Niles businessmen complain of road-widening blockades

Protest blockade of traffic

by David Besser Editor & Publisher

If you graduated grammar school during the 30's, Memorial Day has to have a special meaning for you.

In the O'Keefe class of '39 there were 15 boys who escaped the terrors of Mrs. Noehring by moving up to Hyde Park High School. It was a talented group of boys who in later years wore the titles of the Dean of The School of Criminology at California University, President of the Clinton Watch Company, Managing Editor of Newsweek magazine and a professor at MIT. And the smartest guy in the grammar school class became our high school valedictorian, an ensign at 18 years old, and by now may be a very important man in the fields of science or engineering. In a sense, those were the winners.

There was another youngster in the class, Bobby Feldman, a roly poly little guy, who periodically received a shaking down by Mrs. Noehring, because he couldn't master the very elementary bits of algebra Mrs. N. was trying to drum into our heads. She knew Bob was a bright boy and she was more frustrated than he was when he failed to master his lesson. But when it came to history, this fantastic teacher would just sit back and smile as Bobby would dominate the period rattling off the many facts and figures he had. He, too, was destined for bigger things.

ICCB approves master plan for Oakton campus

The Illinois Community College Board approved the abbreviated site and facilities master plan for Oakton Community College at its meeting on May 16. The master plan is for a permanent campus site of 170 acres in the northwestern corner of the district, on the east bank of the Des Plaines River between Golf and Central Roads. A fully detailed master plan will be presented to the OCC

Board on June 10. Oakton also received ICCB approval to purchase the remaining 23 acres of the site from the Sisters of the Holy Family of Nazareth at a price awarded by the courts at a condemnation suit. The other 147 acres have already been acquired by the college. This ICCB ruling waives the usual policy of requiring three

The Pitch-In For Chesterfield Campaign, which started on May 17 was a huge success. The weather, warm and pleasant, helped add to the big turnout from the Chesterfield area. At least 150 children took part on the mornings activities.

The Public Works Department also participated by sending a truck to the Chesterfield Park. From there the truck circulated, announcing the kick-off for the Pitch-In For Chesterfield Campaign.

Children to buy cow for Indians

(By Alice M. Bobala)

Children who attend a Niles Church have been working since Christmas on Bazaar items, proceeds of which will go to purchase a cow for the American Indians.

The idea evolved from teaching the youth the idea of giving rather than receiving, said Mrs. Marilyn Ignatius, a member of the Christian Education Committee at Niles Community Church, 7401 Oakton st.

The ten children, under supervision of Committee mothers, have been working on handicrafts every Sunday morning and one afternoon a week for the past five months.

The Church School Bazaar will be held at the Church on June 8 from 11 a.m. to 1:30 p.m. Proceeds from the sale will go to Heifer Project International, a non-sectarian charitable organization that, through voluntary contributions, provides livestock and poultry to Indian communities.

"It all depends on what we make from the Sunday sale," explained another Committee mother: \$3 sends 20 chickens; \$20 sends a pair of rabbits; \$100 a goat, a sheep or a pig; \$500 sends a pregnant purebred heifer.

Offered during the sale from "stores" in a village-type setting at the Church will be huge papier mache flowers, decorated curlier bags, candle holders, plants, plaques, trays fashioned from bread dough and other items.

Also of interest will be a bakery sale, an auction from a White

Sunday School children of Niles Community Church plan to realize enough monies from their June 8 Bazaar Sale to buy a cow for American Indians. Counter clockwise starting at top left are: Rosemary DiMaggio, Kevin Ashcroft, David McFeggan, Lorie Riechert (holding flowerpot bulletin board), Donald McFeggan (with Indian moccasins to be offered at sale), Whitney Reichert (holding desk blotter), Jamie Schimel, Bradley Ashcroft, Susan McFeggan and Nancy Ignatius. The Bazaar will be held Sunday, June 8 from 11 a.m. to 1:30 p.m. at the Church, 7401 Oakton st., Niles.

Elephant Table and a sidewalk cafe with refreshments. "Everyone has been helping out," said Mrs. Anita Ashcroft, "the Rev. Dr. Douglas Seleen, even Assistant Pastor Mike Youngblood was drafted into sewing on eggshells, to keep them together. It was a night and

day project for all concerned," said the Committee mother who threatens to go into retirement following the Bazaar.

Other Committee mothers are Mrs. Evelyn Anderson, Mrs. Marge Bieshaar and Mrs. Joan Schimel.

M-NARH sponsors Fishing Derby for handicapped

Forty handicapped young adults and children participated in a Fishing Derby this weekend. The event was made possible through the cooperative efforts of The Maine-Niles Association of Recreation for the Handicapped and the Park Ridge Jaycees.

The fishing derby was held at the Maine Park Lagoon, which

had been stocked with trout. The bait was provided by the Jaycees as were the free refreshments. And there were prizes for all. But the best prizes were those given to the Jaycees and the M-NARH Staff—the expressions on the faces of the fishermen when they caught a fish. For many of the fishermen it was the first but

probably not the last fish they will catch. For now these handicapped people know they can do it even if they do need a helping hand.

The Fishing Derby was just one of the many special events planned by M-NARH the mentally, emotionally and physically handicapped residents of Maine and Niles Townships. Special events such as the Fishing Derby allow people within the community to share with others, as well as allowing handicapped individuals to participate in enjoyable leisure time activities. Other special events have included trips to ball games, museums, the Shedd Aquarium, the theatre, overnight camping trips and much more. In addition to Special Events, M-NARH offers year round recreation programs to special populations. A six-week summer day camp is planned for those between the ages of 3 and 21. The populations served at the camps are the learning disabled, the educable mentally handicapped, the physically handicapped, visual impaired hearing, impaired and emotionally handicapped. Registration will end on May 30, so for more information regarding the Summer camp or any of the M-NARH programs, please call 674-5512.

Memphis Classic Horse Show. This important show, held May 1-4 in Memphis, Tennessee, is rated National A and draws top competition from throughout the United States. It is the last show of the "Sunshine Circuit," comprised of 4 shows held in Florida, 1 in Atlanta, and finally the Memphis Classic. Over 300 horses were brought to the show by competitors and at least 50 ponies were entered in the Pony Hunter division. It was the first outdoor show Northwestern Stables has attended this season, so, besides top-notch competition, the Stable's riders were battling noise, rain, knee-deep mud, and (when it finally came out) a strong Tennessee sun. On Sunday, May 4, a crowd numbering between 4,000 and 5,000 attended the show.

In spite of the distractions, Northwestern Stables did quite well. Jill Jacobs, 11, won the blue in a class for Large Pony Hunters over Fences riding her chestnut pony "Good 'n Plenty." Jill and "Good 'n Plenty" placed third in a Conformation Pony Hunter over Fences class. Jill also did very well in the equitation classes. She placed third in Equitation on the Flat 13' and under, and placed high in the 3 Medal and Maclay classes in which there is no age division to eliminate older, more experienced junior riders. Jill placed 4th in the A.S.P.C.A. Maclay class, 5th in the American Horse Show Association Medal class, and 4th in the most difficult equitation class of all—the U.S. Equestrian Team Medal.

Katy Fell, 10, rode her dapple grey pony "Milkshake" in the exciting Pony Working Hunter Classic and placed second. In this class, a very difficult course of fences is set and the ponies must have a clean round, maintain a perfectly even pace, and the prescribed number of strides between fences. Katy & "Milkshake" also won a 5th in a class for Pony Working Hunters over Fences.

Donna Rose, riding her horse "King's Ransom," placed third in a class for Second Year Green

Notre Dame Sophomore Baseball Team

Miss Northwest Suburban Big League

At a meeting of the board of directors, April 23, Miss Kathleen "Kathy" Budz, Glenview, a student at Western Illinois University, was named Miss North-

west Suburban Big League for 1975. In her capacity, she will attend all of the league's opening games on Sunday, June 8, one game each week thereafter during the season, and represent the league as official hostess.

The Northwest Suburban Big League is an organization of baseball players ranging in age from 16 to 19, chartered by Little League, and this year is comprised of eight teams from Des Plaines West, Maine-Northfield, Norridge and Schiller Park. The players come from Norridge, Schiller Park, Franklin Park, Des Plaines, and unincorporated Morton Grove, Niles, Des Plaines, Glenview, Northbrook, Northfield and Mt. Prospect. The league was formed three years ago in Maine-Northfield with two teams. Next year the league is expected to reach its capacity of ten teams.

Miss Budz is a former Homecoming Queen at Maine North High School, a co-captain of the school's Pom-Pom squad and a member of the 1974 Chicago Fire Pom-Pom squad. The NSBL will play double headers every Sunday and admittance is free to the public. They

need community support and will welcome general attendance. If you are interested in securing a schedule of the games and locations and in being greeted by Miss Northwest Suburban Big League, contact one of the following: Des Plaines West, Mr. John Semler, 824-2994; Maine-Northfield, Mr. Mick Levinson, 299-4179; Norridge, Mr. Len Kucharski, 453-5154; Schiller Park, Mr. John Von Wachenfeldt, 678-3437, or league president Bill McCarty, 299-1286.

Working Hunters. She also won a third riding her horse "Day Dream" in a class for Regular Working Hunters.

Judy Orbesen, 18, placed 4th up on her "Simone" in a class for Green Working Hunters over Fences. Riding "Mighty Elf," Judy placed 6th in a Regular Working Hunters over Fences class. Nancy Crown, 17, daughter of Judge and Mrs. John J. Crown, won a 5th and two 6ths riding "In the Cards" in the Conformation Hunter division. Bonnie Herdman, 17, riding Northwestern Stables' "Twenty-five and a Half," won a 6th in a class for First Year Green Working Hunters over Fences. Douglas Boyd, 13, won a 7th for Equitation 13 and under on his horse "Misty Morn." Ann Ross, 17, placed 9th in an Equitation class for riders 15-17 riding "Mighty Elf." Tia Schurecht, 17, won a 6th place ribbon in the American Horse Show Association Medal class up on her horse "Phase II."

Summer gymnastics program

This summer a gymnastics program for girls is being offered at Maine East in two three-week sessions (June 16-July 3 and July 21-August 8).

This program is open to any girl entering fourth grade through college age and no previous experience in gymnastics is necessary. The program is offered from 8-10 a.m. for the fourth thru eighth grade age group and 10 a.m. to 12 noon for incoming freshmen and high school girls, Monday thru Friday.

All Olympic events will be offered — balance beam, tumbling, uneven bars, vaulting, and mini tramp tumbling as well as instruction in dance for gymnastics.

The cost for the one three-week session is \$30 and \$50 for both sessions. Any student who will be entering any one of the District 207 high schools next year as freshman will be able to attend this program for only \$4.

For further information and registration forms, contact Miss Betty Axelson at Maine East (825-4484, ext. 400).

Girls' Softball

Once again the Maine East girls' softball team has shown superiority over other schools.

The varsity team has played outstanding softball. In the most recent game on May 6 against Glenbrook South the Demons beat Glenbrook South 13-4, extending Maine East's season record to 3-2.

The junior varsity girls can also be equally proud of their 3-2 record. Their most recent game was also May 6, and the Maine East team beat Glenbrook South 3-2.

Upcoming competition includes hosting New Trier West on Thursday, May 15.

Luther Band member

Decorah, Iowa—The Luther College Concert Band, conducted by Frederick Nyline, left Chicago Wednesday, May 28 for the fifth European tour in its 97 year history. Band members include: David Bunt, 825 Crain St., Niles.

Maine East Athletic Director retires

[By Kevin O'Rourke]

Maine East loses one of its most dedicated professionals as Athletic Director Bud Gates retires after 29 years of service at Maine East.

Mr. Gates, who received a B.A. degree from Coe College in Cedar Rapids, Iowa, and an M.A. from Northwestern University in Evanston, came to Maine East in the fall of 1946. Previous to coming to Maine East, Mr. Gates had taught three years in Iowa and two years in Michigan. He had also served in the Navy for 29 months as an assistant gunnery officer on a destroyer during World War II.

When Mr. Gates came to Maine East, there was no opening in the boys' physical education department so he taught math for five years. Up until 1964, when he became Athletic Director, Mr. Gates taught physical education and coached. He served as assistant track coach for eleven years, freshmen basketball coach for ten years, sophomore football coach for eleven years, and varsity football coach for three years. During his tenure at Maine East, Mr. Gates also served as co-sponsor for the M-Club and worked in intramurals.

As for the present physical education program at Maine East, Mr. Gates feels he's leaving his successor an excellent one. "The North Central Evaluation

group rated Maine East as having an excellent physical education and athletic program. There are eleven sports at Maine East along with a fine health education program."

Mr. Gates and his wife will be retiring to Sun City, Arizona, this June where he will pursue such hobbies as golf, tennis, racquet ball, and badminton. He might also set up a badminton program like the one he set up for the MONACEP night school program at Maine East. Mr. Gates and his wife have one child, Tom, who is a senior at the University of Miami in Coral Gables, Florida.

Will Mr. Gates miss Maine East? "After 29 years of association with Maine East, I most certainly will. I enjoyed my affiliation not only with the faculty but with the students for whom I tried to set goals of fitness for."

Maine East tennis coaches

[By Ron Reeve]

With the tennis season now underway at Maine East, Coaches Art Belmonte and Dan Wilson are hoping for a strong season from their players.

Our varsity coach, Mr. Belmonte, is now completing his eleventh year here at Maine East, and he began playing serious tennis at age twenty-one.

Mr. Belmonte attended Morton High School in Cicero, and while attending, he competed in diving and gymnastics. As a diver at Morton, he was a state qualifier and placed tenth in the state meet his senior year.

He attended college and graduated from Eastern Kentucky University and majored in mathematics and physical education with a masters degree in math coming from St. Louis University.

Mr. Belmonte became interested in the game of tennis because his brother was a doubles qualifier in the state, and this was a great inspiration to him.

Along with coaching tennis, Mr. Belmonte is also the assistant varsity swimming coach and

PARK DISTRICT NEWS

Park approves additional tax levy for M-NARH busing

An additional tax levy of .0075% (for 1975-76) to Niles residents was approved by Niles Park District commissioners in order to meet the Maine-Niles Association of Recreation for the Handicapped (M-NARH) budget of \$166,640, also approved by park commissioners during their May 20 board meeting.

According to Barbara Steinfeld, director of M-NARH, the additional levy (about \$5,400) is Niles' share to provide transportation for the handicapped children. Reason for the increase, she said, was that the Niles Township School District had only recently advised the M-NARH Board that they could no longer be able to provide the \$30,000 necessary for bus transportation. The School District has provided transportation for the past 3 years for the handicapped youngsters.

The other, 6-member park districts of M-NARH (Des Plaines, Golf-Maine, Skokie, Park Ridge, Morton Grove and Lincolnwood) had all approved the early tax levy for their residents.

Niles Park Commissioners had approved, during a continued April 22 board meeting, a .005% tax levy to M-NARH for the year 1976-77. A motion to approve a .0075 tax levy for a year and a half (the last half of '75 and the fiscal year 1976-77) had failed to pass.

Comrs. Jack Leske and Wm. Keener voted against the motion believing that the additional levy was a violation of promises made to Niles park district voters while campaigning for the referendum.

The Niles Park District had two choices: to take the \$5,400 needed out of the normal NPD operating budget or take it out of the budget

now, levy an additional .0075% and repay the park budget later.

Comrs. Keener and Leske approved the additional levy at the May 20 meeting.

Park Comr. Robert Romano negated his vote, however, stating that "borrowing from the park operating budget a half year ahead of schedule was not sound business."

According to Miss Steinfeld, the monies will largely be used for salaries for supervisory and staff members of the M-NARH program, with the exception of the \$30,000 budgeted for bus transportation.

GIRLS 12" SOFTBALL

The Niles Park District still has openings for interested girls to play 12" slow pitch softball. Girls are grouped according to ages: 10-12, 13-15, and 16-18. Practices are held on Wednesdays and Thursdays from 4:5-5:30 p.m. at the Grennan Heights field. The cost is \$8 for residents which includes a team tee shirt. Sign up now and enjoy a summer of exciting competition.

GIRLS 16" SOFTBALL

The Niles Park District is again running girls 16" softball. Girls from the ages of 9-13 are eligible. After 3 weeks instruction, teams will be formed with 7 weeks of league play following. Practice is held at Grennan Heights every Saturday from 1-3 p.m. The cost is \$8 for residents for 10 weeks which includes a tee shirt. Sign up and bring a friend.

3 NDHS grads make All-Midwest team

At their annual scheduling meeting, the Mid-West Fencing Coaches voted on their selections for the Mid-West Fencing team. The top six fencers in each weapon are selected from this list.

In the top 4 of each weapon, Notre Dame High School had 3 alumni and Illinois had 5 fencers altogether. The three NDHS fencers were: Epee: Tim Glass, '73, 1st in Midwest. In Foil: Pat Gerard, '74, 4th, with Jim Herring, Maine South '74 and Mike McCahey, N. Trier East '73, as 2nd and third. In Sabre: Sam DeFiglio, '73, was number 2.

With the exception of Sam DeFiglio, the rest have all been on USA teams to 3 World Championships and all have had very successful seasons including let-

tering from their freshman year on. All in all, four of the above five are on the University of Notre Dame team, and the only other midwest team to place as many on the All-Midwest Team is Wayne State University, the 1975 NCAA National Championship team with two of the three individual NCAA Champions.

Notre Dame University and Notre Dame High School are proud of their fencing athletes and their successes to date.

Respect Life

Dear Editor:

Every day is a tragic day for the unborn child who was deprived of virtually all legal protection a few years ago by the U.S. Supreme Courts decisions on abortion. People killing people with no regards for human rights or life.

This is not only a Catholic issue, but it concerns each and every God-fearing man and woman no matter what their religious faith may be. Many prominent non-Catholic leaders could be cited on our side, and with them countless thousands of their followers. Our combined efforts must not cease until a mighty voice, nation-wide and worldwide, will finally be heard in the defense of God's innocent unborn. The voice of God keeps thundering against the killing of the unborn: "Thou shalt not kill."

Many organizations in the Church, such as the Knights of Columbus and the Holy Name

Societies along with the Pro-life committees are exerting every effort to enlighten members and the public generally of the enormity of the crime of abortion, and hopefully in the United States to have an amendment voted to the U.S. Constitution to outlaw abortion.

Parenthood is one of the most challenging and rewarding of all human relationships. Christian parents are called to a prophetic mission, to witness by their love and generosity to the primacy of life. The sacrifices parents make in bearing and raising children are a powerful testimony of their fidelity and their hopefulness.

Some years ago, the United Nations issued a DECLARATION ON THE RIGHTS OF THE CHILD which emphasized that the child is entitled to legal protection from the moment of conception onward. "The child, by reason of his physical and mental immaturity, need special

"Lady in distress" praises youth

Dear Mr. Besser:

One hears all the unpleasant things our young people are involved in, but seldom do we hear the good things they do.

Therefore, I want to share a wonderful experience I had with one of Niles' thoughtful young men.

Recently I stopped to mail letters at a box about six blocks from my home. In getting out of the car I inadvertently hit the button on the door and locked myself out with the motor running and my purse in the car. There were some young people playing ball nearby and when they learned my predicament came over to see if they could find a way to get into the car without breaking a window--which they couldn't. One of the young men offered to drive me home to get another set of keys--waited while I got them and then drove me back to my car. I wanted to repay him for his trouble but he would not hear of it. This act has fully restored my faith in the youth of today.

safe-guards and care, including appropriate legal protection, before as well as after birth."

As a Catholic by virtue of my faith I oppose abortion and am ready to stir up in people who agree with me the initiative and the readiness to leave no stone unturned in bringing about a society which is concerned about infants. As a Christian, I speak out for human dignity and respect for all forms of life, the unborn, the poor, the aged, the sick, and the troubled. As we go through life in some little way we can help someone along the way.

What to look for when you're looking for an air conditioner.

Before you choose an air conditioner, ask the dealer for its energy efficiency ratio. This number tells you the efficiency of a unit. An air conditioner with an EER number of 8 or above will be thrifty for you electrically.

The EER number is computed by dividing the BTUs by the watts. A 12,000-BTU unit that uses 1500 watts will rate an 8. If the EER doesn't appear on the tag or metal nameplate, use this simple formula yourself. It's a worthwhile exercise that can pay off in electric dollar savings over the long run.

Don't buy too much capacity. Surprisingly, an air conditioner that's too big usually won't keep you as comfortable as a smaller unit.

So measure the space to be cooled before you go to the dealer. Also note any doors that might let cool air escape, or windows that might let direct sunlight in. The dealer will have charts to translate your notes into the right air conditioner selection.

Some tips on cutting cooling costs. Keep the warm air out and the cool air in with proper insulation and weather stripping where you need it. Block out the sun by drawing drapes. And locate the air conditioner on the shady side of your house, making sure to seal any leaks in the window after you put it in.

It makes a lot of sense to buy an air conditioner that starts efficient and stays efficient. Saving energy always makes sense. And when summer's over, you'll find the extra care was worth it—in dollars and cents.

Banker says homeowners find it's cheaper to improve

Many north suburban homeowners are realizing it is cheaper to improve than to move, in the opinion of a local banker.

Marvin von Aswege, president of the First National Bank of Morton Grove, said there's a trend among homeowners to fix up their present house rather than buy a new one.

Tight money, high interest rates and increasing real estate prices have combined to create a decline in new home construction and a corresponding rise in home improvements, he noted.

More consideration is being given to improving the comfort and appearance of homes, both to save on fuel bills and to upgrade property values, according to von Aswege.

The bank executive said another incentive for improving the home is the rather dim outlook for a continuing energy crisis, especially gasoline.

People probably will be spending more time at home and

become increasingly conscious of making their living arrangements as comfortable and attractive as possible, he predicted.

With mortgage money expensive and often difficult to obtain, remodeling presents an easy, relatively inexpensive alternative for homeowners, said von Aswege.

He cited such improvements as room additions, patios, better heating and air conditioning systems, remodeled kitchens and bathrooms and general modernization as good investments in better living.

"Most community banks, including First National of Morton Grove, have funds available for home improvement loans," von Aswege said. "Our loan officers welcome the opportunity to compare home improvement to home buying as it applies to any individual situation."

Americans spent some \$20 billion on home improvements in 1974 and indications are they'll surpass that expenditure this year, he estimated.

Local architects participate in restaurant show

Niles Township was represented in the world's largest complete market showplace for the Food Service and Lodging Industry. The five day show was just completed at McCormick Place by the Morton Grove architectural firm of Charles Conlon & Associates. Approximately 80,000 people were in attendance.

Architects Charles Conlon and Robert Speckmann, and Interior Decorator, Lila Gabriel, spent many fruitful hours meeting restauranters from all parts of the country. The Conlon Firm is currently engaged in the two and a half million dollar remodeling program of the Illinois Tollway Authorities: Belvidere, Hinsdale, Des Plaines, Lake Forest, Lincoln, and O'Hare Oasis Restaurants.

During the past seven years, while working out of their own building at 6400 Chestnut st., Conlon and Associates have been associated with many commercial projects throughout the Midwest. One of these projects was the recently completed award-winning split-level Merle Hay Mall Shopping Center in Des Moines. This project received great reviews among the National Retailers for function and creativity in a commercial structure.

I don't believe any one is really a loser, but still, Bobby would fit the definition if there was such an animal. While we grunted and argued through wonderful hours of football in the autumn, Bobby would be pushing a baby buggy and viewing our histrionics from behind the playground iron-barred fence. And in high school, we all joined some foolish, snobbish fraternities and promptly blackballed Bobby when he sought membership. I was bitter about his being excluded, but not bitter enough to quit the cruel system. Or not 'gutsy' enough.

May 20, 1943 Bobby and I stood in line and received our army serial numbers. Somehow, we were separated by 6 or 7 numbers. And when Uncle Sam moved us out of Camp Grant, he drew a number between Bobby's ill-fated number and my lucky number. Bobby went to Texas and I went to Pennsylvania. Eight months later, January, 1944, Bobby's entire regiment was wiped out at the Rapido River, when the Germans let the Americans cross over the river and then systematically destroyed them. The Germans, perched on a higher elevation, rained destruction on an entire regiment which couldn't retreat because of the river and couldn't advance because of the terrain and the formidable firing power in front of them. Bobby Feldman, baby buggy pusher, blackballed non-fraternity member, roly poly historian, who had a hard time mastering his multiplication tables, had the wrong number again in January, 1944.

Phil Kriloff was another grammar school graduate in the 30's. In 1938, Phil played on our high school basketball team from '40 to '42, finally playing first string his last year. Phil was kind of slow, not too good a ballhandler, wasn't much of a shooter and had an awkward gait which gave him an unlikely rhythm to play the game. But he was tough...he rebounded better than guys 4 inches taller than him. And he played tenacious defense. Phil was all guts on a basketball floor and he was killed in France during his 19th year. His friend, Bill Pass, was so dejected by Phil's death, he volunteered for immediate front line duty, lasted 10 days upfront, admitted he just couldn't take it, was brought back to a rest camp, became an officer and was dead at 21.

There was "Mottz" Lozure, who was a fine grammar school athlete, who destroyed us in the two games we played against him in the late 30's. He went on to captain our high school football team, a nice offensive end, who was killed at 18 aboard a ship in the Pacific.

There was big Willy Pratscher, who was the hero of our playground, who starred as center on the '38 Hyde Park team which lost to Von Steuben for the city championship. Willy never came back from the war. And there was George Gay, a veteran of the Coral Sea battles, who went overseas with me and told me the war would last 10 mere years. He said he'd had enough war, and was willing to get his leg shot off to get out. His second night in France, George was killed. And there was the Creevey boy, a fine Mount Carmel and Notre Dame football player, who starred in our summer softball league at O'Keefe, and he too never came home.

All the graduates of grammar schools in the 30's were marked with the loss of many of their friends and relatives. And I'm sure Memorial Day to them means more than barbecues and picnics and a day off from school or work.

If you don't have any Bobby Feldmans in your past, you're probably too young, and you should be grateful. Bobby was born at the wrong time and had the wrong serial number. It was as simple as that.

Memorializing the dead is an individual matter. Perhaps befitting their memory would be to volunteer help to the living, spending a small effort on behalf of the guys who are held up at Hines Veterans Hospital. A telephone call to the hospital to help these men would be most welcome. Money donations presently can be earmarked for the general purpose fund, which is restricted for religious and recreational needs. Presently, the transfer of the stained glass windows to the new chapel requires the use of some of the present fund's money. And if you really would care to make a greater contribution, you can become part of the volunteer program there. Call Janet Reed, Director of Voluntary Services, FI 3-7200, extension 2525.

Podiatric student graduates

Morton Grove resident Robert S. Steinberg graduated in the May 23 commencement exercises from the Illinois College of Podiatric Medicine. He will receive a Doctor of Podiatric Medicine (D.P.M.) degree at the 61st annual commencement of the college. Steinberg was recipient of a special award for service at recent awards night ceremonies. The award was presented on behalf of the Illinois Podiatry Students Association for which Steinberg was chairman and coordinator of a blood donor program for four years.

Sweetow said. The village engineering and planning departments could aid the school districts in planning for school closings, according to the statement.

Skokie Elementary School District 68, in its decision last week to close Sharp Corner School, 9301 Gross Point, in Sept. 1976, "failed in not assessing the ramifications its action would have on Skokie as a whole," the statement said.

Smith is expected to reply to the league's request within a few weeks. Village board member Thomas McElligott suggested that inter-district meetings called by the mayor "might not be the best way" to handle the problem.

Instead, McElligott said, the school board members should use their expertise to "admit there is a problem" and discuss it among

themselves, with the mayor possibly acting as a "catalyst...to get over problems, and help anticipate community reaction."

"It would be premature for the mayor to do it now," McElligott said. A committee to discuss areas of cooperation between Niles Township's 10 school Districts was formed recently by the Niles Township Council of the School Boards, but none of the township's municipalities has been directly involved in discussing the declining enrollment problem.

District 64 teacher retires

Mrs. Novak, a teacher at Jefferson School for many years will be retiring this summer. A party in her honor, is planned for Monday, June 2nd, 3:30 to 5:00 in the activity room at Jefferson School. All former students and friends are invited. Mrs. Novak came back to teaching after the untimely death of her husband.

Twelve of her twenty years as an educator have been at Jefferson School as a 2nd grade teacher. In addition to putting her children thru college and teaching full time, she also furthered her teaching abilities by re-entering college. All the students have benefited greatly, not only by her teaching ability but her complete dedication to education. Mrs. Novak will be greatly missed by both faculty and student body.

Tom Miller, Boys State Delegate

Tom Miller, a Maine East junior residing in Niles, will be the school's delegate to the American Legion's Premier Boys State to be held at Eastern Illinois University in Charleston from June 14-21.

As a participant in Boys State, Tom will be involved in a compressed course in practical civics. He and the other "citizens" will be placed at random in mythical cities and counties and assigned to mythical political parties. They will choose their own city, county, and state officials in accordance with regular election procedures. The officials will administer the actual functions of government in a hypothetical fifty-first state. Participants will also be involved in educational seminars and a comprehensive recreational program.

Tom was selected from among a number of outstanding juniors nominated by their U.S. History teachers. Each finalist was interviewed by a screening committee of social science instructors. Tom's visit to Boys State will be subsidized by Mel Tierney Post 247 of the American Legion, headquartered in Park Ridge.

SUMMER MENS BASKETBALL LEAGUE

ED HANSON "More For Your Money..."

Recently a rather shabbily dressed woman walked into an area bank. She politely said to a V.P., "I'd like to open a joint account with someone who has lots of money."

The same woman was told by her banker that her checking account had a large overdraft. "That's okay," she replied sweetly, "I'll just write you a check for it."

This poor woman just didn't understand today's definition of cash. Cash is the poor person's credit card.

For hard cash is the softest thing to fall back upon. Don't believe a fool and his money are soon parted—he's invited places.

But money isn't everything. It isn't too plentiful, for instance. I remember when you could get a lot more for ten cents. But, I guess, today dimes have changed.

The thing that bugs me about money is you can only use it once—it has no repeat value.

—But money isn't everything. The best things to save for your old age is yourself.

One place where you can get more for your money is **Jake's Restaurant** of Niles on June 2, 3 and 4. For on those dates, **Jake** is having his Italian Days promotion for 3 big days. A big success last year, **Jake** plans to repeat his Italian Days promotion by offering specials on traditional Italian favorites such as Spaghetti, LaSagne, Italian Beef, sausage, etc., plus his regular menu.

During **Jake's Italian Days**, June 2, 3 and 4, there'll be "Live" entertainment, accordion music all during the lunch and dinner hour. During his Italian celebration days, **Jake** is giving away FREE Italian Ice cream and has other surprises and treats in store for the entire family. **Italian Days** will start June 2 thru June 4 from 11 a.m. to 10 p.m. Don't miss it!

Jake tells me that he plans to keep his "All-You Can Eat" breakfast specials for \$1.25, going until further notice. According to **Jake**, these \$1.25 "All-You Can Eat" breakfast specials have been the most popular he has ever originated and the public insists he keep them going.

After "Italian Days" **Jake** tells me that he plans a big Father's Day party to be followed by "Polish Days" and other International Food days which proved so popular with the public last year.

Last week I dropped into the **Little Red Hen**, 7028 Golf Road (Golfview Shopping Center), Morton Grove and tried a Gyros sandwich with pita bread. I enjoyed this sandwich, which is a combination of lamb and beef very much, and found it a welcome change from the hamburger, hot dog variety one usually has. **Chris**, the owner, took a great deal of pride in telling me just how much time and effort he puts into preparing Gyros sandwiches and plates and how well received they have been with his customers. **Chris**, who somewhat recently acquired the **Little Red Hen** has greatly expanded the menu of the former owners and tells me his carryout business has more than doubled. For great food the whole family will enjoy, try the **Little Red Hen**—phone ahead, 967-6750 and your carryout order will be ready.

Have you a birthday coming up? If so, drop into **Ridgewood Restaurant**, 9235 N. Waukegan rd., Morton Grove and get a FREE super sundae or soda. **Ridgewood**, a family restaurant that serves breakfast, lunch and dinner offers the finest in fountain creations, too. With hot weather, the desire for something cool and tasty from the **Ridgewood** fountain may be just the refreshing change of pace you need...so drop in for a banana split, a big soda or a super sundae...and if it's YOUR birthday, and you can prove it—remember, it's FREE!

Arvey's, "Where The Foods Are Internationally Famous" at 7041 W. Oakton st., Niles offers A La Marie Antoinette breakfast of French Toast for only 95 cents, daily luncheon specials from \$1.95 and a FREE Caesar Salad with all dinners. And on Mon. through Fri. you can get a FREE Caesar Salad with lunch. And at Arvey's, don't forget every Wednesday is Green Night and they offer that delicious Green Cheese (Saganaki-Aia-Flambe) FREE with dinner. On weekends at Arvey's reservations are suggested.

Tony, the owner of **Chinese Kitchen**, 214 Greenwood, Glenview, tells me that his new beautiful bar and cocktail lounge is now open and they're featuring a "Happy Hour" from 4 to 7 p.m. where all standard drinks will be half price. The **Chinese Kitchen** specializes in quality Chinese foods, either eat in or carry out.

Fireside Inn Hotel, 9101 Waukegan Road, Morton Grove has a few choice rooms for permanent residents that offer the ultimate in luxurious hotel living for \$150 and up per month. And the **Fireside Inn** offers their guests and the public the finest of cuisine in their magnificent restaurant plus relaxing comfort in their spacious cocktail lounge and bar. The **Fireside Inn's** new huge banquet facilities are nearing completion. Soon—sometime in June—**Fireside Inn** will offer the finest, most beautiful special occasion facilities in the northwest suburbs...watch for the opening date.

Benny Hue, owner of **Palace Restaurants**, 9236 N. Waukegan Road, Morton Grove, tells me his carryout business has more than doubled since he opened. **Palace Restaurants** offers delicious Chinese foods, eat in or carry out. Their phone number is 966-2231...give 'em a call and they'll have your carryout order ready when you arrive.

"The Gingerbread Lady" Niles Township Toastmasters Club

A native New Yorker, Mrs. Burck attended classes there and in Florida in voice, dance and acting. In Chicago, she continued her studies at the Goodman Theatre. An active member of Theatre First, she appeared in many of their children's productions. Lincolnwood audiences will remember her as Rose Mitnick in Lincolnwood's production "The Education of Hyman Kaplan." Her directorial credits include "A Worm in Horseradish", "Cuckoo on the Hearth" and another Neil Simon show, "Plaza Suite", which was her first effort with Lincolnwood. Mrs. Burck recently taught an acting workshop in the Mayer Kaplan JCC in Skokie. Married to Joseph Burck and the mother of two youngsters, Mrs. Burck resides in Chicago.

Those wanting to audition must prepare a song from the show and leading role seekers must know how to tap dance. Scripts for study are now available from director Bob (My Fair Lady) Johnson, at 966-3800, ext. 287.

Looking in on Lincolnwood Delay action on exotic animals

[By Fred Hosafeld]

Girls Softball Grand Opening
The sun was out and in the high 70's and not a cloud in the sky. Lincolnwood Girls Softball had a grand day. The opening presentation was given by Stella Udell who introduced the president of Girls Softball, Fred Hosafeld, who thanked the Board, directors, coaches, sponsors and the parents and players: He then introduced Stella Udell who was one of his right hand girls and acted as vice-president. Mayor Proesel said he was proud of his girls and hopes for a championship team. Dr. Garlach, Supt. of District 74 schools of Lincolnwood said he was glad he was part of helping to make it a big success. The mayor threw out the first ball to the youngest player in Girls Softball (Lori Balbier) and Dr. Garlach threw out the second ball to the oldest player in the league (Cande Mortellero). Johanna Reinhardt who led the group in the pledge of allegiance, is also the secretary of Lincolnwood Girls Softball.

Scotch Bowl
This Saturday, fun galore for the husband and wives of Lincolnwood Men's Club and their friends for just bowling and a great buffet. Harold who started the idea said that anyone that did not want to bowl could just eat and it would only cost \$4.50 a couple. There will also be prizes. If you have not become a member of the Men's Club, sign up now. Call 677-5153 for information.

PTA Sponsored Carnival At Proesel Park
The big carnival everyone is looking forward to sponsored by the PTA will have 5 hours of fun. June 8, Sunday and rain date, June 15 from 3-8 p.m. Rides, different booths of fun and surprises galore. Remember-buy your tickets ahead of time thru the PTA. And just think-big prizes such as a TV set and much more. How can you go wrong? And remember, each organization will have a booth and all monies collected will go to that organization. Mark it on your calendar-June 8, Sunday.

Al Bernstein, Guest Speaker At The Lincolnwood Men's Club
Many puzzled people came just to find out what he might be talking on and naturally the most discussed subjects were the condominiums and the elections. There was much excitement from many of the members and John Beckwith who is president of Men's Club held order. It was then open to the members for questions and answers. But putting it all together, we must now work together and build Lincolnwood even stronger.

Pancake Feast
The great success of the Pancake Day was obvious with hundreds of people in line. The pancakes were certainly delicious.

Mikva announces new office, staff members

Cong. Abner J. Mikva has announced the opening of his new District office in Des Plaines and the addition of four Northwestern University interns to his staff.

Mikva's new office is located in the Des Plaines Civic Center, Room 402, 1420 Miner st., Des Plaines. Mikva's other Illinois offices are at 4016 Church st., Skokie and Room 2302 D, Federal Building, 219 S. Dearborn, Chgo.

The four NU students, who will be working for Mikva on a full time basis until June, are: Bob Emmet, a political science major, who will be researching speedy trials and criminal justice; Linda Kachel, a communications studies major, who will be doing a survey on crime in the 10th District; Karen Sprecher, a political science graduate, who will work on gun control projects; and Jim Woodsmall, a political science major, who will be researching highways and mass transit.

The new Des Plaines office, like the other ones in Skokie and the Loop, exists solely for the convenience of 10th District residents who need information about or have dealings with such federal bodies as the Social Security Administration, the Veterans Administration and the Small Business Administration," said Mikva.

"The staff and I cannot seek benefits for which people do not qualify, but we can act as ombudsmen who will guarantee that everyone who enters any of the offices is treated fairly and expeditiously by the federal government," he added.

The Des Plaines office will be open from 9 a.m. to 5 p.m. on Monday through Friday and from 7 p.m. to 9 p.m. on Monday. The Skokie office will be open from 9 a.m. to 5 p.m. Monday through

MG Police

Continued from MG P.1

There is another beautiful park just five blocks away and said he felt another park was not needed. Then Bob Zaruba said he worked on behalf of the proposed park from the beginning and would remain dedicated to it along with many others. John Hilkin stated it seemed to him as though the village is being blamed for the financial difficulties of the Park Board and said he felt this was strictly the Park Board's problem. "We are trying to save some money and we need a new Police Station," said Hilkin. Herb Houndt agreed with his fellow trustee and said that many site plans have been viewed over this past year and the Park Board knows what the village wants in relationship to more parking and the ingress and egress on Churchill and Oak Park, but has failed to do anything about it.

John Hilkin had awards for a number of Morton Grove citizens who donated four pints of blood to our blood program. Clerk Fred McCloy told those present that the Village Hall would be closed Friday and Saturday in honor of Memorial Day.

Final approval was given to Shaf Builders when Dave Cohen moved to accept the plat of subdivision submitted for El Dorado Towers.

Tom Bodkin, President of the Park Board, said the trustees had received several of the items they sought from the Park Board and then Village Attorney Gabe Berafato said the letter he received from Chapman & Cutler did not contain a necessary supplement and therefore he would have to withhold a judgement until it was in his hands. At this point, Jim Orphan, Park Board attorney, who was obviously annoyed by what he felt was stalling on the part of the village said, "If your Village Attorney chooses to differ with Chapman & Cutler, then I suggest you get another legal opinion." It was then that the mayor polled the board with the question, "Are you happy with the present plan of ingress and egress as now shown?" The answer was no. Bode then said that a project of this size should be readily accessible to all members of the village. When asked about where he lived, Bode said, "Forget about me. I won't be using the park. But I want the people to be able to get in and out at Churchill and Oak Park ave."

The mayor then said, "Don't keep pressing for a decision." Dave Huber of the Park Board said he had nine years of experience with park development and three years of experience with site planning and felt that the main concern was the safety of the children, which he felt was considered in the park board's proposal.

William Yates said he was chairman of an ad hoc committee to seek a new referendum. He said his group felt that the corner of Dempster and Waukegan was too busy to be used as a park and should be on the tax rolls as the village could use the revenue. He stated also that since so many ice rinks in nearby communities are losing money we certainly didn't need one in Morton Grove. Then Yates said, "With present inflation and recession problems we should refrain from frivolous spending when we sorely need a new Police Station."

Pearl Pierce said, "You've talked about saving us money, but how much has it cost over the past year with all the delays. All this haggling and fighting has gotten us nowhere. Is there something else pending for this property?" Another citizen said

Male volunteers desperately needed

More than 50 male volunteer attendants are desperately needed to help care for muscular dystrophy patients who attend the free summer camp for dystrophic campers. Two one-week sessions are held in Lake Villa, Illinois, June 15-21 at Camp Ravenswood and June 22-28 at Camp Hastings.

Male attendants are needed because patients, usually confined to a wheelchair, need much help with their ordinary daily routine. While at camp, additional aid is required so that the patient can participate in all the camping activities. Activities include swimming, boating, fishing, horseback riding and camp fires. Attendants become a constant companion and develop lasting friendships with the patient camper.

Male attendants must be 15 years or older. Room and board are provided by the Muscular Dystrophy Association. The attendant must be a congenial person who is anxious to become a friend to a handicapped person. All volunteers are given orientation sessions.

If you are interested in becoming an attendant at the Muscular Dystrophy Summer Camp, please call 427-0551.

complaint, the other goes to Postal Service Headquarters in Washington for cataloging and analysis. The cards will help management spot problem areas and trends.

The card, which would take no more than a few minutes to fill out, can be used to register a complaint of any kind or a compliment.

Zimmer said he and his staff are willing to discuss any problems, including lack of courtesy, irregularities in deliveries or collections, collection box convenience and postal office hours.

"We want you to come to us with your problems," concluded Zimmer. "The whole point of this service program is to bring your problems and gripes out into the open where we'll attempt to resolve them."

tion of State police by our (Niles) police.

Village trustees Tuesday night unanimously approved a Special Use Permit for an Avondale Savings & Loan Association branch bank in the Candlelight Courte Annex Building at 7557 Oakton st.

Altho the Association, whose main office is located at 2965 Milwaukee ave., had been severely censured by the Logan Square Homeowners and Avondale Concerned Citizens Groups for alleged redlining (taking monies out of a declining community) Tuesday night's action met no resistance.

Intended use of approximately half of the 10,700 square feet of the Annex as requested by Avondale prompted trustees to caution Avondale President-representative Chester Chesney that "sublease of the extra area will require another appearance before the trustees for a permit." A no-drive-in restriction was also set on the Savings & Loan Special Permit.

In other business: Trustee Carol Panek indicated that the official opening date of the Niles Bicentennial celebration will be July 5 at Notre Dame Field with a flag presentation to Mayor Blase.

paign. Six litter barrels were also spotted in convenient locations. At the Chesterfield Park, everyone was given official Pitch-In decals to mount on their bicycles and wagons. From there they circulated the Chesterfield area picking up and depositing litter in the barrels provided. Chesterfield Park also received its share of Pitch-In, with brooms and rakes working in all directions.

The Pitch-In For Chesterfield activities will continue until Thanksgiving. Every two weeks an award will be given to the area judged to be the cleanest and best general appearance.
