Senior Citizens' NEWS AND VIEWS

SENIOR CITIZENS CLUB OF NILES

Christmas Party

On Tuesday, Dec. 17, the Senior Citizen's Club of Niles had their annual Christmas Party. At 1 p.m., 108 senior citizens and their 3 guests arrived at the Lone Tree Inn on Milwaukee ave. to spend their afternoon having fun, and they sure did!!!!

We were greeted at the door by Bertha Wutzen who had crocheted 125 Christmas Wreaths, (to wear as corsages), some were red and some were white, trimmed with little colored stars, and sequins, and red ribbon with holly. They really were pretty, and a nice remembrance of the good time we had that day.

Our officers attending were: President, Lawrence Wutzen, Vice President, Gene Koster, Treasurer, Alvie Reed, Program Chairman, Martin Dworak, Sunshine Girl, Josephine Bain, and Secretary, Elsie Geyer. Our guests were: William Hughes, Park Director, Debra Nelson of the Niles Park District and Mary Kay McCarthy, Senior Citizen's Coordinator who conveyed a message from Mayor Blase, who was unable to attend.

Another guest was a surprise to all-Agnes Anderson, one of our members was taken to the party by Elsie Evans and Tony Gelsmino, to enjoy the day with us. She looked great, after being so ill since last March.

Frank Yakobek, a great musician, played his accordian all the while of the party. He played Christmas songs like Silent Night, Joy to the World, Deck the Halls, Jingle Bells, and the old time songs as Peggy O'Neil, Let Me Call You Sweetheart, German Songs, Polish Songs, Italian Songs, Polkas, Waltzes and many others. We sang along and many of the members danced and had fun.

We were all given a bottle of wine at our tables, which we enjoyed. We were then served our lunch of chicken noodle soup, salad, beef, mashed potatoes, mixed vegetables, rolls with butter, coffee and ice cream. We enjoyed every bit of it, and then sang and danced again.

It was time to go then, and everyone was happy, looking forward to another nice party again. The Senior Citizens Club of Niles wishes all a Merry Christmas and a Happy Healthy New Year!!!!

A Great Aunt And Uncle

John and Mary Mueller of the Senior Citizens Club of Niles are the very proud Great Uncle and Great Aunt of a Great Niece, Cristina Ann. The proud parents are: Ronald and Patricia Strzelecki of 8352 N. Harlem ave., Niles. Ronald works at the First National Bank of Niles.

Cristina Ann weighed 9 lbs., 9 oz., and was born on Nov. 26, 1974 at the Resurrection Hospital.

NILES ALL AMERICAN SENIORS CLUB

West Coast Reunion

Mary Porzak and her sons family just came back for an extended vacation in San Francisco with her other son Ron. The family had not been together in four years. So you can imagine what a wonderful Thanksgiving celebration they had. They also made a trip to Lake Tahoe while she was there and it will take a long time for Mary to get off of cloud nine after such a wonderful vacation.

Christmas Party Fun

Dec. 20 was our Xmas party, and we really had a nice time. The hard working gals made table decorations that were given away to the ladies after dinner. We had to treat our men, too, so we raffled off (by name) some Xmas spirits to keep them warm. Five men received a treat of Mogen David wine (to be picked up on the way home).

We also received a handmade lapel pin and a bell, an individual table decoration to hang on our Xmas tree for remembrance. We had it right at the "Rec Center" with stereo music, "Jingle Bells" and Kissane's catering. Everyone said it was wonderful food and we, on the committee, hope a good time was had by all.

By this time next month we will be in the new building, but we will never forget how wonderful the Park District has been to us. We were glad to spend our first Xmas with them.

Zoning Board defers action on Branch Bank and Day Care Center

[By Alice M. Bobala]

Action was delayed for a second time, Wednesday night, Dec. 18, by the Niles Zoning and Plan Commission on a Special Use permit for branch banking by Peerless Federal Savings & Loan at 7759 N. Milwaukee ave.

Zoning commissioners questioned the legality of the use of an alley as a primary entrance to any business. Petitioners for the Savings & Loan, whose home office is at 4930 Milwaukee ave., were requested to return at a future, Jan. 22. Hearing to present amended plans permitting entrance into the area from Milwaukee ave.

The alley, at the east end of the area petitioned for rezoning, has been under heavy use by the adjacent, Builders Kitchens, and in all likelihood would present traffic problems, said Commissioners.

While not objecting to the rezoning for the branch bank, representatives of the Golden

Triangle Homeowners Association and the nearby, Niles Park District were gravely concerned with the direction of traffic flow in connection with the proposed branch banking.

A 5-teller station, primarily beginning with 3 tellers and a manager, was proposed for the Milwaukee-Mulford corner, said Timothy Sheehan, president and managing officer of the Peerless Savings & Loan. Hours of business were proposed as being 9 to 4 p.m. on Monday and Tuesday; 9 to 8 p.m. on Thursday; 9 to 6 p.m. on Friday; 9 to 12:30 p.m. on Saturday and closed on Wednesday.

In a second action Zoning Commissioners continued a petition for Special Use permit for a Day Care Center at 83612 Golf rd., to the Jan. 22 Open Hearing, contingent on proper petitioning.

Petitioner Mrs. Eileen Lombardo was advised by the Board of Commissioners to obtain ves-

ted rights in the property or to have the owner of the property request the rezoning.

Projected for the area by Mrs. Lombardo, who was represented by her husband, Robert Lombardo, is a Day Care Center for children, ages 2 1/2 to 5 years old, of working parents, from 7 a.m. to 6 p.m. The Center would be supervised by 5 instructors and would contain an indoor-outdoor play area as required by State law.

In final action Zoning Commissioners approved a Special Use permit to Joseph Kovalk for an Automobile Service station at 7169 Milwaukee (at Touhy), exclusively for sale of gas and oil and excluding automotive repair work or service on the premises.

Since the Zoning Board is a recommending body, Chairman Jack Frick advised the petitioners to appear before the Village Board of Trustees for a final decision.

OCC Cagers set new school record

The Oakton Community College basketball team broke a school record for scoring in a single game when it defeated Morton Grove College 123-82 on Tuesday, Dec. 17, in a game played in Cicero.

This marked the fourth time this season that Oakton has scored over 100 points in a game. The team's record stands at 9-1 overall and 4-1 in the Skyway Conference, putting them in second place behind Triton College.

The Raiders had to fight off a last minute surge by league rival Harper College in order to win 83-82 on Saturday, Dec. 14.

"We played well for about the first 35 minutes of the game and had control of it. Then in the last five or six minutes, Harper made four or five shots from at least 20 feet and they came right back and made it tight," said Oakton coach Tom Jorndt. "In the meantime, we went cold and became dis-

organized. I felt fortunate to come out of that with a victory."

"But then against Morton we did just the opposite. In the last five minutes we went berserk and blew them off the court," Jorndt pointed out.

Tom Florentine lead the Oakton attack against Morton with 31 points, 21 of which came in the first half.

"He just didn't miss in the first half," Jorndt said of Florentine who went 10 for 13 in that period.

Five more Oakton cagers were in double figures, including Tony Reibel with 18, Roy Sanders and Jerry Jones with 17 each, and Don Welter with 16.

Oakton dominated the boards, as well, out-rebounding Morton 61-24. Jones had 14 and Ray Sanders, twin brother of Roy, had 11. Even 5'4" Art Feldman hit the boards for OCC as he pulled down two caroms.

The Raiders led 51-41 at half time. They came back after the intermission and hit 31 of 40 field goal attempts, a 77.5 shooting percentage for the second half. Overall, they hit 67.4 percent of the time.

Oakton takes on 7-2 DuPage College in the first round of the Elgin Christmas Tournament on Dec. 26.

"I look for that to be a great game. They've got the height advantage on us. Their front line is all 6'6". I think we're probably better shooters and a little quicker," Jorndt said.

Provided OCC downs DuPage, the Raiders would face either Morton or Elgin in semi-finals, both of which have already been defeated by Oakton.

"I feel that if we get by DuPage, we'll be in the finals against probably either Triton or Wright," Jorndt speculated.

Notre Dame hockey team 13-9-2

[By Mike Lemanaki]

Notre Dame's hockey team was invited to play in Loyola Academy's Thanksgiving tournament. On opening day the Dons found themselves losing 4-3 to Mt. Carmel of Chicago. Don Hitzel scored two points and Tony Salemi once. Second day action saw Notre Dame pitted against Loyola of Montreal. Pat Palella, N.D. goalie, was the victim of a barrage as Montreal outshot N.D. 42-7 on their way to a 5-0 victory.

On Dec. 1 the Dons lost 5-2 to Deerfield. Joe Colasuono and Don Hitzel both scored one goal and were the only bright spots in a bleak, agonizing game.

The game with Bogan on Dec. 4 ended in a 5-5 standoff. The Dons once held leads of 4-1 and 5-4, but they couldn't keep ahead. Larry DeSalvo put away three points and Tony Salemi and Don Hitzel also lit the lamp.

St. Francis de Sales H.S. was the victim of a 16-2 game on Dec. 5. Five team and individual records were broken in this one-sided affair. Five goals were scored by Tony Salemi, three by Don Hitzel, two by Joe Colasuono and Tom Ackermann, and one each by Joe Jelen, Ralph Dynec, Larry DeSalvo and Mark Mynski.

New Trier East shell-shocked the Dons 6-2 on Dec. 8. It was N.D.'s fourth straight loss in Chicago Metro League action. Goals were scored by Don Hitzel and Larry DeSalvo.

Notre Dame's record now reads 13-9-2.

Illinois State Filing Requirements

This is the first in a series of articles on ways you can save money on your Illinois State Income Tax return this year. The articles are written by H & R Block, America's Largest Tax Service.

A few changes have been made in the 1974 Illinois Income Tax Form 11-1040, but the tax law and filing requirements are basically the same.

You are required to file an 11-1040 if you are required to file a U.S. Form 1040 or 1040A, but your 1974 income is more than \$1,000 times the number of exemptions you are entitled to for Federal Income Tax purposes. To illustrate: a single student who earns \$1100 is not required to file a Federal return, but is required to file the 11-1040.

You should also file an 11-1040 to obtain any refund of State tax withheld from wages. As an example: a single taxpayer who earned \$900 is not required to file an 11-1040; but should file in order to obtain a refund of any State tax withheld.

The exemption allowance for each taxpayer, spouse, and dependent who is a resident of

Illinois is \$1,000. An additional amount of \$1000 is allowed for each additional exemption claimed on the Federal return. This includes the 65 and over and blind exemptions.

Filing out a Federal return is a pre-requisite to preparing the Illinois return. The taxpayer needs the adjusted gross income from the U.S. 1040 or 1040A, for line 1 of the State return.

Special rules apply to filing by non-residents, part-year resident, and servicemen.

NEXT: Illinois Residency Rules.

Skokie Federal's "Value Vouchers"

Skokie Federal Savings of 4747 Dempster in Skokie is introducing a new concept in cooperative promotional campaigns this week. In a joint venture with nearby Majestic Catalog Showrooms at 8250 Skokie Blvd., Skokie Federal is issuing "Value Vouchers" to encourage savings.

These "Value Vouchers" can be applied toward any of more than 8,000 items available at Majestic. For depositing \$300 a person will receive a \$3.50 "Value Voucher", \$5 for a \$1,000 deposit, and \$10 for \$5,000.

Kevin Tynan, who is in charge of the program for Skokie Federal, calls this an inflation fighting effort that will allow people to save on a wide variety of needed items.

The program is being heavily publicized in the area through newspaper, radio and door to door saturation of Newsletter announcements.

Skokie Trust contributions

Leroy J. Plaziak, President of the Skokie Trust and Savings Bank, is shown delivering a check representing two years of a three-year pledge to M. Marvin Lotz, Executive Director of the Leaning Tower YMCA. This contribution covers a pledge to the Leaning Tower YMCA toward the building fund for the newest addition to the YMCA. The Skokie Trust & Savings Bank is proud to help benefit the Leaning Tower Y in its effort of growth.

Leroy J. Plaziak, President of the Skokie Trust & Savings Bank is shown handing the Bank's donation to Mrs. Patricia Cornell, Director of Development for the Skokie Community Hospital. The pledge given by the Skokie Trust will be used for three semi-private rooms on the fifth floor of the hospital and will benefit many patients in our community. Success has been due in large measure to the help the Skokie Valley Community Hospital receives from corporations, and the Skokie Trust & Savings Bank is proud to be a part of this community effort.

Illinois Bell reduces federal excise rate

A reverse twist to spiraling prices will go into effect Jan. 1 when telephone customers will get a break on their bills. That's when the federal excise tax rate on telephone bills will drop one percent, according to Illinois Bell Telephone Company.

The new tax rate will be seven percent, and will continue to be applied to both monthly service and long distance calls.

Under the federal excise tax law, Illinois Bell Telephone is simply the tax collector for the federal government. In other words, the company collects the excise tax on most telephone services and turns it over in full to the federal government. In 1973, Illinois Bell's total tax bill was \$426,350,097—or \$49.19 per telephone. Of this, federal excise tax totaled \$103,432,808.

Federal excise taxes were first added to the phone bill in 1914, then were off and on an finally reimposed as a temporary emergency measure during World War II. They have existed ever since despite phone company efforts to have them repealed.

In 1970, Congress passed the Excise, Estate and Gift Tax Adjustment Act, which called for the gradual reduction of the tax. The first reduction came in 1973, when the rate dropped for 10 to 9 percent. The tax is scheduled to decline one percent a year until its complete elimination in 1982.

Maine High placement tests

All students who plan to enter the Maine Township High Schools next fall as freshmen must take the placement tests which will be given at the four high schools on Saturday, Jan. 11. Testing will begin at 7:45 a.m. and should be completed by 12:15 p.m.

Students are required to take the tests at the Maine high school they will attend next year.

The placement tests given will be the Differential Aptitude Test program, covering verbal reasoning, numerical ability, abstract reasoning, space relations, mechanical reasoning, clerical speed

and accuracy, and language usage. The testing program is identical in all Maine high schools and will be administered by members of the counseling department of each school.

It is important that the students arrive and be seated, ready for the test before 7:45 a.m. Late arrival will jeopardize the individual's test performance. Students should arrange for their own transportation to and from the testing center and bring with them two sharpened No. 2 lead pencils. Parents should arrange to pick up their children at 12:15 p.m. or shortly thereafter.

The Maine East testing center will include students from Emerson, Gemini, Apollo, Chippewa, parochial and private schools. The Maine North testing center will test students from Apollo, Chippewa, River Trails, River Road, parochial and private schools. Apollo and Chippewa students will be tested at the Maine high school they plan to attend as determined by their place of residence.

The Maine South testing center will test students from Penoyer, Emerson, Lincoln, parochial and private schools. The Maine West testing center includes students

from Algonquin, Chippewa, Iroquois, Our Lady of Hope, St. Mary's, St. Zachary, St. Emily's, St. Stephen's, Immanuel Lutheran (Des Plaines), and all other parochial and private schools.

According to Merlin W. Schuitz, Coordinator of Pupil Personnel Services for District 207, the Differential Aptitude Test helps students, parents and counselors in making decisions regarding course selections which meet the needs and interests of each student. It is used as only one of the criteria, along with the student's past performance, and

the judgements of former teachers, in deciding on a program of studies to be taken in high school.

The test results help evaluate relative strengths and weaknesses in a variety of aptitudes which are important to educational progress and the making of career choices.

Parents desiring additional information should call the guidance office of the high school their child will attend next year. The telephone numbers are: Maine East, 825-4484; Maine North, 298-5500; Maine South, 825-7711; and Maine West, 827-6176.

Money and you

The one weeker

Submitted By LeRoy J. Flisak, President Of Skokie Trust And Savings Bank

What started as an experiment a few years ago has now become the biggest single trend in the travel business—the one weeker. There is certainly debate on the value of one week vacations both from the standpoint of employer and the couple or family on the road. Many psychologists and corporate doctors hold the medical opinion that it does us all infinitely more good to get away from work for a longer period. The theory goes this way: The first week you are away you unwind, the second week you begin to enjoy the vacation and the third week you don't care if you ever go back to work. That third week, doctors say, is when you and your employer benefit from the vacation.

From the family's standpoint, the long vacation was ideal when vacations were synonymous with summer. Kids were free from school, business slowed somewhat. Let's spend July at the shore. But with international jet travel making Europe only eight hours from New York and the Caribbean only a few hours, winter vacations made their entry. Now, however, the kids are in school, dad is up to his ears in work and there is just not enough time to take three weeks, or even two. Moreover with inflation choking everyone the short vacation has become the logical alternative.

The thinking of medical people has changed as well. Now the belief is that four one weekers a year are more beneficial to health and performance than one continuous month.

What are some of your choices in one week vacations. Short of going to Japan or Johannesburg, they are almost limitless. Here are just a few:

British Airways: Robert Morley, the portly stage actor who has been extolling the charms of British Airways (formerly BOAC) for some five years tells us that for \$399 you can buy roundtrip airfare to London, four theatre tickets, seven nights lodging with continental breakfast, car for a day, and a few other minor frills. For \$447 you can combine London four nights with Paris (three nights), theatre tickets "and beaucoup more" as the ads say.

American Airlines: You can spend a week in Rome for between \$444 and \$593 including hotels or you can freelance your way around Torremolinos and Costa del Sol for between \$387 and \$513 including two meals a day.

United Airlines: The one weekers are even working their way as far west as Hawaii. United has a variety of plans to this paradise in the neighborhood of \$400.

While the one week vacation has some disadvantages, it is certainly an improvement over the 14 countries in 14 days packages, popular a decade ago.

You can, in a week, capture a flavor of one specific segment of one country. If it is a small country, Portugal for example, you can cover a good portion of the entire country.

One weekers can be highly enjoyable vacations if activity is focused on a particular hobby, sport or national event. Seven days of golf in Scotland can be an unforgettable event. Two days in Disneyworld, three days of Florida sun and two days of deep sea fishing can be a fine holiday.

And, of course, there's always the one weeker to a remote island for total peace and quiet.

Alice in Bugleland

by Alice Bobula
967-8196 -- 966-3900

As the Year-End Special and a New Year Thought, we are substituting the usual provocative column with one question asked of the citizenry, followed by their answers:

What would you like to see in your town in 1975?

Kenneth Scheel, Niles Village Manager: The old adage of loving thy neighbor and getting along with your neighbor. Jack Thompson, Community/Service Youth Officer, Niles Police: I look forward to a re-organization of the Youth Bureau in dealing with the increased youth populace and in working with youth in schools, village and investigative matters.

Julius Schustliff, printer: A halt to shopping center construction in Niles. We have too many as it is.

Phil Beckerman, Sales Repr.: Better bus service in Des Plaines. The United Motor Coach has service hours scheduled too far apart and the service stops at 8 p.m.

Mary De Ganci, Niles: A good department store located in Niles, like Wieboldts or a Carson Pirie Scott.

Gordon Fingerman, Sears Rep.: Better bus service in the unincorporated area of Des Plaines. It is extremely difficult to travel anywhere. The United Motor Coach hours of service are too limited for us.

Calvin Cassidy, Fleet mechanic with Central Tel.: A busier youth in Niles. I believe that we can't do enough in that direction.

Ben Mankowsky, Niles Housing Insp.: Better lighting on side streets. Milwaukee ave., Touhy and Harlem are well lighted, but the Dempster st. area west of Milwaukee is somewhat dim. Some side streets are very dimly lighted and some are not lighted at all.

Mrs. Frank Miller, Morton Grove: We definitely need bus service. I have been a taxi cabber for 15 years, as long as I have lived in Morton Grove. I live south of Golf rd. Some of my neighbors don't have cars and are stranded for shopping and other daytime errands.

Jackie, Birchway Drugs: Some type of club for people in my age group (early 20's). Niles has a Teen Club and a Senior Citizens Club, but nothing for us.

John Lundgren, Insurance salesman: More police patrolling the streets in Niles. When we first moved here over 15 years ago, it was usual to see a police car. Now we hardly see them anymore and there are more street "incidences" occurring.

Stanley Slawinski, Vendor: No more land annexations! I live in one of the oldest sections in Niles. Public Works service and policing are less frequent. Niles was a nice comfortable town 8 years ago.

Tony Torres, Niles postman: A moratorium on construction of new business in Niles.

Albert L. Heelb, Niles Fire Chief: Improved lighting on Niles streets at night. Sometime ago, two programs of improved night lighting were instituted at great cost to the village: a better lighting program on Milwaukee ave. eight years ago, and the second, on Waukegan rd. six years ago improved night lighting facilities. I had hoped the program would continue all over the village, for safety of youth, motorists and the public in general.

Frank Wagner, Village Clerk: We desperately need a new police building, having run out of space in the present one. The Lawrencewood site would be ideal to consolidate all village services, as one big complex, which would also include the new post office. The Fire Dept., of course, would be left as is, since it is more ideally located presently for fire and ambulance services.

Gabriel Bernafato, Morton Grove attorney: I would like to see off-the-street parking on Dempster st., where the strip businesses are located.

Walter Beusse, Niles Park Commissioner: A new, over-all traffic study of village traffic. Better traffic control is needed at Dempster-Milwaukee; at Milwaukee-Golf; at Dempster-Greenwood; and at Milwaukee-Oakton, where it is going to become worse.

Judi Heyman, new correspondent: A whole new Board of Trustees in Lincolnwood, who will be responsive to the public. Kenneth Cohen, Niles Attorney: A valid alternative to the traffic flow on the main arteries of Niles with view in mind of some express method.

Bonnie Schleber, Classic Bowl, M.G.: All suburbs should issue a combined bus schedule, stating hours of travel, and designate the various buses as to destinations. Then we non-drivers would know which bus goes to Golf Mill, to Randhurst, Old Orchard, etc.

Hanna DeKova, artist, M.G.: All the shopping centers and stores, everything closed on Sundays, except churches.

Ann Minasola, Edison Park: I'd like to live in Niles because of many advantages of living in a small town such as good services, cleaning of streets, etc.

Sal Maniscalco, operator/owner, Stage Door Beauty Shop: No more shopping centers in Niles. The traffic on Milwaukee is getting more and more congested.

Edith Dominick, Jewel sales: No more eateries or restaurants in Niles. We have more than enough now.
Have a Happy New Year!

Schrader: more home financing in 1975

There will be more home financing money available by early 1975, according to Robert E. Schrader, President of Evanston Federal Savings and Loan Association, as he appraised the observable factors currently at work.
 "With savings once again flowing into Savings and Loan Associations, mortgage money will be available to home buyers when housing market comes to life next spring," Schrader explained. "However, the cost of this money will remain high. Even though short term rates have declined considerably, mortgage money or long term money rates cannot be reduced significantly so long as savings rates are at their current level."
 "The relationship of interest paid to savers and the rate charged mortgage borrowers can be explained simply in this way: to attract savings in a competitive market, financial institutions must pay maximum savings rates allowed by law to remain as competitive as possible in the U.S. Government market and other equally safe investments. It is unlikely that these rates will see much decline below the 7 1/2% per year limits in the coming months. It is therefore, unlikely to expect mortgage rates to drop below the current 9% range."
 "Up until last October the demand for housing was strong

and little mortgage money was available at any rate. The question now is, with home financing money once more available, will there be a demand? Are people worried enough over signs of a depression to forego buying a home?"
 "Even with the higher costs of acquiring a home and mortgage, if a person's employment is secure and his budget can stand the expense, we would advise a family to buy a home now as a sound investment."
 "In our opinion, inflation will be with us for years to come, whether at 12% per year or 6%, it will not disappear. A home is still one of the best hedges against inflation. In most cases your equity investment will appreciate and Uncle Sam shares with you in the interest cost by allowing it as a tax deduction."
 "One contingency in this prediction of the mortgage market is the possibility that the temporary adjustment made in the Usury Statute by the Illinois Legislature last summer will NOT be extended after July 1, 1975. This would cause mortgage rates to revert back to an 8% limit in Illinois. If this happens, local mortgage funds would immediately disappear from the market as it is unrealistic to think of lending money at 8% while paying as high as 7 1/2% for savings."

Christmas Day fire estimated at \$25,000

A mid-day fire of undetermined origin began in the mailboxes of a 16-unit apartment house in the unincorporated area of Des Plaines on Christmas Day, causing extensive heat, fire and smoke damage to the building and several of the apartments.
 No injuries were reported.
 Four pumps, 2 trucks and an ambulance of the North Maine Fire Dept. were at the scene.

The fire, confined to the walls, spread upward from the mailboxes to the attic of the building. An effective stop to the fire checked it from spreading further, said North Maine Fire Captain Richard Liebach. All 16 mailboxes were involved.
 Three of the apartments sustained heavy heat and smoke damage to furnishings and interior of the apartments.
 The fire was of undetermined origin and remains under investigation by the Fire Prevention Bureau.
 An estimate of damages was set at \$20,000 to \$25,000, according to Captain Liebach.

"The Fantasticks"

Pat Cotsakis of Palatine, musical co-ordinator, Veronica Zogman of Des Plaines, producer, Roy Quid of Schaumburg, director, and Meg Sculerati of Schaumburg, choreographer, plus Jan Beddia of Buffalo Grove (not pictured), assistant to the director, comprise the creative staff for Des Plaines Theatre Guild's production of "The Fantasticks." Eight performances of the Tom Jones-Harvey Schmidt musical will be given Friday and Saturday nights in Jan. at Guild Playhouse in Des Plaines, and tickets may be reserved now by calling 296-1211 between noon and 8 p.m. daily except Sunday.

"The Fantasticks," the mock-musical that holds the "longest running hit" record in New York theatre annals, opens the 1975 season on Jan. 3 at Guild Playhouse in Des Plaines.

It's huge successes in New York, Europe, Australia, South America and the Near East are sure to be duplicated in the northwest suburbs, because one week-end of its month-long run is already sold out, according to Des Plaines Theatre Guild president, Dori Strong!

Performances will be Friday and Saturday, Jan. 3, 4, 10, 11, 17, 18, 24 and 25 at 8:30 p.m. in Guild Playhouse, 620 Lee St. (U.S. 45 North), Des Plaines, and tickets may now be reserved for all but the second week-end by calling the boxoffice, 296-1211, between noon and 8 p.m. daily except Sunday.

Tickets are \$3.50 for Friday nights and \$4 for Saturday performances. Students under 21 and Golden Agers may attend for half-price on Fridays only.

ED HANSON
"The Moaning After
The Night Before"

That's the perfect definition, for most folks, of New Year's Day.

For just about everyone, except me. For New Year's Eve to me, is amateur night.

For every night of the year, to me, is New Year's Eve. And New Year's Eve is the one night of the year when I never imbibe in alcoholic beverages. I never get bombed out of my skull, like most folks do, on New Year's Eve. Because New Year's Eve is the one night of the year I take care of my annual hangover.

For the New Year's holiday is merely a day "off" that's followed by an "off" day.

And to many New Year's day football fans, the pint after the touchdown is the most important part of the game.

And New Year's resolutions are proof that the good die young. And New Year's is a good time to remember your "close" friends. As for me, you can have your "close" friends—give me generous ones.

I once remarked about a close friend of mine named Joe. "There's nothing in this world I wouldn't do for him, and there's nothing he wouldn't do for me." So, we spend our lives doing nothing for one another.

For when it comes to helping a friend I will stop at nothing. And my New Year's advice to all of you is: "You will live longer if you don't drink, smoke, gamble, chase broads, swear, or stay out late. Anyway, it will seem LONGER!"

I wonder if this is why I feel like twenty-two. Actually, I'm only twenty-three, but I've lead a F-a-s-t life. And if I didn't dye my hair gray, and etch lines in my face with makeup, I wouldn't have made it to twenty.

Cheer up, quit bitchin' about inflation, unemployment, etc... just remember, these are the good old days you'll be sighing for about twenty years from now.

And finally, like in the game of love, take it easy...for a "Happy New Year" can come only one day at a time.

So have one on me.....

I know it's going to be a "Happy New Year" for DAVE SANTRELLA. For DAVE IS BACK again at the gas pumps, pumping out both gas and good service at his new place the BRISK AUTO GAS, at Milwaukee ave. and Harts rd., just one stoplight south of Touhy. DAVE is doing a re-run of the same wonderful service that he put out for 22 years when he had his former gas station at Milwaukee and Waukegan Road...and now he is doing his "thing" again by serving major brands of gas and top car care service.

And Ron, at the same location is whipping his auto parts place into shape and it will be the largest and finest in the entire area. Early next year large ads will break in all BUGLE PAPERS about his gala grand opening.

JAKE'S RESTAURANT has no key. Like Vegas the doors are never locked so JAKE will be open for NEW YEAR'S with free favors and noise makers. And he'll have plenty of low cost complete dinner specials for New Year's Eve and New Year's Day. And JAKE has a few other surprises up his sleeve for both New Year's Eve and Day...so make it a point to celebrate NEW YEAR'S at JAKE'S for a happy time.

The popular BEAM 'N BARREL is headed for a "Happy New Year" too. They'll be open with their regular menu and fun for everyone. Recently many of the stars of the MILL RUN PLAYHOUSE have been dropping into the BEAM 'N BARREL for some of their wonderful ribs. Joan Rivers sent her chauffeur to the BEAM 'N BARREL for several take out orders of ribs which she and her friends could enjoy back stage.

TED'S EARLY TIMES is planning a big New Year's Eve blast and, of course, will be open New Year's Day too. TED'S EARLY TIMES was discussed by some friends of mine at the Arlington Towers recently when we were having dinner. At the Towers the prices were very high, the service was lousy and we all agreed it couldn't compare in food quality or service to TED'S place. For TED'S EARLY TIMES has some of the best food in town and unusually low prices...I don't know how they do it but they do.

Last Thursday—caught the show at the Arlington Park Theatre, "13 Rue De L'Amour" starring Leslie Caron and Louis Jourdan. During intermission my companion, Judy and I, bumped into that famous man of Niles, Mayor Nick Blase and his charming wife and some friends. Judy said to me after we said "Hello" and some small talk, "Doesn't the Mayor look dapper, but I do wish he'd grow back his mustache which makes him look even more groovy." For my part, I think the Village of Niles is in for "Happy New Year's" as long as Nick Blase is Mayor.

Niles Chamber installs new officers

The installation of the new officers and directors of the Niles Chamber of Commerce and Industry was held Saturday, Dec. 21 in the King Monarch Room of the Sheraton-Northshore Inn, 933 Skokie Blvd., Northbrook at the Chamber's annual Christmas Party.

Premier Boys State Program

Irv. Plahm, American Legion Post #134 Boys State Chairman, announced that high school students from Maine East, Niles West, Niles North and Notre Dame, above the sophomore level, are now being selected to attend the 40th session of Premier Boys State to be held June 14 to 21 on the campus of Eastern Illinois University, Charleston, Illinois.

This program, said to be one of the finest of the American Legion's youth activities, originated in Illinois in 1935. Boys are selected who are representative of the school and the community. Scholarship is important, but not paramount. The initial selection is made by high school authorities or chosen by their classmates.

Upon their arrival at a Boys State, each boy is given a physical examination. He is then assigned to a political party and to a city and county. State, county, and municipal elections are held on the legal pattern of Illinois. City and county governments are formed and operated by the boys and a state government complete with executive, legislative and judicial units, emerges and functions. The boys themselves perform every operation and fill every position in government, elective and appointive. Every phase of the program involves practical learning and doing on the part of boys as they go about acquiring knowledge of their local and state government.

If your boy has an inclination toward politics or is interested in learning more about how our government operates, encourage him to participate in this Americanism program of the Legion. Write Irv. Plahm at 1445 Touhy, Apt. 9B, Park Ridge, 60068.

Notre Dame placement examination

Notre Dame High School for Boys, 7655 Dempster st., Niles, will hold its placement examination for incoming freshmen on Saturday, Jan. 11, 1975. The test will begin at 8:30 a.m. Notre Dame accepts those students whose needs would be satisfied by the school's curriculum.

Upon payment of a \$10 test fee, the student will be given a ticket of admission to the test and a packet of registration materials. The materials are to be filled out and returned to the school by Jan. 27. The placement test will be completed by approximately 12 noon. Results will be mailed out about six weeks after the test.

The student should also bring with him #2 pencils and an idea of what Foreign Language he would prefer taking. The school teaches Spanish, German, and French.

Transfer students should register as soon as possible, but not on Jan. 11. Their registrations are normally handled in the school office between 8:30 a.m. and 4 p.m. on school days. They should bring along copies of their high school report cards.

Further information can be obtained by writing the school or calling the office on school days. The telephone number is 965-2900.

Pitts named Fire Dept. Training Officer

Lieutenant Al Pitts was recently appointed Training Officer of the Morton Grove Fire Department by Chief Christ Hildebrandt. Lt. Pitts will now be responsible for all Department Training Programs and for scheduling outside schools and seminars. He has been a member of the Department since Jan. of 1967 and has been assigned, at one time or another, to every piece of Department apparatus. He was one of four members who completed the first Paramedic course in the State at Northwest Community Hospital in Arlington Heights and was one of the first functioning Paramedics in the area. In 1972 Lt. Pitts was appointed a Director of the Northwest Suburban Trauma Committee and spent a week at the University of Alabama Medical School participating in a task survey for the purpose of preparing the National Registry Examination for Emergency Medical Technicians.

In May of 1973 he received his degree in Fire Science Technology and in Oct. of that year was promoted to Lieutenant and assigned as a Shift Commander. During his eight years on the Department he has also worked as an inspector in the Bureau of Fire Prevention under the command of Captain Fred Huscher and has functioned as a clerical aid to the Chief, preparing reports and publicity releases. Having completed a 40 hour Basic and also a 40 hour Standard Fire Service Instructors Course under the auspices of the Illinois Fire Service Commission, he is presently a Certified Standard Instructor.

Lt. Pitts submitted and is awaiting approval of his application to become one of the areas first Advanced Fire Service Instructors since he has completed all the necessary schooling and has his degree as required by the commission to be raised to the Advanced level. At the monthly meeting of the Northwest Regional Training Officers Assoc. on Dec. 6, 1974, Lt. Pitts was elected the Vice President of the Assoc. This is a group of Fire Service Training Officers representing 32 North and Northwest Suburban towns and villages including all the immediately surrounding towns.

Pre-school storytime registration

Registration for the winter session of pre-school storytime at the Niles Public Library (Main Library and Branch Library) will begin on Jan. 6 and continue until classes are filled.

Storytime is for children ages 3 to 5 years (not yet in kindergarten) who are residents of the Niles Public Library District. The classes are one-half hour in length, and consist of stories, songs, finger plays and other group activities.
