Trustees deny approval of food pricing ordinance

[By Alice M. Bobala] The Niles Board of Trustees Tuesday night refused to approve a proposed Niles ordinance which would require retail food stores to item price consumer commodities.

A lengthy board discussion and failed for lack of a second. Instead, a conciliatory resolution, suggested by Mayor Nicholas Blase, was adopted by the village trustees with the intent to warn supermarkets of the impending item-pricing ordinance should Niles stores become involved with the computerized food-pricing system (scanning)

A motion for approval of the ordinance intended to protect Niles consumers was introduced by Trustee Peter Pesole following that relies on a code at the checkout counter to determine prices. Officials from a Morton Grove supermarket using the scanner told Niles trustees in a preliminary board meeting that the computerized system, in operation since March 3, was valueless for information up to now except for store inventory.

A two-year testing of the system would not be effective, they said, until the price-marking can be eliminated from each item in order to determine reduced cost of the required manpower. Although the store continues to price each item, eventually the prices will not appear on the products. Prices are on the increase.

trustees were told, "and we're trying to save consumer dollars by automation." Since none of the Niles stores presently use the scanning system, several Niles trustees opined that adoption of the food-pricing ordinance was premature. Violation of the statute, had it been approved, provided Continued on Page 31

Nidetz: 'Schools will be open Wednesday' District 63 teachers strike

15c per copy VOL. 19, NO. 22, THE BUGLE, THURSDAY, NOVEMBER 13, 1975

From the Left Hand

by David Besser Editor & Publisher

Back in the 30's Chicago union halls were across the street from the steel mills on 89th Street and Avenue D, or down a dingy street in Indiana Harbor where the yellow-strewn skies made the sunniest days gloomy. Union halls had 1 light bulb dangling from the ceiling. And there was the smell of sweat which lingered long after the union halls emptied out.

Tuesday night, District 63 teachers met in the very classy Fireside Inn on Waukegan Road in preparation to go on strike Wednesday morning. And oh, how times have changed. The teachers' union hall was a posh mirror-enclosed room, normally used for large weddings. Two hundred teachers, mostly very young, accustomed to middle-class luxuries, were speaking the rhetoric of the 30's.

There was a mood of hesitancy and a certain bravado inter-mixed which gave the audience an exhilaration which meant they were part of a happening. They were going on strike Wednesday morning and they were being readied for the confrontation.

There was a guy on the podium strumming a guitar. He was a 1970's Win Stracke. He didn't know about the 30's... about strike breakers who bashed in heads... or about riding the rails in a quest to survive... or eating a hot meal from a can over an open fire by a raiisiding. But he could sing the blues, just as they did in the 30's. And he sang parodies about Superintendent Gogo, who is the bad guy the union talks about.

When the District 63 union president rose to speak, she wasn't wearing a 3-day-old black beard, or a well-worn blue denim shirt as bosses did in the 30's. She's blond and suburban, petite and rather pretty, as she thanks the teachers for supporting the negotiation team. She's just as tired as the old union bosses — she's been on emotional uppers and

LWV to discuss housing

Could you afford to move to our suburban area if you had to do it now? The availability of adequate housing for persons of various economic levels will be part of the November unit meetings of the Morton Grove-Niles League of Women Voters.

School District 63 teachers were out on the picket lines Wednesday morning after Tuesday night negotiations between the school board and the teachers union failed to reach agreement on contract negotiations. While the windy, 40 degree weather saw small circles of 8 to 10 teachers peacefully picketing at entrances to all schools in the district, 11th hour negotiations failed to bring an agreement for the two sides. Barbara Korb, president of the teachers group, said a mediator, John Lee, was entering the negotiations Tuesday evening. She said the union requested Continued on Page 31

Golf District tries again for educational increase

Residents of District 67 (Hynes, Golf, Golf Jr. High School) will go to the polls on Saturday, Nov. 15 to vote on a rate increase. They are being asked to approve a .48 hike in the educational tax rate limit. That limit was set at \$1.62 in 1969.

The same proposition was defeated by a 2 to 1 margin last May. Since then, the Board has reduced programs, slashed budget appropriations, reduced positions that have resulted in increased class size. Despite these efforts, the current budget will result in a significant deficit.

Spokesmen for the District report consideration is being given to further drastic budgeting measures by next school year. Loss of State Aid coupled with

reduced local support, due to the lowered multiplier, has created the problem.

Residents of Golf vote at the Fieldhouse. Morton Grove people vote at either Golf elementary or Hynes School. Glenview votes at the Poko Loko Nursery. Niles Residents vote at the Chesterfield Pool Building. Polls are open from noon to 8 p.m.

Niles Zoning Board meeting

"The Niles Plan Commission and Zoning Board of Appeals will hold their meeting on Wednesday, Nov. 19, at 8 p.m. in the Municipal Council Chambers, at 7200 Waukegan Road, due to the Thanksgiving Holiday."

Transcendental Meditation

The Chicago North Shore Center for Transcendental Meditation will be sponsoring a special introductory program on Saturday, November 15 and Sunday November 16 at 2:30 p.m. at Skokie Public Library, 5215 Oakton. This free public lecture is designed to provide further understanding of the TM technique and will be of special interest to those who have seen the Merv Griffin 90 minute special on TM to be shown in the Chicago area on Friday, November 14 at 8:00 p.m.

The speaker will be Stuelien Lambert, a teacher trained and qualified by Maharishi Mahesh Yogi to teach the TM program. Ms. Lambert will be discussing some of the benefits of the TM technique as well as explaining how one can go about learning this technique.

We had the Ridgewood high school Chamber Singers entertain us and they were wonderful. Omer Reese, their conductor said they have 60 in their choir, and the 12 young people he brought had beautiful voices. Leroy Janke played the guitar and Rich Gersten sang "If only we have love" and Mary Ann Furio sang a solo "I've looked at life from both sides now". All of these young people were wonderful entertainers and their school can be proud of them.

We have a bingo next week and with Thanksgiving coming up, we will have no meeting the last Thursday of the month.

Niles North golfers in state tournament

The Niles North High School golf team placed seventh in the state at a golf tournament held October 24 and 25 at a University of Illinois course outside of Champaign.

Golf coach Joe Rusk says "there were six boys who went down-state, they all did a super job."

Senior John Baumgartner of Morton Grove, named the most valuable player on the team, senior Howard Gerner of Skokie, senior William Herz of Glenview, junior Steve Lustig of Skokie, junior Jerry Pinkus of Skokie, and senior Bryan Siewert of Glenview, are the students who played in the state tournament.

"This is the first time a Niles North golf team has entered the state competition," said coach Joe Rusk. "I'm thoroughly elated because at the start of the season we were unprepared for the most part and we just peaked at the right time."

The boys put in a lot of practice time at Chevy Chase golf course "we practiced harder than any other team," said Rusk.

Beside placing seventh in the state, the team placed second in sectional competition, against a lot of other Chicago area teams, third in the Lake Forest Invitational and second in the district conference against all suburban area schools.

Dons take league opener

After compiling a pre-league record of 6-0-2, Notre Dame High School of Niles won its first Metro League hockey game in five years in the opening game. New Trier West was the victim at the Northbrook Sports Complex on Nov. 9. The score was 5-3.

The Dons got on the scoreboard after only 11 seconds of the 1st period when Chris Vana punched one past Cowboy goaler Larry Levine. ND linemates Don Hitzel and Tony Salemi had controlled the puck from the opening faceoff. Midway thru the period, Ralph Dynek tapped home a centering pass from Larry Rosenbanski and NDHS led 2-0. After riding out a rash of penalties which included a minute and a half stint with two men short, the Dons upped the lead to 3-0 on Kevin Anderson's breakaway tally. Craig Belluomini sprung Anderson down the left side and goaler Levine was beaten cleanly.

The Dons had turned up for the game with victories over Lane Tech 6-0, Niles North 3-0, Prospect 14-1, Hinsdale South 7-1, St. Rita 5-3, and York 3-2, with two ties with St. Viator 5-5 and 2-2. The NTW victory boosted the ND record to 7-0-2.

Northwestern riders attend clinic and horse show

A team of riders and horses from Northwestern Stables in Morton Grove attended a clinic and horse show at Maple Lane Stables in Oswego, Ill., Oct. 25-26. He's been playing baseball at Maine East since his junior year.

When not participating in Maine East's athletic program, the active senior from Park Ridge enjoys watching other gridiron teams, especially on the collegiate level, and getting in some time throughout the year for tennis, swimming, and water skiing.

Football currently keeps Jay quite busy so his final college plans are flexible, but he does intend to continue his education and hopes to play football as well. This semester he is enrolled in Journalism, Psychology, Sociology, and German II.

SCOUT NEWS

SJB Pack 275

A crisp October evening did not prevent the Cub Scouts from Pack 275 and their families from enjoying the hayride at Fleetwing Farm on the 17th. Also enjoyed was the marshmallow roast, hot chocolate and homemade cookies provided by the mothers. The singing around the bon fire was led by Leo and Clara Weiss and was all on key. The only flat of the evening, was the tire that blew out on one of the hay wagons.

Some 80 people attended the hayride and the Pack is looking forward to as many to come to the next event planned for Nov. 2, a bowling outing at Niles Bowling Alley.

On Oct. 28th, Pack Night for the scouts, a Halloween party was held in Flanagan Hall. Judging the costumes worn by all the

children was a difficult task but ably done by Mr. John Breen. The winner for best costume in Den 1 was Steven Weiss, Den 2 Daniel O'Neill, Den 3 Jeffrey Allen, Webelos Den 1 Larry Mimp, and Webelos Den 2 was Lloyd Christiansen. Best costume for the other children was Christopher Sytko, and Christopher Kies won for best costume of the evening.

Preceding the party, awards were presented to the following Webelos for their Athlete, Sportsman, Citizen and Engineer badges — John Parlich, Jeffrey Grendzinski, Thomas Sytko, Henry Jung, Gregory Cieply, Stephen Boscapomi and Larry Mimp.

Also receiving their athlete awards were Steve Anderson, Lloyd Christiansen, Jay Jurica, John Kies and Michael Pierski.

Cub Pack 45

Pack 45 had a very active and fun-filled summer with various activities such as hikes, swimming, etc. As a result of being so active, we again received the Summerime Pack Award. Another award that we can all be proud of was presented to the Pack and also to our Cubmaster George Walters. It is the Packmaster's Award presented for being out a full and diversified summer program. A special certificate was presented to George Walters commending him for being an outstanding Cubmaster. Congratulations George — we're sure everyone will agree it is a recognition well deserved.

After our very successful summer, we have gotten off to a very good start for another active and enjoyable year. Our first Pack activity was a hike at the Cantigny Campsite, located in Wheaton, Ill. All who attended came home raving about how nice it was. Although the hike thru the trails was to be the high point of the outing, it had to share the limelight with our illustrious leaders' getting everyone lost ... to the sheer delight of the boys. Of course, everyone survived, thanks to the good lunch which was prepared and served at the site.

Last, but not least, we would like to welcome the new boys and their leaders to Pack 45. A hearty "welcome" to Clark Beverly, Duane Depa, Michael Fritze, Scott Grew, Victor Henz, Mark Kwiatkowski, Mike Mackowski, Leonard Pokrytko, Steve Walters and Eugene Wloch.

LETTERS to EDITOR

An urgent message to every parent in School Districts 67:

Next Saturday, Nov. 15, you have a rare opportunity. You will help decide what kind of education your children will receive over the next few years.

Because of an expected deficit next year of \$155,000 (and even more in each subsequent year), District 67 is asking voters to approve a moderate tax increase for its Educational Fund.

These deficits are due to reductions in both the real estate tax rates and state aid — as well as inflationary price rises in everything the schools purchase. Even if the State Senate overrides the Governor's veto, it will provide less than \$20,000 to us in additional state aid — far short of the amount needed.

If the Referendum is successful, the District 67 Board of Education has stated the increase that would be levied next year will amount to less than 6 cents a day for the average homeowner!

Think about it. Isn't the future of your child worth 6 cents a day? If the Referendum fails, it will mean drastic changes in the excellent school system our children now enjoy. Class size will be substantially increased and entire programs may have to be eliminated. The result, in only a few short years, will be that our children may not be able to compete educationally with children from other districts once they reach high school.

Don't let 6 cents a day deprive your child of a good education. Vote yes for kids on Saturday, Nov. 15.

Lutheran General's rates 'excessive'

Dear Editor:

I think there can be more reason for you to investigate and publish in your paper the reason for what I think are excessive charges both for hospital room and medical care at the Lutheran General Hospital of Park Ridge.

My brother-in-law had a slight heart attack and was taken there. He was admitted to an intensive care ward, in which the cost was \$250 per day. He complained strongly about the charges and was moved to a two bed room at the cost of \$100 per day. Now I can give you somewhat of a comparison of price because two years ago, almost to the day (Nov. 7, 1973) I had open heart surgery at St. Luke's Presbyterian Hospital. There my intensive care room was \$135 and a private room only \$75 per day. Total cost \$15,000. A neighbor of mine had the same operation at Lutheran General - \$20,000 to \$25,000.

Maybe they can give you an explanation for the difference of cost in their hospital against any other in the country. I know it sort of explains their excessive profits in the last few years.

Respectfully yours,
George Hall

Juckett family does not endorse Penny Pullen American Education Week

Dear Editor:

As the widow of the late State Representative Robert Juckett, I want to get something straight with the constituents of the 4th Legislative District. Miss Penny Pullen, Bob's former legislative aide, has announced her candidacy for my husband's place in the General Assembly, and in so doing, has used Bob Juckett's name in her statements and press releases. Please realize that I and the rest of my family do not endorse in any way, shape or form the candidacy of Penny Pullen for any elective office whatsoever. She should be judged on her own merit and qualifications, and not on the record, accomplishments and philosophy of Bob Juckett.

Most sincerely,
Jan Juckett
(Mrs. Robert S.)

A new era in home climate control begins

About forty-five years ago, scientists began developing a revolutionary heating device that uses the heat of the earth's atmosphere. They called it a heat pump. Today, it is the only commercially available heating system that provides an answer to shrinking supplies of fuel oil and gas.
How the heat pump works.
Basically, the heat pump moves heat from one place to another. Using electricity to run the device, it extracts heat from a limitless source—the heat in outdoor air. During winter, enough heat remains in the air—even on the coldest and cloudiest days—to be extracted by the pump and transferred indoors as clean, flameless heat. And during warm weather, the process automatically reverses, removing excess indoor heat and humidity—like an air conditioner.
Better efficiency.
In short, the heat pump does the job of both a furnace and an air conditioner. But there's an important difference. The heat pump produces more than 1 1/2 units of heat energy for every unit it consumes. That's better efficiency than any other current heating system.

It's ready.
It's ideal for new homes because it won't be obsolete in ten years. It's not dependent on the fossil fuels that may not be available in the future. To the homeowner, that means significant long-term savings on heating costs.
The heat pump is a big step in the conservation of scarce fuels. And here in northern Illinois, the electricity you would use to capture the heat comes mainly from coal and nuclear energy, rather than scarce oil and gas.
To get the full advantages of the heat pump, it's important to get a quality product, properly installed and reliably serviced. For the name of qualified installers in your area, call G. W. Berkheimer (Westinghouse Distrs.), (312) 374-4411, or General Electric Co., (312) 496-6356. If you want additional heat pump information, call your local Commonwealth Edison office and talk to our marketing engineer.

Music Theory

(by Joe Lesniak)

The Maine East music department offers other things than marching on a football field or singing in a musical. One interesting course offered in the department is Music Theory.

Students of Mr. Preston Waldrop's Music Theory I study the basic skills of musical composition. Rhythm, chord progression, and melody writing are a few of the skills that the students learn.

Early in the year the students are given fixed assignments. A fixed assignment could be a short, original composition containing certain notes or musical patterns. As their musical know-

ledge increases and their musical creativity develops, the students will have more freedom to choose and compose their own music although certain rhythms and patterns will continue to be used.

The future music expressionist doesn't end his studies at Theory I. There are Music Theory II and III classes. Students in these courses have a more sophisticated and advanced study. For example, the Theory III class is studying electronic music and synthesizing.

Enrollment has increased this year for the Theory classes. Presently, there are fifty-seven students among the three levels.

Paolella's Rustic Barn Dinner Theatre on Route 20 (Lake Street) in Bloomingdale is currently presenting Jean Kerr's play Poor Richard. It is a three-act comedy which deals with the affairs of a young and brilliant British poet who drinks too much. He has come to the United States to confer with his publisher, and he finds his hands are full when the secretary assigned to him announces that she is going to marry him. She also plans to get him straightened out one way or another.

The original New York Production starred Gene Hackman and Alan Bates. Scott Brown, the producer and resident director at the Rustic Barn has cast some outstanding Chicago actors and actresses and promises that this will be one of the best holiday stage plays in the Chicago area this winter.

Geoffrey Pierson, a talented young actor who lives in Evanston is the leading role. Mr. Pierson has studied and performed in New York and in a number of Chicago theatres. His leading lady is Nila Krimitzer. Nila has just finished a role in the professional production of the Odd Couple which was performed in Chicago at the White Autumn.

Cast announced for Chateau Mysterie Theatre

The cast is set for the musical comedy whodunit Something's Afoot which opens Nov. 21 at Chateau Mysterie Theatre. Producer Robert M. Fredricks announced the names of the ten actors today. Included in the cast are Marie Brady and Edward Meekin who are currently appearing in The Mousetrap at the Chateau. Also cast are Peter Bailey-Britton, Mary Best and Hope Hommersand who have acted in one of the few previous productions of the exciting musical. David Arthur, Mark Bartos, Bernard Erhard, Susan Gordon-Clark and Hugh Hayes complete the cast.

This spoof of the classic mystery play is written by James McDonald, David Vos and Robert Gerlach with additional music and musical consultation by Ed Linderman. Director Jeanne Bolan has steered over 25 productions at such theatres as nearby Peninsula Players in Fish Creek, Wis., where she served as associate producer. She taught voice and diction in addition to directing at the Goodman Theatre.

The musical director is Gerald H. Bailey; choreographer is Elaine Cohen; set design by Edward L. Burch; costumes designed by William Wedepohl.

Chateau Mysterie Theatre is in the Chateau Louise Resort, Route 31, in Dundee, just one mile north of the Northwest Tollway. Performances are presented nightly at 8:30 p.m. Tuesday thru Friday, 7 and 10:30 p.m. Saturday with a 3 p.m. matinee on Wednesday and Sunday. For reservations and ticket information phone 426-8000 or the Chicago number 787-0001.

Dazzling performer

Typically European is Gallo's and simply dazzling is Geri Arnais who will be featured in the lounge at Trattoria Gallo Tuesdays through Saturdays starting Nov. 18 through Jan. 3 for seven weeks.

Geri Arnais — vivacious, volcanic, misty, mellow! She's an accomplished guitarist with a sophisticated singing style and charisma all her own.

Don't miss her during this engagement. In fact, plan to spend an entire evening amidst intimate surroundings designed to pamper your palate vis-a-vis superb Italian cuisine. Enrich your senses sipping wines selected for the most discriminating tastes.

Trattoria Gallo is located at 6755 N. Cicero, Lincolnwood.

'The Pleasure of His Company'

Arlington Park Theatre will be the site for glamour and sophisticated comedy when Lana Turner and Louis Jourdan begin a three-week engagement on Nov. 20 of The Pleasure of His Company.

Unquestionably one of Hollywood's Super Stars, Lana Turner's career has evolved from 'America's Sweater Sweater' to one of the screen's most accomplished dramatic actresses.

include Elizabeth Taylor, Grace Kelly, Shirley MacLaine and Jennifer Jones. The Pleasure of His Company will mark the first time he has worked with Lana Turner.

The Pleasure of His Company, by Samuel Taylor, was described by Brooks Atkinson as 'a gay and silken comedy of manners' when it opened on Broadway for a long run.

The play deals with a somewhat tarnished international playboy (Jourdan) who returns to San Francisco from Europe to the home of his former wife (Turner) for the purpose of giving away their daughter in marriage to a young man quite the antithesis of himself.

The Pleasure of His Company will be directed by John Bowab with sets and lighting by Neil Peter Jampolis, and preview at 8 p.m. on Thursday, Nov. 20, opening on Friday, Nov. 21, at 8:30 p.m. (press night) for a three week engagement thru Sunday, Dec. 7.

Performances and ticket prices are: \$8.50 Tuesday, Wednesday, Thursday at 8 p.m.; Sunday at 3 p.m. \$10 Friday, 8:30 p.m.; Saturday, 6 p.m. and 9:30 p.m.; Sunday 7:30 p.m.

"Save our Sight" screening for Niles residents

The Niles Commission, On Community Health is sponsoring a "Save Our Sight" screening to be presented by The Vision Conservation Institute on Nov. 30, from 10 a.m. until 3 p.m. at the Niles Senior Center, 8060 Oakton St.
This FREE vision screening is available to all residents age 3 and older. All participants will be tested for: Near and far acuity, muscle balance or eye teaming, hyperopia, stereopsis, near accommodation, color perception, field of vision, and glaucoma eye pressure.
Volunteers from various women's clubs in Niles and the Niles Girl Scouts will assist the VCI during the testing. Glaucoma testing will be conducted by professionals from the local chapter of the Optometric Association. All school age children, especially, should be given this comprehensive eye screening. It has been found that more than 29% of school age children have undetected functional problems with their vision, which are in most cases correctable. 80% of learning and 90% of driving decisions depend on good vision, so it is certainly worth the time it takes to have your vision checked at least once a year. If any deficiencies are found by the testers, the resident is referred to an Optometrist or Ophthalmologist of his choice for corrective treatment.
Remember this - "Anything less than vision at its best is needless form of blindness!" Mark your calendar now so you don't forget the date-Sunday, Nov. 30th, and the place-the Niles Senior Center, between 10 a.m. and 3 p.m.

Take advantage of free blood pressure readings

On the third Thursday of each month the Niles Commission On Community Health conducts free blood pressure readings for all interested residents. Many people suffer high blood pressure or hypertension problems; however, half of all high blood pressure problems go undiagnosed until a serious illness results. The objective of the readings which the Commission On Community Health holds is to bring unsuspected problems to a person's attention so that he will seek prompt treatment.
The age group most likely to have an undiagnosed high blood pressure problem is the "middle age" between 40 and 60. High blood pressure significantly increases the possibility of heart attack or stroke; therefore, it is essential that men in the 40 to 55 age bracket have regular blood pressure check ups. A blood pressure reading often is the first noticeable symptom of impending heart attack, which could be averted by prompt treatment of the elevated pressure.
The blood pressure readings are conducted at the Niles Administration Building, 7601 Milwaukee ave., between 4 and 8 p.m. The next reading date is Nov. 20. Each participant receives a copy of his or her pressure reading to take with him. In the event that your pressure is elevated, you will be told to consult your physician for his further evaluation and treatment.
"Wives, hey, keep your husband healthy as well as happy! Ask him to do you the favor of stopping to have his pressure taken, or bring him with you and both of you have a check-up to see if you have a problem you were not aware of!"

Friday Night at the Movies

The Children's Department of the Niles Public Library District continues its Friday Night at the Movies series on Nov. 14 at 7 p.m. in the Audio-Visual Room at the Main Library, 6960 Oakton St. Films to be shown that evening are:
Billy the Kid (18 min. color). While playing soldiers, the Magnificent 6 1/2 Gang find a goat who is a runaway Army mascot. After many mishaps with the voracious goat, they return it to the barracks for the reward.
A Fable (19 min. color). In pantomime, Marcel Marceau illustrates the moral, "If you lock out your friends and neighbors, your castle becomes your prison." A man plays with a group of children in a beautiful meadow.
When one child breaks a flower, he sends them away and builds a wall around his property. Other visitors are banished, too, and the wall grows higher and higher. When the man is completely isolated and in despair, the children return, and seeing his lonely face, begin to tear down the wall. No narration; music by Royal Orchestra of London.
Another film (35 min. color) will be shown which cannot be advertised because of restrictions from our film service. This film should delight children of all ages. All films shown are suitable for children ages 6 and up. Parents and other adults are also invited to the Friday Night Movies. Programs usually end at 8:15 p.m.

Maine Demos

Cook County Assessor Thomas Tully will be the guest speaker at an open house sponsored by the Maine Township Regular Democratic Organization Friday, Nov. 14th at 8:00 p.m. at the South Park Field House, River Road and Oakton Street, Des Plaines.
Mr. Tully's appearance will be another in a series of guest speakers sponsored by the Maine Township Democrats. Nicholas Blase, Committeeman of the Organization stated, "Mr. Tully's appearance will provide the general public with an opportunity to meet him and also, to ask him whatever questions they have on their minds pertaining to property assessment. We are asking everyone, regardless of political affiliation to attend this important meeting and special appearance by Assessor Tully." Blase continued, "We are all very delighted that Mr. Tully has accepted our invitation to help us continue our informative public programs."

downers for 8 months trying to reach a settlement with the school board.

The chief union negotiator is another Morton Grover, who pays the school taxes as a resident, and also is a tough negotiator who is telling the audience the school board is "stone walling".

A stream of neighboring suburban union presidents get up and tell of their support for the District 63 action. A lovely young 25-year-old woman, in sleek form-fitting jeans, is president of the Northbrook teachers union. She's been working for 3 days with the District 63 union. And all the other school district union presidents said they'd lend their support to the strike. "Remember," said the District 64 (Park Ridge) president, "your efforts will help all of us in years to come."

The professional union men are introduced. One guy is from Edwardsville in southern Illinois and there's others from all over the state.

Jim Chaukalis, the one professional union man who is leading the negotiations, revs up the crowd. "In a sense, we're in a war." He then recites the rhetoric of the 30's, raising the battery of all unions about to go into the trenches. "The survival of your organization is the ultimate question." Jim, the professional, hammers away. "Unity and discipline is what the teachers must have during the strike. We've got to come out of this with a victory," says the union pro, and he reminds the audience a victory will strengthen the teachers' position next year and for years afterward.

The young crowd gives standing ovations to their fellow-negotiators. And they're reved up. They're singing songs read from mimeod song sheets they received when they entered the hall.

Most of the teachers are women ... and they're picking up their strike signs, ready to report on the strike line at 6:30 in the morning. Their captains are introduced for each area and they receive rousing cheers.

At 10 o'clock the meeting is breaking up. The young teachers show no fear. They've got a cause, they believe in the strike, and these new union members retreat in their cars in the parking lot. Many of them are second jobholders in their families. There's little concern they're risking much.

Oh, where is the fear of the 30's? It's there. While the young middle class suburbanites, who've had money security all their young lives, sing songs and prepare for their happening in the morning, 20 middle-aged guys are meeting in the lobby outside the songfest room. They're the custodians. And they've got fear. They're not going to cross the picket lines even though they're not on strike. But they got a letter from the school board and they think their jobs might be on the line if they don't show up for work.

These guys are the descendants of the union men of the 30's. They're the family providers and their jobs may be on the line. One guy talks about his new home; "I've got

responsibilities," he says, and yet he votes not to cross the picket lines.

The custodians are in their 40's and 50's and 60's. If they blow their jobs, what happens to them? Still they believe in the union cause. They're the guys of the unions of 40 years ago who battled the scabs, and fought the union busters, and the private Pinkertons, and moved America forward and up.

When the young school teachers moved out to the parking lots to climb into their \$4,000 and \$5,000 cars, they didn't quite fit the picture of the underdogs fighting the robber barons. But when the grey-haired, heavily-paunched custodians hinted at intimidation from the bosses, we knew we were hearing the sounds of the 30's being replayed.

Billie Holiday wrote a song in the 30's, "God Bless The Child Who Has Her Own". Well, God has blessed the teachers — they have their own.

We admire the young teachers for fighting for what they believe in. But the custodians' refusal to cross the picket lines was a far more courageous effort. They had a lot more to lose. Yet, they stood tall ... a hundred feet tall.

Food pricing...

Continued from P.1 For a fine of \$100 to \$500 for each unmarked item and each day of existence.

Pesole told trustees that he had received in excess of 50 phone calls from Niles consumers requesting item-pricing, with one Niles resident offering signed petitions in favor of the food-pricing ordinance.

Computerized food-pricing is excellent for the store, said Pesole, who consistently called for item pricing in protection of the consumer's interests. He noted that an increasing hardship would be set on senior citizens who could not cope with mechanized pricing, or effectively shop within a fixed budget.

Trustee Marcheschi repeatedly stated he "felt sorry for the consumer," noting a future change to metric system and various product grading standards incomprehensible to shoppers.

Trustee Selman and Bast also expressed sorrow for the consumers, but ...

Trustee Carol Panek said the Board was premature in considering action on the ordinance ... "I feel the Board is over-reacting," she said.

Trustee Hartzak, a retail food merchant in Niles, said the scanning system had merit in comparison to the cost of manpower required to item-price products.

In other business trustees ... a Special-Use permit for construction of a second Pizza Hut in Niles at 8999 Milwaukee Ave. on the southeast corner of Menico-owned property. The action was predicated on disapproval of projected traffic problems and differences of opinion on Ballard St. entrance and exits. The Pizza Hut permit had been approved by the Zoning Board in September with approval from area residents.

A MacCleen's Carwash was approved for the same area in October of 1974 although the petitioner withdrew his request following high protests from area residents because of projected possible noise and traffic problems.

Granted a Special Use Permit to Evanston Federal Savings and Loan for construction of a branch office and 2 drive-in windows on The Treasury site, 8510 Golf rd., predicated on approval of sign variations. The savings institution temporarily located on Milwaukee near Golf rd. in Niles for two years desired a permanent location, said vice president Don Martens.

more bus stops in other areas; "Trustee" Kathy Gaertner, 6959 Niles Terr., requested consideration of lengthening bus service hours to accommodate late shoppers and recreationers at the Ballard Sports Complex. "Trustee" Laura Tagliavia of 8019 Osceola cited village transportation as an outstanding service to its citizens. Other "trustees" were Shari Cantor of 8623 National, Mary Christiansen of 8645 Normal and Sheri De George of 8555 Shermer.

As Director of Building and Zoning, Cheryl Oznoff of 8322 Caldwell; Police Chief Diane Grabowski, 8256 W. Monroe; Fire Chief Karen Pavkovic of 8021 Overhill allowed that vandalism is a problem in Niles, preventing free use of bike trails, teen center and Niles parks; Public Service Director Nancy Dispart of 8238 Milwaukee Ave.

Director of Public Works DeAnn Gerhardt of 8490 Shermer spoke highly of "her" department efforts in keeping Niles clean; Housing Director Joe Loeffler of 6955 Wright Terr.; Village Engineer Robert Koch of 8246 Osceola.

Village Manager Cheryl Barbaglia, 7019 Hamilton dr., was finance-minded (due to good instruction) stating that vandalism was high in cost of village and taxpayer monies; Village Clerk David Fleisner of 8361 N. Octavia; Village Attorney Sharon Summerr of 8030B Lyons; Asst. Village Manager Ann Marie Arz of 8421 Oriole; Family Service Director Denise Horn, 7522 W. Kedzie, and Senior Citizens Coordinator Kim Lake of 8754 Elmore.

Village Trustee Abe Selman, as Niles Youth Commissioner Coordinator, presented awards to the youthful officials following their hour-term of office.

The Niles Youth Essay winners attended, by invitation, the live coverage of the Illinois State Lottery, Channel 9, on television last Thursday, Nov. 6.

Approximately 400 essays were submitted to the Niles Youth Commission from the area 7th and 8th grade schools, limiting entries to Niles students.

All of the winners were honored during a luncheon at Bunker Hill Country Club on Nov. 5, their official day. The Wednesday morning of "their day" was spent in touring the various village departments; the afternoon was given to serving their village in specific, official capacities. Official experiences culminated at the Tuesday night board meeting with individual reports on selected topics of vandalism and transportation.

While it was evident the youthful winners had retained fine thoughts concerning village transportation and reduction in village vandalism, a few were critical in their comments, which were "well-put", as one village official was heard to say. "Trustee" Lynn Manzo of 8151 Greenwood asked for more buses, an increased number of stops and

coaches to GMC Knoxville Truck Sales, Inc. of Knoxville as lowest of 3 bids ranging to \$95,414.49.

Referred a request for a full-service and carry out pizzeria at 9126 Golf rd. to the Zoning Commission.

State Superintendent Martwick's office comply with the teachers request to send in a mediator from his office. The school board also agreed to this action.

Negotiators from the teachers' union told a 200-teacher-audience at the Fireside Inn Tuesday night they lowered their demands slightly. They reported the school board offered a 5% wage increase effective September 1 and a straight \$250 salary increase as of February 1, 1976, which they said would be \$125 for the half year.

School Board President Arlene Nidetz told The Bugle the schools would be open Wednesday morning and 400 substitute teachers would be called to replace the striking teachers.

Tuesday night the regular custodians agreed not to cross the picket lines but said they were not on strike. Custodians said they were intimidated by school officials and a letter allegedly from the School Board hinted their jobs could be in jeopardy.

The main issues which were not resolved included proposals for teacher salaries. Teachers sought a raise from the minimum \$8,734 to \$9,812 in two increments, a 7% increase effective September of '75 and a 5% increase to be completed in February.

According to the school board it has offered an increase to \$9,258 for the minimum salary and \$18,862 for the maximum salary, about \$1,000 less than the teachers' proposals.

In a fact sheet released by the teachers it contends District 63 teachers are the lowest paid in the area. They list the following districts and their salaries which are higher than District 63 salaries:

- Winnetka, District 35, \$10,061;
- Lincolnwood, District 74, \$10,034;
- Skokie, District 68, \$10,025;
- Glencoe, District 25, \$10,000;
- Wilmette, District 39, \$10,000;
- Skokie, District 69, \$9,991;
- Skokie, District 72, \$9,900;
- Evanston, District 65, \$9,800;
- Park Ridge, District 64, \$9,600/\$9,750.

According to the teacher fact sheet Des Plaines District 62 teachers have rejected a school

board offer of \$9,864 starting salary. District 63 is operating under last year's contract which pays \$8,734 starting salary. The current board offer is for \$9,258 while the teachers seek \$9,812. Other issues include fringe benefits, staff reduction procedures, teacher transfers and personal leave.

According to school board president Arlene Nidetz the district's salary offers are limited by a \$880,000 budget deficit this year, which is being covered by cash reserves built up from past years. She believes a deficit will take place in the 1976-'77 school year.

According to teacher union officers, Illinois Education Budget Accountants have examined the budget and believe money could be made available for teacher salaries.

Physician...

Con't from Skokie-L'wood P.1 Since that time, the organization has expanded its services to offer overall health screening to 25,000 persons a year. Seeing over 100 individuals a day, the center is the largest facility of its kind in the world.

During the 3 1/2 hour physical check-up, persons are given tests for lung, hearing, vision and other functions via computerized screening devices. There are also examinations by internists and specialists, as well as electrocardiograms, chest x-rays and blood analyses.

After the results are compiled a consulting physician goes over the medical record with each examinee and a copy is sent to his own doctor. For an appointment one may call 440-7110.

Loyalty...

Con't from Skokie-L'wood P.1 bank, John M. Duffy, Attorney and a partner in the firm of McCarthy, Scheurich, Duffy and Neidhart, and George B. Pletsch, Attorney and a partner in the Law Firm Schiff, Haffner and Waite.

Mr. Duffy's talk, illustrated with visual slides, showed how a simple trust, established now, could save a couple's heirs over \$35,000 in estate and inheritance taxes as well as avoiding the time consuming probate of the will.

Mr. Pletsch pointed out that gifts to non profit organizations such as Lutheran General Hospital were tax free and could be used to reduce an estate below the minimum for inheritance taxes, besides helping to support obvious needs for charitable institutions.

According to Hotel officials, this was the largest crowd ever to attend a meeting at the North Shore Hilton.
