Ground breaking for permanent Oakton campus

State, county and local officials and educational and community leaders all attended the official ground breaking ceremonies for the permanent campus at Oakton Community College on Sunday, October 26.

Louis Silverman, chairman of the Illinois Capital Development Board which is responsible for the construction of the college Des

Plaines campus, and Robert B. Glade, member of the Illinois Community College Board, discussed the significance of the event.

More than 300 people, most of whom had been involved in the college's development at one time or another, attended the program which culminated the six-year search for a permanent campus.

The 170-acre campus site is located on the Des Plaines River in Des Plaines between Golf and Central Roads. Site development construction is now underway and it is anticipated that building will begin in the spring. The college will be housed in one large, enclosed building which will contain classrooms, labs, offices and other facilities off of a central

mail.

Mayors of municipalities in the Oakton district present at the event were Julie C. Bode, of Morton Grove, Edward K. Patten of Glenview and Nicholas B. Blase of Niles. Eleanor Rohrbach, a city clerk of Des Plaines, and Don R. Copeland, Skokie trustees, represented their respective cities.

Other officials at the ground breaking included George Dunne, president of the Cook County Board of Commissioners; State Senator John J. Nimrod from the 4th District; John "Bill" Carroll, State Representative from the 4th District; Allan J. Greiman and Peter P. Peters, State Representatives from the 15th District; Continued on Page 18

From the Left Hand

by David Bessier
Editor & Publisher

We had a rather interesting 5-day period beginning last Thursday when Central Telephone Company hosted their annual outing at their private preserve in Elgin. On that lovely warm afternoon, we spent 2 1/2 hours fishing in an overly-stocked inlet and came up with zero fish for our efforts. Then a very nice guy from a Des Plaines radio station suggested we throw in 10 or 12 niblets of corn around our fishing line and in 10 minutes we'd caught 3 fish. It proved once again city boys often lack the 'smarts' which they think they have an abundance of.

In the evening a sumptuous dinner was served in the lodge and the Centel people once more proved to be extremely cordial hosts.

Friday night we attended a publishers' dinner in Oakbrook. The guests for the evening were Cook County officials. Since we've tweaked, nudged and gone after local politicians thru the years, we have to report publishers are just guys after the almighty buck like most other people. During the introductions of public officials, Stanley Kusper was presented a plaque for his cooperation. During recent years Kusper has authorized legal notices be published in these men's newspapers. For this he received a plaque. It was incredible. If a politician was so brazen as the publishers, the politico would be raked over hot newsprint from one end of the County to the other. But there was this august body of opinion makers buttering up a County official because he made them a few more bucks for their newspapers.

There are code words publishers use which may camouflage their true intent. They contend the public has the 'right to know' in dispersing information about public bodies actions. And while they may be sincere, there are often dollar signs which motivate their intentions. If in letting the 'public know' they can also make a buck (from legal notices) then they have filled a dual mission.

Set foot exams at Niles Senior Center

Examination of the most abused part of the body - the feet - will take place at the Niles Senior Citizen Center on Wednesday, Nov. 5, according to Janice Sanes, Program Director.

The foot screening program for senior citizens in the area will take place from 10 a.m. to 3 p.m. and will be conducted by the Illinois College of Podiatric Medicine. Dr. Daniel McCarthy, Professor of Histology and Embryology at the College, who resides in Park Ridge and has a private practice in Des Plaines, will be aided by upper class students in the examinations.

Foot screening consists of a cursory examination of foot skin and nail condition, foot posture and structure, and wear of footwear for irregularities. The podiatrist will make a positive or negative recommendation for further examination and treatment. If positive, the person is advised to visit his local podiatrist or the non-profit clinic of the Illinois College of Podiatric Medicine, 1001 N. Dearborn st. Persons seeking treatment at the clinic may come in between 10 a.m. and 6 p.m. Monday thru Friday.

St. Ignatius NDHS beats in water polo

The Notre-Dame-High School water polo team defeated the team from St. Ignatius High School 18-17 on Oct. 17 at the University of Illinois Circle Campus pool. A strong team effort forced the game into a double overtime and with 54 seconds remaining, Bill Meyer, a junior from Glenview, scored the winning goal. Members of the team who are seniors are Tim Burke of Lincolnwood, Eric Otten and Jeff Stahl of Morton Grove, and Brian Walsh and Mike Walsh of Niles. Members of the junior class are Dennis Brand of Glenview, Dave Herdrich of Des Plaines and Jim McNab of Niles. Jim Clausen of Niles is a sophomore and Gerry Waters of Niles and Wallie Schreiman of Chicago are freshmen.

The Demons broke the record against Glenbrook South by scoring 7 goals in a 7-0 rout. Goals scorers in this game were Tom Miller, Mike Tietz, who scored 3 goals, Luis Zubillaga, Roland Weiss, and Barry Grabelle. The next game was against Niles East and the final score was 4-1 in Maine East's favor. It didn't rain in this game, but the wind was very gusty so the Demons kept the ball down so the wind wouldn't affect them. The

Demons took the lead in the second quarter when Glenn Corbill converted a rebound off a hard shot by Grabelle. This lead held up until 5:13 of the third quarter when Niles East scored after some fine passing to make the score 1-1. This was as close as it got because the Demons scored with 1:26 left in the third quarter on a shot by John Lee assisted by Grabelle. The Demons exploded for two more goals in the fourth quarter by Tietz and Grabelle to make the final score 4-1.

Demons find golf season competition rough

High school golfers found the competition as rough on Friday and Saturday, Oct. 24-25, at the state competition as they did at the Oct. 10 district competition. Maine East finished sixth out of seventeen teams.

The best varsity team score, a 155 (an average of 39 for nine holes), was shot in a win against a strong Glenbrook North team at their course on Oct. 7, and the best frosh-soph team score was a 147 in a win against Maine South on Oct. 2.

According to Coach Don Keane, the most consistent performer on the varsity level this season is captain Carl Sorensen. His best score was a 34 on the first nine at Rob Roy while playing against Maine South. Other members on the varsity are senior Ed Mendrala, senior Bob Fergus, senior Craig Somach, junior Randy Ozmina, junior Brad White, junior Mike Knoll, and junior Howard Friedman.

The most consistent performer on the frosh-soph level is captain Lee Vincolese, and the best

individual round was shot by Glen Krandel, who had a 35 on the short nine at Rob Roy Country Club.

The varsity record for this season is 4-6, with the wins Maine East 201, Evanston 204; Maine East 156, Waukegan West 175; Maine East 179, Notre Dame 185; and Maine East 155, Glenbrook North 156. Losses were frequently close -- Maine East 166, Waukegan 157; Maine East 166, Glenbrook South 161; Maine East 183, Niles West 175; Maine East 171, Maine West 167; Maine East 156, Maine South 149; and Maine East 176, Niles East 164.

Wins for the frosh-soph this season were Maine East 164, Waukegan West 186; Maine East 161, Maine South 164; and Maine East 173, Niles East 190.

Varsity football wrapup for Demons

It was Niles East's homecoming game, and Maine East was the opposition for the Saturday, Oct. 18, afternoon affair. The Demons were trying to bounce back after their dreams for a championship were abruptly halted by a tough Maine South team. Maine East was the obvious favorite since Niles East is one of the worst teams in the Central Suburban League.

Maine East won 29-12. Niles East took the lead after one, with Christopoulos scoring his first of two touchdowns, 6-0.

Then Maine East blew it open with Sam Donnatucci and Jay Baum both scoring on running plays and sure-handed John Rupke catching a Jay Baum, 34 yard, touchdown strike. For all intents and purposes the ball game was over at the half with Maine East out in front, 22-6.

Both teams scored a touchdown each in the second half, and Maine East breezed to a 29-12 victory.

There is one more game left in the season. The Demons close out the season at home against the Vikings of Niles North, who have been anything but spectacular this season.

This packet of forms, called a "data pack", contains applications for next year's vehicle sticker, animal tag and free bicycle license. As an added convenience a pre-addressed return envelope is also contained in the "data pack", along with some local ordinance laws that new as well as established residents will find helpful.

Ground breaking ceremonies for First Baptist Church

FIRST BAPTIST CHURCH
7337 Waukegan Road, Niles, Ill.

Ground-breaking ceremonies were held Sunday, Oct. 19, for the new addition of The Little Country Chapel (First Baptist Church), 7339 Waukegan rd. Members and friends looked on as Pastor Roger L. McManus; Deacons Roy Anderson and Roger Rowe; Niles Village Trustee Ang. Marcheschi, and former Niles Mayor John Calef took their turn with the shovel. The Faith & Victory Choral sang songs of praise and Mr. Calef recounted some history of the building as well as how he, as a little boy, helped his father dig out the basement.

The over 100-year-old structure is considered a "landmark" in

the village and was granted a zoning variation in order to use wood in the new construction. Remodeling and expansion of the church will begin immediately and the architectural design will retain the "old country" church appearance. Services and meetings will go on uninterrupted in the church while the work progresses.

Cost of construction is estimated at \$70,000. Over \$50,000 has been raised by selling Serial Sinking Fund Bonds, offering 7%, 7 1/2%, 8%, 8 1/2%, 9% and 9 1/2% interest, in denominations of \$100, \$250, \$500, \$1,000 and \$5,000, with maturities one year

thru fourteen and one-half years. The church has pledged to repay all obligations to these bonds with their offerings, rents and revenues. Anyone wishing to purchase a bond at these excellent rates may contact Mrs. George Ostrohn, Bond Sales Secretary, at 698-3579.

NFS offers single parents group discussions

Niles Family Service is offering a single parents group on Thursday evenings from 8 to 10 p.m. starting Nov. 6 for 6 sessions at the Trident Community Building, 8060 Oakton in Niles. Call 692-3396 to pre-register. The fee is \$5 for Niles residents or \$1 per session; \$10 for non-residents or \$2 per session.

This will be a personal growth group in which we'll share our feelings and problems in relating to men and women and to our children. We'll experience ways of growing towards fuller awareness of ourselves and more meaningful contact with others. The following topics will provide a focus for discussion and group experiences.

Communication: relationships with ex-spouses, our children, new and old friends can be

sources of conflict. As we grow and change we need to find new ways of communication. Basic communication skills will be presented. We'll practice expressing our feelings and responding to others in ways that are open, honest and direct.

Self-worth: women alone, and men too, are often out of touch with a sense of power over their lives. Feelings of self-worth can become painfully low. Through a sharing of feelings and simple exercises we will look at some of the factors that undermine these strengths.

Closeness, intimacy, sexuality: changing old patterns and habits, finding supportive relationships, coping with emotional and sexual needs, feminist issues, "the dating game", may present confusing challenges. Growing towards intimacy means having a deep respect for ourselves, trust in our feelings and in our ability to say what we mean.

Parent-child relationships: roles: as single parents we are often called upon to play a number of different roles with our children. Also, male and female roles are changing. In the group we'll explore role expectations and ways in which we can find more satisfaction in our relationships.

Leader is Ms. Sandra Oriol, M.S. Ms. Oriol is a psychologist, a mother of two, and has led growth groups in the Chicagoland area for several years.

Lawrencewood Merchants display Bicentennial Flag

On Sunday, Oct. 26, the merchants of the Lawrencewood Shopping Association, Oakton and Waukegan, Niles, held a Bicentennial Flag Raising Ceremony which culminated many weeks of preparation in the shopping center. The trim on all the stores has been painted in the traditional patriotic red, white and blue colors.

Mary Walzak, secretary-treasurer of the Lawrencewood Merchants Association, told The

Bugle the merchants wanted to do their part to help our country commemorate its 200th birthday. As passersby gathered around, the beautiful Bicentennial Flag was unfurled and slowly raised to the top of the pole, flying in prominence above the Lawrencewood Shopping Center.

Shown above taking part in the ceremony are (l-r) Mike Scianna, president of the Lawrencewood Merchants Association; Mary Walzak, Secretary-treasurer (par-

tially hidden); Emil Theodore, commander of the Niles VFW Post 7712 and Ron Walzak, vice president of Lawrencewood Merchants.

Members of the color guard included Tony Grime, Ciel Ferrel, Tom Berg, Ray Witkowsky and Tom Davidson. Congratulations to the Lawrencewood Shopping Center on their patriotic display.

Fire ravages Niles home

Fire caused an estimated \$20,000 in damages to the townhouse residence of Mr. and Mrs. Robert Stein, 8725 Shermer rd., Niles, during the early morning hours of Monday, Oct. 27.

No injuries were reported. Residents of the house and a 2 year old son were alerted by their daughter Jacqueline, 10, who woke them shortly before 1 a.m. She had become frightened, she said, when a "poof" noise woke her up and she smelled smoke. Niles Fire Chief Albert Hoelbl, on the scene with Deputy Chief

Charles Bobula, said the blaze apparently originated at the back of the townhouse, in the furnace room.

All occupants were out of the house on arrival of the firemen. Firemen in the first unit to arrive on the scene at Shermer rd. and Carol ct. said they saw orange and red flames shooting up out of the basement and upstairs windows at the rear of the townhouse. "It looked as though the fire covered two houses as we drove up," said a fireman, "the flames were so spread out."

Firemen arrived on the scene at 12:48 a.m., two minutes after an anonymous phone call reporting the fire was received at the fire station.

Fire damage was extensive, said the Fire Chief, noting that flames swept thru the house, traveling up from the basement into the bedroom, through the ceiling and thru other rooms in the house, extending to the adjoining townhouse on the outer side.

Firemen remained on the scene for 3 1/2 hours.

Origin of the fire remains under investigation said the Niles Fire Chief.

Judge George Zimmerman granted the Dec. 10 continuance under agreement by both State and defense attorneys during the Oct. 24 court hearing in Niles.

The five men apprehended by Niles and Chicago police following an alleged burglary of Lampert's Jewelers in the Dempster-Greenwood K Mart Shopping Center were identified by police as Roy Blankenly, Edward Cook and Martin Katz of Miami, Fla., Theodore Ristich of Bensenville and Louis Ritacco of St. Paul, Minn.

Zoning Board votes for Bankers Dozen

(By Alice M. Bobula)

In an era of eateries and geriatrics, Niles faces an even faster growing phenomena-influx of banking. Monday the Village Board approved the Wednesday, Oct. 22, recommendations by the Zoning Board, Niles residents will have 12 financial institutions to sock their savings without going out of the village limits.

The Zoning Board Oct. 22 reversed itself in former action and approved a special use variation for a Unity Savings & Loan of Chicago to open a branch at 8361 Golf rd. In second action a major change variation was approved to a planned unit development (PUD) at Golf and Dee rds., permitting construction of a Madison National Bank at 9190 Golf rd.

Zoning Commissioners previously cited a "glut" of savings institutions in Niles when on July 23 petition had been denied for a Unity branch on Golf rd. Expressing the opinion of the Zoning Board, Commissioner Orville Ottow observed that "the number of savings institutions we are acquiring in this village are in excess and it is the responsibility of the Board to limit this usage."

Two other savings institutions are locating in the same area: Four Flags State Bank at 8199 Golf rd., Evanston Federal Savings & Loan, 9509 Milwaukee is branching in the Treasury site, 8500 Golf rd.

With the exception of Commissioner Sydney Mitchell who again cast a negative vote to the Unity re-petition, Zoning Commissioners were roundly faced down with extremely well prepared presentations by petitioners of both savings institutions, each citing a "need for more banking in Niles."

In re-petitioning for a Unity branch in Niles, Atty. Joseph Ash withdrew the request for a drive-in facility, previously negated by the Commissioners because of projected traffic safety problems to a Day Care Center located in the same building.

He noted that Unity has 1100 accounts originating in Niles with a total savings deposited of \$4 million in the Harlem ave. and Schaumburg facilities, "demonstrating a substantial need," he said, "for a branch in Niles for the convenience of Niles residents."

The Niles facility will service Des Plaines, Morton Grove, Niles and Prospect Heights.

Notre Dame Open House

Notre Dame High School for Boys, 7655 Dempster in Niles, will prepare for its twenty-second year of operation with its annual Open House on Sunday, Nov. 2, from 2 to 5 p.m.

All seventh and eighth grade boys and their parents are invited to visit the school and inspect its facilities. Members of the school administration, faculty, and students will be present to greet the visitors and conduct tours. Displays and equipment of the various departments will be presented. All student organizations and sports will be represented. Refreshments will be served in the school cafeteria throughout the afternoon.

The program of Notre Dame High School is rated College Preparatory by the State of Illinois. The school strives to keep this rating alive by supplying complete education for the col-

lege-bound student. The departments try to become informed of the changing demands of colleges and provide students with the courses and materials they need. The Guidance Department sees every student to offer him practical advice about choosing and being admitted to a college. Colleges and universities send their representatives to explain the standards and programs of their schools to Notre Dame students.

In planning an individual program for a freshman, the school considers scores from the placement test he takes, recommendations of the boy's grade school teachers and principal, and an interview with the student and his parents.

The placement test for all incoming freshmen will be given at the school on Saturday, Jan. 10, 1976, at 8:15 a.m.

NILES, ILLINOIS, WHERE EVERYBODY KNOWS WHAT EVERYONE ELSE IS DOING AND EVERYBODY BUYS THE BUGLE TO FIND OUT HOW MUCH THE EDITOR DARES TO PRINT.

A new era in home climate control begins

About forty-five years ago, scientists began developing a revolutionary heating device that uses the heat of the earth's atmosphere. They called it a heat pump. Today, it is the only commercially available heating system that provides an answer to shrinking supplies of fuel oil and gas.

How the heat pump works.

Basically, the heat pump moves heat from one place to another. Using electricity to run the device, it extracts heat from a limitless source—the heat in outdoor air. During winter, enough heat remains in the air—even on the coldest and cloudiest days—to be extracted by the pump and transferred indoors as clean, flameless heat. And during warm weather, the process automatically reverses, removing excess indoor heat and humidity—like an air conditioner.

Better efficiency.

In short, the heat pump does the job of both a furnace and an air conditioner. But there's an important difference. The heat pump produces more than 1 1/2 units of heat energy for every unit it consumes. That's better efficiency than any other current heating system.

It's ready.

It's ideal for new homes because it won't be obsolete in ten years. It's not dependent on the fossil fuels that may not be available in the future. To the homeowner, that means significant long-term savings on heating costs.

The heat pump is a big step in the conservation of scarce fuels. And here in northern Illinois, the electricity you would use to capture the heat comes mainly from coal and nuclear energy, rather than scarce oil and gas.

To get the full advantages of the heat pump, it's important to get a quality product properly installed and reliably serviced. For the name of qualified installers in your area, call G. W. Berkheimer (Westinghouse Distrib.), (312) 374-4411, or General Electric Co., (312) 496-6356. If you want additional heat pump information, call your local Commonwealth Edison office and talk to our marketing engineer.

Costume winners at Park Parade

The 18th annual Halloween celebration sponsored by the Niles Park District began with a Saturday afternoon parade from Oak School, 7640 Main st., preceded by the huge red Fire Department snorkel and finalized in presentation of prizes, game-fun and treats at the Grennan Heights Gym, Oketo and Kedzie st. in Niles.

Approximately 100 costumed kids, some with parents, marched along Main st. en route to Grennan Heights Park on a sun-warmed Saturday. Hippies were "out" TV and fairytale characterizations were the "in" group this year, with a fair sprinkling of witches, scaries and numerous costumed animal lovers... Snoopy, a turtle, bumblebee, lion and the usual wee clowns and hoboes.

About 300 more goblins, monsters, spacemen and other Halloweeners joined the paraders at the park for the costume judging contest, games, the Spook House and treats of donuts, taffy apples, candy and prizes donated by the Park District.

Game prizes were awarded to winners in each of five age group categories.

Costumes

Pre-school winners were 1 year old Gwen Corrigan of 8454 Oak st., a polka-dotted clown in a handsewn suit by her grandmother Gloria Czarnik, riding in a toy box circus wagon pushed by her grandfather. Second place award went to 1 year old Nick Hauptmann of 8111 Elizabeth, a brown and yellow ruffed lion. Third was 4 year old Ann Argetsinger of 8553 Oriole, a bumblebee.

1st and 2nd grade winners were Danny Cook, 5, of 8716 Elmire, he was a huge black hat; Carol Rubens of 7627 Kedzie, a white-wigged, pillowed old lady of 5 years; and Kathy, 6, and Gerry Romanek, 7, of 8439 Ottawa as pink bowfowered Betsy Ross and patriot.

3rd and 4th grade winners were Pam Cook, 9, a 4th grader at Oak

School, dressed as a Christmas tree in a full green and decorated dress. David McFeggen, 8, of 8391 Olcott was a boxed-in Bozo the Clown on TV; Scott McGrew, 8, of 7539 Main st. was true to life in a handsewn black and white Snoopy suit.

5th and 6th grade winners were 11 year old Michelle Biancalana of 8256 Elmire, a box of cereal, Frosted Rice; 11 year old Mike Ramig, 7660 Grennan, a shining silver boxed robot; and 10 year old Annette Olbrisch of 8320 Oak made a charming Hobo-ette.

7th and 8th grade winners were Karen Fortuna of 7001 Howard, a mummy wrapped in beige bandages; 12 year old Ann Marie Arz of 8421 Oriole, a grandmother; and Cheryl Hill, 12, of 7933 Harlem was a charming Raggedy Andy in blue overalls and sailor hat with a red yarn wig.

Spook house

Grennan Heights Supervisor Jim Stamborski credited Maine East teens with the ingenious creation of this year's Spook House, which was declared a "must see" by young and old.

And it was scary, evidenced by first rate performances of ghosts and ghouls Bob Zanko and Larry Aschacher, "Dracula" Ray Ziebel, the "Lady in the Coffin" Kathy Piekarz, incantations by "witch" Barb Oberzut and the "Lady chained to the wall" Karen Miller.

Ron Bielski, 15, of 7826 Waukegan rd. who waited in a long line at the gym with 4 buddies was not in costume, but was determined to go thru the Spook House because "it was real fun".

Niles Park District Supt. of Recreation Debby Nelson directed the afternoon festivities assisted by Recreation Supervisor John Sundquist.

Judging was by Girl Scout Leader Rita Sikorski and Niles Jaycees Tony Carfang and Mark Hofmeister.

"As usual," commented Park Commissioner Jack Leske, "everybody had a very exciting time."

News Briefs

Cont'd from Niles-E. Maine P.1

The Illinois Dept. of Transportation declined last week to reduce the 40 m.p.h. speed limit on Oakton st. from Caldwell to Greenwood on the basis of a speed study which indicated that a reduction "is not warranted at this time."

Niles Director of Public Services Keith Peck had requested the reduction in a Sept. letter directed to State District Engineer Sigmund Ziegowski asking that the Oakton speed rate be lessened to conform with Skokie Ridge limits on the east of 30 or 35 m.p.h. by reason of safety and reducing the accident rate.

Ziegowski's reply indicated that the survey showed a good percentage speed of 47 m.p.h. with a 68% violation rate "for that section of highway." Car speeds had been recorded by concealed radar of up to 55 m.p.h. he said. Therefore, he reasoned, any reduction of speed would increase the violation rate rather than slow traffic.

Speed limits are set nationally argued Peck with 60% violation rate. "Why not set a reduced rate on Oakton and enforce the decision?"

Mayor Nicholas Blase opined that reduction would be possible under Home Rule "if the village would undertake the necessary surveys of speed pattern, etc., and indicate to the State that enforcement of reduced speed rates would be followed in an orderly fashion."

As for the speed limit change, he said, "20 m.p.h. seems low and 30 m.p.h. too high," setting a median of 25 m.p.h. as "better."

Speed limits on certain streets, he indicated, such as Howard st. or Ballard west of Milwaukee ave. would not be reduced.

Blase also asked for police recommendations under Home Rule on a village ordinance requiring motorists to wear helmets. Under State law helmets are not required, he said.

In other business Trustee DeSole told the Board that the Scanning Ordinance would be presented at the Nov. 10 meeting. Response to an article published in The Eagle recently had been so great that calls were being transferred to the Administration Building. Callers are unanimously agreed to demand individual price stamping, he said. Two callers indicated possession of petitions for hand stamping of items.

Trustee Abe Selman announced that Youth Essay winners by invitation will appear on the State Lottery TV program Nov. 6 at 7 p.m.

Trustees approved a 3-way stop sign at the intersection of Clinton and Davis st. to reduce speeding south of Golf Mill Park.

Bids were opened for four 19 to 20 passenger Motor Coach buses from 5 companies: Mini Bus, Inc. and A. M. General Corp. of Wayne, Mich. offered no bid. Knoxville Trucks Sales, Tenn. \$67,815.40; Aero Coach and Equip. Co. \$95,434.49 and Truck Ranch Co. of Des Plaines \$74,354.96. Bids were referred to village administration for recommendation.

Trustees conditionally approved (re parking complications) a Special Use variation to Pleasantville Nursing Home, 6840 Touhy ave., for a 100-bed addition to the present facility.

Approved a Special Use zoning change at 8199 Golf rd. for construction of a Four Flags State Bank and a 6-lane drive up facility predicated on village-

approved bank security devices.

Continued to Nov. 10 the petition by Pizzo Hut for a Special Use zoning at 8999 Milwaukee ave. for study of newly submitted building plans and for clarification of Ballard and Milwaukee ave. exits.

Mayor Blase appointed a Building Code Committee of (chairman) Arg Marchesini, Carol Panek and Ralph Bass. Committee members will be appointed annually to investigate building code disputes.

Approved letting of bids for opening on Dec. 9 for a Fire Dept. Squad Pumper priced at \$71,000. Sale of out-dated squad apparatus will almost offset the cost of the new pumper, noted a fire dept. spokesman. With an 18 to 24 month delivery time, the fire pumper purchase is required mid-fiscal year due to a projected 3% increase on apparatus at the beginning of 1976.

Mayor Blase indicated denial of a proposed request for addition of 3 fire dept. personnel at this time.

Unanimously approved a village ordinance reducing cab fare pull rates from 60 cents to 45 cents and raising waiting time from \$6 per hour to \$8 per hour. In requesting the reduction the Niles Cab Co. representative said the rate would mainly affect riders taking cabs outside Niles toward Chicago. Niles residents will pay more to take a cab to and from O'Hare Airport if delayed in traffic.

Approved a Special Use variation for a Venetian Monument Sales Co. at 8445 Milwaukee ave. predicated on word fencing, Panek and Selman dissenting.

MG Board

Cont'd from Skokie-L. Wood P.1

Sharp increases in meat and dairy products were primarily responsible for the increase over the April 26 prices.

Noting the striking increase in meat prices, Milva reported that the April 26 price of eight meat items was \$10.36. The price of the same eight meat items Sept. 27 was \$12.51 - more than a 20% increase.

In the dairy products category, all four items included in the market basket have gone up substantially according to the Milva statistics: sliced American cheese up to \$1.09 from 94 cents, eggs up to 77 cents from 61 cents, cottage cheese up to 72 cents from the April price of 63 cents, and the smallest increase - in a half gallon of low fat milk - up one cent to 72 cents from the April price of 71 cents.

Milva's periodic price checks began in June, 1974, and have been used to chart the fluctuations of food prices for residents. The same stores are used in each survey.

The survey includes grocery stores in Des Plaines, Evanston, Glenview, Lincolnwood, Morton Grove, Niles, Northbrook, Park

Station and the trustees referred them to Huber and Jim Dahm for their study and recommendations.

Ed Einze told the board that there is a water loss of some 22% which was causing some concern. Einze then moved to advertise for bids for the services of a leak finding company. The bids are to be opened on Nov. 7. The board voted in favor of the motion. Einze also said that he wanted permission to have some experts study the possibility of drawing up a modern Plumbing Code for Morton Grove. It was noted that specification for bids for the new addition to the Public Works Garage are available at Charles Conlon and Associates.

Herb Houndt said that Public Works Supt. Jim Dahm wanted to advertise for bids for a 12' salt spreader which should cost a little less than \$5,000. Houndt so moved and set the bid opening for Thursday, Nov. 6, at 11 a.m. Specs can be picked up at the Public Works garage.

John Hilkin said he felt Bart Connors, the Morton Grove gymnast who has competed in the Pan Am Games and is an Olympic candidate, should get some recognition from the village. The board agreed.

In regards to the proposed Housing for the Elderly Ordinance, John Hilkin said he had several questions concerning this. One was the 80' height limit in a B1 area. The other was the .5 for parking. Joe Sweeney said that all that was required was .33 for parking, but then said that from a survey of many Senior Citizens buildings that was quite adequate. Most of those occupying these apartments do not have cars according to Sweeney. Another question in Hilkin's mind was the one of eligibility. Mr. Sweeney responded by saying that so far he does not know of any instance where that clause has been questioned. Ron Henrici said he was not in favor of the one-room convertible type of apartment, although he did approve the other types. Mr. Sweeney answered since this type of apartment was approved by HUD and IDA, it was felt it should be included in our ordinance. John Hilkin said he wanted more time to explore the height factor and give it some further consideration. In the end the discussion was tabled indefinitely.

Sunday, we began a 4-week period in a new role as the father-of-the-bride-to-be. At a bridal shower for my oldest daughter, we were cast in the role of photographer. Since I'm new in this role I didn't fill it very well. While the chattering ladies ate their lunch, I found myself a couch in the motel's lobby and soon was dozing off. By the time I awoke, most of the festivities were over and my picture-taking missed most of the action. Those who searched for me concentrated on the bar, where a football game was being viewed, and also looked for me in a public auction, which was taking place in the motel. It was an afternoon where the father-of-the-bride-to-be pulled a real blooper.

Monday we attended a press conference with Congressman Mikva and guest Al Ullman. As chairman of the Ways and Means Committee, Ullman is preparing his tax reform bill which is aimed at closing loopholes in our present tax system. Ullman came across as a very sincere, conscientious public servant.

Following the press conference the Lerner Newspapers hosted a luncheon for the Congressman. We're sure they made a great effort in promoting the luncheon and many of those in attendance (who paid 8 bucks) were shortchanged by Ullman's speech. He spent 10 minutes saying what a great Congressman Mikva is, and for another 20 minutes, spoke in such round general terms interspersed with sophomoric generalities, unworthy of any of our local politicians. We had to leave when the question and answer period began and perhaps the tempo improved. But we felt sorry for 3 retired senior citizens sitting at our table, who came to be enlightened, and were fed such pabulum that they must have gone home mentally hungry, and for 8 bucks yet!

After the luncheon we went downtown and spent an hour and a half at the Fulle trial in the Federal building. The defense was presenting several character witnesses attesting to Fulle's integrity.

One witness, Joe Ferstl, head of the Illinois and Cook County Press & Publishers Associations, came downtown to present information which allegedly would show Fulle did not profit in his role as a County official and as a publisher. In this dual role Fulle might have received an abnormal amount of legal notices, but Ferstl had information which would attest to Fulle's integrity. But each time he tried to present the information, the prosecutors objected and Judge Decker sustained the objections. It happened 6 or 7 times. It indeed was a frustrating experience, preparing the information, and then not being able to present it.

Outside the courtroom we were speaking to Fulle when I suddenly wasn't feeling too well. We got into the fast elevator and descended 22 floors. When we were in the lobby, I was fast losing a grip on myself, a feeling I'd never had before. My fingers were tingling, my head was spinning and I rushed to a chair and put my head down for a moment to clear the air.

Ferstl, who was the witness whose efforts were frustrated by the Judge's upholding objections to his testimony, was my security blanket during this momentary problem. He stayed with me, then gathered me into his car, at a time when I felt quite helpless. But my head cleared quickly and I got thru the next hour with little difficulty.

Since Ferstl, who is executive vice president of the Lerner papers, was so kind to me, I wouldn't dare cast aspersions on the luncheon we had a few hours before, sponsored by his newspapers. But I'll think twice and even thrice in the future about eating a free lunch sponsored by a competitor of ours.

As my friend Pinky says, "There's no free lunch."

The show will be presented in "Academy Award" style and will use a total of ninety students in the cast. Thirty-six cast members were selected as the "standing company" to perform the extravagant, elegantly costumed production numbers so much a part of the classic Hollywood musical.

Fire causes \$1,000 damage to Niles garage

Fire swept thru a partitioned storage area next to a garage at the rear of 7840 Harlem ave. at 8 a.m. Friday, Oct. 24, causing an estimated \$1,000 in damages.

An off-duty fireman going past the residence noticed the flames at the rear of the home and held the fire down with a neighbor's garden hose until arrival of Niles firemen.

A car in the garage was removed by the owner, Stanley Lusziwaki, and a motorcycle in the storage area was taken out by firemen.

No structural damage was reported to the garage, according to Fire Chief Albert L. Hoelbl and Deputy Chief Charles Bobula, who reported extensive smoke damage to the area.

An investigation to determine the cause of the fire is still underway said the Fire Chief.

Alajos Acs art on display at Village Hall

Hungary and taught many students.

In 1971, Alajos was encouraged to show and sell his creative work. He has achieved quite a bit of success in a short time, receiving one honorable mention at the Lawrencewood Art Fair, 1st place at the Arlington Fair and the Ravenswood Bank Art Fair Purchase Prize. He is a member of the Niles Art Guild, National Carvers Museum, Northbrook Art League and the American Society of Artists, Inc.

Every piece of work is hand carved. All wood is natural in color. Rosewood, Walnut, maple, curly maple, birdseye maple, ebony and mahogany are used.

The Niles Art Guild is proud to have Alajos Acs as a member of the Guild. The meetings that are held the first Wednesday of each month are open to the public, and the demonstrations that are given are of much interest to all, whether one participates in "arts or crafts" or is just interested in watching the artists doing "their thing".

LWV discussion

Attention, thinking women of Morton Grove and Niles who like to talk ideas, who like to listen and learn, and who would like to know more about local government —

You are cordially invited to discuss "The Village of Niles" with the League of Women Voters of Morton Grove-Niles which has been conducting a study of the village government for the past few months. League members Pat Gattuso, Lyla Schaaf, Doris Gilbert and Joan Goldberg have gathered data, made charts, and interviewed village officials and department heads. Special emphasis will be on the Trident Center, which covers Niles' teens, Senior Citizens and the Niles Family Service. Another part of the meeting will be assessing the strengths and weaknesses of Niles and determining priorities League members believe the village should concentrate on. More unit meetings will be held in December to complete the study and evaluation.

The unit meetings about Niles will be offered three times. Please choose to attend one of the following: Tuesday, Nov. 4, 9:30 a.m.-11:30 a.m. Niles Community Church, Oakton and Odell, where baby sitting is available; Wednesday, Nov. 5, 8-10 p.m. at the home of Pat Gattuso, 8143 Clifton, Niles, 823-0749; or Thursday, Nov. 6, 12:15 p.m. at the home of Marcy Ramig, 7660 Grennan, Niles, 966-5629, where you may bring a sack lunch. Coffee and dessert are served at each meeting.

The LWV is a nonpartisan grass roots organization which studies governmental issues at the local, state and national level. The League supports or opposes issues but not candidates or parties. In the late 60's, Niles League members put together a Know-Your-Town study which was assembled into a booklet called This Is Niles and distributed throughout the village. Now the League is not only restudying Niles and educating its membership, but is also trying to set goals for the village to evaluate its services and establish priorities.

Come and rap with the League of Women Voters and see how satisfying it is! Call Mim Barlett, 966-2075, for more information about the League or the Niles units.

News about the new ...

Beginning Monday (Nov. 3) thru Fridays, The Fireside Inn of Morton Grove will serve you your favorite cocktails with complimentary hot hors d'oeuvres for just 75 cents. The spacious cocktail lounge of The Fireside is the perfect place to meet friends and relax.

If you stay for dinner, you'll enjoy the entrees of their regular menu and all during the month of November, on Tuesday nights, there's a special "little money" dining delight you should know about. It's called "Genghis Khan" and it was conceived by their master chef Takahashi, who has come up each month with low-budget dining delights. Genghis Khan is a delicious sliced sirloin strip that is marinated in a special Mongolian sauce. This savory sauce is a blend of soy, garlic, orange rind, Japanese hot red pepper, ginger, sugar and Saki wine. The sirloin is broiled and served with an onion ring. This unusual dish is also served with pea pods, mushrooms and Japanese rice. The price for the complete Genghis Khan dinner is only \$3.50 and includes everything...Soup or juice, hot bread, and 'all you can eat' selections from their famous super salad bar and beverage. This Tuesday night special, the exotic treat called Genghis Khan will be served every Tuesday night from 5 p.m. until 10:30 p.m. all during the month of November. Because of the large demand for these "little money" Tuesday night specials, I suggest you make reservations by calling Jack Harris, the restaurant manager, at 966-9600. You'll have a great treat in store on Tuesday nights or any night you dine at the famous Fireside Inn of Morton Grove, 9101 Waukegan rd., Morton Grove.

More news about the new ... The Fireside Inn North of Morton Grove (formerly the Safari) is being completely remodeled. The lobby and all the rooms are now being completely re-done in a brilliant modern motif which will make The Fireside Inn North of Morton Grove the finest motel complex in the northwest suburbs. Construction is now underway and should be completed in about a month. (More about this next week.)

The huge and magnificent banquet facilities of The Fireside Inn of Morton Grove have become a magnet for drawing reservations for upcoming Christmas and special occasion parties of all types. Large groups or small are discovering they cannot find better facilities for their parties, regardless of type, than the glamorous surroundings offered by The Fireside Inn of Morton Grove. And you'll discover the price is no more than you'd pay for inferior special occasion accommodations so if you or your company are planning a "special occasion" party give Lonnie Hurwitz a buzz at 966-9600 and you'll find there's no obligation to put his specialized experience to work for you. Believe me, the banquet centre of the Fireside has it all — glamour, an experienced staff, the finest of cuisine and beverages and tremendous parking facilities. Why settle for less than the best for your special occasion party? And the party price is right.

More new news ... the popular Ground Round of Morton Grove, Dempster & Waukegan, has trimmed \$1 off of their delicious, tender Supersteak. Formerly a \$4.95 value and worth it — you can now get their Supersteak for only \$3.95. And it's served with french fries, Texas toast, a tossed salad ... so it's a

super meal at a super low price. And you find there's 'family fun' always going on at the Ground Round!

And that super Caesar salad offered by Arvey's Restaurant, 7041 W. Oakton st., Niles, is always news. For Arvey's is the only place that serves a made-to-order super Caesar salad free with lunch or dinner. I have received scores of compliments about this salad from area people who say it's the best they've ever eaten. Arvey's is open for breakfast, lunch and dinner, 7 nights a week.

Helen of Lord Byron's Restaurant tells me that their 3 supper entrees (your choice) featured on Monday, Tuesday, Wednesday and Thursday for only \$2.50 has been drawing folks in from all over Chicagoland. Lord Byron's family restaurant is located at 5916 N. Lincoln, Morton Grove, a half block east of Austin. They're open seven days a week for breakfast, lunch and dinner and they serve beer or wine.

Jack's Restaurant, despite rising food costs, continues to offer very low priced 'all you can eat' specials Mondays thru Fridays. His ad in this section tells just what you can receive each day for the low, low prices listed. Jack tells me that his 'all you can eat' specials have become so popular and have had such a great following that he can't eliminate them even if he wanted to. Jack's is the 24 hour, seven day a week place that never closes but always gives top value, fast service and bottom prices.

For Cantonese food 'fit for a king' try the Palace Restaurant, 9236 N. Waukegan rd., Morton Grove. This is one of those little sleeper places that is really catching on with Cantonese food lovers. At the Palace you can eat in or carry out ... and orders to go are put into a special "heat" bag that keeps them piping hot until they reach your table. Drop in or call 966-2231 for carryouts ... they offer more than a hundred delicious Cantonese food items to choose from ... and they're all super!

The name is Irish - Sullivan's - but their pizza is real Italian. It's homemade, super delicious and available any way you like it. Just phone ahead for carryouts 966-7394, or eat in at Sullivan's Tap, 9055 Milwaukee, just north of Ballard rd.

Bill Kenney of Kenney Aluminum Products Co., 7136 Milwaukee ave., is as busy as a one-armed paperhanger with the hives these days taking orders for storm windows, siding, gutters, etc., as folks want to be prepared for winter's blast. For top quality storm doors and other products that will save you heating costs this winter, give Bill a call at 792-3700 or visit his large showrooms and receive a free estimate.

Gourmet special at Fireside Inn

Another mysterious dining delight from the orient is the Tuesday Evening Special during the month of November at The Fireside Inn of Morton Grove. Chef Masaaki Takahashi has created an exotic treat called "Genghis Khan"! It is delicious sliced sirloin strip that is marinated in a special Mongolian Sauce. The sauce is a blend of soy, garlic, orange rind, Japanese hot red pepper, ginger,

sugar, and Saki Wine. The sirloin is broiled and with an onion ring. This unique dish is served with pea pods, mushrooms and Japanese rice.

There is a choice of juice or soup to start... The Fireside's popular hot bread, and the Super Salad Bar, and beverage. The very "little money" charge is \$3.50!

Reservations are suggested by calling 966-9600. Dinner service is from 5 p.m. to 10:30 p.m.

The Fireside Inn is at 9101 Waukegan Road in the suburb of Morton Grove. Jack Harris is the restaurant manager.

Tootsie Roll drive to benefit mentally retarded

Knights of Columbus Tootsie Roll Drive kicks off Oct. 31. For the past five years the state and local councils of the Knights of Columbus in Illinois have conducted an annual Tootsie Roll Campaign in Communities across the state to raise funds for the 330,000 mentally retarded children and adults in Illinois.

This year, the drive will be held on Friday, Oct. 31, and Saturday, Nov. 1, and the Knights of Columbus are urging citizens everywhere to support this important fundraising activity by making a donation in exchange for a Tootsie Roll.

Both the Governor of Illinois, the Hon. Daniel Walker, and the Mayor of Chicago, the Hon. Richard J. Daley, have signed proclamations setting aside Oct. 31 and Nov. 1 as "Knights of Columbus Days for the Retarded" and the Illinois Association for Retarded Citizens and its 100 member units are assisting in the coordination of this program, by providing "Community awareness services" and manpower.

Every penny, dime and dollar is needed and will be deeply appreciated. Tax saving seminar features prominent attorneys

John M. Duffy

The Estate Planning to Minimize Income and Inheritance Taxes Seminar being held Wednesday, Nov. 5, in the Grand Ballroom of the North Shore Hilton Hotel (Golf and Skokie Blvd.), from 2 to 4:30 p.m. is jointly sponsored by the First National Bank of Skokie and Lutheran General Hospital.

The Seminar, designed to help people convey the largest possible Estate to their heirs without undue taxation, is based on current State and Federal Tax Regulations and will be presented by three experts who are well versed in their fields.

John M. Duffy, an attorney in practice for 19 years and specializing in Estate Planning and Banking Law, will discuss the value of a current, valid Will as well as the advantages of tax free gifting to heirs on a regular basis. Mr. Duffy, a partner in the firm of McCarthy, Scheurich, Duffy and Neidhart, is a graduate of Loyola University.

Mr. Carl Carlander is also an attorney but is better known as a Vice President and Trust Officer for the First National Bank of

Carl Carlander

Skokie. Mr. Carlander will discuss the use of versatile trusts to convey property to heirs and avoid cumbersome, time consuming probate.

Mr. Carlander obtained his education at the University of Illinois and Central YMCA College, receiving his law degree from John Marshall Law School. He has been associated with the bank since 1951.

Mr. George B. Pietsch, an attorney and partner in the prominent Schiff, Hardin and Waite firm will talk on the tax saving value of a charitable gift to a not-for-profit institution. Mr. Pietsch, who received his law

Art teacher wins award

Mr. Fred Bacon, Maine East art department teacher, won first award in the pottery division of the 1975 Golf Mill Art Fair.

The fair, held Saturday and Sunday, Sept. 13-14, involved 277 artists and their works. Prize money was awarded in the amount of \$1,200. Judging the works was Irving Shapiro.

Mr. Bacon has won several such awards in area shows.

George B. Pietsch

education during World War II from the University of Chicago, is a Trustee of Millikin University, Illinois Institute of Technology and Associated Colleges of Illinois.

The Seminar is open to the public, and interested parties, their attorneys and accountants are invited to attend, but reservations, which can be had from Mr. Carroll R. Layman of the First National Bank of Skokie, 673-2500, are suggested.

First National of Des Plaines third quarter gains

The first nine months results show very satisfactory progress, according to Arthur R. Weiss, president, First National Bank of Des Plaines.

"Total assets stood at all time high of \$153,033,921 or 20% greater than at the end of the third quarter a year ago. Deposits show a 12% increase to \$128,142,220 as compared to \$114,435,612 for the same date in 1974. Net operating earnings and per share earnings also showed improvement.

"We are also happy to note the progress made in construction of our new Convenience Center across Lee st. from the main bank building. This facility will double our drive-in banking capacity as well as provide walk-in services and convenient customer parking. It is anticipated construction will be completed by March of next year," Weiss added. "This addition and improvement will provide our customers with the largest and most modern convenience banking center in the area. Customers will have ready access from both Lee st. and Graceland ave."

While coffee and cereal makers come to the foreground as traditional coupon users now financial institutions have begun offering them. Skokie Federal Savings, 4747 W. Dempster, is distributing a series of coupons redeemable at area merchants. The coupons offer discounts on purchases at a variety of stores ranging from supermarkets, to drapery shops to travel agencies. John R. O'Connell, President of Skokie Federal, indicated, "It's

Mikva urges Social Security revision

During the Columbus Day recess Congressman Abner Mikva visited Skokie Federal Savings President John R. O'Connell to discuss inequities in the Social Security system. Mikva, a major force in the Social Security Sub-Committee of the House Ways and Means Committee, supports legislation to raise the limitation on earnings.

The discussion with O'Connell centered around a breakfast meeting Mikva was arranging for members of the Illinois Congressional delegation. At the meeting, scheduled for early

November, John O'Connell will present a petition signed by area residents urging revision of what they believe to be unfair Social Security laws.

O'Connell has been a strong advocate of raising the earning ceiling imposed upon senior citizens. As the law is now written retirees below the age of 72 lose Social Security income as their earnings exceed \$2,520.

Supporters of this change are invited to visit either Skokie Federal Savings office and sign the petition.

Coupon clipping is a real money-saver

As almost any coupon-clipping housewife could guess, a record 29.8 billion cents-off coupons were distributed last year. This year's total will even reach greater heights and statistics show north shore residents are redeeming more than their share.

The inflation-weary housewife has evidently found coupon-saving to be an especially effective way of reducing costs at the check out counter. Once out of favor with manufacturers, Eugene S. Mahany of Needham, Harper and Steers Advertising, Inc., says, "Couponing has gone thru the roof" in today's value-oriented society.

Skokie Federal's promotion was put together by Multi Media Marketing - a firm specializing in coupon programs for financial institutions. An executive of that firm noted, "It was only a matter of time before financial institutions saw the benefit of joining retailers and capitalizing upon the tremendous surge in coupon popularity."

a natural extension of our services. We are in the business of helping people to save money and that's what we're trying to do by offering this new program."

Record highs in total assets and deposits have been attained by the First National Bank of Morton Grove, announced the president, Marvin von Aswege.

1st National of M.G. sets record highs in assets, deposits

Total assets rose to \$72,128,048 as of Sept. 30, an increase of \$7,973,094 since last Dec. 31. Total deposits reached \$66,192,329, a gain of \$7,050,239 since the same date.

Previous highs in these categories were set last June, indicating a steady increase in both public acceptance and operating performance. Von Aswege noted, "We've been averaging gains of more than \$750,000 per month in these two significant areas each month of 1975," he said. "These records not only underscore our progress, but also reflect our continuing efforts to provide the community with the best possible banking services."

Individuals who choose to begin this free service need only bring their next check or letter of eligibility to Talman's home office, or any branch location. Or for further information, write or call the home office, 5501 S. Kedzie, Chicago, 434-3322. Talman branch offices are located at One North Wacker, Chicago, 372-8400; Butterfield Commons, 22W151 W. Butterfield rd., Glen Ellyn, 921-7001; and Old Orchard, 10000 Skokie Blvd., Skokie, 478-5823.

This service affords a safe and convenient way for individuals to receive social security checks because it frees them from the worry that checks might get lost or stolen and eliminates the necessity of travel to a financial institution to deposit the check. In addition, checks that might arrive while the recipient is out of town
