## Local physician cites Lutheran General as "finest"

By Bob Besser  
Lutheran General Hospital has among the finest medical facilities and equipment in Chicago, according to a prominent Niles physician. Referring to a story in last week's BUGLE which noted Lutheran General has the highest room rates among area hospitals, the doctor stated this was due to the fact that Lutheran General Hospital was in a class by itself.

Comparing Lutheran General Hospital's room rates with less expensive hospitals like Skokie Valley and St. Francis Hospital was inaccurate, according to this doctor, because Lutheran General Hospital is "in a different league." One reason for the high rates at Lutheran General Hospital, said the physician, is due to the superior food patients receive. Not only is the quality of the food and its preparation better than

IN THE BACKGROUND IN BUGLELAND

other hospitals but, according to this doctor, a dietician works with every patient having an extended stay at the hospital.

The doctor said a patient receives as good care in Lutheran General's intensive care unit as he would at the renowned Mayo Clinic in Rochester, Minn. Lutheran General Hospital has machinery available which it may only use once a year, said the doctor, "but at least it's there when you need it."

Calling the Lutheran General's nursing staff "superb", the doctor said not only is there an

adequate number of nurses but all receive good pay, which is not always the case in the nursing profession.

The Niles doctor further stated Lutheran General Hospital is spotlessly clean. While at some hospitals, according to this doctor there are often unseen areas not as clean as the rest of the hospital, this is not the case at Lutheran General.

## District 67 to study tax hike

The board of Golf Elementary School District 67, Morton Grove, has decided to form a cooperative community-school board study group to consider details on a tax rate increase referendum proposed for November.

A board committee has been studying the referendum possibility since the board's June 12 meeting.

The referendum would be the district's second this year. A proposal for a 48-cent increase was defeated in May.

The board is expected to adopt a formal referendum resolution this fall. Meanwhile, extensive information on the district's financial situation is being prepared.

The tentative \$1.5 million 75-76 budget shows an approximately \$30,000 deficit in the education fund. The district anticipates an accumulated \$325,000 deficit over the next three years, according to business manager Madge Bilanko.

The District 67 board voted last week to raise lunch ticket prices to 55 cents from 50 cents to raise an anticipated \$5,000 in extra revenue.

Teachers' salaries for 1975-76 are budgeted at \$815,000, about \$50,000 less than in 1974-75. The equivalent of four-full time teaching positions have been eliminated by the board because of

First O' The Month Meanderings.....

Last week we mentioned we received a ticket from a Niles policeman at the intersection of Milwaukee and Dempster. Telephone correspondents began calling with their tales of woe regarding experiences they had with the local constabulary. One very frustrated guy told of winding up in a ditch in the Greenwood-Dempster area where construction is taking place. He said he was attempting to leave the parking lot of a local restaurant, but slipped into the ditch which was not blocked off. He estimated damages to his car might reach \$1,000. He said when a Niles cop arrived on the scene, he noted this car's ditch-dwelling was the fifth such incident in recent days. The driver was appalled precautions weren't being taken to avoid future accidents. After he had his car towed away, he was driven home by another driver and noticed still another car in a ditch alongside Dempster west of Greenwood. His voice reached the low rung of dismay as he related this inability to control such incidents.

A lady telephoned Tuesday and told me her problems relating to receiving a ticket by local police in Niles. She too, felt, there was unnecessary abuse of ticket-writing in the All America Village.

In subsequent weeks we'll release figures of revenue from ticket-writing which Niles receives. There's little doubt Niles will be up at or near the top of ticket-writing of neighboring communities. On the one-hand the crazy-quilt make-up of the community, with the many state highways running thru the town makes it paramount the police stay on top of the traffic in the village. On the other hand the abuses resulting from ticket quota systems is evident when the number of tickets being written are abnormally high. Strict even-handed law enforcement is a must for such a busy community. But the bird-brains who initiate ticket quotas depress the morale of

## Valuation loss affects Oakton

Oakton Community College will lose \$225,000 in revenue for fiscal year 1976 as a result of the decrease in college district's equalized assessed valuation, according to President William A. Koehnline.

The equalized assessed valuation for the college district this year is \$1,623,158,072, down \$11,747,656 from last year. Dr. Koehnline explained that the decrease was due to the reduction of the 1974 equalization factor by

## Niles Twsp. Bicentennial Celebration

To the stirring sound of the bugle and the rumble of the drum, the Bicentennial will come to Niles Township this Sunday as eight of the leading Drum Corps of the nation take the field at Niles West High School Stadium to compete for a rich list of prizes.

Dr. Harold J. Feder of Skokie, Niles Township Bicentennial Commission chairman urges everyone to take part in the Drum Corps Festival at 4 p.m., and the big parade which precedes the show commencing at Cleveland School and marching west on Oakton St., culminating in the Skokie Park District's annual Oakton Park festival.

Featured in the show at Niles West are of course, the local Skokie Post 320 Imperial Drum Corps and their companion unit, the Cadet Corps, both sponsored by Skokie Post 320 of the American Legion. Coming all the

way from New Orleans, Louisiana is the Southern Rebels Corps, always a show stopper with their 36 horns, 16 drums and a 25 girl color guard.

From Cedar Rapids, Iowa, we will host the Emerald Knights Corps, which performs from coast to coast, 100 strong, which has

### Holy Family Hospital opens Cardiac Center

Holy Family Hospital completed another phase of its expansion program by opening its new Cardiac Care and Intensive Care Unit for patients on August 1.

The modern 18-bed unit is located on the second floor of a new circular building which has been constructed on the south side of the hospital near Golf road. The unit was developed because the need for this type of health care service has grown tremendously in recent years. The hospital previously had a 7-bed unit.

The unit is divided into two distinct sections, one for cardiac care and the other for intensive care. The cardiac care section consists of 10 beds and the intensive care portion had 8 beds with two isolation treatment areas. Both sections of the unit have private accommodations.

One of the unique design features in the unit is the treatment rooms are all located around the exterior portion of the circular building, allowing for constant visual supervision of the patients from the two curved

nursing stations in the center of the unit. Another feature incorporated in each of the treatment rooms is a headwall unit which centralizes the oxygen, suction, medical air and electrical outlets. The same headwall units have been utilized in the 11 treatment areas in the Emergency Department which opened early in June.

The vital signs of each patient will be monitored in his room as well as at the nursing station. A special computer will soon be installed which will print out vital information about the patient's conditions at the nursing stations and will detect the slightest deviation in heart activity or other vital functions.

The ground floor of the circular building will house the neurophysiology testing (brain scans) and the Respiratory Therapy Department. In addition, space is being allotted in this portion of the building for some private physician's offices. This section of the circular building is scheduled to be ready for occupancy later in the summer.

### Summer at the Library

Those summer days customarily referred to as "dog days" need not be unpleasant ones for those who take advantage of one of the many services the Morton Grove Public Library has to offer.

This service, unique to the entire area, is the Maxiwagon, which operates on a regular schedule bringing people of all ages to the library (returning them to the location from which they came), picking up library materials which patrons want returned to the Library, and taking materials to specified locations when requested, or to the homes of shut-ins. Regular, weekly service to Bethany Terrace has been warmly received.

Using the Maxiwagon offers several advantages. Children of 9 years and over may come alone to the Library, saving parents from chauffeuring as well as the high cost of gas. It gives children a chance to spend some time browsing and selecting from the large collection of books and records in the Children's Room. A special collection of books for Young Adults (grades 7 and up) is also available. And if things are hot at home, the Library is a good place to cool off.

Come with us on the Maxiwagon and discover the pleasures of summer in the Morton Grove Public Library.

### SENIOR CITIZENS OF NILES VISITS PIONEER PARK IN AURORA

On July 29th at 10:30 a.m. a bus load of 47 members and guests with two private cars following, left the Recreation Center for a visit to Pioneer Park in Aurora. We drove down Milwaukee to Oakton to River Road to Ill. EW Tollway 5 to Route 56 to Galena Blvd. Upon arrival at the Park a brief orientation is given by one of the women in an Authentic costume of the 1880's to 1910. We then took a ride on the Omnibus drawn by a horse who took us around the pond, the Town Square, the Zoo and the 1900 Carousel.

We then went to the outdoor Cafe and had a nice lunch of ham, french fries, cole slaw, a roll, beverage and ice cream. After filling ourselves, we then went through the Museum Hotel and saw rooms which were replicas of the 80's. Also went to the Marvelous Museums which included the streets of old Aurora. Almost everyone took a train ride a mile around the lakes, and Rock Garden Tunnel, which was very nice.

We then went to the Sensory Garden which was very lovely. The beautiful ferns, flowers and they even had a herb and spice garden where there was parsley, thyme, spearmint and lavender plants.

There are so many things to see and do at Pioneer Park. There is a gift shop, old fashioned candy store, Carriage House, Blacksmith Shop and there is 1400 acres of land.

After walking around and seeing most of the things, we were ready to go on our way home, and arrived at the Recreation Center at about 4:30 p.m., after a very nice day.

### District 207 Board to prepare tentative budget

At its meeting Monday evening, July 28, the Board of Education of Maine Township High School District 207 directed Harold Markworth, the district's business manager, to prepare a tentative budget for the fiscal year beginning July 1, 1975, and ending June 30, 1976. The budget is to be ready to be put on public display on August 22, and is to remain available to public inspection for 30 days thereafter at the district's Administration Center, 1131 South Dee Road, Park Ridge, and at libraries throughout the township. The Board scheduled a public hearing on the tentative budget for 7:30 p.m. on September 22 in the Faculty Lounge at Maine East.

A resolution was passed, expressing appreciation to Des Plaines officials and city employees who cooperated with Maine West's Social Science Department to give young people in an Intern Government Program an opportunity to become better acquainted with all facets of city government. Students gained first-hand experience by working in various municipal offices, visiting the police and fire departments, and touring many city facilities.

The Board approved an administration recommendation to increase by two cents the mileage rate reimbursement for staff members traveling on school business, thus making the mileage allowance for such travel fourteen cents per mile as of September 1, 1975.

The Board gave authorization for an extension of the district's agreement with IER-TIES, the data processing system serving the school district, to include participation in the Guidance Information System now being offered through TIES computer facilities. This computerized data retrieval system will help students and counselors in career planning by providing the schools' guidance departments instantaneous access to the most complete college and career information available, at a current cost to the school district of fifty cents per student.

Representatives from Construction Management Associates were on hand to report to the Board on the status of Maine North's construction project, and to give assurance that both the new Fine Arts Wing and the Physical Education - Industrial Arts Wing will be ready for use in September.

In other matters relating to Maine North's building program, the Board awarded Caughron Corporation a contract in the amount of \$14,713 for landscaping, but rejected Tonyan Construction Company's bid of \$180,000 for sitework, the amount being considerably over the pre-bid estimate. The bid will be readvertised.

The Board approved Maine North construction change orders amounting to a net increase of \$66,837 in construction costs. Authorization was given for the expenditure of \$43,676 for sandblasting and protective coating work needed at Maine South and Maine West. The Board also authorized the expenditure of \$8,321 for the installation of necessary after-burners at Maine South; awarded a contract in the amount of \$86,119.50 to the Skokie Valley Asphalt Company for repairing and resurfacing roads and parking lots at each of the four Maine high schools; and awarded contracts in the amount of \$37,006 for other repair and

### Legion Baseball team champions

Morton Grove American Legion Baseball Team wins 7th District Championship. Shown, left to right: Back Row: Ray Borucki, Sr., Manager; Joe Grenda; Dave Schmidt; Ray Borucki, Jr.; John Mueller; Mark Elatkin; Bob Krueger; and Bob Orahon, Coach. Front Row: Charles DeLeonardis; Don Gunther; George Jobwabic; Mike Laussen; Bob Ginsburgh; and Steve DiBasilio.

Athletic Officer of Morton Grove Legion Post 134, Ernie Jenkins, was happy to announce that the Legion sponsored baseball team won the 7th District Legion Championship with a 21 win, 6 loss record. In the three playoff games against Wilmette, Morton Grove won the first game, 4 to 2; lost the second game 6 to 7; and came back with a resounding win of 14 to 4, to clinch the championship. The team now goes on to the Cook County playoff games and if

a winner gets to compete in the State tournament to be held in Bellwood, Ill. The World Series of American Legion Baseball will be held Aug. 28 through Sept. 1, at Sioux Park Stadium in Rapid City, South Dakota. The boys that pitched the M.G. Legion team to victory were Ray Borucki, Jr. with a 6-0 record; Bob Krueger, with a 5-2 record; and Mark Elatkin, with a 4-2 record. Four of the young future stars had over a .300 batting average... Ray Borucki, Jr. had a

### NWSBL Tournament

Slightly bewildered themselves the three year old Northwest Suburban Big League is rated second in the state, as a result of being shut out by Southwest Big League 4-0 in a night game at Northbrook that was played in fog, under lights and delayed twice by the grounds crew and an injury to an umpire.

The players and a spokesman for Northwest Suburban Big League, however, said there is no taking away credit to Southwest pitcher Gene Kmiec who will join his team in Grand Rapids, Mich., for the regional championship. The theme that the boys from Northwest Suburban All Stars has adopted is, "We're Number 2.

But We Try Harder." After eliminating Morton Grove, the NWSBL was forced into a playoff competition with Southwest, to whom they had already lost a game.

To reach their opportunity for a chance at the state championship, the NWSBL had to endure three exciting ball games, including a cliff hanger that went 11 innings, and a game in which two ambulances were on the field to serve an umpire hit by a thrown ball.

Here's how the action went in the final two games. In the first, Northwest's George Kaufman tripled, doubled and had two singles. Gene Rigitano doubled

and singled driving in a tie-breaking run with his double in the 11th inning. John Pinderski came in as relief pitcher in the sixth inning and in the bottom of the tenth struck-out the third out with bases loaded. Morton Grove's Ed Konar doubled and singled, his double driving in two runs in the fifth inning to tie up the game. Gold doubled and Bill Swanson and Brian Pesko singled for Morton Grove.

In the second game Southwest's Altobelli tripled and singled, Cerarat and Prince doubled and Prince also singled along with Wainscott and Flanagan while pitcher Kmiec recorded two singles. Northwest's Kaufman tripled again and Alden singled. Alden did an outstanding defensive job in center field.

Northwest Suburban Big League was founded three years ago by Bill McCarty to establish a place for his former little leaguers to play baseball. He had previously spent 11 years with little league including two years as president of Maine-Northfield. The league started with two teams from Maine-Northfield without uniforms or even a definite schedule. The next year Norridge and Schiller Park each brought in two teams and this year Norridge enlarged to three teams and Des Plaines West brought a team into the league. The league now has eight teams and will probably expand more next year.

The Northwest Suburban Big League added a bit more interest this year by appointing a Miss Northwest Suburban Big League, Kathy Budz, former Homecoming Queen at Maine North High School and a student at Western Illinois University. Her special uniform and attendance at the games is given partial credit for the team's and league's success. Within the next two weeks the Norridge Ams will meet the Norridge Nats for the NWSBL championship in a two out of three series.

### Niles-Maine GOP Softball game

Niles and Maine Township Regular Republican Organizations will raise bats against each other at the 3rd Annual Niles-Maine GOP Soft Ball Game, Sunday, August 10, at 2:00 p.m. in St. Paul Woods Forest Preserve in Morton Grove. The Ball Game will highlight a family picnic being planned jointly by the two sister GOP Organizations. The outing will begin at 1:00 p.m.; members are asked to bring their own food; beverages will be made available by the organizations. Residents of Niles and Maine Township are invited to attend.

Maine Township Republican Committeeman and Commissioner Floyd T. Fulle and Niles Township GOP Committeeman, State Senator John J. Nimrod, will be on hand to coach and cheer on their respective teams and spend an enjoyable afternoon with their political friends.

Many of the players in last year's game, which was won by Maine Township, are expected to be on hand. They include Dan Preston and Jack Owens both of Park Ridge; Ricky Fulle of Des

Plaines; Carson Gallagher of Morton Grove; Phil Raffae and Chris Danby of Glenview; Roy Berquist and Sam Marzullo both of Niles. Umpiring for the Maine Team will be O.A. Ottinger, Paul Badger, Howard Wirsen and Ray Hollis. Representing the Niles Township GOP All-Star Team will be Charles Anderson, Ron Heinrich, Milt Erickson, Tom Street and Nate Brenner all of Morton Grove; Ed Kaufman, Ray Bender both of Niles; Jake & Don Singer, Brian Davidson, Jeff Eisenmann, Dan Copeland, Bear Peterson, Karen Council, all of Skokie; John Nordberg of Golf; John Jung, Dominic Fichera, both of Glenview; Mike Rithmann of Lincolnwood; Mort Kaplan and Carol Turpin.

### ND's Gerard earns "A" in Summerfest

The second annual Summerfest was held at the War Memorial in Milwaukee on July 13th. The event was open only to AFLA members this year. There were 28 entries in the small but elite competition in foil. In the first round, there were 6 NDHS fencers or grads. All advanced but Tshun Lin to the semi-finals. Pat Gerard was 6-0, Mike Gerard 4-2 and Ken Lavelle was 5-1. Mike Czarnik and Kirby Rassenfoss also advanced. In the Semi's, only Pat Gerard made it out. In his losing effort in the semi's, Mike Gerard managed to win 1 about to put his seasons total at 201-wins for the year. Mike is only the 4th ND fencer, and 5th Area fencer in high school to ever break the 200 mark in a year. Mike ranks 4th out of the 60 fencers to go through Notre Dame.

In the finals, Pat Gerard defeated in order John Tank, Joe Biebel, Pedro Barcelo, Mike Sampon, Howard Labow and Art Diamond. With these 6 wins he won the contest and so the loss to final competitor Mike Duika did not matter. There were 5 "A"s, 2 "B"s and 1 C in the finals and this earned Pat his adult "A" as well as probably putting him over the 300 wins in a season. There were some good fencers here. John Tank was #2 in the Midwest, and both Tank and Biebel are on the Olympic Trials squad this year. Barcelo is on the Olympic squad also in sabre and 11th in the USA. Howard Labow is the #3 All American from the 1975 NCAA's. Art Diamond was #2 in the Ill. State Fencing Championships. This tournament capped Pat Gerard's good year as well. He is an automatic qualifier to the J.O. Championships next year and strong possibility of being on the USA team to Poland.

### SJB teacher completes NIU study

Arlene Bohr, a teacher at St. John Brebeuf, Niles, recently participated in the Intermediate Science Curriculum Study Institute at Northern Illinois University.

The workshop, funded by the National Science Foundation, attracted nearly 50 seventh, eighth and ninth grade science teachers from Illinois and Indiana.

Institute director Dr. Allen D. Weaver says the program introduced the teachers to a new way of teaching science. In the new process, a student learns about science nearly totally through experiments.

**PONY AAA**

**Astros 8 Red Sox 4**  
The Astros buried the Red Sox after a 6 run 5th inning onslaught, to gain their first win of the season. Hitting safely for the Astros were Dave Bemoras, Jim Walsh, Tom Cerek, Jim Rosequist, Bruce Gottlieb and Doug Renalds. The Astros limited the Red Sox to only 4 hits, collected by Bill McGrath, Mike Pappas, Jerry Peterson and Mike Cardella. Pappas starred on the mound for the Sox by striking out 5 batters, allowing 1 walk and 1 run in 3 innings.

**Red Legs 7 Twins 3**  
Ten runs on 22 hits highlighted this game. Ted Wiebert batted 2 for 3 while Tim and Chris Jacobs were 2 for 4 for the Twins.

**Giants 5 Red Sox 4**  
A thriller that went right down to the wire with a throw from left fielder, Mike Kroll to Hank Kodzierski at third base to cut down the tying runner and thereby stifle a Red Sox rally in the seventh inning. Bob Cappozoli played a great game for the Giants in collecting 2 hits and making 4 spectacular plays at short stop to keep them in the game. Chris Piazza and Al Gallano

played well for the victors with Chris batting 2 hits at the right time. It was a well played game for both teams. Walsh of the Red Sox threw out a runner at the plate with a tremendous throw from left field.

**Red Sox 5 Twins 1**  
The Sox played an excellent defensive game in limiting the Twins to 1 run on 2 hits. Good pitching by Tim Jacobs and Lou Fyda were eclipsed by Twin misuses. Chris Jacobs and Greg Satinover had the hits for the Twins. The Sox on the other hand, made the plays to keep them in the game. A double play by Bob Keener to Bill McGrath erased a Twin uprising while Brett Bergles turned 2 spectacular catches in center field to rob the batters of base hits.

**Senators 5 Astros 5**  
A mighty blast by the big bat of Ron Reeve in the seventh inning forced a tie in the game with the Astros. Ron also pitched extremely well in striking out 9 batters in 4 innings. Brian Briars and Bob DeLorenzo each had 2 hits.

**Red Legs 5 Giants 3**  
In spite of the brilliant pitching of Tom Spino for 4 innings, wherein only 1 Red Leg reached 1st base, the Giants still succumbed to an inspired Red Leg team. Picture, of you can, the excitement which surged through the crowd in the 5th inning, with the fans screaming for a hit, the Red Legs came to bat. Larry Bender and Larry Roberts both walked. Dave Murray and Larry Callero sacrificed, driving in 2 runs. Steve Boss singled. Bill O'Connor walked and Rick Domzalski boomed one into left center field for a triple and scored on a Giant throwing error. John Krajewski singled and Bill Frotto doubled. With men on 2nd and 3rd the mighty Larry Bender approached the batters box, knocked the dirt from his spikes and set himself. A hush came over the crowd and in the end, Larry struck out to retire the side. Final score was Red Legs 5 and the Giants 3. A great morale booster for Murray's Red Legs.

**Senators 6 Red Sox 5**  
Another great game for the Senators with Ron Reeve and Glowacki teaming up to get the victory. A deceptive pick off play by Ron Reeve caught the Sox tying runner off base. Chamness, Ryan and Briars each had 2 hits.

**Pirates 6 Senators 5**  
A mighty, over the scoreboard homer by Ron Reeve went to waste as the Pirates downed the Senators. Ron Bielski did a great job behind the plate by throwing

out 3 Pirate base runners. Ron Reeve, Brian Briars and Bob DeLorenzo each had 2 hits.

**Red Sox 7 Pirates 0 [Forfeit]**

Heath hit in left field later in the game that led to the Braves downfall.

**Mets [Town & Country Auto] 12 Expos [Joseph Electronics] 2**  
In an abbreviated game that went 5 innings just before the rainstorm, Rich Schumacher and Joe Booker allowed 7 hits and 3 walks, defensively the Mets did play errorless. Key hits for the Mets R. ## 15th Anniversary at FNBOS

Virginia Lis, who operates the control center switchboard at the First National Bank of Skokie and Roy J. Brown, Executive Vice President, admire the floral arrangement Mrs. Lis received honoring her 15th anniversary with the Downtown Skokie Bank. Mrs. Lis, who started with the bank as a teller in 1960, has seen it grow from a 50 million dollar operation to its current 176 million dollar stature. During that period the bank moved from its "red brick building on the corner" to the present modern and efficient structure without losing the personal touch. Mrs. Lis, whose hobbies include needlepoint and gardening, states that it is the people who make the bank the friendly place that it is to work and to bank.

## Mikva bill protects women

Women who apply for mortgage loan extensions would be protected from being discriminated against because of their sex or marital status by legislation Congressman Abner J. Mikva (D-10th) is co-sponsoring. "Currently, some lending institutions simply will not provide loans to women who are unmarried, even though they are otherwise fully qualified. Many more institutions want a woman who marries to transfer her mortgage to her husband's name," Mikva said. "There is no need or excuse for such archaic and discriminatory practices. I cannot think of a more appropriate time for ending them than in 1975—which has been declared International Women's Year by the United Nations," Mikva said. The Marital Status Credit Amendments that Mikva is co-sponsoring would amend both the 1968 Civil Rights Act and the National Housing Act so as to prohibit discrimination on the basis of sex or marital status. "These amendments will continue the reforms that were begun when Congress amended the Equal Credit Opportunity Act and the Fair Housing Act to prevent discrimination against women," Mikva noted. More than 40 other members of Congress are co-sponsoring the Marital Status Credit Amendments with Mikva.

## Niles Family Service Thought For The Week

By Larry F. Remetzky, ACSW

## "Celebrate Life"

The following article was taken from the 1972 issue of the Ozark Visitor and used in the Pre-Retirement-Retirement Workshop: "Celebrate life." Be totally alive and aware of the joy of living. Be involved in all of life, not only your own, but in the lives of others. For only when you realize the importance of the gift of life are you truly able to celebrate your own living. Life is the greatest of all gifts to man - and it's free. But you receive only one life, so live it! You get only as much out of life as you put into it. So put everything into it. It's your life, yours alone, so celebrate it creatively. Everyone celebrates life but not in the same way nor with the same intensity. Some choose to worship money, lust and greed; others feel concern for their fellowman is more important. How do YOU celebrate life?

You say, "I am touched," or "I feel..." to show that you are experiencing life. In order to live, you must experience and a significant part of experiencing is feeling. Feeling is the first experience in which we celebrate life on entering this world and we continue our experiencing through feeling as long as we live. Feeling can be emotion as well as contact. You can "feel" for others, or share their feelings. And you may be affected by the awesome beauty of nature of your fellowman. You cannot celebrate life without feeling as being alive is to feel and thereby experience. This is an important social act as communication plays a tremendous part in creature living.

"To communicate is the beginning of understanding," is a phrase popularized by the American Telephone and Telegraph Company. Communication, helps us understand and celebrate life. Sharing opens the communications channels. Prohibition and defenses against openness of speech creates degrees of emptiness in individuals and there is nothing to celebrate. It is the spontaneous contribution of language and sound which gives corporate meaning to life. Discussion and debate are formats for understanding in a world controlled by great military powers. Communication invites the free flow of ideas, speech, and knowledge. To communicate is to be free.

# The BUSINESS Picture

## Government will deposit checks directly into Golf-Mill State Bank

The United States Department of the Treasury will now deposit monthly Social Security checks or other recurring federal payments directly into personal bank accounts, announced Charles E. Maguire, Senior Vice President of Golf Mill State Bank.

Under a new law passed by Congress, individuals need only fill out a single simple authorization (Standard Form 1199) to begin direct deposits starting this September.

These forms will be available at Golf Mill State Bank. And the direct deposit service is absolutely free of charge. Checks may be deposited into either checking or savings accounts.

"This new law," said Maguire, "helps to insure that federal payments will be deposited for use on time every month. People

won't have to wait in lines anymore. Nor will they have to worry about checks being lost or stolen. Even if a person is ill, or on vacation, their federal checks will be deposited to their accounts automatically.

Information with either the September Social Security checks or Payment Award letters is all that is necessary for the bank to help individuals sign up for the free direct deposit service.

Totally free checking, with no minimum balance requirements, is offered to all senior citizens by Golf Mill State Bank. Charles Maguire pointed out.

## Dimension 60 First Nat'l. Bank of MG program expanded

CitizensBank has recently added another phase of new services to its nationally recognized Dimension 60 program for persons over 60. Included in this phase of development is a skills exchange in which seniors meet each other's needs for special services by pooling their individual talents on a cooperative basis.

Also included in the new services are exchange plans for both cents-off grocery coupons and magazines. Dimension 60 members can contribute those coupons and magazines no longer needed in return for more useful ones. The discount coupons apply to both food and non-food items.

Another of the new services is the formation of a Dimension 60 lending library. Books and pamphlets with information of special interest to seniors can be borrowed for leisurely reading at home.

One of the most significant new services is known as the youth work program. Students from Maine South have registered to help seniors with work around the house and yard. A list of interested students is maintained at the Dimension 60 information center. Members simply call 825-7000, extension 273, for the names of several students in their area.

The original package of banking services first introduced in February, 1974, included financial consultation, free checking, direct deposit of social security checks, CTA discount card and various savings plans. This was later expanded to include a merchants' discount program, a seminar series, group travel plans and a speakers' bureau for organizations interested in benefits for seniors. The regular bi-monthly newsletter has recently been expanded to 4 pages. This News Bulletin contains valuable information for seniors on places to go and things to do in the Chicagoland area.

For more information on the Dimension 60 program, interested prospective members may call Carol Lutz, at 825-7000, extension 273.

Roger M. Howorth has been appointed vice president of installment loans and Burton K. Schorr was named operational supervisor at the First National Bank of Morton Grove.

He is a graduate of the University of Chicago's Management Development Seminar and attended Northwestern University, De Paul University, the University of Michigan and the American Institute of Banking, where he currently is a member of the faculty.

A resident of Chicago's South Side, Howorth is president of the Midwest Bankcard Assn. and a

Burton K. Schorr, member of the American Management Assn. and the American Bankers Assn.

Schorr was a management trainee at Pioneer Trust and Savings Bank and a sergeant in the U.S. Army prior to joining First National of Morton Grove. He resides in Streamwood, graduated from Culver-Stockton College and attended the American Institute of Banking.

In announcing the appointments, First National Bank of Morton Grove president Marvin von Aswege said:

"Howorth and Schorr are career bankers whose experience and managerial skills surely will improve our operation and enable us to provide even greater service to our current and prospective customers."

## Norwood Federal finances Norwood Park Home

Under the watchful eye of Donald J. Babicz, (third from right) Executive Vice President of Norwood Federal Savings, 5813 N. Milwaukee, Chicago, the Board of Directors of the Norwood Park Home, for the Aging recently participated in ground-breaking ceremonies for the addition of a \$3 million health care center which is being financed by Norwood Federal.

Others participating in the ground-breaking, easily identified by their hard hats, include Dr. Lars Andrew Dolan, Medical and Executive Director of the Home; Dr. Harvey Nelson, President of the Board of Directors; James Herborn, the Home's Administrator; and Alderman Roman Pucinski. ## Breath-O-Gram

Concerned about aerosols? Two things you can do to protect your lung health:

1. Avoid the use of aerosols if at all possible by using the same products in another form such as roll-on deodorants, wax or liquid furniture polish and cleaning compounds.
2. If you insist on using

aerosols, do so only in a well ventilated place, spray intermittently, and leave the room immediately after spraying to keep the fine particles out of your lungs.

For more information on aerosols and lung health, call Chicago Lung Association—the Christmas Seal people—at 243-2000.

## Tim Glass fares well in Budapest tournament

As previously reported, Tim Glass was selected to the USA team for the World Championships in fencing in Budapest, Hungary July 14-20th. Unofficially he did very well at the tournament for a 19 year old fencer, the youngest on the USA team. Remembering that Glass was 3rd in the world at the U-20 World Championships is significant since Pusch of Germany took 4th in that tournament with Glass, and the German took 1st in the World Senior Championships at Budapest. So, at that level of fencing, the Jr. and Sr. events are not too far apart in ability and achievement.

Glass was 3-1 in his first round individual to advance to the next round. In this round he was 1-4

and was eliminated. However with his 4-5 and second round performance, only one other of the 4 man epee team made it that far, and the leading US team member, Brook Mackler was eliminated in the prelims.

In the team event, Glass was 4-4 against the two teams they faced in the first round. They faced Czechoslovakia and Hungary and were eliminated. Overall, Glass was 8-9 for the two events and again was the second best US epeeist. This is a significant achievement and indicates his improvement over the past year.

With this tournament, the season is definitely over until late September or October with divisional activity.

## Registration for newcomers to Maine High Schools

Students who plan to attend one of the Maine Township High Schools this fall and who have not registered previously are urged to do so without delay. Registration is being conducted daily Monday through Friday - in the guidance offices at Maine East, Maine North, Maine South and Maine West high schools. Past experience has shown that waiting until the week prior to the opening of school increases the problems of testing, purchasing of books and supplies, and selection of courses.

It is required that one or both parents accompany the student who is registering for the first time. Parents desiring appointments or further information should call Maine East, 825-4484; Maine North, 298-5500; Maine

South, 825-7711; or Maine West, 827-6176.

All students who plan to enter the ninth grade this fall are required to take a placement test before registration for courses will be completed. Students who have not taken this test can do so at 7:45 A.M. on Wednesday, August 13, at all Maine Township High Schools. Details may be obtained by calling any of the four schools.

This reminder to register applies mainly to students who have moved into the district within the last few months. Students who have attended the elementary schools within the Maine Township High School district and who graduated this past June had the test given to them earlier in the year by high school personnel.

## MNRAH plans camping weekend

Although summer day camps are drawing to a close, the camping season is far from over. With this in mind, the Maine and Niles Association of Recreation for the Handicapped has planned a week long overnight trip to George Williams College in Lake Geneva, Wisconsin. From Saturday, August 23 to Wednesday, August 27, campers will enjoy and experience the fun and excitement of residential camping.

Participants will be able to take advantage of the many great facilities available at George Williams College Camp. Swimming, boating, softball, volleyball, camp fires, arts and crafts, and cookouts are just a few of the many activities the campers will participate in. George Williams College Camp also has an observatory, a rock quarry, and a barn with animals that will add to a great camping experience.

Participation for this program is open to individuals five years of age and older. A one to three ratio of staff to participants will be maintained to allow for a diversified program to meet the interests and abilities of all

campers. All participants will be grouped with other children at his/her level and ability, and will participate in activities applicable to this group. Registration will be limited to 35 participants. For further information, contact the M-NARH office, 674-5512.

## Free booklet on declining enrollments

The serious problem of declining enrollments in our Illinois schools is investigated in a booklet written by the Illinois Office of Education and now available through the legislative office of Rep. Aaron Jaffe (d-Skokie).

Bicentennial...

Continued from Page 1: Just come from an appearance at Disneyland in Orlando, Florida. Also from Geneseo, Illinois, comes the Knights of Geneseo who are doing the 1975 scene with all new routines.

From nearby Schaumburg we are going to see the Guardsmen, a great corps of musicians with 113 performers, of whom 42 are in the brass section, sure to be favorites with the 3,000 fans expected to jam Niles West stadium.

Bicentennial chairman Dr. Feder, looking always for the civic spirit which has made these communities great, praised the members of the committees which have made this upcoming event assured of success.

the State of Illinois Department of Local Affairs. Prior to the release of the 1974 tax rates by the Cook County Clerk last week, college officials had estimated Oakton's valuation for this year at \$1,720,000,000, and next year's at \$1,800,000,000.

Lincolnwood and Golf has always been to take the lead, and the Bicentennial year will surely be another star in the crown of our history.

"I thank the Mayors of these communities, especially the Skokie Park District for their outstanding work in the Bicentennial year, our Senators and Representatives, boards, commissions and each and every one of the citizens of our communities, young and old for their great patriotic spirit."

"Starting with the Parade down Oakton Street at 1 p.m. and finishing with the Drum Corps Show at 4 p.m., this weekend promises to be a memorable one in the history of our community," Dr. Feder concluded.

Dr. Short appointed to advisory committee

Dr. Richard R. Short, Superintendent of Schools of Maine Township High School District 207, is one of ten persons appointed to serve on a National PTA Advisory Committee for a Comprehensive School-Community Health Education Project to be launched by the National Congress of Parents and Teachers (PTA).

Funds for this major project will come from a \$140,706 U.S. Department of Health, Education and Welfare contract awarded to the National PTA recently. The contract will be jointly supported by two HEW agencies: the U.S. Office of Education, and the Bureau of Health Education of the Center for Disease Control.

The project will attempt to stimulate the development of new approaches to health education in schools, and to increase community awareness of the need for more effective school health education programs.

The National Congress of Parents and Teachers, commonly known as the National PTA, is a voluntary organization of seven million members whose purpose is taking action to meet the needs of children and youth in the community. One of its primary objectives is the eventual inclusion of comprehensive Health Education programs in all public schools, from kindergarten through grade 12.

Under Dr. Short's leadership, the Maine Township High Schools have had an exemplary and comprehensive Health Education program for several years. The curriculum for the program was developed by the Main South Health Education staff under a State of Illinois Grant. The curriculum is now used, not only in the Main Township High Schools, but in high schools throughout Illinois.

Condo suit...

Contd. from Lincolnwood P. 1

Association president Robert Saperstein told the homeowners they already had an \$8,000 deficit and would incur additional expenses of about \$10,000 if the case were continued through an appeal.

Nevertheless, many homeowners said they favored pleading enough additional money to finance continued litigation.

The developer has withdrawn his objections to alleviate traffic problems in the adjacent neighborhood, and residents are hopeful of obtaining cul-de-sacs on Keating and Kilpatrick Avenues.

A study of cul-de-sacs is to be completed this week by a traffic engineer hired by the village, and homeowners can hire their own engineer if they don't agree with his conclusions. If the two engineers disagree, they'll choose a third expert, whose conclusion will be final.

The height of the seven-story condominium will be reduced by about 1 1/2 feet, Feiwel said.

The village board recently amended its zoning ordinance to make such buildings subject to special-use zoning laws.

College credit courses

Having a young family and the personal desire to expand one's education is not necessarily a conflicting situation. The Adult Program department of the Mayer Kaplan JCC has come up with an answer for those interested in taking college credit courses.

In cooperation with Oakton Community College, the "J" is offering Communications 101-30 from 9:30-10:45 am and Psychology of Personal Growth 108-05 from 11 am-12:45 pm on Tuesdays and Thursdays.

The courses will begin the week of September 1. For complete information on registration, call the Adult Program Department at the "J", 5050 W. Church St., Skokie, 675-2200, ext. 218. For Nursery School info call 675-2200, ext. 238.

declining enrollment, but some money has been budgeted for anticipated teacher salary increases.

Negotiations are stalemated in the district in a dispute over recognition of the teachers union, the District 67 local of the Niles Township Federation of Teachers (AFL-CIO).

The transportation fund shows an \$11,000 increase over the 1974-75 budget because purchasing a bus is included this year, Bilanko said.

The district's current education fund tax rate is \$1.62 per \$100 assessed valuation. The total tax rate is \$2.58.

Board member Edward Newland said last week that he has accepted a job in New York and will resign his board position effective Aug. 31. Persons interested in filling the vacancy should file an application at District 67 offices, 9401 Waukegan, Morton Grove, by Aug. 30. The board will interview candidates Sept. 10 and 11.

the men who must enforce the quotas and cause unnecessary concentration in an area which might better be used in more productive work.

Theatre-goers who are missing the Academy Festival Theatre productions at Barat College in Lake Forest this summer are missing some of the finest theatre-work in Chicagoland for the entire year.

The midwest premiere of THE FARM is running thru August 24 and we urge serious drama-goers to head north for this fine production.

Englishman, David Storey, whose play IN CELEBRATION was an American Film production the past year writes strong character portrayals which are more important than story lines. The interaction of a Yorkshire farm family whose lives are interrupted by the poet-non-working son, who returns home with his fiancée who is 15 years older than him, brings out strong family feelings which are bounced back and forth at each other.

Jack Gwillim, the hardworking farmer, oils his rapidly receding life in alcohol, as he alternately breeds affection and anger for his 3 daughters. He is a superb actor whose very heavy Yorkshire accent takes time to adjust to.

The daughters, 2 schoolteachers and a verbal revolution-ary, explore their divorce exploits and more important their interpersonal relations with each other, in two hours of revealing theatre. The exasperating father, whose oral excesses debilitate and resurrect, is a fascinating characterization. His well-educated daughters and wife rise and fall with these excesses. Like a tennis game which testers on the point of viciousness, the dialogue bounces with much ferocity between all the family members.

THE FARM, which would be better-named THE FATHER, is not a play for the casual summer stock fan. It's a tough, tightly-written play which requires much concentration from the audience. It's great theatre, but primarily for the serious theatre-goer.

### ED HANSON

#### Why Madlock Was Benched

It wasn't a back injury that benched Madlock. The reason is the Cub management feels Madlock is great trading material. Knowing Madlock's batting average has slipped badly from .359 to .352 in a month, they feel the best place for Madlock to win the NL batting title is on the bench.

.352, Madlock's current batting average is a cinch to win the batting title. This would make Madlock the most attractive trading material in both leagues. I have it on good authority that the Cub management is hopeful of trading Madlock in return for Fergie Jenkins, knowing what they need most is good pitchers. And, of course, the Cub management is also aware that they also need good first, second and third basemen, plus outfielders and catchers.

A deal is now in the works whereby if the Cubs throw in Monday, Trillo, Cardenal, Kessinger and LaCock plus the Hot Dog concession at Wrigley Field and Bill Madlock, they might get Fergie Jenkins back in a Cub uniform.

The only thing that could ruin this deal, is that the Cub management feels the hot dog concession might hurt attendance at Wrigley Field next year. Another problem is Bill Madlock's weight. Madlock has a tendency to put on weight in the wrong places and he keeps slipping off the bench.

So it's very possible there'll be a lot of new faces on the bases at Wrigley Field next year and one former familiar one, named Fergie Jenkins, whom most of the Cub fans used to stand up and cheer.

But the '75 Cubs ARE an improved ball club over last year. They are only 2 1/2 games out of last place in their division. I wonder where they would have been without Madlock's .352 batting average?

You don't have to wonder where to find a great restaurant special in these high priced times. Just drop in the posh FIRESIDE INN RESTAURANT of Morton Grove (9101 Waukegan Road) any Tuesday evening during the month of August for a delicious Peppersteak Terriyaki dinner for ONLY \$3.50. Prepared by their famous internationally known chef, Takahashi, it's a taste-treat you'll long remember. This special Terriyaki peppersteak served on a bed of Japanese rice with choice of juice or savory soup, plus hot bread and a big salad from their famed salad bar is only \$3.50 (every Tuesday night only). And even your beverage is included in this gourmet dinner. Believe me, this a super value from the FIRESIDE INN of Morton Grove.

Like Caesar salad? You get the largest and finest at ARVEY'S RESTAURANT, 7041 W. Oakton, Niles with dinner. And you can also get their famous Caesar salad with lunch Mondays thru Fridays. And every Wednesday ARVEY'S features Greek Night and with dinner you can enjoy a FREE Greek cheese known as, Saganaki-Ala-Flambe...at ARVEY'S they live up to their slogan, "Where The Foods Are Internationally Famous".

For delicious tropical drinks as well as popular cocktails to add zest to the finest of Chinese foods try the CHINESE KITCHEN, 214 Greenwood, Glenview, Ill. From 4 to 7 now they have a "Happy Hour" in their beautiful cocktail lounge where you can relax in cool comfort before you partake of their great Cantonese or American foods which will provide your taste-buds with a new taste thrill...for carryouts phone ahead - call 965-9070.

Jake of JAKE'S RESTAURANT, of Niles tells me he is working on some new and different promotional ideas which he plans to launch after the vacation month of August is over. He also informs me that his "All You Can Eat" breakfast specials for only \$1.25 Mon. thru Friday, have proved so successful he plans to continue them. However, Jake mentioned with the rising costs, it's difficult to maintain the low price of \$1.25 but despite this fact he will do so as long as he can. "I don't make any money, Ed, but I'm having a lot of fun", Jake said.

Tedd of TEDD'S EARLY TIMES RESTAURANT of Niles is planning many new things which his patrons will love. In addition to special food items, TEDD'S is planning a menu change...and I assume he'll have some new taste-treats, which will please his many customers like his regular items have been doing for almost two years. In October TEDD'S RESTAURANT will be 2 years old and has come a long way in developing a thriving business among area residents. Watch the BUGLE newspapers for some interesting things that will happen at TEDD'S soon.

**Yellow Slippers** (45 min. color) A dramatization of a Polish folk legend of the sixteenth century in which a runaway orphan boy joins a traveling vaudeville troupe and witnesses a robbery. He becomes apprenticed to a church sculptor and after some exciting episodes with the villainous thief, finds his true place. Ages 6 and up.

**Dick Whittington and His Cat** (15 min. color) The story of how Dick Whittington's kindness to a cat was returned to him many times. Ages 6-11.

**The Sorcerer's Apprentice** (14 min. color) A musical picture story in which Lisi Well draws illustrations to a symphonic rendition of Paul Dukas's music.

On Friday, August 22, at 7 p.m. and Saturday, August 23, at 10:30 a.m., a special feature film, **Willie Wonka and the Chocolate Factory**, will be shown. Tickets will be required for the Willie Wonka film and will be available

at the Main Library, the Branch Library (9010 Milwaukee Ave.), and the Bookmobile beginning August 8.

A description of Willie Wonka and the Chocolate Factory is as follows: Eccentric and philanthropic candy maker, Willie Wonka announces that five Wonka bars contain golden tickets good for a personal tour of his magic chocolate factory and a life-long supply of candy. Charlie Bucket, who delivers newspapers to help support his impoverished mother and four grandparents, discovers the last cherished golden ticket. The tour includes many wonders which are delightful, funny, scary, exciting, and imaginative. There is a surprise ending.

## Muscular Dystrophy Bowling Bee benefit

Ellie Dylan, WMAQ Country Music Radio's 7:00 p.m. to 12:00 midnight personality, helps strike down Muscular Dystrophy when she takes part in a 48-hour Open Bowling Bee at Niles Bowl, 7333 Milwaukee Ave., Niles, on Saturday, August 9, at 1:30 a.m. The twice-around-the-clock Bowling Bee, co-sponsored by the Muscular Dystrophy Association and WMAQ Country Music Radio, will run from 12:01 a.m. Saturday, August 9 through 11:59 p.m. Sunday, August 10. Proceeds will provide treatment services for victims of Muscular Dystrophy, a crippling genetic muscle disease.

A highlight of the marathon Bowling Bee will be the "Ellie Dylan Challenge", during which bowlers on every lane will compete simultaneously against Dylan in a scoring contest. A free bowling pass will be awarded to any participant who betters Ellie's game score.

Other activities available at Niles Bowl during the 48-hour period include "Scotch doubles" and "Alibi" bowling tournaments. A potpourri auction, where bidders will try for collectors' items as unique as a WMAQ special Belt Buckle, also will be held to benefit the Muscular Dystrophy Association.
