From the Left Hand

by David Besser Editor & Publisher

In 1975 we write: He's a skinny, rather bony man, 55 years old, and he says things like, 'Talent has no value without control... there still has to be self discipline.' He's a thinly-thatched white-haired man, bronzed by the late afternoon suns which beam down on 3rd base coaches' boxes and he wins state championships because he believes you give your best on the field, that batting averages don't count for much... only winning or losing is what the game is all about.

Jim Phipps told an audience of 150 people at Niles West High's gym Saturday afternoon, who had come out to cheer this year's Niles West state championship baseball team. 'Material is 85-90% of winning and coaching is only valued at about 10%.' The coach spoke easily, with little tension, as he apologized to his boys for being uptight during many game situations. But, he said, 'That's the way I am' in thanking the players and the community which contributed to this year's winning team. He warned the boys to take the victories in their strides and emphasized the importance of being able to lose, equally with being able to win.

The most valuable player in the state tourney Ray Borucki, a Niles Township version of one of those Greek God-like athletes of 2,000 years ago, paid Phipps the bonus he could never get in a paycheck or in any other job. Borucki pointed to the coach and said, 'He's the most fantastic man and I'll never forget him.' Borucki, who alluded to past difficulties which kept him off the team, praised the coach, his staff and the players 'who stood with me when I was in trouble'.

In 1972 we wrote: Paul Klipowicz and Barry Mueller, two Nilesites who led the 1972 Niles West baseball team to the state championship, were interviewed about their championship successes in sports. The article mentioned about Barry's father talking to his pitcher-son, during the state semifinals and the most important game of Barry's career, asking him if his arm was sore... and if it was, he should stop pitching. Board ok's exhibition of 'exotic' animals

The Village Board Tuesday night unanimously approved an open-end amendment regarding the exhibition of 'exotic' animals in the village and in a second action entered into a discussion of restricting charitable organization 'canning' practices. The amendment to the Niles Code allows pet shops under license to continue housing and exhibiting non-domestic animals in compliance with rules and regulations set by U.S. Dept. and the State Dept. of Agriculture. ### NILES ALL AMERICAN SENIOR CLUB

We had our meeting on Thursday instead of the last Friday of the month, and we were really surprised at the turnout of 79 people. We introduced our new officers and we are really proud of the way our members agreed to run. We had a good showing of members to vote, which is the way it should be. The new officers take over June 1.

The Newly elected officers are: President, Bruno Liput; Vice-president, Mike Wekony; Secretary, Esther Milver; Correspondence secretary, Myrtle Stuckey; Treasurer, Walter Harms; Board of Directors, Al Deering, Ruth Matts and Phil Rearick; Hostess, Esther Milver; Program chairman, Ruth Matts; Sunshine girl, Gertrude Smard; Publicity, Agnes Burkhardt and Ruth Deering.

We had a white elephant sale at our last meeting and the lucky winners of attractive gifts were Mary Pazzack, Milly Capra, Ruth Rizzmond, Estelle Harms, Charles Spitz, Phil Rearick, Josephine Rapash, and Hazel Wekony.

We had our elections this week and Bruno Liput was elected president, Mike Wekony vice president. Esther Milver secretary, Myrtle Stuckey corresponding secretary, Walter Harms treasurer. Boy, are we going to keep our men busy! Also, Alfred Deering, Ruth Matts and Phil Rearick for Board of Directors.

Volunteers were Esther Milver (hostess), Ruth Matts (program chairman), Gertrude Smard (sunshine gal), Agnes Burkhardt and Ruth Deering (publicity) and last, but not least, a terrific planning committee - Ella Olson, Martha Ducar, Irma Conrad, Helen Lewis, Grace Meins, Myrtle Stuckey and Ruth Matts. We ought to be able to keep the club busy! Now some of us can sit back a little and watch the new officers struggle!

We were very sorry to lose Earl Woodward. He passed away May 20 and we will all miss him. He was our fun at Halloween with Bette Hindes and our Santa Claus at Christmas. A real good sport and a nice person.

### SENIOR CITIZENS OF NILES OLD ORCHARD COUNTRY CLUB TRIP

The bus left the Recreation Center at 11:10 a.m. It was raining earlier, but the weather man was cooperative and stopped the rain as we were getting on the bus. All the ladies and gentlemen looked so nice.

The ride to Old Orchard was very enjoyable and we enjoyed seeing the lilacs in full bloom and the flowering trees were beautiful at this time of year.

We had cocktails while waiting for our tables to be ready. We then had fruit cocktails, salad, baked potatoes, turkey, dressing, cranberries, rolls, buttered carrots, and strawberry shortcake for desert. Everyone enjoyed the dinner.

The play, "Butterflies are Free" was great and enjoyed by all. A wonderful play-good food-and good company, what more is needed for a perfect day.

# NILES BASEBALL LEAGUE

## Niles Pony "A"

**Opening Day**  
On Saturday, May 31, the Pony "A's" of the Niles Baseball League opened their 1975 baseball season despite some muddy fields. So our opener was with the Angels and Tigers.

**Angels (NBL) 12-Tigers (Jerry's Fruit & Garden) 8**  
Bob Guziec went 3 for 4, Bruce Hammerberg went 2 for 4, one hit was a triple for B. Hammerberg, J. Schmalzer went 1 for 1, F. Baranowski threw a man out at home from left field - a tremendous throw. The Tigers had 12 hits and the Angels had 10 hits. It sure was a muddy field.

**Angels (NBL) 6-Yankees (Standard Rubber Prod.) 9**  
Excellent pitching D. Piarro

## Pony AAA

**Senators 8-Astros 0**  
Ron Reeve of the Senators pitched a no hit, no run game in his three innings workout in a superbly played game to initiate the Pony AAA season. Brian Briars collected two of the Senators hits and Bob DeLorenzo brought the crowd to its feet with a spectacular sliding catch in the outfield to snuff an Astro rally.

**Giants 16-Pirates 1**  
A great team effort by the Giants with Mike Maloni getting 4 hits and 7 RBI's and Dan Vlahakis collecting 3 hits. Tom Spino and Henry Kedzierski pooled their pitching talents to limit the Pirates to only 1 run on three hits. Tom pitched 4 innings

striking out 9 batters.

**Red Legs 10-Twins 4**

### Data processing workshop

Oakton Community College jointly sponsored a data processing instructor workshop with Harper College in Palatine on May 5. Kenneth Lebeiko, assistant professor of data processing, served as OCC coordinator.

The objective of the workshop was to establish a working communication in regard to data processing curriculum and course

development. Those in attendance also were able to share problems and solutions, ideas, materials, and resources.

The workshop was a valuable opportunity for college instructors from community colleges around the state to focus upon instructional concerns in a workshop environment, according to Lebeiko.

## Niles West Indians win state title

For 28 years Coach Jim Phipps has guided the destiny of Niles Township baseball teams and Friday he capped a brilliant career by seeing his Indians score a 7-4 triumph over Joliet Central for his second state title in four seasons.

Phipps is leaving Niles West for a year, on what he calls a "leave of absence", to take over similar duties at Lake Havasu City, Arizona. And if next year is like the first 28, the local high school should dominate baseball there.

Phipps' kids won because Ray Borucki, a 5'11" 175-pound senior the scouts overlooked, staged one of the finest displays of all-around skills in tournament history.

Borucki doesn't pitch much for Niles West because, as Phipps says, "he is too invaluable to us as a second baseman." But Friday morning at Meinen Field he made his second start of the season and threw a six-inning no-hitter as the Indians blasted Springfield 13-0 in a semifinal game. It was the ninth gem in tourney history.

In the title game, Borucki came thru with 1 1/2 innings of hitless relief pitching to insure the victory.

Then there was his hitting. He tied tournament records for most total bases (12) and most triples (3) in a three-game performance that insured him of the Most Valuable Player award.

"I'd like to go into pro baseball," said the hero after all the pats on the back. "I don't know why I wasn't drafted. I hope someone takes a look at me as an infielder."

Borucki's teammate shortstop Chuck DeLeonardis, set a record with four RBIs for a title game as the Indians, who wound up 23-3 for the season, took command early and weathered a couple of threats by the losing Steelmen, who bowed out with a 3-4 slate.

Was Phipps worried? "I always worry," he said. "We've been in four state title games and we've always been ahead going into the seventh inning. Yet we've lost twice."

But that was before Borucki. His infield hit with one out started a two-run first inning for Niles West. Catcher Don Guenther singled home Borucki and DeLeonardis walked with the bases loaded for the other run.

In the second, Borucki's two-out grounder was mishandled by shortstop Bauer and before the dust had cleared, the Indians had three more runs. Three walks, a throwing error by Joliet catcher Al Van Gampier, a stolen base and DeLeonardis' two-run double did the trick.

Borucki opened the fourth with a triple to right and scored on Kevin Gillen's hit. A walk and singles by Ken Brainen and DeLeonardis accounted for Niles' last run in the sixth.

**Joel Friedman Memorial Scholarship Fund**

On Thursday, May 22, Joel Friedman, the 11-year-old son of Ben and Elaine Friedman of Des Plaines, was struck down in a tragic accident. We take this opportunity to acknowledge the literally hundreds of members and friends of Adas Shalom who poured out their heartfelt sympathy and shared with the Friedmans in their time of grief.

In perpetuating Joel's memory, Adas Shalom has committed itself to the establishment of the Joel Friedman Memorial Scholarship Fund. The fund will be administered by the Congregation and will be available on the basis of merit and need to young people who are pursuing their Jewish education.

We can think of no more excellent way to remember Joel than to encourage other young people to pursue their Jewishness with the same love and zeal as he did during his all too short life. We call upon the members and friends of Adas Shalom and all people of goodwill to aid in this pursuit by helping endow the Joel Friedman Memorial Scholarship Fund. We thank you in advance for your cooperation.

**TV Minicam at FNBOS for circus parade**

The circus parade through downtown Skokie, May 28, was the first Circus Parade in the area for many years. CBS, sent their remote TV camera and a crew to record the event. Since Circus parade have virtually disappeared from the American scene, the one through Skokie had almost as much of a nostalgic appeal for the old timers as it did in sheer enthusiasm for the youngsters.

While the great big circus wagons were missing, the elephants, llamas, one cat and the clowns were on hand to stir memories of a passing era.

## Pleasantview residents enjoy Mother's Day Luncheon

Pleasantview Nursing Home, 6840 Touhy ave., Niles, held a special Mother's Day Luncheon.

What started out to be a lovely luncheon and fashion show turned into an extraordinary happening. The tables were set each with four delicate live plants as centerpieces. Each lady at the party received a plant as her Mother's Day gift.

The fashion show began sedately enough with some of the residents modeling their outfits. Suddenly, unusual things began to happen! Mrs. Sychangco, Assistant Director of Nurses, appeared in an authentic Chinese outfit of bright gold slacks and blue and gold top with a gorgeous pendant necklace. Then came more costumes from other countries.

Our Thailand girls, Noi Benjawan and Miss Chow, wore long-skirted silk-bloused outfits from their country. One outfit was bright gold with a bright gold print top and the other was beige and apricot. Miss Tip, one of the nurses, also modeled a long-skirted dress from Thailand. Then came some unbelievable Indian costumes. Sosamma Ninan wore red and gold Sari.

Katherine Thomas wore green gold and red sari and authentic make up. Without much fanfare the dancing began. Miss Tip in Hawaiian sarong danced the Hula Hula accompanied by our favorite musician Don Falls. Purple and Silver saris next appeared in a spirited dance of India.

The Indian dance is called Dandia Ras and is done with sticks. It was performed by our guests, Tarylata Dave and Minaxi Punatar. They were fabulous! Miss Tip danced again, this time a dance from Thailand, she was joined by Noi Benjawan and accompanied by the singing voice of Irene Thongehai. The dancing was infectious and before we knew what was happening residents and staff alike were all dancing. Our guests, Jimmy Tosayanon and Mr. Prayoon, taught some of our residents authentic Thai dance steps and we had a Thailand Jam Session. It was truly a happening!

## Maine Niles Campfire Council Fire Ceremonial

As twilight starts to descend on June 3, at Dam #4 Forest Preserve, 41 groups of Bluebirds and Campfire Girls will hear the call: "Wo-He-Lo" from the girls of the Maine South Horizon Club, the OkiWskanYas. The call will be given three times, and three times the response of Wo-He-Lo is given. The call is the official greeting meaning Work, Health and Love, which is the creed of the organization.

The groups then form a procession through the flaming torches held by the Horizon girls and gather around the annual Council Fire of the Maine Niles Campfire District which includes Morton Grove, Glenview, Niles, Park Ridge, Golf, and Des Plaines. The Council Fire is lit by these torches and the solemn, yet inspiring ceremonial begins.

The annual Council Fire is the Campfire way of recognizing growth and achievement by individuals or groups. It is a time of reflection, remembering the successful and gratifying programs

of the past year, and looking forward to the services, dedication to one's community and the enjoyment which lies ahead in the coming 1975-76 Campfire year.

Part of the ceremonial is devoted to the 3rd grade Bluebird groups who "Fly up" to Adventure Campfire Girls. Other achievement levels such as Trail Seeker, Wood Gatherer, and Fire Maker are also awarded. One of the most inspiring awards is that of Torch Bearer which is the highest level given to the Discovery, (Jr. High) and Horizon (High School) individuals who have worked diligently for many years to attain. A torch is lit from the Council Fire and each girl passes the flame onto the next with the words: "That light which has been given to me, I desire to pass undimmed to others."

As the Council Fire begins to dim the girls return to their homes bearing a more meaningful reason for belonging to this association.

## Arbor Day observance

The Niles Park District observance of Arbor Day on April 25 was commemorated by planting a grove of trees north of the 6th tee at Tam Golf Course to be used for improvement and replacement of trees at all park sites and the golf course in future years. Almendarez, Commissioners William Keener and Mildred Jones, and five Boy Scouts from Troop 62 of the Niles Community Church. Under the direction of Scoutmaster Gene Swift, the Scouts who worked so diligently planting the trees are: Matt and Chris Frawle, Wally Anderson and Randy and Kevin Swift. ## Local Girl Scouts attain First Class rank

Girls from 14 northwest communities reached a milestone on May 17 when 3 years of Girl Scout work culminated in attainment of the First Class rank.

The girls, their parents, and leaders were honored with a pancake breakfast at the First United Methodist Church in Des Plaines by the Girl Scout Council of Northwest Cook County. Des Plaines Senior troop 64, led by Mrs. Evalyn Mikes, planned the event and cooked the pancakes; and Mrs. Rosemary Dietz, Community Association Chairman for Morton Grove, presented the First Class pins.

One hundred and five area girls have completed their First Class requirements during the past month. A high honor in Girl Scouting, First Class necessitates learning skills in many areas and putting these new skills to the test. The preparation can include badge work in combination with Cadette Challenges or a concentration on Challenges alone; the choice is up to the individual girl. The purpose of the Challenges is to offer an opportunity to gain new knowledge and experience through action designed by the Scouts themselves, and, with the help of the leader, to confront a true-to-life situation and deal with it based on what has been learned.

The categories studied by the girls include The Challenge of the arts, Community, Environment, International Understanding, My Heritage, Knowing Myself, The Out-of-Doors, and Today's World. A Scout choosing the Challenge of the Out-of-Doors might examine any activity from bird-watching to scuba diving. An ingenious leader might, when the moment to devise an unexpected emergency arrived, require the

girls to demonstrate exactly what they would do in case a bird-watcher broke a leg and was trapped at the bottom of a gully. Working as a group, the girls must solve the problem in order to meet the challenge.

Local girls who have earned the rank of First Class Scout include:

Troop 176-Morton Grove: Danielle Bobene, Katherine Bohn, Paula Christiansen, Kathy Doninger, Susan Dunn, Lynn Irmen, Julie Kelly, Lori Kernes, Diane Konar, Susan Koss, Kathy Kovich, Patti Oetringer, Eva Sieghart, Patty Ujiye.  
Troop 314-Morton Grove: Jackie Beebe, Cindy Coutre, Barbie Fortman, Debbie Hirt, Ellen Kargl, Cathy Krick, Patricia Leone, Melissa Moore, Diane Prieto, Mariann Rasmussen, Laura Richter, Denise Steffen, Linda Tralmer, Debbie Van Eycke, Patty Vollmer, Janet Wolski, Mary Pat Zimmerman, Darlene Zirko.

Troop 389-Skokie and Lincolnwood: Louise Hawes, Leslie May-

ron, Deborah Rubin.  
Troop 791-Niles: Sandra Berlowitz, Kathy Brizzolara, Colette Obeid, Deborah Ochal, Elaine Sikorski, Kathy Thomsen, Kathleen Wilson.

Troop 999-Skokie and Lincolnwood: Christine Clauson, Lauren Hirsch, Tami Kaufman, Marcy Maslov, Annette Morris, Annette Sherman, Karyn Simmons.

# "Quick Mart" building proposed for Oakton-Prospect corner

The Niles Zoning Board of Appeals Wednesday, May 28, delayed action on petition by Cities Service Oil Co. (Citgo) for a BI Special Use and variation of a rear yard setback of 20 feet to 5 feet for a Quick Mart Service Station at 8120 Oakton st.

Delay in action to the June 25 hearing was to allow the owner, Harold E. Kuempel of Park Ridge, of the adjacent property at 8100 Oakton and Zoning Board Commissioners time to consider the petition.

Morton Grove Attorney Jim Orphan told zoning commissioners that it is the desire of his client Citgo to replace the present gas station building with a modern brick building for the sale of gas and oil, milk and dairy products and packaged foods.

District salesman for Quick Mart Jerry Evenson told the Zoning Board that Citgo holds 19 similar building permits "in this area" for Quick Marts, the latest of which is under design in Northbrook.

The building planned for the northeast corner of Oakton and Prospect, he said, would be open for business from 6 a.m. to 11 p.m., serviced by uniformed attendants, "gals" as well as "guys".

Zoning Comr. Charles O'Grady Summer Health Club membership at the Mayer Kaplan JCC offers 90 days of economical body-soothing hours, according to Glenn Anderson, Phys Ed Department Supervisor.

Men, women, and college students may enjoy the summer health club plan which allows the use of facilities which include: sauna, steam room, exercise

objected to a disposal area set on the back lot line of the property. Petitioner was advised to submit landscape plans for the area at the June meeting.

In other action, Zoning Commissioners unanimously approved a change in zoning from Business Retail to residential for construction of 2 single family homes at 7097 and 7103 Birchwood.

The area, which is east of the Ace Hardware store located on the southeast corner of Milwaukee and Birchwood, was petitioned for home construction by 54 residents living nearby. The parking of trucks, use of the area as a Lovers Lane and for motorcycles, have been a constant source of irritation to residents, noted the petitioners.

"We would like to see the homes built here."

Zoning Board approval was predicated upon construction of sidewalks to the corner of the property, with final approval by village trustees.

Fees are: center member, \$50, college student \$35, and non-member \$80. Health Club brochures are available at the "J" front desk, 5050 W. Church st., Skokie.

# Niles Library summer programs

The Children's Department of the Niles Public Library District has a number of programs planned for Summer 1975 to attract children from pre-school to the eighth grade. For school age children two programs are planned. The summer reading club for children entering the third through eighth grades, has as its theme this year, "Gone Readin'".

A minimum of 8 books read and reported on (a simple written report) is required to earn a certificate. For younger readers, those entering first and second grades, a "Reading Partner's" program is offered. In this a parent or older child may assist the beginner reader in the required reading and reports. A minimum of 6 books is required for a certificate.

Registration for the "Gone Readin'" and "Reading Partner's" programs begins Monday, June 16. The programs end August 15. Certificates for children who complete the reading requirements will be distributed at their respective schools in September.

Friday Night at the Movies are scheduled for July 11, July 25, August 8 and August 22. The August 22 date will feature the film "Willy Wonka and the Chocolate Factory." This special feature will also be shown the following day, Saturday, August 23, at 10:30 a.m. All Friday evening programs begin at 7 p.m.

# Walker says he opposes remap--indicates veto

Governor Dan Walker said Friday that he opposes the proposed remap of Congressional Districts which "would force Ab Mikva and others from office" and said he does not see the need for any remap at this time.

Walker, appearing at a joint news conference with Congressman Abner J. Mikva (D-10th), said his policy is not to make any veto decision until the bill reaches his desk prevents him from saying categorically that he would veto the remap.

He stresses, however, that "I think everyone here knows how I feel about this."

When asked if he might change his mind and support a remap in exchange for Mayor Daley's support in the legislature, Walker emphasized: "There are not going to be any bargains, there are not going to be any trade-offs, period."

The remap proposed by Mayor Daley's legislators in Springfield would dramatically alter Mikva's current 10th District--stretching it from Lake County in the north to 3900 south. The Democratic stronghold in his suburban District would be attached to city districts. Other Congressmen who would be adversely affected by the remap would be Tom Railsback (RT-19th), Henry Hyde (R-6th) and Ralph Metcalfe (D-1st).

Mikva said he is "touched, pleased and grateful" for Walker's "strong support" and agreed that Mayor Daley should instruct his legislators to withdraw the remap and concentrate on matters important to the people of Illinois.

He said he is opposed to any remap--even one which would add Democratic voters to his current 10th District. "The problem with a remap is that it confuses voters over who are their representatives. The voters are just beginning to adjust to the 1971 remap. If there was another one so soon the voters would feel that they have been had," Mikva said.

Mikva said the remap Mayor Daley has proposed is purely a political vendetta to settle old grudges and pay old debts.

"When I served in the state legislature there were times we had to remap State and Congressional Districts because of population shifts or some other important need," Mikva said. "Both parties, including factions within the parties, civic organizations and other political groups, worked together on those remaps to make sure everyone was treated fairly. A good remap bridges political gaps. This remap creates such gaps," Mikva continues.

"There is no need for this remap. It has been divisive within the Democratic Party and the Legislature itself."

# LETTERS to EDITOR

## Flynn responds to letter defending abortion

Dear Editor:

Ms. Bobbin's letter attacking Mike Provenzano and defending Abortion deserves a response: I am not defending Mr. Provenzano nor opposing her views but I believe some facts are in order. Mike and I have been friends for over 12 years. In that time Mike Provenzano has worked in the Criminal and Juvenile Courts of Cook County and more than just a few times, he has taken a personal interest in a young man or woman in trouble. He served as a Niles Park District Commissioner and many programs for children were instituted under his suggestion and direction. He helped found the St. Vincent De Paul Society at our Church and each month this organization collects food, clothing and money for Black Churches in Chicago's poverty areas. Mike Provenzano has also personally organized emergency collections of food, clothing and money for the Black areas of Chicago at Christmas and other times. He has also worked tirelessly in behalf of Catholic Homes for children. I'm afraid that Mike Provenzano has done all the things that Ms. Bobbin suggests and I wonder what services to the poor, the Black, the Latino and the Southern White that Ms. Bobbin has done?

Abortion is a subject that very much is a PUBLIC ISSUE. Abortion is the taking of a life and by its very nature must command public discussion. We Catholics, as the Orthodox Jews and most Protestants, oppose Abortion on moral grounds. The same moral grounds that led Catholic Priests to wear Stars of David in Poland, Germany, France and Austria in Hitler's time of murdering Jewish people. The same moral grounds that leads the Catholic Archdiocese of Chicago to operate 40 Catholic Schools in Black areas for Black Protestant school children. The same moral grounds that leads the Catholic Church to operate the numerous Children's Homes and Hospitals in poverty areas while private institutions move to suburban areas. The same moral grounds that leads the Catholic people of the Archdiocese to collect one million dollars on a Sunday for African countries with starving people. Finally, the same grounds that led the American Catholic population to create and operate several hundred Orphan's Homes in South Vietnam and bring several thousand children to the United States.

You see, Abortion and the Respect of Life is much more than just a simple letter. Respect Life is for the Senior Citizens, the disadvantaged ghetto children, the mentally and physically handicapped and all the other forms of life that are classified as not normal by an ever increasing immoral society. You see, the Church through many thousands of Mike Provenzano's has been doing the very things that Ms. Bobbin call for. I might add that in the past I have taught College in a Ghetto Community College, organized and run food collection drives for years, and done many things that Ms. Bobbin calls for but I never thought that I was doing anything very big, just important. I am now an Assistant Public Defender (Attorney) for the poor in Cook County and not a high income La Salle St. Lawyer.

Thank God, I have had the privilege of knowing many Mike Provenzano's in my lifetime. I now know what is really important in life because of men like him.

Sincerely,  
Thomas W. Flynn  
Niles

## Praise for Cal Sutker

To the editor:

I think that it is of great importance to Niles Township residents--and suburbanites in general--to take note of the growing political power in our area in local, state and even national affairs. This power is translated into an increased voice for residents of suburbia. The reason for this strength is clear: Niles Township Democratic Committeeman Calvin Sutker has put together an organization whose leadership is being increasingly recognized by state party and governmental officials.

A good example of this is Committeeman Sutker's appointment as one of the three Democrats in the entire state who will pass judgement on the party's affirmative action program for the 1976 Democratic delegate selection process. Although this Commission is not likely to make spectacular headlines, the duties of the panel could well have extreme impact on the composition of the Illinois delegation to the Democratic National Convention and could well influence the choice of the next president of the United States. The fact that Committeeman Sutker has been chosen for this task is a reflection of his own personal leadership and that of the Niles Township Democratic Organization in pioneering Affirmative Action efforts.

Committeeman Sutker is extremely effective in quietly increasing suburban representation at all levels of government. His insistence on suburban representation in the legislature was instrumental in the election of State Rep. Alan Greiman (D-Skokie). More recently, a key member of the Niles Township Democratic Organization has assumed a key role in the administration of the County Circuit Court system.

We suburbanites have all benefited from the leadership of Committeeman Calvin Sutker. By opening his organization and strengthening it, he has made it possible for the long neglected views of suburbia to be represented.

Sincerely,  
Lee Prince

# Narcotics agents arrest two in Niles

Metropolitan narcotics agents arrested an 18-year-old Niles youth and a 19-year-old Chicago youth Thursday night, June 5, in a Niles school playground for sale of a controlled substance.

John Hinchey, Director of the Metropolitan Narcotics and Dangerous Drugs Enforcement Group (MEG), said agents made an \$1,800 purchase for an ounce of cocaine and MDA. Another 1/2 ounce of cocaine was recovered following the arrest of the two youths.

Hinchey said the Niles youth was arrested for sale of cocaine and released under a \$100,000 bond set by 3rd District Judge Luken. The Niles youth, according to the MEG director, has been

on probation set by Judge Anton Smigiel since January, 1975, under a previous charge for possession of cocaine.

The 19-year-old Chicago youth, said the MEG director was charged on 3 counts: sale of cocaine; sale of MDA, a hallucinogenic drug of the LSD family; and possession of cocaine. Unable to make the \$20,000 bond set by Judge Luken following the Thursday night arrest the Chicago youth is held in Cook County jail pending a preliminary court hearing on Tuesday.

The two youths were seized at 9 p.m. Thursday night during a negotiated sale following two previous sales last April and May of MDA.

# Donut shop burglary

Burglars netted \$210 in cash in burglary of the Yum-Yum Shop, 320 Lawrencewood, Thursday, May 29.

Niles police said that officer Charles Giovannelli, while on routine patrol, discovered shortly after 5 a.m. the main door to the store to be completely shattered. Upon arrival of the store manager for work shortly afterward the two men investigated and found the money to be missing from the cash register. Nothing else was disturbed said the manager.

## Nilehi band, choir goes on tour

In early May the Nilehi West Band, Orchestra and the Westones, a swing choir, made a tour of Illinois and the St. Louis areas. That the tour couldn't have been more successful was the consensus of opinion expressed by Mr. Hugh McGee, Dr. Charles Groeling and Mr. Ted Kaitchuck, the three music department members who went on the tour.

"The students gained not only musically from the concerts which they gave, but also from the contact with people with special problems, or with different cultural backgrounds," said Kaitchuck.

The first concert was performed at the Illinois Masonic Retirement Home in Sullivan, Ill., which is in the heart of the Amish country. The three teachers said that our students were amazed to see people still using horses and buggies instead of automobiles, and to see farmers plowing with

teams of six horses. "It was like stepping into the 18th century, watching these people in the quest of a simple life." The average age of the audience at that concert was 82, Kaitchuck reported.

The second concert on the tour was performed at the Shriner's Crippled Children's Home in St. Louis. The concert there was given for children who were either bedridden or physically deformed in some way. The teachers feel that the students were very much affected by the plight of these unfortunate children and, in some cases, expressed thankfulness for their own physical normalcy.

The next concert was played for students in a rural farm community near the Mississippi River not far from Pittsfield, Ill., and the final concert was given at the Illinois State Sight-Saving School for blind children. Following the

concert the blind youngsters were given the opportunity to feel the musical instruments, pluck the violin strings and hit the drums. Kaitchuck observed that the impact of taking for granted something as precious as one's eyesight affected all the the West students. "There we were doubly glad to be able to give joy to others through music," he added.

Since the students' return, several letters have followed them, written by the organizations for which the concerts were given. All of the letters and the three music teachers expressed something: "Wherever we went, the people were receptive to our music and pleased to find that young people who dress well and behave well still exist in our state. I believe that the courteous behavior of the West students was appreciated as much as were their musical performances."

### Officials to attend Ball

Congressmen Henry Hyde (R-6th) and Abner Mikva (D-10th) and Cook County Commissioner Floyd T. Fulle, Des Plaines, announced this week that they will attend the Bicentennial Township Ball sponsored by the Maine Township government.

Between dinner and dancing the event will feature a historical flag pageant presented by U.S. Marines, accompanied by the 2nd Marine Division Band's drum and bugle corps, direct from Camp Lejeune, No. Car. Dance music will be provided by the re-knowned Frank York orchestra.

### Metropolitan Youth Symphony Auditions

Musically advanced high school and college aged instrumentalists are invited to apply for membership in the Metropolitan Youth Symphony Orchestra. Auditions by conductor Mary K. Rosen will be scheduled by appointment. Applications are available from Mrs. Thomas Morgan, 2514 W. Morse ave., Chicago, 60645, or by calling 465-3082.

The Metropolitan Youth Symphony Orchestra is made up of about one hundred musicians from all sections of Chicago and its suburbs. They rehearse in downtown Chicago every Sunday afternoon beginning in the Fall. The orchestra performs in public several times a year, concluding with a concert in Orchestra Hall in May.

### New Theatre Guild directors

New Board of Directors members elected at Des Plaines Theatre Guild's May 28 membership meeting include (seated) Betty Kandlbinder and Veronica Zogman, (standing) Jim Beddia, Peggy Wetter, Arlene Zoelick who is on the production staff of the Bugle Publications, Marv Unell and (not shown) Erwin Busse. The seven new directors will be installed at DPTG's annual Awards Banquet on Saturday, June 14, along with the officers to be elected at the June 10th Board of Directors meeting.

Des Plaines will be well represented on the new Board of Directors of Des Plaines Theatre Guild, Inc., since four of the seven directors elected at the community theatre's May 28 membership meeting are residents of that suburb.

Serving two year terms on the board will be Erwin Busse, 45 Fletcher Dr., Peggy Wetter, 901 E. Villa Dr., and Veronica Zogman, 425 Thacker, while Arlene Zoelick, 1022 Walter, will fill an unexpired one year term. Marshall Kievit, 1241 Everett, Des Plaines, is one of five board members serving the second year of their two-year terms.

Other directors continuing on the board for their second year are Janice Beddia of Buffalo Grove, John Grabowski of Prospect Heights, Bert Miller of Evanston, and Dori Strong, Edison Park (Chicago).

Also elected May 28 to new two-year terms on the board are James Beddia, Buffalo Grove, Betty Kandlbinder, Palatine, and Marv Unell, Glenview.

The new board will meet on June 10 and elect its officers, and both officers and new directors will be installed at the Annual Awards Banquet on Saturday, June 14 at Sheraton-O'Hare South, 3939 N. Mannheim Road, Schiller Park.

### Variety Club to honor Victor Bernstein

With June the month of its annual crowning event, a king for a day luncheon salute, the Variety Club of Illinois, Tent No. 26, has announced that it will honor one of its most dedicated members this year, Victor Bernstein, 10117 Cherry Pkwy., Skokie, midwest manager of American-International Pictures.

The affair will be held Thursday, June 26, in the Wellington Room of the Continental Plaza Hotel, with proceeds to benefit Variety Club children's charities. It will be open to the public and tickets, scaled at \$10 per plate, may be obtained by calling FRanklin 2-2262.

Bernstein, a member of the club for over 25 years and a past chief barker for two terms, in 1964 and 1965, also is the perennial chairman of the Variety Club's membership installation committee.

The salute to Bernstein is in recognition of his fund-raising leadership as chairman of countless benefit events. Having served in this capacity more than any other member, Bernstein is credited with raising hundreds of thousands of dollars for the club's worthy causes.

Coincidentally, the same day, June 26, also is expected to be the American-International Pictures day in Chicago in salute to Bernstein's company for filming "Cooley High" in this city. The movie will have its world premiere that night at the State Lake theatre. A-I-P also will open over 100 statewide showings the same weekend of its new adventure fantasy, "The Land That Time Forgot."

Because of the double occasion, surprise "names" from Hollywood are expected to be in attendance at the luncheon. Already confirmed is Eric Monte, the producer and writer of "Cooley High." He also writes TV's "Good Times" show.

Columnist Irv Kupcinet has accepted the invitation of present chief barker Jack Greenberg to preside as toastmaster of the luncheon which is being arranged by a committee headed by co-chairmen Jack Clark, Art Holland, Nat Nathanson, Ed Sequin and Bene Stein.

Retiring board members include Ranae Jemc of Lincolnwood, Rudy Kandlbinder, Palatine, Steve Strong, Edison Park, and Merton Staley, Rolling Meadows.

Des Plaines Theatre Guild will wind up its 29th consecutive season with four performances of Edgar Lee Masters masterpiece of Americana, "Spoon River Anthology," presented July 11, 12, 18 and 19 in celebration of the United States Bicentennial. This production is directed by Judy Castaldi of Deerfield.

The 30th Anniversary season of the busy community theatre organization will begin in September with eight performances of the musical "Where's Charley?," directed by Dennis Zacek of Evanston.

All productions are staged at Guild Playhouse, 620 Lee Street in Des Plaines, and tickets may be reserved by calling the box office, 296-1211 between noon and 8 p.m. daily except Sunday.

It costs only a nickel to raise a dollar for the Crusade of Mercy. That means 95¢ of every dollar goes where it is needed most.

### Adventurous Teen Trips

The Thursday evening series of Adventurous Teen Trips, which are arranged by the Mayer Kaplan JCC teen department, will kick-off on June 26 with a theatre party trip to see "Once in a Lifetime" at Chicago's Theatre-on-the-Lake. This satire-comedy by George Kaufman and Moss Hart is about a not-too-bright vaudeville actor who rises to the head of a Hollywood studio when the introduction of "talkies" offers a world of opportunities.

"This is a chance for teens to spend entertaining evenings in good company, and to beat the work or summer school blahs," says Ozzie Samuels, program coordinator.

Registration for this first trip must be in by June 12. Call or stop in at the "J", 5050 W. Church st., Skokie, 675-2200 ext. 234. The theatre party fee is \$4 for members, \$5 for non-members, including transportation. The next trip planned for July 8 will be a day at Adventureland. For information on all trips and fees, drop in at the "J".

## AMUSEMENT GUIDE

### ED HANSON

For he's a jolly good father ...

Whether you're a good father, a bad father, a jolly father, a crabby father or a 'mother', you will be admitted free to Jake's Restaurant of Niles next Sunday, June 15.

For next Sunday is Father's Day. And all fathers will not only be admitted free, but will be given free of charge the following:

A car litter bag that is also a distress signal because it has printed on it in big, red letters the word HELP! This should be very handy for those 'fathers' who are Cub fans and they can put it to good use at Wrigley Field.

And also, all fathers will receive a free fountain pen which should also come in handy because they can use it to write out checks to pay the bills for mommy and the kids.

And Jake tells me that he plans to go all out for Father's Day and he will have flowers at all the tables ... this should provide an extra thrill in case some of the fathers are gay.

And there will be free 'live' entertainment on Father's Day and in the evening.

And there'll be a special menu for Father's Day with very reasonable prices.

But, as the pitchman sayeth, the best is yet to come. For on Father's Day, next Sunday, some father - some 'lucky' father - will have the chance of winning \$1,000 a week for life and here's all any father has to do to get a crack at it - purchase one of Jake's New York Strip Steaks Dinners and receive a free Super Slam Illinois Lottery ticket worth one big dollar. (This offer of a Super Slam Lottery ticket is limited to fathers only provided he orders a New York Strip Steak Dinner.) And Jake has packed his kiddie Treasure Chest with lots of new toys for all of father's young children.

So next Sunday, June 15, Jake's Restaurant has rolled out the red carpet for all the fathers in the area and, of course, the mommies and kids, too. Jake invites you all to his big Father's Day party where there will be fun, entertainment and surprises for everyone. As Jake says, "I love to take care of the breadwinner and besides I'm a happy father myself."

"How did you enjoy the 4-game Cincinnati Reds series, Mrs. Monday?"

As I write these lines (Sunday, June 8), the Cubs are only 8 games out of last place. Deducting the (at least) 10 games the Cubs have won by luck this season, the Cubs last Sunday should have been in last place by two full games. But have no fear; by the end of August, the Cubs should be holding last place by at least 5 full games.

If the Cubs were playing in any other division except the Eastern Division of the National League, they would already be out of the race. The only reason the Cubs have looked fair this year is because their division has the worst ballplayers in the history of organized baseball. Niles West could whip the Cubs easily, so could several sand lot teams I played on in my youth.

The Cubs should trade Cardenal, Monday, Madlock, Kessinger and Trillo while they can get something for them. By the end of this season, they won't be able to give the aforementioned players away.

Robot baseball players will have replaced humans by the time the Cubs ever win a pennant.

Don't forget LaRay's Executive Caterers, 7225 Caldwell, Niles, big Over 25 Dance on June 14 from 9 'til 1 a.m. LaRay's has run several of these dances and each one has been more popular than the preceding one. And, as before, there'll be a bottle of champagne raffled off every hour and a de luxe buffet dinner for \$4 will be served from 7 to 9 p.m. For information, call Ray at 647-0121.

Beam'N Barrel had their street blocked for a while but they still did some business which speaks well for their quality foods. The Beam'N Barrel offers a complete Lobster dinner for only \$6.95, which is some buy in these times. The Beam'N Barrel is open daily at 4 p.m. except Mondays and serves the finest of BBQ ribs, fried chicken, seafoods and steaks. And they offer a very fine, all-you-can-eat great salad bar.

A good buy ... is the Platter Plus for \$2.65 served at the Gypund Round, Dempster and Waukegan, Morton Grove. It consists of a half pound of ground round, steak fries, onion ring and a big crisp tossed salad ... this, as they claim, is a mammoth meal at a miniature price ... and Ground Round is a fun place to eat and drink.

The Palace Restaurant, 9236 N. Waukegan rd., Morton Grove, according to Benny Hue, the owner, has one of the most famous chefs from Hong Kong and he attributes this fact to his fast business growth. If you like Cantonese foods you can eat in or carry out your dinners at Palace Restaurant ... their phone is 966-2231.

Congratulations to Millbrook Restaurant on their 2nd anniversary. See their large ad and special news story this issue.

### Up for acting honors at DPTG

Five of the actresses who are competing for Guilds at Des Plaines Theatre Guild's annual Awards Banquet on June 14, will also appear in the entertainment portion of the evening when all productions for the season are highlighted. Left to right: Barbara Gatto (nominated for Best Actress for her role as Rosabella in "The Most Happy Fella"), Kaye Peet, contender for Best Supporting Actress nomination in "The Prisoner of Second Avenue", Marie Petersen (who has two nominations for Best Character Actress as Cleo in "The Most Happy Fella" and as The Mute in "The Fantasticks"), Jean Kay, nominated for Best Supporting Actress for the third consecutive year, this time for her role as Pearl in "Prisoner of Second Avenue", and Fran Pitchford (nominated as Best Supporting Actress for her role as Marie in "The Most Happy Fella").

Fran Pitchford also has been nominated in two technical fields for Guilds--Best Costumes for "The Fantasticks," and (with Arlene Zoelick of Des Plaines) Best Set Furnishings and Properties for "The Prisoner of Second Avenue."

### Millbrook Restaurant celebrates 2nd anniversary

Two years ago Bill Tseneos and Nick Fotopoulos opened their modern and beautiful Millbrook Restaurant in the Millbrook Shopping Plaza, across from Golf Mill Shopping Center, and since then have enjoyed a steady increase in business volume.

Both Bill and Nick being very experienced European and American chefs created a menu of creative cookery that featured both Greek and American cuisine.

Now, after two years, they report that many of the area people who attended their initial grand opening are still patrons on a steady basis of Millbrook Restaurant.

To show their appreciation Bill and Nick, the owners of Millbrook Restaurant, have set up a gala second anniversary celebration for Sunday, June 15. There will be free gifts and fun for all and everyone is invited.

For example there will be free shrimp cocktails with all dinners, free Greek pastries with dinners, free Saganaki, a special imported Greek cheese which after Metaxa brandy is poured over is lighted, and flames. This is truly a gourmet delight that should please the most discriminating palates.

And more...during Sunday's celebration of the second birthday of Millbrook Restaurant there will be free flowers for all the ladies.

And because the day of their celebration falls on Father's Day both Bill and Nick of Millbrook Restaurant are rolling out the red carpet to all the area fathers and join in wishing them a very happy Father's Day.

The Millbrook Restaurant, in the Millbrook Shopping Center, is open 7 days a week for breakfast, lunch and dinner. Every day Millbrook offers a breakfast as well as a luncheon and dinner special at an exceptionally reasonable price.

In addition to eat-in service, the Millbrook Restaurant offers a

#### Bicentennial Ball

A decision to prepare a souvenir program for distribution at Maine Township's Bicentennial Township Ball was announced today by Township Auditor Margaret Wirsen, general chairman of the event.

Mrs. Wirsen said the decision to prepare the program came at the request of several township residents for some tangible memento of the occasion.

She said the program would include a history of Maine Township which is celebrating its 125th anniversary and historical information about the 2nd Marine Division which is sending its drum and bugle corps from Camp Lejeune, No. Carolina, to participate in the ball.

The ball will be held Saturday, July 5, at the Hyatt Regency O'Hare, Rosemont. The U.S. Marines will present a historical flag pageant following dinner. The Frank York orchestra will provide dance music afterward.

All residents of Maine Township are invited, Mrs. Wirsen said. Tickets are \$30 per couple, and includes dinner, cocktails and dancing. Tickets are available on a first-come, first-served basis by calling 297-2510.

Mrs. Wirsen added that advertising space for the program is available. Interested persons or organizations may call the Maine Township offices for information.

aside - and we have spent many hours with them trying to work things out between us. We are not the enemy here. We represent the people of Morton Grove and are trying to do what is best for the village."

John Hammond, 8333 Mango, said, "I voted for you in the election and I can't believe that you won't talk to the men selected by the policemen. This has been going on for some time, since the sixties. Why can't you sit down with this group?"

John Tamaraz said he was a private citizen and stated, "It is a common practice in government these days to have collective bargaining. I don't think it's an unreasonable request for the men to want to be represented." He said he was speaking for many of his friends and neighbors.

Mrs. Witt, 18-years a Morton Grove resident, said, "I think they should be given representation."

Mayor Bode answered, "We have a very dedicated board here. If the Police Department union were to be recognized, we would then probably have to recognize the firemen, the Public Works and the office workers. Then the people wouldn't need the board. I think this may be the long range perspective of such thinking."

John Hilkin said, "This has been going on a long time and I'm tired of saying it, but 70% of our budget goes for salaries. We can't afford it. We are trying to keep taxes in line. People want services, but they don't want to pay for them."

Leonard Jaglarski, vice president of the CCPA said, "The men are asking for recognition at this time and nothing else. If you were in private industry, you couldn't take a stand like the one you now have. I hope there's a reconsideration by the board at this time."

Trustee Cohen said, "Any time I've heard of a police strike, the CCPA was in the middle of it. So far I haven't gotten any calls from citizens saying that they want a police union." Ed Brice stated, "Whatever I do won't benefit me personally and if I'm wrong, it will be reflected four years from now. I still feel my decision was right."

Jaglarski spoke next saying, "I hope we never miss a municipality where there is trouble. We wouldn't be doing our job for the men then. And we won't get tired. We'll be back."

Officer Tom Venn told the board that last year the police were given the promise of a better hospitalization plan and asked, "Where is it?" David Cohen said Marty Ashman was working on this and didn't finish it up. He gave it to John Hilkin who is now working on it. "We have a hospital plan nearly ready for approval," said Cohen. Ron Henrici, trustee, said they hope to get some feedback to you and I hope it won't happen again. Attorney Burpo said he suggests the board meet with some policemen and a representative of the CCPA and an outside expert. "What does the board think of this?" he asked. There was no response from the board and Officer Venn said he'd like to come in with his representative from the CCPA. Hilkin said that he only wanted to talk to Officer Venn and not his representative. After what proved to be a shouting match between the mayor and the audience, Dave Cohen made a motion to meet with Venn and a representative of the CCPA and the motion was defeated.

Then it was the Park Board's turn. Tom Bodkin once again

stated their position. Dave Cohen said he had been prepared to let the Park Board go ahead with their plans, but announced all of the board were served with a summons and named in a lawsuit by Wm. Yates, Jr., enjoining them from vacating the streets and alleys. "Because of this I won't take any action till this is settled in court," said Cohen. Then he moved to table the request of the Park Board till such time as is necessary and also moved to have Atty. Berrafato defend the suit. Both motions were carried.

Village Engineer George Holt told the board that Oak Park ave. has been sodded and is now complete. He also noted that the 20" water main has been connected at the south pumping station, and the storm sewer has about 300 feet to go on the main line.

Atty. Berrafato read an ordinance granting a Special Use permit to the applicant for the purpose of constructing a racquet ball facility to the rear of Oscar's, the Post Office and the Grove Motel. The ordinance was adopted.

## Oakton registration

Open registration for the Summer Session at Oakton Community College is scheduled for Thursday and Friday, June 12 and 13, according to John P. Donohue, Vice President for Student Development. Classes will begin on Monday, June 16. Registration will be held on both days in Building 6 on the Interim Campus, 7900 N. Nagle, Morton Grove, from 9 a.m. until 12 noon and from 5:30 to 7:30 p.m.

Donohue reported that registration for classes at Oakton's Summer Session to date indicates a 58 percent increase over the summer of 1974. College officials believe that a final enrollment of 3,500 students for this summer session is not unrealistic.

As of Friday, May 30, 2,263 students had registered for courses, compared to 1,430 on the same date in 1974. Approximately two-thirds of enrolled students so far are transfers or new students, Donohue indicated.

Almost 50 percent of Oakton's Summer Session enrollment are students who regularly attend four-year colleges and universities and plan to earn college transfer credit at Oakton this summer, it was pointed out.

College officials also noted that two-thirds of the student body this summer will be women. Most (87%) summer students will be enrolling part-time.

Oakton is offering a comprehensive academic program during its Summer Session. Tuition per credit hour is \$10 plus a one-time \$10 admissions fee and a \$2 student activities fee.

For information about the Summer Session, contact the Admissions Office at Oakton Community College at 967-5120, ext. 391.

## From the LEFT HAND

Continued from Page 1  
very-level-headed father said, "No game was worth a possible injury."

Another father, Paul Klipowicz's dad, noted the high scholastic averages of the entire team (a 3.2 average of a possible 4.0 average) stating these boys seemed to apply themselves, make better use of their time, "not dodging away their time." Prayer and 'God' were mentioned frequently in interviews with the Muellers and the Klipowicz families and we concluded, "You never need worry about boys like these who have participating parents like these 2 families."

In 1958 we wrote:

Niles and Maine Township high schools played an extra-inning game for the state baseball championship with Maine winning by 1 run. Gary Olson, Billy Ihne and Wayne Anderson; all Niles boys, represented the village on the 2 teams.

In an interview with Mrs. Ihne, mother of the all-state first baseman, we wrote: "Mrs. Ihne, still hoarse from cheering for her boy and his team, remarked what fine boys these athletes are. She mentioned previously undefeated Danville, which succumbed to Niles, was warm with praise and congratulations for Niles, even though their 1st defeat came so close to the championship game. She said it was a wonderful thing to see these smiling boys, who showed no bitterness or disappointment, enthusiastically rooting for the Niles boys to win the prize they strived so hard to win. Her praise for all the Niles boys was equally commendable."

Most significantly we wondered what goes into making of such a fine athlete as her son, who already had reaped such recognition for his exploits. Both Mr. and Mrs. Ihne unwittingly gave us the answer. Neither of them had missed a game Billy has played since he first started in Little League at the age of 7. Matter of fact, the first meeting of the Niles Little League took place in the Ihnes' kitchen.

As we left the Ihne home, Mrs. Ihne remarked, "You never need to worry about boys such as these." I would add, "You never need to worry about boys such as these who have participating parents like the Ihnes."

Since we repeated ourselves in '58 and '72, we think there must be a grain of truth in what was written. And time cannot erase it. It would be repeating again in 1975.

That use of the central administration building at 7700 Gross Point, Skokie, be phased out as space becomes available in the high schools.

That the district not sell any school property with the possible exception of the administration building.

That Niles East High School, Niles and Lincoln aves., be vacated as of 1980.

The board's consensus eliminated two more statements that appeared in a preliminary draft:

That the board's long term spending includes some deficit expenditures, which may increase each year until 1980 when the budget will again be in balance because of savings from the expected school closing.

That, before the school closing, a referendum on a proposal to increase the district's tax rate be offered to the voters in the hope of maintaining the third school.

Board member Evelyn Rosenzweig said she may offer a minority recommendation specifying that the school to be closed not be determined for at least two years.

"We should wait and see what Oakton does," she said, referring to a rumored interest by Oakton Community College in Morton Grove, in leasing space at Niles West High School, Oakton-st. and Edens Expressway. College officials recently have discounted the possibility that any lease agreement for an entire high school will be reached, however.

"Given the set of assumptions in the 'two school-three school plan' (developed earlier in the

## Break into school

A black cassette player valued at \$50 and 3 sets of earphones valued at \$18 were taken when thieves entered Oak School, 7640 Main st., over the weekend said Niles police.

Entry to the school was made, according to School Principal Ken Johannsen, by breaking 3 windows in the inner yard area of the school. The stolen items were kept in a metal cabinet of one of the schoolrooms.

Nothing else was taken said police. It was noted that a glass panel in the gymnasiumway entrance was also broken.
