Reiss elected school board president

**Pendulum swings back to Dist. 63 board**

*(by David Besser)*

The pendulum began to swing back to school board control of School District 63 Tuesday night with the seating of new board members Jeanne Oestreich and Richard Smith and the re-seating of incumbent Larry Reiss. It came one year later than expected.

Tuesday night at an organizational meeting the new school board voted 5 to 2 to elect Larry Reiss president of the school board, with Phil Deckowitz and Barbara Kipnis voting in favor of Howard Lessin. Lessin voted for Reiss.

**Cleaning-Off The Desk Time**

Anonymous letter writer:

"As you are the kind of man who will print newsworthy items in your newspaper it's about time some articles were run about how the Niles Police and Fire Department employees are required to live in the Village of Niles; yet, the Public Works and Administration Department employees do not live under the same requirement. When half or better of Niles is shopping centers, cemeteries, industries or main thoroughfares, and because of Niles' proximity to the City of Chicago, the housing situation here is extremely inflated, the Village of Niles makes its award-winning police and firemen live in Niles where a nice three bedroom home is completely out of reach for the average man. Maybe, with some articles concerning this problem in your newspaper, this utterly ridiculous situation could be taken care of. Most towns do not have, or do not enforce, such a rule. The City of Chicago does, and, alas, so does Niles."

Niles Village Manager Ken Scheel responded to the Anon letter-writer. He said Niles policemen and firemen are on 24-hour call. By being in the community they are able to respond to an emergency call much quicker.

Scheel said these public servants living in the community are a part of the decision-making here. Higher taxes affect them and their concern for their own community is greater. Ken believes living-in residents do not have the same boss-employee relationship as those who would live outside the town. The feeling of responsibility for the community would be greater for those living here.

### NILES ALL AMERICAN SENIORS CLUB

Wednesday, April 7 was a beautiful day for our trip to Chateau Louise. A busload of 6 of us in Joe Sarno's car had a wonderful day out there. We had lunch around the indoor pool in a beautiful setting, and the lunch from stuffed chicken crepes thru luscious assorted sundaes was terrific. Time to look around and the resort is really a nice spot to spend a few days. Lovely shops, rooms overlooking the pool in some places, and a real rambling setting. After that we saw an Agatha Christie Murder with Music they called it, and it was really funny. We enjoyed the play, and it has such a different ending they ask people not to tell the end to anyone. It was worth seeing!!!

Welcome to our new members, Russ Warnstedt, whose wife will be joining later when she retires, and Phil and Sylvia Arnold. Happy to have you.

Marge and Frank Schmid were so happy to welcome twin grand-daughters. They were born April 5th at Resurrection Hospital and transferred to Lutheran General Hospital. They are named "Laura" and "Maria" and only weighed 5 lbs. 10 ounces together. They are coming along fine, and their happy parents are Ruth Ann and James Schmid.

Our best wishes to our members that are ill. Please get well and hurry back.

### Rent A Kid

Application forms are now available for teen employment. Teenagers will be hired to perform specific jobs in home, factories, stores and in any other setting where an appropriate job is available.

These application forms can be picked up by teens at the Trident Center, 8060 West Oakton, The Village Administration Building, 7601 N. Milwaukee Ave.

Any teenager 14 or over can register for work. Salaries are worked out privately between employers and teens.

Niles needs the program, because there are many teenagers who could use their skills and time more constructively to benefit themselves and the rest of the community.

All village residents and businesses are being asked to express their employment needs and to consider hiring a teenager to work parttime for them. Homeowners and businesses can call or mail in their job specifications at the aforementioned centers.

At this time the Niles Youth Commission will only supply a listing of names to employers to choose from. At such time the program expands to a large scale operation, the youth commission will take steps to evaluate the need and provide a more operational basis.

Mail or return both application forms or job specific to the Youth Commissions attention or contact Carol Chaconas, Youth Coordinator, from 12:00 p.m. until 4:00 p.m., at 967-7220.

### Safety Town registration

Safety Town, sponsored by the West Valley Section of the National Council of Jewish Women and School District 63 will return to Nelson School, 9901 Ozanam, Niles this summer. Some spaces are still open and a second registration will be on Wednesday, April 28, 1976, at 9-11 a.m. at Nelson School.

Children should be entering either kindergarten or first grade or be four years old by June 1, 1976. A proof of age is needed. The fee is \$7.00 for a two week morning or afternoon session. The first starting date is June 21. Children need not live in District 63 to attend.

For more registration information, call Sharon Stone, 967-7439.

### Rent A Kid

Application forms are now available for teen employment. Teenagers will be hired to perform specific jobs in home, factories, stores and in any other setting where an appropriate job is available.

These application forms can be picked up by teens at the Trident Center, 8060 West Oakton, The Village Administration Building, 7601 N. Milwaukee Ave.

Niles needs the program, because there are many teenagers who could use their skills and time more constructively to benefit themselves and the rest of the community.

All village residents and businesses are being asked to express their employment needs and to consider hiring a teenager to work parttime for them. Homeowners and businesses can call or mail in their job specifications at the aforementioned centers.

At this time the Niles Youth Commission will only supply a listing of names to employers to choose from. At such time the program expands to a large scale operation, the youth commission will take steps to evaluate the need and provide a more operational basis.

Mail or return both application forms or job specific to the Youth Commissions attention or contact Carol Chaconas, Youth Coordinator, from 12:00 p.m. until 4:00 p.m., at 967-7220.

**NILES ALL AMERICAN SENIORS CLUB**

Wednesday, April 7 was a beautiful day for our trip to Chateau Louise. A busload and 6 of us in Joe Sarno's car had a wonderful day out there. We had lunch around the indoor pool in a beautiful setting, and the lunch from stuffed chicken crepes thru luscious assorted sundaes was terrific. Time to look around and the resort is really a nice spot to spend a few days. Lovely shops, rooms overlooking the pool in some places, and a real rambling setting. After that we saw an Agatha Christie Murder with Music they called it, and it was really funny. We enjoyed the play, and it has such a different ending they ask people not to tell the end to anyone. It was worth seeing!!!

Welcome to our new members, Russ Warnstedt, whose wife will be joining later when she retires, and Phil and Sylvia Arnold. Happy to have you.

Marge and Frank Schmid were so happy to welcome twin grand-daughters. They were born April 5th at Resurrection Hospital and transferred to Lutheran General Hospital. They are named Laura and Maria and only weighed 5 lbs. 10 ounces together. They are coming along fine, and their happy parents are Ruth Ann and James Schmid.

Our best wishes to our members that are ill. Please get well and hurry back.

### SENIOR CITIZENS CLUB OF NILES

We are glad to see Pauline Raabe back to the Club looking so good, after being at the Lutheran General Hospital.

We have one new member added to our list this month, Helen Heneghan, welcome to the club.

The hundreds of Ship-A-Boxes are distributed through the Israeli Ministries of Education and Welfare to be used as therapeutic and learning tools in new settlements, hospitals, and special education programs. # Niles Chamber of Commerce sponsors CPR training

On Wednesday, April 14, 21 Niles businessmen and women attended a cardiopulmonary resuscitation (CPR) class sponsored by the Niles Chamber of Commerce and Industry. This training session was conducted by Helen Dulick, R.N., of the American Heart Association, and arranged by the Mill State Bank, and arrangements were made by Oakton Community College, through MONACEP. The purpose of this training session was to prepare laymen (nonmedical personnel) in the techniques of CPR; in other words, "What to do for the heart attack victim until professional medical help arrives."

In print CPR looks fairly simple. First call for help. Next, the ABC's of CPR rescue — (a) open the airway, (b) start breathing for the victim (mouth to mouth resuscitation), and (c) restore circulation meaning chest heart compressions. After Ms. Dulick outlined the basic procedures, the students began to work. The emphasis in this four-hour session was definitely on the practice of the CPR techniques, and most of the time was spent with each student working over the special manikins on the floor of the bank. During the afternoon the recording "Annie's", the realistic models were brought back to life many times. Each student worked as a single rescuer first and then learned and practices the techniques used by two-men teams.

The movie, "The New Pulse of Life", was shown. Red Cross manuals and pamphlets from the Paramedics of the Niles Fire Dept. were distributed to each student. At the end of the session all of the students were very tired but quite accomplished in the techniques of CPR rescue. The Niles businesses and organizations that sent students to this life-saving class were: Liljegen-Harvey Const. Co., Marie T. Kennedy, Eddie's Place, Ed and Betty Schuett, Barbara Meyer-son; Dr. Chester J. Nowak (Optomist); Jake's Restaurant, Jake Joseph; Przybylo's Catering Co., Paul Kolpak; Niles Drugs, Grace Cannata; W.W. Grainger, James M. Marra; First Federal Savings & Loan Assoc. of Chicago, Sophia Dillis; A & K Graphics, Dennis and Naomi Keith; Golf Mill State Bank, James and Patricia Martin; St. Benedict's Home for the Aged, William Ladra; Ron Kornacker, Village of Niles; Teletype Corporation, Robert C. Wardel, Jr.; Gladys Shute, Oakton Community College; Shirley Millard, Skokie; Jean Dishuk, Skokie; Anne Roevenkamp, Skokie; Todd Wardel, Niles.

Sister Irene Sebo, Directress of St. Benedict's Home for the Aged, 6930 Touhy ave., said she heard the sirens "just as we were preparing for church services."

"I called the Niles Fire Department," she said, "and was told of the tornado alert ... I asked whether it was serious, and the fire alarm operator said it could be ..."

"We went into a regular tornado drill," said the Sister. "Our residents were put into corners sitting on chairs." A second call to the Fire Dept. brought assurance that all was quiet. "So we went to the chapel with the understanding that if we heard the sirens again, everyone was to lie down on the floor under the benches."

A resident at Monroe st. and Olcott ave. said he "barely heard the sirens due to the downpour of rain and the high winds." He said he called the police department and was informed of the tornado alert ...

"I shut everything off and we (family) went down into the basement."

Scheel said the sirens were used one other time, several years ago, for a tornado alert. The sirens are tested periodically, the first Tuesday of every month and had last been tested April 6.

Five civil defense public warning sirens were installed in the village in September of 1969 for use in natural disasters, enemy attacks and other civil emergencies.

They are located at Fire Station #1, Jarvis and Caldwell ave.; the Grennan Heights Fieldhouse, Oketo and Monroe st.; at the south end of Golf Mill Shopping Center; Our Lady of Ransom School; and at Jefferson School, Greendale and Oakton st.

An "alert" blast used for local tornado warnings will be given by a 3 to 5 minute steady blast. An enemy attack is designated by a 3-minute intermittent blast. Either warning indicates danger and village officials suggest that residents turn on their radios for instruction.

Asked for comments on the Thursday night event, Scheel said he had none ... "Thank God."

A twister, the first to touch down in the Niles area, caused half a million dollars in damages on its northeasterly path last March 12 from Rusch dr. near Milwaukee ave. to Howard st. and Caldwell ave. No fatalities were reported in Niles, although a Chicago construction worker in Morton Grove was killed by flying debris.

# CHURCH AND TEMPLE NOTES

## The Lord is not finished with him yet!

The 26th of April will mark the second year the Rev. James M. Herzog has pastored St. John Lutheran Church, 7423 Milwaukee Ave., Niles. "Be patient! The Lord is not finished with me yet! is a favorite slogan of Pastor Herzog, which so aptly describes how the Lord is working through him at St. John's church.

Membership is growing at St. John's and the new Youth Group, which has an open invitation to all youth in the community, is growing right along with it. Also, during the past two years, seven Bible study - Prayer Groups have been formed and a possibility of an additional one or two being started soon.

Many good things are happen-

ing within St. John Lutheran Church as members follow what Pastor Herzog believes to be essential for "the life" of the church, 1) Daily commitment and communion with God, 2) Love and fellowship within the church's own membership, and 3) Outreach to the community.

May Pastor Herzog and his family continue to be a blessing to the Niles and surrounding communities for many more years.

The Choral has been chosen to represent the state of Illinois in a concert series at Washington Cathedral. On successive Sundays in 1976, every state in the union will be represented by a performing arts group from that state.

Ferris' own cantata, "Out of Egypt", will be performed as well as music of other prominent American composers. The concert will also include a lively selection of Renaissance polyphony.

This Washington concert will have a Chicago preview at St. Chrysostom Church, 1429 N. Dearborn Parkway, Chicago, on Sunday, May 16, 1976, at 7:00 p.m.

Since the early 1960's, the Choral, under the direction of William Ferris, has been one of the most active musical organizations of its kind in the Chicago area.

### Respect Life Mass

In this bicentennial year 200 years since the Declaration of Independence had been adopted giving us freedom and due process of law, the North American Martyrs Council 4338 of the Knights of Columbus, St. John Brebeuf Pro-Life Group and Bishop Raymond P. Hillinger 4th Degree General Assembly of the Knights of Columbus are holding their "Respect Life Mass", starting at 12 noon, on Sunday, May 2, at St. John Brebeuf Church, 6307 N. Harlem ave., in Niles. Everyone is welcome to join us, by meeting in the church vestibule at 11:30 a.m.

After Mass there will be the raising of the American and Bicentennial flags on the church ground, following the release of many balloons by a few of the students of St. John Brebeuf school. Recent events in our country have demonstrated a growing disregard for the sanctity of all life, the poor, aged, sick, troubled and the handicapped. Our religious heritage requires that we speak out for human dignity and respect for all forms of life. The American system of Constitutional law has proven to be a workable system of law, and one that generally responded to the delicate balancing between defending the common good and human rights on the one hand and according a due enjoyment of personal freedom on the other.

Any graduate can contact Ron Giot, 894-3112, for further information.

The Baha'i Community of Niles will join its sister communities around the world in celebrating the twelve day Festival of Ridvan from April 21 to May 2. All are welcome to attend a public meeting featuring a presentation titled "Pilgrimage to the Holy Land" by Mrs. Suzan Emmel and her daughter Lisa of Skokie which will be held on Saturday, April 24, at 7917 Nordica ave., Niles, at 8 p.m.

The word Ridvan means paradise. For twelve days in 1863, Baha'u'llah, the Prophet-Founder of the Baha'i Faith, camped in a garden near Baghdad which he named Ridvan. It was there that he publicly proclaimed his mission as God's messenger for this age. At the time of his proclamation, he was an exile in Baghdad, sent from his native country Persia because of his teachings. His teachings center around three principles: the oneness of God; the oneness of religion; and the oneness of mankind.

Mrs. Emmel works at the Baha'i National Center at Wilmette as a secretary in the Education Offices. She is a native Mid-Westerner and serves on the Baha'i Assembly of Skokie. She has been the Assembly's representative on the Skokie Cooperative Ministry, a Christian based group promoting interfaith activities. Her interests include art and music.

Lisa is a student at Old Orchard Junior High School and plays the flute, guitar and piano. Both were on pilgrimage in the Holy Land last November and will tell of their experiences there. Lisa will sing some songs she learned on pilgrimage.

The Niles Park District Sports Complex at Ballard and Cumberland is really swinging (golf clubs, that is) these days. What's all the excitement? With the ice removed, the brand new 19-hole championship miniature course is installed and in operation. There are many electrical and non-electrical obstacles which make this beautiful and colorful course as challenging and appealing as any commercial course in the metropolitan area...and possibly one of the biggest bargains in town with a flat rate of only 75 cents per round. Special group and party rates are also available.

The course is open weekdays from 3:30 p.m. to 10 p.m. and

## Time to buy own home is now, says Callero & Catino's Walters

The opportunity to buy a piece of America by becoming a property owner has never been greater, according to a Niles real estate executive.

W. C. (Walt) Walters, executive vice president and general manager of Callero & Catino Realty, Inc., 7800 Milwaukee ave., Niles, said an investment in real estate now promises to return a greater appreciation than most other investments.

He made the statement in conjunction with Private Property Week, being observed April 18 to 24 by Realtors nationally.

Purchasing a home or building at the present time figures to be a better move than buying stocks, bonds, treasury notes or most other investments, said Walters.

He noted that in other types of investments, the investor faces the possibility of static or decreasing values that might not keep pace with rising inflation rates.

"But real estate has a tradition of continuing appreciation, generally higher than the inflation rate," said Walters. "In addition, it offers the investor many attractive deductions and tax advantages."

"Besides the financial aspects, an investment in shelter is an investment in your future," he continued. "The opportunity is especially good for young people because of declining interest rates."

Walters' optimism was underscored by Frank Catino, president of Callero & Catino, who cited a growing need for housing in the \$30,000 to \$40,000 range.

"With labor and construction costs climbing steadily, it is difficult to put up a quality home in a good community for that money," Catino remarked.

"The answer may be prefabricated housing, which pre-

sents an attractive alternative to spiraling construction costs.

"But I certainly agree with Walt. Whether you buy an existing home or have one built, the sooner you make your move the quicker your investment will begin appreciating," he concluded.

The work displayed represents the best student art work done in art classes this year. All types of art - sculpture, paintings, lithographs, three-dimensionals - will be featured. The show is open to the public during the school day.

The 54th Anniversary of the Danish American Club will be celebrated with our Exhibition in Danish Gymnastics and Folk-dancing at the Luther North High School, 5700 W. Bertrau, Chicago on April 25th beginning at 2:30 p.m. This show includes participants of all ages and the price is only \$1.50 for adults; Students 75 cents and children under 12 admitted free.

The show is followed by a reception at our Clubhouse, 4624 N. Pulaski Chicago where a delicious smorgasbord will be served from 6:00 p.m. and dancing to the Accordionist, Ernie Sandquist will follow to round out this great day. The cost of the smorgasbord is \$3.75 for

adults; \$2.00 for children under 12. Hot dogs will be available for 50 cents. The Danish American Athletic Club was founded by a group of Danish immigrants in 1922 and is patterned after similar organizations in Denmark. Starting with adults classes in 1922, it was not until 1931 that the first children's classes had been formed. Today, these are the main reason for the Club's existence. The membership continues to change - children grow up here, bring their own children and continue the work started by their elders, thus keeping the club very active. Within the last few years, the Danish language classes were formed to further broaden our activities.

### OCC Coffeehouse Concert

Two non-traditional rock bands rising rapidly in Chicagoland music circles will appear on April 25, at the Oakton Community College Sunday Night Coffeehouse.

Gabriel Bondage with its unique mixture of jazz, rock, and acoustic rock will share the bill with Pentwater whose sound has been termed "classical space rock." The program will be held at 8:00 p.m. in Building 6 on the Oakton campus, Oakton and Nagle, Morton Grove.

Gabriel Bondage, called one of the few bands around where music itself is the star, is working hard to overcome the national stigma against Chicago bands. The band, brain-child of lead guitarist Rex Bundy and producer Penny Lane and Wayne Luhlin will bring their skillful comedy and first-hand knowledge of the radio business to the "Who Is Chicago?" series at Oakton Community College on Friday, April 30.

Currently performing in Chicago area night clubs, Lane and Luhlin will present some of their comedy sketches at Oakton in addition to discussing the workings of radio and radio advertising. As evident in their new album, "My Kinda Town", Luhlin is also gifted with an uncanny skill at parodying Chicago Mayor Richard Daley.

Everyone in the Oakton community is welcome at the lecture/performances in the "Who Is Chicago?" series. The sessions are held from 10:30 a.m. to 12:30 p.m. in Building 3, Room 308 on the Oakton campus, Oakton and Nagle, Morton Grove.

## Auditions for "The Crews Is Coming" barbershop singers

The Skokie Valley Barbershop Chapter invites one and all to auditions on Tuesday April 27, 1976, 8:00 p.m. at La Raza Executive Club, 7225 Caldwell Ave., Niles, Illinois. No experience necessary.

The Maine East High School Circus Club is again holding its annual Gymnastics Circus Revue on Friday, April 23, and Saturday, April 24, in the Girls' Gymnasium. There will be an afternoon dress rehearsal benefit performance for youth groups on Thursday at 4:30 p.m. and the evening performances begin at 7:30.

One of the most exciting new acts this year is the roller board, starring senior Frank Engler performing a triple back somersault. Daring front, back and twisting somersaults and other breath-taking feats will be performed on the flying trapeze, along with aerial artistry on the Spanish webs and swinging ladders. Other acts include unicycles, mini tramp, juggling, stunts, and, of course, clowns. Members of the men's and women's Gymnastics teams will perform dazzling routines on the uneven parallel bars, balance beam, trampoline, rings, vaulting and tumbling.

So hurry, hurry! Join the fun at this year's Circus Revue. Tickets will be on sale at the door: \$2 for adults and \$1 for students.

## Holiday in Austria

The Learning Tower YMCA and Hello World Travel have organized the 1976 Fun Week, an exciting eight-day, seven-night trip to the Tyrolean Alps in Austria.

This fantastic trip is a "natural" for the physical fitness buffs, along with those who are looking for just the right place to simply "go-away" from regular routine! Just to mention a few breath-taking experiences awaiting you — mountains, lakes, friendly mountain villages, and many, many opportunities to "soak-up" local color, i.e., country festivals, brass band music, folklore, traditional costumes, dancing, casino atmosphere, dining and, yes... even mineral spring baths. You may also visit Vienna, Salzburg, Venice, and Innsbruck (remember the winter Olympics?).

A true adventure in a world of history and culture. A visit to great palaces, cathedrals, see treasured paintings, sculptures and listen to festivals of music. You wouldn't believe it! Activities for you to "keep-fit" even though you are away from your regular fitness program at home! Biking, mountain climbing, tennis, backpacking, horseback riding, golf, swimming, fishing, sailing, and skiing... something for everyone.

Holiday in Austria July 11-19, 1976 — \$455 (includes tips and taxes). Trip includes round trip jet air transportation, meals afloat, seven nights deluxe accommodations in the Tyrolean Alps, Seefeld, Austria. Continental breakfast daily. Optional tours to Innsbruck, Vienna, Salzburg, and other sites available.

For further information and/or reservation forms please contact Lynne Stevens, Associate Program Director, Learning Tower YMCA, 6300 W. Touhy ave., Niles, 60648 (phone 647-0222).

## ED HANSON

That's Me...

Cartoon by Marsh on Hanson of the Sea, Ill.

Recently, after a check up by my doctor, I asked if there was anything wrong with me? "Well," the doc said, "the non-medical term for it is 'poooped'."

I even got bad breaks when I was going to grade school. The school bus always broke down on the way home from school.

I said to a friend of mine, "Joe, do you know that there is a law on the statutes of New Mexico that states you can't f'ing a man with a wooden leg?"

"Why is that?", asked Joe. "Because," I answered, "you have to use a rope."

I said to a little Irish friend of mine, "Marty, I kissed my girl friend goodbye and left her behind for you."

A friend of mine, after being examined by his doctor and telling him of the clean life he had led, asked the doc how he made out.

"Well," replied the doc slowly, "I have some good news and some bad news. But first the good news — you're unquestionably going to heaven."

"That's great, doc," my friend sighed.

"Now," said the doc, "the bad news is that you're going tomorrow."

If I had it all to do over again, I would have become a doctor. "Why?", asked a cute bird I know.

"Because, dear, a doctor is the only man who can ask a woman to remove her clothes and then send the bill to her husband."

For some people life gets LESS hairy. Warren Beatty has consulted several expert trichologists regarding his problem. Ironie — for Warren Beatty is the guy who made the "hit" flick called "Shampoo". He should consult Dashing Don, who owns the Golden Mocco Barber and Beauty Shop, 1416 Oakton, Des Plaines. Dashing Don, who inspired the name for the magazine, THE WOMAN'S HOME COMPANION, is an expert trichologist or you could say that Dashing Don leads a hairy life. (Don has cut more heads than Henry VIII, but it keeps him AHEAD!)

Howard Hupson's passing was not only rather mysterious but a sad, personal blow to me. For I not only lost a friend, but where will I find another "front" man like him?

Is Mary Poppins really a junkie?

Capt. (Fu Manchu) Tor of the Queen of the Sea, 7710 Milwaukee ave., Niles, reports last Friday was their biggest business day to date. I understand that folks were standing in line waiting to partake of those delicious fresh caught gems from the 7 seas which this fishery is rapidly becoming famous for. And further good news for YOU is the fact the Queen of the Sea has extended their grand opening celebration for an extra week due to popular demand.

I also understand that soon, the Queen of the Sea will have a piano bar that will feature a couple of top singers, plus audience participation.

And they now have a HAPPY HOUR whereby all drinks are only 75 cents. The HAPPY HOUR is from 4 to 6 p.m. Mondays thru Fridays. A local lish I know has a trick of which I do not approve. He hits joints that feature a HAPPY HOUR and always arrives at one minute to 6 p.m. He then orders 10 drinks and he's set for the evening. (Watch out for this guy, Tex and Rick, you can spot him because he always wears a checkered cap.)

Queen of the Sea is also featuring both dinner and lunch specials. For lunch you can get Smelt for only a buck and a half and Breaded Shrimp likewise. And don't forget, every Thursday you can get a free caricature by the famous artist Marsh (like the one at the top of this column). Then, your picture in living color is placed upon the wall among such distinguished personalities as me, myself and I. It's a sort of takeoff of the face on the bathroom wall instead of the bathroom floor.

And, they have excellent facilities for "special occasion" banquets.

Anyway for fun, great food and sociability, you can't beat an evening at the Queen of the Sea — my, my, you'll see!

Bill Kenney, owner of the Kenney Aluminum Products, 7570 Milwaukee ave., is expanding. Bill has now opened another office at 110 Burlington, La Grange, and will offer the same superb quality windows, doors, siding, gutters and awnings which he has for some 20 years previously. Bill is featuring a sale now on all of his many fine products for the home and you can get a free estimate if you call 792-3700. Bill Kenney runs no shakedown operation, like so many in this type of biz do. You can depend on Bill's service, price and 100% guarantee!

See you next week...

## District 63... Continued from Page 1

Near the end of the 3 hour meeting, Lessin sought a critical report from the North Central Accrediting Association which he believed the superintendent was withholding from the school board. Superintendent Gogo stated it was being color-coded, sent to other school administrators and teachers for responses and the entire package, including these responses, would be given to the school board when completed. Gogo said there was no reluctance on the part of the administration to turn over the outside critique to the school board and after Lessin insisted "it be released by 6 p.m. tomorrow night (Wednesday)", Gogo said copies would be made and board members could have it the next day. Gogo said he thought there were some inconsistencies in the report and it should be placed in perspective, but willingly acknowledged the availability of the report by Wednesday.

Lessin told The Bugle the report, which he implied was critical of programs in the school district, had been delivered to the school district before the election, that it was addressed to the school board, and the superintendent was blocking the board's seeing it at this time.

In a second action Lessin proposed the superintendent ready a comparison of programs at each of the junior high schools. Included in the report will be comparative evaluations of instrumental music, foreign language, low grade readers and special education students. Lessin also requested a comparative report for the next meeting, evaluating grade levels by teams and grade level scores for the past 4 years. After board member Penny Larson agreed such a report would be helpful, Gogo said, "we may surprise you (with the report)."

Lessin shot back that what Gogo does would not surprise him. The brief exchange was the only abrasiveness shown at the meeting. The new school president Reiss conducted a very low-key meeting, which seems to be his style, which should alleviate the highly-charged rancor seen at past year's meetings.

While Lessin's aggressiveness Tuesday night indicated the school board was going to control its superintendent, the remaining board members showed no interest in similar clashes. However, it can be expected the low key meetings will see a slow but perceptible change at future meetings, where the school board and the superintendent will become partners in future actions.

While the status of the superintendent is not an issue presently, the increasing movement of the pendulum back toward the school board will likely change the relationship of the administration and the school board. How far the pendulum moves, and how willingly the superintendent will accommodate to this change, is likely to determine his future.

In other actions Tuesday night the board tabled a resolution by Deckowitz, to assess the educational environment in the district to determine educational goals of the district.

Graduation will take place June 14 with Apollo students graduating at Maine East and Gemini students graduating at Maine North at 8 p.m.

A petition with 370 signatures was submitted to the board which would allow 4 teachers now in the district to have another year of teaching before they are retired. The mandatory retirement age has been reduced to 65 years old (from 70) and 4 teachers who have taught many years will be affected by the sudden change without being allowed to prepare

for retirement. Teachers past 65 years old become non-tenured teachers and the petition requests they be given an extra year in order to plan for their retirement. Action is expected at the next meeting.

Because money may not be forthcoming from the state for a summer school program, a letter will be sent to parents explaining the options the district will have for a summer school program this year. Since the district's financial problems have caused the board not to support paying about \$64,000 (last year's cost) for the program, parents will be notified the summer school may cost \$60 to \$75 per student for the coming year. Superintendent Gogo said such a plan may result in having only students who can afford the program rather than those who need it applying this summer.

Plaques for outgoing school board members will be presented at the next meeting. The Russian language program will be dropped for students entering the 7th grade since only 11 students indicated desire for the course. The present 7th graders will complete their Russian curriculum in the 8th grade.

The \$8,000 salary paid to the Russian language teacher would result in a plus \$300 per student cost which would be abnormally high. There are about 500 language students in District 63, most of whom study French and Spanish.

The discontinuance of the Russian program will mean the high school will also discontinue its program. The East Maine district is the only elementary school district offering the program and Maine East is the only high school teaching the Russian language in Maine Township.

The working budget will be made available to the public with 2 copies at each school in the district. Residents can take 1 copy home for study overnight.

## Vandalism at golf course

Park commissioners Tuesday night set an estimated cost of \$600 on vandalism and theft of park property Friday night, April 16, at the Tam Golf Course clubhouse.

The estimate did not include money stolen from the cigarette vending machine in the lounge, said Park Director Bill Hughes. Intruders broke thru the windows of the building sometime between 9 p.m. and 5 a.m. Saturday morning. Taken were 2 kegs of beer, candy bars, binoculars, beer pitchers and cigarettes.

## Non-residents to use park facilities at resident fees

(By Alice M. Bobala)

Niles park commissioners set a precedent Tuesday night, April 20, by unanimously voting season swimming privileges at Niles Park District resident rates to non-park residents who have village addresses.

The action was taken shortly after a park commissioner admitted an overcrowding of both Rec Center and Ballard Sports Complex pools.

Niles Park District residents pay season swimming token fees ranging from \$12 (individual) to a maximum of \$28 for a family of 5 or more. Non-park district resident fees are doubled.

Park action was confined to the Greenwood Estates area, west of Maryhill Cemetery and south of Bruce Drive. Area residents live in Niles but are members of the Park Ridge Park District. With the original formation of the Niles Park District years ago, Greenwood Estates residents had opted to annex to the Park Ridge Park District.

A second park action Tuesday night opened Tam Golf Course to the same non-park resident area under park district resident rates. Non-residents are charged \$3.25. Park District residents are \$2.75.

Past park district president and former park commissioner Walt Beusse, a visitor to park proceedings Tuesday night, charged commissioners with "violating... in good faith... your responsibilities to the taxpayers of the Niles Park District. Because of a

little red tape (park and village boundaries do not coincide) you can't keep track of a few non-park resident-village residents."

Beusse referred to the laxity of park employees to pinpoint non-residents when issuing swimming tokens and in accepting golf course fees.

"You're letting yourselves open to much criticism," Beusse told the board. "You're not being fair to people paying park district taxes."

Park Comr. Jeff Arnold termed the criticism as "nit-picking for the few non-park residents involved." He upheld park employees for not noting park boundaries "due to emergencies of registration and avoiding lines to get on the golf course."

Earlier, commissioners had discussed the possibility of reciprocal use with Park Ridge of swimming tokens, but shelved the idea when it was observed that Niles would be on the short financial end of the exchange.

"The residents would be buying Park Ridge tokens and using Niles facilities," observed Comr. Leske.

In other action park commissioners approved the 1976 Maine-Niles Assoc. of Special Recreation (M-NASR) budget of \$170,714 despite outspoken disapproval of several budget items and "lack of information on others." Last year's budget was \$167,380.

Morton Grove reportedly did not approve the 1976 budget.

M-NASR Rep. Millie Jones told park commissioners at a Niles pre-board meeting that the 7 park district M-NASR board of Niles, Park Ridge, Des Plaines, Morton Grove, Skokie, Lincolnwood and Golf-Maine does not appear to be following the original goal of economical use of existing facilities and proper budgeting of funds. "They want too many buildings, too much staff... everyone wants their own office." Jones blames board attitude on the constant turnover in board membership due to change in individual park boards. Only 2 of the original 7 members remain on the M-NASR board.

"Niles takes a closer look at the budget than other villages," she said, cautioning commissioners to "keep a watchful eye to what is going on."

## Niles...

Cont'd from Skokie-L'wood P.1  
PREP, 7700 Gross Point rd., Skokie, 60076.

A self-addressed stamped envelope should accompany the request, Herzog said. All age groups are included in the wide variety of activities being planned. The Director said, "Tennis, dance, swimming, basketball, football, baseball, soccer, gymnastics, conditioning, etc., on a variety of levels will be offered."

The program is open to non-Niles Township residents as well, Herzog added.

## FROM THE LEFT HAND...

Continued from Page 1

In the case of the fire department, the manager noted paramedics are often called upon to aid their neighbors. Ken thought the men would have a better feeling for the neighborhood since they would know the area better.

A young-old friend of The Bugle stole away in the night April 15 and we can't let her leave without sending our good wishes. Sylvia McNair, who served on the School District 63 Board in the halcyon days when the district was rapidly expanding, moved to Lincolnwood last week. Sylvia also served the Village of Niles, working in youth counseling many years ago. More recently Sylvia's husband, Bill, passed away.

Sylvia has always been a feisty gal, a fighting true blue liberal, who left little doubt where she stood on all issues. Her husband, Bill, had been on the line union-organizing 3 or 4 decades ago, and their active left-of-center inclinations made them fascinating people.

Political feelings are important, giving color and shading to human personalities. But despite Sylvia's extreme progressive leanings her joining with the school board in concentrating on the individual child made the school district an outstanding one. Individual programs for the few were very important.

Sylvia gave much of herself. The community is much the better for her having passed our way.

Last week Tribune columnist Aaron Gold reported a top Niles public official is telling friends about a possible indictment of himself by the federal government. In conversation with Gold he told us he could not report anything further at this time.

A state senator from the far south side is presently under investigation regarding alleged misdeeds surrounding high rise buildings on Golf Road west of Milwaukee Avenue. They were annexed into Niles around 1970 or '71.

Niles officials are publicly denying anyone in town is under suspicion.
