Resident burned in nursing home fire

A \$5,000 estimate of damages was set on a Niles nursing home fire on Thursday, Jan. 9, which caused first, second and third degree burns to a 74-year-old resident of the home.

Burned was Frank Strand, who had second and third degree burns on the bottoms of his feet and first and second degree burns on his legs. He was taken to Lutheran General Hospital by Niles ambulance.

Niles firemen answered an automatic alarm from the Pleasantview Nursing Home Thursday afternoon to find a mattress flaming in a smoke-filled, second

floor room on the south side of the building at 6840 Touhy ave. The occupant of the room, Frank Strand, was found in the hallway, which was also filled with smoke. Residents of the building were moved out of the area, although the fire was confined to the room. Fire extinguishers were used to

put out the flames which charred the bed and a nearby window in the room.

Cause of the fire was believed to have been due to a cigarette. According to Niles Fire Chief Albert Hoelbl and Deputy Fire Chief Charles Bobula, who were both on the scene, smoking is

restricted in the Home.

"It appears that visitors bring gifts of cigarettes into the home," commented the Chief, "not realizing that the elderly residents cannot exercise proper precautions for their safety ... no cigarettes are allowed in the building," he emphasized.

By David "Bud" Besser

The death of Niles former Mayor, Frank Stankowicz, ends an era in which The Bugle was greatly involved and which we look back upon with mixed feelings.

Frank served as Mayor of the village from about 1940 thru 1960. A rough guesstimate would be the small town grew from about 1,800 to 18,000 during this period.

Until the booming fifties Niles was a small dot in suburbia, roughly 10 blocks wide from south to north, ending at Howard Street, and mostly located in Niles Township. Maine Township had a few pioneers in Grennan Heights and Oakton Manor north of Oakton Street, but the bulk of Niles resided in Niles Township west of Harlem and south of Howard.

After World War II the veterans began their invasion of the town. Kirk Lane residents in the Nora-Neva-Harlem area, between Howard and Oakton, first put down their small down payments, took out 4 1/2% GI loans and were still wearing their old khakis and olive drab tee shirts when their first mortgage payments and babies were due. A builder in the area walked off with much of this down payment before finishing the houses, and a guy named Tony Smigel, a little-known lawyer, bailed the GI's out, saving their investments and securing a future in Niles for himself which culminated in his heading the circuit court in the 3rd district.

The fifties was the time of zoning changes, building permits, and revenue bond purchases which shaped the future of Niles. It was a time when the police chief periodically made the front pages of the Chicago newspapers, once for income tax problems and another time for "work" he was involved in at Tam O'Shanter golf course.

Frank Stankowicz ran the show with an aplomb which was typical of this low-key man. Eight o'clock meetings often began at 10 p.m., and droned into the morning hours with a nonchalance of men who were completely in control. Friends were favored. One trustee was deeply involved with the builders. One trustee, a decorator, was receiving a tremendous number of decorating contracts from developers building 250 homes at a crack. Another was selling storm doors on the side. Another represented a cement contractor. Another was a cabinet maker. Some profited greatly, others little or not at all.

Park District elections

There is still time for citizens interested in becoming candidates for Park Board Commissioner of the Niles Park District to file their petitions. Two vacancies are to be filled in the April 15, 1975 election, one for a 6 year term and one for a 2 year unexpired term.

Candidates running for Park Board Commissioner must file their petitions between Jan. 13 and Jan. 27, 1975. Petitioners are Continued on Page 22

The end of one era and the beginning of a new era came to Niles Tuesday with the resignation of 10-year veteran Trustee Keith Peck, and the appointment of Carol Panek to replace Peck, the first woman to hold the trusteeship in the village.

Peck, who also served the park board as commissioner for 2 years, was appointed to the new Director of Engineering and Public Service, at a \$20,000 salary, a post that fills a vacancy which formerly had been titled village engineer.

Peck, who has been an engineer for the Butternut Baking Company on Chicago's southside, said he took the appointment "to better one's self" and added he won't have to commute anymore, which was a factor in his decision to accept the new job.

Trustee Pete Pesole noted Keith did "one heck of a job" and "always had the village at heart."

Village President Nick Blase said while he and Keith often "agreed and disagreed" Keith

Senior Citizens' NEWS AND VIEWS

THE GOLDEN SENIORS OF MORTON GROVE

Christmas has come and gone and the New Year is here. Our first meeting of the New Year was held on Jan. 8. As usual, it was a great success. There were over 60 members present even though the flu kept 8 members away.

At 12 noon our charming president called the membership to order with a flourish—first pledging allegiance to the flag and country and then singing America. After that the chaplain asked the blessing on our country and elected officials and a very special blessing on our own officers.

Our two lovely ladies, Caroline and Elita, served cake which they made. We get fresh homemade cake every week. It happened to be birthday week and Ernie Anderson and Wally Ross wanted to kiss all the girls, which was exciting for these two young-at-heart fellows.

We had eight on the sick list and we sure miss them. Florence, our corresponding secretary, has been sick for over a week. When she stays in bed you know she is sick!

Alex Sisko is leaving for California for three months. Bon Voyage, Alex.

We are back at the Morton House at 6401 Lincoln on every Wednesday at 12 o'clock.

NILES ALL AMERICAN SENIORS

Not too much activity these days; everybody is happy just to sit back and visit and play cards. Guess we are all tired from the holidays. But we are planning a Valentine's Day luncheon. It's nice to look ahead to the "Special Events".

Some of us got together for a bowling session one Saturday afternoon. It was no contest, however, as many of us couldn't hit the side of a barn! We did end up the evening having dinner at the Lone Tree and playing cards. Lots of fun!

Ruth Matts bowled a 207 the following Monday with the team. Just to let you know us "Gals" aren't the weaker sex. That will keep the guys on the team on their toes. Our high man Ed is 206 and our Evel Knievel (Bruno Liput) is 202.

Some members also went down to the Trident Center and played pinocle one afternoon. Is that a pleasant place! The bright sunny room will cheer anyone up on some of these dull winter days and it's nice to settle down and just play a good game of cards without any interruptions. 16 seniors were playing. Mary Kay is back from her vacation looking real good with a sun tan and getting ready for us to sign up for all the upcoming activities.

Thank you, Niles, for being so good to us Seniors!!!

MORTON GROVE SENIOR CITIZENS CLUB

Art Thompson had exploratory surgery and is home now and doing fine. We are looking forward to seeing you at the club soon, Art.

Eric Johnson is doing very well now. His speech has come back. He is in the Glenview Terrace Home.

Frieda Hiss is home from the hospital.

Remember to go to the library and see our Morton Grove Senior Citizens Historical Society and Museum display. It will be shown thru Feb. 4 in the lobby and the entrance to the library.

We had a very nice Christmas Party. We all made a circle and joined hands and sang Holy Night. We were served cake and ice cream, played cards and a good time was had by all.

Any of our members who have been ill, and those who have joined during 1974 are welcome to attend our 15th anniversary party without charge. We will have entertainment and hope everyone will have a good time. See you all at the party.

HUNTINGTON SENIOR CITIZENS

On Dec. 31 the Huntington Senior Citizens held their annual New Year's Eve party and it was a huge success. Fifty-two members attended.

Ruth Aloisio started the affair with a toast, which was followed with a Buffet Supper. The food was delicious and enjoyed by everyone.

After the Buffet Supper there were games played and prizes were given to the winners in the three games that were played. It was hilarious and everyone had a good time. Five prizes were given to the winners. The winner of the potato race was John Mueller and the clothespins dropped in the bottle were Frieda Abend, 1st place, and Eva Anderson, 2nd place. The musical chairs contest was won by Marie Thronson, 1st place, and Mary Mueller, 2nd place.

Then at midnight, pickled herring in wine sauce was served on party rye bread and crackers.

At this time our President, Marie Waak, would like to thank all of the ladies who served on the committee. They were Ruth Aloisio, Mary Guasta, Eva Anderson, Martha Michalak, Mary Mueller, Clara Eich, Esther Larson, Agnes Michalak, Grace Meines and Irene Martin. And we mustn't forget the men who are always so helpful all the time. Sonny Sleyster, Morris Marcus, Walter Bensen, Frank Friedricen and Al Martin who made the punch. Punch was served throughout the evening and a good time was had by all of our members.

MONACEP

Water skiing course

Something new is coming to MONACEP this winter. For the unenlightened this is Maine-Oakton-Niles Adult and Continuing Education Program. MONACEP is one of the great things that is happening for many adults at many schools during the evening.

The new happening is a water skiing course that will be taught in the classroom and swimming pool. The next thing you will say is, "How can anyone learn to ski in the pool? He is crazy!" Well, just getting up on the skis is a small part of overall skiing. That sounds crazy, but it is true. Do you have trouble with your rope handling? Do you know how to easily get your skis on in deep water, to drive for a skier, the proper size skis, etc.? These and many other subjects will be covered in this six-week course. There will be many free booklets available on skiing and several hard-hitting and entertaining films will be shown.

This course is aimed at the younger set as well as the adults. We would like to see some of the "over the hill gang" as well as non-swimmers also. You do not have to be a swimmer to be a skier.

The class will get rolling at Maine East H.S. in Park Ridge starting Thursday evening, Jan. 30, and the cost is \$15 for the six weeks in or out-of-district.

Your instructor will be Roger Kring, a resident of Morton Grove and a member of the Diamond Lake Water Ski Club of Mundelein, Ill. Roger has been skiing for 27 years and is a competent competition skier and an exceptional show skier. His

specialty is riding on top of a step ladder on a four-foot flying saucer. One of his favorite shows is done for "The Lambs," the home for retarded young adults near Libertyville. This show usually takes place in June.

Time is "a wasting." Sign up now. For further information, call MONACEP office at 696-3600.

Notre Dame corrals the Cowboys

The two undefeated teams in the state met on Friday, Jan. 10 at New Trier West for the first of two meetings this year. A revised line-up took the Cowboys "A" team apart 6-3. This is the strongest showing against a strong team this year for the ND "A" strip. Mike Gerard, the Captain, went 3-0 for the day, Chris Nickle was 2-1 and Kevin Cawley was 1-2. The strong lead gave the "B" strip something to work with.

The "B" strip was kept in only long enough to win the meet and then three subs were put in, so the final score does not reflect the true nature of the victory. Gary Brown was 1-1, Steve Basista was 2-0 and Garry Gronke was 1-1. The 3 subs did not win any bouts so after the starters had won the meet 10-5, the subs dropped the score to 10-8. The Dons remain the only undefeated team at this time but have the toughest test of their abilities at the end of the month. The team is now 44 dual meets in a row and 54 overall counting tournaments.

Ill. A.F.L.A. Open, Sat., Jan. 11. The Open was held at NDHS and it was a good turn-out for an adult meet. There were 10 sabre entrants and the finalists were: 1. Rich Sikora, UICC; 2. Fred Rhodes, UICC; 3. Vasle Tzitzura, UICC; 4. J. Febvey, Dijon, France; 5. Kevin Cawley, NDHS; 6. Peter Morrison, Gord. Tech. The Epee had 13 entrants and the finalists were: 1. Dave

Crawford; 2. Ed Priest; 3. Gary Bye, UOFL; 4. Brian Whalen, UOFL; 5. Dave Myers; 6. Jon Vickery, U. Northwestern.

The men's foil was very large with 43 entrants. NDHS had 4 entrants; 3 made the quarters and one the finals. The finalists were: 1. Howard Labow, U. of Md., N.W.; 2. Ken Lavelle, NDHS, U of I; 3. Jim Herring, MS-U. of Wisc.; Park; 4. Mike Gerard, NDHS; 5. Willie Pugh; 6. Kent Koester, NWHS.

The meet was unusual in as much as although most collegians were not around, not many youths were present. The Epee was particularly weak without Tim Glass and other regulars, thus the preponderance of U of I finalists. The foil too did not have the usual strength but even so it was almost all collegians. The high school and college schedules start in earnest this month so the opens will be depleted of most collegians until after March.

ND swim team visits Florida

Nine members of the Notre Dame swim team and their two coaches William Casey and David Porterfield returned on Jan. 4 after spending the Christmas holidays in Florida. The team visited St. Leo College, 25 miles north of Tampa. Activities here besides swimming and diving included bowling, tennis, golf, and weight training. They took a tour of Busch Gardens in Tampa, swam in the Gulf of Mexico at Clearwater Beach, and visited the new Disney World at Orlando which included a New Year's Eve celebration.

The International Swimming Hall of Fame in Ft. Lauderdale was visited and they also swam in the Atlantic Ocean here. New Year's Day found them in Miami Beach and they topped off the day with 4th row seats at the University of Notre Dame — Alabama Orange Bowl Game. The two seniors making the trip were Don Knill and Ed Zonsius of Niles. The juniors were Jim Brennan of Niles, Eric Otten of Morton Grove, Tim Burke of Skokie, and Mike Walsh of Niles. The three sophomores were Dave Herdrich of Des Plaines, Jim McNab of Niles, and Rob Smith of Niles. Last Christmas vacation members of the team and the coaches spent time in Hawaii.

St. Patrick H.S. is the next meet on Jan. 17 at 4 p.m. The meet with Prospect is on Jan. 21 at 4 p.m. They travel to Marmion in Aurora on Jan. 24 at 4:30 p.m. The final meet of the month is with Quigley South on Jan. 28 at 4 p.m.

They swim St. Viator H.S. on Feb. 2 at 4 p.m. The E.S.C.C. competition follows at Maine East on Feb. 8. The IHSA District Swim meet is on Feb. 22 followed by the annual State Meet on Feb. 28 and Mar. 1 at New Trier East. On the 28th the diving starts at 9 a.m. and the swimming at 4 p.m. On Mar. 1 the competition starts at 1 p.m.

Q. When will Greenwood, south of Ballard, be widened? It is not adequate to service the considerable traffic at Dempster and Greenwood, much of which comes from the K Mart Shopping Center.

Mrs. L.R.N. On or about Jan. 13, said Village Manager Kenneth Scheel, sewer work will be started, under state supervision, on Greenwood at Ballard for the Greenwood-Dempster intersection. Greenwood will be widened to 4 lanes from Crain st. (second street south of Dempster) north to Church st. Dempster will be widened with turnbays and proper traffic signals. The work will take approximately 6 to 8 months and will be done by DePaolo Construction Co. of Niles.

Q. Police cars wait on side streets in Niles to catch motorists going thru Stop signs. Why isn't there a patrol car posted at the Fire Dept. stop light on Dempster? Just like the teacher noted a few weeks ago, I've stopped for the light and other motorists buzzed past me.

B.V. We enforce this light as much as we do other Stop lights in the village, said Police Chief Emrickson. A patrol car cannot be stationed there permanently because we have too much to do. On occasion a car will be stationed near the stop light, and by so doing we hope to deter a certain amount of the violations.

Q. Chicago is painting her trains red, white and blue for the 1976 Bicentennial. Does Niles have any Bicentennial plans, like painting the free buses for the Bicentennial Year?

A.O. We hadn't given it any thought up to now, although it presents interesting possibilities, said Village Manager Scheel. We will give some definite thought to the idea now.

Q. Since we are told that limited funds allow the Teen Center to be open only five evenings a week, why do they have a Monday thru Friday schedule when WEEKENDS are the time the kids are looking for a place to go. If only five days are allowed, why not Wednesday thru Sunday? Monday and Tuesday are not as important compared to the weekend.

R.B. We are giving thought to have the Teen Center open on weekends, said Youth Commission Chairman Abe Selman. We are compiling statistics now to determine what days experience the heaviest teen attendance. Personally, I would like to see the Center function on a 7-day schedule. Perhaps the newly formed Youth Council will have some constructive suggestions to offer at their first meeting this week.

Q. With regard to the Teen Center, what are the hours, age limit? Will it be limited to residents only and who actually is in charge of the Center?

J.C. According to Youth Comr. Abe Selman, the Niles Youth Commission has responsibility for the Center. Two young men, Paul Hanson and Jim Kessler, have been hired as directors who are responsible to the Youth Commission. The hours of the Center presently are Monday thru Thursday, 6:30 p.m. to 10 p.m.; Friday 7 p.m. to 11 p.m. (a half hour before curfew to allow time to return home).

Dances are held on Friday night, with the next dance on Jan. 17. Age limits are 13 years to 19 years.

The Center is not limited to Niles residents. We are presently instituting a membership card, said Selman, based on a resident and non-resident fee of 75 cents and \$1 per year. The card will have a twofold purpose - to ascertain the number of Niles residents and the desire not to exclude youth from other towns because of friendships formed under the numerous school districts in Niles. As long as use of the Center is maintained for majority of Niles attendance, we will not exclude non-residents. If we find a majority of the teens are non-residents, we may reduce "outside" privileges. Primary concern of the Youth Commission is the Niles youth.

Q. I read the letter (Bugle 12/12/74) from the woman concerning neglect of animals caught by the Niles Police. I have seen this abuse personally and have observed it over the past few years. Will something be done about this, or is citizen action required?

C.M. The animals do receive food and water, according to Police Chief Emrickson, but we do tend to run into problems when the weather turns cold and the water freezes. The maximum time we have the dogs is 3 days. We consider our animal care to be proper, but because of the complaint, we are re-doing the animal control facilities. A metal, 10 by 12 ft. building, large enough for 8 dogs, was received this morning (Jan. 9), which will hold an infra red heater. The new animal shelter will be relocated behind the block house and behind the reservoir, stated the Chief.

Although the building will be out of police vision, the relocation is necessary due to future widening plans at Milwaukee and Touhy which will take away the front police driveway, necessitating a new rear exit from the station, near the present animal shelter.

"Sunshine Beauty Break" Resurrection's Pot-Luck Supper

In a unique personal appearance in the Chicago area, film and television star Doris Day will host a "Sunshine Beauty Break" for suburban residents.

The Beauty Break will take place in the North Shore Hilton Hotel (in Skokie) on Jan. 17 and will last for two hours from 1:30 to 3:30 p.m.

The session has been personally planned by Miss Day and Studio Girl Cosmetics, the home shopping service of Helene Curtis Industries to which Miss Day serves as a consultant.

Only 300 women can be accommodated for the program, which is the first ever held by Miss Day, and is an entirely new idea in getting across her own personal beauty plan.

Tickets are \$5 and those interested in attending are urged to make a reservation soon since space will be limited. For details, phone (312) 292-2130, or write Studio Girl Cosmetics at 4401 West North Avenue, Chicago, 60639, Department 4-D.

Resurrection High School Mother's Club has planned a Pot-Luck Supper Social with fathers invited for Thursday, Jan. 16 at 7 p.m. Mothers are asked to bring their favorite dish or dessert or a donation of \$1 per person would be gratefully appreciated.

Faculty members will be our guests to socialize with after supper. Entertainment will be a program presented by The Wednesday Afternoon Evening Society. Sophomore mothers will be hostesses.

NWIAS entertains senior ladies

On Dec. 11, the Northwest American Society treated 185 ladies from the Mount St. Joseph Home for Women to a gala dinner and party at the Casa Royale in Des Plaines.

After a family style dinner, the "girls" were all given a personal gift from the Society. The escorts for the evening

were the Committee of Andrew Ciabattari, Tom Imburgia, Anthony Scarlati, Joe Del Re, Joe Raymond, Anthony Gagliano and Dom Apollaro.

This evening is made possible by the generosity of those individuals and businesses who participated in the annual Dinner Dance Ad Book.

STUDENT EXHIBIT A juried exhibit of art and photography by students at Oakton Community College is being held in the William A. Koehline Gallery on the campus from Jan. 13 to 31.

The public is welcome at a reception for the artists on Jan. 13 from 7 to 10 p.m.

A new lioness

At the world's largest pet shop, Animal World, located at 7525 N. Harlem ave., Niles, there is a new addition—an 8-week old lion. It is the latest of a huge selection of various rare and unusual animals, not to exclude the numerous amount of American Kennel Club puppies.

There are also thousands of tropical fish, tanks, stands, air pumps, hoods and accessories. We must not forget the large bird room with its great choice of rare and domestic birds and for the children—the Golden Bridge that crosses over the Duck Pond.

How about the small animal department with its guinea pigs, gerbils, hamsters, snakes, lizards, mice and monkeys and chimpanzee.

Then there is the kitten and cat department with all its accessories.

Let's not forget the huge parking lot adjacent to the store.

SVUC Luncheon

The Annual Meeting and Awards Luncheon of the Skokie Valley United Crusade will be held Thursday, Jan. 16 at 12 noon at the North Shore Hilton in Skokie. The speaker will be Bill Kurtis, co-anchor on WBBM-TV's news broadcasts Monday thru Friday 6 p.m. and 10 p.m.

Dr. James P. Richter, chairman of the 1974 campaign, reports 96% of the \$80,000 goal has been raised in cash and pledges amounting to \$76,563. All five villages have exceeded 100% of their goals in the residential divisions—the villages participating are Golf, Lincolnwood, Morton Grove, Niles and Skokie. Other divisions of the campaign exceeding 100% of their goals include Trades, Public Employees and Employee Participation.

Funds for Day Care Center

The Maine Township government will provide \$5,000 to the Northwest Suburban Day Care Center on a "purchase of services" agreement for the care of children of certain working mothers living in Maine Township, according to Township Supervisor James J. Dowd.

Dowd said the funds will enable the center to offer care for pre-school children whose mothers are the sole support of their families. Without the availability of the center, he added, these mothers might be forced to go on, or stay on, public assistance.

"This \$5,000 will help us prevent a 'welfare cycle' from being established; Dowd stated, consequently we can hold down public assistance expenditures."

"Even more important than the ultimate savings to the taxpayer, is the opportunity these mothers will have to keep their dignity and pride as productive, wage-earning members of society," he concluded.

Dowd said the contract covering the agreement is being prepared and should be signed within the next few weeks.

The Northwest Suburban Day Care Center, open five days a week, is located in the First Presbyterian Church, Howard and Maple, Des Plaines. It operates with the permission and assistance of Rev. Bernard M. Johanson, pastor.

America. It only works as well as we do.

Orchard Center dinner

Some of the members of the Board of Directors of Orchard Center for Mental Health met over lunch at the center at 8600 Gross Point Road, Skokie to plan the menu, program and entertainment for their next annual dinner. Since February will be the month for the Center's campaign for publicity and displays in the local banks and libraries, the date chosen for the dinner is Mar. 2 to terminate the center's endeavors to acquaint Niles Township residents with programs and services available to them.

Sara Lee outlet store negotiates for new lease

[by Alice M. Bohula]

The Sara Lee Kitchens outlet store, at 8005 Milwaukee ave., in Niles, is negotiating for a new lease at the same location, said a Sara Lee official last week.

It had been rumored that the Sara Lee store would have to move from the location and from Niles.

"We possibly erred in not opting last Sept. for a new lease," said Tom Cavanaugh, Manager of Trade Relations of Sara Lee Kitchens in Deerfield. The present lease held by the store expires next Aug.

"We had hoped to move into larger quarters around the corner in the same building, into the space vacated by Nu Dimensions, but the building was sold in the meantime, with the new tenant intending to use the larger area himself."

"We're definitely interested in staying in this area and in Niles," stated Cavanaugh. "We're negotiating with the new owners right now for a new lease." Terms of the lease could not be divulged at this time, he said.

Manager of the outlet store and a Niles resident, Dale Miller looks to renewal of Sara Lee's lease by the new owners, Avondale Savings & Loan of Chicago. "We're not looking forward to moving and we definitely want to stay in Niles," said Miller.

"We feel we are in a good location and a move to another area might put us into competition with stores who carry our products."

Cavanaugh said that a traffic guard, sponsored by Sara Lee and Foremost Liquors, had been stationed in the Seward-Milwaukee parking lot to maintain good parking and good traffic relations with the village. Village officials had cited the stores, last Dec., for "causing a traffic backup."

A liquor store and a drugstore located in the same building have leases up to 10 years.

"We want to be good tenants, maintain good relations with Niles officials and service our customers well," said the Sara Lee official. At least 26 Niles residents are employed in the Deerfield plant, he added.

There is no question that the outlet store is popular. A Nebraska relative, said a Niles resident, visits Niles periodically, bringing an empty suitcase each time, which she fills up with Sara Lee products shortly before boarding her plane for home.

A retired couple from Edison Park stated they come to purchase Sara Lee products once a month... "we would come often, if we had the money."

A South Chicago woman "just going thru Niles," with a lady friend, paid \$50 for her purchases in the store.

Two small children aided their mother (from Skokie) in filling an ample shopping basket to the brim with Sara Lee goodies.

"I wouldn't dare go home," said a Niles official, "and tell my wife that Sara Lee is moving."

Majestic donates books, toys to Legion

American Legion Post #134's Child Welfare Chairman, P.C. Tony LaRosa, whose committee recently visited and distributed candy and toys to 40 handicapped children of Morton Grove, reports that Majestic Wholesalers donated over 700 paperback novels to the Post's Rehabilitation Chairman, P.C. "Butch" Lange for distribution to hospitalized veterans. Also for the third year, Majestic's Toy Christmas Display was turned over to the Lions Club for distribution to the Blind Children and to the Legion Post for distribution to the Julia Molloy Education Center.

Both the veterans and the handicapped children at the Molloy Center were very appreciative of the gifts and the Legion thanks the Majestic Company for their generosity.

Seal Design contest winners

America Studies Program

An American Studies Program will be inaugurated Spring Semester at Oakton Community College as part of Oakton's participation in the nation's bicentennial.

Intended to help Oakton students broaden their understanding of the "American Experience," a variety of courses will focus on the early social, cultural, historical, political, intellectual and technical-scientific developments and traditions of the country.

Currently, most students "are limited by their own experience of recent history, an experience which is dominated by racial strife, unpopular war, alienation from government, high crime rates, political institutions," said William Taylor, assistant professor of political science and coordinator of the program.

Descriptions of the courses in the American Studies Program can be found in the Spring 1975 Schedule of courses. For further information, contact Taylor at 967-5120, ext. 351.

Increase in public assistance in Maine Township

The number of persons who received public assistance from Maine Township during the first 10 months of 1974 increased 110 percent over the comparable period of 1973, Maine Township Supervisor James J. Dowd announced today.

Dowd said 1,829 persons received aid between Jan. 1 and Oct. 31 of last year compared to 871 for the same period in 1973. The number of cases handled (individuals or families) during the same period rose 89.5 percent from 417 to 790.

Township public assistance is provided in three categories: temporary aid to mothers qualifying for county Aid to Dependent Children (ADC) programs; temporary assistance to disabled individuals who qualify for state funds; and general assistance to township residents who establish need, but are not eligible for other programs.

Dowd attributed the sharp increase in township aid to four causes: increasing unemployment

of township residents; three major strikes during the summer and early autumn; delays in the transfer of ADC referrals to county rolls; and problems encountered in the administration of the state's new Supplemental Security Income (SSI) program.

The SSI program, he pointed out, is intended to provide state funds for disabled persons. This year state guidelines have apparently changed to include only permanently disabled individuals. As a result, Dowd said, the township must provide assistance until clarification of state guidelines are made.

Comparing Sept. 1973 to Sept. 1974, Maine Township's public assistance cases increased 135 percent, and the number of persons aided rose to 185 percent. For all 30 suburban Cook County townships, the increases were 52.75 percent and 66.14 percent respectively.

Dowd also said a full report for 1974, including dollar amounts, would be issued within 60 days.

Niles West National Merit

Several Niles West High School students have merited recognition lately.

Six seniors have been declared National Merit Semi-finalists, a singular honor since very few - only 15,000 from more than one million students across the country - are selected annually by the National Merit Scholarship Corporation for this distinction.

These seniors are Alan J. Gussin, Eric F. Schulte, Rachel A. Silverstein, Fred L. Steinberg, Amy Tao and Alan M. Zunamon.

Another Niles West student, Scott David Turton, has received a Certificate of Successful Completion of Field Museum's six weeks summer course in Anthropology. This secondary science training program, limited to 27 highly selected participants with-in commuting range of Chicago, was supported by the National Science Foundation from 1966 through 1973 and by Field Museum this year.

Is your convenience worth \$900,000? We think so.

Last year when you used one of our pay phones in Park Ridge or Des Plaines you had to deposit your dime before you could dial. And if you needed to reach the operator and didn't have 10c on you, you couldn't do it.

Well, we've just changed all of our 1,700 pay phones so that won't happen anymore.

Now you'll be able to go to any of our pay phones, pick up the receiver and talk to the operator, without depositing a coin.

It's much more convenient for you. If you have an emergency of any kind, you can reach the operator by dialing "0" whether you have change handy or not. You can report a fire. Or call for police. Or talk to Directory Assistance, or even Repair Service.

Some of the pay phones have a new look. Like the one in the picture. And some look like they've always looked.

But all of them offer you "dial tone first" convenience.

We've been installing all kinds of new equipment behind the scenes at the telephone company to make this new system possible. The cost was over \$900,000. But we think it's worth every dime of it.

It's part of our plan to make your telephone service just as good as it can get.

Should you buy gold or open a savings account?

Should you buy gold or open a savings account? That's a question of how much you want to speculate, according to Robert E. Schrader, President of Evanston Federal Savings and Loan Association.

"There are factors to consider if you're thinking of buying gold. Gold is subject to market fluctuations and there is no guarantee that the future price of gold will not fall below the price which you

originally paid. Unlike a savings account, gold pays no interest. The market value of gold would have to appreciate substantially to compare with the interest paid on an insured savings account. In addition to the price you pay for gold itself, you must add acquisition costs. There is a broker's commission involved in the purchase, a 5% Illinois sales tax and costs for safe storage. Then at the time of sale you will be charged for an assay to authenticate your gold's purity," according to Mr. Schrader.

"With a savings account, on the other hand, your savings are insured up to \$40,000 by the F.S.L.I.C., and it costs you nothing to open an account. Interest is compounded and paid automatically with a variety of savings plans available. Our savings counselors will help find one that's tailored to your goals," said Mr. Schrader.

"Many people feel gold will increase in value over the years, but at this point in time it's merely conjecture," added Mr. Schrader. "What we want people to understand is the difference between an insured, interest guaranteed savings account and the speculative purchase of gold. With a savings account, there is no risk, you always can rely on your principal being available and the return on your investment is guaranteed. Gold is like any other commodity that is speculative. You may hit the jackpot if the price skyrockets, but can you afford to take a chance with your hard-earned dollars?"

North West Federal sets record growth

North West Federal Savings, with a branch in Des Plaines, established record growth marks during 1974.

John D. Reed, president, reports that assets reached an all-time high of over \$350 million and savings topped \$285.4 million as of Dec. 31, 1974. These totals reflect growth of \$62.2 million in assets and \$51.8 million in savings capital for the year. This compares to an average annual growth rate over the past five years of \$41.3 million in assets and \$34.1 million in savings.

A record high of \$15.4 million in savings interest were paid savers in 1974. Reserves reached a high of \$16.3 million on Dec. 31. According to Reed, 28,773 new savings accounts were started in 1974, making a total of 77,040 savers at North West Federal Savings.

Reed also explained, "despite exceptionally tight money conditions in 1974, continuing strong savings inflow has enabled North West Federal Savings to add \$51.9 million in mortgage loans to its 1974 loan portfolio. Currently, North West Federal's loan portfolio includes over 12,471 home loans with a value of \$310.6 million."

The BUSINESS Picture Decalogue Society of Lawyers

Morton Grove resident Sheldon C. Garber reported that the Officers' Dining Room of Exchange National Bank of Chicago filled up recently, not with bankers, but members and colleague-friends of the Decalogue Society of Lawyers. Garber, Society president, said the Loop bank hosted more than 100 attorneys who attended the Decalogue Society's opening legal-education seminar of the year, presented by Society member, and, (to quote Illinois legislators) "one of the State's most distinguished lawyers and legal scholars," Harry G. Fins, Mr. Fins, author of numerous legal articles, discussed the effects on legal procedure of 1974 amendments to Illinois Supreme Court rules. As the attorneys assembled, Mr. Fins (standing, right) previewed his remarks to (standing, from l.) David D. Berns, past president of the Decalogue Society, and Garber. The Decalogue Society holds two seminars a month through May, 1975, and all Chicagoland lawyers are cordially invited. Call the Decalogue Society, 263-6493, for subjects, dates and locations of future seminars. The seminars are free to lawyers.

Priske elected Executive VP of four banks

Daniel Priske, a veteran banker with over 26 years experience, has been elected Group Executive Vice President of four affiliated banks in this area, according to Robert A. Sharpe, president of the group banks.

Priske will assist Mr. Sharpe in the overall planning and administration for First National Bank of Mundelein, Golf Mill State Bank, Grayslake National Bank, and Libertyville National Bank. Priske, formerly executive vice president of the West Suburban Bank in Lombard, will be located in the Libertyville National Bank executive offices. He will continue to serve as advisor to the West Suburban Bank Group.

Mr. Priske started his banking career 26 years ago with First Wisconsin National Bank, Milwaukee. Later he joined the staff of the Regional Comptroller of Currency in Chicago as an assistant national bank examiner. Then he worked with several Chicago suburban banks before joining the LaSalle National Bank, Chicago. Priske then moved to the National Boulevard Bank and later advanced to vice president of the bank correspondent division, during his nine years of service with that bank. In welcoming Priske to the group, Sharpe commented, "We are indeed pleased to have a man of his experience helping us coordinate the group's many activities. As we grow in services and our group expands, Dan Priske's many years in banking will prove to be an invaluable asset to the group."

Priske graduated from Loyola University with a bachelor of science degree as an economics major. He is also a graduate of American Institute of Banking, Bank Administration Institute-Graduate School, the Stonier Graduate School of Banking at Rutgers University and the Institute for Financial Management at Harvard's Graduate School of Business.

Priske is married and resides in Deerfield with his wife, Mary Gene, and five children.

Tax News

Illinois rules for filing status

This is the third in a series of articles on ways you can save money on your Illinois State Income Tax return this year. The articles are written by H. & R. Block, America's Largest Tax Service.

There are five filing status under which Illinois State income tax returns are to be filed: 1. Married filing jointly, 2. Married filing separately, 3. Single, 4. Head of Household, and 5. Surviving widow (er) with dependent child.

Illinois lists the filing status on the Form IL-1040. The Illinois rate of tax is 2.5% regardless of filing status.

The general rule is to file the Illinois return the same as you filed the Federal return. However: 1. If either husband or wife is a resident and the other is a non-resident, they must file separately unless they choose to file jointly as if both were residents, and 2. If they choose to file separately for Illinois, but file a joint Federal return, the resident spouse must compute income exemptions as if a separate Federal return had been filed.

In an individual is deceased, any income tax return required of such individual must be made by his executor, administrator, or other person responsible for the affairs of such decedent. If a joint Federal income tax return was filed for the decedent and the surviving spouse, a joint Illinois income tax return must also be filed. Unlike the Federal return, a death certificate is not required. If a refund is due, attach a copy of Form IL-1310, Claim for Refund Due a Decedent, to the IL-1040.

North West Federal's new savings plan

North West Federal Savings, with a branch in Des Plaines, has announced the offer of a new savings plan.

Effective immediately, North West Federal Savings offers a new certificate paying 7 1/4% annually, on a minimum investment of \$1,000, with an effective yield of 8.17% per year. To qualify for this rate, savings must be invested for a minimum 6-year term.

In addition to this new certificate, North West Federal will continue to offer savers a choice of these other certificate plans — 7 1/4% on a minimum of \$1,000 invested for 4 years; 6 1/2% on a minimum investment of \$1,000 for 2 1/2 years; 6 1/4% on \$1,000 for one year, and 5 1/4% on \$10,000 invested for a minimum of 90 days.

Savers are reminded, however, that Federal Home Loan Bank regulations require a substantial

loss of interest on funds taken from certificates prior to maturity or renewal. Interest on early withdrawals is computed at the regular passbook rate (currently 5 1/4%) and 90 days' interest is lost at that rate.

John D. Reed, president, explained that "rising mortgage rates, like all higher loan interest rates these days, make it possible for North West Federal to safely share increased income with savers."

He continued, "Conservative policies have always guided North West Federal's operations. Directors have cautiously watched financial conditions to be certain higher-earning savings certificates could be offered while complete safety is maintained for all savers. Present conditions warrant that assurance."

North West Federal Savings ranks as the sixth largest savings and loan association in Chicago.

Updated nursery rhyme

The old nursery rhyme "Twinkle, Twinkle Little Star" is being updated this month at a local preschool and the mystery of "How I wonder what you are" is being solved by the 2 1/2 to 5 year olds enrolled there.

For several years students at the Preschool Educational Centers (PEC), 9000 Home ave., Des Plaines, and 4127 Main st., Skokie, have been learning about their community and the world around them. With space age exploration a realization in 1975, however, T. Schwarcz, PEC director, believed the time had come for the preschoolers to extend their scope of knowledge to understand "The universe around them."

Consequently, the tots have been delving into astronomy and related subjects as they begin their 1975 school year, and the next time Mom or Dad poses the question in the nursery rhyme, 2 1/2 year old junior is liable to have a scientific explanation.

ED HANSON
'Nothing for Something'

I see by the papers that some publisher printed a book that sells for \$3. It's called "THE NOTHING BOOK" and contains 200 blank pages. So far the publisher reports sales of more than 115,000 copies.

A friend of mine recently marketed a product which is sold in the produce dept. of super marts throughout the country. It comes in a plastic bag and marked in red letters are the words, "INSTANT GARBAGE". It didn't sell well at first, but when two bags of "INSTANT GARBAGE" were offered 2 for 49 cents, women shoppers just couldn't resist buying it. It just proves that no woman can resist a bargain whatever it may be.

Particularly, married women, for they love any bargains they can buy with their husband's hard-earned money.

Another guy I know manufactured a million frying pans and sold them for 59 cents each thru large chain outfits. The frying pans only cost him 10 cents each because they were made out of celluloid.

The same guy (who made the celluloid frying pans) went to China with the loot he made and became a Chinese Voyeur or a Peking Tom.

And then this same guy started making Chinese Chastity Belts (they go big in China) but he was hit with an antitrust suit and he lost all the money he made on the frying pans.

Things even got worse for him. Seems he went from the frying pan into the fire and finally wound up as a Chest Protector, a bouncer, in some third rate Chinese teppes bar.

So he came back to the states and started a fund raising company for hippies—he called his new company—KOOL AID.

This led to him going in the catering business which he called, "The Pot Roast Company". He conducted cookouts for grassheads.

Last time I heard of him, he wound up as the librarian in a federal slammer. Now all he does is read the usual escape literature.

In order to escape from the above, it's time for a commercial. Mister Magic and Chippo, the TV stars of Channel 26 were a big hit at JAKE'S RESTAURANT last Sunday when they did their thing before thousands of kids and their parents. And as you remember, last Sunday was very chilly and, of course, we planned it this way because JAKE was featuring CHILI in many different ways. And everyone just loved JAKE'S chili and, of course, all the kids loved that big dummy named Chippo who Mister Magic keeps in a big, wooden, locked box so some loveable kid can't swipe him. (JAKE has now had more than 250 lottery winners and remember ONLY JAKE has a loser's lottery. The Viking Football Team now eats at JAKE'S every Sunday.)

Camping and Travel Show at Arlington Park

The wagon trains which blazed pioneering trails in the frontier days spawned a sleek, new breed of vehicle we call motor homes. At almost anytime of year, highways are dotted with the luxurious homes-on-wheels each carrying a growing family on vacation or perhaps a couple seeking to anchor for the night or to spend their golden years.

These remarkable transportable homes, fastest growing segment of the outdoor vehicle industry, will be highly-visible at the 7th annual Camping & Travel Show, opening Jan. 31 at Arlington Park.

How can you miss 'em? Ranging in length from 15 ft. to 35 ft. and costing from about \$7,400 to more than \$30,000, with the average about \$10,000, motor homes will comprise nearly one-third of the some 300 vehicles on display.

The roomy interiors provide sleeping accommodations for from 4 to 8 persons and include cooking, lighting, refrigeration and bathing facilities.

Motor homes are only one type of travel and camping vehicle to be displayed at the colorful 10 day exposition, which runs thru Feb. 9. Fold-down tent and travel trailers, fifth wheel and van conversion units and pickup campers will be shown. Also, tents, backpacking equipment and camping supplies and accessories will be exhibited.

Sponsored by the Chicagoland Recreational Vehicle Dealers Assn., the exposition will also include a travel section where campground owners from some six states will provide camping information on facilities in their areas.

Show hours are 3 p.m. to 10 p.m. weekdays. On Saturdays and Sunday, Feb. 2, the event will be open from 12 noon to 10 p.m. Closing time Sunday, Feb. 9, is 8 p.m.

Admission for adults weekdays is \$1.50 and \$2 on Saturdays and Sundays. Children under 6 will be admitted free at all times. Children, 6-12, are also admitted free. Monday thru Thursday, and charged only \$1 on Fridays and weekends.

Gabor sisters in "Arsenic and Old Lace"

David Lonn, Managing Director of the Arlington Park Theatre, following a year of negotiations, has signed Zsa Zsa and Eva Gabor to star as the loveable, but lethal, Brewster sisters, in one of the fastest and craziest comedies of the American stage, "Arsenic and Old Lace." The production will preview on Thursday, Feb. 20 at 8 p.m. and open on Friday, Feb. 21 at 8:30 p.m., playing thru Sunday, March 23, and marks the first time the Gabor sisters have appeared together anywhere in a performing capacity.

"Arsenic and Old Lace", by Joseph Kesselring, was originally produced on Broadway in 1941 by Howard Lindsay and Russel Crouse, and ran nearly three and a half years. Widely produced abroad, it has continued to enjoy a great popularity in this country. Harvey Medlinsky, whose direction of David Lonn's Los Angeles production of "One Flew Over the Cuckoo's Nest" at the Huntington Hartford Theatre was unanimously praised, will direct

"Arsenic and Old Lace" with scenic and lighting design by Neil Peter Jampolis, whose design is currently lighting up Broadway's big, musical, hit "Sherlock Holmes."

The Gabors' gowns will be designed by the celebrated designer, Mr. Ray Aghayan. Costume design for the company of "Arsenic and Old Lace" will be by Noel Taylor, who designed the Arlington Park's "13 Rue De L'Amour" production, which will be returning to the Arlington Jan. 23 thru Feb. 16.

Complete casting for "Arsenic and Old Lace" will be announced shortly. The schedule of performance times and prices follows. Please note that Arlington's prices vary with each production.

MG Village Board

Continued from MG P.1

1967 there was only one complaint, but in 1974 we had 36 complaints. Most of these were after 11 p.m. "Perhaps we can take some action to have them close earlier," said Glauner. John Hilkin said, "I'm in favor of closing the drive-in earlier if we can do it legally. And even any other such restaurants." Dave Cohen said, "We may be better off if we serve a legal notice telling the local people from Jack-in-the-Box that they are causing a public nuisance and must do something about it." The board thought this might work.

Chief Hildebrandt of the Fire Dept. said the Morton Grove Theatre had their lobby too jammed up on many occasions. He said they won't seat people in the middle of a feature. This causes a big jam in the lobby and something would have to be done to resolve this. He said the manager was consulted, but so far has done nothing to solve the problem. Martin Ashman said, "If they were forced to close down for a busy Saturday night, that would solve the problem in a hurry."

Trustee Dick Hohns said he would like to propose a meeting between the Village Board, the Park Board, the Library Board and some of the heads of M.G. School Districts in order to discuss better inter-village transportation. Maybe we could utilize the maxi-wagon of the Library and all share in the cost and the citizens could benefit from it. John Hilkin said he supported a proposal of this kind, but said an agenda was needed. Mayor Bode also liked the suggestion and appointed Dick Hohns along with

beer and wine licenses to date. "Each time a beer and wine license is issued, the village gets \$2,500 in fees and also increased sales tax revenue year after year. The board voted to issue 3 new licenses to qualified establishments."

Mayor Bode said Dick Hohns would pinch hit for him at an important RTA meeting. The mayor also announced that Wednesday, Jan. 15, would be the birthday of the late Dr. Martin Luther King, Jr.

David Cohen said there was a 34% increase in traffic violation arrests and announced that Chief Glauner has been elected President of the North Shore Chiefs of

THE 1975 ONE HUNDRED BALBOA GOLD COIN OF THE REPUBLIC OF PANAMA

Brilliant Uncirculated Specimens available now.

Face value equivalent: 100 U.S. dollars. Price: \$100 plus \$5.00 handling charge.

We are proud to be able to offer you Brilliant Uncirculated Specimens of this historic gold coin—at its face value of \$100.

The 100-Balboa gold coin of Panama is a monetary coin, backed by the Government of Panama. As legal tender, it can be spent at face value at any time in Panama, or can be freely converted into U.S. dollars at foreign money exchange centers. Moreover, this new gold coin has considerable numismatic value. It is the first gold coin minted in the United States since Americans regained the right to own gold, and is the first gold coin ever issued by the Republic of Panama.

The 100-Balboa gold coin contains 8.16 grams of 900/1000 fine gold and has been minted by The Franklin Mint, the only private mint in the United States authorized to strike monetary coins for foreign governments.

It is important to note that because the face value of this gold coin is fixed, it is not subject to the daily fluctuations in the market price of gold. While offering good potential for appreciation in value, it provides protection against loss because of its monetary face value.

LIMITED QUANTITY AVAILABLE

The first minting of Brilliant Uncirculated Specimens has been strictly limited in number by the Government of Panama. This factor, combined with its intrinsic value and numismatic significance, may further enhance the value of the 100-Balboa gold coin as a collector's item.

MORTON GROVE

From the LEFT HAND

Close door meetings, private home meetings and tavern meetings often were the modus operandi of the day.

We pegged our campaign on ousting these men from office on the pinball gambling machines in town. We heard of a great amount of hanky-panky with builders in town, but we never pursued the matters. We assumed some of it was true but felt this path might lead to some guys going to jail! We weren't interested in sending anyone to jail. But we began banging away at the pinball machine operations in town which were often told were worth more than a million dollars to local businessmen. They shared 50% of the gross take.

When the federal government insisted on gambling (revenue) stamps for the machines, we went to the police chief and asked him about the gambling in Niles. He sent us to his boss, the Mayor, after claiming he knew nothing about them. I played the game. I went to the Mayor who said he too knew nothing about it and referred me back to the police chief. It was the beginning of the end for this era in Niles.

In 1959 a young ex-Colgate football player came to our office and said he was going to run for office as an Independent. He was very idealistic and agreed it was time the town was turned around. His name, Ken Scheel, Niles' present village manager, was most responsible for the turning around of the village.

Ken went on the zoning board and struggled valiantly against the building of multiple dwellings in the village. The builder, Suson, who is most responsible for the multiple dwelling inundation of the East Maine unincorporated area, sought to build in Niles, but Scheel led the fight against the encroachment. In '61 when Scheel led a ticket to victory over Stankowicz, it culminated in the end of a small town and the beginning of a modern up-to-date community.

Since we primarily knew Stankowicz as a public man, we can only judge his effort on his work in public office.

In looking at Niles today, it must be agreed the men in the fifties did a good job of laying out the village. Unlike the nightmare in Morton Grove, with its aborted streets in Maine Township, Niles has excellent excess to all 4 directions. The building and zoning codes were strict which resulted in well-constructed homes in the community. Only plaster-walled homes were allowed in the early days which we assumed meant better construction. The fact that friends of the officials were in the plastering business can now be forgotten.

The greatest robbery in the suburbs took place during the fifties when Niles officials literally stole the Golf Mill Center from Morton Grove. Niles, which ended at Dempster Street, agreed to furnish water to the center in exchange for it coming into Niles if it ever became incorporated. This effort resulted in Niles receiving over a million dollars a year in revenue, which gives the village free public transportation and fine social services which its neighbors are unable to afford. While the effort was primarily due to a former trustee, John Stanley, nevertheless, it was done during the Stankowicz years.

Because of our involvement in the gambling issue, we had a monumental chip on our shoulder in the late fifties. The night officials eliminated the gambling machines, I met a guy outside the village hall who asked me if my name is "Bud". When I said it wasn't, I hurried inside and a police sergeant followed the guy, identified him to me, and the questioner later wound up in the federal pokey serving a murder term. He was a vicious hood who was nationally-known. I was also told a "businessman" in the unincorporated area on Milwaukee Avenue was also going to kill a newspaperman and it brought out all the fear in me I was able to suppress during the first 30 years of my life. Whether the story was apocryphal or not, I was obsessed with beating village officials which placed me in this position.

I can't write in glowing terms about Frank's public life. He told me years later there was nothing he could have done about the gambling machines. He implied it was beyond his power to change the tone of the community by the time we came on the scene.

Our private remembrance of Frank will always be of a charming man. He was very soft-spoken, without any pretension and was on a first-name basis with all the men in the departments.

We found it ironic the present Mayor, Blase, got into office because of a great deal of sweat on the part of many others. And where self-made Stankowicz, who left office when the cry was to clean up the town, never lived as a wealthy man, Blase, the clean-up man, has amassed a great deal of money. And while Stankowicz had no businesses in town, Blase rode into town proclaiming no private business interests will be tolerated by his public officials, and a month later, Blase had 2 private business interests.

Irony of the two men's styles also never ceases. While Stankowicz would stop and chat with all the guys in the public departments, Blase probably doesn't know the names of 20% of the men. And while Stankowicz never played the Mayor's job for all it's worth, Blase exploited it to its fullest. Yet, Blase made the money, drove the flashy cars with sheer arrogance, while soft-spoken Frank never flashed, either money or power.

Frank Stankowicz, a gentle man... and a gentleman... who may have run a town which was beyond his control.

was a man of integrity and deep conviction and "most of the time you were right."

In bidding adieu to his public job Peck read the following: "Much time has elapsed since the news of my pending resignation was released. It is with mixed emotions that I speak here tonight. Counting my time on the Park Board, I will have served the community as an elected official for nearly 12 years.

"Our Village has undergone a tremendous growth. I look back with self-satisfaction at the many innovations, improvements and accomplishments made. Foresight and progressiveness have characterized the boards, the administration and our mayor, Nick Blase, who provided the leadership so necessary in that growing era. We didn't always agree, but we have worked together for the betterment of our

Festival chairmen Andy Beierwaltes and Ray Bacci have promised an evening to remember with Seven Cabaret Shows including That's Entertainment, La Cinderella, Snake Gulch, Salsmagundi, Das Brauhaus, Mustard On Your French Fries and Happiness Is.

"Hundreds of people are involved in some phase or other of this production and many are not even parishioners," commented Andy. Last year more than 5,000 people attended the festival and they were well accommodated. Our shows are timed to last twenty-five minutes each with the exception of the show in the gym which will be about fifty minutes. The school hall will be set up as a German Beer Garden with a restaurant. Here, there will be music for dancing and sing-a-long all evening.

"Don't forget that each show room will have entertainment in their holding rooms and be serviced by the Pizza Hutch added Ray, "and for the convenience of those attending, a free shuttle bus service will be provided from the 1st National Bank of Niles parking lot to the front door." PLO attack on religious pilgrims

Dear Editor:
In the Christmas rush many people may have missed the Dec. 23 new report of the grenade attack on U.S. Pilgrims visiting the Church of St. Lazarus and Mary in East Jerusalem. The PLO claimed responsibility and warned Pilgrims to stay out of Palestine.

Note that there were no apologies for a mistaken attack on religious Pilgrims, only a warning to others.

There was no recognition given to the Christian's desire to visit sites at Christmas, time that are holy to them just as for the 19 years (1948 to 1967) that Old Jerusalem was under Arab control, Jews were not allowed to visit the western wall, and their cemeteries on the Mount of Olives were systematically desecrated.

This is the same PLO which calls for a "Secular State" to replace Israel, in which a Jewish minority would depend on the tolerance which caused Arab leaders to reject the compromise partition of 1947 and invade Israel. They could have set up a Palestine State in 1947, before there was any Arab refugee issue. They could have done so during the 19 years they controlled the West Bank and Gaza. They could have solved the refugee problem, as Israel did, in absorbing over 600,000 Jews from Arab lands.

When you examine the Arab position you find that beneath the propaganda appeals is an intolerance which has prevented the

kind of compromises which Israel and the Arabs must make to have peace. Israel has compromised in the past by accepting the original partition in 1947, and by withdrawing from the Sinai after the 1956 War. But one-way concessions will NOT result in peace. To have peace the Arabs must accept Israel as a Sovereign State and negotiate to resolve the problems, not just to weaken or eliminate Israel.

Sincerely,
Jona Cohn

State Police cite traffic accident figures

Lieutenant Hugh S. McGinley, State Police District Commander for the Cook County area north of 1-90 included in District 3, Des Plaines, announced provisional figures which indicate that during the month of Dec., 34 persons were killed as a result of 32 accidents in Cook County.

District 3 Troopers investigated a total of 413 traffic accidents in Oct. bringing the total for ten months of the year to 3,919.

The Superintendent of the Illinois State Police, Dwight E. Pitman, announced initial reports indicating that during the month of Dec., 137 persons died from injuries sustained from traffic accidents on Illinois Highways, seven less than in Dec., 1973.

Provisional figures indicate that 1,961 people were killed from Jan. 1 thru Dec. 31 of last year. This total reflects a decrease of 408 from the number of fatalities reported in 1973. Superintendent Pitman said, "While there are several possible causes for this reduction, the 55 mile per hour speed limit, which was imposed early last year as a result of the Emergency Highway Energy Conservation Act, certainly has had some effect on the total. A reduced number of miles driven by the public and the possibility of increased use of seat belt restraint systems, as well as other factors are also to be considered as causes for this years reduction in fatalities."

What are you doing with the "extra" money in your checking account?

A while back you were smart if you kept \$600, \$900, or even \$1,500 in your checking account. That way, you could enjoy free or minimum-cost checking privileges. And you saved money that would have been spent on service charges — \$50 per year or more. But now, many banks have changed their checking programs. Today, you can probably have the same checking privileges with only a small average monthly balance.

Is that extra money still in your checking account from force of habit? If so, why not deposit it at First Federal Savings of Des Plaines? Work your money—let it earn interest for you. Let it work for you. Every dollar, every day. Earning daily interest from the day you put it in until the day you take it out.

Be doubly smart now. Keep your free checking account and put the extra money to work earning our high savings rates.

Sports Complex

Registration
Registration for the final session of Learn-to-Skate classes will begin Monday, Jan. 27. This will be the last 8 week session of the season, and will end with this year's ice show in April. The cast of the ice show will be made up of only those enrolled in a Park District Learn-to-Skate program. Plans for the show are already under way. Don't miss out on any of the fun! Register 7 days a week, beginning Jan. 27 at the Sports Complex, Ballard and Cumberland. Call: 297-8010 for details.

Group Admission Rates and Rentals
Is your group looking for a new form of recreation and entertainment? If so, call the Niles Sports Complex and let us put your groups' event on ice! Many schools, scouts, and churches have already enjoyed an afternoon or evening of ice skating. The staff of the Sports Complex will help design arrangements to best suit your needs. We can accommodate groups of any size and type at a public session or at a private rental of the rink. Group admission prices are discounted according to the size of your group. For instance, a group of 20 skaters will receive 25 cents off the regular admission price at any regularly scheduled public session.

For a large group, perhaps a private rental of the rink is the answer! We have ice times available on Wednesday and Friday evenings for group rental. Complete skate rental and snack bar are also available for your enjoyment. For details, call the Sports Complex at 297-8010.

Public Skating Hours
Attention Ice Skaters! Are you plagued by the mild winter? Mother Nature has done little to build outdoor rinks this season. But there is a place nearby with lots of smooth, beautiful ice for your skating enjoyment... the Niles Sports Complex. Located two blocks south of Golf Mill at Cumberland and Ballard in Niles, the Sports Complex indoor, artificial rink offers public skating 7 days a week, at times to suit everyone. Evenings, skate Wednesday night 7-8:30, Friday night 7-9:30, Saturday night 7:30-10, and Sunday night 6:30-8. Sunday night is

adult and family night, a special session for those 18 and older and children accompanied by a parent who skates.

There are matinees on Saturday and Sunday afternoons from 1:15-4 p.m. After school sessions are held Monday 3:30-5:45 p.m., Tuesday 2-5 p.m. and Thursday 3-6 p.m. Also, we have lunchtime sessions Tuesday and Thursday from 11:30 a.m. to 12:30 p.m. and Wednesday 12:30-2 p.m.

Admission prices are weekdays \$1, weekends \$1.25. Senior Citizens 75 cents weekdays, \$1 weekends. Non-residents add 50 cents; skate rental .75 cents.

Why wait for winter's chill? Skate the warm, indoor, modern way at the Niles Sports Complex. The Sports Complex is another recreational service by your Niles Park District.

For details phone 297-8010.

Session II Registration
There are still some openings in some of the Session II Niles Park District programs. Most programs started this week (Jan. 13).

All programs require pre-registration and class sizes are limited. Registration will be taken at the Niles Park District administration building at 7877 Milwaukee ave. from 9 to 5 p.m. Monday thru Friday and Saturday from 9 a.m. to noon.

For additional information contact the Niles Park District at 967-6633.

Snow Sculpture Contest
The Niles Park District is sponsoring its first annual snow sculpture contest at the Sports Complex on Saturday, Jan. 18. The activities will begin at 1 p.m. and there will be snow provided by the Park District's ice resurfacer.

The children will be divided into teams of 4, and given one hour to create their team's sculpture. Any materials may be used in addition to the snow itself to create characters on the following themes: 7 to 10 year olds—the Peanuts characters; 11

to 14 year olds—the Walt Disney characters.

Ribbons and other prizes will be awarded to all 1st, 2nd and 3rd place winners.

For further information call the Niles Park District at 967-6633.

Pre-School Registration
The Niles Park District will again offer pre-school classes during Session II.

Several changes have been made to provide a more complete program for your child. To give mothers a better idea of the program and to give the instructors the necessary assistance, we ask that all mothers assist in their child's class periodically.

Any children who are 3 years old or older by April 1, 1975 and who are toilet trained may enroll in the 15 week program. A birth certificate is required at the time of registration.

Session II Pre-School registration will be held at the Recreation Center, 7877 Milwaukee on Jan. 28 from 9:30 to 11:30 a.m. and Jan. 30 from 7 to 8:30 p.m.

Numbers for registration will be issued beginning at 7:30 a.m. for the morning registration date only. Children enrolled in Session I will be given first opportunity to register for Session II.

For further information on times and location call the Niles Park District at 967-6633.

Summer Employment
The Niles Park District is now taking applications for summer recreation positions. Positions include Playground and Day Camp Leaders, Specialists, Projectionists, and Swimming Pool Personnel. The Park District is also looking for a Bus Driver with a "C" license to drive for the Summer Day Camp.

For applications and further information, contact the Niles Park District at 7877 Milwaukee ave., or call 967-6633.

Skiing at Four Lakes
The Niles Park District has 3 more Ski Trips to the Four Lakes ski area. The bus will leave the Grennan Heights Recreation Center at 5:45 p.m. on Monday evenings and return approximately at 10 p.m. The 3 remaining dates are Jan. 20, 27 and Feb. 2.

Anyone interested in just going skiing for the evening and not taking lessons may register for one or more of the Monday evenings. This will include bus transportation, rental of equipment and use of the lift for the evening. The cost will be \$10 for residents and \$20 for non-residents. For those with their own equipment, \$4 may be deducted. Register immediately for the Niles Park District ski programs.

Maine East Gymnastics

(by Pat Canfield)

Friday, Jan. 17, Maine West will host Maine East, beginning at 6:30 p.m.

Coach Gardner is very confident about the meet and stated, "East will win."

Coach Gardner hopes to have as good a meet against Maine West as his team did against Glenbrook North on Friday, Dec. 20. The Maine East varsity scored 122.70 to Glenbrook North's 100.00. Maine East won every event except for the floor exercise.

Highlighting the meet was John Gervins, averaging 8.25 on the high bar. Also contributing to the win were John Giovenco, averaging 8.15 on the side horse; Mike Schwarz 7.95 on rings; Cary Betti 8.05 on the parallel bars; and Stan Kutin, replacing Dave Nellessen as all-around man because of a hurt wrist, averaging 5.95.

Coach Gardner commented on the meet by stating, "It was a really good meet for our varsity squad, and Stan Kutin did very well as all-around man, and he will continue as the all-around man along with Dave Nellessen."

The freshman and sophomore squads didn't fare as well as the freshmen were downed 46.42 to 36.08, and the sophomores were defeated 52.07 to 47.36.

On Saturday, Dec. 21, the annual Maine East Invitational was held for the varsity. Niles West won the very close invitational with 50.95 points. Niles East was second with 49.90 points, and Hinsdale Central placed third with 48.60 points. Maine East placed seventh out of thirteen schools with 46.20 points, improving greatly over last year's twelfth place finish. Maine East was only 2.5 points from third place and only 4.5 points from first. John Gervins put in an excellent performance placing second on the high bar; Mike Schwarz placed fourth on the rings; John Giovenco placed seventh on the side horse; Cary Betti placed eighth on the parallel bars.

Also, on Jan. 4 the Maine East varsity continued its winning streak by defeating Buffalo Grove 108.85-97.05.

N.D. swim team loses Maine East varsity swimming

(by Ron Reeve)
The Notre Dame varsity swim team lost to Glenbrook South on Jan. 11 by 113-50. The J.V. team also lost the same afternoon 108-46. Yet the record shows that the N.D. swimmers turned in the best individual performances of the season.

The varsity 400 yd. freestyle relay of Eric Otten, Steve Gould, Ed Zonsius and Brian Walsh took a first place.

The Dons took a second place in four events: Don Knill in the diving, Ed Zonsius in the 500 freestyle, Tim Burke in the 100 backstroke, and Jeff Stahl in the 100 yd. breaststroke.

The J.V. swimmers took three first places. Dave Herdich took first in the 50 yd. freestyle, Jim McNab in the 100 back, and the 400 yd. freestyle relay of Herdich, McNab, Dennis Brand, and Bill Meyer also won.

The Dons swim St. Patrick H.S. on Jan. 17 at 4 p.m. They swim Lake Forest on Jan. 18 at 2 p.m. The meet with Prospect is on Jan. 21 at 4 p.m.

Maine East varsity swimming

Highland Park has about the same record as the Demons, and he also stated that they have three outstanding swimmers in each event.

The second meet, which will be against Elk Grove on Saturday, should really be no problem for the Demon swimmers Coach Davitt explained. This is because Elk Grove has lost most of its meets this year and also because they have only three or four individuals that will beat Demon mermen. Elk Grove lost a couple of their good swimmers last year.

Student teacher

Dennis H. Sullivan, son of Mr. and Mrs. Gerald Sullivan, 7328 W. Breen st., Niles, is participating in the student teaching program at North Central College in Naperville during the 1974-75 winter term.

Sullivan is teaching physical education at Lincoln Jr. Hi in Naperville as a part of his requirements for state teacher certification.

A 1971 graduate of Notre Dame high school, Sullivan is a senior at the four-year, coeducational, liberal arts college.

And in a meet on Dec. 20, the Deerfield swimmers defeated Maine East by a score of 89 to 83—thus ending a four meet winning streak for the Demons and giving them their first loss of the year.

First places in this meet were few and far, for the Demons were only able to win two events against Deerfield. The first places went to Chris Dickson in diving with 221.40 points and to Jon Tice in the 200 yard medley with a time of 2:11.144.

Maine East Varsity Wrestling

[by Len Tomaszewski]
While many were feasting over the holidays, the Maine East wrestling team had to watch their diets as they participated in two dual meets and a tournament over the holidays.
The week-end of Dec. 20-21 found the varsity grapplers dropping two, losing 24-17 to Niles East and 40-6 to Waukegan. Seniors Kurt Schmidt at 112 and Mike Semmerling at 155 won both matches. Coach George Jurinek had this to say on the losses. "We should have won at Niles East. Each team had six winners, but their two pins made the difference. Waukegan was a disaster. They were just too strong for us." At the tough 16 team Palatine tournament held Dec. 27-28, the Demons finished in 11th place. "We wrestled poorly, making too many mistakes and these kept us out of the finals," he explained. Place winners were Junior Mike Florio at 132-a second and Kurt Schmidt at 112-a fourth. "Mike wrestled very well throughout the tournament, then a mistake got him in the finals. Kurt is wrestling well for us at 112, but he's small, a 112 pounder, and he's getting out-muscled," commented Coach Jurinek on their performance. Senior Claude Grant at 185 also won the white consolation bracket of the tournament (around 8th place).
The Demons are now 2-6 with 9 meets left and state competition. "We could possibly win 50 percent of the dual meets and make a strong showing in state competition. With Ken Ujlilye (knee injury) and Bob Capozzoli (broken wrist) back in the line-up by districts, we should be strong," said Coach Jurinek on the upcoming future.
Upcoming competition will be Jan. 17 against Highland Park (away) and Jan. 18 against Addison Trail (away).

N.D. Hockey team now 25-14-3

[by Mike Lemanski]
Notre Dame's icemen took a 2nd place in the Niles Park District four team holiday tournament. Other schools entered were Maine East, Niles East, and Niles North. Maine East was 1st, Niles North was 3rd, and Niles East was 4th. Games were played at the Niles Sports Complex.
In the opening of the tournament on Dec. 30, the Dons completely demolished Niles East by 13-0. Joe Colasuono scored five goals to tie a N.D. record and Matt Berrafato recorded his second shutout of the season.
The next night in the championship game, N.D. was completely outplayed by a spirited Maine East team by 8-4. Tony Salemi was the lone Don to shine as he scored a hat trick for 3 points.
The Dons opened the New Year on Jan. 2 with a 5-2 victory over Hinsdale South. Five different Dons scored in a hard fought and clean battle.
On Jan. 4, N.D. defeated Homewood-Flossmoor for the second time this season. The score was 3-2. Once again the Dons skated with varying offenses topped off by a good defensive effort.
The Dons were defeated by Glenbrook North on Jan. 5, the 2nd place Metro League team. The score was 4-0. The Dons managed only 16 shots on goal the entire evening.
Notre Dame's record now reads 25-14-3.
