Inside School District 63:
Cook County Superintendent Martwick's role in mediation was what moved the stalemate off dead-center. A 24-hour non-stop session took place beginning Saturday afternoon at the Niles Administration Building. At 6 a.m. Sunday morning the breakthrough came. But Martwick insisted all parties remain until the language and secondary issues were ironed out. When the noontime chimes rang at the hall, it tolled the end of the very bitter confrontation.

\$25,000-\$40,000 damage in Melzer fire
A fire at Melzer School, 9400 Oriole, Morton Grove, at about 10:30 Sunday evening is being investigated by the State Fire Marshall's office. According to Morton Grove Fire Chief Fred Huscher, forcible entry was made at about 11:00 p.m. Sunday. Continued on Page 31

District 63 school teachers returned to the classrooms Tuesday after 24 hours of negotiations ended with a settlement of the 5-day strike Sunday at noon. While teachers voted to return to school Tuesday at a Sunday night meeting at the Fireside Inn in Morton Grove after hearing of the tentative 2-year agreement, the confrontation left open wounds in the community. Sunday afternoon at a synagogue on Milwaukee Ave. about 200 parents attended an emotionally-charged meeting which was quickly 'de-emotionalized' when it was announced the strike was over. Administration representative Ruth Page, Board member Larry Reiss and Union President Barbara Korb spoke briefly at the meeting. Anticipated anger over alleged striker abuses and student manipulation was quickly diffused after questions from the audience were screened. The Continued on Page 31

No District 63 school closing in '76-'77
Tuesday night, at the School District 63 Board meeting, the Board passed a resolution not to close any school for the 1976-'77 school year. Previously, School Superintendent Gogo had contended diminishing enrollment might result in the closing of one or more schools in the immediate years.

Senior Citizen Bingo winner

On Wednesday, Oct. 22, at 1:30 p.m. Maine Township Regular Democratic Organization with Committeeman Nicholas B. Blase played host to over 700 Senior Citizens or Kings and Queens (as game chairman Nicholas Costantino likes to call them) at the sixth Bingo Party held at Przyblos House of the White Eagle in Niles. In addition to the usual free Bingo Party, Danny Rio, the new Jimmy Durante, spent the afternoon entertaining the Queens and Kings with songs dear to their hearts and memories.

Shown in the above picture is a gentleman, Mr. Andrew Schadeck, who was our first big money winner, and his luck still holds as he is presented dinner for two at Jake's, by Committeeman Blase and Veda Kaufman. Jake's, the Golden Nuggett, La Venece and the Landmark all donated dinners for two to the lucky door prize winners and the refreshments which were served by members of the organization were donated by Amy Joy, Dunkin Donuts, Niles Bakery and Salerno Biscuit Company. Our sincere thanks and appreciation to these fine establishments for their generosity to our Senior Kings and Queens.

Senior Forum well received

On Friday, Oct. 31, the first Senior Forum was held at the Trident Center, 8060 Oakton. Twenty seniors attended this meeting. The objective of this forum was to obtain direct input from the seniors as to what services and programs they feel are important for the center to offer. Included in this objective was also the idea of getting feedback from the seniors, as to projects the staff was considering including at the center.

Some of the central issues raised at the forum, were transportation to the center, ways of welcoming new members to the center and activities that could be offered here. One suggestion, concerning transportation, was to establish a ride board. This has now been set up at the Trident Center, and both those who need rides and those who are available to give rides, can post notices on this board. The ride board is limited to transportation to and from the center. The idea of a coffee hour welcoming new seniors to the center, to be held on a regular basis, was also discussed. The first coffee hour is now in the planning stages.

The response of those seniors attending the forum was very favorable. They felt it was a good opportunity for them to voice ideas concerning areas they felt the center could get involved in, and also offer their opinions on what was already taking place here. Because of the interest in the first forum, another one is being planned for December and will be open to all Niles seniors.

LEANING TOWER YMCA

"Senior Synkers" is a swimming group started for senior citizens at the Leaning Tower YMCA Senior Adult Center. This group consists of over twenty people now, but all seniors are welcome. The only requirement is that they be over sixty years of age. This is a wonderful way to keep physically fit and they swim twice a week with three instructors and a lifeguard, who are also senior citizens.

Ruth Halldorson, who is coaching this group wants these swimmers to go along at their own pace, learning new strokes and improving on the ones they already know more easily and efficiently. The group swims every Monday and Friday from 12:30 to 1:15 p.m. but you do not have to attend every session as this is designed to be more of a pleasure than a task.

If you are interested in "Senior Synkers" please call the Leaning Tower Senior Adult Center at 647-8222, ext. 539.

Aftermath of a strike in District 63

The fire is over, but the ashes continue to burn. Let us hope they never die out, or we will all be totally defeated. No one won. What was accomplished? Nothing positive. Too much was lost.

The Administration decided to retaliate when they found the teachers voted to strike. They informed us schools would be open and we should send our children. And so we did. "The strike is illegal," they said. The only thing good about it is that we learned. We learned people are not what we thought they were.

And what did our children learn when they came to school on Wednesday morning. They saw their teachers marching with signs. They saw their teachers chasing after substitutes and intimidating them.

They heard their teachers telling them "go home". They heard their teachers telling them "if you go in there, I won't be there". They heard their teachers telling them "cause trouble for the subs", "turn over desks, disrupt the classes".

But the children went inside anyway. And what did they find? They found a fully-staffed school, a principal who really cared, and completely-capable, sympathetic teachers. They found their classrooms about two-thirds occupied.

Later in the morning, peacefully and quietly working in a classroom with an excellent substitute teacher who holds two degrees, they hear a banging on the window. "Who is it?", they wonder. Why, it is only their regular teacher. And what is she saying? "Go home," she screams at the sub. "She's stupid," she tells the children. "I'm a better teacher than she is." The sub closes the curtain and it ends. But does it? Will the children forget?

After school the teachers are in action again. "Go home and tell your mother not to send you to school tomorrow," they tell the children.

The subs are chased, harassed, threatened all the way to their cars and the bus. "The bus!" you say. "What bus?" "Well, the bus that is needed to bring them to school so their cars won't be damaged, so they'll have protection." "Now wait a minute," you say. "Protection from whom?" "Why, you know, protection from the teachers."

"You know, those people we've entrusted with helping to form our children's minds." And you find it impossible to believe. You want to close your eyes and make it go away. But you can't. You have already seen too much. You can't because no one will let you. Your phone never stops ringing for three days and over and over again people repeat to you the things you already know. And you're sick.

Thursday morning the strike is still on. You take your children to school again. You're afraid. But, you go. When you arrive you find the teachers have managed to pull some parents into the mud along with them. You get out of your car with the children and are accosted by two mothers with signs. "What is this?", you say. "My own neighbors, my own friends?" "Take your children home," they tell you. We go past them anyway and into the building, humiliated, insulted, ashamed that we are upholding the law.

Total amnesty for rock-throwing children?

Dear Editor:

As a 'concerned citizen' and parent I today attended a meeting at the Temple B'Nai Joshua Beth Elohim, 901 Milwaukee, Glenview, related to the recent District 63 teachers' strike.

I went to hear both sides of the story, since I am neither happy with the School Board nor the East Maine Education Association, but much to my dismay, it was an entirely different meeting than I had anticipated.

Unfortunately, the strike had been settled, or at least negotiated to a point where only ratification was necessary to settle it, so the primary issues were not discussed. As usual, in all District 63 issues, the real issues were dealt with in the usual way - evasively, and to no satisfaction of the parents.

I'm accustomed to this and, as a result, it's not my primary concern for writing this letter! I've lived in this district now for fifteen years, for better and it's getting worse, so evasiveness is nothing new. In fact, the first words out of the mouth of our school's principal are always, "Uuuuuuuuh, well ..."

My really super concern is the fact that most of the parents attending the meeting were those parents of the young people at the Apollo Junior High who had stoned the cars of substitutes and also broken school windows. They were there, not to hear the issues of the strike, or as it turned out, the process of the settlement, but to be certain that their children were granted total amnesty, even if the same then had to be granted to the teachers who encouraged them.

I am the mother of two children, one from a broken marriage and one from my present marriage. Neither has had it easy, as a result of the situation, but they have been raised hopefully to respect property, public and private. Were either of them involved in the willful destruction of property, public or private, and no matter who encouraged them to do so, I feel they would not only have to answer to the authorities, but also to me and my husband (probably the greater of two evils). Breaking windows, belonging to anyone or any institution, is wrong, and if by Junior High any young people

have not been taught this, then their parents are as much as fault as they are and, if they're not willing to face it, there's lots of trouble ahead for all of us. Those parents who attended the meeting only to protect their children from suspension or other disciplinary action are doing a disservice to themselves, their children, and their community.

Unfortunately, our teachers did their part to incite their actions and also will not be disciplined, but they are beyond our control. Surely they're going to feel some 'controlled' reprisal from some of the 'concerned parents', but as long as some parents feel their children can do no wrong, where is our society going?

Lauds Reynolds Aluminum for conservation efforts

I am taking this opportunity to publicly announce our recycling center's support of the increasing efforts of the Reynolds Aluminum Company to promote recycling. Reynolds Aluminum, who has long been promoting the recycling of normally discarded products, has now opened a new aluminum collection plant. This plant, located in Addison Illinois, is one of many new plants recently opened across the nation.

The Reynolds Aluminum Company should be congratulated for their continued outstanding efforts for conservation of our precious natural resources with

the aid of public education. It is extremely encouraging, when recycling has seemingly slipped out of the public eye of concern, to see a private company take the initiative to promote environmental activities. The future of recycling lies with the individual efforts of concerned industries, governmental agencies, and a concerned and aware American public. We must all work together to create a resourcefully independent nation.

Sincerely,
George Brabec, Program Director

Evils of ERA lurks in the wings

Dear Mr. Besser:

It is more than a little tiresome repeatedly to hear that all virtue and wisdom in the argument over the so-called Equal Rights Amendment are on the side of its advocates. So much of the argument used by the professional feminists contains more verbiage designed to cover up realities than to shed light upon them. The evils which lurk in the wings, waiting upon the passage of E.R.A., to be unloaded upon an unsuspecting and desensitized public, are a good deal more real than they are willing to admit.

The attempt by some advocates of this so-called Equal Rights Amendment to intimidate Sen. John Nimmer into crawling into the E.R.A. bag along with other cowardly male legislators must be opposed. These male legislators and the newspaper editors and the clergy and others who have

been galloped or intimidated into shutting off their powers of reason, and who have caved in to the threats of the professional feminists and their allies, writing and unwittingly, are the same sort of peace-at-any-price cowards who, from time immemorial, have thought that peace would come from appeasing the despotic forces which laid siege to them. In the end our "leaders" will discover no peace at all for they will have to live with the knowledge that they have delivered the people of this nation more certainly into the hands of the corruptors.

The real, out of sight, promoters of E.R.A. know that peace will not come, and they intend to do all in their power to see that it does not. Ultimately, and sooner than we think, we will find that appeasement works no better with the E.R.A. than in the affairs of nations, and will lead to the same dreary dead end.

The men in the legislature who vote for this abomination will discover shortly that they have delivered their wives and daughters and granddaughters into the hands of the same sort of modern barbarians who have engineered the killing of countless unborn babies, and whose real purpose, far from improving the lot of women, is to reduce them to a state of degradation the like of which the world has not known, even in the most primitive societies.

In a world, much of which already lives in a moral sewer, we will surely find ourselves up to our ears in corruption, as the gentle, deceptively simple language of E.R.A. is twisted to condone and legalize practices which a well ordered society would not permit. The handwriting is already on the wall in neon letters, but in a blind, headlong rush towards a bogus "freedom", heedless of consequences, we not only refuse to see the trust, but embrace the engines of our own destruction, of which the E.R.A. is certainly one. Shades of the Trojan Horse!

We can have no confidence that this amendment would survive in the purity intended by most of its supporters. Having witnessed the cruel manipulation of the First Amendment in order to unload a torrent of pornography on the people which threatens to take over our culture, and the "interpreting" of the Fourteenth Amendment in order to permit the killing of unborn babies by the millions, I am unable to muster much confidence that E.R.A. will survive the attacks and interpretations of those whose motives are not as pure and decent as those of the majority of its supporters. I am convinced that we and those generations which follow us will rue the day we allowed the deceptively simple language to blind us to its real consequences.

The right of people to belittle and even to be scornful of the warnings of things to come under E.R.A., as their right to stand in the path of a speeding train, cannot be denied. But as with the latter, so with the former, we do so at our peril.

Sincerely,
Joseph T. Gill

An open letter to Morton Grove Park Board

The Golden Seniors of Morton Grove — the only seniors' organization with 100% Morton Grove residents (and taxpayers) — has been, for the last 18 months, trying to secure recognition from your Board as an equally worthwhile local organization to the older "Morton Grove Senior Citizens" group.

As such, we should be entitled to equal consideration and assistance by your Board in our efforts to provide the seniors with a group serving their needs.

For reasons which fail to have validity or fairness, an older group secures a meeting place in your park properties, \$2,800 in yearly financial help, plus many other aids which up to now have been denied us.

In reluctantly accepting the measly \$200 you have finally offered us, we want to point out the glaring inconsistency in your attitude toward the two organizations.

Bob Weiss
The Golden Seniors

An open Letter to the Editor

While we appreciate what the Morton Grove Park District does for us, i.e. use of their misnomer for an hour or two one day a week and a donation of \$200 a year for our incidentals, we fail to understand the difference between independent self-financed Senior Citizens made up of only Morton Grove residents and Morton Grove Park Board sponsored Senior Citizens made up of Park Ridge, Niles, Lincolnwood, Skokie and some Morton Grovers.

What we are saying is, why does the Park District allot \$2,800 a year to one group of Senior Citizens, most of whom pay taxes outside of Morton Grove, and only \$200 to a group made up of only Morton Grove taxpayers.

It seems to us that Senior Citizens are Senior Citizens wherever they live but, why preferential treatment to those who pay no taxes toward the Park District or Morton Grove. Would not an allotment of \$1,500 to each group be more fair?

When one considers that it was the Morton Grove Senior Citizens and those soon to be Senior Citizens and not the Park Ridge, Niles, etc., group that through their Morton Grove Days Carnivals, etc., bought and paid for, with their own efforts and not taxes, Harrer Park, one must remember Harrer Park was turned over free to the Morton Grove Park District by Morton Grove Seniors and those soon-to-be Morton Grove Senior Citizens.

We realize that Park Districts in Illinois must operate under state regulations which means that anyone who lives in the state may enjoy the facilities that the Morton Grove Park District has. However, we find it difficult to understand why the local taxpayer comes out second best when park funds are distributed so that non-tax-contributors to the park system obtain more than the tax-contributors to the Park District funds.

Could it be that we Seniors who live in Morton Grove and foot the bills are considered second rate citizens?

Local clergy denounce anti-semitism resolution

The clergy of the Interfaith Thanksgiving Service of Morton Grove today denounced the recent United Nations resolution which equated Zionism with racism.

The clergymen, speaking as individuals, said:

"Anti-semitism has once again reared its ugly head by means of the recent United Nations resolution which labels our Jewish friends as racists.

"We congratulate the Senate of the United States for its unanimous condemnation of this resolution and we call upon our congregants and all fairminded people to express in deeds and words their revulsion of this act of the United Nations General Assembly."

The statement was issued by Rev. Conway Ramseyer, Pastor of

the Morton Grove Community Church; Rev. John Jewell, Pastor of St. Luke's United Church of Christ; Rev. Richard E. Szcior, Administrator of St. Martha's Church; Rabbi Lawrence H. Charney of the Northwest Suburban Jewish Congregation; and Cantor Jeffrey Shapiro of the Northwest Suburban Jewish Congregation, who are all of the participating clergymen in the Interfaith Service.

The annual Interfaith Service will be held this year on Thanksgiving Day, Nov. 27, at 11 a.m. at St. Luke's United Church of Christ, Harlem and Shermer, Morton Grove.

The United Nations resolution referred to by the clergymen characterized Zionism as a form of "racism and racial discrimination".

Zionism is the movement and yearning of Jews for a national homeland in Israel. It has been a part of Jewish religious prayers for hundreds of years.

The United States Congress has unanimously condemned the United Nations declaration. The United States Ambassador to the United Nations, Daniel P. Moynihan, calling the declaration an "infamous act" said "a great evil has been loosed upon the world. The abomination of anti-semitism has been given the appearance of international sanction."

Moynihan said that the vote "granted symbolic amnesty and more, to the murderers of 6 million Jews in World War II."

Meanwhile, local Jewish leaders, aghast and angry at being labelled racists, asked persons planning to travel to Mexico and Spain to consider changing their plans. Mexico and Spain joined the Communists, the Arab and African countries in voting for the resolution.

The award will be presented at a ceremony during biennial convention of the United Synagogue which will be held Nov. 16-20 at the Concord Hotel, Kiamesha Lake, N.Y.

Accepting for the congregation will be President Lewis D. Greenberg. Arthur Levine, president of the United Synagogue, in announcing the award, declared that the congregation's Israel affairs programming excelled in all departments.

The committee which selected the Solomon Schechter Awards, named for the late founder of the Conservative Movement and president of the Jewish Theological Seminary of America, was headed by Jeff Shor, with Rabbi Morris Feldman as Consultant.

Thought For The Week

By Larry F. Renetzky, ACSW

"Happiness"

We all are striving for happiness in some measure. An article that I came across says it like this:

"Happiness is a funny thing. You can't see it or hear it or touch it and no one has ever really defined it. But those who possess it treasure it and those who don't often spend their lives searching for it."

"Happiness comes not from receiving, but from giving -- of love, of sympathy, of faith, of understanding. And, oddly enough, the more we give, the happier we become and the happier we become, the more we have to give."

"Happiness is a state of mind that depends entirely on you. We talk of others 'making us happy', but this is seldom the case. We make ourselves happy or unhappy by our attitudes toward ourselves, our work, our neighbors, our world. The truly happy person is the one who can be enthusiastic about the things he has to do as well as the things he wants to do."

"Happiness is a wonderful thing. It is the one gift we can give ourselves -- and the most precious gift that we can wish for others."

Please let us hear from you regarding the above -- name will be kept confidential. Individual, marital, or family problem; need for improved communication; want to enhance your personal, marital or family growth? Call Niles Family Service, 692-3396, 8060 Oakton st., Niles, 60648.

Steve Corwin, Republican Candidate for State Rep

Steve Corwin of Skokie, an accountant, has announced his candidacy for nomination as Republican State Representative

in the 4th Legislative District which includes parts of Skokie, Morton Grove, Niles, Glenview, Mt. Prospect, Arlington Hts., Wheeling, Golf, Park Ridge, Des Plaines, and Hoffman Estates.

Corwin, who will have primary opposition, narrowly missed nomination to the State Senatorial Post from the same district as a Democrat in 1972.

Miles N. Hartman, Corwin's campaign treasurer and coordinator, has stated Corwin will launch a vigorous fight against crime, will work to improve Illinois' economy and will strive toward tax relief and improved education.

Corwin also has stated that he feels it is ridiculous for people to think that government can solve all or most of our problems. Much governmental action creates problems rather than cures them, Corwin stated.

Corwin is 28 years old, has Bachelors degrees in Accounting and Marketing and has a Masters

Athlete of the Week

Mark Tomasi, a Maine East senior from Park Ridge, is this week's Athlete of the Week. He is a veteran cross country runner for Coach John Coughlan, whose hurriers finished seventh in the state. Mark took a 15th place in the state competition. He com-

petes in the three-mile run and will later this year be participating in track.

This year Mark is enrolled in Advanced Math IV, Biology II A.P., and in the English department, he is taking Science Fiction first semester and Minorities & Literature during second semester.

When asked about how high school sports will change in the years to come, Mark commented, "The good athletes or athletic programs will become much more serious. It will be more of a full-time thing to compete or practice. The athletes who are not too good will become worse and their athletic endeavor will be just for fun or status. Being 'on the team' for them will be the big accomplishment. I also think there will be a division of people. Our country is becoming increasingly anti-success oriented and the first place this is visible is in athletics. More and more people no longer want to sacrifice time, and effort merely for accomplishment. Most would rather be given something than striving hard for it."

Essay winners enjoy their day

At 9 a.m. on Wednesday, Oct. 29, this year's winners of the Niles Youth Commission's Jr. High Essay Contest assembled at the Administration Building and received their assignments as a Village Official for the day. Group photographs were taken and the tours began with the various departments in the Administration Building. From there it was on to the two fire stations, the police station, public works offices and Family Services offices. Many thanks go to the Fire Department, Police Department, Public Works and Health Inspector for arranging the tours and transportation.

When the tours were completed, lunch was served at the Bunker Hill Country Club, after which the winners spent some time with the people they were representing, wherever possible. At the end of the day, the winners met again in the Administration Building to prepare their notes for the reports they would make at the Village Board of Trustees meeting on Nov. 11.

Rhoda Salins, Chairman of the Essay Contest introduced the Essay Contest winners and their positions on the Board.

Mayor Bryan Wall called the Board of Trustees meeting to order shortly after 8 p.m. on Tuesday, Nov. 11, and then asked Village Clerk David Fleisner to call the roll. Trustees Sheri DeGeorge, Lynn Manzo, Mary Christianson, Kathy Gaertner, Laura Tagliavia, Shari Cantor made their reports, all of which were approved.

Reports were then made by Police Chief Diane Grabowski, Fire Chief Karen Pavkovic, Director of Public Works Deann Gerhardt, Housing Joe Loeffler, Director of Building and Zoning Cheryl Ozonoff, Director of Family Services Denise Horne, Village

Engineer Robert Koch, Health and License Officer Teresa Martin, Village Manager Cheryl Barbaglia, Assistant Village Manager Ann Marie Arzt, Village Clerk David Fleisner, Village Attorney Sharon Sumner, and Mayor Bryan Wall.

All the reports were accepted and a resolution was passed calling for a better understanding of local government by the youth with the hopes that in the future we will have well-informed citizens and public leaders. Since there was no further business, a motion was made, seconded and passed for adjournment.

Following the adjournment of the meeting, Abe Selman, Chairman of the Youth Commission, Carol A. Chaconas, Youth Coordinator, presented to each winner his or her trophy, bond letter representing a \$50 1st place savings bond, and a \$25 savings bond for the runners-up, and a photograph taken with the village official each winner represented on Oct. 29.

This year's Jr. High Essay Contest is officially over but the memories will remain for these 21 winners.

Maine-Niles Campfire Girls Camporee

Even though the wind and weather wasn't in a very cooperative mood, many of the Maine-Niles Campfire Girls braved the elements and went to the Lake Ave. woods for their annual Camporee on Oct. 19, 20 and 21. Despite blue noses and cold toes and a collapsed tent or two, the girls still managed to have a magnificent time. The temperature dropped so low overnight they thought perhaps the well would freeze and the wind was so strong they feared the "little houses" might topple over, but to everyone's relief Saturday morning everyone was still intact and the wonderful smell of the cooking fires, a hearty breakfast and a little sunshine made it seem

worthwhile. The groups that weathered the weather were: Golf School's 4th grade Cardinals, Central and West Schools, Des Plaines 5th grade group, Field School's Park Ridge 6th grade, Yu-Ka-Le-Hi, Franklin School's Park Ridge 6th grade, Jefferson School's Niles, 4th grade groups, 6th grade Odimekias and O-Da-Ko-Kis, and 5th grade Tiawakas, Emerson Jr. High School's Ek-Tanah-Metkla, Roosevelt School, Park Ridge, Ti-Wi-Wakas, Maine East and Maine South High School groups the Ki-Ma-Ki-Nans and Okiwankanyas.

The Camporee was under the supervision of Mr. and Mrs. Herb Liebsch, Niles.

OLR Pack 107

"Welcome" was the theme of Pack 107's meeting held Friday, Sept. 26, at Our Lady of Ransom School. The meeting opened with Webelo Leader Frank Kotz introducing new den leaders to the parents and boys. Al Motz then assumed the duty of Cubmaster and led the parents and boys in a round of songs. Den 2 led by Sue Miklas and Jean Trnka, den mothers, sang their "Welcome" song to all new cub scouts and "old gang" members.

Twelve new boys received Bobcat badges. They were Joseph Darcey, Tim Meyenberg, Tom Meyenberg, Dan Pianetto, Terrence Bryant, Robert Chadil, Anthony Cappelletti, Andrew Murphy, Paul Rakowski, James Ochsenreiter and Joseph Pietta. One-year pins went to Cubs Ralph Millito, James Miklas, Marc Janik, Eric Tetons, Nickie Trnka, John Mandik, Ken Kotz, Doug Cooper, Thomas Gadomski, Eric Nelson, Jerry Ragusa, Robert Schegel, and Ken Cooper.

Other awards included Tim Plakke, summertime award, 1 gold and 4 silver arrows; Lyle Deckowitz, 1 silver arrow; Keith Salmon, 1 gold and 1 silver arrow; Mike DiNino, Ken Kotz, Steve Kotz, and Ray Frake each received the summertime awards.

Advancing from Webelo scout to Troop rank was Tom Gianos. Fun time was when Den 9 introduced a relay game, coached by den leaders Ginny Cooper and Bernice Gadomski.

The evening ended with Den 6 receiving the top place for parents attending and thus being first to receive their donuts and juice.

Niles Student to appear in "Glass Menagerie"

Rockford College senior Amy Jo Serpe, 7510 Jonquil Terr., Niles, has been cast in a lead role in the college's forthcoming production of Tennessee Williams' *The Glass Menagerie*. Miss Serpe, a theatre arts major, will portray Amanda, the southern belle who is unable to adjust her thinking to fit the life she leads after marrying a telephone line-man and moving to St. Louis.

The play revolves around the relationship of a mother and her son and daughter during the

years just prior to World War II. Essentially a memory drama about sensitive people, *Menagerie* is considered typically Williams in its poetry and depth of feeling. It won the Drama Critics Circle Award for the best American play in 1945.

V-Show stage crew

[by Barbara Goodman]

Last year Maine East's widely acclaimed variety show was turned over to the students. V-Show was completely directed dramatically, musically, choreographically, and technically by the students themselves. And anyone who saw "Ya Gotta Have A Gimmick" last November can agree upon the success of this movement.

One of the most exciting aspects of "Ya Gotta Have A Gimmick" was the set, designed by technical director Chuck Bryda. This year taking the position of tech director is junior Mike Eterno. Mike has been stage

manager of numerous shows last year and has proven himself to be completely deserving of the honor placed in tech director for the upcoming Nov. 20-22 performances.

Naturally V-Show would not be a success without the construction involved. The entire tech crew is involved in hammering, drilling, painting, and innumerable other jobs. This is the most time consuming of the tech crew's work, but it is also the most important.

While construction is going on stage, below stage in the basement, costumes and make-up are being readied. The costumes are dug out from the many closets and boxes in the storage rooms, sewed, or rented. Make-up is sorted, restocked, and catalogued in preparation for the enormous cast.

Meanwhile, back on stage, after most of the construction is done, lighting is prepared. Each light is patched into the complicated lighting board and adjusted to hit the right amount of stage. The lighting head along with the tech director decide on each cue to be used to create the right mood for each skit, song, and dance.

Now the final touches are added. The prop head must gather the correct props, somehow or another. The sound head must get all sound effects and songs on tape. Every element must be perfect to compliment the act on stage.

TV Repair

TV Advanced, a four-week course for those interested in in-depth instruction on color television operation and repair, will begin on Wednesday, Nov. 26, from 7:30 to 9:30 p.m. at Maine West High School, Wolf and Oakton, Des Plaines. For further information, contact MONACEP, 967-5821.

'H.M.S. Pinafore'

The First Lord's Sisters, his Cousins and his Aunts rehearsing a number from the Gilbert and Sullivan operetta *H.M.S. Pinafore* to be presented by the Park Ridge Gilbert and Sullivan Society. Included in this group is Susan Kowalski of Niles, pictured 3rd from the left. The producer of the production is Thomas Porzak, also of Niles.

Performances will be at 8 p.m. of Friday and Saturday, Nov. 21 and 22, and at 2 p.m. on Sunday, Nov. 23 at Washington School in Park Ridge. Parigass is sponsored by the Park Ridge Park District. Tickets may be obtained at the door or call Tom Porzak at 965-5777. Adults \$2.25, children (under 12) \$1, senior citizens \$1 (when presenting I.D.).

Student Board brings Shakespeare to Oakton

Performances by the National Shakespeare Company will be sponsored by the Oakton Community College Board of Student Affairs on Friday and Saturday, November 28 and 29.

"Macbeth" will be presented on Friday evening and "Much Ado About Nothing" on Saturday evening, both at 8:00 p.m. in the Niles East High School auditorium, Lincoln and Niles Avenues, Skokie.

"Macbeth," a tragedy, is a play of conscience, ambition, and obsession. Although it is tribal in culture and peopled with kings, witches, and warriors, the play is contemporary in its psychology, with characters portrayed as beings with human flaws.

"Macbeth" is the tragedy of a political figure who becomes so warped that he believes his ends justify his personal methods.

'Carousel' to be presented by Maine East

The Maine East Music Dept. is happy to announce its 1976 Spring Musical, the very beautiful Rodgers and Hammerstein's 'Carousel'. This Musical will be presented April 30th, May 1st, May 7th and May 8th. 'Carousel' unfolds a strange and beautiful love story told in unforgettable songs. Lovers walk the rocky Maine shores, Sailors sing of the sea, townsfolk gather for a gay Clambake and life and death are viewed from a typically New England haven. This Musical play has been a Broadway

hit three times and won vast audiences in the movie version. The main reason being the shows score—it needs no explanation—the songs sing themselves and "all the rest is talk". You're probably familiar with some of these gorgeous songs such as "If I Loved You"—"June Is Busting Out All Over"—"You'll Never Walk Alone"—"We'll Have A Real Nice Clam Bake" and there's more. Watch for more information in January on the Spring Musical "Carousel."

ED HANSON

Thanksgiving ...

Thanksgiving, like prosperity, is just around the corner. This is a time to be humble. To count your blessings and give thanks. I, therefore, wish to express my thanks to the following: ... to Lutheran General Hospital for breathing. ... to American Tobacco Co., R. J. Reynolds and Brown and Williamson for vice versa, but millions of pleasurable puffs. ... to Schenley and Anheuser Busch for many, many "high" spots in my life. ... to friendly Bob of the General Finance Co. for money. ... to the late Moe Rosen who, 40 years ago, taught me how to read a racing form. ... to the French-Canadian Pari who invented the pari-mutuel machines. ... to the Illinois State Lottery who may make me an instant millionaire. ... to the Chicago Cubs and Bears whose losses have been my gain. ... to Drivers, Paisley, Banks, Busse and Marsh, Jr., who brought me an instant fortune at Maywood Park. ... to Smith and Wesson for protection. ... to Kojak for many entertaining nights. ... and finally to Harvard University who has already paid me for my brain. They want to keep it in a jar for study. [Editor's note: a thimble-sized jar.]

Speaking of Thanksgiving, Jake's Restaurant is featuring a 7-course Thanksgiving dinner with de luxe Tom Turkey, giblet gravy, dressing, mashed (or sweet) potatoes, soup or juice, vegetable, pumpkin pie and beverage for under \$5. In addition Jake is offering festive Thanksgiving dinners of baked ham with raisin sauce, Chicken Kiev, roast lamb with dressing, Veal Cordon Bleu, roast sirloin of beef, broiled skirt steaks, two broiled center-cut pork chops, choice Butt steak, chopped steak, Persian style. All of the above Thanksgiving dinners are priced under \$5. And children can have any of the above selections at half price.

As we all know, Jake has repainted his restaurant red, white and blue because this is the Bicentennial year and he is trying to get the original Liberty Bell to place on display for Thanksgiving together with some Pilgrims from Plymouth, Mass., and some Indians who may do some war dances in the parking lot if the village permits. President Ford may also come as Jake has invited him and the First Lady. If Ford can't make it, he'll send along his football helmet which will also be put on display. Anyway, for an old fashioned festive Thanksgiving like the Pilgrims had, Jake's All-American Restaurant of Niles is ready, able and willing to serve you.

Dapper Ron Summerfelt has done very well, I'm told, with 12-piece box of chicken he recently advertised in The Eagle newspapers. Chicken Unlimited is located at 8900 N. Milwaukee ave., Niles, and offers indoor dining as well as carryouts. If you like chicken you'll love the kind Chicken Unlimited serves.

Werner Hartman, president of CMC Electronics, 8024 N. Milwaukee ave., Niles, who sells and installs car stereos, burglar alarms and other electronic items, is a self-made man. I asked him for the secret of his success and this is what he told me: "It is unwise to pay too much, but it is worse to pay too little. When you pay too much, you lose a little money — and that is all. But when you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing what it was bought to do. The common law of business balance prohibits paying a little and getting a lot — it cannot be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better."

Now you can understand why Werner Hartman is such a successful man in the car stereo business — or can you?

Andy, owner of La Venecia, the popular eatery of Niles, next to Eddie's Place, tells me his 4th anniversary celebration was very successful and he wishes me to thank the many patrons who attended. I frequently have breakfast at La Venecia ... and I love that country-fresh pork sausage he serves. By the way, every Tuesday is Greek night at La Venecia.

The Chambers Restaurant, 6881 Milwaukee ave., Niles, is offering an old fashioned Thanksgiving dinner with a choice of several entrees, including the traditional Tom Turkey. Seating is at 1, 3, 5 and 7 p.m. (see ad this section). The Chambers is now accepting reservations for private Christmas parties ... just phone 647-8282.

Park ok's 'security' lighting for Golf Mill Park

(By Alton M. Bobala)

Illuminating a sombre though levitated Park Board meeting Tuesday night, Niles Park Commissioners approved an expenditure "up to \$1,500" for installation of a 400 mercury watt vapor light at the southwest corner of the playground in Golf Mill Park.

The light would be in operation within two weeks, said Park Director Bill Hughes, and "will be as vandal-proof as any light can get", referring to recent vandalism at the park.

Commissioners favored the lighting for "security" purposes rather than a well-lighted park which "might prove to be an attraction". A second light was proposed for a later date at the southeast (Cumberland and Davis) corner of the park.

Tuesday night's lighting action was the result of an Oct. 22 confrontation by park area residents who complained of vandalism to park equipment, to residential property and to area cars. A spokesman for the approximately 200 residents who attended the meeting of park officials, police and homeowners at the Ballard Sports Complex had requested, listing numerous complaints, a regular police patrol of the park area, fencing of the playground with its newly installed equipment, bumper guards and stop signs at Davis and Clifton ave. and a posting of park closing hours, citing proper lighting of Golf Mill Park as a priority.

Park Commissioner Millie Jones told fellow board members Nov. 18 that corrective measures had been made during the past month at the parksite. Three 3-way stop signs had been erected at Clifton and Davis st. to reduce traffic problems, she noted. A 4-ft. fence now enclosed the playground with bumper guards and spaced telephone poles staking the area for added safety from traffic. Signs had been posted at the park listing curfew hours and street limitations.

Park surveillance by police or

park personnel remained under investigation, she noted.

As the representative of the "Golf Mill concerned families" spokesman Alan Bobin, 9056 Clifton, expressed appreciation to the Park Board Tuesday evening "for their assistance in making our area a better place to live in". Area problems have decreased, he said, with an increase of child participation at the park. "We (area homeowners) are very pleased that you moved so quickly to correct the difficulties," said Bobin, a manufacturers fashion representative who had returned a day early from a New York business trip in order to appear before the Park Board.

Bobin credited the news media for publicity which "aided homeowners to express their views". Approximately 30 teens had visited his home during the past month, he said, to express their concern for the park, for the area and for themselves, as a result of the publicity.

Another Golf Mill resident, while signifying his approval of the recent board action, pressed for improvement of Davis st. (presently a half-street and the south boundary of the park) with widening and curbing. "The north half of Davis is a mudhole after a rainfall," he said. Park Commissioners promised early investigation.

In other business commissioners tabled approval of payment to James Clark Co. for \$2,604.07, for a second time, for proper assimilation of additional information given to the board members immediately prior to the Tuesday night meeting.

The Board declined a request for winter storage of tennis court coating material.

Commissioner Steve Chamerski reported successful planting of 416 trees and shrubbery at various parksites.

Park Attorney Gabe Berrafato stated that the question of proper park surveillance remains under further investigation, following an inter-village and park commissioner meeting. Consideration of legal ramifications for updating park district laws and a survey of other park districts employing park police are underway.

Park Director Hughes set Saturday Nov. 22 as the Second Annual Turkey Trot to be held at Tam Golf Course at 9 a.m. The 2-mile course is open to contestants of ages 7 years and up with \$10 Turkey Trot Certificate awards to the winners in age groups.

incredible act of poor judgment. Her role as a Board member places her in a similar role of a judge. To participate on one side of a confrontation in which she was to vote on decisions was an act of unbelievable discernment.

The school board has a 4 to 3 split on most crucial issues. School board superintendent Gogo, who once again comes out the heavy in this dispute, is a strong influence on the majority which includes President Arlene Nidetz, Bill Allen, Barbara Kipnis and Phil Deckowitz. Among those people it was Allen who changed his vote which ended the confrontation. The last order of business was whether or not reprisals might be in order after the strike was settled. The majority was very adamant this option remain open. But Allen changed his vote agreeing it was best to put everything in the past after the agreement was reached.

At the Sunday night union meeting at the Fireside Inn Korb said, "We hassled the subs... that's the name of the game." The subs were imported from many areas by the school board.

Sunday night union negotiator Jim Chaukalis said the settlement was a tremendous victory for the organization (union). He said next time the two groups meet there would be no restrictions as to further discussions.

One board member said the school board cannot win such a confrontation. Had the school board broken the strike, there would have been chaos throughout the state. School boards would once again assume an autonomous role which would bar teachers from participating in discussing personnel matters.

Had the strike gone on for the fourth day, the schools would have been closed. The diminishing number of substitute teachers and students would have resulted in the County closing down the district.

BUGLE CONCLUSIONS:

1. The confrontation should never have taken place. Administration officials agreed months ago the school board was taking too hard a line on the conflict.
2. Eventually, it will have to be recognized employees in the public sector have the same rights as those in the private sector.
3. Parents in School District 63 are going to have to become more aware of the happenings of the school board and the administration if future chaotic situations are to be avoided.
4. There's an anger and a vindictiveness manifested by the majority side of the school board which bodes poorly for the district. They are easily manipulated due to their limited experience and are not as independent and reflective as past school board members.
5. The confrontations and chaos which have come since Dr. Gogo has become superintendent should be closely examined. His inability to anticipate chaos, and the egocentric attitude of insisting upon 'winning at all costs' has contributed to the continuous upheavals in the district in the past months.

Cont'd from Stokie-L'Wood P.1 has dictatorial control over any branch of Government, be it Federal, State or Local. This does not exist in Niles Township! Our Government is presently being run by a Supervisor and his 3 puppet Auditors who respond in an affirmative manner to the whims and wishes of the Supervisor, who must also take orders from his superior. The sole responsibility of speaking out and watching over the Taxpayers' money to insure proper representation rather than dictatorial rule rests upon the one conscientious Auditor, Mrs. Marjorie Sherman, who is not a 'yes' person to the Supervisor and his men, and myself as Township Clerk." Black continued.

"As some constituents of Niles Township might know, my Secretary has taken ill which leaves the Clerk with no secretary to provide the services deserved by the taxpayers of Niles Township. I asked for temporary clerical help from the Supervisor and his Auditors at the last Board meeting. Instead of allowing me to hire or recommend a Secretary that I can effectively work with, they chose to deny me this right and left me with the alternative of having no secretary, or hiring a person of their political influence who would be completely obligated to the Supervisor, his Auditors, and perhaps the Committeeman to whom the Supervisor answers. I trust the people of Niles Township can see through the Governmental facade being imposed upon them by these people," Black stated.

"I would strongly urge the citizens of Niles Township to attend our Board meetings, held on the second and fourth Monday of each month, and view the form of Government which supposedly is representing all the people. The Taxpayers will then realize why I have had to resort to the Courts and the press in an effort to rectify the improper procedures and practices which have been perpetrated by their elected, and I selected, officials. I urge your attendance at these meetings," Black concluded.

35-minute meeting disintegrated after the announcement of the settlement, and only 25% of the audience remained until the meeting ended.

The 2-year agreement calls for teachers' base salaries to be increased to \$9,324 plus a 2.9% increment from their present \$8,734 retroactive to Sept. 1. The teachers were seeking \$9,812. Effective April 30, 1976, a \$300 increase will raise the base salary to \$9,623. The total increase for the first year will be 10.75%. The second year the minimum base for 1976-77 will be \$10,105 plus a cost of living* adjustment. According to union figures, the total 2-year pact will be an increase of 20.52% to 21.27% for this period.

The following is the tentative agreement approved by the union and agreed to by the school board:

1. Unlimited scope for next contract effective 1977.
2. No reasons need be given for personal business days.
3. Work day defined as: 7 hours, 10 minutes on Tuesday thru Friday; 6 hours, 50 minutes on Monday.
4. Only one required after hours meeting per year.
5. Elimination of the in-service program.
6. Restrictions on administration re: criticism of teachers in the presence of students.
7. Faculty meetings, student staffings, and parent-teacher conferences cannot be scheduled outside of the teacher's day without consent by the teacher.
8. Involuntary transfer - agreed to transfers based on district seniority and certification.
9. Reduction in force (remember this non-negotiable item) - breaks faculty into three categories: 1) K-6, 2) 7-8 and 3) special certificate areas. Incorporates state code on non-tenured/tenured reductions. Establishes four criteria to be used equally in determining who would go first in a staff reduction. The item has not been signed the language has to be cleaned up.
10. Fringe benefits: \$327 on major medical insurance. Term life insurance policy equal to teacher's annual salary, rounded off to nearest thousand. Stipends - agreed to \$300 per unit - one unit equals one hour (raised fringe benefits .6%).

11. Amnesty - separate memorandum of understanding. Total and complete amnesty for all district employees. Salary: effective Sept. 1, 1975, 6.75% raise (base \$9,324) plus increment (about 2.9%). Effective April 30, 1976, \$300 on every step of the salary schedule (base as of April 30, 1976, \$9,623). Total increase for the first year - 10.75%.

Second year: minimum 5% raise plus increment (minimum base for 1976-77, \$10,105) plus cost of living (COL) adjustment as follows:

- If COL reaches 6% add .25% (base would be \$10,129).
- If COL reaches 7% add another .25% (base would be \$10,153).
- If COL reaches 8% add another .25% (base would be \$10,177).

Total increase for second year - 9.77 to 10.52%.

Breakdown of salary package

- 1st year: 6.75 across the board effective Sept. 1, 1975. .6 increase in fringe, .5 1/6 of \$300 improvement on schedule effective April 30, 1976 - total new money 7.85, plus increment 2.90 - 10.75 total first year package.
- 2nd year: 5.00 minimum across the board, 1.87 remainder of \$300 schedule improvement - total new money 6.87, plus COL .25 at 6%, .25 at 7%, .25 at 8% - total possible new money 7.62, plus increment 2.90 - 10.52 total possible second year package.

Total 2 year pact - 20.52 to 21.27.

entry was made through a window in the first floor classroom, A-3, at the southwest corner of the school. An accelerant, a flammable liquid, was thrown thru the window and then torched. Huscher agreed with school officials the damage value is about \$25,000 to \$40,000.

Huscher said there is no indication of the reason for the fire nor who was involved. He said there have been minor fires in and around the school in the past and numerous vandalism through the years.

The fire chief emphasized he did not want to tie the causes of the fire "into anything".
