Oakton Plans Community Day

From the LEFT HAND

Thursday night we met an old friend we hadn't seen for at least 10 years who reminded us about the drastic drop in school enrollment at the Oak School in Niles. He said the number of students has dropped from a high of about 800 down into the present 300's.

Back in January we wrote a column noting there are now 19% fewer students in elementary district 63 than there were in 1970. The 7,300 figure had now dwindled to 5,916 students. More enlightening there are presently 2,845 students in the upper four grades and only 2,474 in the lower grades one thru four. This is an additional drop of 14%.

Obviously, the older areas in the district east of Milwaukee Avenue are experiencing a rapid deceleration in enrollment. But in one school, the Nathanson School, west of Milwaukee Avenue, has an overcrowding which will require a transferring of about 100 students to neighboring Stevenson School and about 85 students there will move to the Ballard School. This movement of children is the reason the administration and the majority of the school board favor building a \$475,000 addition to Apollo Junior High which will be used for administration offices.

In January it was proposed a new administration center was to be considered on one of two 3 acre sites in the district. But when it was determined it would require voter approval for the new building, the plan was abandoned because of the likelihood residents would defeat the proposal. The addition Continued on Page 21

District 63 Kindergarten Registration

East Maine School District 63 will hold kindergarten registration on Thursday and Friday, March 13 and 14 at each elementary school in the district. Children registering for kindergarten must be five years of age on or before Dec. 1, 1975, and those entering first grade for the first time, or who are new residents of the district (without previous kindergarten experience), must be six years of age on or before Dec. 1, 1975. A certified copy of the birth certificate must be presented at the time of registration of the child cannot be enrolled. For children born in Cook County, a certified copy of the birth certificate may be obtained from the Cook County Clerk's Office, 130 N. Wells st., Chicago, 60606. A \$2 fee is charged for this service. Checks should be made payable to Cook County Clerk. All children entering kindergarten for the 1975-76 school year must have a physical examination and immunizations for measles, German measles, polio, diphtheria, tetanus and pertussis. The evidence of such examination and immunizations must be brought up to date and verified by school officials before a child will be admitted to school in the fall. Continued on Page 21

Burglaries continue in Niles

A gas station attendant reported that two men attempted to hold him up Saturday night, Feb. 22, at 11 p.m. No weapon was displayed at any time and no money was taken, said Niles Police.

The attendant was servicing a car in the Mobile Station, 7201 Harlem, when he noticed a car pull into the station and park on the east side, said police. One of the men entered the station office and asked for change for the candy machine. After receiving change he said, "I can use more money." The attendant replied "not from here", locked the register and pocketed the key.

The offender punched the attendant several times in the face, knocking him to the floor, then left the office and entered the waiting car which then went Continued on Page 23

Noted Chicago-area artists, political leaders, and educators will be featured guests at the annual Community Day of Oakton Community College on Sunday, March 16, from 1 to 5 p.m.

Speaking at a series of informal meetings during the afternoon will be Jack Mabley, columnist for the Chicago Tribune; Gwendolyn Brooks, noted black poet; Abner Mikva, U.S. Congressman from the 10th District; Henry Mazer, assistant conductor of the Chicago Symphony Orchestra; Mary Alice McWhinnie, the first woman scientist to work at the South Pole; John Nimrod, State Senator from the 4th District; and Bernard Brown, investigator with the Chicago Police Department and an authority on drug-related problems.

Oakton's Community Day program will climax the Fifth Anniversary Observance for the college in 1975. The college, established by a referendum in April, 1969, is in the second semester of its fifth year of operation. Planning for the Fifth Anniversary Observance began last fall with the assistance of a community advisory committee. John Means, a Des Plaines resident and former chairman of the Board of Education of Maine Township High School District 207, served as chairman.

Theme for Oakton's Fifth Anniversary observance is "Five for the Community." College officials point out that the theme was adopted when the committee observed the number of coincidences of the number five in Oakton's history.

The college is charged by law with five mission: college transfer education, vocational/technical training, general studies, continuing education, and community Continued on Page 21

Tidwell seeks Trustee post

(By Alice M. Bohula)
Wilton Jean Tidwell, a resident of Niles for 14 years, plans to run as an independent candidate for village trustee in the April 15 elections.

He has elected to try for one of the two, 2-year seats on the Board, because, he said, "You have to walk before you run... I'd have the opportunity to see, in the 2 years, whether I belong on the Board and whether I have something to contribute... and I think I do."

Tidwell, 38, holds an independent contract with State Farm Insurance Co. and maintains an office at 8700 Dempster, next to the Dempster Plaza Bank. Formerly employed as a foreman with Cooke Electric Co. in Morton Grove, he decided 7 years ago to enter the insurance business. Married at an early age, he lives with his wife on the west side of Our Lady of Ransom Church at 8345 Western ave. His two children are grown and married, one living in Carpentersville and the other in Des Plaines.

Tidwell said he became interested in local and national government at an early age.

He believes Niles has been progressive and he would like to see it continue. "No real, overpowering issues have been ad-

vanced by any of the candidates seeking the trustee seats," said Tidwell. He claims not to be in opposition with any of the candidates, but "I'll do as good a job and probably better than those who are running for the posts, because I am truly interested and would like to be on the Board... There are two relatively unknown people seeking the 2-year posts. Even if they are incumbents, they were appointed to fill vacancies, not really elected by the people. They don't have the experience to run on their records."

He is deeply concerned over two problems in his area — the "high" rates charged by Commonwealth Edison Co. and the poor service rendered by Central Telephone Co. "Something needs to be done about both to help the residents on the west side of Niles."

The Board is weighted heavily in favor of the east and northeast part of Niles said Tidwell. "None of the trustees live in the western part of Niles and I would like to represent this west side."

It is also his belief that since he lives in the Park Ridge Park District a seat on the Niles Board may "help to get the area some park district services and parks."

He plans to run a very low

budget campaign, but "having a large policy holder base, many people already have offered their services to get me elected."

His wife is enthused over his entering the trusteeship race he said and wants him to win.

Two other independents have filed for the two, 2-year posts: Niles Park Commissioner Walter Beusse, 8340 Octavia and Frank Kerns, 7853 N. Nordica.

The three, 4-year trusteeships are not contested. Incumbents Ang Marcheschi, Richard Harczak and Ralph Bast are running for re-election. The two, 2-year posts are held by Carol Panek and Abe Selman, both appointed to fill vacancies on the Board.

All five incumbents filed petitions on January 6, under the Village Economy Party (VEP) banner.

Pete Pesole holds the sixth trustee seat on the Board and will be up for re-election in two years.

The Niles Youth Center has announced its second free dance to be held Friday, March 14, at the Youth Center, 8060 Oakton, Niles. The dance, which is scheduled from 7:30 to 11 p.m., will feature the popular rock group Journey, a top suburban band.

It is expected that over 500 teens will attend the dance, which is free to youth aged 13-17. Youth Center dances, which are held every Friday night, have been attracting over 200 teens each Friday since they began regularly in January.

The dances, as well as the regular Youth Center activities, have been drawing a very mature and responsible group of teens," according to Trustee Abe Selman. Selman further said that "while we do not discourage any group of youth from attending Youth Center functions, those who do participate are mainly a cross-section of responsible, well-behaved teens. Contrary to some rumors being circulated, the Youth Center has not become a

hang-out for what some would describe as a crowd of "toughs" or "greasers".

The Youth Center has issued an open invitation to the parents of all Niles Youth to visit the Center and judge for themselves the type of fine youth that frequent the Center.

Other rock groups being featured at the Friday night dances are: Episode, March 7; Journey, March 14; Mountain Ash, March 21; Runway, March 28.

Maine Gymnasts take first place

Maine East had three gymnasts taking first place honors in recent district competition. First on trampoline was Frank Crigger, first on parallel bars was Stan Kutin, and first on rings was Mike Schwartz. In addition, John Giovenco was second on side-horse, and John Gervens was fifth on horizontal bar.

Also qualifying at districts were Dave Nellesen on rings and all-around; Mike Nybakken on rings and horizontal bar; Mike France on horizontal bar; Carl Sorensen on trampoline and in floor exercise; Cary Betti on

parallel bars; and Stan Kutin in all-around. In the eleven school Central Suburban League, the varsity Demons tied for fourth place with Niles North. The record was 7-3. In the five school north division the varsity gymnasts are second with a 3-1 record.

The sophomore gymnasts are seventh in the C.S.L. with a 4-6 record, but in the north division Maine East finished fourth with a 1-3 record. In the C.S.L. standings, the freshmen Demons carry a 5-5 record and are sixth.

Notre Dame coach earns 200th win

The past week saw the varsity fencing team reverse its losing ways and also the sophs receive its first loss. Against New Trier West, the varsity faced a tough team, but on the "A" strip, the team went 3-6. The "B" strip again was called to pull the team out from a difficult position. Gary Brown and Steve Basista went 3-0 to make the meet 8-8 then 9-8. At this time, we had a touch ratio of 6 which meant that if we lost the final bout, we would still win. The final bout was with Greg Gerard who won 5-0 to win the meet 10-8. The team is now 20-4 with a

possible 21-4 against Niles West. The sophs had their own difficulty as they lost the "A" strip 7-2 in a surprise turn. For the "B" strip to win 8 of 9 was an impossible task. The fencers made it 8-8 and dropped the last 2 to lost 10-8 and it puts the team in 2nd place in the conference unless New Trier West loses to Maine South. The sophs are 9-1-1 and could go 10-1-1 after Tuesday and could be 1st on Wednesday. The state fencing championships will be held at Huff Gym, Champaign, from March 7-8. With all over glory gone one

ray of light remains. The Sophs, by winning four of six events in the intersuburban championships this past Saturday, gave their coach, Rev. Lawrence Calhoun, his 200th victory in 8 years. The team took 4th place in the meet. The results were: 1-Maine South, 40; 2-New Trier East, 33; 3-New Trier West, 31; 4-Notre Dame, 25; 5-Niles West, 24; 6-Niles East, 22; 7-Gordon Tech.

If so, don't. The OCC/MONACEP Women's Outreach Resource Center tackles the topic in a program called "What Every Woman Should Know" at the Skokie Public Library, 5215 Oakton, on Thursday, March 13 at 7:30 p.m.

Chicago attorney Alan Jacob will discuss wills, probate, trusts, insurance and other topics both married and single women should understand. The Center is open from 9-3 daily except Thursday when hours are 7-9 only. The Center is open on Thursday afternoons at OCC, 7900 N. Nagle, Morton Grove, from noon to 4 p.m. in Room 228, Building 2. A free film program is offered every Thursday at 1 p.m. in Room 223. On March 13, "Values in America: The Parents" will be shown. Discussion will center on the changing problems of today's parents.

The Visiting Nurse Association of Skokie Valley, an agency which provides physical therapy, professional nursing care, speech therapy and homemaker service to the home bound patient, for the residents of Skokie, Lincolnwood, Morton Grove, Niles and Golf, recently hosted a meeting of the Illinois Council of Home Health Services, a statewide organization of nurses and other professionals who provide health care in the home.

Cooperative nursing program

A cooperative degree nursing program with Triton College was ratified by the Oakton Community College Board of Trustees on Tuesday night, Feb. 25.

If the nursing agreement is approved by the Triton College Board of Trustees and the Illinois Community College Board, the program will go into effect for the Fall, 1975, term.

Kathleen Arns, assistant vice president for vocational curricula, indicated that the Triton nursing program is professionally recognized as being solid and of high quality.

Negotiations for the cooperative program began over a year ago. Oakton has petitioned the ICCB for a degree nursing program of its own but has been turned down because of a statewide moratorium on health-related career programs for the Illinois Board of Higher Education.

There is also been considerable community pressure for Oakton Community College to provide a registered nursing program for the convenience of its residents.

Oakton residents will register at Triton College. For information about the program, call the Admissions Office at Triton College in River Forest (456-0300).

Alice in Bugleland

by Alice Bobula
967-8196 -- 966-3900

I would like to have my blood pressure taken to find out if I have high blood pressure, due to a dizziness I have felt lately. Is there somewhere in Niles I can have this done?
M.D.
According to Niles Health Officer Wm. Hlavacek, a free blood pressure program is held on the 3rd Thursday of every month from 4 p.m. to 8 p.m. at the Administration Building, 7601 Milwaukee ave. For further information call the Health Dept. at 967-6100.

What can be done about the evergreens in the parkway at the northwest corner of Washington and Church? They pose a problem for motorists at that corner.
B.P. in M.G.
We checked this out and the trees are leafless at this writing, with no problem. However, Village Manager Scheel said the area would be checked out in the spring. If it does cause problems, he said, some action will be taken.

With regard to the traffic lights at Harlem and Main st. and on Golf rd. at Washington, why not flashing yellow lights after certain hours? Even at midnight traffic must stop for a red light when there is little or no traffic on side streets.
B.P.
The suggestion has merit, said Niles Police Capt. Bill Mehrin, but would have to go through state channels for approval. We doubt whether the time and cost involved to adjust the equipment would warrant the change.

When is Sherman rd. going to be curbed from Waukegan rd. to Dempster? Whenever it rains there is a sea of water in front of my home. When I asked this sometime ago, I was told the village was out of funds.
C.W.
The Board of Trustees has not approved the capital improvements program for this year, said Village Manager Ken for 1975-76.

Is Niles going to participate in the Bicentennial Celebration?
J.R.
Niles has been accepted as a Bicentennial community and will receive a Certificate and Bicentennial Flag. Plans are underway for organizational celebrations during the Bicentennial period of July 5, 1975 to Dec. 30, 1976. We understand a 4th of July parade will kick off the events in Niles.

Can something be done about the gutter area along Milwaukee ave. siding Maryhill Cemetery, opposite 7-11 at 8703 Milwaukee ave.? Whenever there is a rainfall a small lake forms and motorists going south on Milwaukee in the left lane undergo blinding water sprays from cars being driven on their right. G.H.
We underwent this experience personally, and it's scary. Village officials admit the area is a hazard and have contacted State officials who have promised to take care of the problem in the spring. Installation of a permanent sewer basin is necessary, which would extend approximately 1,000 ft. north on Milwaukee to hook up with the Dempster-st. sewer.

We have been waiting a long time for a park off Sherman rd. - the cemetery site. Money has been set aside to buy this land several times. Meanwhile land values go up. Why can't the Park buy this land and develop it?
A Sherman rd. resident of 10 years, B.A.F.

The park attorney is taking a look at the total picture of the Sherman property in anticipation of finalizing this purchase, which together with Greenwood Park will conclude Park District obligations for buying land under the referendum, said Park Commissioner Walter Beusse.

When the plastic garbage bags were first introduced to village residents, the Niles Village Manager said that the bags would be \$2.50 per 50 and that the system would add in garbage pickup, which would end in a lower pickup cost and ultimately the cost of the bags would go down. Why have the bags increased in cost now to \$.85 per 50?
Don C., Niles

In order to maintain the quality of the bags, prices have gone up due to the increased cost of plastic, which is a petro-chemical, said Village Manager Scheel. We are trying to buy the bags in larger quantities in order to bring the prices down. Village pickup rates are lower, due to the number of people using the bags, than if we went back to using the cans.

Homeowner apprehends burglars

Approximately \$500 in clothing, cash and a diamond ring was taken when owners of a residence in Golden Acres, in north Niles, returned home unexpectedly on Saturday afternoon, March 1, and surprised three 15-year-old youths in the act of burglarizing the residence.
The youths fled, followed by the homeowner who apprehended them and notified Niles Police. According to the Niles Youth officer, all the property was recovered except a part of the currency and the ring.

Anne Tipitino cuts first record

Anne Tipitino of Harms rd., Morton Grove, recently experienced one of the highlights of her life when she recorded one of her own songs and heard it played for the first time. The record was cut by professional singers and musicians in Nashville, Tenn.

Anne says she has always loved music and two years ago she got the inspiration to try to write songs. Even if she neither sings nor reads music, she plays the piano enough to write songs. "When I get an idea for a song," she says, "I hear the words and music together."

So far she has written 24 songs and her critics say she is a very creative writer.

"Bundle of Love" is the title of one of the songs on the record which will be on the market for sale about March 1. This song, Anne wrote for her daughter, Nancy, 18. On the flip side is the song, "The Little Boy Said," which she wrote for her son, David, 20.

For all young people who hear her songs, Anne hopes to convey the message that "even though we try hard to do a good job, parents are human and make mistakes. But parents love their children, more than they'll ever know."

Ann is a part-time cashier for Jake's Restaurant, 7740 Milwaukee ave., Niles. For information call 965-7051.

Lions thank MG citizens

Mayor Jules Bode signs a proclamation declaring the week of March 2 thru March 8, as Lions Recognition Week in the Village of Morton Grove. The event was witnessed by village trustee John Hilkin, (left) and Lion President Roger Peterson.

Dear friends and neighbors of the Morton Grove Lions Club: By proclamation of Governor Walker, the State of Illinois is celebrating the week of March 2 thru 8 as "LIONS RECOGNITION WEEK." We are most honored to have Mayor Jules Bode and Trustee John Hilkin sign a similar proclamation for the Village of Morton Grove in recognition of "Our Lion's Club."

Many of you probably think of us as those guys who sell the candy rolls on the corners every year. You don't read much about us in the local papers, as we don't blow our horns as much in that respect. We assure you our horns blow very loud and clear when it comes to being involved and helping those people less fortunate than we, when a helping hand is needed.

We are, also, involved in the betterment of our community. We are very proud to say that we have become known as, "The Club with the Lion Heart," and for this we must say THANK YOU! Our friends and neighbors of Morton Grove. It is through your generous donations to our fund raising activities and to those one hundred and fifty hard working LIONS, that we have become one of the largest and most outstanding clubs in our district and State.

We are chartered by and under the jurisdiction of the International Association of Lions Clubs. There are now 17,980 Lions Clubs in 122 countries or geographical locations on six continents with Lion membership well over one million. Lions Clubs are a non-partisan, non-sectarian service organization composed of the community's leading business and professional men. Our Motto is "WE SERVE." And my friends, truer words cannot be spoken of your Morton Grove Lions Club. We work with, support and serve the following organizations: The Hadley School for the Blind, Leader Dogs for the Blind, Dialogue (a recorded magazine publication for those who cannot read print), Camp Lions for Boys and Girls, The Illinois Society for the Prevention of Blindness, The Crusade of Mercy, C.A.R.E. and the Cancer Fund.

In our community, we support the Morton Grove Little League, Blood Donor, Needy Family Care,

The American Legion Poppy Day, Chamber of Commerce, Morton Grove Days and free eye examinations for people of all ages. You may ask, "What do we do in our spare time? We'll tell you. We collect green stamps so we can purchase braille type writers for the blind. We have purchased many such machines. Our club shall continue to work very hard in support of these many heartfelt activities and to all ways, be a friend to one in need. To do this we pray for your continued support.

Our Club recently celebrated its 35th Charter Anniversary and were privileged to have a great and outstanding charter member, Art Loutsch, as our guest speaker. Many of us know Mr. Loutsch as the Niles Township Historian and he spoke of the early days of our club and the part our club members had in the development of our great Village. We truly felt proud and honored to be citizens of Morton Grove, and even more privileged to be Lions. It is with great humility that we must again say "THANK YOU" for your support and "THANK YOU" for giving us the honor "to serve."

My sincerest gratitude, Roger F. Peterson, President, Morton Grove Lions Club

Proud Niles Lions member

March 2 to 8 is Lions Recognition Week in Illinois. In connection with that, one of the members wrote the following article. His name is Lenard Spiek. Both he and his wife are blind. He is a student at Oakton College working for a teaching degree. They moved to Niles 5 years ago.

"Last year I had the privilege of being inducted into the Niles Lions Club. I was a bit nervous when the oath was administered, but I soon felt at ease within a group of men with the warmest hearts I know. Extending their hands in good fellowship they all said about the same thing to me: 'Lenny, if you or your family ever need anything, please feel free to call on your fellow Lions.'"

During a conversation with one of the members one evening I learned that the Lions clubs fund the Leader Dog School in Rochester, Michigan. The dogs are trained to act as guides for blind people. This was of particular interest to me since my wife, Shirley, is blind. In the past she got around quite effectively using a white cane. However, since we moved to Niles with the fast moving traffic and lack of sidewalks in some areas I thought it would be impractical for her to

travel completely alone. We were becoming increasingly concerned since she would soon have to take our daughter, Sheryl, back and forth to school. A Leader dog seemed to be the perfect solution.

Shirley left last August for Rochester, Michigan to undergo a four week training course at Leader School. She became acquainted with Sandy, a beautiful Golden Retriever, and they worked together and lived together until each knew the other behavior, moods and manners. There aren't enough words to be said for Sandy who has been trained magnificently to guide blind people outside their homes. I have never seen my wife move down the street so fast before, and with such ease and confidence. The two are a real team. They travel everywhere doing the daily chores such as shopping, taking out daughter to and from school, or simply going visiting.

Sandy pauses at curbs and stairs, takes directions either verbally or by hand signals and is always on guard for moving traffic. Shirley has often remarked,

"With Sandy at my side I can cross Dempster with complete confidence."

One day while my daughter and I were walking behind my wife and Sandy on our way to Golf Mill, a man stopped to ask Shirley: "Is that dog for real? I've never seen one before." "He's the best guide I have ever had." I have to admit it myself, when the two are working together I almost think of Sandy as human. He is a real part of the family and our daughter Sheryl plays with him in the house once his harness is removed.

As a Niles Lion I am proud to be a member of an organization which sponsors such worthwhile endeavors. These men give from their hearts and make it possible for anyone who is blind to obtain a Leader Dog completely free of charge including the four week stay at the school.

For a lady who has been given back her eyes and confidence through the eyes of a dog whose loyalty is cherished—thank you, Niles Lions."

Delay zoning on Avondale Branch Bank

[by Alice M. Bobula]
Action on a Special Use permit for an Avondale Savings & Loan Branch Bank at 7456-60 Oakton st. was again delayed by the Niles Zoning Board, Feb. 26, to meet village requirements for parking. Petitioner was told to re-appear at the April 9 hearing.

During the initial Oct. 30 appearance before the Zoning Board the petition by Avondale Savings & Loan Association, 2965 Milwaukee ave., Chicago, had been continued; pursuant to approval from State Commission for a second facility. Approval apparently was granted in November.

Under the Special Use ordinance, banking facilities are required to have 20 spaces for parking. Four proposed parking plans were presented by village engineers during the Wednesday night hearing. Approval of any one of the plans or of a plan submitted by the petitioner and meeting parking requirements could result in approval of the Special Use branch bank permit said the Building and Zoning director.

According to Conrad Nagel, Association Secretary, the Avondale Savings & Loan Association plans to occupy the northeast corner of Milwaukee & Oakton, a building which houses Foremost Liquors, a Sara Lee Retail Store, Niles Drugs and a now empty store vacated by Nu Dimensions.

The Avondale Service Corp. has owned the building since Oct. 1, 1972, and plans to occupy the vacant store. Foremost Liquors' lease expires June 30, 1980, and a lease held by Niles Drugs "has another 9 years to run." A lease held by Sara Lee expires next Sept. 30, 1975, and according to Nagel, Sara Lee "intends to move out of Niles."

Approximately 50 people from the Avondale-Logan Square Community vociferously protested the banking move during the Wednesday night hearing.

A spokesman for the Logan Square Concerned-Citizens informed the Board that five meetings had been held in the interim, protesting "the removal of our savings dollars from the community." A letter of appeal

Indian Chief, Jeffrey Herbig of 6518 Nordica along with his squaws and other dancers of Dee Dee's Dance Studio in the Golf Mill Shopping Center, have been kept very busy doing benefit shows. Each show also means extra rehearsals.

Included in their schedule for the month of Feb. were repeat performances at the Golf Mill Manor-Nursing Centre. They also entertained the Women's Club of Niles at the Bunker Hill Country Club and the Norwood Cub Scout's Blue and Gold Dinner.

Besides doing something for others, the children are getting valuable experience in appearing before the public.

Frank Herbig, Jeff's Dad also gets into the act. He has been doubling as Stagehand and Assistant Manager.

Roosevelt graduates

More than 400 January graduates of Roosevelt University received diplomas from University president Rolf A. Weil at commencement exercises, Jan. 20 in the Auditorium Theatre. Approximately 260 bachelor's degrees and 160 master's degrees were conferred. Included were: Larry J. Cohen, 7024 Greenleaf, Niles; Michael Glazer, 7323 Karlov, Lincolnwood; Christopher M. Teacherson, 6619 N. Drake, Lincolnwood.

In other action the Zoning Board recommended to Village trustees that Karate and other martial arts be placed under a parking requirement ordinance. Any business not categorically expressed under the Zoning Code must come before the Zoning Board to meet parking requirements, said Zoning Commissioners.

There are four schools already in operation in Niles: Super Karate & Judo, in Lawrencewood; Olympic Karate Studios, 8111 Milwaukee ave.; Chi Academy of Judo and Karate, 7952 Oakton st.; and Northwest Academy of Oriental Martial Arts and Physical Fitness, 8858 Milwaukee ave.

In a second recommendation to the Village Board for approval, Zoning Commissioners asked for an amendment to the Niles permit terminate at the cessation of use, following a period of 90 days, at which time the property will revert to the original zoning. The Zoning Board also unanimously recommended that a Special Use ordinance not become operative until the petitioner originates the use as requested.

"Fiddler on the Roof"

Golda (Beth Salzman) leading her family and guests in "Sabbath Prayer" from "Fiddler on the Roof."

"Fiddler on the Roof", the famed musical coming to Niles West H.S. on March 13, 14, 15 (with a senior citizens performance on the 12th) ran seven years on Broadway, surpassing the run of the once all-time long-run record holder, "My Fair Lady." Oddly enough, "Fiddler on the Roof" is set also in a past period. It takes place around 1905, close to the era of Bernard Shaw's tale for "My Fair Lady", and its locale is even more remote for Americans than Shaw's London—a village in Russia under the rule of the Czar.

And yet, in contrast to "My Fair Lady", this newer musical smash-classic is not a quaint period piece. It's "now" stuff for Americans, according to Robert Johnson, Director of the Niles West production.

Running through "Fiddler", the points out, are such modern concerns as police brutality, the generation gap, student protests, the crumbling of established traditions, race discrimination, the threat of imminent revolution. "Isn't that up to date?" asks Johnson. "It sounds as if it were right out of 'Hair'."

The authors of "Fiddler" were concerned, on the eve of its historic New York opening, that it might appeal only to those who themselves remembered, or maybe whose parents remembered, the vanished life of the Jewish villages in Russia pictured in the show—an audience limited ethnically and generationally. It turned out, however, that "Fiddler" warmed audiences of every racial origin and every religious persuasion—not only in America but also in Japan, Mexico, Turkey, Brazil, South Africa, Iceland, England—24 nations in all.

True, its audiences during the Broadway run were predominantly over-thirties. (Broadway box-office prices made this true for nearly all shows). "Fiddler", however, reached its peaks of wildly enthusiastic receptions as it was toured to college campuses, where the reaction of students was tremendous.

The actors of the touring company figured out why—the students identified with the rebellious student Perchik in the show, felt allied to all the younger people who are breaking the hallowed traditions of the elders.

"The Big Sleep"

"The Big Sleep", a 1946 movie starring Humphrey Bogart, Lauren Bacall and Dorothy Malone, will be shown at 8:15 p.m. on March 7 in Building 6 of Oakton Community College, Oakton and Nagle, Morton Grove. Admission is free for OCC and MONACEP students; a 50 cent donation is requested of others.

"The Haunting of Hill House"

Was Hill House born to be bad, or was its evil personality molded by the strange people who lived there or the things they did?

This weekend audiences at Guild Playhouse in Des Plaines have the exciting prospect of sharing with a company of seven actors, chilling experiences of supernatural and psychic phenomenon as Des Plaines Theatre Guild presents *The Haunting of Hill House*, based on Shirley Jackson's novel of the same title.

Performances are Friday and Saturday nights at 8:30 p.m., March 7, 8, 14 and 15, and tickets may be reserved by calling 296-1211 from 12 noon until 8 p.m. daily except Sunday.

ED HANSON

That legendary character, the real "Nick the Greek" once said to me beside a crap table in Las Vegas: "Ed, the dice don't know who's throwing them."

This was more than 20 years ago when Nicholas Dondolas was about my age now and the pruning knife of time was whittling him down. Although I'd known him several years previous, this time he was starting on a long losing streak from which he would never pull out. Death ultimately overtook the old gambler-philosopher for which I'm sure he was thankful because as he told me old age with money is bad enough, but old age, particularly to a compulsive plunger, without money is far worse than death.

That day he made the remark about the dice he had a bankroll of 16 thousand in hundred dollar bills. Nick was a back-line bettor (with the house) and I watched while a young kid of 23 rolled 16 consecutive passes and "busted" old Nick out.

Nick was old then and his backers had lost confidence in him, which is the way of the world, and he never again was able to put together another big bankroll and win those fabulous amounts of several hundreds of thousands which he'd done so many times during his extraordinary career.

A lot of people confuse the present "Jimmy the Greek", an odds maker from Vegas, with the original "Nick the Greek", the greatest of all gamblers who have thus far lived. The present "Jimmy the Greek" couldn't shine. Nicholas Dondolas' shoes and as a selector of any sports, he can't pick his nose.

The real "Nick the Greek" told me he became a gambler as a result of the death of his 18-year-old Grecian bride who only lived a few days after they were married. After her death Nick got really stone-drunk for 30 days, during which he recklessly played the races in Canada and won close to a million bucks. After he sobered up, he lost back a quarter of a million and quit playing horses and never played 'em again. His "bag" was poker and dice forever after because he realized that winning on horses was just dumb luck where skill or experience had no meaning.

During his long career "Nick the Greek" gambled about 100 million dollars. And this was over a span of more than 40 years of constant gambling. I see where Telly (Kojak) Savales will play the part of "Nick the Greek" in an upcoming movie. It should be an interesting flick.

Another gambling business is the record business. I understand that Anne Tipitino of Morton Grove and a part-time cashier for Jake's Restaurant of Niles recently recorded two of her own songs, "Bundle of Love" and on the flip side "What the Little Boy Said." These songs, for which Anne wrote both words and music, were recorded by a professional firm in Nashville, Tenn. Anne has hopes to win a gold record and if the chips fall right, she may. Next Sunday, March 9, Anne will appear at Jake's Restaurant, 7740 Milwaukee ave., Niles, to sell and autograph her new record... you can hear it on many of the area's juke boxes now. Anne has her own company called Antino Productions, 8933 Harms rd., Morton Grove. For more information call 965-7051 (see news story this issue).

Here's a deal that's a sure thing — you can't lose! Next Monday, Tuesday and Wednesday, Jake of Jake's Famous Restaurant will give you a quart of his delicious homemade soup free. All you have to do is buy one quart for the regular price of \$1 and you get the second quart free! Yes, March 10, 11, 12 - Mon., Tues. & Wed. - buy one quart of Jake's homemade soup and you can get one free!

Jake made a few bucks this winter and what did he do? Bet it on a nag or the roll of the dice? No way! Jake put his profits right back into his restaurant by buying brand new dishes called the "Black Princess". These new dishes will replace all the old dishes throughout his restaurant. These beautiful new dishes will make Jake's quality foods taste even better but there's no increase in the prices.

In fact, even with new dishes, Jake is giving away free ice cream for dessert with all his "All You Can Eat" specials. And these "All You Can Eat" specials are only \$1.85 Monday thru Saturday from 3 p.m. to 10 p.m.

Jake also offers a free Caesar Salad with any dinner off the menu and on Saturday and Sunday children are half price and have 5 choice items to choose from.

And for the little 'kids', remember Jake features his big Treasure Chest which is filled with toys for the tots.

And Jake has a complete line of fabulous fountain creations from delicious sundaes to his super, super banana splits. And if it's your birthday and you can prove it, Jake will give you your choice of any of his super fountain creations which are a meal in themselves.

Even if you've gambled and lost, at Jake's you can be a winner. Your losing lottery tickets may win you a free meal. And remember, Jake's is a lucky place to buy Illinois lottery tickets for, to date, there have been almost 300 winners at Jake's!

"Nick the Greek" Dondolas, were he alive, would have been happy to attend Greek Night at the La Venecia Restaurant, 8743 Milwaukee ave., Niles. Andy has proclaimed Tuesday, March 11, as Greek Night and everyone is invited. La Venecia's menu for next Tuesday will feature the following authentic Greek dinner delights: Pisticho, Mussaka, Lamb with Green Beans, Shish-Ke-Bob, Combination Greek Plate, Lamb Chops (Greek style), Spanacopeta (Spinach Pie), Gyros Plate and other delightful treats from Greece.

The welcome mat is out for Tuesday, March 11, at that famous family restaurant, La Venecia of Niles (next to Eddie's Place) and everyone is invited.

You are in for a lot of special taste-bud thrills at La Venecia during their special Greek Night affair. (See their large ad in this issue.) Celebrate Greek Night with Andy — you'll be glad you did!

to the present school is planned because a referendum need not be sought in this case.

While the April school board election may find a majority of the new board opposed to the plan, it is quite possible "quicky" action by the present board members and administration may get the ball rolling for the new building prior to April.

Next Tuesday, March 11, may be the last chance residents in the district can make their feelings known at a Board meeting prior to the election. From here on Courtland Avenue it seems incumbent residents should make their feelings known at this meeting.

There are many alternate plans which could be worked out to alleviate the present dilemma. Rather than build a half-million dollars worth of new space, the administration offices could be rented in numerous areas for the immediate future. A rental up to \$50,000 a year for the next three or four years would seem preferable to building more rooms in a district which may be closing down a school during the upcoming years. The rental fee would be the interest received on the present \$475,000, leaving the principal untouched for the next few years. And obviously utilizing present space in school rooms west of Milwaukee Avenue seems far more sensible to building additional space.

Since present economic conditions may only be temporary and since the projected enrollments in the district seem undetermined, it would seem to make more sense to use stopgap measures today.

While we're not trying to fault anyone, the tremendous overbuilding of high schools in suburbia is a monumental error which is costing taxpayers millions of dollars. None of us foresaw the sudden halt to increased enrollments and now we understand the sudden reversal of the younger population which has taken place the past two or three years. But, with this rather painful and costly experience, it seems inconceivable district 63 would even consider building additional space.

We've been away from school board meetings in the district the past two or three years. But each time we return, we're appalled at the change that has taken place at the meetings. There's tremendous hostility between the Board and the people they represent. There's much anger, both from the Board and from the audience at too many of the meetings.

Prior to the present administration the Board had a superintendent who belonged in public relations work. He could charm the most vociferous opponent into a state of billing and cooing. And the affection between the Board members and the "Sup" was so obvious that harranguing and verbal scuffling were seldom heard. In contrast, today's administration seems quite aloof from the community. Somebody mentioned to me last week the present superintendent lives in DeKalb, implying his not living in the district gives him poor marks as a superintendent. Where he lives or where he sends his kids to school is his business, and in no way reflects on his ability as an administrator. But we do believe he has an obligation to everyone in the district to have a rapport with his constituency.

We're always berating public bodies which go behind closed doors to conduct their business. Every district does this on occasion, but in East Maine, this is modus operandi. At every meeting, the Board conducts its more sensitive business in the back room. In past years Niles Park District conducted similar action and it was at that time the state's attorney was investigating the district. What continuous closed meetings manifests is a lack of frank public give and take between the taxpayers and the people they represent. Such action breeds distrust and seems to tell the guy who owns the district, "We'll do it our way, and the hell with you!"

Board members readily admit they could never pass a referendum today for their new addition. What they are saying is the people who they represent are against their action, so we'll take a devious route around the people who foot the bills, in order to build the addition.

I think in the civics classes in the upper grades, they teach the youngsters the collective wisdom of the people is what makes a democracy work. I don't think either the school board or the administration is listening today. On March 11 at 7:30, the collective wisdom of every interested taxpayer should attend the school board meeting and state their positions on the matter.

LOST & FOUND

Found - Man's Wristwatch vicinity Milwaukee & Oakton. Owner must describe. 967-8335

Burglaries

The two offenders were described as males; about 25 years old, one about 6 ft. 3 in. tall and weighing about 225 lbs. He was wearing a plaid coat with fur collar, black pin-striped pants and hi-heeled black shoes. The driver had a large black Afro hairdo and was of heavy build.
The car had Alabama plates, but the license numbers were not noted.
A home in the Grennan Heights section of Niles was burglarized the last week in February while the owners were away on vacation, but it was not known what was taken at the time of discovery.
Relatives checked the home periodically and at 5 p.m., Friday, Feb. 28, noticed the front door was open.
Police found someone had entered through the kitchen window on the south side of the building by standing on a garbage can.
The rooms were in disarray, police said, with drawers pulled out and spilled on the floor. Offenders apparently left by way of the front door.

Prince notes critical period for Oakton

Lee Prince, candidate for the Oakton College Board in the April 12 election, said this week that the next three years will be critical for the college in preparing the school's physical plant and curriculum for the year 2000.

In a letter to the Oakton publication "Interface", Prince noted that since the lease for the present interim campus will expire in five years, the next three years will be crucial in determining the future of the school for a generation to come.

Noting that the permanent site for the campus has been selected at Golf and the Des Plaines River in Maine Township, Prince said that it is essential that the needs of Niles Township students be served.

"A satellite campus can be justified by the use it receives," Prince said.

"My opinion is that as the high school population begin to tail off, we should be thinking in terms of expanding positive programs like the Women's Outreach now at the school. More and more women will be filling the roles as essential family breadwinners. We should be providing the kinds of classes to enable them to compete successfully on the job market," Prince said.

In the letter, Prince added that the taxpayers must be assured that the expensive physical plant of the school must fit the educational needs of a changing society.

"We are finding out that a full four-year program in college does not necessarily fulfill the requirements of survival in this world. Two year programs oriented properly might more nearly suffice economically and in the students' best interest. Alternately, many students already out in the "real world" might like to explore their education further. The role of the community college comes close, therefore, to being one of a grand "learning exchange" where the interface between all phases of the "real world" and academic is close," he added.

Prince said that he believed he had the qualifications to meet the needs of the future.

President of State Bar to address lawyers

John Richardson MacKay, president of Illinois State Bar Association, will address a gathering of north and northwest suburban attorneys on Wednesday, March 12.

A Wheaton resident, MacKay will be the guest of Northwest Suburban Bar Assoc. at their monthly dinner meeting beginning at 6:30 p.m. in the Elks Club, 495 Lee St., Des Plaines. Reservations should be made before noon on March 10 with NWSBA's executive office in Mt. Prospect, 253-2562.

MacKay's topics will be specialization within the legal profession, and Pros and Cons of Prepaid Legal Services, according to Richard G. Larsen of Park Ridge, program chairman.

The Elmwood Park native received his legal education at John Marshall Law School (J.D. 1949) and was admitted to the Illinois Bar in 1950, U.S. District Court in 1951, and U.S. Supreme Court in 1956.

He is a member of DuPage County, Chicago and American Bar Assoc. in addition to I.S.B.A. and also belongs to Illinois Appellate Lawyers Association and Selden Society. He was Special Assistant Attorney General from 1956-59.

MacKay has served on numerous committees of Illinois State Bar Association since 1965, and been a member of the Board of Governors since 1967. His chairmanship, liaison and committee assignments include real estate, broker-lawyer accord, school law, international law, attorneys title guarantee fund, group legal services, scope and correlation, judiciary advisory polls, code of professional responsibility, and courts and justice.

He is the author of ISBA Amicus Curiae Brief in Exchange National Bank vs. Lawndale National Bank, and is liaison from Illinois Appellate Lawyers Assoc. to Appellate Court, Second Dist. His discussion on Wednesday, March 12, will cover Prepaid Legan Insurance under both closed and open panel situations, and what specialization vs. the general practice of law will mean to members of the legal profession in Illinois.
