Niles teens ask second chance to re-open center

[by Alice M. Bobula] A meeting of the Youth Commission Wednesday, Feb. 4, and a handful of teens interested in the re-opening of the Center finalized with little resolve. Youth Commission Chairman and Village Trustee Abe Selman told the teens at the very outset that the sign "Closed until further notice" posted on the door of the Trident Youth Center at 8060 W. Oakton st. "meant just that" until the group could come up with a good program for presentation to the Village Board. "We cannot tolerate further damage to the Center," said Selman, who wears two hats in representing the youth and the village. "The damage must be alleviated." In order to accomplish this end, he called for greater commitment by Youth Commission members "for day-to-day presence to implement services by the Youth Center Supervisor Paul Hansen." Also, he said, "We should try to build up attendance at the Center." Four members of the Youth Commission were present at the meeting: Roz Ehrenreich, Carol Chacounis, Jan Bobula and Jeff Lazar. Solutions offered by the teen group were varied. A nucleus of 20 teens who attend the Trident 4 to 5 nights weekly want the Center re-opened. Spokesman for the group Dan Jasinski, 8728 Oketo, asked the Center be re-opened on a trial basis for 2 to 3 months "with kids to help patrol areas of the washrooms, halls and rec. room." Opening a snack bar at the Center might avoid outside travel to the nearby 7-11 store, he said. Referring to the April, 1974, smoking ban at the Center Lynn Levar, 8423 Johanna dr., said, "Anyone caught smoking would be put on suspension. A second offense would result in the teen banned from the Trident." A suggestion by Floyd Dillman, 8272 Wisner, to restrict Center attendance only to Niles residents Continued on page 26

15¢ per copy VOL. 19, NO. 35, THE BUGLE, THURSDAY, FEBRUARY 12, 1976

From the Left Hand

by David Besser Editor & Publisher A few months ago we recommended Bugle readers open up their purse strings and spend a few bob to see a musical downtown. A few days later Rich Harczak tried to keep us humble by reminding us our taste ends after recommending the 3 B's (bagels, basketball and bocci), leaving us somewhat non-plused. But a few days later Rich phoned and said somebody else must have recommended to us the musical, Bubbling Brown Sugar, because it indeed was quite superior.

To Rich Harczak, and anyone else within eyesight, we'd like to suggest they get their tickets for the upcoming St. John Brebeuf Festival '76, Feb. 20-27, which we promise is even more of a fun evening than the evening with "Brown Sugar".

Sunday night we dropped over to Brebeuf and saw parts of two shows. And what we saw, if I can borrow this year's 'in' word, is just plain 'super'. We were treated to 2 small hour-long dears from the shows, The Spirit of '76, and The Inn Place, and they merely teased our palate as we anxiously look forward to seeing the entire 7 shows next week.

Bill Doyle, an old friend of many years, dropped in last month to tell us about the Brebeuf shows which are now in their 7th year.

The first year's show was a great success netting the parish \$12,000. Last year, the 6th year, the show made a whopping \$54,000 profit and the aim for this year is \$60,000.

Perhaps as important as the money figures is the involvement of 800 volunteers in this year's show. Nearly the entire show is manned (and womaned) by non-paid volunteers though a couple of the bands are paid.

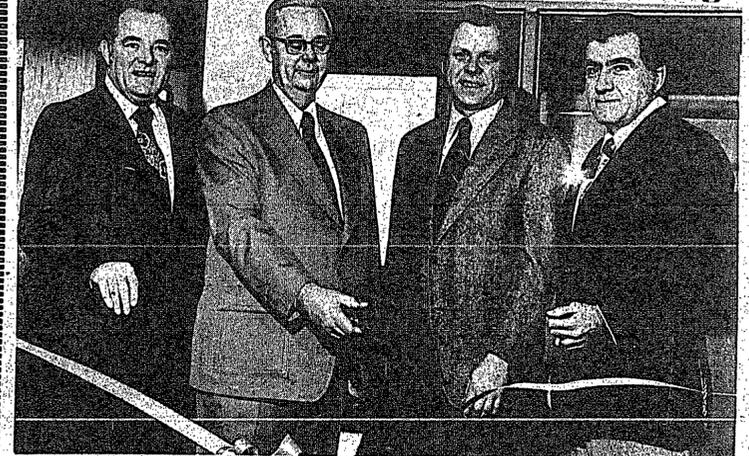

The plans for the show begin a year in advance. A board of directors of 7 parishioners plus a priest sit down in March and establish all policies for the upcoming show. There are 7

The private opening "by invitation only" was attended by local residents, officials of the area and of the savings industry. Wall to wall people inspected and enjoyed the new facilities on Friday evening.

## Donkey basketball game

America's craziest and most unpredictable sport, Donkey Basketball, will be featured at Maine North High School gym at 7:30 p.m. on Feb. 19. The teams will be made up of Maine North Faculty vs. Apollo Jr. High Faculty, Alumni vs. "M" Club, Cheerleaders vs. Pom Pon Girls, volunteers to ride invited.

The old saying, "stubborn as a mule", will be exemplified when opponents match wits with the donkeys. The odds are that in most cases the donkeys will win.

There will be plenty of laughs for the entire family during this fun-filled evening. You haven't witnessed basketball until you have seen it played on donkeys. It's not laugh-a-minute sport, but rather laugh-a-second sport. Don't miss this fun-filled evening. Get your tickets early and see the "Craziest Show on Earth". Prizes will also be given.

Advance tickets will be available in the school lunchroom from Feb. 13 thru Feb. 19. They may also be purchased at the door. Advance price - students \$1.25, adults \$1.50; at the door - students \$1.50, adults \$1.75.

Benefits from the game will go to Maine North High Athletic Dept. via Parent Booster Athletic Association.

# Revived from "death" twice by Niles Paramedics

Some men are lucky enough to get a second chance at living but twice within the past 14 months Niles firefighters have given a 57-year-old Chicagoan a new lease on life.

Philip Siegal, a professional photographer, collapsed — the victim of an apparent heart attack — during the evening of Jan. 20 while playing on the courts of the Tam Tennis Club, 7686 Catwren ave., Niles.

Summoned to the Club within a minute, Fire Lt. Carl Fox and Firefighters Matthew Nowakowski, Donald Chiro and Robert Altstadt observed no signs of life and immediately began cardiopulmonary resuscitation (CPR) on the stricken man.

Fourteen months earlier, in November of 1974, Siegal had collapsed during a morning game of tennis and had been revived by a crew of the same firemen.

With the arrival of Niles paramedic Thomas Marcotte and T/F Terry Salm on the scene the stricken man was put on a cardiac monitor which immediately indicated the victim to be "clinically dead" (cessation of vital signs). Crucial data was transmitted by telemetry to a Lutheran General Hospital physician who advised

the paramedic to administer intravenous fluids and life-sustaining injections.

The emergency life-saving measures had effect and the medical scope began showing the vital signs of returning life to the stricken man.

The scene was the same in November, 1974, but it was Marcotte's paramedic partner Richard Pickup who aided in the victim's return to life.

As soon as it was determined that the victim's condition was "stable" sufficiently to be moved he was taken to LGH. The hospital crew awaiting Siegal's arrival were the same staff on duty 14 months ago. He was placed in the coronary care unit and was discharged from the hospital at a later date.

Fire Chief Albert Hoebl commented that even though this was not the first time the paramedics and firefighters have revived cardiac arrest cases, it is unusual that it would be the same victim stricken at the identical area and under the same circumstances.

Niles paramedics are credited with 21 life-savings such as the above since initiation of the paramedic program in August of 1974.

Nine firemen have volunteered to be trained as paramedics: Richard Timm, coordinator of the program, LeeRoy Collisen, George Twarsky, Dan Driscoll, Richard Pickup, Alex Weber, Tom Marcotte, Rich Vallanet and the newest paramedic, Tim Crossin.

The men are paired in teams to operate a mobile unit on a 24 hour emergency basis. They are dedicated to the paramedic program as they are to firefighting. As paramedics, "the service is rewarding", said Marcotte and Pickup. "It's a program well worthwhile."

# Fu epidemic at Notre Dame related

(By Alton M. Babala)

Niles Health Officer William Hlavacek labelled entire reports of the Notre Dame High School shutdown last Friday as the result of a flu epidemic.

Absenteeism at the school has been running 10 to 11 per cent of the 1,100 students and faculty said Hlavacek, "due to cold symptoms."

"The whole thing was blown out of proportion," said the Health Director on Saturday. "It began with announcements on the Wally Phillips show early Friday morning that the school was closed down due to flu."

According to Hlavacek, approximately 100 students were out the first 3 days of the week due to colds. On Thursday, 95 students did not attend school and 35 more left to go home. The school had been operating under a heavy faculty load with 6 teachers absent. The extra teacher load was heavy, according to Notre Dame High School principal Rev. Milton Adamson and the students had a free day coming, so the school was closed down. The school would open as usual on Monday, he said.

Someone picked it up as a flu epidemic said Hlavacek and things began happening. He received approximately 10 calls from city news and TV media. Channel 2 came into Niles to interview Hlavacek and were disappointed to hear Hlavacek refer to the cause as an upper respiratory ailment. "But that's all it was," he stated.

Inquiry of the 4 Maine Township High Schools by the Niles Health Officer indicated a 7 per cent absenteeism "which was about normal for this year."

A check with various doctors in the area revealed a few colds but no flu had been reported.

Communication with Lutheran General Hospital also reported few incidents of colds but no flu.

Several serious outbreaks of the flu had been reported Friday at Northwestern University in Evanston. More than 100 students were hospitalized with type A influenza, termed by the medical profession as a "focalized epidemic."

## "Divorce" to be subject of NFS lecture series

"Divorce: Curse and/or Blessing" is to be the subject of the lecture this Tuesday, Feb. 17. David Busby, M.D., a local psychiatrist and consultant for Niles Family Service will be the speaker. Mr. William Sanz of Niles,

It's time that we all woke up and realized that good marriages and happy families don't just happen, but it takes a lot of hard work. As last week's lecture indicated, there is definitely an "art" to staying married and no art is realized without a lot of effort. # LETTERS to EDITOR

## An open letter to School District 67

Please, no more referendums and devote your energies to satisfactorily educating our children in the basics of reading and writing skills! The taxpayers have already spoken twice. Do not waste our time and money on a third referendum. You will only be defeated once again.

You asked for suggestions on how to economize. When three separate proposals, each containing many worthwhile suggestions, were submitted, they were not seriously considered. It seems highly unlikely that there were no workable proposals to your liking. Were you only

## Praises MG Police for efficiency

Dear Editor: If the Morton Grove Police Department does not actually perform over and above the call of duty, it certainly strains the outer limits as I, a preoccupied (or just plain absent-minded) Morton Grove businessperson, can attest.

Several weeks ago, after working an extremely tedious and tiring day, a mental image of myself leaving the store suddenly sprang to mind, but it did not include the locking of the front door behind me. Being an essentially practical person once blind panic has subsided, I concluded that it would take fully half an hour to reach the store to double check the lock, and longer if I obeyed the speed limits on the Tri-State. I phoned the MGPD explaining my predicament to an officer who immediately dis-

patched a squad car to the store. He returned my call within minutes, reporting, much to my relief, that the premises were indeed secure. Had the door been open, a guard would have been posted until I arrived.

The efficiency with which the response to my call was made is equaled only by the kindness and empathy of the officer who took the call and realized that my concern would be assuaged by his prompt follow up report.

Mainly thanks to these anonymous policemen and to the wonderful police department which maintains such high standards of performance without sacrifice of human values.

Being a resident of Niles for 8 years, I would like to take a few lines to praise the work of our Public Works Dept. and Park District employees. During our many winter snowstorms, whether there's one, two or several inches of snow on the ground, these men do their jobs with speed and perfection. Our main streets are usually cleared and salted before our kids leave for school. The side streets are plowed as fast as equipment and personnel allow. These men repeat their clearing procedures until all our streets are in drivable condition.

I feel these men and their supervisors deserve some recognition for a Job Well Done.

## All candidates should be on voting machine

Dear Editor: At the present time, it is the plan of Chicago and Cook County election commissioners to have all candidates for public office in the March 16th primary election placed on both the voting machine and paper ballots.

Because there are paper ballots that must be counted by hand after the polling places are closed, the election judges will be paid an extra \$15 each. This means that the average number of working hours for each election judge will be approximately 20 to 22 straight hours, for a total pay of either \$55 or \$65 if they have attended schooling for election judges.

In my opinion, this is cruel and inhuman treatment for the election judges. How, after starting at about 5 a.m. and not being able to start counting until 6 p.m. when the polling places close, will the election judges be physically or mentally able to insure every candidate a fair and accurate count? It seems to be an insurmountable task and is unfair to

## Unhappy with 'Walt Disney' films

Dear Editor: The movie-going residents of the Lawrencewood area are fed up with its neighborhood theatre. For the past year we have had a steady diet of Walt Disney cartoons, Walt Disney adventure stories and silly Walt Disney comedies.

This is great for the kiddies, but they can only patronize the theatre on weekend afternoons (at an outrageous \$1.50 per head). What about the adults? We are frustrated! Here is a movie house within walking distance of our homes, but we have to climb into our cars and travel over to Golf Mill or Morton Grove to see a decent movie.

It seems to me that the Lawrencewood Theatre's movie policy is just one more example of the erosion taking place in the shopping center.

## Grateful for Niles' services to its residents

Dear Editor: Recently because of a problem which had arisen concerning a relative, I spoke to the Niles Senior Citizen coordinator, Mary Kay Morrissey.

This problem was thrust upon me unexpectedly and left me in a quandry on how to solve it. It was my first experience with this department and I am happy to say it was a very rewarding one.

Upon hearing about my trouble, Mary Kay Morrissey offered to make inquiries for me and help find a solution. This was handled courteously and efficiently, and the entire matter was resolved in less than two days.

How fortunate we are to live in an area where we have this kind of service available. How fortunate we are to have such efficient and considerate people to help us meet these situations when they arise.

With heartfelt gratitude,  
Lucille R. Nelson

## Delay action on tool and die permit; zoning variation denied

(By Alice M. Bobula)

The Niles Zoning Board on Wednesday, Feb. 4, delayed action on a Special Use variation for a tool and die business at 7142 W. Touhy ave. and denied a rear yard variation for construction of a single family residence at 9191 Courtland.

Zoning action for the tool and die operation was continued to March 3-4 to allow petitioner Momicio Lazarevic of 7203 W. Lill time to amend his rezoning petition to include an addition to the present building.

Lazarevic told zoning commissioners Wednesday night that he intends to relocate his present business in Franklin Park to the time enlarge the building area. He was advised by the Board to obtain plans for the addition and submit the amended petition at the March meeting to avoid payment of a second fee.

In a second action Zoning Commissioners denied a petition by Martin McManamon for a rear yard variation from 30 ft. to 21 ft. for a single family home. According to Zoning Commissioner Charles O'Grady, the original owners of the property had requested and been granted in October of 1968 a subdivision of area lots to permit a rear yard variation from 40 ft. to the minimum of the present 30 ft.

"Not only are you asking for a variation on a variation," he told the petitioner, "but under the present Niles ordinance, we could not grant more than a 10 per cent variation (of 3 ft.)."

McManamon had been provided with the 1968 zoning minutes and was aware of the original variation and the Niles ordinance covering variations.

THE MORTON GROVE SENIOR CITIZENS CLUB

The Morton Grove Senior Citizens Club had a lovely 16th anniversary party at The American Legion Home. We were served a very delicious luncheon which included roast beef, fried chicken, lasagne, vegetable salad, a variety of fruit salads, rolls, coffee and cake.

The Rev. Ramseyer gave the invocation and Fred Huscher and his wife, Mrs. John Mueller, the Commissioner's wife, Commissioner Clyde White, Police Chief Norman Glauner, Dave Huber, Park District Supt., the Park Office Staff and the maintenance crew were some of our distinguished guests, and also some members of the various Women's Clubs. Brigadier and Mrs. William Dixon entertained us. Mrs. Dixon talked about so many important duties and people that the month of February commemorates.

Feb. 3, 1943, is the Four Chaplain Day, commemorating the four chaplains that gave their lives to save many others on the Battleship Dorchester.

We then had community singing with Mrs. Dixon at the piano. Each guest was given a blue ribbon and everyone had a very good time.

We are sure our luncheon was a huge success. Our next birthday party will be celebrated Feb. 16 at the American Legion Hall. As usual the chorus will sing and the birthday people will be served at their special birthday table which will be decorated to also celebrate St. Valentine's Day. The people that have birthdays in February will be served coffee, birthday cake and candy.

### Partee, Egan to speak to Maine Demos

The Democratic Party candidate for state attorney general State Senator Cecil A. Partee, the first black to be slated for a statewide office in Illinois, will join Edward J. Egan, candidate for State's Attorney, as guest speaker at an open meeting Friday, Feb. 13 at the Bunker Hill Country Club, 6635 Milwaukee ave., Niles, 8 p.m. The meeting is sponsored by the Maine Township Regular Democratic Organization, Nicholas Blase, Committeeman, and James Puccio, President.

Partee made history when, in January, 1971, he was elected president pro tempore of the state senate when Democrats gained control of that body for the first time in more than three decades. He was the first black in the

nation to head a state legislative chamber since Reconstruction days. In the past, he instituted changes to streamline procedures and make the senate run on a more business-like basis.

He has served almost 20 years in the General Assembly, ten years in the House and the remainder in the Senate. Last January he was elected president of the Senate. He earned a law degree at Northwestern and won plaudits as a trial lawyer while serving as an assistant state's attorney.

There will be a question and answer session following Judge Egan's and State Senator Partee's remarks. Refreshments will be served at the conclusion of the meeting.

### Flynn seeks debators

Tom Flynn, Candidate for Delegate to the National Democratic Convention, today issued a challenge to the Gov. Wallace and Gov. Walker slates to publicly debate him. Flynn said that it was vitally important to the citizens of the 10th Congressional District that the Wallace and Walker political viewpoint be heard.

Flynn said, "I believe that Gov. Wallace and Gov. Walker are actually running for President and Vice President. It is my opinion that they are opportunists seizing on the nation's high unemployment, inflation, social and racial problems and distrust of government to project themselves into the White House. I doubt if any other Democratic Delegate Candidates will be willing to meet Wallace and Walker head on but I am willing to do so. I offer to meet the Wallace and Walker slates any time and any place they desire."

Flynn went on to say, "Wallace and Walker constantly speak about the people by attacking other people. They also promise to make it heaven on earth for the working man and woman. However, we all know that an unemployed man in Illinois cannot get his unemployment check. That local school taxes are rising because of Walker school aid vetoes. That handicapped persons from the working classes are being forced into half-way houses in high crime areas because Walker is closing the tax supported institutions. Additionally, not too many Illinois citizens know that Wallace has a 20-year anti-union public record that

invites Illinois firms to leave Illinois for his state. That Gov. Wallace did not support the Democratic Presidential candidates in 1964, 1968 and 1972. Perhaps I am wrong and I fear only fear itself but let's talk about it."

### Young hosts postal forum

"Postal problems and opportunities: 1976" is the subject to be discussed by U.S. Rep. Edward J. Derwinski (Republican 4th District, Illinois) on Thursday, Feb. 12th at the North Shore Hilton in Skokie.

The forum is scheduled for 3 p.m. and the speaker will be hosted by Samuel H. Young, former 10th District Representative and a candidate this year to regain the Congressional seat he held in 1973 and 1974.

### Milva town meeting in Des Plaines

Des Plaines residents will be able to meet with Congressman Abner J. Milva at a "town meeting" at 8 p.m. Sunday, Feb. 15 in the West Park Fieldhouse, 651 Wolf rd.

The meeting, the seventh in a series that Milva will hold with the residents of every community in the 10th Congressional District, will enable constituents to discuss issues with the Congressman and will enable Milva to report on his activities in Washington and the 10th District.

### Maine Republicans endorse Young

Maine Township Republican Precinct Captains voted by a three to one margin to endorse Samuel H. Young for Congress in the 10th Congressional District.

The secret ballot was taken at a meeting of the organization on Friday night, Jan. 30, at Regular Republican Headquarters in Des Plaines, with the results 71 votes for Young, 24 for State Senator John Nimrod and 2 for Daniel Hales of Winnetka.

In announcing this overwhelming support within the Maine Township party organization, former Congressman Young termed this support for his candidacy in the March 16 Primary extremely important because Maine, with its 150 precincts, is the biggest and has the most Republican voters of the five townships in the 10th Congressional District.

Niles Township, where State Senator Nimrod is Republican Committeeman, is expected to endorse Nimrod, and New Trier Township has already endorsed Hales, with Young coming in second. Evanston and Northfield Townships, the remaining two in the district, have scheduled their endorsement meetings for later in February.

## Ralph Kasten celebrates 35 years at FNBOS

Willard C. Galtz, Chairman of the Board of the 185 million dollar First National Bank of Skokie, congratulates Ralph R. Kasten on his 35 years of service at the First National Bank of Skokie.

Ralph Kasten, now Vice President in charge of Real Estate Loans for the bank, started his career at FNBOS Dec. 1, 1940, when he was hired as the 13th employee of the bank to, as he puts it, "roll pennies".

During his career at the bank Ralph has seen it grow from under 10 million dollars to its present size; they hope to celebrate the 200 million dollar total resources mark by July 4th of this year so they can have a combination bicentennial program.

Mr. Kasten has served the bank in almost every capacity, including heading the Teller, New Accounts and Commercial Loan Departments.

Ralph was born and raised in the community ... his parents were also born in the community over 100 years ago.

Ralph is active in community service. He was treasurer of St. Paul Lutheran Church for 20 years and served on the board of the Skokie Chamber of Commerce, the board of Governors of Orchard Center, and participated in the Toastmasters Club and the Community Chest Drive.

## Record year for Skokie Federal

In the year ending Dec. 31, 1975, Skokie Federal Savings showed an asset growth of more than 35%. The year began with assets of eighty nine million and closed at \$121,397,000. During the same period savings deposits increased 41% from \$74,101,262 to \$105,066,050 and mortgage loans from \$81,269,203 to \$103,823,000.

John R. O'Connell, President of Skokie Federal Savings, explained this was a very significant year for the association. "We crossed the \$100 million mark in assets and opened our third office in the Skokie Jewel-Turnstyle store. I think that's indicative of our relationship with the community."

"We've been a community oriented savings institution since our founding 18 years ago and our rapid growth over those years, I believe, constitutes warm acceptance of our attempts not only to provide more convenient offices in Skokie, but more comprehensive financial services." Interest paid to Skokie Federal customers during 1975 amounted to a record five and a half million dollars.

## OCC Sunday Coffeehouse

Illusionist Bradley Fields will perform at the Sunday night Coffeehouse at Oaktown Community College on Sunday, Feb. 15, at 8 p.m.

During his brief but impressive career, Fields has performed at night clubs and universities, toured Western Europe, and made television specials in England, France and the United States. Future plans include collaboration on a rock opera with composer Manos Sijadakis ("Never on Sunday"), dealing with the world of magic.

Fields' fascination with magic began at age six. By the time he was 20, he had performed in such spots as New York's famous Gaslight Club and Chicago's Quiet Knight with such stars as Sean Phillips and Seals & Crofts.

"Magic is one of the oldest artforms in the world, and it has never been lived up to," Fields believes. "Magic should be a thing of beauty, mystery and wonderment, an art with aesthetic principles. I am only trying to bring magic back to its fundamental soul."

This timely travel program will be narrated by the filmmaker, Charles Forbes Taylor, who has been called the leading travel film lecturer in the United States.

Taylor's travel film comes in place of the scheduled appearance of Richard Maxson, who has died since the MONACEP booklet was distributed.

Gladys Shute, assistant director of MONACEP, said that travel and adventure fans are "very fortunate" to have the opportunity to hear Taylor and to participate in a memorable Bicentennial event.

The other two features in MONACEP's Bicentennial travel/lecture series are Our Eastern National Parks with Dennis Glen Cooper scheduled for March 11 and Wilderness '76 with Edward M. Brigham on April 22. A single admission is \$1.50; senior citizens 75 cents. For further information contact MONACEP, 967-5821.

## "Father's Day" opens on Feb. 13

Looking forward to a more hopeful future are (L. to R.) Anita Maline and Ruth Weiss, Skokie, and Mary Lotte Robling, of Lincolnwood.

They portray three divorcees in Lincolnwood Community Theatre's production of "Father's Day", by Oliver Hailey. The adults only comedy-drama will run February 13, 14, 20, and 21, 1976 at 8:30 p.m., Lincoln Hall, Farwell and Crawford, Lincolnwood. For further information phone 674-0677.

Lincolnwood Community Theatre will soon present its second show this season, "Father's Day", by Oliver Hailey. This adult comedy-drama will be performed February 13, 14, 20 and 21, 1976, at Lincoln Hall, Farwell and Crawford, Lincolnwood. Curtain time is 8:30 p.m. all nights. A widely noted Broadway presentation, this searing, brittle and explosively funny comedy bars no holds in delving into the disturbed lives of three divorcees.

their bitter memories of lost trust and closeness. When their ex-husbands arrive for the reunion they are all, at first, as civilized and sophisticated as the situation demands, but then the veneer begins to crack, and beneath the funny lines their aching emptiness and hurt show through. In the end they face the truth about themselves and the rejection they must accept. The biting humor of the play gives way to a moment of touching and revealing, yet quietly shattering recognition. Lincolnwood Community Theatre urges parents not to bring their children; for this strictly adult play.

### D.A.R. Good Citizen Award

Leadership, service to her school, dependability, and patriotism are the four qualities that help qualify a girl for the D.A.R. Good Citizen Award.

Maine East senior Pat Di Vita of Park Ridge received the award after being nominated by her classmates. From the three nominated, the Maine East faculty then voted, selecting Pat as the recipient.

During her four years at Maine East, Pat has been involved in numerous school activities. She has participated in V-Show for three years and was a member of the girls' gymnastics team for two years. Pat was first runner-up for homecoming queen this year, has been a cheerleader for the past two years, helps out in Center Court gym as a senior leader, and also holds a job at a nearby nursing home.

Next fall Pat plans to attend the University of Illinois and major in the field of medicine. Currently she is taking courses such as Chemistry AP, Math IV Accelerated, and history and English courses, earning the grades to be placed on the "A" honor roll.

After local competition sponsored by the Park Ridge Chapter of the Daughters of the American Revolution, Pat will now be placed in the Illinois competition for the Good Citizens Award.

## ED HANSON

"Actions speak louder than words"

There comes a time when the talk stops! Despite all her daddy-millions, and the services of F. Lee Bailey, remember when Patty Hearst was captured. Safe in the back seat of the F.B.I. car, surrounded by agents, she did a strange thing. She raised her unshackled hands and gave the S.L.A. salute — not once but several times while she smirked defiantly for the TV cameras.

Now the defiance is gone, replaced by an angelic look of sweet innocence — bull!

Dashing Don, owner of the Golden Fleece, is a men's and women's hair stylist supreme. When Warren Beatty made Shampoo, he should have asked Don for technical advice for what Don doesn't know about cosmetology ain't been written. The Golden Fleece, 1416 Oakton St., Des Plaines, is the place — Don is the man — and 297-9314 is the phone number. Hurry, girls!

Last Sunday I did a little politicking with Al Marks, candidate for representative for the 4th District. Al and his charming wife are very nice people, both young, good looking and intelligent, and he should go far in politics (more about Al later).

After visiting the Howlett Headquarters in Candlelight Courte, Matty and Lorry Pocodo, owners of the Landmark Tavern, Milwaukee and Dempster (where all the Eldorado and Mark 4 owners hang out), we had an early Sunday dinner at my joint, the fabulous Fireside Inn of Morton Grove. Matty and Lorry had the prime rib and I had the scrod... everything was delicious and was served just the way we ordered it.

In addition to this wonderful gourmet food, the service and hospitality of this famed eatery was super. Ben Garza, maitre d', rolled out the red carpet for my friends and we all enjoyed ourselves immensely. Incidentally Lorry (Matty's charming wife — who really knows food, being herself a culinary artist extraordinary) heaped praise on the Fireside Inn of Morton Grove's restaurant in glowing phrases.

Lorry, at the Landmark, serves what in my humble opinion is the best and biggest hamburger anywhere and her homemade soups will make a man out of a mouse!

I soon will have an in-depth profile of George's brother Tommy of the famed Arvey Restaurant at Waukegan and Oakton, Niles. This will appear within the next few weeks.

The Arch Restaurant, 8530 Waukegan rd., Morton Grove (inside Classic Bowl building) is offering sensational morning specials — 2 eggs with sausage for \$1.30 and steak and eggs with coffee for \$1.95. Stop by and enjoy a delicious special breakfast as early as 6 a.m.

P.S. President Ford and Ronald Reagan will be the Republican ticket — they'll win but the country will go Democratic at the local, state and federal levels. (I know! Bet on it!)

## From the LEFT HAND

Continued from Page 1

showrooms which are awarded by the board and 1 room chairman is selected for each room. No member of the board is involved in any show. The shows in most of the rooms run about 25 minutes while two of the shows run 45 minutes.

The one criteria for all the shows is they must be in good taste.

Bill and his wife, Elaine, are 2 special kind of people who wax enthusiasm in everything they do. Bill is general ticket chairman this year. And if I ever need a guy to give a Rocke-like speech to a dispirited group, Bill will be my man.

Last year 6,700 people attended the two weekend shows and this year the aim is to entertain 7,000 attendees.

Bill told us the Brebeuf people had once considered holding the shows at Mill Run Playhouse. But union problems plus the questionable value of moving the shows outside their local habitat resulted in the entertainment remaining at the school. Bill said it's a parish affair, sort of a family affair, with 800 people being involved, including many young people. He said getting the kids involved is a good idea and this year, The Young Americans is an all-young people's show.

Sunday night we spent time with the general chairmen, Jerry Lunke and Larry Lenahan, as well as with Mrs. Lunke. They oversee the entire activity which includes supervising each room, overseeing the electrical and construction work, as well as being concerned about parking facilities, crowd control, waitresses for the many fine eateries, cashiers and treasurers.

In setting the dates for the shows they correspond to New Orleans Mardi Gras, scheduled 2 weekends prior to Lent.

During the course of the year's preparation, Festival representatives meet with fire, police and health department officials making sure they conform to all village codes. Everything used in the shows is fireproofed. All food and drink must conform to Niles' strict health code. Separate crowd control is studied and planned, completely under the supervision of the festival representatives. Niles police and firemen are only used for emergency service.

School is closed the Wednesday prior to the festival and stays closed until the Tuesday after the second weekend. Classes start earlier during parts of the year to make up for the vacation.

Since other parishes have tried similar programs, most with limited success, Doyle thought the key to the Brebeuf success is in its organization. He felt other church shows have folded because they lack continuity. Past chairmen of the Brebeuf shows take an active part in succeeding shows.

Bill also said there's an ecumenical spirit to the shows. Jewish and Lutheran representatives are a part of this year's show as are parishioners from other parishes.

The ticket chairman emphasized the shows are adult shows, good entertainment in good taste. Bill also said grammar school children are not encouraged to attend the shows.

There are other successful parish shows. In Glenview St. Catherine, Labour is in its 10th year of presenting its shows. Morton Grove's St. Martha's shows are among the 3 biggest in Chicagoland as are the St. Linus musicals on the south side's Beverly Hills area.

A check is presented to a priest at an Appreciation Party several days after the shows have ended.

The first year the Festival began, there were 6 rooms used for entertainment and 200 to 300 people were turned away.

Saturday nights are always sell-outs so we suggest you hurry and get tickets. About 95% of the show is pre-sold by the 800 workers.

In most of the rooms there are as many as 11 to 12 shows nightly with about 80 to 90 people accommodated. In the gym and a second room, there are longer shows where larger groups fill the rooms.

First shows begin at 8 p.m. And if you're a bit rushed on Friday night, there is a spaghetti sit-down dinner at the Parish. Beer and liquor prices are reduced during this period.

The food is great, the entertainment is marvelous, and it has to be one of the best nights of the year for everyone who attends Festival '76. Come with your tummies empty and your titillating chords well-honed. We'll guarantee you'll go home (the next morning) well filled and tired, humming and singing, with a warm smile, both on the inside as well as the outside.

### Constitution review

A six-week course in U. S. and Illinois Constitutions for students preparing for the G.E.D. or high school equivalency exams will begin on Wednesday, Feb. 25, from 7:30-9:30 p.m. at Niles West High School, Oakton and Edens Expressway, Skokie.

The six sessions, taught by H. Edmond Quinn, social studies teacher at Maine West High School, will impart a greater knowledge and appreciation of the two documents, as well as helping the student to prepare for the exam. G.E.D. students who pass the exam given in class do not have to retake it as part of the regular G.E.D. exams.

The fee for this course is \$9 for residents of Maine and Niles Townships; \$35.01 for non-residents.

For further information, call MONACEP, 967-5821.

## Black...

Cont'd from Skokie-L'wood P.1 records and orders the Supervisor to "proceed in accordance with the law in the issuance of vouchers for the payment of funds in that the certificate authorizing payment of such funds shall be presented to and signed by the Clerk of the township prior to disbursement of any funds."

"Judge Dunne's decision reflects the argument I have been making for almost three years," Black said. "Township affairs have not been handled according to the law in the past and the people's interest has not been well served."

Black said the decision is not a personal victory so much as a "victory for the principle of checks and balances."

He promised to open the records to public scrutiny. Black said he hopes that the current township administration will drop its "constant bickering" and accept the decision "in the spirit in which it has been written."

"For three years the township Supervisor and those close to him have tried to obstruct the function of my office with the assertion that I had no legal right to the records which are supposed to be in my custody. During those three years we have witnessed the spectacle of the administration trying to obstruct my office by depriving me of a secretary and even attempting to cut off my salary. During those same three years, we have witnessed the outright scandal of the failure of the current administration to straighten out its bank account withdrawal procedures."

"A court of law has now vindicated my position," Black declared.

"I call on the township administration to once and for all get down to transacting the public's business in public," Black added.

"If the Supervisor and those supporting him abide by the spirit of this decision, they will find no one more willing to cooperate with them than myself," he continued.

"Then the real victors will be the taxpaying residents of this township," Black concluded. Black filed his suit in July, 1975. He was represented by Oak Lawn attorney, Burton Odelson.

## District 64 Teach-in

On Feb. 27 School District 64 will hold its annual Teach-in. This event brings community people of all vocations into the schools to share an understanding of their occupation with the students. The teach-in works like this: persons interested in participating are assigned a classroom, at 8 a.m. the guest teachers and the regular teachers along with the building principal meet for a continental breakfast in the school building, and at 8:45 the guest teacher meets the children and explains (and sometimes demonstrates) his chosen field of work. This lasts about an hour and then the guest teacher is on his way. The vacations represented in the last several years have been greatly varied, including bakers, bankers, morticians, mechanics, florists and fashion designers. Nearly 150 guest teachers participated last year.

The children gain a great deal from the unique experiences of these community people. The participants come away with a warm feeling and a better understanding of the teaching process. If you would like to be a guest teacher, please call your local school principal or Mr. Hultgren (823-1141). The Teach-in is in particular need of craftsmen to explain their trades.

**Underpass... Can't from Niles-E. Maine P.1**

date of 3 to 4 months. Two other bids ranged from \$27,000 to \$20,000 with estimated completion dates of 3 to 5 months.

Village specifications direct that the report carry analysis of alternate improvements at the intersection as well as the fill-in. Factors for traffic safety, operation and capacity and access to side streets are to be included in the study as well as methods of implementation and sources of funding of all suggested improvements.

Village Manager Ken Scheel emphasized that the cost of the study was not to exceed the estimated bid. Funding of the report according to Scheel "could be made in various ways... from village motor fuel taxes, out of general corporate funds of a working understanding with the county in numerous ways to pay for the Niles study."

Reason for the investigation was the continuing and increasing number of deaths and accidents occurring at both ends of and in the underpass. State officials had placed 6 large sand barrels at each end of the underpass following the death of a woman passenger in December of 1974.

The barrels were credited with saving lives of motorists in continuing accidents but the state reportedly threatened a cutoff of the numerous barrel replacements at \$150 each.

Mayor Nicholas Blase requested a November pre-board meeting a study of costs and improvement of the Dempster-Milwaukee intersection. Previous letters of complaint to state authorities concerning the intersection of the two state routes had brought forth no response, he said. Recent communication with the state officials indicated they were amenable to the possibility of filing in the underpass if Niles would undertake the feasibility study and present a background of incidents at the area.

A village study of traffic incidents at the underpass shows 52 deaths between 1971 and 1974, 22 head-on collisions and numerous other traffic accidents between 1969 and 1975.

In second action Mayor Blase appointed a committee to conduct a 3 month independent study of the Niles Youth Center to be chaired by Nilesite Irene Montwill, personnel director of Tele-type. He directed the committee to look into the problems of the Center and return to the Board with recommendations.

Other members include Village Mgr. School Trustee Carol Fanch, Family Service Director Larry Benetzky, YMCA Director Don Timm, Niles Park District Comr. Millie Jones, Family Service Consultant Bart Meyer, Niles Youth Comr. Allen Yasgur and Dan Jasinski.

The Youth Center was shut down Jan. 20 due to \$1,000 damages cost to the Center and ultimate damages estimated at \$400 to a wall on Jan. 16.

Blase commended the Niles Fire Department on continued concerned research by "this fine department" into causes of fires in other areas. He noted that a firefighter went to Elkhart, Ind., to investigate a fire, returning with conclusions that "the problems that existed there do not exist here." Referring to recent Chicago fires Blase noted "we are taking all precautions here."

Trustees continued action to Feb. 24 on charges of zoning petition fees. Recommended fees are: commercial \$100, residential \$50 (from \$75), and Planned Unit Development ranging from \$500 for one acre to \$1,750 for more than 20 acres (from the present flat \$150 fee).

Trustee Marcheschi recommended a further reduction in fee for the single family homeowner, to \$25, citing reasons of present economy.

**Valentine Dance**

The gala Bicentennial Valentine Dance to be held at the Morton Grove American Legion Post, 6140 Dempster, is nearly sold out. The number of tickets sold is limited to 125 (250 persons), and everyone wants to take his sweetheart out to celebrate on this important day. The date is Saturday, Feb. 14.

For \$18 per couple you receive a delicious buffet, all you can drink liquid refreshments beginning at 7:30 p.m. and dancing to the Mike Sanders Trio from 9 p.m. to 12 a.m.

**Teen center... P.1**

with outsiders as guests met with general approval. Two of the 3 youths responsible for the \$400 damage to a wall at the Trident were reportedly from "out-of-town", according to Selman, who stated the youths would be prosecuted or required to pay for damages sustained to the wall.

Youth Comr. Jan Bobala proposed re-formation of a Youth Council for representation at Youth Commission meetings.

Responding to an expressed need by the teen group for "advance funds to hold dances and other activities", Youth Comr. Allen Yasgur suggested establishment of a fund-raising teen committee. Resulting monies would go into a treasury to fund teens in rental of films, dances and other activities.

"You will have to prove yourselves to the Village Board," Yasgur told the youths. Yasgur was appointed Wednesday night to serve as liaison between the Youth Commission and Village Board.

The lone parent present Wednesday night, Mrs. M. Levar, 8423 Johanna dr., upheld the suggestion of teen fund-raising. "Anything they earn to pay for what they want will mean much more to them... but they need strong supervision," she said.

The Center has been closed since Tuesday, Jan. 20, due to internal wall damage sustained the previous Friday night when several teens kicked through a wall.

Damages totalling \$1,000 have occurred repeatedly at the Center since the opening of the Trident Community Building on Nov. 24, 1974.

Niles police were reportedly asked to leave the Trident premises by the Youth Supervisor. "At one time," said a policeman, "there was water all over the floor, the toilet had been torn from the floor and wall fixtures ripped from the walls... lipstick was smeared all over."

Further damages estimated at \$250 to the siding of the outside wall of the Trident were sustained the weekend of Jan. 31, following the Youth Center shutdown. Village officials said it was not known who were the perpetrators.

marked on individual items, so they can see if there are price increases. "Changes can take place without our knowledge," said Mrs. Berman, "and we cannot do comparison shopping with this system. Comparison shopping between stores would be impossible. So would comparing prices in the same store on frozen, fresh or canned products since they are in different aisles. We have found that shelf prices and prices marked on items are different in many cases," said Mrs. Berman. "We are not opposed to the computer itself, just the elimination of pricing."

John Hilkin said he has studied several ordinances from other areas and said he felt the Skokie one was quite good. Hilkin then moved to have Morton Grove adopt a similar one, but with the addition that there be at least 90% visibility on pre-packaged meats.

Ron Henrici said he felt this type of ordinance would be hard to enforce, and said he felt you could not put a measure as to the size of a store that must comply. Trustee Oestreich said he felt Dominick's has side-stepped the issue and the board should move on this.

Attorney Berrafato said if we have mandatory pricing, it should

**District 63...**

It will culminate an exhaustive many-months study by school officials and board members to trim costs to meet dwindling enrollments and decreased revenue, without seeking a tax increase or the closing of schools for the upcoming year. However, a tax increase referendum may be placed before the district in the spring of '77 in hopes of raising \$500,000 more revenue annually which would meet future anticipated deficits thru this decade.

The closing of one school in the '77-'78 year can be expected and possibly one more school may be closed before 1980.

Superintendent Gogo submitted his recommendations for the cut-backs Tuesday night, utilizing the recommendations of Board members and more than a dozen groups within the district which provided input in recommending cutbacks.

Among the major reductions are in the Operation, Building and Maintenance fund with recommended cuts totalling \$84,000 capital expenditure items, the Miscellaneous Internal Fund, cutting back educational costs, would be \$47,800 and a moratorium on purchasing equipment would save \$48,300. Cutting back library books and teacher materials; restricting supplies and materials of elementary students to \$27 per child and \$37 per junior high students would save about \$130,000.

A \$25,700 saving is anticipated in reducing extra duty instructional coordinator work and reducing after school clubs.

Other itemized cuts would include discontinuing the cultural art program, \$3,300; charging the PTA for custodial services, \$1,800; charging the PTA for paper materials, \$600; reducing after hours FAC and DEC substitutes, \$5,000; reducing the teacher substitute fund, \$6,000; eliminate the student teacher \$50 stipend but retain paying the tuition fee for their credit for their school work, \$2,000; discontinue graduation exercise, \$2,000. Board members Kipinis and Reiss voiced objections to this cut and it will not likely be included.

Elementary teacher reductions of 5 teachers would save \$53,000. There have been no reductions in the junior high school teachers the past 2 years. By upping the student-teacher ratios to a plus 18 to 1 ratio, an increase of about 2 students per teacher, would eliminate 9 teachers for a \$96,300 savings.

These were the first phase cuts recommended by Gogo, those he felt were the most likely areas which could be reduced.

In his second priority (Phase 2), by increasing the junior high student-teacher ratio to 21 an additional 11 teachers could be eliminated for a total savings of \$214,000, including the previous 9 teacher reduction.

In his 3rd priority (Phase 3), a reduction of custodians by 7 men

**District 63... P.1**

would save \$29,200. Reducing the number of secretaries in the district to one in each elementary school and establishing a secretarial pool would save \$17,000. Eliminating resource teachers in the libraries, and replacing them with parent volunteers, would save \$23,500. Reducing 4 instrumental teachers to 1 (at the junior high level only) would save \$39,300. Outside music instructors could avail themselves of school facilities for private lessons. Board Member Reiss objected to this cutback.

Cutting back school nurses from 6.5 fulltime to 1 and using aids half-time in the elementary schools and full-time at the junior high school level would save \$40,000.

In the final phase 4 Gogo recommended reducing the elementary art teachers from 9 (one for each elementary school) to 4.5. By alternating the art program with the music vocal program, each for one semester, a total savings in both areas of \$87,400 would be realized.

Speech clinicians would be reduced from 7 to 5, saving \$10,600. Because of the decreased enrollment the ratio of clinicians to students would be the same as the '70-'71 ratio. Social worker reductions from 10 to 7 would save \$16,500. Presently, there are 9 in the 9 elementary schools and 1/2 per junior high school whose services could be taken over by the present 2 guidance counselors. Physical education teachers would be reduced from 9 to 7. These teachers might be transferred to other areas, not necessarily losing their teaching jobs in the district. Gym classes would remain the same with 30 forty-five minute classes in the larger schools and 18 forty-five minute classes in the smaller enrolled schools.

Other money raising areas to be considered according to the Gogo report include the sale of vacant property at a later date, receive an additional \$34,135 from the state for bond debt assistance and levy a \$14,000 liability insurance tax (\$7,000 in '76-'77).

Gogo also reported there will be about 130 less pupils at the elementary level for '76-'77.

Board Member Penny Larson suggested cuts should be considered in board and administration travel, in curtailing numbers of people attending conferences, lessen professional memberships and reduce publication subscriptions. She also suggested considering reducing field trip allowances.

Gogo said if there were no objections he would prepare 2 lists for the Board's consideration for reducing the budget, to be submitted at next Tuesday night's meeting. The one list would include the previous listed cutbacks which no board member objected to. A second list would include cutbacks which board members indicated objections.

Fred Huber said on Feb. 2 bids were opened for Traffic and Street Lighting Maintenance. There were 6 bids and the bid of Meade Electric which was the low bid at \$18,637.20 was accepted. Mr. Huber also read the bids for tree spraying opened last Thursday. The bid for \$2.10 per tree with a roto mist spray totaling \$6,426 from Barrington Nurseries was accepted. Attorney Berrafato said he prepared a draft of the Procedural Control Ordinance and wants the Plan Commission to hold a Public Hearing relative to this. Henrici so moved and the board concurred.

**Grazian urges merit selection of judges**

A challenge was reissued this week for merit selection of judges prior to the March 16 primary by Leonard R. Grazian.

"This time the challenge went to leaders of the Republican party. "Where is the leadership of the Republican party on this issue?" The anointed five won't reply - maybe the officials will, Grazian stated.

The judicial candidate referred to the GOP slate-making committee from the county's 30 townships.

That committee endorsed five judicial candidates, and since Maine Township was excluded, Grazian and William Jacobs of Des Plaines, both practicing

attorneys, decided to run as "rebel" Republicans in the March 16 primary, for two of the five newly created judgeships outside of Chicago.

Grazian recently challenged the five to put themselves before a representative panel of bar associations and the Better Government Association for merit selection before the primary. To date, Grazian says he has had no reply from the five who took a stand recently for merit selection.

Grazian said this week, "The reason we do not have merit selection in Cook County is because number one Democrat Richard Daley does not want it."

Grazian, a resident of Morton Grove, has been in active law practice 25 years and is winding up 6 years on the District 207 high school board of education, currently as president.

**People for Howlett**

The 10th Congressional District People for Howlett Committee today announced the opening of their campaign office. The headquarters is located in the Candlelight Court shopping center at Oakton and Milwaukee in Niles. The office will be open between 10 a.m. and 9:30 p.m. every day of the week, Sunday until 6 p.m. Persons seeking information or wishing to volunteer may call 967-7005.

Bob Hanrahan is a teacher and active member of several local organizations. The Howlett Committee is being assisted by over 400 volunteers including several past and present local elected officials.

Anyone interested in volunteering to work for Mike Howlett for Governor may stop by the campaign office or call 967-7005. The office is not associated with the local Township Democratic Committee and needs all the volunteers it can find.

**Notre Dame placement exam**

Notre Dame High School for Boys, 7655 Dempster, Niles will hold a second placement examination for incoming freshmen on Saturday, Feb. 21, 1976. This exam is for boys who were unable to take the first exam on Jan. 10. The exam will begin at 8:30 a.m. The main entrance of the school on Dempster street should be used. Notre Dame accepts those students whose needs will be satisfied by the school's curriculum.

Upon payment of a \$10 test fee, the student will be given a ticket of admission to the exam and a packet of registration materials. The placement exam will be completed by noon. The materials are to be filled out and returned to the school at a later date. Test results will be mailed out about six weeks later.

The student should also bring with him two No. 2 pencils. Further information can be obtained by calling the office on school days between 8:30 a.m. and 4 p.m. The number is 965-2900.

**"Rare Affair" campaign party**

Backers of Roy H. Bergquist, Republican candidate for state representative of the 4th District, will host a "Rare Affair" on Sunday, Feb. 29, from 3 to 5:30 p.m. at the Casa Royale, Des Plaines.

General Campaign Manager Margaret Wirsan, Park Ridge, said the affair is planned for Feb. 29, a rare day, to offer residents of the district an opportunity to meet Bergquist, a man with rare and unique qualifications.

Wirsan said Bergquist has a strong professional background; he is a practicing attorney and present president of the Niles Chamber of Commerce. He has a strong governmental and political background; he is the elected Maine Township Collector and a past president of the Maine Township Republican Organization.

"Even more important," Wirsan said, "he has the deep interest and knowledge to serve

suburban residents in the state legislature. He is a strong supporter of local government, and will work to see that the Regional Transit Authority will serve the suburbs as well as it serves the city of Chicago."

Mrs. Wirsan added that a number of local Republican leaders plan to be in attendance at the "Rare Affair", among them are former congressman and candidate Sam Young, State Senator John Nimrod, former Maine Township Collector Milton Tuttle, and State Representative William J. "Bill" Carroll who is retiring from the seat Bergquist is seeking.

Finance Chairman Len Hauber said tickets for the "Rare Affair", which features cocktails and hors d'oeuvres, are \$9 per person. For tickets call 965-8565 or 825-6526.

S.B. 3 now provides a sufficient annuity upon retirement. Ms. Marzullo said: "the working man is the grass roots of the labor force of this great country and the mainstream of industry to build a better America"
