## MNL Big League Registration

Maine-Northfield Big League will hold registration Sunday, April 27 from 1 until 3 p.m. at the Rugen Park Fieldhouse, 8255 Harrison st., Glenview.

Last year's players as well as newcomers in the 16 to 19 year age bracket are required to register for the 1975 season. New registrants must present birth certificates.

Maine-Northfield's Big League includes the Glenview/Niles and Des Plaines/Mt. Prospect teams comprised of young men from those areas. The league is part of the Northwest Suburban Big League, a 10 team-league this year. Home field for MNL is Maine North H.S. and games begin June 8 with doubleheaders every Sunday.

## Six NDHS Fencers to Midwest Championships

The annual Illinois Amateur State championships (Junior Division) were held at Notre Dame H.S., Friday and Saturday, April 18-19. This meet is the final tournament of the season to choose the 4 per weapon who will compete in the Midwest Fencing Championships in Cleveland in May. This meet is a 10 state wide competition and between 3-5 fencers per weapon will qualify to the U.S. Nationals in Los Angeles in June.

This year, NDHS has sent 5 of 12 possible boys to this event, plus one graduate for 50% of the entries.

The results of the competition are: In Sabre: 1. Andy Vella, UICC; 2. Kevin Cawley, NDHS; 3. Kent Koester, NW; 4. J. Goshi, GT; 5. J. Handler, UICC; 6. A. Meenah, NU. In Epee: 1. Kent Koester, NW; 2. Jim Herring, UW-Park; 3. Art Diamond, NW; 4. Garry Gronke, NDHS; 5. Pat Gerard, UND; 6. Randy Kuzma, NDHS. In Foil: 1. Jim Herring, UW-Park; 2. Pat Gerard, UND; 3. Art Diamond, NW; 4. George Dell, NW; 5. J. Julien, NU; 6. Kevin Cawley, NDHS. In Under 16-Foil: 1. Steve Bachmann, NTW; 2. Wendell Kubik, GT; 3. Tsugin Lin, NDHS; 4. Mitch Ferdman, NW; 5. Mark Snow, MS; 6. Nick Leever, MS.

The Illinois Team to the Midwest Championships as named at this time are: U-20 Foil: Pat Gerard, NDHS-UND; Kent Koester, NW; Mike Gerard, NDHS; Art Diamond, NW. U-20 Epee: Kent Koester, NW; Jon

Vickery, NU; Steve Basista, NDHS; Garry Gronke, NDHS-HCC. U-20 Sabre: Andy Vella, UICC; Kevin Cawley, NDHS; Kent Koester, NW. U-20 Woman's foil: Karen Beckman, MS-NU; Kathy Foley, Dix H.S.

The foil competition had the two top fencers in the Midwest and in the U.S. in Jim Herring and Pat Gerard, both were on the USA team to Mexico City, and are 1-2 in the JO championships and ranked third and 5th overall in the USA. Herring and Gerard must be considered the odds-on favorites for the Midwest championships for the U-20 title. They will also compete for the adult level along with former NDHS and now UND fencer Tim Glass, who is now too old for the U-19 program. For the fifth straight year, the Illinois division team looks to retain its Midwestern Championship U-12 team trophy. The foil should be very strong since Pat Gerard has over 220 wins and only 20-25 losses. Jim Herring must have close to 200 wins also, and Mike Gerard is over 180 wins.

On Saturday, April 26 most of the above will return to qualify to the US Nationals directly at the Adult Divisional Championships at New Trier West. Check the Chicago Guide for times.

## Girls' badminton results

[By Laurie Chrobak] The girls of Maine East's badminton team have just concluded this year's season under the coaching of Ms. Ellie Broucek.

The varsity placed fourth in their division while the junior varsity captured first, winning every divisional meet they were competing in.

The last meet saw Maine East against Niles North. Our varsity won 5-2 and the junior varsity 4-3. Among the successful players on the varsity were Wana Benjawan, who won seven matches, Mary Rafe, and the doubles team of Vicki Larson and Sue Shively, who each won five. Laura McCormack won four matches while playing for the junior varsity.

## Danish gymnastics

Shown above, left to right: Yves Andersen, Poul V. Steffensen, Carl Steffensen.

The 53rd Anniversary of the Danish American Athletic Club will be celebrated with our Exhibition in Danish Gymnastics and Folkdancing at the Luther North High School, 5700 W. Berneau, Chicago on April 27 beginning at 2:30 p.m. This show includes participants of all ages and the price is only \$1.50 for adults, students 75 cents and children under 12 admitted free.

The show is followed by a reception at our Clubhouse, 4624 N. Pulaski, Chicago where a delicious smorgasbord will be served from 6 p.m. and dancing to the accordionist, Ernie Sandquist will follow to round out this great day. The cost of the smorgasbord is \$3.75 for adults, \$2 for children under 12. Hot dogs

will be available for 50 cents. For those who wish only coffee and cake, this will be served after the smorgasbord for \$1.25.

The Danish American Athletic Club was founded by a group of Danish immigrants in 1922 and is patterned after similar organizations in Denmark. Starting with adult classes in 1922, it was not until 1931 that the first children's classes were formed. Today, these are the main reasons for the Club's existence. The membership changes continually—children grow up here, bring their own children and continue the work started by their elders, thus keeping the club very active. Within the last few years, the Danish language classes were formed to further broaden our activities.

#### New District 207 members seated

After a canvass of votes cast in the April 12 school board election, the Maine Township High School District 207's Board of Education adjourned its April 14 meeting sine die, and immediately reorganized with two new members taking their seats on the Board. The two new members, both caucus-endorsed candidates who ran unopposed in Saturday's election, are: Mrs. Charlotte Storer and William J. Schaeffe, both of Des Plaines. Number of votes: Storer, 2347; Schaeffe, 2316.

Elected to three-year terms on the Board, Mrs. Storer and Mr. Schaeffe replace Robert C. Claus of Des Plaines and Robert S. Stavrakas of Park Ridge.

Mrs. Storer, who lives at 1684 Wicke ave., Des Plaines, is a graduate of the University of Illinois, and is active in the League of Women Voters and the American Association of University Women. She and her husband, Richard L. Storer, have a son, now attending the University of Illinois, and a daughter, a student at Maine West. The Storers have resided in Des Plaines since 1960.

William J. Schaeffe, 1982 Birch st., is an attorney. He is a graduate of Northwestern University and of Chicago Kent College of Law; and a member of the Chicago, state and national bar association. The two new members, along with Leonard R. Grazian of Morton Grove, Roy O. Makela of Niles, Donald Goll and Robert P. Cornelisen of Park Ridge, and Mrs. Anne Evans of Des Plaines, comprise the seven member Board of Education.

The new Board's first act was to reelect Leonard R. Grazian President of the Board for the coming year. The Board's second act was to unanimously adopt proposed resolutions expressing appreciation and commendation for the services of retiring members Robert C. Claus and Robert S. Stavrakas.

Mr. Claus had served a three-year term on the District 207 Board, and almost two years as its President. The Board resolution commended him for his able leadership in his capacity as President, and as a member of the Education Committee, and as chairman of the Board's Professional Negotiations Agreement Committee. **LETTERS to EDITOR**

**Combat obscene literature**

Dear Editor:  
North American Martyrs Council #4338 of the Knights of Columbus in Niles take this opportunity to compliment the Niles Board of Trustees on passing the obscenity ordinance. There is a need to combat obscene literature and as members of a Catholic organization and as parents, we have a responsibility to combat the distributing of obscene literature in our Village. This type of literature is one of the real sources that develops juvenile delinquency. Delinquents are made-not born. Juvenile delinquents come from a poor house in the slum, a tenement, a middle class home, a good residential neighborhood, a very rich home or an upper middle-class home. So it can breed from any home. The child who is educated to values that are morally good and ethically right chooses and acts to the end for which God has destined him or her. The child who has been deprived of such values is their own enemy, society's cancer and the devil's victory.

We must help to enforce these laws pertaining to obscenity which already exist on our statute books. Be alert! Always object to those sources publishing or selling obscene advertising and literature. Television is the most available medium of entertainment and members and parents should see that our children's religious training is not neglected. Parents of all boys and girls who are attending public schools

have a serious obligation to see to it that their children receive instructions in our Faith. Quoting His Eminence Francis Cardinal Spellman in one of his speeches on juvenile delinquency, "Parents and Educators should realize that the only effective prescription for prevention and cure is spiritual strength derived from religious training."

Bob Komos, Grand Knight  
Michael Provenzano, Public  
Relation Chairman

**A modern "good samaritan"**

Dear Mr. Hanson:  
You're probably tired of hearing snow stories, Mr. Hanson... but mine has to be told for a gentleman you mentioned in your column a few weeks ago.

After being stranded in the snow for four hours we were fortunate enough to get as far as LaRay's Executive Caterers on Caldwell ave.

Mr. Ray Helmersen wasn't satisfied with just providing shelter from the storm for a few hundred of us. He found his chef's hat and went to work, offering everyone three complete buffets and five hors d'oeuvre trays on a "donation" type basis for the grateful few.

I, and many of the friends who were there, found the friends they knew and the hospitality to be far more than they expected.

Here, here, for Ray Helmersen!

Sincerely,  
Rosemary Sadlier  
Advertising Manager  
P.S. ...and the food was fantastic, too.

**Niles Days decision questioned**

Dear Editor:  
It is not my intent to find fault with the decision of Niles Day Committee on the distribution of the proceeds from Niles Days. It is their right and prerogative to allocate the funds as they seem fit.

However, I necessarily must quarrel with the reasons given for refusing the request of the Knights of Columbus for the needs of St. Andrew Home for the Aged.

St. Andrew is not "a privately owned profit making center", as alleged, but is properly licensed by the State of Illinois, as a not for profit organization, and is an agency of the Catholic Charities of the Archdiocese of Chicago.

The second reason given is quite mystifying namely, since the Niles Day Committee was "never previously involved with St. Andrew's, therefore, the request is rejected." Does this mean that all the other organizations who will receive funds this year were on the list previous years, or again does this mean that any new organization no matter how worthwhile they may be, will be declared ineligible because they were not involved with Niles Day Committee previously.

It seems a flat NO by the committee to the Knights of Columbus request (who initiated the request and not St. Andrew's) would have been more reasonable and acceptable than the excuses offered.

Sincerely,  
Rev. George A. Gorski  
Administrator

**Concerned Mikva supporter**

Dear Editor:  
For more than three years, hundreds of concerned voters in Niles and the rest of the 10th District worked strenuously to elect an intelligent and compassionate congressman. We especially wanted a visionary and independent thinker who would not take orders on how to vote from Mayor Daley or anyone else. In November, our work was rewarded as we convinced a majority of our neighbors to elect Abner Mikva to represent us in Washington.

But now Mayor Daley has decided that he, and not the

voters of this district, will determine who shall be our advocate in the Congress. Furthermore, he has dipped into the gutter to revile Congressman Mikva with vicious name calling. Anyone who know what a decent and tolerant person Abner Mikva is, can only find this laughable...if it weren't so ugly. Surely the legislators of this state and our governor will not allow this travesty of justice to be inflicted on the voters of the 10th District.

Sincerely,  
Rev. John J. Fitzgerald, C.S.C.  
Notre Dame High School

**Thanks for coverage**

Dear Sir:  
On behalf of the Executive Board of District 219 Caucus, I would like to thank you for the excellent coverage given to the Niles Township High School Board Election. The Press reported the issues fairly and impartially and the electorate was thus enabled to make an informed decision.

The real winners in this particular election were the citizens and taxpayers of our entire district. The overwhelming vote for the Caucus-endorsed candidates Garland, Minkus and Kaminski, was for their ability to fairly and impartially evaluate the interests of all and to arrive at decisions without bias, prejudice

or preconceived notions.

The outcome of this election should not be viewed as a personal rejection of the sincere and dedicated opposition candidates or of the good people who worked on their behalf. Instead, we believe that the electorate agrees with the Caucus philosophy which opposes representation of special interest groups of any kind on the school board.

Our heartfelt thanks and the thanks of the community go to the hardworking volunteers who helped elect the Caucus candidates.

Sincerely yours,  
Curt L. Sonneborn, Chairman  
District 219 Caucus

dragon. But guys like Blase and Sutker would be better off skipping the meeting, since they've played the game with Daley for too many years.

Williams is a rich, rich committeeman, who bounces around town wearing a seafaring hat befitting a rich, rich weekend sailor. But perhaps because he's well-heeled, it has given him an independence which has enabled him to stand up to the guys who hang around City Hall on Randolph st.

Back at the '68 convention it was our feeling Daley's tactics blew the election for Hubert Humphrey. The bloodletting on Michigan Boulevard and the enraged little Caesar inside the Amphitheatre was a picture all Americans received via television. And it was a picture too many of them carried into the voting booths some 3 months later.

While the alleged politically astute Daley was directly responsible for that fiasco, we asked ourselves where were the Nick Blases and fellow delegates? They were there, voting along with Daley; in a catastrophe which led to the Nixon years. Not once did they try to buck little Caesar, but went along with "the man", pulling the Party down to its nadir.

You might say that's all history...and it's a new day in 1975. Well, if Blase and the other delegates rubber-stamped Daley then, why should their stance today make them more credible?

Sunday, guys and gals will rise and spat spuriously at Daley, some 35 miles north of where he resides. But aside from Williams and Mikva, the other Democrats have poor track records for standing up and being counted. If the revolution ever came in the Democratic Party, I'd hate to have Blase or Sutker out in front leading the charge. When they would come into close-range hand-to-hand combat, Daley would coo in their political ears and they'd both jump over to join with the Daley forces in what they'd probably call a "show of unity."

Morton Grove business manager Fred Huber gave us a gentle bit of schtick at last Tuesday night's victory party when he said, "newspapers always have the last word." He implied newspapers only print what they choose, leaving little doubt his distaste for "some" papers is evident.

Tuesday we dropped in at a local business in Morton Grove and the businessman there laughed and encouraged us to continue baiting Morton Grove for being such a "sleepy" community. Remembering Huber's remarks the previous week, we thought, "how do we report the businessman's feelings without our having the last word?" We thought it might be a good idea to invite either Huber or the village president of the sleepy village, Jules Bode, to take over this column and rebut our remarks. The space is available whenever they care to use it.

Over in school district 63, freshly-elected Phil Deckowitz did a bit of political shim shamming which stunned many of the people who voted for him. Prior to the election he shared the cost of an article which was distributed in the district recommending his election. The article stated the major problem in the district was a "lack of leadership." According to two board members, Deckowitz had committed himself to vote for a new leader, Larry Reiss, to head the school board. But when the crunch came, Deckowitz voted for incumbent Arlene Nidetz for a 2nd term. When we asked him about the obvious inconsistency, he said he campaigned against the general lack of leadership of the entire board rather than against any one person. It was a cute answer worthy of a Maine township committeeman but hardly befitting a school board member. Obviously, leadership emanates from the top and if Deckowitz pulled a Benedict Arnold, it seems to suggest he was pressured into his vote. We were told prior to the election by people close to district 63 happenings to be wary of Deckowitz. It's after the election...and somewhat belatedly, we are wary.

**Village history available to residents**

Village historian Dorothy Tyse appeared before the Niles Village Board Tuesday night to present the first bound copy of the Village of Niles History Book to Mayor Nicholas Blase and the trustees. "It gives me great pleasure to present this book to you," Mrs. Tyse told the Board. "Researching was a pleasure and I enjoyed doing it."

Mrs. Tyse, together with her late husband, had spent several years compiling historical data on

Niles and composing the information into a 200-page book with photographs, which is approximately the size of the new Niles telephone directory. Altho the book had originally been planned for a Niles Diamond Jubilee presentation (in 1974), delays with printing and the ramifications of a copyright deferred its formal appearance.

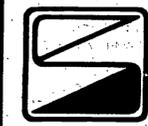

The history is available for \$2 at the Administration Building, 7601 Milwaukee ave.

## Money & You

### How IRA can help you

[Submitted by LeRoy Plank, President of Skokie Trust & Savings Bank]

The stories go on and on. A person works for a company for many years, the company moves to Timbuktu or goes out of business and the employee is left with the wrinkles of years and work, with no pension save for Social Security. He is the victim of a force he cannot control—the corporation.

Well the cries in Washington of anguished elderly displaced workers has been heard. The federal government has introduced every individual in America to IRA—Individual Retirement Account.

Under IRA a person who is not covered by a pension program can put away up to 15% of his income up to \$1,500 and claim the same amount as a tax deduction each year. Thus you will save substantially on your tax bill while providing yourself with the kind of retirement income that could mean an era of new adventures in the world without the slightest financial worry.

Take a look at the examples: Let's say you nest away \$1,500 a year (at the end of the year) at 5 1/2% interest in the bank. Here's what your totals would be with interest:

	Your Contribution	Total with Interest
After 10 years...	\$15,000	\$19,310
After 15 years...	22,500	33,610
After 20 years...	30,000	52,300
After 25 years...	37,500	76,730
After 30 years...	45,000	108,650

If your interest was 7 1/2% the \$1,500 would grow to:

	Your Contribution	Total with Interest
After 10 years...	\$15,000	\$21,220
After 15 years...	22,500	39,180
After 20 years...	30,000	64,960
After 25 years...	37,500	101,970
After 30 years...	45,000	155,100

You can, of course, select other investment vehicles such as trust accounts, insurance, mutual funds if they are approved by the Internal Revenue Service.

Under the IRA plan, you can begin to receive benefits at age 59 1/2 and no later than 70 1/2. Your retirement benefits can be paid to you in either a lump sum or in equal monthly installments. But regardless of the form of payment you choose, your benefits will then be taxable. However, since you will be retired, your tax bracket will likely be much lower during your peak earnings years.

If you should die before reaching 59 1/2, the total amount accumulated in your plan will be paid to your designated beneficiary. If you are permanently disabled before age 59 1/2, the total will be paid to you directly.

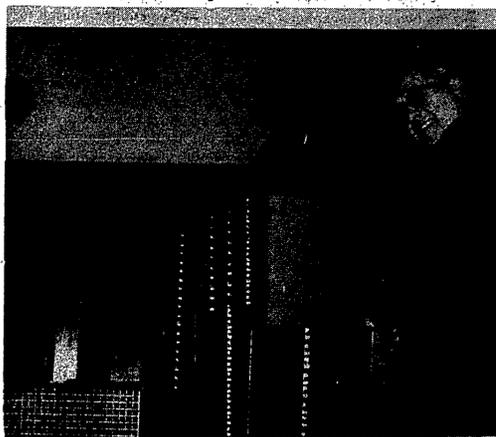

As in any pension plan, there are restrictions. For one, you are discouraged from withdrawing funds from your account. A penalty tax of 10% in addition to the taxes due on the earned income will be levied if you choose to withdraw any funds.

The purpose of the plan is to provide for your financial security during retirement and therefore the discipline imposed by the restrictions is to your advantage.

One interesting angle to IRA is that your spouse may also join, if he or she qualifies, and if you file a joint return your yearly deduction could be \$3,000.

IRA—a friend you should know!

## MG Bank adds 376 deposit boxes

Delivery of 375 gleaming new safe deposit boxes for First National Bank of Morton Grove is accepted by bank president Marvin von Aswege. The new units enable the bank to now offer more than 3,900 boxes of various sizes, an increase of 13 per cent. Expansion of the bank's safe deposit services is in response to increasing demand for boxes, according to von Aswege.

## Real estate facts

Deciding whether to remain in our present home or sell it and buy a new one is not an easy choice to make. And it's a particularly difficult one for senior citizens, to whom such factors as location, climate, social and personal privacy, neighbors, public transportation, nearness to shopping, proximity to children, other relatives and friends are especially important.

Those in the 65-plus age bracket face a critical decision. Their children have grown and left home, and they find themselves living in a dwelling that is too large. Those who can afford it may choose to retain their present home and lease it while they rent a house or apartment in another area. But those who cannot afford to do so have these options: to stay in their present home and perhaps close off a few rooms, or to sell the family homestead and move into a smaller home or apartment.

How far away to move is a problem too. One survey of elderly persons who sold their homes showed that the 60% who had moved far away from children or other relatives regretted it later. Others who believed it important to be near relatives later wished they had instead moved farther away, perhaps to a more desirable climate.

Another study—one conducted by a team of University of Southern California researchers—revealed that the 1,700 person surveyed almost unanimously had preferred to be surrounded by people of the same age, social class and ethnic background rather than to live near young children.

Still another problem is that selling a home is often psychologically difficult for senior citizens, who have developed strong emotional attachments to their homes. Some may even wish to pass the home on to their children as a legacy.

### First National of Des Plaines earnings up 25%

Net operating earnings for the first quarter 1975 were \$396,123 as compared with \$317,963 for the same period 1974, according to Arthur R. Weiss, president, First National Bank of Des Plaines.

"This is an increase of 25% and represents earnings of 71 cents per share, up 14 cents over 57 cents for the first 3 months of 1974. Total assets reached an all time high of \$142,009,009 as of March 31," Weiss continued.

"The first quarter is a reflection of an unusually high loan earnings situation that existed late in 1974 and carried through into early 1975. This condition is being subject to adjustment as interest rates decline, consequently it should not be anticipated that future quarterly earnings will be as favorable."

### Tidwell honored by State Farm

W. Jere Tidwell, 8700 W. Dempster, Des Plaines, has been honored with membership in the Millionaire Club of the State Farm Life Insurance Company; it was announced today. The Club is the Company's top honor society.

Tidwell produced over \$1 million of new life insurance in 1974 to earn membership in the group. His achievement places him among the top 15 percent of all State Farm agents.

But, difficult though it is, selling a home can mean tax advantages. If a senior citizen uses his home as his principal shelter for five of the eight years prior to sale, he can exclude from gross income any capital gain from the first \$20,000 of adjusted sale price, which is the gross amount of the sale minus the brokerage fee.

An elderly person who sells his principal residence and purchases another primary home within a year can defer his capital gain tax liability if the adjusted sale price of the old house is not greater than the cost of the new. And if the new residence costs less than the sale price, the tax is based only on the difference—providing it isn't greater than total gain.

It's important for older couples to understand and consider these tax matters—as well as to weigh the significance of such factors as climate, recreation-leisure opportunities and proximity to friends and relatives—in order to find the most satisfactory solution to their housing needs.

Realtors can be of great help to elderly couples who face difficult

housing decisions. Not only can they offer advice on buy-sell transactions, but they also can help find a home for those who choose to relocate in an unfamiliar region. Many realtors provide referral services between cities and states. Realtors do more than sell houses to people—they help people find the right home.

### ED HANSON

#### Cubs have been lucky ... so far ...

The Chicago Cubs, a team which is made up of green, raw rookies has been playing over its head in the cold weather early this season.

The Cubs have demonstrated before that they have always been an excellent "cold weather" ball club. As soon as the warm weather rolls around, the Cubs will start their regular slide towards the cellar. By the end of August, the Cubs should be firmly established in last place and their fans will be voicing the familiar, "Wait til next year."

The only difference in the Cubs of this year and the Cubs of last year, is that this year's Cubs have far less talent.

What difference does it make that the Cubs won 7 in a row. One must always remember that the '75 Cubs are a team capable of losing 70 in a row.

The "M" boys, Madlock, Monday and Morales won't be batting their weight by the end of the season while Cardenal will lead the league in errors and "bone-head" plays.

Yes, I'm afraid it will be slaughter in the afternoon at Wrigley Field this season when the green, young Cubs take on the more experienced opposing teams.

The Cubs' only hope this year is to pray for rain, every game day.

The fun place to eat and drink is The Ground Round at Morton Grove (Dempster and Waukegan) or Des Plaines (444 Des Plaines ave.). There's always something going on in the way of FREE entertainment at The Ground Round. On Fridays and Saturdays they offer "live" entertainment, and every night on the week there is always something going on that delights both the young and old.

Owner Tony Lau of the Chinese Kitchen, 214 Greenwood, Glenview, tells me that his coupon offering a second FREE lunch has even exceeded the tremendous response that his first coupon did.

By the way, you still have today and tomorrow if you present the coupon that appeared in last week's Bugle (April 17) for a FREE lunch at the Chinese Kitchen. You'll find that whether you have lunch or dinner, the food is delicious at the Chinese Kitchen and they live up to their slogan, i.e., "The Best Chinese Food on the North Shore."

Jake of Jake's Restaurant of Niles tells me that his breakfast business has increased 36% since he started his "All You Can Eat" breakfast specials. Monday thru Friday, for only \$1.25. These breakfast specials offer not only eggs but pancakes or French Toast and the quantities are very generous despite the fact you can have all you can eat.

"People are going for these breakfast specials in the same way that they have for my "All You Can Eat" family dinner specials", Jake said. I understand that Jake's carry-out soup for \$1 has also been enjoying a big sale these days. Jake's thick, homemade soups have long been a favorite with many area families.

Moms, and particularly Dads should remember that on Saturday and Sunday, noon 'til 10 p.m., children can choose any of five dishes off the regular menu for 1/2 price. (Children 12 or under).

Jake is planning some things for all the Mothers on Mother's Day, Sunday, May 11. I'll have a complete report about what is in store for all the Mothers at Jake's next week...I'm sure you'll all be pleasantly surprised.

If you are having guests over and don't know what to serve, how about some delicious Cantonese foods? The new Palace Restaurant, 9236 N. Waukegan rd., Morton Grove has a wide variety (more than 100 items) of super delicious Cantonese foods to choose from. Drop in or phone: 966-2231 for your carry-out orders. If you prefer you can dine in their new beautiful dining room. Benny Hue, your host, is a most gracious person, and I'm sure you will find their Cantonese food have exquisite flavor. Eat in or carry-out, you discover even their small orders will feed two persons with hearty appetites. Try the famous Cantonese foods of the Palace Restaurant today—phone: 966-2231.

Andy of La Venecia Restaurant of Niles, says, if you haven't tried his Tuesday GREEK NIGHTS, you owe it to yourself to come in and enjoy the many and wonderful Greek specialties like Gyros which the La Venecia prepares with loving care. La Venecia, a family restaurant is open 7 days a week for breakfast, lunch and dinner.

Last week I had the specialty of the house, Barbeque Ribs, at Forest Flame, 8100 Caldwell ave., Niles. I must say these ribs had an out-of-this-world flavor and would delight a gourmet. I found Forest Flame a delightful place to dine, its sort of cut out of a forest as while dining you overlook the Miami Woods. Later in the week, I enjoyed some of their Clams and the FREE wine to which is served with them. If you like clams you'll find these to be the very finest...in fact, all the foods and service of the Forest Flame Restaurant are top drawer, that even the most discriminating would appreciate.

George of Ridgewood Restaurant, 9235 N. Waukegan rd., Morton Grove, reports that his business has been steadily increasing since he took over about a year ago. His "All You Can Eat" specials, plus free salad bar or a free Greek salad with all dinners have captured many new customers. The Ridgewood Restaurant has a special Mother's Day promotion in the works which should delight all mothers of all ages in the area. More about this next week...

### Vision and Hearing screening

Healthy eyes and ears in a healthy body is the theme of the program being conducted by School District 63 and the Illinois Department of Public Health for preschool children 3 to 5 years of age. Trained vision and hearing technicians from the Illinois Department of Public Health will do the testing.

Registration will be held on Wednesday, May 7 at Gemini School, Ballard and Greenwood in Niles. The hours of registration are 9-11:30 a.m. and 1 to 2:45 p.m. When the child is registered an appointment will be made for the vision and hearing screening. Also, games will be distributed to prepare the child for the program. Parents should practice the games with their child.

It is important that parents understand the advantages of periodic vision and hearing screening and prompt follow-up if the child does not meet the minimum standards of the tests. Screening is done to find and refer children in need of an examination by a specialist. Each year thousands of boys and girls suffer from uncorrected visual and hearing defects. The critical period in developing acute vision is between the ages of 1 to 7.

## District 63...

### Alternate Plans For Administration Building

After the Board meeting Gogo said if Board members had alternate plans they should present them. Even though he was directed by the Board to present the plans he implied he did not intend exploring all alternate plans. He said if the Board wants to waste \$300,000 by renting offices he was firmly against it.

Teachers - Presently, the average class proportion of students to teachers is 22 to 1. While enrollment will likely go down by about 900 (to 5,000) by 1978-9, the attrition of teachers annually will more than meet the reduced enrollment. About 30 to 40 teachers are lost annually thru retirement and other reasons. Perhaps 10 to 15 new teachers will be hired annually.

### Ballard School

If the new administration building is not finished by September Ballard School will be ready for August occupancy. Plans call for modifying Ballard to accommodate 5 1/2 classrooms for increased enrollment of 60 to 65 children. Temporary walls will come down, lighting will be increased and the poor heating now in the administrative office area should be improved by eliminating the temporary walls.

### \$1,000,000 Surplus

Gogo admitted there is at least this much surplus this year but he said it was due to the new state accounting which contributed to the excess money. He said it was not a deliberate surplus and assured the audience it was not illegal, as is a similar surplus in the Woodstock school district.

### Stevenson-Nathanson Schools

Classroom size there is 27 to 28 students as compared to the 22-student average in the district.

### Time Schedule

There will be no change in the coming year.

### Lunchroom Policy

A Board subcommittee has taken it under advisement. To the query why the policy is the same in all schools he said this has not yet been determined.

### Predict

The federally-funded title 3 program is now in its third and final year. It is 1 of 5 programs among 200 in Illinois which is being considered for validation funding. It will be continued even if the federal funds are not available.

### Peak

Pre-school program had 14 of 64 applicants accepted 2 years ago and 8 of 50 last year. The program is for able learners who can handle kindergarten work easily. Children whose birthdays are after the cut-off date for kindergarten are eligible for testing for early admittance.

### Disabled Children

There are 3 children in the district who are provided special services. Free transportation is provided children to one-level schools and a therapist is available for their modified program.

### Equal Opportunity

All boys and girls desiring home economics and shop programs will be availed the opportunity.

### Enrollment

By 1978-9, 5,050 children will be in 11 schools. The district, according to Gogo, is adequately able to house 5,200 students. Fifteen mobiles have been used in the district which manifests inadequate housing. Two schools may be closed by then.

### Ok School

Kindergarten will be cut back to 1 1/2 classes next year from the present 2. About 70 students will

Continued from Page 1

be enrolled. This year only 30 children are in the first grade indicating the low enrollment there.

### Summer School

All parochial schools in the district were visited alerting them to the upcoming summer school program which is available to all school district residents.

### Surplus Funds

While it is true there was a \$1,000,000 surplus Gogo said it was partly due to a new ratio in which the former 70-30 funds received locally and by the state has been changed to a 50-50 ratio. He said we're in an inflationary situation citing a 15-18% budget increase for the coming year due to inflation. He emphasized the million dollar surplus is not illegal since the Board did not consciously budget for the surplus.

## Legion Post 134 initiates members

Morton Grove American Legion Post 134 held its annual initiation of new members last Saturday, April 12. The ceremony was conducted by Commander Joseph Schmidt, assisted by Past Commander Butch Lange who performed as Chaplain and instructed the new members in the meaning of the Legion emblem. Instruction was also given in Justice, by P.C. Tony LaRosa; Freedom, by P.C. Ed McMahon; Democracy, by P.C. Ed Martin; and Loyalty by Cmdr. Schmidt, P.C. Frank Hilbert and his Rifle Squad also participated in the rituals. There were 18 new members initiated during the evening.

The event was under the direction of Senior Vice Commander Ray Leusch who, with the assistance of the Auxiliary and Steve and Madelyn Simon, Caretakers of the Legion home, served a buffet of Fried Chicken and Mostaccioli after a festive cocktail hour.

After the initiation ceremony, Blood Donor Awards were presented by Village trustee, John Hilkins and 1st Division Blood Donor Chairman George Panuce. P.C. Tad Kimura was in charge of this portion of the program as the Post's Blood Donor Chairman. He stated "it was a dream of 20 years come true - there is now an ample supply of blood on hand for all village residents." P.C. Kimura was assisted by Village Blood Drive Coordinator Marge Thuerk, and Auxiliary Co-Chairman of Veterans Rehabilitation, Alyce Campanella.

Trustee John Hilkins awarded P.C. Tad Kimura and Legionnaire/Bicentennial Chairman, Ralph Hintz, five-gallon pints. Blood Donor Chairman, George Panuce presented citations to eight Legionnaires, and an outstanding award to P.C. Kimura for donating 44 pints of blood, on behalf of the Division. Chairman Panuce also presented a Certificate of Award to Morton Grove American Legion Post 134 for the donation of 1,894 pints of blood during the period 1955-1975. The award was signed by the State Commander, John B. Mahoney and presented to Post Commander, Joseph Schmidt as of April 12.

The awards ceremony was followed by an evening of liquid refreshments and dancing to the music of the Mike Sanders Trio, one of the Legion's most popular musical groups.

## Village honors 8-time blood donors

(by Alice M. Bobula)

Certificates of Award were presented at Tuesday night's Board meeting to "Gallon Blood Donors" in the Niles Community Blood Replacement Program which originated two years ago. Mayor Nicholas Blase, in presenting the awards, said, "We tend to minimize this effort, but when you think of a gallon (of blood) think of something terrific!" Receiving the awards were Gerhard Eggeman, 7817 Octavia ave.; Sister Donna Schmitt, St. John Brebeuf Parish; Thomas Garby, 7728 Oleander; and John Balke, 8317 Ottawa.

In a second action as recommended by Bicentennial Chairman Carol Panek, 7 Nilesites were named to a Niles Bicentennial Commission of the American Revolution: Betty Wakwak (Garden Club of Niles), Terry Shevelenko (Niles Jaycees), Ed Brasch (Niles Days), Alice Bobula (Woman's Club of Niles), Bill Keener (Niles Park District), Judy Czewicz (Niles Art Guild), and Eileen Hershfeld (League of Woman Voters).

In other business, Trustee Ralph Bast told the Board that Niles Family Service indicates an increase in parent-child problems. "Each March and April brings more referrals from the schools," he told other trustees, indicating future action by Family Service "to avoid a crisis situation."

Trustee Peter Pesole reported that Milwaukee ave. businessmen from Keeney to Monroe

st. have agreed to pave areas in front of their stores as well as plan an advancing roof over the businesses for beautification purposes. At least one businessman, he said, indicated he would remove his neon sign.

Village Manager Ken Scheel told Trustees that Niles gas stations will be requested to conform to the new state law on price listing of gas, i.e., that outdoor signs will carry prices to include sales tax and that the posted signs will conform with the pump price. A directive will be mailed to all gas stations in Niles, said Scheel. A station inspection of gas pumps, within the next few weeks, will also include supervision of posted gas prices (to include sales tax).

Prompted for action by Trustee Ang Marcheschi on the increases in utility rates, Blase indicated the matter would be taken before the next monthly meeting of the Northwest Municipal Conference. Marcheschi pursued the further action following a non-committal reply from the Illinois Commerce Commission to an April 3 letter of protest from Niles on rising utility rates.

Mayor Nicholas Blase announced the appointment of Janice Bobula to the Niles Youth Commission, commending her for her past interest, as evidenced to the Commission.

Designated the week of May 18 to 24 as Clean Up Week and May 1 as Law Day.

## Approve Candlelight Courte rezoning petitions

(by Alice M. Bobula)

The Niles Board of Trustees Tuesday night gave final approval to two petitions for re-zoning by petitioner-developer Edmund J. Beaulieu at Candlelight Courte.

Approved for rezoning from B1 Retail Business to B2 Service were 7557 Oakton st. (former Steinberg-Baum building) and 7850 Milwaukee ave. (formerly Brooks Excavating Co.). A third petition at 7970 Milwaukee ave. (formerly Arco) was withdrawn by Beaulieu upon recommendation by the Board. Since no improvement was set for the Arco property, trustees were reluctant to grant re-zoning for lack of knowledge of "what would go into the area."

All three petitions had been approved by the Zoning and Plan Commission on April 9, altho Zoning Comr. Charles O'Grady indicated his reluctance to grant re-zoning of the Arco property on the same basis.

A landscape plan presented with the petitions provides for a six-foot greenbelt on the property side for the southwest corner of Oakton and Milwaukee ave., with a 6 ft. stockade fence on the south side of the former Brooks property which will house an elite supper club. Trees will be set at 40 ft. on the greenbelt, said petitioner Beaulieu, as selected by the Village of Niles.

An existing 2 1/2 ft. planting bed along Oakton (near the Steinberg-Baum building) will be planted to include sod and trees, with plans of sod, trees and hedges for the Oriole side, to beautify the area. An outspoken antagonist of eateries and shopping centers in Niles, the expected objection

from Trustee Peter Pesole did not materialize. "An (elite) restaurant of this kind is most desirable," he told petitioner-developer Beaulieu.

## Low bid approved on sidewalk/curb program

The Niles Board of Local Improvements Tuesday night awarded the bid for removal and replacement of sidewalks, curbs and gutters at various locations throughout the village to the lowest of 8 bidders.

Low bid was from D'Addisio Cement Work of Chicago for \$54,000.

Other bids ranged to a high of \$71,000 from an Evanston construction company.

## Niles West

### Creative Art Series

Creative Art Series 1975 of Niles West H.S. presents in the school auditorium at Edens Expressway and Oakton in Skokie, a special performance by Gwendolyn Brooks, Darlene Blackburn, and the Drummers. Tickets are \$2 for "That New Black Magic", on April 27, 3 p.m. Gwendolyn Brooks, Pulitzer prize-winning poet, poet laureate of Illinois, is one of the most exciting program presentations on today's platform. Her poetry has been called a bridge between the quiet and the vibrant racial protest of today. Darlene Blackburn and the Blackburn Drummers present the authentic dances of Africa.

## Heavy rains...

Continued from Page 1

"She didn't come up," said the witness who summoned aid from fire and police. Scuba divers from Glenview Rural Fire Dept. recovered the body.

A similar incident almost claimed the life of 22-year-old Mrs. Barbara Williams, 672 Piper Lane, Wheeling, who slipped into a culvert on Dempster st. at Parkside around 5 p.m. during the driving rains.

Park Ridge firemen summoned to the scene arrived just as Mrs. Williams' husband and a drug store delivery boy Robert Grieson, 18, of 1430 Crain st., Park Ridge, were pulling her out of the culvert. The firemen administered artificial respiration and she was taken across the street to Lutheran General Hospital where she was said to be in good condition on Saturday.

The intersection at Dee and Dempster in Park Ridge was flooded waist-high, according to

Capt. Richard Leibach of North Maine Fire Dept. The townhouses north of Dempster on Dee, halfway to Ballard rd., were flooded to the 1st floor. Another area, Villa Fountaine, had 8 feet of water. The North Maine Fire Dept. had numerous calls of flooded basements, shorted electrical wires and false alarms, said the Fire Captain, with 2 ambulance calls, one of the drowning and the other non-related to the rains.

In Niles the Memco parking lot was under water, as was Oleaner st. near Dempster. Electrical shortages were reported on Lee, Ozark, Courtland and streets elsewhere, in addition to flooded basements. A chimney at 8104 Oriole was hit by lightning. Cars were stranded over Morton Grove, Des Plaines, Niles and Skokie, due to high standing waters in the streets.

## Park Pact...

Continued from Page 1

reluctant to pledge the Niles Park District to such an agreement for the period of 10 years. He noted that the Deerfield Park District undertook a similar agreement for 6 years. "Why not a 5-year agreement for Niles until both Niles and Morton Grove have a little experience along the agreement lines?" queried Beusse (especially since the Morton Grove Complex has not been constructed).

Inquiry by The Bugle revealed that the idea of recreational alliance between the two villages was relatively new.

Morton Grove had approached both Niles and Skokie on a recreational interchange several weeks ago, said Berrafato. The \$2,915,000 park referendum successfully passed in Morton Grove almost 3 years ago permitted a construction similar to the Niles Complex but incorporated an ice rink, gym, indoor handball, racquet ball court, senior citizens recreation and a new park district office.

However, it cost Morton Grove a million dollars to acquire property which remains under litigation. Bids received last February on the construction of the Complex were more than had

been expected, leaving the Morton Grove Park District about \$500,000 short of the total monies needed, due to cost improvement on one Morton Grove parksite.

Under the Mutual Recreational Agreement each village will maintain and supervise control of its own facilities and programs.

In other action, canvass of the votes in the April 15 election of Park Board Commissioners and the referendum levying up to .02% tax for funding of recreational programs for the handicapped were tallied as correct.

A transfer of \$1,050.06 from the Recreation Program Fund to Revenue Facilities to cover a deficit in swimming pool operation was approved.

A Park District sponsored Community Garage Sale was approved for the Sports Complex on Saturday, April 26, from 10 a.m. to 5 p.m.

Commissioners observed that the main thrust of the Park District Arbor Day observance will be the innovation of a tree planting nursery at Tam Golf Course on Friday, April 25. The trees planted will be used for improvement and replacement of trees in all Niles parks and on the golf course in future years.

The Park Ridge Fire Dept., said Lt. James Fortin at the Oakton-Greenwood station, had "around 18 calls of downed electrical wires" and of stranded cars. Their main concern, he said, centered in the southwest corner of Dempster and Greenwood, an

area which underwent serious flooding several years ago. Water pumps set back of the area were to take care of flooding waters, but he said, "the hurricane-like rains came too fast and too much."

No auto fatalities were reported

during the flood storm. According to the U.S. Weather Bureau no records were set by the sudden April downpour. But it's not likely to be forgotten.
