District 63 School Board rescinds Feb. 4 action

4-3 vote opposes new offices

From the LEFT HAND
by David Besser
Editor & Publisher

At Ab Mikva's second economic conference Saturday afternoon, panelists representing interests directly responsible for food prices unanimously agreed there is not any likelihood of prices coming down in the near future. After 3 hours of discussion, representatives of transportation, labor, government, consumer advocates, packaging, frozen foods, live stock, agriculture, major chains and senior citizens agreed that relief from high food prices seems unlikely.

Using statistics provided by the Bureau of Labor Statistics, the total food price increase between 1970 and 1974 is 40.7%. Wholesale farm products of processed foods and feed showed a 58.8% increase during the 4 year period. Consumer foods closely followed with a 47% increase. First quarter 1975 figures show the rate of increase lessening though several panelists were not convinced the decreased inflation meant a turning around of the recent food cost spiraling. While wholesale farm prices came down 29.2% during the January thru March period consumer wholesale prices decreased 13.2%.

Breaking down food classifications, cereals and bakery products increased 52.5% from the 1970 thru '74 period. The first quarter of this year they went up another 15%. Meats, poultry and fish went up 40.7% for the 4 year period but went

History Book

The Village of Niles wishes to advise that a History Book has been written by Mrs. Dorothy Tyse covering the years 1899 to 1974. This book is approximately 160 pages long and contains many photographs and illustrations that residents will find of interest in knowing the background of their All-American City community.

Mrs. Tyse, the Village Historian, together with her late

Tuesday night District 63's School Board rescinded previous plans to build new administration offices at the Apollo Junior High School. The 4 to 3 vote reversed a February 4 decision which approved, by a 5 to 2 vote, \$475,000 for a service center which included administration offices and a storage area for vehicles.

Tuesday's electrically-charged meeting followed last month's school election when Philip Deckowitz and Howard Lessin were elected to the board. Both candidates said they opposed the new building. Their 2 votes plus the votes from Penny Larson and Larry Reiss, both of whom opposed the building last February, brought on a stormy session in which the 3 board members who favored the new construction angrily vented their feelings.

After haranguing for two hours, new board member Phil Deckowitz's motion was approved. The remodeling of Ballard School will continue as planned (\$44,265) and a school facility on the east side of Milwaukee Avenue will be considered for the administration offices after the Board receives recommendations from the superintendent.

Board member Bill Allen, who admits to being the senior member on the Board, denounced the "razzle dazzle" surrounding the new decision. He said he was "personally resentful" of press comments (The Bugle) regarding the issue and criticized the reporting as to the "substantive matter" of its reports. He said the recent election was not a referendum on the matter and said

Fire heroine cited by Girl Scouts

Cynthia Fogocki, 10, of Niles was awarded a citation by the Northwest Girl Scout Council Tuesday night for her courage and bravery in saving the lives of 3 children.

In a simple ceremony during a scout meeting, Cindy, a junior girl scout, was escorted by an Honor Guard of Cadet Troop 791 to the podium, where she was praised for her prompt actions during a house fire.

The citation named Cindy "in recognition of outstanding courage in saving 3 children from a burning building on March 15, 1975. Her action demonstrated preparedness and coolness in the face of emergency following the best traditions of scouting."

Mrs. Sylvia Haban, vice president of the Girl Scout Council, commended the Niles Elementary School student for "using the knowledge of emergency action that we endeavor to instill in all of our scouts... we are very proud of Cindy."

Cindy had been playing with 3-year-old Scott and 10-year-old Janice Kreher in an upstairs bedroom when the Kreher house filled with smoke from a flaming fire which engulfed a downstairs bedroom. Another child, Lisa, 4, had been sleeping in a downstairs room. Cindy led the two younger children outside, returning to encourage the older child to

SENIOR CITIZENS OF NILES CLUB AT SHADE LANE FARM On Wednesday, April 3, at 11 a.m., two busloads of the Senior Citizens Club of Niles left the Recreation Center for a dinner show at the Shady Lane farm in Marengo, Ill.

Driving down Milwaukee ave. to Golf rd. and then to the Tri-State Tollway to the Northwest Tollway, approximately 47 miles, we drove passing through the town of Marengo with its antique shops, passing the schools, churches and homes.

We arrive at Shady Lane around 12:15 in the afternoon. There were a few other buses from other places, as Fox Lake, with Senior Citizens also.

After having lunch in the dining room of fresh fruit salad, rolls, butter, lettuce salad, steak smothered in mushrooms, mashed potatoes, mixed vegetables, coffee and peach shortcake, we walked around and looked at the lovely gifts, cards, candies and jewelry in the Shade Lane Gift Shoppe. After spending our money for some goodies, we went to the theatre, which was next door. We had real good seats near the front rows.

It was a little early for curtain time, so they had a pianist on stage who played the piano while we had community singing, singing the old time songs like, "Hello, My Baby", "My Wild Irish Rose", "I'm In Love With You Honey", "Good-bye, My Lady Love", and many others. By then it was time for the show to start, which was "Come Live With Me." It was a very good comedy, and everyone enjoyed it. During the intermission, we walked to the door, to see a big rainstorm, which looked like it wouldn't stop. The pianist, who was playing the piano at the bar said, "Don't worry, the Barn doesn't leak." We hoped it didn't.

The show was over about 4:30 p.m., and the sun was shining when we left the theatre. We had a joyful ride home, and arrive at the Recreation Center at about 6:30 p.m. A nice time was had by all. Thanks to our Program Chairman, Martin Dworak.

Masked gunmen holdup Niles food store

Two gunmen wearing ski masks and a woman masked in a red bandana held up the 7-11 store at 8705 Milwaukee ave. in Niles shortly after midnight on Thursday, May 1.

Niles police said the clerk reported that he was in process of locking up for the night when he looked up to see two masked gunmen, one pointing a .45 cal. automatic revolver and the other a shotgun. The woman, bandana masked, he said, was carrying a brown paper bag.

The gunmen demanded all of the money, or "we'll blow your head off." The clerk then handed over \$31.08.

According to the description given to Niles police, one gunman was 6 ft. 3 in. tall, wearing a tan cloth jacket and dark pants. The other man wore a three-quarter length fatigue jacket. The woman was short, and of medium build, with long blonde hair.

Fire causes \$5,000 damage to Capri Motel

Fire causing an estimated \$5,000 damage completely gutted one unit in the north wing of the one-story masonry Capri Motel at 7120 N. Milwaukee ave. early Sunday morning, May 4.

No injuries were reported. Two people registered in the rooms could not be located after the fire.

The entire unit was burning upon arrival of the Niles firemen, said a fire dept. spokesman, "the flames were curling up out of the windows and door, over the roof eaves."

The occupant of the adjoining unit awakened at 2:30 a.m. on Sunday, hearing noises and yelling from the next unit. He went to the door, he said, and knocked. No one answered, so he broke the door in, apparently saving the lives of the 2 people occupying the room.

The fire did not extend beyond the burned unit, altho the adjoining unit sustained "some smoke damage."

Cause of the fire was due to the undetermined possible use of smoking materials, said a fire dept. spokesman.

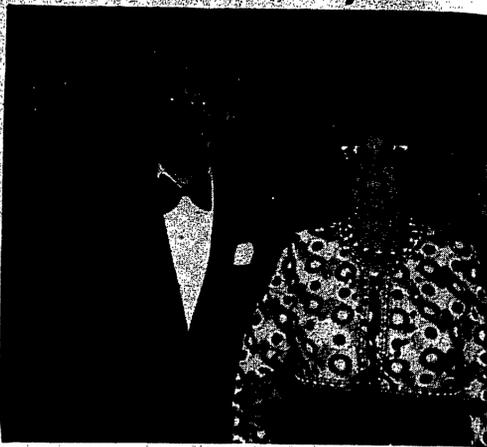

Firemen from 2 engine companies, 1 truck company, 1 squad and an ambulance were on the scene for one and a half hours.

Niles Fire Chief Albert Hoelbl and Deputy Fire Chief Charles Bobula credited "fast suppression by the Niles firemen" that the fire did not travel to other units.

Niles Police nab gunman involved in 3 holdups

(By Alice M. Bobala)

An armed man was apprehended by Niles police Tuesday, April 29, within two hours of robbing two 7-11 stores and a Niles gas station, where slow action by the gas attendant provoked a shot from the gunman.

Following an armed robbery of a 7-11 store in Skokie, said Niles police, the lone gunman entered Niles to hold up the 7-11 store at Osceola and Oakton shortly before 11 p.m. Monday night. A few minutes later he allegedly robbed the Citgo Quik Mart, 8120 Oakton st. at gunpoint. He was apprehended around 12:30 a.m. on Tuesday at the Texaco Gas Station, 8795 Milwaukee ave., where he drove to get gas. Police theorize he may have been in

process of another holdup - of the Texaco station.

Apprehended was John Mack Britt, 28, of 7743 Hermitage, Chicago. He is known under 8 aliases, variations of Dell Drought and Dale Draught.

Officer E. Ziegler, investigating the Niles 7-11 armed robbery, was given a description by the store clerk of the gunman as being a male, 5 ft. 10 in., 180 lbs., with black hair, wearing a dark 1 piece blue jump suit and driving a dark color Grand Prix, 1972 to 1974 Pontiac.

Niles police officer Donald Leavitt, in checking out the second armed robbery at Citgo, confirmed the description of the gunman.

Police officer Charles Sanno spotted the Pontiac on the 9000

block of Milwaukee southeast-bound to Dempster. The lone occupant of the car drove thru a red light onto Dempster, said the officer, and turned into the Texaco gas station where he alighted from the car, apparently to buy gas and began talking to the station attendant.

Niles police surrounded the station and took the suspect into custody. A personal search revealed a blue Smith & Wesson .38 revolver with a 4 inch barrel stuck in his waistband. The front seat of his car held a brown paper bag containing a box of Pampers and an apple, the items reportedly taken during the Niles store holdup. The suspect was taken to the Niles station where he was found to have approximately \$900 in various pockets of his clothing.

The arrestee was identified from a line-up by both victims of the Niles holdups. During a preliminary hearing Tuesday morning, April 29, his bond was set at \$50,000 by Judge J. Maher in the Niles branch of the 3rd District Court. He is being held in Cook County Jail.

Armed robbery of the 7-11 store was so quiet, said the store employee, that a customer reading a magazine a few feet away, at the rear of the store, was unaware of what was taking place until he was told the store was closed following the holdup.

According to the clerk, the gunman entered the store purchasing the Pampers and the apple and the clerk rang up the purchase. The gunman then added a bottle of vitamins which the clerk noted on the same sales receipt. (The receipt and writing were later identified.) The gunman then pulled his gun out stating, "Don't say a word... open the cash register and put the money in a bag." He took a reported \$135.

In the Citgo holdup the gunman approached the station attendant with a question. The attendant replied he didn't hear what was said, whereupon the man pulled out his gun, firing a bullet which lodged in a cabinet in back of the attendant. The service attendant emptied his pockets of \$21 and another \$30 at the same time stating, "I'm new here, I'm not sure where they keep any other money."

down 17.1% for the first quarter. Fruits and vegetables jumped 46.2% for the 4 years but only moved up 3.7% for the 1st quarter of '75. And "other foods" went up 42.7%, but down 1.3% for '75. The projected '75 first quarter figures are based on the annual rate.

Estimated retail prices of selected foods for the 1970 to 1975 period are as follows: Flour and wheat moved from \$1.18 to \$2.05 for 10 lbs. during this period. A pound of rice went from 19 cents to 48 cents. One pound of white bread increased from 24 cents to 37 cents. One pound of chuck roast went from 73 cents to \$1.02. A pound of hamburger moved up from 66 cents to 97 cents. One pound of sliced bacon went from 95 cents to \$1.32 and to \$1.48 for '75. A quart of milk climbed from 57 cents for a half-gallon to 78 cents while a pound of butter went from 87 cents to 95 cents. Fifteen pounds of potatoes went from \$1.35 to \$2.50 while a pound of sugar moved up from 13 cents to 54 cents for the first quarter of '75. A dozen eggs changed from 61 cents to 78 cents and coffee moved up from 91 cents a pound to \$1.29 for '75.

With these figures as background, the following are some of the comments from the panelists at the meeting held at the Evanston Library Saturday.

David Stroud, president of the National Livestock and Meat Board, said he can't agree the price of meat is high. He said meat prices have been stable since 1973. He expects prices to go up the next 60 days, with beef being "a little higher" and pork leveling off.

Retail Clerk Union president Morrie Wishnick said pork may skyrocket 25 to 30% and he said meat products had a "bonanza" (in the recent past). Stroud countered this has not been so since '73 and S.M. Stubbs, chairman of the board of Frozen Food Express, said over-the-road transportation has increased 2 cents a pound which is a real bargain for meat products.

Harold Steele, president of the Illinois Agriculture Association, said beef is lower now than in '73 but pork profit is different since corn and soybean feed is their main food and it may increase in cost. He said pork production is at a 37 year low. If we have a dry summer, cattle may go to slaughter early which would mean lighter weight for cattle again affecting both the beef and pork costs.

Steele noted the farmer has received a slight increase in the farm food dollar. He said farmers received 12% of the food dollar in 1972 while today he receives 16%. Apple farmers now receive 34% of each food dollar compared to 32% in '72. Milk has increased from 51% to 52% and eggs from 57% to 68% for this period.

Union president Wishnick disputed these figures contending as an example apple farmers received 37% in '73, a year the farm representatives don't mention because of increased profits.

Roy Howard, from the Sun Times, who moderated the discussion, concluded all prices seem to go back to grain prices.

Elmer Jacobs, vice president of Continental Grain Company, explained the inner-action of world markets affects grain supplies and prices. He said there will be no more surpluses, depressed prices or reductions in grains since the world demands for better consumer eating will rise at a 3.4% annual increase. He said we will never run out of grain (our world reserve exceeds 30 days) and we've dipped into these reserves which is presently at 45 days. Jacobs emphasized prices will ration supply, once more echoing what most of these men said over and over again, they want a free market with little government interference.

In answer to Howard's remarks about lower prices, Stroud said "prices will not be lower in lifetimes of anyone in the room and Wishert expected farm and retail prices to continue upwards. John Grygiel, general manager of the freight traffic division of Santa Fe Railroad, said rates for moving food has increased 40% in 3 years which has averaged a half-cent per pound increase.

S.M. Stubbs, a very sunnanned Texan, said much the same as everyone else at the conference. "Don't put the finger on me (for the high prices)." Representing the trucking interests, he said only 2 cents of every dollar goes for trucking food. In '73, 5.3% of the total retail price for 20 food items could be attributed to truck transportation costs. He noted the trucking industry is regulated as to their profits. He said today's trucks have better power units which enable trucks to go from 250,000 to 1 million miles. He noted highways are improved resulting in more rapid movement. He added 40 cents of every highway tax dollar is paid by truckers so "please share to road with us." John Tracey, senior vice president of the Packaging Corporation of America, said the cost of a soup container is 1.3% of the price of the item, detergent 2.4%, cereal 5%, bakery goods 4%, and fruit and vegetable packaging 5%. He said costs are up 26% in his industry.

Quaker Oats director Tom Roeser said the consumers must ban together for decreasing prices, rather than seeking government interference.

A&P spokesman Earl Poyner said despite rumors, his company is staying in the Chicago market. He admitted profits have been shrinking. While labor, transportation and packaging have gone up, the past 3 weeks the competitive free enterprise system has forced prices down.

National vice president Joel Raffeneul said "we're having our troubles but we'll stay." He noted the consumer has registered higher cost items which results in a downward trend, citing sugar prices as an example. He said "it is almost impossible for the company to reduce prices."

Jewel Foods Ted Wells, vice president, said there were 17,000 food cost increases last year, averaging 342 per week. In March '75, 58 items went up in price, 37 went down. Earnings since 1964 have decreased from 1.9% to 1.1% and concluded the customer is benefitting by this. He said the average food prices are down for '75.

Congressman Mikva noted June to September is the period for the biggest food price leaps. He asked about the food time lag between wholesale and retail food changes and Wells said about 5 months. Labor man Wishert believed the lag was a year.

Jan Schakowski, a consumer advocate (Consumer Coalition) said food prices are too uniform and the food inflation is out of control. She said there is a lack of will on the part of the food people to do anything about the increases and suggested consumers must be organized to combat rising costs. She said there must be less debate, more hope and some progress must be made in fighting for consumer interests. She said 1% of the farms have 25% of all production. She also noted Agriculture head Butz is not a consumer representative whose background places with the interests of the farmers.

Bill Nigut, a Skokie consumer advocate invoked God as being an important reason for our country having a plentiful food supply. He said "everyone here takes credit" for the food bounty in America but noted the guy upstairs has a heavy hand in this plenty. Nigut said listening to these food representatives gives him a picture they're living in an unreal world.

We too, thought these very well tailored representatives of the big food interests are living in an unreal world. They spoke like Warren Harding Republicans of the 20's. They said "the free enterprise system works without government interference." The implication is the system is best for everyone. The free enterprise system didn't prevent the artificial rise of sugar prices and didn't stop meat prices from zooming upwards in the past years.

These food men are interested in PROFITS, maximum profits, without any holds barred. But as Nigut pointed out, food is the one commodity which people must have. They have no alternative even when the prices go up.

Idealistically, the free enterprise system could work if consumers were organized. But this is a near impossibility. Thus, it is necessary for the government to closely watch the industry. As Mikva emphasized, there must be enforcement of anti-trusts laws. And there should be a cabinet level consumer interest post which genuinely represents the people. The agriculture department has long been in the hands of the farm people. And millions of dollars are spent by lobbyists representing farm, transportation and allied food peoples.

Who speaks for the people? Consumer lobbyists such as the Common Cause people and Ralph Nader advocates. But a government consumer advocate post must genuinely represent consumers.

When we heard David Stroud, president of the Meat and Livestock board say, "There's no hungry people in Chicago", we knew men such as him cannot dictate the costs of what Americans can pay for food.

Calls on State/County to fix culverts

Dear Mr. Besser:

On both sides of Golf Road between Greenwood and the Tri State Tollway are numerous culverts. These culverts are 4 to 5 feet below the ground and have drainage pipes running thru them.

More specifically, I am referring to the culverts located in the area of Golf and David Drive, in the unincorporated Maine Township. During the tremendous rainstorm of Friday, April 18, Mrs. Susan Lodgaard stepped off a bus on the corner of Golf and David Drive. She had just finished her shopping at Golf Mill Shopping Center. Thinking that she was walking on solid land, Susan fell into the culvert and drowned.

You see, Susie was the niece of

one of our neighbors. She was only 25 years old, married and the mother of an adorable 11-month-old baby girl. Susie came from a wonderfully close and affectionate family of parents, sisters, aunts, uncles, cousins and friends who loved her as much as she loved them.

Granted Friday's rain was unusually heavy and her passing was one of life's freak accidents, but how many more "Susies" do the surrounding communities have to go thru before the State of Illinois and/or Cook County decide to fix up the culverts in the roads.

Sincerely,
(Miss) Hollis Rosenberg

Safety rules for kite flyers

Historians don't agree on who invented the kite or when. They're divided between Archytas, the Greek (somewhere between 400 and 300 B.C.), and Han Sin, the Chinese general (about 206 B.C.).

On the other hand, officials of electric utility systems are in complete agreement on the need for caution during the approaching kite flying season.

Lowell Geffinger, District Superintendent of Commonwealth Edison Company, says following some simple safety rules can be of help to kite-flyers to avoid serious injury or even death. Here are the rules:

1. Always use dry string, wood and paper in your kite - not wire or metal. Metallic fibers, tinsel or wire conduct electricity and, should the kite become entangled in a power line, death or injury could result. The new metallic foil kites are particularly hazardous and should not be flown anywhere near power lines.
 2. A kite should be flown only in a level, open space, away from power lines, television aeriels, airports, trees and street and highway traffic.
 3. Never fly a kite in the rain. A wet string may conduct electricity down to the person flying the kite.
 4. A kite should not be flown when the wind is freakish or changeable.
 5. If your kite should become snagged in an electric line, leave it and notify the power company. Do not pull the string, or climb poles supporting power lines.
- Getting back to kite history, the season opening in March marks

the 226th anniversary of the first scientific use of the kite - and it wasn't by Benjamin Franklin. In 1749, three years before Ben's lightning experiment, two Scots, Alexander Wilson and Thomas Meivill, fastened thermometers to kites and sent them aloft in "train" fashion to measure cloud temperatures.

Fire at Pancake House

Fire caused an undetermined amount of damage to the International House of Pancakes, 9206 Milwaukee ave., Wed. morning, April 30.

According to a fire dept. spokesman, the fire started in the furnace room area on the second floor. The fire did not go into the roof, altho it advanced well into the building, he said.

The chef, Francisco Esparza and dishwasher, Dimos Tountas noticed the odor of smoke at 6:45 a.m. when they opened the door to prepare for business. Smoke was noted coming from the vents and the Niles Fire Dept. was notified.

The fire was confined to the area. There was water damage to the first floor and other rooms.

The Pancake House, in operation for 14 years, remained closed for several days for repair of damages.

Cause of fire remains under investigation, according to Deputy Fire Chief Charles Bohula.

Firemen from 2 engine companies, a truck company and a squad company remained at the scene for 1 1/2 hours.

Mikva announces town meetings

Cong. Abner J. Mikva will begin a continuing series of "town meetings" on May 18 that

will enable him to meet face-to-face on a regular basis with the residents of every community in the 10th Congressional District.

The purpose of the town meetings is to encourage Mikva's constituents to raise with him any issues of concern to them and to let Mikva report to them on his activities in Washington and the 10th District.

"As we approach our nation's bicentennial celebration one of the most frequent complaints about our federal government is that it has grown too remote and unwieldy since its birth 200 years ago," Mikva said. "One of the ways to remedy this is to return to the fundamental concepts—such as town meetings—that provided the foundation for our government. Town meetings provide the ideal forum in which constituent and congressman can discuss problems and exchange ideas—which is the type of feedback that our representative form of government depends upon."

The first town meeting will be at 2 p.m. on Sunday, May 18, in Evanston's United Community Service's building at 828 Davis st.

Other meetings will be on future Sunday afternoons in Wilmette, Winnetka/Kenilworth, Glenview, Northbrook/Northfield, Glenview/Golf, Des Plaines, Park Ridge, Morton Grove, Niles, Lincolnwood and Skokie.

The town meetings will be held on a continual basis.

The Niles Homemaker Unit will hear Elinor Frick and Helen Zizak discuss Living with Family Heirlooms and Antiques. They will give ideas on how heirlooms and antiques made for homes of yesterday can add charm and individuality to homes of today. The meeting will be held Wednesday, May 14, at 10 a.m. in Niles Community Church, 7401 Oakton ave.

The Homemakers will learn "What is an heirloom?" "How old is antique?" and how to make a discriminating assessment of what they have.

Members are encouraged to bring along a favorite heirloom or antique and participate in a "Show and Tell" session.

Campfire Girls May Day event

Fifty years ago, a small group of Park Ridge Campfire girls, set out together on May 1, with small, homemade flower laden baskets and delivered them to people in their neighborhood whom they felt worthy of this small, but significant honor. They delivered a total of fifteen baskets.

This year, the Maine-Niles Campfire District will deliver fifteen hundred baskets. This annual event is unique in our area and since 1925 the District has grown from the one group to approximately 61 separate groups, ranging from 1st/2nd and 3rd grade "Bluebirds", 4th, 5th and 6th grade "Adven-

tures", 7th and 8th grade "Discovery" groups and High School "Horizon" Campfire girls. Each group is assigned a designated number of baskets to construct and Mrs. Lucille Stanton and Mrs. Betty Weber of Park Ridge, tackle the overwhelming task of planting, routing and distributing the finished baskets to the individual group leaders.

The younger Bluebirds deliver their baskets to each teacher and staff member of their sponsoring home school. The older Campfire girls start out at dawn with their leaders and deliver to the ill, elderly, or deserving people in the community whose names have been submitted by the groups. After the "dawn brigade" is finished, the Bluebirds are served breakfast by their leaders in their particular school and the older girls can meet with many of the other groups at South Park, Park Ridge, or choose a restaurant or home for a bite before attending school.

One of the most important aspects of Campfire girls is to be of service to one's community and this gratifying annual project gives the girls not only the opportunity to serve but to give many well deserving people the wonderful feeling of being remembered and honored on May Day.

Cub Scouts visit great grandmother

Den 2 of Pack 275 Cub Scouts of St. John Brebeuf visited Katherine Karlesky at the Golf Mill Nursing Home on April 23. The boys brought gifts to several of the residents in the home. Den 2 painted flower pots and then planted flowers in them for the residents.

Katherine Karlesky is 101 years old and will be 102 in November. She is the great grandmother of Larry Mimp, one of the scouts in Den 2.

The boys are working to attain the Parvuli Dei medal which is a religious medal in scouting. The scouts in den 2 are Stephen Boscapani, Brian Agnew, Lloyd Christiansen, Larry Mimp, Anthony Sytko and Donald Wiebert. The Den Leader is Dorothy Mimp, assisted by Pat Sytko.

Also visited on April 23 was the St. Mary of the Lake Seminary. The tour was conducted by one of the students at the school.

Troop 45 rides the rapids

Troop 45 sponsored by Oak School departed on Friday, after the big rainstorm, for Rainbow Scout Camp, Morris, Illinois. Upon arrival the scouts set up camp then rafted down anticipating the canoe trip for the following day.

After breakfast, the scouts set out for the 10 mile canoe trip. The river continually about two feet in depth was swelled from the rains the day before along with rapid currents. The first canoes setting out soon discovered that it was not going to be an ordinary canoe trip. Battling the swift currents, all the skills of seamanship were soon put to test. After many unexpected setbacks, the majority of scouts completed the trip concluding that this was one canoe trip they would long remember. Adults accompanying the boys were Messrs August, Foely, Himmick, Mickow, Stelmack, Mrazek, and Striale.

Girl Scouts and Leader receive highest awards

In a March 16 ceremony at Holy Name Cathedral, John Cardinal Cody presented medals to 69 area Girl Scouts and one adult Girl Scout volunteer.

Mrs. Ronald J. Dietz of unincorporated Glenview, a long-time worker with the Girl Scouts of Northwest Cook County, was awarded the St. Anne's Medal. Mrs. Dietz was honored as an outstanding leader contributing to the spiritual development of Catholic youth in the Girl Scout movement. The St. Anne's Medal seeks to further Christian service among the laity by encouraging them to offer dedicated leadership to youth in the Girl Scouts and other selected youth programs.

The mother of six children, Mrs. Dietz has for eight years driven a Special Education School Bus for District 63. Her route includes Des Plaines, Niles, and Morton Grove. "I go all over", she stated.

She has been involved in Girl Scouting for 15 years, serving as troop organizer, Junior and Cadette leader, and a Community Association Chairman. She is also active in the Archdiocesan Council of Catholic Women. In addition, Mrs. Dietz has been president of the St. Isaac Jogues Women's Club and is active in the Catholic Committee on Scouting.

The Marian Medal awarded to the northwest suburban Scouts is the official recognition of the Catholic church for girls enrolled in youth groups who have completed a stipulated set of requirements. All of Mrs. Dietz's three daughters have been recipients of this honor in the past years. One daughter, Regina, participated in the March 16 ceremony as a reader.

Other Girl Scouts receiving the Marian Medal included: Our Lady of Ransom, Niles: Galdmarie Bobowski, Jane Gillespie, Dawn Merchant, Gail Nelson, Corinne Schwarz, Mary Uselmann.

St. Isaac Jogues, Niles: Jackie Beebe, Barbara Fortman, Ellen Kargl, Dorothy Krick, Patricia Leman, Diana Prieto, Laura Richter, Debra Wameycke, Janet Walski, Mary Pat Zimmerman, Darlene Zirk.

Gerald Cameron honored as Eagle Scout

Gerritt Lee Cameron, 17, a junior at Maine Township High School South, was honored as an Eagle Scout at the 18th Annual Eagle Scout Recognition dinner held at the Addressograph Multi-graph Corp. in Mt. Prospect on Feb. 25. Gerry was one of the 96 Scouts honored who attained the highest rank in scouting, that of Eagle Scout, during 1974.

He is the oldest son of Niles Fire Lt. and Mrs. Gerald Cameron of Niles who have five other children. A Scout of Troop 2, sponsored by the Park Ridge Community Church, Gerry is also a member of the Order of the Arrow, to which he was elected by a peer vote. His future plans include a career as a fireman or a policeman. Following graduation from high school, he intends to attend Triton College in River Forest or Oakton Community College in Morton Grove, where he will major in Fire Technology or Law Enforcement. "I'm just not sure which one, as yet."

He selected as his Eagle Scout Career Counsellor Deputy Chief Charles M. Bobula of the Niles Fire Dept., where he was hosted Feb. 25 and given a good look at departmental workings.

Gerry is one of five Eagle Scouts in Troop 2 and received his Eagle last May. When he isn't working at McDonald's on Milwaukee ave. in Niles, he is at home working on his '70 Chevolla Super Sports car.

He belongs to Ski Club at school and enjoys playing football. When asked what other hobbies he has, he grins broadly and says, "I like girls."

Gerry comes from a family of Scouters. His grandfather, Earl Cameron, 62, is an Eagle Scout, whose profession is P.R. representative in southern California with the Boy Scouts of America.

An uncle, Thomas Cameron, is also an Eagle Scout, and a Senior Master Sergeant in the Air Force and is stationed in Colorado Springs, Colo. Gerry's father is a Life Scout.

OLR Fun Fair

Spring is really in the air now that the time for Our Lady of Ransom's annual Fun Fair is drawing near. This special event will be held Friday, May 16, on the grounds located behind the school at 8600 N. Greenwood in Niles. The hours are from 11 a.m. to 6 p.m. which will provide students from neighboring schools to join in the fun after their classes are dismissed. The Fun Fair committee promises that this year will be the best ever with many new attractions and something of interest for all, from pre-schoolers to senior citizens.

Our Lady of Ransom school grounds will host 2 Moon Walks this year since this hobby activity proved so popular at previous fairs. Other attractions include a high flying helicopter ride, live trout fishing, an old fashioned sitting water dunker, Box buckets and many other games. Those with a green thumb will find the Plant Booth of special interest providing an opportunity to purchase healthy young house plants of every description along with several outdoor plants for the Spring garden. Many Moms have been busy using their talents to create inexpensive fun items for the Bazaar Booth. All in all the Fun Fair sounds like a great place to spend a few hours on May 16.

Girl Scouts entertain at "TNT" Show

To celebrate Girl Scout Week the Brownies, Juniors and Cadettes of Girl Scout Service Unit 608 entertained their parents and friends to a "TNT" Show.

The talented scouts of St. John Brebeuf Oak School, Niles, Elementary and the cadettes of Niles also will entertain to the music of Then and Now. Each school was responsible for an act from the '40's through the '70's.

"It was a fantastic turnout," explained Julie Blumhanna, service unit chairman. This was our first experience at such a show. We appreciate all the co-operation we received from the leaders, girls and their parents.

Despite the excellent efforts of all the scouts, the highlight of the evening was a group of leaders with their presentation of a parody to the tune of "Olivia Worm" presented by the Girl Scouts.

ED HANSON

"Happy Mother's Day"

For 52 years now, Mother's have had this "special" day set aside for them.

Since President Woodrow Wilson, in 1914, proclaimed the day as, "a public expression of our love and reverence for the Mothers of our country."

Know what a mother's definition of leisure is? THIS: the spare time she has in which she can do some other kind of work.

A Mother's life is a two fold unhappy one. She fears some designing female may carry her son off. But she also fears that no designing male will do the same for her daughter.

What's a Mother? It's a woman who takes 20 years to make a man of her boy so that another woman can make a fool of him in twenty minutes.

Or the illegal gambling house operator who yelled, "Get off your knees, Mother, the crap game is over...the cops are here!"

Or the devoted son, when he became 21, who said, "For years Mother you've worked for me--now go out and work for yourself!"

Or the other devoted son who gave his Mother a gift of glue so that she wouldn't slip off her rocker.

Anyway, for "her" happiest Mother's Day DO this: Give her a season pass to watch Chicago's most exciting, aggressive and finest baseball team--THE CHICAGO WHITE SOX!

Or take Mom on her day to Jake's Restaurant of Niles. For the red-carpet is out for all Mother's next Sunday, May 11. First, there'll be FREE flowers for all Mothers (and mothers-to-be) and even those "mothers" who are CUB fans. The whole restaurant will be all slicked up and even Jake's goodlooking waitresses will be wearing flowers to celebrate the occasion. Jake is offering a new, special menu featuring many delectable dishes just for "Mom."

And for Mother's Day there'll be "live" entertainment and fun galore. And all mothers over the age of 90, if accompanied by their parents, will receive a new Piper Cub plane and 12 FREE flying lessons. Seriously, this Mother's Day will really be a banner day for all area "moms" and their families. Jake hasn't forgotten the kiddies either, for he has loaded his Kid's Treasure Chest with some brand new toys for the tots. And there'll be five special items on the menu for children 12 or under at half price.

Last Tuesday, Jake's 3 1/2 year anniversary went over with a bang. I never saw so many people eating hamburgers and pancakes which sold for only 50 cents during Jake's anniversary sale. Now I suppose we can all wait for Jake's 3 1/2 year anniversary celebration which should happen late in August.

'Prisoner of Second Avenue'

Des Plaines Theatre Guild, blessed with full houses for the second and third week-ends of their current production of Neil Simon's comedy hit, "The Prisoner of Second Avenue," has extended the run for an extra week-end.

Tickets are now available for Friday and Saturday, May 23 and 24, and may be ordered by calling the Guild Playhouse box office, 296-1211, between noon and 8 p.m. daily except Sunday.

A few tickets are still available for Friday, May 16, according to Jan Beddia, ticket chairman, but the "S.R.O." sign is out for Saturday nights, May 10 and 17.

Leading the laughs and collecting sympathy of their unfortunate situation in "Prisoner" are Ted Weiss of Elk Grove and Betty Kandlbinder of Palatine, playing Mel and Edna Edison, struggling to keep afloat in a sea of white-collar troubles.

Helping in the family crisis are Ed Sauer of Des Plaines as Mel's rich brother, Harry, and Mt. Prospect's Jean Kay, and Kaye Peet and Paula Unell of Glenview as his sisters, Pearl, Jessie and Pauline.

Steve Strong of Edison Park (Chicago) is directing "The Prisoner of Second Avenue," his second assignment this season for DPTG. Steve directed "The Most Happy Fella", the musical which opened the Guild Playhouse season last September, and then he starred as El Gallo in "The Fantasticks" in January. He is assisted by Veronica Zogman of Des Plaines, with Bert Miller of Evanston as producer.

Mother's Day drawing at Magic Pan

On Mother's Day, May 11, all four Chicago suburban Magic Pan Creperies will hold a special drawing for mothers only.

The prize for the winner in each restaurant will be complimenting the dinner check for the entire family. To assure that every mother present that day has a fair chance to win, the drawings will take place after the restaurants close, and the prizes will be mailed the following day.

All mothers present will receive gifts of fresh flowers.

Participating Magic Pan Creperies are at 70 Old Orchard Center, Skokie; Schaumburg; Oak Brook; and Vernon Hills.

A special Sunday Brunch menu is featured from 11 a.m. to 4 p.m., which will include the popular Crepes Benedict: ham and two poached eggs, served in a crepe with hollandaise sauce and a fresh melon salad.

The Magic Pan accepts credit cards: American Express, BankAmericard, and Master Charge.

Magic Pan fashion show

Each Monday during luncheon, from noon to 2 p.m., the Magic Pan Creperie at Old Orchard Center, Skokie, will present style shows by Woman's World of Glenview, for the Total Look in Fashion.

The selections to be modeled will represent a cross section of fashions to take milady round the clock--whether her schedule calls for a business, casual, sports or dressy look.

The Magic Pan specializes in crepes--more than 21 different varieties--served piping hot, golden and filled with savory recipes made with beef, chicken, shrimp, crab, vegetables, ham, cheese

All artists, 18 years of age and over, who wish to display their works in this year's fair are asked to apply before May 18 by phoning 965-3285.

Since only 100 spaces are available, the Morton Grove Art Guild is looking for entrants in the following award categories: Oils and Acrylics, Watercolors, Sculpture (includes wood, metal, pottery, and handwrought jewelry only) and Graphics and Photography.

Chairwoman Judith Czyniewicz and Co-Chairwoman Kathy Barnes have invited local artists as well as applicants from Indiana, Michigan, Wisconsin, and Pennsylvania, to take part in this, the Art Guild's 10th Anniversary Art Fair and celebrate with them.

Morton Grove Art Guild

The Morton Grove Art Guild is trying a change of pace in programming at its May meeting on Wednesday, the 14th, in the fieldhouse at Mansfield Park, 5830 Church st., in Morton Grove.

A sound and color film on the Louvre in Paris will be shown. The film, narrated by Charles Boyer, will cover the evolution of this famous landmark of Paris and its place in the history of the historic city. Of course, many of the art treasures of the Louvre will be included in this interesting film. A short talk on the location and surrounding sections of Paris will be given to orient the viewer and as a lead in to the film. All are invited to attend this meeting and will be welcome at 8:30 p.m.

Faculty art exhibition

The art faculties of the four Maine Township high schools will hold an exhibition featuring various pieces of their artwork.

This public is invited to attend the opening of the exhibition on Tuesday, May 13, from 7:30 to 10 p.m. in the Maine East faculty lounge. The artists will be present to meet the public.

District 63 . . .

reasons never surfaced which he believed were underlying the reversal.
Board member Barbara Kipnis and Board President Arlene Nidetz were the most crushed by the reversal and angrily expressed their feelings. Kipnis said the reversal was the height of irresponsibility and criticized the rescinding act "without having alternative plans."
Mrs. Nidetz said the Board "can't leave this room until we come up with alternatives to the problem."
Larry Reiss, whose motion led to the action, also used the word "irresponsible" for considering adding more new space for administration offices.
Later in the evening Superintendent Gogo said the new building was the wisest decision structurally and economically.
Gogo then said the district will likely close 2 schools within the next 3 or 4 years but said this had nothing to do with the service center-administration offices. He said it would not be economical to use a 45,000 square foot school building to house an 11,000 square foot administration area. Gogo also said the district is likely to continue to lose children in the coming years. He had estimated previously attendance would drop to 5,000 by 1978, a decrease of 2,100 students in 8 years in the

Continued from Page 1

district. He said Tuesday District 63 enrollment will continuously decrease and the district "cannot operate 11 school sites in 3 or 4 years from now." He said Illinois estimates are enrollment will decrease 300,000 in the state in the next short years and he believed District 63 will decline indefinitely. He said there are now 1,350 children in the 2 junior high schools and enrollment will decline to 1,000 in the immediate years. He said the district would have 2 mausoleums on its hand, referring to the junior high schools, but felt the 2 schools should continue to operate even with the decreased enrollment. He also commented administration offices might be considered at one of the junior high schools. Nevertheless, he said the most economic action the Board could take would be to build the new offices-service center building. He cited the advantages of larger and more economical central purchasing which he implied would save the district money.
As the hours moved toward midnight the Board angrily scrimmaged back and forth bickering over alternative plans. Reiss and Penny, Larson, both of whom opposed the new building on both votes, said it was unwise to make a hasty decision Tuesday night as to alternative plans. But Board President Nidetz insisted some

alternative plan be approved before they left the meeting.

When Reiss threw the problem into the lap of the superintendent, Gogo asked for guidelines what the Board wanted regarding these plans. Reiss, somewhat exasperated, said if the superintendent couldn't come up with such a plan outside sources should be used. Board member Allen asked Reiss if he was implying the superintendent should be dismissed, which Reiss brushed aside. The anger and frustration of the long evening's harangue was beginning to show. After this interminable 2 hours of shadow boxing, the superintendent admitted he had all the information he needed to come up with alternative plans. The Deckowitz vote was okayed 4 to 3 for completing the Ballard School improvement and consider administration offices in a school east of Milwaukee Avenue.

* Meet with other school boards and administrators for better articulation.
* Make every person at the college a "PR" person. Every person on staff working with students or meeting the public reflect the image of the college, he said.
* Develop more grant programs to secure federal and state funds for programs for which the college has a need and intends to pursue over the long haul.
* Offer more business programs for women.
* Establish orientation programs and workshops for Board members.
* Develop a partnership between education and the world of work for better career programs. The college should attract more working men and woman, not only as students but as teachers.
Harstein pointed out that the accomplishments of the college during the last year surpassed achievements of the past and the college will continue to build on them.
