Trustee Pesole wages individual price stamp battle

(By Alice M. Bobula)

Niles trustee Peter Pesole introduced at the Oct. 14 board meeting a food-pricing ordinance that requires individual stamped pricing of store items in Niles shops.

He proposed the ordinance for law said Pesole after learning that supermarkets are introducing a computerized food pricing (scanning) system that relies on a code in registering the price at the checkout counter.

No store in Niles presently is using the scanning system, although it is in operation at a Morton Grove supermarket chain.

Niles trustees agreed to study the proposed ordinance for discussion at the next, Oct. 28, board meeting. An employee from a chain store using the price scanning device is expected to be present to explain the computerizing method.

Pesole said he became aware of the "scanning" food pricing system while attending a recent legislative session of the House of Representatives in Springfield. The law requiring individual price stamping passed the House, Pesole said, but was defeated by 5 votes in the Senate.

"I can't understand what is wrong with letting people know the price of the item they want to buy," he said.

Even now store items are marked with different prices than are marked on store shelves, he noted. And how does a shopper tell if the price is wrong when it goes through the checkout computer?

The computerized method is okay for the store, argued Pesole, but what of the shopper on a weekly budget, or the senior citizen who must use extreme care in purchasing supplies on a limited budget?

"I want to see a price on the item before I buy it and I want to see that price registered at the checkout counter," he declared. He intends to get first-hand experience by shopping in several

Niles and Chicago police apprehend thieves after Lampert Jewelers' breakin

5 arrested in jewelry burglary

(By Alice M. Bobula)

Five men accused of burglarizing a Niles jewelry store in K-Mari Shopping Center close to 10 p.m. Sunday, Oct. 19 by Niles and Chicago police. City and suburban police closed in on the suspects' cars near Western Avenue as they fled west on Ballard Road.

The controlled apprehension followed the burglary of Lampert's Jewelers, 8800 W. Dempster, by the 5 who allegedly broke

The Blackstone Theatre is presenting *Brown Bubbling Sugar*, which may become one of the great musical variety shows of the last 30 years. The show, which has been to Philadelphia and Washington, is taking its time moving toward New York, but when it gets there New Yorkers will be standing in line waiting weeks and perhaps months for tickets.

To place a relatively obscure show alongside *Fiddler*, or *Oklahoma*, or *South Pacific* may seem a bit presumptuous. But when you see the usual 'hard to please' Chicago audience leap to its feet during the finale and roar its approval, staccato-clapping its way thru the last number, you know you're seeing a happening.

Sugar has a rather thin story line, tracing the Harlem years of the 20's, 30's and 40's, when Eubie Blake and Duke Ellington and Billy Holiday made swing and jazz and dance into a genuine American art form. But the story line is unimportant. The music and the dance and former jazz singer Thelma Carpenter and friends is what the show is all about. The Ellington music, played by a fine 12 piece onstage band, and the lush dance numbers, and the singing, glorious as anything heard in the Harlem of the 20's and 30's, parlay a 2 1/2 hour evening into the best sustained stagershow we've seen in many years.

Two 70 year old vaudevillians surround Miss Carpenter on center stage most of the evening in as charming a performance as you're likely to see. And while they softshoe their way into your hearts, their younger counterparts turn up the velocity, turn on the hyped dances, and turn a warm, pleasant evening into a rousing 150 minutes of exuberance which exhilarates both the audience and cast to the crescendo finale.

An auto-school bus collision at the intersection of Church st. and New England ave., Morton Grove on Tuesday morning resulted in injuries to three persons. Taken to Lutheran General Hospital were Marie Schwabe, the driver of the auto, 9224 Oak Park ave., Morton Grove; Maierhofer bus driver Daniel Siegel, 52 Morton Grove and bus passenger Sue Brown, 6849 Davis st., Morton Grove. According to Morton Grove police, the auto driven by Ms. Schwabe was eastbound on Church Street and the bus which was northbound on New England apparently did not obey the yield sign, thereby striking Ms. Schwabe's auto broadside.

Niles Senior Citizen greets Norway's King Olav

(By Alice M. Belski)
Norway's King Olav V was greeted by Mrs. Josefa Kallestad, 82, of 8325 Ozanam, Niles, for the second time Thursday, Oct. 15, at the Norwegian Lutheran Memorial Church (Norwegian name: Mennestuen), 2614 N. Kedzie st., Chicago.

She was one of two charter members of the 12 church members selected to meet the King. The second charter member, Harold Hazan, lives in Chicago. Two years of planning went into the 3-day visit by the monarch of Norway to the Chicago area, in honor of the sesquicentennial, 150th birthday of the immigration of all Norwegians to America.

"It was all so very thrilling," commented Mrs. Peer Gulbrandsen, who with her husband

accompanied her mother to greet the Norwegian King Thursday afternoon.

Admission was by ticket only for members and guests to the church. Vestibule doors closed at 2:30 and the King arrived at 3 p.m. to be welcomed by an Honor Guard of 23 Norwegian seamen from vessels anchored in the area and many children in Norwegian national dress.

The children sang "Hallelujah for the King" six times, said Mrs. Gulbrandsen, as he and his entourage strolled outside the church. The church was filled with people sitting in the aisles and an overflow on the outside.

Her mother was very excited at meeting King Olav again, said the daughter, the first meeting occurring at the church in 1968. Mrs. Kallestad's frailty, diminished hearing and arthritic condition necessitated the daughter's assistance in receiving the King.

During the hour-long ceremonies, each of the 12 honored church members were introduced by the church minister to King Olav, who shook hands and acknowledged each meeting with a slight bow.

"It was a very suspenseful moment," commented the Nilesite upon the ceremony, "especially for my mother who noted that the Thursday meeting might be the last big moment of her life, that she probably would not be here for the monarch's next visit."

Mrs. Kallestad had immigrated to the States in 1923, accompanied by her daughter and a son from Kristiansand s., in the southern part of Norway, to join her husband already settled in Chicago. Mrs. Gulbrandsen was

later to meet and marry her husband, a member of the Norwegian Church. The Gulbrandsens have been residents of Niles for 16 years. Her mother, she said, came to live with them last July, due to failing health.

King Olav, 72, arrived in Chicago as part of a nationwide tour that started Oct. 4 in New York and will end Oct. 29 in Anchorage, Alaska. He came to Chicago from Wisconsin, visiting the Art Institute on Thursday, dedicating a chair of Norwegian studies at the University of Chicago. Following his visit to the church he attended a concert of Norwegian music performed by the Chicago Symphony Orchestra, visited Norway, Ill., and attended a banquet in his honor on Friday at the Marriott Motor Hotel southwest of Niles, also attended by the Gulbrandsens.

Chicago has 70,000 residents of Norwegian descent and 80,000 more Norwegians live in the suburbs.

Members of North American Martyrs Council 4338 of the Knights of Columbus will canvass the Village of Niles for their annual Tootsie Roll Drive Friday and Saturday, Oct. 31 and Nov. 1.

Proceeds will go to retarded children community centers and institutions in the Niles area. Chairman Charles O'Grady, co-chairman Edward Coudek, and Grand Knight Kenneth Piasecki are appealing to the public for their support and cooperation in setting a record-year. Last year donations reached a high of \$400,000 in the state of Illinois.

"Our major hurdle today is society's lack of understanding of retardation, not the inability of retarded to adjust and adapt to society. Through the K. of C. Tootsie Roll campaign, opportunities for the retarded are not only ensured, but more importantly, society is enlightened and can profit from the contributions that each retarded person makes during his or her life here on earth. We hope that science will practically eliminate mental retardation in the near future. Dramatic advances in training exceptional children to lead happy and productive lives is now being accomplished in many cases. Your contributions will help these people to lead a life so many of us are fortunate to enjoy. Remember them, the happiness you receive is in giving."

Next Tim showed us the Mens Dorms (they have 6600 undergrads) and the girls Dorms (which number 1600 now). He said St. Mary's also has 1600 girls next door (which even it out somewhat.) They have a lake that is beautiful and he said the families of swans live there all year around. Then on to a 14 story library where they have a mosaic of Jesus with his hands upraised. The mosaic is made up of 52 different rocks from 52 states and really something to see. Tim said the students are very proud of it, and they call it their "Touchdown Jesus," because it is located in a position that when the boys score a touchdown they can look right up at it. The Stadium holds 59,000 people. After that The Sacred Heart Church, the Adm. Bldg. and of course during the trip we saw the Golden Dome several times which glistens in the sun. Wish we could have stayed longer, but was well worth seeing.

Then we were off to 100 center complex in Mishawaka, Indiana, where we explored shops. It's a converted brewery, and the restaurant had regular old ice tongs molded into handles for the doors, barrels and trucks from the old days were all over the yards. Vats from the brewing, all the old equipment was to be seen. NOW it is a wonderful group of shops, A Feed Bag (snack shop) Ice cream, Rathskeller's who served the best Pizzas. The day just wasn't long enough but we all got home tired and happy. A good week end to all.

You can help us by gathering together records of all kinds which pertain to political, social development of this area, such as family histories, the growth of business firms, history of schools and churches. Also historic objects, maps, photographs, letters, diaries, sermons, speeches, heirlooms, keepsakes, also relics, such as needlework, books, tools, household furnishings and equipment, newspapers and periodicals, uniforms, costumes and clothing. We now have a place to store these things in the Morton Grove Library so don't hesitate to contact Maurice La Boyer, 966-6914; Lota Rinas, 965-0267; or Clara Sanderson, 967-9736.

A welcome back to Anna Johnson who has been ill for over a year. So nice to see her again.

Honor student
Two hundred and twenty-six undergraduate students at Western Illinois University have been cited for their scholastic achievement during the summer quarter. Among them was Marylinda Zeitl, 8117 Gross Point rd., Morton Grove.

Have wheels, will travel
Niles police said two tires valued at \$40 were taken from an outside display at Good Year Tire, 9503 Milwaukee ave., around 9 p.m. on Wednesday, Oct. 15.

An employee told police he saw a late model Chevrolet Camero drive up to the southwest corner of the building. Two teen-agers leaped out and each grabbed a display tire from the rack outside of the store, he said.

License plates of the car checked out to a Morton Grove address, said police.

NILES ALL AMERICAN SENIORS

Oct. 14th - 2 husbands of us and our guests left on our fall trip. Our first stop was at "Tinker's Dam" in Mich. City Indiana for lunch. It's a beautiful country Inn with Sea Charts, ship lights, pictures of ancient sailing ships, everything reminiscent of old time fishing days. It was started in 1927 with just a stable which is the main restaurant now. After a delicious lunch, we were on our way to Notre Dame in South Bend. Did you know Notre Dame was founded in 1842 by Father Sorin?

Our guide Tim Conley took us on a driving tour of the campus. The Grounds are beautiful, especially with their fall colors. He took us first to Sports Complex where we saw their huge gym, and right next to that a huge hall which is 1/2 for Hockey (and they were practicing), the other half was all tennis courts. Then he took those that wanted to walk thru the upstairs, where he showed us their Football trophies, Basketball ones, Bosts of Knute Rockne and Parsegian. The Sports Complex has more ground under one roof than the Astra Dome in Texas.

Next Tim showed us the Mens Dorms (they have 6600 undergrads) and the girls Dorms (which number 1600 now). He said St. Mary's also has 1600 girls next door (which even it out somewhat.) Notre Dame Hockey to begin 5th season

Oct. 23 will signal the start of Notre Dame High School in Niles 5th season of competition in ice hockey. Head Coach Jim Meyer's pucksters have compiled a 110-51-14 record over the last three campaigns and hopes are running very high again this year. Meyer welcomes back 11 lettermen including Tom Ackermann, Matt Berrafato, Joe Brezinski, Larry DeSalvo, Dave Doody, Ralph Dynek, Don Hitzel, Bryant Johnson, Don Mueller, Larry Rosenbarki, and Tony Salemi. Newcomers include Mike Haines, Craig Belluomini, and Eddie Sklodowski.

Once again the ice Dons of Notre Dame will compete in the traditionally tough North Division of the Chicago Metropolitan High School Hockey League along with Deerfield, Evanston, Glenbrook North, Lake Forest, Loyola, New Trier East, and New Trier West. Last season the Dons finished in 6th place and were eliminated from the playoffs on a last second goal by New Trier West. This year the teams will play a 28 game schedule in the Metro League on Wednesdays and Sundays starting on Nov. 9. Maine East Demon Mascot

The next time you go to a Maine East football, soccer, or basketball game, don't be surprised if you see a blue Demon on the field with a silver pitchfork. It's senior Sheryl Rosen, Maine East's 1975-'76 mascot. Sheryl resides in Morton Grove.

What is the Demon mascot? Sheryl explains it as a good luck symbol which promotes school spirit among the crowd. She cheers on the ground with the cheerleaders and goes up in the stands trying to get spectators to cheer.

Sheryl thinks the Demon is important because "our team needs moral support behind them, and I feel that as the Demon mascot I can help bring spirit to the crowd, which will, in turn, encourage the team on to victory."

When our Demon isn't cheering, she's very active with Student Council as well as Class Council. Three or four times a week she's a waitress at Big Boy, and when time allows, she loves to ski. Next fall she plans to enter either the University of Illinois or Purdue to become an environmental engineer.

Maine East Freshman Football

(By Jay Baum)

One thing around Maine East that usually doesn't receive a lot of recognition is freshman football. This year, however, both A and B squads are winning, and recognition should be given where it is due.

The A team has a 3-1 record with the wins (18-0, 24-6 and 8-6) coming at the expense of Waukegan West, Niles West, and Maine West respectively. The only loss was inflicted by the Glenbrook South Titans, 22-20. The Demons were ahead 20-0 at half-time. Lack of experience cost them the ball game as Glenbrook put 22 points on the board in the second half.

Coach Don Presern has a very high opinion of his team. "This is the biggest and fastest team I've ever had, but more importantly is the fact that these kids have a good attitude. They are willing to work hard and give 110 per cent." Of Presern's 20 ball players, special mention goes to quarterback John McCarroll, guard

linebacker Bill Chapman, and fullback Jim Lloyd.

On the B level, Coach Ken Sartini is proud of his players and rightfully so because they are undefeated with a 4-0 record. As of yet, the young Demons are unscored upon. Scores have been 26-0, 6-0, 28-0 and 32-0.

The squad is comprised of about 30 players, and in the eyes of Coach Sartini, they are "hard workers with good attitudes." Some goals of the team are to remain undefeated and unscored upon plus winning the conference. One thing that Sartini stresses "is that the players enjoy the game because that's the most important thing. Down here on the B level, we try to teach the boys enough about the game so one day they can be successful varsity players."

Players who show a lot of promise are Q. B. Tom Breslin, F. B. Tony D'Agostino, L. B. Larry Binstein, and T. B. John Picchiotti and Darren Van Puymbrouk.

Peter Palumbo to be honored at banquet

Peter A. Palumbo, President of Palumbo Excavating Co., Hillside, will be honored by the Italian American Executives of Transportation as the Italian Professional Man of the Year, at a dinner dance banquet at the Diplomat West, North Ave. & Route 83, on Saturday, Nov. 1, 8 p.m.

In making the selection the chairman of the committee pointed out the many years of unselfish service that Palumbo has given to various causes; and most recently to the Italian Boys Town of Italy with a Palumbo raising over \$100,000 for their behalf.

Palumbo is a 4 year veteran of WWII and attended St. John's Military Academy in Wisconsin. Currently his companies, Palumbo "We move the Earth" Excavating, and Lenninger Mid States Paving are doing work for the state.

Palumbo and his wife Irene, who reside in Elmwood Park, are looking forward to celebrating their 25th wedding anniversary with their two sons, Joseph and Sebastian.

Sponsors of the event, the Italian American Executives of Transportation, who have sponsored many scholarships are now turning their efforts into establishing a graduate course in Italian Arts at the Major University in the Tri-State area. Members of the board pointed out a void in the educational arts in the field of the origin of Western Culture, the Italian Arts. The Renaissance period produced the greatest flow of art and culture that set a pattern for the entire Western World, and yet we find no Master of Italian Arts in the Midwest.

The great works of the Florentines (Florence), Venetians (Venice), and the Romans have established a pattern that no other civilization has given to the world in the field of arts. All revenues will be dedicated to establishing this program in the Italian Arts.

Car slide-collision at Dempster-Milwaukee

No injuries were reported in an auto-bollision at Milwaukee and Dempster in Niles, Tuesday, Oct. 14, although both cars were towed away by Skokie Automotive, said Niles police.

A car driven by Harvey Kaplan, 46, of 734 Laramie lane, Glenview, and eastbound on Milwaukee, reportedly veered into oncoming 5 o'clock westbound traffic, said police.

Kaplan told police a Volkswagen also traveling east in the lane next to him attempted to cut in front of him, causing Kaplan to brake and turn left on the slippery pavement. His car slid over the center line into westbound traffic, he said.

Robert Kolzow, 45, of 17 N. Quincy, Hinsdale, stated he was westbound on Dempster and in attempting to stop struck Kaplan's Hornet in the rear.

Kolzow is a witness to the accident told police they did not see a Volkswagen prior to the impact.

Kaplan was charged with speeding too fast for conditions and will appear in Niles court on Nov. 13.

Fourth of July parade, fireworks for '76 endorsed by Niles Days

The Niles Days Committee last week stamped an okay on the idea of a fireworks display and a parade for the Village Bicentennial Celebration next July 4.

"Our Committee had already projected plans for a '76 parade," noted Ed Brasch, who with Ben Mankowsky is co-chairman of the Niles Days Committee. Learning that a Bicentennial parade was in the planning for the Fourth of July he said the committee ceased preparations so as not to conflict with Bicentennial plans.

A Village Bicentennial Committee was formed earlier this year of approximately 30 Niles organizational representatives, chaired by Village Trustee Carol Panek for the purpose of planning monthly Bicentennially themed events in 1976.

Guidance under an Executive Board of Directors has projected plans for a Bicentennial stage production, sponsored by the Woman's Club of Niles, for April. An interfaith project in May will take place at St. John Brebeuf Church, 8307 Harlem ave.

A contest encompassing red, white and blue gardens is under advisement by the Garden Club of Niles. A village parade and an old-fashioned Country Fair are

projected for July 3 and 4 with a huge fireworks display during the evening of the National holiday and a Bicentennial Ball is under consideration for Dec. '76.

Numerous other Niles organizations have volunteered their services already, according to Chairman Panek... the Niles Jaycees, the Niles Squares, the Senior Citizen Clubs of Niles, the Niles Historical and Art Society and religious orders within the village.

The planned events for the year '76 all require funding, observed Brasch, who is also a member of the Niles Bicentennial Executive Board.

"The Niles Days Committee annually seeks a community project which can best be the recipient of Days' funds," commented Brasch last week.

In his opinion the Days Committee would look favorably upon a request for monies to fund Bicentennial events, he said.

"The total profits, dependent upon the size of next year's Festival Days, could be allocated to Bicentennial costs."

Conversations with Niles Mayor Nicholas Blase said Brasch have indicated that the Mayor approves of co-participation by

both the Bicentennial Committee and by the Niles Days Committee for sponsorship and funding of the 1976 Bicentennial celebrations.

He noted that the Days Committee has not set a date for acceptance of letters requesting funds, but "the date will possibly be in November or December."

The sum of \$12,500 of Festival profits in '74 had been requested and allocated to village expenses of Niles' 75th, Diamond Jubilee, birthday last year, he commented.

Approximately \$16,500 have been tentatively suggested toward costs of a parade, the fireworks and the drama production.

Netted monies at the end of the year will be geared to a Bicentennial village project, according to Bicentennial Chairman Panek.

Barber Shop celebrates 20 years in Morton Grove

The month of October, 1975, has a special meaning for Bill Habinyak, of Original Bill's Barber Shop. It was 20 years ago this month that Bill opened his shop at 9208 Waukegan Road, Morton Grove. Little did he think at that time that he would be cutting hair in the same location 20 years later.

About 18 years ago, Else joined her husband in taking care of the ladies of Morton Grove in her shop next to Bill's.

Bill says it is due to the patronage of the people of Morton Grove that his business has been so successful, and both Bill and Else have enjoyed working with them and for them these many years.

They are both grateful for the goodwill of the townspeople and with the continued patronage of their friends and customers, they hope to continue their business for another 20 years at 9208 Waukegan Road.

The next 20 winning essays were written by the following Niles students: David Fleisner, 8361 N. Octavia; Cheryl Barbaglia, 7019 E. Hamilton dr.; Sheri DeGeorge, 8555 Shermer; Lynn Manzo, 8151 Greenwood; Mary Christianson, 8645 Normal; Kathy Gaertner, 6959 Niles Terrace; Laura Tagliavia, 8019 Osceola; Shari Cantor, 8623 National; Sharon Sumner, 8030 B. Lyons, Diana Grabowski, 8256 W. Monroe; Karen Pavlovic, 8021 N. Overhill; DeAnn Gerhardt, 8490 Shermer; Joe Loeffler, 6955 Wright Terr.; Cheryl Ozonoff, 8322 Caldwell; Tereas Martin, 7108 Wright Terr.; Robert Koch, 8246 Osceola; Denise Horne, 7522 W. Kedzie; Nancy Dispart, 8238 N. Milwaukee; Kim Lake, 8754

Elmore and Ann Marie Arzt, 8421 N. Oriole.

The first place winner will receive a \$50 U.S. Savings Bond and a trophy and the next 20 winners will each receive a \$25 U.S. Savings Bond and a trophy.

In addition, all 21 will spend the day of Oct. 29 in the Village, each taking the part of an official such as Mayor, Village Manager, Village Clerk, Trustee, etc., and will spend part of the day with the person actually in that position. Lunch will be served to all at the Bunker Hill Country Club.

Further, the winners will run the Village Board of Trustees meeting scheduled for Nov. 11, at which time they will be presented with their trophies and bonds. Each winner will make the report of the person he represents.

The response to the contest was good this year with over 400 essays originally entered. The topic was, "What I Would Do If I Won A Million Dollars In The Lottery", and needless to say, many interesting ideas were included in the essays. Of course, everyone cannot be a winner, but

we thank all who entered for a job well done and hope you will enter again next year and perhaps be one of the winners then.

This year's winning essay, written by Bryan Wallk, appears below:

"I won a million dollars in the Ill. State Lottery, I had a bash to celebrate and everything was free! I got a lot of handshakes and a lot of kisses too, but most of all I got the question, 'Now what will you do?'

"When all the guests had finally gone, and everything was quiet, The only words that came to mind were 'Buy it! Buy it! Buy it!' A swimming pool, a tennis court, a super ten-speed bike and a brand new grand piano and all the things I like.

"By the time I went to sleep that night I had that million spent, I was thinking as I drifted off 'Boy, how fast it went!'

"The next day when I woke up I had some shocks in store for the Internal Revenue Service man was knocking at my door. He introduced himself to me, he said his name was More, He explained

a few important facts I had not known before.

"He told me of the income tax that I would have to pay, And suddenly I saw my million slowly melt away. I realized at that point my buying spree was out, I would have to spend it wisely, and of that there was no doubt.

"After much consideration I knew what I would do, I would save it for my future and my family's future too. So off to the Niles Bank I went to deposit all that dough—Just think how much in five years' time my bank account will grow!

"Another thought occurs to me about the way things grow; In five years time I'll be eighteen and old enough to know That all the things I want right now are not what's best for me, The things I value most in life are all completely free."

BJBE Art Festival

On Saturday and Sunday, Nov. 8 and 9, Congregation B'nai Jehoshua Beth Elohim, 901 Milwaukee Avenue, Glenview, will present its Fifth Annual Art Festival, featuring artists and craftsmen from virtually every north and northwest community. This year we are featuring the exciting work of Robert Charles Howe, recent winner of the Saturday Evening Post, Paint Like Norman Rockwell Contest. At age 21, Mr. Howe will exhibit his original full-size oils and Post Covers. Mr. Howe hails from Matteson, Illinois and was recently interviewed on the Mike Douglas T V Show. Shown above is a photograph of Mr. Howe's winning illustration.

'The Canterville Ghost' at Mill Run

The house lights are turned down; a hush fills the air, and suddenly ghosts appear from nowhere. It's The Canterville Ghost, the classic Oscar Wilde story adapted for the stage by the Mill Run Children's Theatre in Niles. It's an English mystery, unraveling in a castle—haunted by—of all things—a funny ghost, that will provide plenty of spooks and laughs for the young set, starting Saturday, Oct. 25, and running thru Saturday, Nov. 22. The play will be presented on Saturdays at 1 p.m. except on Nov. 15 when Kate Smith will present a matinee for the big folks at Mill Run.

Well known Chicago playwright Larry Maraviglia was commissioned to write the script for The Canterville Ghost specifically for the Mill Run Children's Theatre. Under the direction of

Harry Lee Rogers, the completely professional cast includes a Chicago favorite Mary Best and two Jeff Award Winners, Douglas Mellor and Delores Rothenberger.

Arriving just in time for Halloween The Canterville Ghost will be a trick-and-treat on every Saturday, but especially on Nov. 1 when children planning to attend are invited to wear costumes.

The Mill Run Children's Theatre is located in Niles in the Golf Mill Shopping Center at Golf rd. and Milwaukee ave. Tickets are \$2 and may be obtained on the day of the performance. Special weekday performances are also scheduled for school groups at 10:30 a.m. For groups of 30 or more, discounts are available, and reservations should be made in advance for groups by calling (312) 298-2333.

Northbrook McDonald's grand opening

On Saturday, Oct. 25, the new Northbrook McDonald's in Sanders Court will mark its Grand Opening. Owner Don Conley will present a giant oversized check for \$1,500 to the Northbrook Speed Skating Club. The money will benefit Club skaters training for the 1976 Olympic trials. There will be a brief ceremony at 9:30 a.m. just prior to Ronald-McDonald's appearances.

Ronald McDonald brings a complete show to the entire family at 10 a.m. to 12 p.m. and 2 p.m. to 4 p.m.

The new McDonald's represents a \$225,000 investment for interior design, seating and equipment.

Northbrook was chosen for this innovative departure because of the reputation of its owner, Donald Conley, who has been on the McDonald scene since 1957 when he was vice president and franchise director of the McDonald Corporation. The merchandising style used by that company today was largely established by Conley back in those days.

Conley left his executive position in 1964 and took over the Wheeling and Niles (Milwaukee and Oakton) stores. He practiced the efficiency he preached as an executive and turned the former owners' annual gross into his monthly gross.

Conley likes to be a part of every community in which he has a business. In Niles, he is a past president of the Chamber of Commerce. In Wheeling, his McDonald's contributed toward the Wheeling swimming pool. In Northbrook, in addition to the \$1,500 check to the skaters, he will acknowledge Northbrook as "The Speed Skating Capitol of the World", with a photo mural of the skaters on one wall of his McDonald's.

'Harry and Tonto'

"Harry and Tonto," the award-winning 1974 film directed by Paul Mazursky, will be presented on Friday, October 31, at 8:15 p.m. in Building 6 at Oakton Community College, Oakton and Nagle, Morton Grove.

Sponsored by the OCC Film Society in conjunction with the MONACEP program, the film stars Art Carney, who won an Academy Award for his performance; Ellen Burstyn, and Tonto. The feature has been called a "sensitive treatment of older people and their journey."

Admission is free to OCC and MONACEP students; a 50 cents donation is asked of others. The OCC Film Society is sponsored by the Oakton Student Government.

'The Sound of Music'

Maine North's production of the ever popular "The Sound of Music" will be held in Maine North's new 800 seat theatre on Nov. 7, 8 and 14, 15.

Mother Abbess will be played by Libby Goerss, and Steve Dimenna will assume the role of Max Detweiler.

Karen Elliott will play Frau Schraeder and Alison O'Brien will portray Liesl.

The motherless Von Trapp children will be portrayed by students from local junior high schools. Bill Helgren (Apollo) will play Fredrich and Gloria Sutter (Springman) will portray Louisa. Shaun Hoffman (Springman) is cast as Kurt and Jill Reznick (River Trails) will play Brigitta. Marta will be played by Mitra Khazi (Stevenson) and Gretl will be portrayed by Leslee Kupperman (Washington).

The three nuns are played by Kathy Greathouse, Maxine Stein, and Laura Helgren. Other supporting roles are played by Steve Lechner, Rolf Brita Schawlan, Frau Schmidt; Ed Henzel, Franz; Ken Pearlman, Herr Zeller; Wally Peterson, Baron Elberfeld; and Dean Phelus as Admiral von Schreiber.

"The Sound of Music" is the latest musical collaboration of Rodgers and Hammerstein. The stage production had about 1,443 Broadway performances and was made into a very successful film starring Julie Andrews.

"The Sound of Music" is based on fact and drawn from Maria Von Trapp's book "The Trapp Family Singers."

The setting for the musical is Austria, 1938 before the Nazi invasion.

Tickets for the performances may be purchased by calling 729-4784.

Tickets will also be available at the door for \$2.50.

Godspell

As its first production of the season, Niles West will present the musical GODSPELL (the old English word for gospel) on October 23, 24 and 25. It is a quite contemporary story, based upon the Gospel according to St. Matthew. In the play, Jesus, who is portrayed as an innocent simpleton re-enact parables and scenes from Jesus' life with great energy and good nature. According to the play's director Robert Johnson, GODSPELL is a show that will appeal to the most religious, the religious at heart and all who share the spirit of love.

GODSPELL is a family show. The staging uses devices of cartoon-voices, magic, minstrel routines, and pantomime to convey the play's message. The music is as eclectic as the staging and certainly is a major part of the entertainment. It varies from operetta to rock and its basis is often formed from old English hymns.

GODSPELL will be presented in the Niles West Auditorium at 8:15 p.m. on October 23, 24 and 25. Tickets, at \$3.00 for adults and \$2.00 for students, will be available at the box office prior to each performance.

The play, a witty provocative study of man and morals established box office records in Chicago and Washington prior to its appearance on Broadway, according to co-directors Denis

Berkson and Carole Kleinberg. The essence of the play, to quote the author, is: "Equality is our inalienable right to be equal with the people above so we need not be equal with the people below."

Tutoring Program

Students, having trouble with one of your classes at Maine East? Once again the National Honor Society is offering free tutoring to any student who would like it.

All you have to do is either ask your teacher or you can do it yourself by contacting a National Honor Society officer. A tutor will then be assigned according to the tutoring schedule. For example, the schedule for Geometry is periods 1, 2-B, 3, 4, 5, 7, 8, and 9. Also available are English, foreign language, math, science, and social studies courses.

Contact anyone of these National Honor Society officers to obtain a tutor: president Gary Kay, homeroom 165; vice president David Dobkin, homeroom 241; secretary Debbie Gersh, homeroom 169; and treasurer Mary Gianos, homeroom 169.

Planned for second semester is the "A" honor roll tea and the election of new members.

Maine East's junior class is starting plans for the May 15 prom. The first organizational meeting is Tuesday, Oct. 28, at 7:30 a.m. in room 337.

At this meeting, prom chairman will be chosen. In addition, committee heads for refreshments, entertainment, publicity, and table decorations will be selected.

If interested students are unable to attend, they should contact class president Steve Pietrick, vice president Jeff Nye, secretary Natasha Samin or treasurer Scott Seigerwald.

Morton Grove Library Happenings

Dig out grandma's old things from the attic and take another look at your old family picture albums! The Morton Grove Library and the Morton Grove Historical Society are conducting an "attic search" from now until July for anything that has local historical significance and that can be used in our Bicentennial Celebration and that can become a permanent part of the Library Archives and the Historical Society Museum.

All residents are asked to comb their attics and basements for old books, pictures, letters, bric-a-brac, newspaper clippings, clothing, dishes and other memorabilia that would date back far enough into Morton Grove history to be of interest to the rest of the community.

Park Board motion to reduce office term

Niles Park Commissioners Tuesday night unanimously approved a motion to reduce the service term of a park commissioner from 6 years to 4 years. Park Attorney Gabriel Berrafato was directed to prepare the necessary resolution for approval at the November park board meeting.

The bill permitting park commissioners to reduce their term of office from 6 years to 4 years had been signed into law recently by Governor Walker as well as a pending House Bill allowing park districts to enlarge their boards of commissioners from 5 to 7 members. Park Commissioner Jack Leske had cautioned fellow commissioners at the September board meeting that he would seek approval on both issues and for the commissioners "to think on it."

Tuesday night Leske said he would approach the new laws one at a time and called for approval of the reduction in terms of office. On a shorter term (4 year) basis, he said, park commissioners would have more empathy to people's problems.

Park Attorney Berrafato, told commissioners that under the law, park districts may reduce the term of office by resolution of the board or by petition-initiated referendum. If the Board chose to change the term of office from 6 to 4 years, said the attorney, only a petition-called referendum could change a commissioner's term back to 6 years.

Park Commissioner Steve Chamerski had asked for a tabling of the motion to allow more discussion time but the tabling motion died for lack of a second. In other business: Comr. Jack Leske presented the 6th Annual

Fishing Derby Awards of a rod and reel to Marshall Collins, 7, of 1301 Western ave.; and to Gene Kalkowski, 10, of 8737 Stolting rd., for catching the most fish in their age category of any one fishing session. Al Bremer, 15, of 8144 Ozark, received a tacklebox; Larry Barcheski "over 18", of 7656 Osceola, was awarded a box of lures. For catching the largest fish, Bob Zanko, 15, was awarded a minnow basket and net.

Bids for a spectator shield system at the Ballard Sports Complex "Ice-Rink" went to Administration for recommendation at the continued meeting of the Park Board on Oct. 28.

Park commissioners confirmed a motion of approval to change the name Maine-Niles Assoc. of Recreation for the Handicapped (M-NARH) to Maine-Niles Assoc. of Special Recreation (M-NASR) by reason of individuals who have a learning problem, explained Comr. Millie Jones, rather than a handicapped problem.

A request by Norm Dachman on behalf of the Better Boys Foundation to use a Niles park for a circus as a fund-raising project was sent to Committee for report at the Oct. 28 meeting. In agreement that the project was a worthy cause, Comrs. Leske and Chamerski questioned the suitability of Niles parks, suggesting use of "open forest preserve land."

Park Board President Millie Jones announced a meeting of Golf Mill Park residents, Community Police Officer James Gerhardt and park officials, set for the Ballard Sports Complex Wednesday, Oct. 22, at 8 p.m. to discuss complaints of youth harassment, abusive language and rowdiness at the park.

Burglary

Continued from Page 1 through the wall of an adjoining barber shop to gain entry into the jewelry store.

The break-in and burglary were unsuccessful said police, who theorized that the burglars were prematurely frightened off after one of the men tripped over a wire in the store, setting off an alarm directly connected with Niles police headquarters.

Police identified the men as Roy Blakeney, 35; Edward Cook, 50; and Martin Katz, 41; all of Miami, Fla.; Theodore Ristich, 29, of Bensonville and Louis Ritacco, 48, of St. Paul, Minn.

All five were charged with burglary, possession of burglary tools and possession of stolen property. A van and one of the two autos used by the men when they were apprehended were stolen, said police.

The suspects were held in the Niles jail for a preliminary hearing in Niles Court Monday morning before Judge James Maher who set each man under a \$100,000 bond. They were housed in Cook County jail Monday afternoon pending arraignment Friday, Oct. 24 in Niles Court before Judge George Zimmerman.

The men were considered professionals in their particular line of endeavor, said police.

No weapons were displayed at the time of seizure nor did they give any indication of having any, said Niles Captain of Detectives Edward Dennis.

Niles Police Chief Clarence Emrikson credited the Chicago Criminal Intelligence Unit (CIU) and the Niles Detective Bureau with apprehension of the suspects Sunday night.

"The CIU was tipped off that the men were in the Chicago area," said the Police Chief, "and they had the group under for surveillance for many weeks."

A surveillance by Chicago police had been set up at a Rte. 83 Motel where the men were staying and the police followed the group until they came into Niles and the K-Mart Shopping Center. Niles police were notified and the area was surrounded by police.

"We watched them break into the barber shop and were waiting to close in," said a Niles police captain. The suspects fled the scene in three cars after accidentally tripping an alarm.

Dennis said the police had specific reasons for apprehending the suspects in their cars and followed the suspects until such time that the police cars could effectively close in.

According to an eyewitness homeward bound to Niles Sunday night, traffic was backed up on Ballard Road and the entire area cordoned off.

"Lights were flashing everywhere," she said and the police had the five men handcuffed and

Before the Sagar hits Broadway, I'm sure the show will be rewritten, perhaps several times. But if the producers are wise, they'll leave the show alone. Without any truly big names helping to carry the show, it moves along with its own verve.

Do yourself a favor and get down to the Blackstone. It's likely to be the best show you'll see this year, and perhaps for many more.

If you're looking for some adventurous reading, try Sir Edmund Hillary's autobiographical Nothing Venture Nothing Win. One of the first two men to reach the 29,000 foot peak of Mount Everest in 1953; Hillary takes you thru hundreds of pages of mountain climbing, down some of the most treacherous rivers of the world and across Antarctica in a farm-like tractor which is more exciting than any fiction which could be written for adventure lovers.

The Hillary story is about man's ability to conquer nature. But it's more a story of self-discipline, of going on and up when it would be easier to turn back. For this farmer from New Zealand, being able to continuously rise to the natural challenges of the world is a marvellous testimony to an extraordinary man.

World Book sponsored an expedition to the top of the Himalayan mountains, about 27,000 feet high, many years after Hillary had reached the top of Everest. They were interested in how high man could climb without the use of oxygen; Hillary led the climb in a test of endurance which defies credibility.

Nothing Venture Nothing Win will be an exceptional adventure for all who read this most exciting book. Read Sir Hillary's book one hour a night for one week, and you'll remember for years to come these mighty adventures, which contrasts with your already forgetting last night's 4 hours of TV.

The Goodman Theatre opened its 50th year with Thornton Wilder's Our Town 2 weeks ago. It indeed was a splendid selection. Wilder's New England families which we see are young, mature and die during the turn-of-the-century, wear extremely well some 40 years after it was first performed.

What seems like simple homilies—"We never really listen to one another"—becomes quite meaningful as Wilder takes us from the young years of star-crested high school lovers, thru their marriage, and to the eventual death in childbirth of the bride we grew up with during the two hour performance.

The very gentleness and simplicity of the time, and the people, is a vehicle for Wilder's telling us to eschew our days on earth. His closing scene where the departed sit up from their graves is great theatre, a scene which will live in the memories of those who take Wilder at his words. It's a fine play, well-cast, and a must for theatre-goers who enjoy the best of productions from a live proscenium.

Oakton

Continued from Skokie-L'Wood P.1 of ground will be mayors and village presidents of in-district communities; Des Plaines, Glenview, Golf, Lincolnwood, Morton Grove, Niles, Park Ridge and Skokie.

Government staff has indicated that he is hoping to attend the ground breaking program but final acceptance of Oakton's invitation will be delayed pending major legislative developments in view of the reconvening of the General Assembly on October 22.

Music will be provided by the Niles Township High School West Band, A Color Guard of the Maine Township Civil Air Patrol (Cadet Wing) will participate in a flag ceremony.

Oakton's search for a college site began shortly after the college was founded by a referendum in April, 1969. After several attempts to purchase a site ended in controversy, a community advisory committee was named to assist in the search. After an 18-month study, the Des Plaines site was chosen. It was approved by the ICCB in March, 1974.

Pesole

Continued from Page 1 stores prior to the Oct. 28 meeting for proof of evidence to set before the Board.

Pesole said Chicago councilmen "voted unanimously to approve the same ordinance. I am asking."

Skokie approved the ordinance, but exempted small stores -- "I exclude no one in the ordinance I am proposing for Niles."

Des Plaines housewives' pressure last week on Mayor Herbert H. Buehrel's veto of the individual price stamping ordinance prompted Des Plaines aldermen to override the Mayor's veto. The women of Des Plaines actually campaigned to push that

law through," said an alderman, "and we couldn't withstand that kind of pressure."

Pesole said his proposed ordinance is a composite of the Chicago, Des Plaines and Skokie law.

Should the ordinance be passed into law Niles stores will be notified the following day. The Village License Officer will enforce the ordinance which permits a \$1,000 fine per day immediately.

Pesole was surprised that he has not received any phone calls (other than the Bugle's) from Niles residents regarding the ordinance.

Trustee Carol Panek, the sole trustee to comment on the issue, was in favor of the computerized, scanning method because "she believes use of the computer device will reduce the overall cost of the item. She also favored unpricing, she said, indicated on store shelves, for the sake of comparing cost prices by weight.

Pesole can be reached at 966-6740 or by registering comments at the Administration Building, 978-6100.
