## Not-For-Profit Institution shows \$4.7 million excess

## Lutheran General shows 61% patient revenue increase

**[by Bob Besser]**  
Although consumer prices increased by 8 per cent during 1973-74, Lutheran General Hospital reported a 61 per cent increase in its June, 1973 to June, 1974 profits of money received from patients only.

Called the Net Operating Revenue, this figure increased from \$1,327,593 in June, 1973 to \$2,168,225 by June, 1974. The Net Operating Revenue is, for all practical purposes, a profit. However, it only includes money received from patients and not income received from investments and contributions. The Net Operating Revenue is the result of a series of additions and deductions of Lutheran General's total operating revenue, operating expenses, interest, depreciation and similar figures.

**IN THE BACKGROUND IN BUGLELAND**

According to a 1974 Medicare Cost Report of Lutheran General's financial operation, Lutheran General Hospital took in \$33,763,544 from patients representing a 15.3 per cent increase over money received from patients in 1972. During this same period, Lutheran General's operating expenses rose by 13.4 per cent from \$27,051,440 in June, 1972 to \$30,685,834 by June, 1974.

In its final figure, the "Excess of Revenue Over Expenses" shows a 30.8 per cent increase. This figure includes money received from patients, as well as money from investments, contributions and special funds. Professional Services to patients continued on Page 16

## From the Left Hand

by David Besser  
Editor & Publisher

The death of former Niles Park Commissioner Lou Schreiner saddened all of us who sort of "grew up" with Lou.

The Bugle began publishing in 1957, the same year Lou moved on to the Park Board. During the ensuing 12 years, Lou's efforts helped move the NPD out of its small park status into a district which provided much for its residents.

We're always amazed at the population turnover in our suburban communities. A few years ago we were told Niles had as high as a 25% turnover in one year. Thus, many thousands of new Nilesites don't know how much sweat and labor went into providing the facilities which they now take for granted.

Lou and his fellow commissioners provided their own hands and backs to build the first building in the district, the small community house in Grennan Heights. It was little more than a warming house, but it was a beginning. For 12 years Lou devoted hundreds of hours of midnight oil burning just for creating referenda. A referendum for the Lawrencewood area for a park failed by a few votes and on a second time, it failed by more. Prior to 1961 the area between Oak and Notre Dame schools was vacant and Lou and his friends tried to create a park there and lost by 11 votes. A second effort was defeated by much more. Subsequently parks and pools, gymnasiums and an ice rink were approved and you Johnny-come-latelies are the recipients of all this hard work.

Lou and The Bugle differed often but never with hostility. We opposed the Lawrencewood Park and the frustration we saw in Lou's eyes was unforgettable. We opposed his wife working in the recreation program, even though she was doing a fine job. Again, Lou couldn't have been too happy with us though he never uttered a word.

## Niles history book

There are still some "History of Niles, Illinois" books available at the Village Administration Building 7601 N. Milwaukee Ave.

The history is an interesting, and quite an informative book that dates back to the signing of the Peace Treaty between the United States, and the Indian Tribes who had lived here in our village.

Unsafe bicycle wheelers are going to be policed and fined by college student police monitors as the result of action taken at Tuesday night's village board meeting.

In another innovative program, which is becoming a distinctive mark in Niles, Juvenile Officer

Jim Gerhardt received an OK to hire about 10 college students next spring to bicycle patrol the village in search of bicyclists who do not conform to standard bicycle safety riding. The Gerhardt plan calls for a 14 lesson program in local schools. Continued on Page 27

## Nortran Buses

The first of seventy-four new NORTRAN (North Suburban Mass. Transit District) buses is being admired by (left to right) Village of Niles Trustee Angelo Marcheschi, Peter Beitzel (representative from the Illinois Department of Transportation), Jo Di John (Executive Director of Nortran), Tom Harvey (Urban Mass Transportation Administrator), Bart Murphy (Village of Niles representative to Nortran) and Village of Niles Mayor Nicholas Blase.

These new modern buses will soon be serving the north suburban area. In honor of them being placed into operation, a dedication ceremony was recently held at the Village of Niles Administration Building, with Mayor Blase as the principal speaker. All of the seventy-four buses are new and equipped with air conditioning. They are regarded as the most comfortable in the entire Chicago Metropolitan area.

### ND Alumnus in NU Dental School

Steven J. Pressing, a 1972 graduate of Notre Dame High School in Niles, has been accepted for Northwestern University Dental School in Chicago this fall. He attended Loyola Univ. in Chicago for three years.

The freshman class of 105 students was selected from over 4,000 applicants," says Dr. Charles J. Vincent, associate dean and administrator of student affairs.

"It is a grave responsibility to select the most qualified students when so many talented young people are seeking admission. The entire administration is involved in the selection process, however, and we believe we have chosen an unusually competent group of students."

### SENIOR CITIZENS OF NILES CLUB RETURNS TO SHADY LANE FARM

On a beautiful day, Tuesday, Aug. 26, at 10 a.m., two busloads of 87 persons of the Senior Citizens Club of Niles and their guests left the Recreation Center for a luncheon and show at the Shady Lane Farm in Marengo, Ill. Driving down Milwaukee ave. to Golf rd., then to the Tri State Tollway to the Northwest Tollway, approximately 47 miles, we drove passing through the town of Marengo.

We arrived at Shady Lane around 11:15 a.m. There were other buses with Senior Citizens from Morris, Ill., and Milwaukee, Wis.

After having lunch in the dining room of fresh fruit salad, rolls, butter, lettuce salad, beef tenderloin tips with mushrooms, mashed potatoes, mixed vegetables, coffee and vanilla ice cream with Creme De Menthe, we walked around and looked at the lovely gifts, cards, candies and jewelry in the Shady Lane Gift Shoppe. After spending our money for some goodies, we went next door to the theatre.

It was a little early for curtain time, so they had a pianist on stage who played the piano while we enjoyed community singing, singing old time songs like "Hello My Baby" which was dedicated to the Niles Senior Citizens. We also sang "Home On The Range", "Bicycle Built for Two", "Harrigan" and "Yellow Rose of Texas". By then it was time for the show to start which was "Room Service". It was a good comedy and everyone enjoyed it.

The show was over about 4:30 p.m. and we had a joyful ride home, arriving at the Recreation Center about 6 p.m. A nice time, was had by all - many thanks to Martin Dworak and Josephine Baine who made the arrangements for a lovely day.

## MG riders win honors in Minnesota

A team of riders from Northwestern Stables in Morton Grove, Ill., enjoyed a successful trip to Minnesota, competing in the Helvetia Horse Show during the week of Aug. 17 and the Wayzata Horse Show one week later. Wally Holly, a former member of the United States Equestrian Team, dominated the Helvetia Show held in Still Water, Minn. He rode Gary Feldmar's "Definitely" to win the Regular Working Hunter Championship and Mr. Feldmar's "Afterwhile" to win the Working Hunter Stakes. The Novice division had two sections and Wally captured both championships. He rode "Paper Rose" to win one section and then came back on Jerry Holly's "Magic Trick" to win the other. He also won the Reserve Championship in First Year Green riding "Magic Trick". In Open Jumper competition, he rode "Nairobi" to win the

championship and "What's New" to take second in the stakes class. Kay Holt won the Amateur Owner Championship at the Helvetia Show riding "Popeye". Kathy Simpson rode "Speak Softly" to win the Small Hunter Championship for Junior riders and she was also the Reserve Champion in Second Year Green on "Justin Time". Kathy also came home with second place honors in both the A.H.S.A. Medal and the A.S.P.C.A. MacLay classes. Jeff Katz was impressive on "Fair Exchange" in both equitation and the Junior competition in Small Working Hunter. Bunny Mitchell did well in equitation on "Speak Softly". At the Wayzata Horse Show, Wally Holly won the Novice Championship (A section) and the First Year Green Championship on Jerry Holly's "Magic Trick". He won the Open Jumper Cham-

pionship on "What's New", while taking another blue in this division on "Nairobi". He also tied for the Reserve Championship in Regular Working Hunter and won the Working Hunter Stakes on Gary Feldmar's "Definitely". In addition, Wally was pleased with the performance of "Paper Rose" in Green Conformation and "Afterwhile" in both the Handy and Stakes classes. Kay Holt rode "Dream Maker" at this show to win the Reserve Amateur Owner Championship. Kathy Simpson was the Reserve Champion in Second Year Green on "Speak Softly". Jeff Katz captured two blue ribbons in equitation on the flat riding "Fair Exchange". Bunny Mitchell rode "Speak Softly" in equitation and gave a good performance.

NDHS Golf Teams beat St. Pat's

The Notre Dame High School varsity and frosh-soph golf teams defeated the St. Patrick's Shamrocks on Sept. 4 at the Rob Roy Golf Course in Prospect Heights. The varsity's margin of victory was 18 strokes. Members of the varsity were Capt. Bob Patton, Terry O'Neill, Tom Haywood, and Craig Zebold. The frosh-soph victory was accomplished through the efforts of sophomore Ed Nakas and freshmen Al Masini, Mark Meyer, and John Neenan. They won by 32 strokes and the frosh-soph total was enough to defeat the St. Pat's varsity by 3 strokes. This was the first victory of the 1975-76 school year. This year 30 boys tried out for both levels and Coach Terry Horan kept 7 of them on the varsity and 9 on the frosh-soph team. Last year's varsity team set a school record against St. Pat's of 139 strokes, an average of 36 per boy or one over par.

Coach Terry Horan is a graduate of Notre Dame High School of the class of 1967. He has been a member of the faculty since 1972 in the Business Dept. He also served last year as an assistant coach in basketball and track.

### Oakton community campus ministry starts second year

How was your summer? Spend it counting the tiles on your floor, or recounting the bugs on your window? Are you out of high school and looking for something to do? If you answered yes, then come join Newman, the club for us "young adults" and make more friends.

At Oakton Community College, Campus Ministry functions as Newman Club. Several parishes in the Oakton community also have activities for college age people. Last year Newman Club had a benefit concert for Marillac Social Center in Chicago, and a road rally. Other activities included parties, apple picking, horseback riding, a marathon jigsaw puzzle contest, sunrise services, and contemporary liturgies.

On the parish level "young adults" have been involved in volleyball nights, picnics, bike hikes, camping and rafting excursions, beach parties, and a costume dance. The summer highlight was "Summer Fest '75"

held at St. John Brebeuf in Niles.

For general information about activities call 966-8145, and ask for someone from Campus Ministry, we will return your call. On Sunday, September the 21st, Newman Club at Oakton Community College is having a bike hike. For details call Eva at the above number. During the month of October, St. Peters is sponsoring a Hay Ride (Oct. 3), and another Road Rally (Oct. 18). To make reservations for the Hay Ride contact Cathy at 679-8866 before Sept. 19. Open volleyball is played at St. Peters' gym in Skokie every Monday night from 7:30 to 10:00, all are welcome.

### Lutheran day nursery benefit

Singing a festive, ecumenical concert will be the 70 voiced teen age "Selah Singers" from Edison Park Lutheran Church, appearing at Immaculate Conception Church, Harlem ave. and Talcott rd., on Friday, Sept. 26 at 8 p.m. The free will offering will benefit the Lutheran Day Nursery of Chicago and Immaculate Conception's Vietnamese Family Relief Fund. The public is cordially invited to attend this cooperative event. Father Jerome Stowell is the host pastor.

The Selah Singers are directed by Rev. Steve Dornbusch, youth pastor of Edison Park Lutheran Church. This active high school singing group has had an extensive ministry appearing at numerous churches, Bible camps, conferences and conventions in northern Illinois, Wisconsin and Indiana.

The Lutheran Day Nursery is a non-profit agency responsible for day care for 80 pre-schoolers, regardless of race or creed. Eight full time employees are supplemented by seven part time workers in caring for the children in this Christian institution. Miss Lillian Tollefson is the Executive Director.

Immaculate Conception Church has undertaken the responsibility of helping three Vietnamese families. Food, shelter, housewares, furniture, clothing, etc. are all needed. Heading up the congregational arrangements for caring for the families are Mrs. Vivian Troxell and Deacon Don Xenos.

### MG Seniors seek some answers

As a concerned (Golden) Senior Citizen, I was greatly surprised at the results of the Planning Committee meeting of Sept. 2. How is it that so much lip service is paid to Senior housing as a "concept", while a sound proposal to create such housing is totally depreciated?

What is it that causes village functionaries to become angels with feet of clay? Is it the fear that finally the Senior Citizens of Morton Grove will be treated with the respect that they deserve? Or is it that some great political god on high has not approved of this venture?

Gentlemen of the board, the people of Morton Grove, seniors and youngsters alike, are awaiting your answer! Wally Ross Golden Seniors of Morton Grove.

### Praises Mikva for stand on hand gun control

### Commonwealth Edison clarifies rate increase

While the rate increase authorized by the Illinois Commerce Commission is less than the amount requested 11 months ago, we appreciate the consideration given to our need for additional revenues. We hope the majority of our customers will understand this need which arises from the drastically higher costs of keeping their reliably supplied with electric service.

During the 12 months ended in July, Commonwealth Edison's operating expenses and taxes increased by \$245 million over the preceding 12-month period. In addition to this 22% rise in these costs of serving our customers, the company had a \$13.5 million increase in debt interest.

It is important to our customers that we maintain a sound financial position which enables us to attract money on favorable terms to carry out the \$4.3 billion Edison construction program now scheduled for the years 1975 thru 1979. This construction program to provide new energy supplies for people in our service area includes \$425 million for environmental control facilities. These will increase our expenditures for such facilities to more than \$700 million by the end of 1979.

Thomas G. Ayers, Chairman and President Commonwealth Edison Co.

# HINSHAW & RICHARD LTD. WELCOMES YOU

Douglas Hinshaw of Hinshaw & Richard, Ltd., Fine Arts Gallery, displays a piece by Miro and welcomes you to his world of art.

Every person is his own art critic. The Gallery's highly trained staff enjoy working with collectors or just letting them browse through the Gallery alcoves from popularly priced paintings and graphics to the great masters.

Hinshaw-Richard Ltd. Art Gallery has opened its doors at 7900 N. Milwaukee in Candlelight Courte, Niles. It is the newest major gallery to open in the North Shore area in several years.

The gallery will be carrying the finest of contemporary oils and graphics by such artists as Picasso, Chagall, Dali, Miro, Matisse, Nieman and Rockwell as well as master graphics by such greats as Renoir, Rembrandt, Degas, Pissaro and Toulouse-Lautrec. There are also many exciting, popularly priced, original oils including framed and fine, popularly priced graphics. The gallery also has its own framing facilities.

In all, there are 1,500 artists representing the various mediums of graphics, original oils, acrylics, etchings and watercolors. Mr. Hinshaw spent approximately six months collecting this varied and extensive inventory from all over the world.

Douglas Hinshaw has had a career as varied as his inventory: beginning with classical ballet under Leon Fokine in Washington, D.C.; to circus aerialist; to the Broadway stage in such musicals as Carol Channing's "Hello Dolly"; to theatres in Paris, Las Vegas, San Francisco and Hollywood; to motion pictures, and television; and finally to the world of art. Let Mr. Hinshaw introduce you to his world of art and to his friendly and highly trained staff.

Hinshaw-Richard Ltd. has unique financing and layaway plans plus a five-year exchange privilege. Gallery hours are 11-9 Monday thru Friday, 11-6 Saturday and 12-5 Sunday.

Douglas Hinshaw, Nancy Clark, Adv. Mgr. and Ursula Dembski, art restorer, documentor and sales staff, admire "The Phantom Ship", a part of the Gallery's "Universe Suite" by Leonardo Niern.

Marty Pistone, custom framer; Tammy Barbalaca, receptionist; and Michael de Alvila, sales staff, discuss the correct framing for a print.

Nancy Clark and the Gallery's curator, Paul Morse, arrange original oils in one of the Gallery's many alcoves for the grand showing Sunday, Sept. 14, 10:30-9:00.

Nancy Clark and Douglas Hinshaw invite you to meet the artists over champagne at the grand showing. Displayed are "Prairie Fire" and "Triad in Blue" by Glenn Hansen. Byron Wrigley and Don Brown will also be present.

## Volunteers needed for handicapped classes

This fall marks the 10th year for the Conqueror's Handicapped Gym and Swim program at the Leaning Tower YMCA. The Conquerors is a social, recreational and physical program for the handicapped, which is designed to meet the needs and serve the capabilities of the individual. It is open to any type of a handicap (physically handicapped, mentally retarded, cerebral palsy, learning disabled, blind and deaf), and is for all ages.

The program staff and leadership is entirely volunteer. Mr. Ray Newman heads the gym program and Mr. Hillard "Mike" Michalek directs the swim program. Although classes are underway, more volunteers are needed, particularly for the Swim Program. Volunteers can work with children or adults, and no special skills are needed to begin working in the program.

The weekly schedule of classes is as follows:  
**Swim Program (all ages)** - Non-swimmers are taught basic

strokes and are helped to feel comfortable in the water. Thursday 7-8 p.m.

**Gym Programs (18 mos.-14 years)** - Pre-schoolers (18 mos.-5 years) all handicaps Tuesday and Friday 2:30-5 p.m. Learning Disabilities only Tuesday and Thursday 3:30-5:15 p.m. Mentally Retarded and Physically Handicapped (6 years-14 years) Friday 3:30-5 p.m. All Handicaps (all ages) Thursday 5:30-6:45 p.m.

People interested in more information, or in volunteering, can contact John Joyce at the Leaning Tower YMCA - 647-8222.

### Anderson ...

Cont'd from Lincolnwoodian P.1  
Anderson stated this was done upon the direction of his boss in General Assistance, State employee John Evans.

This Order follows the continuing efforts of Black to gain custody of all Township records, which Black has been attempting to accomplish since taking office in 1973.

Black further stated, "This matter is set for trial on October 20, 1975 at which time, hopefully, we will get some straight answers. Have the records actually been destroyed? If so, why? Have the records mysteriously been found? Shouldn't the air once and for all be cleared for Anderson's real bosses - the tax payers of Niles Township?"

lients, costing the hospital a reported \$18,796,250, rose during this period by 11.7 per cent. Also, administrative costs increased by \$404,829 representing a 7.8 per cent increase. However, it is unclear in the report what expenses are included in administrative costs.

In last week's BUGLE, it was reported that Lutheran General Hospital made \$4,759,564 in "profits" from June, 1972 to June, 1974. Often not-for-profit hospitals justify collecting money in excess of their expenses so that items such as new equipment can be purchased. However, according to the 1974 Medicare Cost Report, Lutheran General already had \$5,750,914 set aside for new equipment.

Furthermore, the cost report indicates that as of June, 1974, Lutheran General Hospital maintained a fund labeled "unrestricted" amounting to \$17,031,847. This money, it is presumed, would be used at the discretion of the board of trustees and hospital administrators.

The figure of over 4.7 million dollars is, according to the jargon of accountants, not technically a profit, but is referred to as "Excess of Revenues Over Expenses". However, a Chicago hospital administrator, commenting on this figure, defines the over four million dollars as profits.

Under the law Lutheran General Hospital is prohibited from making a profit while claiming to be a not-for-profit organization. Benefits of being a not-for-profit hospital include not paying income taxes and donors may use donations as tax deductions.

While it is assumed nothing improper is done with this money, the main question becomes how are these profits spent? Are they reinvested in new hospital equipment, used to buy stocks and bonds or invested in other ways?

### From the LEFT HAND

Continued from Page 1

Lou's forte was Arts and Crafts. Dorothy and Lou created a program in Niles which was among the very best. When he left Niles, he opened two stores in North Carolina for this work and was winning many awards in contests in his new home state.

Lou gave much of himself to Niles. The next time you pass by the Schreiner gym in Grennan Heights, pause a moment, and remember a guy who did a great deal for you and your family.

The continuing rash of burglaries in the west end of Morton Grove has aroused the community to organize and take action in combating the problem. Monday night about 75 residents showed up at the village hall to seek additional village help. While they want more police surveillance and lights for the front and back yard areas, their greatest help will be self-help.

Despite the many years I've been around village halls and police stations I goofed myself several weeks ago. While watching TV I heard a piece of metal hit cement in the rear of our homes. Rather than jump off the couch and find out what caused the noise, I continued watching the boobtube. Ten minutes later two policemen were 15 feet away from my back window seeking clues to tracking down the burglar(s) who had just "hit" the house next door. The metal I heard was a type of crow bar which he (they) dropped after leaving the burglarized house. Not only did I ignore their "drop" but the robber passed my open-draped window and went unnoticed.

The frustration of residents who have been robbed 2 and 3 times is understandable. They've been burglarized at 11 a.m., during only 30-minute absences from their homes, and in such a continuing manner several said they're fearful an eventual confrontation will cause injury or worse.

While increased police protection will be helpful, we believe residents are going to have to seize the initiative if they want to overcome the problem. In the area most of the residents want the best of all worlds. Richly-scrubbed backyards completely camouflaged rear doors, and all-lighted yards also make the area prime targets for professional burglars.

We believe a deterrent which is helpful is when your backyard neighbor can clearly see anyone entering your rear door. If strong spotlights illuminate the area, this should also deter would-be burglars. Placing timers on your outside lights as well as the inside lights, and busying your telephone when away from your home, should also help. Leaving an auto in your driveway and leaving a radio or TV on a timer with the sound audible is also an aid. And keep those drapes open. Most important, resident awareness and prompt calls to the police station of suspiciously parked cars is important.

We would also like to see the police department issue a periodic newsletter to residents reminding them of ways for protecting their homes. Also, if the department publicized the number of robberies, when they took place and how burglars entered and left homes, this would likely increase citizen awareness.

Morton Grove's police department has been making a monumental effort to solve this problem. But as Chief Glaumer noted, only 20% of all burglaries are solved in the United States. Such a figure has to tell residents it is they who must initiate efforts for thwarting burglaries.

Street lights in the front and backyards will help. Four added spotlights beaming from the rear outside wall of the home will help. Increased police patrols will help. And the reduction or cutting down of bushes would probably help even more. But since this is a part of that "best of both worlds" we mentioned, such an effort is unlikely.

If the residents will continue to meet and make a conscientious effort, we're sure the problem will lessen. The MG police have already done yeoman's work in their efforts. It's the residents' turn to become more knowledgeable and aware. Any problem can be combatted if the will is there to defeat it. The residents' first steps the past weeks is a hopeful sign.

Total head-count of students enrolled in degree-credit and MONACEP courses will be almost 20,000, Gaglin said.

Oakton's full-time equivalent enrollment (FTE) for the fall term is estimated at just under 3,000. Gaglin explained that it is determined by the total number of hours for which students enroll, divided by the full-time course load (15 credit hours).

Gaglin also noted interesting characteristics about this fall's

## Everybody has a natural gas detector.

## But what should you do if it ever detects?

Odds are you won't have a gas leak in your home. But if you do, your nose will let you know. Because, while natural gas has no odor of its own, Northern Illinois Gas Company adds an odorant that gives it a distinctive smell. It's one

of hundreds of precautions we take to make gas the safest energy you can use. And if you'll take these few simple precautions, you'll help make it still safer.

### Natural gas safety procedures:

1. Keep our phone number handy. There's a Northern Illinois Gas Company (NI-Gas) emergency phone number for your area listed in your local telephone directory. Look it up now and write it down with other emergency numbers you keep near your phone.
2. Find the gas shutoff valve for your home. It's located just ahead of your gas meter. If you can't find it, ask your NI-Gas meter reader to point it out. This valve shuts off all gas service for your home. Be sure all adult members of your family know where it is.
3. If you smell gas, call NI-Gas immediately. A faint odor of gas near an appliance may be of no consequence. A pilot light may be out and simply need relighting. But if there's any doubt, call us immediately. NI-Gas representatives are on duty around the clock. They'll come right to your home and make a thorough inspection.
4. If the odor is strong or persistent, you can follow these procedures:
  - Ventilate the building by opening windows at top and bottom. Start where odor is strongest.
  - Do not operate any electrical switches or pull any plugs from outlets.
  - Extinguish open flames. Use only manual controls on appliances.
  - Get everyone out of the building.
  - Shut off gas service at the meter and do not turn it on again.
  - Let the NI-Gas representative do it.
  - Call NI-Gas and your fire or police department. Use a neighbor's phone.

NI-Gas Fire Police  
Tear out these instructions now, make sure everyone in your family reads them, and save for future reference. NI-Gas and NI-Gas customers have one of the best safety records in the country. With your help, we'll keep it that way.

### Oakton enrollment increases 30%

Enrollment for the fall 1975 term at Oakton Community College has increased by more than 30 percent, according to college officials.

John D. Gaglin, director of admissions and records, reports that an unofficial count indicates that more than 5,600 degree-credit students are attending classes at Oakton this fall. Last year's parallel total was 4,344.

In addition, registration for the adult and continuing education (MONACEP) classes, which began on Sept. 2, is running far ahead of last year. An increase of about 25 percent is anticipated and more than 14,000 persons are expected to attend MONACEP classes this fall. MONACEP registration ends October 2. Most MONACEP classes begin Sept. 29.

# The BUSINESS Picture

## FNBSO Assistant VP Graduates

Erman G. Kramer, President of the First National Bank of Skokie, announced that Richard Powers, Assistant Vice President of the bank, has now completed the course of study at the Graduate School of Banking held at the University of Wisconsin sponsored by the Central States Conference of Bankers Association.

The course is given in two week concentrated sessions and requires three of these two week sessions, one each year, for completion.

While over 1500 bankers from 42 states attended, less than 200, including Mr. Powers, completed the course this year.

In addition to this training, Mr. Powers holds a Bachelor degree in Business and a Masters degree in Business Administration.

## Leib named LAG president

Morton Goldsmith, Chairman of the Board of Directors, recently announced the election of Andre Leib as President of LAG Drug Company, the largest service drug wholesaler in the Midwest. In his new position, Andre Leib will be the Chief Operating Officer of the Chicago-based company and will act as the operating head of LAG's other companies, including LAG-Ohio in Columbus.

During his twenty-six years with LAG, Mr. Leib has contributed greatly to the phenomenal growth experienced by the company. Mr. Leib began his career with LAG Drug Company as a stock-boy while attending Roosevelt University. He advanced from order picker to order checker and then to telephone sales and Manager of Customer Service. He then became an outside sales counselor.

Mr. Leib's career at LAG continued to rise when he was appointed Sales Promotion Coordinator followed by the position of Director of Marketing and then Vice-President-Marketing, directly responsible for sales and purchasing. In 1973, Mr. Leib was promoted to Executive Vice President working directly under the President of LAG, Mr. Lloyd Yale, who recently passed away. As Executive Vice President, Mr. Leib was responsible for the total operations of the company and their future endeavors.

Aside from his duties at LAG, Andre Leib is active in many organizations including the Chicago Drug Club, Illinois Pharmaceutical Travelers Association, National Wholesale Druggists Association. Mr. Leib was

commended by the Chicago Pharmacos Men's Club of the City of Hope for his extraordinary efforts toward the City of Hope cause.

He is active in many community organizations in his home town of Morton Grove, Illinois, where he resides with his wife, Carol, and his sons, David and Danny, and daughter, Lisa.

### Burglars take stereo

Teachers and students at Niles Public School South, 6935 Touhy ave., were singing the blues Thursday, Sept. 4, but without the aid of their stereo.

According to Niles police, burglars entered the school some time between 9 p.m. and midnight on Wednesday, prying open a side ground level window, and taking a stereo, base and cover valued at \$130 from the music room.

## New drive-in facility at First National of Des Plaines

The First National Bank of Des Plaines has announced plans for a new, additional drive-in facility to increase the capacity of this convenience service to customers.

According to Arthur R. Weiss, president, the new facility should be ready for business by March 1, 1976.

Almost directly adjacent to the present drive-in bank, customers will be able to enter the new drive-in from Graceland and exit on Lee Street; or they can enter from the alley connected to Prairie Street. A by-pass lane for the present drive-in will also allow cars coming off Lee to use the new facility. Convenient parking will be provided for those using the walk-in lobby area.

The new drive-in will consist of four drive-up stations, the same as the original, four walk-in teller stations, which can be expanded to eight; four desk areas and one conference office. Included in the new drive-in will be a night depository and space for a 24-hour automated teller machine.

A one-story building, measuring 83'x30', the new drive-in will have a brick exterior with porcelain enamel panels extending around the roof lines. The interior will have brick wall construction, a suspended ceiling and a fully carpeted lobby.

The hours and services of the new drive-in facility will be the same as the present drive-in: Monday through Thursday, 7:00 a.m. to 7:00 p.m.; Friday, 7:00 a.m. to 8:00 p.m.; and Saturday, 7:00 a.m. to 2:00 p.m. The services of the new drive-in will include: checking and savings deposits, loan payments—installment and mortgage, cashiers and travelers checks, opening of new accounts and check cashing.

## Mikva legislation protects small businessmen

Small businessmen in such industries as gasoline and auto retailing, fast-food and convenience groceries would be protected from unjust cancellation of their franchises by legislation proposed by Congressman Abner J. Mikva (D-10).

Mikva's bill—the Franchising Practices Reform Act—would establish for the first time national standards for the cancellation of franchises. These standards would enable a franchise operator to avoid cancellation by submitting to a federal court, which could overrule the cancellation or order the supplier to financially compensate the operator.

Mikva cited the gasoline industry is one of the prime examples of franchise abuse.

"Gasoline station operators in my District and all over the country are complaining that the major oil companies which supply them are pressuring them to work longer hours and lower their prices to increase sales," Mikva explained. "Since the suppliers have raised their own prices, they are increasing their profits at the expense of the operators. But if the operators complain or refuse to cooperate, they can have their franchise terminated and lose a lifetime of savings and work."

Under Mikva's bill, a franchise could not be cancelled except for: Just cause, such as violation of contract, mismanagement, cheating, etc.; Legitimate business reasons, such as the inability to make a profit; Market area withdrawal, which would occur when the supplier ceases to distribute its product to all its franchisees in a market area.

Mikva stressed that the bill does not rewrite a contract between an operator and his supplier.

## Fire causes \$1,000 damage to Leaning Tower YMCA

Fire caused an estimated \$1,000 damage to a room on the 8th floor of the YMCA, 6300 Touhy in Niles, on Saturday evening, Sept. 6.

No injuries were reported. A search of the rooms on the 8th floor of the building indicated there were no occupants at the time of the fire said Niles Fire Chief Albert Hoelbl. Firemen arrived on the scene one minute after receiving the call from the YMCA operator.

According to fire department reports, the fire started in Room 806 occupied by Robert Blankenship of Arkansas, who was away at the time. The blaze apparently broke out in the bed mattress which was in flames upon the arrival of the firemen. The cause, said firemen, was possibly due to careless use of smoking materials.

The night manager of the YMCA, Mike Anselmo, who resides on the 8th floor, told firemen he smelled smoke in his room around 8 p.m. Saturday night. Going out into the 8th floor corridor to investigate, he noticed smoke seeping from under the door of 806, he said. He opened the door to see flames and the smoke billowed out into the corridor.

Damage was confined mainly to the room involved, said a fire

East Maine Public Schools today announced its policy for free meals, free milk and reduced price meals for children unable to pay the full price of meals and milk served under the National School Lunch, School Breakfast, and Special Milk Programs.

Local School officials have adopted the following family size and income criteria for determining eligibility:

Size	Free meals/milk	Income	Red. price
1		\$ 3,230	\$ 4,520
2		4,240	5,930
3		5,250	7,350
4		6,260	8,770
5		7,190	10,060
6		8,110	11,360
7		8,950	12,530
8		9,790	13,700
9		10,550	14,770
10		11,310	15,840
11		12,060	16,890
12		12,810	17,940

Each add'l. family member 750 1,050

Children from families whose income is at or below the levels shown are eligible for free meals, free milk, and reduced price meals. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 per cent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

Local authorities must consider both the income of the family during the past 12 months and the family's current rate of income to determine which is the better indicator of need for free or reduced price meals to reflect family wage earners' present level of employment.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

All children are treated the same regardless of ability to pay. In the operation of child nutrition programs, no child will be discriminated against because of his race, sex, color, or national origin.

If we may be of any further assistance or if your income changes during the year, please contact Patricia A. Kolvek, Assistant Business Manager, at 967-5616.

**Direct Deposit... we've done it for years!!!**

Many banks are making a big deal out of the idea that Uncle Sam will now deposit your social security check or other government check directly into their bank account. It is a good idea, it eliminates possible losses and thefts, it gives you use of the money sooner and it saves you the time you have been spending in lines at the bank.

It is such a good idea that we have been doing it for many of our customers for years. We even let the deposit be made in their checking account and then we automatically transfer whatever amount they specify to an interest bearing savings account if they prefer to split the deposit. Like so many "new" services, the First National Bank of Skokie has had it for years. Call today and get our direct deposit forms for your government checks.

### Burglaries ...

"We'd like a pledge from the board to get the police to take steps to deal with this problem," continued Freibur. We understand that since 1974, there has been a 100% increase in burglaries during June, July and August. The loss to homeowners is estimated at about \$254,000 according to statistics and the homeowners have begun to take some initiative on their own such as a "light-up program." Chief Glauner has increased his patrol of the area and this has helped, but the citizens say they need a continuing police surveillance at all times. This is quite difficult, since the three new men hired by the Police Dept. will be in training for another month.

In an article published in THE BUGLE last year, Chief Glauner said this area was the scene of 47% of the burglaries in M.G. Residents stated they'd like a program to install effective street lighting. They said the problem is immediate and urgent. One citizen said, "We know it may be costly, but we expect to pay for more police protection if necessary and we understand there are Federal Funds available for a situation such as this". John Hilkin said he'd like to have the area surveyed and develop an effective lighting plan.

Chief Glauner said, "We can put a thousand policemen out there but if we don't get the citizens cooperation there's nothing we can do." Mayor Bode then said that burglaries are not unique in Morton Grove. One resident of the area said the mayor should take the initiative and set up a meeting with police experts and the citizens to deal with this problem, and the mayor agreed to do this. John Hilkin then moved to have Chief Glauner meet with the board on Saturday and discuss what administrative steps can be taken. This motion was carried.

Mayor Bode announced a seat has been vacated on the board and said a recommendation would be made to fill it at the next meeting.

Tom Bodkin, President of the Morton Grove Park Board introduced their attorney James Orphan who addressed the board regarding the vacation of certain streets and alleys which have been under consideration for 15 months. Orphan said Mansfield Park was vacated and is a private street and noted that M.G. Estates has vacated streets and is a private enterprise. He stated several suits have been filed to stop this project. Yates filed a suit saying a skating rink should not be built. This was disposed of in November. He then filed a suit against the village on June 9 and the Park Board interceded and this was dismissed. Mr. Orphan reminded the board if an ice rink must be built at any time, it is the problem of the Park Board, not the Village Board. "We have tried to meet your requirements and we've done our best to satisfy you for 2 and 1/2 years since this project has been on the boards," said Orphan. "These law suits are harassing tactics and only Shaf Builders can gain by delaying this so they can put up condominiums there," continued Orphan. Fred Nicols representing Mr. Yates and his Committee for Responsible Spending said, "Our lawsuit is not over yet. It has just begun." Nicols said he would ask Judge Dahl for another hearing. "We will appeal if he rules against us", said Nicols. "It will not be resolved easily or quickly."

Orphan said Shaf hopes to delay this for a year or two so

Continued from MG P.1

everyone will get tired and he'd get to build his condos. Tom Bodkin then called for the board to move on the request to vacate certain streets and alleys. Mayor Bode then told the audience if the streets and alleys were vacated, the village board would be facing a lawsuit again. Bodkin then said he'd like to hear the reason why the village board won't take a positive position on this. John Hilkin said, "I totally object to the contention that condos will be built on that facility if the park doesn't go through. I felt the ice rink was financially unsound from the beginning." Hilkin said if the referendum were held now, the vote would be different. "I, for one, would vote against it," said Hilkin. Ron Henri said no one seems to want to negotiate. "I'd like to sit down and discuss this with both boards present, because I'd hate to see this go on for another 18 months", he said. "I think the big stumbling block is that the village wants a Police Station on some of that property," Henri stated. "I would rather we get together as two boards and do something for the good of the people."

Jim Orphan then said, if he inferred there was collusion between the Board and Shaf, he wished to apologize. "But," he continued, "I believe the lawsuits are being financed by Shaf." He then said if a building is put up on that property, "you are directly playing into the hands of another party." Henri moved that they go into negotiations with the Park Board and come back with a decision in 2 weeks.

Fred Huber said bids would be accepted till Sept. 22 for 3 squad cars. Junaita Goldberg moved to advertise for bids for 31 trees and these will be opened on Sept. 18. The motion was carried. Atty. Berrafato said that a certificate of occupancy should be issued for the Morton Grove Bank at 8700 Waukegan Road. John Hilkin said there were 50 pints of blood given in Sept. He also said that from now on the cut off time for items going on the agenda should be 5:00 p.m. on the Thursday before each meeting.

The other tax supported fund budgets include: Bond and Interest Fund - \$225,200; Illinois Municipal Retirement Fund - \$805,000; Special Education Construction Fund - \$494,160; and Fire prevention and Safety Purposes Fund - \$620,000.

Other funds listed in the budget but which are not tax supported are the Site and Construction Fund - \$3,153,530, and Working Cash Fund, budgeted at \$225,000.

The anticipated total revenue of tax supported funds is \$27,208,628, including 1974 taxes collected prior to July 1, 1975. Local taxation will account for 72.2% of this; 18.4% will come from the State of Illinois; 7% from the federal government; 7.6% from other sources.

### District 207 opens 1975-76 budget to public

The 1975-76 tentative budget for Maine Township High School District 207, now available to public inspection at the district's Administration Center and at public libraries in the township, reflects a modest increase of only 4.2% over last year's budget - considerably less than a "cost of living" increase. Harold Markworth, business manager of the district, has built a budget that sets the cost of operating the district's four high schools at \$28,350,711, just about \$1,100,000 more than last year's operating budget. Proposed expenditures have been kept in balance with anticipated revenues as the district continues its "pay as you go" policy.

In a budget discussion at Monday night's Board of Education meeting, Robert P. Cornelison, chairman of the Board's Finance Committee, commented: "The budget as presented represents many weeks of careful preparation by Mr. Markworth and his staff. In an escalating economy, with a general rise in all costs of providing for the educational needs of our students, it has been a real challenge to develop a budget that will permit us to continue the present level of educational quality in the Maine Township High Schools while keeping expenditures in line with revenue."

Of the seven separate tax supported funds contained in the proposed budget, the largest amount budgeted - \$20,150,290 - is earmarked for the Educational Fund which provides for teachers' salaries, textbooks and other material related to teaching. This compares to last year's Educational Fund budget of \$18,810,800, an increase of 7.17%.

The Operations, Building and Maintenance Fund budget is down \$398,595, due mainly to a drop in the amount needed for capital outlay. Maintenance costs for the four high schools are up \$184,500, and custodial salary expenses, which also come out of this fund, have increased 6.7%.

### District 219 free lunch policy

## Music On Stage announces 1975-76 season

Music On Stage, a Mount Prospect based community theatre group has announced that it will open its Fall season with the musical comedy hit "Damn Yankees" on October 31 with additional performances on Nov. 1, 7, and 8 at Elk Grove High School. For their Spring production the group will follow with the tap dance extravaganza, "No, No, Nanette" opening March 19 and continuing the 20, 26, and 27.

"Both shows are excellent entertainment for the family and for social groups," according to Jim Curren, M.O.S. President. He explained that those who purchase tickets for both shows as "Season Subscribers" will enjoy a reduced ticket price of \$2.50

from the regular adult price \$3.50. Season Subscribers receive a pass which admits them to any performance of each show and save a total of \$2.00. "Group sales can provide substantial savings to social and civic clubs," he added. Tickets are \$2.50 for groups of 25-49; \$2.25 for groups of 50-100; and the rate drops to \$2.00 for groups numbering over 100. The regular admission of \$3.50 is reduced to \$2.50 for students and senior citizens for all Friday performances.

"Damn Yankees" is the high spirited story of "America's Favorite Pastime", baseball and depicts a die-hard fan who is willing to sell his soul to the devil just to see his Washington Senators beat the New York Yankees in the World Series. He makes a pact with the devil whereby he is transformed into a young superstar ballplayer who will lead the Senators to victory. The uproarious events during the ensuing battle of wits are combined with spirited songs and lively dance routines which will make this an evening of theatre at its best.

"No, No, Nanette" will be presented at Rolling Meadows High School. This musical journey into the nostalgic past will set your toes-a-tapping with its complex choreography and crisp chorus routines reminiscent of the old glittery Broadway spectacles. Don't miss this tap dancing trip down memory lane.

Checks should be made out to Music On Stage, Inc. and sent to Carol Verson, 8149 Davis, Niles, Ill. 60648. For more information, about Season Subscriber or Group Sales please call 966-4720.

## JCC Film Festival

On Saturday, Oct. 4, the Mayer Kaplan Jewish Community Center, 5050 W. Church st., will feature the first film of its "Critics' Choice Film Festival Series", *Limelight*.

Written, directed and scored by Charles Chaplin, *Limelight* is a story of age giving over to youth. Chaplin plays Calvero, an aging Music Hall star, who befriends a young dancer, played by Claire Bloom, who has tried to commit suicide. There are recreations of Music Hall routines, including one in which Buster Keaton performs with Chaplin.

The picture was released just as anti-Chaplin feeling was at its height in the U.S., and the film received very few American bookings. When Chaplin left the country for the European premiere of *Limelight*, the government revoked his re-entry permit, the film was withdrawn, and was not seen again in the U.S. until 1972.

*Limelight* did not play the Los Angeles area in its 1952 release, and therefore did not qualify for Academy Award consideration that year. When the film was reissued (its first appearance in L.A.) Chaplin was nominated for and won the Academy Award for the best original musical score.

The film will begin at 8:30 p.m. with a \$1 donation for members and \$1.50 for non-members.

## New Prospective plans dance

New Prospective invites singles 23 to 45 to a "Farewell to Summer" dance featuring music by David Wilens and "The Sound Modular". It starts at 7:30 p.m. Sunday, Sept. 21, and will be at The Orrington Hotel, 1710 Orrington, Evanston. There is plenty of nearby street parking, or at discount rates in the hotel. Admission for members is \$2, and for others \$3 if prepaid or \$4 at the door.

New Prospective is an independent, non-profit organization of single professionals and executives who have outgrown the bar scene and may be dissatisfied with other groups. While running parties and programs, New Prospective raises funds which are donated on a rotating basis to worthy charities.

For a free listing of their coming events, send a stamped, self-addressed, long envelope to: New Prospective, 9462 Bay Colony Drive, Des Plaines, Ill., 60016.

"Got a free half-dollar"

and serves FREE Saganaki-Ala-Flambe Greek Cheese with all dinners....ARVEY'S is open 7 days a week for breakfast, lunch and dinner.

Benny Hue reports that his carryout business at his PALACE RESTAURANT, 9236 N. Waukegan Rd., Morton Grove, has doubled over the previous month. For carryout orders it would pay you to phone ahead. 966-2231 is the number that brings you your choice of many super Cantonese dishes which are daily served by the PALACE RESTAURANT....if you need food for a special occasion, like a wedding or birthday, Cantonese foods may be the answer.

This Sunday, Sept. 14, you can get a FREE half-dollar at JAKE'S RESTAURANT by ordering any one of several "specials" offered during a 24 hour period.

For on Sunday, JAKE is having a BICENTENNIAL SALUTE for 24 hours; and you can receive a BICENTENNIAL HALF-DOLLAR, a real collector's item, with any one of the following specials:

6 a.m. to 11:30 a.m.: Breakfast special - 2 eggs, 3 pancakes & a lean, tender steak.

11:30 a.m. to 10 p.m.: Complete 7 course dinner. Your choice of Roast Sirloin of beef, Spaghetti with meat sauce and sausage, Beef Ravioli with meat sauce.

After 10 p.m., Chicken with spaghetti dinner. Jake tells me that all of the above items will carry a special low price but you'll still receive a BICENTENNIAL HALF-DOLLAR when you pay your check. This offer is good for 24 hours Sunday, September 14.

And during JAKE'S BICENTENNIAL SALUTE his restaurant will be decorated in red, white and blue and there'll be FREE balloons of the same color for all the kids, including toys from Jake's famed Treasure Chest.

Unlike some other restaurateurs who grumble about how bad the economy is, Jake takes a positive attitude and keeps coming up with promotional ideas, such as this 24 hour BICENTENNIAL SALUTE which is advertised in this issue of all Bugle newspapers. This idea is another in a long string of "Firsts" by Jake who is an innovator in the restaurant business. As people of this area say, "There's always something going on at Jake's Restaurant", and that's one of the big reasons why this restaurant experiences the huge 24 hour, seven day-a-week business it enjoys.

Jake also tells me that he probably sells more lottery tickets and has had more winners than most other outlets in this area.

So, don't forget you can get a FREE half-a-buck at JAKE'S RESTAURANT, 7740 Milwaukee Ave., Niles, next Sunday, Sept. 14. And you can enjoy delicious foods at money saving prices at the same time.

What have you got to lose?

In addition to excellent service LORD BYRON'S offers quality food specials consisting of Breakfast, which includes 2 eggs, sausage or bacon, potatoes and toast for only \$1.35 - lunch, from \$1.50 and complete dinners from \$2.65. LORD BYRON'S is located on Lincoln Ave. in Morton Grove just a half block east of Austin....and there's ample FREE parking.

Last Tuesday evening I had dinner at the FIRESIDE INN of MORTON GROVE and ordered the special which was Chicken Takahashi. This is truly a culinary masterpiece by their executive Chef Takahashi it consists of meat balls of chicken served on a bed of Japanese rice with a sweet and sour sauce and vegetables. Words just can't describe how different and flavorful Chicken Takahashi is....you have to taste it to really appreciate it. And this complete dinner special will be served on Tuesday nights all during the month of September. Believe it or not, this unusually delicious dinner treat is ONLY \$3.50 and it includes everything, from juice or soup, hot bread, all-you-want from the FIRESIDE'S super salad bar and your beverage. Now every Tuesday from 5 p.m. to 10:30, Chicken Takahashi will be served all during the month of September. Take a tip from me - if you want to give your taste-buds a new taste-thrill, order the Chicken Takahashi complete dinner for only \$3.50 and let me know how you enjoyed it, which I'm sure you will. This is a super treat, particularly for jaded appetites which are blunted from run-of-the-mill meals. Honestly, this Chicken Takahashi is a super treat and so inexpensive, too.

Incidentally, my dinner was perfectly served by Ellie, one of the great waitresses on the fine FIRESIDE staff. Her son, Terry Jay Sirrell, now in California, is a gifted cartoonist and well on his way to making his mark in film animation. Her son, Terry did the recent cartoons which appeared in LINDEMANN'S GARDEN CENTER NEWSPAPER ads, and they show a lot of talent. Terry Sirrell graduated from Maine-East High School in '72, then studied two and a half years with the Academy of Fine Arts of Chicago, the same school which the famed Walt Disney attended. Terry is now with Cal-Arts of Valencia, Calif. in his 2nd year of film making animation. I'm sure his talent will make a name for him for which his mother, Ellie can be proud.

Are you planning a wedding, Christmas party or any other special occasion event? If so, the beautiful new banquet center of the FIRESIDE INN of MORTON GROVE is ready to serve your requirements, be they large or small groups. The banquet facilities are second to none anywhere, and your special party can be widely publicized too. Just contact Lonnie Hurwitz, managing director at 966-9600 for complete details without obligation.

How long has it been since you've enjoyed Caesar salad? You can get the finest FREE with either lunch or dinner at ARVEY'S restaurant, 7041 W. Oakton, Niles. And on Wednesday, ARVEY'S features an authentic array of delicious Greek foods

Sara Lee outlet store closes Sept. 27

(By Allee M. Bobala) Niles residents will have to travel a bit further next October to purchase Sara Lee products at resale prices.

The Sara Lee resale outlet presently at 8005 Milwaukee ave. in Niles will close on Saturday, Sept. 27, and will relocate in Chicago at 7654 Touhy ave.

Traffic congestion, parking problems and the need for larger quarters necessitated the move, noted a store spokesman.

The Chicago store is twice the size of the present Niles store and has parking for 60 cars. Formerly Certified Foods, the store went out of business and a half of the building was leased by Sara Lee for 5 years.

priced down for selling, said the store manager.

"We're moving only a mile away as the crow flies," he commented, noting that Niles residents could drive south on Harlem ave. to Touhy and turn west for about 6 blocks to the Touhy ave. address.

Sara Lee's lease at the Oakton-Milwaukee location will expire Sept. 30. The corner building which also houses the Niles Drug Store, the former Nu-Dimensions store and Foremost Liquors was purchased several years ago by Avondale Savings & Loan Association.

The store had been cited by the village for traffic congestion last December, due to the popularity of its products and to an unusual parking location.

Jaffe teacher dismissal bill made law

A bill sponsored by Rep. AARON JAFFE (D-Skokie) concerning teacher dismissals has been signed into law.

Senate Bill 1371 (House Bill 32) provides that a tenured teacher may be dismissed for cause only upon the order of an impartial hearing officer following a hearing. (Up until this time such hearings have been held before the local board of education following a request by the affected teacher.)

Under the terms of the legislation, the school boards retain authority to hire and fire school personnel; however, the hearing officer (who is hired by the Illinois Office of Education and chosen by the school board and teachers), determines whether or not the firing was done within the present law.

Haircutting is an entire philosophy

Haircutting is an entire philosophy, not just a job to be done, said Leo Jacoel, owner of D'or West Beauty Salon, 8616 W. Golf rd., Des Plaines (827-8171).

It's finding the ultimate style to fit every head of hair, and being right the first time - maximizing on the good features, minimizing the bad ones.

Haircoloring can add a great deal to a look. We look for the subtleties in a color, the under-shading, something like an inner glow.

condition. Mr. Jacoel said, "I insist that my clients condition their hair regularly at home

between hair cut appointments. I love to see it shine!" One saying comes to mind at this point, "When love and skill work together, expect a masterpiece."

**Bike cops** ..... Cont'd from Niles-E.Maine P.1  
which would teach cyclists the bicycle rules of the road. Approximately 10 students would be salaried to bicycle patrol the community, wearing identifiable uniforms. They would be authorized to ticket offenders who would appear before the Youth Commission with their parents, and receive approximately 50 cent fines for violations. According to Gerhardt, second violators would have their bikes impounded for 15 days (with parent approval).  
While the budget for the program has not been determined Gerhardt enthusiastically plans tee shirt and pith helmet uniforms with appropriate "bicycle patrol markings on the "bike cops" bikes.  
The Gerhardt plan is the first of its kind throughout the country. In other actions Tuesday night Riggio's Restaurant received unanimous approval to expand its existing restaurant to 254 seats moving eastward on 2 adjacent lots. Riggio has purchased the land on the northwest corner of Oakton and Milwaukee where Kingsgard Cleaners is now located. The Kingsgard building, whose lease is owned by Henry's Drive In, will be torn down within 18 months.  
A building department request to change the code to lessen the present 60% masonry ordinance on older buildings was continued. The 60% restriction will remain for new single family construction but may be lessened to allow older buildings to be expanded with materials other than masonry. Older residents desiring 2nd floor additions are restricted by the present 60% code resulting in many denials of building permits.  
South Holland resident Keith Adams was awarded \$100 for his painting "Down By The Bayou", a recent 1st place winner in the Niles Art Contest held at Candlelight Court.

the scanning of grocery products in legal stores due to the absence of Fredesee Pesole, who is active in this study. The computerized pricing of foods does not allow the purchaser to see the price on the package he will be buying. A scanner (wand) computes the price of a grocery bill without the purchaser being able to compare prices charged with any marking on the package. Anticipating future computerizing in Niles stores, the village is studying ways to alleviate the problem.  
Capitol Records applied for zoning approval for a change from B-2 to Manufacturing zoning for property at 6401 Gross Point rd. A mix-up during the original zoning map in 1961 resulted in the action on newly purchased property. It was referred to Niles Zoning Board Plan Commission.
