**From the Left Hand**

by David Besser  
 Editor & Publisher

Two reports came down the pike last week, one from School District 63 cutting its budget by \$1,000,000, and a Niles Village report submitted by the League of Women Voters.

The League's 2-year report was somewhat limited since the group did not study the police, fire and public works department. A League member told us last week a further study could be in the offing in the future.

It's our Left Hand opinion studying of the departments would be helpful. Based on our past year's experiences, a study of the Niles police department, in particular, should be of paramount interest. Quota ticket systems and an abnormal amount of bitching by many of the police officers indicates morale in the department is somewhat sub-rosa. Since there is an exclusive club within the department which bears well for the guys on the inside, but somewhat poorly for those who are not a part of the establishment, such a review is definitely needed.

The League suggested Niles budget hearings should be open hearings. Village proxy Nick Blase told us Tuesday he thought such a policy might intimidate board members since board members wouldn't be free to voice their feelings as willingly as they now do. Nick thought hearings prior to the budget-making process closed meetings would be acceptable. He added, based on the services Nilesites now receive, and the low tax rate they are assessed, they likely feel the present process is quite successful.

Blase said the suggestions for beautification were certainly valid and Niles should step-up such a plan to upgrade the community. He also agreed the LWV recommendations for day care centers are worthwhile. A few years ago Blase

Akron told police that something fell from the front seat of his car and as he reached down to retrieve the article, his foot was dislodged from the brake allowing the car to move forward in traffic. Akron was ticketed for failure to reduce speed to avoid an accident.

### "Dutchman's Point" to be site of historical marker

"Dutchman's Point," the Wanegon-Touhy-Milwaukee intersection, will be the site of an historical marker to be erected by the Niles Bicentennial Commission in honor of the village's early settlers.

The marker will be paid for from proceeds of various Village Bicentennial activities as well as donations.

According to legend, John and Katherine Ebinger, formerly of Stuttgart, Germany, traveled to America in 1831 with their four children, Frederick, John, Elizabeth and Christian.

After moving to Illinois, they discovered that land near Lake Michigan was too swampy for farming and started north along an Indian trail, now known as Milwaukee ave., to Milwaukee, Wis.

Supposedly they halted at Milwaukee and Touhy ave. when their horse stopped on a rattlesnake and died soon afterward. Forced to settle there, they built and 24' x 14' one-story cabin and laid claim to 80 acres of land in what is now Niles Township.

Later, they moved across Harlem ave. into Maine Township where Christian, now 21, married Barbara Reuhle Feb. 12, 1834.

On that same day, unknown to the young couple, Abraham Lincoln, an upcoming politician, was celebrating his 25th birthday.

In November, 1834, Barbara Reuhle Ebinger gave birth to a son, Christian, Jr., the first white child born in the area called Dutchman's Point, because Germans were often referred to as Dutchmen.

Also in 1834 young Lincoln was elected to the state legislature for the first time and moved to Springfield, Ill., where he was to buy the only home he ever owned.

Other early settlers were John Schadler, Julius Perren, John Plank, John Jackson Ruland and John Ketchum and their families.

About that rattlesnake story — a check with the Field Museum of Natural History, Chicago, revealed that there were rattlesnakes in this area in 1834.

## Notre Dame hockey 2-1-1

The Notre Dame Ice Dons defeated 1st place Deerfield by 8-7 on Feb. 11 at the Northbrook Arena. A see saw battle the whole way saw the Dons down 2-0 after two quick goals by Deerfield's Papadakis and Steve Carman. The Dons got the lead at 5:48 of the 2nd period on a goal by left wing Ralph Dynek. The start of the 3rd period saw the Warriors change goalies. The Dons opened up quickly with 3 goals in 4:12 giving them a 7-5 lead. Deerfield tied the game at 7:37 as Jim Reese scored a short-handed goal. The Dons came back once more as Bill Madura cranked a blistering slap shot into the upper corner with 4:43 on the clock. Even giving up 7 goals, Matt Berrafato of ND made 38 saves with some of them in the closing seconds of the game.

On Feb. 12 the ND Dons beat Niles North 7-4 at the Niles Sports Complex. Don Hitzel led the scoring for ND with 3 goals and 3 assists. Bill Madura added a pair of goals and Tony Salemi had 3 assists. The Dons were never in trouble as the closest Niles North came was 4-2.

Feb. 13, the Dons blew a 4-2 lead in the 3rd period and eventually settled for a 4-4 score. Larry DeSalvo got the Dons started at 8:41 on a great bit of stick handling. Craig Belluomini got the 2nd goal for the Dons on a slap shot just outside the blue line. The Dons were leading 3-2 when Belluomini got his second of the game to make it 4-2. With 2:44 remaining, NTW tied the game 4-4 on a scramble in front of the crease.

Notre Dame lost to the Loyola Ramblers on Feb. 15 by 5-3. Dancier of Loyola opened the scoring on a slap shot just inside the blue line. With 4:36 remaining in the period, Don Hitzel won the face off and drilled a slap shot high into the net to tie the game. The Dons went into the 3rd period with the score 3-3. With 4:39 gone, Ron Hoffman gave Loyola the lead 4-3. Mike Frenzel put the icing on the cake with 2:26 remaining on the clock. Loyola's goalie, Dan Marchioni, played a spectacular game stopping 29 shots and also stopping ND's Larry DeSalvo, Don Hitzel, and Ralph Dynek on solo breakaways.

### Maine East indoor track

Maine East's indoor track team stayed undefeated with a win over their seventh foe this past week-end.

Brian Briars and Mike Babcock lead the way for the Demons. Maine East's sophomores won again with a score of 70-61, and the freshmen remain undefeated with a week-end score of 85-38.

### NILES MITES "A" SHARES

The Niles Sharks played Elmhurst "Huskies" on February 7th, which turned out to be their most exciting game yet.

Niles scored early in the 1st period with 2 goals. Goal No. 1 was scored by Tony Musso, assisted by David Solan and Randy Busiel. Goal No. 2 was scored by David Solan, assisted by Nick Salemi. The Elmhurst, Huskies scored one goal in that period.

John Cohen scored the 3rd goal in the second period, with assists from Randy Busiel and Tony Musso.

Tony Musso scored again in the 3rd period, assisted by J. Cohen and Roger Bacci. Both goalies did a great job in the nets. Billy Heintzleman, Niles goalie, made 18 saves. Final score Niles 4, Elmhurst 2.

On February 9th, the Niles Mites, sponsored by O'Hare Lighting Fixtures, faced Deerfield on home ice and played a tough hard hitting game. Final score, Deerfield 5, Niles 0.

Niles tried hard to get on the scoreboard but Deerfield kept pounding back.

### Demon Wrestling

This past week-end Maine East's varsity wrestlers were very successful by beating New Trier East 40-5.

Maine East's Brian Bollaux at 105 and Brian Shields at heavy-weight pinned their opponents while Mike Florio broke the near fall records, which was 19 for a season. Mike has 21.

In other action the junior varsity team won 41-13, the sophomores lost 34-21, and the freshmen tied 30-30.

## Oakton clinches Skyway Basketball Title

The Oakton Raiders clinched the Skyway Conference basketball championship title on Monday night (Feb. 9), defeating Waubensee Community College Chiefs by 73-67.

The ninth consecutive conference win by Oakton, the Raiders have a good chance to go undefeated in conference play. It would be the first time that any conference team has gone undefeated in Skyway competition.

The Raiders won a come-from-behind victory against Waubensee. At half-time Oakton was trailing 27 to 31 points.

The game was very close and the team couldn't get any plays going during the first half. Coach Tom Jordnt said, "The flu had limited our practice sessions before the game and our play showed it."

"Waubensee played a close man-to-man defense and every time our forwards got the ball, Waubensee seemed to have three ball players guarding them," he added.

Maine South graduate Tom Florentine was leading scorer with 36 points while Mike Baren, OCC Center from Maine East, followed with 12 points and Jerry Jones, also from Maine South, with 11. Florentine still leads the state in scoring with an average of 27 points per game. He also leads Oakton in steals, with an average of five per game.

### Athlete of the Week

Although the volleyball season at Maine East has ended, one of the top players is Margie Berresheim, a senior from Niles. Margie is both spiker and setter. Throughout the year Margie competes in field hockey, badminton, softball, and, of course, volleyball, which is also her favorite spectator sport.

Courses she is currently enrolled in at Maine East are Data Processing, Mass Media, Government, and physical education. Margie is a member of the Girls' Athletic Association, and she enjoys camping, swimming, and listening to music.

When she graduates this June, Margie plans to attend a junior college for a year while working part time. Then she will transfer to a four year college or university to major in physical education. When asked her opinion on the future of high school sports, Margie said, "Sports will go to co-ed teams and the interest in sports will rise to an all time high."

# LWV study suggests open budget hearings, beautification and services

[by Alice M. Bobula]

A two-year study of Niles by the Morton Grove-Niles League of Women Voters finalized with the conclusion that the village should conduct open budget hearings and lacks in beautification and other services.

Findings of the study were presented in a 14-page report to the Mayor and trustees Tuesday night, Feb. 10, by League president Mary Marusek.

The report concedes a job well done by Village Manager Ken Scheel and Mayor Nicholas Blase for a "smooth operation of the village". While citizen complaints are few concerning village services and personnel, the report urged open budget hearings for an input of citizen needs and concerns "before the budget is finalized".

The League report spoke out against the numerous drive-ins, discount stores and small shopping outlets in Niles and called for beautification of the community by way of landscaping, future village planning and a tree-planting program.

"Many of the village improvements are of a band-aid nature," stated Mrs. Marusek in her report, "rather than the results of

a well-planned budgeted commitment."

The League proposes the formation of an Appearance Committee comprised of architects, professional planners, engineers, landscapers, lay people and builders who "would understand the problems of community development." The Committee could aid village officials in writing an Appearance Ordinance as a guideline for an Appearance Commission and an Appearance Plan.

While the study commended village administration on the services provided to the citizens, the League also asked for an expansion of services:

- Creation of a Day Care Center to be opened under the guidance

of the Niles Family Service "to serve crisis-ridden young families with children that are inadequately cared for."

• A '76 village ordinance assuring access to public buildings by the physically handicapped as well as a special bus for their transportation.

• Adoption of a voluntary tree planting program on a 50-50 cost basis by residents and village.

• A 5-year major tree planting program for village properties, thoroughfares, parking lots and business strips.

• A Statement of Village Objectives for publication July 4, 1976, "so that long-range planning as well as short-range decisions may henceforth be in keeping with a Niles philosophy."

## LETTERS to EDITOR

### Idle hands and idle minds get into trouble

Dear Editor:

The future of our towns are in serious trouble unless the youth is treated with respect and only then will they respect society. You don't demand respect — you earn it! Adults working with children should plan — not speculate! The youth of today want action and results. When working with them suggest — don't demand. Always present such plans in the form of suggestions. Lead them — don't push them. Don't try to force them to work on projects they do not like. Help them — don't do it. Demonstrate — don't talk a lot and bore them. And try to

remember that one picture is worth 1,000 words. Praise them and correct but don't condemn and criticize. Thank them — don't take them for granted. Always show appreciation for work well done at once.

Michael Provenzano  
Niles, Ill.

P.S. We can help curb juvenile delinquency by encouraging our youngsters to keep busy as idle hands and idle minds have a way of getting into trouble, if for no reason other than escaping from sheer boredom. Sports and hobbies are a safety valve for youthful energies.

### Praises theatre for their films

Dear Editor:

Three cheers for our Lawrencewood Theatre. I hope they continue with their program for our young people. We are fortunate to have these movies and for many of us in walking distance. If this is erosion I am all for it. Maybe Mr. Berger should just turn his TV on and he can see all the sex and violence he wants and he won't even have to walk far.

Thank you,  
A concerned mother

### Thanks for publicity

Dear Sirs:

On behalf of the Lutheran Church of the Resurrection, I would like to extend to you our thanks as a congregation for the publicity services you have rendered to us during 1975. We are most appreciative of your consideration.

Thank you so very much,  
Sincerely,

### Girl Scout membership drive begins

Charles Gustin, who is a Morton Grove insurance executive and a Girl Scout father will head the Northwest Cook County Girl Scout Council's annual Sustaining Membership Enrollment (S.M.E.) drive, which begins Feb. 21.

The fund-raising effort, in which troop enrollers will call on every Girl Scout family during the last week in February, seeks to raise \$40,000 in small contributions.

Mr. Gustin noted that all funds raised thru the S.M.E. drive remain in the Northwest Cook

Council and are returned directly to the girls in the form of services. He further emphasized that the S.M.E. has no connection with the Council's Building Fund campaign, which will solicit from industry and selected individuals. "No S.M.E. money will be used for the building," he stated. S.M.E. funds provide 6% of the Council budget. The drive, according to Mr. Gustin, is a parent's opportunity to stand up and be counted as a member and supporter of the world's largest voluntary agency serving girls.

### Paramedics cited for service to Niles

Niles paramedics and their wives were honored Friday evening, Feb. 13, with a dinner at the Glenview Country House in recognition of dedicated medical services to the community since Aug. 11, 1974.

The paramedic unit includes Richard Timm, George Twarski, Richard Pickup, Richard Valkanet, Tom Marcotte, LeeRoy Callisen, Alex Weber and Dan Driscoll. Newly certified Tim Crossin was absent due to illness.

Village Manager Ken Scheel presented a plaque to paramedic coordinator Timm from the Niles Chamber of Commerce and Industry Friday evening observing the honor as being overdue in recognition of the paramedic services.

The plaque noted "grateful appreciation to our Niles Fire Dept. Paramedics for outstanding dedication beyond that normally expected in line of duty."

Scheel stressed the life-saving potential of the program. Of 38 cardiac distress cases from Aug. '74 to Aug. '75, he said, where the victim registered a triple 0 (cessation of vital life signs), Niles paramedics were credited with 14 "saves" thru use of life-saving measures.

Presented to Niles Fire Chief Albert Hoebl during the evening was a certificate for meritorious service in the fight against heart disease from the Heart Association of North Cook County.

Paramedics' wives were gifted with Valentine motif carnation corsages Friday night in recognition of adapting to firefighter-paramedic hours.

The 9 men in the unit have been ambulance personnel on the Niles Fire Dept. who volunteered to take the 120 additional hours (beyond the 81 hours required of all firefighters as Emergency Medical Technicians) of advanced training at St. Francis Hospital in Evanston necessary to qualify as paramedics.

Conditional certification as a paramedic by the National Registry and the State of Illinois is awarded for satisfactory completion of written exams. Certification follows on-the-scene responses under supervision of a "brother" certified paramedic to aid at least 3 victims of cardiac stress, an auto accident and a serious medical injury. All requirements must be fulfilled properly before life-saving care is performed as a paramedic.

Richard Pickup, with the Niles Fire Dept. since 1964, said he volunteered for the program because "it's something I believe in and I've found the work rewarding." If he had to do it over, he said he "would volunteer again to become a paramedic."

Paramedics maintain their status thru a required minimum of 6 additional hours monthly of classroom and clinical training.

The paramedic group presently services all of Niles with a special mobile unit purchased by Niles 1 1/2 years ago for \$26,000. The men are paired to work in teams on a 24-hour basis. Four more firemen are undergoing paramedic training to complete a quota of 12 men to service Niles on a district basis.

According to fire department officials, the longest average emergency run in Niles dependent upon traffic is approximately 3 to 4 minutes. Four to six minutes are allotted between clinical death (cessation of vital signs) and biological death.

Telemetry equipment permits Niles paramedics, upon arrival at the scene, to transmit information on the victim's blood pressure, pulse, respiration and general condition to a doctor at one of the 5 area hospitals: Lutheran General, Resurrection, St. Francis, Skokie Valley or Evanston Hospital. Most transmissions are made to LGH but if the patient is to go to another hospital, contact is set up with that hospital. The doctor then advises the paramedic team on administration of intravenous fluids and drugs.

As soon as the victim is considered in a "stable condition", he is transported to the hospital under continual telemetry contact with the doctor.

Paramedic services in 1975 averaged 59 minutes per alarm with time running as short as 33 minutes overall to 2 hours and 40 minutes for life-saving measures and transportation.

#### Open volleyball nite

Open volleyball nite for college-age (not only students) young adults will begin on Tuesday, Mar. 2 at 8:00 p.m. in the gym of St. John Brebeuf (8307 N. Harlem, Niles). Sponsored by the Oakton area Campus Ministry, it will continue on the first and third Tuesdays of the month throughout spring. Everyone welcome!

### Free testing at School District 67

Golf and Hynes Elementary Schools in District 67 will conduct a free screening program for vision, hearing, language and motor development for children three to four years of age who are residents of School District 67. If your child was screened last year register again this year. Registration for appointment will be on Wed. March 3rd and Thursday March 4th at Golf Elem, 9350 Oak Park Ave., 9 a.m. to 11:30 a.m. and 12:30 p.m. to 2 p.m. Hynes Elem, 9000 Bellefort, 9 a.m. to 11:30 a.m. and 12:30 to 2 p.m.

Young children really do not know how they are meant to see and, as a consequence, do not complain about faulty vision. With no warning from the child, parents must depend upon regular eye examinations to be certain no problem exists or is developing.

Preschool vision and hearing screening will help prevent thousands of cases of unnecessary loss of sight and hearing and may protect children from needless social, emotional and educational maladjustments.

Any questions? Please call Mrs. Kruse 965-3740 or Mrs. Miller at 965-4500.

### District 67 board sets referendum date

Voters will be asked to approve an educational rate increase on Saturday, March 6th. The request to raise the ceiling from the present \$1.62 to \$2.10 was voted down last November. The issue lost by 1002 to 1009 margin.

The Board hopes the community will be completely informed about the need for additional local support. A Steering Committee is assisting the Board in publicizing the facts. Tuesday, February 24th is set as a "Town Hall" type meeting date. Residents are invited to the Junior High at 8 p.m. Everyone will have the opportunity to speak and to ask questions.

The Current budget has been pared and student fees were raised in an effort to maintain programs. The Board spokesmen point out that even if the referendum is successful, further restraints will be ordered.

An Advisory Committee, residents and school people, have been formed for purpose of long range planning. The Board is pledged to giving their recommendations most careful consideration.

## OCC Sunday coffeehouse

Famed blues musicians Willie Dixon and Koko Taylor will make their first personal appearance together at the OCC Sunday Coffeehouse on Feb. 22.

The program is scheduled for 8 p.m. in Building 6, OCC Interim Campus, Oakton Community College, Oakton and Nagle, Morton Grove.

Dixon and Ms. Taylor received rave reviews last season when they teamed for performances on WTTW-TV (Channel 11) but this is their first joint performance in person.

Dixon has been a major catalyst in today's blues and rock music scene as musician and composer. With his early group 'The Big Three Trio' he produced his first hit record in the early 1940's. Since then he has composed countless hits, including the 'Muddy Waters' best-selling 'I'm Your Hoochie Cochie Man' in 1954, 'The Seventh Son', which helped launch the career of Johnny Rivers, and countless other songs recorded by such stars as Elvis Presley, Peggy Lee, Peter, Paul and Mary, The Rolling Stones and Koko Taylor.

The prolific Willie Dixon provides most of Koko's material, including 'Don't Mess With The Messer', 'Twenty-Nine Ways' and the electrifying 'Wang Dang Doodle'. Called the last of the long-line of swaggering, 'hell-raising blueswomen, Koko is a youthful veteran of many recording sessions and concert tours.

Her singing career began with a church choir in Memphis, her birthplace. She moved to Chicago at 18 and her powerful voice quickly won her over to the blues audience. Her recorded version of 'Wang Dang Doodle' sold over a million records and is called the classic mid-60's blues with Koko's gravelly voice the perfect vehicle to make Dixon's tune a national hit.

In addition to three European tours, she has played the club circuit in Chicago, jazz and blues festivals, and college concert tours.

The OCC Sunday Coffeehouse features a series of artists in the field of music, drama, and literature every Sunday evening throughout the spring semester. The programs are sponsored by the Board of Student Affairs Entertainment Committee and are open to the public.

Admission is 50 cents for students and \$2.50 for others. For further information, contact the OCC Director of Student Activities at 967-5120, ext. 320.

## Tickets on sale for bicentennial production

'A Funny Thing Happened on the Way to the Bicentennial', 'America We Love You' was born. Conceived in the mind of one Phyllis Peterson, resident of Niles, musician, director, writer extraordinaire, this play packs so much energy that it is bursting at the seams.

Trying to parody the history of our country in a single production is no easy task; but add to that music, dancing and comedy while highlighting this history is in this writers opinion a truly remarkable feat. This fresh, creative, original

script includes songs and dances which were popular in each period that it touches upon, making 'America We Love You' as fun to watch as it is to produce. The costumes are bright and colorful and add to the glitter of the production.

Though the title may be long-it is formally titled 'America, We Love You or A Funny Thing Happened on the Way to the Bicentennial'-the production itself lasts only about 96 minutes (excluding intermission). So get ready, get set, mark the dates on your calendar. That's April 22, 23, 24, and 25 at 8:00 p.m., with matinees both Sat. 24 and Sun. 25 at 2:00 p.m. at the Jefferson Elementary School Auditorium 8200 Greendale, Niles. ## ED HANSON

\$1,561.63 worth of groceries courtesy of Dave Cory Ford

Dave Cory Ford of Niles "Shoppers Sweepstakes" got off to a flying start last Tuesday, Feb. 17, at Domlnfel's Finer Foods, 6931 Dempster (Waukegan & Dempster), Morton Grove. A total of \$1,561.63 was awarded to the three (3) winners.

First place winner Jan Day, 8625 Milwaukee, Niles, grabbed \$751.01 worth of groceries, meats and produce in her allotted time of five minutes and second place winner Sam Levine, 6228 N. Winthrop, Chicago, snagged \$655.31 and third place winner Cathy Phillips, 500 Thames, Park Ridge, bagged \$155.31.

After the total of \$1,561.63 was rung up, Thomas M. O'Brien, General Manager of Dave Cory Ford, presented the store manager of Domlnfel's, Ken Griesmann, with a Cory check for the total amount.

The three winners then posed for photos taken by Chuck Brahos which appear in all five Bugle Newspapers in this issue.

So ladies, in fact, all persons 18 or older can have a shot at winning Dave Cory's fantastic "Shoppers Sweepstakes", each and every week. The rules are simple (they were published in last week's Bugle, Feb. 12). Just trot on down to Dave Cory Ford's huge showroom, 6200 Touhy (near the Leaning Tower), Niles, and guess the dollar retail value of the food items piled in the great new Ford pickup truck, submit your entry and remember - no purchase is necessary.

If you were present, as I was, and saw the smiles of satisfaction upon the happy faces of the three winners (early Tuesday morn'), you'd be hot-to-trot over to Dave Cory Ford and get in on this exciting "Shoppers Sweepstakes". Even if you don't win, you have a chance to see all the brand new great new Fords of '76, and you can try again next week. Once you're a winner then you're not eligible so you can keep trying until maybe you, too, can be a big winner!

Each and every week (there're new winners each week) Dave Cory Ford will pick up the tab for a big load of food items for you and your family to enjoy.

I said to Jan Day of Niles, the happy first prize winner of this week: "How does it feel, Jan, to take home \$751.01 of the finest, choicest, freshest foods that Domlnfel's is famous for?"

"Ed," she replied, "I'm just too thrilled for words and, of course, I'm a little breathless." I understood. For jamming \$751.01 worth of groceries in several shopping carts, in five minutes, takes a little doing.

Anyway, Tom O'Brien's idea of a Dave Cory "Shopping Sweepstakes" came into being last Tuesday and it's a winner and no one was happier than Domlnfel's store manager who said, "Wow! What a big start for this day... \$1,561.63... and we just opened!"

Here's some more good news. Jake, that fantastic old promoter, is at it again. He just signed up for some commercials on the Wally Phillips' WGN show, and he is the most popular disk jock around. Jake's commercials start March 8 and there'll be some ads about it in all 5 Bugle Newspapers.

Jake is also taking care of the senior citizens again by offering them a half-price deal on all items off the regular menu 2 to 4, Monday thru Friday. (I'll be writing the commercials for Jake's Wally Phillips WGN show... more about this later.)

Last week I misspelled Matty Pokuta's name, which is in the best tradition of the newspaper biz... It's Matty Pokuta of the Landmark who offers at noon till 2 p.m. the biggest, best and juiciest hamburger anywhere plus great homemade soups. The Landmark is at Dempster & Milwaukee, across from another great place I frequent, called Eddie's Place. (I'll have a story about Eddie Schuett in an upcoming issue. Eddie's a great guy - the best!)

Nick Blase, that able mayor of the All-American Village of Niles, should be in line for an award for being one of the ten best dressed men in America. Mayor Daley of Chi' is dapper, too, but compared to Nick he looks like a fugitive from a ragbag. One of my many girl friends complained that Nick should grow back his mustache. She said, "This makes Nick Blase look like a cross between Gilbert Roland and Clark Gable." Nick, take heed... See you next week...

Daniel G. Priske, president, announced today that Golf Mill State Bank was reducing the interest rate on new auto loans immediately, to 9.31% on a standard thirty-six month auto loan.

suggested a similar program for working mothers but was "clobbered" on the issue.

Since we write this column before the Tuesday night District 63 board meeting, their actions could make this column somewhat moot.

Last week at the board meeting, we admitted the effort to study the entire school district, reviewing all departments for waste, and areas which might be cut-back, was a noble effort. Certainly, reviewing every department in the district, and recommending where there may be excess spending, is a worthwhile study. Because the district contemplates it will be in a financial bind by next year, it would have to raise taxes, close schools or cut-back personnel. Since enrollments are decreasing the Board decided presently not to seek more tax money, not to close any neighborhood schools during the coming year but to reduce personnel without reducing quality education. Their cost-cutting recommendations should lop off \$1,000,000 for the coming year though a \$500,000 annual tax increase may be sought in the springtime.

We thought it was an ennobling effort to painstakingly study the entire district for 4 months and come up with its recommendations. But we heard from other voices which weren't as impressed with the nobility of the effort. They asked openly why will they cut-back the music, art and after-school programs on the one hand, and spend large sums of money carpeting the schools on the other? They ask how can they cut-back on teachers after spending almost a half-million dollars on a new administration building which was superfluous? And if they cut-back approximately 14% of the budget, will the superintendent's plus \$40,000 salary and some rather unusual expense account fund moneys undergo a similar cut-back?

The questions become very personal, especially when Superintendent Gogo is mentioned. He's the guy who wears the black hat. The teachers-custodians union confrontations this past year have left deep wounds. Gogo's the bad guy. And in trimming costs in the district, Gogo again assumes the major burden.

While the custodian-union-district confrontation was roughly in the same position as the teacher confrontation prior to last fall's walk-outs, as of last week Gogo is again pictured as the bad guy in this latest imbroglio.

You can expect District 63's volatile situation to continue. This spring's School Board election should be a lively one. And the proposed tax referendum next spring should arouse the guys who pay the bills. And the closing of schools beginning in '77-'78 should once again bring out the natives and the drum-beaters in ever-increasing numbers. District 63 is in for a few more years of hand-to-hand combat.

Fair for all the citizens of all ages of our great community. The date will be Sunday, Feb. 22, at the American Legion Home, 6140 Dempster st., Morton Grove, 10 a.m. to 4 p.m. We will have qualified professional personnel to conduct all testing. Vision testing by the Vision Conservation Institute for Glaucoma, Distance and Near Vision, Color Vision, Depth perception, Stereopsis and Eye Alignment. If you now wear glasses, bring them!

We will have the Blood Sugar Test for Diabetes. As you know, this disease affects people of all ages and is most severe in children. Diabetes is the fifth leading cause of death from disease. If you are over 40 years old, over-weight, or a blood relative of a diabetic, it could mean you are in the Diabetic high risk group. Diabetes is the leading cause of new blindness, a major factor in heart disease, circulatory problems, kidney disorders, gangrene and nerve damage. When you come to be tested, you will fill out a medical history form. A technician will then take a small sample of blood from your finger tip and test it. It will show whether or not you have a high level of sugar (glucose) in your blood. If you do, you will be advised to visit your family doctor. There are now 10 million Diabetics in our country and if we take hereditary characters into account, there are some 50 million of us who are carriers. Why wait? Diabetes doesn't.

We will also have testing for blood pressure, lung pressure function and hearing, all by the Lutheran General Hospital staff. There will be information centers for drug abuse, alcoholism and mental illness.

Lambert, head of Chicago's General Gas and Oil Company, will be officially installed in his post along with other members of the cabinet at the Inaugural Banquet Sunday, March 7, at 6 p.m. at the Hyatt Regency Hotel in Chicago.

Menachem Begin, leader of the second largest political force in Israel and member of the Knesset, will deliver the keynote address at the banquet, which will launch a drive for \$27 million in Bond sales.

Last year, Lambert served as Chairman of the Trades, Industries and Professions Division, responsible for organizing all trade and professional group dinners on behalf of Bonds. A lifelong Zionist, he has previously served as Chairman of the 1974 Inaugural Banquet, Vice Chairman of the Campaign Cabinet, Chairman of the Speakers Bureau and Chairman of the 1974 Yom Kippur Appeal.

disappointing, but we certainly do appreciate those who have contributed.

Manpower is another problem. The Girl Scouts have donated freely of their time and funds in making the Opening Ceremony a success. The American Legion has agreed to handle the parade. The Boy Scouts will help with the Flag Flying program.

Help is needed for the Encampment Weekend June 11, 12 and 13, both immediately and on the days it will be held. The July 4 events also require a number of people to make them a success.

Without complete participation throughout the Village, both financially and those willing to donate their time, something will fail.

Any business or organization who wishes to participate may do so by contacting the Morton Grove Bicentennial Commission, 6223 Dempster Street, Morton Grove.

## SIJ Science Fair winners

Seven St. Isaac Jogues Junior High Students out of 100 students have received First Place Outstanding Awards and Trophies at their Annual Junior High Science Fair held Jan. 28.

Bottom Row: Ed Finnegan (Bicentennial "Commercial Energy") from Niles, Lisa LaGoria, Glenview, (Animals in Research "The Role of Animals in the Study of the Immunologic Processes of Cancer"), Steve Puzis, Glenview, (Geology "The Restless Earth"), Aerography).

In the near future, these students will move into the City Science Fair. They will compete with other students from the entire Archdiocese of Chicago. Then they may go on the State Science Fair in Champaign, Urbana in May, if they qualify.

high school for parking and other attendant costs. This will save the school district \$2,000. The alternative of dropping graduation exercises was not considered.

Instructional coordinators will be dropped for a \$15,000 savings on a 4-to 3 vote, the majority including Nidetz, Deckowitz, Kipnis and Allen. A similar vote restricted intramurals to 2 units per elementary building which will save \$5,000 and 3 club units at the junior high schools will be retained as will the inter-scholastic program.

Curriculum resource teachers will be reduced saving \$10,100 and instructional material clerks will be dropped as library helpers saving \$23,500. Volunteer parents will be sought. The majority 4-to 3 vote prevailed.

The regular nurses will be reduced from 6.5 to 1 full-time and 1/2 nurses aids will be used as replacements in each school (1/2 time). One full-time nurse will be at the junior high level for a total savings of \$40,000.

The superintendent's proposal to reduce art teachers and elementary vocal teachers from the present 9 to 4 1/2, having them alternate one semester each in each elementary school, was defeated. The savings would have been \$42,000. On an alternate vote the physical education teachers, the art teachers and the vocal music teachers were reduced from 9 to 7 for an estimated savings of about \$60,000. Larson and Reiss favored retaining the art and music programs and evaluating them again next year.

Speech clinicians were reduced from 7 to 6 with the same majority favoring the cut while the minority board group, Reiss, Larson and Lessin, opposing the cuts. The savings will be \$5,300.

Superintendent Gogo explained elementary schools will vary in size from 355 to 565 and re-assignment should be based on enrollment. He added schools east of Milwaukee ave. will have 35 less students per school during the coming year and 4 schools will have less than 400 enrollment.

Gogo emphasized schools should be staffed on the basis of

enrollment in recommending the aforementioned cutbacks. Board Member Penny Larson suggested the \$1,640 the district pays for professional memberships should be decreased with the people receiving them paying for their own memberships. The \$6,000 travel cost for board members will be reviewed as will the memberships. An \$800 Wisconsin retreat for administrators for a 3-day workshop was supported by the majority of Board members. Lessin suggested the meetings be held at the new air-conditioned administration building during the summer months but Gogo defended the program and said holding the meeting at the new building was irrelevant.

The Board agreed on retaining the student teacher intern program. Reiss desired the central office staff of 26 persons be cut proportionately to other cutbacks but Gogo and Kipnis pointed out the staff has already been cut by 25% during the recent years. Gogo pointed out the 26-person staff is far lower than neighboring districts which have as high as 42 workers. An additional \$900 cutback was approved after defeating a \$2,500 cutback by the 4 to 3 vote.

## Dave Cory Ford "Shopper's Sweepstakes" Winners

Broad smiles and happy faces were the special of the day as the winners of the "Shopper's Sweepstakes" sponsored by Dave Cory Ford raced through the aisles of Dominick's, Dempster and Waukegan, Morton Grove last Tuesday filling their shopping carts with groceries.

First place winner Jan Day, (l.), 8625 Milwaukee ave., Niles accumulated a total of \$751.01 in 5 minutes, second place winner Sam Levine, (r.), 6228 N. Winthrop, Chicago gathered \$655.31 in 3 minutes and third place winner Cathy Phillips, (c.), 500 Thames, Park Ridge snagged \$155.31 in 2 minutes.

After completing their shopping spree, Thomas M. O'Brien, General Manager of Dave Cory Ford

## Niles Park . . . Cont'd from Niles-E,Maine P.1

A letter of unified board approval recommended by Park Attorney Gabriel Berrafato last month as well as direct appeals from commissioners and park personnel had been directed to legislators in Springfield and in Washington, urging support for future funding of Land and Water Conservation programs.

Other state park districts had followed suit in expressing their opposition to the proposal.

"We must have been successful," said Jones during the Tuesday park board meeting, "because the entire amount was replaced in the Conservation Fund. It shows the force Park Districts have when they band together in unified protest."

reading teachers from 5 to 2 at the junior high level was cutting the heart out of the reading program at Apollo.

Former board member Jerry Abern objected to the late hour when the public was allowed to speak, after the cutbacks were completed. He said eliminating the nurses would backfire on the district, citing his own child as needing professional services. He objected to eliminating two fine resource teachers. He thought the junior high school secretarial staffs of 4 and 3 secretaries were overstuffed. Cutting here could save the resource teachers, according to Abern.

A Mr. Pippin cited the nurse cutback as a monumental mistake and 3 parents objected to the eliminating of the instrumental music program at the elementary level. The board noted the schools will be made available after hours for private teachers to teach such a program.

presented the manager of Dominick's, Ken Griesmann with a check for \$1,561.85 to cover the total amount of groceries.

The winners entered Dave Cory's "Shoppers' Sweepstakes" by guessing the dollar retail value of the food items piled in a 1976 Ford pickup truck on display in the showroom at 6200 Touhy ave., Niles, next to the Leaning Tower YMCA.

Each and every week, new winners will be chosen and Dave Cory will pick up the tab for your shopping spree, so stop in and enter your guess. You may be one of the next group of lucky shoppers.

The proposed cutback in monies had been recommended by the Office of Management and Budget last November. Had the recommendation been approved, loss of the funds would have eliminated possibility of all Federal funding on a matching grant basis for parks and recreation. The Niles Park District has relied heavily on matching grants in past years for acquisition of Niles parks.

In second action park commissioners discussed a proposal by the Niles Bicentennial Commission to use Tam Golf grounds for a July 4 Bicentennial fireworks display. In expressing full support of Bicentennial activities, he projected loss of revenue from the Golf Course due to closure for the day prompted a counter-proposal by park commissioners to shut the course at 3 p.m. on Sunday to permit time for a fireworks setup for evening display.

Set a Facility Committee meeting for Thursday, March 4, at 7 p.m. to discuss summer usage of the ice rink.

Reported park clean-up during the last week due to the favorable weather. "Looks like no more outside ice skating this year," commented Commr. Steve Chamerski.

Announced the sale of season passes for ice skating half price at the Ballard Skating Rink.

Rescheduled the Annual Gym Show from March 13 to Sunday, March 14.

Reported preparations have begun for the Annual Ice Show to be held April 2, 3 and 4.

Scheduled registration of Session III Recreation Program for March 9 and 11.

Attorney Berrafato recommended to commissioners a revision of the Niles Park District Code of Ordinances to coincide with the Chicago Code. He particularly recommended adoption of Chicago Park District provisions on disorderly conduct to be used by Security in Niles parks.
