hitzel, Larry Hazet and Jerry Arckermann all trying to do their assigned jobs on ice. The 3rd period was shutout for Elmhurst but our Niles Eddie did it again by putting the winning goal into the net to win. The "Sharks" never let up on putting the pressure on the Elmhurst team and kept the puck in the other sides zones for 3/4 of the game. It was a happy night for all of us.

11-18-74

The Niles "Shark" Mite Traveling Team played their 5th North Suburban Conference game and lost only their 2nd game so far this season to the Lake Forest Vikings, by a score of 4 to 1. Our Mites played a very hard checking game and played to win but Lake Forest put the 1st goal in our net with only a few minutes into the 1st period, followed by their 2nd goal a few moments later. The 2nd period was scoreless until 3 minutes left to play and Lake Forest put one in the red line unassisted with 1 minute left in the 2nd period. With 43 seconds left in the 2nd period Lake Forest again put one into our net. The 3rd period was scoreless for both teams and Niles Mites played hard and gave it all they had but couldn't put anymore goals across but held the Lake Forest team scoreless too. Our Danny Gallagher saved a total of 26 shots from Lake Forest on our goal and did well.

The OCC/MONACEP Women's Outreach Resource Center is scheduled for the week of Dec. 16-20 at St. Luke's Lutheran Church, 205 N. Prospect, Park Ridge.

Pat Handzel, coordinator of the program, announced that a special collection of books and other materials on new careers for women will be featured. She invited women to "drop in" during the week to browse through these and other special materials available at the Center.

Ms. Handzel said that the Center will be closed during the Christmas and New Year's recess and will "reopen" at the Niles Community Church, 7401 Oakton, on Jan. 6.

The Center at St. Luke's Lutheran Church next week will be open daily from 9 a.m. until 3 p.m. except on Thursday when the Center will be open from 7 until 9:30 p.m. only.

The Center is open on Thurs. afternoons at Oakton Community College, 7900 N. Nagle, Morton Grove, from 12 noon until 4 p.m. in Room 223, Building 2. A film is shown each Thursday at Oakton, beginning at 1 p.m.

Niles Family Service Thought For The Week

By Larry F. Renetzky, ACSW

"PATIENCE HAS ITS REWARDS"

Do you believe this expression, "Patience has its rewards?" Have you ever experienced the reality of it yourself? I have more times than not discovered that "patience" does in fact have its rewards. This is true in my own personal life as well as my professional experiences.

When my son started first grade, I questioned whether he was emotionally ready for it. He had only lived in the area for a few months and his birthday was just one month before the deadline of cutting off his admittance into first grade. It was obvious after the first few months that he was not ready to cope emotionally with school life. Start of second grade made this all the more apparent. Fortunately, dad's ego didn't get in the way, mom was receptive and our son was accepting of going back into first grade. It wasn't easy for all concerned, especially our son. Through this experience he learned that "patience has its rewards." He has now adjusted quite well emotionally and he is doing fine work in school. If we had pushed him to stay in second grade or he felt compelled to do so for any reason, I believe he would still be having considerable difficulty.

I'm thankful that my son has learned early in life that "Patience has its rewards." I believe all of us can learn from our experiences if we do exercise "patience" and we don't make things "life or death." Frequently in my work I see people much too often making issues, problems, concerns, etc. "Life or death." They need to relax and become more patient with themselves, their spouse, their child or someone else. If they can begin to become more patient, they find that their anxiety is lessened and they're better able to cope with the situation. In fact, they often find that "Patience does have its rewards."

Please feel free to call or write to me your reactions to above and/or your experiences like the above. I would like to hear from you.

Have an individual, marital or family problem? Just call 692-3396 or come into Niles Family Service, 8060 Oakton st., Trident Community Center, Niles, 60648.

OCC/MONACEP Career Day

"Women are their own worst enemy; they put themselves down." Nancy Miller, president and founder of Women's Inc., a Hinsdale based employment agency for women, told the participants in an OCC/MONACEP sponsored Career Day recently. The program was held in the St. Luke's Lutheran church in Park Ridge on Nov. 19.

"We women have lots to offer society, and society needs us. It is time we appreciate and take stock of our abilities and potential," she told the capacity crowd. "There is nothing being done in the business world that we can't do, if we really want to."

She said that women must begin to make the distinction between job and career.

"The average woman who works is in the work force for a total of 20 years. Until now, traditionally women have thought 'job' rather than 'career.'" Now women should think in terms of a

"career path" with a company and where it will lead. Nothing that the trend is from a product-oriented society to a service-oriented society, Ms. Miller said that housewife skills translate very well into business terms. Pointing out that older women bring stability and maturity to a job, she said that companies would be well advised to realize that it is a myth that women move from job to job.

"The corresponding myth is that men don't move from job to job."

"The corresponding myth is that men don't move about, when statistics show that in actuality, the average man stays in a job for only 7 years."

Women make up about 41 percent of the work force and are moving out of the traditional women's jobs of teaching, social work, secretarial, and nursing and moving into every field, the employment counselor said.

The "Career Development and Decision-Making Day" was designed by the OCC staff and the Women's Outreach Resource Center, to enable women to assess themselves and evolve some goals toward a career. A repeat of the day will be held in March to accommodate the many women who could not be registered because of limited space.

"Comfy" meets the Stars

J. Silvester Comfortable, Cook County Federal Savings and Loan's new spokesman, known as "Comfy", on Thursday met Bob and Betty Sanders, the renowned husband and wife anchor team of C.B.S. News Radio 78 WBBM.

Bob and Betty visited Clayton L. Johnson, President of the Association, in his office at 2720 W. Devon where he presented them with "Comfy", the teddy bear mascot especially designed by Animal Fair of Minneapolis for Cook County Federal Savings.

During the next six weeks "Comfy" will speak for Cook County Federal Savings on the popular "Bob and Betty" show each Tuesday and Thursday, explaining to customers how they may receive a FREE "Comfy" to take home.

Morton Grove Bank offers Yule gifts

Christmas Show

A magic show and a two-hour visit by Santa Claus will highlight the children's Christmas Party sponsored by the Bank of Commerce and Industry, 6100 N. Northwest Hwy.

The special program will be held from 10 a.m. to 1 p.m., on Saturday, Dec. 14, in the bank's Community Room. Children from Norwood and Edison Parks, and surrounding communities are invited to attend.

The main attraction will be a 30-minute magic show featuring P.K., The Mystic Genii who will perform various tricks with cards, balloons, ropes and a rabbit. The program will begin at 10 a.m. and involve some of the children as participants.

At 10:45 a.m., Santa Claus will appear and award six prizes to two children in each of three age categories - 1-4, 5-8 and 9-12. Numbered tickets, which will make each child eligible for the drawing, will be distributed at the start of the show.

Afterward, children can line up and visit with Santa, and tell him what they want for Christmas. Children who visit with Santa also will receive a small gift.

"We're expecting a large turnout of children and one of our best Christmas Parties," said Richard P. Larsen, BCI President. "Christmas is a holiday for children, and we hope that our program will add to their enjoyment."

Karen LaPaglia of Morton Grove admires blanket, digital thermometer, transistor radio and pocket camera offered at First National Bank of Morton Grove. The items, which can be kept or given as Christmas gifts, are available for adding to new or existing savings accounts during the holiday season while supplies last.

North West Federal's Hot Dots contest winner

North West Federal's Hot Dots design contest winner, Peter Caragiulo, beams with his parents, Mario and Rosa, and younger brother, Jamie, as they display his winning entry of a Hot Dots stop sign on his jacket, which won him the Schwinn bicycle in the foreground.

A Schwinn 10-speed Varsity Sport bicycle was recently awarded to the first winner of North West Federal Savings' Hot Dots design contest. Peter Caragiulo, a fifth grader at Gray school, won the bicycle for his design of a stop sign made with Hot Dots to be worn on the back of his jacket. Motorists will pick up the reflection from Hot Dots discs at a distance of 600 feet - allowing them plenty of time to heed Peter's warning.

North West Federal Savings, 4901 W. Irving Park rd., Chicago, will award one free bicycle every two months for the next year. Anyone age 15 and under can enter the contest by submitting their design at any North West Federal office. Your entry may be a photograph of the Hot Dots reflective stick-on design; or, you may draw an actual-size diagram of your design. Each circle in your drawing should be 3/4 inch round. Winners will be chosen on the basis of originality, functionalism, and clarity.

Hot Dots are little circles of reflectorized material that help children to be seen and safe. They stick on clothing, books, bikes, almost any object. When lights hit them they shine brightly, alerting a motorist and giving him plenty of time to use caution. The

St. Paul Federal adds two branches

Two new suburban locations, Rolling Meadows and Bartlett, will begin operations on Dec. 5 as branches of St. Paul Federal Savings and Loan Association, it has been announced by Austin A. Pipal, board chairman.

Pipal emphasized that St. Paul Federal's large home office will remain at 6700 West North ave. and we shall be able to supply the same quality services to our branch customers that our present customers have come to expect.

The office in Rolling Meadows, temporarily at 3139 Kirchoff rd., opens under de novo provisions of the Federal Home Loan Bank Board. In Bartlett, St. Paul Federal has merged with Hanover-Wayne Savings which will function as a St. Paul division at 140 S. Hickory in the suburb. A customer can be serviced interchangeably at any of St. Paul's five offices, regardless of the point of origin of his or her account.

Plans for Rolling Meadows call for completion in 1975 of a modern building at the intersection of Highway 53 and Kirchoff rd., a short distance west of the present temporary office. A new location will serve the far northwest area of Rolling Meadows, Arlington Heights, Palatine and surrounding communities.

Hanover-Wayne Savings is a \$12-million Association serving the communities of Bartlett, Streamwood, Hanover Park and Schaumburg. Continuing in their positions are all officers, directors and staff members.

Also in its branching operations, St. Paul in December opens a new four-story building to house its present office in Franklin Park.

"It was my honor and pleasure to have Father Duggan selected to give the daily invocations before the Senators from throughout our state," said Nimrod. "Father Duggan, a former teacher at Quigley, was surprised but elated at seeing four of his former students serving as legislators," Nimrod concluded.

Sara Lee cited for traffic congestion

(by Alice M. Bobula)
The sugar price crisis was blamed, last Tuesday night, for the increase in traffic due to Sara Lee Resale Store sales.
The popularity of the store at 8005 Milwaukee ave., said Mayor Nicholas Blase, has resulted in traffic backup from Seward to Oakton st. on Milwaukee ave. The store attracts out-of-towners as well as Niles and surrounding suburban residents.

According to Niles Police Capt. Russell Beavers, the owners of Foremost Liquors and the Sara Lee store have made a commitment to station a "traffic manager" starting Wednesday, Dec. 11, to direct traffic in the Oakton-Milwaukee parking lot from 11 a.m. to 5 p.m.
A feeling that the traffic guard will not solve the problem of backed-up traffic on Milwaukee prompted Mayor Blase to ask

confirmation from the trustees to cut off Seward st. as an emergency measure if the traffic is not controlled.

Sara Lee did not pick up a rental option which expired last September. The store lease expires next September (1975). The entire corner lot is owned by Avondale Savings and Loan, Chicago.

Both Sara Lee officials and Mayor Blase have indicated they do not wish to see the resale store move from Niles.

Niles collects 1 per cent sales tax annually from the million dollar gross retail sales by the Sara Lee Resale store.

Lincolnwood Jewish Congregation

At Sabbath Evening Service Friday, Dec. 13, Rhonda Hoffman, daughter of Mr. and Mrs. Jerome Hoffman of Lincolnwood, will celebrate her Bat Mitzvah at Lincolnwood Jewish Congregation, 7117 N. Crawford.

Jeremy Willens, son of Mr. and Mrs. Nathai Willens of Skokie, will celebrate his Bar Mitzvah on Saturday, Dec. 14. He will be called to the Torah at the 4 p.m. Mincha services.

On Sunday, Dec. 15, at 9 a.m., Don Karger, son of Dr. and Mrs. David Karger of Lincolnwood will celebrate his Bar Mitzvah. Rabbi Joel Lehrfeld will officiate at all three services.

effort to show an X-rated film within the neighborhood across the street from Niles.

Previously, the film, "The Last Tango", an X-rated film was shown in Niles for many weeks. But because the film was not believed to be created for prurient reasons, or as an affront to the community and was believed to have a redeeming social value, it was not considered obscene, and thus did not fall under Niles obscenity code.

That's really all there is to the news story. And in reporting this story, which isn't likely to appear in any other local newspaper, we're somewhat chagrined at contributing to those who will profit from this garbage film.

When Goodman called me up, he was quite candid in admitting he sought publicity for the film. But since we knew it was a good news story, we realized it was our job to report it. When the police didn't show to close the movie, we sat thru 20 minutes of the film and then left knowing our writing about such trash would cause others to spend 3 bucks.

The film is big on peni, bare breasts, and pubic hairs. Throw in a few sex orgies; a lot of sex without orgies, and you have a 90 minute visual manna which can only be described in Jonathan Winter's best French as "Gar-baj".

When we were grammar school kids, we all passed around the little Popeye and Skeezix dirty books, which were our first graphic sex lessons. Some 35 years later, they're putting them on film, in color no less, and are showing them on wide, wide screens.

What a crummy way to make a buck.

Pesole urges no variation in building code

(by Alice M. Bobula)

Despite a plea by Trustee Pete Pesole not to deviate from Village standards, village trustees approved a request for variation to a Niles Building Code, 5 to 1, Pesole dissenting.

Crouse Hinds Co., 7420 N. Lehigh ave., petitioned for board approval of an all sheet metal addition (instead of the concrete blocks as required by village code) to their present building.

"The cost of masonry is prohibitive to us at this time," said John Conn, Chief Industrial Engineer for Crouse Hinds.

The addition, approximately 9 1/2% of the total of the present building structure, is to be put on the southwest side of the building "which will not be seen from the street," commented Conn.

The company manufactures outdoor lights and light poles. The addition was needed for storage of steel.

"Once a deviation to our code is allowed," argued Pesole, "it will change the entire appearance of the area."

According to Building and Zoning Director Joe Salerno, the board had previously approved two similar deviations at Imperial Eastman, one in 1964 and a second in 1973, to "the same type of structure."

District 219 caucus

On Nov. 18, the District 219 high school caucus held a most successful workshop on what traits or characteristics one should look for in prospective school board candidates.

Rita Dee, a Representative of the Illinois Department of Public Instruction, came and served as the moderator of our discussion.

Miss Dee began the discussion with two examples of how people see different things even if witnessing the same phenomena. This demonstrated the benefit of working in groups to form opinions as to characteristics we should be looking for in prospective board members.

Miss Dee then had us divide into about eight groups with five or six people in each group.

All in all this was indeed a meaningful discussion and the traits will be written up and shared with other caucus representatives not present at the workshop so they can benefit from our combined efforts and insights prior to picking new school board members.

As an aside, candidates for school board should submit their interest to the Caucus by Dec. 26. Please contact Mrs. Adele Weil, 4308 W. Pratt, Lincolnwood, phone 675-2492, for the proper form for such application.

up to the 2nd floor (usually the bedroom area). Do not allow the tree to block a door or exitway. Locate the tree in the coolest part of the room (if necessary, shut off heat registers) and be sure not to place it near any open flame device such as a stove or fireplace.

4. Pretty lights are the heart of the tree's beauty and are also the biggest cause of tragedy. Don't use any lights that are not UL approved and be sure to check them carefully. If they appear even the least bit worn or if the cords are brittle or cracked replace them. Lights are inexpensive, children are not.

5. Locate the tree circuit fuse in your fuse box. Be absolutely certain that it is equipped with a fuse of not more than 15 ampere rating. If the fuse blows out when the tree is turned on, it will be necessary to remove some of the other things on that circuit during the time the tree is up. Do not put in a large fuse!

6. Inspect the tree to see if any of the needles near a light have begun to turn brown. If they have, relocate the light. Remember, it takes the average tree less than 60 seconds to burn completely, igniting anything combustible that is around it.

7. Turn out the lights when family leaves the room. Never leave the lights on when the house is unoccupied. Never leave children alone in a house with a decorated, electrified tree.

8. Do not use cotton, paper or other flammable material to decorate a tree. Do not use any of these items around the base of the tree. Do not place electric trains or other electrically operated toys around the base of the tree as metallic tinsel can fall on the tracks or other controls and cause a short circuit and a fire.

9. Avoid toys which use flammable liquids. Nitrocellulose toys (which look like celluloid or plastic) burn with surprising ferocity. Some imported toys have been made with this highly dangerous material.

10. Select your electrical appliance gifts with fire safety in mind. Choose only electrical appliances and toys which contain the UL label. Remember the UL label must be on the item as well as on the cord since cords are tested separately.

11. When you enjoy the unwrapping of the gifts please place the paper and other wrapping material in a large carton and dispose of it immediately. It is almost unbelievable how fast a home can burn when the fire is started with paper and gift wrap. Don't throw the wrappings in the fireplace unless you are sure you have a spark arrester on your chimney. Sparks from burning paper will ignite roofs.

The officers and men of the Morton Grove Fire Department wish you and all of yours the very merriest safe Christmas and sincerely hope that you will not be the tragedy they will respond to over this joyous season.

even in this year of voter disillusionment, more people came out to vote in this District than anywhere in the country. The closeness of the result reflects the differences in the District and that were brought out during the campaign.

The best way I know to justify the confidence shown in me by the majority of the voters is to work hard at being a good congressman, being accessible here in the District and being a forthright legislator in Washington.

To accomplish this, I plan to spend as much time in the District as possible and to have several offices here as well as one in Washington.

I look forward to the challenges of representing this District in the 94th Congress.

Questions

Yates' motives

Editor's note: William Yates is heading the Committee for Responsible Spending in Morton Grove. They are the principle foes of the proposed Sports Complex on Dempster st. and Waukegan rd.

Dear Mr. Yates:

I am also a citizen of Morton Grove and would like to know, who do you think you are saving money for? It sure is not for the people of Morton Grove. Due to your suits all you are doing is spending more of the people's money for legal fees and trying to delay the Park District from beginning construction.

I was shocked to hear that you, as a former park commissioner, objected to the referendum held in Feb., 1973, by the park district to obtain additional park land and recreational facilities. Where were you and your committee when the park district passed the referendum? If you had objections, why didn't you speak out then?

I have never heard of a committee that refuses to give out the names of the committee. The only thing that it makes me wonder is, if your committee is a selfish interest group interested in only their private gains. After all, who stands to profit the most if the park district should lose the land? Come on, Mr. Yates, it is time to question you and your committee instead of you questioning the park district referendum which was voted and passed by the people. You also question the park board who were elected by the people and now are questioning the Judge's decision in throwing your ridiculous case out of court.

I hope the park commissioners will pursue 100% towards the development of the new park as they were voted into office by the people to give them the best in parks and recreation. You were no longer a representative of the people when you declined to run for park commissioner after your term expired, so now why are you so interested in what is best for the people of Morton Grove?

A tax payer interested in the progress of our parks,
s/ Paul Mueller

Buy 'American made' products to boost economy

Dear Editor:
Today, America is in the midst of a full-fledged recession. The recession threatens to be the longest and deepest since W.W. II. The first and by far the worst result of recession is unemployment. Unemployment is expected to increase to more than 7% in the future. That would be 6.5 million people out of work.

Elementary economics reveals the broad results of this economic disaster. The unemployed and those who fear unemployment will spend dramatically less money. This, in turn, effects nearly every industry. Fewer products and services will be purchased. The circle continues effecting nearly every industry in this country. The amount of money in the circular flow continues to diminish, and recession gets worse.

Looking back at one of the first major industries to falter in this recession, we can find some answers. "The U.S. automobile industry is getting sicker, and effects of the illness are spreading rapidly throughout the nation. Hardly a region of the country or a major industry will go unscathed" (U.S. News & World Report: Dec. 9, 1974) From the same source we learn that almost 200,000 workers have been laid off in the auto industry. Some of them for over a year now.

The auto industry is one of the largest industries in the nation. Approximately 50,000 companies supply materials, parts, and services to motor vehicle manufacturers. Of these, 20,000 have as their major business activity, the production of components for automobiles. When the auto industry has problems, troubles quickly shoot out in all directions.

Just think, when you buy a Toyota instead of a Vega, a Panasonic or a Sony television instead of a Zenith T.V., you are giving the Japanese the money they need to buy up American industries and American farmland.

can plainly see one area of economics. For example, if the car industry suddenly experienced a rise in business, they could begin making cars once more. The auto workers could afford to buy new things and spend money in other industries. All the workers in industries previously hurt by the sag in the auto industry could, likewise, go back to work and begin spending more money. Quickly the circular flow of money speeds up. The recession turns around and unemployment drops.

Next time you are looking for a new car, look at the American built cars. If you buy an American built car you are putting money in America, adding money to the circular flow which helps all Americans.

This holds true for all products. When you buy, make sure the product is "Made in America". Do this whenever possible and you will be helping all Americans. What a great Christmas gift that would be.

Stray animals mistreated?

Dear Editor:
I'm writing this to the people of Niles to let them know about our police department. They may be a good department in many ways; however, there is at least one deplorable duty they perform. Capturing and holding stray cats and dogs may be "necessary", but to lock up a house-broken pet in an open wire cage outside in the winter is cruel and unusual punishment.

Last Sunday, we went by looking for my lost cat. They had a black cat in the cage there with no water. I went inside the station and got it water. Wednesday I went by and they had the same cat and a kitten there. They both had ice instead of water in the bowl. Thanksgiving Day we went by to feed them. The cat was gone and the kitten was dead. We then told the officers in the station that the kitten outside was dead. We returned Friday, Saturday and Sunday and the kitten's body still lay frozen in the cage.

Three dogs were there with ice instead of water. One dog, an Afghan, was soaking wet and the temperature was 33 degrees outside. Please, can't we do something to improve the handling of our lost pets of Niles.
Thank you.
Mr. & Mrs. Jansen

Vet seeks Christmas cards

Dear Editor:
I used to live in Niles in 1957 for 11 months. It would make me very happy if you, the editor, would please have my letter published in The Eagle. I am a disabled veteran of World War II. I had 4 operations before the amputation of my left leg and 7 more operations afterwards. I have very poor circulation in my right leg and may lose it, too. It would make me very happy to receive get well cards, letters or Christmas cards to cheer me up. Since I am disabled, it makes me very happy to receive mail.
Thank you.

Champagne Complex

On Dec. 10 the Country Club Theatre in Mt. Prospect will open its holiday show **Champagne Complex**. This fast-moving Broadway comedy, which stars Cindy Flodin, Scott Brown, and Paul Carey, centers around a lovely young girl who finds it difficult to keep her engagement on when her fiancé discovers her peculiar reaction to champagne. Her fiancé convinces her to see a psychiatrist but can't convince himself to tell the doctor just exactly what her problem is. Why? The good doctor just happens to be his uncle. As the plot unravels the laughs come bubbling forth.

Show times are Tuesday thru Thursday at 8:30, Friday at 9, Saturday at 7:30 and 10:50, and Sunday at 7:30. Prices are \$3.50 to \$4.50 for theatre only tickets and from \$7 to \$9 for a dinner-theatre combination.

Champagne Complex will also be the New Year's Eve show and tickets are going fast. For more information and reservations call 259-5400.

"The King and I"

"The King and I" will give its final performances this weekend, Friday and Saturday, Dec. 13 and 14 at 8:15 p.m. and Sunday Matinee, Dec. 15 at 6 p.m. at the Playmakers theatre at Edison Park Lutheran Home, 1800 Canfield, Park Ridge. Tickets are \$3 for adults and \$1.50 students.

"The King and I" was originally published in book form as "Anna and the King of Siam" and at a later date, Rogers and Hammerstein made it into a musical which met with great success called "The King and I."

This is the story of an English school teacher, played by Mary Beth Lalle, living as a governess in the palace of the half cultured and half barbarian King of Siam played by Dick Saktak.

The production is being directed by Gloria Lind Bently and collaborated by Princess Rudy Voravon Arnold, one of the 57 grand children of the real King of Siam in the original life of Anna.

All proceeds are to benefit the Niles Historical and Art Society.

ED HANSON

The President's Man

When Henry A. Kissinger showed up at Jake's 3rd birthday party last Monday night, no one but me recognized him. He was wearing a black bushy false beard and a football helmet.

But Henry, the president's man, was at Jake's on official business. For after a meeting with President Ford about the spiraling unemployment picture in the U.S., Henry was dispatched to make Jake an offer he couldn't refuse in the national interest.

For while they're keeping it top secret, they believe an unemployment rate of 50% may take place by May of next year. This would mean that like was done in the thirties "soup kitchens" would have to be set up on a nationwide basis.

And who would be better equipped by training and experience than Jake to head up this program; the only restaurateur in the U.S. to show an increase in sales in 1974 despite the biggest sag in our economy since the threaddare thirties.

However, Jake of Jake's Restaurant was unable to discuss this great honor with Henry of heading up operation "Soup Kitchens of America" because he was too busy handling the long lines of waiting customers who attended his 3rd anniversary. Matter of fact; Jake handed out more than 8,000 free gifts to the thousands who attended his gala party. But Henry, the man who never gives up, plans another visit to Jake's before he takes off for Peking to personally inspect the Great Wall of China.

For this has become a top priority assignment of Henry A. Kissinger and he is determined to discover Jake's secret of success in beating inflation and making money during a sagging economy.

Maybe I was wrong in calling David (Bud) Besser a prude ... for he was seen watching an x-rated film called "Flesh Gordon" at the Lawrencewood Theatre last week. Maybe instead of prude, I should label him a "Dude".

Andy, of La Veneco Restaurant of Niles (next to Eddie's Place), is busy supplying me with some interesting material on his extensive background in the restaurant business. Andy is a most gracious host and one of the finest young men that it's been my pleasure to do business with in many a moon. (An in-depth story about how Andy made good in the restaurant field will be forthcoming shortly.)

Eddie Schuett and his charming wife, Betty, of Eddie's Place, 8751 Milwaukee, Niles, went all out this year in decorating their well-known bistro for Christmas. An accomplished artist did their outside windows in a Christmas motif and inside the Christmas theme really hits you in the eye. Eddie's Place is the most popular late place in Niles. I often drop in for a root beer or Seven Up ... my, my!

George, of Ridgewood Restaurant of Morton Grove (Waukegan rd.), is offering free Caesar salads with all dinners, and even for lunch, seven days a week. George reports that the public really appreciates his unique salad bar and although he's only been in business a short time, he's already won thousands of repeat customers throughout the entire area. The food Ridgewood Restaurant serves is "top drawer" and his service is superb. (More about the many specials Ridgewood offers next week.)

Forest Flame Restaurant offers the finest in Bar-B-Q Ribs and features gourmet specials nightly. Forest Flame is located at 8100 Caldwell ave. in Niles.

Just received my annual pass from Bene Stein for Golf Mill Theatres 1-2-3. I've enjoyed many happy hours watching some excellent movies at Golf Mill Theatres during the past years and shall look forward to Bene's excellent selections of forthcoming movies in the year ahead. Thanks Bene ... my pleasure.

Both Nick and Bill of Millbrook Restaurant report that they've booked many Christmas parties, so if you're planning one for friends or your office, I suggest that you give them a call now at 965-5435 and make your arrangement. Millbrook is just across from the Golf Mill Shopping Center which provides a very convenient location for area folks.

Firealde Inn, 9101 Waukegan rd., Morton Grove, is still accepting reservations for Christmas parties but will soon be booked to capacity. For reservations phone 966-9600.

Auditions

Auditions for the Open Stage Players' production of "The Solid Gold Cadillac" will be held at the Mayer Kaplan Jewish Community Center, 5050 W. Church st., Skokie on Wednesday and Thursday, Dec. 18 and 19 at 8 p.m.

Director Leon Palles will cast ten men and six women in this hilarious comedy, written by George S. Kaufman and Howard Teichman.

Performances are scheduled for the first three Saturday and Sunday evenings in March.

"The Cowardly King"

A treat for the youngsters is in the offing at Guild Playhouse in Des Plaines when "The Cowardly King" is presented Dec. 8, 14 and 15.

Five performances of the original play have been scheduled. It is written and directed by Ed Sauer of Des Plaines, who has been active with Des Plaines Theatre Guild since its beginning 29 years ago, and with several other community theatre groups in the suburbs. Kathy Hugo of Glenview, chairman of DPTG's Children's Theatre activities, is producing the show, and playing the role of the Queen.

Ten junior and senior high school youngsters have roles in "The Cowardly King", along with eight adult members of DPTG. Several parts have been double-cast, says Sauer, in order to give more young actresses the experience of performing in a live theatre production.

Maren Dokmo of Arlington Heights and Don Colligan of Mt. Prospect, who appeared as Zar and Zan in last season's DPTG production of "The Emperor's New Clothes", will appear again on the Guild Playhouse stage in "The Cowardly King." Maren plays the Court Jester in three

performances, sharing the role with Laurie Stevens of Mt. Prospect, who will perform it twice. Don plays the Captain of the Guards.

Monica Kendall of Arlington Heights, another "Emperor's New Clothes" cast member plays Sonja Meery in "The Cowardly King", alternating with Andrea Krolick of Northbrook. Another Northbrook actress in the cast is Debbie Rosen, who shares the role of Jennifer Neerly with Shelly Harney of Des Plaines.

Princess Grenadine in the children's play will be Ingrid Borgslien of Des Plaines and Maryann Casciani of Edison Park (Chicago), while Maryann's brother, Mike Casciani plays Prince Omen in all five performances.

Curtain times are 2:30 p.m. on Saturday, Dec. 8, and at 1 p.m., and 3 p.m. on Saturday and Sunday, Dec. 14 and 15. Tickets are priced at 75 cents for children 10 and under, and \$1.50 for adults, and may be reserved by calling the Guild Playhouse box

Niles Board ...

Cont'd from Niles-E.Maine P.1 department chief, three department employees and a pensioner. Each board controls investment of its respective pension funds.

The proposed amendments call for a reduction in departmental representation to 3 men (including the pensioner) and permits the village to place 4 men on each board whose "background and expertise" will improve investment of the pension funds. Spokesmen for police and fire departments fear that any possible change now might be the forerunner of other, future changes which might prove unfavorable to either department. Retirement ages or minimum service years could be changed, they said.

As a result of meetings held by fire and police departments prior to the Dec. 10 board meeting, both departments decided on a sit-down talk with the Mayor prior to the proposed amendment discussion.

Two policemen and 29 firemen, plus a fireman's wife, attended the Tuesday night meeting to oppose the proposed vote reduction on each pension board. In other action, trustee Ralph Bast was appointed liaison between the Village Board and the Bicentennial Committee, celebrating 200 years, 1776-1976, starting September, 1975. No further action will be taken on the posting of gas station prices in Niles, said Mayor Blase. According to a recent State directive, gas stations must post a

Increased bus and rail service

At their regularly scheduled November meeting, trustees of the North Suburban Mass Transit District (NORTAN) heard reports of new and increased service starting in the next 30 days. This prompted Chairman Richard T. Newman, trustee from Evanston to say: "This is a most substantial addition to the transportation service for our District. We've had other larger developments, but more things are being done for more people now than ever before." Among the developments reported were: 1. New Saturday Shopper Service on United Motor Coach Co. (UMC) bus routes #3 and #13 effective Nov. 30, 1974. Route #3 travels from the Davis st. "L" station in Evanston to Golf Mill via Skokie, Old Orchard, Edens Plaza, and Glenview. Route #13, the Green Bay Dasher, travels from the Davis st. "L" station in Evanston to the Main Gate at Fort Sheridan via Green Bay rd.

The next meeting is scheduled for Wednesday, Dec. 18, 1974, at 7:30 p.m. at the Northfield Village Hall, one block west of Edens Expressway on Willow rd.
