10-year-old leads tots from raging house fire

Young heroine saves 3 children

(Photos on Page 2)

[by Alice M. Bobula]
A 10-year-old Niles Elementary School student, Cynthia Fagocki, was credited with saving the lives of 3 Kreher children when fire blazed through the Robert Kreher home at 8357 Waukegan rd. late Saturday afternoon, March 15. Two of the three children were playing in an upstairs bedroom at the time of the fire with Cynthia, a neighborhood playmate. The mother and three other children were away from home. First alerted by the dense smoke which poured into the room, Cynthia said she ran out of the house screaming for help, returning to lead 3-year-old Scott Kreher and 4-year-old Lisa Kreher from the burning, smoke-filled home. She then ran to the back of the house and urged a third youngster to jump from a second story bedroom where she was trapped by smoke and fire. Janice Kreher, 10, was taken to Lutheran General Hospital with injuries to her foot which came in contact with a rock when she jumped to the ground. "I looked out of my kitchen window," said a neighbor, Mrs. Carol Disch, 8353 Waukegan rd.,

who subsequently called the Niles Fire Dept., "and the whole first floor bedroom was in flames." Flames were shooting out of the windows as Niles firemen arrived on the scene. The fire apparently started in the basement, said a Fire Dept. spokesman, where the father was working with a torch, trying to remove a cap from a drumtrap next to the furnace. The flame was apparently drawn through the ductwork to the first floor bedroom where the 3-year-old lay sleeping. The flames and dense smoke then traveled up a staircase to the second floor bedroom where the 3 children were playing. The father was not aware of the fire he said later until he was alerted by the children's screams for help. "We were playing dolls," said Cynthia, a 5th grade student at Niles South, "when all of a sudden the room was filled up with heavy smoke. I ran outside screaming for help, then came back into the house. Scott was sitting on the stairway and Lisa

This was the week that ...

On Monday
Floyd Full, Republican Committeeman, vowed his innocence at a late-afternoon press conference in Des Plaines (last week's report).

On Tuesday
District 63 School Superintendent Gogo told us it is conceivable as many as 3 schools could be closed in the district in the coming years. Meanwhile, the Board was to meet Thursday evening to view initial architectural plans for an estimated \$475,000 administration addition to the Apollo Junior High School. When Gogo announced bids "could be let" after the Board reviewed the plans, we questioned the procedure for this quickie action, without full Board approval of the plans at an "open public meeting". We were told the letting of bids for previous new construction was done in this fashion. However, we left the meeting convinced the Board would not seek bids without such a public meeting. We were also told the plans are not final and thus such action is not unusual.

The hurried-up letting out of bids might be a move to approve bids before the new School Board is seated, since two candidates are opposed to the new addition. Their 2 votes

Proposed Sports Center programs rile Commissioners

[by Alice M. Bobula]
Niles Park Commissioners were voluble in their dissent Tuesday night over future events suggested for the Ballard Sports Center. Disagreement over sufficiency of parking at the Complex, contemplated crowds of people and types of programs was triggered by suggested Complex sponsorship of a Community Garage Sale (for April 26) and an already scheduled motorcycle event set in May. Adding fuel to the disagreement was a Village of Niles inquiry concerning the types of events to be held at the Complex. "We (Park District) should approve one event for future evaluation of parking, fees and any problems and since the motorcycle program is already approved," said Commissioner

Improved street lighting proposed for Niles

Sodium vapor lighting is being considered by Niles officials. According to one village spokesman, the concept has been under consideration for the village for the past 6 months. The vapor lighting is similar to that recently introduced into Chicago. However, where Chicago has diffused lighting with much illumination, Niles is considering the controlled type of lighting, which is directed downward on streets and sidewalks. Consultant lighting engineers to Arlington Heights, B & B Enterprises of Lake Villa were requested by Niles for a summary report on low pressure and high

pressure sodium vapor lighting in the village. Arlington Heights has both types of vapor lighting in various areas, dependent upon the area needs. In the report, Milwaukee ave. was selected as a sample area for installation of either the low or high pressure lighting. The existing 275 fixtures along Milwaukee presently use mercury vapor, with an approximate \$10,000 per year energy cost. According to the report, low pressure sodium vapor lighting gives the lowest energy use, has the lowest energy cost (\$3,440 per

Fire ravages Niles home

A March 15 fire causing an estimated \$10,000 in damage swept through the corner house owned by the Robert Krehers, 8357 Waukegan rd. Injured was one child as she jumped to safety from a second floor window (fire ladder at left of photo leads to window). Debris in foreground is remains of a bedstead taken from the first floor bedroom (partially hidden by tree at right of photo).

Niles firemen cover vented roof at 8357 Waukegan rd. following Saturday late afternoon fire which ravaged the house. A 10-year-old girl jumped from the 2nd story window (just beyond fireman descending ladder at left), sustaining injuries to her foot. Haziness of photo is due to dense smoke.

Free dance attracts Niles' teens

On Friday, March 14, the Niles Youth Council held its second free dance for Niles Teens. The well-publicized dance was attended by over 300 Niles teens, and according to Linda Piton, Vice President and Activity Chairperson of the Youth Council, the Council intends to hold more free dances in the future.

Miss Piton, who is in charge of all dances announced that the Council is planning a "50's" dance for late April with all teens dressing 1950's style.

Among the regular Friday night dances, the Council is also planning such diverse activities as a free members-only film festival, and participation in the Niles Safety Town for 4-6 year olds.

The Council holds meetings every other Saturday at 2 p.m. in the Youth Center and all are invited to attend.

ND varsity hockey ends season 44-21-7

[By Mike Lemanski]
The Notre Dame High School varsity hockey team ended its season on the night of March 13 with a big win over Niles East. The score was 14-1. They ended the season as they began it since on the opening game back on Oct. 17 they beat Lane Tech by 13-1.

The final record of the past season is 44-21-7. The Don scoring attack in the last game was led by Nell Corcoran who scored a hat trick with three goals. Don Hitzel scored two goals to make a total of 60 for the season. Joe Colasuono scored two goals for his 44th and 45th of the season and Larry DeSalvo also scored two goals to make his final total 34. Other goals were scored by Tom Ackermann, Joe Jelen, Ralph Dynok, Tony Salemi and Mike Schwass.

A 44-21-7 record would be the envy of anyone but the N.D. Icemen were slightly disappointed at the end of their fourth season. They missed a chance at advancing into the Metro Leagues Founders Cup playoff by one second. That was the time left in their game with New Trier West on March 2 when NTW scored to tie the game 4-4. Notre Dame had to win that game in advance. Despite this, the Dons still had many happy moments. Coach Jim Meyer notched his 300th career win. The Dons defeated such hockey powers as Maine South, Bogan, Proviso West, Homewood Flossmoor and Naperville. They took home 2nd and 3rd place trophies in Christmas tournaments.

Outstanding players for ND include sophomore Don Hitzel who set new records in scoring, assists and goals. He became the first in ND history to score 60 goals in one season. Tony Salemi, a junior right wing, also passed the half century mark with 52 goals. Seniors Joe Colasuono and Neil Corcoran gave the Dons the nucleus about which a team could be formed. Corcoran in his high school career played in 185 games, more than anyone else in ND history.

Varsity Gymnastics wrap-up

[By Pat Canfield]
The Maine East varsity gymnastics season ended with a record of 11 wins and 4 losses, surprising Coach Tom Gardner, who at the beginning of the season had doubts about the upcoming season.

Six top performers left the team, and it looked like a long and difficult season ahead. Coach Gardner stated, though, that the team "pulled together and made up very well for the missing players."

Maine East finished third in the conference, just behind the second place team of Niles North. Niles West won the extremely tough Central Suburban League conference again. Maine East had something more than a third place finish, though, with three individual district champions—Stan Kutin on the parallel bars averaging 8.4; Mike Schwarz on rings averaging 8.3; and Frank Crigler on trampoline averaging 8.0.

Good enough to make the state preliminaries were John Giovenco on the pommel horse; John Gervins, horizontal bar; and Mike Schwarz on rings. This year Coach Gardner is losing six of his top scorers through graduation. They are John Gervins, John Giovenco, Stan Kutin, Mike Schwarz, Cary Betti, and Mike Nybakken. Coach Gardner says, though, that he will have a good team next year nonetheless.

He had some final words about his team. "They were outstanding competitors, and I enjoyed working with and coaching this team more than any other."

Squirt State Tournament elimination game

This hockey game was one of the most important games that our Niles Sharks played on home ice against Deerfield. This was the first elimination game for the State Tournament. Our Niles Sharks played outstanding hockey during all three periods.

The first period in the hockey game remained scoreless. Second period Bob Hess scored for the Sharks, assisted by Scott Benjamin and Mike Mersch. The second goal came at 10:27 of the second period scored by Scott Benjamin, unassisted. But, our Sharks kept the pressure on.

Then Mark Englund lit up the scoreboard for the Sharks, assisted. Deerfield then scored their first goal. At 0:10 of the second period, Steve Turinsky scored the fourth goal of the night, assisted by Scott Benjamin and Ken Sall. The game ended in a 4-1 win for our Sharks. They are on their way to the Squirt Round Robin State Tournament play-off games.

Team Roster
Goal: Nick Candotti, goal-kick: Baden, Mark Englund, Dale Charnota, Bob Hess, Mike Mersch, Scott Benjamin, Rick Composano, Dennis Kuta, Ken Sall, Joey Tomaska, Stan Kapka, Steve Turinsky and Wolfie Franz.

North Park Basketball Team

Freshman guard Jim Zoros averaged 11.8 points in 20 games for the North Park College junior varsity this past season. The North Park jayvees coached by Ray O'Keefe had a 14 and 8 season record.

Zoros, a 5-11 graduate of Niles West High School in Skokie and a resident of Morton Grove, was the Vikings' leading scorer in three games during the year, scoring 18 points in a 77-52 win over Concordia, 19 points in an 89-63 win over Illinois Tech and 22 points in a 96-72 win over Carroll.

March 11: Kiwanis of Niles Sharks vs. Kenosha
The Kiwanis of Niles Sharks were defeated by Kenosha 4-3. Sharks goalies, Garry Redig, and Tim Dispart played a good game in the nets.

We just moved on Greenwood Drive and would like to take books out of the Branch Library. How do we go about this?
Mrs. C.A.R.
"We try to make things as easy as possible for our readers," said Library Administrator Francis Allen. "Just walk into the Branch Library and ask for a card." The area in which you live is not in the village of Niles, but it is in the Niles Library District. Happy reading!

How many more parks were we promised in the last park referendum? Is the park going to buy them?
R.F.
Two more land acquisitions remain under the 1973 Park Referendum according to Park Commissioner Walt Beusse. The five lots extending northward on the east end of Greenwood Park are in process of settlement. The Jewish Cemetery site (Shermer Park) is still being negotiated.

When will the remainder of the stores in Candlelight Courte be opened and what stores are expected for the Courte? We were told to expect an opening date in December and here it is March!
J.R. of Niles
Developer and manager Ed Beaulieu said he can't release the names of any of the stores as yet but "we expect to be open in April... construction is still going on, but we have every kind of store represented, from a currency exchange to hair salon, shoe store, men's and women's shops, bags, jewelry, etc." Approximately 50 or 60 stores will be in the Courte according to Beaulieu.

Would it be possible for visual screening programs to include an area where people could obtain literature for cornea [eye] donations? There is a dire need for corneas, needed for transplants.
B.P. Morton Grove
Dr. Paul Cosgrove, who is in charge of the Morton Grove Vision screening program and a Lion's Club member, assured us the literature will be available at future programs. He said to thank you for the idea. Niles Director of Health William Hlavacek said he will contact the eye bank and hopes to have such literature at Niles' next Save Our Sight Program in the Fall.

To whom could I send a topic idea for a future issue of the Niles Village Progress Report?
F.W.J.
Village Clerk Frank Wagner, who is the editor of the Progress Report, would welcome themes for future issues. Either call 647-8433 or write to him at 7200 Waukegan rd., Niles.

We're new in Niles and would like to know where some of the restaurants are "with good food and a quiet atmosphere".
We can only make recommendations on a personal basis. Locally, we enjoy the Back Room, 7620 Milwaukee ave., and the Forest Flame, 8100 Caldwell, for atmosphere and good food. Ribs at the Forest Flame are a gourmet's delight. The White Eagle, 6845 Milwaukee, is a family-style enjoyment. Volume II, 9001 Waukegan rd., Morton Grove, and Tommy's at 8801 Milwaukee are also recommended.

Please ask people who submit publicity releases for public programs to list telephone numbers if further information is needed. A recent article on a visual screening program listed no phone numbers, necessitating 3 calls before I got the information I wanted.
B.P.
We'll pass the info on. News releases almost always contain a number for further information. We think it might have been overlooked in your specific article. To all P.R. and Publicity Chairmen: Please list a telephone number to call for further information.

What programs are held by Niles village with regard to health or immunization?
According to Health Commissioner Anthony Guarnaccio: 1) An annual hearing screening at Notre Dame High School; 2) a Save Our Sight program at Notre Dame (next Fall); 3) Blood Pressure Program on 3rd Thursday of every month at the Administration Building; and 4) Niles Blood Program, 3rd Thursday at the Trident Community Center.
An all-immunization program is being considered, on a 3 times a year basis, including a tuberculin test, is under consideration by the village.
The Lions Club conducts an annual glaucoma testing at the Administration Building.

According to Abe Selman, Niles Trustee, and village liaison with the Youth Center, "the teens voted at their meeting to invite the public, and particularly the parents of youth who attend the Center activities, to an open house to let them see exactly what happens when their children attend Youth Center functions."

In planning the event, the council also is determined to emphasize its opposition to the use of drugs or alcohol by teens.

"We are very appreciative of all the Village has done for youth and are most anxious to make the Youth Center a success in the community," said Jim De George, Niles North junior, and president of the Youth Council.

Ann Sostrin candidate for District 63

The only candidate from the Mother's end of the table in this year's District 63 School Board election is certainly no newcomer to the area. Ann Sostrin and her husband, Herman, moved to Morton Grove over eleven years ago. They have six children, five of whom attend Melzer School. Mrs. Sostrin, who has always been concerned with the community, has rarely missed participation in political and referendum campaigns. Since their first child started school, she has been continuously involved in District 63 affairs and has been attending Board meetings for the past seven years. She has been a member of the Melzer PTA and served on its Executive Board as Vice President of Ways and Means and Vice President of Legislation, and has represented Melzer on the District's Caucus. Since assisting in its implementation, Mrs. Sostrin has been the Co-ordinator of Melzer's TAP, District 63's model Teacher Aid Program. She served on the Citizens' Committee regarding Referendum and recently co-chaired the District's Lunch Program Committee. Her involvement in the district's activities has left her well-informed. When it comes to the education of her children, this a non-nonsense woman who feels very strongly about the quality of the District's educational services and the problems with which the

Urges referendum support for handicapped

Dear Sir:

Since the formation of the Maine-Niles Association of Recreation for the Handicapped (M-NARH) our handicapped son and hundreds of other handicapped children have been able to enjoy recreational activities that were not previously available to them. We have been so pleased with the excellence of the M-NARH staff and program and we know that all the children who participate eagerly look forward to and greatly enjoy the various programs that are provided for them.

For the first time, these children have had the opportunity to use the community's recreational facilities just as any other citizen. What a tragedy it would be if this valuable Association came to an abrupt ending! This will happen if the April referendum does not pass. Therefore, we urge everyone to vote in favor of the Maine-Niles Association of Recreation for the Handicapped to continue to serve the recreational and emotional needs of the handicapped children in our communities.

Sincerely yours,
Allen and Sue Kravis

Support M-NARH referendum

Dear Editor:

Maine-Niles Association of Recreation for the Handicapped is in desperate need of funds to keep their programs going. It serves the park districts of Des Plaines, Golf-Maine, Lincolnwood, Morton Grove, Niles, Park Ridge and Skokie.

In order to obtain additional funds, there is a referendum being presented to the voters at the village elections on April 1 or 15 depending upon which village you live in.

As a staff member, I know how much the referendum means to the children. It means more services available, more professional people to serve them and more recreational opportunities for the children.

If anyone wants additional information, please call the director Barb Sternfeld at OR 4-1500. We are asking for money to give these kids the opportunity to learn their abilities, not their disabilities.

Thank you,
Jerry Cohen

Senior Citizen benefits

Dear Editor:

Since Jan. 1, 1973, more than \$38 million have been awarded to senior and disabled citizens of Illinois under the "Senior Citizens and Disabled Persons Property Tax Relief Act", commonly called the "Circuit Breaker Law." Nearly 250,000 grants have been awarded under the program, which is administered by the Illinois Department of Revenue, since it was enacted two years ago. Last year, the average grant amounted to \$160.

There are many people in Illinois who are eligible but not applying for the grants. I have a feeling that part of the reason is that these people see the Circuit Breaker program as some sort of give-away or charity.

We know that those who would benefit from the Circuit Breaker are an especially proud group of people. They are people who have faced the challenges of age or disability. That's a very personal thing, and most of our elderly and disabled citizens have had the stamina to make whatever adjustments were necessary.

The pride these people have taken in overcoming the problems of handicaps and years is well deserved. And the Circuit Breaker Law is not intended to disturb that. What it is designed to do is help ensure that people who worked long and hard to own or rent their homes can continue to live in them. The law is a recognition that the same people who have been able to deal with age and disability are subject to greater economic pressures than others. Their incomes have not kept pace with rising expenses, including increased property tax. Circuit Breaker is intended to help balance those things.

Homeowners and renters alike are eligible. The requirements are that the person be 65 or older or have a disability expected to last a year or more; have an annual income of \$10,000 or less; owe property taxes or pay rent on their residence or privilege tax on their mobile home; and live in Illinois at the time the application is filed. Persons who live in nursing or sheltered care homes subject to property taxes are eligible.

We encourage people who meet those qualifications to apply for a grant. The Department of Revenue will assist any senior or disabled person with the application. Forms, information and assistance can be obtained by calling toll free (800)252-8972 between 8 a.m. and 5 p.m. weekdays.

Sincerely,
Robert H. Allphin
Director

The Village Economy Party: A team with team effort

One of the major and most heart-warming accomplishments of the Village of Niles Economy Party has been the opening of the New Trident Center at 8060 Oakton st. Working as a team, Village Trustees Ralph Bast, Richard Harczak, Angelo Marcheschi, Abe Selman and Carol Panek saw a growing need in the community for additional services to our Senior Citizens, our youth

and for expansion of the successful Family Service Department. After finding an appropriate building to house these needed services, construction was started to renovate and accommodate these three important departments. Through their team effort, this center was officially opened and dedicated a few months ago. It thus became one of the first of its kind in any suburban area.

Back in 1972, these trustees created a Village of Niles Senior Citizens Commission. The commission's task was to find out what services and activities were needed in the community. After careful study, a Senior Citizens Department was established. It immediately became successful under the direction of Mary Kay McCarthy.

Under the direction of Trustee Selman, the youth activities in the village were promoted to give teenagers a place to call their own. Recreational activities, dances and such were started and since opening its doors the Center has now become a very popular meeting place for our Niles Youth.

Working with the Niles Family Service Department, Coordinator Ralph Bast, along with Richard Harczak, Angelo Marcheschi and Carol Panek saw the need to further expand the Niles Family Service Department and also to place its offices in this new Trident Center. By doing so it gave the Family Service Department better accommodations and along with placing it in an area

that was more readily acceptable to those who were in need of counseling. The Village Family Service Department is still one of its kind in any municipality and its growth indicates the need for such an agency in the village.

In addition to the Niles Family Service, a Social Service Section of the Niles Police Department has also been created. Its inter-professional services provide for social assessments, crises intervention and follow-up services of non-criminal offenses to individuals, families and groups. Its consultation input is received directly from Niles Police Department officers.

The Village Economy Party is a team effort. Their results and achievements in the past revealed what teamwork can do. The Trident Center speaks for itself.

On April 15, Trustees Bast, Harczak, Marcheschi, Selman and Panek will be up for election. Working together as a team, they encourage you to support them for re-election on this date.

Beusse seeks trustee seat

[by Alice M. Bobula]

Park Commissioner Walter Beusse is determined to run as the independent candidate in the April 15 elections for the unexpired, 2-year seat for Village Trustee.

He seeks the 2-year term he said because he would like to get exposure to village affairs for further involvement. He has already gained the insight, said Beusse, since the Park District has always worked in cooperation with village officials for betterment of the community.

Beusse's first six-year term as Park Commissioner expires next April. As park commissioner he has experienced chairmanship of all park committees on finance, public relations, maintenance and facilities, an insight which has made him "well aware of all that transpires within the municipality which concerns taxpayers' monies."

Beusse, 53, has lived in Niles with his wife, Lorraine, for the past 20 years and has 3 children. He holds a Bachelor's Degree in Mechanical Engineering and is the senior engineer in Research and Development at Teletype Corp. in Niles.

Crediting past accomplishments and a 6-year involvement

in park development and community relations, Beusse feels he is better qualified for the trustee seat "than either of the incumbents (Abe Selman and Carol Panek) who were appointed to the Board rather than elected by the people of Niles."

Beusse is interested in improvement of street conditions and village lighting, both of which are "deplorable."

He would also like an overall traffic study of the village to improve the flow of traffic... "the

industrial section has several traffic problems which could be corrected... Greenwood and Dempster is another traffic bottle neck... Ballard and Cumberland is another area which is in dire need of traffic improvement... and overall improvement of congestion caused by an overload of shopping centers."

At the time of his election to the Park Board in 1969 Beusse scored victory over Abe Selman and John Alberts in the contest for park commissioner. He was president of the Park Board in 1972-73, founder of the Niles Amateur Hockey Program and was instrumental in the success of the 1973 Park referendum which acquired 50 acres of park property within the village, including Golf Mill Park, Jonquil Terrace, Greenwood, Triangle Park and the Tam Golf Course. The Niles Bus Service, now operated by the Village of Niles, was innovated by the Park District in 1973. As the initial chairman in 1973 of the Main-Niles Association for the Recreation of the Handicapped, Beusse assisted in establishment of programs set by the 7 park-involved Committee.

He is a member of the St. John Brebeuf Holy Name Society, Knights of Columbus and the Niles Lions Club and past member of the Niles Baseball League as Commissioner, coach, president of the Board and sponsor chairman 1963-74, cub scout committeeman and Commissioner of the Niles Blood Program.

Two other candidates for the two, 2-year seats on the Board of Trustees are Wilton Jere Tidwell, 8345 Western ave., and Frank Kerns, 7853 N. Nordica. Incumbents Carol Panek (appointee to replace Keith Peck) and Abe Selman (appointee to fill the interim vacancy created by Jerry Skajaj) also seek election to the 2-year trustee seats.

Incumbents Angelo Marcheschi, Richard Harczak and Ralph Bast are uncontested for reelection to the three, 4-year trustee seats on the board. The five incumbents are running under the Village Economy Party (VEP) banner.

Kerns cites reasons for candidacy
People have asked me why I am running for Trustee of the Village of Niles.

The answer is really simple. I have been a resident of this community for many years, have raised my children here and feel that since this is my home, that I want to be involved in its activities. The area in which I live is highly congested and has a lot of the problems that go along with much congestion. I would like to serve on the Village Board of Niles so that I can, in fact, try to get to some of the problems that are affecting our community now that it is built up and developed.

At one time, the problems of Niles had to do with what kind of business was going to move in, what kind of industry we were going to have and whether our neighborhoods would be composed of single family residences or complex residential high-rises. These questions have all been generally answered because Niles has very little vacant area left. It seems that we must now concern ourselves with solving the problems that go along with a completed community. I believe that although we have

a good Police Department, that we need more police protection in certain of our areas and I believe that we must be highly sensitive so that we do not get deteriorated neighborhoods, particularly in highly congested areas. We must be able to provide more activity for our young people, and we must concern ourselves with the ever increasing traffic through our community.

These are all problems that I, as a long time resident, understand and feel that I can contribute something towards. That is why I want to be a Niles trustee.

Northwest Symphony Concert

The Northwest Symphony Orchestra will hold its third concert of the 1974-75 season on March 23 at 7:30 p.m. at the Maine East H.S. Auditorium, Dempster and Potter rds. in Park Ridge. Please note that, this season, the concerts will be held in the evening rather than in the afternoon as in the past.

Perry Crafton, conductor, and the orchestra will open the program with a Classical work, the Haydn Symphony #86 in D Major, and then go on to play Alexander Glazunov's "Scenes de Ballet", a suite written for dance based on Russian folk style music which begins with a brilliant introduction called "Pre-ambule" that leads into six sections.

After the intermission, soloist Mark Fasshauer, will perform a

well known French composition of the Romantic Period, the Saint-Saens Cello Concerto. Sixteen year old Mark Fasshauer is a junior at the North Carolina

School of the Arts where he studies privately with Marian Davies and in master classes with Janos Starker. He spends his summers with his parents, Mr. and Mrs. Carl Fasshauer, at home in Chicago where he studies with Frank Miller and performs in the master classes at Ravinia. During the eight years that Mark has been playing the cello, he has appeared as a soloist with the Houston Symphony, the Corpus Christi Symphony, the Interlochen Orchestra, the North Carolina School of the Arts Orchestra and the Chicago Symphony Orchestra. He also has participated in a memorial concert for Pablo Casals in Williamsburg, North Carolina.

Single tickets at \$3 may be reserved now by contacting Mrs. Ann Butler at 631-6132 after 6 p.m. Students admission and Golden Agers admission is \$1.50. Children under 12 are admitted free if accompanied by an adult.

Lecture on China
The New China—After the Cultural Revolution—is the timely topic for a MONACEP travelogue scheduled for Thursday, March 20, at Maine West H.S., Wolf and Oakton, Des Plaines, from 8 to 9:30 p.m. Admission to the travel lecture is \$1.50; senior citizens 75 cents.

Cellist presents Senior Recital

Gary Stucka, cellist, will present his Senior Recital on Friday, March 21, 8 p.m. in Ganz Memorial Hall, Room 745, 430 South Michigan Avenue, Chicago. This recital, which is open to the public, is one of the requirements leading to the Bachelor of Music Degree at Chicago Musical College of Roosevelt University. The program consists of the cello compositions of Vandini, Bach, Senaillie, Stravinsky, Schubert and Chopin-Feuermann.

Mr. Stucka is a member of the Grant Park Symphony Orchestra and lives at 8905 McVicker, Morton Grove.

House dinners, official state banquets, and national events.

He auditioned for the position in Washington D.C. during late January.

However, Dan's honors do not begin with his acceptance to the Army Orchestra.

After being awarded the first chair of the viola section at the District Festival Orchestra, Dan competed at the State Orchestra Festival where he earned second chair honors.

The Des Plaines senior had been accepted to play in the University of Illinois and Northern Illinois University orchestras but opted for the Army Orchestra. He will be a member of the regular Army and will attend bootcamp this summer. Dan has a three year obligation.

As a member of the Army Orchestra a lot of exciting playing opportunities will develop between Philadelphia and Washington with the Bicentennial Celebration.

Dan has been a member of Maine North's Orchestra for four years under orchestra director Walter Wolodkin. Dan has also taken private viola lessons at Maine North with Mr. Thomas Daniels.

Two other Maine North students are members of the Army Orchestra. David and Stephen Premo joined the Army Orchestra in 1973 and 1971 respectively.

ED HANSON

Easter, this year, comes on Sunday. I predict it will come this year on March 30, which by the way is Sunday.

Easter is a big day for the churches. Many people go to church on Easter who don't go the rest of the year.

Bingo may not save souls, but it's sure saving a lot of churches.

Church business and car sales have declined this year but not for the same reason.

But despite this, people have improved. Today they are chiefly concerned about the higher things of life—like prices.

If you don't know what's up, Doc—you haven't been shopping lately.

Today, in any store, even a bargain costs money.

There was a time when only a fool and his money were parted. Now it happens to everyone.

Today, many people have discovered the best way to live within their means is to borrow money to do it.

Today, meat prices are so high that when I'm in a restaurant, I watch my steak rather than my hat and coat.

Well, this Easter, go to church and pray for lower prices unless you're a heathen.

What are heathens? They're folks who don't quarrel over religion.

Doctors say to remain healthy, people should have pleasant thoughts before meal time. Obviously, these rich doctors are not aware of present day food prices.

If you want to have pleasant thoughts before a meal, have your EASTER DINNER at JAKE'S restaurant, 7740 Milwaukee ave., Niles. For JAKE, as he always does for Easter, is going all out to satisfy your taste as well as your purse...and more!

In addition to the traditional Easter favorites of baked ham, choice lamb and delicious turkey, roast beef, etc., JAKE is providing a big EASTER PARTY for both the young and old. Popular JERRY BURBINE, who knows hundreds of songs, will be at the Thomas Organ playing and singing your requests. And for the kids from ages 1 to 12, JAKE will have an EASTER EGG grab bag. All children from age 1 to 12 who have had dinner with their parents are eligible to draw an egg from the Grab Bag and they can WIN a brand, new shiny half-dollar. (Knowing Jake, my personal hunch, is that all of the kids will be winners.)

And for Easter Sunday, JAKE is having decorations throughout the restaurant and fresh flowers at all the tables. JAKE'S brand new dishes will be filled with all the EASTER goodies off his menu which will carry his low cost everyday reasonable prices for complete 7-course dinners. And don't forget, you're entitled to a FREE Caesar salad with any dinner off his Easter or regular Sunday dinners.

Speaking about prices, JAKE said to me, "Ed, my family night 'All You Can Eat' specials from 3 p.m. to 10 p.m., Monday thru Saturday are still priced at only \$1.85 which is the lowest price in all Chicago and area."

Celebrating Easter at JAKE'S RESTAURANT of Niles has become a popular habit with thousands of local area residents who appreciate the great food and low prices which has become traditional at JAKE'S. To accommodate the crowds who flock to JAKE'S on Easter, additional parking facilities have been provided for your comfort and convenience.

JAKE wishes everyone a "Happy, Happy Easter"....

Last week I had lunch at LA RAY'S Executive Caterers, 7225 Caldwell, Niles and the roast beef which was part of the gourmet luncheon was the best I've tasted in many years. Ray Helmersen has taken over what was formerly Weller's Elbow Room and started a members only luncheon club. In addition Ray has 3 banquet rooms, cocktail lounge and entertainment.

Next Saturday LA RAY'S starts something new and which is unique to this area. It's an "OVER 25-DANCE" to be held March 22 (Saturday), from 9 p.m. until 1 a.m. The RHYTHM-AIRES will provide the live, danceable music of the 40's, 50's and 60's; and there'll be a drawing every hour for a big, FREE bottle of Champagne. Now the cost is low for this gala dance party...members and guests only \$1.50, non-members \$2.50. There'll be a cash bar...mixed drinks \$1.50 and beer 75 cents. For those who care to dine, there'll be a Deluxe gourmet dinner served at \$4 from 7 to 9 p.m.

Don't forget everyone's invited to LA RAY'S big dance, and if successful, which I'm sure it will be; Ray Helmersen may make this a weekly feature. (See their large ad in this section).

Another popular place to celebrate EASTER and enjoy some good, wholesome home cooking is TEDD'S EARLY TIMES RESTAURANT, 7420 Milwaukee ave., Niles. TEDD'S will be offering all the traditional favorites for Easter of Baked Ham, Lamb, Roast Beef, etc. served the way you like 'em. TEDD'S EARLY TIMES has earned for itself an important place in the hearts of hundreds of area people who enjoy delicious home-cooked foods at prices that would have been low in the 60's. And remember, TEDD'S offers a big pitcher of beer with a large sausage pizza for only \$4.25...and their breakfast special for 59 cents is the lowest anywhere.

Andy of LA VENECE reports that his GREEK NIGHTS featured every Tuesday are proving very popular with local residents. LA VENECE will feature a big EASTER PARTY on Sunday, March 30 and offer 7-course dinners of Baked Ham, Capon, Lamb, Turkey, Beef and other traditional Easter favorites all day. (More about this next week).

KEDD'S LTD., a new restaurant in town features home cooking and is open for breakfast at 6 a.m. and lunch and has carryouts. KEDD'S LTD. is located at 7305 N. Waukegan rd., Niles. The food is good and the service is quick—try KEDD'S....

Variety Club celebrity ball

With Hollywood star Ann-Margret already confirmed to preside as queen, the eighth annual Variety Club celebrity ball to be held March 21 already promises to be the most glamorous of all the previous galas. And again the setting for the festive affair will be the Guildhall of the Ambassador West.

The ball will highlight a week-long salute to the 48th anniversary of Variety Clubs International, the show business organization dedicated to helping the handicapped and needy children. Both Governor Dan Walker and Mayor Richard J. Daley have formally proclaimed March 16-22 as Variety Club Week.

Ann-Margret's appearance at the ball will climax a day-long homecoming welcome for the former New Trier high school student. Besides appearing on

the stage of the State Lake theatre that day with the opening of her new film, "Tommy", she will have a colorful motorcade escort down State st. on her way to a civic luncheon to be attended by Mayor Daley and other city officials.

Also coming in from Hollywood both for the ball and a new film will be Warren Beatty. His Columbia Picture, "Shampoo", will be opening the same day around town at selected theatres.

Among the many other stars appearing in Chicago at the time who are expected to attend the ball are Zsa Zsa Gabor and Eva Gabor, John Caradine, George Hamilton, Buddy Greco, John McGiver, possibly Stella Stevens, Jimmy Damon, Dink Freeman and Lee Pelly.

Many more "names" are expected to be added to the roster of

guest celebrities according to Jack Greenberg, chief barker of Variety Club Tent No. 26. His chairman of the ball for the fourth year is Robert Dachman, 7318 Lowell, Lincolnwood, with Robert Flannery and Jack Gilbreth co-chairman, and Edwin Schwartz an associate chairman in charge of entertainment.

The ball will begin with a cocktail hour at 9:30 p.m., dinner at 11:15 p.m., followed by dancing until the early morning hours to the music of Frank York and his orchestra.

Tickets for the affair which is open to the public are seated at \$135 per couple, with proceeds benefiting the Variety Club's children's charities. Reservations may be made by calling Central 6-6525.

CitySuburban Auto Service announces Grand Opening

The recently completed Good-year franchised City Suburban Auto Service, 7035 N. Milwaukee ave., Niles, announces it will celebrate its Grand Opening with gifts, prizes and special buys in automotive service, repairs and Goodyear tires from March 19 to April 9.

Well known in the automotive service and repair business, this 43 year old, third generation Stynoski family business is jointly operated by father, John (B.J.) Stynoski, 49, and his family of three sons, Rudy 25, Michael 22, and Wade 18. Each member of the Stynoski family is a highly skilled and experienced automobile mechanic.

B.J. started in the automobile service business from the ground up 40 years ago when as a youngster of nine he swept the floors and dusted and polished cars in his father, William Stynoski's, garage at 3251 W. Lake st. in Chicago. By the time the government took over the latter premises during World War II to convert it into a shop manufacturing shells for incendiary bombs, B.J. had already acquired a broad knowledge in servicing cars. Later, while serving in the Pacific Theatre, B.J.'s automotive skills were put into use by the United States Navy.

After the war ended, B.J. and brother, Bob, opened Armitage Service, at 2317 W. Armitage ave. in Chicago where for 26 years they enjoyed an excellent reputation as honest and expert automobile mechanics.

Never believing he knew it all, B.J. attended the General Motors Training Center where he learned automatic transmission service, repairing and rebuilding and automobile air conditioning service and repair. He also attended refresher courses every five years at Sun Electric in Chicago to keep up to date in electronic automobile engine diagnosis. As a side line to his business interest in automobiles, B.J. started collecting antique cars and ended up founding the International Model

T Ford Club, of which he was first president. Currently, "B.J." is working on restoring an 1885 Worth automobile, one of the first made. Among the antique auto collectors, you will find the name B.J. Stynoski is as familiar as Model T Ford.

During the last years preceding B.J. and Bob's closing Armitage Service, brought about a neighborhood change, sons, Rudy and Mike, were introduced as youngsters into the business. After closing Armitage Service, between the years 1968 and 1974 when B.J. took a sabbatical to develop his award winning Japanese Garden at his home on W. Catherine st. in Norwood Park Township, son Rudy proceeded through the automotive course at Maine South H.S. in Park Ridge, where he earned a scholarship to Triton College. From Triton Rudy later graduated with an honors degree in automotive technology. Son, Michael, also high schooled at Maine South, went on to lead his graduating class in automotive technology at Triton College, also graduating with honors. Both of these older sons then progressed through the GM and the Sun Electric courses.

Six weeks ago, B.J.'s youngest son Wade, graduated from Maine South. Presently Wade is furthering his automotive schooling by attending the GM training course. A formal education at Triton College School of Automotive Technology also appears to be in Wade's future.

The Stynoski family wants its neighbors to know it is ready to offer them the finest in automotive care and Goodyear tires at their new place of business. The restored 1919 Model T touring car displayed on its premises signifies the long tradition of the Stynoski family in the automobile service and repair business.

For the finest in automobile services, take your car to the Stynoski family's newly opened City and Suburban Auto Service, 7035 N. Milwaukee ave., Niles.

Park . . .

Cont'd from Niles-E. Maine P.1 Jack Leske, he "did not wish to approve a second event before viewing comparative results of the first program.

Comr. Walt Beusse asked for a firm commitment from Complex personnel regarding adequate and proper parking for the events.

Comr. Millie Jones negated the idea of a motorcycle program, not because of the usual connotation given to those associated with motorcycles, but "I am concerned about our residents, should these cyclists decide to ride up and down our streets."

Comr. Bob Romano was angered at the Board. "We've been crying for events at Ballard - now that some have been scheduled we are negligent to proceed. There is concern over parking, over possible crowds and over providing for only Niles residents and you still want to make a profit... gentlemen, we can't have everything. Let's go ahead," he urged, "approve the events and compare the results later. Get some comparative experience for future programs."

Commissioners deadlocked in the absence of Board President Bill Keener in two voting attempts for approval of the programs, even with considering stipulations.

Pres. pro tem Millie Jones offered no commitment by the Board, predicated on a committee meeting prior to a continuation of the regular Park Board meeting set for 8 p.m. on Friday, March 21 at the Park Administration Building.

In other business, the Park Commissioners unanimously voted to accept the Vita Fence Co. bid of \$2,983 as lowest bidder for installation of a cage-type backstop at Grennan Heights.

...referred 3 bids on a dividing curtain at the Grennan Heights Gym to Director Bill Hughes for study.

...disapproved a request by Niles Township High School to use Tam Golf Course for meets in the fall as not being a good policy for the future.

...announced that tennis nets on existing courts will be put up this week for interested tennis players. Lights at existing courts can be used, weather permitting.

...approved an amendment (regarding polling places) to the resolution for a Park District special referendum for levying a tax of .02% for recreation of the handicapped. The referendum ballot will be pink, said Park Attorney Berrafato. The ballot to elect Park Commissioners will be white. Leske based his negation on the fact that he believes the schools, not the parks, should be involved with teaching recreation for the handicapped.

Glass . . .

Cont'd from Niles-E. Maine P.1 U-20 fences this year. Gerard took 2nd place in foil but was 2 points behind qualifying to the team until recently when he is the first alternate and alternates go. The team consists of 16 fencers of whom 12 compete against as many as 30-60 different countries.

Glass took 2nd in the Great Lakes Championships and Gerard 4th and when the World Championships are finished, Glass will fly to Los Angeles for the NCAA Championships. This year, 2 of the 3 participants for the University of Notre Dame are from Notre Dame High School.

Raze Niles Landmark

They knocked down the first Niles Bank and the old Art Meier's Tavern Tuesday morning in preparation for the widening of the Touhy-Milwaukee intersection.

Ed Bacher, Niles Public Works superintendent, told The Eagle the bank went into receivership in the 1928-29 period and former village clerk Jim Kozak was the receiver.

During Kozak's operation he ran a small currency exchange there. "Wheats" Frank Stankowicz was the village clerk and when he ran for Mayor, Kozak successfully sought the village clerk's office.

During those early days in the village the bank had a bell which would ring if a robbery was taking

place. Across the street on the east side of Milwaukee Avenue a barber, a druggist (Art Gronau was the pharmacist, prior to Mark Toepel) and a grocer (located where Amy Joy Donuts now stands) acted as vigilantes, running from their stores with sawed-off shotguns in pursuit of the alleged bank robbers. Subsequently, the bank building was bought by Frank Lenzen who operated a tavern. He converted the bank vaults into a beer cooler. Later selling the vaults to the Mosler Safe Company. A Mr. Gloski purchased the building from Lenzen and sold it to Art Meiers, who is the last known owner.

Pigeon flies coop; intended victim calls police

A "Pigeon Drop" was tried, unsuccessfully, on a Niles woman last week by two young women in the Kirk Lane area.

In a pigeon drop, two confederates approach the victim, usually a senior citizen, with an alleged "find" of a wallet containing money, which they will "share" with the victim if he or she puts up "good faith" money, in the amount of hundreds or thousands of dollars, until the "found" money is split up.

A 67 year old woman was walking east on Dobson from Harlem ave., on March 11, when she was approached by a 30 year old heavy set woman with long brown hair, who asked for directions to the Sears store.

As the two were talking, a third woman, tall, around 20 years old, with shoulder length hair approached with a bank deposit type of wallet containing money, which she claimed to have found.

The three women entered a nearby, late model Chevrolet to count the money. Although the intended victim did not actually see any greenbacks, she was told there was \$38,000 in the wallet.

During an ensuing discussion of what to do with the "found funds," the younger woman said she would seek advice from her boss, an attorney supposedly living on Neva.

Upon her return, the woman stated that the attorney's advice was to split the money three ways, with \$8,000 to be given to the attorney. However, he said, in order to conform with state law, he agreed to hold all the money for a year, that each woman must post bond with the attorney.

The heavy set woman immediately gave the younger woman the money. Both women asked the victim whether she had money "to put up."

Niles officials believe that, due to environment, Chicago residents prefer the bright, "spill type" of lighting, which illuminates the houses as well as the streets. Niles residents, on the other hand, they said seem to prefer a quiet, semi-dark lighted atmosphere.

A controlled study of the lighting in Niles, said Kohlerman, may indicate use of the high pressure vapor lighting at intersections, on main streets and other areas needing bright lights. Similarly, the low vapor lighting could be indicated on residential streets.

Niles trustees are planning a trip to Arlington Heights to observe both types of vapor lighting.

1974 tax tips - Part I

(Submitted by Leroy Plazlak, President of Skokie Trust & Savings Bank)

Each year millions of taxpayers choose to take itemized deductions instead of the standard deduction. With higher interest rates and medical costs, and increased local taxes, 1974's itemized deduction will be greater than ever. Over-sized deductions are sure to flag a return for IRS audit cautions. Prentice-Hall, publisher of tax information. That's why it's helpful to know just whom IRS considers to be an average taxpayer. Here are the latest (1972) average taxpayer deduction:

Adjusted Gross Income	Contributions	Interest	Taxes	Medical
\$9,000-10,000	\$304	\$757	\$810	\$395
10,000-15,000	344	931	1,030	333
15,000-20,000	424	1,097	1,404	294
20,000-25,000	544	1,208	1,778	291
25,000-30,000	692	1,360	2,184	336
30,000-50,000	1,031	1,686	2,983	393
50,000-100,000	2,092	2,855	5,145	462
100,000 or more	13,444	8,372	14,449	673

Just because your itemized deductions are within the averages for your income group, you are still subject to audit. IRS has a sophisticated computer system with thousands of cross-checks that run through these simple averages. There are also random audits, and other IRS audit techniques that can pick your "Average" return for audit.

However, the average taxpayer figures are a useful tool for taxpayers and their tax advisors. If your itemized deductions are substantially above those of individuals in your income group, chances are your return will be audited. That's good to know in advance so that substantiation of deductions can be calmly and neatly assembled beforehand.

On the other hand, if your deductions are substantially below your group's averages, chances are you've overlooked valid deductions. The average taxpayer figures are useful for double checking your itemized deductions. But remember: You can't take deductions that don't exist just to reach an average. Being an average, the figures cover taxpayers who have taken more and taxpayers who have taken less deductions for 1972. Few taxpayers are average.

Form 1040 has a number of changes this year. The Schedule B for dividend and interest income is back. Last year, you didn't have to file a separate Schedule B no matter how much dividends and interest income you had. Schedule B is required this year if you have more than \$400 interest or \$400 gross dividends.

But, watch this. Not all dividends and interest payments are taxable. For example, the interest from state and local bonds is generally tax-free. And then there are "dividends" that are tax-free.

Case in point #1: Stock dividends are almost always tax-free. Certainly a distribution of stock after a stock split is free. As a general rule, you pay tax on a stock distribution only when you can elect to receive cash or other property instead of the stock.

Case in point #2: Insurance dividends are tax-free. Reason: They are actually a partial return of the premiums you paid.

Case in point #3: You don't pay on any dividends you get on VA insurance; although the interest on dividends left on deposit with the Veterans Administration is taxable.

plus 2 present opposing votes would knock out the new addition immediately after the election. Moving at an accelerated pace now could prevent such action.

In trying to understand the workings of the Board and Administration in District 63, the money which will be used for the new addition is not the referendum money which was voted for a school addition back in a late 60's referendum. At a meeting 2 months ago, this money was to be used for the addition. Now, school officials report money for special education classrooms can be used for the administration addition. This money is available since regular classrooms have been converted to special ed classrooms and taxed funds for these classrooms are now available from past year's taxes.

Obscurantists is a label which can be tossed at District 63 officials. This twisting and turning and tumbling of actions seems to satisfy the needs of those who rule, but it plays havoc with the people who pay the bills and are left in the dark about the running of the schools.

On Wednesday

Niles Chamber of Commerce hosted oil representatives who oleagiously oiled our logic with facts and figures which made the oil people sound like they were ready for welfare payments. The poor oil people said they only are making a profit of 2.7 cents per gallon. We joined with Niles Manager Ken Scheel and others who questioned the oil people's rationales for their past year's actions. We wondered why the oil representatives didn't talk in millions, and perhaps billions, in discussing profits, rather than using the 2.7 cents per gallon profit figure. We suggested such a distortion is equivalent to the other rip-off artists, the sugar industry, noting they may only make one-thousandth of a cent profit on each cup of sugar used, or one-ten-thousandth of a cent profit on each teaspoonful used throughout the world.

We were interviewed on Maine High's WMTH by a fine young announcer, Scott Cohen. After admiring the very modern radio studio, we wandered around the hallways of the school and were most impressed by the many after-school activities there. We sat in the bandroom and heard the orchestra preparing for the upcoming musical. And we wandered past the dance class which was in session. In the boys' gym, an estimated hundred boys were running around the track and on the gym floor; a baseball coach was having fielders flag down simulated fly balls he was tossing up toward the lights. Doubling back toward the east parking lot we heard the lovely sounds of a basketball rhythmically bouncing on hardwood and when we turned into the girls' gym, a JV basketball game was taking place between distaffers from Glenbrook North and Maine East. After this game the varsity teams played a very well-played game. The girls handled the ball well, passed and shot at the basket not unlike their male counterparts. It took only a few minutes of sitting on the sidelines to realize it's time girls had the same opportunity as boys to participate in varsity sports. Not only are the girls talented, but their enthusiasm plus their 50 point games indicates they should have equal time for varsity sports as boys. It was quite an eye opener and the equal rights supporters should include support for the teen girl athletes who deserve competition in sports the same as boys.

On Thursday

Centel Telephone Company celebrated the installation of their 200,000 telephone. After dinner we congratulated company representatives for the much improved service they're now rendering in the areas west of Milwaukee Avenue. In talking with Bob Schumm, an old friend we've known for 15 years, we reminisced about The Bugle battling the company over the service when we first began publishing. He reminded us we were put in our place by the Oakton Manor Homeowners chairman, who used every colorful word in his vocabulary in opposing our sounding off at our first meeting.

Centel has come a long way in a relatively short time and kudos must be accorded the people who've turned around a telephone company which met the challenge of fulfilling the needs of residents in these exploding and burgeoning areas.

Niles Days Committee

At the Niles Days Committee meeting on March 3 the Board and Officers submitted to the Committee recommendations as to the fifteen requests totaling \$34,836.69. The Board had approved fourteen requests with reduced amounts and one disapproval. The amount approved totaled \$28,150 which the Niles Days Organizations hope will be reached during the July 16-20 Festival.

place as to what organizations will receive the monies they requested. The Niles Days Committee had discussed having a "1975 Niles Days Athlete of the Year" contest. It's open to all Niles teens in high school. Watch your local newspapers for further details. The location of this year's Festival will be listed in the near future.

Beusse pleased with Park involvement

Predicated on the possibility that Tuesday night's Park Board meeting might culminate his 6-year Park Board term, Niles Park Commissioner Walt Beusse offered his appreciation to Board members.

"It has been extremely pleasant working with the Park District for the past 6 years, particularly rewarding for acquiring as much as we have ... the Grennan Heights Gym, the Ballard Ice Rink and another swimming pool ... I am very proud to have been a part of this development."

It was his desire he said to become a part of the Save Open Space committee, to remain active in the Park District affairs. Beusse will not seek a second 6-year term as Niles Park District Commissioner. He has decided to campaign for one of the two open seats on the Village Board of Trustees in the April 15 elections.

Sidewalk replacement

The Village of Morton Grove announces that the 1975 Sidewalk Replacement Program is now in progress.

All interested homeowners who would like to participate may do so by calling the Department of Public Works at 965-4100. Register by giving name, address and telephone number.

A representative from the Street Department will make a survey and leave a contract stating the homeowner's share of the cost. If the contract is acceptable, the signed contract, accompanied by the check in payment should be returned to the Village Hall, 6300 Lincoln ave. The homeowner's cost this year is 62 cents per square foot. Homeowners are advised to get their requests in as soon as possible.

bers of each department as related to the average grades of the members of other participating departments.

Chief Hildebrandt expressed his pride in the members of his department who took the test. He stated that he felt that part of the reason for this successful examination result was the fact that many members of the department are going to Oakton Community College to study for their degrees in Fire Science Technology, and that several men already have degrees. The test was taken by all of the department's company officers.

According to officials the fire, which left the inside of the home charred, caused an estimated \$10,000 in damage.

Public notice is hereby given that an adjourned regular meeting of the Village of Morton Grove Board of Library Directors will be held on Thursday, April 3 at 8:30 P.M. at the Library, 6140 Lincoln for the purpose of conducting such business as may be duly entered on the agenda.
