Gogo Goes Up Up to \$40,000

From the LEFT HAND

by David Besser
Editor & Publisher

We were in the storefront headquarters of the Maine Township Republicans Monday afternoon on Miner Street in Des Plaines. Political offices during the political off-season are very empty dreary rooms. Normally, the only time you visit them is when there's a bevy of activity around election time. Before elections the activity seems to breed a camaraderie among the involved. Pre-election time breeds eternal optimism. The talk seems terribly loud, the telephones scream more often than ring and there's a circus atmosphere in which the clowns and the lion tamer seem to have equal billing before the votes are in.

Monday afternoon was Chicago-dreary, windy and cold like only March can be, squeezing out the prolonged winter in one last congestive cough. Republican Township Committeeman Floyd Fulle, also Chairman of the Cook County Republicans, called the press conference to refute charges he received payoffs for zoning favors. Inside the headquarters 5 or 6 reporters, 2 or 3 photographers, a couple of party faithful and Fulle's handsome son and 3-year-old grandson sat around the room while Fulle read a statement vowing his innocence of charges of \$40,000 of payments which has led to a grand-jury indictment.

Fulle must be edging into his mid-fifties. His patton leather hair is as full as it was 30 years ago. He's a fine looking man, rather sharp features, slim, immaculately dressed.

A kaleidoscope of prominent speakers, exhibits, demonstrations, drama, films and other special programs will be held at the college on Sunday from 1 to 5 p.m. A Fifth Anniversary Reception will also be held from 2:30 to 4 p.m. in the Board Room in Building 3. The public is invited. An outstanding group of writers and artists, political leaders and educators will speak throughout the afternoon. They are Abner Mikva, U. S. Congressman from the 10th District at 1 p.m.; Gwendolyn Brooks, Poet Laureate of Illinois at 1:30 p.m.; John Nimrod, State

Senator from the 4th District at 3 p.m.; Henry Mazer, associate conductor of the Chicago Symphony Orchestra at 3:30 p.m. These programs will be held in Building 6. Mary Alice McWhinnie, the first woman scientist to spend a winter in Antarctica, will speak at 1 p.m. and Jack Mabley, columnist for the Chicago Tribune, will speak at 3 p.m., both in Building 3, Rooms 310-311. Bernard Brown, an investigator with the Chicago Police Department who worked for 13 years in the Narcotics Division, will speak at various times during the afternoon in Building 2 on drugs and their relevance to the college community. Trustees turn down zoning for Day Care Center

by Alice M. Bobula

The Niles Board of Trustees Tuesday night denied a Special Use permit for a Child Day Care Center on Golf rd. and in a second action extended the benefits in approving a Special Use rezoning for operation of a gas station at Milwaukee and Touhy. Rezoning from B2 to B2 Special Use for a Sunny Kiddy Day Care Center at 8361 1/2 Golf rd. to be operated by Eilene Lombardo was denied by Niles trustees by a vote of 3 to 2. Denial of the permit was something of a surprise since the petitioner had appeared before this board for a third time Tuesday evening.

Tuesday night District 63 School Board increased Superintendent Allan Gogo's salary from \$38,000 to \$40,000 effective for the '75-'76 school year. Two board members, Penny Larson and Larry Reiss, abstained from the vote contending the timing of the approval should have been after the new school board is seated after the April election. Prior to this vote Barbara Kipnis joined Reiss and Larson is asking the vote be tabled but were outvoted by the four senior members on the Board. The record salary is a 5% increase from the present year. Luke Allen, vice president of the teacher union, had thought the increase was for 11% (based on \$36,000) and asked if teacher negotiations would consider a similar increase. But the 5% raise is a likely guideline for teacher salaries for the upcoming year. Each year the superintendent's salary is re-negotiated. At the same time he also receives a 3

year contract, with the re-negotiation clause, to provide security and continuity for the immediate years. In other actions Tuesday night the Board will review architectural drawings of the proposed administration offices to be located at Apollo Junior High. Dr. Gogo said bids could be let out after the Board reviewed the plans though on closer questioning it was implied full board approval would precede such action. The new offices will be paid from a fund set aside from the general construction fund, rather than from left-over funds of a previous referendum. For the past 7 years 2 cents of every \$100 assessed valuation taxes were set aside for possible special education classroom construction. But transferring regular classrooms into special ed rooms has made this money available. According to one school official this money

A. B. Dick employee suffers chemical burn

A 64-year-old Chicago man was taken to the hospital Tuesday with burns on the upper part of his body resulting from a chemical flash at A. B. Dick Co., 5700 Touhy, Niles. There was no fire involvement according to Niles Fire Chief Albert L. Hoelbl. Adolph Diela, 3316 Menard, was taken to Lutheran General Hospital shortly after 8 a.m. March 4 following exposure to cellulose nitrate, a chemical used in the mimeographing process of paper.

A. B. Dick Co. manufactures office duplicating products. According to a company spokesman the full circumstances of the incident are still under investigation. The employee had been mixing a solution which resulted in a flash fire. "It is a very rare occurrence, something we have never had happen before," related the spokesman.

The victim was transferred late Tuesday to the Evanston Hospital Burn Unit with burns on the upper parts of his arms and face according to a spokesman at Lutheran General Hospital.

After defeating teams from St. Paul, Melrose Park, Immanuel, Palatine, and St. Luke, Chicago, the St. John girls carried away the trophy with a win of 28-18 victory over Immanuel, Glenview. They were awarded not only a trophy for their own keeping but also a traveling trophy which is passed on to winning teams each year

and which the girls have held for two years now. The team shown above are as follows (l-r): back row - Sandy Lane, Laura Simms, Denise Cerny, Mrs. Pam Johnson, Coach. Front row - Julie Schmidt, Lisa Grasenick (the team's star player), Martha Jandt, Diane Epp and Sandy Rappold. OCC Cagers end season at 24-6

The Oakton Community College Basketball Team, ranked fourth among Illinois Community Colleges, ended its 1974-75 season last week, having compiled the best record in the school's five-year history at 24-6. Finishing 11-3 in the Skyway Conference, good for second place behind Triton, the Raiders averaged 93.9 points per game on offense to lead the league and come in second in Illinois. Last year's squad went 17-11 overall and took third place in conference. The Raiders, playing in the state's toughest sectional tournament which included three of the state's top five teams, advanced past Mayfair in the first round 78-75 on Tuesday night, Feb. 25.

Dan Welter, named to the All-Section Team which will compete downstate, scored 22 points and Tom Florentine 20 points to lead Oakton's balanced attack. Roy Sanders and Tony Reibel each tossed in 16 points. Oakton was unable to mount a similar offense against Malcom X the next night and was eliminated from further play, 96-76. Refused effective penetration from the inside, the Raiders were forced to shoot from the perimeter where they hit 42%. Malcom X controlled the boards and kept Oakton from getting the second and third shots. The Raiders were down 40-32 at halftime and trailed by nine for much of the second period. Still behind with little more than 20 minutes remaining, OCC Coach Tom Jorndt hoped to break Malcom X's attack with a full-court press. The attempt backfired, however, as Malcom X scored four quick layups to ice the victory. Coach Jorndt was especially pleased with this year's season

during which numerous school records were broken. Welter, scoring 42 points in one game against Sauk Valley, broke the individual point total. Welter, who averaged 21.1 points per game, was the league's third top scorer. He also averaged 13.4 rebounds per game to place fourth in that category. Florentine was the league's second best scorer at 22.1, making 55% of his shot attempts. Roy Sanders broke the school mark for most field goals in a single game when he made 18 against Elgin. That game, in which OCC scored 127 points, was the college's highest point mark. "We had a real fine team and have people who are graduating who will undoubtedly go on and play for four-year colleges," Jorndt said. He has four lettermen returning, including Florentine, but adds that, "We'll be looking for some strong players to replace those who are graduating."

Leaving are Welter, Reibel and Sanders. "Jerry Jones (a starting forward) could possibly return and play next year; however, he does have quite a few credit hours accumulated already and may not stay here another year," Jorndt noted. St. Martha School Association During the month of March, St. Martha's has set aside one week of school for open house. The purpose of this week is to enable people from our community to observe the school children during a normal school day. The hours to observe are from 8:15 a.m. to 2:15 p.m. from March 10-14. Notre Dame Fencers third in state

Ft. Lawrence Calhoun, coach. Greg Gerard, (Q-finals), Kevin Cawley (Semifinals), Mike Gerard (Finals-5th), Steve Basista (2nd Prelims.), Garry Gronke, Gary Brown (Q-finals), Chris Nicklele (Semifinals).

The 17th Annual State High School Fencing Championship was held in Huff Gym, U of I, Champaign, Ill. Notre Dame High School, the defending champion for the past two years, was not viewed as having a strong bid for the title and, in fact, no one in the past 10 years has ever made it 3 years in a row.

At the end of the first round, all ND fencers moved up: Mike Gerard (5-0), Kevin Cawley (4-1), Greg Gerard (3-2), Gary Brown (3-2), Chris Nicklele (2-3), and Steve Basista (5-0). ND had 22-8 and was in 3rd place with Pleasant Plaines (21) and Maine South behind (20). Gerard (Mike) and Basista were the top two seeds in the remaining 48 fencers (there were 66 fencers at the start).

In the second round ND got 19 more bouts but lost Steve Basista (2-3). The other 5 advanced to the quarters: M. Gerard (4-1), Kevin Cawley (3-2), G. Gerard (3-2), G. Brown (3-2), Chris Nicklele (4-1). The final round of the day was the quarter-finals with the field reduced to 24. In this round ND only got 12 victories and lost two additional fencers: Gary Brown (1-4) and Greg Gerard (1-4). Those who lasted into the semi-finals of the top 12 were Kevin Cawley (3-2), Mike Gerard (4-1) and Chris Nicklele (3-2). The team was still in 3rd place going into the second day but Pleasant Plains was only 6 bouts behind Maine South 8. A fatal 4th round could drop ND out of 3rd. In the semis, Chris Nicklele could only win 1 bout out of 5 but he did put the team in a solid 3rd position. Kevin Cawley also was eliminated with a 2-3 record and this left the ND team with only one finalist, Mike Gerard, and still in 3rd position with no possibility of anything higher. Nonetheless, this was a better finish than was expected of the team. The team did a fantastic job and fended like the team of a month ago. The meet was so close that one or two reversals of 5-4 bouts could have made ND or NTW first.

The IHSL Foil Championship finalists who are also All State Fencers are: Kent Koester (NW) 4-1 in finals and 22-3 overall; Art Diamond (NW) 3-2 in finals and 18-7 overall; Mike Bonnett (PP) 3-2 in finals and 19-6 overall; Andy Bank (MS) 2-3 in finals and 19-6 overall; Mike Gerard (ND) 2-3 in finals and 19-6 overall; Paul Zaleski (NTW) 1-4 in finals and 19-6 overall.

The remaining 6 fencers who did not advance beyond the semis are Honorable Mention: Greg

Zullo (NTW) 14-6; Eric Priest (MS) 13-7; George Dell (NW) 12-8; Butterman (NTW) 12-8; Kevin Cawley (ND) 11-9; Chris Nicklele (ND) 10-10. All in all, the 1974-75 team had a fine year and still remain the overall top team in the state for state finish over the past 9 years.

Alumni news is also good. At the Great Lakes Championships, which is the major tournament for all non-Big Ten Schools in the Midwest, Alumni Pat Gerard made the finals and took 4th in foil. Tim Glass took 2nd in Epee and will represent the University at the 1975 NCAA's in California. Sam DeFiglio took 2nd again in Sabre and will also go to the NCAA's.

Glass was in New York last weekend competing in the second Olympic Trials. He managed to remain in the top 15 fencers vying for a US berth. Of the 6 finalists from UND in the Tournament, 3 were from NDHS and as the newspapers indicated, the UND team won the Great Lakes competition, due to the strong NDHS alumni fencers who will dominate the area for the next 3 years.

John Fanella, computer.

There's a "device" in this room that's equipped with an immense memory bank that can receive customer complaints, sort through a maze of lines and cables, then send a crew to the trouble spot, all in a matter of minutes. That's him in the striped shirt.

His name is John Fanella and he's one of the many Edison dispatchers who are ready for action 24 hours a day, 7 days a week. Because when there's an emergency, it's the dispatcher who gets the call. He's the man who uses raw information and his powers of deduction to estimate where, along the thousands of miles of overhead lines and underground cable, the problem lies. He's the man who then sends out the emergency crews to track it down and solve it. And because electricity is so vital to the welfare of a city, he must do all this with computer-like efficiency, whether the problem is an overloaded transformer or a tornado.

John Fanella has been through storms so bad that emergency crews had to be called in from as far away as Colorado. He's worked through the night restoring electricity to a factory so people could go back to work in the morning. He's even sent out a man to rescue a pet cat stranded on a pole.

In a day when some companies rely heavily on the impersonal response of a computer, we're glad to have John and our other dispatchers. As he puts it, "I have the highest respect for this department and our people. They're the most dedicated people I've ever met. But you've got to be dedicated to be in this business."

"Weight No More"

WEIGHT NO MORE (the sharpest program in town) teaches a nutritionally balanced way of losing weight. It is effective for men, women, and teenagers and uses no shots, pills, or devices. **WEIGHT NO MORE** students do not count calories or weigh and measure proteins, but instead follow chemically balanced menu sheets that tell the student exactly what to eat and why. **WE GIVE YOU SOMETHING DIFFERENT THAN EVERYBODY ELSE AND TAKE THE GUESSWORK OUT OF DIETING. OUR INDIVIDUAL ATTENTION AND CAREFULLY PLANNED PROGRAM WORKS!**

The **WEIGHT NO MORE** program is unusual since it is geared toward vitamin and food education; in other words, it tells which vitamins help you to lose weight and which foods contain these helpful nutrients that speed the weight loss and help to keep the weight off.

In **WEIGHT NO MORE** classes each person's needs are handled with great care since individual needs are of greatest concern. Classes aren't handled as a whole, impersonal being, but instead deal with each person's likes and dislikes and particular health structure; **WEIGHT NO MORE** students are handled with highest regard.

Find out why this weight loss program is outstripping all others: how the free learning guides, free recipes and private weigh-ins contribute to the kind knowledge that makes **WEIGHT NO MORE** easy, fun and effective!!

Egg decorating contest

For the third consecutive year, the Bank of Commerce and Industry, 6100 Northwest Highway, is sponsoring an Easter Egg Decorating Contest for children between the ages of 5 and 12.

The contest is open to children attending elementary schools, such as Onahan, Norwood Park, St. Juliana, St. Thecla, St. Constance, Garvy, Immaculate Conception, Edison, Our Saviour

Lutheran, Ebinger, and others that may be located in Niles and Park Ridge. Boy Scouts, Girl Scouts, Brownies, and Cub Scouts also may participate.

All entries will be separated into two age categories: 5 to 8 and 9 to 12. "This will allow the judges to consider the artistic and creative limitations of the children," said Mrs. Verness Sances, assistant cashier, and coordinator of the contest.

She said other rules are:

1. NO model egg decorating kits will be accepted.
2. Entries must be delivered to the Bank of Commerce and Industry by 3 p.m., on Friday, March 21, and no earlier than on Tuesday, March 18.
3. Entries will be judged on neatness, originality and decorative appearances.

Mrs. Sances said judging will be done between 5 p.m. and 8 p.m., on Friday, March 21. "Winners will be notified that evening and asked to be present the following day, Saturday, March 22, at the Bank of Commerce and Industry lobby where prizes will be awarded and photos will be taken. The winning entries will then be displayed the following week in the glass-enclosed case in the bank's lobby."

Last year, nearly 100 children entered their decorated eggs in the contest, and this year's prizes should draw even more entries.

This is only one of several contests the Bank of Commerce and Industry sponsors each year for the community.

Traut promoted to Auditor of FNBS

Erman G. Kramer, President and Chief Executive Officer of the First National Bank of Skokie, announced the promotion of Bernard J. Traut to Auditor of the Bank.

Mr. Traut, who has been employed by the First National Bank of Skokie since 1970, attended both the University of Detroit and DePaul University. Before this promotion Mr. Traut was Business Manager for the Bank.

Mr. Traut, his wife Mary Ann and four children live in suburban Chicago where he is active in Scouting and other youth activities.

Increased assets at Glenview State Bank

The Glenview State Bank's growth to assets of \$131.6 million in 1974 now ranks them 688th of the 1000 largest banks in the United States. This announcement was received from the American Banker, Inc., according to John H. Beaulieu, Vice Chairman of the Board. Last year the Glenview State Bank ranked 757th in this listing which is compiled each year end by the American Banker, a nationwide banking publication.

Centel attains 200,000th telephone

In its 7th year of service to the area, Central Telephone Co. of Illinois has attained its 200,000th telephone in the state. Of these some 140,000 are located in Centel's serving area in Des Plaines, Park Ridge and surrounding communities.

"The number of telephones we serve has doubled in the last 10 years. The installation of this 200,000th telephone demonstrates the tremendous growth which has taken place in this area," said W.T. Gearty, Centel Vice President and Illinois Division Manager.

The 200,000 telephones are just part of the picture. A total plant investment of \$144 million has gone into equipment and improvements needed to provide service to those telephones.

Included in the expenditures was a major expansion and modernization program begun in 1967 which included the conversion of all switching gear to Western Electric's Crossbar, especially designed for heavily populated areas. It offers direct compatibility with surrounding Bell equipment and provisions for Touch Calling.

The conversion will be completed this spring when the fifth Crossbar installation is put in service. Costing \$4.5 million, the new equipment is now in the final steps of installation in the \$1.3 million addition to Centel's Des Plaines switching office.

Another major expenditure was the \$5 million Traffic Service Position System (TSPS), put into service in July, 1974. Also manufactured by Western Electric, TSPS is the latest in electronic long distance switching equipment, facilitating the large-scale handling of toll calls requiring operator assistance.

The conversion of Centel's 1,700 pay telephones to Dial Tone First was recently completed, at a cost of \$900,000. Dial Tone First allows pay phone customers to reach the operator and other

emergency numbers without depositing a coin, offering both convenience and an element of safety in emergencies.

These projects, and many others including burying hundreds of miles of cable and the construction of the three-story Division Headquarters building, have been accomplished with only one general rate increase in the past 10 years. In just the past five years, Centel has invested \$79 million in equipment and service improvements with expenditures of \$53 million planned for the next three years.

Centel traces its history in this area to 1900 when F.E. Bell (no relation to the inventor of the telephone) was awarded a franchise, with an authorized capitalization of \$10,000, and began offering telephone service to customers in the area. In 1902, this company became the Des Plaines Telephone Company, serving about 150 telephones.

By March, 1911, the Des Plaines Telephone Company reported 582 telephones. Four years later, it had almost doubled that number.

In 1926, the telephone system was incorporated as Middle States Telephone Company of Illinois and became part of the Middle Western Telephone Company. In 1938, Middle States, with its 9,800 subscribers, was acquired by Central Elec. and Telephone Company and came under the parent company of Western Power and Gas Company. Subsequently, the system was expanded and became Central Telephone and Utilities Corporation & Subsidiaries.

Today, the Illinois Division is one of the largest in nine states. In addition to the Des Plaines-Park Ridge area, the Illinois Division also serves the Dixon-Savanna and Pekin areas, while the Centel System recently acquired the Staunton Telephone Company in downstate Illinois, near St. Louis, Mo.

Spring fever savings offer

The First National Bank of Des Plaines is offering its savers the option of digging right into spring or snoozing it away with its new garden tool/bed pillow spring fever savings promotion.

According to Arthur R. Weiss, president, those who deposit \$250 or more in a new or existing savings account can choose either a free floral bed pillow or a set of garden tools at the low price of \$3.15 (tax included). There is, however, a limit of one choice per person.

Ambitious gardeners can plant and pamper their flowers-to-be with the trowel, transplanter, digger and cultivator included in this deluxe tool set. Each tapered tool features a chrome-plated, rust-resistant blade and smooth-finished, walnut-tone, contoured handle.

For those who prefer to dream about their gardens, FNB has provided flowers galore on a floral patterned, cotton-covered pillow. The polyester fiber-filled pillow is non-allergenic. Comes in its standard size, wrapped in its own plastic bag, and is completely washable. This offer expires April 12.

For further information on FNB's springtime savings offer, visit the First National Bank of Des Plaines, 733 Lee St.

Pizza posse thwarts burglars

Leg man loses confidence in accomplice

[By Alice M. Bobala]

Two men, surprised in the act of apparently burglarizing Ambling's Flowerland, 7025 Dempster st., in Niles, on March 5, were frightened into an early departure from the scene, when the driver of the suspect car backed over his accomplice.

Witnesses watched the burglary in progress shortly before midnight, on Wednesday, from the Pizza Hut, 6959 Dempster st. A woman, sitting in a Volkswagen in the parking lot, said she saw a reddish blonde hair drive a 1965 Ford Galaxy on to the parking lot of the Beef Ranch, located next to Ambling's Nursery.

Another man, she said, also in his late twenties, and wearing a heavy mustache, walked out from the Ambling store carrying an armload of merchandise which he deposited in the Ford.

He disappeared into the store, she said, reappearing moments later pulling a dolly loaded with more merchandise.

At this time, two Pizza Hut employees sensed something was wrong and questioned the driver of the Ford. At the same time, several patrons of the pizza eatery focusing their car lights on the Ford.

The driver of the car began to back up, knocking his accomplice to the ground by striking him with the open car doors. As the suspect tried to climb into the car, witnesses believe the car ran over his legs. The driver pulled his partner into the car, slamming the car door very hard on his legs and then sped out of the parking lot, going north on the 8800 block in Morton Grove.

During this time, witnesses said, merchandise was spilling

out of the suspect car. Various nursery store items were later picked up by Niles police.

According to the reporting police officer, more of the nursery supplies were uncovered, hidden by the loading dock, the door to which was found open. Police theorized that one man had hidden inside the stockroom until after closing hours.

The amount and value of supplies taken from the nursery were not determined, said police, at this time.

Niles joins suit against noise pollution

At their regular meeting on Feb. 25, the Village of Niles Board of Trustees voted by Resolution to join in Attorney General William Scott's suit against the FAA and CAB for excessive noise pollution regarding the use of O'Hare Airport. The city of Des Plaines and Park Ridge have also entered in this lawsuit and it was felt by Mayor Blase that the more communities that get involved in this area, the better are the chances for success.

The use of O'Hare is important to our community, but the rights of individuals in our community not to be subjected to excessive noise is also important, and this right must be guaranteed by local government. It is this fact that we want to make known to the Court in order to ultimately get an effective plan that will reduce O'Hare Airport noise.

Four candidates vie for 2 Park seats

[By Alice M. Bobula]
Four candidates have filed petitions for the two vacancies on the Niles Park Board. One 6-year term will be vacated by Park Comr. Walter Beusse next April. Beusse will run for a 2-year interim vacancy on the Village Board of Trustees. The second Park vacancy is a 2-year term created by the resignation of Gerald Sullivan last year.

Steve Chamerski, 7054 Seward, and Don Fergus, 8606 Ozanam, have declared for the 6-year term. Jeffrey Arnold, 7140 W. Carol, and Bob Romano, Jr., 7364 Lee st., are contesting for the 2-year term.

Chamerski, a foreman at Cromme, Inc., Melrose Park, served on the Park Board from 1961 to 1967. He was defeated in his bid for reelection in 1967 and again in 1973.

He would like the Park District to obtain the 50 acres of Forest Preserve land south of Oakton and east of the townhouses on Nordica for development of another Niles park. Chamerski likes the kids, "who have a lot going for them," but would now be interested in seeing parks developed for use by the teens and older age groups.

Don Fergus, 40, is a pipefitter by occupation and has lived in Niles for 17 years. "I had no intention of running for a park office until last year," said Fergus, "when I began to meet people in Niles who pitched in to work for worthwhile projects."

The father of 4 children, Fergus believes the Park District has done well in acquisition of parksites but he would like to see at least one park, such as Golf Mill Park, "be developed into a sitdown park... a park should be for recreation and relaxation."

Fergus is past president of the Niles Baseball League, 1973-74, and now serves on its Board of Directors. He was delegate to Niles Days 1971-72 and alternate delegate in 1973-74.

Jeffrey Arnold, 31, a contender for the 2-year term, is a lawyer, having received his degree in law at the John Marshall Law School in Chicago.

He elected to run for the short park term only because he was not aware the 6-year term would be open.

Arnold is a member of the Niles Youth Commission and a resident of Niles for 4 years. Father of 3 children, he is president of the Chesterfield Gardens Homeowners.

He feels his background in governmental finance and budget would be of help to the Park District and has "a pretty good idea what the community needs."

Arnold is interested in seeing "something done about the Shermers parksites... I'm sure this is a problem but this could have been resolved long ago."

As a member of the Park Board, he said he would help to provide the most complete, well-

rounded recreation programs as possible, without concentrating too much on any specific area and "to provide this recreation by keeping very close watch on the budget and effecting whatever economy possible in order not to increase the burden on the taxpayer."

Bob Romano, Jr., 20, is a bachelor and sophomore at Elmhurst College, majoring in Business Administration.

A resident of Niles for 20 years, he decided to run for park commissioner "because I want to become involved."

"Basically," said Romano, "I would seek to make the most efficient use of the (park) funds and facilities available and owned by the Park District."

His father, Robert Romano, was appointed to fill the interim vacancy created by Sullivan but announced earlier that he will not run for office in the April 15 election.

St. Pat had quite a life

Some historians say the patron Saint of Ireland lived to be 108 years. Others say he died at 86. His death date, like his date of birth, is shrouded in the fog of time but most historians agree that he was born late in the 4th century, about 385. His death is recorded by some at 493, which would have made him 108, and other historians place his death at 461, which would have made him 86.

In either case he lived a hell'va long time, even by today's standards. Being Irish he probably drank good Irish whiskey and I never knew any man who drank good Irish whiskey that didn't live two or three decades longer than he was supposed to.

St. Patrick, the Apostle of Ireland, lived an adventurous life. When he was 16, while tasting good Irish whiskey for the first time, he was seized by pirates, carried to Ireland (he was born in south Wales) and sold to an Antrim chief called Milchu.

After six years of captivity, young Patrick drank the chief, Milchu, under the table with good Irish whiskey and escaped to France where he became a monk, first at Tours and afterwards at Lerins.

He was ordained a bishop at 45 and in about 432 went as a missionary to Ireland. Patrick landed at Wicklow and then sailed north to convert his old master and drinking partner, Milchu. He then converted another chief, Dichu at Down, and spent the next 25 years in missionary labours converting a series of chiefs from Mayo to Ulster and as far south as Cashel.

St. Patrick used the shamrock to illustrate the Trinity and many legends sprang up about him. One was that he drove all the snakes out of Ireland. I feel sure that in some ways this "snake legend" was just that and probably resulted from the over-dosage of good Irish whiskey which often causes those who overindulge to "see" snakes and little "green" people sometimes called leprechauns.

I, therefore, feel that to me, St. Patrick is a kindred spirit and I look forward, and most warmly so, to meeting him in the next world, which I'm sure will abound with an abundance of good Irish whiskey.

Before dropping into Eddle's Place and imbibing in good Irish whiskey, fortify yourself with a heaping plate of corned beef and cabbage or a huge dish of Irish stew at La Venecia Restaurant, 8743 Milwaukee ave., Niles. For La Venecia is having a big St. Patrick's Day Celebration on March 17. And Andy is having several boatloads of real Irish corned beef and cabbage and Irish stew sent over here from good ol' Ireland in honor of their patron saint. So make it a point to drop into La Venecia on Monday, March 17 and join in with their big St. Patrick's Day Celebration. And don't forget, the next night, Tuesday, March 18 is Greek Night and La Venecia will offer such Greek specialties as Pitscho, Mussake, Lamb with green beans, Shish-ke-bob, combination Greek Plate, Spanacopeta and many other Greek specialties including a Gyros plate for your dining delight. And every Tuesday night from now on will be Greek Night at La Venecia so don't miss it!

Another great St. Patrick's Day celebration will be held at Jake's Famous Restaurant of Niles on March 17. Jake will feature an all-Irish menu consisting of the following: Pea Green Soup, Corned Beef & Cabbage, Irish Lamb Stew, Irish Pot Roast, Irish Fruit Plate and Jake will give away free Green Irish Ice Cream with your meal or sandwich all day and evening of St. Patrick's Day.

Jake is already planning his giant Easter celebration for Easter Sunday and many surprises are in store for you. More about this later ...

George of Ridgewood Restaurant of Morton Grove is one of the most experienced restaurant men in the area. The Ridgewood Restaurant is George's 9th restaurant although he is still a young man. You see, George started in the restaurant business when he was only 16 years old and he owned his first restaurant when he was but 19. Through the years that followed, except for a hitch in the U. S. Army, George has concentrated on only one business and that is the restaurant business. George's newest restaurant, The Ridgewood, 9235 N. Waukegan rd., Morton Grove, is winning new customers while retaining old ones with each passing week. George tells me that his "All You Can Eat Specials" Monday through Fridays have really caught on and so have his Gyros plates and sandwiches. The Ridgewood is open 7 days a week for breakfast, lunch and dinner.

Millbrook Restaurant, in the Millbrook Shopping Plaza across from Golf Mill, is featuring a low price luncheon special and reasonable prices for complete evening dinners. Bill and Nick are two of the most expert chefs in this area and both have many years of culinary experience. For example, I frequently enjoy their Pistichio which is very delicious. The after-the-theatre crowds, and before too, will find that the Millbrook offers the best in delicious, prepared-to-order meals.

The popular Beam'n Barrel, 7136 Milwaukee ave., Niles, will be open at 2 p.m. on Easter Sunday ... make your reservations now — call 647-0406. Lobster in only \$6.95 at the Beam'n Barrel which is really a sensational buy because most top places charge just about twice as much for lobster. Easter Sunday or any time, you'll find the Beam'n Barrel an enjoyable place to dine.

That's what's so near. Just a stone's throw up the street is the Art Institute, and all the theaters, museums, and shopping on State Street are nearby, too. **Park free** in our covered garage. And our courtesy car will make any other downtown destination within minutes.

Without the congestion

Or confusion. That's what's so far. And so are the other things that make people dislike big cities. You see, that's all 2 blocks away, and that's just far enough to let downtown be a real pleasure.

LETTERS TO EDITOR

Pray first, play later

Dear Sir:

With the influx of the many sporting activities offered to the young people of our community, we have become increasingly aware of a serious problem confronting many of our families.

Because of practices, games and tournaments scheduled on Sunday mornings, families have to make a decision either to fully support their children with their attendance and participation at these events or to have their children miss the activities entirely in order to attend their respective worship services.

We believe that having such sports events on Sunday morning is implanting in the minds of children the idea that sports activities are more important than religious activities, when in reality each has its proper time and place. On Sunday morning, time time and place should be for worship.

We strongly urge the Boards of Directors of each sport, whether it be a public or private enterprise, to recognize a child's need for spiritual growth as well as physical.

We further urge these Boards to change their scheduling process so that families may participate in both sporting events and religious activities.

Parentetically, the Niles Baseball League is to be commended for its scheduling of hundreds of games and practices in this manner over the past several years.

Respectfully,
The Session (governing board)
Niles Community Church

Day Care Center.

Plans for the Center had received approval in two appearances before the Zoning Board predicated on a limitation of 60 children ages 2 to 5 years, that the facility not operate after 7 p.m. and that the Special Use rezoning would cease upon termination of the Center's operation.

Trustees agreed unanimously to need for a Day Center but, said Trustee Carol Panek, "I question whether this area is suitable for a day nursery." She based her veto on aesthetics, ecology and very probably traffic congestion. Five stores in the area were to be serviced by trucking companies.

Lombardo protested that the plans were said "to be the best seen, by police and fire departments."

Trustee Ang Marcheschi prefaced his veto with a stated fear of setting a precedent in granting rezoning for the Center in this area. "There is a possibility of a tremendous amount of vehicle traffic and in case of fire it would not be possible to get fire equipment into the area."

The Center, to be leased by the operator, was planned for the southwest corner of a new building south of Golf rd. near Toys 'R' Us.

Trustee Richard Harczak gave the third negative vote. Trustee Pesole was absent from the Tuesday night meeting.

Plans were approved by the trustees for a change from B2 (commercial) to B2 Special Use for independent operation of an Automobile Service Station (gas and oil) at 7169 Milwaukee ave. The petition, limited to gas and oil only, had been approved by the Zoning Board on Dec. 18.

Owner of the property, Joseph Kovalik, asked for an extension of benefits under the Special Use for leasing to Gary Czechowski of Niles, who will operate the station with a partner.

Mayor Nicholas Blase agreed to extend services to oil changes and tuneups... "the sale of gas and oil is truly not sufficient for this business."

Special Use was approved, Trustees Abe Selman and Carol Panek dissenting.

In other action: Trustee Ang Marcheschi asked a Board decision on new sales policies by gas stations. According to Marcheschi the service station at Oakton and Prospect had changed owners, the new owner given permit

to sell dairy products. "They are now selling firewood," said Marcheschi. "what next?" Building and Zoning Director Joe Salerno was directed to remind the owner of the original sales limitation.

Mayor Blase asked for a specific recommendation from Building and Zoning Director Joe Salerno for a Zoning Ordinance Amendment regarding limitation of variation on front, rear and side yards.

Village Attorney Richard Troy was directed to draw up a Noise Ordinance, prohibiting loud noises "during the hours that residents like to have quiet." The action resulted from complaints by senior citizens to trucks servicing a store during the "quiet hours." The ordinance to be presented at the next Board meeting.

District 63

Continued from Page 1
should be utilized within 8 years. It had been assumed the money earmarked for a classroom addition in the '67 referendum might be used for the administration addition. But this money must only be used for its intended purpose.

In still other actions, Dr. Gogo announced Russian will be dropped from the Apollo Junior High but will be continued at Gemini where 60 students are now studying the language. Board member Bill Allen asked why couldn't the course be dropped and only be taught in high school but it was felt the added 2 years would give a high school graduate with 6 years of Russian a good background. Dr. Gogo said District 63 is the only Maine Township elementary district which offers the course.

In still other announcements it was reported Melzer School graduates will have the option of going to Maine East or Maine North High School beginning next year. There has been no announced policy but the aforementioned is anticipated.

Dr. Gogo also announced District 63 is in the running to receive a minimum of \$50,000 grant for a community school funding from the federal government. The anticipated school would be in the unincorporated area and would be used as a "focal" point or center for the entire community. Flint, Michigan, has successfully used this plan for many years, combining the usage of the schools for student education as well as for general community use.

Cont. from Page 1

He's the son of the late publisher of a Des Plaines newspaper chain and he inherited his political positions from the father.

On one wall of the room are pictures of Fulle and the party faithful. He has that eternal smile which is the same on every picture. The annual race track evening out for the Party in '66 and '67... and on and on, has Fulle posing with the smile. At dinners and other functions, Fulle is in the picture center, smiling and posing with his fellow party members.

Here in the room Fulle reads his prepared statement, sitting alongside his attorney. He radiates firmness. He doesn't just say he's innocent. He demands innocence. He lashes out at his accusers contending they lied when they said they paid him \$10,000, \$20,000 and \$10,000. He takes off after the government. The federal government won't tell his attorneys when he was alleged to have received the money. The government says developer Tom Origer alleged he gave \$10,000 "sometime in March, 1970." William Adams gave money in June, 1970 and January, 1971.

He attacks the government for not returning personal records, will not tell Fulle who the witnesses are or what the men who alleged the pay-off have said or what promises or immunity has been granted them.

Fulle speaks with a controlled anger. He's not what you'd call spittin' mad, but his firmness tells you, "I'm innocent... and I'm being taken."

Sitting on the hard chair, you tell yourself the guy is presenting the only pose open to him. You've known him only as an outsider, but he's always come across as a very nice guy. He said 150 of the Party faithful were in this same room last week and backed him, every man and woman. And you believe it. The Party faithful are just that. In the Maine Township Republican Party there are no splinter groups, no mavericks. They toe the line, they march in unison, just as they do in most of suburbia. Oh, in Niles Township you'll have a bit of scrapping, but you're talking about Democrats whose Chicago heritage makes them scrap and scuffle, but not too much.

Over in the corner, the 3-year-old grandson jumps into his father's arms and the son, Fulle the 3rd, and the 4th, are just as handsome as the committeeman. And you want to believe the man. You want to believe him desperately. But you remember the Nixon gang's cries of innocence, of Kerner, and the long list of Chicago Democrats, Keane and Danaher and Barrett and the other aldermen, all fathers and grandfathers, who said they too were innocent and many of them too were nice guys.

The meeting ends abruptly at 5. It's still light out, but with the darkness and the dreariness this day would best be darkened out. You move out onto Miner, turn the corner, and head for your car a block away.

You think of Wheeling Township committeeman Stavros, rich, possibly a millionaire, who was convicted on many charges. And Kerner, bred above the battle, the first federal judge ever convicted.

You know what this world is all about, but you want to believe he's innocent. You hardly know the man, but he's respectable, perhaps charming and you think of the man, his family and the little 3-year-old grandson... and you want to believe.

According to Mary Marusek, president of the Morton Grove-Niles chapter of the League of Women Voters, the league plans to survey: 1. Approximately 40 employers of businesses in Morton Grove who employ 50 or more people. There are two questionnaires, one for employers and one for employees;

2. A random sampling of small businesses in Morton Grove (retail stores, restaurants, motels, etc.);

3. Village employees (government, police, fire department, etc.);

4. Post Office employees;

5. Park District employees;

6. Employees of School District 70 and other schools in Morton Grove;

7. Senior Citizens (according to the '70 census, 8% are below poverty level);

8. People on general assistance.

"Without endorsing any specific proposals, spending \$350 to get all this information put together by a group of citizens seems like a real bargain," said board member Martin Ashman.

Mayor Jule Bode agreed to having the survey distributed under his name. According to Marusek, more surveys are likely to be returned when sent with a cover letter from a village official.

The proposal included a request that the village board "study our package of materials (including model surveys from Skokie and Northbrook) and determine what would be best for the Village and for those who cannot presently find housing in Morton Grove."

The league's proposal was spurred by the passage of the Housing and Community Development Act of 1974, which can provide federal grants for municipalities that submit a housing assistance plan that includes a survey of housing needs.

When the housing survey is completed, the league will recommend a course of action to the board, according to the proposal.

"The league endorses the concept of providing low-rise low and moderate-income housing on scattered sites in all residential areas of Morton Grove," the proposal said. "We would like to see the village develop a long-term housing program to be carried out at a modest pace."

The proposal also supported establishing an appointed housing commission to "deal with areas pertaining to housing."

He's the son of the late publisher of a Des Plaines newspaper chain and he inherited his political positions from the father.

On one wall of the room are pictures of Fulle and the party faithful. He has that eternal smile which is the same on every picture. The annual race track evening out for the Party in '66 and '67... and on and on, has Fulle posing with the smile.
